Chapter 2611

If the Hades' supreme Illusionary Spirit Masters were really allowed to set foot on earth, then Chen Beixuan and the others would not need to mix.

As soon as Lin Hao and the others had left, Zi Yu and twenty-eight other powerful Judges of the late eighth rank descended directly on the source of the Weak Water River!

Seeing the situation before them, all the Judges completely exploded!

The Yin Qi around them collapsed and was dissipating and diluting at a terrifying rate, and the Sacred Water River was also without the infusion of weak water, and the river began to change, not to mention its deafening roar.

The passage they had been travelling through to and from the river had even disappeared, and the pool of green water from the River Styx was gone!

There were three blue-belted Judges and five green-belted Judges lying neatly on the shore, these eight were the guards guarding this place, these eight, all killed in one blow by a sneak attack, the extreme sword intent, even a fool could feel that this was Lin Hao's doing!

The spatial ripples around them were so strong that they hadn't even dissipated yet.

‘Lin Hao, you son of a bitch, playing with me! On one hand you say you want to fight us in the ring, and on the other you sneak up on us! Bastard, yakuza don’t speak of martial virtue!’ Zi Yu roared with fierce rage, no more passageways meant no way back, it was either fight Lin Hao to the death or cower in their lair and wait, until the underworld came to earth!

But if they failed to complete their mission, they would not be able to let the Underworld descend on earth. Chen Beixuan’s side was clearly able to hold more than 80% of the Underworld’s power in check.

Now, because of the return of the God of Killing, the Hades side even had to pull out 90% of its power to maintain the balance and consume each other.

Although the Hades side had the advantage, they could not win, otherwise why would they have been sent out at such a huge cost?

After they came out, their original dharmas also paid a huge price, and although their original dharmas were in the Underworld, they could no longer participate in the Underworld’s battles, otherwise their earthly dharmas would also suffer a backlash and thus collapse completely.

‘Lord Purple Jade ..... This doesn’t seem to be a violation of the rules, does it? They did agree to fight us in the ring yes, but they didn’t say they couldn’t sneak up on us when they were able to.’ Another purple belt judge whispered.

They were also Purple Belt Judges, but there was still a big gap between each other, equal realms, and the size of an equal Judge's status was defined by battle power, and battle results.

Obviously, among this group of Judges, Purple Jade's position was more obvious and dominant.

'What nonsense is being said! Doesn't Lao Tzu know that? Go back! Lead all the Judges and press straight into Wu Ge City, I want to see if he can still spare his hands to play this kind of sneaky game with a large army pressing down on him.' Zi Yu roared back, and again, everyone understood the reasoning, but was it time for him, Zi Yu, to want to hear this?

He was worried that no one was going to scold him and let off some steam!

The crowd stopped talking at Zi Yu's words, because Zi Yu was right, now they had no way back, and there would be no more reinforcements, all they had to do was let go!

Whether they controlled Lin Hao and let him open the passage back up, or ? Zero Serving Grasshopper Shanxi Shan closed? killing Lin Hao and bringing the Underworld back to life, then their current dilemma was not a dilemma at all.

As the crowd returned to the Lair Ghost City, all the Judges were given the news that there would be no more additions to their ranks, not to mention no way back!

Either they would be completely destroyed, or they would fight Lin Hao to the death and finish him off!

For the only way to take out Lin Hao and have the Underworld descend, then only could the Underworld gain a firm foothold on earth.

Although those two ecclesiastical orders in the West, they likewise wanted Lin Hao to die, but after Lin Hao's death, they were likewise enemies.

These sects were relying on the living to achieve godhood, not the divine souls of the dead, and just like black and white, they would always be enemies.

Although the Western Church, with their ugly faces and self-proclaimed greatness, actually did some dirty things, and the reason why they were fighting against the Hades was purely for their own benefit, thus fooling the uninformed public.

## Chapter 2612

Now there was only one condition left for them, and that was, to block Wu Ge City and exhaust Lin Hao at all costs!

All the Judges knew that they had no way out, so what was there to hesitate about, kill him and finish him off!

All the Judges of the Old Nest poured out, a dark mass, like a cloud passing over the city. Such a great commotion naturally attracted the attention of the Western European Church and the Angelic Church, and they soon received the news.

Moreover, the reinforcements sent to them by the two Patriarchs had already arrived, a total of seven early eighth rank deities, and counting the three from before, there were a total of ten eighth rank deities, all of whom had come in their own right, including Saints!

This time the Angelic Order was still led by a female angel, Alice, teetering on the brink of breaking through to the middle eighth rank, and the Western European Order had temporarily appointed Siennes as the Western European Order's outgoing commander.

Alice found Siennes: 'What's with all the commotion as soon as we arrived, those hellish demons are fuming?'

'Yes, Lin Hao has made a fool of himself by blocking their reinforcement channels and retreat routes, these demons will be damned if they don't get mad. Siennes had a cold smile on his face.

They were racking their brains to think of how to deal with Lin Hao, now it was good, Lin Hao he made his own death, next they could take care of it however they wanted to ah.

'Oh, there's still someone under this heaven who likes to die so much?' Alice's tone was mocking, but she couldn't help but frown.

Although she didn't understand why Lin Hao did that? Ai Yi Di flicking Xi Shan Shan cover? The fact that Lin Hao is doing this is unusual.

'How? We also participate in a foot, although we and the Chinese Underworld is also incompatible, but now Lin Hao is still alive, our interests and goals are still exactly the same, when we can destroy him together.' They were actually a very strong force with ten eighth-class deities here, so there was no need to panic.

He would love to beat up the dogs and fall into the well.

But Alice shook her head no, 'We can get together, but we must not come within a hundred miles of Wu Ge City.'

'A trap? You really think too highly of Lin Hao, the three of them aren't even eighth grade deities, they're just a few seventh grade Illusionary Spirit Masters, just the three of them still want to directly trap and kill hundreds of Hades powerhouses?' Siennes, however, did not care about this, thinking that it was simply impossible, even if they dared, they still had to see if they had the ability to do so, didn't they?

Alice's brow was furrowed, especially at the arrogance of Siennes, who was so arrogant and arrogant that she was not happy about it: how could the godfather have sent himself to meet with such a stupid pig?

'That's right, you guys think too highly of me, how could we ever pull off such a big trap, right?'

It was at this moment that Lin Hao's voice rang out like a stern ghost in the ears of the group .....

The moment Lin Hao's voice resounded in the two church premises, dozens of strong men rushed up to the sky: 'Alert, it's Lin Hao!'

'Prevent enemy attacks, be on guard!'

A dozen of strong Western European Papists holding cross holy swords and dressed in silver armour stood at attention.

The angels of the Angelic Order rose up with their wings fluttering gently, remaining suspended in the air, the angelic swords in their hands snorting with blazing flames, their bodies automatically covered with a layer of armour of various colours, in a manner of being ready for battle at any moment.

Click!

The void above was torn open, and Lin Hao, Lin Ruoshi and Lei Ling burst out of the void.

The moment they saw Lin Hao come out, all of them were ready to attack at the first opportunity, and there were even a few female angels who had already started to build up their energy, the flames of their angel swords surging and their blades slowly starting to turn crimson.

# Super Son-in-law Chapter 2613-2614

## Chapter 2613

‘Prepare the killing move immediately, once it’s done, finish him off without hesitation, don’t give the other party the chance to make more moves.’ Cienus stared sharply at Lin Hao, and his tone was even more murderous.

How did Annya die, Siennes knew better than anyone else, that stupid woman, beating down the door? Zero er yi yi grill yi xi yi? The woman’s voice was clearer than anyone else’s, and the woman who hit the door, zero er yi yi xi yi?

‘I’m not here to get you guys in trouble, what’s the point of being so nervous?’ Lin Hao looked at them helplessly, each one of them was no less powerful than the three of them, why were they all as scared of them as tigers, to what extent?

Lin Ruoshi stretched out her childish little hand and snapped her fingers, the space around her quickly collapsed and countless spatial turbulence gathered over.

‘Oh, handsome Lin said again that he wasn’t here for trouble, so what is this move doing now?’ Alice smiled charmingly and movingly, and even talked to Lin Hao in incomparably fluent Chinese.

The pink six wings behind her back gently danced as Alice dashed to Lin Hao, her gaze flirtatiously and seductively looking at him.

‘I really didn’t come to look for trouble, it’s because you guys made such a big show as soon as we arrived, I was so scared that my hands shook .....’ Lin Hao also laughed and bullshitted.

‘Sorry, look at what scared handsome Lin.’ Alice still put on a flirtatious look, wriggling that surplus waist, the towering peaks even more trembling, Alice turned back and chided, ‘What are all frozen for? Is it not our way of treating visitors with weapons?’

While the others were still dumbfounded, Alice moved even closer to Lin Hao, smoothly trying to put her boneless jade hand on Lin Hao’s shoulder: ‘Handsome Lin, since you’re here, why don’t you come with me into the residence and have a good chat about life ..... uh... . handsome brother Lin, you’re making a bit of a fuss, aren’t you?’

Alice’s hand had not yet rested on Lin Hao’s shoulder, but her whole body suddenly froze, and the blade of Lin Hao’s Heavenly Sin Sword was already at the door of Alice’s heart.

Beauty is like a snake and scorpion, how could Lin Hao not understand this?

Besides, we are all thousand year old foxes, what kind of chatting game are you playing with me here!

The other party wanted to sneak up on him, why wouldn’t he want to sneak up on someone else?

‘Let go of our Alice War God, or you won’t get out of here!’ All the angels of the Angelic Order went on a rampage, one by one the male angels fought forward to protect their goddess, while those few female angels were even extremely fast in building up the power of the Angelic Judgement.

Although Saints didn’t say anything, they were all ready to take action at any time, they didn’t care about Alice’s death, since Lin Hao had not only provoked those Judges of the Underworld, but also delivered to them at this time, what else could they be polite to each other?

‘How do you want to chat? Is it a ground-shaking chat, or an upside-down chat?’ Lin Hao spoke indifferently.

However, Alice’s eyes lit up, ‘Ah, handsome Lin has quite a few ways to play?’

Alice charmed Lin Hao with her silky eyes and gave him an enchanting and flirtatious wink, ‘I have all the positions you want.’

‘Really?’ Lin Hao raised his eyebrows.

Alice hurriedly nodded her head, ‘Yes oh.’

Boom!

However, the two seemed to be chatting incomparably ambiguously, even as Alice's entire body was about to hang onto Lin Hao, but the next moment, a shocking boom suddenly erupted from the location between them.

An incomparably hot wave of Qi blasted away.

Lin Hao was directly impacted and spat blood backwards.

Poof!

Alice's situation was no better, her arrogant peaks were blown apart, Alice burst back with injuries, her gaze cold and stern as she stared at Lin Hao, although the corners of her mouth were crimson adding a bit of bloodthirsty charm to her: 'Is handsome Lin so unpitiful?'

Lin Hao sneered, hetui~!

After spitting out a mouthful of blood, he looked at Alice: 'Beauty is like a snake and scorpion, the more beautiful a woman is, the more poisonous she is, do you really think this tactic can make me fall for it?'

Chapter 2614

Both sides struck each other hard and each side was damaged, and Alice's injury was obviously that much more serious than Lin Hao's.

‘Dad, are you alright.’ Lin Ruoshi and Lei Ling worriedly rushed forward and held Lin Hao up.

Lin Hao’s hand holding the sword was still trembling, the other party’s Angelic Judgement had obviously not yet reached the end of its energy storage, otherwise Lin Hao might have really been able to carry it this time.

Since the words had already been said, there was no need to be silly.

‘Do it!’ Alice and Sinese spoke almost simultaneously.

A silver cross of sword light sped towards Lin Hao and the others.

‘Angelic Judgement!’

A fiery sunburst of light erupted from the female angel’s holy sword, a piercing light that was enough to eclipse all light! ~

‘Angel Sword Formation, Seal!’ Several male angels rose up into the sky, a sword light fell, the dense sword light directly sealed the entire area around Lin Hao in it, three eighth level realms with five seventh level peak male angels set up the sword formation, even Lin Ruoshi couldn’t forcefully tear through the void to leave.

Alice snorted coldly, ‘Since you don’t know how to enjoy yourself, and you’ve wasted the opportunity to die under the peony flower, then, die for me!’

Alice also threw out a blazing hot sword blade that slammed into Lin Hao, and wherever it hit, huge cracks opened up in the earth, and blazing flames erupted from the cracks!

‘Hetui~! You’re worthy of being called a peony flower? You’d better take a look in the mirror, bye bye you.’ Lin Hao responded with mockery.

Alice Xiu Mei frowned: ‘Want to leave? Dream on!’

Boom!

Several eighth-ranked deities combined with a dozen seventh-ranked powerhouses to attack in one place, and the terrifying power naturally spoke for itself!

The terrifying power swept out, and even a few seventh-ranked strongmen were lifted off the ground.

But Alice was confused: ‘That bastard, he got away!’

That's right, Lin Hao and the others had gotten away!

Alice saw with her own eyes that everyone's attacks had fallen on Lin Hao and the others, but they didn't dodge or evade, and they didn't even make any counter-attack, directly letting their attacks blast them into nothingness!

That meant that they had been tricked!

'Eat my mother's tofu, just you wait! ~' Alice's face was as gloomy as water, and Cienus beside her was frozen, dead, dead? Lin Hao and the others had just died?

But immediately afterwards, as if reacting, he instantly shared the same gloomy face as Alice.

They had been punked!

'What, how did they die so easily?' The others had not yet reacted and were also incomparably dismayed that Lin Hao, who had caused countless forces headaches and turned the world's landscape upside down, had just, simply died?

This doesn't seem real at all .....

‘Die, my ass!’ Siennes was so angry that he threw a slap at him, ‘That was just a projection that was even worse than a Dharma body!’

Siennes was furious enough that they had all been tricked, and tricked plainly.

Seventh grade Illusionary Spirit Masters were not yet able to condense a Dharma body, only a slightly inferior projection, but just now three projections had deflected all of them, especially the sword fight with Alice, leaving no one in any doubt!

In fact, Lin Hao had planned it for a long time, the projections contained the ultimate sword power that Lin Hao had refined and gathered over the days, a sword power that could injure even an eighth-ranked deity himself!

‘No matter what, kill them!’ Siennes was equally furious at being tricked by Lin Hao, how could he stand it when a seventh-ranked Illusionary Spirit Master had tricked them as deities over and over again?

They sort of understood why all of those Hades Judges had collectively stormed off, on? The gods were so angry that they could not stand it. This guy’s methods of infuriating people were endless, so it would be a ghost if he didn’t storm out!

‘Huh.’ Alice sneered, looked around the void space that dense spatial turbulence, directly turned around and went back to the residence.

What the hell is the point of going out, their area is already separated from the present world, there's no way to get out, what the hell is there to get out!

## Super Son-in-law Chapter 2615-2616

### Chapter 2615

They were able to flow through the void space, but could not break free from this dense spatial turbulence, it was clear that the other side had no intention of letting them participate, not even giving them the opportunity to watch the battle.

The reactive Saints are also incomparably distressed, Mudd, forgot about this, this void deity also? It's too disgusting, isn't it? It's too disgusting to be able to disgust you even though you can't be defeated!

'Hahahaha, this group of stupid pigs, just now they almost blew up that side of space in order to exterminate our projection.' At this moment, Lin Hao and the others had long since returned to Wuge City, and now that he thought about it, Lin Hao couldn't help but laugh out loud. Alice's side was still struggling, not knowing how to break the bonds of the residency, and on this side, Lin Hao had already returned to Wuge City, it was simply hilarious as hell, the other side didn't have any chance to escape.

Unless they all put up a fight to stand out with serious injuries, but even then, their combat power would rapidly plummet, which would not form much of a fighting force and would not be much of a threat to Lin Hao.

'Little Shi, how do you feel?' Lin Hao picked Lin Ruoshi up, feeling that Lin Ruoshi had grown a lot more, and felt much heavier to hold.

However, after several times of manipulating the power of emptiness on a large scale, Lin Ruoshi was now extremely weak and in a somewhat bad condition.

Lin Hao found out that Lin Ruoshi's realm had plummeted, from seventh level Illusion Spirit Master to the peak of fifth level.

If he had a choice, Lin Hao would not have been willing to do so, but the important thing was that he had no choice.

If he didn't get this done, then the situation would be very bad, after all, the number of Judges in the Underworld was constantly increasing, and the Western European Church and the Angelic Church were also restless, so with his personal power, it would be really hard to resist.

Lin Ruoshi smiled brightly and shook her head gently, 'I'm fine, don't worry dad, I'll be back soon after the realm falls, it's okay.'

Lin Hao stroked Lin Ruoshi's little head, 'You've worked hard, what do you want to eat, daddy will make it for you.'

As for those Judges, although they would come over, it didn't matter, this side of the void space encompassed the entire Wuge City, the other side would be afraid of them and wouldn't dare to act rashly.

The three of them ate and drank in the centre of Wuge City.

They suddenly sensed that their men had lost contact with each other in an instant, but after sensing this, they found that their men had not died, but had been cut off.

Who had imprisoned them in a realm that even they could not sense ?

Not only them, but also those Judges in the Underworld had lost contact with their own Dharma bodies, and they were suddenly blinded to what was going on on earth, not knowing anything.

‘Bodhisattva King of the Earth, we, we have lost contact with the earth, but those Judges obviously felt that it was not their Dharma bodies that had been destroyed, but that they had been isolated, and at the same time we received reports that an inexplicable silent dead domain had appeared at the end of the River Styx, bordering the earth, which did not belong to the space of the Underworld, much less to the territory of the earth.’ The Wheel King hurriedly informed the Earthly King of this news.

‘Amitabha Buddha.’ Jizo folded his hands, the top of his head bare and glowing with golden light, and with that robe, he looked incomparably holy.

‘That is the first field of the Man of Heaven’s Destiny, the Silent Death Field, there is no need to send any more troops towards earth, find another way out, that section of the path has been moved to the endless void by the other side, even if they break through the Death Field, there will be other crises waiting for them, or they may even get lost directly in the endless void.’ The Earth Store King spoke indifferently, still looking as if he had everything under control.

Seeing this, Turning Wheel Wan was also relieved, since even the Earth Store King was not in a hurry, why should he be in a hurry?

## Chapter 2616

‘Bodhisattva, then let’s send more troops to the end of the River Styx to find a way out, perhaps there is something we need in the Endless Sea of Blood, only that drop of the essence blood of the Elder of the River Styx is, I’m afraid, our biggest obstacle.’ The Reincarnation King was quite worried, worried about Chen Lao Er who had been completely assimilated by the Sea of Blood.

That area was almost under his control, and while Shen Xiyan was able to suppress him, others might not be able to do so; in the Sea of Blood, he was an immortal existence, unless one of the Ten Hierarchies of Hell personally came out to suppress him.

‘There is no need to worry about anything else, go ahead and do it without worry.’ After finishing his sentence, Jizo folded his hands behind his back and slowly closed his eyes to sit on the futon, entering the state of an old monk in meditation.

Turning Wheel Wan bent his head respectfully and slowly retreated.

The Wheel King grounded the decree to suspend the deployment of additional manpower to the earth, and sent some of the Judges to the upper reaches of the River Styx, to the end of the River Styx, in the middle of the Sea of Blood to find a way out, and this time, all of them were Judges themselves, after all, this belongs to the Underworld realm, these Judges themselves? The judges are not bound by any restrictions or influences. And are not subject to any restraint or influence.

‘Hahahaha, this kid is too ruthless, I didn’t expect this guy to be so damaging.’  
Chen Bei Xuan was laughing so hard, just soothing.

All the things Lin Hao had done on earth were already known to Chen Bei Xuan.

When the others learned about it, they also cursed Lin Hao for being so underhanded, but they couldn’t help but add at the end, ‘Well done!’

Chen Beixuan even looked at Chen Beixuan: ‘Can that kid be as damaging as you?’

Chen Bei Xuan shrugged his shoulders and expressed his laziness to retort, but at the same time, he was also very curious about one thing, that is, whether to destroy all the manpower of these two sects next, even if it was a split, it could weaken the combat power of these two sects, moreover, it would make them fearful and not dare to do anything easily.

This proposal was unanimously opposed by the crowd. With these doppelgangers around, the other people would not care, and the two sect masters would definitely have to be afraid to go too far.

When an existence like theirs is reached, the impact of the loss of a Dharma body is incomparably huge, and they do not dare to gamble easily, so it is only by keeping it that they can maximise their benefits.

Ow!

A red-coloured pale dragon descended from the sky, and along with the thousand-metre pale dragon fell the colourful peach petals in the sky.

Shen Xiyan, who had a long blood-coloured crimson dress and was as valiant as a female general in the sands, jumped down from the dragon's head: 'Seniors, I have just sensed that the centre of gravity of the Underworld has begun to shift towards the Blood Sea.'

Shen Xiyan had been in the Blood Sea for such a long time, and to be honest, apart from Chen Lao Er, the only one who was most familiar with the situation in the Blood Sea was Shen Xiyan.

She had already sensed that in the past few days, the Underworld had sent a large number of Judges towards the end of the River Styx several times, and so far, more than a third of all Judges had been sent out, amounting to more than a thousand Judges.

Even if Chen Lao Er was invincible and immortal in the Sea of Blood, he would still be suppressed by these Judges and would not be able to lift his head up.

Just like Shen Xiyan at that time, who kept killing his doppelgangers, even though he was able to keep coalescing, he would still enter a continuous period of weakness without rest.

'You have your husband to thank for that.' Chen Bei Xuan flirted with a smile, causing Shen Xiyan's pretty face to flush, the valiant female general's diaspora was shy, it was also a pleasing sight, wasn't it?

‘Well, since they started shifting their focus, then we also started shifting, it’s rather good to thank that kid Lin Hao for using such a damaging move to advance all our plans by quite a bit.’ Chen Bei Xuan looked at Shen Xiyuan with a smile, ‘It’s your turn to step up.’

‘Good, I know what to do.’ Shen Xiyuan leapt up and landed firmly on the Red Dragon’s head, Shen Xiyuan gently patted the Red Dragon’s horns, and the Red Dragon rose up with an owl, carrying Shen Xiyuan towards the depths of the Sea of Blood at a gallop.

‘I feel that the curtain is about to come down, thousands of years of calculating and planning, is it finally the most crucial moment.’ Chen Bei Xuan sighed.

## Super Son-in-law Chapter 2617-2618

### Chapter 2617

On the contrary, Lin Cangdou looked at Chen Beixuan with incomparable glee, ‘Just that kid’s character, if he knew the truth, he would definitely hammer you to death, believe it or not?’

‘Hammer, why hammer me to death, it has nothing to do with me.’ Chen Bei Xuan said with a stiff neck, but he was a bit vain, ‘Old man Lin, don’t stand there and talk, he is a member of your Lin family, if this kid knows the truth and really wants to hammer me to death, I don’t care, you have to help me stop it, otherwise I won’t be done with you.’

‘None of my business, that’s all the mess you left behind.’ With a black face, Lin Cang Dou quickly turned around and left.

The scene returned to Wuge City’s side.

Close to seven hundred Judges, gathered outside Wu Ge City's void space, had been screaming and cursing for days one after another, just to get Lin Hao to come out and fight them.

As for a life-and-death contest in the void ring, none of them had agreed to it, after being shaded once by Lin Hao, they wouldn't dare to suffer a second time, that was a ring made up of spatial turbulence, that was Lin Hao's true home turf.

Besides, if Lin Hao didn't have real strength, would he dare three people to challenge the 700 or so of them? Moreover, pulling out a random one, the realm was higher than the three of them.

Therefore, these Judges were truly cowed, hundreds of them surrounded and beat up three people, and they didn't even dare to set half a step directly into Wu Ge City's territory.

But after these days of recovery, it did allow Lin Ruoshi to take the opportunity to recover a lot of her realm, rising back up from the peak of the fifth rank to the middle level of the sixth rank, and her combat power had recovered a lot.

In the past few days, Lin Hao and the others should have eaten and drank, eaten and drank enough to be able to spar with these Judges, and it was impossible not to dislike them back.

Lin Hao gave them a show of what it means to be a real tongue fighter, but these people were so angry that they didn't dare to act rashly, you say this thing gave a scene.

Lin Hao and the three of them, on the other hand, were holding their laughter in their hearts and going crazy.

‘Dad, do you think they are stupid, they have cultivated for such a long time for nothing, the stronger they are, the less courageous they are.’ Lin Ruoshi couldn’t even help but spit at these Judges.

Lei Ling laughed, ‘Actually, this is very understandable, the stronger they are, the more they are afraid of death, because the stronger they are, the more they fear for their lives, the so-called bare feet are not afraid of those who wear shoes is like this, the more people who have nothing, the more they dare to throw their lives away without any repercussions.’

Lin Hao very much agreed with this, people who have nothing at all are not afraid of losing, and have more worries, instead they have more, fearful, afraid of this and that, they have already lost in mentality.

‘Damn it, we can’t go on like this, with the Yin and Yang passages blocked and our Dharma bodies on earth, our realm will keep falling, we can’t just sit around and wait for death.’ After several days of stalemate, Zi Yu finally couldn’t hold back, and the stronger the person was the more obvious the feeling was.

Their realms were falling, and this was the knock-on effect of breaking the link between Yin and Yang!

‘Magistrate Purple Jade, speak, we will all listen to you.’

Dozens of purple-belted Judges looked towards Zi Yu, who was now the real one among the earthly Judges? dyed earth grasping Shanzha Wu Yi zero? The leader, no one has any idea how to break the situation, the only way is to look at Zi Yu.

The first time I saw this, I was able to get to the top of the list, and I was able to get to the bottom of the list.

Lin Hao saw this and raised his eyebrows, finally couldn't resist?

Unfortunately, now that Lin Ruoshi had recovered to the peak of the sixth rank, even if they were to all attack, Lin Hao would not panic in the slightest, Lin Hao was completely confident that he would be able to kill them all in one go.

But in order to prevent Lin Ruoshi from becoming too deflated and plummeting in realm again like last time, Lin Hao only continued to delay with them.

The main thing was, now that the Western European Church and the Angelic Church hadn't moved much for the time being, then there was no need to rush to bother with them, just don't give him any trouble.

'Lin Hao! Do you dare to fight us to the death! We will fight to the death in the ring, regardless of victory or defeat! However, we can't use the ring you have built, nor the one we have built, but the area at the edge of this Wuge City as the battle location.' Zi Yu was extremely thoughtful, and no matter what, they just wouldn't set foot in that void space.

## Chapter 2618

After all, even he didn't dare to tear himself away from that void turbulence, and Violet Jade was even more sensitive to the fact that this might be Lin Hao's plan, and the reason why he had forced them to this place by all means was to create a trap for them.

In Violet Jade's opinion, that void ring, the entire territory of Wu Ge City, which was wrapped in the void, was the biggest trap set by the other side!

'How? Even if you guys can't fight, you can still hide in Wu Ge City, you don't have a problem with that, right?' Zi Yu even threw out a generous offer, whether they won or lost, Lin Hao's side had the right to admit defeat and retreat, after all, if they really entered Wu Ge City, they wouldn't dare to chase after them, right?

This was not about winning or losing in terms of the number of matches, but whoever won more in the end was the real winner, so a few defeats would not affect Lin Hao at all.

'Fine, since you guys are so afraid of death, we'll play with you.' Lin Hao agreed very quickly.

This was completely unexpected from Zi Yu, damn it, did it mean that the trap might not be inside Wuge City?

And what do you mean by that? Who was afraid of death? Who are you insulting?  
Who are you looking down on!

‘Alright, on that note, you guys send your players out to fight.’ Zi Yu returned with a gloomy face and looked at a Green Belt Magistrate, ‘This time you will go out and test the depths, whether they live or die, they will not be allowed to escape back into the territory of Wu Ge City, not even if they blow themselves up, do you understand?’

The green-belt Magistrate who was shouted at by Zi Yu had a complicated look on his face, all three of Lin Hao were extremely tricky existences, especially Lin Hao and his daughter Lin Ruoshi, powerful existences that could completely take on an eighth grade deity.

He was only an early eighth-ranked judge, and it would be good enough for him to be able to explode into a seventh-ranked pinnacle of his own fighting power.

The only ones who can really decide the ultimate victory or defeat of the battle are the blue belts and self-belted Judges!

‘What’s wrong? You have a problem with that?’ Zi Yu’s gaze was fixed, staring deadly at the blue-belt Magistrate.

‘I respectfully obey Lord Ziyu’s command.’ The Green Belt Magistrate walked out in tears and spoke with an incomparably weak heart, ‘Who will fight with me .....’

Puff!

When Lei Ling saw the other party's wimpy look, he directly burst out laughing, not so wimpy ah, look at his look, as if he was going to the guillotine.

Lin Hao and Lin Ruoshi were likewise unable to hold back their laughter.

Only the Judges camp, one by one, was how crouching, but below the blue belt Judges, all of them were helpless with the death of a rabbit and a fox, they knew very well that it was not the fault of that Judges, if they were on instead, they would not be any better.

'Brother, let me do it, I'm just full and moving around.' Lei Ling wriggled all over, bones crackling around his body.

Swish!

Lei Ling turned into an arc of lightning and broke through the void to arrive outside Wu Ge City, silver lightning flickering around his body, Lei Ling stood proudly on top of the void outside Wu Ge City.

Having reached the rank seven Illusionary Spirit Master realm, Lei Ling could already maintain her air travel.

She relies on purely physical strength, supplemented by the power of thunder to increase her combat power. Therefore, while others at the fourth level can just walk through the air, she has to reach the seventh level before she can fight through the air.

Hoo!

After seeing that it was the Thunder Spirit, the Green Belt Judge who was out fighting could not help but breathe a sigh of relief, fortunately, fortunately it was the Thunder Spirit.

Although he could not hurt the Thunder Spirit, he would die if he was touched by the Thunder Spirit, but comparatively speaking, it was much better than Lin Hao and his father and daughter.

Without the slightest hesitation, the Green Belt Judge violently threw out the Book of Life and Death in his left hand and shouted: ‘ ? Shade closed Shan Pao Dye Ai Di ? Seal!’

The black as ink Book of Life and Death flipped open and surged dozens of feet into the wind, emitting a greenish arcane light that instantly sealed off an area of dozens of feet around the Thunder Spirit!

The Magistrate’s Field!

Lei Ling’s brows knitted slightly, her movement was indeed affected to a certain extent.

The Green Belt Judge did not give Lei Ling a chance to react, as the Judge's Brush waved one after another!

## Super Son-in-law Chapter 2619-2620

Chapter 2619

Sealed and fixed!

Each stroke carries its own divine rhythm, and the words conceal an intimidating murderous intent between the lines. The strokes are like a convergence of sharp blades and swords, and a large character made of blades and swords is coming straight at Lei Ling.

Zhen! ~

The green light of the Book of Life and Death spread out, and the confinement of the Thunder Spirit became even stronger, while the Judge of the Green Belt wielded the huge brush in his hand without any pause, moving like clouds and flowing water in a single breath, the attack was complicated and fierce.

The corners of Lei Ling's mouth rose slightly as the thunderclaps around his body clicked, and the confinement was split open at once, lightning is the most rigid and masculine attack on earth, and has a tremendous knowable effect on the strongest of the Underworld itself.

The thunder spirit's body turned into a streak of shadow, directly facing the Judge's attack, the surrounding tens of feet were all streaks of the thunder spirit, making it difficult to tell which was the real thunder spirit.

The speed of the Thunder Spirits was too fast!

The ground felt like it had been turned over several times, and the hills and trees hundreds of metres away were all blown to pieces by the energy that had escaped.

No one was able to catch Lei Ling's shadow, but it was obvious that Lei Ling seemed to be resisting the Green Belt Judge's attack, as the blades and swords were all disintegrated, and the sound of the clash of gold and gorillas was deafening.

Beads of sweat were forming on the forehead of the Green Belt Judge and slipping down.

The pressure on the Thunder Spirit was enormous, and what was even more painful for him was that all his attacks seemed to be on the Thunder Spirit's shadow, not even touching the Thunder Spirit's real body.

But this was the case, and his attacks were constantly being dismantled, it felt like the painful feeling of a fist smashing into cotton, it was useless!

'Can you fight me head on or not! Is it fun to dodge around like a mudskipper?'

The Green Belt Judge shouted angrily with a twisted face.

If he continued like this, he would be consumed to death, unless he could withdraw from the ring and admit defeat.

If he dared to admit defeat, he might be slapped to death by Zi Yu without even exiting the battle area.

Clap!

As Judge Green Belt's voice fell, all of his blade and sword attacks collapsed in an instant, turning into a sky of light that faded into the void, and Lei Ling's figure slowly appeared in its original position, and it was as if Lei Ling had never moved a bit, except for his expression, and not even his posture had changed.

Lei Ling's face was unhappy: 'It's so boring, if my brother hadn't said that I shouldn't keep fighting my enemies like a one-punch superwoman, do you think you would have had the chance to say such bullshit? What were you thinking.'

Judge Green Belt: (#-) Cut the fucking crap and fight me head on! Go on, take me head on!

Sa!

The thunderous aura around Lei Ling instantly stormed away, and in the blink of an eye, Lei Ling's figure directly dissipated.

The Green Belt Judge instantly felt a life-and-death crisis and prepared to dodge with a frightened look on his face, but unfortunately, he was too late!

With a loud bang, the thunderous aura around the Green Belt Magistrate exploded, countless silver blinding lightning rays exploded from his body, the Green Belt Magistrate didn't even have a chance to react, he was directly destroyed!

This was the body of an early eighth-ranked Magistrate, and even if it was weak, it was still capable of playing the role of a peak seventh-ranked Illusionary Spirit Master.

The figure of the Thunder Spirit slowly appeared behind the Green Belt Magistrate, still surrounded by thunder, like a female version of the Thunder God descending from the sky.

The Purple Jade Magistrate's brows were locked.

Brush brush brush!

Three Green Belt Judges and Blue Belt Judges suddenly rushed out, heading straight for Lei Ling, they had never intended to shock the match from the beginning, they were completely adhering to the idea that it was better to take out one if you could.

'Heh heh.' Lei Ling couldn't help but sneer at this, they guys still wanted to leave themselves behind?

Ka-ching!

An arm-thick intimidating thunderbolt appeared out of thin air, without exception all of them struck at these few attackers? The thunderbolts, without exception, struck the Judges who were attacking. The Judges who came over were all struck.

Chapter 2620

‘Ow~! Crap, that hurts!’

‘She fouled, Lord Ziyu she fouled!’

Those few Judges who rushed out were directly electrocuted to the point of nuisance, a tiny electric aura went in and out around them, the Yin energy origin of their bodies kept collapsing, and their realm fell even faster, before they could get close enough to be caught by this thunder? The ground is not only a good place to be, but also a good place to be. The mane gave a serious injury!

The Thunder Spirit even took this opportunity to dodge into the Wu Ge City range.

When those Judges saw this, they had no hope of chasing after them and could not stop Lei Ling, one started to bite back, saying that Lei Ling was cheating and deliberately targeting them.

Even Zi Yu herself spoke up, 'Lin Hao, what you are doing is too out of order, isn't it? My people were just trying to check if that Judge was still salvageable, and you guys went so far as to directly strike and hurt someone, you must give a reasonable account of this matter! Otherwise this matter will not end!'

Zi Yu wanted to curse, this punch from Lei Ling was not only extremely damaging, it was also extremely insulting! Hearing Zi Yu's words, Lin Hao was about to burst out laughing.

'Big brother, can you find a more reasonable excuse? You're still going up to save people, and you're still thinking about whether or not you've saved them when they're all cold, are you fooling the devil?'

'No, you are not ghosts, you are really ruthless, you even fool yourselves! If you lose, you lose. There are so many of you and you can't afford to lose? Can't you afford to play? He was not planning to win, he just needed to make them angry, his aim was to make these people break their defenses, once they got angry, they would be in disarray.'

Besides, why not send Lin Ruoshi to fight? Apart from the fact that Lin Ruoshi's current realm hadn't fully recovered, the main reason was that Lin Ruoshi had more important things to do ah.

Zi Yu and the others were grimacing and frantic, what could they say?

Besides, they were the ones who were in the wrong, so there was nothing they could do.

‘Get lost! We’re not so bad that we can’t afford to lose, this round is counted as our loss, next match, which one of you should fight?’ Zi Yu said angrily, and he didn’t bother to let the Green Belt Magistrate fight, and directly let a Blue Belt Magistrate fight.

They had more than a hundred blue-belt Judges here, they could afford to consume them, there were more than two dozen purple-belt Judges alone, he didn’t believe it, they couldn’t consume them!

The Blue-belt Magistrate who had been called out actually had no confidence in his heart either, counting up, he was an eighth grade middle Magistrate Dharma body, and could exert the combat power of an eighth grade early stage, but he had heard that Lin Hao had destroyed a deity with one sword.

It’s really tough to fight him .....

‘No, knowing that we are so powerful, you still send such a small minion on, who are you looking down on?’ Lin Hao looked at his opponent with disdain, his goal was to finish off those Purple Belt Judges.

The Purple Belt Judges were indeed a bit tricky to deal with now, but they had to be finished off, otherwise Lin Hao’s subsequent plans would not be implemented well.

‘Minion you~! He is just below the Purple Belt Judges in the Underworld, the best of the many Judges, what, as soon as you come up here you want to fight us Purple Belt Judges don’t you?’ Zi Yu was incomparably angry, how much do you despise people to dare shout so blindly!

‘Or what?’ Lin Hao stretched his hands, ‘You’re all younger brothers in my eyes!’

‘Cut the crap and answer the battle, you answer the battle for me instead! You want to win the contest with your mouth don’t you?’ Zi Yu shouted angrily.

He was anxious, he was anxious!

‘How come he’s even brought anxious eyes.’ Lin Hao was crying and laughing, the most important thing in the cultivation path was to cultivate the heart, it seemed that they hadn’t cultivated their hearts very well either.

But no one else could bear it, being ignored by a guy whose realm was a lot lower than his own, jumping up and down in front of his eyes, anyone else would have to be furious.

‘Xiao Ling you continue on, don’t play this time ah, play too long and then the roast will get old.’ Lin Hao glanced at Lei Ling, he still didn’t make a move, Lin Ruoshi was even less likely to do so.

‘Okay leh, don’t worry, three punches and he doesn’t die, count me out.’ Lei Ling came onto the field as a silver arc of lightning and hooked his finger towards the opponent’s Blue Belt Judge with a provocative meaning.
