

Super Son-in-law Chapter 2631-2640

Chapter 2631

‘Nan Ge is it, have some grilled meat, you won’t be charged for it.’ Ao Dog handed Nan Ge the grilled skewer in his hand.

Nan Ge frowned and didn’t pick it up first, after all, this guy’s appearance was really uncomplimentary, it was too nasty, could a grilled skewer from such a slovenly person be edible? Is it really as amazing as the internet says?

After all, he was a foodie, so Nan Ge couldn’t resist the tantalising aroma and took it, saying, ‘Thank you.’

The skewers were originally not clean, so it was a good idea to eat them.

With one bite, Nan Ge’s taste buds were completely conquered by the skewers and her eyes lit up, ‘Oh my god, this is too delicious.’

‘Eat some more if it’s good, there’s beer in the foam box next to it, cold, and drinks too.’ Ao Dog spoke hoarsely.

‘Thanks, I? Dyeing Shan picking the ground Shan dyeing whisking Lu? Just eat this, you are also open for business, in a moment old grandpa you can move this stall away, you can’t set up a stall here.’ Nan Ge, however, did not have the heart to continue eating.

Ao Dog nodded and said that he would move it away in a moment.

The way Ao Dog looked now, he really looked like a scruffy old beggar, and Nan Ge really couldn't recognize this guy.

'To be honest, boss, your haunted appearance reminds me of a friend who, like you, is just this haunted, always surprising and scaring people.' Nan Ge was also a talkative person, and although Ao Dog's appearance was really offensive, Nan Ge didn't mind and instead climbed into conversation with Ao Dog.

Ao Dog froze for a moment, 'A friend? Is he a friend of yours?'

Hearing the word friend, Ao Inu was touched inside, yes, friend, wasn't it because of the word friend that he came back to Jinling this time and came here.

'Definitely my friend, although, right, I don't talk to him much, and he is often so godless that people can't find him, and I can even forget about him in the blink of an eye, but when I see you, I can remember him as my friend.' Nan Ge nodded very seriously, wondering why she couldn't even think of Ao Inu's before.

It was as if the man had never been in Nan Ge's life, but after eating the kebabs here, Nan Ge couldn't help but remember everything about Ao Inu.

For the first time in months, Ao Dog had a smile on his face: ‘Good, it’s a friend, it’s a friend. This is for you, eat, eat it all, I’m not doing business today, you can eat whatever you want.’

Nan Ge was very embarrassed but could not resist. After excusing herself a few times, Nan Ge took it, but said she must pay or she would not eat it.

Ao Dog didn’t insist.

Suddenly, Ao Dog’s face changed slightly, looking a little embarrassed and a little apprehensive.

Nan Ge, who was feasting on the dry rice, suddenly heard an unmistakably familiar voice, a cute voice ringing out crisply, ‘Daddy, what are we doing here first if we don’t go home oh?’

‘This kitchen is a bit more complete with cooking utensils, let’s finish eating here first before we go home.’ Lin Hao held Lin Ruoshi’s hand and smiled as he walked towards the Remorseless Inn, with Lei Ling following behind him, looking around curiously.

Lei Ling sighed, ‘Home, it feels so good to be home.’

Nan Ge looked back with incomparable surprise, and when he saw Lin Hao’s trio, Nan Ge’s entire body jumped up from his chair and hurriedly put the skewers down, wiped his mouth haphazardly, and darted towards Lin Hao and the others.

‘Boss Lin, hahaha, you’re back, and Little Spirit, Little Shi, I’ve missed you all.’
Nan Ge let out a magical laugh as she ran all the way over, making a move to pick Lin Ruoshi up,
‘Little Shi quickly let sister hug you, I haven’t seen Little Shi for so long, it makes sister miss you
to death.’

‘Hey, don’t let me hug you, my sister is covered in oil, it’s dirty.’

However, Nan Ge, who was as enthusiastic as fire, was pushed away by Lin
Ruoshi’s merciless little hand with a look of disgust.

Nan Ge was embarrassed, but looking at it, it did seem that way, she had just
eaten too blatantly, her mouth was full of oil, and not only that, her hands were covered in oil too.

Chapter 2632

‘Hey, hey, this, this is not just eaten the dragon emperor kebab, a moment to eat too pleased to
forget, so it is like this’ Nan Ge is very embarrassed scratching his head, but helplessly
found that he had made his hair all over the oil, tragic!

The live stream is even more joyful: ‘I’m laughing my ass off, Nan Ge is disliked
by Shi, look at Nan Ge’s embarrassed look, sadness is so big, why do I want to laugh so much!’

‘I’m already laughing first!’

‘Boss Lin is back, and so is the cute little girl, happy!’

‘I don’t know what happened to Boss Lin on their outbound trip, I’ve heard there’s been quite a bit going on over at Tag, and there’s been a lot of diplomatic commotion in China lately.’

Tiger: ‘What do you guys care about that stuff you shouldn’t care about? Is it any of your business? What I’m more concerned about is, since Boss Lin has returned, when will the Remorseless Inn open its doors to welcome guests.’

When Lin Hao returned, the Dragon Lord had already learned of it and had specially called to greet Lin Hao and said that he could meet any request Lin Hao had, and the Dragon Lord also knew that Lin Hao’s heart was not in his career, so the Dragon Lord didn’t make a fool of himself by saying anything about giving up his position or giving him a promotion to the rank of great general or anything like that.

Hang up the phone, the dragon master will squat nan song live room, in order to master Lin Hao’s movement, the tang dragon master can only squat live room

‘By the way, Boss Lin, I found an additional barbecue stall at our entrance, absolutely unbeatable and delicious ah, I think it’s called Dragon Emperor barbecue.’ The company’s main business is to provide a wide range of products and services to the market. The boss was here just now, why has he disappeared in the blink of an eye.’

‘That’s interesting, there’s someone who dares to set up a stall in front of my shop, and a Dragon Emperor BBQ stall, not a bad mouth to have.’ Lin Hao walked over with interest and was soon attracted by the tantalising smell of the grilled skewers.

Nan Ge was still calling out for the owner, but the owner was nowhere to be found, as if he had evaporated.

Lin Hao didn't bother and picked up three skewers, one for each of the three of them, while on Nan Ge's side Lin Hao left her alone.

'Wow, these skewers are a match for your cooking skills, brother.' Lei Ling's eyes lit up.

Lin Ruo Shi also praised it, but her brow was slightly furrowed, 'Strange, the way this skewer is spiced up, it looks like the way dad cooks grilled meat.'

Lin Hao looked at his daughter in amazement, not expecting her to be able to distinguish even these small differences.

Lin Hao took a bite and it was also inexplicably familiar, and it was seafood kebabs, but seafood that he had never seen before, and the taste was completely different from the seafood they had eaten.

Some memories came flooding back, as well as the name of this kebab stall, Dragon Emperor Kebabs, and the memories became clearer in his mind after all the signs indicated.

Lin Hao threw the bamboo skewer onto the table without good grace, 'Don't get out yet? What's the matter, setting up a stall at my doorstep, are you trying to steal my business from the Remorseless Inn?'

'No, I really don't mean that.' Ao Dog spoke awkwardly, he had returned for Lin Hao, but after seeing Lin Hao, he didn't know how to face him.

Wow!

Lei Ling and Lin Ruoshi were both shocked by this sudden? The sudden appearance of Ao Dog was a shock. The sudden appearance of Ao Dog gave a big surprise.

Lin Ruoshi even shouted accurately and breathlessly, 'Uncle Ao Dog, have you been robbed? Or have you gone wandering somewhere, why have you become like this?'

Lei Ling and Nan Ge were both stunned: 'Ao, Ao Ao.'

'Ao my ass, I'm still owie.' Lin Hao looked at the two of them without good grace.

Nan Ge and Lei Ling doubted their lives, you said this guy was an Ao dog? Who would believe it?

Not only were they confused, the netizens in the live stream were also confused.

You're saying this guy is Ao Dog?

The female fans of Ao Inu are all exploding, this is definitely a slander, the one they are fans of is the suave, elegant, young and handsome Ao Inu.

The one they're fans of is the suave, charming, young and handsome Ao Inu. What's the deal with this dirty old bacon?

'Xiao Ling, Xiao Shi has not seen you for a long time, eat more if you like, not enough uncle will bake for you later.' Ao Dog gave an awkward sarcastic laugh, he also didn't expect Lin Ruoshi to recognize him straight away, and looking at the situation, Lin Hao had already found out it was him too.

Super Son-in-law Chapter 2633-2634

Chapter 2633

He had thought that after fooling Nan Ge, he could continue to stay here in this image, even if he didn't identify with Lin Hao, it didn't really matter.

Ahem, why did it make it seem like a father-son recognition?

‘Xiao shi ah, this is the seafood I specially got from the dragon palace, only the dragon palace has it, no other sea can have it.’ Ao Dog could feel that Lin Ruoshi did not feel any disconnection towards him, which made Ao Dog incomparably happy and heartbroken.

‘That’s awesome.’ Lin Ruoshi kept applauding while saying, ‘Thank you Uncle Ao Dog, but Uncle Ao Dog, you’re so pitiful, you’ve been robbed, tell Xiaoshi, Xiaoshi will help you beat up the bad guys.’

‘Robbery my ass.’ Lin Hao glared at Ao Dog without good grace, ‘It’s entirely his own doing that he got into this mess.’

‘Yes, yes, Uncle did it himself, not being robbed.’ Ao Dog became even more embarrassed.

The netizens in Nan Ge’s live stream were stunned.

‘No, this guy is really Ao Dog, huh? Shit yeah, my mother’s dream is shattered!’

‘I’m tired of falling out of love before my sister’s relationship has even started, destroy it!’

‘The Dragon Prince has gone through some kind of human suffering to become this granny ah, it turns out that handsome men become ugly, we short and poor still have some chance’

As for those who have eaten the Dragon Emperor's kebabs, but the netizens are excited, have said that they have actually eaten the Dragon Palace special, others want to eat can not eat, with no regrets inn's barbecue, scorpion poop unique!

Tiger online lemon: 'This is very upsetting I have not even eaten, no I have to go to Jinling, must eat once to do.'

Netizens have been curious about Tiger's identity, mysterious big brother, rich tycoon, and listening to the tone, as if to go to the Golden Tomb will certainly be able to eat?

For a while, posts analyzing Tiger's identity exploration appeared.

'So, that Lin Hao, do you want to try this again? Golden octopus, this tastes like Ken, it's definitely possible.' Ao Dog was in an incomparable apprehensive mood and spoke tentatively, now he was even more embarrassed than Lin Hao.

Perhaps he also thought that it was himself who was at fault, if he had discovered it a little earlier, why would he have made such a big mistake?

'Eat a der!'

Lin Hao's unhesitating refusal caused Ao Dog's hand to tremble violently, and his heart was even more incomparably desperate that Lin Hao still couldn't put it down.

‘You are as dirty as a bird that has rolled twice inside a cesspit and been thrown into a pigsty for three or four days, what can you make to eat? What’s the difference between you and telling me to eat shi?’ Lin Hao scolded, ‘Hurry up and get lost, wash it and send a new copy to my shop, I don’t want you to pay the rent for the stall, and bring two bottles of good wine.’

After saying that Lin Hao grabbed the uneaten roast meat in Lei Ling and Lin Ruoshi’s hands and threw it on the grill, ‘Don’t eat it, eat it later, it’s too dirty don’t eat bad stomach.’

Many netizens who didn’t understand began to blame Lin Hao, not understanding why Lin Hao had such a bad attitude towards Ao Dog, although they didn’t know what was happening, but still felt that it was not right for Lin Hao to treat Ao Dog like this.

But the person in question, Ao Dog, woke up as if from a dream and said, ‘Yes, yes, Lin Hao is right, Xiao Shi you guys don’t eat yet, wait for me, wait for me, I’ll go find a place to shower and come back and re-roast it for you guys right away.’

After that Ao Inu cheerfully went to find a random hotel, humming and dancing to wash up.

Today is the happiest and most enjoyable day for Ao Dog since that incident happened, right?

The face of the live stream? Yi Xi Wu Xi Di Shan closed cover? All kinds of accusations, many of those with higher emotional intelligence have come forward to clarify for Lin Hao.

‘What do you guys know, this is called a real brother.’

‘That’s right, a real brother is someone who casually scolds and dislikes but at the same time does what’s best for you, scold yourself all you want, but who dares to bully my brother, I’ll fight you to the death!’

Even Tiger ventured, ‘Let’s leave aside for the moment what really happened between them, something must have happened, otherwise it wouldn’t be like this, but I don’t think we need to continue to look deeper because it’s obvious that Lin Hao has already given Ao Dog a step down with his words just now.’

Chapter 2634

‘At least for now, it seems that it is Ao Dog who has done something wrong to Lin Hao, Lin Hao just had a bad attitude, yet he also gave the other side a step down, sometimes brothers release their grudges on ice, it’s that simple, so we don’t need to look deeper.’

.....

‘Brother, have you forgiven him?’ Lei Ling cocked his head and looked curiously at Lin Hao, who was leaning against the sofa in a puddle.

‘Forgive him for what? Is it something that happened?’ Nan Ge knew nothing, although he knew that something big had happened in Tege, that the Fairy of the Green Shirt had died and that Ling Yun had gone, so could it be that this thing had something to do with Ao Dog?

‘Nothing to do with you.’

‘Oh’ Nan Ge was frightened by Lin Hao’s glare and shrank back, turning back to continue playing with Lin Ruoshi.

Seemingly sensing Lin Hao’s scent, the big white cat carried Chen Hao Bei all the way to the Remorseless Inn, the big white? Yi Yi Zha Er Lu Serves Yi Wu? The cat pounced on Lin Ruoshi at once.

This caused Lin Ruoshi to let out a burst of clear and pleasant laughter, hugged the white cat and kept rubbing the big white cat’s big fluffy face.

This scene was also too loving.

It was Chen Haobei who was a little embarrassed, coming in, neither sitting down nor leaving.

‘Ahem, that, Lin Hao when will Xiyan come back.’

‘I don’t know, it’s not sure right now.’ Lin Hao waved his hand unwilling to say more, to Chen Haobei is not as antipathetic as before, the other party is also a lot more restrained.

Seeing that Lin Hao didn’t kick him out straight away, Chen Haobei also had the courage to sit down, and Lin Hao ignored him.

But Chen Haobei just sat down for a short while, again some uncomfortable, simply get up and start mopping the floor, wipe the table, although this place is not open, but he often come every now and then to clean up a meal.

‘This guy, now he is becoming more and more like the housekeeper of our family.’ Lei Ling looked at Chen Haobei’s sharp look and teased him with some amusement.

Chen Haobei also smiled in embarrassment.

Lin Hao rubbed his temples and lay down on the sofa to fake sleep, about half an hour later, Ao Dog ran back and had already grilled many skewers: ‘Come, Lin Hao, I just finished grilling these, so who, Chen Haobei, right? You come and have some too.’

‘Me?’ Chen Haobei pointed at himself in shock, feeling somewhat flattered. When he was confirmed and Lin Hao did not object, Chen Haobei was excited and came over, even if he was sitting at the very edge, even more so than Nan Ge, it was enough to make Chen Haobei’s heart burst with joy.

Ao Dog even brought out the Dragon Immortal Brew, and Qian Yuan also promised Ao Dog a favour, saying that everything in the Dragon Palace treasury belonged to Ao Dog and could be taken at any time.

Ao Dog didn't ask for those treasures, just something to eat, and also asked Qian Yuan to send some people to bring over some ingredients from the Dragon Palace.

The only thing was that Qian Yuan asked Chen Xuanfeng for permission to send over some ingredients for the Dragon Palace, and now Chen Xuanfeng was the acting Palace Master of the Qing Yun Heavenly Palace.

The crowd was seated, the roast meat was really fragrant, this dragon tribe's fine wine was also fragrant, the strong wine was like fire in the throat, afterwards the aftertaste was incomparably mellow, truly to the extent that it left a fragrance on the lips and teeth.

'How's that? Not bad, right?' Ao Dog asked cautiously.

'Good times.' Lin Ruoshi gave a happy thumbs up.

'It tastes good.' Lei Ling sighed in admiration, too.

Nan Ge and Chen Haobei wanted to blurt out their compliments when Ao Dog asked, but stopped fiercely, and only after they saw that Lin Ruoshi and the girls had all praised it did they dare to open their mouths and say what they really thought.

Hearing everyone's compliments made Ao Dog very happy.

While everyone else was sitting, he stood next to them like a subordinate, looking very restrained and slightly bent over.

Lin Hao looked at Ao Dog without good humour, 'What, the stool in my shop burns your bottom or the cup in my bowl is poisonous?'

'Huh? Hahaha, no no.' Ao Dog dawned on him and hurriedly moved a stool over to sit down, poured a glass of wine for Lin Hao and then one for himself, 'Come, come, Lin Hao, I'll drink to you.'

Super Son-in-law Chapter 2635-2636

Chapter 2635

Lin Hao clinked his cup with Ao Dog and spoke indifferently, 'That ingredient of yours is indeed good, offer each of them to my shop for a bit.'

'No problem, it's all free, as much as you want.' Ao Dog said happily, patting his chest.

'Free my ass, I'm missing your three melons and two dates?' Lin Hao said angrily, 'I don't want the free ones, it just so happens that we are opening one day and resting one day, how about this, we rest that day, you can open your barbecue stall in the shop, it just so happens that you can open every day, those materials against the shop rent.'

‘No way, you’re too good at business, right?’ Ao Dog cried and laughed, this was clearly a loss for him.

‘I can’t do business, I can make so much money? Just kidding.’ Lin Hao raised his eyebrows in triumph.

The crowd laughed out loud, and the atmosphere gradually melted, and Ao Dog’s relationship with Lin Hao seemed to have returned to what it once was after this meal.

As for that incident, no one mentioned it again.

It was only after the meal was over that Ao Dog couldn’t help but ask, ‘Lin Hao, can I go and see her? I haven’t visited her since the time you erected a monument for her.’

The air around them suddenly went cold, and Ao Dog’s heart was even more apprehensive.

‘It’s fine to go and see, but first we have to finish cleaning up here, and Xiao Shi we’re going back to rest.’ Lin Hao stretched his back.

Since he chose to let go, it was time to let go.

If you chose to let go of the past, you should not pursue the past, and counting, Ao Dog was also one of the victims. Ao Dog, who had been promised, was thrilled beyond words and pulled Lin Hao along, quietly telling him a secret, his talent skill had been upgraded.

Moreover, after repeated tests he found that as long as a drop of his blood was incorporated into the other party's body, then it would not be affected by his talent skill.

In other words, as long as a drop of blood was incorporated, even if he didn't speak, the passive skill wouldn't be activated and they would be able to see Ao Dog just the same.

Lin Hao was incomparably surprised that it was still possible to do that?

'Uncle Ao Dog, that won't work, if it's incorporated into your blood, wouldn't it be your bloodline then, I'm daddy's only baby, I don't want it.' Lin Ruoshi spoke cutely, causing everyone to freeze for a moment and then burst into laughter.

Well, this is like killing a mosquito that has eaten enough of your blood: how can you kill it when it has your blood flowing through it? The first thing you need to do is to take a look at the mosquito. The blood of the mosquito!

Lin Hao but frowned: 'Don't you forget, it's live over there, then your blood is probably more precious than panda blood in the future.'

‘That’s fine, I can cancel whenever I want, it’s just a medium, and one that is completely under my control.’ Ao Dog didn’t really care.

After all, if Ao Inu had no means of control, then his skills would be completely nullified, as long as he was allowed to get injured and obtain his blood.

Lin Hao discovered that although Ao Dog’s realm was lowered and was truly incomparably weak, he was still able to eat with his passive skills, and since the beginning, he was still that demonic and heaven defying existence.

At Ao Dog’s behest, all of them incorporated a drop of Ao Dog’s blood so that they might be treated as psychopaths in the future.

After all, a group of people appeared to outsiders to be conversing to a person who did not exist.

Ao Dog got what he wanted when he arrived at the back garden of the Lin family’s ancestral home and saw the peach blossom petals paving the garden ground, colourful peach blossom petals kept falling because of the daily sweeping, so every time, in front of Fairy Qing Shirt’s monument grave, including Ling Yun’s grave and tombstone, it was always sprinkled with fresh peach blossom petals.

Because of the formation, the peach blossom petals here would never stop falling, so that the two of them would always have the petals with them.

‘It’s indeed intentional.’ Ao Dog sighed as he first went up and cleared Ling Yun’s tombstone slightly, pouring down the Dragon Clan’s fine wine in front of it with a bright smile on his face, ‘Ling Yun, I’ve come to see you again.’

A breeze hit him and the peach blossom petals in front of Ling Yun’s tomb danced and swirled with the mighty wind, as if a non-existent mannish fairy was dancing happily in front of him.

Chapter 2636

Ao Dog drank the wine freely and painfully, and eventually walked to the tomb of Fairy Qing Shirt and slowly sat down, pouring the same clear wine, but Ao Dog sat quietly in front of Fairy Qing Shirt’s tomb, drinking in silence.

Just like Lin Hao who buried Ling Yun’s body, he sat in front of the monument in silence, not saying a word, everything was more silent than silent, and the bitter wine went down his throat as if he was telling the story of his love for the Fairy in the Green Shirt for thousands of years.

The cloudy wine went down his throat but it was as sweet and sour and bitter.

While Ao Dog was in front of the monument of the Green Shirt Fairy to relieve his love for her, in the sea of blood at the end of the River Styx.

Hundreds of Judges of all colours attacked together, and the light of all colours covered the sky and shocked all directions.

The terrifying might caused the space around them to ripple so violently that the frozen space seemed to be torn apart by this terrifying failure!

Although his realm had not yet reached the level of a deity, this sea of blood was his greatest asset!

If the sea of blood did not dry up, he would not be destroyed!

How could the boundless sea of blood ever dry up? And he will live forever!

It was just that these Judges were like flies, swooping in thick and thin, and he couldn't beat them, but crucially, they couldn't kill him, which made Chen Lao Er feel annoyed.

'Are you finished? Get the hell back! This is my turf! I, the supreme and only god here!' Chen Lao Er roared in agitation.

'God, der, you're nothing!' A purple-belted Judge cursed, waving his hand, the Judge's brush waved, and a blast of sharpness that covered the sky crushed hundreds of Blood Drop doppelgangers, who were destroyed in large areas, and Old Chen could not help but let out a harsh hiss.

Death is not death, but pain is real pain!

The worst of these Judges, the Red Belt Judges, were of equal realm to him, not to mention Chen Lao Er's weaker doppelgangers, so how could they be a match for these Judges?

How could they be a match for these Judges? This time, it was not the Judges' doppelgangers who were here, but the Judges themselves!

After three days of suffering, the eight leading purple-belted Judges joined forces to suppress Chen Lao Er and ordered him to submit to the Hades and obey its orders!

Chen Lao Er looked at the Purple Belt Judges incomparably calmly at that time, and then uttered a sentence that 'cheered up' the Purple Belt Judges.

'F*ck you!'

With a furious curse, Chen Lao Er's original body exploded and collapsed, turning into a rain of blood and merging into the sea of blood, Chen Lao Er didn't have an original body at all!

Any of his doppelgangers could be his original body, and he could appear anywhere in the sea of blood if he wanted to!

Chen Lao Er began to fight back!

A wave of blood hundreds of metres high was like a beast that swallowed the sky and came crashing down on these Judges straight on their faces!

How great is the power of nature, even eighth-ranked deities are affected to a certain extent, and although they are deities, they are still not completely beyond the heavens? Shan Wu Fu Er Shan Yi Di Wu? The fetters of the earth!

Their movements slowed down in the face of the terrifying waves of blood, but gods are gods, easily breaking through the sea of blood, although all below the Green Belt Judges were stopped in the sea of blood.

The Green-belt Judges were deities who had just reached the early eighth level, while all those below them were seventh level Illusionary Spirit Masters, and they were left behind!

Soon, the Judges' roars of rage and wretched screams came from within the waves of blood as they were met with an even more ferocious onslaught of blood waves, as well as an attack from Chen Lao Er's doppelganger hidden within the waves!

The first wave of blood was nothing more than a sieve to sift out the Judges who had reached the Deity realm!

'Damn it, we've been trapped, quick, go break through this monstrous wave of blood or they'll all die inside! In this sea of blood, he is the master!' Several Purple-belt Judges

were a little anxious, they had thought that Chen Lao Er had lost his mind and attacked recklessly out of rage, but who knew that the other party still retained his sanity.

Super Son-in-law Chapter 2637-2638

Chapter 2637

‘Since you know that I am the master of this aspect of heaven and earth, yet you still dare to come and offend me! Then all of you will become part of my sea of blood!’ Chen Lao Er raised his voice to the sky, and an even more terrifying tsunami rose up, forming a blood-coloured canopy that covered the sky, as if the heavens and earth had been assimilated into the same colour, and all of these Judges’ powerhouses were placed in a crystal ruby!

At the very moment when Elder Chen’s aura reached its peak, a delicate cry interrupted Elder Chen’s aura, causing his aura from long before to dissipate with a bang.

‘You’re a f*cking master, just like you, you’re worthy of it.’

A heaven-shaking dragon roar resounded through all the corners of the Sea of Blood, and the killing intent made the entire Sea of Blood able to perceive it.

The roaring waves of blood seemed to be frozen by the killing intent that was so terrifying that it could tear apart everything. A thousand-metre red-coloured divine dragon straddled the sea of blood, its scales reflecting the sea of blood, reflecting a dazzling light, as if this divine dragon was covered in red flames, its claws revealing an intimidating sharpness, and its whiskers flying in the wind.

The most striking thing is that on top of the dragon’s head, a woman in red is standing proudly against the wind, her sleeves fluttering, a condensed killing intent surrounding

her, and a palace lamp in her hand, surrounded by a circle of pink peach petals, but against the sea of blood, the pink peach petals look even more crimson.

Shen Xiyan, the God of Killing, she, has descended!

‘What a leaky house, that old bastard Chen Bei Xuan, why did he send her here.’
A purple-belted Magistrate couldn’t help but curse angrily.

The killing intent coincided with this sea of blood aura, blending together.

Here, Shen Xiyan’s killing intent was able to completely reach its extreme, here, the real master was not Chen Lao Er, but Shen Xiyan!

Shen Xiyan’s aura was rising, and under the augmentation of the Sea of Blood, her aura was heading straight for the Eighth Grade Deity realm. At this moment, even if she was the original Purple Belt Judge, an existence whose realm had reached the late Eighth Grade, she would not dare to test its edge easily!

Shen Xiyan only said one word, and didn’t even do anything, yet she suppressed close to two hundred Judges into silence.

Out of the monstrous waves of the sea of blood, a figure quickly coalesced, it was none other than Chen Lao Er, who looked at Shen Xiyan standing at the top of the divine dragon with excitement, and ran wildly all the way towards Shen Xiyan: ‘Haha, girl doll, you’ve finally

come back to see the old man, mother fucker, I thought that once you left last time, you would never come back.'

Chen Lao Er looked as if he had seen an old friend he hadn't seen for years.

Chen Lao Er also said with a slightly reproachful tone, 'This girl doll of yours is too ignorant, isn't she? How can you come empty-handed when you've already come?'

'Bad old man, get lost!' Shen Xiyao Xiu Mei frowned slightly and threw a slap across the air with her backhand.

Chen Lao Er's body exploded, turning into a colourful rain of blood and falling down.

The new God of Killing seemed to be at odds with this Blood Drop.

The enemy of an enemy is a friend, then the Underworld is not worried that Chen Lao Er will not submit, as long as they join forces, what about the God of Killers, also and? Closed service Yi zero steak er xiyi? Non is invincible existence!

Just the next scene, but all the Judges present jaws dropped to the ground!

Only to see Chen Lao Er, who had been dispersed by Shen Xiyan's slap, coalesce once again, laughing loudly as he rushed over and shouted

'You're still a girl who knows what she's doing!'

'I thought you came empty-handed, but I didn't expect to bring my favorite big mouth after all, hahaha!'

Chen Lao Er ran back in ecstasy.

Unlike Elder Chen who was ecstatic, the Judges of the Underworld were collectively dumbfounded!

Even Shen Xiyan had an odd look on her face.

What kind of strange hobby is this?

The Hades Magistrate in particular was extremely unbalanced, 'You're patriarchal towards women over men, aren't you?'

If I hit you, you'll go berserk like a bomb on the verge of exploding, and if she hits you, you'll say that's your favorite big mouth!

Chapter 2638

Wasn't this difference in treatment slightly too obvious?

Looking at Chen Lao Er approaching, Shen Xiyan's gaze was fixed, very unhappy, after all, Chen Lao Er gave her the feeling as if she was being targeted by a pervert.

So, Shen Xi Yan raised her hand and was ready to give Chen Lao Er another favorite big mouth, but Chen Lao Er hastily called a halt: 'Enough, one big mouth is enough, another one hurts my face, I am not some masochist

Chen Lao Er acted in this way, not that he was a masochist, but in Chen Lao Er's view, the inevitability of submission, now that the beacon between the two sides had burned to this point.

But honestly, if he had to choose between the two, he would prefer Shen Xiyan even more, not because he had any thoughts about Shen Xiyan.

It's not that he has any thoughts about Shen Xiyan, but rather that Shen Xiyan was the only one who was with him during his loneliest time, and although he was weakened by Shen Xiyan several times, he also developed some feelings of sympathy for her.

How can I put it, it's a bit similar to the kind of, what's the symptom here

It is similar to the symptoms of a prisoner being severely beaten by an interrogator, and then the prisoner falling in love with the interrogator, which also seems to be somewhat similar to sadism ah.

But Chen Lao Er is not terminally ill? Serve Zha Lu Xi Lu Wu Yi Dye? s in love with Shen Xiyang and more than willing to submit to her.

‘Damn old man, what the hell do you want?’ Shen Xi Yan was also a bit confused, giving Chen Lao Er a confused look.

‘Simple, very simple! I submit myself to you! From now on, the entire Sea of Blood will be at your disposal along with me!’ Chen Lao Er knelt down in the air and, regardless of whether Shen Xiyang agreed or not, he unilaterally swore an oath of loyalty to Shen Xiyang with his Daoist heart and would never betray her!

Not only was the judge surprised by this, but Shen Xi Yan was also a bit confused.

She didn’t understand why the other party had done this, but at least one thing was confirmed, and that was that from now on, the Sea of Blood would be her private domain, and no one would be allowed to cross or enter it without permission!

‘This place is sealed off and no one will be allowed to cross without permission from now on! Anyone from the Underworld who crosses the Sea of Blood without permission will be killed immediately!’ Shen Xiyang gave her first order after gaining possession of the Sea of Blood! The icy voice resounded in the Judges’ ears, as terrifying as the King of Hell’s life-seeking and soul-capturing stickers!

The fact that things had turned out like this was something that no one had expected.

As Shen Xiyan's order was given, Chen Lao Er manipulated the Sea of Blood, directly blocking the entire Sea of Blood as waves of blood rushed up into the sky, connecting heaven and earth, forming a blood-coloured prison!

'I'll leave the matter of trapping them to you, the next thing, that's my business.'
Shen Xiyan transformed into a sky of peach petals, each petal floating towards the Judge with an intimidating killing edge, the seemingly beautiful and moving petals were now the scythe of death, killing everything!

The red-coloured divine dragon roared to the heavens as its body surged once again, its huge body ruthlessly impacting towards the hundreds of Judges.

Shen Xiyan's flower petals flew around her body, and a cold aura continued to form in her hands, crystal clear but with a glazed lustre, a divine pattern appearing on it, like an embroidery needle that had been magnified many times, which she gently held in her hands.

It was one of the Moon Wheel Fairy's divine weapons, the Phoenix Dance Liuhua Hairpin!

It was a trophy obtained from Lin Hao's first trip to the Lunar Wheel Immortal Palace, where he had taken a blow from the Lunar Wheel Immortal's anger!

‘Tsk, bully bully bully, master is a bully bully, one person against hundreds of strong people of the same realm, even many who are a level or several levels higher than her, beautiful! Go master!’

Chen Lao Er saw this scene and also felt from the bottom of his heart, all madmen, just like Lin Hao, a bunch of madmen, but a bunch of madmen with a unique personality!

Bang!

This doppelganger of Chen Lao Er’s backhand was smashed by Shen Xiyan’s slap, Shen Xiyan was furious enough, her Qi was about to coalesce to the peak level when it was hardened by his words that jumped out of the picture, Shen Xiyan was furious.

Super Son-in-law Chapter 2639-2640

Chapter 2639

It’s true that the heavens have spared no one, as if the beginning of her descent just now was just the right time to interrupt Elder Chen’s ritual of pretending to split.

‘He is alone, this sea of blood is her home ground yes, but both of them are too low in realm, one relies on the killing intent divine pattern, the other relies on this sea of blood only, no need to be afraid, meet the battle!’ The purple-belted Judges in the lead had cold faces, and without hesitation, they all began to unite their hands!

The eight Purple-belted Judges were the first echelon, and the eight Purple-belted Judges were on their way, surrounded by terrifying arcane light, their divine patterns revealed one

by one, their terrifying auras all in one, the eight Purple-belted Judges were united, as if a ninth-grade supreme deity had suddenly descended here.

As the first echelon pounded forward, the seventy or so blue-belted Judges in the second echelon, with the aura of mid-eighth-ranked deities, burst out at the same time, quickly converging in one place, their auras melding into one, and for a moment, Shen Xiyan's advantage in gathering the sea of blood was gone!

Dozens of High Judges solidified the area around them into a terrifying field, turning the space around them into their dao field.

A battle for the ages began in the middle of the Sea of Blood, and the Sea of Blood would no longer be calm

Outside the Underworld, Chen Beixuan and the others looked out at the end of the River Styx, as if their eyes could cross the distant and endless River Styx and see the scene in the Sea of Blood.

'It has begun, ah, this battle is over, return this girl child to that boy.' Chen Bei Xuan's tone seemed a little guilty.

'It's about time it was over, but our business is not over, we will be in this town for eternity, are you all ready?' Lin Cang Dao looked at all the gods who had come, all of them had been the elite of the land of China, the land of the Soviets, and they were going to subdue Yan Luo forever!

Until they let those few supreme beings, break through everything, break the shackles of the Great Dao and leave this heaven together!

‘Always be ready!’ Everyone shouted in unison.

Chen Bei Xuan finally uttered the phrase: we are comrades now.

Pffffff!

The entire audience burst into laughter.

Even the War Bear Divine Hall’s Hall Master couldn’t help but tease, ‘Chen Beixuan, you old deflated calf, shouldn’t you think about whether they would knock you to death and suppress you forever under the Iron Surrounding Mountain if they knew that they were arranged by you in a clear-cut manner, just like a working man, working from 9 to 5!’

Chen Beixuan looked embarrassed and craned his neck and said stiffly, ‘Nonsense, this is what they did instead, what’s wrong with working 9 to 5, is there anything strange about working 9 to 5 in the Immortal Court?’

It seems like there’s nothing wrong with that.

The emperor still has to go to court, the immortal king is not also to unify the immortal court, so there is something about nine to five.

Shen Xiyan, who was fighting in the middle of the sea of blood, including Lin Hao and the others at the Lin family's ancestral home, simply did not know that they had long been set up by Chen Bei Xuan in a clear manner.

Although they knew very well that Chen Bei Xuan estimated that he had spent thousands of years calculating and had calculated everything a long time ago, but how could they not expect the other party to calculate so thoroughly

In the back garden of the Lin family's ancestral home, Lin Hao stepped into the garden and saw that Ao Dog had already been drinking eloquently in the Qing Shirt present, seemingly silently speaking of buried heartfelt love.

Lin Hao helplessly walked over, 'You've had too much to drink, let me take you back to rest first.'

'Who said I'm drunk?' Ao Dog drank the cup of good wine in one go, then shook his head violently, drinking with his eyes dazed and his drunken eyes askew, he was instantly refreshed, where he looked like a drunken man who had drunk eloquently.

'Crap Crap!' Lin Hao was stunned by this amazing operation of Ao Dog, no, if you want to get drunk, you can just get drunk and be done with it, but as a result of getting drunk like this, you even made such a show, what do you want ah.

‘You don’t understand.’ Ao Dog looked at Lin Hao with a wistful face, every micro expression and look on his face seemed to say: my sadness? Closed steak shanzhai dyed Lu Zhaofu? and loneliness you don’t even understand, you don’t deserve to be in my spiritual world.

‘What does that look in your eyes mean?’ The expression on Ao Dog’s face made Lin Hao incomparably speechless, how could Lin Hao not understand, he understood it too well ah.

Chapter 2640

‘It’s simple, you don’t understand my loneliness, you think I drink to get drunk? Bullshit.’ Ao Dog looked at Lin Hao smugly, which made Lin Hao incredibly confused.

Ao Dog told Lin Hao that he was not trying to get drunk, but to enjoy the dream-like feeling of being slightly drunk, drinking is not for the sake of getting drunk, if drinking is just for the sake of getting drunk, then the drinking thing itself loses its meaning, and it hurts the body and is also unpleasant.

And this time Ao Dog unlocked all kinds of new and strange skills, such as in the sound wave shocking bar, order a glass of spirits in the most remote and quiet corner of the bar, drinking lonely spirits, nostalgic with the green shirt once.

Even the loud sound waves and the restless men and women on the dance floor cannot affect him, but instead, he makes himself surprisingly calm under the slightest intoxication, and even in the midst of the slight intoxication, he can hazily see the fairy in the green shirt, finally moving himself to tears.

He will also be in a place of unparalleled silence, quietly dazed, but in the quiet he can feel the noise. ,

With the effect of alcohol, he was half drunk, everything was so dreamlike, and often in such a state, half asleep, half awake, was the moment he enjoyed the most.

Ao Dog was still in a state of intoxication, caught up in his self-touching.

Lin Hao, on the other hand, scolded him in an unpleasant manner: silly bastard! Ao Dog, who was stunned by Lin Hao's scolding, glared angrily at Lin Hao: 'Who are you scolding? Do you know what a wonderful feeling this is! You don't understand, you don't understand at all!'

'I understand der! I understand much more than you do!'

'You're a lonely patient's self-moved! You're just a lonely person's self-touching! You're making yourself cry, but what does that have to do with you? What's the point of making yourself look like a fool? Is that how you've become a beggar all these days?' Lin Hao couldn't help but curse

Blindly moved, my ass!

Even if Fairy Qing Shirt was still alive now, it was useless for Ao Dog to do so, Lin Hao could feel that Qing Shirt didn't like Ao Dog, and even from the time of contact to her eventual departure, Lin Hao never felt if there was someone she really liked.

So what's the use of blindly moving yourself there for someone who doesn't like you ?

Not to mention the fact that it is now so for someone, who will never come back, that would just be simple torture for himself.

It's actually harmless and human to have it every now and then, after all, it's reasonable that even gods nowadays can't transcend their seven emotions, but if you do it every day, then there's something seriously wrong with your brain designation.

'What do you care about me.' Ao Dog bristled, 'I just like this feeling, I and the ancients also like this feeling, otherwise how come everyone who drinks too much is transformed into a poet saint and poet immortal.'

Lin Hao stretched his hands: 'Maybe it's the nonsense they said when they were drunk that was over-interpreted by people and then worshipped as a classic.'

'Crap, Lin Hao I hate you!' Ao Dog huffed and stood up, slapping down the flower petals on his clothes and scolding without anger, 'Would it kill you not to tell the big truth, would it make you lose a piece of meat to let me move my ego for a while ? Really!'

Lin Hao shrugged his shoulders and said, 'None of my business.'

Those who are alive should remember the past, live in the present and look forward to the future. Instead of keeping on remembering the past and not walking out.

What will be lost is not only the present, but also the future, and even the past that is remembered? What about the past? It will be vague and boring.

Ao dog huffed and puffed and left the garden, Lin Hao waved towards the two tombstones as a greeting, and also left with them, because Lin Hao knew that some things are good to be buried in the heart, and remembering the past is not living up to the past.

‘Dad.’

Lin Hao had just walked out of the garden when Lin Ruo Shi trotted over to him, and Lin Hao squatted down, allowing Lin Ruo Shi to jump into his arms more smoothly.

Now Lin Ruoshi was more and more lovely, her height was almost as tall as Lei Ling’s. I don’t know if it was because of Lei Ling’s own reasons, or because she kept strengthening her physical body with the intention of becoming a saint, but her appearance remained the same as when she first met her, and never changed again.
