

Super Son-in-law Chapter 2701-2710

Chapter 2701

The reason why Chen Haobei was so preoccupied was because these auras would also appear from time to time within the Lin family, which was very strange, and he was afraid that something was against Lin Ruoshi, but here was the problem, every time he chased out, he couldn't see anything, he clearly felt something was nearby, but he didn't see anything.

‘How is that possible? You didn't even notice it? Does it mean that that thing is more powerful than you?’ Lin Hao didn't quite believe it, there weren't many people in this world today who had a higher realm than Chen Haobei.

Chen Haobei shook his head helplessly, ‘There really wasn't any discovery, and that aura was very weird, although I wasn't able to discover the other side, but I felt that the thing hiding in the shadows wasn't powerful, or at least weaker than me.’

‘That's a hell of a thing.’ Lin Hao muttered.

Wait a minute!

A ghost!

Lin Hao snapped awake, shit, it was still possible, although he didn't know how the other party managed to make even Chen Haobei unable to discover their tracks, it definitely had nothing to do with the Underworld.

But thinking about it, the other party didn't come out at a high realm, so he was relieved, compared to those big heads who had all been stopped by Chen Bei Xuan and the others.

As for the rest of these small shrimps, they would only have themselves to deal with, who let this matter be caused by themselves.

DONG DONG.

Just when Lin Hao suspected that it was Hades' group, a knock sounded outside the door, and Xu Lin walked in with an awkward sarcastic smile, carrying a fruit basket, 'How is Teacher Lin's health feeling now? I heard that I'm going to be discharged from the hospital.'

Lin Hao was a bit stunned, 'What are you doing here, Xu Lin? Isn't it usually Chen Yuan's girl who comes, and she hasn't been here for some days.'

Xu Lin awkwardly put the fruit basket on the bed and looked at Lin Hao: 'That's why I came to see Mr. Lin, the girl didn't come, but she couldn't come.'

Couldn't come?

How was that possible, had something happened?

Even if something had happened, with an expert like Xu Lin around, there shouldn't be anything wrong, right?

'Xiao Yuan hasn't left her room for a few days, the situation is a bit complicated, it's related to the strange death that has been making a lot of noise in Jinling recently.' Xu Lin was a little embarrassed and told Lin Hao about Chen Yuan's situation these days.

A few days ago, and also when the strange deaths started to appear at the beginning, Chen Yuan started to become so delirious that even Xu Lin felt that, in the Chen family home, a gloomy wind would appear from time to time, cold and biting, but Xu Lin could not notice anything.

This situation is somewhat similar to what Chen Haobei said just now,? 西遮愛
珊闭侍染闭? The doors and windows are locked both day and night, and black curtains are used to cover them up.

In the middle of the night, when everyone was asleep, she got up as if she were a different person, babbling and singing opera songs in a sad and mournful voice, unlike Chen Yuan's. Chen Yuan also started to become haggard.

Chen Yuan's behaviour scared everyone, and Xu Lin was scared too, as humans are most fearful of such invisible and unseen things.

In the past few days, Chen Yuan didn't go out at all during the day, but at night, she was like that. There was no way out, and many doctors and so-called experts were called in, but to no avail.

Xu Lin, a spiritualist, thought that this was not a simple matter, and there were some so-called mortals who claimed to be high achievers, saying that it was haunted.

It could scare Xu Lin to death, but he believed it more than anything else, but how could he not find out when that thing dared to come?

Chen Youde had no choice but to ask Xu Lin to ask for Lin Hao's help. Maybe Lin Hao had a solution, as Chen Yuan was Chen Youde's only daughter.

After listening to Xu Lin's words, Lin Hao could basically confirm, pretending to be a god, it must be the bastards in the Underworld who had made the mistake, Lin Hao was also very surprised, how did those bastards manage to hide their doggy, from the detection of Chen Haobei and Xu Lin, it was too bizarre ah.

'Is it really that scary?' Lin Hao still had some doubts.

Chapter 2702

'It's really that scary.' Chen Haobei and Xu Lin said in the same breath.

Xu Lin froze for a moment and looked at Chen Haobei beside him, 'Could it be that Mr. Chen is also

Chen Haobei nodded awkwardly.

Lin Hao smiled bitterly, 'I do want to help, but I have the heart but not the strength, Xu Lin look at what realm I'm in

'Uh

One look at Xu Lin and he was dumbfounded, how did Lin Hao fall to first class early stage Illusionary Spiritist: 'What is this encounter, Mr. Lin actually

Xu Lin couldn't go on, when we first met, Xu Lin could not see through Lin Hao's realm at all, and now he's actually weak like this!

Lin Hao helplessly shook his head, did not want to say more, but since people came to the door, Lin Hao had to let Chen Haobei go first to get himself discharged from the hospital, and go to the Chen family with Xu Lin a trip.

But I guess Chen Haobei wouldn't be able to see anything even if he went there, and Lin Hao was a bit worried at this time, if the illusionist couldn't deal with these things, it would be a big deal.

After completing the discharge procedures, Lin Hao asked Chen Haobei to go to the Chen family with Xu Lin first, as for himself, he could just take a taxi home.

Lin Hao waited for a car at the intersection outside the hospital, after waiting for a short time, a private car stopped in front of Lin Hao, rolled down the window, the man in the

driver's seat was surprised: 'Brother Lin, it's really you, I thought I was mistaken, have you been discharged from the hospital today?'

The person coming was none other than Lin En.

Come on, there was no need to take a taxi this time.

Lin Hao sat directly on the passenger side: 'Just finished the formalities, go, just in time to take me home, too lazy to wait for a car.'

'That's no problem, but in between going back, I'm afraid you'll have to go with me to the Tianlong Group, Brother Lin.' Lin En's face was overflowing with gain? I serve you with a smile. A smile of satisfaction, as if he was taking credit for something.

Lin Hao's eyelids jumped wildly, looking at this guy's appearance, did he say he was really coming down?

Lin Hao raised his eyebrows, 'Have you got some eyebrows?'

'Yes, there are eyebrows, it's exactly the same as the picture Big Brother Lin gave me, the name is the same too, it's Shen Xiyan, she's the deputy general manager of Tianlong Group's Jinling branch.' Lin En looked at Lin Hao with a smile, 'Brother Lin, I've helped you a lot, how are you going to thank me?'

Lin Hao slapped him on the head, 'What nonsense, hurry up and drive!'

Lin En didn't dare to slow down, and with a kick of the accelerator, the car drove fast, still a little upset in his heart, after helping you so much, why did he still hit people?

He drove all the way to this side of the most prosperous commercial square in Jinling, where there were many buildings, it seemed that the big groups that were famous in Jinling would all have a big office building here.

Lin Hao was quite amazed: 'What is the origin of this Tianlong Technology? It actually took up one of the most luxurious buildings in this square as the company building.'

Lin En held his forehead, how come it felt like Lin Hao hadn't seen it for ten years, as if he hadn't been in touch with the situation in this Jinling for ten years, completely out of touch with information ah.

After Lin En's explanation Lin Hao learned that this Tian Long Group was a big cross-border technology enterprise, moreover, it was the biggest partner and biggest supplier of Jun Men Technology, its volume was not below Jun Men Technology.

No wonder, such a large group with such a volume was able to occupy the best office building here even if it was a branch, nothing strange.

Lin En parked his car not far from the entrance of Tian Long Group of Companies, there was a group of people gathered there, not knowing what they were doing. Lin En didn't rush

over, he told Lin Hao that according to the intelligence, Shen Xiyan would have a cup of coffee at the cafe opposite every day at noon, and would come out of the cafe at about two o'clock to go to work.

Looking at the time now, it was about time.

As expected, in less than five minutes, a beautiful figure came out of the cafe.

Shen Xiyan!

The appearance was exactly the same as Shen Xiyan's, but her aura was more powerful than Shen Xiyan's. It was as if a cold air was gathering around her, rejecting people from a thousand miles away, a professional lady's suit, with sunglasses, carrying a cup of coffee, stepping on delicate high heels, a proper domineering female president!

Super Son-in-law Chapter 2703-2704

Chapter 2703

Although the aura was not quite the same, Lin Hao would not be mistaken, it was Shen Xiyan, his own daughter-in-law.

He had indeed guessed correctly, Ling Yun had come down, so how could Shen Xiyan stay in the middle of the New Immortal Court.

Just as Lin Hao excitedly got out of the car and was about to walk over to greet Shen Xiyan, the group of people surrounding the entrance of the Tianlong Group quickly dispersed,

Lin Hao froze for a moment, just now a group of people were blocking it, he didn't see what it was, when these people dispersed, Lin Hao finally got a clear look, it was a heart-shaped pattern made up of nine thousand nine hundred and ninety-nine roses.

In front of this pattern, a young man dressed in a suit, holding a bunch of demonic roses that were as red as blood, suddenly knelt down on one knee towards Shen Xiyan.

Seeing this scene, Lin Hao's eyelids jumped wildly, and his berserk aura was about to spill out uncontrollably several times.

Bastard! Someone dared to steal even my daughter-in-law, are you tired of living?

'Xiyan, I love you, I've loved you from the first moment I saw you, please be my girlfriend, I will love you with my life, take care of you and protect you.' The young man said with deep love, coupled with that slightly handsome face, who could top that?

Lin Hao's eyelids jumped even more furiously, his fists clenched even more rigidly, his nails were about to pinch into his flesh.

Lin En, who was next to him, was stunned to see this scene, and after looking at Lin Hao's situation, Lin En couldn't help but cast a glance of pity at the young man.

'Wow, the president is so handsome!'

‘How nice it would be if I could be wooed by the president like this.’

The women around them were all flowery and incomparably excited, as if it was they who were being confessed to, while a resentful gaze focused on Shen Xiyan, which was called envy and jealousy.

‘Promise him! Promise him!’

There were even quite a few spectators who were watching the hilarity and spoke up in a rowdy manner.

‘Mud!’

I can’t stand it anymore!

Lin Hao lowered his head and casually copied a brick and was about to do it, but Shen Xiyan’s words caused Lin Hao to freeze in place.

Lin Hao’s hand with the brick froze, and he was also dumbfounded.

Because Shen Xiyan faintly glanced at the handsome man and coldly said, 'I'm not interested in men.'

Damn it! Crap!

Laozi's daughter-in-law wasn't interested in men!

Then he, Lin? The actual fact is that you'll be able to get a lot more than just a few of these. What about Hao

The son of a bitch Chen Beixuan, this must be the old bastard's doing!

This is very dog blood ah!

Not only was Lin Hao dumbfounded, the man was just as dumbfounded as the onlookers.

'Impossible, Xiyan you believe me, I will definitely touch you with my fiery heart, you will love men again.' The man was still undeterred, such a superb beauty, not liking men, shit, what a waste that would be!

Probation?

Lin Hao's anger completely exploded, still fiery heart probation, grass, you fucking want to take Italian cannon blast Laozi daughter-in-law is the real, can't stand it!

Lin Hao cursed, raised the brick and rushed forward, head on the man's head on a blow, Lin Hao now even weak can grasp a measure, hammering can not kill people, but definitely enough for him to suffer!

Bang Bang!

Lin Hao kicked the man to the ground and punched and kicked him, his mouth was even cursing: 'You're such a filthy man, you talk so well, but all you think about is that little bit of sex!'

'Fuck you, you can't even touch my woman! I can't beat you to death!'

Bang, bang, bang, bang.

The unlucky guy who was beaten up was none other than Shui Yunlong of the Tianlong Group's Jinling Branch, who was now being beaten up by Lin Hao to the point of wailing, unable to even utter a complete sentence.

I don't know which one of the unlucky ones shouted out in alarm, 'Murder, save the people, the president is about to be killed!'

Whoosh!

Seven or eight figures rushed out and roared at Lin Hao, 'Stop it or we won't be polite!'

These eight people were all wearing security guards' makeup and holding rubber sticks in their hands, and all eight of them were first-class Illusionary Spirit Masters?

Chapter 2704

But first-class illusionist Lin Hao is afraid of nothing, his body strength is here, besides, first-class illusionist can not get up in the air, the body technique is just like that, it is only a little better than special soldiers.

'Get lost! I'm not going to let any of you go!' Lin Hao was in a state of anger, ask which man can bear to see his daughter-in-law being openly confessed to?

'Go! Protect the CEO!' Those few bodyguards didn't say anything, they dashed up and were about to take action.

Lin Hao didn't even bother with nonsense, in the blink of an eye they were standing in a mess, Lin Hao was even more merciless, a bunch of lapdogs!

The few bodyguards who rushed up were all put to the ground by Lin Hao in less than half a minute, each holding their arms and legs, or covering their stomachs and wailing on the ground.

This scene scared everyone present, was this sudden madman so terrifying? He couldn't have just escaped from a mental hospital, could he?

After all, Lin Hao hadn't even changed into his hospital gown before he came running over.

Nor did that nymphomaniac girl mutter, 'Don't say, I don't know about that psychiatric hospital patient, but he's so handsome, it's a pity.'

'Handsome, my ass, call the police, what are you thinking!' Everyone started to quickly pull out their phones to call the police.

Lin Hao didn't bother with that, his face and hospital gown were splattered with blood, but of course, none of these people were dead, they just had broken arms and legs.

Lin Hao copied a large bouquet of roses that Shui Yunlong had dropped on the ground and walked towards Shen Xiyan with a smile.

Shen Xiyan was also startled by this guy, he couldn't really be mentally ill, could he? But how can I look at this man, I feel that this man is somewhat familiar, as if I have seen him before.

Although Shen Xiyan was a bit scared, she was still calm and said coldly, 'Who are you? Why did you hit them?'

'I'm your husband, who else could I be.' Lin Hao grinned, only his face looked a bit hideous and horrible under the rendering of other people's blood.

The onlookers said, 'It's really a mental illness.'

Lin En, who was not far away from the onlookers, also had the corners of his mouth twitching more than once, this thing to make a scene, fancy making a death wish ah simply.

But Lin En seemed to remember that Lin Hao's daughter-in-law was called Shen Xiyan, so it couldn't be the same person, could it? But since she was Lin Hao's daughter-in-law, how could she not know Lin Hao?

'Who the hell are you? Don't talk nonsense, or I'll get angry.' Shen Xiyan's eyebrows tightened, strange, if it was another man who called himself her husband, she probably would have been furious on the spot, how come this man called himself husband, instead of being very offended what was going on?

Lin Hao also felt Shen Xiyan's reaction and was relieved, that's good, although he didn't remember, he should still be somewhat familiar with him and not be disgusted.

Holding a rose in his hand, Lin Hao knelt down on one knee and said reverently and affectionately, ‘Daughter-in-law I was wrong, I know you are angry with me, we are after all a couple, what can’t be resolved, you are destined to be my daughter-in-law, there is no escape in this life ah.’

‘I don’t even know you and I don’t know your name, what are you babbling about.’ Shen Xiyan had a headache, how could she be haunted by a madman.

‘My name is Lin? Zero Chia Shan Zero Di Whisking Yai? Hao.’

Lin Hao!

Shen Xiyan was stunned, a memory kept flashing in her mind of some immortal and somewhat bitchy old man (Chen Bei Xuan) telling herself that her future husband’s name was Lin Hao! He also asked himself to give something to Lin Hao.

Could it be him?

When Lin Hao saw that Shen Xi Yan was dazed, he hurriedly started babbling, ‘I counted on my fingers, we are a couple who have been in love for nine lifetimes, I used my nine lifetimes of blessings to cultivate this life to be with you, and I calculated that someone would steal my daughter-in-law here, so I finally arrived in time.’

The people around him were speechless.

Even Lin En had a black face and hurriedly turned his head away, not daring to tell anyone that he knew this guy, too shameless, too able to talk.

The key is that this excuse is not even believed by children, do you really think Shen Xiyao is a pig?

Super Son-in-law Chapter 2705-2706

Chapter 2705

‘It’s really you? So the person Master Chen Bei Xuan told me about is actually you.’ Shen Xiyao was also dumbfounded and a little tearful, ‘But why is my future husband a psychopath?’

The crowd of onlookers were dumbfounded as Shui Yunlong, who was lying on the ground wailing incessantly, stopped shouting and spat blood instead.

Lin En’s whole face was even twitching: No way? Even a three-year-old child wouldn’t believe this excuse, how could she believe it? Lin Hao’s daughter-in-law was probably not a fool, right?

However, Lin Hao was energised when he heard the three words Chen Bei Xuan, Mud, the old thing had finally done the right thing.

‘Who said I’m a psycho! I’m fine, don’t listen to their nonsense.’ Lin Hao glared round in no good humour, ‘That stinking bitch dares to call me a psychopath?’

Lin En held his forehead, even Shen Xiyao was looking at Lin Hao with a suspicious face, and then look at the sick suit he was wearing, this is even more like a psychopath

At this time the sirens were loud, two police cars quickly sped up and immediately drew their guns and pointed at Lin Hao, after all, a gangster who seriously injured eight or nine people is no joke.

‘Police, that’s him, catch him quickly, he deliberately injured someone, sentence him to eight or ten years!’ A wailing Shui Yunlong pointed at Lin Hao and cursed.

Lin Hao sneered heatedly, ‘Don’t you call me a psychopath? How many years do you get for a psycho hitting you?’

Uh

Shui Yunlong was dumbfounded, this would be very KAM.

To people’s surprise, Shen Xiyao blocked in front of Lin Hao: ‘All of you police brothers, there might be some misunderstanding in this matter, wait for a while first.’

Lin Hao’s heart was full of joy: she was my daughter-in-law, she didn’t love you for nothing.

Seeing the seriousness of the situation, Lin En couldn't just sit back and do nothing: 'Old Zhang, wait a minute.'

'Young Master Lin, why are you here?' The captain in the lead recognized Lin En and couldn't help but frown, 'What's going on here? This matter wouldn't have anything to do with you too, would it?'

Lin En smiled bitterly and went up to explain to them, but this time the captain didn't give him face and shook his head helplessly, 'Young Master Lin, there's really nothing we can do about this, if they agree to a private settlement it's fine, if they don't, then there's a big problem, he's from the Shui family, not to mention we can't afford to mess with them, your Lin family can't even afford to mess with them.'

Lin En's face turned pale, if it was someone from the Shui family, that would be a problem.

'No to a private settlement! Never agree to a private settlement! If you don't deal with him, I'll let your chief deal with you!' Shui Yunlong wailed, never agreeing to a private settlement.

Lin Hao glanced at Shui Yunlong and gave him a fierce glare, 'If you talk nonsense again, I'll whack you again believe it or not?'

'Look at him threatening me, he's threatening me, did you see that!'

Those police officers also swiftly? The police also quickly? They were also really afraid of Lin Hao hammering the injured man in front of them, where would that make their faces stand?

‘The company’s main business is to provide a wide range of products and services to the public. How about this, give me a call, ten minutes, if it can’t be solved, I’ll go with you guys, right?’ Lin Hao looked at this group of policemen speechlessly, did he look like a vicious gangster?

If Lin Hao had asked, they would have said without hesitation: ‘Yes, too much! Especially when you have a face full of blood and your clothes are covered in blood.’

Originally, the other party was reluctant, but at Lin En’s request, he gave Lin Hao ten minutes.

By this time the ambulance also came and the others were carried away, but Shui Yunlong refused to leave, screaming that he would die here even if he couldn’t see Lin Hao being taken away.

Shen Xiyan coldly glanced at Shui Yunlong, who was usually a handsome, courteous and successful man, but now he was like a shrew scolding the street, which was a bit disgusting.

Lin Hao directly hammered the phone to Zhu Qiao, this was Zhu Qiao’s precinct, this was under her control.

‘Me, Jinling Commercial Street, in front of Tianlong Group, you have nine minutes to settle this matter.’ Just one simple sentence and hung up the phone straight away.

Zhuque froze, what the hell was going on?

It was a good thing that Zhuque’s ability to act went without saying, she was from the Dragon Group leader, so she knew what was going on in less than two minutes.

Chapter 2706

Vermilion Bird immediately hammered the phone to the General Administration and opened his mouth with a scolding, ‘Lin Hao, you’ve grown bold! How dare you touch my people? I’ll only give you five minutes, if there are any more of your men giving Lin Hao a hard time within five minutes, roll up and leave immediately.’

Lin Hao of the head office was also very confused, this big brother suddenly came to the phone, did not make him excited, but the result is just picking up the head a scolding, and then hang up the phone, he was dumbfounded, what has made this big brother angry.

He dared to slow down and started to trace the matter like a madman. After all, there was a location and a person involved, so it was quick to check, especially if you checked the officers who had recently been at this location.

The time here has already passed almost four minutes, Lin En looked at Lin Hao, hesitantly said, ‘Brother Lin, want, want you to make another call?’

Although Lin En knew that Lin Hao knew more than a few bigwigs, but could such a clipped phrase just now really solve the problem ?

‘Oh, not to mention making one phone call, a hundred phone calls won’t help! After offending my Shui family, it’s useless for you to invite anyone~!’ Shui Yun Long laughed coldly, and as a result, he pulled his wound, hurting so much that he hissed and hissed and huffed cold air on the side.

Those policemen also thought so, how could they get away with offending the Shui family, and the captain was ready to have his men subdue and handcuff Lin Hao back to the station first.

But, fortunately, he was a little too slow. He had just raised his hand when the chief’s roar from the internal line in his headset startled him: ‘Chen Youde! What are you, a pig? Apologise to Lin Hao immediately, ask for forgiveness and then close the team, this is not something we can interfere with!’ The captain called Chen Youde shuddered in fear, this was the chief’s voice, and looking at the chief’s fury, I was afraid something was really wrong.

But? The chief’s voice was so angry that he was afraid something was really wrong. What does it have to do with him.

Chen Youde looked around awkwardly, then looked at Lin En and asked in a whisper, ‘Young Lin, do you know who is called Lin Hao?’

Lin En was stunned, and when he thought of Chen Youde’s reaction just now, he understood a general idea.

Lin Hao raised his finger and pointed at himself, 'I, I am Lin Hao.'

Chen Youde was dumbfounded, this was a crap shoot, this guy had really taken care of it with one phone call? Even their chief seemed to be scared enough.

Chen Youde hurriedly walked over and bowed slightly, 'Sorry Mr. Lin Hao, this is our fault, this is a misunderstanding, please forgive me.'

'Vermillion Bird efficiency is fine as usual.' Lin Hao waved his hand, 'It's not your fault, you are on official business, you should not get involved in this matter, I will just handle it.'

'Okay, thank you for your understanding, Mr. Lin.' Chen Youde sighed in relief and drank, 'Close the team!'

'You, all of you, stop right there! Bastards, there's no king's law, beating people in broad daylight and just letting them run away, you bastards!' Shui Yunlong was so anxious that he jumped to his feet, but Chen Youde and the others didn't even look at this guy, they just took off.

The speed was unbelievably fast!

Lin Hao waved at Lin En.

Lin En walked over quickly, 'There's still something for me?'

'You go and negotiate with them about compensation, and warn him to stay away from my daughter-in-law, otherwise next time it won't be like this.' Lin Hao gave the guy lying on the ground a fierce glare, yet the guy still didn't look scared at all and was still spouting off.

The people around him saw that the police had no choice but to leave, lest they be targeted by this madman, after all, they did not have the identity and energy of this Shui Yunlong.

On the other hand, Shen Xiyan, who was at the side, was frowning, staring at Lin Hao and examining him up and down, while in her heart she was muttering: Is this really my future husband? Is this my future husband's character?

If Lin Hao knew what was going through Shen Xi Yan's mind at this moment, he would probably have to cry out injustice.

But Shen Xi Yan couldn't tell, and somehow she didn't care much about Lin Hao calling her his daughter-in-law.

Lin En heard Lin Hao say this some speechless, pointed to the lying ground, doctors and nurses can not hold down the situation, people will be willing to compensate? Think too much!

Super Son-in-law Chapter 2707-2708

Besides, with the size of this company, do people care about this amount of compensation from you ?

‘You can just talk about yours, you don’t need to worry about the rest, just give me the quotation when the time comes.’ Lin Hao spoke indifferently, there were some things that could be solved with money, so there was no need to waste so much energy.

The first thing you need to do is to get a good idea of what you want to do.

‘That, Xie Yan do you have time, we go to dinner? Or come home with me to meet our daughter?’ Lin Hao looked at Shen Xiyan with a smile.

‘Ah? Daughter? We, we have a daughter? Is it your daughter or our daughter?’ This scared Shen Xiyan enough, when did she have a daughter?

‘Of course it’s our daughter.’ Lin Hao said with a smile.

‘Liar, get lost!’ Shen Xiyan angrily threw the coffee in her hand at Lin Hao’s face and left in a huff, her pretty face flushed red.

Lin Hao was dumbfounded, ‘No, no, this is all fine, how come you’re calling me a liar?’

Lin En shrugged his shoulders, stating that he didn't either? Lu Pao Wu Di closed the dye to cover the sand? clear.

Who knew that Shen Xi Yan, who hadn't left for long, came running back with a huff, and Lin Hao was beaming with joy, 'You remembered, daughter-in-law?'

'You remember! Take your stuff and get lost, that Master Chen Bei Xuan said for me to give it to you.' Shen Xi Yan couldn't help but burst out foul, and quickly left after flinging a cloth bag to Lin Hao.

Lin Hao stood dumbfounded, dumbfounded, Chen Bei Xuan, this isn't a trick you're playing, is it?

In fact, this can not be blamed on Chen Bei Xuan ah, Chen Bei Xuan also forgot this, try to ask Shen Xiyan without the original memory, even if Chen Bei Xuan intentionally guide, but also forgot this thing, so this Shen Xiyan subconsciously still think they are a yellow girl.

As a result, Lin Hao said that they already had a child, so what is that if not a liar?

This is the first time Lin Hao has reacted, wailing, really want to cry ah, Lai Lai a leg oh, blunder, blunder ah.

But now Shen Xiyang is angry, what he said is useless ah, forget it, Lin Hao is not in a hurry, with his own potential as a godsend, plus three inches of incompetent tongue, then find a way to explain properly on the line, no need to panic at all.

Lin Hao took the cloth bag, also ignored Lin En, let them go to deal with the guy to the hospital to go, see jc can not take Lin Hao, Shui Yunlong no longer crazy also useless, go to the hospital first.

But Shui Yun Long kept cursing and swearing at Lin En, no point in negotiating, and kept calling for help and complaining, which made Lin En speechless.

You say Lin Hao is not good at messing with anyone, but messing with this guy, it is estimated that he will have to dig out all his ancestors to back him up.

He didn't believe that Lin Hao could just stand by and watch the Shui family bring down the Lin family group.

He also threatened that the Lin family had something to do with this matter, so wait until they are sanctioned by Sky Dragon Technology!

Seeing the other party this toad big gasp, Lin En also lazy to care, first go home, as for a hundred billion compensation, that is also almost impossible.

Lin Hao called Chen Haobei and asked him to come and pick him up, asking by the way if things had been resolved on the Chen family side.

Chen Haobei said there was nothing he could do, he hadn't found anything either, and said he would drive to pick him up later.

Lin Hao was bored waiting for the car and flipped open the cloth bag that Shen Xiyao had thrown at him, this thing was given to him by Chen Bei Xuan, so it should be something good.

Although he was still upset with the bastard, he didn't have the chance to run to the Underworld and f*ck him for a bit.

'Holy shit!' Lin Hao opened the cloth bag and was dumbfounded, cursing in a low voice, 'F*ck, I'm regretting it now, I want to go f*ck him right now.'

Chapter 2708

Inside the cloth bag was a blackened plate with no writing on it, as if it were an invitation, similar in some way to an ancient customs document.

The key was that there was a robe inside, just like the ones used in the movies to exorcise demons.

'Has the old thing gone mad? Although I have some potential to be a godly man, but there's no need to really make me a godly man, right?' Lin Hao was crying and laughing, what was this all about?

But after Lin Hao opened that post, his body trembled violently, a? San Lu Yi Shan Zha Zero Xi Wu? A cold, piercing chill swept through his entire body, and Chen Bei Xuan's voice rang out with it.

‘Brat, are you cursing old me as much as you can? It's useless to scold me, that's what you asked for, these troubles you go wipe your own ass, these guys that the Hades sent out next, not strong, but not something that an illusionary spirit master can handle anymore, this thing is a Hades road guide.’

‘Those things that escaped you personally send back, send them to a certain level and the passages will close, when all the passages close, whether your family will be ordinary people or leave with the Immortal Court, I'll do whatever you want!’

Lin Hao was dumbfounded, this was even possible?

‘It's that simple? This old thing isn't setting me up, is it?’ Lin Hao didn't quite believe it, if that was the case, he wouldn't be banging around like a headless fly, would he?

‘Pit you, it's that simple! But whether it's you or your family, they are not allowed to borrow the power of the Immortal Court, i.e. the power of your original dharma. Repair the bonds between you, follow the will of heaven, appease the reincarnated, and if you can persuade them to go back of their own accord, the passage will close even faster, end of story.’

Lin Hao was startled, ‘This old thing spying on me?’

After Lin Hao scolded Chen Bei Xuan several times and found no response, Lin Hao rubbed his nose, it was still Chen Bei Xuan who understood him, knowing that he would definitely scold him and even gave a corresponding reply to the record.

The more he heard, the more he seemed to be fooling himself. This is not the same as the exorcist in that movie, who can send the living away at ease, and can accumulate merit, and then destroy it.

‘Forget it, I don’t happen to know how to get started anyway, for the sake of you sending both Ling Yun and Xiyun back, I’ll be a godly man.’ Lin Hao stretched out and secretly vowed, even if he was to be a godly stick, then he would be a supreme godly stick!

Lin Hao put the cloth bag away, Chen Haobei’s car coincidentally parked next to him, Lin Hao got into the car, ‘Go to the Chen family, first settle the Chen family’s affairs!’

‘Family head, you have a solution?’ Chen Haobei was stunned.

Lin Hao nodded profoundly, ‘According to my finger counting just now, that girl Chen Yuan, she should be haunted by something dirty.’

Pfft!

Chen Haobei directly spewed out a mouthful of water and looked at Lin Hao in shock, 'Are you kidding, Family Head? How can we cultivators not be able to see dirty things! How else could you have been able to see those Judges before?'

'Don't tell me that the things hidden in the Chen family are even more terrifying than the Judges?'

'No, no, both come from the same place, but they are completely different, naturally it's not as powerful as the Judges, but it's not something you mortals can see either, forget it, heaven's information cannot be revealed.' Lin Hao finished his speech and leaned back in the passenger seat with his eyes closed in an old-fashioned manner.

Chen Haobei looked at Lin Hao with dumbfounded eyes, but when he saw that Lin Hao did not react, he had to drive towards the Chen family, but on the way, he looked back at the calm Lin Hao from time to time, muttering in his heart: 'What the hell, has the family head just been cured and discharged from the hospital, and his brain has gone wrong again?'

When he arrived at the Chen family home, Lin Hao put on his robe and hat with great solemnity, not to mention that he really looked like that.

Lin Hao was laughing in his own mind: Mud, he was acting too much like that.

Chen Haobei was speechless, taking Lin Hao out of the car, Xu Lin who heard the commotion, Chen Youde and his wife came out, because of Chen Yuan's matter, Chen Youde was afraid to go to work, so he had to guard the house.

Super Son-in-law Chapter 2709-2710

Chapter 2709

When they saw Lin Hao, they were dumbfounded, they didn't recognize him at first, they wanted to ask who this was, but when they saw that it was Lin Hao, they were even more dumbfounded, what was this drama?

Lin Hao just got out of the car, drank, frowned and looked around at the Chen family's villa, looked grave and said solemnly, 'The four sides gather yin, and the pattern of gathering qi and hiding wind, yin qi converges here, a murderous house, a murderous house.'

Chen Youde wanted to rush to the kitchen to carry a knife, Ma De, not to help you still come to mess up what? 'Master, stop it.' Chen Haobei hurriedly pulled Lin Hao, people's daughters were made to look like this, human and ghostly, both parents are going to collapse.

Chen Youde wasn't even in the mood to take care of things over at the company, the company's stock had also been affected to a certain extent, and the daily loss figures were astronomical.

As a result, Lin Hao came over and still messed up here, if it was anyone else, I guess I would have just told Xu Lin to clean up the rubbish.

'Do you understand or do I understand? You understand you? Fuzzy Shan Yi Lu zero service Lu? Long ago solved the need to come to me?' Lin Hao glanced at Chen Haobei next to him.

Chen Haobei choked and could not say a word, nor could he refute Lin Hao, otherwise Chen Haobei would have disliked him back: you say with such conviction that you can solve it, and later you will have to cry if you cannot solve it.

After all, Chen Haobei is a sixth grade Illusionist, and you, Lin Hao, are now a pathetically weak first grade Illusionist.

Xu Lin glanced at Lin Hao with some confusion and pulled Chen Youde, his eyes signalling Chen Youde to stay calm.

Chen Youde was also used to seeing a lot of things, if it wasn't for his love for his daughter, his concern wouldn't have been so bad, Chen Youde came forward to greet him with a smile, 'Hello Mr. Lin, just now, from what Mr. Lin said, is it because the feng shui of my villa is bad that caused my daughter's accident?'

At the same time, Chen Youde was muttering in his heart: 'There are so many masters here, but none of them dare to say that the feng shui of my villa is not good, it is said that when this villa was built, a famous master was invited to look at it.

'The feng shui pattern is definitely good, otherwise your group wouldn't be able to make so much money. The reason why it has become like this is because of the human factor.' Lin Hao was calmly pinching his fingers and counting, not to mention that he was learning from the old gods.

Only Chen Haobei's mouth twitched at the corners, he wanted to pull Lin Hao and run away, he could not afford to lose this person.

Chen Youde, however, sensed that Lin Hao had a point and immediately lit up: 'So it's because my daughter has been involved in something that she shouldn't have been involved in, and something has happened to her, thus causing problems with the feng shui pattern of my villa, is that what you mean?'

'Boss Chen's words are reasonable.' Lin Hao pulled the corners of his mouth to smile, while in his heart he muttered: this is your own words, it has nothing to do with me.

Chen Youde was thrilled to hear this, it seemed that Xu Lin was right, this gym teacher called Lin Hao was really a mysterious person, anyway, he was much better than those so-called masters who came before.

Chen Youde hurriedly invited Lin Hao into the house, at this time the entire living room was dark, it was still three o'clock in the afternoon, ah, the reason was naturally no lights on, all the windows were basically sealed, dimly lit.

Lin Hao frowned: 'What are you doing? Open all the windows for me, it's already heavy with yin energy, not even a bit of sunlight is letting in in broad daylight, what's the commotion?'

'No, Master Lin, once this window is opened, my daughter cries out that she is uncomfortable and uncomfortable, I can't help it.' Chen Youde didn't dare to act rashly ah, the result was a glare from Lin Hao, Chen Youde had no choice, Xu Lin and Chen Youde quickly lifted the curtain and the window to open.

The warm sunlight came in, the breeze carried the fragrance of wild flowers outside the window, and the muddy air was washed away.

Only in less than ten seconds, Chen Yuan's bedroom came the sound of Chen Yuan's painful screams: 'Quickly close the window, close it ah

Chapter 2710

Chen Youde and Xu Lin both looked at Lin Hao, especially Chen Youde, listening to his daughter's miserable screams inside, his heart screamed out in pain and entanglement.

'There's no rush.' Lin Hao shook his head and told Chen Youde to bring the key over to open the door and forcefully opened Chen Yuan's room from the outside.

Once the door was opened, even normal people felt that something was wrong, the inside of Chen Yuan's room was even darker, it was that kind of dense blackness, a gloomy breeze hit the room, the crowd involuntarily shivered, so cold!

At least there was a temperature difference of at least a dozen degrees between the room and the living room, instantly making people's hair stand on end!

'Get out! Get out of here!'

'I want your lives, I want your lives! Jie Jie~!'

There were angry roars coming from the room, as well as Chen Yuan's ghastly laughter, Lin Hao felt a pang in his heart, this laughter was too unpleasant to hear.

Looking at the other three, they had an accustomed expression, it seemed that they hadn't heard this bizarre sound too often.

Lin Hao tapped the palm-sized black notebook-like thing, often on his temple, and immediately felt a cold wind hit his head, quickly spreading throughout his body, Lin Hao shivered violently, then looked into the dark, nothing could be seen room to go.

'OMG!' It didn't matter if he didn't look, a glance almost didn't scare Lin Hao enough.

He couldn't see Chen Yuan, but he did see a greenish thing inside, a cloaked woman who seemed to be lying on top of something, with her eyes protruding and her face so green that it was frightening to the heart.

'Get out, get out!'

The thing roared again.

This time Lin Hao understood that it was Chen Yuan who was making the noise, but it was actually this green-lighting thing that was speaking.

Lin Hao turned on the torch of his mobile phone and found that the thing was lying on Chen Yuan's back, and Chen Yuan was lying on the table in a very weird position.

The light from the phone caused the woman with the green light to cover her eyes in misery, and Chen Yuan followed suit and did the same.

'Master Lin, can you see anything?' Chen Youde gulped, how come it didn't feel too reliable?

'You guys can't see?' Lin Hao froze.

Looking at the reaction of the three of them Lin Hao understood, this thing wasn't strong at all, it wasn't even a first grade Illusionary Spirit Master, yet it was something that even Chen Haobei, a sixth grade realm Illusionary Spirit Master, couldn't see, much less touch, it really couldn't be handled.

No wonder this old thing, Chen Bei Xuan, had given this task to himself.

Lin Hao mouthed something and then took ? Lovingly picking up Shanzha Lu Shan ? that small book and tapped it towards the two men's foreheads, 'Come, look into the room.'

The two did not understand what Lin Hao was up to, but the two still subconsciously glanced towards Chen Yuan's room.

'Ouch crap!'

As a result, both of them were scared enough to take several steps backwards one after another, dammit, when had they ever seen such a bizarre situation!

It was too scary.

But Chen Youde couldn't see anything and asked them both what was wrong.

However, Chen Haobei didn't have time to care about him, so he had to grab Xu Lin and ask him.

Xu Lin laughed bitterly, 'That, Brother Chen, it's better for you not to know, it seems that I have to ask Master Lin for this matter.'

But some people, right, are just bitchy, scared and wanting to see it, they have to see what it is that they say is so fabulous.

When he really saw it, Chen Youde fell to the ground with a cry and fainted from fear. It was a miserable sight.

The good thing is that Chen Youde is not much of a problem, so he had someone carry him to the side to rest, while Lin Hao was thinking about what he should need.

After all, you have to act like it.

So Lin Hao slowly and leisurely took out his mobile phone and kept asking Dou Niang, but after half a day of reading, Lin Hao rolled his eyes: Mud, Dou Niang is really unreliable, count on begging!

‘That, Xu Lin, get me a table at the door, uh, and a bowl of water, a bowl of raw rice will be enough.’ Lin Hao was too lazy to bother, unbeknownst to him, people professional ‘masters’ carry all these things with them, essential.
