

Super Son-in-law Chapter 2731-2740

Chapter 2731

Lin Hao will open it, the first thing that rang out was Shui Yunlong's voice, should be on the phone with someone, a woman, because Chen Haobei is an illusionary spirit master, it is estimated that the voice is still recorded under the eyes of the other party, but also able to hear some general.

Last night Chen Haobei followed him over to the inside of Shui Yunlong's villa, where Shui Yunlong was in the villa, blackmailing Erlan, shaking the leg that was in a cast, and ended up being too pleased with himself, shaking it so much that it hurt.

'Baby, I've given her the stuff the way you said, and it's really working, so she's actually concerned about me for the first time and told me to get well. It's taking effect a lot faster than you said it would.'

'That fast? Can you describe the specifics in detail?' A soft voice came from the phone, while Chen Haobei was standing next to Shui Yunlong recording the voice, and as a result, the bastard couldn't see him in a daze.

But hearing this, Lin Hao instinctively felt that this woman's voice seemed quite familiar, as if he had heard it somewhere before, he just couldn't recall it for a while.

As a result, when Shui Yunlong finished his long speech about what exactly happened, the other party was silent, apparently the other party had already heard out that the reason why Shen Xiyao said that was simply a perfunctory remark that could not be more ordinary.

The other party was also speechless, you are at least a veteran in the flower world, you take such perfunctory words seriously ?

But the other party also followed the perfunctory words and told Shui Yunlong to keep up the good work, that the thing would slowly influence the woman and then she would slowly fall in love with Shui Yunlong.

Shui Yun Long and the other party got mushy for a while, and obviously had a great relationship, before hanging up the phone. Then, a happy Shui Yun Long, although he couldn't move himself, still called out to the two beauties and told them to move themselves.

Then there was no more then.

Lin Hao had a feeling bleeped dog, fiercely glared at Chen Hao Bei: 'Then what ?'

'What then ?' Chen Haobei bristled, what else then ? There was just the indescribable content left.

'Borrowing one to talk ?' Lin Ruoshi, who had been eating sullenly, suddenly mentioned it weakly. Lin Ruoshi's words had just fallen.

With a swish, Lin Hao and Chen Haobei, both of them, snapped back at the same time, their eyes staring straight at Lin Ruoshi.

Lin Ruo Shi was scared? The two of them were so scared that they hastily shrank their necks: 'Fuck, why are you looking at me like that?'

Lin Hao viciously glared back at Chen Haobei, then looked at his daughter: 'Who taught you to say this?'

Shit, you're still talking through a film, why don't you go to heaven!

'Huh? Does this still need to be taught?' Lin Ruoshi's face was filled with astonishment.

Chen Haobei stretched out his hand as if to say again: look, I didn't teach the children badly, this has nothing to do with me.

Lin Hao's eyelids jumped wildly, and the corners of his mouth twitched, 'What the hell, is his daughter so precocious? The worst thing is, if Shen Xiyan knew that he had brought his daughter up like this, he would have to kill himself.'

'I see you guys are being secretive, discussing some strange things, don't you want to take a step to talk? Why do you have to say it in front of me and make it cover up again.' Lin Ruo Shi looked puzzled, lending a step to talk, there is nothing wrong ah, why the two people's reaction so big.

‘Phew, scared the hell out of me, then you keep eating, I’ll go out and talk to him.’
Lin Hao exhaled a foul breath, luckily, I thought his daughter was so precocious, but it turned out that he had made up too much horror in his own brain.

Lin Hao dragged Chen Haobei out and chatted for a while longer, but had no clue, and there was nothing useful left to tell.

Lin Hao told Chen Haobei to keep staring at nothing, while he went to go shopping with Lin Ruoshi, after all, she had to go to work at school again tomorrow and Lin Ruoshi had to go to class.

On the other hand, Ao Dog is very motivated, after all, there is a chance that he can renew his relationship with his goddess, so how can he not be motivated? Although Ao Dog also feels that Lin Hao is bullshitting, but if there is a chance, he is not willing to give up.

He is also becoming paranoid and is drawing more and more similarities to Chen Haobei. Ao Inu arrived at Ling Yun’s shop according to the address Lin Hao gave him, and the moment he saw Ling Yun, Ao Inu was dumbfounded, followed by a gust of cloudy wind, and Ao Inu couldn’t help but shiver.

Chapter 2732

Ao Dog didn’t dare to be slow, rushed that road guide to take out, Ao Dog was shocked, so many of these things ah?

Ao Dog looked at the creepy guys for the moment and ignored them, walking over just to say hello to Ling Yun, only to see another familiar figure walk in from outside.

‘Wow, if it isn’t my daughter-in-law who’s here, how come you’re free from work to come here to look for me?’ Ling Yun also saw the visitor and immediately pounced over and hugged her, giving her a fierce kiss on her cheek.

‘Go away, you female rascal.’ Shen Xiyan wiped her cheeks with tears and laughter, fortunately the other party was wearing a light-coloured lipstick, otherwise she would have left a visible mark on her face.

Ling Yun heatedly smiled badly, ‘What’s wrong with me being a hooligan? Are you afraid of loving me?’

Shen Xiyan gave her a flirtatious white glance, seemingly used to this behaviour of hers.

Shen Xiyan breezed to the shop and leaned on the sofa, ‘I’m not in a good mood, I don’t want to go to work, it’s annoying.’

‘What’s bothering you? You’re being chased by a domineering CEO that you don’t even know who you are, right? I heard about you, the key is that you’re too bloody, even if you’re being chased by a domineering CEO, you’re still being chased by a psychopath, and what’s even better is that the psychopath even beat up the CEO, haha, I can’t help it, my daughter-in-law is so charming.’ Ling Yun looked at the troubled Shen Xiyan with an indescribably gloating expression on her face.

‘Good for you, thanks to you being my best bestie, I’ve been unlucky like this and you’re still making fun of me, see if I don’t beat you to death.’ Shen Xiyuan puffed up and rushed forward, the two women immediately wrestled into a ball, it so happened that no one was in the shop, the two did not have any scruples.

As for the Ao dog next to her, the two could not see him at all.

Ao dog mouth corners twitch back out, mouth still chanting: do not listen to, do not see, sin sin sin now women are so tough, really terrible.

When the two people have finished messing around, Ao Inu only walked in and listened to the two people chatting.

Through the two people chatting Ao dog also know some things, is a little speechless, said most are that wearing a sick suit neurological, and is that what the group’s president or something, and is the recent situation of the Tianlong Group and so on, listening to Ao dog only doze off, speechless shake his head: ‘Forget it, work.’

‘What’s going on?’ Ao dog suddenly found a very strange thing, those guys who gathered in the shop just now, since Shen Xiyuan came, all ran out, it seems that there is something east? The service Lu Fu Xi closed Shan Di dye? The West was very attractive to them, but equally, there was something very scary to them in it, how they didn’t dare to approach easily.

Ao Dog came to be interested and rushed over to ask them what the hell was going on!

After going through the initial understanding, Ao Dog had probably understood, and again, with these things leading the way, all the way to a certain upscale district in Jinling.

And he had sent away dozens of them in just one morning's work, and it was the perfect kind of sending away.

Even Chen Bei Xuan down below was dumbfounded: 'This isn't right, is it? Can that boy be so obedient? So obedient that he has fulfilled all these people's wishes?'

'Why do you care about that? Are you a bitch? You don't like it when people get it right. If they don't get it right and you scold them, you're really fucked.' Lin Cang Dou looked at Chen Bei Xuan and was in tears, he was too old to be peaceful.

The first time I heard this, I thought it was a good idea to finish it, but if I don't, I'll go back to the furnace and start over.

Outside of the water-chest community, Ao Dog coldly stared at the black shadow in front of him: 'Are you sure this is it? I'm telling you, if you lie, you know very well the consequences~!'

'Master, how dare I, I am telling the truth, there is really something here that scares us, we are scared, but there are also some guys who are not afraid, after going in they have all gained enhanced power and are able to go around hawking people.' The black shadow was bitter: 'Like us, we can't even fulfill our wishes, not to mention hawking people, we can only stay here with our obsessions.'

Super Son-in-law Chapter 2733-2734

‘All right, get lost.’ Ao Dog sent him away with a wave of his hand, and then entered the 08th Water Villa in a dignified manner. Before he got close, Ao Dog felt an aura that made him very uncomfortable.

‘Why is it similar to the smell from those winged bird people?’ Ao dog muttered a sentence, a six-manifold star of light within the scope of this villa lit up, at the same time, a dozen devout to the extreme voice came: welcome the Lord of Light and Shadow to descend, light to protect my soul

‘Mud, come to make things happen again?’ Ao Dog frowned tightly, as soon as he heard it, he felt that something was wrong, and really one of them was restless.

Inside the villa, a six-winged angel’s shadow slowly appeared, if Lin Hao was here, he would be able to recognize who it was.

The angelic god of war of the angelic church’s eighth level early realm, Alice!

But Alice did not come, even the doppelganger did not come, after all, now they do not dare to break the rules easily, but already in the crazy test, just descend the manifestation of the holy phantasm, to attract believers, and constantly feel where the bottom line of the new immortal court.

But Alice just descended and immediately sensed a hint that something was not quite right, and hastily drank: ‘Lin Yan, go out and see what’s going on, how can there be filthy

breath in the vicinity, and how I have entrusted you! Do not let such filth affect the purity of my light and shadow.’

Lin Yan piously kneeled down and confessed, and quickly stood up and went out to check.

Ao Dog knew that he might have been discovered, although he did not know exactly how the other party found out, when he cursed ‘and when and stand’, and did not dare to stay much longer, and quickly left.

I do not know, the Angelic Church as the Western exorcism representatives, although the means is also quite dirty, but at least very sensitive to the Yin and evil atmosphere, just now Ao dog brought those ghost shadows over, he also brought the road guide, natural incomparable obvious, immediately let Alice feel wrong, in fact, not Alice found him.

But Lin Yan came out and did not send anything? Closed the whisker grasping the intention Xi Lu Ai? Now.

‘Strange, could it be that I feel wrong?’ Alice is also a little puzzled, then look down seriously to the men and women below, these are the believers of the Lord of Light and Shadow, the so-called Lord of Light and Shadow, but is just the Angelic Church changed the shell, continue to preach in the scope of China.

Next, Alice began another brainwashing, and all the believers are incomparably devout, now ordinary people have almost no way to know the existence of the illusionist, they are naturally excited that they are the only existence in the world can be the closest to the gods.

The yearning for the gods is never ending and will never stop, making it easy for them to do something crazy and unbelievable.

The Angelic Church has taken advantage of this and has continued to expand its followers and brainwash them, after all, this is their mastery and they are very familiar with it and develop it very quickly.

Lin Yan was the first believer they chose, no other, Lin Yan's external and internal conditions are here, can wander around all kinds of men with ease, but not a single loss, is exactly what they need the most spokesman.

It is also to their liking, the angel, in their self-perception, that is the beautiful but not vulgar, charming but not demonic, beautiful and holy representative.

Otherwise, how come the devil's body, the angel's face such a statement.

'Seize the time to take down the target I have arranged for you, he is the most critical and the breakthrough we need most, once you take him and we are able to descend, then you will also become the first mortal to enter the Holy of Holies and receive the most holy baptism of angels.' Alice looked at Lin Yan indifferently, and the target Alice wanted her to solve was none other than Lin Hao!

The reason for choosing Lin Yan is more because she and Lin Hao, who happens to be serving in the same school, are involved in the position.

It seems that the angelic church is still in the mood to move, since the angels have descended, those unlucky western church is also afraid that it will soon.

Chapter 2734

On the other hand, Chen Tianyue's team, having mobilized trillions of dollars, is conducting a frenzied sniping campaign against the entire Tianlong Technology Group, launching a frantic siege.

Online cooperation sniping and siege, with Junmen Technology, Tianji medicine carried out a physical shop siege, material suppliers, etc., all aspects of the sniping.

Both sides are intensifying, price war, material war, can be said to be playing an incomparable fierce, difficult to separate.

Chen Tianyue led his team and attacked the Tianlong Group's stock market like crazy, but the tug-of-war continued and Chen Tianyue and Mo Tianji sensed that something was wrong.

The situation was not right!

The Shui family's Tianlong Group had been at a disadvantage, and they were still not at a disadvantage despite being pressed so hard!

This was a real hell of a situation.

Chen Tianyue's face was a bit ugly: 'You guys continue to manipulate the market, I have to go back to China, where did the Shui family get so much money from!'

Chen Tianyue was determined to get on a plane alone and go straight to China, in order to take a field trip and see what the Shui family was up to! Chen Tianyue's side was flying to China, while inside Shui Yunlong's ward, an unexpected guest suddenly appeared, surrounded by silver armour, imposing, medieval knight make-up, his body shining with a secret silver glow.

'I... Am I hallucinating?' Shui Yunlong looked dumbfounded at the guy who suddenly appeared in front of him, one was a bit dumbfounded, how could he resemble a western knight so much?

'Your pious faith calls out to me, I shall descend to fulfil your wish and grant you great power, are you willing to give everything for the sake of divine will! The gods will have mercy on you and you will receive everything you desire.' The silver-clad knight's voice was powerful and his words were filled with great compulsion.

'This, this is true?' Shui Yunlong could hardly believe his eyes, he was in this shitty state, what else would he not be willing to do.

He had been in hospital twice in a short period of time, he was already unlucky as hell!

God had shut the door on him and opened a window for him.

But Shui Yun Long didn't know that God didn't just close the door and seal the window for him, not only that, he also changed the lock for him

'I do, I do! Please God have mercy on me and let me recover? I will not be able to do so. , give me the power to take revenge!' Shui Yun Long looked at the person in front of him excitedly, if he was really a god, it should be very simple to let himself recover, right?

God, after all, was an omnipotent being.

With a mysterious smile, Sienz naturally agreed, and with a wave of his hand, a silver light entered Shui Yunlong's body, restoring an ordinary person to normal health took very little power, it was just something that could be done with a lift of the hand.

Shui Yun Long was stunned, he, whose legs had been ruined, could move, and his body, which was in pain, suddenly felt indescribably comfortable, more like his body was full of power, he even felt that he could now kill a cow with one punch.

So excited was Shui Yunlong that he simply pulled out his oxygen, ah no, his pillow, and scurried up from the edge of the hospital bed, much healthier than a healthy person.

Kneeling on the bed, Shui Yunlong banged his knees and bowed to Sienez, truly worshipping him like a god, with one set of words of gratitude after another.

The expression on his face was unmoving, but there was a strong contempt hidden under his eyes, and he raised his hand and another silver light entered his body: 'Go, this is the power the gods have given you, take back what is yours.'

This made Shui Yunlong feel even more like he had met the gods, and he hurriedly ran out of the hospital, not even bothering to change into his hospital gown.

Siennes didn't actually leave at all, and kept secretly watching Shui Yunlong. Looking at Shui Yunlong's smug and forgetful look, Siennes felt even more disgusted: Fark, if it wasn't for testing Lin Hao's depths, why would I deal with such a punk, it's simply dirtying my hands.

Super Son-in-law Chapter 2735-2736

Chapter 2735

What happened next was fortunately all in the direction of Saints, with Shui Yun Long heading directly to Lin? The intention is to flick the West love flick the Shan? The first thing you need to do is to find Shen Xiyan. Maybe that's what you're looking for.

It's also fortunate that he didn't change his mind about going to Shen Xi Yan first, otherwise Xi Enns would have had to slap him to death.

Before he had time to change his clothes, Shui Yunlong ran to the door of the Lin house and shouted at the top of his lungs, 'Lin Hao, get out of here! What kind of grudge do I have

against you that you beat me up twice and hospitalised me! Today, I, Shui Yun Long, want to settle old grudges and new ones with you!

Lin Hao frowned, ignored it, continued to lower his head and daughter double row canyon, but Lin Hao also wondered, was not beaten by Chen Hao Bei, this guy can hit quite hard, how so quickly and can people can this guy bounced?

Lin Hao is not bothered to pay attention to, mainly disdain.

Chen Haobei went to keep an eye on Shui Yunlong, didn't he? How come now that Shui Yunlong has come here, Chen Haobei has not yet returned, and even Ao Dog has not yet been heard from since he went out in the morning now.

In fact, Chen Haobei had been deliberately held back, while Ao Dog was still lining up the matter of the Lord of Light and Shadow, which in turn had allowed Siennes to take advantage of the situation.

'Dad, someone is scolding you outside, aren't you going to take a look?' After Lin Ruoshi crossed the tower for three kills, she easily turned into the wilderness with residual blood, and was very leisurely able to chat with Lin Hao for a couple of minutes, this operation was also slippery as hell.

Lin Hao didn't even raise his head to concentrate on the big dragon pit: 'Whatever, he's a psychopath.'

‘Lin Hao you son of a bitch, get out of here!’

‘You shrinking turtle, gutless son of a bitch! Get out, I know you’re home!’

‘Mud, punk, you don’t deserve to be my enemy!’

Lin Hao ignored him, but Shui Yun Long wouldn’t stop, his mouth was full of curses, besides, if he wanted to leave, there was no way Ciennes would let him go, and he even told Shui Yun Long clearly that Lin Hao was inside, he just didn’t care to fight him.

How much more could this be, not bothering to fight with him?

After seeing that it was still useless, Shui Yunlong ruthlessly put his foot on the door of the Lin family residence.

With a loud boom, the heavy wooden door was sent flying a few metres away by his foot and smashed viciously into the courtyard.

Shui Yunlong was instantly shocked by his terrifying power: ‘Damn, this, this terrifying?’

A god is really a god, give yourself some random power and you can become a superman!

Shui Yun Long, whose confidence was super inflated, straight away hated to take six steps towards the courtyard while drinking and cursing!

He was so impatient to steal a woman from himself and mess with his family's business!

He Shui Yun Long already began to drift fantasy, will Lin Hao all the money to eat down, a great feat, his status in the family rose straight up, more hold the beauty, the key is still snatched from Lin Hao's hands, think about it is about to mouth grin to the back of the head, other people's is fragrant ah.

'Fake

Saints look at the water Yunlong look, speechless forehead: 'I am brought a what a strange ah, water family in the mundane world is also considered a good family, how out of this silly lack?'

In fact, there is nothing strange, even if he is the son of the family, no matter how cultured and insightful he is, he is after all an ordinary person, suddenly seeing a deity and gaining superpowers, it would be abnormal if he behaved normally.

As Shui Yun Long was being pleased with himself, a shadow suddenly flashed out, and the shadow flew up at Shui Yun Long's face with a kick.

Bang!

A kick to Shui Yun Long's face, Shui Yun Long immediately let out a miserable scream, and was thrown away by a terrifying force, his face was deformed by the kick.

Blood, teeth and saliva gushed out from Shui Yun Long's mouth, and he was like the wooden door he had just kicked, being kicked a few metres away by the remnant of a human being, landing heavily on the grass, thus making a muffled sound.

Chapter 2736

Shui Yunlong's head lolled and he passed out unopposed.

After all, he was only a Phantasmal Manifestation Saint, not even a doppelganger, and could only maintain a realm of about a second-class Illusionary Spirit Master at most.

Just now, Lin Hao had struck out brazenly, and Cairns already felt that something was wrong.

Now that it was in full evidence, they could attack as a group, and the order established by the New Immortal Court had become a straightforward schoolboy, and they could descend to earth again!

The Western European Order and the Angelic Order had never given up from the beginning, they still had to enslave and drive mortals to do their work for them.

‘Still trying to run!’ Lin Hao’s face was gloomy, but in an instant, he had already reached Siennis and stopped him.

‘That, that Lin Hao, this matter is not what you think, this has nothing to do with me!’ Siennes hastily waved his hand to deny this matter, ‘I, I was actually just passing by, passing by, er, no, I was ordered by the sect master to come and pay my respects, nothing more, you believe me.’

‘Believe you, did the Immortal Court allow you to manifest your saints on earth?’ Lin Hao glared at Cienus with a deadly glare.

‘Uh’ Siennes shrank back in fear and got a headache.

This guy was a no-nonsense maniac, and if he couldn’t come up with a reasonable reason, he might really get enough of this guy.

Huh ?

No ? Dye Fuzzy Woolsey Dye Squire Er ? Right!

Cynthia quickly reacted and looked at Lin Hao without good grace, ‘Lin Hao, you’re going too far with that, what do you mean the Immortal Court allows it? Then did the Immortal Court allow you to use your Illusionary Spiritist powers on earth! You are disobeying orders, you yourself made the decree, you don’t even obey it yourself, and you are still talking about me!’

‘Is this what I call an Illusionary Spirit Master? Look at what realm I’m at now?’
Lin Hao bristled, it seemed that Chen Bei Xuan’s fears were correct, indeed none of them were peaceful masters.

Cienus took a closer look and found that it really didn’t count, Lin Hao was only at the realm of a first class early stage Illusionary Spirit Master, which was just a little bit stronger than an ordinary person, so what was he afraid of?

‘Oh, a first class Illusionary Spirit Master is also an Illusionary Spirit Master, if you break the rules, don’t say that others follow suit.’ Cienus suddenly didn’t panic, it was just the shadow of a manifestation saint, hanging up wouldn’t affect the main body much, the most crucial thing was that his realm was higher than Lin Hao’s.

‘No tears until you see the coffin!’ Lin Hao no longer bothered to talk nonsense to his opponent, a streak of shadow flashed and his sandbag-sized fist swung at Siennes.

Lin Hao’s attack could be described as swift as the wind and as fast as lightning, but unfortunately, it was pitifully slow in Siennes’s eyes, Siennes raised his eyebrows disdainfully, ‘Heh, but that’s all, slow as a snail

Unfortunately, before the words were finished, Siennes cried out in misery and burst back in horror, ‘Walt! This can’t be!’

Siennes gently tried to block Lin Hao’s swinging fist, but before he could even begin to block, he was suddenly kicked hard in the stomach, a huge force of a thousand pounds

converging on his abdomen, throwing him off more than ten meters away and hitting the rockery so hard that the rockery in the courtyard fell apart in an instant.

Buried in a pile of rubble, Sainz looked miserable, blood spurting out of his mouth in huge gulps.

Sainz was terrified, how did this guy do that? He was indeed a first class early stage Illusionary Spirit Master, and he hadn't even used his aura when he attacked him just now, he had simply used his body's strength, the reason why he saw it was so slow was not really slow, it was an illusion caused by Lin Hao's extreme speed.

'Impossible you devil, let's see how I can kill you!' Lin Hao didn't want to talk to him, he rushed up again and rode Cairns and punched him hard, hitting him fast and hard, kicking him wherever it hurt.

Lin Hao's little brother was about to be kicked to pieces, causing him to scream in pain, screaming terribly, but the key was that Lin Hao got it just right, avoiding the vital spots perfectly every time, but being able to hit the opponent in the most painful way without killing him, not to mention not being able to pass out.

Super Son-in-law Chapter 2737-2738

Chapter 2737

Siennes wanted to die, this guy clearly had the ability to kick him to death, but he just didn't get him, wouldn't it be over if he died? It was just a shadow of his manifestation anyway.

As for hammering himself like this?

The thing is, his qi is locked, even self-destruction can not help, he really want to directly destroy their own this manifestation of the saint shadow forget, this Lin Hao, he is not people.

‘Huh so scary.’ Lin Ruoshi looked at it for a while, shook his head and turned around and went back inside.

‘I’m treading on the horse please, kill me please?’ The pain was so bad that Siennes completely broke down.

Siennes was wailing in pain on the ground, this guy was not a human being, he could have easily killed him, but he didn’t kill him anyhow.

The aura even locked him dead in place, he wouldn’t be able to break free at all, he couldn’t even solve himself if he wanted to, it was too beastly.

Lin Hao glanced coldly at Cienus.

‘Want to die? It’s easy!’

Cienus nodded repeatedly, almost not shouting at Lin Hao ‘you’ve finally figured it out, big brother’.

‘Tell those restless fellows that I’m waiting for you here!’ Lin Hao said, and the sword blade formed by the condensation of sword intent converged on his fingertips, and with a flick of his finger, Siennes’ manifestation of Saint’s shadow instantly crumbled in a miserable scream.

It could be heard that although Siennes’ miserable scream was so miserable that it crumbled, it had a few hints of relief.

At least he was a great man of the early eighth rank, but he had been so hardened by Lin Hao that he was on the verge of collapse.

It was tragic.

A moment after Siennes had been exterminated, a stream of light sped in, and Chen Haobei hurriedly descended from the air, and with a glance, he could see that the place had experienced an incomparably violent fight. He was immediately ashamed and walked up to Lin Hao and said with a bitter smile, ‘I’m sorry, family head, this is a dereliction of duty on my part.’

‘Got tangled up, did you?’ Lin Hao wasn’t stupid, even if Chen Haobei was unreliable, he couldn’t have taken so long to arrive, it happened to be just a moment after Siennes had been destroyed, and he had come out of his trap.

Chen Haobei lowered himself in shame? love to cover the service intention to love the west zero dye? The other party was not as strong as he was, or even as weak, but his methods were incomparably clever, and he was trapped in them and could not get out at all.

This is nothing strange, the other party's descending shadow realm is not as high as his, but the mastery of the arcane method is not much higher than his, so this situation is quite understandable.

'Holy shit, I saw that bunch of pawn and stand-up stuff today, I knew it was going to be uneventful, I didn't expect these guys to move so fast.' It was a coincidence that Ao Dog had also come running back.

Lin Hao raised his eyebrows and looked at Ao Dog, the meaning was very obvious.

Ao Inu didn't hide anything and hurriedly told Lin Hao what he knew, he had been tracking it down, but there were quite a lot of followers of the Lord of Light and Shadow now, and all of them were incredibly devout.

These people almost each had their own characteristics, either rich or wealthy, or people who had unique abilities and were uniquely established within their own field.

'These people really don't know whether to live or die, they've forgotten whose territory this is, haven't they?' Lin Hao's face was as gloomy as water, once upon a time in China, no other sect was allowed to tread the land, now he had left these rules behind so quickly?

Soon, Lin Hao also received a call from Chen Tianyue, who told Lin Hao that there was something odd about the Shui family, and that according to how they just the Shui family,

the Shui family would have crossed over long ago, only to have the other side raise more money than they originally knew!

The Shui family has raised almost 100,000 million yuan, but if they fight like this, the other side will have to spend at least 10,000 million yuan, and Chen Tianyue's funds are not much, and the battle is really confusing, so Chen Tianyue is on his way back.

The only thing we know now is that there is indeed some mysterious overseas venture capitalist secretly supporting the Shui family, the details of which are unclear at the moment.

'Good enough, good enough!' Lin Hao gritted his teeth, he had only been relaxing for a few days, everyone was eager to find something for him, it was really enough!

Chapter 2738

'Since you're back, go and meet with Mo Tianji and the others, fully map out in the country, all the industrial chains of this Shui family group, as well as the relevant details, so that they can be ready to take over, the rest doesn't need your consideration!'

'Team side continue to fight with them, don't worry, you are not alone, behind you stands the whole of China!' Lin Hao hung up the phone and began to quickly contact the others.

When Dragon Master received Lin Hao's call, he also knew the relevant information, so he had no objection to Lin Hao's operation and told Zhuque to fully cooperate with Lin Hao.

The Dragon Sect, which had been hidden from the world, as well as the Dragon Group, received the corresponding orders and began to act swiftly to purge all infiltrated heretics from outside!

The whole of Jinling was surrounded at the first opportunity. Above the dark and deserted night sky, a figure sped through the darkness, naturally invisible to ordinary people, which was a member of the Vermilion Bird Group.

The other side also seemed to have to? The other side seems to have? When the news arrived, they all disappeared in droves. Alice learned of what had happened to Ciennes and was so frightened that she destroyed the Manifestation Shadow without saying a word.

At the same time began to put pressure on the New Immortal Court, Chen Beixuan and so on, China first break the rules, then there is no need for everyone to comply with the rules.

Chen Beixuan and the others were left to their own devices, while the two sects did not catch anyone, but they did catch a large number of their followers.

The Silver Light Crusaders, the Lord of Light and Shadow or whatever, the believers caught a lot of them at once, and many of the senior members of the Water Family were also caught, but the real senior members of the Water Family are all over the Wall Street in Rice, which did not affect the operation of the axis of the Water Family, and may even be forced to release because of insufficient evidence.

After all, with freedom of speech, would one be arrested for practising another religion?

The only way is to find out the evidence of their crimes!

At the General Administration of Jinling, Lin Hao and Zhuque walked in side by side and were personally greeted at the door by Bai Jie, who had been scared enough by the last incident, after all, he had never dreamed that he had offended such a personage.

‘Lin, Lin’ Bai Jie looked at Lin Hao awkwardly, for a moment he didn’t know how to address Lin Hao, directly shouting at the general, but afraid that the other party wanted to be low-key, but not, but afraid that it was disrespectful to him.

‘Director Bai, just call me Lin Hao, you have worked hard on this matter, let’s go in.’ Lin Hao waved his hand, the other party was so terrified, instead it made him a little less used to it.

Bai Jie nodded repeatedly and led the two into the interrogation room, inside the dark interrogation room, Shui Yunlong was handcuffed to a chair with his mouth and eyes askew.

This guy had been lying in the courtyard after being kicked unconscious by Lin Hao, and what happened later angered Lin Hao, who was the first to handcuff Shui Yunlong.

When Shui Yunlong was woken up, he immediately yelled in excitement, ‘Lin Hao, holy shit uh, where is this?’

Only then did Shui Yunlong realize that he was locked up in a dark room and that he was kidnapped ?

But Shui Yun Long immediately found out that something was wrong, this is not kidnapped, he was handcuffed to the bureau to ah, this is not the interrogation room, especially white robbery this general bureau chief he still knows, but the key that Lin Hao what is the situation ? Next to a gallant, wearing an officer's uniform of a big beautiful girl.

'I was beaten by him, if you don't arrest him, why do you have the right to arrest me?' Shui Yunlong pointed at Lin Hao and questioned Bai Zhaoge, while even more temper came up and he coldly snorted, 'I am a member of the Shui family and you don't have any evidence to arrest anyone, I have the right to remain silent and I won't say anything until my lawyer arrives.'

Lin Hao was made to laugh and cry by this guy, now he's smart, why didn't I see you so smart and wise before ?

Why didn't I see you so smart and wise before ? You were just playing the gun for people and didn't know anything, but now you know you should ask for evidence and keep quiet ?

Lin Hao waved his hand at Bai Zhaoge.

Bai He immediately understood and turned off all the cameras in the interrogation room, while turning around and leaving, closing the interrogation room door behind him and dispatching all the people outside the door.

Super Son-in-law Chapter 2739-2740

Once he saw this situation, Shui Yunlong also started to panic, he wouldn't let himself meet the legendary severe torture to extract a confession, would he?

'Lin Hao, I don't care who you are, you can't defeat my Shui family! You have no idea what kind of energy our Shui family possesses!' Shui Yunlong was really panicking, he was all scared by Lin Hao, he had fought several times, but he had never once gotten an advantage over Lin Hao.

He had no choice but to bring out the Shui family.

'Joke, your Shui family is just a large multinational corporation comparable to Tianji Medicine, money is indeed omnipotent in this era, but not so omnipotent that it is above the law.' Lin Hao sat down with interest, his two legs dangling on the tabletop.

'Oh, the power behind my Shui family is really above the law! You'll never understand that each of them can reverse their lives

Before he finished his words, Shui Yunlong's voice came to an abrupt halt and his expression suddenly froze.

Shui Yunlong's face was full of disdain and also fear, all emotions were written on his face. But he didn't move, as if time had frozen.

Lin Hao and Zhuque noticed that something was wrong, Zhuque quickly went to Shui Yunlong's side and gently touched him, only to have him suddenly fall limp on the chair as if he had no bones, followed by his whole body like ice and snow meeting lava, quickly melting into ? The next thing he knew, he was like ice and snow meeting lava, quickly melting into ? A puddle of water that quickly evaporated without a trace.

‘What the hell!’

This scene stunned Lin Hao and Vermilion Bird, they did not feel any breath, let alone the slightest fluctuation of aura, what kind of tactic was it that could silently exterminate their mouths and incidentally destroy their bodies ?

The group of people that Shui Yunlong was talking about, who were they again ?

And then there was the other party's unfinished sentence, which could reverse life what ?

‘Mr. Lin Hao, General Zhuque, it's not good, something's wrong!’ Outside the door sounded the urgent shout of Bai Jie, then the door of the interrogation room was opened, Bai Jie said wiping cold sweat, ‘Those people related to the Shui family, and the people of the Shui family are gone, just, just suddenly gone, I, I don't know what to say, it was fine, but suddenly they are gone.’

‘Understood, this matter is not something you can handle anymore, leave it to the special department of the military, you seal the files and have everyone sign a confidentiality agreement.’ Vermilion waved his hand, needless to say, the situation was the same for everyone else.

Just what kind of tactic was it that could so silently make everyone instantly dead and destroyed.

White robbery was relieved that he didn't have to take the blame as long as he didn't have to, after all, it was too bizarre for so many people to suddenly evaporate without warning, and crucially there wasn't any evidence to prove how they had evaporated.

All traces were left behind, they could not prove their innocence at all, and the consequences would be unthinkable if they were really pursued from above.

'Tell everyone to hold off on their plans for now, you deal with it, then come to my house, I need to go home.' Lin Hao also had a vague feeling of unease in his heart and soul, it was the fear and threat of the unknown that humans feared the most, because it was the unknown that was the most terrifying.

When unknown forces appeared, the first thing he thought of was to go back and confirm his daughter's safety! Lin Hao left the bureau in a flash, and Vermilion Bird also began to investigate the matter thoroughly, not to check, but to check a shock, many of the people involved suddenly died, just evaporated, and many were in front of everyone, just disappeared so abruptly.

It was a bizarre situation that no one had ever encountered before, and they were all terrified, not knowing what had happened. This was beyond what ordinary people could understand.

The Dragon Sect was temporarily hidden from the world, so there was no choice but to regroup a 100-member team from the Dragon Group and go to Jinling to start a thorough investigation into this matter.

On the other hand, Lin Hao also returned home, just after he returned home, Lin Ruoshi cried and jumped into Lin Hao's arms: 'Daddy, you're finally back, you scared me to death.'

Chapter 2740

Soon, Chen Haobei also ran out.

Lin Hao comforted Lin Ruoshi while fiercely glaring at Chen Haobei, as if he was questioning this guy, what was going on?

Chen Haobei was also very innocent, he had only just returned from his mission, he was supposed to track down the woman behind Shui Yunlong, but as he was checking, he suddenly lost track of her, and anyway, many situations arose and he was repeatedly frustrated.

He hadn't even seen Lin Yan's face, even after Ao Dog had given him the address.

'It's alright little shi, don't be afraid, daddy is here, quickly tell daddy, what is going on?' Lin Hao softly and gently patted Lin Ruoshi's back, his eyelids constantly fluttering, a feeling of extreme unease vaguely surging through his heart.

Lin Ruoshi wiped her tears and told Lin Hao in a condescending manner what a frightening situation she had just experienced on her way back.

It seems that the whole way has not stopped, that is to go to the residential area outside that overtime to buy a snack of merit? The first thing you need to do is to go to the supermarket. The first thing you can do is to go out of the supermarket door and a huge piece of glass falls from the sky, narrowly missing Lin Ruo Shi, so close to hitting Lin Ruo Shi.

The shards of glass came splashing down, passing her by one by one, not hurting her, but scaring Lin Ruoshi enough.

Before she knew it, a group of men with knives rushed out to start a firefight, and Lin Ruo Shi happened to be surrounded by both sides.

The two gangs, who were in a firefight, didn't even target her, but scared her silly, screaming and running wildly out of the room, only to have a speeding cart come crashing down on her, flipping over and rolling rapidly over the head of Lin Ruoshi, who was screaming and crouching on the ground.

Lin Ruo Shi was dumbfounded that such a probability could happen to her. She didn't care so much and ran like mad towards home, the succession of bizarre happenings really scared the little girl.

When she got home, she was chased by a mad dog that came out of nowhere, and when she got home, she fell over the threshold.

Lin Ruo Shi was so scared that she hid in the doorway and cried. When she heard the commotion of Lin Hao's return, she immediately ran out.

Chen Haobei came back right after her.

Lin Hao was so distraught that he gushed out the pitiful aura in his body to quickly treat the wounds from Lin Ruoshi's knees and hands that had been knocked out.

'It's alright, it's alright, it's all a coincidence, it's just bad luck, don't be afraid little shi, daddy is here.' Lin Hao gently reassured Lin Ruoshi, whose sobs slowly weakened, and relaxed in Lin Hao's arms, surprisingly passed out in a short while.

The main reason was that she had been frightened one after another, and her constant tension had indeed frightened the little girl, so now she suddenly relaxed and fell asleep, physically and mentally exhausted.

Lin Hao saw that Lin Ruoshi's breathing had calmed down, and after carefully checking Lin Ruoshi's physical condition and finding that there was nothing wrong with her, Lin Hao was relieved.

He carefully carried Lin Ruo Shi back to her room and after a cold glance at Chen Haobei, he tiptoed out of Lin Ruo Shi's room.

Chen Haobei was full of remorse, that was the daughter of a goddess, if anything really happened to Lin Ruoshi, he could not atone for his sin even if he died.

‘Tell me, what the hell is going on!’ Lin Hao’s anger was already rising, his body was flooded with cold killing intent, he was not a fool, these series of such low probability coincidences turned out to be all for Lin Ruoshi to meet in such a short period of time, if it was said to be a coincidence, it was pure bullshit!

In the bureau, just after the accident of Shui Yun Long, Lin Hao immediately felt that something was wrong and instinctively rushed home, but as a result, he did not expect such a thing to happen in such a short period of time, coincidence was impossible, there must be some external force that he did not know was interfering!
