

## Super Son-in-law Chapter 2771-2780 -

### Chapter 2771

“King Sledgehammer! If there’s a way in heaven, you don’t leave, but there’s no way in hell for you to barge in! Letting you escape last time was a disgrace to my Heavenly Dao Palace, if you are truly looking for death, I don’t mind making it happen!” A voice like thunder boomed from the sky, and there was a constant roar all around.

The moment the voice fell, the thunder roared in anger above the sky, and the flashing silver arcs of lightning seemed to go into a frenzy in an instant, the frightening cold light intertwined and blossomed into a blinding silver light!

“Rubbish.” Wang Sledgehammer summoned the large and small ram’s horn hammer and held it against his shoulder, disdainfully raising an eyebrow, as if he did not put the other party in his eyes at all.

“Go, don’t be silly, you can’t do them, take those two things away and go back and you know what to do yourself.” Wang Sledgehammer was disdainful and unbearable on the surface, but secretly he suddenly transmitted a voice to Lin Hao, telling him to hurry up and get lost, staying here would only add to the mess or even get beaten up, there was no need to stay and suffer this at all.

Lin Hao froze for a moment, and then felt a bit tearful, seeing how arrogant you were just now, I thought you were a bully, but it turned out to be a pretence.

Since Wang Sledgehammer was pretending, Lin Hao couldn’t possibly continue to dwell on it. He directly threw the man on the ground into the car, together with the unconscious Lin Yan, and threw him up there as if he was throwing away rubbish.

“Oh, Wang Da Hammer, you think he can run away? Ridiculous, just run away, today I will kill you first, Wang Sledgehammer, and then take care of that kid later.” An illusory figure slowly appeared between the thunderbolts, standing with his hands behind his back, surrounded by thousands of thunderbolts, how imposing he was.

The corners of Wang's mouth twitched, not giving a damn about the other side, but in his heart, he was praying, "Brat, brat, you have to fight? The first thing you need to do is to get a good idea of what you're doing. The air ah, but must see the good things I left for you ah.

"Not saying anything? Then take that as a tacit agreement, King Sledgehammer! I have come to learn the art of hammering that has been passed down from your lineage, today I come to learn it, come, hammer the old man!" The illusory black shadow in the void laughed recklessly, mocking the other party mercilessly!

"Hey, this violent temper of mine! Who am I, Sledgehammer Wang? I'm nicknamed the Hammer God! How do you understand the meaning of "Hammer God"? It means that if you ask for a hammer, you get a hammer! I will hammer you until you doubt your life!" Wang Sledgehammer was instantly blown away by his opponent, and he struck out with a hammer of eighty!

The ram's horn hammer was violently thrown out by Wang Sledgehammer, soaring hundreds of times into the wind, a terrifying black sledgehammer, fiercely hammering at the shadow in the sky.

Click, click, click!

Dozens of thunderbolts of silver light converged in one place, wildly blasting at the ram's horn hammer that had soared a hundred times, a terrifying roar that resounded throughout the entire Jinling, many people were awakened by this terrifying roar, but had no idea what was happening.

The entire range of the great mountain had been arranged in a huge array, even the illusionary spiritists could not see the fight here, most of them thought it was an explosion somewhere, I guess.

Lin Hao was in the rear-view mirror, but he saw the scene clearly, Lin Hao was stunned, how could they still fight like that?

The fight between the two sides didn't even let Lin Hao feel the slightest fluctuation of aura, these two people didn't even use the slightest aura, and the

power of the comparable fight was even comparable to the terrifying power of a seventh grade illusionary spirit master!

A strike that shocked the heavens and the earth, a landslide!

The terrifying lightning light fell, the sledgehammer was flung back, and the European-style villa on the hill was instantly turned into flying ash.

Lin Hao was a little anxious, thinking that Wang Sledgehammer had just been defeated, but who knew that an even more blinding silver light than the thunder in the sky would appear at first glance.

“Hahahaha, old thing, do you think you’ve won? Wanna fart and eat! Look at my Yi Tian Sword!” Wang Sledgehammer emerged with the blinding silver light, and thousands of thunderbolts became the accompaniment!

At this moment, he was the master of thunder!

Lin Hao’s eyes were wide as he stopped his car and looked at this scene on the mountain with dead eyes, Lin Hao really couldn’t believe that someone without the slightest bit of aura could control such magnificent power!

Wang Sledgehammer had just sparred with his opponent, not to attack, but to use his sledgehammer to gather thunder, thus completely using it for himself!

## Chapter 2772

With his hand, he plucked a hundred meters of thunder and turned it into a heavenly longsword, a blinding silver light flashing in his hand, standing proudly in the air and competing with the gods, this was too handsome!

Lin Hao could never have imagined that it was possible to fight like this!

The silver light cut through the void, the whole sky was covered by silver lightning, the wind, rain, thunder and lightning all converged at once, the sky and

earth changed at every turn, in an instant the sky could be broken, the mountains could be overturned!

“If you had run faster, I would have left long ago.” Wang Sledgehammer’s angry curses rang out abruptly, violently pulling Lin Hao back to reality.

Embarrassed, Lin Hao hurriedly got into his car and skipped away.

Instead of going straight home, Lin Hao drove straight to the Jinling Special Warfare Zone, once the training base for the Dragon Group’s reserve, the special warfare military zone that was currently guarded by Zhu Zhu.

Lin Hao’s license plate number seemed to have been recorded long ago, and the journey was unhindered, no one dared to stop him at all.

“I got it!”

Vermilion Bird heard the briefing and personally went downstairs to greet Lin Hao, only to have just opened the car door for Lin Hao, when Lin Hao gave a violent and strange shout and slapped his hands hard on the steering wheel.

This startled Zhu Qi, what’s wrong with him? What do you know in the middle of the night, you know?

Only at this moment did he understand why those two people, who obviously did not have any aura on either side, could explode into a heavenly and earth-shaking power at every turn, with the wind, rain, thunder and lightning all obeying the orders!

“This is what a bull is like, he has truly interpreted with his actions what it means to be compared to a god in a mortal body!”

Lin Hao finally figured out that the two people who had just waged an earth-shattering battle in the sky with the might of thunder were clearly two ordinary people, with no aura fluctuations and not the slightest cultivation.

But their amazing battle was so astounding that it was like a god!

They interpreted what it means to be a god with a mortal body!

They were all borrowing the power of heaven and earth, the laws of all things, the laws of nature were all available to them!

This was the reason for the amazing battle they had just fought.

“General, what’s wrong with you?” Vermilion Bird frowned and looked at Lin Hao in the driving position.

General?

Lin Hao froze for a moment, didn’t Vermilion Bird always call himself the chief, or call Lin Hao brother in private?

But Lin Hao didn’t think much of it, this was a military area, it didn’t seem like she was calling herself a general? The actual fact is that you can find a lot of people who are not able to get the best out of their own home. Wrong, rather it was Zhuque who had an imperceptible flash of panic in her eyes when Lin Hao was fuming just now.

“Nothing, just got lost in thought just now, didn’t you guys build the strongest special prison here? I need to use it for a bit.” Lin Hao opened the back door and dragged the two unconscious guys out of the car.

Vermilion Bird hurried over to help, “General let me help you, just leave this to me, I’ll just interrogate them and make sure that everything is perfectly resolved for you.”

Lin Hao thought about it and didn’t refuse, after all, it was better to leave such matters to the professionals.

“Fine, but I’ll interrogate this female myself.” Lin Hao pointed at the unconscious Lin Yan, this woman was not simple, although she might not have access to the core information, but through her, it might be possible to uncover a big net.

“General, this won’t work, will it? If Madam finds out about this, she’ll have to be at odds with you.” Vermilion Bird, on the other hand, shook her head and refused, “Leave it all to me, I can handle it and will definitely give you a satisfactory answer, General.”

It was strange, it was understandable to call out General Lin Hao, but how could he call out Madam Shen Xi Yan? There was nothing wrong with shouting that, but Zhu Que had never called Shen Xi Yan that way, he always called her sister-in-law or sister Xi Yan.

Lin Hao instinctively felt that something was not quite right with Zhu Que today, and subconsciously refused Zhu Que’s request, “No need, I’ll explain myself about Xiyan, I must interrogate this woman myself.”

## Super Son-in-law Chapter 2773–2774 –

### Chapter 2773

Vermilion Bird looked a little flustered, but still insisted on arraigning these two herself, as she was a professional.

Lin Hao frowned and looked coldly at Vermilion Bird, “Vermilion Bird, listen to the order!”

Vermilion Bird’s body stiffened, and then stood straight: “Yes, yes General.”

Looking at the Vermilion Bird who moved stiffly, especially the military posture that didn’t stand quite straight, coupled with the fact that the reaction was all half a beat slower, this was not at all a problem that should appear on the Vermilion Bird.

Lin Hao’s face became even more grave, this looked like the right Vermilion Bird, her appearance didn’t feel wrong in any way, but the way she spoke and moved was completely different from the Vermilion Bird.

It was as if this was just someone who looked like a Vermilion Bird.

Lin Hao quickly snatched the unconscious guy out of Vermilion Bird's hands, while keeping a death grip on Lin Yan and staring coldly at Vermilion Bird: "Who the hell are you? You're not the Vermilion Bird at all!"

Vermilion Bird still had a tough mouth, but the panicked expression on his face could not be concealed. Lin Hao was even more sure of the thought in his mind, this Vermilion Bird was a fake!

At the same time thinking of Wang? The West Whisker Ai Di Wu Shan Dyeing Closed? The sledgehammer's blindfold technique, just a yellow talisman let him change into a living person, then other than Wang sledgehammer, no one else knows this trick?

No matter how the vermilion bird explained, Lin Hao no longer believed it and stared at her intently and warily, ready to make a move on this fake vermilion bird!

"Hahahaha, I'm laughing my ass off, such a clumsy blindfold trick to try and fool this kid, Tianfeng ah Tianfeng, you old thing, you've played badly." Wang Sledgehammer in the upper air saw the situation below clearly.

Lin Hao had indeed fallen into the illusion formation set up in advance by the Heavenly Dao Palace, and at this moment he was still halfway up the mountain, the illusion caused by the illusion formation made Lin Hao think that he had arrived at the Jinling Special Warfare Military Area.

"Wang Sledgehammer, don't bullshit here! So what if we find out, this illusion formation is enough to trap him! Or do you really think you can protect him? If we get angry, we'll dare to kill him!" The old man in black, surrounded by thunder and shrouded in mist, snorted coldly, his voice like thunder roaring in anger.

This illusion formation had been detected so quickly, and Tianfeng was a little stunned, but it was understandable, although Vermilion Bird had not had much contact with Lin Hao, they were familiar with each other after all, and it was understandable that they had detected the problem through some details.

“Kill him? Do you dare?” Wang Sledgehammer laughed coldly, Lin Hao was the Chosen One, a spokesman approved by the Heavenly Dao, an existence that corrected the Heavenly Dao by taking charge of punishment on behalf of the Heaven.

To the Heavenly Dao, these were just a bunch of moths hiding in the foundation of the Heavenly Dao!

“The way of Heaven is to make up for the shortcomings with the excesses. It is unreasonable and wrong for the Heavenly Dao to pour too much attention on him! I, the Heavenly Dao Palace, naturally have a responsibility and an obligation to correct this mistake! Kill him and divide the excessive attention the Heavenly Dao has poured on him among those who deserve it!” Heavenly Wind spoke in a righteous manner.

At this moment, those who didn't know would think that he was the spokesman of the Heavenly Dao, and in fact the Heavenly Dao Palace was the very one who boasted of taking charge of the punishment on behalf of the Heavenly Dao, and of being the spokesman of the Heavenly Dao!

“Bullshit, why don't you guys just kill one for me, net talk to me about these useless things, a bunch of ants who are living off the loopholes of the Heavenly Dao, you keep hanging around here, see if the Heavenly Sword strikes you later and it's over, bye.” Wang Sledgehammer sneered disdainfully, holding a hundred-meter thunder longsword and stabbed at Tianfeng, while his body kept moving and dodging, using himself as the centre, constantly using the shrinking technique and slipping away in the blink of an eye.

Heavenly Wind dared not slow down, using himself as the centre and mobilising the power of heaven and earth around him, resisting Wang's attack with the might of heaven and earth, but when the thunder longsword dissipated, he could no longer find Wang's figure.

“Mud! Wait for me, you scum of the Wang Clan, one day, I will make you exterminate your clan!” Heavenly Wind was so angry that his teeth itched, but there was nothing he could do, so he had to leave the rest of the matter to the people below him, while he quickly fled away.

At their level, they could manipulate the fate of countless people at every turn, but because they were too counterintuitive, and because it was too obvious that they were using the power of the Heavenly Dao, they would always be sensed by the Heavenly Dao, and when the Heavenly Sword fell, they could not bear it at all, so they had to withdraw from this place.

## Chapter 2774

This is also the reason why most of the Heavenly Dao Palace can only hide behind the scenes to make things happen. They are also afraid of the wrath of Heaven, relying on the loopholes in the Heavenly Dao, fiddling with fortunes, not to mention stealing time, under normal circumstances, they should have turned into a clutch of yellow earth long ago.

Those old men in the Heavenly Dao Palace were obviously ordinary people, but they relied on the loopholes in the Heavenly Dao to survive for countless years, living in hiding.

Unlike the Wang family, who were all ordinary people and did not steal these times, the Wang family went against the Heavenly Dao Palace by passing them down from generation to generation, a single lineage.

The Heavenly Dao Palace prides itself on being the spokesman of the Heavenly Dao, holding the reins of punishment on behalf of the Heaven, while the ancestral motto of the Wang family is that fighting the Heavenly Dao is a joy, either the Heavenly Dao Palace is destroyed, or else the Wang family lineage is passed on from generation to generation! Eternity!

It is precisely because there is no sneaky exploitation of the loopholes in the Heavenly Dao like the Heavenly Dao Palace, that the Wang Family walks the earth in an upright manner, correcting the wrongs of the Heavenly Dao, and naturally, they will not be punished by the Heaven's wrath, which is why Wang Sledgehammer dares to prance around so arrogantly.

On the contrary, the Heavenly Dao Palace is a bit tied up.

After Wang Sledgehammer left, he directly left Jinling, there was no need for him to take care of things here anymore, the rest was left to Lin Hao.

At this moment, Lin Hao was still trapped in the illusion formation halfway up the mountain, several Heavenly Dao Palace disciples were maintaining the illusion formation, and a few more Heavenly Dao Palace disciples had already entered the formation.

At this moment, Lin Hao was still confronting the fake Vermilion Bird. Lin Hao was just a sword Qi, and honestly, he did not dare to make a rash move now.

He could be 100% sure that this Vermilion Bird was not one of his own, but he didn't dare to tear his face off directly, he didn't know if there were others besides this fake Vermilion Bird?

“General, what's wrong with you? Do you suspect even me? Since you want to interrogate her then interrogate him, how about I take that man away for interrogation?” The fake vermilion bird reacted, shit, he was the one who was too eager, this was supposed to be in an illusion formation, interrogating them for whatever information was clear, not to mention that the woman knew nothing about the Heavenly Dao Palace, even the Shui family didn't know anything about them.

At most, they would just be betraying the other two allies, it was irrelevant.

Lin Hao was likewise a little hesitant, he naturally knew that this fake vermilion bird was in cahoots with the unconscious man in black, he was hesitating, would he or wouldn't he? Close Shan Zhaoxi Ai Xi Lu Zero? This person was handed over to the other party.

Just then, Lin Hao suddenly felt something in this man's arms, Lin Hao froze, it was a ram's horn hammer? And an extra small sized hammer!

Lin Hao cried and laughed, this stingy guy, he thought this was the backhand the other party had left for himself, Lin Hao quietly put that small hammer away into his consciousness space, and did not attract the other party's attention.

However, Lin Hao still had some hesitation, did he really want to hand this guy over to the other party? To be honest he was genuinely not too willing to do so, after all, it wasn't easy to capture a living Heavenly Dao Palace disciple after all the effort.

“Let me go! Or else I'll kill him.” Lin Hao gritted his teeth, he wasn't sure about taking everyone out, but he was completely sure about killing the two people who were in his control.

Lin Hao wasn't quite sure if the other party was making such a big show, now to save people or to deal with himself, so let's hope that this man in black he was holding was somewhat useful.

He couldn't see the battle on Wang Sledgehammer's side now, and didn't know if the other side could quickly resolve the battle to support himself.

The Vermilion Bird on the other side obviously changed his complexion, since the other side had completely pierced this layer of window paper, there was naturally no need for the disguise to continue, their disguise had lost its effect.

But the fake Vermilion Bird was also hesitating, Lin Hao had discovered the problem and had taken control of the two hostages, plus the Dragon Team's officers had been keeping an eye on Lin Hao and had reported to the real Vermilion Bird when they realised that Lin Hao had not come down for so long.

The Dragon Team had already launched a carpet search around the area, and had Chen Haobei not been given a deadly order to protect both Shen Xiyan and her mother, I guess Chen Haobei would have come in person.

The Vermilion Bird was not as high as Chen Haobei's realm, but at least he was an Illusionary Spirit Master, and all the members of the Dragon Group were also Illusionary Spirit Masters. These were just ordinary disciples of the Heavenly Dao Palace, and they might not be a match for the Dragon Group, and they did not want to blatantly go up against the Dragon Group.

**Super Son-in-law Chapter 2775-2776 -**

## Chapter 2775

“Let’s each take a step back, you put our people down, you can take that woman with you, we will remove the formation and let you leave.” The fake Vermilion Bird spoke coldly, they also wanted to take one last shot, having gone to such great lengths to trap Lin Hao this time.

They had to find a way to bring Lin Hao back to the Heavenly Dao Palace, with the Heavenly Dao Palace’s ability, at this time Lin Hao was at his weakest, they could completely take away his Qi.

When they had discovered Lin Hao before, he had already risen rapidly and was not something they could easily hold, plus at that time, Chen Bei Xuan and other bigwigs were still in the human world, so they had no chance at all.

Before Lin Hao had risen, he was covered up by the Heavenly Dao and the Heavenly Dao Palace couldn’t find out.

“Hehe, is that so? Let’s spend time here then.” Lin Hao keenly sensed the other party’s panic and grabbed the man in black by the neck, not giving an inch! The fake Zhuque’s face turned extremely ugly as he coldly snorted, “Lin Hao, don’t go too far! Each of you take a step back, you let the others go and we open the formation, otherwise none of us will have an easy time!”

“Don’t think we’re really afraid of you, apart from our people, even if your strongest one Chen Haobei beside you comes, he won’t be able to forcefully break the formation!”

“Hmmmmm, you guys are right, then let’s all just consume, I’m not going to starve to death in three to five days anyway, let’s consume together.” Lin Hao laughed coldly. Can they afford it?

Lin Hao sensed a problem, the other party was actually more anxious than he was, this formation had to be maintained by someone who was the eye of the formation, these people obviously hadn’t cultivated enough, so there was a way out.

Chen Haobei and Zhuque were not vegetarians, once they realised something was wrong, they would definitely come to him.

Wang Sledgehammer was still fighting over there. He, Lin Hao, could afford to spend time, but the other side might not be able to.

In fact, if Lin Hao had known that Wang Sledgehammer had run away long ago, he probably wouldn't have been so strong now.

Old Eight had never expected that Lin Hao would have such a tough attitude and seemed to have a hold on them, which gave him a bit of a headache.

Old Seven was still in the other party's hands.

That's right, the one who pretended to be a vermilion bird was none other than Old Eight who had rushed here, and it was because of Old Eight's report that Skywind had rushed here.

It was a pity that he was still too late.

"When you get out of the formation, immediately put Old Eight down and drive away, otherwise you know the consequences, and don't you forget that Ling Yun is still in our hands!" Old Eight spoke coldly, he had no choice but to give in, Old Seven couldn't die!

Lin Hao's eyelids fluttered wildly, shit, I forgot about this one, he immediately said, "Forget it, let's change it, I'll stay here, this Old Eight is for you, you let Ling Yun go! Otherwise I'll kill him!"

Lin Hao was still somewhat confident in defending himself, but with Ling Yun in the other party's hands, it always made him feel a bit tied up, this feeling of being pinned down was really unpleasant.

"Then you kill him." Old Eight sneered, Old Seven indeed could not die, but compared to Old Seven, Ling Yun was obviously more important.

“Forget it, remove the formation.” Lin Hao didn’t insist, it seemed that Spirit Rhyme was much more important in the other party’s eyes than this Heavenly Dao Palace disciple.

There was only another way to think about it.

Old Eight didn’t hesitate again this time and directly ordered the illusion formation to be removed.

After the illusion formation was removed, Lin Hao was dumbfounded, Ma De, he thought he was back in downtown Jinling, but it turned out that he was still halfway up that mountain at the villa.

Around them stood seven or eight disciples of the Heavenly Dao Palace, uniformly robed in black, their bodies shrouded in a black mist.

Lin Hao threw that old seven on the ground and ran towards a parked car not far away carrying Lin Yan, the Tiandao Palace disciples swarmed? whisked closed west whisked yi yan shan yi? , quickly checking on Old Seven’s condition.

Just then, Lin Hao snapped back and inspired that sword intent within his body!

Swoosh!

An extreme cold light shot out from Lin Hao’s body, pointing straight at that group of Heavenly Dao Palace disciples.

“Not good, retreat!” Old Eight was the first to react, roaring loudly and angrily as a burst of yellow-orange light erupted from his body, forming an illusory large bell to cover him, while the others also reacted and flung out all sorts of objects.

## Chapter 2776

Some threw out a small banner that soared against the wind, the astral wind whistling, various streams of light flung over, yet none of them were able to block this extreme sword intent.

That cold light was tiny and swift, destroying and breaking through these people's various magic treasures, the seemingly impenetrable treasure light was torn apart like paper mache.

The faces of the disciples of the Heavenly Dao Palace changed in shock, and they all showed their skills and fled for their lives, those who evaded the earth and those who flew into the sky, but unfortunately they were still too slow!

In an instant, blood poured into the air, and they were killed without even having the time to scream, but Old Eight was lucky and escaped with serious wounds.

This was also the first time Lin Hao had fought head-on with the Heavenly Dao Palace, and he had taken advantage of it.

“Collect some interest this time! We'll settle it with you next time!” Lin Hao coldly looked at the corpses separating the Heavenly Dao Palace disciples, with Lin Hao's character of taking revenge on the spot if it wasn't because he really couldn't find any Heavenly Dao Palace disciples, he would have taken action long ago.

“It's up there! Hurry!”

The commotion halfway up the mountain had also caught the attention of the members of the Dragon Group, who quickly rushed in from all directions.

Only at this moment did Lin Hao realise that the European-style villa and the mountain top piece had turned into nothingness, the sky was pitch black and there was no movement long ago, just how long had he been trapped? How long had he been trapped? Had Wang Sledgehammer and the others finished fighting?

But the guy who could control thousands of thunderbolts did not strike at him, and Wang Sledgehammer did not come to save him, so the probability was that the fight might not be over, or Wang Sledgehammer had gotten a bargain and run away.

Soon, the members of the Dragon Group converged.

“General!” The members of the Dragon Group saluted, after seeing the tragic state of the scene, but Lin Hao was unharmed they were relieved instead, if Lin Hao had been wounded and they hadn’t arrived in time, the Vermilion Bird would have skinned them all!

Lin Hao nodded, his body was a little tired, inspiring that sword had completely drained the spiritual energy from his body.

At this moment Lin Yan, who was being carried by Lin Hao, woke up leisurely, Lin Hao didn’t hesitate to dry her out again with a hand slash, the corners of the mouth of the Dragon Group warrior next to him couldn’t help but twitch, General Lin was really ruthless, such a gorgeous beauty, he could even go down on her.

“Deal with the scene, search it by the way, see if you can find any useful information, report to Vermilion Bird for safety, I’ll go back first.” Lin Hao instructed, throwing Lin Yan back into the car and driving away.

This time, he did not encounter any more weird situations and drove safely all the way back to the Lin family.

Vermilion Bird and Lin Hao returned to the Lin family almost backwards and forwards, Vermilion Bird was in the city and rushed straight to the Lin family after receiving orders from his men.

“Brother Lin Hao, you’re not hurt, are you? It was only when I heard the explosion that I immediately gathered most of the Dragon Team towards the suburbs, but I was still a step too late.” Zhuque was full of self-blame, fortunately Lin Hao was not injured despite being under siege.

“It’s alright, I just ran into some trouble, I just didn’t expect the other side to make such a big show in order to deal with me. It’s quite late now, let’s go and rest first, are you staying here for the night or going back?” Lin Hao waved his hand to indicate that it was fine, unknowingly it was already midnight and it was indeed a bit late.

Vermilion Bird shook his head and refused, stating ? Steak closes the service to dye the land to serve ? She had to personally sit down and find out where these people came from as soon as possible.

The actual fact is that you can find a lot of people who have been in the business for a long time.

He saw that Lin Hao was sneaking around at night and carrying a beautiful woman back, so he was dumbfounded. Is this guy so daring as to rob a woman directly to go home ?

It was a good thing that Chen Haobei quickly saw the face of the person he was carrying, otherwise he might have really misunderstood.

“Why did you carry her back ? Did you have an encounter tonight ? I heard the commotion outside the suburbs.” Chen Haobei explained in passing that he had heard it but did not go there, there was no way he could, he had to protect the mother and daughter.

He was also worried that this was a diversion, once he left, people would come back and pull out the mother and daughter, then Chen Haobei would be guilty of a big crime.

## Super Son-in-law Chapter 2777-2778 -

### Chapter 2777

“They’re asleep, right ?” Lin Hao didn’t answer the other man’s question.

“Asleep.”

“Keep an eye around the courtyard, and if you find anyone, control them immediately while I deal with this woman.” Lin Hao didn’t bother with him anymore and carried Lin Yan to the backyard of the Lin family, using the formation of the peach blossom forest in this backyard to isolate the sound just a little bit, and stilled Lin Yan directly on the ground.

Lin Hao's force was not small and the pain caused Lin Yan to grunt and wake up.

Lin Yan was still a bit confused when she woke up, who the hell did that? The back of her neck and neck hurt like hell, and the rest of her body hurt too, as if she had been abused while she was unconscious.

When Lin Yan came to her senses completely, she raised her head and couldn't help but freeze, "Lin Hao, what did you, do to me?"

"Tell me everything you know, or you know the consequences!" Lin Hao's voice was cold, without the slightest bit of emotion, he already had no feelings for Lin Yan, and as a result, this woman was still scheming against him at every turn, cooperating with those forces that were dealing with him, so he had no more good feelings for her.

"What the hell are you talking about? No, I like you, is that wrong too? If you don't like me, just reject me, do you have to do this to me? And abusing me while I was unconscious!" Lin Yan looked at Lin Hao pitifully, with a delicate and pitiful face.

"To this day you're still acting? You are a follower of the Light and Shadow Society, you think I don't know that? I know quite a few of those angels, what about Avril, Ellie? Where-er-i-lu-zero-land-closing? Silk and all that!"

"Also, you were the one Water Impermanence contacted last time. Water Impermanence once failed to pursue Shen Xiyan and wanted to control her with his soul, and you were the one who gave him his soul?" Lin Hao clasped his hands to his chest, his gaze sharp as a knife as he stared at Lin Yan.

Lin Yan's face was pale, so he knew about it, he knew about it a long time ago, is that why he treated her this way?

What kind of person was he?

Since he knew that he was cooperating with those people to make a move against him, he was therefore going to cooperate with his own acting?

“Since you know all that, what’s the point of asking this ?” Lin Yan hung her head forlornly, her messy hair covering half of her face, pitiful, helpless and lost in thought.

At this moment, she was the most real her.

“What I know, and you taking the initiative to confess, those are two different things! You take the initiative and I can save you from jail for the sake of knowing each other, otherwise for what you’ve done, it wouldn’t be too much to shoot you, not to mention jail.”

“You should be clear about what kind of goods those sects you propagate are and what they are doing in private.” Lin Hao even hammered heavily on the other party’s heart.

“Heh, it doesn’t matter, nothing matters anymore, what kind of man have I not touched, what kind of dashing life have I not lived, this life is enough, it’s not a waste of time to come to this human world.” Lin Yan smiled self-deprecatingly and raised her head to look at Lin Hao, staring intently at him.

“Let me tell you everything, it’s not impossible, please tell me, who are you really? How can you know everything, even the gods!” Lin Yan couldn’t figure out that Alice, whom she revered like a god, had never even met the original deity, but Lin Hao even knew him.

And what was so special about him that even the gods had to deal with?

Apart from the fact that Lin Hao’s handsomeness fascinated her, it was also the fact that Lin Hao was as much of a man as a mystery that puzzled her and made her want to unravel this mystery and truly understand Lin Hao.

“Ask Dou Niang, search my name, or big things from ten years ago, news related to me can be searched in one search.” Lin Hao grinned.

Lin Yan froze for a moment, was she that famous ten years ago?

Wait, was there anything that was particularly sensational ten years ago?

Lin Yan didn't hesitate, she picked up her phone and started searching.

After about a minute, Lin Yan raised her head speechlessly, "Are you playing with me? Nothing related to you was searched!" Nothing?

## Chapter 2778

Lin Hao froze and quickly took out his phone and also started searching for information about himself and anything related to ten years ago.

It turned out that it was really deleted to the point where nothing was found, while after asking around, Lin Hao found that it seemed that the only people who were related to him, who knew him, also remembered his existence.

Everyone else, for the most part, had basically forgotten what happened back then, and even some Illusionary Spirit Masters who hadn't reached the fourth level realm barely remembered what happened back then.

That was no wonder, but it was quite good.

"Forget it, since there's no relevant information, then don't bother, you can go."

Lin Hao shrugged his shoulders, in fact, basically everything Lin Yan knew, Lin Hao knew.

The only thing he cared about was still information related to the Heavenly Dao Palace, but with Lin Yan's level, I'm afraid she wouldn't be able to understand this core information, she was just a pawn.

Lin Hao had no intention of letting her go, but after thinking about it, it seemed like he hadn't done anything to himself apart from pitting her to go to the villa party this time, plus the other party shouldn't want his life, and she didn't even know the ultimate purpose of these people.

"You haven't told me who you really are! Don't you want to know everything I know? Just tell me who you are, I'll tell you everything, I can tell you all of it."

Lin Yan looked at Lin Hao almost pleadingly.

She just wanted to know Lin Hao's identity, ah.

She had been abandoned by the gods, and it wasn't impossible to tell Lin Hao all this information.

“What are you so curious about? Even if I told you, you wouldn't believe me.”  
Lin Hao couldn't help but laugh, “I'm a man that the gods all need to look up to! The gods you look up to and believe in, such as the Illuminati Siennis, the Angelic Church Alice and the like, were all existences that I chased and hacked back then.”

Puff!

Lin Yan laughed in a flamboyant manner, “If you don't tell me, just don't tell me, do you need to tell some lies to fool me?”

Lin Hao shrugged his shoulders, expressing his helplessness, you see, it's hard to be a good person these days, telling lies that people believe, but telling the truth that no one believes, what a sin.

Lin Yan tidied up her messy hair, patted the dust on her body and stood up, looked at Lin Hao seriously and bowed deeply towards him, “Lin Hao, I'm sorry, I really don't know what those people are dealing with you for, what exactly is the reason, my purpose was also very simple from the beginning to the end, I'm sorry for causing you trouble, if you want to punish me, or how, feel free to Even send me to prison.”

“I'll go back first.” After saying that Lin Yan took a deep breath, as if she had regained her confident self, at this moment, she was still the same sociable flower who roamed between various elite men, a delicate beauty who was like a fish in water.

“It's alright, go back, if you get caught doing something illegal again in the future, that's your business, forget about it this time, besides I'll tell you clearly, it's impossible for us, Xiyan is actually my wife and Xiao shi is also my daughter.”  
Lin Hao nodded, Lin Yan was able to be so open-minded and was able to adjust her mind in such a short period of time, this was really surprising to Lin Hao.

“Don’t worry, I won’t do this kind of thing again.” Lin Yan smiled flirtatiously, she was just an ordinary, mortal person. When she knew that these gods existed and had divine powers that transcended ordinary people, she too aspired and craved for these powers, thus taking a crooked path, and now she had woken up.

Sometimes the so-called gods can also be despicable and shameless; gods, too, are human.

Lin Yan was just about to leave when a haze of light descended from the sky and forced its way straight to Lin Yan, Lin Hao’s eyes instantly narrowed, “Who dared to kill someone under my nose!”

Lin Hao’s voice rang out and the haze light that got close to Lin Yan suddenly dissipated.

Lin Yan froze in place, her body was cold to the bone, in that moment just now, she couldn’t move at all, death was so close to her, so close at hand!

Someone was trying to kill her! No, the gods were trying to kill? The gods were trying to kill? She!

## Super Son-in-law Chapter 2779–2780 –

### Chapter 2779

Lin Yan was stunned that Lin Hao’s words had made even the gods change their minds, but her heart was still dead, those existences wanted to kill her, she was not safe no matter where she was.

A white silver light fell, the silver light dissipated and the silhouette of a man covered in silver light stepped out of the glow, a standard silver armour with a cross holy sword at his waist.

The visitor was still an acquaintance of Lin Hao’s, Siennes.

Lin Hao knew it was them, if Lin Hao was really angry and gave him a beating, how humiliating would that be? And that was really painful, my daddy felt it all the same.

“Greetings, Mr. Lin.” The projection of Siennes’ intention, respectfully saluted Lin Hao, his face filled with humility.

Lin Yan looked back at Lin Hao in a dumbfounded manner, no, no, this was the Divine Envoy of the Illuminati, a true god!

How dare he, how dare he stoop so low as to give Lin Hao a salute?

And Lin Hao’s words just now? The words were obviously not very friendly. The words were obviously not very friendly, but the other party had no intention of pursuing the matter at all and had to salute respectfully!

Could it be that .....

The fact is that what Lin Hao said just now was true? The gods all have to look up to the existence of the great gods like Saints and Alice, Lin Hao have chased and cut?

But how does Lin Hao look, he’s just an ordinary person, right!

“Not even a Dharma phase would dare to come down? It seems that you were really scared last time, but I found out that you’re not really scared yet, and you’re still making things happen, you really don’t know what you’re doing, Siennes.” Lin Hao narrowed his eyes and stared at Siennes with a deadly stare.

Siennes was scared enough, this guy launched into a frenzy, their godfather was tough enough to carry, his words even, there was no comparison!

“Misunderstanding, Mr. Lin, it’s all a misunderstanding, we really didn’t get involved, after being warned by Mr. Lin before, we didn’t do anything to withdraw, we just developed some believers, this, this is not illegal, right, freedom of faith.”

“As for the rest, we really didn’t know that the Heaven’s Path Palace was going to strike at Mr. Lin, otherwise we wouldn’t dare to lend him people if we had a hundred guts, don’t worry, we’ve already recalled all our men.” Saints hurriedly explained, thinking to clear the relationship beforehand, otherwise even if Lin Hao didn’t get mad, that militant Lei Ling would have to settle the score with them when he learns this news.

Looking at Cairns, who was explaining to Lin Hao like a grandson, Lin Yan was greatly disappointed. She suddenly realized that the gods were not as high and mighty as she had imagined, and when they encountered a more powerful being, they would be just like that, a grandson or a grandson.

“Is that so? What kind of entanglement do you have with the Heavenly Dao Palace?” Lin Hao raised his eyebrows, he was worried about not being able to find where the Heavenly Dao Palace was, and this was someone who automatically came to his door, wasn’t it just the right thing to do?

“There’s really nothing to this, we once owed the Heavenly Dao Palace a favour, it’s just a favour, we really don’t have any other ideas, and the Heavenly Dao Palace has always been mysterious, even our sect master doesn’t know where their exact location is.” Siennes hurriedly explained, he was also clear about what Lin Hao wanted to do, and had said everything that needed to be said.

And he was also telling the truth, he really didn’t know where the address of the Heavenly Dao Palace was, the Heavenly Dao Palace was truly mysterious and its whereabouts were uncertain.

It was a good thing that the other side did not show any tendency to fight for the world, so they did not have much fear of the Heavenly Path Palace, but now that the Heavenly Path Palace was making frequent moves, it had already made the Illuminati fearful.

“Since you don’t know anything, what’s the use of having you, get lost!” Lin Hao unceremoniously slapped the other party’s wisp of intent away.

These guys with a bad stomach, slapping away a wisp of divine thought didn’t do any substantial damage, but it was addictive!

Lin Yan thought it was over, but then the six-manifold pillar of light fell, and Lin Yan was once again stunned, it was an angel descending!

Alice descended the angelic phantasm instead, not as wimpy as Cynthia, Alice, like Cynthia, respectfully saluted and greeted Lin Hao.

“Alice, God of War of the Church, pay my respects to Mr. Lin.” The purpose of Alice’s visit was no different from Siennes’, to explain clearly and clear the air, it was also true that they, the Angelic Order, were not involved in this matter, let alone entangled with the Heavenly Dao Palace.

## Chapter 2780

After the Sieneese Phantom was beaten up by Lin Hao, under the Dragon Group and Dragon Gate’s big action, Alice had long since withdrawn, and even more directly abandoned those believers within the scope of China, meticulous.

Although Lin Hao’s attitude towards Alice is not good, but also do not bother to talk nonsense with each other, directly sent it away, from the beginning to the end Alice did not look at Lin Yan.

After learning that Lin Hao would at least not dwell on this matter with her, Alice was also very sensible and hurriedly left, and even told Lin Hao some hidden news, related to the Heavenly Dao Palace.

Although it wasn’t the clan address of the Heavenly Dao Palace, it was some small site under the Heavenly Dao Palace, which was also somewhat useful.

Lin Hao was a little surprised, this group of winged women were not really a good deal, not to mention skimming the relationship, but also selling a wave, a ruthless person.

Lin Hao quickly passed this information to the vermilion bird, let her act immediately, after all, these guys, one can calculate, may not let them anticipate the enemy to give an early calculation, and then run away in advance, that is really bad to catch them.

The reason why these guys are so mysterious and unpredictable is that they rely on such tactics, hiding after anticipating in advance.

Looking at Lin Yan's disappointed face, Lin Hao spoke indifferently: "See? The so-called gods are nothing more than that. Even sometimes, they are even worse and more despicable than ordinary people, and when they encounter the truly strong, they are also grandchildren, selling their teammates is as simple as drinking and eating, without the slightest bit of guilt or psychological burden."

Lin Yan shook her head and smiled bitterly, not saying anything, if this was the god she believed in, she would rather be an ordinary person, if there was a god in the true sense of the word, Lin Yan thought that it was naturally Lin Hao, a guy who wanted to be more ordinary than ordinary people.

But these words Lin Yan hid in her heart and did not say, some people if she needed to look up but still could not see the existence clearly, that is what she should not covet, a smart woman knows how to take.

"Haobei, come one? Dyeing Zhaosi Lu Ai'er whisking steak? down."

Lin Hao's words had just fallen, a figure suddenly appeared in the peach forest, Lin Yan took a deep look at this Chen Haobei.

Sure enough, an ordinary servant beside Lin Hao was an existence that ordinary people needed to look up to.

"Please go away and send her back, I'm resting." Lin Hao pointed at Lin Yan and directly turned around to leave.

Chen Haobei glanced at Lin Yan, walked over and lifted Lin Yan up with a hand like carrying a small chicken, straight away in the air.

Lin Yan was so frightened that she covered her mouth and did not scream out, but she was still shocked enough.

When Lin Yan came back to her senses, she found that she had already arrived home, but Chen Haobei had long since disappeared, and she lived on the twentieth floor, so she was shoved through the window.

Somewhere in a deep mountain cave, a man whose surroundings were shrouded in a thick mist spat out a mouthful of blood, and the black mist around him dispersed quite a bit, revealing a more youthful face, his face grim and pale.

“Bastards of the Wang family! None of you can escape! Don’t fall into my hands, or I will make you beg for your life and die!” The voice that came out from such a young face was hoarse and old, like that of an old man who had passed his prime.

This man was one of the Elders of the Heavenly Dao Palace, Tianfeng!

Because of the suddenness of the incident, he could only fight with Wang Sledgehammer across the air, otherwise Wang Sledgehammer could not have escaped so easily even if he could.

It was crucial that he immediately attracted the attention of the heavenly dao in the underworld when he showed up.

A terrifying energy was brewing in the dark clouds, as if something incomparably terrifying was planning to fall!

Tianfeng looked up to the top of the cave, as if he could see through the deep cave to the sky above.

If he did not resist this punishment, he would not be able to show his face in the future.

The dark clouds above the sky seemed to have sensed his breath, and they surged like boiling water, with lightning flashes and thunder roaring incessantly.
