

## Super Son-in-law Chapter 2781–2790 –

### Chapter 2781

A blinding white light, transformed into a ten-foot-long heavenly blade, fell from the dark clouds, falling at an extremely slow pace, like a white feather in the shape of a curved moon, slowly floating down from the sky.

Before the blade could fall a few metres, a deafening roar erupted from the mountain below, and a neat crack split the hard rocky mountain in two, the cut surface as smooth as a mirror, as if it had been polished and polished.

Before the Heavenly Sword had even fallen, the mountain peak had been split in two, forming a hundred-metre-long, three-metre-wide one-line canyon!

The Heavenly Wind in the middle of the cave, blood gushing out wildly, his breath shrivelled as he lay in the middle of the canyon that had just appeared, a yellow-orange glow enveloping his body, like a large upside-down bowl protecting him within it.

The Heavenly Wind looked at the Heavenly Sword above his head in terror and roared in fear and anger: “Why! Why are you doing this to us! The Heavenly Dao has been damaged but not mended! We in the Heavenly Dao Palace have traditionally been in charge of punishment on behalf of the heavens, making up for the loopholes in the Heavenly Dao, what is wrong with us!”

“Even if we don’t get the credit, we do get the blame! We are not even given a chance to make a mistake!”

However, in response, the Heavenly Sword fell even faster, and the rocks around him crumbled, the hard granite crumbling into slag, raining down like rain, almost burying Heavenly Wind!

The light that enveloped Skywind also began to sway, like a candle flame in the night wind, wavering, seemingly in danger of going out at any moment, and at the

same time, a cracked pattern appeared on the curtain of light, densely packed and converging, looking like it was about to crumble!

“The Heavenly Dao is merciless! ~” Heavenly Wind let out a wretched cry of sorrow as another mouthful of blood gushed out, at this moment everything around him was crushed to pieces by the terrifying power, and Heavenly Wind’s skin cracked open inch by inch, forming a hideous wound dripping with blood.

Tianfeng gritted his teeth? er zero dyed closed earth land Lu Yi? The first thing he had to do was to save this slash, to save this backhand, even if he had to die, he had to take the Wang family’s back!

A dazzling yellow-orange light lit up in Tianfeng’s body, a time when the surrounding land seemed to be a part of Tianfeng’s body, the surrounding soil quickly gave way to Tianfeng, who disappeared in place in a flash.

Qi Men Dun Jia! The Art of Earth Transport!

With the disappearance of the Heavenly Wind, the Heavenly Sword also seemed to have lost its target and slowly dissipated, the lightning and dark clouds in the sky all dispersed, and everything returned to peace again, except for the sudden disappearance of the mountain, which was broken into stone slag, and the wreckage on the ground proved the horrible things that had just happened.

This battle has cost the Heavenly Dao Palace a fortune!

Several Heaven’s Path Palace disciples, including Old Seven, died tragically at the hands of Lin Hao. Tianfeng was pestered by Wang Sledgehammer and attracted the attention of Heaven’s Path, forcing him to use his unique technique to escape.

Like Tianfeng, Old Eight, who had managed to escape, was in no better condition and was badly wounded when he found Shui Wu Chang.

At the sight of Old Eight, who was covered in blood, Shui Chang was dumbfounded!

It was the first time he had ever seen the true face of these mysterious people, and the mist around him cleared.

The mist that surrounded them was used to conceal the existence of the Heavenly Dao's prying eyes, and now the mist could not be maintained, so naturally they were unlucky, this was karma.

He immediately took Old Eight and ran away, and at the same time had someone bring a message to Lin Hao, threatening him to stop pursuing him immediately, or else he would take action against Lin Yun!

This is also no way out, just because the Shui family knows Lin Hao's ability, this is scornful, especially in the scope of China, is Lin Hao's world, if not for the mysterious person behind the back, they also do not dare to hard steel with Lin Hao ah.

.....

In the backyard of the Lin family, Chen Haobei quickly returned to the Lin family after dropping Lin Yan back off.

## Chapter 2782

Chen Haobei didn't expect Lin Hao to still stay in the peach blossom formation in the backyard, playing with a ram's horn hammer in his hand, muttering and muttering about something.

"You're not sleeping this late, you're running here to study a hammer." Chen Haobei looked at Lin Hao somewhat strangely.

Who knew that Lin Hao nodded his head incomparably serious: "I'm not just studying a hammer right now."

Chen Haobei was crying and laughing, how could this sound awkward, but now this situation seemed to be fine.

“What exactly does this Wang Sledgehammer thing mean, deliberately leaving this to me?” Lin Hao looked at it left and right, and after looking at it for half a day, he couldn’t see what exactly was the use of this thing?

Apart from being a bit darker, lighter and more chic, what was the difference between this and an ordinary ram’s horn hammer?

Chen Haobei’s face was full of questions, who was Wang Dahuo? Why did Wang save a hammer for him? There are plenty of these in hardware shops, so there’s no need to study them, right? He even thought, “Why don’t we buy some hammers for Lin Hao tomorrow?”

If Lin Hao had known what he was thinking, he would have cursed: “You buy a hammer!”

Chen Haobei saw that Lin Hao was studying so seriously, so he simply didn’t bother him and went back to the highest part of the Lin family, continuing to take care of his security work; at his current realm, it didn’t matter much whether he slept or not.

“What a thing! I’m afraid this isn’t just an ordinary hammer, is it?” Lin Hao clanged and dropped the hammer directly onto the ground, having studied it for half a day, he hadn’t researched anything, he had tried every method, and the hammer was still unresponsive.

Lin Hao looked up at the sky, it was going to be light soon.

He had fallen too low in his realm and still needed to rest? The first thing he did was to take a break.

Clang!

The hammer landed with a crisp clang, a pleasant sound, it was as if the material was not made of iron at all!

“Brat, pick it up for me!”

Lin Hao was stunned and hurriedly picked up the hammer, looking left and right, but he didn't find a camera or a sound device inside the hammer.

Could it be that this thing was a treasure?

Wang Sledgehammer did not pay attention to Lin Hao's enquiry, and talked to himself as if he had recorded his voice in it long ago.

“One fortune, two fortunes, three feng shui, know the fate of the heavens and do your best, the art of heavenly reckoning is the art of borrowing. Who can really calculate the sky? It is only a matter of following the fate of the sky and following the trend.”

“The next thing is up to you, if I continue to hang around here in Jinling, those old bastards from the Heavenly Dao Palace will have to fight me to the death, I still want to live a few more years, don't risk your life because of you.”

“Alright, no more nonsense with you, I'll give you some basic celestial calculation techniques, this Six Nonfinger is even the most suitable for you to use right now.” As Wang Sledgehammer's words fell, the small hammer flew up in the air, as if someone held this small hammer, of hammered Lin Hao's head a few times.

The corners of Lin Hao's mouth twitched, this was the first time he had ever seen the strange way of hammering his brain into a gong method.

This was good, it saved Lin Hao time in learning, but after all, this knowledge was instilled into him, he had no experience, and he had never applied it in practice.

Lin Hao saw that it was almost dawn, so what the hell was he doing sleeping? He could just integrate this new knowledge a little bit, especially since he might be able to use the Six Nonons Finger to directly calculate the direction of the spirit rhyme, or learn about other situations.

The Six Nonons Finger was impressive just by reading the introduction, it was claimed that if you learn the Six Nonons Finger, you don't need to ask anyone, it has the effect of foretelling!

It was only when Lin Hao had studied and understood it, and had already made a small initial success, that he realized that it was already dawn, and when he looked at the time, it was almost seven o'clock in the morning.

The good thing is that Lin Hao also does not know how it happened, originally still a bit guilty of dazed fatigue, when these things learn to apply, the whole person's spirit multiplied, the whole person's essence is completely different.

## Super Son-in-law Chapter 2783-2784 -

### Chapter 2783

Lin Hao breathed in the fresh morning air, which was fragrant with the scent of peach blossoms in addition to the primordial aroma of grass and trees. Lin Hao was surprised to find that he was able to clearly perceive all the control of his surroundings, as well as the kind of potential that seemed to be there.

This feeling was more like an advance perception, even more terrifying than an Illusionary Spirit Master's divine perception!

After all, an illusionist's divine perception is only able to perceive what is already happening, or what has already happened.

But Lin Hao's perception of the seemingly non-existent and mysterious surroundings? Xi zero er ai ai shan serve zero? But Lin Hao is able to perceive what has not happened!

By using the momentum of everything in heaven and earth, he could judge and project what was about to happen.

It's really a bit too scary to try!

No wonder very few people are willing to mess with a truly capable master, otherwise the other side would have a million ways to break your family!

This does not happen to learn, Lin Hao felt something, raised his right hand, thumb on the remaining four fingers, different knuckles tap!

He followed the way of the six nonsense fingers to project, reciting the mantra, Lin Hao could clearly feel that the surrounding potential was used for him, although it was subtle and very weak, but it was enough for Lin Hao to deduce a lot of things.

However, if he wanted to be like Wang Sledgehammer, who could use the momentum of everything in heaven and earth and turn a hundred metres of thunder into a long sword, the little momentum he controlled was not worth mentioning!

Lin Hao wasn't greedy either, this was just enough.

“Oh? Are things starting to turn around?” Lin Hao deduced a bit and concluded that Ling Yun's situation had improved, he couldn't help but sigh in relief, although he knew before that Ling Yun's life wouldn't be in danger, but a woman falling into the hands of an opponent was always uneasy.

“Lin Hao, outside .....” Chen Hao Bei hurriedly ran in, only to be directly interrupted by Lin Hao before he could finish his sentence.

Lin Hao waved his hand to stop Chen Haobei from continuing, “If my guess is good, it was the other side that brought news of Spirit Rhyme, right?”

Chen Haobei froze for a moment, so he knew?

He was clear as day, Lin Hao had been godly in the backyard all night and hadn't left the backyard at all.

“Could it be that Zhu Que told you? Did she receive the news?” Chen Haobei looked at Lin Hao suspiciously.

Lin Hao gave the other party a good-natured look and took his phone out and shook it, “My phone is out of battery, so what the hell did I tell you.”

“Then how did you know?” Chen Haobei was even more amazed, could it be that Lin Hao still had the ability to foretell things?

Lin Hao stood up, patted the flower petals and dust on his clothes, and raised his eyebrows proudly, “I counted it out by pinching my fingers.”

Chen Haobei shrugged his shoulders, obviously not believing what Lin Hao said, who knew that the punch in the face would come so quickly ..... When he reached the front room, Lin Ruoshi and Shen Xiyan were already up, and the two were busy in the kitchen with breakfast.

“Good morning dad.” Lin Ruoshi greeted adorably when she saw Lin Hao come out.

Lin Hao smiled and nodded as he entered the living room, where a young man, probably about twenty-three or twenty-four years old, with no aura fluctuations on his body, was sitting.

Lin Hao had learnt from Wang Da Hammer, and again, he couldn't feel any momentum swimming around him, meaning he wasn't a fortune teller or an illusionary spirit master, just a solid ordinary person.

“Hello, you're Mr. Lin Hao aren't you?” The young man saw Lin Hao and hurriedly stood up, “I was told to hand these to you.”

Saying that the man handed Lin Ha a package and a photo of none other than Ling Yun, the background of the photo was a dilapidated warehouse.

“Is there anything else besides these?” Lin Hao knew that this was just an ordinary person, even if he asked the others, or who had given him these things, he wouldn't be able to ask, so he didn't bother to waste that breath.

“No more, just these, and the man said that if you get these things to you, you will give me five thousand dollars, which is five thousand dollars you see .....

What the hell?

Lin Hao cried and laughed, Mud, these guys don't look like they're this bad for eight or ten thousand!

## Chapter 2784

Not a single dime?

Looking at Lin Hao's exaggerated expression, the young man looked a little nervous: "No, it's not a trick, is it? You'll give me back the stuff if you don't pay."

Lin Hao shook his head, "Haobei, you transfer the money to him, I'll keep the stuff."

The man was relieved to hear that he had money to take, so he obediently left with Chen Haobei.

Lin Hao will open the package, inside is a mobile phone, the phone has been turned on, Lin Hao open the phone's video link software, soon, a masked man appeared in front of the camera, the voice has deliberately changed over, can not hear roughly: "Lin Hao, let you see this is? West Yi Wu Shan Xi Fu Zha Wu? Who."

The masked man switched the camera and was facing Ling Yun, Lin Hao was stunned to see what Ling Yun looked like at this moment.

Sister, are you sure this is a kidnapping?

Those who know are the ones that she was kidnapped, those who don't know still think that she is the boss of these kidnapers!

At this moment, Ling Yun was crossing her legs and knocking melon seeds, with two kidnapers behind her squeezing her shoulders, with all kinds of washed fruits on the table next to her.

“Hello Lin Hao, what’s up, it’s been so many days, did you miss me?” Ling Yun waved playfully at the camera.

Lin Hao had a black face and scolded with a laugh without good grace, “Were you kidnapped, or did you kidnap someone else?”

“They kidnapped me, there’s nothing wrong with that.” Ling Yun shrugged, she had been kidnapped, but they couldn’t beat her, the key was that they didn’t hurt her, she could hurt them even if they had less strength to hammer them.

Unfortunately, she couldn’t run, she couldn’t run fast enough without her aura, she didn’t get very far before she was caught and brought back.

“Well, it looks like they’ve kidnapped an ancestor back.” Lin Hao was now completely relieved, seeing that Ling Yun was fine and was being served well, what else could he worry about.

“Lin Hao, you’ve seen the person, we won’t hurt her, and you should immediately tell Dragon Sect and Dragon Group to stop pursuing us, otherwise we can’t guarantee that we’ll do anything too drastic next.” The masked man turned the camera back.

Lin Hao also laughed in exasperation, “Then hurt her one for me to see ..... you have no deterrent effect with this threat bullshit.”

“You .....” the kidnapper was also furious over it, the key special meow Lin Hao said is still the truth, do you say furious?

“Yes, we can’t hurt her, but don’t forget, just because we can’t touch him doesn’t mean the others can’t touch her, she’s just physically strong, but her own strength is simply that of an ordinary person.”

“If we can’t hurt her, we can’t do something else to her?” The masked men stiffened their heads and continued to speak threateningly, they weren’t asking for much, they just didn’t want to continue to be hunted.

After all, in the land of China, the Dragon Sect and the Dragon Team were out at the same time, they couldn't hide at all, and that was what Water Emperor was desperately asking for, and by now that old eight hadn't woken up yet.

He was almost caught by the police on several occasions and was struck by lightning, but when he woke up, he was dazed by the lightning and passed out.

He had no choice but to ask the person responsible for watching Ling Yun to risk contacting Lin Hao.

In fact, Shui Wusheng was afraid that Lin Hao would continue to pursue the matter regardless of their threat, for no one could hurt Ling Yun except Old Eight, who was still in a state of living death.

As for draining Ling Yun's strength, doing something indescribable to Ling Yun, and directly pissing Lin Hao off to the point of explosion, none of them would be able to escape!

"Alright, you guys don't mess around, I'll have Vermillion Bird give the order to stop the pursuit of you guys later." Lin Hao agreed to the other party's request, he had already started to deduce Ling Yun's location, with this craft, he would be able to uncover these guys without the cooperation of the Dragon Sect and the Dragon Group.

Besides, Lin Hao saw that Ling Yun was in such a leisurely and relaxed situation, he was not anxious to give her first aid, since she was living such a comfortable life, it seemed quite good to let her enjoy a few days of peace and quiet in the bandit's den.

## Super Son-in-law Chapter 2785-2786 -

### Chapter 2785

"I hope Lin Hao you don't go back on your word, or else you'll suffer the consequences." The other party grunted coldly and hung up the phone with vicious words.

Lin Hao was crying and laughing, this vicious words did not have any deterrent effect at all, right, to say the least he kinda sympathized with these robbers, poor thing.

Lin Hao went to the kitchen and told Shen Xiyan what had just happened, who was stunned: “My God, is Ling Yun so wild? The kidnappers couldn’t even help her? Looks like I was worried for nothing for so many days, not happy.”

“Auntie Ling Yun is so powerful.” Lin Ruoshi was so admiring that her eyes were full of stars, scaring Lin Hao into hurriedly stopping the topic, how could she feel that expression on her daughter’s face, as if she was also looking forward to being kidnapped once.

Lin Ruo Shi was just a doppelganger, the two were not even comparable.

After breakfast, ready to go to school, Lin Hao also happens to have class today, to go to school together, after all, there is a period of time did not go to class, the headmaster is not care about him, but let others resentment ah.

But Lin Hao just ready to get up, but suddenly feel wrong, under the projection Lin Hao a head two big.

“What’s wrong Lin Hao, hurry up and go to school, don’t be late later, the traffic jam at this time of the day is the most powerful.” Chen Haobei looked at Lin Hao in bewilderment, wondering what Lin Hao was up to.

“I just did some calculations, trouble will come to me later, you guys go first, I’ll hide for a while.” Lin Hao sighed, this craft of Wang Da Hammer is really good, using the situation to deduce, tend to avoid harm and turn good fortune into good fortune!

“This is not bullshit, who is looking for your bad luck early in the morning, have you not slept all night your head is confused ah.” Chen Haobei felt that today’s Lin Hao was very godly.

“The first woman you meet after you go out, tell her I’m not available at the moment, and if she asks you where I’ve been, you must tell her I’m not at home!

Also, don't give her the key, just tell her that no one is home and it's not convenient for her to come, got it?" Lin Hao hurriedly gave a few instructions and then blew Chen Haobei and the others out.

Shen Xiyan looked puzzled, and Lin Ruo Shi was even a little strange: "Why is dad acting weird today?"

"Your father has been like this since he came back last night, and I don't know if he fell out of his head last night, all becoming delirious, I can see him holding? Wu Fu Xi Yi Shan Wu Di closed? A ram's horn hammer, muttering all night." Chen Haobei teased amusingly.

The result was a vicious glare back from both mother and daughter Shen Xiyan, scaring Chen Haobei into shrinking his neck, smiling and hurrying off to the car.

Chen Haobei did not believe in Lin Hao's words, and even wondered if Lin Hao had a problem with his head and did not even take Shen Xi Yan and her daughter seriously.

However, the smack in the face came faster than they thought!

The car had only just driven out of this ancient mansion area when, at the intersection, they ran into Lin Yan, who was walking towards the Lin family's house. Today, Lin Yan was dressed conservatively, which added a bit of mature femininity to her, still beautiful, but a bit more elegant.

Chen Haobei did not take Lin Hao's words at face value, so he pretended not to see Lin Yan. Shen Xiyan also knew Lin Yan's identity, so he did not bother to pay attention to her, but unexpectedly, Lin Yan stopped Chen Haobei's car.

Lin Yan first glanced at the car, but did not see Lin Hao, a flash of disappointment in her eyes, but also smiled and greeted Shen Xiyan and the girls, but Shen Xiyan's response was somewhat perfunctory, and Lin Ruoshi even ignored her.

"Brother Hao Bei, how come Brother Lin Hao didn't go to school with you guys? There's a class for him today." Lin Yan asked cautiously.

Chen Haobei froze for a moment, quickly recalling what Lin Hao had just said, and subconsciously said, “He’s not free for now.”

“Where has he gone? What’s he busy with?”

“I don’t know.” Chen Haobei was a bit put out in his mind, hell, why did it feel exactly like what Lin Hao had just guessed?

## Chapter 2786

I didn’t see him take his phone or get a call during the meal either, so how did he know?

It seemed like everything was moving in the direction Lin Hao had just said, that Lin Yan was the first woman they’d met out here, and that the questions asked, in the words Lin Hao had just said, were exactly right!

What a living hell!

“In that case, then Brother Hao Bei, would you conveniently give me the key, I’ll wait for him to return.” Lin Yan finished and also smiled apologetically at Shen Xi Yan, “Sister-in-law, don’t misunderstand, I don’t mean anything else, I just want to apologize to Brother Lin Hao in person, I was the one who caused trouble for everyone before.”

“Ah!”

Chen Haobei, Shen Xiyan and Lin Ruoshi all shrieked in unison and looked at each other with incredulous faces, all of them, all of them were right about Lin Hao!

Lin Hao had already told them how to answer each other’s questions even before they had seen him!

This was truly a ghost, if the two of them hadn’t joined forces to tease the three of them, it would have been amazing.

Crucially, they also didn't think that Lin Hao would join forces with this woman to act out a scene and thus come to tease them.

Chen Haobei said stiffly, "Sorry, no one is home, this isn't very convenient, we have to rush to school, there isn't quite enough time."

"I'm sorry, it's me being abrupt, you guys go ahead. I'll take the bus over later, my class is at ten o'clock." Lin Yan could hardly hide her disappointment, but she also knew that she had indeed gone a bit too far with such a request.

Chen Haobei nodded awkwardly and hurriedly put his foot on the accelerator, and the car quickly sped out.

"Mum, dad is not so childish as to join forces with that Lin Yan to tease us, right?" Only then did Lin Ruoshi react, this felt simply amazing, much more amazing than those fortune tellers.

Shen Xiyan shook her head with a bitter smile, she was full of questions herself: "Lin Hao wouldn't be that boring, it's probably a coincidence."

Only Chen Haobei felt a special pain in his face, only he knew that it was definitely not a coincidence! Lin Hao, who was staying at home, now had an even bigger headache, what do you call this!

Because he counted that even so, Lin Yan still wouldn't leave and simply sat on the steps in front of Lin's house waiting for Lin Hao.

You say this girl also? er cover up the service west whisk ground zero? It's the shaft, what do you have to wait at home for? You can't go to school and wait?

In fact because of Lin Hao's words yesterday, Lin Yan came to her senses, she wanted to change her face and live again, change her previous sexy and beautiful style and curb her behavior.

Therefore she specially wanted to come and thank Lin Hao, but it turned out that Lin Hao was nowhere to be found, leaving her very helpless.

Lin Hao was speechless, he had been waiting for more than half an hour and she still hadn't left.

It wouldn't be long before Shen Xiyan and Chen Haobei were due to return, while Lin Hao had to go to the school to pick up the pieces and take care of his daughter's safety.

He had to go to school, and after thinking about counting the begs, he planned to slip out the back door, only to have the door open, and then he thought, "No! I have nothing to do with her, nothing has happened, what is he being vain about?"

No!

Lin Hao knew very well that it was impossible to be purely friends with Lin Yan, and even more impossible to have a relationship other than friendship.

He was begging and slipping away.

Lin Hao slipped away from the back door and when Shen Xiyan returned, Lin Yan was still waiting at the door.

Shen Xi Yan was also quite helpless, after thinking about it, let's just let the two of them meet, just to make things clear.

Shen Xiyan invited Lin Yan in, only to find out that Lin Hao had long since disappeared, which made Shen Xiyan even more suspicious of Lin Hao's ability to foresee things.

In a small hospital in a city adjacent to Jinling, Old Bajie was lying on a hospital bed, bandaged and wrapped up like a mummy, looking as miserable as he could.

There was another bed two metres away from him, and on it was a unlucky man who looked similar to Old Buster, none other than Shui Wu Chang, who did not dare to come within two metres of Old Buster now.

Once you get close to Old Buster, the bad luck simply won't stop and you don't know what fatal crisis you're going to encounter next!

## Super Son-in-law Chapter 2787-2788 -

### Chapter 2787

In order to send Old Buster to the hospital, he himself became a wreck, injured to this state, and lost seven or eight of his elite bodyguards, who either died outright or lost their arms and legs.

Strangely enough, he was still able to send several people away even though he was in such a bad shape.

Firstly, he was struck twice by lightning before he even left the Jinling area, and on the way he was knocked over by a car, breaking two people's legs and being buried by a passing dump truck that was involved.

The stretcher suddenly collapsed and hit the ground when they were being lifted up.

Even when he arrived at the hospital ward, he didn't stop, his bed was crushed and broken, and by coincidence, the infusion bottle was shoved into his mouth.

The doctors were so scared that they were afraid that they would kill the patient if they did that.

But it turned out that the patient had a hard life and couldn't die! They just can't stop being unlucky!

In the end, the doctors who had experienced this scene were so shocked that they burst into laughter, and the whole ward was as lively as a vegetable market.

The whole ward was as lively as a vegetable market. Shui Wu Chang wanted to die because his situation was no better, and it was a hell of a lot worse.

If it wasn't for the patriarch's orders, he would have wanted to run away.

He was unlucky in the hospital for three days, either after his blood flowed back into the bottle during an infusion, or after the needle broke inside, or after he almost choked to death on a glass of water.

Three days later the Heaven's Path Palace sent someone to come.

Only then did Old Buster's bad luck cease, but he was no longer a human being.

He was in a miserable state.

Old Eight was sent back to the Heavenly Dao Palace, and another disciple of the Heavenly Dao Palace stayed behind, Old Eight's senior brother, Heavenly Old Nine.

The unlucky Shui Wusheng, who had not yet recovered, had just woken up and had been taken away by Tian Lao Jiu's men to go to Jinling again, to connect with the secret line he had planted before, so as to avenge Old Eight and Old Seven, and to avenge the shame of the Heavenly Dao Palace!

In all its years, the Heaven's Path Palace had never suffered such a great loss!

Lin Hao's side, through the six nonsense finger deduction, let Lin Yan looking for three days, froze not to find Lin Hao, whether to Lin Hao's home or at school, froze not to meet, is also magical, this situation let Lin Hao exclaimed.

Especially the two are in the school ah, even an office, but it just can not meet, even Lin? The two of them are in the same office. The two of them were depressed enough!

The school is only a tiny bit bigger, but the two of them haven't met once in three days! Even if Lin Yan knew that Lin Hao was avoiding himself, he was not able to do so!

While Lin Yan was furious, Lin Hao was having a great time, even avoiding Qin Yan.

Lin Hao deduced the problem, but he couldn't deduce anything from Qin Yan, but Qin Yan's personality had changed so much that she was almost completely different from the old Lin Yan.

The teachers at the school were surprised that Lin Yan, who used to be beautiful and sexy, suddenly became high and cold, while Qin Yan suddenly started to take the sexy and beautiful route, as if the two had swapped souls.

But Lin Hao instinctively had to distance himself from her, there was a very subtle potential flowing around Qin Yan, and it resonated with his potential, instinctively keeping him away from the other side, once too much contact was made, the other side would definitely have to give him trouble.

This skill of Wang Sledgehammer, constantly applied in real life Lin Hao realized, this skill is really bull ah, much more than the illusionary spirit master bull!

No wonder Wang Sledgehammer, a person who was not even an Illusionary Spirit Master, was able to make even an existence like Chen Beixuan owe him a favour.

## Chapter 2788

“Lin Hao! You son of a bitch! Are you hiding from me like that?”

Lin Hao was cooling off under the shade of the campus tree with his legs crossed, it would be his turn to go to class later, but as a result, Lin Hao was taking it easy when Lin Yan's chirping voice suddenly came from the loud speaker of the school radio.

Lin Hao's leg jerked, a lingering and a direct flat fall.

Lin Hao forgot to get up, he was really confused, holy shit, even this? This is not a trap for me!

The whole school would have to know about this. In the past, everyone used to talk about it in private, but now it's no longer in private, it's out in the open!

And it's not just the teachers' circle that knows about this anymore, the students know about it too.

"That's right, you son of a bitch! Lin Hao, you have the guts to hide from me for the rest of your life!" Qin Yan's voice came along with it.

Poof!

Lin Hao's mouthful of blood: "You're everywhere! What does this have to do with you? If it wasn't for your aunt's sake, I would have smacked you!"

Now it was hard not to be hilarious, Lin Hao was also completely famous, the two prettiest female teachers in the school shouted in public, this was similar to a public confession.

"Mud, quit! Resign!"

"Get Xiao Shi transferred to another school immediately, I'm pissed off!" Lin Hao got up from the ground, his teaching aids snapped to the floor, and headed straight for the headmaster's office.

When the headmaster learned about Lin Hao's resignation, people were dumbfounded, and even more dumbfounded surprisingly because of the two female teachers blatantly shouting.

If it wasn't for Zhuque's relationship, the headmaster would have wanted to beat someone up, something that others couldn't even beg for, but to Lin Hao was as good as killing him!

To be honest, no matter if either Lin Yan or Qin Yan was willing, the headmaster thought he might be a treasure!

"Principal, I'm just telling you, you know, I'm going to resign and transfer my daughter to another school, that's a matter of minutes, I'm here to let you know, not to ask for your opinion." Lin Hao had a real headache today after being messed around with by these two crazy women, and it might even cause an impact on Xiao Shi's schooling at the time.

“Teacher Lin, won’t you think about it anymore? Those two teachers? Lu Lu dye Wu Ai Wu Shan Yi? If it were anyone else, I guess they would have gone crazy with joy.” The headmaster looked at Lin Hao with tears and laughter, he also knew that what Lin Hao said was the truth, after all, one word and Zhu Qiao would have gotten the matter done.

It was precisely because he valued this relationship that he had tried his best to retain Lin Hao, because of Lin Hao’s arrival, their school had specially approved many projects, and many project applications had become much easier.

The headmaster is not a fool, so he naturally knows what the reason is, so how can the headmaster let Lin Hao go, even if he is muddling through the school and not attending a single class the headmaster won’t give him a hard time, and he even has to serve him like a grandpa.

“Nonsense! Can I not know? I’m not married and I don’t have a girlfriend and I’m happy, the point is I have a daughter-in-law and my daughter is so old, can I get entangled with them?”

“As friends, how serious is that?” The headmaster held up his old-fashioned glasses and smiled brightly, the wrinkles on his face seized together like a blooming chrysanthemum.

“Headmaster, are you stupid or am I stupid? You treat someone as a friend and they want to sleep with you, do you dare to take such a person as a friend?” Lin Hao was clear enough to know what was in the hearts of these two people, especially now this Qin Yan, who had problems of her own and got herself into trouble by getting involved.

For someone as salty as him, wasn’t trouble what he feared most?

“Teacher Lin! That’s a bit too narcissistic of you.”

Lin Hao stretched his hand, just consider me narcissistic.

“Alright, let’s put that aside, what about your daughter? You know the child is still young and about to enter puberty, which is the most sensitive period.”

“She’s just getting used to this school environment, familiar with it, and has a group of friends and classmates she gets along with, and suddenly she transfers to an unfamiliar place, unfamiliar teachers, unfamiliar learning environment, unfamiliar classmates, and with her senior exams coming up, do you think that this really won’t affect your daughter?” The old headmaster was also a man of the cloth, and if it didn’t work out from Lin Hao, then he would look for a solution from Lin Hao’s daughter.

## Super Son-in-law Chapter 2789–2790 –

### Chapter 2789

As a parent, you have to consider your child’s feelings at any rate.

The old headmaster was right, although his ultimate goal was only to retain himself.

But what he said was also true!

Damn it!

Lin Hao gritted his teeth and turned around to leave, how could a big old man be afraid of two women?

He had to stay for the sake of his daughter. The headmaster had gone to great lengths to keep him, but he knew this for sure.

However, what the other party said is true, soon there will be middle school and high school exams, and changing schools again will affect Lin Ruoshi too much, mainly because the little girl is still getting along quite well with the people in her class.

Especially Yun Qingya that girl, now is something nothing like Lin Ruo Shi back to the Lin family to rub a meal or something.

The driver of Yun Qingya is used to it and should know what time to go to the Lin family to pick up people to go home.

The company's main business is to provide a wide range of products and services to the market.

These people are really bold, the relatives of the former Dragon Master's family dare to strike, they are ruthless people.

Lin Hao went back outside the first class corridor and found that both Qin Yan and Lin Yan were there, pulling their daughter outside the corridor to chat. As for what he was looking for Lin Ruoshi to talk about, Lin Hao didn't need to guess, what else could there be besides looking for himself?

However, there was one thing that surprised Lin Hao, Lin Ruoshi was originally extremely uncomfortable with Lin Yan, and even did not even bother to pay attention to her, but now her attitude towards Lin Yan, although not quite warm, was not as resistant as before.

This socialite was really good, Lin Ruoshi had let her take her down?

Lin Hao approached just in time to hear Qin Yan ask Lin Ruoshi: "Little Shi, tell the teacher where your father is hiding, what exactly does he mean by avoiding the teacher so much, we need to hand over our work ah."

Lin Ruoshi stretched her hands, "If my dad wants to hide, no one can find him, I really can't help you with this problem ah teacher Lin, why don't you ask the headmaster?"

Qin Yan rolled her eyes, if she could ask the headmaster, why would she bother to ask Lin Ruoshi? The bastard was nowhere to be seen. When she approached the headmaster, the headmaster was always perfunctory, and the headmaster didn't even dare to offend Lin Hao.

Lin Yan even took advantage of Lin Hao's PE class and squatted on him, but she just couldn't squat on him, no matter if she checked on him at any time, or squatted in advance, or even squatted for a class, it was useless!

Lin Hao always ran away ahead of time, just like the unforeseen, in short, where they were, Lin Hao would never appear!

“What are you looking for me?” Lin Hao spoke stiffly.

As soon as they heard Lin Hao’s voice, the three gazes swished and turned their heads incomparably neatly to look at Lin Hao.

Those straight eyes wanted to eat Lin Hao up, and even Lin Ruoshi’s eyes held no small amount of resentment.

She even wanted to hit someone because she couldn’t find Lin Hao, these two were looking for her everyday, they hated to find her eight times a day!

Lin Ruo Shi was all turned on by the other side, but there was nothing she could do, she couldn’t betray her father.

“Lin Hao, where have you been hiding these days, you are really able to hide, am I a man-eating tiger? Are you as far as this? West love to serve cover love to serve ershan? Why are you hiding from me!”

Qin Yan was the first to take the brunt of it, and quickly walked up and took Lin Hao’s hand, looking at Lin Hao with a soft voice of aggression, her big watery eyes full of tenderness and charm, those who didn’t know thought these two were a hot couple in conflict.

The more times she came into contact with Lin Hao than Qin Yan, the more she had a general understanding of Lin Hao’s character, this man, like is like, don’t like is don’t like, the more you take the initiative to approach each other the more you resent it.

Moreover, people are very affectionate and stable as a couple, Qin Yan is impossible.

Chapter 2790

Lin Yan thought more clearly why at first Lin Hao and Qin Yan seemed to have quite a good relationship, the only one who flashed a face at himself and almost resisted his approach, because at that time Qin Yan was high and cold and was not interested in Lin Hao at all, so naturally Lin Hao would not resist.

But now, from the moment Qin Yan changed her previous attitude and suddenly launched a fierce attack on Lin Hao, the two were already destined to be estranged.

As expected, Lin Hao spoke in a somewhat hard tone, "Spread your hands!"

"Why are you so fierce, I didn't provoke you, not only are you avoiding me, you're also being mean to me." Qin Yan looked at Lin Hao pitifully, but unfortunately, Qin Yan was not as good as Lin Yan at pretending to be pitiful and soft, looking raw and hard, obviously acting out.

But Lin Ruoshi was not happy to see this scene, pouting, looking at Qin Yan's eyes began to look a little dissatisfied, looking at Lin Hao's eyes equally a little dissatisfied.

Lin Ruo Shi's heart secretly explored: Why do you think my father is so handsome? This is really inviting and rare, ah, headache.

"I said let your hands go! For a teacher, and in front of my daughter, is it appropriate for you to behave like that? And I have a wife!" Lin Hao's tone got a few degrees colder, Lin Hao had been sticking to his bottom line, not to mention that the other party wasn't like this in the first place, and he didn't want to provoke the other party and get himself into trouble.

"I'm a woman, I won't spread it, what's wrong with having a wife!" Qin Yan frowned and just wouldn't let go, "I'm trying to talk business with you here!"

"I'll say it for the last time, let go!"

However, Qin Yan refused to let go of her hand, Lin Hao frowned and his aura shook violently, a force was transmitted to the other party's hand, shaking Qin Yan away, Qin Yan shrieked and fell to the ground in a soft manner.

Lin Hao looked at the headache, regardless of her turn away, Lin Hao signaled Lin Ruoshi to go back first, the rest of the matter to solve themselves.

Lin Hao looked at Lin Yan, even more without a good face, pointed to Qin Yan who was still pretending to be soft on the ground over there: “What kind of her you saw, right? What’s your business again?”

“I’m looking for you for business, by the way, I want to apologize to you.” Lin Yan helplessly held her forehead, it seemed that Lin Hao’s impression of herself was still stuck in the past, “Don’t worry, I really didn’t come to pester you, otherwise your daughter wouldn’t have given me a good look, besides, my reputation as Lin Yan is quite bad, but it’s not so bad that I don’t even have that much trust, right?”

The fact that Lin Hao saw that Lin Yan was serious and sincere, with all the sincerity in her eyes, without any other meanings, and that Lin Yan was now dressing with much more self-respect, convinced Lin Hao no less.

Lin Hao took a glance and found that many students were very gossipy probing out the window, Lin Hao glared at these students with no good grace: “You don’t learn at a young age, what are you gossiping about, gossiping? Go back to your classes and do your best!”

“Yes, Teacher Lin.” Seeing that Lin Hao was furious, the students shrank their necks and hurriedly went back to pretend to be in class, but one by one, they pricked up their ears and listened, peeking out of the corner of their eyes into the corridor every now and then.

Seeing this, Lin Hao cried and laughed, giving Lin Yan a look, signalling to go down and talk, not to disturb the students in class.

As for Qin Yan still where pretending, but Lin Hao pressed his head and left straight away without even looking back.

As she watched Lin Hao leave, Qin Yan’s face gradually went icy cold, resuming her previous cold and noble look, but looking at Lin Hao’s back, she was equally puzzled!

Qin Yan even wondered if Lin Hao was sick in the head?

In the past, she had not been cold to him, but maintained a fairly good relationship with Lin Hao. On the contrary, Lin Yan, who had been trying to take the initiative to hit on Lin Hao, had been ignored by Lin Hao, and at that time she thought it was because Lin Yan's reputation was not too good.

Likewise, it could be because Lin Yan was the one who took the initiative, so he was also a common problem for men, that is, those who are sent to the door are not rare?

It turned out that now Lin Yan had exchanged styles with her, and as a result, Lin Hao's attitude towards the two of them had actually started to exchange as well!

This bastard loved his wife that much? But from the beginning to the end, Qin Yan did not believe that there was a good man in the world, this point was the same as Lin Yan's idea at the beginning, that there was no cat under the sky that did not steal something.
