### Chapter 2811

Boom, boom, boom!

The paper figures that flew and lunged exploded and turned into a sky of confetti, the strange thing was that the surrounding plants and trees were unharmed, not even the ground that was hammered straight into it was broken in any way!

“Eh? Zero West closed Aiyiyiyiji? , ah!”

“Help .....

The paper people have let out a harsh scream, their bodies instantly ash, their souls flying away!

“You’re not even worthy of an eighty sledgehammer.” Lin Hao looked at Tian Lao Jiu with cold eyes, this hammer wasn’t as terrifying to the surroundings as an aura fight, but against these people from the Heavenly Dao Palace, it was as if it was a natural nemesis, made to get them!

The power of this hammer was really too strong, and Tian Lao Jiu had to let the mist envelop his body again!

“I’m not convinced!” Tian Lao Jiu shouted angrily, waving his golden longsword in his hand and bullying his way up, wanting to fight Lin Hao to the death.

Lin Hao stood still and didn’t move half a step, the Heaven Shaking Hammer he held in his right hand was thrown towards Tian Lao Jiu, the Heaven Shaking Hammer came out of his hand, as it flew out, it glowed with a faint black light, the hammer increased in the wind, the head of the hammer became much bigger than Tian Lao Jiu’s body!

Tian Lao Jiu’s face changed in shock as he threw his sword across his body, golden light erupted, and the next moment!

The next moment, the hammer collided with the golden light, and there was no booming sound, sparks flew everywhere, the hammer's momentum was fully revealed, forcing Tian Lao Jiu to grit his teeth and resist, but his body burst back, his feet rubbed against the ground, leaving two black marks, similar to the tyre marks left by the emergency brake!

“God bless my body, spirit protect my body! God Falling!” A tall, thin man who seemed to be less than ninety pounds swelled up in an instant, turning into a big fat man of three hundred pounds.

The hard concrete floor cracked instantly, and Tian Lao Jiu's left foot sank into the concrete floor to a depth of thirty centimeters, while his right foot took a half step back and leaned forward, gripping his sword with both hands and gritting his teeth to resist the attack of the Heaven-Shaking Hammer.

“A bit of discipline.” Lin Hao couldn't help but marvel, it was really impressive.

The spell cast by Tian Lao Jiu had rooted him as hard as a jackhammer on the ground, his speed plummeting as he was backed up by the hammer, but backing up as usual, his feet had ploughed the ground, two or three metres away, into a shattered piece, two thirty centimetre deep depressions spreading three metres away!

A mortal, borrowing the power of heaven and earth but able to cause such frightening marks, was truly terrifying, and as Tian Lao Jiu was only an ordinary character in the Heavenly Dao Palace, could one imagine how much damage those bigwigs in the Heavenly Dao Palace were able to cause?

Together with their ability to fiddle with fortunes, how much of a hidden danger would they actually cause to the normal order of ordinary people's lives? No wonder they could become a final boss-like existence!

“Give me another hammer!” Lin Hao reached out, the Heaven Shaking Hammer swept back into Lin Hao's hand, and before Tian Lao Jiu could make another move, Lin Hao once again flung the Heaven Shaking Hammer towards him with great force!

“You!” Old Man Jiu was so desperate that he cursed.

Old Sky Nine gritted his teeth and was about to ask the seniors of the Heavenly Dao Palace enshrined in the row to add their support, but it was simply too late, this time it was too fast!

Boom!

The hammer fiercely hammered on the golden light in front of Tian Lao Jiu’s body, in an instant, the golden light darkened and several times crumbled, Tian Lao Jiu was even directly flung out for more than ten meters, the ploughing bull was not even this fierce, everywhere he went, the hard concrete ground crumbled.

Finally, he hit a thick wall and came to a halt, spurting out a mouthful of blood, his feet sinking deep into the concrete floor and bursting back a dozen metres.

Half of his body plunged into the wall, and a crack appeared on the wall, followed by the collapse of the wall, directly burying him in it!

## Chapter 2812

Me drops! Shit, hide.” The few Heavenly Dao Palace disciples who had escaped from North Street had wanted to rendezvous with Tian Lao Jiu, but they had just arrived here and happened to see this scene of Tian Lao Jiu being fatally beaten up, without saying a word, the few Heavenly Dao Palace disciples turned around and ran away, or they hid nearby and waited for the following.

Most of the Heavenly Dao Palace disciples had only heard of the Wang Family’s ancestral Heaven-Shaking Hammer, but had never really seen its power, mainly because they were not qualified to have the Wang Sledgehammer use it against them, so they had no chance to see it.

Boom!

A black light burst through the ruins, lifting off the concrete slabs and bricks above, quickly shrinking to a normal state and landing in Lin Hao’s hand.

Lin Hao wasn't sure if Tian Lao Jiu was finished, but that hammer just now, and then burying a wave to this wall, not dying? Dye West zero yi serve ground love cover? It's also hard enough to resist.

Lin Hao's mobile phone rang sharply, picked it up and looked at it, Lin Hao was a bit stunned, thought it was Shen Xiyan or Zhuque calling, to Lin Hao's surprise, it was Ling Yun calling.

Lin Hao picked up the phone and it was the kidnapper's voice that came out, "Lin Hao, let the man go so we can put Ling Yun back!"

"Lin Hao, leave him alone, I'm fine here, those bastards are no good, they deserve to be killed, don't mind me." However the kidnapper's words had just fallen, Ling Yun's careless voice rang out, not the slightest bit panicked, steady as a group, obviously Ling Yun hadn't had enough of her retirement life.

"You shut up!" The kidnapper was a bit frantic and said in a stiff, cold voice, "You can consider not releasing her, we will personally hand Ling Yun over to the Heavenly Dao Palace, the Heavenly Dao Palace deals with a sixth grade Illusionary Spirit Master without any cultivation, that's not a handful, I advise you to behave yourself!"

"I advise you to behave yourself! I'd like to see how you want me to behave myself!" Lin Hao's eyes narrowed slightly as his tone grew cold.

What Lin Hao hated most was to threaten himself with his friends and family, and he wouldn't take that!

Lin Hao quickly hung up the phone and gripped the Heaven-Shaking Hammer in his hand, the Heaven-Shaking Hammer and Lin Hao's minds were connected and it grew in size, Lin Hao fiercely threw the Heaven-Shaking Hammer out, targeting none other than Tian Lao Jiu who was buried under the rubble!

Ka-ching!

Rumble!

In an instant, the wind and clouds changed colour, dark clouds rolled across the clear sky, a silver thunderbolt flashed in the air, and a compelling low pressure appeared out of nowhere.

This was not the first time Lin Hao had experienced this familiar feeling! It was the same feeling when the Heavenly Wind had appeared and he had fought with Wang Sledgehammer in a fierce battle, and here it was again!

A large black hand poked out of the dark clouds and fiercely reached out to muffle the Heaven-Shaking Hammer that had sped out.

Lin Hao hurriedly caught the Heaven-Shaking Hammer, but his face was a little ugly, wasn't this a scoundrel? He couldn't beat the others to intervene?

The Heavenly Dao Palace disciples hiding in the shadows, seeing this scene, all looked a little excited, these Lin Hao were dead, the Heavenly Dao Palace elders had intervened!

"It's the elders who have made their move! ~It looks like Lin Hao is dead!"

"No, the elders aren't personally present, we don't stand a chance this time, hurry up and retreat, don't wait for him to react, otherwise none of us will be able to escape." Luckily, there were still guys who understood better, once they saw that the situation was not right, they immediately led the others to run away!

The pair of large hands peeled away the rubble, clutching the half-dead Tian Lao Jiu in their hands, quickly retracting back towards the dark clouds with the large hands.

Lin Hao's eyes were as cold as iron, and his heart was even more resentful, he had let the other side get away like this.

So what if he was an elder of the Heavenly Dao Palace!

So what?

Lin Hao stood with his left foot to the northwest and his right foot to the southwest, both feet stepping on the heaven and earth and subduing the yin and yang!

“Old thing! Don’t run! Look at my eighty sledgehammers! Eighty, eighty! Go you!” Lin Hao shouted the horn and wheeled the sledgehammer in his hand, and by the third lap, the sledgehammer in his hand was violently flung out fiercely towards the big hand in the sky!

## Super Son-In-Law Chapter 2813–2814 –

### Chapter 2813

The Heaven-Shaking Hammer turned into a black light and rushed to the sky, fiercely hammered on the big black hand, clang, the Heaven-Shaking Hammer should burst back, and that big black? The black hammer was sent back with a clang. The hand also trembled violently and nearly collapsed, and an icy grunt of pain came from the dark clouds.

Obviously this hammer didn’t stop the other side from getting rid of the man, but this one didn’t go down well with the other side either!

“What a pity, what a pity.” Lin Hao sighed, he was already a little weak after swinging that hammer just now, so he really couldn’t swing a second hammer out, and could only watch as that big hand saved the person.

The big hand took Tian Lao Jiu and hid him in the dark clouds, but the dark clouds did not dissipate. The dark clouds revealed two huge eyes, staring at Lin Hao without the slightest emotion.

With the disappearance of those eyes, the dark clouds in the sky that were condensed but not dispersed also quietly dissipated, and the mist around them disappeared in an instant, and everything around them returned to normal again.

It was only at this time that Lin Hao received a call from Zhuque, saying that Chen Haobei and Shen Xiyao were both unhurt, but Chen Haobei had suffered serious

losses, and more than a dozen members of the Dragon Group had been lightly injured, almost all of them deflated, but the formation was broken.

The North Street caused quite a commotion, and many ordinary people who had broken into the formation were injured, but fortunately not fatally, but these people had no idea what had happened so as not to extend the matter.

Lin Hao asked Zhuque to have someone send Shen Xiyan and the others home for a while, while he went straight back to school to pick up his daughter.

Lin Hao rushed back to school and met Lin Ruoshi and Lin Yan, it was completely dark at this time and Lin Yan was telling a story to Lin Ruoshi, nothing seemed to be going on.

But seeing Lin Hao back, Lin Yan was finally relieved and couldn't help but ask, "Brother Lin Hao, nothing is wrong, right? Did they ....."

"It's fine, things are settled, they're all fine." Lin Hao interrupted, now was not the time to let Xiao Shi know these things, the reason Lin Hao let Lin Ruoshi come to school like an ordinary child was to let her live the life of an ordinary child.

To make up for the regrets of her former childhood, after all, when this child was three or four years old before, she had already gone off to fight the world with Lin Hao, which had enjoyed the life of an ordinary child.

Lin Yan, who knew she had lost her tongue, also hurriedly changed the subject: "That's good, I'm relieved that there's nothing wrong, then hurry up and take Xiao shi back, it's getting late."

"Teacher Lin Yan, dad, what are you talking about? It's weird, and why do you keep making me wait here and not letting me out of the classroom?" Lin Ruoshi cocked her head and looked at the two, something was wrong, these two had something going on, what was they hiding from themselves?

“You think too much, I went to pick up your mother, something came up on the way, they went back first. Didn’t I not worry about you, I asked teacher Lin Yan to stay with you.” Lin Hao laughed.

Lin Ruoshi didn’t believe me, “Dad, I’m not a three-year-old child, don’t lie to me, besides, why didn’t you take me with you when you went to pick up mum?”

“Daddy is not worried about you, after all, my daughter is so beautiful.” Lin Hao smiled and stroked Lin Ruoshi’s head, “Let’s go, daddy will make you something delicious when we get home.”

“Okay bla .....” Although Lin Ruoshi knew that Lin Hao was hiding something from her, but if Lin Hao didn’t say anything, she couldn’t continue to ask.

When he arrived at the school garage, Lin Hao remembered Qin Yan, but did not see her in the garage, now that he had calmed down, Lin Hao still felt a bit guilty, at that time he was really in a hurry, plus she kept on stirring things up there, Lin Hao was in a hurry before he said that kind of thing.

The thing about Qin Yuxin, although it is Qin Yuxin’s own request, but one can not completely write off the relationship is not.

## Chapter 2814

The Heaven-Shaking Hammer turned into a black light and rushed to the sky, fiercely hammered on the big black hand, clang, the Heaven-Shaking Hammer should burst back, and that big black? The black hammer was sent back with a clang. The hand also trembled violently and nearly collapsed, and an icy grunt of pain came from the dark clouds.

**Super Son-In-Law Chapter 2815–2816 –**

**Chapter 2815**

Shui Wu Chang wanted to die, was this Heavenly Dao Palace here to be funny?  
Or is it a gourd boy saving his grandfather?

He seriously doubted that the people of the Heavenly Dao Palace were giving away their heads!

If they were so powerful, why didn't they just strike out against Lin Hao?

Old Eight was dead, Old Seven was now in a coma, and Old Nine was even saved back by the Heavenly Dao Palace, otherwise he would probably have been slaughtered by Lin Hao as well.

Outside Shui Wu Chang's villa, an eerie figure suddenly appeared, a black evening dress, like a black rose walking in the darkness of the night, there was no mist around her, but her long, soft, waterfall-like hair was like a black spirit snake tangling and surging, as if it were alive, so similar to the legendary Medusa.

She is Qin Yan, the completely blackened Qin Yan.

At this moment, she had already become a demon, and the momentum that was manipulating her was being swallowed by her in one gulp.

But she swallowed this thing directly.

Qin Yan was possessed, and because she had swallowed this momentum, she became caught in the middle of her destiny.

To put it more colloquially, she had jumped out of the three realms, not in the five elements, and had become a very tricky fellow.

"Who?" Several disciples of the Heavenly Dao Palace who were hiding within this villa stood up one after another, they seemed to sense the danger coming and stood up, pulling out their respective weapons and emitting various coloured treasured lights as they took up a stance in a strict position.

When had Shui Wu Chang ever seen such a scene? These people were really something else.

“Gentlemen, Grand, Grand, Master, is something wrong?” Instead, Shui Wu Chang became even more worried in his heart, these people seemed to be god-like figures, and they all turned out to look like this as if they were on the verge of an enemy, so the hell knew what had come to the door ah.

“What a delicious smell.” An icy voice came from outside the door.

Shui Wu Chang screamed miserably and hurriedly found a place to hide, just now when that voice rang out, he felt his whole heart and mind nearly collapsed.

It was too frightening!

“Get out! Pretending to be a god, looking for death!” The leading disciple of the Heavenly Dao Palace flung the token flag in his hand, which emitted a burst of green light and shot out, then ..... there was no more then.

The green light disappeared into the sheer darkness, followed by a creaking sound, the disciple’s face changed wildly, gone, his connection with the weapon in the underworld disappeared directly!

“Do it together!” When the others heard him say that, they didn’t dare to be slow and threw out the weapons in their hands, but without exception, all of them lost their connection, as if they were completely swallowed by the darkness.

They were terrified, what was going on?

Who was that outside the door?

“Da, master, you, on you .....” hiding behind these people, the water changeless, voice stumbling, half a day can not say a full sentence, the whole body shaking like ? Lu Ai Zha’er closed Shandi Shan ? Sieve chaff, terrified, staring at the back of these people.

A few of the Heavenly Dao Palace disciples were shocked: “What the hell!”

They were also frightened enough that a blackened snake had wrapped itself around them at some point and they hadn’t even noticed it in the slightest!

Ah~!

Before a few people could regain their senses, they let out a miserable and incomparable scream as these spirit snakes opened their mouths and swallowed the momentum that surrounded them directly, including the mists that enveloped them, all in one big gulp.

These things were the equivalent of their lifeblood, swallowing them like this was no different from eating them alive!

As the black mist was swallowed up, those few Heavenly Dao Palace disciples screamed miserably and lay curled up in a ball on the ground, turning into a pile of white bones in no time.

Gone, just like that!

The Heavenly Dao Palace disciples, but so bizarrely down to die, not even know what the other side looks like, who is!

## Chapter 2816

“Don’t kill me, please don’t kill me ..... oooh, I can’t die yet, please, don’t kill me, I’ll do anything you want me to!” Shui Wu Chang trembled and curled up under the sofa, a heavy turgid smell pungent beyond belief.

At this point he was completely terrified, a monster that these masters couldn’t even deal with, did he have a chance to live?

He didn’t want to die yet!

“Heh, stupid cowardly man, despicable piece of shit.”

The voice outside the door was icy cold and full of mockery and contempt for the man at the same time.

“You’re still somewhat useful, mainly because eating you dirty my mouth, I’ll contact you when I need you.” After Qin Yan finished speaking and turned to leave, several fat black snakes burrowed out from the villa and quickly followed Qin Yan, seemingly eating those few Heavenly Dao Palace disciples and appearing a few points bigger.

Qin Yan allowed these black snakes to crawl up her body and quickly blend into her hair, and a few more black snakes came to her shadow head under the street light.

Qin Yan’s eyes turned into snake pupils, glowing with a demonic light as she raised her head to the sky and spat out her snake’s letters, letting out a spiteful voice: “Lin Hao, I’ll make you taste what it’s really like to lose the love of your life!” Lin Hao was having a candlelit dinner with Shen Xiyan when he ended up with a violent sneeze.

“Holy shit, who the hell is chanting about me again?” Lin Hao wiped his nose, slightly confused.

Who is it? What’s the point of chattering about your brother!

Shen Xiyan, on the other hand, looked at Lin Hao suspiciously, “Are you sure it’s someone else chanting about you and not scolding you?”

“Ahem, it’s not impossible for you to say this.” Lin Hao shrugged his shoulders, there was really no way to say this matter.

In the outskirts of Jinling, two miserable guys were walking towards downtown Jinling with each other in their arms.

“Lin Hao, you son of a bitch, turning off your phone at a critical moment, even if Lin Hao turned off his phone, why did Shen Xiyan turn off her phone too!” Ao Dog and Ling Yun were holding each other up, cursing and swearing.

Ling Yun laughed bitterly, not even having the strength to curse anymore, the two of them were also unlucky, they only remembered Lin Hao’s and Shen Xi Yan’s phone numbers, not anyone else’s.

They couldn't get a taxi even if they wanted to, it was miserable, too miserable.

Since Tian Lao Jiu had been fucked, the mysterious man who had come to Lin Hao's rescue had also given him a big hammer swing. In the end, the Heavenly Dao Palace side chose to put Ling Yun back, catching Ling Yun was not a threat to Lin Hao at all, and it was crucial that they could not kill anyone.

Especially someone like Ling Yun, killing her would have a huge impact on their Heavenly Dao Palace, it would be the equivalent of a one for one downfall, and someone who didn't need one for one couldn't help Ling Yun at all.

It was just like losing a bet in a match with Tian Lao Jiu, so they let Ling Yun go, but Ling Yun's destiny was forcibly changed by the Heavenly Dao Palace.

At this moment, Ling Yun is possessed by bad luck, like a side effect of Ao Dog's high moment ending, and the key is that this side effect will last forever, even involving people around her.

The reason why the Heavenly Dao Palace put Ling Yun back was that it was also the equivalent of causing trouble for Lin Hao, installing a time bomb around him.

Looking at the two men's appearance now, one could see what they had actually gone through.

Ao Dog was miserable, his body was covered in wounds, his clothes were turned into cloth and black, and there was some filth in his hair that couldn't be seen for what it was.

Ling Yun's situation was no better. After getting out of North Street, Ao Dog ran back again to keep an eye on where Ling Yun was trapped, who knew they had set him free!

The two had just met when they slipped down the hillside and made it all the way to the dung pit at the bottom of the hill, where they managed to get up from the pit and gave wild chase to a vicious dog.

The stench was so overwhelming and disgusting that the two of them vomited as they ran.

Who knows what they had to go through on such a short journey!

“Why don’t you go back first, you and ? The actual fact is that you’ll be able to get a lot more than just a few of these. I’ll only be unlucky together with you, and we might not even make it home alive.” The first thing that happened was that the people who had been in the area were not able to get back home.

## Super Son-In-Law Chapter 2817–2818 –

### Chapter2817

Even Ao Dog’s passive ignoring talent was useless, as long as she was within two meters of her, she had to suffer a piece of bad luck with her, as if there was a strong bad luck aura surrounding her within two meters.

“Bullshit, I’ll count you as a coward if you make it home by yourself! Hey, look, there’s a car.” Before Ao Dog could finish his sentence, he was surprised to find that a car was heading towards them, speeding over quickly.

Ling Yun saw the car in the distance getting closer and closer, its speed increasing instead of decreasing, its speed getting faster and faster, its engine emitting an ear-piercing roar, Ling Yun and Ao Dog’s faces changed drastically, “Shit, no way, here we go again!”

They realised that something was wrong and ran to avoid it, but they were too anxious and tripped over their feet and fell down in the middle of the road with a thud, and the car was already close at hand.

It was over!

Bang!

Ling Yun turned into a parabola and was directly knocked away by a distance of more than ten meters. Just in the nick of time when she was about to be hit, Ling Yun kicked Ao Dog away, which allowed Ao Dog to avoid a disaster.

Otherwise, if Ao Dog's body strength were to be knocked out like this, he would have been killed.

Ling Yun was knocked out and the car rolled several times before toppling over underneath Ling Yun, who was knocked away and hung directly on the high voltage line.

A moment of real sparks with lightning, high-voltage power lines, ah, the fire splashed, burst a burst of ear-splitting roar, Ling Yun on the wire a straight jerk, every inch of skin is shaking violently, the body of the hair instantly scorched black smoke, and then a big fire.

Ling Yun couldn't die, but the painful feeling of being furiously electrocuted by high voltage electricity was not lost at all. The painful torture lasted for a few minutes, she wanted to die but simply couldn't hang up.

She wanted to die, but she couldn't. Especially after her beautiful black hair went up in smoke in the firelight, Ling Yun's heart was dead.

Shaking and trembling, Ling Yun fell from the high voltage power line and just smashed into the car that crashed into her, followed by an explosion that drowned the car and Ling Yun in the flames together.

"It's over, this whole thing, it's designated that it won't survive." Ao Dog, who was lying on the ground, saw this scene and involuntarily shivered, it was too frightening, this would not be a torture that people could bear.

However, it didn't take long for a dark figure to walk out of the flames, like a superwoman coming out of a roaring fire, valiant!

Unfortunately, it was her image that was less than flattering, so dark that she looked like a Kenyan absentee.

Ling Yun walked towards Ao Dog step by step as if she had lost her mind.

"OMG, don't you come over here!"

“Forget it, I’m scared, I promise you, you’d better go home by yourself, your body is resistant, my body is not, I’ll slip away.” Just now, Ao Dog was really scared.

The whole person was like a puppet on a string, walking forward step by step with a mute expression, suddenly crouching on the ground and crying with a headache as she walked.

“It’s gone, it’s gone, it’s gone, it’s my beautiful black hair.”

Ling Yun in grief in the suburbs roadside to give sleep, or by the passing motorbike to crush awake, pain, Ling Yun straight jerk, but other than that, but no other feelings, hair is good than a woman’s life ah.

“My, my hair, it’s back?” Ling Yun stood up with a mute expression, but suddenly found that her hair had risen back overnight.

Ling Yun laughed loudly and jumped and jumped, excited like a child.

Ling Yun hadn’t been excited for long before she screamed in terror and ran away, rolling up her snakeskin bag to cover herself, even though she was so black that she couldn’t have been seen without anything on.

The reason why Ling Yun reacted so much was because she heard Lin Hao’s voice.

Lin Hao looked at Ling Yun at this moment with a dumbfounded face: “Ao Dog you didn’t lie to me? Chashan steak closed Lu Yi Shan Ai? Are you sure that this black thing is really Ling Yun?”

## Chapter 2818

“How is it possible ..... that Ling Yun could become like this? Dyeing the land Westland land er whisk? , don’t bullshit.” Even Shen Xiyan, who followed, was equally unconvinced.

Ao Dog just wanted to say something, but Ling Yun shrieked and hid, using a snakeskin bag to block her body, and hurriedly shouted, "I'm not, you guys are mistaken for someone else!"

"Holy shit! Is it really her?"

It was fine if Ling Yun didn't open her mouth, but once she did, she instead made the couple confirm that this was Ling Yun.

Ao Dog stretched his hands helplessly, "Hell knows what kind of bad luck she went through after I left last night!"

Lin Hao looked at Ling Yun and finally understood why the Heavenly Dao Palace had suddenly released her, this was to put a time bomb around him.

Lin Hao pulled out a set of woman's clothes from his consciousness space and walked over to give them to Ling Yun, what the hell, he had to put them on first.

These were Shen Xiyan's clothes, the two of them had similar figures, so it was appropriate to wear them.

"Don't you come over, don't you come over!" Ling Yun hurriedly backed away, right now she was a complete disaster, whoever came near was unlucky.

Lin Hao shook his head and took the Heaven Shaking Hammer out, his right hand opened, the Heaven Shaking Hammer was spinning rapidly in Lin Hao's hand, the potential around Ling Yun was suddenly stirred up, the bad luck around her body was also dispersed, not to mention that Lin Hao also had potential around him.

The two auras stirred together, and Ling Yun's altered aura was also affected, appearing much more disordered, which in turn eased her bad luck attributes.

Lin Hao handed the clothes to Ling Yun: "Go wash in the river below first, here are the clothes, don't worry, I broke the game just now, at least for today, you won't be so unlucky for the time being."

Ling Yun took the clothes over in faith, she had great trust in Lin Hao, but how can I put it, she still had some palpitations and was not very relieved.

After all, the previous experience had really cast a heavy psychological shadow over her.

After meeting Lin Hao's sincere gaze for a long time, Ling Yun then nodded heavily.

Although her luck was still bad and she had a lot of bad luck, compared to how much the whole world was against her before, she was simply too happy now.

“Lin Hao, I feel like those bastards deliberately let me back just to use me against you.” With a bitter face, Ling Yun told Lin Hao that before letting her go, a very strong mysterious person had suddenly taken some blood from her body, as well as her hair.

And the moment these things were taken away by the other party, Ling Yun felt all out of sorts, shivering with cold, like she had lost her soul.

The problem was that it wasn't like she had lost her soul. Spirit Rhyme had been around for years, and had a long history of understanding these evil ways.

The only thing they didn't know about was the Heavenly Dao Palace. When the Immortal Court was around, the Heavenly Dao Palace didn't dare to venture out and mete out a complete death.

Lin Hao shook his head, “I know, but don't worry, come to me every day on time, with my current ability, there's no way to completely cure your problem, but at least I can maintain this current condition of yours from getting worse.”

The corner of Ling Yun's mouth twitched, “This is fine now, after all, you don't even know how to take two steps ..... ah .....”

Lin Hao turned around expansively, where was the person? How did people disappear?

Suddenly from the sewers came Ling Yun's angry roar, "Lin Hao you son of a bitch! You lied to me!"

The three of them looked at each other and Ao Dog shrugged, "Pedestrian, pedestrian. Don't panic."

In the following period of time, Lin Hao focused on solving Ling Yun's problem, but the person who did it to Ling Yun was quite high in Daoism, Lin Hao had tried his best, but still failed to cure the problem, instead he suffered several repercussions and was quite lightly injured.

What killed him was that he had more contact with Ling Yun, and even when he was not around her, he was equally unlucky along with her.

Lin Hao had a headache enough, how come this thing was still contagious?

Another headache was that Qin Yan had resigned. The sudden departure of Qin Yan, who was nowhere to be found, did not even give Lin Hao the chance to apologize to the other party.

### Chapter 2819

Lin Hao also asked Zhuque to search for Qin Yan, there were some things that he didn't talk to the other party about, it was always like a thorn in his heart, making Lin Hao feel uncomfortable.

However, Qin Yan also could not find any trace of Qin Yan, his family did find it, but they also did not know where Qin Yan had gone, Qin Yan did not contact his family.

For a while, it was as if Qin Yan had evaporated, just as abruptly as if he had disappeared from the earth.

Lin Hao felt that something wasn't quite right, could it be that the Heavenly Dao Palace was up to something?

Lin Hao asked Vermilion Bird to focus on the recent movements of the Heaven's Path Palace, these guys were furtive, but the previous tracking by Ao Dog had revealed quite a few traces, such as the outer disciples of this Heaven's Path Palace, the fortune-telling masters who roamed among the rivers and lakes.

These jai? whisky shan shan shan zero shan closed? The fortune-telling masters that come out are in fact external disciples of the Heaven's Path Palace, and even if they have learned a hint of the Heaven's Path Palace's mastery, they can play many ordinary people in the palm of their hands.

Lin Hao had likewise tried to deduce for Qin Yan, but found that there was no way to deduce at all, very strange, how can I put it.

In the past, Lin Hao had been unable to deduce people from the Heavenly Dao Palace who were higher than him in realm, as if there was a layer of obstruction in the underworld that prevented him from breaking through, let alone knowing their existence.

But at least he could detect his opponent's existence, but when it came to deducing Qin Yan, everything was empty, how can I put it, it was as if Qin Yan had really evaporated, under Lin Hao's deduction, it felt like there was no such person in this world!

On the other hand, next to Jinling, the Heavenly Elder Eight in the hospital in Yun City woke up leisurely, the bad luck of this period of time was so bad that it was almost tormenting him to the point of no return.

Today, however, he suddenly recovered, the misty grey mist once again covering him up and obscuring the heavens, and the bad luck suddenly got away from him, and the days of recuperation were at last a little more comfortable.

"Congratulations on the waking up of the Eight Paladins, what a joyous occasion." The two Heavenly Dao Palace disciples who had stayed here learnt that Heavenly Elder Eight had woken up and rushed to congratulate him at once.

Amongst the Heavenly Dao Palace, the worst was the outer disciples, to disciples, then the head deacons, followed by the outer deacons, and the head deacons were somewhat similar to the inner disciples, and had some small power within the Heavenly Dao Palace.

Although the Heavenly Elder Eight had woken up, the injuries on their bodies were not able to recover as quickly as they should have, after all, their bodies were those of ordinary people.

Sky Elder Eight looked at the two disciples and couldn't help but ask him about what had happened during the time he had been unconscious. When he learned that first head-on collision with Lin Hao on that occasion, which resulted in all but Elder Tianfeng and him hanging, it left Sky Elder Eight both angry and shocked.

As a result, Tian Lao Jiu led his disciples to deal with Lin Hao, and he had come prepared, and had even set up a trap formation, but in the end, he was still killed by Lin Hao with the Heaven Shaking Hammer.

“Heaven-shaking Hammer, it's actually a Heaven-shaking Hammer!” Heavenly Old Man Eight's complexion brightened and darkened, the treasures passed down from the Wang family lineage were no cover, at this moment the deacons of the entire Heavenly Dao Palace were all out in force, there were even a few elders on standby.

There was only one objective, to finish off Wang Da Hammer, and without the Heaven Shaking Hammer, they were not enough to fear.

After all, the Wang family lineage and the Heavenly Dao Palace were feuding for thousands of generations, but they only had one purpose, and that was to oppose the Heavenly Dao Palace, and the Heavenly Dao Palace couldn't help this family and couldn't exterminate them, so it could be seen to what extent the hatred towards their Wang family had reached!

“In addition, the palace has sent a message that if the eight palace members wake up, they should immediately return to the palace, and now the Heavenly Dao Palace has recalled all the disciples and palace members in Jinling as well as Yun

City, all of them.” One of the disciples interrupted Old Eight’s thoughts and informed him of the Heavenly Dao Palace’s edict.

“All recalled? What’s going on? Lin Hao alone isn’t enough for the Palace Master to give such an order, right? You know, our palace deacons may not be Lin Hao’s opponents, but the outer sect deacons may not be afraid of him.” This order left Old Eight greatly puzzled.

## Chapter 2820

The Deacon and the Deacon of the Outer Sect had all reached a level of minor achievement, and the strength of the power they mastered was so strong that they had already left the ranks of ordinary arithmeticians.

The elder had even reached the level of an ascendant.

Besides, even if they couldn’t beat Lin Hao, Lin Hao might not be able to find them, and if they wanted to hide, almost no one but Wang Sledgehammer would be able to find them out.

“A strange thing has appeared recently, even the palace master can’t count what it is, it’s a guy who suddenly appeared, specializing in hunting and devouring our Heavenly Dao Palace disciples’ original potentials, all the Heavenly Dao Palace disciples in Jinling were all killed by the other party, the disciples in Yun City have been hunted since yesterday, even our dojo in Yun City has been destroyed.” That Heavenly Dao Palace disciple was full of bitterness, if they didn’t have orders to wait for the Heavenly Elder Eight, they probably would have already run away.

“What? How is this possible! Someone that even the Palace Master himself couldn’t project? Who the hell is that? Even if it’s Wang Sledgehammer, the Palace Master is still able to make a projection or two, how can there be a freak who can’t make a projection at all! Could it be that there is a second Son of Heaven’s Destiny?” Old Eight was dumbfounded, it was almost impossible for this to happen.

And after finishing, it felt wrong, Lin Hao and the others were able to deduce it, but once they deduced the result, it would be changed by the Heavenly Dao, so they could at least know a little bit about it, but the one who started it this time was completely untraceable and even more impossible to deduce, it was as if it was a ghost, even more divine than them.

“It’s not clear, this is an order from the Palace Master himself, rumours are rife in the Dao that this is all the work of the Black Demoness, from the name it should be certain that this is a woman, and the most damning thing is that this woman seems to be able to grow herself by hunting down and killing Heavenly Dao Palace disciples.”

“What the hell.” Old Eight cursed to, “Previously, there was only one Wang family who had the Heavenly Dao Palace as their arch-enemy for generations, and now a freak who specialises in devouring the Heavenly Dao Palace and growing herself has appeared, is my Heavenly Dao Palace just not treated well by the Heavenly Dao?”

The greatest sadness of the Heavenly Dao Palace is that it is able to borrow the Heavenly Dao, and even more so, it claims to be the spokesperson of the Heavenly Dao and the one who holds the punishment on behalf of the Heavenly Dao, yet it has never been recognised by the Heavenly Dao, and even, once they are unable to cover up the Heavenly Dao, the Heavenly Dao will put them to death.

How ridiculous and sad it is to claim to be the spokesman of Heaven, the one who takes the reins of punishment on behalf of Heaven, and yet be rejected by Heaven!

“Alas, how helpless this is, since the Palace Master has ordered it, let’s go back, I have difficulty moving now, you two give me a hand and take me back.” Old Eight sighed, his voice full of sadness and helplessness, he even questioned himself if what the Heavenly Dao Palace insisted on was right?

Were they following the will of heaven? Or were they a shit-stirrer who broke the rules of the Heavenly Dao?

However, the two disciples did not move for half a day after Lao Ba had finished speaking, so Lao Ba, who was already in an irritable mood, asked, “What are you doing? Are you all deaf? I’m asking you!”

Old Hachi looked up at the two disciples of the Heavenly Dao Palace who were standing motionless beside the hospital bed, and when he saw them, his face looked terrified: “You, you .....

The old eight heart a? Shandi Ai Di pick up dyeing to cover zero? cold, it’s over.

These two disciples were actually killed right in front of him, unknowingly! Even if the spell was cast from space, there would have been an omen, but he didn’t feel any.

The two men were frozen in place, but Old Hachi could clearly feel that they had already passed away, and what remained here were just two empty shells.

Just then, two blackened spirit snakes spat out their snake letters and wrapped themselves around the two men, their triangular tongues drooping over their shoulders, spitting out crimson snake letters, their pupils glowing with a demonic green light.

“Who the hell are you? Even if I am to die, let me at least die with clarity, I think.” Old Eight had no intention to resist, the other party was able to silently take out two disciples, so he could silently take out him, a sick man.

“Hehehehe .....

The two spirit snakes were actually able to spit out human words and let out a numbingly cold laugh, “If I wanted to kill you, you wouldn’t even have the chance to open your mouth.”
