

Super Son-in-law 551-560

Chapter 551

When Shen Xiyan chased after her, Lin Hao was already far away, Lin Hao did not choose to go out, but walked towards the upstairs of the Half Moon Bay Hotel, and did not take the elevator, just take the stairs

‘Lin Tian you wait, I have something to say to you’ Shen Xi Yan saw Lin Hao is about to go up the stairs, and quickly yelled at Lin Hao Dye Yi Xi Pa Yi Cha Lu, because Lin HaoThe first thing you need to do is to get your hands on the right person, and you’ll be able to do that with the right person.

The Lin Hao who is walking in front, carrying Shen Siyan, with a slight smile on his lips, said without looking back: ‘Good, then you come with me, go to the top floor to get some air, today is a good day, I also have something to say to you’ Lin Hao finished onPicked up the pace, turned into the stairs and climbed towards the top

Shen Siyan saw that Lin Hao didn’t stop, and she bit her lips in anger, but today no matter what, the man in front of her helped her.Even if she didn’t do anything, the least she could do was to go and say thank you to the man properly, that was the minimum.So at this moment, when Shen Shi Yan saw Lin Hao get into the stairs and walk upwards, she couldn’t help but also quickly speed up her steps to catch up

Shen Xi Yan height 168 is also long legs, figure especially tall, in the past also often sports, just Shen Xi Yan at the moment in high heels.Walking obviously not fast enough, and she did not think to take the elevator, is stepping on the heels of the direction of the disappearance of Lin Hao chased up

‘Go so fast what ah’ Shen Xiyan chased to the stairs, found that Lin Hao has been up two floors, and Lin Hao is still going up fast, Shen Xiyan gas very cute bit her lips, deep breath again on Lin Hao chased up.....

And then the two just so a run a chase, Tianhai City, Half Moon Bay Hotel is an absolute high-rise, more than 100 meters high, before the two in the floor is the central floor, this will start to climb the floor, ShenShanYan already do not know how many layers, but the man in front of the face actually still does not change color, without the slightest pause to go up, and look at that look really is not tired at all.....

Hoo The next moment when Shen Siyan climbed to the corner of a staircase again, she had begun to breathe heavily, her body was sweating, fragrant sweat, Shen Siyan stared at Lin Hao's back as he flickered away upstairs, incomparably depressed: 'This man is really a monster! Doesn't he ever get tired? Ah ah ah gas dead me ' Shen Xi Yan cursed in her heart, once again, deep breath, holding the handrail of the stairs to chase up

At the moment the more Shen Xiyan pulled the farther and farther Lin Hao, listening to the downstairs that rapid footsteps, as well as Shen Xiyan that heavy breathing, the face of the smile on the more intense, the heart said: 'Xiyan, you should also exercise exercise ah, you this physical quality can not be ah, you did not previously say that I will also be drained dry it ' .

Lin Hao smiled slightly, his feet moved even faster, Shen Shi Yan was climbing up one step at a time, while he was climbing two or three steps at a time, because Lin Hao accelerated again, so he soon reached the roof of the building

A full three minutes later, Shen Siyan's figure only appeared in the roof of the exit there, just this time Shen Siyan is about to stand up, clothing roof of a handrail, fiercely gasping, full of sweat, originally lost in the back of the long hair, this will also float down, really said on the long hair floating, abnormal beauty

'What are you running so fast for, why don't you take the elevator ah ' standing at the stairs, gasping for breath Shen Xi Yan, can't help but to Lin Hao just stare hard. This glance carried some little grudges, with some little cuteness. And coupled with the roof of the mighty wind, blowing Shen Xiyan behind the head of the long hair fluttering in the wind, making this moment Shen Xiyan is so beautiful, beautiful, just Shen Xiyan herself does not know, she is now the appearance of, she is gasping for breath, looking at the front not far away, leaning back against the railing, smiling at her man

Lin Hao turned his back to the wind and stretched out his hands to Shen Xi Yan, 'Don't you think the scenery here is beautiful? And after the strenuous climb up here and seeing the view, don't you think it's, like, really beautiful? You take two more steps forward ' .

Er Shen Siyan listened to Lin Hao and looked at the man standing in front of her in the sunshine, facing the breeze, and was stunned for a moment, at this moment she only felt that the man in front of her was really handsome, so handsome that he didn't even look like a normal human being.

In the next moment, Shen Siyan listened to Lin Hao's words and stepped out, heading outside. After she walked a dozen meters, she suddenly froze. Deeply shocked by the sight before her!

552

This is the rooftop of the Half Moon Bay Hotel which is a hundred meters high, at this height, all the surrounding floors are underfoot, and here it is unusually quiet, only the man who is smiling at her in the sunshine and breeze in front of her.

And right now she is standing in the center of the roof, all around the sky, overhead is the blue sky, white clouds, the rising sun, ear side of the face are all the breeze blowing, her long skirt fluttering in the wind, long hair fluttering in the wind, standing here, she feels the whole heart and mind, at this moment all seem to become wide open.

The next moment Shen Shi Yan suddenly looked at Lin Hao with wide eyes, because before she wanted to catch up with Lin Hao because she felt that she had made Lin Hao angry, she had made him angry. But right now when she looked at Lin Hao's smiling face again, where was there any hint of anger in the man in front of her? It's a good thing I just followed him up these high stairs because I was afraid he'd be angry!

Shen Xi Yan walked up to Lin Hao and asked him, 'Aren't you angry now?'

Lin Hao smiled and said, 'Facing you, how could I be angry ah, even if I am angry again, but being able to see you, I am no longer angry in my heart' Lin Hao spoke with a faint smile always on his face, a smile that made people feel incomparably warm when they looked at him, no longer the cold and gloomy face, the hostile face that was in the venue before!

Shen Xi Yan looked at Lin Hao's smile and for a moment she was stunned. It turned out that this man really smiled and was also so handsome. After looking at it for a while, Shen Siyan quickly turned her head away and stopped looking. No matter how handsome the man in front of her was, she wouldn't like it. Shen Siyan walked over to Lin Hao and also leaned against the railing, looking at the scene in the distance

At a height of over a hundred meters, you're already able to see far, far away, after all, there's no big mountains in the way here in Tianhai City. In the past, when you were on the street under the building, you might still feel that the street was dirty and occasionally you would see some not so good things, but right now when you are standing high up and

looking down and into the distance, all you see is a beautiful scenery, a very, very good scenery

‘It’s so beautiful’ Shen sighed from the bottom of her heart as she looked at the scenery in the distance

Lin Hao nodded and said with a smile, ‘Well, of course, you feel beautiful because you’re standing at a higher height, so all that junk below the bottom level, when you look down from that height, you’ll also find that it’s a nice view. So cherish your face, you have to try ah, try to stand higher, then the view you see in the future can also be more beautiful’

The first thing you need to do is to take a look at the company’s website. She knew that just now Lin Hao in her unconsciously, with practical action to her a very memorable lesson!

‘Oh yeah, did you just say you had something to say to me? What is it? I’ll definitely do what I can, because if you hadn’t come to help me today, I definitely wouldn’t have gotten the honor. And I wouldn’t even get to know Chen, so what are you looking for me for, I won’t charge you this time, just as a thank you, okay?’ Shen Shen turned her head and smiled at Lin Hao.

‘A thank you to me? Are you sure about that? I came to you because I want you to design two dresses for me, are you sure you’ll give it your all?’ Lin Hao smiled and said to Shen Shi Yan.

‘Well, I promise, because you’ve helped me so much, so no matter what kind of clothes you want, I’ll do my best to design them for you!’ Shen Xiyuan also said very seriously.

Lin Hao nodded his head and took a deep breath, a trace of sentiment suddenly rose in the depths of his eyes, he looked at Shen Suyan with a somewhat complicated smile and said, ‘Well, help me make a set of clothes for the bride and groom, the kind that will attend the wedding. My size will be sent to you later when Mo Tianma will send you the bride’s size as well’

Shen Xiyuan suddenly froze and said to Lin Hao, ‘Uh, you, didn’t your wife pass away? You’ Shen Xi Yan was suddenly a bit complicated, biting her lips and said to Lin Hao.

Lin Hao nodded his head and looked at Shen Xi Yan and said, 'Well, but this time I went back to Tian Hai, I also want to hold a wedding for her, although I was married to her, but in the past, because of many things, I didn't even have a wedding to make up ah, this is the regret of my life

Boom

When Lin Hao's words fell, suddenly Shen Xi Yan felt her head exploded with a thud, because she and Lin Hao also did not hold a wedding, they were married twice and divorced twice, but even so, both times did not come in a hurry to hold a wedding, Lin Hao passed away

Thinking of this Shen Siyan eyes suddenly moist, she took a deep breath and looked up at the sky, trying not to let her tears fall

Only after a long, long time did Shen Siyan suddenly bowed her head and said to Lin Hao, 'Well good, don't worry, I'll definitely design the best work for you, for sure!'

Lin Hao smiled and nodded, 'Well, then, I'll give this set a name, and the male version will be called Peerless!The girl's name is Red Beauty!You think so?'

Shen Siyan please unconfidently nodded her head: 'Well can, these two names are very atmospheric, peerless is very much in line with your status, and the female version of that dumping world red face, although I have not met your wife, but I think, since she was able to become your wife, now even if she passed away, you still think of her so much, then she can definitely be called a dumping world red face

Lin Hao suddenly frowned and said to Shen Xi Yan, 'Xi Yan, although I don't know your field of costume design, but the reasoning is interoperable, I believe that in order to make a good work, you have to put in, so I have an unfeeling feeling, that is, still please substitute yourself in the design of this costume, can you?'

Shen Zhaoyan thought about it, didn't hesitate anymore and said, 'Yes, so when do you want it?'

'Three days, after three days, you have to send the wedding dress and suit to my office, because six days later, it will be the first of January of the next year, on that day, I have to give my wife, the most exuberant wedding in Tianhai City, time is short, okay?In addition I will make 13.14 million to your company's account, you have to use the least amount of materials to make it, you can take this money and deduct it from your company's profit later, okay?'

Lin Hao said the date to Shen Xiyan.

‘Well, yes, three days, don’t worry, after three days, I’ll hand deliver the finished product to your company!’ Shen Si Yan solemnly pledged to Lin Hao

Lin Hao smiled and nodded, ‘Well good, then I’m looking forward to your masterpiece I’m sure that this one of yours is even better than your Redhead series

Lin Hao gave a meaningful glance at Shen Xi Yan and said in his heart, ‘Because, the mistress of this work, it is you, it has always been you, it will always be you, it will always be you, it will be you for life, and it will still be you in the next life

553

This time after Shen Xiyan and Lin Hao parted from the rooftop of the Half Moon Bay Hotel, Lin Hao did not go to see her off, but Shen Xiyan went back to the office by herself

As soon as she returned to the company, Shen Siyan directly announced the closure, she cleared out all the employees in the office and took a vacation, an unconditional three-day vacation. Then Shen Xiyan ordered a bunch of snacks, instant noodles and ham sausages and so on. After greeting Wang Shufen Gu Yue and a few others, her phone just turned off, uninstalled all the office software on her computer, locked the door inside and pulled all the doors and windows of the company. And she began to close the door!

She only had three days to do it because of the time constraints! In these three days, she had to design the peerless male model and the world-beating female model, and for these two dresses, that overbearing man even called 13.14 million directly over, so Shen Shiyan’s pressure was not insignificant.

Although the outside world in Tianhai City was now rumoring that Lin Tian was a domineering, cold and ruthless man, only Shen Suyan knew that there was an extreme pain hidden deep in that man’s eyes!!!! And this kind of pain, she also had it in her heart. Shen Xiyan could see from that man’s eyes how much that man valued his deceased wife in his heart!

Next, all the fabric used for the wedding dress and suit, Mo Tianji will send someone to send her over, all she needs in the next two days is the drawings and then keep designing! Incorporating all of her emotional designs

Sitting alone in her office, Shen, with her long hair coiled up, jerked up her sleeves, and a pencil in her mouth, began to compose her drawings in the most primitive way, not

borrowing a computer, but just starting on paper, a unique way she had created, and she always felt that her own hands, were much better to use than a computer! Inside the office, Shen took off her high heels and started thinking in the office with her bare feet, and the huge office was supported with an easel

Time slowly passed, one hour, two hours seven hours, eight hours. At two o'clock in the morning, Mo Tianji sent the world's top wedding fabric and suit fabric, according to Shen Xiyan's requirements and some diamonds, gold thread

Shen Xi Yan received zero Xi Yi Dye Xi Wu cover closed to collect supplies, the same sentence did not say, that is, in the house closed to make a map. At the moment she has forgotten everything, sleeplessly began to create, completely forgetting time. The quiet surroundings also gave her the best environment to create

By late night, Shen Xiyan is still conceptualizing it, and at the moment, the company has thrown away hundreds of design drawings on the floor

'No, no, it's still missing some feeling, that man, that man's feeling, what's he feeling? What the hell is it? Cold, domineering? Or is it cruelty? Or a born king? No, none of that, what is it, exactly?' Shen Xi Yan made a direct cut on a pair of design drawings that she had just finished drawing, completely voiding it. The design she had just finished drawing in front of her was already perfect, even reaching the level of the Rouge series, but Shen Shyan still destroyed it without hesitation, simply because she felt that this pair of works, lacked some feeling

'The best of the best ah, this work that man named the best of the best ah and so on! Unparalleled? Yes, yes, that's the feeling! The feeling in that man is just unparalleled, like someone from this world, but not, like there's no way to find another one in this world, yes, this is unparalleled!' Mumbling to herself, Shen Shen was suddenly struck by her own words, sometimes it's just like that, a top-notch piece of artwork just has to have a soul in it! There's a charm there!

Shen had clearly designed it so well before, but it still felt like it was that close! An unparalleled feeling! At this point, Shen took a deep breath, took a big sip of coffee, seriously washed her face, combed her hair, got dressed, and walked back in front of a brand new piece of drawing paper in her best posture

She picked up the brush and began to paint, an hour, two hours, a full three hours later, Shen Shi Yan suddenly put the brush away, she looked at the piece in front of her and suddenly stayed there, the next moment her eyes thumped out tears!

554

Because the piece in front of her, if she added a character to it, it would be Lin Hao. Yes, she incorporated Lin Hao's feelings into it, unparalleled, because only Lin Hao was so unparalleled in her heart

At this moment Shen Xi Yan's hand can't help but sketch a portrait of Lin Hao above the suit, and found that it is such a perfect fit, almost a perfect fit, and because she drew it so realistically that the Lin Hao inside the painting seems to have come to life.

'This is the best of the best in my heart the best of the best in my heart only you, only you husband' late at night Shen Xiyan a person facing his own drawing board, tears flowing

.....

Shen Xi Yan did not sleep this night, the same Lin Hao did not sleep, at one in the morning, Mo Tianji told him about Shen Xi Yan's creation state, and at this moment Lin Hao did not go back to sleep, that is, standing in front of the window of the president of the Tianhai Group's office, in the dark, under the night, his eyes have been looking at the direction of Shen Xi Yan

'Have you succeeded in creating it, pity face? Do you understand the meaning of 'unbeatable' and 'red-headed'? I believe you, I believe that you of my wife will be able to figure out the meaning of these two names, because only you in my heart is the true peerless' Lin Hao looked in the direction of Shen Xi Yan also said to himself.

There were still six days left from January 1st, and there were still five days left now, Lin Hao's plan to fake his death had already reached its end, Shen Xiyan had grown tremendously in every aspect of her life after this Heavenly Sea incident, especially in this aspect of her mind and heart, Shen Xiyan had grown the most, and it was time to wrap up, he Lin Hao was going to give Shen Xiyan a lifetime of glory on the first day of the new year, hosting a wedding that the whole world will be watching! And he owed her that!

Shen Siyan probably wouldn't fall asleep for the next few days, and he, Lin Hao, was just accompanying her in silence. He believed that Shen Xiyan would be able to design the most perfect work, for sure.

He also remembered that when he was in Nanjiang City, Shen Xiyan once joked to him, 'Honey, I am a clothing designer, you said that when we have a wedding in the future, we will wear my personally designed wedding dress, okay? At the time, Lin Hao smiled and promised her, well definitely

The first day of the new year, Lin Hao is going to make her become a whole new year. The most beautiful woman in the world! Just like the name of that wedding dress dumping the redhead!

Then the next step is to build momentum! There were still five days left, and Lin Hao was going to continue to build momentum, using all the power of the Tian Hai Group to do so!

'Brother!' Mo Tianji's figure walked in from the outside, he stood quietly behind Lin Hao and didn't turn on the lights, he was now also hot-blooded, waiting for the scene five days later when Lin Hao regained his true appearance and held his wedding with Shen Shiyan in the presence of everyone in Tianhai City. That scene, even a grown man like him felt incomparably romantic! He was absolutely sure that the wedding between Lin Hao and Shen Siyan in Tianhai City five days later would be an unprecedented event, absolutely a grand event! And on that day, Shen Xiyan, who had gone through so many hardships and carried so many curses on her body in Tianhai, would be completely cleansed on that day!

Lin Hao nodded, looked in the direction of where Shen Xiyan's company was, and slowly said, 'Tianji, from tomorrow onwards, continue to create momentum, use all the power in your hands, and completely announce the Peerless and the World-beating Rouge series that Xiyan is currently designing! Remember to let everyone know in one day! Also, contact Yuichi and ask him to send more men to protect her. No one is allowed to enter her company for the next three days! Got it?'

'It's Big Brother! Don't worry, I'll make the arrangements, and I guarantee that tomorrow morning, all the news media, self-media, new media, etc. in Tianhai City will have news of sister-in-law's new design!' Mo Tianji nodded and said, and walked out of Lin Hao's office

'Xi Yan, I'm going to start, three days later, just wait for your work to come out, it's our wedding dress ah, once in a lifetime, only this time, I believe you can do well, five days later, become my most beautiful bride there are five days left, you wait, wait again five days later I'll give you the biggest surprise

Lin Hao looked at the direction where Shen Xiyan was and muttered to himself

The next morning, the people of Tianhai City who woke up early in the morning to go to work and school were suddenly shocked to discover that two pieces of news had been brushed aside, and no matter which app they opened, they were able to see the news about Lin Hao and Shen Suyan.

The first one was that Shen Shyan had won the honor of being the number one fashion designer in Tianhai City yesterday, and a while ago, the Rouge Collection designed by Shen Shyan had even been selected as the best of the year!

The matter about yesterday's big trouble with the Tianhai City Fashion Designers Association was not mentioned and was covered up by Lin Hao. The only thing that was presented to the public at the moment was the great success that Shen Suyan had achieved with her own strength, and nothing more.

But the more so, Shen Suyan's beautiful designer's persona is more than the more standing, and Shen Suyan designed the red face series, the public's eyes are bright, who is not blind, naturally understand the red face series is not fried out, is really very very good, at the moment to see Shen Suyan was named the best costume designer of the year in Tianhai City, it feels like this is a matter of course

The hearts of the crowd were suddenly even more impressed with this woman who had the title of the number one redhead in Tianhai City, because she was already not only beautiful, but also so talented. Suddenly, there was another title added to Shen Siyan: Talented Lady, as the name implied, a woman who combined talent and beauty! For a time Shen Xiyan's reputation was once again created

And right after the crowd hadn't recovered from the first news, the second news broke back into the hearts of the crowd, and that was that the first president of Tianhai City, yesterday, commissioned Shen Xiyan to create two sets of costumes, wedding costumes. Quoted price of 13.14 million, using 13.14 million just to customize two sets of costumes from Shen Xiyan!!!

The wedding attire could be considered sky-high, and suddenly Shen Xiyan's position in the hearts of the crowd rose to another level. But after the crowd was shocked, it suddenly came to mind, such as today the most powerful and overbearing president of Hai City, is he getting married? Why else would he spend 13.14 million on two custom wedding suits? It was soon revealed by an insider at Skysea Group that their Lord President was indeed getting married, on January 1st

This news was still suspected by the crowd, but after Mo Tianji, the titular president of the Tianhai Group, admitted it himself. Suddenly this news completely exploded the public opinion of Tianhai City.

Lin Tian, that was the most powerful person in Tianhai City today, with unimaginable wealth, and just one Tianhai Group under his command was already more powerful than the Ye Family, the number one family in Tianhai City. How strong was Lin Hao's backstory then? And who was the woman he was marrying? For a time the crowd didn't know in their hearts who the happy woman was, but they were all certain that the woman would be incredibly happy in her life

The news that Lin Tian was going to hold his wedding in five days spread throughout the entire Tian Hai in a single day, and it was being discussed everywhere in Tian Hai. The Leng family, which was a second-rate family in Tianhai City, naturally also got the news. But unlike the excitement of outsiders, the Leng Family was incomparably heavy and tense at the moment.

Inside the Leng Family's secret room, Leng Changjiang called Leng Feng over, and this time when the two of them were talking about things, they finally moved to a different place, no longer in the hall. Because what the two of them were going to talk about next was pretty much a matter of life and death for the Leng Family!

Inside the underground chamber, Leng Changjiang's face was heavy to the extreme, there was tension in his appearance, as was Leng Feng's, and there was more fear of the future in Leng Feng's eyes.

'Grandpa, what should we do, my intuition tells me that that Lin Tian definitely has something to do with Shen Xiyan. Although it wasn't reported on the news, I got insider information that at yesterday's award ceremony of the Tianhai City Fashion Designers Association, originally Sun Zhenggang and the others were the ones who secretly gave the first place to Wei Fei'er. Originally Shen Suyan was already desperate, but at the last minute, Lin Tian went with Mo Tianji and directly revealed all the insides in public, scaring the Tian Hai City Fashion Designers Association and having to give Shen Suyan an explanation, so it can be said that if Lin Tian hadn't gone to help Shen Suyan yesterday, then Shen Suyan definitely wouldn't have won such an honor!'

The company has been in the process of developing the new product for the past two years, and has been working on the development of the new product for the past two years, which has been in the process of developing the new product for the past two years..... And most importantly, that bride's wedding dress, the name of which is called Tipping the World Red, also has the word Yan in it, Shen Xiyan's Yan! Grandpa, I've never

heard of Lin Tian having any relationship with a woman other than Shen Shi Yan, so could the bride at Lin Tian's wedding five days from now be Shen Shi Yan?'

Although Leng Feng was speaking his own opinion to Leng Changjiang, he was pretty much certain within himself. His intuition told him that Lin Tian was going after Shen Suyan. And once Lin Tian really married Shen Shi Yan, then how would the Leng family let them off the hook for what they had done to Shen Shi Yan a few days ago? The Gong Family, which was much more powerful than their Leng Family, was destroyed when Lin Tian said so, not to mention their Leng Family.

That's why Leng Feng was incomparably afraid at the moment, even though Shen Ruoxue hadn't appeared by his side these past few days, he didn't care, he simply forgot about it.

556

Leng Changjiang sucked in cold air as he listened to Leng Feng's words, and he knew in his heart that Leng Feng was right. Leng Feng was smart, otherwise he wouldn't have entrusted the future of the Leng family to Leng Feng.

Leng Changjiang sighed deeply and said with incomparably heavy eyes, 'Things have come to this, we only have two choices. The first is either to quickly go and apologize to Leng Qiu Ya and that wild seed now. The second is to expose the stain of Shen Xiyan's previous marriage in Nanjiang and her recruitment of a door-to-door son-in-law in front of everyone in Tianhai City! And once that bastard's identity is exposed, I believe that with an existence like Lin Tian's, he will definitely not want her anymore, and even if Lin Tian still has interest in that bastard in his heart, the family behind Lin Tian will definitely not agree

Leng Feng nodded his head eyes complex: 'But grandfather no matter what we do, our risk is very big, the first now to go to apologize to Shen Xiyan mother and daughter, it is probably too late. The first one is to go and apologize to Shen Xiyan, who is now in closed creation, with a security lockdown at the entrance, if we forcefully break in, it's not to apologize. And the second one, if we expose Shen Suyan's previous affairs, if Lin Tian really likes Shen Suyan, then I'm afraid he will also be angry with us who exposed

Leng Changjiang nodded and said, 'Well, Lin Tian's anger is not something we can bear. So even if this thing is to be done, we can't personally appear in the Leng Family, then contact the Darknet Bar and spend a huge amount of money to have someone from the Darknet come and expose it, this thing is done a bit more covertly. When Lin Tian

learns about Shen Shi Yan's past, he will definitely be disgusted with that bastard, and then our Leng Family's crisis will naturally be lifted'

Leng Feng was silent after hearing Leng Changjiang's words. In fact, he was also unwilling to go and apologize to Leng Qiu Ya and Shen Suyan. A whispered apology, and if he chose the first one, then Shen Suyan would definitely be welcomed back into the Leng family, and once Shen Suyan came back, if he remarried to Lin Tian Hou, then his right to speak in the Leng family would basically be gone. The Leng Family would fall into Shen Shyan's hands, which was something he could never endure. So since that was the case, he might as well go ahead and take a chance!

And both Leng Feng and Leng Changjiang still had an idea in their hearts that after Lin Tian had exterminated the Gong family, it had been so many days in Tianhai City, but they hadn't seen Lin Tian make a move against them, or even target them. So in both of their hearts, the extermination of the Gong family was definitely not because of Shen Xiyun, but because the Gong family had really pissed off Lin Tian somewhere, and it was all just a coincidence

Leng Feng, who had finished thinking about everything in his mind, nodded approvingly to Leng Changjiang, 'Don't worry grandpa, I'll take care of this, the reason why the dark web is called the dark web is that the news from above is opaque. Even if it's as strong as Lin Tian, he won't be able to find out, it's globally networked!'

'Well, that's all there is to it, relax, Lin Tian is as terrifying as that. How could he fall in love with that bastard? This kind of thing is not even allowed to happen in a small family like ours, let alone that terrifying family behind Lin Tian 'Leng Changjiang said with great certainty, in his heart the knowledge that the door is a door is the truth!

Leng Feng also nodded in agreement, 'Well, I know, don't worry grandpa, I'll definitely do it

After Leng Feng finished talking to Leng Changjiang, he walked out of the Leng family's secret room. When he left the secret room of the Leng family, a thick layer of gloom rose on Leng Feng's face, after hearing the news of Shen Xiyun in Tianhai City these days, and also saying that he was in front of Shen Xiyun's company that day, and then slapped by Ye Wushuang and Mo Tianji, many people in the Leng family had begun to be afraid, and they united to pressure Leng Changjiang Leng Feng, saying that they wanted to welcome back Leng Qiu Ya and give Shen Xiyun a big sister in the Leng family! The identity!

In the past few days in the Leng family, with the outside Shen Xiyan with Lin Tianxi Shanzhazha Xi Ai'er Wu's gossip more and more, this kind of sound is getting louder and louder. Leng Feng's heart has been irritated to the extreme! The Leng Family was his Leng Feng's, how could he be taken away by outsiders? And he wanted revenge for the humiliation of being slapped by Ye Wushuang in public a few days ago, he now couldn't sleep every night, and every day he was thinking about how to kill Ye Wushuang in the future! So in this situation, how could he allow the Leng family to welcome Shen Xiyan back? Take away his power in the Leng family?

Leng Feng's eyes were fiercely filled with bitterness and deep resentment at this moment, he gritted his teeth and said in his heart, 'Shen Xiyan, you can't come back, the Leng family can only be mine, it can only be mine! You want to take away the Leng family's inheritance, even with a bastard like you? You're dreaming, huh? Do you really think you can marry into a wealthy family just because you hooked up with Lin Tian? I can only say, you really think too much, wait, two days later your work, isn't it out, but again, two days later those dirty things you used to do, also come out hehe 'Leng Feng The gloom in the eyes is getting thicker and thicker

557

Time passed day by day, and soon the time Lin Hao and Shen Siyan's appointment was about to end, at five o'clock in the morning on the fourth day, Shen Siyan put away her scissors and took a deep breath, only the next moment her eyes were a bit dull, and there was a hint of reddening

Right now in the middle of the office, the model is wearing two outfits, the groom's suit and the bride's white wedding gown. The two outfits are so well put together and so beautiful

Shen Xiyan had succeeded, she had succeeded. She didn't need anyone to evaluate them, she herself was able to determine that these were two pieces that were successes because they incorporated all of her feelings, all of her emotions when she was with Lin Hao

The men's model was called Peerless, and the women's model was called Tianyi Rouge. These two suits were worth 13.14 million, each one was inlaid with 99 diamonds, and gold threads, the world's best fabric, Shen Xiyan, the number one designer in Tianhai City's clothing industry, personally designed them, and more importantly, they incorporated all of her feelings for Lin Hao. The feeling of the men's suit, she didn't follow Lin Tian, but just followed Lin Hao to make the women's, and in the end, she chose her own

'Lin Hao, in the past when we were in Nanjiang, I told you that one day at our wedding, the two of us will walk into the marriage hall wearing a costume designed by me myself, now the wedding dress is designed by me, but you are no longer Lin Hao I really want you to wear this suit, I think this suit will be worn by you, you will definitely be very, very handsome' Shen Xiyan smiled at the corner of her mouth, but two lines of tears slid across her face

Shen Xi Yan looked at the wedding dress in front of her, fell into a deep longing, she just dreamed, dreamed that when she wore this wedding dress, followed Lin Hao together into the church, holding the hand of his lover, footsteps paragraph, to give the most beautiful self to Lin Hao, to the man she loved the most

The two sets of costumes were so dumbfounded that time hurriedly passed, and after three days and three nights of sleeplessness, Shen Shen depleted all her efforts, emotions, and talents to design these two costumes. Now these two finished products in front of the eyes, really not worthy of their name, peerless and confusing

At half past eight, Shen Xiyan's brain suddenly rang, she knew she should go to the Tianhai Group. The man in the Tianhai Group was still waiting for her, and the appointed time had arrived

Shen Si Yan packed up her two clothes with great reluctance and packed them carefully, and when she opened the door of the company, a black Lamborghini Poison, was already parked at the entrance. There were several cars escorting the Lamborghini before and after, all of which were clear of bodyguards.

Shen Suyan got into the car, the car started to day Wu Yi whisk West Wu Er West Sea Group headquarters building to

Half an hour later, Shen Xiyan arrived at Lin Hao's office with the two costumes. After Shen Xiyan entered, there were naturally staff members, wearing white gloves, who put the two costumes on the plastic models. After the costumes were set, those staff members walked out, leaving only Lin Hao and Shen Suyan in the office.

Lin Hao didn't cast his eyes on the two sets of clothes for the first time, but instead looked at Shen Suyan, and there was a strong heartache in Lin Hao's eyes. Because right now Shen Xiyan's eyes were red, dark circles were very serious, and her entire body was filled with fatigue. Three days and three nights Shen Xiyan did not sleep, spelled like this, Lin Hao are very heartbroken

‘Good work’ Lin Hao looked deeply at Shen Shi Yan and said with incomparable heartache.

Shen Siyan waved her hand and smiled and said, ‘Finally, it’s done, fortunately. Do you see if it’s still satisfactory?’

Lin Hao nodded to the two outfits, which were very, very beautiful, and Lin Hao immediately saw that the men’s suit was made exactly to his size, while the women’s wedding dress was made to Shen Xiyan’s own size. For a moment, Lin Hao also couldn’t help but imagine waiting until the moment when he and Shen Xiyan walked into the marriage hall in the church three days later. At that time, Shen Shiyan who was wearing the wedding dress in front of her should be very beautiful

Lin Hao stood in front and watched, and couldn’t help but be stunned for a moment. Shen Siyan stood silently behind Lin Hao, and when she put the two dresses together this morning to watch, her expression was exactly the same as Lin Hao’s at the moment.

‘The male one is called Peerless, and the female one is called Tianyi Rouge. It really matches, these two names match, and these two finished products put together also match’ said Shen Xiyan without emotion.

Lin Hao, who was standing in front, also couldn’t help but nod his head and said, ‘Well it’s a good match, it really matches, Xi Yan, you really didn’t let me down, I really really really like these two pieces of clothing, I really really like them’

Just standing behind Lin Hao, but Shen Siyan was silent, after a while, Shen Siyan raised her head and looked at Lin Hao and said, ‘Lin Tian I’m sorry, these two clothes, I made them according to my feelings with my husband, only this way I can make the best work. I’ve never met your wife and I don’t know you or I very well, so I’m sorry’

Lin Hao shook his head and said, ‘It’s okay’ Lin Hao’s voice was small, but Shen Shiyan still heard it. She was confused for a moment, but after staying up for three days straight, she didn’t have time to think carefully about what Lin Hao meant in his words, and then she suddenly felt a headache, her eyes went black, and her entire body fell backwards, straight down... Her spirit had been overdrawn to the limit in these three days, and after getting Lin Hao’s affirmation, she finally couldn’t hold on.....

Lin Hao saw Shen Xiyan faint from the corner of his eyes, and hurriedly appeared behind Shen Xiyan, receiving Shen Xiyan into his arms. It's just that Shen Xi'an, who fell in his arms, has closed her eyes and is deeply unconscious, and there are still traces of tears sliding across Shen Xi'an's face.....

Lin Hao tenderly and incomparably picked Shen Shi Yan up and walked to the west wall of the office, pressed a switch, and suddenly the wall opened to both sides, inside was a 100-square-foot lounge with all kinds of facilities. Even the lady's clothes also had a lot of clothes, Lin Hao carried Shen Caiyan to the bed, took off her shoes and covered her with a blanket

After doing all this, Lin Hao lightly walked out, the room, sleeping Shen Xiyan, a smile on the face, she had a dream, a dream that she wore their own design wedding dress, with the suit wearing their own design Lin Hao, together into the marriage hall, Lin Hao held her, her body curled up in Lin Hao's arms, head happiness whisked Yi Er Shan Yi cover paste on Lin Hao chest

Lin Hao, who had just returned to his office, saw that Mo Tianji had appeared inside, and that Mo Tianji had a hint of panic on his face, as well as a hint of anger!

'What's wrong? Sky, what could make you so angry?' When Lin Hao saw this expression on Mo Tianji's face, he frowned at Mo Tianji and asked. He knew exactly what kind of person Mo Tianji was, a completely unchanging figure, but now his emotions were a little out of control.

Mo Tianji bit his teeth and took out his cell phone to open a news to Lin Hao said, 'Big brother, I don't know how, this morning suddenly has sister-in-law's previous news, overwhelmingly reported on the news! All that was reported on it was the news that your sister-in-law had married you in Nanjiang City and lived together for over a year, and that you used to go to your sister-in-law's house as a door-to-door son-in-law

As Mo Tianji said that, he saw that Lin Hao's face had become completely gloomy. Mo Tianji fiercely clenched his teeth and continued, 'Big brother, the reports above are all scandalous descriptions of sister-in-law, saying that sister-in-law is shameless, that she hooked up with you again right after her ex-husband died. It says that sister-in-law is watery says sister-in-law

Bang Before Mo Tianji could finish, his phone was crushed by Lin Hao. Lin Hao's body surged with a monstrous killing intent as he stared at Mo Tianji, 'Who did this? Exterminate his entire clan!'

Mo Tianji shook his head at Lin Hao's words, but said, 'Big brother, it's the dark web, the other party is posting the news on the dark web. I'm not sure if I've ever had a chance to get my hands on any of them, but I'm not sure if I've ever had a chance to get my hands on any of them, and I'm not sure if I've ever had a chance to get my hands on any of them.....'

Lin Hao slowly narrowed his eyes and slowly said, 'Since the other party wants to play, I'll play along with him, you immediately spend a lot of money to hire a team of the world's top hackers to give me today to break the darknet at any cost! I'd like to see who's leading from behind the scenes!'

Mo Tianji frowned and said, 'Big brother, if we let that batch of people take action, the cost would be astronomical, possibly as high as a billion or more!'

'Flowers! I don't care if it's 1 billion, I'll spend it if it's 10 billion! I'd like to see who jumps in at this critical moment to make trouble!' Without the slightest hesitation, Lin Hao said to Mo Tianji, the first object of suspicion in his heart was the Lin Clan branch. After all, he had killed so many of them, they definitely wouldn't make it easy for him, and the last time he had gone north to Yanjing, he had even achieved success, forcing the Lin Clan branch to retreat. At this moment, Lin Hao didn't think that it wasn't the Lin Clan branch that had done this, but the small, but ambitious Leng Family in Tianhai City that had done it

'Yes, brother! I'm going to do it Before tonight, I'll find out who's behind this!' After Mo Tianji finished speaking, he turned around and walked away, he was also incomparably angry now. Although his time with Lin Hao was still short, he deeply knew and understood how much Lin Hao valued Shen Shi Yan, and how much the same Lin Hao valued the wedding in three days, and now this was happening!

Lin Hao had worked so hard to give Shen Xiyan a good reputation in Tianhai City, but to have it destroyed in a single day was something he couldn't stand. Lin Hao had moved to kill, and what about him, Mo Tianji?

'Wait!' Just as Mo Tianji was about to walk to the door, Lin Hao suddenly called out to him. Mo Tianji turned around and looked at Lin Hao in confusion.

Lin Hao frowned and said to him, 'As the saying goes, it's better to block than to loose, and it's already too late for you to gather people now, people are more willing to read this kind of negative news

Mo Tianji was anxious and quickly asked Lin Hao, 'Big brother, what should we do? You and your sister-in-law are getting married in three days ah, it's almost too late ah

Lin Hao calmly said, 'It's fine, originally I was still thinking of which excuse to use to speak to Xi Yan. Well, now that the other party has announced all about me going to Xi Yan's house as a son-in-law. That's just fine, you go now and use all your power to announce to the outside that in three days, the woman I'll marry will be Shen Xi Yan! With this bombshell announcement, I'm sure some of the smartest people in Tianhai City will understand that the other party just doesn't want Xi Yan to marry me, and is deliberately throwing dirty water on Xi Yan. On the other hand, the matter of breaking the dark net continues to go on!

'Yes! I'm on it!' Mo Tianji nodded and hurried out, now as the time got closer and closer, there was less and less time left for Lin Hao to solve the problem

An hour later, as Mo Tianji held a press conference at the Tianhai Group, above the press conference, the official announcement that Mr. Lin Tian, the number one president of Tianhai City, would marry Shen Shiyan in three days' time in the Tianhai Cathedral of Tianhai City instantly spread throughout Tianhai City! At the same time, Tian Hai Group announced that any report that insults Miss Shen Suyan will be investigated to the end!

For a time, the entire Tianhai City was deeply shocked by this news

559

At the same time, almost immediately after the official announcement of the Heavenly Sea Group, Lin Tian and Shen Shi Yan were getting married in three days. Just as the entire Tian Hai City was in the shock of this news. At this moment, in a hidden secret base around the globe, it also started to get busy

Inside a secret undersea base in Western Europe, several of the world's top hackers were frantically tapping on their keyboards, hundreds of computer screens were placed in front of them, a stream of information was converging, and they were launching a general attack on the dark web. Just a moment ago a billion euro flow of funds had been punched directly into their accounts, and the other side had only one demand, and that was to break the darknet! A billion ah, for these century level hackers is also a huge amount of money. And they've long wanted to do something about the dark web, they just didn't have enough resources before, but now they do, because they've been informed that there will be two other world's top hacking teams working with them today

At the same time, the other side of the ocean, every week a secret manor basement, is also playing with the European love of land to cover the dye service or the same scene, their organization is called the spirit of data, they are also the world's top hacking team, at the same time to launch an attack on the dark web headquarters

There's another one, on an island in the Asia-Pacific, where the world's top organization, Dark Shadows, is also using its full power to take on the dark web

Just half an hour later, in a submarine that was sailing deep under the Pacific Ocean, countless people were anxiously busy, just letting their efforts, the firewalls of their databases, were being frantically breached, and this was the headquarters of the world's largest dark organization, the Dark Web!

'What the fuck is going on!What the hell is going on!Why would three of the world's top hacking groups attack us all at the same time!Why!Did you find out why?What the hell is this about!Communicate, contact Shadow for me, I want to know why!' At this moment, inside the submarine, the head of the Darknet organization, was ranting madly to his men, he knew that he couldn't go on like this, this attack was the world's top three hacker organizations.If this continued like this, their database would be completely breached.And once it was completely breached, then all the data would be leaked, and all the data would be leaked, the consequences like that they simply didn't dare to imagine

'Connected, Chief, and Shadow's response is that they're tracking down a man, one of the people who posted a message on our dark web last night!' A beautiful woman with dyed yellow hair said to the head of the dark web.

'Grass Grass Grass!Who are they looking for!Who the hell is that?Who the hell set us up like this!Pull up that message for me!'The head of the darknet directly broke into a rant.

That non-mainstream beauty, ten fingers speedily tapping on the keyboard, countless black streams of data displayed on the big screen in front of the eyes, and quickly checked out that message: 'Please release in Tianhai City tomorrow, Shen Xiyan all past messages offer one hundred million!'

'Shen Xiyan ?Find out who this Shen Xiyan is ! ! ! !Why does she have such a terrifying existence behind her!!!'The head of the darknet roared madly once again.

‘Okay head, I’ll check it right away’ the beautiful non-mainstream quickly nodded and said, but before she could check it, suddenly all the data streams on the main screen in the hall of the dark net disappeared. The next moment an incomparably domineering man’s figure appeared on it, it was Lin Hao who had a gloomy face and icy cold killing intent in his eyes.

‘There’s no need to check, I’m Lin Hao, the second submissive heir of the Huaxia Lin Clan. You darknet dare to pick up news that is unfavorable to my wife, are you looking for death? Hmm?’ Lin Hao said in a deep voice, his words carrying a monstrous murderous intent! As well as an incomparable dominance.

Boom The head of the Dark Web, upon seeing Lin Hao’s figure, his entire body involuntarily took two steps back, the cold sweat on the side of his face flowing down at this moment, simply because he deeply knew the terror of the Huaxia Lin Clan’s Gatekeeper! You know that this one family alone occupies terrifying resources and power around the world. His darknet was awesome, but to be frank, they were just a platform to pick up dark jobs, and they couldn’t afford to mess with Lin’s for fun. And while Lin Hao said that he was now the second in line heir to the Lin Clan, this darknet head knew better than anyone that sooner or later the Lin Clan would be Lin Hao’s!

Thinking of this, the person in charge of the dark net hurriedly said to Lin Hao: ‘Sorry Lin Shao, we really didn’t know that the other party was your wife, we’ll find out the identity of the person who released the message with the location and send it to you, but also please let the dark shadows and their attacks on us stop, and this time for the losses you caused us dark net a force to bear, all bear, sorry really sorry’

‘Okay, I’ll wait, I’ll be right here, I’ll only give you five minutes!’ Lin Hao looked deeply at the person in charge of this dark net, and then waited quietly. Just the calmer Lin Hao became, the more intense his killing intent became, and the hostility on his body rose!

560

After the head of the darknet saw Lin Hao’s agreement, he hurriedly mobilized all his resources to track down the person who had released this message last night. Although the people who posted the news on the darknet were hidden, they were the main controlling party, so if the darknet themselves wanted to track it down, it would still be easy

In less than three minutes, the head of the darknet had checked out Leng Feng from Tianhai City, and gave the information to Lin Hao.

‘Back to Lin Hao, it’s this Leng Feng, the young master of the Leng family, a second-rate family in Tianhai City. It’s him who posted the message on our platform last night, I confirmed it again and again, it’s Leng Feng, no it’s not someone from your Lin Clan branch’ the head of the dark web swallowed his saliva in fear, the dark web’s intelligence capabilities in the world. They naturally knew about the hatred between the Lin Clan and the Lin Clan’s main vein, and he also knew what Lin Hao was worried about, so right now he added a sentence after saying Leng Feng

Lin Hao nodded and continued in a low voice, ‘But because of you, my wife’s reputation has suffered a great loss’ Before Lin Hao finished his sentence, the person in charge of the dark web quickly said.

‘Lin Shao, we compensate, we compensate, so that in the future, all the news we receive on the Dark Web about the Lin Clan branch will be sent to you at once! And absolutely no pay whatsoever! Absolutely not!’

After Lin Hao heard this, he slowly narrowed his eyes, looked deeply at this person in charge once again, and nodded, ‘You’re a smart person, don’t worry, I’m not short of your money, and I don’t need you to pay for the three major hacker organizations this time. I’ll pay for the information you give me in the future, but remember what you said, all future movements of the Lin Clan branch must be told to me!’

‘Good, must must’ The person in charge of the dark net without even thinking about it quickly nodded his head and promised to nod down Wu Yi Yi Shan Lu Shan service.

The next moment, Lin Hao’s figure disappeared in the dark net on the big screen, the same time the world’s three major hacker organizations on the dark net database attacks also directly stop, disappear without a trace

The head of the darknet let out a deep sigh of relief, which was why he quickly wiped the cold sweat off his face, this was the young master of the Lin Clan, the Huaxia Lin Clan, they really couldn’t afford to provoke the darknet, and their darknet had already investigated all of Lin Hao’s trajectory of existence, they were sure that as long as Lin Hao didn’t die, then the future Lin Clan would definitely be his! As long as Lin Hao doesn’t die!

‘Tou, that Lin Hao is just a young lord, not the head of the Lin Clan, why are you so afraid of him?’ The next moment the non-mainstream beauty next to the head of the Dark Web asked, puzzled.

‘You don’t know shit!What happened today, you’ll never forget it!That man, you don’t understand his terror, you don’t understand ‘The head of the dark web was incomparably fearful in his heart, Hua Xia, ah, since ancient times has been a place called the world’s top killers, top mercenaries’ sanctuary, Hua Xia’s top power, far from what they could mess with.....

.....

In a secret room within the Tianhai Group, Lin Hao sat there alone, he had just used Dark Shadow’s power to get in communication with Darknet, but the result was very surprising, he didn’t even think about this to the Leng family at all.The Leng family ?A mere small family that couldn’t even compare to the Gong family was a complete jumping clown in his eyes!

‘Leng family, you were originally still somewhat related to Leng Qiu Ya Xi Yan, I haven’t thought of how to deal with you, but you are now looking for your own death!’Lin Hao’s heart was icy cold, killing intent was everywhere, and in the next moment Lin Hao stood up violently and shouted at the door, ‘Sky!’

‘Big brother!’Mo Tianji heard Lin Hao’s shout and hurriedly pushed the door in, he knew that things had come to an end now, and feeling Lin Hao’s body, the rising killing machine, he knew that Lin Hao already had a decision in his heart.

‘The person who released the news is Leng Feng of the Leng family, you are now going to do two things, the first thing, mobilize all the resources in your hand to annex all the industries of the Leng family, and get the Ye family, Xiao family, Bai family, and Gu family to cooperate with you!Second, seal off the entire Leng family! No one leaves or enters!And arrest all the Leng family members outside!In one day, make the Leng family go bankrupt!’Lin Hao furiously issued an order to Mo Tianji!

‘Yes!’Mo Tianji nodded and walked out quickly

At this moment, within the family chamber of the Leng family in Tianhai City, Leng Feng and Leng Changjiang were staring at a screen, watching the news from the outside world, originally they were quite happy, because they managed to completely stink up Shen Xiyan’s reputation within half a day

‘Oh, just that bastard still wants to marry into a noble family and take revenge on our Leng family later ?It’s really a dream!’Leng Changjiang sneered incessantly as he looked at the bottom of the Tianhai City news, at the piece of cursing that was directed at Shen

Xiyan, and he was incomparably happy! He would never change the decisions made by Leng Changjiang, and it would be impossible to get him to bow down in this lifetime!

‘Well, Grandpa Ying-name! Now, Shen Siyan, that bastard, can’t possibly go near Lin Tian anymore, I guess she herself doesn’t have that face, oh, of course, this also excludes her shameless ah’ said Leng Feng incomparably mockingly, his eyes have a deep and vicious color.....

‘Well, no, that feral what? How how is that possible?’ The next moment when Leng Changjiang looked at the information on the screen in front of him, his mouth opened wide and his eyes stared round, incredibly looking at the screen in front of him

At this moment on top of the screen, the news that they had just found someone to publish to scold Shen Siyan was directly deleted and replaced with this: news of Lin Tian announcing that he would marry Shen Siyan the day after tomorrow! And Lin Tian announced that he would track down the person who threw dirty water on Shen Xi Yan!
