

Super Son-in-law 639-648

Chapter 639

‘It’s you ‘Leng Feng’s mouth bleeding outward, looking at the blood flowing out of his body, clearly feeling the flow of life force, the severe pain that came from his mind, reason is also reminding him that the heart has been pierced, it is impossible for him to live, now the world’s heart is pierced, as if it can’t be saved, maybe there is, but that is not the domain of his Leng Feng can touch anymore

Night One looked at Leng Feng icily, without a trace of emotion in his eyes. There was no way he would let this Leng Feng live. He had long wanted to kill Leng Feng, but at that time, he had to always protect Shen Shi Yan. Just like what Mo Tianji said, anyone in the Leng family could live, but this Leng Feng who was the happiest bouncer, couldn’t.

Poof Night One didn’t pull out his dagger, but stabbed it even deeper, and the next moment Night One didn’t even look at Leng Feng again. Didn’t even bother to say a word to him, turned around and walked away. Just this idiot, who actually thought of annexing Lin Hao’s Kyushu Group in the first place, actually thought of receiving Lin Hao for his use? Hehe, really don’t know how to live.

With Night One gone, Leng Feng’s body slowly fell to the ground, kneeling with his head down. It wasn’t so quick to die from a pierced heart, and Night One hadn’t pulled out the dagger on Leng Feng’s body, so Leng Feng was able to hold on for that long. Well it was just a few tens of seconds

In these tens of seconds, even though Leng Feng had monstrous displeasure in his heart, he could do nothing, he could only watch himself step by step towards death, leaving this world bit by bit

‘I’m so hateful, so regretful ‘Leng Feng closed his eyes, only these six words appeared in his mind, and then he closed his eyes forever, never to open them again, all of his shade Lu’er service shade service closed West traces, all disappeared in this world

Two minutes later, Leng Qiu Ya looked at the back of Night One, who was flickering away in the direction of the Leng family’s entrance. And yet she didn’t see Leng

Feng, she already knew the outcome of Leng Feng, who must have been killed by Night One.

Not only Leng Qiu Ya, Gu Sheng Nan also saw it. He was the one who had just opened his mouth to stop Leng Qiu Ya, if Leng Qiu Ya didn't know the bottom line again to plead for Leng Feng, then she really wouldn't have the chance to reconcile with Lin Hao in her life anymore. At this moment when Gu Shengnan saw the departed Night 1, he took a deep breath and finally fixed his gaze on Leng Changjiang who was sitting on the throne.

Gu Shengnan took a deep look at Leng Changjiang and said, 'Master Leng, I hope you are a smart person and don't do anything stupid because of Leng Feng, okay?' Gu Shengnan's tone was low, and his words carried a hint of warning.

Leng Changjiang's eyes once again shed a tear at the corner of his eyes at the words, and with Gu Shengnan's words, he understood that Leng Feng was afraid that he had been killed. And it had been killed without a word. Leng Changjiang opened his cracked lips, wanting to say something. Leng Feng was, after all, the incomparably qualified heir to the Leng family that he had cultivated with his own hands. But in the end, after Leng Changjiang looked at Gu Shengnan who was standing in front of him, who at the moment was able to be on par with Ye Feiye in terms of power and status, he didn't say anything more and nodded his head incomparably bitterly.

Leng Changjiang did not speak to Gu Shengnan again, but his gaze turned to Leng Qiu Ya, he opened his mouth and said to Leng Qiu Ya: 'Qiu Ya, I was wrong, but after all, Xi Yan is your own daughter, you stay' Leng Changjiang said incomparably complex, his voice incomparably hoarse and dry.

Leng Qiu Ya's eyes were incomparably painful as she shook her head: 'No, I want to go out for a walk, now that Xi Yan is doing well, she has Lin Hao to accompany her, she is very happy. There's no need for me to accompany her anymore, I'm tired, it's been more than twenty years, Tian Hai is good but I feel like a prison, I want to go out for a spin'

At this point, Leng Qiu Ya paused and looked at Leng Changjiang incomparably complex, 'Dad, you go back home, you old, take care of yourself, I will go back to see you when I have time'

Leng Changjiang at this moment when he heard Leng Qiu Ya this dad, he suddenly burst into complete tears, tears couldn't stop flowing down, Tao Tao didn't feel,

incomparably sad, incomparably regretful. How much did he miss ah, more than forty years ago, he Leng Changjiang was already a winner in life, with a house and a car, a wife, a child, and a company. But he didn't even cherish it, but was blinded by ambition, his wife's death he didn't care, his children's happiness he forcibly deprived, all just for the sake of the family, and now what, his wife's family is in ruins

After Leng Changjiang tears, Ye Feiye, Xiao Nuo, and Bai Hang nodded with Gu Shengnan, they all left. Next they want male platoon manpower, come to the handover with the Leng family, Gu Shengnan silence will walk out of the hall of the Leng family, to go outside, but it is not left

In the afternoon, after handing over everything, the Leng family crowd, led by the elderly Leng Changjiang, flew to their home in the south on a special plane prepared for them by Ye Feiye. They would never come back in this life, yes, they would never come back in this life

The Leng Family in Tianhai City officially ended today, disappearing completely, and there would be no more Leng Family in Tianhai City in the future. The Leng Family, the top second-rate family in Tianhai City, had even had the strength and heritage of a quasi-first-rate family in recent years, but now it was such a bad end. It was just that compared to with the Gong Family, the Leng Family's ending was even better. At least most of them were there, and they all survived

At five in the afternoon, the outside sky has gradually darkened, Leng Qiu Ya stood alone in the empty space, the place has been taken over by Gu Shengnan. At the moment Leng Qiu Ya is wearing a black down jacket, combing long hair, slender figure. If you look at it from the back, very few people would think it's a woman in her forties. Instead, it looked like a woman in her thirties. Leng Qiu Ya was originally the number one beauty in Tianhai City back then, her looks and figure were top notch, even now after so many years, but she still took good care of herself, and she was born into a big family, so I couldn't see the slightest hint of old age on her

Chapter 640

'It's very emotional, isn't it? Things change, and no one knows how things will turn out. But everything actually ends up the best, and the world is more exciting precisely because it's so unknown, isn't it?' Gu Shengnan's figure appeared at Leng Qiu Ya's side, his eyes looking over in the direction Leng Qiu Ya was looking, and he said with a light smile.

Leng Qiu Ya was also taken aback when she saw that Gu Shengnan was actually here. Confused, she asked, 'Mr. Gu, why are you here?'

Gu Shengnan laughed and said, 'You're Xi Yan's real mother, and you're really willing to leave? Leave her?'

A hint of pain appeared in the depths of Leng Qiu Ya's eyes, and she bit her lips, 'Xi Yan doesn't have any feelings for the Leng family, and even if she did, it would only be hatred. And by pleading with her for mercy to the Leng Family today, I am even forcing Lin Hao in front of her. They won't forgive me, they won't

Gu Shengnan shook his head with a faint smile and said with a deep breath, 'You're overthinking it, those two kids, they've been through so much lately, they're both very unstable right now. Now they are both angry, there are many things they are not so well thought out. Time will smooth everything out, even though you haven't raised Xi Yan, but you are her biological mother, this is no matter how can't be changed, leave it to me, after a few days I'll go and talk to Lin Hao and Xi Yan, in the meantime, you also go out for a walk

Leng Qiu Ya stared blankly at Gu Shengnan, at this moment she only felt that the man beside her had a special dominance, following a long-lost sense of security. In the next moment Leng Qiu Ya looked deeply at Gu Shengnan and said, 'Thank you

Gu Shengnan also turned his head to look at Leng Qiu Ya, a hint of inexplicable taste was added to his eyes, and Gu Shengnan suddenly looked at Leng Qiu Ya so quietly, Leng Qiu Ya was stunned and also looked at Gu Shengnan quietly.

The most frightening thing was the sudden silent stare, and these two people, one was once the number one beauty in Tianhai City, and the other was the head of one of the top families in Tianhai City. One had a dead husband, the other a dead wife, and their daughters were the best girlfriends and best sisters, there were too many things that were the same about the two

After a while, Gu Shengnan looked at Leng Qiu Ya and said, 'It's not too safe for you to go out alone as a woman, I also want to go out for a walk, so let's go together, I haven't left Tian Hai for a long time either, is that okay?'

When Leng Qiu Ya heard Gu Sheng Nan say that, somehow, a slight blush rose up on her face, she herself didn't know how long she hadn't had this feeling. Gu Shengnan,

she had already heard of him, super capable and a responsible man, a man worth relying on, once when Leng Changjiang was facing the oppression of Gong Haiyang, he had mentioned to Leng Qiu Ya that she should go and marry Gu Shengnan, and the Leng family was married to the Gu family. It was just that at that time, Leng Qiu Ya hadn't even spoken to Gu Shengnan, so naturally she refused.

And now as she listened to Gu Shengnan's words, she naturally understood that Gu Shengnan had such a slight crush on her. It had also been more than two years since Shen Congwen had passed away, so Leng Qiu Ya thought about it and said, 'Well, good. But I would like to go to Nanjiang City to see Congwen first, is that okay?'

Gu Shengnan nodded and said, 'Well, I'm also going to Nanjiang City to see Chen Meng Since it's agreed, let's go now

'So, should we tell the kids? Aren't you going to talk to Yue Yue?' Leng Qiu Ya saw that Gu Shengnan wanted to leave now, and quickly opened her mouth to Gu Shengnan and asked.

Gu Shengnan smiled and said, 'They are all adults, let them play by themselves, what am I doing here all the time, and my Yue Yue seems to have fallen in love with the kid called Yei Yi beside Lin Hao, hey, headache ah, Yei Yi that is a mallet ah

Gu Shengnan laughed, and Leng Qiu Ya also laughed. Then the two of them a piece out of the door of the Leng family, with Gu Shengnan waiting there at the door of the driver, the two of them do not bring anything, directly to the South River City

And Lin Hao, who was staying at home at the moment, looked at a message he received on his phone, and suddenly his face turned odd. The next moment he looked up very weirdly at Yue Gu who was sitting opposite her on the sofa, joking with Shen Shiyan

'Erm what's wrong? Lin Hao, why are you looking at me like that?' Yue Gu was confused and said to Lin Hao. Shen Xi Yan who was sitting beside her heard Yue Gu's words and also confusedly looked at Shan Pa Zhi Zhi Lu Ai Wu Wu Zhi to Lin Hao.

Well, the next moment, our honest and incomparable Lin Hao, directly pointed his phone at the two big beauties sitting opposite each other and said to Yue Gu, 'Look, your father just sent me a message, he went out to play. He said you like the night and asked me to help you set up a match

‘Er ‘Yue Gu looked at the text message on Lin Hao’s phone and listened to Lin Hao’s words and became silly on the spot

Chapter 641

When Huaxia Tianhai City into the night, Western Europe is in the morning, is also a bright sunny day, that is, the winter in Western Europe is also very, very cold, even colder than Huaxia, for many days of heavy snow has covered countless streets and parks, as well as high-rise buildings. The entire Western Europe is wrapped in silver, the deepest place of snow is more than ten centimeters, which is like entering another world.

At this moment, in a valley at the bottom of the rolling Andes Mountains in Western Europe, Lin Yan and Dao Yi, who are wearing military coats and heavy military hats to cover their faces, are slowly walking towards a base hidden under the heavy snow in the valley.

The first thing to go wrong is the fact that you can’t get rid of it, and you can’t get rid of it,’ he said. Although Mo Lao was incomparably old and pale, his body was still erect, and underneath that pale body was still burning with hot blood!

Mo Lao has been waiting for this day for more than ten years, during these ten years, he went incognito, when Lin’s first guest minister, with the reputation of making the blue sky turn into Mo Tian, like a dead man, lived in this world for more than ten years And this secret base behind Mo Lao, was built for this day, this base, like him, has also been silent in this world for more than ten years, even from the moment it was built, began to be silent, only waiting for the arrival of a person, that person is ---- Lin Yan!

As Mo Lao looked at Lin Yan, Lin Yan also silently looked at Mo Yuntian, at this old man who was several times older than he was more than a decade ago. This was the same old man that he, Lin Yan, had entrusted Lin Hao to more than a decade ago. And Mo Yuntian carried that one promise back then, a dozen years, a dozen years ah more than ten years, Lin Hao long and under the cultivation of Mo Lao, already has a cover posture! Now it’s just waiting for Lin Hao to poke through that windowpane himself, then Lin Hao will be Lin’s second Gestalt! It will be the strongest heavenly pride of the Lin Clan in a thousand years! It will also be the most dazzling generation of the Lin Clan’s Gate Master!

Lin Yan quietly looked at Mo Yuntian for a long, long time before bowing and paying a deep obeisance to Mo Yuntian. He was the head of the Lin Clan, and he was also the last generation of Yanjing’s Gestalt! Right now he, Lin Yan, represented the entire Lin

Clan, paying a deep obeisance to Mo Yuntian, the old man who wasn't a member of the Lin Clan, but had dedicated his life to it!

Mo Lao didn't hide from Lin Yan's worship, he knew he deserved it. And right now he was feeling the monstrous momentum of Lin Yan's body that was invoking, and he couldn't help but feel his blood surging! His eyes were bright, he had gotten the news that yesterday the leader of the top international killer group, Sakura Tears, Burial, had led a dozen top killers to the Heavenly Sea. But they were all hanged by Lin Yan! The news reached all walks of life in Western Europe in the early hours of this morning, and any of the top powers in Western Europe were deeply moved!

Even those old guys on Lin's Sacred Mountain, the first thing they did was to quickly give up on sending anyone to Warsaw to deal with Lin Hao again, instead collecting all their forces to vault the Sacred Mountain! Lin Yan had the strength to kill the same level of burial, so that naturally meant that Lin Yan now had the strength to kill a few of them! They had to be scrupulous.

And as Lin Xiaoyun and the others learned of Lin Yan's westward journey, the scruples in their hearts became even stronger. It was completely safe to say that one Lin Yan had deeply shocked the entire Lin Clan branch, so shocked that they had to abandon all their plans and turtle up in the Lin Clan's Sacred Mountain in the first place!

And all of this, Mo Yuntian deeply understood that it was the Lin Yan in front of him who had done it all by himself, not counting the Dao One beside him! When Lin Yan had hugged Lin Hao and begged him on that rainy night, at that time, Mo Yuntian was not optimistic about Lin Yan. Because at that time, those people of Lin Xiaoyun had already vaguely broken through to that level. And how big was the gap between an Innate Master and below Innate? Mo Yuntian himself deeply understands that up until now anyway, he hasn't broken through

And now Mo Yuntian knew that Lin Yan had done it, and not only had Lin Yan done it himself, but also Dao Yi, who had fallen down the sacred mountain and was dying of severe injuries, had done it. Mo Yuntian looked at Lin Yan, and then at Dao Yi, and couldn't help but feel deep emotion in his heart

'Lin Yan, you did it, you really did it, you didn't disappoint me, nor did you disappoint your dead father

.....' said Mo Yuntian with incomparable emotion to Lin Yan.

Lin Yan raised his head, looked deeply at Mo Lao, and said with incomparable sincerity, 'Uncle Mo, that worship I just did for the year you helped me, please accept two

more worship from me next, one is for you to bow and work hard for Lin Clan, and the other is for you to do your best for Hao'er O for more than ten years

Lin Yan said and worshipped to Mo Yuntian twice more, but this time Mo Lao stepped forward to help Lin Yan. Mo Lao shook his head and laughed and said: 'Hahaha, Little Yanzi, your Lin Clan has seized great fortune in recent times, starting with your grandfather, the Lin Clan's Ancient Valve began to flourish, then your generation, and then Hao'er's generation. There's no need to worship me anymore, it's my good fortune to join your Lin Clan, at least I've lived my life in style and with passion! You're good, little yanzi, do well, do well, do well

Mo Yuntian laughed and patted Lin Yan's shoulder, Mo Yuntian was qualified for this, when Lin Yan was very young, he was all straight up kicking, and now the little kid back then had grown into a generation of masters! Mo Yuntian was also incomparably pleased and excited.

'Oh If you want me to say ah, it is you two old guys, both of you are movie emperors ah. When the two of you confronted each other in the Lin's shrine Wu Lu Closing Shade Wu Fu Servant Hall, I guess I fooled that silly boy Lin Hao, it's a real loss, he still treats his own father like a life and death feud hey, you two are really awesome ah 'Dao Yi was looking at Lin Yan and Mo Lao from the side, so he couldn't help but laugh speechlessly.

'Er Dao Yi boy, it's fine for others to talk nonsense, it's not like you don't know the plan back then, what are you adding to the chaos here? Does it feel like I'm too old to beat you up now, right?' When Mo Yuntian heard Dao Yi's words, his old face couldn't help but have an extra hint of embarrassment, and he quickly changed his face and coldly drank at Dao Yi.

Chapter 642

Dao Yi's eyes took a long look at Mo Lao and said in a leisurely tone, 'That Senior Mo ah, I feel you're right. You're old now, and I've already broken through to that level, you really can't beat me up. So in my opinion, this old arm and leg of yours, hurry back to China, don't die in a foreign land, I still have to transport your corpse back, which is a lot of trouble You are almost buried people, then die in China, don't keep blindly jumping outside smoothly.... ...'

‘I’m going to fuck you, I’m going to kill you’ Mo Yuntian was furious on the spot when he heard Dao Yi’s words, and was frightened by Dao Yi’s black face. Fiercely lifted a foot and kicked at Dao Yi

Just faced with Mo Yun Tian’s furious kick, Dao Yi did not even move, but took it with one hand, grabbed Mo Yun Tian’s foot and said with a smile, ‘Hehe, senior ah, I’ve told you your old arm and leg, you see you still do not believe’ As soon as the Dao finished speaking, with a casual shove, Mo Yuntian’s body thudded back several steps away

‘You’ after backing out, Mo Yuntian was instantly furious and wanted to muster up his whole body to have a good fight with Dao Yi, but he was stopped by Lin Yan’s outstretched hand.

Lin Yan looked at Mo Yuntian with incomparable seriousness and said in a resolute and serious tone, ‘Uncle Mo, Dao Yi is right, it’s time for you to go back, and you can’t stay here for the rest of the day. You’ve already given too much for Lin’s. You can’t die here, go back, Dao Yi is joking with you, but that’s what I mean. It’s too dangerous here, go back’ Lin Yan gave Mo Lao a deep look.

Mo Lao sniffed and put away the anger on his face, he was old and wise, how could he not know that Dao Yi had just said that on purpose? He just didn’t want to leave, he’d been waiting for this moment for so many years, hadn’t he? Killing up the holy mountain of Lin’s branch and completely annihilating that group of grandsons, this was what he had always wanted to do ah.

The next moment, Mo Lao’s pupils contracted deeply and looked deeply at Lin Yan: ‘No, I’m staying, I’ve been laying out this side of Western Europe for many years, although I can’t pull the battle power of the Innate Master, covering the ground Yi Dye Wu Aishan but I have a lot under Innate, and the death of your father back then, and that group of brats, also can’t get out of it! I can’t leave!’ Mo Yuntian also spoke with incomparable determination, even though he was old, even though his battle prowess hadn’t broken through to that one level, he wasn’t bad! As Mo Yuntian said that, his body’s top-notch Qi under the innate sky also exploded out

It was just that no matter whether it was Lin Yan or Dao Yi, they didn’t even move a muscle at the impact of the Qi on Mo Yuntian’s body, the Qi on Mo Yuntian’s body couldn’t possibly shake either of them a bit!

Lin Yan looked at Mo Yuntian with complicated eyes and said, 'Uncle Mo, this time, although Dao Yi and I have both broken through to that level, and we have been preparing for it for ten years. But that place, the Holy Mountain of the Lin Clan, is far from being as simple as it appears. Over there in Yanjing, the Jun Family's Jun Wuyoung, that Gestalt, I met him before I left. Very strong, that person will definitely be a great enemy for Hao'er in this life, and Jun Wu Jing has already broken through that level, but Hao'er hasn't. So after I leave Huaxia, Hao'er has to have someone by his side to help him, at least until he breaks through that level, so sorry Uncle Mo

'But, but I

Mo Lao still wanted to say something when suddenly Lin Yan's hand knife slashed at his shoulder, and Mo Lao watched Lin Yan's hand hit him, he wanted to defend himself, but he couldn't defend himself at all. Then he could only watch Lin Yan's hand knife, landing at his neck, then Mo Lao only felt a blackness in front of his eyes, and his whole body fainted towards Lin Yan

'I'm sorry, Uncle Mo

Lin Yan held Mo Lao's unconscious body and murmured to Mo Lao. Then Lin Yan waved his hand, and suddenly in the snow behind him, there were two warriors in snow-white battle clothes who appeared, and they carefully picked up Mo Lao's body and carried him onto a helicopter parked outside the valley, and the next moment the helicopter roared off and sailed away into the distance

Dao Yi looked at the direction of Mo Lao's departure and said with a smile, 'Hey, this old man, is also a stubborn ah. Doesn't he know that back then I was much stronger than him ah, is not the same as being knocked down the holy mountain it, this old guy this old arm and leg, in this blind dabbling in what is the strength of it, hey

Lin Yan stared at Dao Yi with some speechlessness, 'How come I find you talking so much now?'

Dao Yi waved his hand and smiled and said: 'Hehe, this is not I'm afraid that I will not have the opportunity to say it later, in case I die this time

Dao Yi said, the depths of his eyes were more than a trace of gravity, yes, this time even with him and Lin Yan two top clerics, his heart also There was no hundred percent certainty. Lin's Holy Mountain was able to stand in the western world for so many years, the bottom line was naturally unfathomable, and he had only seen the tip of the iceberg back then

Lin Yan listened to Dao Yi's words and felt the sadness in Dao Yi's words, he shook his head and said with a firm look in his eyes, 'No, those old immortals on the Branching Sacred Mountain will die this time, for sure

Lin Yan's eyes revealed a monstrous confidence as he gazed into the distance in the direction of the Holy Mountain of the Lin Clan's branch, his body also bursting with a monstrous cover.....

Chapter 643

At the same time Hua Xia Yanjing at ten o'clock at night, within the ancestral home of the Jun Clan, which was on the same level as the Lin Clan's gatehouse, a spacious and atmospheric palace. Jun Wujing, whose Qi was like an abyss like the sea, was sitting on the throne like a monarch. Standing in front of him were the Black Dragon and eight other top battlers under the innate sky. Only at this moment, the atmosphere within the palace was heavy and depressing.

The Black Dragons were frowning deeply, their hostility rampant, and the Black Dragon looked up at Jun Wu Jing with gritted teeth and said, 'Big brother, you can't let it go like this! We were kind enough to help Lin Yan's son, but Lin Yan came to hurt you! Lam's bullying is too much! We must avenge this! Brother or we'd better go south to the Heavenly Sea now so we can teach that Lin Hao a lesson afterwards!' The hostility on Black Dragon's body became even stronger as he said that. They had returned to Yanjing the night before, but upon their return, they found that Lin Yan had actually come to the door and injured Jun Wu Jing!

The next moment codenamed White Tiger, a valiant short-haired woman in military uniform, also said to Jun Wu Jing, 'Brother, is that Lin Yan even stronger than you? Wasn't he crippled in that battle over a decade ago? How did he break through to that level? Is it possible that he's been holding back all these years?'

Seeing that there were still the rest of the people who wanted to ask questions, Jun Wu Jing quickly waved his hand and said with incomparably heavy eyes, 'Lin Yan has indeed broken through to that level, and according to my estimation, he had already zeroed in on the Wu'er Shade Lu Dye breakthrough a long time ago. Otherwise he couldn't have severely injured me, Lin Yan's current battle power is unfathomable, indeed much stronger than mine. But it's far from making me despair. You guys shouldn't worry, Lin Yan wants to kill me, it's not that simple Instead, there's another thing that we have to pay attention to

White Tiger's phoenix eyes pricked up and asked, 'Brother, what matter are you referring to?'

Jun Regretless took a deep breath, and there was a hint of excitement in the depths of his eyes as he said, 'In the western world, the leader of the top assassin organization, Sakura Tears, Burial, went to the Heavenly Sea yesterday morning with the most elite top squad under his command, Burial Night. Wanting to snipe Lin Hao at his wedding' said Jun Wu Jing, and there was a glow in the depths of his eyes.

Black Dragon frowned and said, 'Impossible, even though we came back the night before last, we also know that there was no glitch at Lin Hao's wedding ah, and our intelligence network in the Heavenly Sea has not heard of anything happening to Lin Hao ah. Just today Lin Hao is still alive and well. The Tears of Cherry Blossom people are not idiots. And not to mention that their leader was buried. Even that top team of theirs, Burial Night, even if the nine of us are up against it, we'll probably lose a lot ah, if the nine of us are up against Burial Night, it's basically impossible to get back in one piece' the Black Dragon's brows furrowed deeper, his tone incomparably heavy.

And with Black Dragon's analysis, the crowd in the palace also nodded their heads in agreement. Each and every one of them was very strong, The members of the Burial Night, each and every one of them was much more difficult to deal with than the ordinary silver killers

'Hehe 'Jun Wu Jing's playfully nodded his head and said, 'Well, not bad. With the current Lin Hao, he was even infinitely close to that level, but as long as he didn't break through for a day, then he wouldn't be able to stop the night of burial, let alone that burial. And the reason why Lin Hao was able to hold his wedding properly yesterday was because someone else blocked it for him, someone else killed those killers for him, and that included the burial with the innate master's battle power' said Jun Wu Jing, the strange look in his eyes became even stronger, sticking his tongue out and licking it Lips.

'What? How is this this possible? Brother, Burial is an existence on the same level as you, and has already broken through the level of an Innate Master a long time ago. Not to mention the fact that he's carrying the most elite killer squad!' The Black Dragon and White Tiger, after hearing Jun Wu Jing's words, all of them turned pale one by one, they simply couldn't believe this news.

After the shock, the White Tiger quickly asked Jun Wu Jing, 'Brother, do you mean to say that Lin Yan killed them? Was it Lin Yan who killed Burial as well as those top killers under Burial's command?'

Jun Wu Jing nodded excitedly, 'That's right, it's Lin Yan ah. But I'm not sure if it's Lin Yan alone who did it, because there's also an innate master hidden by Lin Yan's side, that person is also very strong ah, not weaker than the current me ah. It's really getting more and more interesting, huh Yanjing this place is worthy of being the location of the Dragon Vein, and those older generations, there are still really that kind of characters that exist ah, Lin Clan can rank alongside our Jun Family for so long, it seems that the bottom is still there ah

Chapter 644

Those people in front of Jun Wu Jing, after listening to Jun Wu Jing's analysis. A trace of scruples rose in each of their eyes. Yes, the nine of them had followed Jun Wu Jing all the way through the battle so far, and each of them had reached a peak in strength. The peak below the Innate Master, but they just had no clue as to how to break through that level. And to know that even a newly promoted Innate Master, if they wanted to kill them, it would be easy to do so. Previously, they had felt very, very strong, and had even become arrogant, but now there was also a trace of scruples in one's heart, scruples about the unknown!

Jun Wu Jing smiled as he looked at the unscrupulous gazes of the people in front of him, and in the next moment he stood up violently, his momentum booming. The monstrous momentum set off the robes of the nine people in front of him flying fiercely.

Jun Wu Jing's body stood straight, his momentum soaring to the sky, with a look of disdain in his eyes as he slowly said, 'Those older generations are strong, but you should not forget that we are still young. You've followed the war all the way up to now, where is the strength you had to kill Yanjing? Oh! Don't flatter yourself, those of them just live a little longer. It's no big deal. Just give me some more time and Lin Yan won't be a problem

Jun Wu Jing said with a monstrous confidence in his eyes, yes, he was nowhere near as good as Lin Yan! But Lin Yan didn't want to kill him as easily as he killed Burial. Or else Lin Yan wouldn't have been able to kill him, or else Lin Yan would have done it when he came the day before yesterday. And that day, Jun Wu Jing really felt a killing intent on Lin Yan's body. If Lin Yan was really sure, he would have already done it

'Actually, you weren't sure, but you killed me that day, didn't you? Hehe, I should have thought about it earlier. Gestalt innate and ordinary innate clerics, but it's not the same ah, Lin Yan that day you wanted to kill me to clear some obstacles for your

son's future journey north? Hehe 'Jun Wu Jing mumbled with a smile, yes he didn't think to understand that day, but now he did. It wasn't that Lin Yan and Daoyi didn't want to kill him that day. It was that he couldn't be killed, and even if he were to be killed, the price would probably be one of Lin Yan and Dao Yi, who was brought to death with him

'Yes big brother, we're bound to go forward!' Jun Wu Jing's words fell, suddenly the nine top men standing in front of him, they shouted at Jun Wu Jing in unison, under the pull of that Gestalt unparalleled qi on Jun Wu's body, the momentum on Dye Er Lu Pa Wu Shan Pa Wu Pa Pa's body also opened and climbed unceasingly, wildly upwards, at this moment they are all more powerful than the night one.

Jun unrepentantly smiled, 'Well, that's how it should be, I'm this generation of Yanjing's Gestalt, so what else are you guys afraid of? It's very, very hard for you guys to break through the innate, but it's not like you guys don't have a chance. You don't have the support of a great power behind you, but as long as you find your own path, your own way, it won't be hard to advance to innate, I'm waiting for you, Yanjing is not the end, it's just the beginning, the world is far more wonderful than you can imagine

Jun Wu Jing paused and suddenly waved his hand, walking outside, and as he reached the door, Jun Wu Jing's voice came over, 'You all go back and get ready, in the early hours of the morning, we leave for the Heavenly Sea! Go and see the place where Lin Yan fought with Burial. The two innate clerics fought to the death ah, those traces they left behind, that smell, it can't be erased, go and see it all, it might touch you

'Yes, big brother

the crowd behind Jun Wu Jing bowed their heads and shouted, their eyes one by one revealed a confident glow, yes, they were following a generation of Gai Shi! How could there be fear in their hearts? A generation of Gaius, the Yankees

I'm not sure if I'm going to be able to do that, but I'm not sure if I'm going to be able to do that, so I'm going to be able to do that. I'd like to see how long it will take for you to get there. The qi energy your father left in my body will be eliminated in three months at most. This time when Lin Yan went to the Western Sacred Mountain, I felt the death intent from him. If he dies and you haven't broken through that level after three months, don't blame me for doing it to you ah, Yanjing is a place that can't accommodate two Gestapo, if you can't break through, then I'll have to say sorry to you

'If you can make a breakthrough, then I'll wait for you in Yanjing, and if you can make a breakthrough, then I'll give you more time, so what? I hope you can break

through, then it will be more interesting for our generation, so I won't be able to do it, won't it?' Jun Wu Jing's lips raised a wry smile

Chapter 645

At eleven o'clock at midnight, in Lin Hao's villa in Tianhai City. Shen Xi Yan had fallen asleep, she had just had another ruthless toss with Lin Hao, Shen Xi Yan also knew that Lin Hao was a bit unstable and had a lot of hostility in his body, so Shen Xi Yan used all her tenderness to wear down and quell the hostility in Lin Hao's body.

Yue Gu was directly put together with Night One by Lin Hao during the night. For Yue Gu and Night One, Lin Hao and Shen Siyan felt that they were also a perfect match. It couldn't be said that they were a perfect match. Yue Gu was usually a big-hearted person but she dared to love and hate, while Yei Yi was a one-track top soldier and a particularly responsible man. That's why Lin Hao and Shen Xiyan were happy to set them up together.

Late at night, Lin Hao looked at Shen Siyan who was lying on the bed, sleeping, and gently covered her with the blanket. After kissing her gently on the forehead, he got up and got dressed and left the room.

When Lin Hao walked outside the villa, the dozen or so combat sequences that were hidden to protect the place nodded at Lin Hao. Lin Hao nodded to them as well. Then he quietly left the place and walked alone towards the Tianhai Group that was located in the city. And it was only after Lin Hao walked out of the villa area that a slight, deep weight appeared on his face.

Yes, this incident made Lin Hao feel a deep sense of crisis, and the full force of the Cherry Blossom Tear's attack this time made him feel a deep sense of powerlessness. Whether it was the intelligence network he was in charge of, or the fighting power under his command, including his own, it left him feeling insecure! The ten top-notch Silver Slayers in this Cherry Blossom Tear's incoming attack, even if he himself had faced them head-on, he wouldn't have been able to leave them all behind! Not to mention Night One and Mo Tianji

And this time if it wasn't for Dao Yi coming to help, then his wedding would definitely have to be postponed. And once it was postponed, it would be indefinite, because as long as the killer of the Tears of Cherry Blossoms wasn't solved, then he wouldn't be able to hold the wedding with Shen Yi Lu closed whiskers. And Night One

and Lin Yan, Lin Hao now understood that both of those people had broken through to that level, that level that few people in this world had broken through, the level of a true innate master! At that level, killing those top killers was as easy as eating and drinking water, and he, Lin Hao, had yet to break through

Late at night in Tianhai City, since it was now late winter, even the city streets had very, very few pedestrians. Not to mention the suburbs outside, Lin Hao was the only one walking in the night on the entire road. Lin Hao's heart was incomparably anxious.

Yes it was eager, because for that level, he had already thought about it countless times over the years, and had struck it dozens of times, but without exception, all of them had failed. Every time he came to the final juncture, it always felt like something was missing, that slight feeling that Lin Hao just couldn't grasp! In fact, now Lin Hao is already half a step innate, just a foot away from being that close to the door

'What's missing? Is it the big picture? Or is my faith not strong enough? The body's savings are obviously enough, and even my body's bottom line is so much stronger than Night One, but why is it that I just can't get past what's worse? What exactly was missing 'As Lin Hao walked, he pondered in his heart.

To this day, he had to break through to that level as soon as possible. The assassins of the Heavenly Sea who came to the Tear of Cherry Blossoms this time were all annihilated. Then the leader of the Tears of Cherry Blossoms, the existence that was rumored to have reached the innate level long ago. Definitely won't let up. He would definitely come to Tianhai City again. And if Lin Hao hadn't broken through by then, what would be the result? Daoichi can help him the first time, but not the second

It was just that that level, but it wasn't something that could be broken by just thinking about it. The more Lin Hao thought about it, the more upset he became, and once he was upset, the hostility in his body began to rise wildly. Lin Hao gritted his teeth and ran fiercely on the road, faster and faster and faster, only by running at the limit could he break through one physical limit after another

Hooooo Lin Hao used all his strength and began to run as fast as he could towards the Heavenly Sea Group. The location he was in was a full hundred miles away from the Heavenly Sea Group! This distance, even by car, would take an hour, let alone Lin Hao is using a run

Time was slowly passing by, Lin Hao was getting more and more anxious, maybe tomorrow or maybe the next moment, the revenge of Sakura's Tears would come to the

Heavenly Sea again and descend on him and Shen Xiyan. And his current strength was absolutely unable to defend himself. In that case, there would only be tragedy, and he didn't want him to have to face the danger of life and death again after he had just finished his wedding with Shen Shyan. And there was also Lin Yan, yesterday at his wedding, Lin Yan's domineering appearance. One person's momentum shook the entire arena, including him and Night One as well as Mo Tianji, and even if it was the three of them, they couldn't resist Lin Yan's oppression!

Chapter 646

In his mind, he thought about the oppression of the Tears of Cherry Blossom and Lin Yan's terrifying domination. Lin Hao's heart became more and more anxious. The hostility on his body just grew more and more, and the tyrannical air reached the sky. Lin Hao knew that this was not a good state of mind for him to be in for a breakthrough. But he simply couldn't control it now.

'Ahhhh

Lin Hao yelled on his back as he raced at speed. This time he knew he couldn't count on anyone else. He had to break through within the next two days, or he had to break through tonight. Night One and Mo Tianji couldn't be counted on, and Dao One couldn't come back to help him. He had to reach that level on his own! The top killers of Sakura Tears didn't come today, but that didn't mean they wouldn't come tomorrow. And the more silent the other party was now, the more anxious Lin Hao's heart became

After running for an hour, Lin Hao's sweat had soaked his entire body, and in this winter, Lin Hao's entire body was radiating heat, he didn't take a step, his sweat was dripping down, and every footprint was wet

One hour, two hours, three hours

Lin Hao had been running as fast as he could for a full three hours. By the time he ran to the Tianhai Group's headquarters, his entire body was like a blister. All of his clothes were completely and utterly soaked. In his rapid running, Lin Hao broke one limit after another, but it was still useless, even if he ran for a long time longer than when he had trained before, there would be no other great use

On the top floor of the Tian Hai Group, a huge space, thousands of square feet were Lin Hao's personal space alone. It had his office, it had a lounge, and it also had a top-notch training room

Lin Hao, who was drenched to the bone, walked to the training room, took off his clothes, and put on a random shirt. He began to work out like crazy, challenging his previous limits every time.

In the several hundred square meters of training room, Lin Hao held a three hundred kilogram barbell in his hand and waved it furiously, and every time the three hundred kilogram barbell touched the ground or the wall, it left a big hole on it. Until Lin Hao danced to exhaustion but still useless

'Ah ah ah kill kill kill 'The hostile Lin Hao, with red eyes, picked up a long alloy combat knife weighing more than ten pounds from the side and raged in the training room It was swung. The dolls that were placed in training were instantly hacked apart by Lin Hao

'Still useless, still useless, still useless!!!! Ahhhhh ! ! ! !' Lin Hao was furious, his eyes were already blood red, and in his rage, Lin Hao spurted out blood from his mouth

Puff didn't know if it was caused by his constant pushing of the limits tonight, or if it was just caused by the heart fire. Anyway, Lin Hao fiercely spurted out a large mouthful of fresh blood. And this mouthful of fresh blood was particularly large, the last intact doll in front of Lin Hao's body, the head was dyed red by the fresh blood that Lin Hao sprayed out, and the doll that was dyed red by the fresh blood was as if it was a slain, it was so brutal

Lin Hao looked at the doll in front of him, stained red by his own blood, and suddenly froze. The entire person stood there stunned body was filled with monstrous hostility and icy cold killing intent, as well as endless dominance

At this moment, Lin Hao suddenly understood something, and there was just a flash of light in his mind. In the next moment, Lin Hao muttered to himself, 'I understand, I understand. So this is my path, an innate path filled with tyranny, murder, anger, and blackness? The way of killing, and the reason I never broke through before was because I was suppressing ah, I was suppressing yes, why would I suppress it, why would I suppress it? Even if it affects the mind later, that's later, why should I suppress it now

In the next moment, Lin Hao slowly closed his eyes, holding the long knife in his hand, his hands directly grasped the blade, and Panxi sat on the ground. The flesh on Lin Hao's two palms was cut by the blade, and the bright red blood, which was constantly flowing out, quickly soaked the clothes on his body and stained the ground beneath him

But Lin Hao, who had his eyes closed, didn't care at all about the intense pain coming from his hands. Instead, the murderous fury that filled his body grew stronger and stronger and stronger

A loud boom kept coming out of Lin Hao's body, this was Lin Hao violently impacting towards the gate of the Innate Master with the ultimate way of killing

'I don't care about taking that path to advance, I only care if I can have the power to protect those around me ah' With the last murmur of Lin Hao's heart, as the smile of Shen Ji Yan in his mind, flickered away

In the next moment, a huge boom was heard, and Lin Hao's entire body sprayed out bright red blood mist from his pores. His entire body had become like a bloody man at this moment. But correspondingly, Lin Hao's aura was tens of times stronger at this moment

'Is this, that one realm?, the realm of the Innate Master And advancing with the extreme killing path, this momentum is already not inferior to Dao One's predecessor ah, very strong, very good' In the next moment, Lin Hao's eyes that were filled with blood mist slowly opened, he felt this momentum on his body that was even stronger than Dao One and muttered to himself

An hour later, went to take a shower, changed into a brand new outfit, and put on a long black coat. Lin Hao, whose body was straight and with an imposing punch, stood on the roof of the Tianhai Group

And now it's already six o'clock in the morning, the distant sky has risen a round of sunrise, the sunrise a hint of the first rays shone on Lin Hao's body, under the golden sunlight map, Lin Hao looks so dominating.

A killing way out of the Gestalt Heaven Zero Er Lu Shanxi Dye Service Zero Pride, promoted in the Heavenly Sea, he is Lin Hao! Even if I fall into the dark way of killing, I'm going to guard Shen's cherished Lin Hao! Gay Lin Hao!!!

Chapter 647

At the moment when Lin Hao was standing on the roof of the Heavenly Sea Group's building emitting his momentum, in the middle and western part of Huaxia, deep in the rolling Taihang Mountains, within the endless mountains, there was a hollow peak, and right now the hollow inner space of that peak was strangely suspended with a translucent red crystal coffin, inside that coffin was filled with blood-red liquid, and vaguely a woman's body, soaking in it, the woman was tall and forward and had long hair, right now the woman had her eyes closed, but there was her voice echoing outside the blood-red coffin.

'Geez, Master Teacher, I just felt Brother Lin Hao's breath, is that him? Did he break through to that level? I vaguely have a feeling of oh 'The woman's voice is incomparably light, as if it is not like a Sanskrit voice. And this woman is what Lin Yan said when he was in Yanjing, the woman who was engaged to Lin Hao as a child

You Zi Concubine, the jewel in the palm of the You Clan, the third largest warlord in Huaxia, the eldest daughter of the You Clan. She was frail and sickly at a very young age, she had met Lin Hao once when she was five years old, when her parents took her on a trip to the Lin Clan, and after that time, Lin Yan had concluded a marriage contract with them. When Princess You Zifei grew up, she would marry Lin Hao, who was three years older than her. Only more than ten years ago, after the internal strife in the Lin Clan, Lin Hao broke away from the Lin Clan, and You Zi Concubine all these years outside rumors that she was dead, no one has ever seen her again, but what no one knows is that she is actually still alive, fighting off numerous illnesses and pain to live

At this moment, after You Zifei finished speaking, a gray-haired old man appeared under You Zifei's coffin, the old man was wearing a black linen ancient clothing, his physique was pale, but his breath was unfathomable.

At this moment, the old man had a kind smile on his face, nodded his head and smiled, 'Well not bad, it's that kid from the Lin family, but it seems that he broke through in that area of the Heavenly Sea, very good, walking the Dark Killing Path, this path is considered to be the Extreme Dao innate, and the Heavenly Sea has no cover, with the luck of the Heavenly Sea now, he is advancing to innate there, that is the cover, the two together is the Extreme Dao! Gestalt! The potential is very, very good, no worse than that little guy in the Jun family

After hearing the old man's words, the woman inside the blood-red coffin moved her body and undulated up and down, and her long hair, which was soaked within the unknown blood water, also fluttered in the blood water, with a strange beauty

The woman still had her eyes closed, nor did she open her mouth, but her voice was able to be transmitted. At this moment the woman's somewhat excited and anxious voice echoed out in the cave, 'Hehehe, I knew it, I knew that my brother Lin Hao, I was sure that he would succeed, then he doesn't have to be afraid of those bad people in their family now. But Master ah, how much longer do I have to go out ah, I want to go out so badly, I still have to help Brother Lin Hao fight the bad guys in their family, Master I beg you, okay, let me out

Inside the cave, the soft female voice echoed, and the body of the woman inside the blood red coffin moved more and more violently. Her eyelids also began to move as if she was trying to force them open

The Qi on the old man's body fiercely suppressed at the sight of the old man's terrifying Qi, and the woman inside the blood-red coffin stopped moving, but from her violently trembling eyelashes, it could still be seen that she was still struggling

'Master, what are you doing? Let me out quickly. Brother Lin Hao needs my help. There are a lot of bad people in his family, and I want to help him fight the bad guys.' A woman's voice surfaced again inside the cave.

The old man frowned, then smiled and said, 'Little You'er, I'm afraid you won't be needed this time. The situation inside the Lin Clan is very complicated. And now they have set off a second internal battle. Lin Yan has already gone to the west, with Lin Yan here, those old guys of the Lin Clan branch won't have it easy, so don't worry. And your body is almost healed, you can't give up before the end ah, there are still half a month, well before the new year, your body will definitely be good, and then you will be able to come out

I give you the assurance that your Lin Hao brother, Jedi whisk zero rely on whisk service Lu Zha pair won't happen... ..'

The mannish woman inside the blood-red coffin stopped struggling only after hearing the old man's words. Then a melodious sigh spread within the cave, 'Hey, well then, I'll have to wait for another half month. But I'm looking forward to it, I'm looking forward to seeing Brother Lin Hao, he's an Extreme Gestalt and I'm also an Extreme Redhead, hehehe, he really is my destiny

hehehe

the woman's voice was just a bit lost but then becomes happy and lighthearted

When the old man heard the words, his face suddenly showed a touch of intolerance and opened his mouth, wanting to say something, but nothing came out, and his face was incomparably torn

Chapter 648

And with such an expression from the old man, it was as if the woman inside the blood-red coffin was able to see it. Her incomparably light and puzzled voice came out again, echoing in the cave, 'Master, what's wrong with you? Why do you have that look on your face? Are you sad about something? Then you tell it to Uriel.'

The old man frowned and sighed, and was silent for a while before he said with a somewhat low voice, 'Little You'er, there's bad news, I don't know if I should tell you or not, I think it's time to tell you, but if you find out, I'm afraid that you'll get excited and your body isn't well

The woman inside the blood-red coffin was also silent at the news, she had been sleeping but she seemed like she was very smart. After hearing the old man's words, her voice echoed out again, 'Master, is about Brother Lin Hao? Do you think I'll feel bad that he's got another woman with him?'

The old man opened his mouth looking a little shocked, he didn't think that Lady You Zifei was so smart that he could guess the truth in one guess. He opened his mouth, but before he could speak, You Zi Fei's ethereal voice reverberated within Shandong again, 'Master, can you project an image of Brother Lin Hao with that woman? I want to see, don't worry, I'm definitely not excited. I haven't been out for so many years, brother Lin Hao must have thought I was dead, so it's okay for me if he falls in love with someone else, but let me see, I want to see if that woman is worthy of my brother Lin Hao, okay?'

The old man was silent for a long time, a hint of intolerance in his eyes, before he said, 'Little You're sure you want to see it? Are you sure you won't get excited?'

'Mm

the cave echoed with the ethereal and determined voice of You Zi Fei.

The old man sighed deeply, and in the next moment he waved his hand, and a projection appeared on the wall above the coffin. On top of the projection was the scene of the wedding between Lin Hao and Shen Siyan, the wedding was broadcasted from Lin

Hao with Lin Tian's mask, and then Shen Siyan appeared, and then Lin Hao unmasked and met Shen Siyan, and then the two of them embraced and kissed each other deeply

The projection over the coffin was playing continuously, and You Zifei stopped moving, although she still had her eyes closed, it was as if she could see, and You Zifei did not speak, so the old man below did not speak anymore.

Half an hour later, when the projection over the walls finished fluctuating, the incomparably ethereal voice of the You Zi Concubine echoed out, 'Master, that sister is so beautiful, and I can tell that she truly likes brother Lin Hao, and brother Lin Hao is happy with her, I can tell that brother Lin Hao is smiling very happily

You Zifei's voice carried a hint of loneliness, a hint of sadness. The old man's eyes were complicated, and he didn't say anything, just sighed.

Then You Zifei's voice reverberated once more, 'But Master, that Shen Shiyuan she is not worthy of Brother Lin Hao. Her existence will only bring pain and torment to brother Lin Hao. I'm not sure if I'll be able to do that, but I'm not sure if I'll be able to do that, so I'm not sure if I'll be able to do that. He hasn't seen me in years...Dixie's closed the door to Dixie's land...'

When the old man heard You Zifei say that, he quickly said, 'Mmhhh, Little You'er, don't worry, your brother Lin Hao has never seen you before, and when he sees you ten days later, he will definitely fall in love with you. And you are his wife, you've been engaged to him since you were very young. And your marriage contract was presided over by me at that time, and it was also witnessed by both the You and Lin families, this is the contract of our ancient clan. Even if your brother Lin Hao can't leave that woman, then you're still his rightful wife

'But I only want Brother Lin Hao to belong to me alone, I don't want to share it with another woman. It's all the fault of those bad people in the Lin Clan, if they hadn't started the internal strife, my brother Lin Hao wouldn't have been forced to live in exile and meet so many worldly women. How are they worthy of my brother Lin Hao

Master when I go out, I will kill those bad people, I must kill them

You Zi Fei's voice once again echoed in the cave. There was a hint of anger in the ethereal, but there was also a hint of unrelenting determination

The old man nodded and said with a smile, ‘Mmhmm, your brother Lin Hao will always be our Little You’er’s, no other woman can snatch him away, Master supports you’

‘Hmmm, thank you Master What about ‘You Zifei’s ethereal and happy voice echoed out

‘Okay, then Little You’re you have a good sleep again, and when you wake up next time, you can come out. When you’re awake, I’ll come back for you, Master still has things to do, then Master will leave first ah’ the old man said after raising his head to the blood-red coffin suspended in mid-air, and left with a smile

When the old man left a long time later, You Zifei’s ethereal voice only echoed in the cave again: ‘Brother Lin Hao, can only be mine, You’re not going to share it with others, Brother Lin Hao you wait You’re, when You’re out, will help you to kill those bad people in your home, all dead I want to go out quickly, Brother Lin Hao, I want to see you so much’

Inside the cave there are some phosphorescent lights flickering, and under the mapping of those phosphorescent lights, in the mid-air of the cave, inside that empty blood-red crystal coffin, you violet consort’s, as well as her hair, also floating up and down
