

Super Son-in-law Chapter 761-763

Chapter 761

‘Honey, what’s wrong?’ Shen Siyan saw Lin Hao standing in front of the window looking out and asked, ‘I don’t know.’

Lin Hao shook his head and said, ‘I don’t know, I just felt someone watching me, well, I guess I’m thinking too much, it’s a big night, and I’m afraid there’s nowhere in the world that has stricter security than the Lin Clan’s ancestral home.’

Wearing a pale pink satin nightgown, Shen Siyan got out of bed and hugged Lin Hao’s waist from behind, putting her head on Lin Hao’s back: ‘Honey, don’t be too tired, get some rest

‘Lin Hao smiled and then followed Shen Siyan back to the bed. Soon Shen Siyan rested on Lin Hao’s arm and fell asleep, but Lin Hao, who had something on his mind, could not sleep.

After Lin Hao slept, Cang, who was on top of the western mountain, also withdrew his gaze from looking at the Lin Clan’s ancestral home. His eyes were incomparably deep, with a constant flicker of light in the depths of his eyes.

The next morning, Princess You Zi-fei told Lin Hao Shen Si-yan that she would be leaving in the morning, and at nine o’clock in the morning, Princess You Zi-fei went to the Lin’s ancestral home for the last time and met Lin Hao and Shen Si-yan. When she found out that Princess You Zifei was leaving, she quietly retreated, leaving Princess You Zifei to talk to Lin Hao alone.

‘Are you leaving so soon?’ Lin Hao asked a complicated question to You Zifei. I don’t know how, after he heard the news that Princess You Zi was leaving, he had only helplessness in his heart, deep helplessness.

You Zifei faintly smiled, and looked at Lin Hao with great reluctance: ‘Well, to go, these years in the mountains to stay accustomed to, fiercely a return to the metropolis, found it very uncomfortable, not as clothing, I prefer the ancient style, and it is difficult to accept the modern style of clothing’ You Zifei said, even if it is going to go, she did not say anything to make Lin Hao feel difficult to do

Then there was a long silence between the two of them. Both of them knew what was going on in their hearts, but they couldn’t say what was on their minds, so they just stood there in silence. So the two of them just stood there, quietly.

‘Brother Lin Hao, you and Sister Xi Yan are really a good match, you are also very happy, I won’t say any more words, I’m leaving.’ You Zi Fei looked at the lake in front of her, said to Lin Hao after a long period of silence.

‘Are you leaving now?’ Lin Hao subconsciously asked the question, feeling somewhat reluctant. He felt guilty about You Zi Fei. Even though things had developed to this point, from any perspective, there was no blame on him.

You Zifei nodded her head and said, ‘Well, go away, when I came over, I’ve already explained in the You family, I’ll just leave from you, and when I come back later, I’ll come back to find you and Sister Xiyan’

‘Well, okay’ Lin Hao said silently. The mood was somewhat low.

After taking a few steps, she suddenly turned around and smiled at Lin Hao and said: ‘Brother Hao, you don’t have to feel guilty about me, you don’t owe me anything. You don’t owe me anything. Just treat Sister Xiyan well in the future, she really loves you, Sister Xiyan is also a stunning red face’.

You Zi-fei walked out after saying that she didn’t want Lin Hao and Shen Si-yan to see her off anymore. But when she arrived at the gate of the Lin family’s ancestral home, Lin Hao and Shen Suyan, as well as Lin Yan and Old Mrs. Lin were all there to see her off.

‘Oh, well, everyone don’t see her off, it’s not like I’m not coming back, I’m leaving, everyone take care of yourself...? I’m going to go and take care of myself...?’ You Zi-fei at the gate to say goodbye to the Lin’s crowd, about to get on the car to leave, a voice suddenly reached the ears of You Zi-fei and the crowd.

‘The first thing you need to do is to take a look at the website of the company, and then you can see the company’s website.’

‘Is it you?’ At the moment when Cang appeared, Lin Yan’s face changed dramatically. He immediately recognized the old man in front of him as the terrifying old man he had met more than ten years ago in the mountains behind the Lin Clan, the terrifying old man who had told him that he would come looking for him when he reached the peak of innate talent. After Cang appeared, Lin Yan’s heart was on guard to the extreme.

Not only Lin Yan, but also Lin Hao's pupils were shrinking violently, and last night he had a strange and uneasy feeling in his heart. And now when the old man appeared in front of him, the feeling in his heart became even stronger. Like Lin Yan, Lin Hao was also deeply alert at the first time, and intentionally or unintentionally his body, blocked a little in front of Shen Shiyao. Lin Hao felt a great terror from the old man in front of him.

'Master, how did you you come here?' The Princess of Purple? Lovewood dye lover zero ground cover? The first thing that you need to do is to ask Cang a confused question.

Just as Princess You Zi Fei called out the word Master, Lin Yan's heart thumped, and now it seems that the guess he made with You Hei and Jun Wu Jing a few days ago was correct. The mysterious person who had taken away Princess You Zi from the You family back then was the same person as the one Lin Yan had met!

Cang nodded and looked at the Lin's crowd and said to You Zi Fei: 'I came here, first, to see the deceased more than ten years ago, and second, to do some business'.

After Cang finished speaking, he didn't wait for You Zifei to speak, he took a step forward, stood in front of Lin Yan, took a deep look at Lin Yan, and couldn't help but say disappointedly: 'Your progress is too slow, and your potential is gone, I'm afraid you won't be able to take that step in this life'.

Lin Yan bowed to Cang: 'Sorry to disappoint you senior'

'Hey 'Cang sighed deeply, and the disappointment in his eyes towards Lin Yan grew even stronger. The feeling was like the disappointment one feels when one has been waiting for something for a long time, and after waiting for more than ten years, one finds that

it doesn't reach the point one wants. At this moment Cang is like this, his disappointment towards Lin Yan is not disguised at all.

Lin Yan's attitude toward Cang, however, was even lowered, and as strong as Lin Yan was, he didn't dare to disobey the old man even though he was standing in front of him.

The company's main business is to provide a wide range of products and services, and to provide a wide range of products and services to the public. The old man's mouth was a step, and Lin Hao had some guesses as to what he was referring to. But because he guessed what that step was, he felt the terror of the old man in front of him even more.

Without waiting for Lin Hao to speak, Cang walked up to him, looked at him and nodded his head: 'You're not bad, you walk the killing extreme path, the extreme path of the innate master, even at the early stage, the battle power is comparable to an ordinary master at the peak, can cross three small levels and fight, not to say win but at least not lose. It's just that the path of the polar dao is too hard, too difficult And now your polar dao is collapsing, if you continue like this, you will soon fall down the realm

Lin Hao didn't know what the old man meant, he frowned and said to the old man, 'Thank you senior for your advice, it's just that what I'm pursuing in this life isn't martial

Cang shook his head: 'No, your grandfather is dead, your father is ruined, if you continue like this, then Lin's will be finished, and it's too hard to produce extreme Dao masters in this world, if you are ruined, the world will be less fun again. So, you can't waste ah, and you have to make your way farther and farther

Lin Hao was even more wary at the news and asked the old man, ‘Senior, what do you mean by that?’

Cang walked in front of Shen Shi Yan, carefully looked at Shen Shi Yan, and then said to Lin Hao, ‘Your wife should have been my disciple, she is the body of nine ghosts, only in the world’s billions will there be such a one, and she has also achieved the innate master. The two of you together can only promote your Dao I thought my disciple would have done everything right when she came back, but now it seems she didn’t, so I’ll do it’

Senior, I don’t understand what you’re talking about, and I’m already married, and I’m also very guilty and sorry for Zi Fei, but please don’t interfere with our choice,’ said Lin Hao, deeply guarded. But please don’t interfere with our choice’ said Lin Hao, deeply guarded.

‘Oh, worldly marriage it’ Cang slowly nodded his head, looking at Lin Hao: ‘Then I now give you two choices, the first is to divorce the woman beside you and marry my disciple. Secondly, I will destroy your Lin Clan today’ Cang said, his body gushed out a huge and overwhelming momentum, and the monstrous momentum instantly overwhelmed Lin Hao, and for a moment Lin Hao’s face changed wildly, he found that under the oppression of the old man’s momentum, he couldn’t move at all.

He found that he couldn’t move at all under the old man’s oppressive Qi. ‘Senior slow down’ said Lin Yan, extending his hand after seeing Cang exerting pressure on Lin Hao.

‘I don’t like to delay, so you only have three breaths of time, after three breaths give me your choice, whether to marry my disciple, or now I will destroy your entire Lin Clan’ Cang

looked deeply at Lin Hao, slowly said. The tone was overbearing to the extreme, did not give Lin Hao a third way to choose, and the tone of the strong unquestionable, it is not difficult to imagine, if Lin Hao refused, the terrifying old man in front of the eyes, today will absolutely destroy the entire Lin Clan

At this moment, in front of absolute power, all is vanity, and there are no enemies within arm's reach

Chapter 763

Time is passing very, very slowly at this moment, Lin Hao and the others did not expect that today, before the departure of Princess You Zifei, there would suddenly appear such a big change, and this change is so strong, the mysterious old man in front of him, and even one person can destroy the entire Lin Clan, this is another layer of truth in this world, some people really can one person to town a domain, is not delusional.

If it wasn't for the severely injured Lin Yan who was still lying on the ground, his face pale and spurting blood, Lin Hao wouldn't have believed the fact that he had become the head of the Lin Clan and that there were two top innate masters, him and Lin Yan, at the moment. How could someone in this world still persecute him so much? For a moment he even felt that the scene in front of him was a dream. The old man in front of him, who was still locked in with his momentum, let him know that it was all real.

The three women were looking at the sudden change that had occurred in front of them.

The first thing you need to do is to take a look at the company. I'm not sure if I'm going to be able to do that. The company's main business is to provide a wide range of products and services to the public. In fact, even though Lin Hao is the youngest person in history, in his eyes, he is only a tiny mole in the world.

‘Three breaths of time is up, so now tell me what your choice is’ said Cang without a hint of emotion.

Lin Hao bowed his head in silence, and slowly said: ‘No one in this world can make me choose, I have come this far, and it is my own step by step. My wife is my own choice, I love her very much, this life in my heart should not love someone else, for her, I can block everything I have, this is my commitment to her, this is also all these years, I have told myself countless times’.

Lin Hao said here, looked up at Cang and continued, ‘I have also told her countless times that if I am here in this life, I will not let her suffer the slightest bit of grievance anymore, because she is my wife’.

Cang was silent, and behind him stood You Zi-fei, but at this moment there were two lines of tears sliding down her face, she stared at Lin Hao, her eyes filled with complexity.

She was also stunned, she shut up and did not say a word, the sudden events of today’s moment, has long surpassed her imagination. She didn’t know what she should do as Lin Hao’s wife at this moment. And the only thing she could do was to go and trust Lin Hao, unconditionally.

‘Well, understand, then I will exterminate you today, the feelings between mortals ah, a hundred years later, are hard to escape a handful of loess, really childish’ Cang still without a trace of emotion, said.

‘The next moment when Cang finished speaking, Lin Hao took out a long sword from nowhere, and in an instant, he slashed straight at Cang’s head with all his might. Lin Hao’s body surged with an ice-cold killing intent, and this sword was the culmination of the sword that he had used to kill Lin Xiaoyun in Western Europe. When Cang had given him the choice before, he had been secretly saving his strength.

But when Lin Hao’s longsword reached Cang’s eyes, it couldn’t advance any further and was completely frozen there. No matter how hard Lin Hao pushed, the longsword just didn’t move. It stopped two centimeters in front of Cang’s face.

He said, ‘I don’t know how is possible.’ Lin Hao didn’t believe in the slightest that there was anyone in the world today who could resist his sword without using his hands.

He said, ‘The power of a mortal man, he doesn’t know how much he can do’, and then he stretched out a finger to Lin Hao’s sword and pointed it up.

Bang In the next moment, as if space returned to normal, the sword in Lin Hao’s hand was instantly shattered into pieces. All of Lin Hao’s strength, plus the power of his longsword, could not resist Cang’s finger at this moment. Lin Hao’s right arm began to mist with blood, and then a soft sound was heard, Lin Hao’s shoulder broke out into a finger-sized hole, and then Lin Hao’s body flew out just like Lin Yan’s

Super Son-in-law Chapter 764-766

Chapter 764

‘After landing on the ground, Lin Hao couldn’t help but let out a miserable scream. The old man’s finger just ruined his entire right arm and punched a bloody hole in his shoulder, and the meridians in his body started to become disordered. The qi in his body was running wild, and a puff of blood mist popped out of Lin Hao’s body every now and then ? The first thing that you should do is to take a look at the following

It's not a rival, it's not a rival at all, or the power of the two sides is not at all on the same level, the difference is completely wildly different

Lin Yan was lying far away, unable to stand up at all, and Lin Hao was bursting with blood mist all over his body, also unable to move at all, his eyes blood red, staring at the pale.

His eyes were blood red, and he was staring at Cang with a deadly stare. It seemed like a long time, but in fact it was very fast, just a blink of an eye, and this was the result. After Lin Hao fell down, Cang didn't even look at Lin Hao again, but looked at Shen Xiyan and said to Lin Hao: 'In this world, no one dares to disobey me for a long time, since you made such a childish choice, I will fulfill your wish. Then I'll kill her in front of your eyes to make you more angry

After Cang finished speaking, he didn't give Lin Hao any reaction at all and lifted a finger to point it at Shen Suyan's head. Even Lin Hao, who held a longsword in his hand, couldn't catch Cang's finger, let alone the current Shen Xiyan. So you don't have to think about it, if Cang's finger landed on Shen Suyan's head, Shen Suyan's head would explode and there would be no chance of survival.

'Lin Hao's eyes were bloodshot red and his teeth were bared, but at this moment he couldn't even open his mouth. As for Shen Shiyuan, under the shock of Cang Qi, she couldn't move a bit. She had two lines of tears running down her face, which were fear, but also regret. She wanted to say something to Lin Hao at this moment, but couldn't open her mouth at all. She could only watch Cang's finger slowly pointing towards her head

‘I’m not going to be the one to say goodbye to you, my love in this life, I don’t regret’ in Cang’s fingers are about to reach her head, Shen Caiyan in her heart, said to herself.

‘The first thing you need to do is to take a look at the newest products that are available in the marketplace, which are available in the marketplace.

The next thing you want to do is to get a good idea of what you’re looking for and what you’re looking for.

Buzz Next moment, Cang’s finger was on the forehead of You Violet Concubine

..... A great momentum burst, was Cang’s doing. At this moment, his ancient and untroubled face finally revealed a trace of anger, and a monstrous momentum swept over him. Shen Si Yan’s body was thrown out by the impact of Cang’s momentum, and landed beside Lin Hao.

And in the sky under the smoke and dust, wearing a long purple dress, long hair with purple hairpins, you Zi-fei, face suddenly pale, the corner of the mouth with a trace of red blood flowing down

‘No ah ah’ distant Lin Hao when he saw this scene, he finally broke through some of the body restraints, the body of the blood mist burst more and more, she looked at the corners of the mouth down The bleeding Violet Concubine You was roaring hysterically, her eyes blood red. At this moment, he felt the vitality of You Zi Concubine’s body rapidly dissipating

‘Brother Hao, see you in the next life’ You Zifei’s mouth was bleeding downward, she, like Shen Xiyan, wanted to see Lin Hao again, but couldn’t, couldn’t

In front of the Lin’s ancestral home, such a pair of miserable and desperate picture was shown out, the momentum of a monstrous Cang, fingers on the head of the You Zi Fei, the most beautiful Gai Shi red face, at the moment the body’s vitality in the dissipation, the face is becoming pale, the corner of the mouth in the downward flow of blood

The bright red blood and the beautiful pale face seem to be so conflicting and poignant at this moment.

Chapter 765

He had just forcefully withdrawn most of his force at the last moment, but he was too strong, even if only a small part of the force hit Princess You Zifei, it was still hard for her to bear.

‘Is it worth it?’ Cang stared blankly at You Zi Fei and withdrew the finger that was dotted on her forehead.

You Zifei smiled sadly and said, ‘Master, I’m sorry.’

‘Hey’ Cang sighed deeply, and the next moment he took out a green pill with a fragrant scent from his bosom and put it into the mouth of You Zi Fei: ‘If you are not the body of the Nine Secrets, even if you were an innate master, you would have to die’.

After eating the pill, the vitality in her body actually soared wildly, and her face turned from pale to red. She didn't know what kind of pill Cang had given her, but she could clearly feel her body, and at this moment her injuries were rapidly improving, and the hidden dangers left in her body due to her early departure from the mountain were also completely compensated for at this moment. And not only that, at this moment while digesting the pill, she actually had a breakthrough in her realm, directly from the innate birth stage to the middle stage, and even advancing towards the late stage.

You Zifei felt the state of her body, her face incomparably shocked, she stared at Cang, her eyes incomparably complex: 'Master, you

'Only this one chance, you know my will, no one in this world has been able to disobey me

'Cang looked at You Zifei said one sentence, and then no longer pay attention to her.

The company has been in the process of developing the new product for the past two years, and has been working on the development of the new product for the past two years. The company's main business is to provide a wide range of products and services to its customers.'

After Cang finished speaking, he turned around without hesitation and was about to leave, but when he had just walked out a few meters away, suddenly the old lady Lin, who hadn't spoken before, stood behind him and fiercely looked up with a deadly stare at Cang's back and shouted, 'Stop.'

'Well?'

Cang turned around and looked at the cold-eyed old lady Lin, but there was no expression on her face.

‘Mom, don’t ‘When Lin Yan heard Old Lady Lin call out to Cang, he quickly shook his head at Old Lady Lin, and Lin Yan’s eyes were filled with endless pain.

But at this moment, it was as if Old Mrs. Lin didn’t hear, she stared at Cang’s eyes, took two steps forward with her crutches, and drank, ‘I ask you, did you do the death of my husband, Lin Zhantian ?’

Cang stunned, then faintly nodded and said: ‘Yes and no, thirty years ago, he found out some secrets about me, and then did not think to challenge me, the result is naturally death, your husband’s death, not the seat of the initiative, of course, if you want to credit me, can also’.

Old Mrs. Lin’s two cloudy eyes, instantly shed two lines of tears, her body was trembling with anger, but she knew that at the moment she could not say anything else, her son and grandson, are the world’s top strong, but against the pale, still no chance of winning, even though she had millions of reluctance, at the moment she can only silence, only silence

Cang paused and continued: ‘Don’t worry, I’ll be back in three days to see what you Lin’s choice is. The four great families of Huaxia, more than a decade ago, I have casually exterminated one, not bad you this one, do not think of yourselves how noble. Just one family, exterminated, naturally there will be new and more obedient ones coming up’.

Cang’s eyes seemed to flash with a hint of a sneer, then without another word, he wanted to turn around and leave. But this time, Old Lady Lin did not open her mouth, but You Zi-fei did.

‘Master, then my grandfather’ You Zifei just heard Cang’s words, she had already thought of something in her heart. Back then, her grandfather and Lin Hao’s grandfather had disappeared almost at the same time.

This time Cang was silent in the face of You Zi Fei’s question, he did not speak again, but just turned around and left. Just like last night, Cang’s figure completely disappeared as he walked, just slowly fading away in front of everyone’s eyes. It was as if he had never existed. But he appeared, and with one appearance, he pushed the entire Lin’s to the edge of the cliff, with the abyss below

You Zifei stared at Cang’s back as he walked away, but Cang didn’t say anything just now, but she understood in her heart. I’m afraid that her own grandfather was also killed by Cang. Her master a half-immortal without any feelings, only to pursue a higher realm

Cang is gone, but what is left of the Lin Clan and You Zifei is only endless pain. A short distance away, Lin Hao’s body was still spurting blood outward, and at the moment, Lin Hao’s body had forced him to sink automatically, and Shen Shiyan was pale, breathing weakly, unconscious on the ground. Lin Yan’s mouth was still spitting out blood, and he staggered, trying to get up. Old Mrs. Lin was in tears, standing to one side and lost her mind.

You Zifei opened her mouth with difficulty, her heart incomparably painful. She didn’t speak, when a large number of people came out of the Lin Clan’s ancestral home, headed by Lin Bancheng and Mo Yuntian, the two old men saw the scene in front of them and hurried to Lin Hao’s rescue.

Half a quarter of an hour later, in Lin Hao's room, You Zi Fei walked in. Lin Yan saw You Zi Fei come in, painfully shook her head and said: 'Hao'er's injuries are very serious, the meridians in his body are now a mess, his vital signs are declining, hey'.

You Violet Concubine nodded her head with a sorrowful look and walked over to Lin Hao's bedside, she gave him a complicated look, then took out a dagger and cut her wrist.

In the next moment, a drop of bright red blood, filled with endless vitality, fell from the wrist of Concubine You Zi, and landed in Lin Hao's mouth. After Lin Hao had the blood of Concubine You Zifei, his body's qi actually began to slowly stabilize, and his vitality was slowly recovering.

'Consort, this 'Lin Yan saw the scene in front of him was deeply moved.

You Violet Concubine looked at the still unconscious Lin Hao lying on the bed and said: 'It's okay, my blood now has a lot of vitality in it, it will help Brother Hao's injury ' You Violet Concubine wrist drops of blood continue to fall into Lin Hao's mouth, slowly Lin Hao's vitality is getting stronger and stronger, but You Violet Concubine's face became pale again

'Uncle Lin, I'm sorry, Sister Xiyan's injury is also very serious, she has never practiced martial arts, so even if she only took some of my master's outburst of momentum, it left her heart and brain area badly injured, and with Lin's strength, she can't stop my master. I have already contacted my master's wife. I'm not sure if I'm going to be able to do that. I'm not sure if I'm going to be able to do that, but I'm not sure if I'm going to be able to do that, and I'm not sure if I'm going to be able to do that.'

Seeing that Lin Hao's Qi had settled down, Princess You Zi wrapped her wrist around it, stood up and walked out.

'Concubine

Lin Yan saw that Concubine You Zifei was leaving, so he called out to her.

You Zi-fei also looks a little trance-like, today's events have had a great impact on her mind, and her body and heart are also very tired.

Lin Yan's eyes were filled with complexity, the woman in front of him was supposed to be their daughter-in-law, but now so many things have happened to her.

Lin Yan swallowed hard, incomparably complicated to Princess You Zi said: 'Concubine, this has nothing to do with you, don't take the blame on yourself, okay?'

You Zi-fei didn't say anything and continued to walk, but when she reached the door, she stopped and said to Lin Yan: 'Uncle Lin, I know what I am about to say may be too harsh. But I still have to say it. Please let Brother Hao go to the You family in three days to marry me, okay?'

After she finished speaking, two tears slipped down her face. Her intention was to leave today. And she did, too, and was leaving. Really, really, her master's sudden appearance, and the sudden move against Lin Yan and Lin Hao without any warning, she didn't know anything about it, she really didn't know anything about it.

And she originally intended to withdraw and secretly go and bless Lin Hao and Shen Xiyuan. But now she didn't know what her master's purpose was, though. But she was sure that if Lin Hao didn't marry her after three days, then the entire Lin Clan would really be destroyed. And these seemingly righteous but true words, she can't speak to Lin Yan. Because she is Cang's disciple, just by virtue of her identity, in the eyes of the world, her approach will not be understood, and the world is thinking that she is deliberately forcing Lin's

She simply wants to keep Lin Hao alive, to keep Lin Hao alive, that's all, that's all

Super Son-in-law Chapter 767-768

Chapter 767

At noon, after making arrangements for the Lin family, You Zi Fei returned to the You family alone. Her spirit was a bit down, her eyes were a bit dull, and her injuries were torn apart again because of the large amount of blood she had given to Lin Hao. The mysterious medicinal pills that contained monstrous vitality, even her master Cang was very, very small, and one pill could have saved her life. But now she had given most of the essence to Lin Hao.

The head of the You family, You Hades, was gathering a large number of experts to go to the Lin family, and then at the gate, he met You Violet Concubine, who was rushing back alone. The first time I saw her, she was very upset.

'The company's main business is to provide a wide range of products and services to its customers.

'Dad, I'm tired, I want to go rest and rest, don't let anyone bother me, okay? I'm very tired, really tired

' said You Zifei, whose eyes were somewhat dull, and whose pale face was devoid of any emotion.

You Hades slowly nodded his head, not saying anything more to You Violet Concubine. Then the crowd at the gate of the You family made way for Concubine You Zi, and everyone was looking at Concubine You Zi. These are all the top people of the You family, the absolute top. At this moment, among these people, the eyes they looked at Concubine You Zi Fei were not the same. Some have pity in their eyes, some have anger in their eyes, and some have a strong unwillingness in their eyes.

This is the next heiress of the You family, and she is a great successor to the You family, and she is as proud as Lin Hao and Jun Wu Jing! But even though their eldest sister has sat down to such an extent, the Lin family still hasn't given the You family an explanation until now. So right now these people are going to the Lin family, more than anything else, they have anger in their hearts and want to go to the Lin family for an explanation!

You Zifei naturally saw these emotions in the eyes of the You family, but now she didn't want to care, she didn't want to do anything, her heart was very confused and chaotic, just this morning, too many things have happened.

The man she loved almost died from his injuries, and now, even though he was saved by her, he was facing a monstrous crisis. The master she had always respected in her heart, the most powerful man at the pinnacle of this world, was a stranger to her today. She couldn't help but think of something Cang had told her in the past. Cang had a quest, and for the sake of his heart's quest, Cang could abandon everything, including her disciple. The first thing you need to do is to make sure that you have a good idea of what you are doing. The first thing you need to do is to make sure that you're in the right place. You Zifei to do a thing for him

The other thing is that the grandfather of You Zi Fei, also died in the hands of Cang. So at this moment, after so many blows, Concubine You Zifei's heart is confused, very confused, very confused.

You Zi-fei did not pay attention to the You family members, returned to the place alone, closed the doors and windows, and then she lay down on the bed alone, exhausted, and fell asleep.

Chapter 768

At the same time, the crowd at the entrance of the You family, after seeing You Zi Fei go in. The gazes of several dozen senior members of the You family were focused on You Hei.

One of them, a ruthless-looking senior member of the You family, took a step forward and questioned You Hei: ‘Master, the temporary gatekeeper must give an explanation to our You family for this matter today! This is a matter of a thousand years of honor and disgrace for the House of You! In this matter, I hope that the master of the house will consider it from the standpoint of the You family! It’s no longer about Miss and Lin Hao’s marriage, it’s about our entire You family, which is now being trampled under the feet of the Lin family, and our You family’s dignity is gone!’

After the senior member of the You family asked this question to the Underworld, a huge portion of the people around the Underworld nodded their heads in agreement, ‘Yes! Our You family is also one of the four major families in China? It is one of the four major families in China. We are one of them, with a heritage of nearly a thousand years. But in these thousand years, there has never been any generation that has been as unhappy as ours! And in every way, what we, the You family, have done, is enough! Not enough is the Lin family!’

‘Nice! And now that Shen Shiyan is in a coma, I’ve been informed that her heart and brain area have been severely injured, and to put it bluntly, even if she is still alive, when she will wake up is still a different matter! If that Shen Siyan was still around, then the You family could give up the marriage with the Lin family, but now that Shen Siyan is no longer’ said another You family executive in a deep and cold tone.

The fact is that the You family is one of the three major warlords in Yanjing, with a thousand years of inheritance, and the Qi forces are no weaker than the Lin family. Even the current You family is stronger, much stronger, than the Lin family, which has just finished its internal turmoil. In terms of innate masters alone, the You family now has four of them! And the Lin family only has two.

A few days ago, at Lin Hao's inauguration ceremony, the You family had already lost face. And today, their next generation head of the family almost died because of the Lin family! Do you really think that the You family is easy to bully?

..... is ridiculous, their You family is also one of the top warlords in China. They are usually the top people everywhere they go, aren't they? And who are the people who have been in high positions for so long, and who are the people who have been softhearted?

Previously, it was because Lady You Zi Fei gave up on her own initiative, and there was also Lin Yan's suppression. But now even You Hades, the master of the house, could not possibly suppress the people of the You family. At this moment, in You Hei's perception, some of the people in front of him are even emitting hostility. And some of them have glittering eyes, because now is a good opportunity to destroy the Lin Clan.

You Hades felt the emotions of the crowd and frowned deeply as he said in a deep voice, 'Don't be anxious. But now the Lin Clan has just suffered a major disaster, and we are allies with the Lin Clan our You family'

As You Hades was speaking, an old man suddenly burst out with a monstrous force and pressed down on him. The old man, who was his second uncle, was also an old-fashioned innate master. At this moment, that old man looked deeply at You Hei and said, 'You Hei, don't forget that your surname is You and not Lin! This time the Lin family must give us an explanation, if you can't protect the interests of the You family, then we will change someone else' said

the old man in a leisurely tone to Youxue. The company has been in the process of developing the new product for the past few years.

Buzz When the old man's words fell, all the people present were silent and completely quiet. No one opened their mouths to say another word, but all of them looked at the Underworld. The majority of people's eyes were very strange

Chapter 769

In the strange and oppressive atmosphere of, Youxue slowly squinted his eyes, he squinted at the old man in front of him, and in an instant the momentum on his body also burst open. The next moment, Youxue slowly said: 'Second Uncle, do you want to rebel? Or do you want to go the way of Lin Xiaoyun?'

As soon as You Hei said this, the senior members of the You family knew that this was a big deal. The first thing that happened was that the company's management was not able to get rid of the problem.

The first time I saw it, I thought it would be a good idea. I'm not sure how much I'll be able to do. The second uncle, with the Youxu deep glance, silence for a while, to the Youxu arched his hands and bent his head and said: 'I do not dare, I always remember the Youxu family ancestral principles, master, I am also for the good of the Youxu family.'

'I'm not sure if I'm going to be able to do that, but I'm not sure if I'm going to be able to do that, so I'm going to be able to do that. You Hades said after a pause and continued: 'Or, I will give you the position of the head of the You family today? Are you in charge of the You family from now on?' In the past few years, there have been a number of cases in which the company's employees have been involved in the development of the company's products and services.

Bang bang bang In the next moment, as You Hei's words fell, suddenly a number of You Hei's side of the first family, also all the momentum. The airplane locked some of the people around the old man, and for a time the atmosphere at the front door of the You family became even heavier.

You Hades' second uncle lowered his head and remained silent, not issuing a glance, his eyes glittering. He didn't say anything, and You Hades stopped talking, and just looked at him indifferently.

A second, two seconds half a minute, a minute later, the second uncle of the underworld took a deep breath, looked up to the underworld and smiled: 'good, then I will go to the old age' after he finished, turned around and left, no longer stopping.

After he said that, he turned around and walked away, without stopping again. But it doesn't mean that the other party has really given up. It's like a poisonous snake, always ready to rise up and hurt someone. You Hades did not expect that the scene that happened to Lin Shi decades ago would now happen to his You family. If the You family really splits under his leadership, then no matter what, he will be the sinner of the You family.

Thinking about this, You Hades was also very, very angry in his heart, he was only thinking about the big picture, but can you really say that he wasn't angry in his heart because of this? How is this possible! You Zifei is his own daughter from Hades! My own daughter was bullied like that outside, and now she is almost dead. The first time I saw it, I thought it was a good idea.

In the next moment, the Underworld's eyes swept over the audience and slowly said, 'Who has any other comments? Now you can roll' Youxue directly scolded out, as a generation of family head, today in front of everyone, directly foul language!

'We, in obedience to our master's order, ' the senior members of the You family, now facing the furious You Hei, one by one, quickly lowered their heads, not daring to say anything else.

In the Lin Clan's ancestral home, Lin Yan was discussing countermeasures with Mo Lao and Lin Ban Cheng in the council hall when he suddenly saw You Hei and a large group of You Clan executives rushing in menacingly. Lin Yan looked up sharply, his face somewhat bitter.

'The company's main business is to provide a wide range of products and services to the public, such as: 'I'm not sure if the company will be able to provide a wide range of products and services to the public.

The two old men shook their heads at each other and then stood up. They stood on either side of Lin Yan and welcomed the You family's crowd with Lin Yan.

You Hades naturally saw Lin Yan, and at this moment his eyes were locked with Lin Yan's. The hostility on You Hades' body grew. The hostility on Youxu's body became heavier and heavier, and when he walked into Lin's council hall, he directly confronted Lin Yan: 'Brother Lin, I already know everything about today's events, and the purpose of my You family today is simple: to come to you and ask for an explanation.'

The bitterness in Lin Yan's heart was even thicker, because if it wasn't for You Zi Fei, I'm afraid the Lin family would have a big problem with you today, and the reason why he is still able to discuss countermeasures with Mo Yuntian Lin Bancheng is entirely because You Zi Fei took her life in exchange. Lin Yan is very clear in his heart, in this matter between the Lin family and the You family, their Lin family already owes people, and now they owe even more.

'Brother You, I'm really sorry, it's all the Lin family's fault, we owe the You family, I'm sorry

Lin Yan said, in front of everyone, he lowered his head to You Hades, and apologized very sincerely.

Chapter 770

'Heh Lin family master, if it wasn't for our You family coming to our door today, I'd like to ask, how much longer will your Lin family oppress our Eldest Miss, a month, a year, or a lifetime?' Behind the Underworld, one of his first line senior officers, who could no longer hold back, shouted at Lin Yan.

'Shut up!' You Hades turned his head fiercely and shouted at the first disciple under his command. Then the You family members stopped speaking, but they still looked at Lin Yan with a monstrous anger in their eyes.

You Hades took a deep look at Lin Yan, took a sharp breath, and slowly said, 'Brother Lin, you have to give us an explanation for this. Brother Lin, there's something I've been wanting to ask you, my You'er, is it my looks, my background, my status, or what, that doesn't match your Lin Hao?' There is already hostility in the words of the Underworld.

Lin Yan listened to the words of the underworld. The company's products have been sold in the U.S. and Europe. The company's products have been sold in the U.S. and Europe. The bitterness in his heart is even thicker: 'Sorry Brother You, this is our Lin family did not do the right thing, don't worry, our Lin family will definitely give you You family compensation, will definitely'.

You Hades squinted at Lin Yan and said: 'Oh, Lin Yan, do you think our You family is lacking in money or power? Compensate us? And have you forgotten, Consort, she is my own daughter!'

When You Hades said this, his body's momentum exploded and he fiercely crushed Lin Yan. Lin Yan's body was already severely injured, but at this moment, he couldn't bear the momentum of the Underworld, and a trace of blood spilled out of the corner of his mouth.

'I'm sorry, Brother You, my son has done something wrong, and today I, as a father, take full responsibility. Today in the Lin family, you can do whatever you want' Lin Yan said to You Hades with a pale face. He knew in his heart that the Lin family had wronged the You family in this matter. But in his heart, he owes Lin Hao much, much more

So today, no matter what, no matter what happens to the underworld, even if he kneels down and begs the underworld, he will do whatever it takes!

'Lin Yan 'BangThe next moment, under fury, Youxue directly smashed a punch on Lin Yan's chest, and Lin Yan's body was instantly smashed and flew out.

But before Lin Yan's body landed on the ground, Youxue appeared in front of him, grabbed him by the collar and shouted: 'Lin Yan! Your son is your son, and is my daughter not my own daughter just because her mother is? What? My daughter is even willing to be a mistress for your Lin family, what more do you want from her? What? She had given up and was about to go back, but today she almost died for Lin Hao! Shouldn't you have a fucking answer for me? Shouldn't you give me a fucking answer? Huh?'

Lin Yan didn't fight back or even resist, he just suffered in silence with more and more blood on his lips. If it was in the past, Youxue wouldn't even fight Lin Yan, but today he is really furious

The first thing you need to do is to take a look at the newest addition to your collection, the newest addition to your collection, and the newest addition to your collection. If Concubine could almost die today to save Lin Hao, what about three days from now? Lin Yan, if you want to fucking die, fine, but don't drag my daughter away! Give me your word today that we will marry or not in three days! If you refuse, then don't wait three days, I will personally send you on your way today! You

'Stop!' Just as the Underworld was about to say, a loud pop came from outside the hall, and in the next moment, a pale and weak Lin Hao walked in.....
