

Super Son-in-law Chapter 771-773

Chapter 771

You Hades turned to look at Lin Hao, eyes bursting with coldness, and said coldly to Lin Hao: 'Oh, you're just in time, I was still best friends with your father, and I was a little bit unable to do anything to him, but you can'.

..... In the next moment, the figure of the Underworld suddenly rose up and appeared in front of Lin Hao in the blink of an eye, smashing Lin Hao's chest with one punch.

Bang With a loud bang, Lin Hao's body was directly smashed by the Underworld and flew out far away, and he was no match for the Underworld in his current seriously injured state. And it should be known that You Hei itself is an extremely strong innate master.

'Kid, how do you want to choose in three days? Tell me, do you have an explanation for my daughter in three days, or do you want her to be buried with your Lin, hmm?' The Underworld narrowed its eyes and drank at Lin Hao.

Puff Lin Hao's mouth spurted out a mouthful of blood again, and his face, which was already pale, became a little whiter as he endured the furious punch of the Underworld. Lin Hao wiped the blood from the corner of his mouth, glared at the phantom and slowly said, 'I am only friends with Concubine, she is not my wife, and I am not her husband! I am very grateful for everything that Concubine has done for me, but I make my own choices, I make my own decisions and have nothing to do with Concubine, and also please Uncle You tell Concubine that I don't love her, never me '

..... Lin Hao did not finish his sentence, and then the enraged Underworld kicked him in the stomach again. Lin Hao's body directly hit the wall behind him, and this time there was even killing intent in the eyes of the Underworld.

The next moment, the Underworld? The next moment, the pylorus had a killing intent in its eyes. Hades' body appeared in front of Lin Hao once again, and Hades grabbed Lin Hao's collar and shouted at him: 'Kid, you say that again? Am I really afraid to kill you now? With you and Lin Yan's current state of serious injury, you can try' The tone of the underworld slowly sank, and the murderous aura became more intense.... ..

'I'm sorry, I'm still saying the same thing, I, Lin Hao, have never liked You Zi Fei from start to finish, I have nothing to do with her, and this is a matter for the Lin Clan' Lin Hao also stared at You Xi, although now the Lin Clan is in big trouble, but it's not. There is no solution. The world is so big, the worst case scenario is that he takes the Lin Clan to give up everything and leave the country. Although that Cang is very scary, but with the Lin Clan's power and heritage, it's not impossible to avoid Cang's probe.

So this is Lin Hao's plan, he has no intention of compromising with Cang, which can be seen from the fact that he drew his sword directly at Cang this morning

At this moment, after hearing Lin Hao's words, the anger in his heart grew stronger and stronger. He fiercely grabbed Lin Hao's neck and lifted Lin Hao straight up. Slowly, he said, 'You think you're good? Hmm? There are plenty of men in the world who are better than you, and if you say so, fine, then I'll kill you today, then you'll die'

Buzz At the moment when You Hidu really moved to kill, suddenly Lin Yan inside the main hall also emitted the momentum of an innate master, the momentum of Mo Yuntian and Lin Bancheng, this moment also burst all explosion, not to mention, in an instant, Lin's

countless top warrior killers, crazy from the outside pour in, with You Hidu brought dozens of experts of the You family completely confrontation.

Mo Yuntian and Lin Bancheng took a step forward, and the momentum of Mo Yuntian Mo's body at the moment actually reached the level of an innate master. Yes, although Mo Yuntian was not an Innate Master, he had long since achieved half-step Innate Master. If Mo Yuntian, who has accumulated a lifetime of half-step Innate Masters, were to fight regardless, he would be able to forcibly raise his battle power to the level of an Innate Master in a short period of time. Of course, the price he had to pay was that he only had one chance to fight, and there was a 90 percent chance that he would die after the battle. But at the moment he couldn't care less.

'You guys dare!' A high-ranking member of the You family in the main hall shouted at the hundreds of Lin's top combatants behind him. But in response, he was brushed off by the sound of guns being raised at him.

Chapter 772

Mo Yuntian took a deep breath, the Qi Qi of his body deadly locked on to You Hades, he took a step forward and whispered to You Hades: 'You family master please make your decision carefully, if our Lin family master dies today, then none of you will be able to go back alive

After Mo Yuntian said that, he took a deep look at Youxue, although he lowered his eyes, and stared at Youxue's movements, his whole body was ready to make a move. It can be predicted that if you really want to make a move against Lin Hao, then he and Lin Bancheng will definitely make a move against you, and just as he said, if Lin Hao dies today, then none of the top management of you, including you, will be able to go out alive.

‘The first thing you need to do is to take a look back at Mo Yuntian and smile, but as he tried to speak, all the hairs on his body stood on end, instantly? Erwu shadewu dye land whisk zero? In between, his heart was filled with a great terror

‘Brother You, you’ve passed, there are still three days left, today is only the first day, there are things we can talk about slowly, we still have time

‘ Lin Yan’s body’s Qi Qi Qi is also deadly locked on You Hades at this moment, behind You Hades stands Lin Yan, at the moment, although seriously injured, but he also has the ability to fight

Suddenly, the atmosphere in the entire Lin Clan’s ancestral home was condensed to the extreme, the atmosphere of the two sides rattled, the former allies, at this moment slowly on the verge of a split

‘Stop it all!’ However, just as the crowd in the Lin’s palace was about to make their move, a loud shout from Princess You Zifei suddenly came from outside the palace, mingled with monstrous anger! The next moment, a long purple dress, wearing a purple hairpin, the whole person is like a fairy inside the painting, you purple consort, slowly from the outside walked in.

‘The first thing you need to know is that you can’t find any other way to get rid of it. How come it’s back to me now?’

The fact is that You Zi-fei was really planning to leave everything to her father and a bunch of top officials of the You family to go to the Lin family to make trouble, but she finally came here. She was still relieved, and indeed she came here and saw the present scene. Everything was just as she thought it would be. As expected, Lin Hao was still unwilling to accept her.

At this moment, when You Hei saw You Zi Fei come in, his grip on Lin Hao's hand also loosened, You Zi Fei looked deeply at Lin Hao, and looked at the color of rejection in Lin Hao's eyes, which was resolute without a trace of emotion. The pain in her heart was indescribable.

In the next moment, a tear slipped from Concubine You's eye and fell to the ground, shattering

'Lin Hao, are you really really that unwilling to accept me? Even if I won't let you separate from Shen Shiyan. Even if it's like in ancient times, I, Concubine You Zi-fei, will only be a concubine to you, can't I? Are you really that cruel?' You Zifei's tears couldn't stop flowing down, she looked at Lin Hao with resolute eyes, looking at the man in front of her, the man she had always loved most in her heart but also hurt her the most

Chapter 773

'I'm sorry, I'm

'Lin Hao looked at You Zifei, the apology in his heart is very strong, he has already hurt one woman in his life, that is Shen Yutong, and now I'm afraid to add another one. It's just that before he could finish his sentence, he was directly interrupted by You Zifei.

'Lin Hao, this time you don't count, after three days you must marry me

' said You Zifei in a decisive tone.

'Fei'er, you

Lin Hao frowned tightly when he heard You Violet Concubine say this. But also before he could finish his sentence, he heard a loud rumbling outside the palace, and then he felt the entire ground tremble. And it wasn't just Lin Hao who felt it, everyone in the palace felt it at this moment.

Mo Yuntian and Lin Bancheng's faces changed dramatically, and their looks instantly became heavy to the extreme, and Lin Yan's face was gloomy as well. You Hades and the rest of the You family looked at the scene outside and were stunned at the moment.

Because at this moment they can see that outside the palace is a continuous influx of a whole formation of combat regiments, and even have armored vehicles and tanks drove in, and then they even see that there are several helicopters even fly to here.

The first time I saw it, I thought it would be a good idea to take a look at it, but it wasn't, and I didn't think it would be a good idea to take a look at it. It can only be a corpse, don't blame me for being heartless, you guys did it first ah isn't it. Brother Lin Hao

You Zifei said, and finally looked at Lin Hao, with a resolute look in her eyes, just like when Lin Hao was talking to Youxue, and now You Zifei is also like that, her attitude is unquestionable.

Lin Hao's eyebrows were furrowed even more, and slowly the anger in his heart came up, a vague anger was rising, he stared at You Zi Fei, slowly said: 'Fei'er, you've gone too far, you know, I don't like you, we can only be friends. I've already told you this on the day you came back

You Zifei nodded and laughed to herself, 'Well, huh? But so what? It's enough that I like you. Lin Hao, there was a time when I really wanted to fulfill you and Shen Ziyang's wish. And even I did that ah, I was ready to leave Yanjing completely and never come back ah, because I was afraid that if I stayed, you and Shen Ziyang will always have a thorn in their hearts, you will never be solid in your hearts ah, so I really chose to go ah

You Violet Concubine's voice was hoarse, her eyes were moist, and tears were constantly flashing in her eyes. Lin Hao listened to You Zi Fei's words, the complexity in his heart intensified, there was guilt, but also anger at what You Zi Fei was doing at this moment.

You Zifei looked ahead and continued: 'But, but that master of mine doesn't understand, doesn't agree. I didn't expect him to force your Lin family, and I didn't let him do it. Whether you believe it or not, but now the truth is so ah

You Zi-fei swallowed hard and continued in a hoarse voice: 'And now I also want to understand, why should I give up my fiancé to another woman? Why should the man I've been waiting for for over 20 years end up being someone else's husband? For what? What's wrong with me, you Zi-fei? So since this is the situation now, I simply won't give in, it's mine, why should I let, I won't let, Lin Hao, three days later you must marry me, to give me a wedding that is not inferior to the one you had with Shen Shiyan in the Heavenly Sea, three days later I'll be waiting for you at the You family

You'll be able to get a lot more than just a little bit of money, but you'll also be able to get a lot more than just a little bit of money,' he said.

You Violet Concubine also shook her head, smiled miserably, looked at Lin Hao, and said in a positive tone: 'No, you will, you will go and marry me

'I said, no can? The first thing you need to do is to take a look at the 'new' version of the book. Can 'The anger in Lin Hao's voice has grown at this moment.

Super Son-in-law Chapter 774-776

‘If you don’t go, I will send you the corpse of Shen Shiyan, bit by bit. Brother Hao, don’t think that I am really kind-hearted, do you know that this woman has been lying inside the coffin for more than twenty years? Lin Jia, perhaps then you will be able to understand the pain in my heart right now, the pain of losing my beloved one, you can bet, bet that I, a crazy woman, will do that’ You Zi Fei eyes red, voice and eyes, this moment are filled with a soon to be unable to suppress the madness.

‘You Zifei! Don’t you dare!’ In a fit of rage, Lin Hao heard that you, Violet Concubine, was threatening him with Shen Shiniyan, and he couldn’t hold back any longer and brazenly grabbed her neck.

..... But in the next moment, Lin Hao’s body was slapped out of the sky by You Zi Fei. After landing on the ground, Lin Hao once again spat out a mouthful of blood, and his injuries became even worse. But the pain on his body was not as great as the shock that the Violet Concubine of You gave him. Because Concubine You Zifei actually struck him, and it was a heavy blow!

Lin Hao couldn’t believe his eyes when he looked at You ZiFei, for the first time, he found that the little girl he remembered was actually so strange now, so strange

At this moment, not only Lin Hao was stunned, everyone inside the palace was stunned, Princess You Zifei actually made a move against Lin Hao, and it was a heavy move.

‘Kill’ said You Zi Fei faintly, then the dozens of combat sequences outside the main hall were killed by the combat power of the You family in a moment.

‘Ahhhh! Give me a stop, stop’ Lin Hao saw You Zifei ordered to kill Lin’s combat sequence, his eyes you this moment are completely red, and You Zifei one shot is dozens of people!

‘Kill again’ You Zifei faced the threat of Lin Hao, once again coldly gave the order. With a quick gunshot outside, outside the palace again has dozens of Lin’s combat sequence, was killed.

The tragic situation outside the palace, as well as the smell of blood, which was so thick that it permeated the inside of the palace, made the crowd numb. No matter whether it was Lin’s people or the You family’s people, at this moment their faces were all extremely heavy. At this moment, Lin Yan looked at the eyes of You Zi Fei and You Hades, and there was even a hint of killing intent, and Lin Hao’s eyes were even blood red.

‘The first time I saw her was when she was in the middle of a fight.

The first time I saw this, I thought it would be a good idea for me to go back to my home country, where I was born.

Dyeing ground closed to close the whiskers? Because they know that the two generations of their Lin family heads are in the main hall at the moment, and both of them are seriously injured. If they resisted, it was likely that they would get Lin Yan and Lin Hao killed. So they can’t

At this moment, the dozens of senior members of the You family who had just been surrounded by the Lin's combat sequence in the main hall were also shocked, and now the inside and outside of the main hall were all their You family members, the Lin's had been completely surrounded, and the combat forces in the Lin's ancestral home had been wiped out. The whole thing was just three simple orders from You Zi Fei.

Lin Hao looked at the hellish scene in front of him, his teeth were bared, his tongue was bitten out of blood, in his heart, Princess You Zi has gone crazy, completely crazy, really crazy, he did not dare to speak again, he was afraid that Princess You Zi will order another killing. And now Lin's no matter what aspect, is not comparable to the You family, far from it

'Is that enough? If it's not enough, here are two more, you can say a word again to try to refuse, this Lin Bancheng is the earliest Lin Clan to support your elder, this Mo Yuntian has been with you for more than ten years, Lin Hao, you can bet, bet I dare not kill them both

'You Zi Fei quietly look red eyes. A piece of Lin Hao.

Lin Hao also stared at her with a deadly stare, the guilt in his eyes has now all been transformed into hatred, monstrous hatred, because You Zi Fei today in Lin's, has killed two or three hundred of them, and two or three hundred of them, some of them are following Lin Hao until now, from the South River to the Heavenly Sea, and then from the Heavenly Sea to Yanjing, all the way to follow him Lin Hao to kill his brothers

You know, when Lin Jiuyin killed his five brothers in the Heavenly Sea, Lin Hao directly made a big fuss and killed Lin Jiuyin's own son, and now what You ZiFei is doing is much worse than Lin Jiuyin

In the next moment, you Zifei, who couldn't wait for Lin Hao's reply, raised her hand to Lin Bancheng and Mo Yuntian, who were also silent at this moment, and both of them let out a heavy sigh in their hearts, just like the Lin's combat sequence that was just killed outside the

palace, they also didn't intend to resist, the two old men slowly closed their eyes at this moment

'I'll marry you, I'll marry you

Just as You Zifei pointed her finger at Lin Bancheng and Mo Yuntian and was about to open her mouth to order, Lin Hao shouted out hysterically

Chapter 775

'In three days, I will wait for you in the You family, if you don't come, I will make you regret for the rest of your life, for the rest of your life

said You Zi-fei without any emotion.

'Good

'Lin Hao's eyes are red, and his lips are bitten out of their own blood? The company's main business is to provide a wide range of products and services to its customers. The eyes that looked at You Zifei were filled with hatred.

The first thing you need to know is how to make sure that you're going to be able to get the best out of the situation.

'You Zi Concubine, from now on, you and I only have a name, other than that, there is no more connection

You Zi Fei body a pause, Lin Hao did not see the beautiful face of the beautiful, suddenly there are two lines of tears slipped down.....

You Zi-fei left, You Hei also said nothing, also left, dozens of senior executives of the You family also retreated, but these people, including the entire You family's combat forces outside the palace, but none of them withdrew, but instead surrounded Lin's more tightly

You Zi-fei walked alone outside the Lin's ancestral home, she looked at the sunlight overhead, she felt so dazzling, suddenly she felt a darkness in front of her eyes, the next moment her whole body straight towards the ground and fainted.

By the time Princess You Zi-fei woke up again, it was already the next morning, she woke up in her own bed, yes, since she was unconscious yesterday, she had slept for almost twenty-four hours.

As soon as Concubine You Zifei opened her eyes, her father's incomparably worried voice came from her ears, 'Concubine You're'. You Zifei looked sideways at You Hei, and found that You Hei's eyes were bloodshot, and he looked extremely tired, and his entire spirit was much, much weaker, as if he had aged a lot overnight.

'I'm sorry' You Zi-fei looked at You Hei, looking at this father who has always been guarding himself, lips slightly moved, slowly said a sentence.

You Hades shook his head: 'good daughter, no need to say sorry to the father, you are my daughter, no matter what you do, I will unconditionally support you, will always support you. Forever

'Father, I'm sorry, it's my daughter who is unfaithful, I'm sorry, I'm sorry, I'm sorry' said You Zifei to You Hades with a strong voice.

You Hei listened to You Zifei's words, suddenly his whole body stiffened, and a sudden surge of extreme sadness came out of his eyes, but just when he wanted to say something more to You Zifei, his wife, You Zifei's mother walked in. Only then did you swallow the words that were almost on your lips.

'I'm going to go to

You Hidu said to Princess You Zifei, and then walked out.

The company has been in the process of developing the new product for the past two years, and has been working on the development of the new product for the past two years. The first time I saw her was when I was a little girl, I was a little girl, and I was a little girl.

The company has been in the process of developing the new product for the past two years, and the company has been working on the new product for a long time.

Chapter 776

The first thing you need to know is that you can't find a single person in the world who's going to be able to do anything about this.

You'll be stunned, you can't help but wonder about the opening question: 'You said you were going to deal with things? Why are you still standing here?'

I'm not sure how much I'll be able to do, but I'm not sure how much I'll be able to do, so I'm not sure how much I'll be able to do.

The confusion in You's eyes increased as she looked at You Xi and said, 'Why do you suddenly want to go out for a walk? What, the family doesn't care?'

The company has been in the process of developing the new product for the past two years. I'm just asking if it's okay for us to go out and have fun,' she said. What do you think about? The first thing you need to do is to get rid of the problem.

You're thinking about it and then nodded: 'Well, okay, we two are a long time have not left Yanjing, go out to see the good, then where to go ah?'

With a deep look in his eyes, he said, 'Go to Europe, go there and see the exotic mountains and rivers'

You nodded and said, 'Well okay, when do you want to go?'

'Tomorrow go, later I'll go to say a word to the consort, right tomorrow you go over there first, make arrangements over there, wait for me for a day, I'll make all the arrangements of the family, then I'll come to you' said Youji.

'Well, OK' You Shi, although feeling a little confused, but did not think much about it, she is also very difficult in her heart, her own husband these years is also very tired and exhausted, so You Xi said he wants to completely give up the family things, go out for a spin, she as a wife also has no reason to disagree.

The first thing that you need to do is to take a look at the newest addition to your own home. It is a very, very secluded, heavily guarded and guarded by the You family's top-notch deadbeats.

After you go in, you will see Shen Xiyang lying on the bed with her eyes closed, breathing very weakly in a secret room. The face of Shen Xi'an is pale, and the skin on her body is basically without the slightest color of blood. If it weren't for the occasional heaving of her chest, she would be as good as dead. You Zi-fei stood by Shen Xi'an's bedside, quietly looking at Shen Xi'an, with complicated eyes, but also with incomparable emotion.

'You shouldn't have saved her, she died to you is a good thing, hey

a woman's sigh echoed in the ear of You Zifei. Then a middle-aged woman dressed in the same ancient style as Concubine You Zifei, appeared behind Concubine You Zifei.

'Madam, can you please help me heal her? Don't let my master find her again and take her away, okay?' After a moment of silence, You Zi-fei said to the woman behind her.

The woman frowned deeply, and the complex color in her eyes intensified, finally nodded her head and said: 'Okay, I will grant your request, but is it worth it? Can't you be a little wary of what I've been through in my life, Princess? Hey

You Zi Fei did not speak any more, but turned to the woman and bowed deeply. Yes, she, the teacher's wife, liked her master for many years, but her master was full of heart on the dao, a lifetime of loneliness.

After leaving the secret room, You Zi Fei did not return to the You family, nor did she go to the Lin family, but went directly to the Jun family.

Super Son-in-law Chapter 777-778

Chapter 777

‘Well? Is it the greatest of the You family? It’s interesting to see that you’ve come to my place, it looks like you’ve come to find me.’ In the underground chamber of the Jun family’s ancestral home, Jun Wujing, who was closing his eyes, slowly opened his eyes and looked out of the chamber, although through the walls and other obstacles, it was as if he could see the scene outside. The same.

Five minutes later, inside the secret room of Jun Wu Jing, a purple dress and ancient costume, you Zi Fei walked in easily. ‘

You Zi Fei did not have any expression on her face, but took out a box from her bosom and handed it to Jun Wu Jing: ‘A barrier-breaking pill, a convergence pill, eat it, you can get one step closer’.

After being silent for a while, he forcibly suppressed the throbbing in his heart and asked her: ‘Is there really someone in this world who can break through the limits of mortals to reach another level?’.

Although Jun Wu Jing already knew about the situation where Cang fought at the Lin family gate yesterday. But in his heart, he was more willing to believe, or deep down he had always believed that the mysterious old man, Cang, was only a little more powerful, and was fundamentally on the same level as him and Lin Yan. But the appearance of You Zi Fei, and the two pills that You Zi Fei handed in front of him, at this moment, he had some shakes in his heart about his own thoughts.

Because he had carefully read the introduction of these two pills in the records of the Jun family's secret vault, the barrier-breaking pill could make an innate master break through a level in a short period of time, which Jun Wu Jing did not believe. After all, the record time on those books is too old. Hundreds and thousands of years have passed, so who knows whether those records are true or not. But now these two pills appeared in front of him in earnest.

You Zifei slowly nodded her head and said, 'Existence, my master is at that level'.

The shock in Jun Wujing's heart was even stronger, and he was speechless for a long time. He looked down and opened the box in his hand, looking deeply at the two mysterious pills inside the box, and Jun Wujing was silent. The first thing that you need to do is to take a look at the product. He didn't speak, and Lady You Zi-fei didn't urge him any further, standing in front of him, waiting quietly for him.

A minute passed, two minutes passed Jun Wu Jing was silent for ten minutes before he suppressed the shock in his heart, looked up at You Zi Fei and said: 'Yesterday, what happened in front of the Lin family, I already know everything. You came to me today and gave me pills, and I understood what you meant and what you wanted me to do. But why should I agree to you? You know that I am now the head of the Jun family, above all others, with unparalleled power, I can have whatever I want'.

The first time I saw her, she said, 'I don't know how to do this, but I don't know how to do this.' She said, 'I don't know how to do this, but I don't know how to do this,' she said.

'The first thing you need to do is to take a look at the website of the company, and then you can see that it's a very good place to buy a product. Jun Wujing was completely stunned and his whole body was stupid. He was speechless as he looked at the two pills in his hand.

‘This is a fucking legendary pill! Crazy woman, really crazy, crazy, Lin Hao’s side of the people are all fucking crazy, crazy ‘Jun Wu Jing was alone in the chamber, chattering endlessly. Then he looked at the two pills in his hand and fell into contemplation again

At three o’clock in the afternoon, in the Lin family’s ancestral home, Lin Hao was once again unconscious, lying on his bed in a deep sleep, his body filled with all kinds of therapeutic tubes, Lin Yan Mo Yuntian Lin Bancheng and the old lady Lin, all of whom stayed in Lin Hao’s house with a heavy look on their faces. In the Lin family’s ancestral home, and outside of this room, the You family’s combat forces are all around, and outside of this room there are nearly a hundred experts with various advanced weapons patrolling at all times.

The company’s main business is to provide a wide range of products and services to its customers. The pressure. The first thing you need to do is to take a look at the product.

At this time outside there is a you family warrior walked to the door of the room to Lin Yan said: ‘Lin family master, please come out, something to discuss‘.

Lin Yan looked up at the Youjia warrior, frowned a little, and then followed the warrior out. A few minutes later, Lin Yan returned to his room, led by the Youjia warrior, and when he entered, he was horrified to find You Violet Concubine standing there.

At the moment Lin Yan saw You Zifei, he instantly frowned. In fact, Lin Yan’s attitude towards You Xi and the Purple Concubine was very good, Lin Hao has guilt towards the You family, he Lin Yan, as Lin Hao’s biological father, the last head of the Lin family, even more so, and even the guilt in his heart is a little stronger. But even if there was more guilt in his heart, after Lady You Zi Fei ordered the killing of several hundred warriors of the Lin Clan yesterday, that guilt was gone, and had even changed into hatred.

‘What does Miss You want with Lin?’ Lin Yan suppressed the anger in his heart and asked You Zi Fei.

Chapter 778

You Zi Fei’s body trembled, looking at Lin Yan’s eyes, instantly moistened. She opened her mouth slightly as she watched Lin Yan, her eyes full of complexity and guilt, Lin Yan looked at Princess You Zifei in this state, his heart slightly moved

From the time Lin Yan entered the room to the time he went out again, a full five hours passed. In other words, by the time Lin Yan went out again, it was already evening outside, and the day was almost over. The time that Cang left for Lin’s, there was only one day left to prepare.

When Lin Yan came in, his face was full of anger, but when he went out again, his eyes were filled with complexity and helplessness. He was in the room for five hours with Princess You Zifei, and a hundred meter radius outside the room was blocked off. Plus, the sound of her conversation with Lin Yan was very, very small. Therefore, no one knows what Lin Yan and Princess You talked about during these five hours. It’s just that when Lin Yan walked out of the room, his heart was not only complicated but also horrified, and there was invariably a hint of put-down on his body.

At one o’clock in the morning, at the entrance of a dilapidated Taoist temple on Xihua Mountain, 1,600 miles away from the land of Yanjing, under the dark, moonless night sky, a figure dressed all in black and wearing a black hat on his head appeared outside the dilapidated temple.

‘Who is it?’ Just when the shadow had reached the entrance of the Taoist temple, a loud shout came from the dark and quiet night sky, and in the next moment Dao Yi, dressed in

a Taoist robe and holding a white dust in his hand, rushed out, and the Buddha dust in his hand attacked and killed the man in black without any mercy.

Bang But in the next moment, the man in black forced back Dao Yi's dust with a palm and printed it on Dao Yi's chest. Dao Yi's body retreated backward in a frenzy, his eyes filled with horror.

'I'm not the enemy, I came to give you a message, and send something, send it and leave 'Just when Dao Yi wanted to attack again, the man in black opened his mouth to speak, but the voice of the man in black is very mechanical, like a computer synthesis, so that people can not tell whether the other side is a man or a woman, and there is no way to identify who the other side is.

Dao Yi spoke to the man in black with full guard, 'Say'. The two of them then spoke in the dark for ten minutes, and after the man in black left, Dao Yi stood alone outside the dark Daoist temple, looking shocked and with complex eyes for a long time without saying a word.....

At the same time, in Tianhai City, China, in the middle of the night, Yue Gu, who has the reputation of being a scourge, had to pull Yue Yi to go to the movies, and it was the middle of the night to see a horror movie.

'Well come all here, watch before you go, anyway, you do not sleep at night' Yue Gu forcefully pulled Yeyi's arm inside the movie theater.

'It's really too late for that, later? I'm not going to be able to do that. The company's main business is to provide a wide range of products and services to the public, including: a

wide range of products and services, a wide range of products and services, a wide range of products and services, a wide range of products and services, and a wide range of products and services.

‘The company’s website has been in operation for more than a decade, and the company’s website has been in operation for more than a decade. What Yue Gu didn’t see was that the face of Yeiyi, who was calling from a distance behind her back, was completely gloomy.’

‘Let’s go, let’s go to the movies’ After the night one made the phone call, the ghost did not oppose Yue Gu anymore, but took the initiative to ask to accompany Yue Gu to the movies

‘Uh, what’s wrong with you? This doesn’t look like you. Who just called you? What can I do for you?’ Yue Gu hugged Yeiyi’s arm and tilted her head to ask Yeiyi.

Yeiyi smiled and shook his head: ‘It’s all right, my big brother sent me a mission, I have to go to Western Europe tomorrow afternoon, I may have to go for a few days, before I leave, I will accompany you to watch a good movie’.

Night One was smiling, but the depth of his smile hid a complicated taste that could not be clearly explained, as if there was a trace of reluctance in his eyes when he looked at Yue Gu. Well, that’s right, he was reluctant.

Luckily, it was too dark outside, so Yue Gu didn’t see Yuichi’s eyes, and then she happily dragged Yuichi to the movie. By the time they finished watching the movie, it was already three o’clock in the morning.

On the way back, Night One took Yue Gu with him to press the road in the winter night, and this night Night One's words seemed to be particularly, particularly numerous.

‘So what are we doing tomorrow morning? Let's go to the amusement park, then go to the mall or something, and eat some good food. You always told me before that there are lots and lots of things in Tianhai that I've never eaten before. Then this is just the right time to eat more’

‘Well well, you can just follow me tomorrow, this is the big killer you said, don't ever stand me up again, otherwise this aunt won't spare you’ Yue Gu waved her little fist at Yei Yi, a very cute threatening look.

‘Okay, okay, I will never stand you up this time, absolutely not’ Yei Yi nodded his head and begged for mercy under the threat of Yue Gu's big witch.

‘Humph, this is more like it’ Yue Gu has established a relationship with Yei Yi, although the two have not yet broken through that last layer, but it's more or less the same, Yue Gu happily embraced Yei Yi's arm, half of his own body incomparably tenderly affixed to Yei Yi's body.

I'm a heartless, loveless person who wanders in the darkness, but you're the one who gave me the warmth. I really want to go on with you like this, I really want to’

Super Son-in-law Chapter 779-780

The next morning, it was also the last day that Cang left for Lin Hao and the Lin Clan. This morning, when the sun had just risen, Concubine You Zifei had already woken up, her entire room was filled with red silk satin, these red satin, are the best of the country, the top of the top, even a small piece is worth a great deal, so Concubine You Zifei's room, is very atmospheric.

In the room full of red satin, in front of the dressing table, Princess You Zi-fei also put on a bright red ancient style long dress. The first thing you need to know is that you will be able to find the best way to get the most out of a piece of clothing. This is also the place where You Zi-fei is incompatible with the modern society, no matter how you look at her, she doesn't seem to belong to this era, but rather a superb beauty from ancient times.

In front of the exquisite dressing table, Concubine You Zifei sat quietly on a chair, holding a wooden comb in her hand, carefully combing her long hair. Tomorrow, Lin Hao will come to marry her, and with the power of the You family and the Lin family, tomorrow's wedding will definitely be the grandest and most glorious wedding. So she, You Zi-fei, absolutely cannot make any mistakes. And likewise, tomorrow's wedding is also the most important moment in her life.

In the next moment, she was combing her hair and suddenly froze. The movement of her hands also stopped, her red lips slightly opened and said: 'Master

After Princess You Zifei called out these two words, Cang, who was dressed in coarse linen clothes, suddenly appeared behind her. Cang looked at You Zi Fei in red wedding dress, also can't help but feel emotion: 'Fei'er, you're so beautiful, I believe that tomorrow you, is definitely the most beautiful bride in the world, master bless you, there are things, master is forced to, wait until later I will give you an explanation

You Zifei was silent, and then smiled slightly and said, ‘Master, you’re too heavy-handed, everything Master has done, Consort knows that you’re doing it for Consort’s sake. Fei’er thanked Master for granting Fei’er’s wish’

Cang deeply looked at You Zifei, who was sitting on the stool in front of him, and slowly nodded his head: ‘Well, okay, then you prepare well, tomorrow your wedding for me will definitely go, and then make sure to let me, to see a most beautiful you’.

‘Well, Concubine will, please don’t worry Master’ You Zi Fei smiled slightly at Cang, incomparably good-natured. The first time I saw her, she was incomparable to the one who killed in the Lin’s ancestral home the day before yesterday.

Cang once again looked deeply at You Zi Fei, lips slightly moved, as if he wanted to say something else. But in the end, he didn’t say anything, and then his entire body gradually disappeared into the room of Concubine You Zifei.

After Cang left, you Zi-fei, as if nothing had happened, continued to be quietly combing her long hair in front of the mirror, looking at her own stunning face in the mirror.

Inside the Lin family’s ancestral home, Lin Hao’s room, who had been unconscious for nearly two days, opened his eyes at around noon. Only when he woke up, boundless pain flooded into his heart.

‘Hao’er, Hao’er, it’s Grandma, good grandson, are you all right, look at me, look at me’ As soon as Lin Hao opened his eyes, old Mrs. Lin quickly called out to Lin Hao.

But don’t worry, Hao’er, if you want to threaten Xi Yan’s life, then Xi Yan will be fine, Xi Yan will definitely wake up, for sure’.

Old Mrs. Lin comforted Lin Hao with tears and a snotty nose, fearing that Lin Hao might not make it.

‘I’m not sure if I’ll be able to make it, but I’m sure I’ll be able to make it. I’m not sure if I’ll be able to make it, but I’m sure I can. said, ‘Lin Hao looked at the ceiling above his head and said in a hushed voice.

‘Grandmother, you go rest, although I’m not awake these two days, but I can feel that you have stayed here and guarded me for two days, it’s Hao’er who is ungrateful, grandmother, you go rest, I also want to be alone for a while, okay?’ As Lin Hao spoke, a line of tears fell from the corner of his eyes.

'Xi Yan, do you think that we are really destined to be together? Every time we get together after a lot of hard work, we end up with something harder, over and over and over and over again like this

'I'm sorry, but I'm not sure if your husband will be able to win this time, not even a little. I'm sorry

Lin Hao looked at the ceiling, after the old lady left, he was the only one in the room, he couldn't suppress the sadness in his heart

Old Mrs. Lin went back to her own courtyard after leaving Lin Hao's house. As soon as she entered, Lin Yan walked in.

'Yan'er

Old Mrs. Lin's eyes were also filled with blood, she was already old, and now she looked even older.

Old Mrs. Lin was silent and didn't reply directly to Lin Yan's words. After a while, Old Madam Lin looked at Lin Yan's eyes incomparably complicated: 'When did you know about your father being killed by Cang?' Old Mrs. Lin's voice was hoarse as she asked Lin Yan.

The next moment Lin Yan kneeled on the ground with a bang, kneeling in front of the old lady Lin said: 'I'm sorry mother, I was unable to avenge my father, and now I've made Hao'er suffer so much, I'm sorry, I'm useless, I'm sorry' Lin Yan kneeled in front of the old lady Lin, a vigorous apology, the voice of the eyes have infinite self-reproach.

Lin Yan looked up at the old lady with a complicated glance, then lowered his head and didn’t speak again.

Old Mrs. Lin nodded and said: ‘Well, you can go, I’m tired, I want to rest for a while, I’m too tired’. Old Mrs. Lin waved her hand and let Lin Yan go.

After Lin Yan left, Old Mrs. Lin went back to her own house alone. When she returned to the house, Old Mrs. Lin did not rest, but came to Lin Zhantian’s tablet and remained silent for a long time

At the same time, in a quiet valley surrounded by mountains deep in the mountains of southwest China, hundreds of flowers were blooming, full of vitality, and the scenery inside the valley was very different from the outside world.

In the valley, an unconscious Shen Xi’an was lying on a rattan bed covered with white petals of unknown flowers, her eyes closed, her breathing extremely weak.
