

Super Son-in-law Chapter 801-810

Chapter 801

Half an hour after the duel in the Lin Clan's ancestral home, the elite bigwigs who had come to attend Lin Hao's wedding with Concubine You Zifei gathered here, and all of them stood around the pit in a state of shock, unable to move for a long time as if they had been struck by lightning.

Just an hour or two ago, this was a gated community, one of the four great warlords of Huaxia with a heritage of over a thousand years, and now everything here has vanished into thin air.

Occasionally, someone in the crowd looks up at the sky and sees the clear, clear sky, a huge contradiction to the tragic situation underground, and for a moment people cannot believe that this is true. The two heads of the Huaxia families, Lin Yan and Youxue, had died here, while those who knew some of the topmost secrets were far more horrified. This large pit had buried an unknown number of the topmost innate masters

The Lin Clan fell out of favour, Lin Hao was seriously injured and sent away by the entire Lin Clan, the remaining Lin Clan members left behind were all buried, indescribable sadness, the crowd sorrowful, Jun unrepentant weeping blood

The villa where Lin Hao and Shen Siyan live in Tianhai City, and know nothing about it? The first thing you need to do is to take a look at the newest addition to your home. The first thing you need to do is to take a look at the website and find out what you need to know.

In another villa in the same Tianhai City, Gu Shengnan's eyes were red and he looked sadly at Leng Qiuya standing in front of her, his lips slightly parted, but he couldn't say anything

Inside one of Lin's secret bases in Western Europe, Lin Qingcheng stared blankly at the video on her mobile phone, her body shook a little, and she just passed out completely

Also in an international airport in Western Europe, a stunningly dressed Yue Gu was standing at the airport gate waiting for Night One to arrive, but what she didn't know was that she would never be able to wait for the one she was waiting for.

The sky is still the same, even if the mountains and rivers are different, and the world is still the same, but some people are no longer. Some have left the world, but many more are still living in the world as normal.

On the boundless ocean, a private plane travels through the clouds and is heading towards Western Europe. On the private plane, the unconscious Lin Hao was lying on a bed, because of the time difference, so the more the plane flew west, the darker the sky was, and soon into the night. Lin Hao was still unable to move his body because of the Pulse Sealing Finger performed by Princess You Zifei before her death.

After an hour, two hours and six hours, Lin Hao's finger trembled and two tears flowed from the corners of his eyes. The next moment Lin Hao opened his eyes, the pulse finger was released and the injuries on his body had improved by a fraction. He just opened his eyes, but he still couldn't slow down, and his whole body was as silent as if he had lost his soul.

The few Lin family warriors in the cabin saw the sadness that pervaded Lin Hao's entire body, and they didn't open their mouths to disturb him again

Lin Hao just sat there on the bed, his face pale and lips cracked, and it took him a while to come to his senses. He brought his mobile phone over from the side, and when he opened it, what caught his eye was the big hole in the Lin's ancestral home. After Lin Hao saw the Lin family that had completely disappeared, he did nothing more than drop by drop of tears onto his phone.

He knew that the Lin family was gone, father, grandmother, Mo Yuntian, Lin Bancheng, with their character, they would never leave, and now that the Lin family was gone, they were gone too. And these actually occurred to Lin Hao when he was sent away by Night One. You Zifei finally made a move on Cang, and managed to poison Cang at the cost of his own fall. And then one by one, his own father, You Hei, Jun Wu Jing and others came forward to confront Cang.

Chapter 802

In the back of his mind, he recalled what Jun Wu Jing said to him: 'I knew you wouldn't be allowed to fight,' he said. Lin Hao understood at this moment, and I'm afraid that Jun Wu Jing and Lin Yan had already discussed today's duel. It was just that those people were all hiding it from him, and no one told him what they were going to do.

And when Consort You Zifei finally used the Vein Sealing Finger on himself, it should be because Consort You Zifei herself had also concluded that they were not sure that they could win the battle they planned to surround and kill Cang today, so they gave him away. His father, Lin Yan, also told him this, going to Western Europe, Cang's state was somewhat special, he could not go to Western Europe, or could not leave Warsaw.

The first thing that you need to do is to make sure that you have a good understanding of what you are doing. The first time I saw it, I thought it was a good idea. The tears in the middle of the eyes, slowly all stained with a trace of blood.

‘Father grandmother’

‘And You Zi Fei, you didn’t explain to me until you were on your deathbed, you killed someone in the Lin family a few days ago, I think it was also to paralyse Cang, or to make me feel less guilty about your death today? But no, it’s not.’

Before he was sent out of the Lin Clan’s ancestral home, all the figures that had stayed behind to fight were too many, too many. All he could remember were the ones in the middle of the stage, but there were countless warriors in the Lin Clan’s ancestral home at the time, and there was no way those people could have survived such an explosion. There were too many, too many people who died in that battle.

Just so many lives, so heavy a price to pay, did you kill Cang? Lin Hao didn’t believe it because Cang was so strong that four days ago, a sword that he had used all his strength on was casually blocked by Cang and couldn’t be shaken at all. And with the layout in Lin’s ancestral home, the chances of them killing Cang were very, very slim.

‘Is it worth it?’

The plane slowly stopped on a private tarmac, and after stopping, Lin Hao got off the plane, his eyes stopped the following people from following him, and walked away alone, it was early in the morning here, endless darkness covered the land, Lin Hao’s figure of a person slowly disappeared in the vast darkness.

The first thing you need to do is to take a look at the newest version of this article. The core of his father and grandmother and the Lin Clan were destroyed, and Lin Hao's heart was wounded even more, overwhelmed by the monstrous hatred, and the strength of the pale.

From childhood to adulthood, Lin Hao had never felt as lonely as he did now. Even when he had been driven out of his home by Lin Yan and was fighting against the Lin Clan branch, he had never felt as lonely as he did now.

The people he cared about, the people he wanted to protect, died and were wounded. An unprecedented blow that he could not follow. Even if he killed Cang, would those he cared about be able to live again? Is it okay?

One foot at a time, Lin Hao walked towards the darkness in the distance, which was as dark as his life at the moment, without direction or any glory. His wounds were still very, very heavy, but he just didn't care anymore, and his heart hurt even more.

Bang..... didn't know how long he had been walking, or how far he had gone, or where he was, but Lin Hao walked into a wetland full of reeds and fell straight down inside, with no light around him, just a few dim stars in the night sky above him.....

Chapter 803

One month later, in a quiet villa in Western Europe F, a grief-stricken Lin Qingcheng listened to the report of the soldiers under her command. After listening to the report, she asked the soldier in front of her with a complex look, 'Is there any news about my brother yet?' Lin Qingcheng's voice was trembling as she asked this question.

Yes, she had mobilised all her forces to search for Lin Hao for a full month. The only thing she was sure of was that Lin Hao was still in Western Europe, but she just couldn't find him no matter how hard she looked, as if he had completely disappeared.

As a matter of fact, at Lin Qingcheng's question, the soldier in front of her shook his head: 'I'm sorry Miss, but we haven't found the family master's whereabouts, please don't worry Miss, with the family master's strength and being on this side of Western Europe, he will definitely be fine. It's just that after all such a big change in the family, the family head he must not be able to slow down for a while, he must be very sad in his heart, Miss, you'.

The soldier looked at Lin Qingcheng with great concern, fearing that Lin Qingcheng would not be able to stand up to him. After all, the Lin Clan had suffered a great tragedy, with two generations of great masters dead and one missing, and the top brass in Yanjing had lost all their power. If it wasn't for the help of Jun Wu Jing in Yanjing, the Lin family's power would have been divided up over the course of a month. Even so, after Lin's accident, there were still many forces around China that wanted to take a bite out of Lin's body. However, this momentum came to an end only after Jun Wu Jing had forcefully exterminated three families.

Lin Qingcheng forcibly pushed down the sadness in her heart and nodded heavily, 'Well, you can reassure the brothers down there. I'm fine, and we'll be home, sooner or later'

The man nodded bitterly, the Lin Clan was now in a miserable state, having just finished civil unrest and lost much of its strength, and everyone had thought that when Lin Hao came to power, he would bring the Lin Clan to a mid-rise. But now the Lin Clan has suddenly been hit by another disaster. The Lin Clan is now in its most difficult period since it was established. In the entire top echelons, only Lin Qingcheng was presiding over the situation. The soldier sighed deeply in his heart, bowed once more to Lin Qingcheng and then left.

‘The company’s main business is the development of a new product line, which will be launched in the second quarter of 2012. The new product line will be launched in the second quarter of 2013. The first thing you need to do is to take a look at the photos of your face, and your eyes will be moist.

The first thing you need to do is to take a look at the newest products that are available on the market. The streets are full of fun and the girls from abroad are more daring and stylish.

This is especially true of the town’s shopping streets, where teams of brightly dressed couples, sometimes clowning around and showing their affection, shop on the pedestrian streets. What not many people notice is that in one corner of the street sits a tattered beggar with a tattered beard.

Super Son-in-law Chapter 804-806

Chapter 804

The beggar was sitting in the corner of the pedestrian street with his eyes bleary, his lips chapped, his hair dishevelled and his face covered in mud. Many people on the pedestrian street after the beggar’s side of the time, are? The first thing you need to do is to take a look at the man’s face. Could not help but cover his nose and mouth, and hurriedly speed up to leave. In their country, there are many, many such vagrants. They are also accustomed to it and not many people give money to beggars.

The beggar was as unconcerned by the pedestrians’ contempt for him as he was by leaning against the corner of the wall, as if the whole world had nothing to do with him, as if he lived in another world.

With the passage of time, slowly the sun finally shone on the beggar in the sky. It was as if it had been a long time since I had seen sunlight, so when the sunlight shone on the beggar’s

face, the beggar subconsciously closed his eyes. It's a great way to get the most out of a man's life, but it's also a great way to get the most out of a woman's life.

Yes, the beggar was Lin Hao. It has been a month since Lin Hao came to Western Europe, and he has been in this state for a month. His wife Shen Shiyan lived and died without knowing, his best brother died, his grandmother who loved him the most, his father also died, and the battle sequence he brought out has also lost many, many people. Lin Hao's heart could not accept it, and indescribable grief filled his heart.

For a whole month, Lin Hao was immersed in endless grief and couldn't come out. He didn't open his mouth to say a word, and he didn't eat much during this month. Occasionally, a kind-hearted person would throw him some, and he would eat it.

In this month, more than 30 days and nights, whether his eyes are open or closed, awake or in a dream, all that comes to mind are the images of Shen Suyan, Yeiyi, Lin Yan, Old Madam Lin and others, all the happy days he used to have with those people.

In the past month, it's not that he hasn't wanted to go over and save Shen Suyan, but firstly, Shen Suyan is now receiving treatment at Lady You Zifei's place, so even if he found her, it would be useless. The second thing is that he is still far from being a match for Cang. Not to mention that the injuries on his body were not yet healed, and even if they were, even if he were to reach his prime, he wouldn't be able to kill Cang. Thirdly, he couldn't let Lin Yangyi and the others bury the opportunity they had given him with their lives. If he went back now, then Lin Yan and the others' deaths would be meaningless.

It was just that Lin Hao himself was lost, he had once attacked Cang with all his strength, with the sword that had killed Lin Xiaoyun, but Cang had shattered him with a single blow, and by the way the blow had severely injured him, so he had a demon for Cang as well. There was

both an overwhelming hatred for Cang and a sense of frustration as if he could not kill Cang no matter how hard he tried.

The sun is slanting west, which means that soon the day will be over again, and no one could have imagined that once the greatest of the Huaxia generation would now be a beggar, huddled in a corner, struggling to survive.

Chapter 805

As the sun was setting, another entrance to this pedestrian street appeared, a girl in a long white dress, the girl was white, with exceptionally white skin and very pretty, the girl was followed by two bodyguards. It was obvious that this girl was not an ordinary girl, her clothes and jewellery were exquisite, and so were her jewellery, but this girl had a very quiet feeling and her eyes were particularly clear and pure.

She was like a little rabbit strolling around the pedestrian street, and judging from her vivacity, she probably hadn't graduated yet.

The girl strolled up to Lin Hao, who had been reduced to a beggar. She suddenly froze as she passed in front of Lin Hao, and the two bodyguards around her tried to pull the girl away, but the girl just wouldn't move.

'This man is so pitiful, he seems to be crying' said the girl, looking at the stunned Lin Hao, and couldn't help herself.

One of the bodyguards behind the girl, looking at Lin Hao's dirty appearance, couldn't help but frown deeply, and his eyes had a touch of deep contempt for Lin Hao. Then he

respectfully said to the girl: ‘Miss go, this person is a beggar, this kind of person has hands and feet, and does not go to work, is a beggar, this kind of person is the dregs of society trash, you do not care anymore, if you do not go back, the master and madam should be anxious ‘

The other bodyguard couldn’t help but nod, ‘Yes, Miss, Madame has just called and asked you to return early‘

The girl was unmoved; she instinctively felt that Lin Hao, the beggar, gave her a different feeling. For some reason, she saw a deep sadness in Lin Hao’s eyes.

The girl squatted down and said to Lin Hao, ‘Is there something sad about you? Is there anything I can do to help you?’

In response to the girl’s question, Lin Hao didn’t even look at her. He sat there without saying a word, unmoving, his whole consciousness still immersed in the world he had imagined.

The girl bit her lip, took out some money from her pocket and put it in front of Lin Hao and said, ‘Take this money and go buy some food.‘ The girl’s eyes were full of intolerance and pity.

This time Lin Hao’s eyes moved and he looked at the money the girl had carefully placed in front of him, but he still didn’t reach out to take it, and likewise still didn’t say anything.

When the girl wanted to say something else, the bodyguard behind her couldn’t stand it any longer and said to the girl: ‘Miss, you are kind-hearted, but these beggars really don’t deserve

pity, you can't save all the beggars.' Another bodyguard didn't say anything, but also nodded his head. The brothers have been protecting the girl for several years now, and now that she is in high school, they are well aware of how good-hearted she is and that the world is not as beautiful as she thinks it is in her head. They are also afraid that something bad will happen to the girl, so they try to persuade her.

The girl shook her head and said, 'No, I don't think he's like that, he must have had a hard time, he doesn't even want money. If he's the kind of beggar who cheats people, how could he not want money when faced with it?'

'Er

' said the girl, and suddenly the two bodyguards beside her didn't know what to say. After all, the girl was right.

The girl looked into Lin Hao's eyes again, bit her lips and said: 'You don't want money, so I'll give you some food, the world is still a good place, you have to work hard oh

' the girl said and smiled at Lin Hao, who was just dressed in tatters and dirty, but still didn't react.

The company's main business is to provide a wide range of products and services, including The first thing you need to do is to take a look at the newest addition to your home. The company's main business is the development of its own business, and it is also a major contributor to the development of the company's business in the United States.

After the girl said this, Lin Hao still didn't react, so the girl bit her teeth and turned around. When the girl got into the car, she looked at Lin Hao through the window and noticed that he still hadn't moved. The girl's eyes didn't stay on Lin Hao again for long because the car started and soon the girl, accompanied by two bodyguards, walked off into the distance

Chapter 806

As the sun slowly sets and night begins to fall on this small city, the pedestrian streets that have been bustling all day slowly become less crowded. Shops began to close one by one, and slowly, as the night completely enveloped the area, there was no one left on the pedestrian street apart from Lin Hao.

When there was no one else around at night, Lin Hao looked down at the physical objects and water in front of him, his eyes somewhat stunned. This was the first time someone had given him these things. Lin Hao's stomach began to make hungry noises and he looked at the objects in front of him, remembering the beautiful words the girl had said before she left.

After another long time, Lin Hao picked up a piece of bread and ate it

At the same time, in a lavishly decorated manor house in the centre of a small town, the girl went back to her room after a hearty dinner and prepared for bed. This was set by her parents, her family was wealthy, there were seven or eight servants in the house, and her daily life was well organised. When it was time to go to bed, for example, she had to go to sleep.

But today, as the girl lay in bed, she couldn't help thinking about the beggar she had met on the pedestrian street. She was not stupid at all, but rather very clever. She had never met a beggar like Lin Hao, who had such a deep sadness hidden in his eyes, and the girl wondered what Lin Hao had gone through. But the girl, who was in her adolescence and feeling that the whole world was beautiful, couldn't help but make associations when she suddenly met a sad beggar like Lin Hao, and kept making associations, and then she slept very, very late that night.

The next day, the girl was ghostly and went back to the pedestrian street. She didn't know what she was thinking, she just wanted to see if Lin Hao had eaten the food she had given him yesterday, well that was the simplest thought she had in her mind.

An hour later, the girl arrived at the pedestrian street, she saw Lin Hao again, then she looked at the food in front of Lin Hao, it was all eaten, there wasn't even a crumb on the ground, the girl smiled, it was sunny today, it was a beautiful day and the temperature was in the teens. The girl, dressed in white, stood in the sunshine and smiled brightly.

The girl watched Lin Hao eat all the food as if she had done something successful. She went to a nearby supermarket to buy some more food and didn't buy any more, then carried the food to Lin Hao and sent it to Lin Hao and said, 'Don't starve yourself, eat, I'm leaving, I have to go to school, I'll see you again tomorrow

The girl really walked away after saying that, looking at her bouncing figure, she looked like she should be very happy. This time after the girl left, Lin Hao couldn't help but look up at the girl

Then for a few days, every day the girl came to give Lin Hao food. Although Lin Hao was silent each time, the girl still smiled and told Lin Hao a lot about all the things that happened to her today, happy and sad, anyway, whether Lin Hao listened or not, she would talk to Lin Hao for a long time and Lin Hao was silent each time.

The two bodyguards behind the girl had no choice but to accept the fact that the girl came every day to bring food to the beggar.

Only? Closed the zero hour service to love to whisk? It was a day more than ten days later, the weather was still so warm, the sun was still so good, but the girl did not appear, had been groggy Lin Hao, could not help but open his eyes, did not wait for the girl to appear, Lin Hao could not help but have some discomfort.

When the sun was setting in the evening, Lin Hao, who did not wait for the girl to arrive, waited for one of her bodyguards. It was just that the bodyguard was pale, his right leg was bandaged and he was on crutches.

He said, 'I'm sorry, but I can't wait for you to get here, because you've been kidnapped. The company's main business is to provide a wide range of services and products to the public, including the provision of a wide range of services and products for the public. Don't you think the world is such a dark place, where the good people, the kind people, always get hurt? You say, don't you?

The bodyguard, laughing at himself, continued to say to Lin Hao: 'Well, I'm leaving too, my leg is injured, the master won't let me go to rescue Miss, but I still have to go. I'm not a beggar, but I'm just like you, I'm an ex-convict, and after I got out of prison, no place wanted me. You eat it

'Oh I don't know why I came here today to tell you this. Maybe tomorrow I'll be dead, my brother is dead and I don't have anyone to say goodbye to, so I'll just say goodbye to you, save your food and I won't come back in the future

 the bodyguard said and walked away

When the bodyguard had gone, Lin Hao stared at the bag of food placed in front of him, which was many times more than the amount of food that had been available each time

His heart, which had been silent for a long, long time, was touched by that

Super Son-in-law Chapter 807-808

Chapter 807

At three o'clock in the morning, the entire city falls into absolute silence. In a secret basement. The injured bodyguard, who had delivered food to Lin Hao in the evening instead of the girl, was looking resolutely at his weaponry, and even his body was strapped with bombs, so it was clear that he had prepared for the worst, or else he would die with the enemy!

Ten minutes later, he threw away his crutches and, enduring the sharp pain in his leg from time to time, drove towards the place where the enemy was trading, which the kidnappers had asked for at ten o'clock tomorrow morning. The kidnappers were demanding a deal at 10am tomorrow morning, and he clearly had no intention of waiting until 10am, and he knew that even if the kidnappers got their money this time, they would not be satisfied, but would want even more. Those people have been completely overwhelmed by greed, cruelty, ? Closed service Yi Fuyi Xiaofei ? The killing of people can no longer even be called human.

'The first time I saw you, I had to go to the bathroom, and I had to get out of there, and I had to get out of there.

As soon as the car had crashed through the factory gate, Jack rolled over and got out of the car, firing wildly at the looters who were pouring in. The man, who is also a tough guy to say the least, got out of the car, endured the pain in his leg and was still following the car, attacking wildly past them inside.

Bang, bang, bang Soon the whole plant was filled with intense gunfire and Jack was well trained as a bodyguard. He soon killed the Sanming masked robber. But as he continued to attack inside, suddenly the factory lights came on brightly. Suddenly he saw the girl who was suspended over the middle of the plant.

The next moment as Jack was startled, there was a clap inside the factory and then a girl with a big back wearing a black suit and black leather shoes. The man came out on the first floor of the factory. As the man appeared, there were instantly more than a dozen guns aimed at the girl, who was hanging in mid-air from various parts of the factory.

The robber boss smiled faintly and said to Jack below, 'Will you be able to get your lady down before a dozen of us shoot at her? Oh If you can't, then your lady will just have to die'

'FUCK!' shouted Jack at the vileness of his enemy. But the other man was also right, with his own strength, he was not sure that he could save his lady from the enemy. Jack, who had been hiding behind the car for a while, was also in a dilemma. He didn't expect the enemy to be so mean.

At this time was hanging in the middle of the factory, cape hair, mouth still blood, pale face, physical state looked very weak, opened his eyes, looked at the Jack who came to rescue her. Quickly said: 'Jack, go, go, do not worry about me, you quickly go, quickly go'

After the girl finished speaking, the leader of the kidnappers smiled and said, 'Oh, I'm afraid you won't be able to leave, you killed three of my brothers, do you think you can still leave? Kill yourself, or we'll kill your lady here, two ways, your choice'

The girl's eyes became incredibly frightened at the kidnapper's words and she quickly yelled to Jack, 'Go, leave me alone, run!!!'

‘FUCK! FUCK!’ shouted Jack, and the next moment he snapped his teeth and ran out of the back of the car, then stood in the middle of the plant, before ripping off his shirt. Yelling at the leader of the robbers, ‘Let my lady go! It’s all or nothing! Die together!!!’

The head robber’s face changed instantly when he saw Jack with a bomb strapped all over him, and then Jack also threw away his gun, holding the detonator in his hand, ready to detonate at any moment. Frightened, he told a group of his men to put the gun away, and then he looked deeply at Jack, who was standing below.

He smiled wryly and said to Jack, ‘Now I admit that you have the ability to threaten me, but there are more than a dozen of us on this side, if you don’t want your lady to die with you. Then I do have a proposition for you’ said the kidnapper boss, licking his lips.

Jack frowned deeply and asked, ‘Well, what do you propose?’

Chapter 808

The kidnapper boss jumped straight down from the first floor with two long knives in his hands, threw one directly at Jack and took one himself and said, ‘We’ll fight it out between the two of us, if you win I’ll let you go, if you lose then you’ll die with your lady, how about it?’

‘No, no’ the girl heard the robber boss shake her head and yell at Jack.

Jack looked at the long knife stuck a short distance in front of him, thought for a moment, then nodded and said, ‘Okay, but you have to keep your word!’ The kidnapper boss nodded, then took his long knife in one hand and made a gesture of invitation to Jack, perhaps to play hard to get, but the robber boss did not attack Jack first. Rather, he waited for Jack to attack first.

The first thing that he did was to take a look at the car. The first thing you need to do is to take a look at the car. Jack was also chosen because he had been trained with a sword before. This is a skill that any qualified bodyguard should have.

It was just that when the long knife in Jack's hand quickly slashed at the kidnapper boss, the kidnapper boss's body just slightly to the side, the long knife in Jack's hand slashed down from in front of his eyes, without touching the robber boss at all, and without causing any damage to the robber boss.

The next moment the robber boss laughed lightly, his body instantly appearing on Jack's right side, the long knife in his hand slicing through Jack's right arm. It brought up a handful of blood.

'Kill

' shouted Jack through the pain and swung the long knife violently across, the knife cut his whole body, if the knife cut solidly, the robber boss's body would definitely turn into two sections. The problem was that the robber boss was too fast. By the time Jack's long knife had passed, he was already backing away. And in an instant, he appeared on the other side of Jack, swinging his long knife, once again bringing another wound to Jack's body.

And so, again and again, Jack, who already had a wound in his leg, could not keep up with the kidnapper boss. After fighting for dozens of times, the detonator in Jack's hand was suddenly knocked out of the sky by the leader of the kidnapers. Now he didn't even have the leverage to threaten the other with death

Bang

The robber boss kicked Jack, who was covered in bruises, hard and straight away.

‘You’ Jack spurted out a mouthful of blood and tried to say something when the kidnapper boss came directly in front of him. A foot on his injured right leg

‘With a grazing click, Jack’s bones were broken by the robber boss. Benley’s right leg, which he had hoped to recover from, was now a complete wreck. Jack’s eyes were filled with a deep resignation. He wasn’t afraid of dying himself, but he was afraid that he wouldn’t be able to save his lady.

The robber boss stood in front of Jack, looked at him with a sneer and said, ‘You say you’re a piece of rubbish, you had already escaped, why did you come back to die? Isn’t it good to be alive? Since you want to die so badly, I’ll make it happen for you.

‘Don’t’ The girl who was hanging in the air, saw this scene, could not help but let out a desperate shout, but she could not do anything, at the moment can only watch, accompanied by his bodyguard for many years, died under the knife of the robber boss.

‘I’m sorry Miss, I’m useless, I can not save you, the next life I Jack, still follow Miss’ Jack in the moment of the fall of the long knife, despair closed his eyes.

The sound of the long knife entering flesh came, but Jack did not feel the slightest pain, and a drop of warm blood dripped onto his face, so he had to open his eyes. Then he saw a scene that he would never forget.

A man appeared in front of him at some point and caught the long knife falling from the kidnapper's boss in the palm of his hand, he looked up the man's arm and then he saw a face that horrified him to the core. It was the beggar, the one that Miss Self had been sending food to

Jack watched as the leader of the kidnappers, no matter how hard he tried, did not move the long knife in the beggar's grip. He broke out in a cold sweat on his head.

'How how is this possible!!!' Jack was horrified to the core.

'Is he? That old man?' The eyes of the girl hanging in mid-air are also wide open with disbelief.

Super Son-in-law Chapter 809-810

Chapter 809

'Shoot, shoot, kill him, kill him!!!' The robber boss, knowing that he had met an expert, felt that with his strength, he was far from being a match for the beggar in front of him, and he was going crazy. Hastily he ordered his own men to shoot.

'Uncle! Watch out!' The girl, who was hanging in mid-air, hurried to warn Lin Hao.

The first thing I noticed was that the girl's voice was so strong that she could not be heard. The first time I saw her, she said. The company's first-ever customer service centre is located at the heart of the city's business district. Then Lin Hao took the half-blade and slashed it directly across the kidnapper's boss's neck. Then he threw the half-blade and cut the rope that was hanging the girl, and the girl's body began to fall.

The moment the girl's body was still falling, Lin Hao's figure moved again, and in an instant he was directly on the first floor, in front of the group of kidnappers who had almost just reloaded their guns. One punch at a time, Lin Hao's figure was moving at an extremely fast speed through the crowd of kidnappers, all the kidnappers here were little Luo Luo, none of them could resist his punches at all.

Bang, bang, bang, bang Then Jack saw the scene that he will never forget. The dozen or so robbers upstairs had actually been killed by the beggars in front of them in less than a second. And by the time Lin Hao had finished killing all those beggars, the girl just happened to fall to the ground. Jack subconsciously caught the girl's body without hurting her. And by the time Jack and the girl regained consciousness, Lin Hao had already disappeared.

'Uncle?' The girl, who landed on the ground, hurried to look for Lin Hao, but found she couldn't find him anyhow and Jack, who was beside her, looked at the bodies all over the ground, all in one hit, and at a speed that was so fast it was impossible to describe. The shock in his heart could not be suppressed for a long time.....

At four o'clock in the morning, the lights are still on in a luxury villa in the heart of the city, and the family simply cannot sleep. In the middle of the villa sat a couple who were already crying their eyes out. The man is dressed in a suit that costs more than 100,000 yuan and is very wealthy, while the woman has a very high temperament and the villa is also very luxuriously decorated. But at the moment, even with all their wealth, they are unhappy because their daughter has been kidnapped.

And while the police outside were unaware of this and thought it was an ordinary kidnapping, they both knew better. This was no ordinary kidnapping at all, the other party was their enemy in life and death, and the man had naturally offended too many people over the years with his flourishing career. That's why he had found bodyguards for his daughter early on, and two of them. But now one of the bodyguards has been killed by the other, and the other is seriously injured and crippled. Both he and his wife knew clearly that the other party's ultimate

goal was not simply to get money. Rather, step by step, they wanted to make them experience despair and then lose their families.

But there was nothing they could do, all the police in the city had been called out, but the bandits were too powerful and the firepower of the weapons in their hands was very forward and horizontal, and the passivity of the Western European police had left the couple with nothing to do. At the moment, for example, there were a couple of policemen guarding their villa, but looking at their laziness, the couple were in despair.

‘If anything happens to her, I won’t be able to survive’ said the lady crying to the man.

In fact, he is not an evil person, and his wealth has been earned by his own little efforts through regular means. But this is the way of the world, you make money, you don’t make money, so as he earned more and more, he unintentionally offended too many people. And this time it was also clear to him that there were definitely other people involved behind the kidnapers. Because the fighting qualities of the robbers were comparable to those of professional soldiers, who should have been mercenaries.

Chapter 810

‘Well, don’t worry madam, I will get Jenny back even if I lose everything I have, I’ the man was comforting his wife when he suddenly froze as he said it, his eyes wide with incredulity. His wife, too, burst into tears and stared at the front door of the villa. The police officers who stayed inside their house also froze, their eyes similarly filled with amazement. The girl who had been kidnapped by a group of kidnapers of top mercenary strength, had actually come back by herself?

At this moment, there at the entrance of the villa, their daughter Jenny is standing there, Jack has been sent to the hospital for treatment, after all, Jack is too badly injured, and when she finished sending Jack, she came back alone.

‘Jenny’ the woman saw her daughter return and rushed to the door and grabbed the girl in her arms, excitement was all over her face and the girl’s father was also incredibly excited.

After the excitement, some policemen in the house asked the girl some questions, but the girl did not mention the beggar Lin Hao the whole time, just said that a mysterious man killed the kidnappers and saved her. The police felt that the girl was not lying, took a statement and then left.

When the policemen left, Jenny’s parents once again asked the girl if she was their biological daughter. They both had a vague feeling that their daughter must be hiding something.

Faced with her parents’ question, the girl said with complex and grateful eyes, ‘Mom and Dad, it was the beggar uncle who saved me’.

The girl then told the story of how she met Lin Hao half a month ago, then felt sorry for Lin Hao and kept bringing him food, and then today Lin Hao suddenly appeared like a Gestapo hero and saved her in a domineering way.

The couple knew that their daughter never lied, so this was the truth then. The couple looked at each other and saw the shock in each other’s eyes, followed by a hint of fear. Had it not been for the kindness of their daughter, their entire family would have been torn apart by this crisis.

The next morning, the sun was shining and the weather was beautiful. On the pedestrian street of the city, three limousines suddenly drove over and stopped at the exit of the pedestrian street. In the middle of the car, the girl got out with her parents. Just after getting down, the girl froze, because the beggar she was most looking for was no longer there.

The girl's eyes got wet: 'Uncle, he he's gone' the girl said stunned. The girl's parents got someone to bring up a nearby CCTV video, looked at it, pointed at a beggar on top of the CCTV and asked the girl, 'Child, is that him?'

The first time I saw him was when I was a little girl, and I was so happy that I was able to see him. The first time I saw him, he was so sad. It's only when things went wrong that I was so sad, he saved me and I wanted to help him

The girl's mother took her daughter's hand and said, 'Son, but he's gone'.

After the girl's parents had comforted her for a while, before they left, they stood at the place where Lin Hao had stayed for more than ten days and bent down to pay their respects.

The couple wanted to repay Lin Hao, but he disappeared and they had no choice but to give up and keep the kindness in their hearts. But the girl took a screenshot of the photo on the CCTV video and vowed that she would find Lin Hao, the sad uncle and help him properly
