

Super Son-in-law Chapter 831-840

Chapter 831

‘Miss, the Black Scorpion group sniped a dozen of our combat sequences within F, and the remaining dozens of brothers are also surrounded by them, in danger of being wiped out at any time, Miss, in these three months, this is already our ninth collision with the Black Scorpion group, they are getting more and more rampant’ without waiting for Lin Qingcheng to ask, the soldier hurriedly reported to her, his fists clenched tightly, his eyes full of hatred!

Lin Qingcheng’s face was also instantly gloomy, slamming the table: ‘Damn it! A bunch of defeated men, if my brother was still alive, how dare they how dare they! Now it’s just a case of seeing my Lin’s in trouble and daring to oppress us! Damn it!’ Lin Qingcheng was so hateful that her teeth itched.

Yes, now on this side of Western Europe, Lin’s forces and the Black Scorpion Organisation were the two biggest forces on this side, and previously, because of Lin Hao, the Black Scorpion Organisation was once oppressed to death by Lin. Even the leader of the Black Scorpion Organisation, Black Scorpion himself, had his arm chopped off by Lin Hao, and the headquarters of the Black Scorpion Organisation was even razed to the ground by Lin Hao. In front of Lin Hao, those people of Black Scorpion were completely afraid to even utter a fart. But now, with Lin Yan dead, the Lin Clan destroyed, and Lin Hao missing, the Black Scorpion’s desperate men did not dare to say a word. Those desperate people from the Black Scorpions thought that their chance had come, and these days there were more and more clashes with Lin on the Western European side.

Lin Qingcheng’s eyes flickered violently, and Jiang Shaoming, who was standing beside her, also narrowed his eyes and said to Lin Qingcheng, ‘Eldest Miss, is there enough combat power on the Western European side? Do you want me to transfer people from Huaxia?’

Lin Qingcheng's face had a hint of bitterness, 'No, it's useless, to say that the low-end combat power on our side is not bad at all, but the Black Scorpion Organization has an Innate Grandmaster inside, and there are more than a dozen prospective Grandmasters, as long as we don't have the high-end combat power on our side, then we can't go against them

Jiang Shaoming frowned deeply and thought about it, 'Miss, if we can't, let's ask Jun Wu Regret to help us, with his friendship with big brother, if we ask him to come to Western Europe, he should come

The company's main business is to provide a wide range of products and services to the market. Moreover, Jun Wu Regret is now doing his best to track down Cang's base in China, it's best if he can be uninvited. Let's have a meeting, call all the top brass over, we'll deal with Black Scorpion first and see if there's any room for détente

'Well, that's all that can be done, but don't worry too much Miss, my big brother will be back soon.' Jiang Shaoming turned to Lin Qingcheng and comforted her.

'Mhmm

Ten minutes later, inside a huge office, Lin Qingcheng, Jiang Shaoming, and a dozen or so of Lin's top brass from the combat sequence were all sitting inside with gloomy faces, in the centre of the conference room was a huge piece of ? Shan steak closed Yi'er steak zero steak ? projection, they were going to link up with Black Scorpion and negotiate a bit to see what was going on first. Soon the figure of Black Scorpion appeared on the big screen, except that one of his arms was mechanical.

After Black Scorpion appeared, he gave Lin Qingcheng a few glances with interest and said playfully, 'Miss Lin, how are you so anxious to connect with me, may I ask what is the matter?' The black scorpion's face was playful and gloomy, looking at Lin Qingcheng with a smile, his gaze even lingered on Lin Qingcheng for a while.

Lin Qingcheng frowned deeply as she barked at Black Scorpion, 'Black Scorpion, what do you want? In just three months, you have sniped nine of our combat forces!'

Black Scorpion raised one eyebrow, smiled indifferently, pretended not to know and shook his head, 'Oh, sorry Miss Lin, I don't know what you're talking about, and I don't even know about this matter. The people below clash with your people below, this is something I really don't know ah

Lin Qingcheng's eyes narrowed, Black Scorpion actually pretended not to know in front of her, this was simply impossible. The Black Scorpion organization was a large international organization that combined the assassin and mercenary business into one. Their structure was very tight, how could Black Scorpion not know about it? So the only explanation was that not only did Black Scorpion know about it, but it was likely that he had personally ordered it this time. Because at this moment, Black Scorpion's eyes were looking at his mechanical arm, his eyes a little gloomy. This arm of his was the one that Lin Hao had cut down.

Lin Qingcheng narrowed his eyes and looked at Black Scorpion on the big screen and slowly said, 'Then you mean war, right?'

Buzz When Lin Qingcheng said the word start a war, the atmosphere in the meeting room immediately became tense. The black scorpion on the big screen also stopped moving and just looked at his right arm without moving. On that day inside his base, Lin Hao had cut off his arm in front of all his men, and then blew up his entire base. It had humiliated him to the extreme,

and these days, the excruciating pain of having his mechanical arm fitted had been killing him every day, and the hatred in his heart was growing more and more every day.

Chapter 832

Black Scorpion looked down at his mechanical arm for a while before slowly saying: ‘Miss Lin, three months ago, your Lin family’s roots in China were wiped out, your Lin ancestral home was razed to the ground, your Lin family’s previous generation family head which is also your father died, your Lin family’s top combat force was consumed in that one change Your own brother, Lin Hao, the current generation of Lin family heads! He was also seriously injured and his whereabouts are unknown’, Black Scorpion slowly stated the Lin Clan’s current situation line by line as if he was counting, and his tone was becoming more and more dangerous, and his face was becoming more and more fierce.

The company’s main business is to provide a wide range of products and services to the market. You are at least the leader of a large organization, what do you want to do, you might as well say it directly

Black Scorpion slowly raised his head eyes deadly stared at Lin Qingcheng, suddenly sneered, ‘Oh, what do I want to do? It’s very simple, your good brother, who is unaware of his life and death and is now unaccounted for, cut off one of my arms and destroyed my base before. Even if he comes back now, so what? Do you think I’m still afraid of him? I’m sorry, I forgot to tell you, the elder of our Black Scorpion organization is out of the gate, an innate master no worse than your father, plus my words, even if Lin Hao came, do you think I would still be afraid of you?’

Black Scorpion paused as he spoke, then when he looked at Lin Qingcheng again, his face had turned gloomy to the extreme as he fiercely looked at Lin Qingcheng and said, ‘So, since you guys are already much, much weaker, then why don’t I take revenge? This Western Europe was originally ours, and you are the outsiders, so why do you think that now since your Lin Clan has declined, then why don’t I destroy you?’

After Black Scorpion finished speaking, he sneered at Lin Qingcheng in a very dismissive and mocking manner, then he simply hung up, and the entire large screen turned dark.

When Black Scorpion hung up the communication, the atmosphere in Lin Qingcheng's conference room became even more gloomy. Lin Qingcheng closed her eyes in pain, and she just kept her eyes closed without speaking. This situation was now going to be even more difficult than she had imagined, and Lin's situation in Western Europe was going to be even worse.

She had never imagined that the Black Scorpion Organisation actually had an Elder who was an Ascended Master. An Ascended Master whose strength was no less than her father's. This was judging from the Black Scorpion Organisation's recent increasingly rampant performance. It shouldn't be a lie that the Black Scorpion was that wild. So if that mysterious Black Scorpion Elder was added to the mix, even if she invited Jun Wu Ren over, it would still be dangerous and troublesome. And if it was against two Ascended Masters at the same time, Jun Wu Regret was an outsider after all, then in that case, it was really impossible to say if Jun Wu Regret would still come to her aid

'It seems that we can only let him step in, it's just that he has already given enough for the Lin's, too much

Lin Qingcheng's mind came up with the figure of a person who had now also broken through to an Innate Patriarch. But has not yet adjusted to the state, the state is a little less stable, Lin Qingcheng heart floating a trace of pain.

'Eldest Miss

Jiang Shaoming's face was grave as he called out to Lin Qingcheng, 'If things can't be done, let's retreat first, and wait for everything until big brother returns

‘Yes, Eldest Miss, contract the defensive line, let’s wait for the family head to return for everything’ Several more senior members in the office advised Lin Qingcheng with gloomy faces.

Lin Qingcheng helplessly opened her eyes and took a deep breath, if Lin Hao returned and added that person, then they would also have two Innate Patriarchs on their side in terms of top tier battle power. That wouldn’t make them lose to Black Scorpion in terms of top tier battle power.

So she nodded painfully and said, ‘Well, that’s all we can do now, let’s adjourn the meeting, you guys? Lu Yi Shan dyed Xi Er Er Di? Go down and make arrangements, let’s have our forces, all shrink towards the base, do our best to avoid a hard encounter with the Black Scorpion organization in the next few days’

‘Mm,’ the crowd in the conference room nodded, after all, there is no better way now.

The group then walked out from the conference room, they were going to go and do their best to arrange for various contractions. Lin Qingcheng was also going to deploy it herself. Only as they were heading towards the war room in the other building, suddenly a figure appeared behind them.

Lin Hao, dressed in a black trench coat and with complex eyes, appeared behind Lin Qingcheng Jiang Shaoming and his group.

‘Sister’

‘Shao Ming

‘I’m back

The next moment, Lin Qingcheng and Jiang Shaoming, who heard Lin Hao’s voice, their bodies trembled violently, their bodies were like being struck by lightning, they stood frozen in place, unable to slow down for a long time, Lin Qingcheng even burst into tears in an instant

Chapter 833

The dozen or so senior members of Lin’s combat sequence all turned around violently to look at Lin Hao who appeared behind them, and each of their eyes were filled with surprise that Lin Hao had caught up and returned early when they were about to go head-on to war with the Black Scorpion Organisation. And with Lin Hao’s return, it immediately gave everyone a backbone. After all, Lin Hao was the number one pride in China, the number one pride in China who was far more powerful than Jun Wu Ren!

And Lin Hao who had disappeared for three whole months, they all knew that now that he had returned again, from the gate of ghosts and from despair, how powerful would he be?

‘Greetings to the family head,’ a dozen or so senior members of the combat hierarchy, ten thousand times excited, simultaneously bent down and bowed deeply to Lin Hao.

Lin Qingcheng and Jiang Shaoming also turned around. Jiang Shaoming also had hot tears in his eyes, after more than three months, he didn't expect that so many so many things would happen after that farewell between him and Lin Hao in Tianhai City that day. And now that he saw Lin Hao again, he felt an aura of sadness permeate Lin Hao's entire body, and his voice choked up: 'Big brother

'Well, Shao Ming I'm back

Lin Hao also gave Jiang Shao Ming an incomparably complicated look in his eyes. It had been more than three months, and finally he saw his brother again.

'Brother, ' Lin Qingcheng called out to Lin Hao with tears streaming down her face. The body was trembling.

'Sister, I'm sorry for making you carry all the burdens for me these days, just leave it all to me from now on, just leave it to me

Lin Hao saw Lin Qingcheng in tears, his eyes were also wet. Last night after his breakthrough in the wilderness, he didn't walk here anymore, before he thought of walking to get here, just to gain more insight and accumulate more breakthroughs along the way, now since he had already broken through, all this became no longer necessary. He also knew that Lin Qingcheng must have been under too much pressure these days, so he found a car early in the morning and rushed back as fast as he could.

'Mm, it's okay, it's good to be back, it's good to be back, it's good to be back

Lin Qingcheng nodded with tears in her eyes. For the past three months, she had acted incomparably strong, pressing all her grief deep into her heart. Because she was the only one left at the heart of the entire Lin family. You can imagine how much pressure she was under in her heart, after all, she also missed Lin Yan and Old Lady Lin very much in her heart

Just soon, the sadness in her own heart was suppressed. Because the hurt in her brother's heart was far, far greater than hers, Lin Hao was watching his loved ones overturned, watching his beloved suffer. No one suffered more than Lin Hao, and it hurt more.

Lin Qingcheng ran to Lin Hao and hugged him tightly, wanting to say some words of comfort, but it's all here now and things have happened, she couldn't say anything, so she could only hug Lin Hao tightly and hold him tightly Lin Hao was the same, he reached out and patted Lin Qingcheng's back and said, 'Sister, don't worry, I have everything

Lin Qingcheng let go of Lin Hao and looked at him and nodded heavily. This time after such a big change, after three months, when she looked at Lin Hao again, she found that the present day Lin Hao had become different, very different. At this moment, when she looked at Lin Hao, it was as if she saw the Lin Yan who had planned everything and had everything under control. Yes, the current Lin Hao was the one who gave her a feeling as if she was facing Lin Yan.

When Lin Hao was growing up, it seemed that he was all by himself, but in fact, there were always people behind him who were silently helping him and escorting his growth. For example, Mo Lao, Lin Yan, and Mrs. Lin, there are too many people

So instead of saying that those achievements that Lin Hao achieved before were his alone, it would actually be more like Lin Hao achieved that high with the help of a bunch of people.

But now it's different, nowadays Lin Hao is really the only one. He is the strongest, he is the head of the Lin family, there is no one to protect him anymore, those of the older generation are dead, and after that these juniors after? Ai Zha Suyi Er Ai Wu Dye? generation, there will be only him to hold up a piece of heaven for them

After that Lin Hao followed Lin Qingcheng Jiang Shaoming and others to the meeting room. And because of Lin Hao's return, naturally the right to decide on all things has been handed over to Lin Hao. And the previous resolution that Lin Qingcheng had made with everyone, which was the strategy of the Western European Lin Clan contracting at full strength, was no longer needed.

'Go all out, it was my fault that day, I should have completely exterminated the Black Scorpion that day, then we wouldn't be in trouble now. Dozens of brothers died, it was my fault. Now that I am back, there is no need to keep the Black Scorpion organisation. Go all out and exterminate them today, ' Lin Hao made his decision straight away.

Super Son-in-law Chapter 834-836

Chapter 834

'Yes!' The dozen or so senior members of Lin's combat sequence in the combat conference room were all incomparably excited in their hearts. They had long been fed up with Black Scorpion in Western Europe these days, and now that Lin Hao had returned, they were going to exterminate them that day. Another thing was that they, the men, had been without a backbone in their hearts for more than three months after they knew what had happened to Lin until now, and the author was panicking. But not from now on. Their family head is back, that contemporary number one pride of China is back

Lin Qingcheng saw that Lin Hao had given a direct order to duel today, and then when she thought about what Black Scorpion had said when she had just linked up with him, she hurriedly said to Lin Hao, 'Brother, there is another elder on Black Scorpion's side, who is also an old patriarch, brother if you fight both of them alone

'It's alright just leave it to me

Before Lin Qingcheng could finish his sentence, he was interrupted by Lin Hao with a wave of his hand. Yes, with his actual combat power now. Even if there were more Ascended Masters, he wouldn't be afraid. Because it was a big realm difference. Just like when Cang had gone to the Lin family before, even when he was faced with

a large number of Ascended Masters in the Lin family, he was still not afraid. And the same was true of Lin Hao now.

When Lin Qingcheng saw Lin Hao say this and be so confident, she did not persuade him any further, for no other reason than she now simply believed that Lin Hao had no ground to grasp whisking Shan Yi serve Hao. Since her brother is fine, he is really fine.

After Lin Hao finished talking to Lin Qingcheng, he looked at Jiang Shaoming. There was a time when they were three brothers growing up together. Lin Hao, Jiang Shaoming, and Night One. And now there were only two of them left here. Lin Hao couldn't help but feel a little emotional, and the sadness in his heart instantly surged up. The Night One who had always been silent, but had rushed to him whenever there was danger, was no longer there. And the last time, if Night One hadn't desperately tried to carry him out, it might have been him who died.

'Shao Ming, Night One is gone, our original three brothers, now only the two of us are left' Lin Hao's eyes were red, he could only say this to Jiang Shao Ming, after all, the three of them were the best three with Night One.

'Big brother' Jiang Shaoming bit his lip, the sadness in his heart was infinitely on the rise, he couldn't help the tears that fell down his face. He didn't know what to say, he couldn't say anything.

'Sister, where is Night One buried, I want to go and see him' Lin Hao turned his head to Lin Qingcheng and said.

Only Lin Qingcheng shook her head and said, 'Hao'er, we'll talk about Night One later, you should come with me to meet someone first, we also have a person on our side who has

broken through to the Ascended Patriarch, with him, plus you, we'll be more secure against the Black Scorpion this time'

When Lin Hao saw Lin Qingcheng say this, although he had the heart to say that it would be fine as long as he was out on his own, he couldn't explain it to Lin Qingcheng. After all, maybe in Lin Qingcheng's mind, it was dangerous for him to go up against two Innate Sect Masters by himself. So he nodded his head.

After a long walk through a steel door, the two followed Lin Qingcheng to an underground chamber, opposite a special treatment room and training room

At this moment in that training room, a man dressed in black is standing upside down with two fingers. Lin Qingcheng took the lead and walked in

'Eldest Miss, is it time for war? Don't worry I'm almost ready, even if it's Black Scorpion, I can almost fight him head to head' Inside the chamber, Night One, who was covered in sweat, stood up and said to Lin Qingcheng.

Three months ago he was shattered by Cang's palm, his heart was severely damaged, in fact, when he was on the plane, he had no heartbeat and no breathing. But Lin Qingcheng had made a bold and crazy decision at that time, that was to give Night One a new heart! When Lin Yan had fought Lin Hao in a duel against Lin Xiaoyun and the others, he had killed five Innate Patriarchs in that battle. And at that time, when the laboratory personnel under Lin Qingcheng were cleaning up the battlefield, they saw that Lin Xiaoyun's heart was still very vigorous and not completely dead, so they removed his heart and put it into the incubator

When Night One's corpse arrived at the base, Lin Qingcheng made this most insane decision right away and gave Night One a replacement for Lin Xiaohu's heart. When the heart was replaced, Night One waited another month before coming to his senses again, and spent another two months getting used to this new heart. And because Lin Xiaohu was also an old Ascended Master in his lifetime, his combat power was not much inferior to Lin Xiaoyun Lin Yan. So when Night One came to his senses, he advanced to the rank of Innate Patriarch. Although the rank had dropped by one level, he was still an Innate Patriarch. It was just that in this life he would not be able to make any further progress.

But that was enough, at least he had survived, and that was the greatest blessing of all. And before, Lin Qingcheng had told him that they were going to meet up with the Black Scorpion, so from that moment on, Night One had been preparing frantically. And now that Lin Qingcheng had personally come over to him, he understood that it should be time for a duel with the Black Scorpion and he was already prepared

'Well, the duel is about to start, today

Lin Qingcheng nodded to Night One with red eyes.

'Hmm good, I'm ready, let's go here

Night One nodded at Lin Qingcheng before heading out to carry a battle sword

Only when he reached the door of the training room, his whole body froze, his eyes were red, and his body couldn't stop trembling, shaking violently

'Brother

Lin Hao's eyes fell with tears, choked up and called out to Night One, his heart was both grateful and excited, moved, hard to bear

He could never have imagined that Night One, his best brother, was still alive, alive, alive, alive

Lin Hao looked at Night One, his heart was incomparably complicated, all these days he had thought he would never see this good brother he grew up with again. This good brother whose only mission since he was very young was to protect himself, so at this moment Lin Hao couldn't help himself. With his current realm and strength, he naturally felt that something was wrong with Night One's aura, especially his heart, which gave him a feeling that was both strange and familiar. Lin Hao instantly figured out how Night One had survived. But no matter what, it was good to be alive, and it was good that his good brother was still alive

'Big brother

Night One's eyes were also heaving with tears, as the two brothers met again after more than three months. Even he, Night One himself, didn't think that he would be alive again. To still be alive to see Lin Hao again, at this moment he was also filled with emotions in his heart and choked up as he called out to Lin Hao.

'Night One!' Jiang Shaoming also choked up.

'Shao Ming, I'm back

Night One twisted his head to look at Jiang Shao Ming.

Lin Qingcheng on the side took a deep breath, her eyes moistened, her eyes filled with hot tears but still smiling, 'Night One has now broken through to the layer of Innate Patriarch? Erxilu Fuyandii Yi Zha? times, because of the misfortune to be blessed

'Brother, there is still a red-head waiting for you in Western Europe, don't go with me to continue the conquest, live well and just leave the rest to me, okay?' Lin Hao looked deeply at Night One and said seriously, seriously he really didn't want Night One to follow him again to go to war, he had already lost so many family members and friends, brothers, he didn't want to lose Night One once again. Even though he had now broken through to this level, facing Cang would most likely not be that easy.

‘Oh’ Night One smiled at Lin Hao and shook his head, his eyes filled with determination, after a while he looked at Lin Hao and said with unparalleled determination, ‘One day brother, one life brother! And that guy Cang, also killed my master, he must die, must die’ Night One’s attitude was very resolute.

Lin Hao gave Night One a deep look, reached out and clapped his hand on Night One’s shoulder and took a deep breath, ‘Good, then you and I, brothers, will kill back to China today!!!’

Lin Hao’s words made people’s blood boil, and then he added, ‘But now before we die, we first have to kill some people to sacrifice our flag!’ When Lin Hao finished speaking, a hint of killing intent was immediately revealed in the eyes of everyone present.

On the edge of a small city within Western Europe, a combat force from the Lin Clan was resisting to the death against the attack of hundreds of assassins and mercenaries, this squad had been crippled by half by now, not that they didn’t want to retreat, but all the paths of retreat had been completely blocked by the people of the Black Scorpion Organization.

In the middle of the ruins, the commander of the force spurted out a mouthful of blood, and there was blood running down his face as he looked at his brothers who had just been killed by the other side. Hatred washed over him.

‘Brother, break out, all of us brothers have discussed it, instead of us all being lost here today, why don’t you take a few brothers and go out? And now our Lin’s are on the defensive on the Western European side, the family head has not returned, we can’t possibly fight the Black Scorpion head on, let’s go first, let’s go’ several members of the team hissed at the commander and advised him.

After that violent explosion, the opponent's attack stalled for a while, and the commander understood that the next one was afraid that the opponent's general attack would come. The violent explosion was a prelude to the attack. The next moment, the commander took a cigarette with his blood-stained hand and took a deep puff, with a hint of determination on his face: 'You guys go, I'm not leaving. will get more and more aggressive. I'm not leaving

Lin's commander saw very clearly that the first thing about this battle today was that he didn't want to retreat any further. The second is that even if he were to break out now, with the other side surrounded by mercenaries and assassins who are experienced in combat, even if he were to break out, would he still be able to run to the next stronghold? The hope was too slim. The only thing left in the commander's eyes after half a cigarette was determination, and he clutched the gun in his hand with a deadly intent in his eyes. The final battle was on

As he picked up his gun, the few members of the team around him, all clutching their weapons, made the same choice as he did.

'Three, two, one! Kill!' The commander gave a sharp shout with his gun and turned to lie down on his bunker, about to fire at the enemy outside, when suddenly he was shocked to see that there was an even more intense exchange of fire coming from outside at the moment. It was accompanied by the sound of earth-shattering explosions and the screams of the Black Scorpion men.

The next moment, in the eyes of the commander and the few remaining fighters around him, they were horrified to see that countless numbers of Lin's combat sequences were rushing forward and backward, while the mercenaries and assassins of the Black Scorpion Organisation on the opposite side, under the onslaught of these people, instantly fell apart and were directly crushed, and they could not stop Lin's men at all.

‘Brother, this this? The clan’s people came over to save us?’ A warrior, who was about to reach his limit, asked incredulously.

The battle group commander looked at the growing number of figures outside and was soon to form an annihilation of these Black Scorpion members on the battlefield. Suddenly it dawned on him and he hurriedly said, ‘The family lord has returned, it’s the family lord who has returned’ He then shouted to the outside, ‘I am the 97th battle group of Lin’s combat sequence, dare I ask the brothers outside, is my Lin’s family Family Head has returned?’

As soon as he spoke, a Lin Clan Combat Sequence that passed by them stopped, looked at him, clasped his fist and said, ‘Well not bad, the Family Head returned half an hour ago and gave us the order to completely exterminate the Black Scorpion today. Those elders of the Black Scorpion Organisation, the family head will personally take action! Brothers, you are too badly injured, hurry up and go rest, just leave the rest to us, today we, the Lin Clan, will win!’

After this warrior finished speaking, he charged forward once again. And the commander of the rescued 97th Battle Group, full of excitement, shouted to the few remaining brothers, ‘Brothers, the family head has returned, do you still have the strength to fight again?’

‘Roar! Kill’ Those few warriors were equally excited, and then they didn’t choose to rest, but directly followed the large group and charged ahead

If one were to look down from high up in the sky at this moment, one would be able to see that in this large area of Western Europe, countless Lin’s combat teams were coming from all directions towards the Black Scorpion Organization’s main camp. They were on the move, destroying one stronghold after another as fast as they could. They were speeding towards the Black Scorpion Organisation’s main camp. And it was the main battle group led by Lin Haoyi that

was even faster. They directly burst all the way in front of the Black Scorpion Organization's main camp

‘Poof.....’ a light sound came out, outside the last stronghold in front of the Black Scorpion Organization's main camp, Night One cut off the head of one of the Black Scorpion Organization's army chiefs with a single slash. At the same time, it was also announced that this stronghold of the Black Scorpion Group was destroyed.

The next moment, Night One withdrew his sword and stood up, walking behind Lin Hao and said, ‘Brother, up ahead is the Black Scorpion's new lair, there are two Ascended Masters there.’

Lin Hao nodded and said, ‘Hmm, but just leave those two to me later, your state is still a bit unstable, I'll step in and stabilise you some after the big battle. Just watch later, those two clerics are not a big deal in front of me

‘Yes!’ Night One did not object, just now when he had killed that army chief of the Black Scorpion, he felt his heart beating violently, a stream of hot blood surging upwards in a somewhat almost manic manner.

Inside the Black Scorpion Organization's main camp, Black Scorpion's face was particularly unpleasant, he could never have imagined that he had just threatened Lin Qingcheng today, and that Lin Qingcheng dared to duel with him.

‘How dare she, Lin Qingcheng! How dare she! Crazy, that woman is really crazy, crazy, a direct duel!!!’ Inside the conference room, Black Scorpion kept walking around with a frown, giving one strategic contraction order after another, because he had just received news that his

opponent was having a force that was heading straight for his base camp to kill him. He could not help but be cautious.

Only just after he had given the order, one of his men ran in in a panic: ‘Army Chief no good, no good, a hundred man battle group of Lin’s has killed at the gate, the brothers below have already exchanged fire with them’

Buzz Black Scorpion had that momentary blank, he didn’t expect the other party to move so fast. After he reacted, he also had a scowl on his face and said in a fierce voice, ‘Good, really fucking think that I am a soft persimmon, right? If you guys dare to come, then I’ll exterminate you’

Then the black scorpion worshipped an old white haired man in the conference room: ? 侍依遮愛意侍洱地? ‘Please also ask the elder to go out with me to meet the battle’

A hint of disdain flashed in that white old man’s eyes casually said, ‘Good’

Then Black Scorpion, as well as that white patriarch old man, led a group of men out of the gate in a vast manner, ready to exterminate that combat sequence of Lin’s. Only when Black Scorpion just saw the man in the middle of that group across the street, his whole body was not good

Lin Hao sneered as he looked at Black Scorpion and said, ‘Black Scorpion, it’s been a long time’

Super Son-in-law Chapter 837-838

Chapter 837

Black Scorpion was dumbfounded on the spot, how could he have expected that Lin Hao had actually returned, and now he could not feel Lin Hao's aura at all. But in his heart, he was still afraid of Lin Hao, because the last time he encountered Lin Hao, Lin Hao almost killed him with a single slash. And now since Lin Hao dared to kill him directly? He had the confidence. He was obviously confident.

Black Scorpion swallowed hard, and when he faced Lin Hao now, his legs shivered a little. After a long while still looked at Lin Hao incredulously and said, 'Lin Lin Hao, I would say this is actually a misunderstanding, do you believe me?'

Lin Hao sneered without saying anything, just looking at him like a dead man. Last time Lin Hao also felt that this black scorpion was a character, so he did not kill him, but ultimately his heart was too soft, so much so that when something happened to him all this time, this black scorpion actually made a move against Lin Qingcheng, and Lin lost dozens of brothers for nothing. It is really true that if it is not my race, their hearts will be different.

The conversation between Black Scorpion and Lin Hao made the white-haired old man who was following Black Scorpion at the moment very unhappy. He stepped forward and pointed at Lin Hao with a high and proud voice, 'Heh, you're that Lin Hao, aren't you? I heard that your Lin family was all wiped out, so what, you still dare to come to us? Kid, you don't even look at it, our Black Scorpion Organization currently has two Innate Sect Masters you'

Poof Before that Black Scorpion Organization elder could finish his sentence, Lin Hao's figure instantly appeared in front of him. With a direct slash, he split him in half. Lin Hao's speed was simply too fast, so fast that neither the Black Scorpion nor that Elder of the Ascended Sovereign had reacted, and before they could react, they had already been killed by Lin Hao.

Buzz In the next moment, the air in the entire world was completely silent, everyone, whether it was the people of the Black Scorpion Organization or the people of the Lin Clan, all froze in this moment, everyone was deeply shocked. A supreme expert as strong as Black Scorpion was chopped up like rubbish in front of Lin Hao. A single Innate Master could easily kill dozens of top assassins, but now he was chopped in half by Lin Hao, right in front of the crowd.

At this moment, no one present dared to speak, the atmosphere was quiet to the extreme, the only sound was the sound of blood dripping down from Lin Hao's blade, drop by drop. At this moment, Night One, who was standing behind Lin Hao, finally believed Lin Hao's words. With Lin Hao's battle power of killing an Innate Master with a single slash, the current Black Scorpion Organization was really not enough in front of Lin Hao.

Lin Hao was not too surprised, was the old man he had killed in front of him an Innate Sovereign? The answer was yes. But he was also no match for himself three months ago. And to know that with the big realm gap in battle power, the self three months ago, who had used all his strength to strike out at Cang, had been seriously injured by a single blow. So now this hidden elder of the Black Scorpion Organisation, in front of himself, was completely unconcerned about looking. Lin Hao's only regret was that if he wanted to kill an Innate Patriarch now, with a clean blow, it would still require the use of a weapon, unlike Cang, who could be severely wounded with a single finger

But regret is regret, Lin Hao also did not care too much, after all, the current Cang, is also far from the peak state. Afterwards, Lin Hao retracted his thoughts and looked up at Black Scorpion, 'This is your Black Scorpion organization's hidden card and heritage, right? My sister told me that this is one of your Black Scorpion's elders, right? So tell me now, are there any more elders like this in your Black Scorpion, and if there are many, come out together

Black Scorpion's mouth opened wide and his whole body was stunned. Now he no longer had the arrogance he had when he was bullying Lin Qingcheng before. The fear in his heart was now growing, as if he had returned to the death-like fear he had felt three months ago when he first faced Lin Hao.

Chapter 838

Black Scorpion was drenched in sweat, knowing that the elder of that Black Scorpion just now had the same battle power as he did ah. Since Lin Hao was able to kill him with a single slash with ease, then the same Lin Hao would be able to easily let him die as well.

Black Scorpion swallowed hard and knelt down in front of Lin Hao with a thud. Yes, Black Scorpion knelt directly in front of Lin Hao, at this moment what dignity, what power, what status and what not, all were no longer important. Under the fear of death, he just wanted to live, just wanted to live.

In the next moment, Black Scorpion, who was kneeling in front of Lin Hao, kowtowed to Lin Hao with a particularly loud voice, and his head was bleeding: ‘Lin Hao, spare me, don’t kill me, I surrender, I bring the Black Scorpion organization to surrender to you, unconditionally, as long as you don’t kill me, you can do whatever you want, it’s fine to scrap me, scrap my martial dao, just please don’t kill me, don’t kill me’

After Black Scorpion finished, he shouted to the surrounded mercenaries behind him, ‘All kneel down, all kneel down, surrender, we surrender’

As Black Scorpion knelt down and begged for mercy, along with the men of Black Scorpion’s group all knelt down and surrendered as well. All of Lin’s members looked towards Lin Hao, waiting for Lin Hao’s decision. Even those who had been injured by the Black Scorpion Organisation over the past three months and had brothers who had been killed, did not speak up at this moment. Lin Hao was their family head, the one they had followed and served all their lives. So no matter what decision Lin Hao made, all of them followed. So at this moment, no one opened their mouths to speak.

No one could have imagined that the Black Scorpion Organisation, which had previously been arrogant to the point of being unbeatable and was still clamouring for a duel with Lin Qingcheng, actually didn't even have the courage to fight against Lin Hao after his return. The leader of the Black Scorpion Organisation, Black Scorpion, the absolute king of the underground forces in Western Europe, all knelt down to Lin Hao and begged for mercy.

At this moment, everyone was waiting for Lin Hao's decision. Lin Hao took a deep breath, then looked at Black Scorpion and slowly said, 'Do you know? Once in Tianhai City in China, Lin Jiuyin sent his son to kill five of my brothers, and then do you know what I did? I killed dozens and hundreds of them. That was still my people of China, still my people of the Lin clan. And you outsiders killed dozens of my brothers, do you think I will still let you go? Black Scorpion

Bang Bang Bang

Black Scorpion was so scared that tears came out of his eyes, he also felt the killing intent from Lin Hao. But he still held on to the last shred of hope and prayed to Lin Hao, 'Lin Hao, abolish me, leave me alive, anything that you Chinese are not good at doing in Western Europe, you can leave it to me, I guarantee that the future Black Scorpion organization is a dog of your Lin family, I promise!'

Lin Hao looked down at Black Scorpion and said, 'Answer my question, does your Black Scorpion organization still have any elders who are Innate Patriarchs, if so, let them come on together, otherwise you will be on your own

Black Scorpion, who was still kowtowing to Lin Hao, stopped moving when he heard these words from Lin Hao, no longer kowtowing to Lin Hao, and a hint of sinisteress was added deep in his eyes. The next moment he fiercely drew a dagger and stabbed at Lin Hao's stomach.

Poof..... just as fast as he was, he couldn't match Lin Hao's speed. Before the dagger in his hand could stab Lin Hao, Lin Hao had already slapped his head with a palm. In the next

moment, the Black Scorpion's head was shattered like a watermelon by Lin Hao's slap, and Lin Hao looked at the Black Scorpion's corpse and muttered, 'It seems that there is no more ah

'Hehe, how insubstantial

Night One sneered when he saw Black Scorpion finally being killed. This Black Scorpion was afraid that he was not a fool, the most powerful heavenly pride in the history of the Lin Clan was still alive, and he actually dared to lay his hands on Lin Qingcheng, he was really looking for death. Still think Lin Hao will still let him go? Oh, what an overthink

After killing so many people in the Lin family, Lin Hao would not let them go at all. There are some things in this world that have been done are done, and not a single apology can make up for it.

'Big brother, what about the rest of these people?' Jiang Shaoming pointed at those who had cast? Love Covering Yizhang Yizhang Yizhang Ai? surrendered members of the Black Scorpion Organisation and asked Lin Hao.

'Kill them all, these people are either mercenaries or assassins, their hands are covered in blood, there are no good people. Our Lin's don't need such dogs either

Lin Hao said indifferently.

Soon, as Jiang Shaoming gave an order, the Lin's combat sequence on all sides went towards the remaining members of the Black Scorpion organization to exterminate them. No matter how much those people resisted, they could not avoid being exterminated

The Black Scorpion organization was exterminated today, this is already a foregone conclusion. And even if there are still some left, with Lin Qingcheng's methods, the remaining ones won't be able to make any waves

'Big brother, what do we do next? When are we going back to China?' Night One asked Lin Hao.

'Just today, it's been three months ah, and I won't keep Cang waiting for too long

Lin Hao had more than a hint of killing intent in his eyes.

Super Son-in-law Chapter 839-840

Chapter 839

'Leaving today? Good, then I'll arrange a flight, shall we go straight back to Yanjing, or back to China?' Night One continued to speak and asked. He was also very excited in his heart, after more than three months, he was finally going back. His master, Dao Yi, had also fallen in that battle, and he also wanted to return to China sooner to offer incense to Dao Yi. In Dao Yi's faction, there were originally more than ten people, and now he was the only one left.

Faced with Night One's question, Lin Hao shook his head and said, 'There's no hurry, there's someone else I want to see before I go back

Lin Hao did not give Night One too much explanation, but looked at Jiang Shaoming who was standing on the side: 'Shaoming, this time when we go back to China, it's better for Night One to follow me back, you stay here and help my sister, the Black Scorpion organization has just been destroyed, there are still a lot of things to do. Our Lin's is, after all, an outsider compared to this land. There will be a lot of trouble, you stay

Jiang Shaoming thought for a moment and shook his head, 'Big brother, I'd better go back with you, let Tianji come over

'Oh? Why?' Lin Hao asked Jiang Shaoming with some confusion.

Jiang Shaoming said after a long moment of silence, 'Big brother, Missy likes Tianji, and Tianji likes Missy too. It's just that the two of them have been holding it in their hearts before due to their status. In fact, Tianji came over here this morning and went back after a hasty meeting with Missy. I can see that he should be eager to stay, but after Lin's great calamity, those first-class families in Tianhai City are also a bit restless

'Are those first-class families in Tianhai City getting restless too? Heh, do you really think that the knife in my hand is not sharp?' When Lin Hao heard Jiang Shaoming say this, killing intent once again surged in his heart. It wasn't that he hadn't thought that when the news of Lin's great calamity came out, there would be some forces that couldn't help but strike at Lin's properties. Like this Black Scorpion in Western Europe, for example. But he had not expected that the group of people in Tianhai City, China, would have the guts to do the same. There really are so many people in this world who can go to extreme lengths for profit ah

Of course, since they dared to reach out, they had to be prepared to face the wrath of Lin Hao upon his return. Only Lin Hao, who was thinking, suddenly froze as if he remembered something, then looked up at Jiang Shaoming and asked, 'Wait, what did you just say? You said that my sister and Tianji have a crush on each other?'

Jiang Shaoming nodded: 'Well, just? You're hiding it too deep. It's hidden too deeply, I only just found out today that Tianji likes Missy, and Missy also likes Tianji

After hearing Jiang Shaoming's affirmative answer, Lin Hao's heart, suddenly, felt very bad. He thought about it a little and figured it out. Mo Yuntian Mo Lao had worked for Lin all his life, but he wasn't a member of Lin's family after all. And more often than not, Elder Mo still thought of himself as a servant of the Lin Clan. Therefore, he would never allow Mo Tianji to have any thoughts about Lin Qingcheng. However, it was not possible to suppress feelings. In the end, Mo Tianji and Lin Qingcheng fell in love with each other.

The crux of the matter was not with Lin Qingcheng, but with Mo Tianji. The reason for this is that he is his brother and he is his boss, so I guess because of his presence, Mo Tianji wouldn't dare to say yes to Lin Qingcheng. Portal view ah, hey Lin Hao in his heart deeply sighed and said: 'hmm ok, I know, don't worry, what age is it, and I am now the Lin family head, everything is fine if I say so, in the future we each discuss our own, it's just a little awkward at first, it doesn't matter. Then let's do as you say, today you go back with me, then let Tianji come over and help my sister

Just this matter made Lin Hao's heart also can't help but chuckle, inwardly murmured: 'Tianji ah, is this that paragraph, I treat you as a brother, but you pick up my sister? Oh, like a person right ah, cherish it, you and my sister, don't be like me and Xiyan, must cherish it and be together

Chapter 840

An hour later, Lin Hao personally drove his car and took Jiang Shaoming and Night One to the square of a small city in Western Europe. It was only eleven o'clock in the morning and the weather today was particularly good, the sun was shining and it was now May and the weather was very warm. The square in this small Western European city was full of laughter, teams of couples were walking past here and there, and there were some people blowing colourful bubbles here and there.

At this moment, in the middle of the square, there was a slim beautiful woman wearing a long red dress and red high heels, with her back to Lin Hao and others, playing happily with a

group of white children, the woman was holding bubbles in her hand, as she ran those bubbles would blow out a lot, and then those children chased those bubbles and ran around, this beautiful picture caused pedestrians to stop and watch.

When Lin Hao got off the bus, Night One frowned and asked Lin Hao, 'Big brother, what did you bring me here for?' Night One's voice was low and distinctive.

And just after Night One spoke, before Lin Hao could respond, suddenly the red-skirted woman who was teasing the child in the middle of the square suddenly froze in her body. The bubble machine in her hand also fell straight to the ground. Her delicate body trembled continuously. The next moment she turned around violently and looked over in the direction of Night One. And the moment she turned around, she was already in tears. She was the Gu Yue who had been waiting in Western Europe for the return of Night One, even the Gu Yue who had become somewhat neurotic. Three months ago after she learned of Lin's destruction, she desperately tried to find Night One, only she couldn't, and at that time Lin Qingcheng was anxious to replace Night One's heart, so she hadn't been informed of Night One's death.

It was only when Gu Yue saw from the internet that in Yanjing, China, the entire Lin ancestral home had been razed to the ground, and she could not contact Lin Hao or Shen Xiyan, that she knew something was wrong. Her father, Gu Shengnan, had even vaguely informed her about the great battle that had taken place in Yanjing. It was hinted to her that Night One might not come back. But she didn't believe it, she never did. Because she remembered that Night One had told her that he would come back for her, that he would come looking for her over here in Western Europe. So she waited, she waited, she waited, she waited, she waited, she waited for more than three months, she waited for more than a hundred days and nights

Every time she dreamed at midnight, she looked out at the empty streets and imagined that night would come out of the darkness and come to her. But every time even though she stayed up until dawn the next day, Night One still didn't come

The moment Gu Yue saw Night One, Night One also saw Gu Yue. There was a time when he also thought that he would never see Gu Yue again. Even in that last moment when he went to meet Lin Hao, his heart was still full of regret for Gu Yue. He had no feelings, but because of Gu Yue he had

The first thing you need to do is to get a good idea of what you're doing. The steakwood closed service er land dyed? And now that Gu Yue has finally reunited with Night One, what about his Xiyang?

'Brother, you once entrusted me to say something to Gu Yue, sorry I can't, come on your own. Cherish her well, cherish her well

Lin Hao looked at Gu Yue who was dashing this way, and after speaking to Night One, he took Jiang Shaoming back to his car, not to disturb Night One's reunion with Gu Yue anymore.

'I'm sorry

Night One stood up straight, his eyes red, but he was a man who had always had a dumb mouth and simply couldn't be bothered to coax a girl or anything. Even at this moment, he could only say this sorry to Gu Yue

The next moment, Gu Yue, wearing a long red dress, directly jumped into Night One's arms, her two white lotus root arms hugging him tightly, using the greatest strength in her life to hug him

The next thing he might have to do is to do something wrong to Gu Yue
