

Super Son-in-law Chapter 851-860

Chapter 851

Two hours later, at eleven o'clock at night, wearing a black trench coat, Lin Hao arrived alone at the door of the villa where he and Shen Xiyan had lived at first, standing at the entrance of the villa, looking at the dark room in front of him, he dared not take another step forward for a long time. And with a gust of night wind blowing, Lin Hao instantly wept.

In the haze of tears, he seemed to see the figure inside the villa, waiting for him to come home, the woman wearing a long white dress, combing her long hair, quietly waiting for him to come home, his wife, Shen Xiyan.

'Husband, you're back miss you oh, did you miss me' vaguely Lin Hao's ears seem to hear, Shen Xiyan's voice, the night, hazy? The night, the haze, the er Yi cover service closed? The hazy vision, the villa in front of Lin Hao, seems to be lit up, Shen Xiyan's figure seems to run out from inside. It ran towards him happily.

Soon another scene surfaced before Lin Hao's eyes. It was the night he went to rescue Lin Yan, after returning from Western Europe, the night he returned to Tianhai, the sky was still cold and chilly, Tianhai City was in the depths of winter, he didn't tell him the exact time he arrived home in order not to let Shen Xiyan worry. But just like that, when he walked to the door of his home, he still saw Shen Xiyan standing outside the gate waiting for him. That night, Shen Xiyan's hands were all frozen red, and Lin Hao was shivering when he saw her.

Although she was cold, she still waited for him for over an hour against the cold wind.

Chapter 852

..... Under the night, inside the empty villa complex, Lin Hao hissed like a beast, pulling his voice and hissing until his blood surged and a large mouthful of blood spurted out violently from his mouth

This was the pain that he had suppressed in his heart, the pain that he had never shown in front of outsiders, and which he finally couldn't suppress this night and spurted out.

With a loud bang, after Lin Hao spurted out this mouthful of blood, he could no longer hold it up and directly fell to his knees on the ground. His body shook uncontrollably. Lin Hao bent down and lowered his head, covering his chest in pain, and his mouth kept letting out a beastly low roar, forcing himself not to let out any more sound. Only this low hiss was more painful than just yelling out loud

Ten minutes passed, half an hour passed, an hour passed

Lin Hao threw himself on his knees and sat at the door of the villa, Shen Xiyao naturally did not come out, the villa in front of him was still dark.

Lin Hao is no longer venting, he braced himself and slowly walked in pushing open the door of the villa, like a dying old man, slowly walked in, the whole body as if there was no longer a trace of energy, incomparable decadence.

Shortly after Lin Hao pushed the door in, dozens of Lin's combat sequences, dressed in black combat uniforms at the top, appeared not far from Lin Hao's villa, all of them had just heard Lin Hao's hissing, and also saw from afar Lin Hao's painful appearance.

‘Captain, the family head he’ said one of the combat sequences, unbearably, to the captain in front of him.

The captain shook his head, ‘Let’s go, leave big brother alone, we can’t help with sister-in-law’s business! I hate it, if I could break through to Innate Heaven, I’d say anything to follow the family head and kill Yanjing, I’ll cut that Cang alive!!!’

‘Go, go back and train to death! Don’t let us be so helpless when things go wrong again! Go!’ The captain shouted in a low voice, and then took the lead and turned towards the distant black? The captain then took the lead and turned towards the distant black? The darkness ran wildly past.

The presence of these combat sequences outside the villa was not even noticed by Lin Hao, as his entire mind was settled in deep memories, in memories of when he was with Shen Xiyan.

Every single thing in the villa was still in its place, what it was when Lin Hao and Shen Xiyan left. When Lin Hao and Shen Xiyan left, it was still the same now, almost unchanged. There were still Shen Xiyan’s black thigh-high boots and cute black cartoon slippers at the door, and Shen Xiyan’s black trench coat was still hanging on the clothes rack in the living room.

Everything was still the same, as if Shen Xiyan was still living here and hadn’t left

Lin Hao walked around downstairs, walking slowly, his hands sliding over the stairs, over the walls, over the handrails, and he went back upstairs, to the room where he and Shen Xiyan had lived

In the end he did not choose to spend the night in the bedroom, but came into the living room and slept

The moonlight outside the window shone through the window and onto the sofa inside the living room, and also onto Lin Hao's body. Lin Hao lay on the sofa and stretched out his hand to the empty front, his eyes moist

Chapter 853

When the first rays of the early morning sun hit Lin Hao, he opened his eyes and got up and walked towards the door. When he reached the door, Lin Hao took one last silent look inside the room and after a moment of silence, he gently closed the door. After he came back last night, he didn't move anything in the room and kept it as it was. He would not move anything in the room, only to wait for Shen Xiyao to return.

After Lin Hao went out, he found that Night One, Jiang Shaoming was already waiting outside.

'Big brother

The two of them shouted at Lin Hao in unison after seeing him come out. Lin Hao nodded and looked at Jiang Shaoming and said, 'Shaoming, Tianji has been sent to Western Europe by me, everything on this side of Tianhai is in your hands, if we fail this time in the north, then don't covet anything, give up everything at the first opportunity and rush to Western Europe to find my sister

Jiang Shaoming eyes complex, nodded heavily: 'Big brother, will not fail, I, as well as a group of brothers in Tianhai City, waiting for your safe return in Tianhai!'

Lin Hao nodded without saying anything else and said to Night One, ‘Let’s go

‘Well

Night One also nodded: ‘Big brother, our Lin’s ten combat sequences with the strongest battle power ranking today, the first to tenth combat sequences, had already rushed to Yanjing first late last night, and they all themselves battle power They all have the strength of a half-step Xiantian and are carrying the most advanced equipment, and will meet us at the airport! In addition, the Jun Wu Ren family head, also already knows the news that you are going north today, they will also be waiting for us at the airport

Lin Hao nodded, then he followed Night One into the car and sped off towards the airport in Tianhai City. Time couldn’t be delayed for too long, the sooner the better.

‘Good luck with your flag!’ Jiang Shaoming shouted at Lin Hao and Night One’s distant car, bending down and paying deep obeisance for a long time, this was a gamble of fate, this was Lin Hao’s duel with Cang’s fate, this was also a duel of fate for countless people in the Lin’s

The two of them did not have to drag their feet, and after they got on the plane, it immediately took off and went straight to Yanjing at the fastest speed. The plane’s speed was so fast that it normally took two hours for an ordinary passenger flight, but it only took them about forty minutes to arrive at one of Lin’s airports in Yanjing.

Buzz

At half past six in the morning, Lin Hao and Night One’s plane stopped at the airport in Yanjing. This was also one of Lin’s private airports, which had been completely cordoned off overnight yesterday because Lin Hao was coming today, with a ten-mile radius under the highest level of martial law.

On the airport ten of Lin's top combat sequences with strong and heavily armed auras stood against the wind. On the other side Jun Wu Ren, with ten of his most powerful men, including White Tiger and Green Dragon, also waited in silence. This morning, what no one knew, Yanjing at the moment, even China at the moment the most? The most powerful forces in Yanjing, and even in China at the moment? powerful forces had quietly converged here.

'Big brother, the Lin family master has arrived' Bai Hu, whose body emanated the aura of an innate patriarch, looked at the plane landing in the distance and whispered beside Jun Wu Ren.

'Well, I've been waiting for this day for a long time, and with Lin Hao's return, I have more confidence in this duel! Go, come with me to greet Lin Hao!' Jun Wu Ren fiercely clenched his fist.

This duel of life and death with Cang was no longer a matter for Lin Hao alone, his Jun family also had a deep blood feud with Cang. And not to mention the fact that three months ago, he was once again saved by the people of the Lin Clan, and the magnificence of those forefathers who had sacrificed their lives to die. It had deeply conquered Jun Wuhuai's unruly nature! So no matter what this time he, like Lin Hao, had to kill Cang! There was no other choice.

The hatch of the plane opened and Lin Hao and Night One walked in from inside. After exiting the door Lin Hao took a deep breath, Yanjing! After more than three months, more than a hundred days, he, Lin Hao, was back once again!

Super Son-in-law Chapter 854-856

Chapter 854

His grandmother and father were buried in the fire, his best brother almost didn't survive to save him, and his best friend, who was the love of his life, was now missing. How can we not take revenge? How can I not take revenge?

Three months ago, when he returned to Yanjing from Tianhai, he was accompanied by Shen Xiyao. But now there was none, and the whole world seemed to be left to him alone. Today he came back, with a stronger stance, with the determination to kill Cang

The moment Lin Hao went out, the ten of the Lin's top combat sequence that greeted him in front of the plane all bowed down and paid their respects. Jun Wuhuo, whose robes were hunting and flying, also stepped forward, 'Welcome back

Lin Hao nodded at Jun Wu Regret and gave Jun Wu Regret a deep look, 'Thank you

Jun Wu Rui shook his head slightly and didn't answer Lin Hao's words, instead he asked Lin Hao, 'How is your battle power now?'

'A bit stronger than you

 Lin Hao felt the aura on Jun Wu Regret's body and thought for a moment and said to Jun Wu Regret. Admittedly the current Jun Wu Regret had reached the peak state of an Innate Patriarch, but his battle power was still no match for Lin Hao's, as the only one in the world today was the Extreme Dao that Lin Hao was following.

Jun Wu Ren was silent at his words, and the corners of his mouth twitched viciously twice. But he didn't think much about it, he had thought that he had now broken through to the peak of the Ascended Patriarch and was just one final step away from that level of Cang. But he still couldn't help but be deeply shocked in his heart after feeling the aura on Lin Hao's body, because in his senses, Lin Hao was still stronger than him.

In the next moment, Jun Wu Ren couldn't help but glance at Lin Hao in confusion and asked, 'Have you broken through to that level?'

Lin Hao shook his head, 'No, right now it's still the late stage of the Innate Patriarch, but the battle power can reach that level

Jun Wu Regret said somewhat speechlessly, 'Cut, under life and death combat, you may not be stronger than me, a peak Innate, and it's not like I don't have the means to break through to that level of combat power in a short time

Although Jun Wu Regret had already determined in his heart that the current Lin Hao was stronger than him, but his mouth was still unforgiving. In fact, he didn't have the means to break through to that level of battle power at all. Because that was a big realm crossing, it wasn't that easy. Even if he burned all his own reserves, it wouldn't be enough

As the same family head of a great clan with an inheritance of nearly a thousand years, Lin Hao naturally knew that Jun Wu Regret was saying this purely to save face. He also did not care in his heart, after the Lin clan suffered a great calamity, Jun Wu Regret helped the Lin clan too much. Moreover, it had to be said that Jun Wu Regret was truly one of China's contemporary heavenly talents among billions! In just three months' time, he had broken through two levels in a row from the middle Xiantian stage to the peak of Xiantian Patriarch! Very strong, if Lin Hao hadn't taken the path of the Extreme Dao, he might not have been able to surpass Jun Wu Ren

So in a sense, someone like Jun Wu Regret, who walked the regular path, was the strongest heavenly pride in the world. The only thing is that he met Lin Hao, if he were to be placed in front of him, he would be an unbeatable existence in the world.

But this duel of life and death with Cang would ultimately be a duel at that level above the Ascended Masters. Even though Jun Wu Ren had now reached the peak of the Ascended Sovereign, he was much stronger than Lin Yan before. But there was still a great danger. Lin Hao was deeply ?

Xifu Xi grasping the servant's cover? Glanced at Jun Wu Regret: 'The final duel is up to me, if I fail, you retreat and leave a hope for China

Jun Wu Ren heard disdainfully waved his hand and said, 'Take care of yourself, maybe I'll be the one who kills Cang in the end

Lin Hao smiled, he and Jun Wu Regret were like this every time they met, both of them disliked each other, but the end result was that they both came together, the two of them strangely formed sympathy and supported each other, instead of becoming hostile as the outside world said

After Jun Wu Regret laughed, his face became solemn. Looking at Lin Hao in a complicated manner, he asked, 'What are the specific arrangements?'

Chapter 855

'To the Lin's ancestral home!' Lin Hao said in a decisive manner.

Jun Wu Regret's face was grave as he nodded, 'Good

Lin Hao and Jun Wu Regret's group then got into the car and headed straight to the Lin's Ancestral Residence at the fastest speed possible, along the way Jun Wu Regret's face was becoming more and more grave, so was Lin Hao, even the murderous aura on Lin Hao's body was no longer concealed, the monstrous murderous aura on his body, along with the endless hostility, as the caravan got closer and closer to the Lin's Ancestral Residence, the icy coldness on his body became thicker and thicker.

Five minutes later, Lin Hao's Jun Wu Ren's motorcade arrived at the Lin ancestral home. When Lin Hao got out of the car, he saw that in the place where the original Lin's ancestral mansion was, there was already a huge pit! The surrounding area was a mess, and in that pit, the dirt at the very bottom, where the colour was black and red, was stained red by the blood of the Lin Clan's people.

Jun Wu Ren stepped forward and stood beside Lin Hao, his eyes filled with endless hostility as he stood at the edge of the huge pit and said to Lin Hao: 'In that battle, all the ancestors of the Lin Clan died in battle, your father Lin Yan even gave his life to fight off Cang's right arm, chopping it to pieces, and in that battle your grandmother, Old Lady Lin, even detonated the bomb buried in the ground without hesitation right after your father's death. A bomb buried in the ground. This is how this huge crater was formed

Jun Wu Regrets paused, even after a gap of more than three months, when he stood at the edge of the huge pit again, he still couldn't help but feel his heart and soul trembling, Jun Wu Regrets' eyes were fiercely red, his teeth bared: 'In that battle, I had wanted to follow the group of ancestors to the end, but at the last moment of the duel, Cang summoned a team, that team was filled with death aura, each of them had the aura of late Xiantian or even peak Xiantian, if those people had joined, we would probably have killed Cang in that battle

'But those people are too strong, and your father and Dao Yi first senior, they seem to have known about the existence of that team for a long time. So they chose to die with those people at the last moment. Under the death-defying explosion, Cang's group was also killed by 90%, and Cang eventually escaped with three people. Cang was very, very badly injured, and as he fled, I felt that his aura had fallen to the level of an Innate Sovereign. His right arm was decapitated and half of his dao body was worn away, it would take him at least a few years to recover to his peak state with that injury, so now is the best time to kill Cang!'

Jun Wu Ren clenched his fists fiercely, and a monstrous murderous spirit rose up in his body, he would kill Cang! Some of those ancestors here three months ago were ones he knew and some he didn't. But when those people faced Cang, none of them had thought of returning alive. And Dao Yi had even gathered the last of those ancestors' strength to send him out. If it wasn't for those ancestors of Dao Yi who gave up their lives to save him, he, Jun Wu Ren, would have died in that earth-shattering battle.

Buzzing Lin Hao listened to Jun Wu Regret's story, and his mind almost instantly outlined the great battle that day after he had left. It was so sad and magnificent that a line of bloody tears instantly slipped down Lin Hao's face.

'Cang must die! Love steak the ground Lu dyed Xi zero zero?' Lin Hao muttered as he looked at the scene before him, which was so tragic that it was extremely tragic.

Chapter 856

Jun Wu Regret's fists were clenched so tightly that a sound of bones rubbing together resounded around him because of the excessive force, but there was a deep sense of helplessness and despair in his eyes as Jun Wu Regret slowly said, 'We must kill Cang, and now is the best opportunity to kill him, a once-in-a-lifetime opportunity. It's just that I've mobilized all the forces under my command and searched for him for three months, but I can't even find a single trace. Hehe can't even find it, how can I talk about killing him? So I've been waiting for you to come back, gather all the forces of our two families and search carefully again, even if we search every corner of the land of China, we'll find him!'

There was a deep resentment in Jun Wu Ren's eyes, he knew full well that now was the best time to kill Cang. Moreover, Lin Hao had now returned, he himself had broken through to the peak of Xiantian, he was now at his full strength, and Lin Hao was even higher than him in terms of real combat power, but there was a front to all this, and that was to find Cang! To find Cang's hiding place! Only he couldn't do it, so he could only be resigned.

Lin Hao took a deep look at the deep pit in front of him, took a deep breath and shook his head, 'No need to wait that long, I didn't think of waiting that long when I came back this time! We can find him today! And kill him

'How is that possible? You have a way?' Jun Wu Ren looked at Lin Hao in shock. Lin Hao, however, didn't speak again, but lifted his feet and walked step by step towards the deep pit in front of him. He soon walked inside the deep pit, sat down in the very centre and then closed his eyes

Yes, after Lin Hao's sudden breakthrough of the extreme dao to the late innate stage, the battle power even broke through the layer of seal above the innate. After the battle power broke through to that level, he had the ability to do so for some sensations in the underworld, some qi capture. This was a unique ability possessed by those above the Innate Heaven. So naturally, Jun Wu Ren couldn't find Cang, but Lin Hao could, otherwise he wouldn't be in such a hurry to come back

'Cang, today is the day of your death, you can't hide from it

Lin Hao said silently in his heart the moment he closed his eyes. The next moment the aura on his body rose monstrously and in the blink of an eye he broke through to above the Ascended Patriarch

Boom

The moment the Qi was released from Lin Hao's body, a circle of ripples that could even be seen with the naked eye spread outwards from Lin Hao's body. Jun Wu Ren, Bai Hu and Night One, who were standing at the edge of the huge pit, could not help but be pushed all the way back by this Qi. White Tiger and Night One were naturally unable to withstand it. But Jun Wu Ren was much stronger in battle, he fiercely gritted his teeth and returned to where he had just stood, a brilliant aura bursting out of his eyes

The aura on Lin Hao's body kept spreading, and slowly he caught the hint of aura that remained in Cang above the remains of this battlefield. It was a chunk of shattered flesh that had been blown to pieces, it was Cang's right arm. There was still Cang's qi left on it, and after Lin Hao locked onto it, he followed this trace? Zero pick er shan pick pick love cover? The pull of the qi, the consciousness in his mind kept zooming in, and soon locked the direction in which Cang fled that day before tracking all the way there

Three minutes later, Lin Hao stifled a grunt, the corner of his mouth spilled a trace of crimson blood, the next moment Lin Hao fiercely opened his eyes, a hint of essence appeared in his eyes, fiercely raised his head to look in the direction of the southwest, muttering, 'Found you

And at almost the same moment, deep in the great mountains to the southwest, in an underground cave three thousand miles away from Yanjing, in the crystal coffin deep in that underground river, Cang, who was originally in retreat, also opened his eyes violently, his eyes filled with a strong shock: 'How is it possible! This aura is above the innate heaven!!!'

The next moment it was as if Cang realised something, a sudden palpitation surged in his heart as he felt that the aura had begun to fly towards him.

'Not good

Cang couldn't help but cry out and immediately tried to escape, but his injuries that would have taken ten years to recover from, only three months or so had passed now, and not much progress had been made in repairing them at all. So at this moment, even though Cang was in a hurry, he still had to stabilise the injuries on his body a little.

In the next moment, Cang exerted himself violently, his body was like a sea, and began to absorb the various black unknown liquids that filled the interior of the crystal coffin at the fastest speed, only it took him a while to absorb those liquids as well

Super Son-in-law Chapter 857-858

Chapter 857

The plane took off with a rumble over Yanjing, flying in the direction of the southwest at an extremely fast speed. On the plane, Lin Hao Jun Wu Ren Du Night One White Tiger, as well as dozens of top-level warriors of half-step Xiantian, none of them spoke, and a monstrous killing machine pervaded each of them

The pilot of the plane also looked extremely grave, and raised the speed of the plane to the fastest, because from Yanjing to the sky where Cang was hiding, the fastest speed would take nearly an hour, and in the process, if Cang escaped again, after Cang was prepared, it would not be so easy for them to find Cang again

Lin Hao closed his eyes, his qi kept locking onto Cang, and Jun Wu Regret did not disturb Lin Hao, time passed slowly, five minutes, ten minutes, fifteen minutes until half an hour later, the plane Lin Hao Jun Wu Regret took, had arrived over a huge rolling mountain range in southwest China.

‘Here we are!’ The pilot gave a sharp shout.

Buzz Lin Hao opened his eyes, and the moment Lin Hao opened his eyes, a figure rose to the ground with a bang above a mountain range below, and without the slightest hesitation, he hurriedly fled into the distance.

The moment Lin Hao and Jun Wu Ren saw Cang, they jumped out of the plane with their parachutes on their backs without any hesitation, while the half-step Xiantian warriors on the plane also began to jump out of the plane as fast as they could.

In just a few minutes, Lin Hao, Jun Wu Ren, Night One, White Tiger and the others had already assembled on the top of the mountain where Cang had just appeared.

Lin Hao crouched down and looked at the footprints left by Cang on the ground as he fled, and his eyes froze, 'Northwest Release, chase!'

Boom boom boom After Lin Hao had determined the direction, Lin Hao, Jun Wu Ren, Night One, White Tiger and the others, flew after Cang in the direction he had fled. Yes, this time, it was Cang who was fleeing and Lin Hao and the others who were chasing!

A dozen miles away from where Lin Hao was, deep in the mountains, Cang's figure was still running away rapidly, this was the biggest crisis he had ever encountered. Thinking about him, Cang, a supreme figure above the Ascendant, a figure of the Zhen Kingdom, when had he ever encountered such a scene of being chased and killed?

But today he encountered it, and the opponent was not one of those long-established opponents. Instead, it was two of the world's most powerful men of the day who were on a great hunt for him.

Cang's face was gloomy to the extreme, gritting his teeth fiercely as he waved one of his left arms and ran away at speed. In three months' time, he had only had time to reattach an arm to his body, but that arm was, after all, foreign and not his own. So it was slow to fuse with his body, and even though he now had a new arm attached, he wanted to fight someone with his right arm, at all? 遮洱零爱染珊遮拂? It would not have been possible

Cang fiercely gritted his teeth and once again flew forward and fled out, before he had already determined in his heart that Lin Hao's battle power had now broken through to the level above the Innate. He had already made sure that Lin Hao had already broken through to the level of an Ascended Master, and that he had a Jun Wu Ren at his side! With his current strength, the odds of winning or losing against Lin Hao and Jun Wu Regret were 50/50 at best. In other words, if he turned around and went back to face Lin Hao and Jun Wu Regret, he would probably die!

Chapter 858

'Shit! Damn it! How can that be! How could that little bastard have broken through so fast, so quickly! It's only been three months, three months!!!' Cang's heart was furious to the extreme, he couldn't for the life of him figure out how Lin Hao was able to break through so fast, but now he didn't have time to think about that much, because behind him Lin Hao and Jun Wu Ren were already getting closer and closer to chasing him

Buzz The next moment three figures with black masks appeared around Cang, Cang waved his big hand, 'Go, kill them!' After Cang gave the order, the three black robed figures dashed in the direction of Lin Hao Jun Wu Ren and the others. There was still no life in them, and a deadly intent permeated their bodies to the extreme. The original three banners of this promotion were also badly broken. Cang hadn't mended them either, and now these three black-robed men could at most only exert the battle power of a peak Mid-Heaven, and they still had no spiritual intelligence, just a fighting machine.

If Cang sent them out now, they would only end up being slaughtered. But at the moment Cang he could no longer care less, in his mind, even if he could just delay for a little while it would be good. As long as he detached himself from Lin Hao to a distance of a hundred miles away, then Lin Hao would not be able to find him again. Cang had also figured out that the reason why Lin Hao was able to track his location this time was probably because of the aura he had left behind during that battle in Yanjing three months ago.

Cang already had a way to deal with it, as long as he let him escape again after this time, Lin Hao would never be able to find him again in his life. Cang continued to run desperately all the way forward, while the three black-robed men under his command, rushed towards the rear to intercept Lin Hao Jun Wu Ren and the others

Boom boom boom Five minutes later, the three black-robed men under Cang's command collided with Lin Hao Jun Wu Regret and the others, and the three black-robed men did not hesitate to intercept Lin Hao and the others

Lin Hao and Jun Wu Regret also had to stop Once these three black-robed people came up, they were desperate to fight, and the three of them were the castaways that Cang had thrown out, so even though the three were repulsed by Lin Hao Jun Wu Regret and the others in a single encounter between the two sides, they didn't flinch in the slightest

'Damn! Don't hold back, finish them off!' Jun Wu Ren grabbed a longsword and with a boom, he rushed fiercely in front of a black-robed man who he had slashed out of the way, raising his longsword and slashing. And so did Lin Hao, who didn't choose to go after Cang by himself.

The three black-robed men who suddenly appeared in front of him all had a deathly intent on their bodies, and each of them had the strength of a mid-to-mid peak Xiantian Sovereign, close to the late peak Xiantian. If he and Jun Wu Ren went after Cang first, then Night One White Tiger and his party would all be killed in battle here, I'm afraid.

'Kill

Lin Hao's eyes gaped as he also drew a longsword in his hand and slashed directly at the head of an oncoming black-robed man. Only as Lin Hao's longsword landed on the black-robed man's head, the black-robed man actually took a step back at the last moment and dodged out of the way. Apparently although this black-robed person had no divine will, their battle sense was super strong and had even formed a muscle memory. It was certain that these black-robed

people had ample combat experience before they were transformed by Cang, and they were also veteran patriarchs with strong combat power

Poof Although that black-robed man eventually, managed to avoid Lin Hao's destructive sword, the mask on his face was still slashed open by Lin Hao, the mask fell down and the black-robed man even had an extra line of blood in the middle, only the blood he shed was not black forehead, but red

And just when Lin Hao wanted to continue to exterminate this black robed man, Lin Hao suddenly froze because the face of this black robed man in front of him was very, very familiar to him

'Grandfather' Lin Hao's heart instantly set off a shocking wave? Wu Ai Er Ai Dye Ai Serve Serve?

Super Son-in-law Chapter 859-860

Chapter 859

The black robed man's eyes wavered for a moment as Lin Hao called out these two words, but his body still chopped at Lin Hao with an uncontrollable sword.

Pfft The long sword slid past and Lin Hao had an additional wound on his chest.

'Lin Hao! He's not your grandfather! Your grandfather is dead! Dead! Dead! Kill him! Quickly, quickly! Cang has already escaped far away' Jun Wu Ren yelled at Lin Hao hurriedly when he saw the situation on his side after his sword had cleaved away the black robed man in front of him.

Poof! The next moment, Jun Wu Regret ran his sword through the head of the black robed man in front of him, looked at the dazed Lin Hao, then looked at Cang who had already run far away, stomped his feet in anger, one man and one sword, and flew towards Cang to chase him down.

The black-robed man in front of Lin Hao, who was his own grandfather Lin Zhantian, who had disappeared when he was very young, once again stabbed at Lin Hao with his longsword in hand.

Poof Lin Hao directly held the blade of Lin Zhantian's longsword with one hand, and the slit in his fingers, ? The first time I saw him, I was able to see him. There are drops of blood, constantly dripping downwards. Lin Zhantian's longsword could no longer move the slightest bit. Lin Zhantian's mouth let out a beast-like hiss, but there was a little more volatility in his eyes

'Big brother, ki ll him, ki ll him!' With blood flowing from the corner of his mouth, Night One couldn't help but yell at Lin Hao as he and White Tiger, along with over twenty top-tier warriors behind them, surrounded and kil led the last black-robed man.

Tears came to Lin Hao's eyes as reason told him to hurry up and ki ll the Lin Zhantian in front of him. Or perhaps the real Lin Zhantian had already died long ago, and the black-robed one in front of him, who was emitting death all over his body, was just a walking corpse that had been transformed by Cang. But no matter what, the person in front of him was still his own grandfather. Lin Hao's heart was incomparably painful, he could never have imagined that one day he would have to ki ll his grandfather with his own hands. Kil ling one of his only two relatives in this world

Faced with the hissing reminders of Jun Wu Ren and Night One, the tears in Lin Hao's eyes grew even more and the pain in his heart deepened. He gripped the long sword in Lin Zhantian's hand with a deadly grip and said to Lin Zhantian, 'Grandpa, dad is dead, grandma is dead, both killed by Cang, both dead, they're all dead ah

As Lin Hao said, tears continued to flow down his eyes

The fluctuation in Lin Zhantian's eyes was even more, and even his body began to tremble, violently, he opened his mouth, but what came out of his mouth was not a human voice at all, it was just a beast-like hiss. And in the next moment, Lin Zhantian's eyes were surprisingly moist as well.

At this moment it was as if he was forcing himself not to cause any more harm to Lin Hao, but his body could not do so, and his eyes were clear one moment and fierce the next, and his body was even more uncontrollably about to strike at Lin Hao. At this moment Lin Hao grabbed his long sword, but then he began to punch and kick at Lin Hao, blasting him with blow after blow

Chapter 860

'Ki ll

'Ki ll

'Ki ll the...? West closed zero whisking intention to serve serve Lu? ...'

‘Kill me

The pain in Lin Hao’s heart was indescribable at this moment, Lin Zhantian had regained a trace of clarity, and even at this moment Lin Hao could see the glimmer of pain in Lin Zhantian’s eyes, deep pain, along with apology.

‘Kill

‘Hostile

‘Brother! Kill him!!!’ Night One shouted in tears at Lin Hao in pain.

‘Ah

After Lin Zhantian's head fell to the ground, the fierce look in his eyes slowly receded in its entirety, gradually regaining complete clarity as muddy tears flowed from his eyes, his tears no longer black and turning the colour of a normal human

Lin Zhantian's mouth opened, but with his head all decapitated he was unable to say a single word. He just looked at Lin Hao silently, his eyes were filled with endless remorse, but then he looked at Lin Hao with eyes filled with relief, and satisfaction
