

# Super Son-in-law Chapter 871-880

## Chapter 871

Late at night, Yanjing, Jun Wuhui's home, the perimeter guarded beyond measure, in a spacious and very quiet room, Shen Xiyan lay motionless on her bed, an infusion tube inserted into the back of her hand, delivering glucose to Shen Xiyan's body. Lin Hao sat silently by her bedside guarding her.

After Shen Xiyan was brought back by Lin Hao, Jun Wu Regrets immediately arranged for the best doctors in China to come to the Jun residence to examine Shen Xiyan, doing a comprehensive examination. However, after looking at Shen Xiyan's condition, all the doctors came up with the same result, that there was nothing they could do.

The trauma to Shen Xiyan's heart was incurable, and with modern medicine, more than half of her heart's functions had been permanently damaged. But the heart problem alone was not so bad as to be life-threatening. Of course, when Shen Xiyan wakes up in the future, it will be very inconvenient and she will not be able to do many strenuous things.

The heart problem is not too big, but the most difficult part is the concussion trauma to Shen Xiyan's head. Three months ago she was shocked by Cang's qi as an ordinary person, and some deep brain functions were greatly damaged. This is simply not something that contemporary medicine can treat. She could only rely on Shen Xiyan to recover slowly on her own, and it was impossible to tell what was happening to her brain. In the past three months, after the master of the Purple Concubine had used some methods to treat Shen Xiyan, she began to recover. Shen Xiyan's injuries slowly began to improve, and the consciousness of her cerebral cortex began to return. However, it still took time before Shen Xiyan completely woke up.

Lin Hao asked the highly respected healers, but they were not sure, after all, Shen Xi Yan's current state was the only one they had ever seen in their lives, and it was impossible to say if she would wake up in a day or a year.

Lin Hao grabbed Shen Xiyan's hand and held it in his own, looking at Shen Xiyan he murmured tenderly, 'Xiyan, I believe you will wake up one day, everything is already in the past. After this time no one will ever be able to separate us again .....

'Xiyan, the doctor that Jun Wu Regret hired said that you need to be examined here for at least three more days, and when that happens, I will take you home, back to Tianhai. Back to our own home .....

Lin Hao smiled as he looked at his wife who was lying quietly on the bed, his heart was incomparably compassionate, he reached out and tenderly ruffled Shen Xiyan's hair on the side of her face before he turned off the lights in the room .....

The house went dark and the night grew deeper, and the moonlight in the night sky outside the window began to shine on the earth. This night, Lin Hao did not go anywhere, just sat in the room, sitting by Shen Xiyan's bed, holding her hand, watching her, keeping her company .....

And the bed Shen? The most important thing is that you have to be able to get a good idea of what you are doing. Shuyan, breathing steadily, sleeping soundly .....

Outside the window in the distance, Bai Hu and Jun Wu Ren looked at the room where Shen Xiyan was from afar, and the two of them also saw Lin Hao and Shen Xiyan's figure and saw Lin Hao's movements.

As Bai Hu watched the scene inside the room, his eyes could not help but become moist. She had known the story of Lin Hao and Shen Xiyan for a long time. How to say it, Lin Hao and

Shen Xiyan, the two of them had always been difficult, very difficult. Every time the two of them could hardly get together, something would happen not long after. But all this is nothing, Lin Hao and Shen Xiyan are unfailingly devoted to each other no matter who they are.

Lin Hao's wedding to Shen Xi Yan in Tianhai was something that Bai Hu longed for and longed for. She thought how wonderful it would be if one day she and Jun Wu Ren could have a wedding like that. In a way, she envied Shen Xiyan. She was willing to be his brother so that she could be with Jun Wuhuai, making herself like a man and trying desperately to become stronger just so that she could be by his side all the time.

It was only today when she returned with Shen Xiyan in her arms, looking at Shen Xiyan's unconscious appearance and at Lin Hao's painful and pining eyes, that her heart wavered a little. Although she had always liked Jun Wuhui all these years, she had never confessed her love to him. She was not in a hurry before, but now after seeing Lin Hao and Shen Xiyan in this state, she hesitated in her heart.

'Don't wait until the day you lose it before you know you regret it .....

Bai Hu thought in her heart and took a deep breath, turning her head and trying to pick a fight with Jun Wu Regret, her lips slightly open .....

## Chapter 872

But before she could say anything, Jun Wu Ren suddenly took the initiative to take her hand, holding it tightly. Bai Hu's heart shook wildly and looked at Jun Wu Ren with great confusion, and tears instantly welled up in her eyes.

Jun Wu Regrets twisted his head to look at Bai Hu in a very complicated way and said: 'I'm sorry, after so many years, I never gave you an answer. Before, it was for revenge, but when it was wrong for you for so many years, I'm sorry .....

After hearing this, Bai Hu was moved to cover his mouth, tears snapping down .....

The next day, Shen Xiyun still didn't show any signs of waking up, the doctor that Jun Wuhuo had found came into the room to examine Shen Xiyun. Lin Hao then walked out and he went to the Lin family by himself.

Half an hour later Lin Hao arrived at the ruins of the Lin's ancestral home and looked at the large deep pit in front of him. Lin Hao felt a lot of emotions in his heart, yes, the Lin family was gone, it had been gone for more than three months. When he returned to Yanjing four days ago, he didn't stay here much in order to hunt down Cang at the first opportunity. He had only hastily felt Cang's aura's orientation and he had left.

Now that the great revenge had been avenged, Cang had completely gone up in smoke and died without even a crumb left. Now he, Lin Hao, finally had the courage to stand here and pay tribute to the ancestors of the Lin Clan.

Bang ..... Lin Hao knelt directly in front of the large pit, his mind reverberated with the scene of the great battle described to him by Jun Wu Rui that day, and the sadness in his heart just couldn't stop surging upwards.

'Dad, Cang is dead, our Lin Clan's great revenge is avenged, don't worry, no one will be able to threaten the Lin Clan in the future. The future Lin family will definitely be glorious .....

'Dad, you know what? My sister has also found her happiness, and the person she likes is Tianji. Tianji likes her a lot too, and when they both come back from Western Europe, I will hold

a wedding for them as the head of the Lin family. Dad, don't worry, my sister and I will both be fine in the future, and the Lin family will surely rise again .....

Lin Hao lit a pile of paper money with Yuan Bao and burned it, yesterday at his request, Jun Wu Ren sent people to relocate the graves of Lin Yan, old lady Lin and others, from the western mountain. After all, the bodies of Lin's ancestors had all been shattered in that duel and could not be found at all.

Lin Hao's eyes were red and tears kept falling down, Lin Yan had held back for more than ten years, and he had misunderstood for more than ten years. Zero picketing whisker cover picketing wu zero closed? It was so easy for him to make up with Lin Yan, have the misunderstanding cleared up and also extinguish the Lin clan branch. But these good days were so short-lived, and Lin Yan was gone, gone forever .....

The sadness in Lin Hao's heart cannot be described at all, he was carrying too much on his back. The night one also came here at some point, he came over to pay his respects to the Lin ancestors, but after he saw Lin Hao's lonely back, he silently retreated and did not go up to disturb Lin Hao, all Lin Hao needed now was to be alone here for a while.

Lin Hao looked up at the deep pit and choked, 'Grandma, I saw grandpa, I brought grandpa's body back and buried him with you .....

As Lin Hao said that, he couldn't help but recall his grandmother's voice and smile, the old man who could give up everything for himself and fully supported his loved ones. So kind, but she too is gone forever .....

Lin Hao lowered his head and sobbed uncontrollably, all his relatives were gone now except Lin Qingcheng, his grandparents, his father and mother, and his own red-head was still unconscious even though she had been saved by now.

As the sun rises and sets, Lin Hao has been kneeling in front of this huge pit, which is surrounded for ten miles by Jun Wu Regret, now guarded by the Lin's combat forces open, the Lin family's ancestral home, which used to flourish beyond compare with the gates, has now turned into a huge graveyard .....

A ten-mile radius, a deep pit, in front of the giant tomb, the forty-eighth generation of the Lin Clan's family head, Lin Hao, kneeling long and hard .....

## Chapter 873

In the early morning three days later, at the private airport in the Jun family's backyard, Jun Wuhuo and Bai Hu came to see Lin Hao off. Shen Xiyan had already been put on the plane and was accompanied by three of China's top doctors the whole time, while Lin Hao and Night One stood underneath the plane to say goodbye to Jun Wu Regret.

Jun Wu Regrets looked at Lin Hao with a somewhat complicated look in his eyes, opened his mouth and said, 'There is no need to be in such a hurry, we still have a lot of things to decide, the Jun family, the Lin family and the You family, we haven't even discussed them yet .....

The three families of Lin, Jun, and You are all in competition, but now that all three of our ancestors have died in battle, it's you and me. I would like to ask for more support for the You family, and I don't want to get too involved in the Lin family's affairs at the moment. But I only have one thing to say, and that is, let's form an alliance between our three families in the future, and develop and support each other together. After all, we are all Chinese, we should be united, wait

until the day we run out of rivals, let's three families compete again, huh ..... guess that's not even know how long later ..... say it again... ..'

Jun Wu Regrets nodded heavily, took a long breath, and solemnly extended his hand and said, 'Well good! Then we'll create a new model of cooperation in this generation, and as for the future, that's a matter for our future generations. Those of our grandchildren can do whatever they like, by then we will be long dead. Hahaha, but the two Gaijin of our generation forming a brotherhood, I guess it will be a good story to pass on to future generations in the future .....

'Mm .....

Lin Hao extended his hand to shake heavily with Jun Wu Ren. His gaze then fell on the white tiger again, who had changed into a long black dress today and was beautiful. After being stared at by Lin Hao for a while, Bai Hu's face turned red. Because this time her hand was holding Jun Wu Ren's arm.

Lin Hao smiled and said to the two of them, 'Brother Jun, when you two get married, remember to give me news .....

Bai Hu bit his lips and nodded his head and said, 'Well, Lin family master, sister Xiyan will definitely get better, ? The ground zero Shan Wu Xi Pao Dye ? When the time comes, you must bring Sister Xiyan along to my wedding with Wuyuan ah .....

Bai Hu had a deep blessing in her eyes, a blessing for Shen Xiyan, who is a woman, today in contemporary China, there are only two gaijin, Lin Hao and Jun Wuyuan. And she and Shen Xiyan are the absolute redheads of these two glorious heavenly beings.

In the beginning, because of Cang's existence, Lin Hao and Jun Wu Regret, the two dragons, did not fight each other, but became brothers in the course of their joint battle against Cang. This would simply have been an impossible situation in the past. None of the four great families of China had ever seen such a situation in a thousand years. So in the future, as Jun Wu Regret's wife, she would definitely be especially good with Shen Xiyan as well. She could not make things

difficult for her own man. Moreover, she, Bai Hu, also sincerely hoped that Shen Xiyan would get better.

Lin Hao nodded and smiled, hiding the sadness deep in his eyes, 'Well, then when you two get married, I'll bring Xiyan along to drink the wedding wine you came .....

Finally Lin Hao took a deep breath and looked at Jun Wu Rui and said, 'Let's go .....

'Take care ..... in the future but whenever something happens, let me know and I will definitely be there .....

'Mm ..... you too, if something happens, remember to call me .....

Yanjing was not Shen Xiyan's home. His home with Shen Xiyan was in Tianhai City, the place where the two of them had their wedding. Lin Hao believed that taking Xiyan there for treatment would be good for Shen Xiyan's recovery .....

## Super Son-in-law Chapter 874-876

### Chapter 874

When Lin Hao flew from Yanjing to Tianhai City with Shen Xiyan, early in the morning, the entire airport in Tianhai City was cleared out, and Lin Qingcheng and Mo Tianji, who had rushed back from Western Europe overnight yesterday, were waiting there, along with Jiang Shaoming and the

others. A few days ago Lin Hao went north from Tianhai to Yanjing to battle Cang, and after three days and three nights of chasing him over ten thousand miles, he finally killed Cang, and now Lin Hao had rushed back with Shen Xiyan after paying his respects to the Lin ancestors .....

Standing at the airport, Lin Qingcheng, Mo Tianji and Jiang Shaoming all had very complicated feelings, both the joy of having the Lin family's great revenge avenged and a touch of sadness, because although the revenge was avenged, Lin Hao's beloved red beauty still hadn't woken up.

'Qingcheng, don't worry, Miss Shen can definitely be cured, for sure, for sure .....

Mo Tianji took Lin Qingcheng's hand and tightened it. After he was sent to Western Europe by Lin Hao a few days ago, the layer between him and Lin Qingcheng was finally pierced, and the two, like Jun Wuhu Baihu, have now become lovers and established their relationship.

The sadness in Lin Qingcheng's eyes intensified, her eyes staring straight up at the northern sky as she waited for Lin Hao to arrive: 'Well, Xiyan will definitely be able to pull through, for sure .....

'Big brother, sister-in-law will definitely wake up, for sure .....

murmured Jiang Shaoming, his eyes also showing sadness.

The wind on the airport was strong, blowing the three men's robes hunting and flying, but all three waited for Lin Hao's arrival without moving.

At nine o'clock in the morning, Lin Hao's special plane landed on this airport. Once the plane was parked, Lin Hao took the lead and stepped down, followed by Night One and finally a few attendants who carefully carried Shen Xiyan off the plane.

As soon as Lin Hao and the others came out, Lin Qingcheng and the three of them rushed to greet them. When Lin Qingcheng saw Lin Hao's pale face, and then when she saw the thick gauze wrapped around Lin Hao's right hand, the whole right arm was hanging down as if it was broken. Her eyes instantly turned red, covering her mouth as tears snapped down her face.

Lin Hao went up to Lin Qingcheng and wiped the tears from her face, smiled and said, 'Sister, don't cry, grandma and father's revenge is avenged, Cang is dead, the greatest difficulty of my Lin family's robbery is over, don't cry, grandma and father are gone, but we still have to go on, okay?' Lin Hao like eyes red and swollen, but still smiled down at Lin Qingcheng.

'Brother .....

Lin Qingcheng incomparably heartbroken to? 依陆闭伍拂扒爱拂? Lin Hao called out, then hugged Lin Hao, hugging him tightly.

Before Lin Hao went to duel with Cang, he deliberately made a trip around the Sea of Heaven, in fact the fundamental purpose was to send Mo Tianji to her side. Then Lin Hao himself went to find Cang for a life-and-death duel. The news Lin Qingcheng had received was that Lin Hao had dueled with Cang for three whole days and nights, with the two of them running for tens of thousands of miles! She couldn't even imagine how her brother had managed to hold out, and now Cang was dead, but Shen Xiyan still hadn't woken up .....

Lin Qingcheng just felt that the heavens had been a little too cruel to Lin Hao, making him bear too much weight. She wanted to comfort Lin Hao, but in the face of Lin Hao's smile, she couldn't say a word.

Lin Hao patted Lin Qingcheng's back, 'Alright, sis, it's alright, it's all in the past, go and take care of Xiyan for me, she ..... hasn't woken up yet, I'm taking her home .....

‘Mm .....’ Lin Qingcheng nodded and ran over to Shen Xiyan’s side.

After Lin Qingcheng left, Lin Hao came in front of Mo Tianji and Jiang Shaoming, looking at their worried expressions, Lin Hao smiled again and said, ‘Tianji, Shaoming, it’s been hard for you all this time, but you two will have to continue to work harder in the future, the battle more than three months ago, our foundation was destroyed by a large part after all, Lin’s reconstruction still needs the help of you two .....’

Mo Tianji and Jiang Shaoming hurriedly nodded, ‘Big brother, don’t worry, it won’t be hard work .....’

Lin Hao looked at Mo Tianji and said with a smile, ‘Have you pierced that layer with my sister yet?’

Mo Tianji nodded with complicated eyes, ‘Mm .....’

Lin Hao nodded, ‘Good, since you guys are back this time, you should not go to Western Europe, our Lin’s roots are still in China after all, when we find a good day, I will hold a wedding for you and my sister .....’

Mo Tianji looked at Lin Hao’s smile, the complexity in his heart became even thicker, the Lin Hao they saw was smiling, yes, he was smiling, but that smile of his, was so sad, so lonely, so heartbreaking .....

## Chapter 875

At eleven in the morning, Lin Hao took Shen Xiyan back to their villa, still in the same arrangement, not a single place had been touched, as always.

After Lin Qingcheng helped take Shen Xiyan to the bedroom, she called Lin Hao outside. Lin Hao gently closed the door for Shen Xi Yan, careful not to disturb her with the slightest sound.

After Lin Qingcheng came outside with Lin Hao, Lin Qingcheng's eyes reddened again. She was Lin Hao's own sister after all, and when she looked at Lin Hao's sagging arms, she couldn't help but let her tears fall down. She gently touched Lin Hao's arm, 'Brother, tell me, is this injury serious?'

Lin Hao smiled and shook his head, 'It's fine, it's not serious, don't worry sis, it's really fine .....

Lin Qingcheng bit her lips and nodded her head, still unable to hold back her sadness, and looked at Lin Hao blankly, 'Brother, from now on there are only two of us in this world, mum is gone, grandma is gone, and father is gone too .....

Lin Qingcheng said, and then she dropped tears again. When Lin Hao and Shen Xiyan returned to Yanjing, Lin Yan suddenly had an uneasy feeling and sent her over to Western Europe, perhaps at that time Lin Yan had a premonition of something.

It could be said that Lin Yan had just made an idle move back then, but it was that feeling that came out of nowhere that unexpectedly allowed Lin Qingcheng to escape that calamity. When Lin Qingcheng thought about it afterwards, she soon understood. It was just that at that time, Lin Yan had died in battle, Lin Hao had disappeared, and the entire huge Lin family was left with her as the only woman struggling to hold on. She couldn't show it, she could only hold it in.

Lin Hao was silent for a while and sighed, 'Sister, mother and father, grandparents' graves, I moved them all to the Lin ancestral home. You go and take a look, by the way during my duel with Cang, I met grandfather, I brought him back a few days ago and buried him together with grandma .....

When he said this, the sadness in Lin Hao's heart became even stronger and his voice was hoarse. No one could understand his feelings .....

'Well ..... good .....

Lin Qingcheng still wanted to say something to Lin Hao, but when she was actually facing him at this moment, she couldn't say anything else. After all, the whole family suffered a great disaster, almost all of their relatives died, there are too many familiar people who passed away in that great battle. Mo Yuntian, whom she had always treated as her own grandfather, Lin Hancheng, and her father and grandmother all died .....

Lin Qingcheng and Lin Hao stood together, both of them had a thousand words to say, but neither of them opened their mouths anymore. After standing together in silence for a while, Lin Qingcheng left, she came to Tianhai to wait for Lin Hao. And now that she had seen Lin Hao, then she was going to Yanjing to pay her respects.

Lin Qingcheng wore a black dress and a black ribbon on her sleeve, she left, Mo Tianji accompanied her, after the two of them paid their respects to Lin Hao, they went straight to the airport.

'Tianji .....

on the plane Lin Qingcheng was still a little flustered, her eyes were red.

Mo Tianji took a deep breath, looked out the window at the clouds and held Lin Qingcheng's hand tightly. Mo Tianji was an orphan since he was a child, and was raised by Mo

Yuntian Mo Lao, who was not his real grandfather, but was closer to him than his own grandfather. He raised him and nurtured him to become a man of talent, and even gave ? Wu Xi Serving Er Yi Lu Er closed ? He has a near-unimaginable future.

## Chapter 876

When Lin was struck, the day Mo Yuntian died, he got the news, he was in Tianhai at that time, but he had never been to Yanjing to pay his respects, like Lin Qingcheng, he was also holding back, holding back the grief, the sadness in his heart.

Mo Tianji also did not know what to say to Lin Qingcheng, and like Lin Qingcheng, his eyes were red. The plane took off, flying further and further towards the north .....

In Tianhai City, Gu Yue's home, Gu Yue was wearing a long black lace dress and black high heels, and was sitting in the courtyard reading a book, very quietly, in fact, she was not reading at all. Her mind was full of thoughts.

A few days ago she had met Night One over in Western Europe and she had been overjoyed and overwhelmed. But at that time, she had just been reunited with Night One, who was about to follow Lin Hao out on his campaign once again, not even spending a little more time with her.

Only she knew how much she wanted to be with him, how much she didn't want him to go, and how much she wanted to be by his side. Only she could not talk to him about that, she could only support him and encourage him. Lin Hao is burdened with a deep sea of blood. The fact that Lin Hao is carrying the blood of the world ? The revenge, night one as Lin Hao's best brother, how can not go ? Moreover, Night One's master, who was like a father to him, had also died in that calamity. Night One was definitely going to take revenge.

So no matter how much reluctance she had in her heart, she couldn't stop it. The only thing she could do was to sit at home and wait, waiting for Lin Hao and Night One to win, waiting for her man to return in triumph.

Finally, three days ago, Night One sent her a message saying that Cang had died and that he and Lin Hao would return after dealing with some more matters in Yanjing. From that moment on, Gu Yue's heart was in turmoil, and when she heard Night One's voice with her own ears that day, tears instantly came down from her eyes.

This calamity was a great calamity for Lin Hao, the Lin family, and Shen Xiyan. But equally for Mo Tianji and Lin Qingcheng, for her Gu Yue and for Night One, it was a great calamity that could not be bypassed.

When Lin's foundation was destroyed more than three months ago, and the whereabouts of Lin Hao and Night One were unknown, Gu Yue felt as if the sky had collapsed on her. Those three months were the darkest time for her. Her first boyfriend died, and after so many years of struggling to get out, she met a second man .....

The good thing was that Night One had come back to her, and now her heart was only touched.

A light clatter ..... pulled Gu Yue's thoughts back, she looked up and saw that it was a small twig that had fallen onto her book, along with the fall of the twig, there were a few leaves, Gu Yue stood up and threw the twig into the bin, just as she was walking over to the bin, a voice came to her ears, causing her body to shudder hard.

‘I’m back .....’ Night One, who was still wearing the raggedy clothes that were still stained with blood in many places, appeared in the doorway and said to Gu Yue.

Gu Yue froze in place for a while before turning her head to look at Night One, who smiled at her, Gu Yue then ran up to Night One without further reserve in her high heels and jumped straight into her arms .....

The night one hugged tightly ..... tightly .....

## Super Son-in-law Chapter 877-878

### Chapter 877

Time flies, one day, two days ..... one week, two weeks, in the blink of an eye, a month has passed since Lin Hao’s duel with Cang.

And during this month, the world seemed to have returned to its original state, Tianhai City was still as prosperous as ever, as Shen Xiyan had disappeared for a little over half a year, and several new stars had emerged from Tianhai City’s clothing industry. During this month, the Night Family, a first-class family in Tianhai City, was completely wiped out, and the Xiao and Bai families also left their entire family business behind and went somewhere else, far away from Tianhai.

During this month, Lin Qingcheng and Mo Tianji stayed in Yanjing for more than half a month and then returned to Tianhai City. During this month, Night One had been silently accompanying Gu Yue, while Gu Yue, that big devil girl, was like a piece of dog skin plaster, sticking to Night One all day long, even in the street, he would move to kiss him a few times.

During this month, Gu Shengnan and Leng Qiuya also visited Shen Xiyan and Wang Shufen. Wang Shufen in particular wanted to stay by Shen Xiyan's side, but was refused by Lin Hao, who likewise refused Leng Qiuya's request. Because the doctor said that Shen Xiyan needed to recuperate right now, the less people the better.

So during this month, Lin Hao didn't even leave the neighborhood, just silently accompanying Shen Xiyan's side. And this was actually the longest time he and Shen Xiyan had spent alone together.

Lin Hao's upbringing was tragic, and how was Shen Xiyan not the same? Shen Xiyan had lost her father since she was a child, and before Wang Shufen came to her senses, she had truly carried out the role of a Chinese stepmother, with her father dying early and her own mother not being around. And Shen Xiyan could only allow herself to keep getting better and better, to fight harder and harder.

Lin Hao, who grew up with a blood feud on his back and was driven out of his home by Lin Yan, is just as miserable. And perhaps it was fate that the miserable Shen Xiyan and the equally miserable Lin Hao met inside high school. Perhaps from that moment on, the two of them were destined to be together. But after the two of them finally got together, they went through too many trials and tribulations. So now when Shen Xiyan was in a coma, it had instead become the longest time the two of them had stayed together.

In front of Shen Xiyan's bed, Lin Hao was holding her hand and talking to her as usual, with a smile on his face: 'Xiyan, now? I'm not going anywhere. I'm not going anywhere, and you're not going anywhere, so we can finally stay together like this, and no one will ever bother the two of us again .....

'Xiyan do you know? I've already proposed to Gu Yue, and they've got their license, so they're waiting for you to wake up for the wedding. But I have to tell you that I'm sorry, Night One

as well as his master have given so much to our Lin family. And this time Night One almost didn't make it back. Truly died once. So I don't want to delay the wedding date for the two of them, maybe you can't go yet, so I'll go for you, don't worry I'll go over together with your blessing .....

Lin Hao paused and continued, 'Oh yes, there is also your mother, who has finally found her other half, that is Gu Yue's father, Gu Shengnan. Xiyan ah, I assure you, the Gu family master is a good man no matter his character or personality, or all aspects, just rest assured .....

Lin Hao finished his thought and continued, 'There is also Mo Tianji and my sister, the story of the two of them ah, is also very interesting. Let me tell you ah, this boy Mo Tianji, since he was young, he was raised by grandpa Mo to be very, very good, really, he was incomparably good in all aspects, whether it was academics or various skills, or combat power, he was a top character. As for my sister, because she often went to Grandpa Mo, so naturally she often met Mo Tianji .....

## Chapter 878

'Let's see, when my sister and Mo Tianji met, it was also in high school, right? It was an interesting time, Mo Tianji had been indoctrinated by Grandpa Mo from a young age to be loyal to our Lin family for the rest of his life. So even though he was top-notch in all aspects, he never treated my sister as a bodyguard. And my sister, slowly, took a liking to him.'

'You also know that my sister, ah, is also too excellent, she perfectly inherited the genes of my father and my mother, too beautiful, so this kid Tianji, deep down, also long ago fell in love with my sister. Oh ..... then the most ridiculous thing is that Tianji that wooden lump, from the beginning to the end, did not dare to confess his love to my sister .....

'And now ah, I think anyway night one and Gu Yue will soon have a wedding, then simply let Tianji and my sister also together to do it. We both suffer, we both so many bitter experiences,

so don't let them go through it again, don't you? Xiyan, you're so kind, you must be willing too right?'

Lin Hao smiled faintly, picked up the wet towel beside him and wiped Shen Xiyan's cheeks carefully and gently. Shen Xiyan still slept so quietly, not moving, this January, Lin Hao every day to give Shen Xiyan massage, attentive to massage, from time to time also turn her over, after all, Shen Xiyan always lying in one position, after a long time, the body will have problems.

Bang Bang Bang ..... A knock sounded outside the door and two female doctors walked in.

'Sorry Mr. Lin, it's time for Madam to change her medicine .....' said a female doctor to Lin Hao in a very low voice as she held a bottle of glucose.

Lin Hao nodded, put down Shen Xiyan's hand, and walked out .....

After Lin Hao went out, the two doctors who had been examining and treating Shen Xiyan, were silent. They didn't know the true identity of Lin Hao and Shen Xiyan, but they went to see the video of Lin Hao and Shen Xiyan's grand wedding in Tianhai City last year.

And now that the hostess of that magnificent wedding had become like this, the two of them were extremely upset in their hearts. They had used all their strength to treat Shen Xiyan during this month, they had tried all kinds of means, but it was useless, Shen Xiyan's heart injury had almost stabilized long ago, now it was the head trauma, they were truly at their wits' end .....

The two female doctors checked Shen Xiyan's state, and after dosing her with glucose, they walked out.

Outside the door Lin Hao looked at them and asked, 'Xiyan, is there any improvement?'

The two female doctors shook their heads with complicated eyes and more intolerance in their hearts, 'Sorry Mr. Lin, Madam's state is the same as before, she is still in a coma and .....

'And what? What's wrong?' Lin Hao asked with a frown.

'Madame has been in a coma for too long, and a long period of dormancy will cause more and more brain damage. If madam doesn't wake up again, she may never wake up again .....

And even if she wakes up later, she may forget a lot of things .....

A female doctor gave Lin Hao the truth even though she couldn't bear it in her heart .....

Buzz ..... Lin Hao's entire body was frozen in place? The intention to cover the intention Xishandi Lu'er? .....

## Super Son-in-law Chapter 879-880

### Chapter 879

'Mm, I know, you guys ..... go and get busy, I'll be alone .....

Lin Hao froze for a long time before he nodded his head. The two female doctors didn't know what to say now, they could only walk away with their heads lowered. They didn't know how to comfort Lin Hao either.

After the two female doctors left, Lin Hao stood in front of the window and looked at Shen Xiyan who was lying quietly on the bed through the window, his heart aching like a twinge and his eyes complicated.

‘Xiyan, you must cheer up, wake up quickly, wake up quickly ah .....’ Lin Hao murmured as he looked at Shen Xiyan lying on the bed, a tear slid down from the corner of his eye with a bang.

The time continued to pass silently like water, Lin Hao still accompanied Shen Xiyan inside the villa every day, silently, but Shen Xiyan was still sleeping as usual. Inside the villa, there was only Lin Hao’s loneliness and heartbreak.

The outside world of the villa was also running as usual, and under the sun, moon and stars, seven days passed in a flash. On this day, Night One, Gu Yue, Lin Qingcheng and Mo Tianji came together to visit Lin Hao and Shen Xiyan.

Tomorrow was the day of their wedding, but Shen Xi Yan still hadn’t woken up. Originally they had not planned to hold it now, the original intention of the four was to wait until Shen Xiyan had woken up. But Lin Hao disagreed, and in his capacity as the head of the Lin family, Lin Hao gave the four of them a direct order that the wedding must be held as usual.

It was only at this moment when the four of them arrived at the villa gates that they all stopped dead in their tracks. Lin Qingcheng’s eyes instantly turned red as she squatted down and looked at the road that hadn’t been cleared for a long time in front of the villa, and in an instant her heart only felt incomparably desolate.

Yes, Lin Hao had completely isolated the entire villa from the outside world for fear that Shen Xiyan would be disturbed, and only a few regular doctors came every day to check on Shen Xiyan's body as well as to maintain her vital signs.

‘This is my brother's home,.....,’ Lin Qingcheng murmured softly in a heartbreaking voice. Mo Tianji sighed and helped Lin Qingcheng up.

‘Tianji, is it okay if we don't have a wedding tomorrow? Let's wait for Xiyan to get better, okay?’ Lin Qingcheng pleaded to Mo Tianji with complicated eyes.

Mo Tianji took a deep breath, his heart was also incomparably complicated, in fact, it didn't matter if this wedding was held or not. After all, the marriage certificate had been issued, and he and Lin Qingcheng were already the most legal couple. Now that Shen Xiyan was unconscious and Lin Hao was heartbroken, he wasn't in the mood to hold a wedding. So he nodded, ‘Well, then I'll talk to big brother later .....’

Gu Yue also bit her lips with tears in her eyes as she glanced over to Night One. Night One shook Gu Yue's hand hard and nodded: ‘Good, let's not do it either, let's wait until sister-in-law wakes up .....’

Just as the four of them were discussing a showdown with Lin Hao later, the villa's door suddenly opened. The next moment Lin Hao, whose face was somewhat haggard and wearing a black suit, walked out from inside.

When Lin Hao looked at the four people with that sad look, he couldn't help but laugh and said, ‘What are you all doing here? Things are already like this, you? The first thing you need to do

is to take a look at the situation. Don't be too sad, Xiyan will come to her senses one day, don't worry .....

## Chapter 880

'Brother, we .....

Lin Qingcheng's pungency increased when she saw Lin Hao's smile. Opening her mouth, just when she wanted to speak to Lin Hao, Lin Hao waved his hand to stop her, 'Sister, don't persuade me anymore, let's hold your wedding tomorrow as usual .....

'Lin Hao, we're not in a hurry, and we've already got our license, even if we don't have that wedding, it's still okay .....

Gu Yue hurriedly spoke to Lin Hao.

'Big brother .....

Night One and Mo Tianji also opened their mouths at the same time and called out to Lin Hao, the two big men with iron bones, their eyes were also red at this moment. Because they had never seen Lin Hao fall to such a state as he was now.

Lin Hao shook his head and smiled, took a deep breath and said calmly with a smile, 'It's alright, you guys don't need to worry about me. Night One, Tian Ji, both of you are my brothers, I'm happy to have brothers like you in my life. You guys have given too much for Lin too. Tomorrow's wedding will be held as usual, and you should hold a grand wedding to give Xiyan a boost, even though it's quite superstitious, but what if it works? I have been insisting that you hold a wedding, also with this in mind .....

Night One, Mo Tianji several people couldn't say anything after hearing Lin Hao's words. They knew that Lin Hao was sad in his heart, and although Lin Hao was smiling on the surface, this was instead Lin Hao coming to comfort them .....

Lin Qingcheng and the others left, now that Shen Xiyan was unconscious, they did not go in and disturb Shen Xiyan again. Time passed quickly, the four people saw Lin Hao insisted that they hold the wedding tomorrow, so they went back to start each? The four of them went back and started each? The four of them went back to start their preparations.

In the blink of an eye, the night passed and the time came to the next morning. At five o'clock in the morning, Lin Hao shaved, changed into a clean black suit, walked to Shen Xiyan's room and bent down to give Shen Xiyan a gentle kiss on her forehead.

'Xiyan, today is the day of my sister's wedding with Tianji and Gu Yue's wedding with Night One. Sorry ah, I won't be able to accompany you today, I will bring your share of blessings and go over together .....

Lin Hao said tenderly in front of Shen Xiyan, his eyes filled with strong love.

After saying goodbye to Shen Xi Yan again, Lin Hao went out and got into the car that came to pick him up. Among them, Lin Hao and Shen Xiyan were the first to have their wedding, which was also held in Tianhai City, in the largest church in Tianhai City. And today Gu Yue and the others' wedding was also held there .....

Because today is the wedding of two couples together, so in last night, Lin Qingcheng checked into Gu Yue's house, so this morning Night One and Mo Tianji, just go directly to Gu's house to pick up the people.

At six o'clock in the morning, Lin Hao followed the motorcade and arrived at the Gu family. Mo Tianji and Night One walked out with Gu Yue and Lin Qingcheng in their hands. The two big beauties had changed into their most beautiful white wedding dresses, beautiful and touching, and both Mo Tianji and Night One were wearing black, straight suits, also incomparably handsome.

The wedding process proceeded step by step, and just like last year when Lin Hao and Shen Xiyang got married, all the famous families of Tianhai City came to the wedding of the two couples today.

In the church, on the stage, under the lights, the two couples, led by the priest, read out their lifelong vows to each other, and looked at the strong love in their eyes for each other. Lin Hao couldn't help but weep .....

The image of him and Shen Xiyang standing here for the wedding last year suddenly came to his mind .....

‘Shen Xiyang! If you dare to mention divorce to me again, I will never forgive you again in this life! .....’

‘Shen Xiyang! You hurry back to me, hurry up and wake up .....’ Lin Hao muttered to himself in his heart.
