

# Super Son-in-law Chapter 951-960

## Chapter 951

Lin Hao saw that Jun Wu Regret was really able to successfully break through to that level, his heart was also very happy, now Jun Wu Regret is already the first person in the realm of China, the only one Grand Master. The actual realm is still quite a bit worse, still at the peak of the Innate Patriarch.

And three years ago Jun Wu Regrets was the number one contemporary Heavenly Pride of China, Yanjing's Gaijin, and in a way, the position of the number one Heavenly Pride of China was originally his Jun Wu Regrets. A country also has the existence of qi, weak places to support only one innate above the gathering of qi, and China is able to support two of the vast land. And Lin Hao is too special, he still has not broken through the innate above, the real achievement of the Grand Master, but Lin Hao's extreme path is too strong, even if not fully stimulated, his own battle power can be comparable to the Grand Master mid, if fully stimulated, the battle? The power is also able to increase ten to tens of times, reaching the late or peak of the Grand Master's degree, and to some extent, Lin Hao is already an anomaly.

Lin Hao smiled and looked at Jun Wu Regret, stretched out his hand and Jun Wu Regret shook it and said, 'Brother Jun, congratulations, Cang has died, the future of China will be guarded by you and me .....'

Jun Wu Regrets took a deep breath, and his face also had a smile, he listened to Lin Hao's words, and for a moment he just felt a great deal of pride in his heart. Incredible pain, incomparable sincere look at Lin Hao, nodded heavily and said: 'Well, good, today's China already has two of us above the innate warfare, this time we go back, we will reorganize the martial arts world of China. When you killed Cang, you did not have that mood, but now a lot of things must be done, I believe that it will not take long, our martial arts world in the land of China, will usher in a peak bloom!'

Jun Wu Ren heavily shook hands with Lin Hao, these are two existences standing at the pinnacle of martial arts nowadays, for a time the dormant fervor in the hearts of both of them were boiling, the world, from now on the martial arts world of China will change because of the two of them, the world will change because of the two of them.

Lin Hao said with a smile: 'Well, then, let's go back now? You know the white tiger is still waiting for you, and not I say you, you can't change a better name for the girls in the future?'

Jun Wu Ren face flashed a trace of embarrassment, touched his nose thought for a while and said: 'Well, this is indeed my fault, in fact, her real name is also very nice, called Hou Yijun! There is also a Jun word, to say the least it is really quite a destiny with me .....

Lin Hao nodded and said, 'Well, it's quite a destiny, don't worry, I have arranged for your wife to be treated by the best physician in China, there shouldn't be too much problem with her injuries, and she herself is also an Innate Ancestor .....

Jun Wu Ren nodded, and after a moment of silence, a cold murderous look appeared in his eyes, and after a while, he looked up deeply at Lin Hao and said, 'Brother Lin, this bullet point place of Eastern Ying has been unreliable since ancient times, they are like a poisonous snake hiding in the darkness, always thinking of invading our land. Brother Lin, since we are all here this time, and you have already slaughtered the vast majority of their high-end forces last night, but it is still not safe.'

## Chapter 952

'And now that the hatred between our Chinese martial arts world and their Eastern Japan Shinobi Alliance has already been formed, then why not just exterminate all of their Saint Shinobi and destroy their Dao Collection as well, this may not be the safest either, but it will enable us to at least have no more worries within a hundred years .....

After Jun Wu Regret finished, he took a deep breath, his body surged out a boundless aura looking at Lin Hao and continued, 'Brother Lin, what do you think?'

Lin Hao's eyes turned, then laughed and said, 'In fact, China has you and I exist, as long as you and I do not die, they have to put up with it, but brother Jun this time you are also disgusted by these trash. And since you want to have some fun, then I will accompany you .....

'Hahahaha ..... Good! Then today, the two of you and I will make a peaceful world for our descendants!' Jun Wu Ren let out a loud laugh.

'Good .....

Lin Hao also laughed and nodded his head. Then Lin Hao and Jun Wu Ren jumped outside, Jun Wu Ren cleaned the dirt on his body and found a clean set of clothes to change into, then the two of them left the ancient prison and headed south to kill the East Japan home island .....

This night is destined to be the most desperate night in the eastern Japan Shinobi world, their fixed gods God Shinobi strongman Zu, was exterminated by Lin Hao? Woody ground love zero love to ground? The elders of the Shinobi world were also slaughtered, and sixty to seventy percent of the Saint Shinobi were killed. At this moment the saint ninja of the eastern ninja world are running around to deal with this extremely bad event this time. But what they didn't expect was that tonight's despair for them was just the beginning, not the end .....

The black-clad Lin Hao was flying rapidly against the night wind at the top of the skyscrapers above the Kyoto Prefecture of Eastern Japan, while Jun Wu Ren, who had just broken through and had not yet fully mastered his power, was shuttling between the various buildings with extremely fast figures. Lin Hao and Jun Wu Ren, one on top of the other, rushed towards the place where they sensed each other's Saint Shinobi scent and began the ultimate slaughter .....

Poof poof poof .....

Bang bang bang bang .....

With Lin Hao and Jun Wu Ren back again after this prosperous Kyoto House, the two began to kill the eastern ninja world, not to mention the saint ninja even the elite upper ninja they two did not spare. This is no longer a matter of morality, but a matter of another height, the two of them must do so, because if the end of this night is that he Jun Wuhuai battle dead, then the god ninja and half-step god ninja elders of Eastern Japan, will also kill to China, to do almost the same thing to China .....

One hour ..... two hours ..... three hours later, the sky in Eastern Japan had lit up, the night's battle was over, Lin Hao and Jun Wuhuo had lost track of how many times they had fought and how many people they had killed. In any case, when the two of them converged again on the top of a high mountain, there were no more saint ninja on the side of Eastern Japan, even if they were as strong as the two of them, they felt a trace of fatigue at this moment, but this trace of fatigue is really insignificant compared to the glorious results of this night's battle.

The wind in the morning was slightly cold, especially when the two were standing on the top of the mountain, but neither of them cared in the slightest. The two stood on top of the mountain, overlooking the earth beneath their feet, looking at the sunrise rising from the sea level, a time of great pride.

Two absolute powerhouses of today's world, standing side by side on the top of the mountain, the same Chinese, the same as each other's best friend, this picture, if seen by people, will certainly be passed down for thousands of years .....

‘It’s time to go back .....’ Lin Hao looked at the sunrise leaping out of the sea level in the distance and took a deep breath and said slowly.

Jun Wu Ren nodded and said, ‘Well yeah, it’s time to go back, let’s go .....’

‘Well .....’ Lin Hao also nodded his head, after a while the two of them flew a helicopter above their heads, that is the deployment of the Jun family in East Japan, Lin Hao Jun Wuhuo two people got on the plane, and went to the airport in East Japan at a very fast speed. Lin Hao is very anxious to go back, because he wants to see Shen Xiyun at the first time. Before his body aging, after Shen Xiyun came to his senses, he could only speak to Shen Xiyun with a mask, company. And yesterday afternoon when he was able to take off the mask, but had to come to East Ying first, to rescue Jun Wu Ren.

### Chapter 953

After all, Bai Hu had been badly injured when he left, not to mention the fact that Bai Hu had dragged his seriously injured body through the layers of encirclement of the eastern ninja world. Jun Wu Regrets felt very sorry for his friend who had followed him without complaint for more than ten years, and now he finally had the strength to protect her for the rest of his life.

Lin Hao and Jun Wu Regret are two of the most powerful men in China today. The two of them, as the wives of Lin Hao and Jun Wu Regret, are also very charming and unparalleled, and really do all the things that a wife can do. The two men are out on the battlefield, and they are at home cooking and waiting quietly, these two women have actually paid too much .....

Serve er yi xidi whisk lu Ai? The first time she came to her senses, she asked Shen Xiyun about Jun Wuhuai.

‘Xiyan, has Wuyuan returned?’ Bai Hu asked anxiously to Shen Xiyan.

Shen Xiyan bit her lips and shook her head, took Bai Hu’s hand and said, ‘Sister Yijun, don’t worry, Lin Hao already passed yesterday afternoon, a few minutes after you came here, Lin Hao went to Eastern Ying, and thanks to you and big brother Jun, he is now back to his peak, don’t worry, he can even defeat Cang, he will definitely be able to save big brother Jun back this time .....

A trace of sadness flashed in Baihu’s eyes, and after a moment of silence he gave a hmmm. Shen Xiyan knew how hard it was for Bai Hu to feel and worry, but now that no news had come from Lin Hao, she could only say some words of relief to Bai Hu to make him less worried.

Shen Xiyan clutched Bai Hu’s hand and said to her: ‘Sister Yijun, don’t worry, Brother Jun is such a good person, he will definitely be able to return safely, and, moreover, the second team that will go to rescue Brother Jun will be leaving soon .....

Shen Xiyan didn’t quite The company’s main business is to provide a wide range of products and services to the market.

The second group of rescue teams? Xiyan, quickly, take me to see Mo Tianji, isn’t this nonsense? This time the opponents in the East are all saint ninja, and peak saint ninja, if we don’t have the battle power of an Innate Sovereign, going there is simply a death sentence!!!’

Bai Hu said as she struggled to get up from the bed and to head outside. Just as she reached the door, Jiu Tian Xuan walked in. The first moment Jiu Tian Xuan saw Bai Hu, he bent down and bowed deeply to her and said in a sincere tone, ‘Jiu Tian Xuan has met Madam Jun, I thank Madam Jun and the Lord of the Jun Family for their great kindness. But please don’t worry too much, Madam Jun, because this second group going to Eastern Ying is not an ordinary combat sequence,

but all of them are innate clan masters, from yesterday afternoon to now, almost all of the hidden seniors have all gathered here, and they will be departing soon .....

‘What? This ..... how is this possible? They ..... have long since stopped asking questions about the world, so how can they still come out of the mountains?’ Shen Xiyan didn’t understand, but Bai Hu had followed Jun Wu Ren all the way to the battle for so many years, so he naturally understood. The martial arts world in China is not the big cats and kittens that it seems on the surface, a single innate patriarch is able to town a domain, that is not bad. But this is in the case of those old seniors who have retired from the world.

White Tiger took a deep breath and said, ‘No, Madam Jun, the previous Chinese martial arts world had been suppressed by that poisonous tumour, Cang, for too long and too long. But Cang’s existence was also a double-edged sword for China, and could act as a very strong deterrent to the outside world. Now that Cang has been killed by the Lin family, the martial arts world of China is certainly free of a tumour, but it is also deprived of a powerful person to deal with external enemies. Therefore, if you and the Jun family head can save him, you will be saving the martial arts world of China. And the Jun Family Master is also our most valuable asset in China, this is something that cannot be lost, something must not happen to the two of them!’

## Super Son-in-law Chapter 954-956

### Chapter 954

At this moment Shen Xiyan also understood, feeling both proud of being Lin Hao’s wife and having worries. And the white tiger’s heart trembled violently after hearing Jiu Tian Xuan’s words. He bent down and tried to bow down to Jiu Tian Xuan, but was held up by him.

Jiu Tian Xuan looked at Bai Hu and said, ‘Madam Jun, don’t be like that, I can’t afford it. Madam Jun you are awake now just in time, originally I was going to come and wake you up too. Those seniors from China who have gathered here now are about to go on a journey. And this time, these 100-odd seniors at the peak of China are going to conquer Eastern Japan, and there is no telling how many of them will eventually be able to return alive. So since the Lin Family Master and

Jun Family Master are not here, you and Madam Lin must take the place of the two of them and go to see off the many forefathers .....

Shen Xiyan and Bai Hu's hearts and minds instantly became serious after hearing this, those Chinese ancestors that Jiu Tian Xuan was talking about, they hadn't even met Lin Hao and Jun Wu Ren, but now they were going on a campaign for them regardless of life and death. The two women were also incomparably shocked and moved in their hearts .....

'Good, it's only right .....

Bai Hu and Shen Xiyan nodded heavily at the same time. Both of them are also people who know what's right and wrong.

The two of them looked very solemn, while Jiu Tian Xuan followed behind them. After Bai Hu and Shen Xiyan had left the room, Mo Tianji, Night One and Jiang Shaoming followed them, and the group went together to the back of the villa, where the hundred or so hidden seniors of China were gathered.

Several helicopters were buzzing on the lawn, and the hundred or so Chinese Ascended Masters all had serious faces and were filled with battle intent. It was time to board the plane for Eastern Japan under the leadership of the Grand Elder of the Nine Heavenly Clans.

When Shen Xiyan and Bai Hu saw these people in front of them, most of whom were elderly, their eyes instantly reddened. The two women bowed deeply to the crowd at the same time.

'Shen Xiyan, Hou Yijun, the Maldives pay their respects to all the seniors and wish them a triumphant return!!!' Shen Xiyan and Bai Hu simultaneously paid deep obeisance to the Chinese seniors who had finished assembling and were about to set out for the expedition .....

The Nine Heavenly Clan Grand Elder turned and smiled and nodded to Shen Xiyan and Bai Hu and said, ‘Don’t worry, ladies, even if we don’t want to risk our old bones, we will make sure that the Lin Family Master and Jun Family Master, return safely .....’

And as the Grand Elder of the Nine Heavenly Clans finished speaking, the group of Innate Patriarchs around her, all nodded with smiles, and among them, the youngest of them was in their fifties. So in their eyes, Shen Xiyan and Bai Hu were the same as juniors, and even Lin Hao and Jun Wu Ren were similarly juniors. Today, these old bones are going to stand out and fight for the descendants of China ..... but they all have no regrets in their hearts .....

Shen Xiyan and Bai Hu, the two looked at the kind but firm smiles of those old seniors and could not help but cry like rain .....

‘Hahahaha, gentlemen! Let’s go .....’ the great elder smiled incomparably grandly, turned around and headed for the top of the helicopter .....

‘Haha, Amitabha Buddha .....’ that equally old master laughed and pronounced a Buddhist hymn, with an extra hint of determination in his eyes, today he ..... was going to break his fast .....

Then a group of pre-celestial masters, also all he turned around, no longer said anything, just all smiled at each other and went towards the hatch of the helicopter .....

This scene deeply shocked the people left behind, Night One, Jiang Shaoming and Mo Tianji all felt their blood boil and their eyes were red .....

Just as the Grand Elder and the rest of the Ascended Masters were about to board the plane and head to Eastern Japan, a loud roar suddenly came from the distant sky. A military helicopter gunship flew over quickly. The Grand Elder and a host of other Ascended Masters could not help but stop in their tracks, their bodies trembling violently and their eyes widening. Their hearts and minds were appalled to the extreme, because they had hugely sensed two overwhelming auras above the Ascendants from inside that helicopter!!!

‘How ..... is that possible? Two of them! Two Heavenly Ascendants?’ The Grand Elder’s crowd was incomparably shocked.

Straight? Whisking the ground yi jie shandi? The lift arrived in a flash, and when it stopped, the hatch opened and Lin Hao and Jun Wu Ren walked out of it side by side. The moment the two came out their auras exploded, and immediately two columns of qi shot straight up into the clouds .....

The two of them understood what was going on with just a little thought. So at this moment, the aura on Lin Hao and Jun Wu Regret was in full swing, they wanted to make these seniors of Huaxia, who had retired from the world, feel relieved that there was a successor to Huaxia .....

In the next moment, Lin Hao and Jun Wu Regret, who had a strong aura, bowed deeply to the crowd .....

## Chapter 955

The Grand Elder looked in disbelief at the Buddhist Master Teacher beside him and spoke again, ‘It’s really two Ascendants above!’ He repeated again, indicating the shock in his heart.

After all, a country's qi could only support one Ascended Master, and now that both were Ascended Masters, if he hadn't seen it with his own eyes, he definitely wouldn't have believed that such a scene could have taken place. It was not just him, the hundred Ascended Masters present were all equally shocked. Of course they did not know Lin Hao's true realm as well as his strength. Although Lin Hao's true strength did not reach that of a Grand Master, under the exercise of the Extreme Dao, the early Grand Master realm was completely insufficient for him to fight.

Buddha intent was rampant in the eyes of the Buddhist Master, looking towards Grand Elder Jiu Tian Xuan with a slight nod, but the hot look in his eyes revealed that he was incomparably excited at this moment, as he once again folded his hands, 'Amitabha Buddha.' It was as if he was saying, 'Heaven bless China, and it was also like praising the two of them for their heroic and divine martial arts .....

The moment Lin Hao and Jun Wu Regret raised their heads, the hundred innate masters also released their terrifying martial aura, and in that instant, in the sky of China, there was a sky-rushing aura, of which the head Lin Hao and Jun Wu Regret's was climbing, reflecting the whole sky .....

The first of these was the return of the man who had been worried for so long, and they clutched each other's hands.

Lin Hao and Jun Wu Ren's purpose had been achieved, and after glancing at each other, they withdrew their auras, and the hundreds of Ascended Masters present withdrew their auras.

Lin Hao took a step forward and took a deep breath before saying, 'The Eastern Japan Shinobi Ancestor is dead! The Eastern Ying Ninja Alliance no longer has the existence of Saint Shinobi, from now on, Eastern Ying is no longer a threat to us!'

Jun Wu Ren also stepped forward and nodded heavily, 'From ancient times to the present, this tiny little land of Eastern Ying has always coveted the vast territory of our China, so this time I will work with Brother Lin to take care of them!'

'? Yi Yi Shan zero love steak Shan? Good.' Hundreds of Ascended Masters, drank at the same time, these two words, made them incomparably painful!

The Eastern Ying Ninja Alliance, who had repeatedly invaded China behind our backs, were cruel and despicable, and now that Lin Hao and even Jun Wu Ren had killed off all of their high-end forces, I was afraid that in a hundred years, the Eastern Ying Ninjas would never dare to set foot on top of China's land again.

'Seniors, now that Cang is dead and the Eastern Ying Ninja Alliance's holy ninjas have been killed off, it can be said that the external and internal problems have been solved together, and going forward, the development of the martial arts world can pick up pace. After all, the foreign enemies that covet us are not just this bullet point in Eastern Japan.' Jun Wuhuo said as he looked at the crowd, his eyes steadfast and his words powerful.

Lin Hao looked towards Shen Xiyan who had already turned into tears in the middle of the crowd, and couldn't help but feel his heart gripping pain as Shen Xiyan looked at Lin Hao's face which was still a little weak, and once again his heart ached.

But seeing that Lin Hao had taken off his mask, after his previous pale and withered appearance disappeared, he turned into his own handsome and imposing gaijin husband Lin Hao before, with tears at the corners of his eyes, but with a smile on his cheeks.

This supreme glory, the admiration of these hundred innate sectarians, all belonged to her husband, she felt incomparably happy, incomparably proud, so much that she wanted to rush up and hug Lin Hao ..... never to be separated again .....

No one knows how worried she was about Lin Hao all these days, she was remembering every moment the little bits and pieces between the two of them, and every time she thought of the touching and moving moments of the past, she couldn't help but shed tears .....

'Good!' The hundred Xiantian patriarchs once again drank, with Cang dead and Eastern Ying extinguished, it was indeed time for them to develop and develop their own martial arts community. After all, Eastern Ying is only a bullet point, but there are still places like Western Europe and North America that still exist, and they also covet the ancestral dragon that is China.

When Jiu Tian Xuan saw that Lin Hao had only sustained some injuries, his heart, which had been on edge, was relieved, and at the same time, seeing Lin Hao's vast and magnificent aura just now, he heartily felt for him. But when he saw that Lin Hao's eyes were full of Shen Xiyan, for some reason, his heart ached a little .....

The first of these is the one that is the most important to the people of the world.

The banquet of 100 masters to discuss the future development trend of the martial arts world is a grand event in the martial arts world of China, only once in a thousand years. And this time it was all because of that man, his name was Lin Hao! If he hadn't killed Cang, if he hadn't gone to the East to save Jun Wu Ren, if he hadn't been so powerful that he had killed all the holy ninjas of the East Japan Ninja Alliance, I'm afraid these old bones of theirs would have had to run to the East. He was a Gaijin! The supreme Gaijin!

## Chapter 956

The hundred Xiantian masters behind them also exclaimed, 'The Chinese martial arts world has a successor, so why should the Chinese martial arts world not be prosperous?'

Amongst the crowd of priests, someone shouted, 'Today's event is so exciting, we are not only discussing the future prosperity of the martial arts world, but also congratulating our two future stars!'

'Yes, young heroes, there is no need for us old bones to put on airs, they are the ones who will lead this turning point in the prosperity of the martial arts world!' The Second Elder of the Nine Heavens Sect shouted in response.

At once there was a lively discussion among the crowd as you said one thing and I said another .....

The Peace Hotel in Tianhai cleared its customers that day.

The Peace Hotel, which had been open for over a hundred years, was a famous hotel in the eye a hundred years ago, catering to the rich and powerful. This was the first time that this century-old hotel had been cleared of customers, which led to speculation among the people present that there must have been some kind of a big deal. The magnificent Peace Hotel was empty at the moment, without a single guest, but it was about to receive the greatest glory in its 100-year history, and this was its moment of glory.

After all, the Peace Hotel in Tianhai is so famous that since its opening, such a phenomenon of clear customers has never existed, and now that it has invited customers, it is enough to stir up

the whole Yanping. Instead of being annoyed, the guests eating inside the hotel all stood outside the door, waiting to see what kind of guests the Peace Hotel would welcome, and even called their friends to come over and watch...

‘You guys say, in the end, what kind of people can make us eat halfway to be kicked out, and look at so many people present there is no shortage of rich bigwigs in power, this thing they seem to have no complaints at all .....’ said a bigwig worth billions looking at Lin Hao and his group, incomparably shocked.

Beside him was also the boss of a certain group in Tianhai City, swallowing his saliva and looking at Lin Hao and the others, ‘I don’t know either, I just heard that the entire Tianhai Lin family seems to be out in full force!’

‘Hiss!’ The big man worth billions instantly sucked in a breath of cold air, the Tianhai Lin family is one of the three great families of Yanjing, could this group of people be? Intended to love Shan Ai Wu Wu Xi? The Lin family invited them here? All the members of the Lin family are out, this ..... is too shocking .....

‘Could it be the legendary Lin family head...’

Inside the Peace Hotel, the boss behind the scenes personally manipulated the knife and roared at the chefs behind him, ‘All of you take me seriously, this time the character who came does not even dare to offend me!’

The top chefs in the room were all intimidated by the boss today, after all, they had met a once-in-a-century guest today, and the boss of the Peace Hotel was personally cooking the dishes? What kind of a person is this honour? After all, this boss of his own has not been at the helm of a

spoon since he took over as the owner of the last Peace Hotel, and a character like him does not need to be at the helm at all anymore, not that he cooks badly of course, not only is it not bad cooking, it is quite delicious.

He was the man who had once spooned a state banquet! Could it be that the legendary Lin family head had arrived? Heh, after all, people from one of the four great clans of Tianhai before had come over for dinner, but of course the so-called four great clans of Tianhai had been removed by two of that Mr Lin Hao of the Lin family, but it was they who had come, and the owner wouldn't have cooked personally.

And now look at the way he carefully cut vegetables, and from time to time have to stroke his forehead, that bean beads of sweat, wipe not clean, in a constant stream of emergence, the other cooks who were already shocked, suddenly more serious treatment up, completely do not dare to have the slightest error, the boss are afraid into this, they can still have what is not in awe of the heart .....

The first time, outside of the Peace Hotel and on both sides of the Peace Road, hundreds of luxury cars were parked, and all of the limited edition luxury cars were parked in every way, while the owners were all standing by their cars, not in their usual fop posture, all equally staring at the end of the Peace Road, expecting to see what kind of person was making such a big splash.

Finally, Lin Hao and Jun Wu Ren as well as the Hundred Great Western Ascended Masters appeared at the end of the Peace Road .....

This was a group of people whose aura made people feel oppressed, and just by looking at them from afar, their hearts couldn't help but tremble. They all don't understand why just looking at this group of people, their legs can't help but tremble, and this group of people, in addition to the two former people leading the group, most of the people behind them are even more crane-haired,

child-like figures, some of them are walking on the street, if they fall down, no one dares to assist the existence of .....

‘That’s, ah, that’s rounding up rounding up the peak master, my grandfather said he is the contemporary Buddha...’

‘That’s the Taoist master on Taihang Mountain, back in the day we my father went up to the mountain to burn incense for Taoism, my father respected him greatly and said he was an unearthly divine figure...’

‘That’s...’

.....

The crowd from time to time, because this group of people, as if they are all unearthly godly figures, now the sky and the north of the great unearthly figures gathered here again, this is the supreme glory ah, no wonder the peace road are to clear the guests.

But who are the two young men in the lead? Why did their aura feel a little more terrifying than that of the elderly gods behind them?

## **Super Son-in-law Chapter 957-958**

### Chapter 957

The night, the peace hotel banquet, lively, outside the hotel luxury cars all flashing lights, more countless rich second generation gnawing bread carrying red wine bottle obsessed with looking at

the peace hotel within, including some of the power rich big brother figures, just look at the door of the Lin family and Jun family combat sequence, and did not dare to force the meaning of intrusion, just a strong peek, look inside, want to make friends with the big people inside, as long as they can be able to make acquaintance with one of the characters, the future of their own can be more brilliant than now .....

The thing that rectified the martial arts world Lin Hao did not have too much direct involvement, but also did not sweep away the interest of the hundred innate patriarchs present, followed them after drinking until the dispersal, Lin Hao only left.

Bai Hu, who had entered the venue, looked at Lin Hao's urgent appearance and joked, 'Lin family master, is this a rush to see Xiyan? You don't know how much Xiyan missed you in your absence .....

When he heard Xiyan's name, Lin Hao couldn't help but think of the Shen Xiyan he saw today, and the longing in his heart intensified. He wanted to run directly to Shen Xiyan and hug her properly, but after thinking about it, he said with a smile, 'Isn't sister-in-law also rushing to see Brother Jun?'

Women are women after all, no matter how tough they are, they will be shy when they are in the presence of a woman.

Lin Hao laughed loudly and left straight away.

The Lin family combat sequence outside the door had already parked the car at the entrance, and when Lin Hao got in, he went straight to Shen Xiyan's place. Shen Xiyan's residence in Tianhai is very safe, thanks to the protection and arrangements of Night One and Mo Tianji. Lin Hao's heart

was touched, now that he and Jun Wuhuo have returned safely, and Eastern Ying has been destroyed, I think the marriage between my sister and Mo Tianji, and the marriage between Night One and Gu Yue, can be held .....

Wang Shufen learned that Lin Xiyan had arrived in Tianhai, and also followed to come. The fact that she knows exactly how Shen Xiyan's physical condition is, although her body functions are recovering, but always gives her a feeling that she will suddenly pass away, which makes her somewhat impervious. The actual fact is that you can find a lot of people who are not only in the market, but also in the marketplace. Love Lu Pai Xi Zero Lu Er Dye? The actual fact is that you can find a lot of people who are not able to get to know you. The actual fact is that you will be able to get a lot more than just a few of these.

The actual kitchen is a great place to cook and wait for your husband's return, but Wang Shufen wanted to go up and share the burden for Shen Xiyan, but she was rejected by Shen Xiyan early on, who said she wanted to cook for Lin Hao herself and wait for him to come over for dinner. Wang Shufen secretly said her daughter was so silly, but the loving couple is not such a person, only this couple is the people who have a hard life, in thinking about what they did before, Wang Shufen again some self-condemnation up.

'Mom .....

'Lin Hao shouted when he saw Wang Shufen.

'Eh.' Wang Shufen hurriedly responded, this was her good son-in-law, he had finally come back.

Shen Xiyan, who was cooking a dish in the kitchen, heard Lin Hao's voice and her hand, which was turning the spoon, trembled gently inside. When she was about to turn around, Lin Hao had already encircled her from behind .....

‘Xiyan, I miss you so much.’ After experiencing the black-pupil Lin Hao, and seeing that illusory world in the ancient prison of Eastern Japan, as well as a woman exactly like Xiyan, Lin Hao’s heart’s ten thousand emotions, at such a moment, all cried out, he hugged Shen Xiyan hard, hating to rub himself into Shen Xiyan’s body.

Shen Xi Yan’s body trembled lightly, they had experienced too much, loving each other, but tormenting each other, how she wanted this to be the last time to torment each other. ‘Honey, I miss you so much too, this time, let’s never be apart again, okay?’ Said Shen Xiyan tears, past events a scene, Lin Hao determined to say divorce look, he wears a mask afraid to take off the look .....

‘Never separate again, never again.’ Lin Hao hurriedly replied, he didn’t know how many times this was the first time he said such a thing, but he could guarantee that it was definitely the last time. Because, it was all over, it was all over, it was just that this cost was too much, father, grandfather, grandmother, Dao Yi, Zi Fei .....

## Chapter 958

‘Mmm.’ Shen Xiyan grabbed Lin Hao’s hand, her head rubbed hard in Lin Hao’s arms, feeling Lin Hao’s body temperature personally, she didn’t think it was her dream, she had been afraid to fall asleep these days, because she was afraid of waking up and hearing news about Lin Hao, she was afraid, afraid of accidentally hearing a bad news .....

Wang Shufen looked at her daughter and son-in-law, her heart happy bad, this is a happy couple, but looking at the time, this is also not early, she whispered, ‘Xiyan ah, Lin Hao may not have eaten much dinner outside socializing, you let Lin Hao eat some food, then you go back to your room to rest.’

When she heard that she was going to her room to rest, Shen Xi Yan obviously felt the change in Lin Hao's body breath, a burning sensation came through, Shen Xi Yan's face turned red and she squirmed and tried to push Lin Hao away.

‘Honey, mum is right, you should eat some rice first, then .....’ Shen Xi Yan said shyly.

Lin Hao smiled heatedly, ‘And then, then what .....’

Shen Xiyan was anxious, after pushing Lin Hao away, she didn't flee inside the room and close the door, but went to serve Lin Hao a bowl of rice, ‘Honey, these are all your favorite dishes that I cooked for you.’

‘Xiyan, it's so good to have you.’ Lin Hao was very moved, picking up his chopsticks and taking a bite of the dish, he began to pick up the rice, Shen Xiyan sat in front of Lin Hao, propping her chin up, incomparably happy and sweet.

The corners of Wang Shufen's mouth were full of smiles as she closed the door and leaned against the door of her room, murmuring, ‘Convinced, our daughter is now living a very good life, a very happy life.’

After Lin Hao ate two bowls of rice in a row, Shen Xiyan got a little anxious and pouted, ‘Why are you like a hungry ghost, you can't eat any more, if you eat any more you'll break your stomach.’

Feeling Shen Xiyan's worry, Lin Hao didn't put down his bowls and chopsticks, but he smiled heatedly and said meaningfully, 'If I don't eat more, I'll run out of stamina later on.'

'Aiya~' Shen Xi Yan exclaimed and covered her face as she returned to her room, although the two had been a couple for so long, she was still a little shy to say these words so blatantly.

'Hahahaha .....

Shen Xiyan at the door of the room was even more embarrassed when she heard Lin Hao's haha laughter, but her heart was incomparably happy because she felt that it was all like that first night they had, that wonderful .....

After eating another bowl of rice, Lin Hao hurriedly rushed towards the master bedroom, and when he pushed the door open, he found that it was pitch black inside, but of course for Lin Hao, who was so strong nowadays, he could see just as clearly with the lights off as without them.

'Wife, are you asleep?' Lin Hao asked in a pretend whisper, after waiting for a second, there was no answer sound, after five seconds, there was still no answer sound .....

A minute later, Lin Hao deliberately then asked, 'Wife, are you asleep?'

She was then more relieved that Lin Hao's mind had not become bad because of these things, and her heart was relieved.

'Honey, I haven't slept yet...' said Shen Xiyan pretending to be angry, only the next moment, a dark shadow pressed up, she only felt her lips being blocked, 'Well .....

Three minutes later, Shen Xiyan shyly squirmed Lin Hao, ‘I almost couldn’t breathe~’

‘Mmm~’ before she could finish her sentence, she was blocked by Lin Hao again .....

The couple had tossed and turned for a long time, and Wang Shufen, who had gone out after talking to Leng Qiuya for more than two hours, couldn’t help but blush with her old face after hearing the east realm inside their room, and immediately ran to her room again after hurriedly using the toilet.

‘Qiu Ya ah, you don’t have to worry about Hao’er and Xiyan’s relationship, I’m afraid it won’t be long before we can hold a grandchild.’ Wang Shufen said heatedly, she was a person who had come over and said that there was absolutely no need to avoid suspicion about such things, and that it was her good son-in-law and daughter again, and she was not forgetting to be very joyful when she said it.

After hearing this, Leng Qiuya said with immense joy, ‘That would be great.’ She felt deeply self-condemned for not being able to come over here, but hearing Wang Shufen say this, the biggest worry in her heart was completely put down.

## Super Son-in-law Chapter 959-960

### Chapter 959

The two tossed and turned for a long time, the next morning at 10 o’clock before gradually waking up, Shen Xiyan full of red face looking at the sleepy Lin Hao, the heart is like stuffed with honey, such quiet time, they are too difficult to get. Thinking back on the two of them, divorced and remarried, divorced and remarried again, now all that remains is moving .....

Lin Hao actually woke up a long time ago, he just didn't want to break such a beautiful side. He felt Shen Xiyan's breath and his heart was content, killing Cang because Cang had killed many people in his family, his father, grandfather, grandmother ..... and later had to kill Shen Xiyan, which he absolutely could not accept, so he could only pay whatever it took to hunt Cang down and kill him. Kill Zu because Jun Wu Ren in order to get medicine for him, deep in the eastern ninja alliance siege, himself and had to go to the reason. However, now no longer because of such external objects bothered ..... them husband and wife to live a sweet and beautiful life .....

'Wife you've been looking at me all morning, do you still want it?' Lin Hao spoke, remembering the madness of last night, a smug smile appeared on Lin Hao's face.

'Don't, don't .....' Shen Xi Yan panicked and detached herself from Lin Hao, but was still grabbed by his wrist and gently yanked into his arms, then said with a bad smile.

'A woman saying no means yes, since you want it, then hubby can only reluctantly work on it.'

'Ah, don't ah, it's early in the morning, mum will hear.' Shen Xiyan was greatly ashamed, this daytime to do such a humiliating thing, although her mouth said refused, but her body is still very honest .....

The first thing you need to do is to get a good idea of what you're doing. Qiu Ya will also be happy for you, if only you could have a big fat boy.

Last night he was talking to Leng Qiuya about children. They both love children very much, only because of this period of time? Close zero zero zero er dyed? What happened in between made the two of them bad to rush, now is not a good time, they are ready to give Shen Xiyan to do ideological work .....

After twelve o'clock, Wang Shufen heated up and heated up the dishes, and when she looked up she saw Shen Xiyan walking out with a red face and a cloak of hair, but even so, Shen Xiyan's stunning red face, on top of this shy red, looked even more attractive, Wang Shufen couldn't help but look at it twice more.

'The first thing I did was to say that I was embarrassed by Wang Shufen's look, and I thought that Wang Shufen had been in the hall and would have heard something, so I vainly tried to explain.

The actual fact is that you can find a lot of people who have been in the business for a long time. There is no hiding the fact that the two couples have been fussing all night and all morning.

Lin Hao, who was following Shen Xiyan, heard this sentence and once again let out a big laugh, looking at Shen Xiyan running into the bathroom in embarrassment, his gaze still in a state of obsession. He actually wanted to go in, but his mother was outside, but even if she wasn't outside, I'm afraid Shen Xi Yan wouldn't agree to let him in.

After Lin Hao Shen Xi Yan had finished washing up, Wang Shu Fen served Lin Hao a bowl of chicken soup, 'Good son-in-law, you should drink more to replenish your nutrition.' Wang Shufen, as a person who had been there before, knew that Lin Hao must be tired, so she gave the first bowl directly to Lin Hao, causing Shen Xi Yan's expression to pretend to be unhappy.

She was very happy now, it had been a long time since the three of them had eaten breakfast like this, the appearance of Cang, the matter of the Gong family Leng family and so on, made Lin Hao busy, she was afraid that Lin Hao would not be able to bear such pressure, she was thinking at that time, if Lin Hao could not bear it anymore, she would follow Lin Hao and go .....

After Lin Hao took the chicken soup, he intimately handed it to Shen Xiyan, 'Wife, you drink first, you are more tired.' After saying that the corners of his mouth showed a smug smile, looking at Shen Xiyan big shy embarrassed up, after lowering his head to take the chicken soup bowl, under the table, gently kicked Lin Hao, very small hard kick, she was afraid of kicking Lin Hao pain. She treasured every moment of the present beyond measure, not wanting to delay a single one.

Lin Hao hemmed and hawed, the two of them had been too crazy last night. It caused his own body to look a little deflated for being so strong, but he couldn't wait for every day to go on like this, to be with Shen Xiyan every day.

'Mom, the soup you made is so delicious, I want another bowl.' Lin Hao said to Wang Shufen after taking a big gulp of the bowl of chicken soup.

'Good, drink a few more bowls, drink a few more bowls, give me and Qiu Ya a big fat boy sooner, then we will bring you the baby.' Wang Shufen took the soup bowl and seriously served the soup up, the more Lin Hao drank, the better his body was, so he directly said what he had discussed with Qiu Ya, and looked at the couple's expressions after he finished .....

Chapter 960

Shen Xiyan, who had already lowered her head, lowered her head again, like an untouched little girl who had heard something that made her feel so delicate and overstepped her bounds. She hadn't

expected Wang Shufen to bring up this topic either, but her afterglow was fixed on Lin Hao, she was eager for the two of them to have a child of their own in this current situation.

After eating, Shen Xiyan and Lin Hao went for a walk in the lakeside park, feeling the beauty of nature, the two were close, Shen Xiyan held Lin Hao's hand for dear life, as if she was afraid that Lin Hao would leave her again in the next moment, such sweet and quiet moments were rare. The sunshine is wonderful, green plants cover the ground, everywhere overflowing with sweet beauty .....

'Honey, do you know what I used to want to do most with you?' Lin Hao looked at the green leaves and red flowers and remembered the flowers and plants planted on the campus when he was in high school. At that time, he thought that it would be great if he could walk arm-in-arm with Shen Xiyan every day after dinner .....

Shen Xiyan looked at Lin Hao, full of sweet smile looking at Lin Hao's handsome face, she now does not know why there is not a bit of resistance to this face, her husband is also one of the four great families of Yanjing, the head of the Lin family, and is the world of the world, the thought of this kind of character is her husband, and think of just met herself, to him .....

'What is it.' Lin Hao once told her something about high school while walking with her in the park, and it was then that she learned that Lin Hao had originally liked her so early on, and now that Lin Hao was talking about his good wishes, Shen Xiyan listened with immense care, afraid of missing a word.

'It's to be with you every day, to be able to walk with you after every breakfast, lunch and dinner.' Lin Hao looked at Shen Xiyan with a sincere expression.

Faced with Lin Hao's sincere confession, Shen Xiyan was a bit taken aback. Although they had been separated several times, such things as being moved would always exist. She knew how much Lin Hao liked her, and how much she liked Lin Hao Lin Hao also knew, but knowing is knowing, saying it is another matter .....

'Honey, I'm not just beside you now, I'll be with you forever and ever, I'll never be apart from you again, I...love you, I really, really love you.' Shen Xiyan wrapped her arms around Lin Hao's waist and said with a happy expression.

Lin Hao rubbed Shen Xi Yan's head intimately, 'I love you too, very, very much.' He then kissed Shen Xiyan deeply on the lips.

'Mmm .....

It took a long time before they separated.

Shen Xi Yan pulled Lin Hao to the park bench, she lay on top of Lin Hao's lap, looking at Lin Hao's handsome and very handsome chin, his eyelashes were long, his eyes were hot, he was equally very, very handsome, the thought of such a man being her husband made Shen Xi Yan's face a little blush, Lin Hao pinched her cheeks.

In a soft, doting voice, he asked, 'Are you thinking of something bad again?'

Shen Xiyan gently hit a Lin Hao, 'No ..... no .....? er yi fushan er shan wu zero?'

'Wife, now there are no more difficulties standing in our way, I am ready to hold a grand wedding for my sister and Mo Tianji, or is there Night One and Gu Yue.' Lin Hao's eyes had gratitude and blessings inside, Night One had been born and died for him many times, Mo Tianji had always helped him, and there was his sister, thinking of his sister, Lin Hao felt that this wedding must be made more grand.

Shen Xiyan's eyes lit up, his sister and Gu Yue should indeed waist married, if not for so many things happening over these times, I'm afraid the marriage would have already been completed. When she thought that her best friend Gu Yue was finally going to complete her big event in life, Shen Xiyan was sincerely happy for her and wished her well, and even a trace of envy came out of her eyes. Just when she heard about the grand wedding, she couldn't help but look at Lin Hao twice more, their own wedding would have all kinds of problems every time .....

'Good, good, sister and Gu Yue can finally get married, when the time comes I will definitely design the best wedding dress for them.' Shen Xiyan said happily, she was the number one beautiful designer in Tianhai, her sister and her best friend's wedding dress, naturally she had to handle it herself.

Lin Hao scratched Shen Xiyan's nose and smiled lightly, the envy inside Shen Xiyan just now Lin Hao saw clearly, only in order to let Shen Xiyan feel the surprise then, Lin Hao did not say, this wedding, not only sister Lin Qingcheng and Mo Tianji, Night One and Gu Yue, there will be himself, there may be other people .....

After saying goodbye to the hundred innate patriarchs, Jun Wu Regret finally put down all the work in his hands, and behind him has been silently standing white tiger Hou Yijun eyes inside from the previous awe, to some admiration, he is one of the two world's most powerful heavenly pride, he cleansed China for thousands of years the roots of the Eastern Ying ninja to come, of course Jun Wu Regret talked to the hundred innate patriarchs before said that the biggest credit in

this is Lin Hao, his own promotion to Grand Master is also Lin Hao's generosity, is the use of the Dao fruit of the ancestors .....

But this cannot deny what Jun Wu Regret has done for the Chinese martial arts community.

Jun Wu Regret's straight body stood up from his chair, the serious firm and determined gaze that had been radiating out before became softer as he looked at Hou Yijun .....
