

Super Son-in-law Chapter 991-1000

Chapter 991

‘Daddy, I’m fine, they’ve been good to me.’ Jenny’s weak voice shouted, after these words, the metallic voice came back, ‘Take her down.’

After hearing Jenny’s words, Chen Shanshan couldn’t help but be surprised, wasn’t Jenny too kind, these were all kidnappers, she actually said they were very nice to her.

Mu Chen was also amazed at Jenny’s kindness, she was too kind, didn’t God even favour her with such a woman?

The woman sniffed and sobbed, ‘Bob, I miss Jenny so much, please you must bring Jenny back. Jenny is so kind and so sweet, why is this’

Old Bob couldn’t help but be upset, but still answered to the other end of the phone, ‘On the plane that’s coming in, should be there in the early morning. I just don’t know how to find you guys by then.’ Last time, the other party just said that they would ask Lin Hao to come over and meet them at the place they specified, no, it was a change to get Jenny back, but apparently the place they gave last time was wrong because Old Bob had invited someone over himself and the chance of his own invitation was killed, but they hadn’t even met Jenny face to face, so he could be sure that the place given last time was wrong.

‘The old aristocrats being the old aristocrats, have taken it upon themselves to try out the fake address we gave, which of course we expected beforehand. Our boss was furious about it, but since he was about to meet Lin, the boss had to swallow that anger. The location was inside the ruins of the city’s suburb of No. 8, but of course you could have asked the killer to come and try

again, but it would have been the same, but there would have been no return. A killer? The average assassin is nothing more than a piece of shit in our eyes. Unless you can find a higher level of assassin, such as the Black Scorpions, who have been destroyed.’ He replied, his tone contemptuous, not putting too much stock in the fact that Old Bob had invited someone over to test the waters, and was even advising Old Bob.

One could tell that they were rampant, extremely rampant.

‘What! The Black Scorpion!’ Old Bob let out a cry of horror, the Black Scorpions had a great reputation and it was difficult for the general public to reach them. But they knew about this terrifying organisation.

At the same time, they were shocked once again, the Black Scorpions were exterminated, who was so terrifying? Even the Black Scorpion could be exterminated? It had reigned for a long time, his friend had colluded with the Black Scorpion many times, and in all those times, it had never failed, and now it had been exterminated, so how powerful did the other party have to be to do that?

‘Hey, it’s the Black Scorpions. But they’re history, most of the people under their hands at the same time have come to our side, following my boss to eat and drink, you can call us the new Black Scorpions, when? You can call us the new Black Scorpions, when? However we don’t like that name, we like to be called Orcs. Yes, you heard right, Orcs, hehehe, the mysterious Orcs.’ The man went on.

Just old Bob listened with inward horror, Orcs, mysterious Orcs! The ancient East had martial arts, the East had ninjas, and they had Orcs in Western Europe! Terrible Orcs, Orcs with the power of beasts. They’re all out? Will Jenny be in danger? Would Rin be able to sort it out? Old Bob grew more and more worried.

‘Bob!’ The woman gave a horrified cry.

A contemptuous sneer came from over there, ‘Remember, if Lin doesn’t come, I can’t say what will happen to your daughter, after all, we’re all a bunch of sewer scumbags, and there’s no way she would have said the line about us being nice to her if the boss hadn’t stopped it. Hey, hey, old Bob, you should know the character of our group.’ With that the phone simply hung up.

‘I know, I know.’ At this moment, Old Bob was already starting to get a little uncomfortable, the Orcs were involved in this, and this was simply a kick in the teeth for him.

‘Don’t panic, don’t panic, focus on etiquette.’ Old Bob said this, but his own breath was extremely unsteady, and it was clearly evident that he could see that he was in fear.

Chen Shanshan was a little surprised at the change in Old Bob’s demeanour, he was the one who owned the castle, and having spent a lot of time in the West, he found that the rich people here paid a lot of attention to their gestures, always putting on a gentlemanly display, and always prided themselves on being aristocrats, no matter when or where they were.

Chapter 992

Chen Shanshan opened her mouth and asked, ‘Is there some kind of difficulty?’

Old Bob nodded and shook his head, he didn’t know how to tell Chen Shanshan, he could see that Chen Shanshan was quite concerned about this Lin Hao, in the end he chose not to explain

but said softly, 'It's not a big difficulty, Mr. Lin can solve it, after all, Mr. Lin has already solved it once.'

'Oh, oh' Chen Shanshan nodded not really convinced, she didn't have the power to choose, she was able to come over today because she was invited by Old Bob, the purpose was to wait for Lin Hao's arrival, not for her to be involved in any decision making, of course, she knew in her own heart that along with Mu Chen she was also called over in the same way.

'You guys go down and rest for a while.' Old Bob calmed his wife and told her not to speak, while shouting to the official at his side, 'Take them to rest and rest.'

'Yes milord.' The official answered and went down with the two men, his face not looking too good either, cherishing the fact that he had grown up watching, a good angel, a daughter of God's favour, only to meet that Oriental Lin and then have problems one after another, for example, being kidnapped twice in a row, which was unbelievable, and in Oriental terms, a spoilsport.

'After you two enter the guest room, don't touch anything, every single thing is hundreds of years old, if you touch it and break it, you can't afford to pay for it!' The official grunted as he hated Chen Shanshan along with Mu Chen.

'Okay sir.' There was also some haze on Mu Chen's sunny face, and he could hear that the butler's tone wasn't friendly.

'You got too excited just now! What if Chen knows that the horrible Orcs exist and she calls Lin? Won't our daughter be saved?' Old Bob asked rebuked, just now he sensed that Chen Shanshan was ready to get to the bottom of the matter, if he hadn't interrupted in time, I'm afraid Chen Shanshan would have made a private contact and told Lin Hao not to come.

After all, the Black Scorpion organisation was too terrifying, he didn't believe Lin Hao would be able to solve these people, he needed powerful killers, even more powerful killers. Then let Lin Hao assist them in rescuing his daughter. Of course the prerequisite here was that Lin Hao had to be there on the spot, otherwise the other side would tear the ticket. This was also the request the other party had been making.

He felt like he should have actually thought of the Orcs making an appearance in the first place, he was a little chagrined

'Bob! Lin going over there is a death sentence! That's an Orc!' The woman stuck to her principles, her white-wrinkled face stubborn.

'Shut up! You are too willful! Don't you want to see your daughter? Besides, this is all because of the trouble Lin has caused, and he must settle it. Of course, I know that this is what happened to Jenny herself, but I have only one precious daughter and I don't want to lose her. Besides, Lin would have said yes!' Bob shouted angrily, angry that his wife didn't want to save his daughter, he was too angry.

'Bob! I want my daughter but, but I don't want to see Lin go and die we are sorry

the woman said as she bowed her head and cried.

From what could be heard from the two of them talking, they thought that once Lin Hao went, he would be going to his death. How to say, or because the Orcs are too terrifying can not, look at this rich man who is worth three billion euros, are afraid of so, you can imagine the horror of the Orcs.

And with the addition of the Black Scorpion, one Black Scorpion makes a man lose his breath. Two together, he can't even bear

'It's okay, I'll give his family lots and lots of money when the time comes, and I'll even gift this castle to him. It's a castle with a curse on it.' Old Bob looked at the castle that had been passed down from his ancestors and said without a hint of concern, as if he thought the castle was, well, worthless.

'That's fine

the woman stopped crying and also forgot about the castle, her eyes ? er whisked zero west dyed Luwu ground ? God inside does not like this castle, even with a hint of dislike.

'And, I will also get Tobon together. You know Tobin, he's a scary killer with a bunch of desperate henchmen. I'll give him plenty of money too, and although I know that it's a bad thing to look for him, you know that we probably couldn't have found a better alternative to Tobin

Chapter 993

The woman fell into silence and finally could only nod her head in acquiescence to this choice. Tobin was a ten-faced bastard, a demon, with countless outlaws under his command. They were a bunch of scumbags who only recognized money, but they were strong, so strong that they were willing to take on even Orcs if they offered money, but of course it was no longer as simple as offering money when facing Orcs

These guys have no bottom line, asking them for help is like being in the company of a tiger

‘Lauren help me contact Tobin.’ Old Bob ordered again to the butler who had placed Chen Shanshan and Mu Chen.

‘Master, do you really need to find Tobong?’ Butler Lauren’s eyes went wide and her face rose in alarm. Looking for Tobong? Was there really no other option? Even if we got the young lady out, our own family would still have to shed their skin by then, it was true that no one in the East could be trusted, blame the damned Orientals, ‘Is there nothing else we can do? Can’t we find someone else?’

‘No one will take over, there’s already a bunch of dead killers. And even if we hired the usual assassin mercenaries to go over there, it wouldn’t mean much except to get killed as well as pissing off the other side’ Old Bob cried.

Lauren’s eyes showed a great deal of sadness, yes, a group of killers had died, or he had gone to find them. This batch of killers and they were still strong, unfortunately even the message delivered back only had a few angry words: bastards, you are just sending us to our deaths, they are too strong

‘I’ll go to Tobin then.’ Lauren said.

After Lauren got the satellite phone out and dialed a mysterious number, a death-like voice came from inside.

‘One hundred thousand for a millionaire’s head, a million for a millionaire’s head, a billion for a billionaire, depending on the other side’s situation pricing. If it’s a gang power sparring, look at the casualties’

‘What kind of business do you need to find us? To kill one person, or to kill a family on the other side?’ The voice then inquired, sounding even colder, as if human life was the same as ants inside their eyes

Lauren did not like this kind of questioning, they took human life too seriously, it was as if they only had money in their eyes, this was a very bottomless organization. It was frightening to be in business with them.

‘What we need is help to save lives.’ Old Bob said with a not-so-great look.

‘I know, kidnapers, kill them all, won’t that be the same as saving people? Don’t worry, the money will be counted according to the head count when the time comes. My code name is Ghost Nine, I will communicate with you guys on the follow-up.’ Ghost Nine said, his name was a bit oriental, but he didn’t explain to Bob why he was called Ghost Nine as a code name

Hearing Ghost Nine’s words, old Bob’s eyelids jumped, ‘Good, good. Where do we meet then?’

‘Meet you at container number three in the Garonne River.’ Ghost Nine’s icy voice continued.

The Garonne River was the mother river of Toulouse, and Toulouse was one of the four major cities in Country F, one of the top cities in the south.

After the phone call hung up, Old Bob looked at the time, the time before Lin Hao's arrival? Shan Shan Xi Xi Shan Zai Zero? He had only three hours to go, and he had to get the rescue sorted out with Tobin within those three hours, otherwise the chances of getting Jenny out were nil.

Bob had completely lost faith in Lin Hao, the mysterious Oriental, after he knew that the other side had Orc strength, so he pinned his hopes entirely on the Topang power gang, thus hoping all the more that Lin Hao would come slower or more slowly, because only then would he have more time to negotiate with the Topang power gang.

Super Son-in-law Chapter 994-996

Chapter 994

'My lord, the Garonne River is at least an hour's drive away. If we stayed in the city we could get there in twenty or thirty minutes, but if we stayed at the castle, the journey would have to be considerably longer, and that's taking out the contingency of no traffic' Lauren began to worry when she heard that she was going to meet Container Three in the Garonne River. As he said, they were all staying inside the castle this time for the safety of their own families, and while the castle was safe, it was on the outskirts and further away from the Garonne River.

'I know, Lauren, but we don't have a choice, do we?' Old Bob spoke to his butler, he had no idea how much time it would take, but he had no choice, and he couldn't take Lauren with him because Lauren had to be at home to look after Mu Chen and Chen Shanshan, and also so that he couldn't talk to the Topanga in three hours and delay his meeting with Lin Hao, so Lauren had to stay and wait for Lin Hao's arrival.

Once Lin Hao arrives, they communicate on the phone and ask Lauren to bring Lin Hao to meet up with them. The rendezvous here refers to the people who came out from the Topaz forces after Old Bob had negotiated to work with the Topaz forces gang.

‘Master, I’ll go with you’ Lauren said this but there was still resistance in his heart, he had been with Bob for a long time and had dealt with many problems but all the problems he had encountered, all of them, were not as scary as this Topanga, so if he had a choice he would rather not go

Seeing the refusal Lauren was showing, why wasn’t Bob just as scared, except that he had no choice in order to save his daughter, Bob said, ‘Lauren, you wait inside the castle for Lin’s arrival. If I’m not back in three hours, then we’ll meet at my scheduled location in three hours. All you have to do is take Lin Hao with you as you go forward’

Lauren smiled and his whole face showed joy, this was something he couldn’t wait for, after all, then he wouldn’t have to risk his life, but he still put on a sad face, ‘My lord, I really want to go with you, but I have to wait for that Oriental, I can’t help it’ said Lauren Both hands? LuLuZhiWuWuYiWu? a spread, indicating that it was helpless.

Bob’s wife suddenly spoke up and said, ‘Bob, why don’t you take Lauren with you and I’ll wait here for Lin?’

Lauren gave a frightened jolt and looked hurriedly at Bob, panic in her gut to the limit.

‘No, I’m afraid there will be too many accidents if you take Lin with you, and you can’t take care of the other two guests, can you?’ Bob whispered, euphemistically and warmly. Only this wasn’t the time to talk about love Of course, he was mainly afraid that his wife would be there by then, and there would be one more accident at that time

‘Well then, you be careful,’ the woman was deflated with bags under her eyes and low brows. She was saying she was useless and couldn’t even be of a small help at this time

‘I will, I’m off’ Bob walked away.

Sending Bob out of the gates of the castle, Lauren was incredibly happy, but also incredibly angry in his heart, if it wasn’t for that Oriental he wouldn’t have had to act so ungentlemanly in front of his lordship. Why so, because he thought that Miss met Lin Hao, and then it led out to so many problems, so many horrible problems, he even began to suspect that the first Miss kidnapping was also because of Lin Hao

Chapter 995

Lauren returned to the castle, Chen Shanshan Mu Chen also saw Bob’s departure from the window, inside the heart inside the worry increased a lot, according to the time known in advance, Lin Hao will still have three hours to arrive here, at this time Bob went out, is it to do what

The two of them were both out of the room before they whispered, ‘Two, when Mr. Lin Hao arrives, please help to persuade him to behave after he arrives and not to act rashly if he treats the people we have invited. After all, this incident is all because of him, and we don’t want to see an accident that shouldn’t happen, and you guys are equally right, right? Miss so kind person, certainly not less to help you, so I hope you can, well persuade Mr. Lin, when the time comes, do not be capricious and presumptuous’

Chen Shanshan listened with a straight frown, this Lauren was looking down on Lin Hao, which made her very unhappy, in her heart, no one could belittle Lin Hao!

Because Lin Hao is the strongest man in this world, there is no one

When Lauren saw Chen Shanshan's expression, she hummed and chided, 'What do you guys know? I've seen the strength of that Lin Hao, it's not much stronger than the mercenaries we hired here before, but what? They're all dead!'

Lauren said here paused, as if waiting for Chen Shanshan's discontented retort, only Chen Shanshan no longer had a trace of discontent written on her face, but began to worry, and even some regret

'Hmph, is it that you are starting to get scared? So you better give me peace then, I don't want to lose my life on the spot because of you damn Orientals!' Lauren said angrily.

Then he started to wipe a 9mm pistol right in front of Chen Shanshan's and Mu Chen's eyes, watching Mu Chen's heart jump, Chen Shanshan was fine, she had experienced some of it, but her eyelids jumped as well.

'Damn Lin Hao, I was about to retire and I have to run into a gun battle, what am I going to do if there's an accident? I've got a lot of money for retirement, damn it

' Lauren kept chattering.

'What was I celebrating before! I thought I'd be fine if I didn't have to go see the Topanga, but if I don't go see the Topanga, I'll have to go with the Topanga to the scene, and then there'll still be a bloodbath!' Lauren muttered, complaining and blaming herself at the same time.

Lin Hao on the plane was equally distraught, he knew nothing about Jenny's side of the story, and it was the biggest taboo not to know anything about the enemy at all.

Night glanced at the itinerary and then at the time and spoke, 'Boss, we're just over two hours away. I just got in touch with Black Dragon and he's finding time to call back

'It's a good thing there is a Black Dragon, otherwise I really don't know anything about the situation here

Lin Hao nodded, his brow was much more relaxed, and at the same time he understood about Black Dragon finding a time to call, after all, Black Dragon was lurking in Western Europe, and not coming to Western Europe in the open, so he couldn't communicate in front of others, it would be easy to reveal his identity.

A few minutes later, Black Dragon's satellite phone called in.

'Lin family master.' After hearing Lin Hao's voice, Black Dragon greeted him respectfully, and then proceeded to say directly, 'There are several power gangs in Toulouse, and the most terrifying of the local powers is Topang. This Tobon isn't the strongest, but it's definitely the most brutal, their methods are extremely cruel and also rather mysterious, not as shallow as the average person perceives them to be, and I've heard that they aren't even afraid of Orcs.'

Lin Hao listened attentively, and when he heard about the Orcs, he couldn't help but ask rhetorically, 'What are Orcs?'

'Orcs are the biochemicals of Western Europe, similar to the mechanical legions of North America.' Black Dragon was a little puzzled as to why the Lin family head did not know about the force issues in Western Europe, but still explained seriously.

Only then did Lin Hao dawn on him and continued, 'You move on to the next question about the force in Toulouse.'

‘In addition to Thobang, a new force has recently emerged locally, this force has digested all the remaining forces of the earlier Black Scorpion army, not just strong in Toulouse, even in the south of the F over is overly strong, after all, the earlier Black Scorpion was very strong ‘said the black scorpion black dragon can’t help but respect, not respect the black scorpion, but respect Lin Hao, but he knows Lin Hao exterminated the black scorpion’s main army all! What a terror that was, their troops had also encountered the Black Scorpion mercenary army on international battlefields, but they didn’t end up with anything good, a powerful group. Of course it’s all history now, and the man who made them history is on the other end of the phone

‘It looks like this should be the force? West love closed zero pick er closed intention? gang.’ Lin Hao mused, after hearing Black Scorpion, Lin Hao instantly understood that this group of people were afraid that they were here for revenge.

‘Only the difference between them and the Black Scorpions is that there are signs of Orc activity among them.’ After hesitating a little, Black Dragon spoke in a gruff tone, the Orcs and even the Biochemicals were the main force in Western Europe, they belonged to a terrifying and ancient organisation, at the same time, according to the scouting another message that Jun Wu Regret had given him, he felt that what Lin Hao needed might be within this ancient organisation, of course, Jun Wu Regret told him never to tell Lin Hao this without being absolutely sure Suspicions, after all, Jun Wu Regrets is a little afraid that Lin Hao will go straight for Shen Xiyan

Chapter 996

Jun Wu Ren still had some scruples about this organization and didn’t want to bring the Chinese martial arts community into direct fire with the biochemicals too soon

‘I don’t care who they really are, if Jenny has an accident, I’ll have them all buried with me!’ Lin Hao roared lowly, anger written all over his face.

The black dragon on the other end of the phone felt Lin Hao's terrifying aura and also trembled slightly, the Lin family master was angry, this emerging power gang, I'm afraid it will be extinguished, who are they not good enough to mess with, but to mess with Lin Hao, what a death wish! Black Dragon took three seconds of silence for them.

'Lin family master, I will rush over if I can spare myself, if I can't, please don't blame Lin family master' Black Dragon expressed his apology, but too much explanation wasn't said, explaining superfluous things to someone as powerful as Lin Hao was completely unnecessary, and he didn't need his help at all.

'It's alright, you made me happy by telling me the news, how could I blame you, I can't thank you enough.' Lin Hao said gratefully.

After hanging up the satellite phone with Black Dragon, Lin Hao then closed his eyes and cultivated his mind, he had to use these two hours to rest, the worry about the danger to Jenny on the way had caused Lin Hao to not sleep much, staying up for more than twenty hours straight, even a Grand Master couldn't do that, and all these twenty hours were in high tension.

Inside container number three in the Garonne River.

The blond man with half a white mask, the other half of his face covered in scars, some reddened scars that looked like a hideous red worm, made people feel scared to look at him, his gaze fixed on Bob with an icy killing intent, and endless greed, this was the man from the Topang gang, Ghost Nine.

‘Bob. Worth three billion euros, daughter kidnapped, knows nothing about the other side’s power group’ Ghost Nine rubbed his chin, looking at this information, and fell into thought, this information, what’s the difference between this and nothing ?

‘The other side kidnapped your daughter, must need some condition to release her, otherwise how do you ask us to rescue her, turn Toulouse over? Old Bob, are you confused? Or do you have something to hide from us!’ Ghost Nine slapped the table fiercely, a thick murderous intent enveloping him, while the bottles on the table made a clanging sound.

Bob was frightened, and with the help of the bodyguard behind him, he was able to steady his tone and spoke, ‘The location given by the other side is at the ruins of No. 8 on the outskirts of the city, but they need us to go with an Oriental, and if the Oriental doesn’t go, they will tear the ticket. So if you promise to take my order, you must wait until the orientalist arrives before you do anything, otherwise all talk is forgiven.’

‘How dare you negotiate terms with us!’ Ghost Nine bellowed angrily, dropping the vodka bottle with a thud, the strong smell of alcohol filling the air.

Bob pinched the corner of his shirt to steady himself and stared dead at Ghost Nine, who grunted, expressing his displeasure that this rich man hadn’t been intimidated by himself, damn it really

‘Ruin number eight? Isn’t that a recent stronghold of a new gang?’ Ghost Nine suddenly asked, only to then ask himself, ‘You wouldn’t know if I asked you guys. But this power gang is terrifyingly strong, so if you take your order there will definitely be less of a bad battle.’

Bob's brows knitted together in a dead frown after hearing Ghost Nine's words, did Ghost Nine mean to refuse?

'But we are always going to have a bad fight with them, why not take this opportunity to fight them properly, after all, there is such a rich man to give us a pension, it can save a good amount of money, hehehe, it is simply a very perfect thing!' Ghost Nine hemmed and hawed.

Bob smelled a hint of intrigue but could only grit his teeth and accept it, after all, his daughter was important and money was a trivial matter? Ersi whisked the ground to serve err? , even the castle could be given away, let alone the money?

'So you guys are saying yes?' Bob inquired.

'There's no meat that comes to our mouths that we don't eat, we can even pay to kill our own brothers, let alone someone else. And the other side wants to rob our territory, they simply deserve to die!' Ghost Nine grunted.

Bob was relieved that Tobin had agreed. But this group of demons were really scary, killing their own companions even, they simply didn't have any humanity

'Jenny can finally be saved.' Bob secretly said, Lin Hao is secondary, Topang is the main

No matter how strong Lin Hao was, he was only one man, compared to Topang who could take on Orcs?

Besides, was Lin Hao as strong as the Orcs? Obviously not

Super Son-in-law Chapter 997-998

Chapter 997

‘When the time comes, tell that Oriental of yours to stay out of trouble and do everything at my command.’ After taking a sip of vodka, Ghost Nine spat out his mouth full of alcohol and said contemptuously, ‘An Oriental? Knowing the so-called martial arts? Oh! It’s all rubbish.’

From the tone of his voice, it was clear that he disliked Orientals very much, and his voice was filled with dislike and disdain. Especially when he said martial arts, he even made a subconscious light humming sound.

Bob didn’t bother to help explain anything to the orientalist about Ghost Nine’s comment of belittling the orientalist, he had built up a lot of resentment in his heart as he spent more time dealing with the kidnapping of Jenny, so he was even less likely to speak up for Lin Hao.

I thought it was just a small kidnapping, out of some money, where he knew that because of Lin Hao would meet the Orcs organization how to say it, rich people being kidnapped are commonplace

Bob’s castle, Lin Hao from his own private plane to walk down, the open lawn is as big as four or five football fields, you can imagine how big this castle is, and green? The greenery? The sunlight hitting the big trees made the greenery even stronger and put people in a good mood, except that everyone wasn’t happy.

From the window, she saw Lin Hao's upright and handsome figure walking down the lift and landing on the lawn that instant, Chen Shanshan's eyes instantly went hazy, she missed Lin Hao too much, only she had completely lost him.

Mu Chen looked at Lin Hao, whose aura was even more terrifying, and his heart's already small thoughts about Shen Xi Yan disappeared even more directly, all that remained was his blessing.

Lauren carried the pistol inside his pocket and kept touching it as if he was coiling walnuts. The two people also saw Lin Hao, Lin Hao's sharp gaze rooted Mu Chen gasped, Chen Shanshan for this than cold eyes, instant pain can not breathe, she wanted to whisper hiss struggling to breathe, but no matter how can not make a sound

'Mr. Lin, you are finally here, we can wait for you for a long time. Do you know how serious this matter is? Why did you come so late? Do you know how much it has delayed things?' Lauren said in an unkind tone as she stared at Lin Hao, her words heavily flavoured with blame.

Night One looked at Lauren, this person blamed his big brother as soon as he came up, and they had flown a private plane overnight to Western Europe, they had used the fastest speed, and this person was saying that they were delayed and came late? I'm afraid this is just to find an excuse and vent a few words, right? But Lin Hao is his elder brother, a great pride of China, a small official family also dares to flaunt his authority, bullying no one in China? What a way to get killed

Lin Hao stretched out his hand to stop Night One's retort, instead his face expression was incomparably flat, with a hint of urgency inside his eyes, he asked, 'Do you know the location of catching Jenny? Now is not the time to talk about that, it's better to get Jenny out as soon as possible.' Lin Hao didn't put this too much on his mind, what he wanted to do now was to rescue

Jenny first, and then go find the clues to the medicine that cured Shen Xiyan's head disease, there was no time to delay

‘Only at this time do you know how to rush? Look at what you've done. The actual fact is that you'll be able to get a lot of money from the company. And Miss is all because she was kidnapped, so you'd better do as we tell you well when the time comes.’ Lauren then grunted again and commanded contemptuously.

Night One listened with great displeasure, his own boss Hua Xia said Hua Xia's number one powerhouse was not even too much, and now he was just listening to commands properly? Listen to what people command? Who commanded him?

‘What? You are still not happy? We all know your strength, in the words of your Chinese, is it three-legged kung fu? This time we're dealing with horrible Orcs, you're no match for them! So for safety's sake, you'd better not strike at will, or we'll never forgive you, damn Orientals, always with bad luck

‘Lauren chided loudly and finally grumbled, very annoyed at Lin Hao's unhappy mood at Night One.

‘You'll have to beg us when the time comes!’ Night one is like a beast low roar of anger, he is very uncomfortable, if not the boss has been pressed, he would like to give him a few slaps

After seeing that Lin Hao and Night One had no more words to say, Lauren then shut up and instead waved at Chen Shanshan and Mu Chen, signaling for them to come down.

One of the reasons for picking up Chen Shanshan and Mu Chen was because the two had been in contact with Jenny a lot recently, the second reason was because they wanted to pick up Lin Hao, and the third reason was to tell Lin Hao that if anything happened, these two people would not end up well! Lauren had already ordered down that if Lin Hao did not obey at the scene, this man would be killed, if Lin Hao did not obey anyway, then he would definitely die, since one person was dead, taking the other two orientalist with him, he would feel much better in his heart

But he was not stupid enough to say these words to Lin Hao, after all, even if he himself had a gun, he might not be able to shoot Lin Hao at short range. When he did not know that Orcs existed, Lauren felt that Lin Hao was terrifying, but after learning that the other party was an Orc, Lauren felt that dodging bullets was not very strong

Because Orcs can even resist bullets hard without falling down

Chen Shanshan and Mu Chen went down to the guest room and came to the lawn, looking at the trembling Chen Shanshan, Night One was very annoyed, only to look at Lin Hao in a stable mood, which stabilized the annoyance.

When Mu Chen looked at Lin Hao, there was always a feeling that Lin Hao seemed to be standing in front of him, yet there was a feeling that he could never catch up, not knowing whether this was a trance or something wrong with his spirit.

‘Brother. It’s dangerous there, you have to take care of yourself, I saw Uncle Bob panic as well as fear after hearing about the other side’s power, I’m afraid

‘Chen Shanshan cried, she told Lin Hao everything she heard, because she didn’t want to see any accidents with Lin Hao

‘Shut up!’ Lauren roared angrily, this damned Oriental, should have known that he would not have let them come down, he had scared Lin Hao back, just now he was stupid enough to humiliate Lin Hao with the Orcs, only at this time did he react, if Lin Hao did not go, he would definitely die because if Lin Hao did not go, he would not even have the chance to save Miss, the master would definitely blame him at that time The reason why Lin Hao did not go to the scene will definitely be investigated in detail, and then needless to say, without investigation, we all know that it is his problem

‘Don’t worry, little half-orc, I gently squeeze to death. I also want to see how strong this so-called half-orc is, to the extent that it makes even Jun Wu Regret somewhat scornful.’ Lin Hao said easily, very disdainful of the existence of Orcs, previously unwilling to refute Lauren because Lauren was nothing in front of him, and there was no need to talk nonsense to him.

‘Humph! Arrogant and cocky Oriental! How dare you look down on Orcs, you’ll suffer when the time comes.’ Hearing Lin Hao go back, Lauren was relieved, only to hear that Lin Hao despised Orcs, which made him very upset and refuted a few words.

Night One was very annoyed with this Lauren and wanted to just exterminate him

‘That’s good, that’s good’ Chen Shanshan cried, only her heart was still worried, Bob was a three billion euro rich man, and this castle was worth several hundred million euros, he was so terribly valuable, he was so afraid of the Orcs, could she not worry

Mu Chen’s eyes tangled as he looked at Lin Hao, ‘Be careful, don’t let Miss Sh...Shen become a widow’ Mu Chen wanted to call Shen Shuyan’s name intimately, but only after a pause, he directly changed it to an honorific, because he felt that calling someone intimate names in front of their husband was very disrespectful to others, and at the same time he was also a bit afraid of Lin Hao

‘Well, thanks.’ Lin Hao replied with a smile and said to say goodbye to the two, Night One followed behind Lin Hao, his gaze kept glancing at Mu Chen, making Mu Chen look very uncomfortable, until after Night One was far away, Mu Chen felt much more relaxed until a few breaths later, sitting on his butt on top of the lawn.

After saying a few words of comfort to the mistress of the castle, Lin Hao got into Lauren’s bulletproof car and drove over to the location designated by the Topang gang, Ghost Nine.

The constant chatter of Lauren in the car was annoying, and Night One listened to the buzzing of his head. Night One was trained not to find people annoying in general, but when someone kept saying all kinds of bad things about Lin Hao and belittling him, he couldn’t stand it

Forty minutes after the drive, said tired rested twenty minutes of Lauren’s expression tightened up, the designated location? dyed er west ground service whisk wu closed? To arrive

Chapter 999

‘Wait a minute you two don’t talk or look around, just follow me.’ Lauren said as she looked nervously ahead and warned Lin Hao and Night One.

Night One grunted, and Lauren glared at him. Naturally, Night One was once again very upset, but after seeing Lin Hao’s slightly disdainful expression, he no longer had any displeasure to express.

The eighth ruin in Toulouse belongs to the southwestern suburbs of a ruined land, this place was formerly an arsenal, but later because of the war led to ruins, so far there is no sign of recovery, the local government also does not want to renovate it, in the F people's meaning is to tell their own generations, this is their shame, is the shame left behind back then

So this area has become known as the Dark Dungeon, and why is it called the Dark Dungeon? Of course it is not a city under the ground, just because of the darkness, and called the underground city, the reason for this name, because this area is very large, back in the day as a military factory, especially the enemy invasion of F left behind the wreckage address, there are countless F people's souls inside. Because of the existence of these souls, they believe that only in this way can the future generations of F people be reminded of the past

The weeded ruins are filled with discarded items and dirty things that are oddly black and no longer know what they are. From time to time, two or three vagrants walk past them and show a disdainful expression when they see Lin Hao night one of these orientalists, just like Lauren's pride at that time. How pathetic is that? Of course when they were trampled by the German chariot, they were disarmed, right? It's ridiculous and today's China is not the same as it was then. Of course said more, Lin Hao sneered, night a stout figure fiercely emitted a strong aura, still flaunting the vagrant instantly by this terrifying aura pressure legs bent, surprisingly straight to kneel in front of Lin Hao's heel

The vagrant's body was already weak, at the shock of such a powerful aura, his whole body fell apart, so naturally he had to kneel down

'Oh, the dignity of F country? As always, it's good to trample on

Night One sneered, his icy face emitting a terrifying aura, a sword-drawn aura shooting out, shaking the hand of Lauren, who was fumbling with his gun in a fit of rage, to tremble a little... ..

Lin Hao felt the sudden weakening of Lauren's aura, the afterglow scraped a glance at Lauren, also faint cold smile, 'huh

This was Lin Hao's downfall, to tell Lauren that in his eyes, the so-called Western noble dignity was worthless, and if he dared to make a fuss again, the next person to kneel on the ground would be him!

Just now that terrifying look, too frightening, Lauren's heart thumping, he is also did not expect, this look and temperament of the Oriental suddenly burst out of the terrifying aura, can be pressed to make people kneel, he is aware of the F people's respect but look at the incomparable importance, especially to treat the pride of the Oriental bones, just look at the tramp, a tramp can not even afford to eat, facing the special status of Lin Hao are acting high and above

'Wait a minute don't say anything

Lauren glanced at her phone and then looked at the scene in front of her, knowing that there were still a few dozen meters to go? Serving the steak to cover the West West Serving the land? It was just a matter of time before he arrived, only to warn once more, but in a small, small voice, so small that only he could hear it, and he said so to comfort his false western aristocratic spirit, otherwise it would be too humiliating

Ghost Nine inhaled a mouthful of the white powder inside the white bag, the whole man looked floating, a floating look, looking at Bob swallowed saliva, especially after this look his face scars became fishy red, making people feel very scary, like a demon crawling out from inside hell

'Do you want some?' The ghost nine looked at Bob staring at himself and used his flossed pinky cap to scoop up a small bit of the atmosphere and handed it to Bob, this is good food, he used to be obsessed with eating it, only then the family ran out of money, then robbed and stole, was arrested and beaten, scalded with fire, thrown into the cold and so on, finally got this face now, although it was ugly, but he did not care, because as long as every day another bite of this food He

felt comfortable before very short of money, now? No lack of money, the same sell life, but increased countless times the money, but every time accept the upper people handed over the potion, so that their own body in the strong and powerful, but also incomparable pain, hate to die, good thing there is something

Chapter 1000

‘No, no.’ Old Bob waved his hand, he knew this stuff, he himself had friends who consumed such as spiritual food, only to suffer later, he was carefree and did not need to numb himself with this stuff at all

‘Is it because you don’t like my hands dirty? Afraid of viruses? Rich people always dislike this and that, just can’t figure out why some rich people but like to eat some strange things, such as the womb of a bison, the body of a young girl, or a beast, etc., which are all things that ancient humans don’t eat, but rich people eat with gusto and then still dislike us, haha, so ridiculous’ Ghost Nine laughed loudly while throwing the nail cap of white flour into his mouth, then his eyes looked obsessively at the hot sunlight, a pair of dead fish-like eyes, staring deadly at the sun, not feeling the burning painful irritation at all

At this moment, ghost nine, like a lost beast, is also the time to maximize desire, good thing his desire is only eating white flour, and not what other human beasts want to do with women hookups. This is someone who is addicted to eating white flour, their interest in anything beyond that is mediocre, but once a person loses themselves, they appear to be as savage and ferocious as ancient humans

‘Why hasn’t it come yet?’ Ghost Nine was stirred, his words were shaking, his expression twisted and changeable, and at times? Closed er zero zero er yi yi cover? sublimation, sometimes pain

‘Could it be that you are afraid of death? Oh, the Orientals? The Orientals should all be such cowards like rats, poor sick man of East Asia, and I don’t know why that damned scumbag thinks so highly of this Oriental, to ignore us Topang, I’ll use my fist and tell him! He shouldn’t think of his opponent as an Oriental, but as a Topan of Toulouse! Tobon is their uncrowned king of the darkness! Damn it cough’ Ghost Nine became more and more agitated as he spoke, causing himself to start coughing violently, the damned mongrel in his mouth was naturally the gang that kidnapped Jenny and the upstart power gang, while moreover joking about the The group of forces that had made a joke of the remaining part of the Black Scorpions.

Mentioned by ghost nine, Bob has been looking at the wristwatch, emitting finger wheel dull mechanical sound, the time has passed another second, but Lin Hao figure has not yet come out, only less than a minute from the designated time, if Lin Hao does not come, Jenny can really be spoiled

Lin Hao, for the sake of Jenny’s pity, save her, she is a good girl, a girl who should be kissed by God

Just as Bob was anxious beyond measure, Lin Hao came out from around the corner of the ruined building, behind an abandoned tin tank, the scrap iron of which was covered in floating rust, and the rust grains that had fallen off onto the ground were either set into the marble on the floor or trampled into footprints, with signs of footprints, or fresh and just fallen off, looking dark and shiny, in contrast to the ones that had fallen off before And such images were very much here

‘He’s here.’ Bob saw Lin Hao and called up excitedly, Jenny was saved, he rushed up and pulled Lin Hao with joy, ‘You’re finally here, I thought you weren’t going to save Jenny’ The stone in Bob’s heart fell a piece, but of course it was only the implementation of the save Jenny The program can be launched, not just to save Jenny directly. The thought of Jenny still being held captive, not knowing what the situation was, whether she had water to drink, access to good beef, etc., made Bob’s mood very low again, and he looked at Ghost Nine who had jumped down from the rusty tank seat and was about to introduce himself, only to see Ghost Nine push Bob away with one hand.

‘Oriental monkey?’ Ghost Nine said in a provocative voice.
