

## Super Son-In-Law Chapter 201 -

Cynthia shook her head and said, "Lala, we are good sisters. As long as you can get happiness, a little grievance is nothing to me. If you feel sorry for me, or if you want to thank me, you don't need to do anything to me. You should adjust yourself and resolve the difficulties. It's better than anything to be with Alex."

Isla sighed helplessly and said, "Cynthia, do you really think that there is still a possibility for us to make peace?"

"There must be... No, it's not possible to make peace, but you two must make peace!"

"Why?"

"Lala, I know you're in a mess and in a dilemma. At first glance, you can only choose one person between Auntie and Alex, and you've already clearly chosen to stand on Auntie's side. However, good things are hard to deal with. Having experienced the wind and rain, love is more precious than a smooth relationship. In addition, I can tell you clearly that if you give up Alex, you will definitely regret it in the future, the kind that you will never be able to forget for the rest of your life!"

"But... Alas, if only he could understand your good intentions."

"He has understood and taken action."

"He's just a straight man. It's impossible for him to understand it! Is it just that box of lipstick? You've helped him so much, and a box of lipstick will send you away?"

"No, this one!" Cynthia took out a brand new car key. "He just gave me a BMW."

Isla's eyes widened. "He finally found out his conscience? Did someone guide him?"

Cynthia shook her head and said, "I also thought so at first, but I just talked with him downstairs for a while before I realized that his mentality had really changed a lot. Not only did he understand my good intentions, but his attitude toward you and auntie has also changed a lot. If you don't believe me, you can go out with me and talk to him."

"Really? What if he makes my mother angry again?"

"Just trust him once, and trust me once, okay?" Cynthia held Isla's arm and persuaded her earnestly. "If you can't overcome the difficulties in your heart, you can change your mind and do me a favor. I have received such a valuable gift from him, so I have to

show my appreciation, right? For my sake, you can give him a chance to hear what he is thinking about now.”

“Well... Okay.”

Isla couldn't find an excuse to refuse, so she could only agree and follow Cynthia back to the living room. She went straight to the sofa and said to Xena, “Mom, calm down and sit down first. This is not our home, but Cynthia's territory. All the guests are Cynthia's guests, so we can't take over the host...”

“Humph, I'm angry with him as soon as I see him!”

Xena glared at Alex again, but still sat down.

Cynthia walked to the tea table, poured tea, and winked at Alex, asking Alex to go quickly.

Alex, who was still standing in front of the shoe cabinet, understood and slowly walked over. He sat down in front of Cynthia and squeezed out a smile. “Beauty Cynthia, I'm here today to ask you for help. At the same time, I also want to ask Isla and auntie for help...”

“What?” Xena was furious. “Cohen, who gave you the courage to ask us for help?”

Isla also frowned.

Cynthia came forward again to smooth things over. “Auntie, don't worry. Let him finish. Alex, tell us, what do you want us to do for you?”

“It's like this...” Alex paused and said slowly, “For Gold Stone, I'm a sudden leader, including the staff I arranged. All of a sudden, I appeared, which caused a strong unwillingness to accept the climate and caused a big problem for the company. I increasingly feel that I can't bite the bones of Gold Stone. And you are all the elders of the company. If you want to, I want to give the company to you. Only you can make many senior employees surrender to the company. Only you can make the company develop better.”

Hearing this, Xena's eyes lit up. “Cohen, are you really willing to return Gold Stone to us?”

Isla was not the kind of person who loved money so much, but she was still very shocked at the moment.

Unexpectedly, Alex was willing to give up Gold Stone to repair their relationship!

Others might not know, but Isla knew that the current development of Gold Stone was in full swing, reaching the peak state that had never been touched before. It was true that the new boss came and refused to accept the climate of the old employees, but in the face of huge profits, the old employees quickly adapted to the new boss, and there was no problem at all.

Compared with the sacrifice of interests made by Alex, what shocked Isla more was the change of attitude of Alex.

She knew Alex very well and knew how difficult it was to make him bow to her mother.

It was precisely because she had thought about it that given Alex's character, it was impossible for him to bow to her mother. The conflict between the two families could not be resolved. The hope of them being together was completely destroyed, so she chose to draw a clear line with Alex immediately according to the principle of "the long-term pain is not as short-term pain".

But now, Alex, a straight man, was magically refined!

This also meant that there was a turning point in the relationship between her and Alex. If Alex continued to maintain his current attitude, there was a possibility that he would turn into a jade pendant with her mother. Then, there would be a chance to continue developing between them. If everything went well, it was not hopeless to make peace...

Cynthia had been working hard with Isla in the customer department for many years and had dealt with all kinds of people. Her ability to observe people's expressions was far beyond that of ordinary people. At a glance, she could see that Xena's look at Alex was no longer as indifferent as before. Isla also had a new look at Alex's performance today.

This was a good sign!

However, Cynthia did not show her joy. She pretended to be hesitant and said, "Alex, I'm just a small employee. I may not be able to help you with this matter. I have to count on Lala. I saw it with my own eyes before. When Lala became the general manager, she kept the management company in order, and the development of the company was quite smooth. If you give the company to Lala, maybe it's a good choice."

"I think so too." Alex nodded and stared at Isla with a smile. "What do you think?"

Isla raised her hand to smooth the hair around her ear and lowered her head. "I'll think about it."

Xena was anxious. She stared at Isla and said, "Are you stupid? Why are you still thinking about it? Gold Stone is originally our property. Now that he wants it back to the

original owner, we can accept it. How can we refuse it? Cohen, you said it yourself. No one forced you.”

Alex nodded and said, “Auntie, I did it voluntarily. When you have recovered, I will transfer Gold Stone to the name of Isla immediately.”

“There’s one more thing I have to say first. The money you spent on purchasing the company’s shares before...”

“I don’t want anything, just take it as... spiritual compensation for you.”

“That’s more like it! But there’s no evidence. When you transfer the company, you have to write this into the agreement, in case you come to us for money in the future! By the way, it’s not too late. Today... today is too late. Tomorrow. Lala, tomorrow morning, we will go to the company to sign the agreement!”

Isla was shocked. “Mom, are you in such a hurry?”

Xena curled her lips and said, “How can we not be in a hurry? Do you understand how long it takes? What if he goes back on his word if we delay?”

“But I...”

“No buts, it’s settled!”

Isla wanted to say that she had not figured it out since it happened so suddenly.

But Xena’s attitude was very determined and he directly made a decision.

Alex had already thought it through and did not argue with Xena, who was a gentleman. After the discussion, he wanted to take advantage of Xena’s change of attitude toward him and talk to Isla for a while, but he noticed that Cynthia was winking at him, signaling him to leave quickly.

After thinking for a while, he felt that he understood what Cynthia meant, so he stood up and said goodbye.

“Let’s go downstairs together. I’m going to throw trash.” After Cynthia said that, he followed Alex out. A few seconds later, he came back and said to Isla, “It’s too dark. I won’t dare to come back alone in a while. Lala, can you help me?”

Without hesitation, Isla got up and followed Cynthia into the elevator.

When they arrived at the first floor, Cynthia and Big Ken sensibly stepped aside and gave Alex and Isla a chance to be alone in public...

## Super Son-In-Law Chapter 202 -

Isla knew that it was a cover for Cynthia to call her down as a companion, but now she was alone with Alex, so she felt a little embarrassed. She had a lot to say in her heart, but she didn't know how to say it. The same was true for Alex. It was not easy for Alex to speak, but the lights at the elevator suddenly went out.

Fortunately, the lights at the exit of the corridor were still on. Alex reached out to touch the switch in the distant light.

Isla, who was closer to the pass, pressed the switch first. The next second, her hand was pressed by Alex.

"Ahem..." Alex quickly withdrew his hand and smiled awkwardly. "Do we have a tacit understanding?"

Isla rolled her eyes at Alex and replied, "Have you found the nanny?"

"Not yet. I don't intend to look for nanny. I've been waiting for you to do housework for me."

Advertisement

"Then wait and see!"

"Okay."

Isla rolled her eyes at Alex again and said slowly, "Are you really willing to give Gold Stone to me? In my impression, you are not so generous."

Alex shook his head and said, "It's up to the situation. I'll fight for both my opponents and my enemies. But for you, let alone a company, let me give up everything I have, it is okay. Just like the song, if I lose to you, so what if I win the world?"

Advertisement

"Humph! What a glib tongue! To be serious, Cynthia has done too much for my family. You can't think that everything she has done is right because she is my good sister. You've done a good job these two days. You gave her lipstick and car, but it's just a material gift. It's far from enough."

"But I can't give her anything other than money... I can't give myself to her, can I?"

"F\*ck you! I'm talking about psychological care! She was scolded by my mother so badly and suffered a lot. On the surface, she didn't show anything, but I know that she must be uncomfortable and may have a knot in her heart. If I can ask my mother to

apologize to her in person, the effect will be the best. But now it's not the time. We have to wait until my mother recovers completely."

Alex also became serious. He nodded and said, "Don't worry. I will remember everything that beautiful Cynthia has done for your family and us. However, I think she is just like you. At this stage, what she lacks most is not what money can buy, nor her psychological care, but her boyfriend..."

"Where's Cynthia? Why are you taking me with you?"

"I'm telling the truth. What you two need the most now is the nourishment of love."

"Stop! Stop! The more you talk, the less serious you are... However, what you said makes sense. Cynthia is more than half a year older than me. It's time for her to find a boyfriend. She likes soldiers. If you have a suitable friend, you can try to introduce one to her. Make it clear, he must have a good character."

"No problem..."

Alex had not communicated with Isla like this for a long time. Although they were mainly talking about things related to Cynthia, from the atmosphere of the chat, it could be felt that their relationship was better.

After so many days, Alex finally fell asleep again.

A new day had begun. When Alex was still asleep, he was woken up by the urgent ringtone of his mobile phone. The screen showed the word "Cynthia". When the phone was connected, the voice of Xena came from the other end, urging him to sign an agreement with the company.

Yesterday, Xena, who didn't go out of the door and claimed to rest in the room, was so excited that she almost closed her eyes at night. Today, as soon as it was dawn, she got up and called Isla and Cynthia one after another. She was in high spirits and was ready to go out...

Alex rushed to Gold Stone and found that Xena was already waiting in his office.

Isla greeted Alex at the door, called him aside, and asked softly, "Are you sure you've made up your mind? On the way here, my mother said that when I take over the company, I must arrange a position for her. It's best to let her be the vice president as before."

Alex nodded. "I've already made up my mind. After we sign the agreement, the company will be yours. You can make the arrangements as you wish. Why don't you just let her hang her name like before and give her no real power?"

"But things are different now! In the past, all the employees in the company were old acquaintances of my family. For the sake of my father and me, they won't argue with my mother. As the scale of the company grows, many people have been recruited one after another, most of whom are young people. You know, young people nowadays are generally very proud and can't bear the slightest grievance and grievance. If my mother, relying on her status as the deputy general manager, asks around, it may cause some unnecessary trouble."

"What you said is indeed a problem. But the situation has developed to this point. If I go back on my word now, your mother will definitely make more trouble. For the time being, we can only go with her. Now the company is developing very smoothly, and Felix is helping to manage it. Your work is relatively easy, so you should pay more attention to your mother and do the cleaning up work."

"If my mother gets into big trouble and affects the development of the company, won't you feel distressed?"

"The company will be yours soon. It's good that you can accept it. Don't worry about my feelings."

"What about you? Continue to be a vagrant?"

"Of course not. I still have a lot of things to do. I have already taken over the industry under the name of the former Chase and am now trying to buy Qingyun Media..."

While Alex and Isla were chatting, Xena and Cynthia came over together.

Xena said to Alex with a poker face, "Everyone is here. Why are you hiding outside? Run away and get down to business!"

"Okay!"

Alex nodded and returned to the office with the others. They discussed a complete agreement. After Xena confirmed that it was correct, he printed two copies and signed them on the spot.

Xena didn't even ask Isla what she meant. She directly put away Isla's agreement and immediately said to Alex, "Call the person in charge of the company!"

When Isla heard this, she realized that something was wrong. She quickly asked, "Mom, what do you want to do?"

"I know my limits. You don't have to worry about it!" Xena forced Felix to come in and said bluntly, "From now on, the company is my home, and you don't need to worry about it. You have to hand over all your work to Lala before you get off work today."

Felix was a little stunned and stared at Alex. "President Cohen, what... what's going on?"

Alex didn't expect Xena to be so anxious. He helplessly winked at Felix and asked him to agree first. Then, he called him to a secluded place and explained, "Felix, you know the grudge between me and the Su family. In order to restore the relationship between me and Isla, I transferred Golden Stone to Isla's name a few minutes ago. I did this purely for the sake of her mother. I have already discussed with Isla that you will continue to manage the company in the future, but on the surface, I have to do what her mother wants me to do. I just want to pretend."

"I see... I understand."

"Felix, you may be wronged because of this. I apologize to you first."

"Brother Alex, you're treating me as an outsider. Can I treat you as an outsider if you treat me as a brother? I'll do my best to help you repair your relationship with sister-in-law's family. As for grievance, it doesn't exist. If I can't even handle this little thing well, I don't deserve to be the vice president."

"With your words, I'm relieved...."

Alex breathed a sigh of relief, patted Felix on the shoulder, and then found Quinn and Xiao Jing to say hello.

Others might be fine, but Alex was most afraid of Xena making trouble for his three friends.

Quinn was also a reasonable person. After understanding the situation, like Felix, she expressed her willingness to actively cooperate and not make things difficult for Alex.

However, Xiao Jing's expression was a little strange. She barely agreed.

Xiao Jing had a good impression of Alex. When she learned about Alex, she also learned about the complicated relationship between Isla and Alex. When she learned that Alex had broken up with Isla, she thought that her chance had finally come. Unexpectedly, Alex and Isla showed signs of reconciliation again.

Still, no matter how generous a person was, he would become selfish when it came to love.

Xiao Jing really wanted to fight for herself and compete fairly with Isla.

The problem was that Alex's heart had been occupied by Isla, and no one else could squeeze in...

## Super Son-In-Law Chapter 203 -

Alex noticed that there was something wrong with Xiao Jing's expression, so he called Felix and Quinn aside and whispered, "Xiao Jing seems to be a little unhappy. I feel very sorry for her. I'm sorry to talk to her. If there is a chance, you two can talk to her. Tell her my situation and difficulties in detail, I hope she can understand. If she really can't stand it and wants to resign, I will respect her choice."

Felix waved his hand. "President Cohen, we understand your situation and are willing to cooperate. Although Xiao Jing's identity is not ordinary, she is kind-hearted and will not be angry with you because you suddenly transferred the company to someone else. If I am not wrong, she is in a bad mood for another reason..."

"That's right." Quinn nodded and added, "She probably saw you being so nice to President Sullivan and jealous."

Alex was a little stunned. "That shouldn't be the case. Xiao Jing already knows about the relationship between me and Isla. If she was jealous, she should have shown it a long time ago."

Quinn was also stunned, then shook his head and said, "Then I'm not sure."

"No matter what, you two should communicate more with her. She has just arrived at Gold Stone, and there are no other acquaintances except you two. I can only count on you..."

Alex was very ignorant of love. In terms of love, his reaction was relatively slow. He could not see through Xiao Jing's mind. Of course, this was not a bad thing. If he knew Xiao Jing's thoughts, it would be more difficult and guilty of Xiao Jing.

In the afternoon, Quinn invited Xiao Jing to have a meal together and gave her a lecture.

Unfortunately, Quinn's efforts were in vain. The next day, Xiao Jing called Isla for leave on the grounds of discomfort. It was a long vacation. In fact, Xiao Jing was not feeling uncomfortable, but she was too preoccupied. After taking leave, she did not stay at home, but chose to travel abroad.

After learning about this, Alex realized that there might be some misunderstanding, but he was too embarrassed to contact Xiao Jing, so he didn't go to Xiao Jing's family. After thinking about it for a while, he finally went to the inpatient department of the military

hospital and explained the recent changes in the company and his relationship with Isla to Xiao Hang.

Advertisement

After hearing this, Xiao Hang shook his head helplessly. "It turns out to be like this... We always thought that you were single. We felt that you and Jingjing are a perfect match. In addition, Jingjing has a good impression of you, so my parents and I encouraged her to date you... Alas, if we had known about the complicated relationship between you and President Sullivan, we would not have misunderstood you."

"It's my fault. It's my fault..." Alex replied awkwardly. "It's my fault that I didn't make it clear."

"No, no, I don't mean to blame you. If you want to blame someone, you can only blame Jingjing for not having this blessing."

"Captain Xiao, please do not say this..."

Alex felt very guilty. Although it was not his fault, he had let Xiao Jing down and felt sorry for her.

Fortunately, Xiao Jing was a good girl. She was beautiful and had a good personality. She didn't have to worry about marriage at all. Moreover, the window paper between them hadn't been exposed yet. For Xiao Jing, it was not a loss of love. The impact on her was not serious. She should be able to recover after a trip.

Xiao Hang also knew that relationships could only be decided by fate and could not be forced. He really had no intention of blaming Alex.

If they had to find a responsible person for this matter, then they could only find Fang Chen. From the very beginning, it was Fang Chen who asked Xiao Jing to approach Alex. Later, he swore that Alex and Isla were pretending to get married, and it was also Fang Chen who brought Xiao Jing and Alex together.

However, Xiao Hang also knew that Fang Chen did that out of good intentions.

Advertisement

At the end of the day, the matter between Xiao Jing and Alex was not right or wrong at all. It was just a misunderstanding.

Now that the misunderstanding had been resolved, there was no need to investigate further.

Xiao Hang picked up his mobile phone, took out a photo, and said to Alex, "You don't have to worry about Jingjing. I've arranged for someone to follow her secretly to ensure her safety. Mr. Cohen, tell me something else. Have you seen the person in the photo?"

Alex took the phone and found that on the screen was a photo of a middle-aged man who was about 35 years old. The man had a tiger back and a bear waist. His face was fat and ugly enough to scare children to tears. His hair was cut very short, as if he had just come out of the detention center. At first glance, he was not a good person.

"This person... I think I've never seen him before."

Alex saw the person very accurately and remembered very well. The characteristics of the person in the photo were obvious. If he had seen him before, he would definitely leave a deep impression. After looking at him carefully for a long time, he confirmed that there was no impression at all, and then returned the phone. "Captain Xiao, who is this person?"

"It's good that you haven't seen him before." Xiao Hang put down his mobile phone and said seriously, "This person's name is Pei Chong."

"Oh... Has he been in prison?"

"Not yet, but he will go to jail sooner or later. Mr. Cohen, do you still remember what I said to you before? Jing Kun sent someone to avenge Lei Zi, right? According to the investigation, the leader is the person in the photo, called Brother Chong! If you meet him, don't fight him head-on. If you can hide, leave him to the police."

"Why? Is he very powerful?"

Xiao Hang's face became serious. He nodded and said, "Not only is he powerful, but he is also very vicious."

Alex's curiosity was instantly aroused. After thinking for a while, he asked, "How is it compared with Lei Zi?"

"Lei Zi is just a junior trained by Jing Kun. He hasn't fully grown up yet and is in the training period. Although he has some reputation in his camp, he is more like a fox than a tiger and is exposed to the light of Jing Kun. And this Pei Chong has been following Jing Kun for more than ten years. He has become the right-hand man of Jing Kun from a nobody. He is a real valiant general. If Lei Zi is a graduate of the newly appointed office, then Pei Chong is an experienced elite in the workplace."

"So, Jing Kun is very determined to avenge Lei Zi."

"Anyway, according to the information we have, Pei Chong has never failed to complete the task for Jing Kun. All the male targets, not only died, but also died miserably. As for

the woman, even if she didn't die, she would be played to death by him. By the way, you have seen Pei Chong's cruelty once..."

"That's right! He's in a hurry to take revenge on me, and I still want to take revenge on him!"

Alex still remembered the great hatred for the tragic death of Victor. Although the person who killed Victor was killed by Big Ken on the spot, the man was just a small potato who followed orders. As the mastermind behind the kidnapping, Pei Chong was the main culprit who deserved to pay for the death of Victor and the nanny.

Xiao Hang realized that Alex suddenly showed a fierce look and was frightened. "President Cohen, Pei Chong is not an ordinary person. He may be more vicious than any opponent you have met before. You must not be careless. I understand how you want to take revenge on him, but you have to think about your own safety. Don't worry, our police will arrest him sooner or later. At that time, you will take revenge."

"Okay, Captain Xiao. I won't mess around."

In order not to let Xiao Hang worry, Alex readily agreed.

After leaving the hospital, Alex planned to go to Hudson Designs LLC to have a look. Suddenly, he received a call from Liu Wenzhong.

Liu Wenzhong said that after the discussion between Bureau of Industry and Commerce and Tax department, he decided to sell 40% of the shares of Qingyun Media at a price of 32 billion yuan.

But this amount was only enough to make up for the payment and fine of Qingyun Media, and it was only the starting price.

In order to continue the operation of Qingyun Media, which had been hollowed out, they still needed to continue to have a high price. Therefore, in principle, they should adopt the way that the one with the highest price would get it. No matter how much the final price was, the portion of more than 1.2 billion yuan would be regarded as an investment for Qingyun Media to get the corresponding proportion of shares.

Liu Wenzhong and the others did this in order to invest as much as possible in Qingyun Media.

They had already informed the public that the investors or investment companies who intended to go to the auction would offer a price within three days to participate in the auction. Three days later, they would make an appointment to meet the top three buyers and make the final decision after face to face.

Alex immediately found Lin Ke and discussed it. They decided to join hands to invest 10 billion yuan in Qingyun Media. As long as they succeeded, they could become the first major shareholder of Qingyun Media, and it was a financial crisis!

## Super Son-In-Law Chapter 204 -

Alex and Lin Ke both thought that after the misfortune of Qingyun Media, its vitality was greatly damaged and its prospect was unknown. For investors, the attraction was not as great as before. 1.2 billion was not a small number, and there should not be many people competing for it. Those who were willing to participate in the auction, considering the great risk, would not bid very high.

The first reason why they were willing to give ten billion yuan was that they were not short of money, and the second reason was that they had human meridians.

To put it bluntly, they were confident that they could revive Qingyun Media and earn more money.

As for the others, no one would offer such a high price, unless they were all idiots.

Their analysis and judgment were very objective, but they were a little too ideal. The fool they thought would not exist actually existed. What's more, they also ignored one thing, which was that some people did not want to make money, but simply went against them and did not want them to do anything...

At this time, Gerald, who was supposed to work in Grand Express Corporation, was sitting cross-legged in the study of his villa. On the sofa opposite the tea table, sat an ugly middle-aged man, Pei Chong, who had reached a secret cooperation with Gerald.

Advertisement

This time, Pei Chong came to Qingyun. In addition to taking revenge for Lei Zi, he had another task, which was to replace Lei Zi and open up a business on the white side for Jing Kun. Originally, Lei Zi took a fancy to Harrods Corporation and reached a cooperation with Chase. He wanted to take down Harrods Corporation, but one of them died miserably and the other was caught.

Now with the help of Alex, Harrods Corporation had overcome the difficulties and had no chance to seize it.

Pei Chong didn't want to clean up Lei Zi's mess, so he wanted to start another stove and focus on Qingyun Media.

Whether it was revenge or business, they needed to find a foothold in Qingyun first. After understanding the hatred between Alex and Grand Express Corporation, Pei Chong decisively sent an invitation to cooperate with Gerald. At first, Gerald was a little

worried and did not dare to cooperate with the Poison Owl. A few days ago, he was forced by Alex and had no choice, so he gritted his teeth and agreed.

In order to take revenge on Alex, Gerald took the risk.

Pei Chong became the partner of Gerald and had a foothold in the local area.

Today's emergency meeting was to discuss the details of the cooperation.

After the servants served the tea, Gerald asked the servants to leave. He closed the door and poured Pei Chong a cup of hot and fragrant tea in person. He asked, "Brother Chong, as far as I know, Alex is very interested in Qingyun Media. He must have participated in the auction. I guess his price will not be low."

Pei Chong nodded and asked expressionlessly, "How much does Alex have?"

"I don't know the details, but he is the second largest shareholder of Hengkang Pharmaceutical Company. He must be rich. In addition, Lin Ke, the son of the boss of Hengkang Pharmaceutical Company, is very close to Alex recently. If my guess is right, they will participate in the shopping together, and then he will have more money."

"Just tell me, how much will I pay to win Qingyun Media? Anyway, I can't let Alex take it away."

"I guess... at least 10 billion yuan. But I'll pay the bottom line first. I can only pay two billion yuan at most. If there are more, the top management and shareholders of the group will definitely not agree. I can't take out so much money personally. That is to say, in order to be safe, you will pay eight billion yuan."

"Eight billion?"

Advertisement

"I know this number is a little scary, but..."

"I'll give you ten billion, and you'll pay two billion."

"Ah?" Gerald's right hand, which was holding the teacup, trembled. He thought that he had heard it wrong, so he quickly asked, "Brother Chong, how much did you say?"

"We'll offer 12 billion together!"

"No... Brother Chong, are you sure? This is not a joke. Once we bid, we have to make a fortune. The group of people led by Liu Wenzhong is very shrewd. They have squeezed

out Qingyun Media and asked someone to inject funds into it to solve the dilemma they caused to Qingyun Media. If we finally become the buyer, they will definitely collect money on the spot.”

Pei Chong replied impatiently, “From what you mean, do you doubt my financial resources and think I can’t take out 10 billion yuan?”

“No, no, I just feel that it’s not worth it to invest so much money in Qingyun Media, which is on the verge of bankruptcy.”

“I think it’s worth it. Give me your card number and I’ll transfer 10 billion yuan to your account as soon as possible.”

“Okay, okay, I’ll listen to you...”

Gerald nodded repeatedly and raised his hand to wipe the cold sweat on his forehead.

Obviously, Gerald underestimated Pei Chong’s financial resources and Pei Chong’s determination to take down Qingyun Media.

Grand Express Corporation’s business was quite big. In the city and even in the province, it was considered a top real estate group, but in fact, its economic efficiency was not as high as the outside world thought, and the investment and production cycle was particularly long. Most of the money earned was used as the foundation for the next project, and the working capital was not much.

The line of work that Pei Chong did was not only terrifyingly high in efficiency, but also came quickly.

Take Jing Kun for example, if he said that he had tens of billions of yuan, he could really take out tens of billions of cash.

Even Jing Kun’s money couldn’t be seen naked, so he needed to wash it before he could use it generously.

This was also the reason why Pei Chong did not dare to directly participate in the auction of Qingyun Media and wanted to cooperate with Gerald.

In addition, there was also a reason why Pei Chong was determined to get Qingyun Media. First of all, he could not find a good chance to kill Alex for the time being, so he could not let Alex live comfortably. He had to get what he wanted. Second, Pei Chong wanted to win Qingyun Media for Jing Kun. His first goal was not to make money, but to clean up the money he had earned.

It should be known that media companies were generally very high, with millions of dollars at every turn. If they made variety shows or TV shows, it was possible to

produce hundreds of millions of dollars every minute. After taking down Qingyun Media, as long as they found the right channels and opportunities, it would not be long before they could clean up the tens of billions of dollars in Jing Kun's hands.

Gerald was also a shrewd person and soon understood these problems. He knew that cooperation with Pei Chong was risky, but cooperation was to make use of each other. Seeing that Pei Chong's goal was about to be achieved, he was a little anxious.

"Brother Chong, if you offer 12 billion yuan, it will basically be stable. Qingyun Media will soon become your industry. But Alex and the chief justice are still alive and well..."

Pei Chong raised his hand and interrupted Gerald. "Not only do you want to seek revenge on Alex, but killing him is also one of my tasks this time. Don't worry. When the matter of Qingyun Media is settled, I can deal with him at ease. As for dealing with the chief justice, for me, it's just a piece of cake."

"Okay, okay, Brother Chong, I'm relieved to hear that."

Gerald was embarrassed and did not dare to urge him. He could only look at Pei Chong's color...

On the other side, Alex still did not know that trouble was coming. After chatting with Lin Ke, he went to Hudson Designs LLC and talked with Old Sid. When he learned that everything in Hudson Designs LLC was as usual, he was relieved. He continued to rush to Gold Stone and saw Hunter who was responsible for protecting Isla all the time downstairs.

Alex called Hunter into the car and chatted for a while. Suddenly, he remembered something. "Hunter, do you have a girlfriend?"

Hunter shook his head and answered awkwardly, "No. I... I don't know how to pursue girls. Besides, I don't have many opportunities to go out on the field. I don't know many girls. I've never been in love since I was a child. Speaking of this, I envy Brother Big Ken very much."

"Do you mean that Brother Big Ken has a girlfriend?"

"Yes, they have already decided on it for the rest of their life. Sister-in-law has been waiting for Brother Big Ken to marry her."

"Oh... Hunter, what do you think of the beautiful Cynthia?"

"Ah?"

"Don't be surprised. To be honest, how do you feel about her? But don't tell me that you don't have any impression of her. You have seen her many times recently and have been dealing with her every day, haven't you?"

Hunter blushed a little. He raised his hand and touched his forehead. “Young Master, Cynthia is very beautiful. She is beautiful, has a good figure, and has a good character...”

“It seems that you have a good impression of her. Let’s go after her.”

“But she is a college student and is now a city white-collar worker. She is doing so well. How can I be worthy of her?”

“You’re so shameless! Now it’s an era where true love is above all else. In front of true love, education and identity are nothing. Besides, you’re a famous figure in the National Security Agency. With this identity, there’s no problem whether you deserve or not.”

Alex patted Hunter on the shoulder and said with certainty, “Believe me, let’s try. What if you catch up?”

## **Super Son-In-Law Chapter 205 -**

There were many high-quality men and single dogs around Alex. Except for Big Ken and Felix, the others were all high-quality men. There were also real military brothers. Ma Zhiyuan and his two old comrades-in-arms had just retired. However, they had no chance to get along with Cynthia, so they did not know each other at all. It was not easy to match each other.

Relatively speaking, only Hunter and Cynthia were more familiar with each other. At least they had known each other for a long time.

Although Hunter was not the usual soldier, he had received long-term and rigorous training. Whether in terms of behavior or character, he was similar to soldiers. Most importantly, Alex felt that the personalities of Cynthia and Hunter complemented each other.

Of course, Alex was just pulling strings. Whether Hunter and Cynthia could be together or not depended on their fate.

After chatting with Hunter, Alex went upstairs to find Isla and told her about the match between Hunter and Cynthia.

Isla thought for a moment and said, “I don’t know much about Hunter, but I feel that he is very honest. I’ll go and check Cynthia’s words first. If she doesn’t hate Hunter, then they will have a chance to develop. The most important thing is to give them more opportunities to cultivate their feelings. It’s reasonable for them to fall in love with each other for a long time.”

“Yes, yes.”

Alex nodded repeatedly and couldn't help but think of the process of turning hatred into love with Isla.

That night, Alex and Isla made an appointment to have a meal with Cynthia and Hunter, officially starting the prelude to setting them up...

Two days passed in a flash, and it was the last day of the auction for the shares of Qingyun Media.

Before getting off work in the afternoon, Alex received a phone call from Liu Wenzhong.

On the other side, Liu Wenzhong seemed a little anxious. Without saying a word of courtesy, he went straight to the point. “Mr. Cohen, there's something wrong! Originally, your bid has been in a high position. In addition to your ten billion yuan, the most bid is only 600 billion yuan, from a media company in Jingdu. But just now, we received another bid, as high as 12 billion yuan!”

Alex was shocked. “Who? Who paid 12 billion?”

“Your old acquaintance, the president of Grand Express Corporation, and Gerald.”

“What? Gerald? No, where did he get so much money?”

“I don't know. Anyway, Grand Express Corporation is one of the top major enterprises in the city, and Gerald himself is a fatal entrepreneur. With Grand Express Corporation and Gerald's strength, they can squeeze out dozens of billions by themselves. In addition to borrowing the loan, it's no problem to get 12 billion.”

“Then, according to the principle of the one who gets the highest price, won't I lose contact with Qingyun Media? How about this, I'll offer a higher price?”

“Well... there's no need. If you raise the price now, it doesn't conform to the rules, and people will gossip about it. If Gerald knows, he may ask you to cancel your qualification, then the loss outweighs the gain. We have already made it clear in the notice that the highest bidder is only legal. We will let the top three buyers enter the second round of competition. Tomorrow morning at ten o'clock in the morning, when the second round starts, you can raise the price on the spot.”

“That's fine!”

Advertisement

Alex was regretting it. It was too conservative to discuss the price with Lin Ke.

According to his and Lin Ke's financial resources, 10 billion yuan was just the most basic price. For the time being, no one in the city could compete with them in cash. Even the opponents from the capital city only offered 6 billion yuan. From this, it could be seen that Gerald's offer was purely an accident. If he had known that Gerald was so bold, he would have directly offered 20 billion yuan.

But since the price had been submitted, it was too late to say anything now.

Fortunately, he still had a second chance to fight for it, or he would regret it.

After chatting with Liu Wenzhong, Alex immediately dialed Lin Ke's number. After discussing for a while, they decided to set the second price for tomorrow's second bid as 15 billion yuan. If they couldn't handle it, they could gradually increase the price by one billion yuan. The reason why they didn't raise the price to 20 billion yuan at once was that there was no need for that.

The plate of Qingyun Media was only so big, and there was a limit to the profit space.

He had invested too much money, so he could only leave it in the company's account. Anyway, it was the interest of the bank, so it was better to put it on his card. If he encountered other good projects, he could use it to invest. If he put it all in the account of Qingyun Media, it would be troublesome to take it out. It would have to be voted by the board of directors.

Even if he didn't consider this, putting all the eggs in a basket was a big taboo of investment.

Although they had the confidence to revive Qingyun Media, they were not afraid of risk in everything. investment was risky. If the investment went bankrupt, the more investment they made, the more losses they would suffer. It was because of this consideration that their first bid was 10 billion yuan, which they thought was conservative but stable...

When Alex and Lin Ke were almost done chatting, they suddenly received a call from Fang Chen. After telling Lin Ke the situation, they picked up the phone and said, "Hello, Master Chen, we haven't contacted each other for a long time. I thought you forgot me."

"Of course not." Fang Chen's clear voice came from the receiver. "I heard that you were very busy and didn't have the nerve to waste your precious time. Mr. Cohen, how are you doing? Do you have time tonight?"

"Master Chen, would you like to treat me to dinner?"

“To be exact... I want to invite Mr. Cohen and his sister-in-law to have dinner together. Speaking of this, Mr. Cohen is a little unkind. We have known each other for so long, but you haven’t introduced my sister-in-law to me, which made me misunderstand and almost lead to a big mistake. I admit that I was reckless, but you have to give me a chance to apologize, right?”

“Ahem, Master Chen is getting worse, but we can eat together. Let’s eat tonight...”

Alex and Fang Chen had made an appointment on the time and place of dinner together, so he hung up the phone and ran to Isla’s office. When he found that Xena was also there, he was not in a hurry to speak and turned to leave. In order to increase the success rate of the invitation, it was best to talk to Isla alone.

But Xena stopped Alex and said unhappily, “Cohen, are you a thief or something? You’re sneaky.”

Alex stopped and turned around to answer, “We’ve entered the wrong door...”

“Do you think I’m a three-year-old child? You’re looking for Lala for something, aren’t you? When you saw me here, you didn’t dare to say anything?”

“I...” Alex didn’t want to argue with Xena, but he couldn’t help nodding and telling the truth. “A friend wants to invite Isla and I to have dinner together tonight. I wanted to agree, but after thinking about it carefully, I decided not to.”

“You know yourself well! You have nothing to do with my family. Why should I ask Lala to see your friend?”

“Yes. But... Vice President Sullivan, the cooperation between Gold Stone and Wyatt Corporation may come to an end. You should be prepared in advance.”

“What do you mean? Isn’t it a good cooperation? Why is it suddenly coming to an end?”

“Because the one who invited us to dinner is the young master of Wyatt Corporation, Fang Chen. As the party leader, he took the initiative to invite us to dinner and gave us enough face. If President Sullivan doesn’t go, how can he keep his face? Of course, he hasn’t stated that he wants to terminate the cooperation with Gold Stone. It’s my guess.”

“Why didn’t you tell me earlier?”

Xena’s face changed instantly. She got up and rushed to the front of Isla, saying eagerly, “Although you don’t have any personal friendship with Alex, we still need to cooperate in business. Push aside the other schedule and go to the banquet with Alex.”

Hearing this, Isla became embarrassed. “Mom, isn’t your attitude changing too fast?”

“We can’t mix business and private affairs together. Don’t you know that Wyatt Corporation is the biggest client and the biggest sponsor of our company? How can we neglect it? Remember, not only are you going to the banquet, but you also have to rush to pay the bill. How can you let the party treat you?”

“Okay, okay, okay. I’ll go after work.”

“You’re the boss, so you don’t need to make a card. What are you waiting for? Go now and arrange the dinner in advance!”

As Xena spoke, she pushed Isla to the front of Alex. “Chen, what are you waiting for? Hurry up!”

Alex pretended to be very conflicted and said tentatively, “No, I can’t. Young Master Chen organized a couple dinner. I have to pretend to be a couple with Isla to go...”

## **Super Son-In-Law Chapter 206 -**

Hearing this, Isla knew what Alex was up to, but she didn’t say anything.

Xena looked at Isla suspiciously. She didn’t find anything unusual, so she said to Alex, “It’s just a meal. Why do you care so much? Cohen, you don’t want to take advantage of my Lala, do you? I warn you, Lala has no private relationship with you. You’d better put away your little thoughts!”

Alex shook his head and said, “Vice President Sullivan, if you don’t believe me, forget it. Just pretend that I didn’t say anything.”

“I think you have a guilty conscience, don’t you? Cohen, I know that you haven’t given up, and you still have improper thoughts about my Lala. I advise you to give up your heart as soon as possible. You are no longer the big boss, and Gold Stone has nothing to do with you... By the way, when it comes to this, who allows you to come to the company? Hurry up, don’t come here without my consent in the future! If you dare to have designs on Lala again, I will let you know why the flowers are so red!”

“That’s what you said. Don’t come to me when Wyatt Corporation ends the cooperation with Gold Stone.”

“I’ve already exposed your trick, how dare you threaten me? Get out, get out, don’t let me see you again!”

Xena was so angry that she didn’t listen to Isla’s advice.

Alex just shook his head and turned to leave without saying anything. At the same time, he took out his mobile phone, clicked on WeChat, and sent a voice message to Fang Chen, “Master Chen, sorry, we may not be able to come to the banquet today. But

thank you for your invitation. When there is a chance in the future, I will treat you to dinner!”

Xena was sure that Alex was lying, but when she heard these words, she muttered in her heart again. The more she thought about it, the more she felt that something was wrong. In order to be safe, she turned to Isla and said, “Call Fang Chen to confirm if what Alex said is true.”

Isla spread out her hands and said, “I don’t have Master Chen’s phone number.”

“Isn’t it the same to send a WeChat message and ask?”

“I don’t have WeChat either.”

“What? As the general manager of the company, you don’t have a partner’s contact information?”

“Mom, don’t you know? Wyatt Corporation chose to cooperate with Gold Stone for the sake of Alex. The project was indeed handed over to me, but I only have the contact information of Wyatt Corporation and have never contacted Childe Chen directly.”

“Is there such a thing? If the people of Wyatt Corporation know that Alex has nothing to do with our Gold Stone, will it really be possible to terminate the cooperation with our company?”

“In theory, this possibility does exist.”

“Oh, what should we do?” Xena scratched her head and thought about it. Suddenly, her eyes lit up and he said, “How about we arrange a position for Alex? As long as we can prove that he still has a certain relationship with our company, even if it’s just a name.”

Isla said helplessly, “Mom, aren’t you lying to yourself? To tell you the truth, our company has signed the cooperation agreement with Wyatt Corporation. Even if the company has nothing to do with Alex, Wyatt Corporation has to fulfill the contract’s regulations. Otherwise, Wyatt Corporation will break the contract and pay the penalty penalty. So I guess that Wyatt Corporation will not do that, at least before the agreement ends. Unless...”

“Unless what?”

“Unless Alex proposed a request to terminate the cooperation with Wyatt Corporation.”

“Do you mean that whether our company can stabilize Wyatt Corporation, a big customer, all depends on Alex’s attitude?”

“That’s right. Mom, there’s one more thing I have to tell you. In addition to Wyatt Corporation, there are also Harrods Corporation and Ryker Gardens Corporation. They all reached a cooperation agreement with Gold Stone for the sake of Alex. To put it bluntly, as long as Alex says a few words, Gold Stone will be on the verge of bankruptcy.”

“How could this be? Why is Alex so influential?”

Xena was dumbfounded. She sat down on the sofa with a helpless look on her face.

She wanted to take back Gold Stone and sweep Alex out of the house, so that she could live a comfortable life.

As a result, the company’s lifeline was still in the hands of Alex.

Xena and Alex did not like each other and did not want to deal with each other. What’s more, the quarrel just now made their relationship even more stiff. As long as Xena had a little backbone, she would not take the initiative to put in a good word for Alex.

However, Xena only cared about money and didn’t know what the backbone was. After a moment of hesitation, she stood up and said to Isla, “Call Alex quickly!”

It was difficult for Isla to feel grateful. “What do you want to say?”

“Just say... forget it. You don’t have to say anything. Just open it. I’ll talk to him!”

“All right.”

Isla hesitated for a few seconds, but still took out her mobile phone and dialed Alex’s number.

Seeing that the phone was connected, Xena picked it up and said with a big smile, “Alex, I’m sorry. I was impulsive just now and said something I shouldn’t have. Don’t take it to heart. You haven’t left the company yet, have you? Where are you now? I’ll apologize to you in person.”

At this time, Alex was sitting in the car downstairs. He wiped the car door with a towel with one hand and held up his mobile phone with the other hand. He answered casually, “As you ordered, I left as soon as I got back in the car. There is no need to apologize. After all, you are a big shot at the deputy general manager level, and I am just a small character.”

“Alex, look at what you said. The deputy general manager is not a human being? the deputy general manager don’t have to apologize for making a mistake? You are in the car, right? Then don’t leave first, I will come down right away...”

Alex didn't answer and hung up the phone directly. Then he got out of the car with a towel and began to wipe the rearview mirror.

Just now, Alex left Isla's office and went straight downstairs. He didn't hear the conversation between Isla and Xena. However, Cynthia listened outside the office and told Alex about their conversation in time, reminding him not to leave for the time being.

Alex had planned to find an opportunity to talk to Fang Chen, but instead, he would scare Xena.

People like Xena, who were open-minded, would definitely give in to him to keep the big client like Wyatt Corporation.

Unexpectedly, even without calling Fang Chen, Isla had already made everything clear for Xena...

Xena was afraid that she would not be convinced by Alex alone, so she called Isla down together. She went straight to the side of Alex's car and asked with a smile, "Alex, I sincerely apologize to you. Although you are no longer the boss of Gold Stone, you will always be a senior member of the company. In the future, you can come to the company at any time. If anyone dares to stop you, the aunt will be the first to settle accounts with him!"

Alex shrugged. "Vice President Sullivan, I have a question for you."

"What's the problem?"

"Tell me... why are the flowers so red?"

"Hua... no, Alex, didn't I say that what I said just now was all angry words? If you don't think about it, just pretend that I didn't say anything."

Xena blushed with embarrassment. She kept explaining, and at the same time, she kept winking at Isla.

But Isla thought for a long time and still didn't know what to say.

"Vice President Sullivan, your brain is a good thing. It's best if you always have a sense of security." Alex smiled and said slowly, "Is there anything else?"

At this moment, Xena was not in the mood to refute Alex's sarcasm. He braced himself and continued, "Alex, that... that Fang Chen, did he really propose a request that only couples can attend the banquet? Why does it feel strange?"

"Vice President Sullivan, it looks like you're already out of touch with the times and have a serious generation gap with our generation. The young people nowadays like to hold

a few theme gatherings. For example, single people are only allowed to participate in single dog's gatherings. A couple gathering is something that only couples are allowed to participate in. This is still a common topic, and I feel that it's a bit novel... Oh right, there's no need for me to explain what single dog mean, right?"

"No need, no need. Auntie has heard of single dogs. Alex, since Fang Chen has set the theme, then you and Lala can pretend to be a couple and attend the banquet."

"Okay, I'll leave after I finish the car."

As Alex spoke, he pretended to be in great pain. "Oh, my arm, why can't I exert my strength all of a sudden?"

## **Super Son-In-Law Chapter 207 -**

Xena was worried that she couldn't find a chance to please Alex, so she quickly walked over and took the towel. "It's like cleaning and sewing. It's not a man's work. Alex, you can rest aside. I'll wipe it for you. I promise I'll wipe your car clean!"

Alex pretended to be surprised and said, "You can't do that! Vice President Sullivan, how can you do such a rough job?"

"What are you talking about? It's not like I haven't done anything before."

After Xena finished speaking, she put her hands together and began to wipe the dust on the surface of the Lamborghini.

Seeing this scene, Isla's eyeballs almost rolled out.

After all, ever since Victor established Gold Stone and Xena became the boss' wife, she had regarded herself as an old Buddha. Not to mention outside, she almost did nothing at home. The housework such as washing and cooking were either done by Isla and Victor, or handed over to the nanny.

But now, in order to protect the company's several major clients, Xena put down her pride to show goodwill to Alex and took the initiative to clean the car for him!

Isla rubbed her eyes to make sure that she was not mistaken. She quickly pulled Alex aside and said with a faint smile, "You can do it. You've convinced my mother? But you're too bold. With your relationship, do you really dare to let her clean the car for you?"

Alex shrugged. "What's there to be afraid of? I didn't force her to do it. She did it."

“But...”

Advertisement

“Isla, don’t worry. I know what I’m doing. To be honest, your mother is a pumpkin-shaped person. She won’t give in. If you want her to give in, you have to work hard!”

“After all, she is my mother. Is it really appropriate for you to say that in front of me?”

“Ahem, you’re right. I just mean it. Don’t think too much about it. I know that you’re worried that her body will be damaged by anger. But I’ve already seen that there’s nothing wrong with your mother’s body and mind. The only problem is that the money in her hand is not as generous as before. Haven’t you noticed that since I transferred Gold Stone to you, she has become a different person? Not only does she not need to be raised, but she also wants to live in the company, for fear that something bad will happen to the company!”

“You’re getting more and more excited! Is my mother really as... snobbish as you said?”

“To be honest, I do! Isla, I didn’t treat you as an outsider, so I told you these things. You are so smart that you must have thought that if we want to be together, the first thing we need to do is to subdue your mother. I didn’t have any clue at first, but now I have a way. She likes money, so I will use money to hang her up!”

“Do you want to maintain this state for the rest of your life? Isn’t it too ideal?”

“There’s no need. As long as we give birth to rice and rice, and you give birth to a fat boy for me, I don’t have to look at her face anymore, do I?”

“You wish. Who wants to have sex with you? Who wants to give birth to a fat boy for you?”

“Heh heh, I like daughters too. As long as you give birth to a child for me, I like sons and daughters. Why don’t... you give birth to a few more children, and all of your children will have their own children?”

“Get lost! The more you talk, the more ridiculous you are!”

Isla’s face had turned red all the way to her neck, and she rolled her eyes at Alex. Then she raised her hand to smooth the hair around her ear and walked quickly to the front of Xena, saying, “Well, Mom, you don’t have to wipe it. It’s not dirty at all. He just has nothing to do, so he deliberately wants to do something.”

Xena circled around the car and nodded. "It's done. You can leave now. By the way, Lala, for the sake of the company, you should be a little more relaxed and try your best to cooperate with Alex. If Fang Chen finds out that you are pretending to be a couple, it's equivalent to being deceived by you. It's better not to go."

"What do you mean?"

"A couple should look like a couple. Do you need me to teach you how to hold a hand and pick up a dish or something?"

"I..."

Isla suddenly regretted speaking to her mother in front of Alex.

Because once again, she realized that her mother was more snobbish than she had imagined!

Alex also came over and said to Isla, "Tell the beautiful Cynthia that I'll ask Hunter to send her back in the afternoon."

Isla understood what Alex meant. She immediately took out her mobile phone and sent a WeChat message to Cynthia.

Alex found Hunter, winked at him, and said, "After a few days, I think you've got along quite well with beautiful Cynthia. Later, I'll take Isla to the banquet. It's rare for you to rest for half a day. Seize the opportunity to cultivate your relationship with beautiful Cynthia and have a meal and watch a movie together. I'll compensate you for all the expenses."

Hunter scratched his head and said, "Young Master, my treatment is too good, isn't it? How can I be in a relationship with a public fee?"

"It's not a big deal. If you can win over the beauty, I'll give you another big thing."

"Hehe, Young Master, I will work hard for your big gift."

"Holy crap... Are you also a straight man like me?"

Alex shook his head helplessly, returned to his car, and said to Xena, "I will send Isla back at night. It may be late."

Xena nodded. "It doesn't matter how late it is, except for attending the banquet, you can't do anything else!"

"What else can we do?"

“Go... go ahead, don't let Fang Chen wait for you!”

Xena didn't know how to answer, so she pushed Isla into the car.

Alex didn't push Xena anymore. He called Big Ken and the three of them set off.

Fang Chen listened to Alex's suggestion and chose a star seafood restaurant owned by Ryker Gardens Corporation. Instead of asking for a private room, he chose a seat near the window in the hall, which could overlook the bright night view of the city. It was an excellent position, and with the elegant environment, it was as dreamy as the scene in an idol drama.

Enjoying life was nothing more than this, wasn't it?

Alex couldn't help sighing with emotion. They used to eat in private rooms. Although it was quiet, they also missed a lot of fun.

Compared to the ordinary Fang Chen, Alex that felt like an eye-opener was a bit rare and strange. This also made Alex secretly make up his mind that when everything stabilized, he must calm down and enjoy life with Isla. Otherwise, when he grew old and had no happy memories, the precipice would be a big regret in his life...

Fang Chen didn't know Alex's psychological activities. According to her own ideas, she apologized to Alex and Isla first. “Mr. Cohen, I'm sorry. I didn't know it before, so I made my own decision to let my cousin Xiao Jing chase you. Now I know, I promise I won't do such stupid things in the future. And sister-in-law, I specially asked Mr. Cohen to invite you here today. In addition to getting to know you, I also want to apologize to you in person.”

Isla was not used to being called “sister-in-law”, so she replied awkwardly, “It's okay. It's not surprising that you don't know.”

Alex also waved his hand and said, “Young Master Chen, you worry too much. I think it's me who should apologize. It's my fault that I didn't make it clear earlier. If I had exposed my relationship with Isla earlier, Xiao Jing's mood wouldn't have been affected. There's no need to go out and relax now.”

Fang Chen smiled brightly and said, “Mr. Cohen, sister-in-law, if you don't blame me, then it's better. Mr. Cohen, I have something to talk to you about today. I heard that you are very interested in Qingyun Media. It seems that you want to do something. Can you take me with you?”

Alex was stunned for a moment. “Young Master Chen, are you kidding? You are the young master of Wyatt Corporation, and you can't even handle your own business. Do you have time to do anything else? Besides, with the conditions your family has created

for you, even if you want to do something else, what can't you do? Why do you need others to take it?"

"Alas, I'm ashamed to say that I've been living under the wing of my father. I didn't have a chance to realize my value at all. I've told my father many times that I wanted to make some achievements, but he didn't approve of it. He was afraid that I would fail. He didn't let go until I said I wanted to hang out with you."

"I see... Master Chen, I'll remember this."

"Okay, Mr. Cohen, please remember it."

"Don't worry. If there is a chance, I hope that I can develop with my brothers!"

Alex thought, "When I take over Qingyun Media, I'll transfer part of the shares to Fang Chen."

What he didn't know was that it was not as easy as he thought it would be to win Qingyun Media...

## **Super Son-In-Law Chapter 208 -**

At 9:50 the next morning, accompanied by Big Ken, Alex came to the parking lot. As soon as he got along with Lin Ke at the exit of the parking lot, he saw Gerald, surrounded by several young people, quickly walking over.

Alex didn't pay attention to Gerald, but inadvertently noticed that there was a strong man in front of Gerald with an extraordinary temperament. At first glance, he was not an ordinary person.

Big Ken was also a little surprised and whispered, "When did Gerald change bodyguards?"

"That man must have received strict training, right?" Alex said in a daze, "Your eyes are very sharp."

"Not bad, not bad. Young master, your abilities have improved again. Generally speaking, people who have received long-term professional training, such as soldiers, are different from ordinary people. A person with a unique vision can be distinguished by the other party's small movements. And the strong man's eyes, between resolute and resolute, also have a trace of coldness. If I'm not wrong, he has not only received training, but also received the baptism of actual combat tasks. In my opinion, he is similar to the Men of Sacrifice, who is the kind of person who doesn't care about life and death and doesn't want to die."

"That would be amazing. Gerald has found a treasure..."

Advertisement

Alex became more and more curious about the identity of the strong man.

Big Ken was thinking about how Gerald found the strong man.

Even top security companies couldn't afford to provide bodyguards at the same level as the strong man...

While they were thinking, Gerald had already approached them. His eyes swept over Big Ken and Lin Ke's faces. He stared at Alex blankly and said in a domineering manner, "Cohen, you're here today, which means that you've entered the second round, but it's too early for you to be happy! The first round is just a formality, and the contest between us has just begun! I might as well tell you that I'm sure to win this competition. You'd better prepare in advance, lest you cry when the result comes out."

Advertisement

Alex shrugged. "Gerald, don't say too much. It's hard to say who will laugh till the end!"

"You don't believe me, do you? Let's wait and see! Let me tell you the truth. Since you decided to take away the property under the name of Chase, this result has been doomed. Not only this time, as long as I am alive, you can never do anything big in your life!"

"You mean, no matter what I want to do, you want to compete with me?"

"That's right!"

"Now that I want to curse you, do you also want to curse yourself?"

"You..."

Alex didn't show his cards according to common sense, which made Gerald speechless for a while.

However, Alex was not aggressive. He casually left the word "Childish" and turned to leave.

From a commercial point of view, Gerald's decision was indeed very childish and irrational. In order to take revenge on Alex, they competed maliciously regardless of the consequences. They took the company's assets for revenge. For other shareholders of Grand Express Corporation, this was extremely irresponsible.

Gerald was not a fool. He could make a decision, but in order to take revenge, he went all out...

At 10 o'clock, under the guidance of the receptionist, Alex and others came to a conference room on the sixth floor.

Alex saw at a glance that a group of people had already sat down in the conference room. Sitting in the middle was a familiar middle-aged man.

Lin Ke pointed to the middle-aged man and whispered to Alex, "That man is the sworn enemy of your Gold Stone—the boss of Sincere Co.."

"Bob Tannin? I guessed it..." Alex suddenly realized something, but soon realized a problem. "No! According to the information given by Director Liu, the highest bid is from Gerald. The second bid is from us, and the third bid is from a Jingdu media company, which is not in the top three."

"That's right. Then why is Bob here?"

"I'll go ask Director Liu..."

Alex immediately left the conference room and went to Liu Wenzhong to explain the situation.

After hearing this, Liu Wenzhong was also stunned. "We didn't inform the company to participate in the second round! President Cohen, are you sure that Sincere Co. sent someone?"

"I'm sure. I saw with my own eyes that the boss of Sincere Co., Bob Tannin, is sitting in the conference room."

"I'll go and ask!" Liu Wenzhong ran to the conference room with doubts. As expected, he saw Bob and walked straight over. "Mr. Tannin, did you make a misunderstanding? I remember that we didn't invite you to participate in the second round of shopping, did we?"

Bob shook his head and said, "I was invited here."

"Oh? Who invited you here?"

"It's the one beside me, Director Zou of Jingdu Tianle Media."

As Bob spoke, he gave Alex a malicious look.

As soon as he finished speaking, the so-called Director Zou stood up, shook hands with Liu Wenzhong, and said with a smile, "Director Liu, I'm sorry, I haven't had time to explain the situation to you. After the result of the first round of the auction yesterday came out, I discussed it with Mr. Tannin and decided to join hands to participate in the auction. We volunteered to cooperate. It should be in line with the rules, right?"

"I see... It's okay to join hands to compete for shopping. Have a seat first. When everyone is here, it will officially begin..."

After Liu Wenzhong finished speaking, he winked at Alex and then went out.

Alex quickly followed him and walked to a quiet place. Then he asked eagerly, "Director Liu, the competition seems to be getting more and more intense."

"Yes, I didn't expect so many accidents to happen in an ordinary auction." Liu Wenzhong sighed with emotion. "You offered 10 billion yuan, which is far beyond our expectations. I didn't expect that Gerald would offer a higher price. Now, Tianle Media, which ranks third, has joined hands with Sincere Co. to increase the success rate of the auction."

"Judging from the price of the first round of Tianle Media and Sincere Co., even if we join hands, we can only accompany them. I am now more worried about Gerald. I don't know how much money he has got. Anyway, he is full of confidence and looks very confident."

"I'm sorry, Mr. Cohen. I may not be able to help you in this matter. You can only rely on yourself. Alas, it's my fault for not thinking carefully. If I had known that there would be so many variables, we would not have competed in public. We just need to find a way to sell the shares of Qingyun Media to you directly."

"If we do that, both of us will be criticized, won't we? Forget it, let's not talk about this anymore. I'll fight for it with my strength."

From the beginning, Alex had no intention of going through the back door. Now he was just a little worried and did not intend to blame Liu Wenzhong. What's more, Liu Wenzhong had leaked a lot of information to him in advance. That was the treatment that other buyers could not enjoy. He had already given him a favor.

At ten twenty, all the relevant personnel sat in the conference room. Everything was ready, and the second round of shopping officially began.

In addition to the leaders of the financial management department led by Liu Wenzhong, the leaders of the financial management department were also in charge of this auction.

However, this was held in the business center. As the host, Liu Wenzhong naturally became the main person in charge. He made the first speech, introduced the purpose of this auction, and then went straight to the point. "You can keep the price of the first round unchanged, and you can also bid again. But I want to make a statement that you should do what you can. If you disturb the auction, we will punish you according to the law and punish you severely!"

Then, Liu Wenzhong's assistant opened a folder and announced the price for the first round of the second round.

At this time, Alex's advantage of obtaining information in advance was obvious.

If they knew the bid of the partners in advance, they could make the second round in advance.

Director Zou and Bob could only discuss it on the spot.

Alex looked at Lin Ke and said, "Director Liu, I've decided to bid again. Come on, let's also bid 12 billion first."

In stark contrast with the calm and composed Alex, Director Zou and Bob were both nervous. Neither of them had expected that the gap between the first round and the first two would be so big! They thought that the price of the second round would be stable from 80 to 10 billion yuan. However, they didn't know that the number was not enough.

After an urgent discussion, Director Zou wiped the sweat from his forehead, gritted his teeth, and said, "We also bid 12 billion!"

Liu Wenzhong nodded slightly and said slowly, "It seems that we can only continue. In principle, there can only be one winner."

Gerald glanced at Alex and said, "Do you dare to continue bidding?"

## **Super Son-In-Law Chapter 209 -**

Alex felt that he had heard a big joke and couldn't help laughing. "Gerald? Do you want to fight with me? Come on, I can fight until you doubt life!"

"Humph, you overestimate yourself!" Gerald snorted and said, "Then today, I'll teach you a lesson!"

"Well, wait and see!"

Alex shrugged his shoulders and looked at Bob subconsciously. In addition to wanting to know how Bob felt now, he also thought of an old opponent. He still remembered that

not long after he took over the company, he took Felix to talk business with Director Zhang in Wyatt Corporation and met the boss of York Designs LLC.

At that time, with the secret support of Bob, the boss of York Designs LLC vowed to give Alex a lesson. As a result, his face was slapped so hard that he finally came back. After several months, another person finally appeared to give Alex a lesson, which was really expected.

Gerald and the strong man next to them looked at each other and proudly said to Liu Wenzhong, "I'll add another 500 million!"

Alex did not show weakness and said, "Then I'll add one billion more."

"One and a half billion!"

"Two billion."

"Hey... wait a minute, Mr. Cohen, I think it's necessary to remind you. Don't just shout. You have to weigh your own strength first! If you shout but can't take out money, you will be laughed at. Besides, Director Liu just said that if you deliberately disturb the buyer, you will be punished!"

"Don't worry! I'm not a child. I'll be responsible for every sentence I said!"

"Humph, that's for the best. I'll add another 2.5 billion!"

"I thought you wouldn't dare to continue bidding... I'll add another three billion!"

"Hiss..."

Seeing that Alex was still calm, Gerald could not help gasping and turning to stare at the strong man again.

Because Pei Chong was a drug dealer and had committed a lot of sins, he did not dare to show up easily, so he sent a trusted subordinate to participate in the shopping with Gerald. It was the strong man. Now Gerald was in a passive position and Pei Chong was not in front of him, so he could only ask the strong man for advice.

At this time, the strong man was looking at Alex with great interest, and he was shocked.

Last night, when Gerald met Pei Chong and offered compensation to the strong man, he also made further analysis and preparation for today's shopping. They thought that the price of 12 billion was basically stable. But in order to be safe, Pei Chong added another two billion after getting the permission of Jing Kun.

Gerald also contacted other shareholders of Grand Express Corporation and urgently pulled out a billion investment.

After careful calculation, they had prepared a total of 15 billion yuan for this auction.

When they learned that the first round of Alex was priced at 10 billion yuan, both Gerald and the strong man thought that it was the limit of Alex. This was also the reason why they thought that Alex was bound to win. They never thought that they had underestimated Alex's strength. The show had just begun, and the 15 billion price that Alex casually offered touched their ceiling.

What was even more frightening was that Alex had always been calm, and no psychological fluctuations could be seen.

They had no idea how strong the foundation of Alex was.

In this case, Gerald could no longer make the decision. After all, Pei Chong was the biggest shareholder of this investment.

As the spokesperson of Pei Chong, the strong man couldn't make up his mind. After thinking for a while, he said to Liu Wenzhong, "Rest for a while. I drank too much soy milk in the morning and my bladder was swollen. I have to put some water in it."

"Okay." Liu Wenzhong looked at the clock hanging on the wall and said, "Rest for ten minutes."

The strong man did not answer and got up directly to go out. Time was running out, so he had to call Pei Chong as soon as possible.

Gerald did not know what to do and hurried out.

Liu Wenzhong called Alex and Lin Ke to the office and said worriedly, "Even if no one asks for a rest, I will take the initiative to stop the shopping so that I can tell you the truth. Mr. Cohen, Mr. Lin, although your financial resources have broadened my horizons, I am also a little worried about you.

If Qingyun Media develops well, its future is really vast, but no matter which industry it is in, there is a limit. This also makes the investment limited. In my personal opinion,

investing ten billion yuan in Qingyun Media is almost enough, which is beyond the limit of 15 billion yuan.

If there is more money, I don't think there is any need to fight for it. What I need most now is money, and what I need most is opportunities to invest. You can still make money by taking those money to do other investments."

Alex nodded and said slowly, "Director Liu, I believe that your judgment is objective and your advice is also pertinent. However, Qingyun Media is the industry that my cousin and I have long wanted. Now that the opportunity has come, we should try our best to fight for it."

Lin Ke nodded and added, "There are indeed many opportunities to invest now. No matter how much money we have, we don't have to worry about not being able to invest. However, it is rare for us to have such an opportunity to be interested. Director Liu, I know that you are afraid that we will make the wrong decision on impulse. But don't worry, this investment was carefully examined by my cousin and I."

"Well... since you've decided, I won't say anything."

As the main person in charge of this auction, Liu Wenzhong had said everything he should and should not say. As for whether Alex and Lin Ke would listen or not, it was not up to him to decide.

However, he did not say much, but he was still a little disappointed with Alex and Lin Ke. He felt that these two young people still suffered a young loss and were not steady enough.

Alex roughly saw through Liu Wenzhong's mind and added with a smile, "Director Liu, to tell you the truth, although only my cousin and I showed up in this auction, in fact, Wyatt Corporation also participated. There are other investors discussing with us."

Liu Wenzhong's brows finally relaxed. "I see. Then I'm relieved..."

On the other side, both Bob and Director Zou were unwilling to withdraw from the competition. After discussing for a while in the conference room, they ran out together and found Gerald at the end of the aisle. They wanted to take a taxi to further expand the joint investment line.

In order to catch up with the bus, they gave up the idea of being a driver and were willing to follow Gerald as an ordinary passenger whose right of speech was greatly reduced.

As a result, after the strong man called Pei Chong, he instantly regained his confidence and refused Bob's proposal.

Bob still did not give up. He took Director Zou to the door of Liu Wenzhong's conference room and called Alex and Lin Ke to the corridor on the other end of the corridor. He said mysteriously, "Mr. Cohen, I dare to conclude that you can't defeat Gerald by yourself."

Alex asked curiously, "What's your judgment?"

"Because I vaguely heard that Gerald has made another investment."

"Oh? How much?"

"Don't ask. Anyway, you can't win, unless... you and I join hands."

"After talking for a long time, do you want to join hands with me to invest? I'm sorry, our car is full. You can come later. Speaking of which, I'm very curious. Your Sincere Co. and my Gold Stone are deadly enemies. You should be targeting me. Why do you want to cooperate with me?"

"I..."

Bob was stunned.

It was not that he had nothing to say, but it was inconvenient to say it clearly.

Like Alex, Bob also analyzed that it was very likely that the deep cooperation between media companies and advertising design companies would achieve one plus one more than two results. In general, this was a good way to make money. This was also one of the reasons why he participated in this auction.

In addition, Sincere Co.'s rapid development was going to surpass Gold Stone's, but it suddenly became silent. Bob was very unwilling to give up and urgently wanted to regain its prestige. However, almost all the biggest clients in the city had been dug out by Gold Stone, leaving only the big cake of Qingyun Media.

If Gold Stone took down Qingyun Media again, there would be no hope for Sincere Co. to turn over.

In the case that it was destined to be impossible to win Qingyun Media and reach an exclusive cooperation, there was only one way left, which was to share the big cake of Qingyun Media with Gold Stone. Only in this way could the slim hope of continuing to compete with Gold Stone continue!

As Bob thought about it, he became very excited. With a red face, he said to Alex, "Cut the crap. There are only two possibilities in front of you now. One is to join hands with me to take down Qingyun Media, and the other is to miss this good opportunity!"

## **Super Son-In-Law Chapter 210 -**

Alex laughed and said, "Mr. Tannin, how can you be sure that if I don't join hands with you, I won't win?"

Bob felt that he was not taken seriously by Alex. After enduring for a long time, he was finally irritated by Alex's free and unrestrained attitude. He glared and said, "Cohen, to tell you the truth, Gerald has pulled out another five billion investment. There are at least 20 billion in total. Can you afford so much money?"

"Are you sure I can't take it out? Then you are doomed to be disappointed."

"Humph, you are stubborn. How can you get so much money? Cohen, I will give you one last chance. If you are willing to cooperate with me and promise to hand over the management rights of Qingyun Media after it is done, then I can forgive your rudeness. Let's make a lot of money together. Otherwise, you will regret it!"

"Are you threatening me? Bob, the current economic situation of Sincere Co. and Gold Stone can be seen clearly that you don't have the right to threaten me. Well, it's almost time. I'm going to continue. As for you, you can stay where you feel cold."

Alex didn't want to curse Bob on the street, so he left.

Bob was so angry that his face was red and his neck was thick. He shouted at Alex's back angrily, "Cohen, you are so arrogant. There will be a time when you regret it. If you don't fight for the chance, then even if you f\*cking recognize me as your father, you can't let me cooperate with you!"

Director Zou, who was standing by the side, had a great opinion of Alex, but he didn't say anything.

After all, Director Zou was a high-level manager of a large company. He had a high vision and a steady personality. When his original plan was broken, he didn't vent his emotions like Tan Qingshan, who had put all his eggs on the line. He still kept his clear-headed mind and planned to take a step back. The remedy plan was about to take shape...

Bob was eager to see Alex suffer, so he walked to the conference room with a gloomy face. When he met Gerald at the door, he suddenly had an idea and immediately put on a smile. "Mr. Xavier, when you are free, maybe we can talk about cooperation..."

Advertisement

Gerald interrupted Bob, "You have long ears, don't you? Didn't we tell you clearly just now? What else do we need to talk about cooperation?"

“No, no... Mr. Xavier, you misunderstood me. I’m not talking about that cooperation. I know that with Mr. Xavier’s strength, it’s easy for him to take down Qingyun Media. He doesn’t need to cooperate with anyone at all. What I think is that after you take down Qingyun Media, if you cooperate with my company, it will definitely be a win-win situation!”

“Well, let’s talk about it later...”

Gerald was in a hurry to compete with Alex. He ignored Bob and quickly entered the room and sat down.

Bob scratched his head resentfully and entered the room to sit down.

As Liu Wenzhong and other leaders arrived one after another, the auction started again.

Gerald, who had regained his confidence, stared at Alex with a sneer. “I admit that I underestimated you before... To be exact, I underestimated your ability to raise money. But at the same time, you must have underestimated the strength of an old enterprise like our Grand Express Corporation. After decades of hardships, Grand Express Corporation has trampled countless competitors to death and developed steadily to the present scale. Its foundation is beyond your imagination.”

Alex shook his head and said, “Gerald, with all due respect, it’s the best for you to do your best. It’s better for some people to do whatever they want... Don’t rush to refute. When you know the origin of the Hengkang Group, you will know that although what I said is heart-wrenching, I have to admit it.”

“Even if it’s a fact, what does it have to do with you?”

Advertisement

“Then what you just said has nothing to do with shopping? Gerald, figure it out. Now it’s a shopping fair, not your memorial ceremony. There’s no need to show off your great achievements.”

“You...”

“Okay, okay! Gerald, if you want to continue to bid, hurry up and bid!”

Liu Wenzhong was afraid that Alex and Gerald would scold him here, so he quickly changed the topic and said, “President Cohen has just bid 15 billion yuan. President Xavier, Mr. Tannin, are you going to continue to bid? By the way, let’s mention that everyone’s time is very precious. It’s more important to get down to business!”

Gerald glared at Alex and said loudly, “I’ll pay 16 billion!”

Bob shook his head with a sullen face and reluctantly said to Liu Wenzhong, "... I quit."

Liu Wenzhong nodded and said to Alex, "President Cohen, what about you?"

Alex smiled and said, "Director Liu, you're right. Time is precious. It's a waste of time to add it little by little. It's better to end it as soon as possible. Gerald, I can see that after you rest, your momentum is very strong, but I hope that you can keep up with my pace. Listen, I'll pay... 20 billion yuan!"

As soon as he said that, everyone present, except Alex himself and Lin Ke, was shocked.

Liu Wenzhong had guessed that Alex and Lin Ke were fully prepared, but he did not expect that they were so well prepared. The most important thing was that no matter how fast they were in a hurry, it would not take them a few minutes. One billion plus one billion was already a lot. Alex actually added four billion at once, directly raising the price to the level of twenty billion!

With Alex's performance, he was more than a rich man.

He was simply a God!

In addition to being shocked, Bob's face suddenly became extremely hot. It was not until now that he realized that Alex was not a fool. The reason why he refused his cooperation proposal was not that he was brainless, but that he had the strength to defeat Gerald alone. indirectly, he also realized a very serious problem. This time, he threw the pot and sold it for iron. He begged his grandfather to tell his grandmother and mortgaged the whole company, so that he could barely get billions of yuan.

As for Alex, they could easily afford 20 billion.

There was such a huge gap in strength, and he still wanted to compete with Gold Stone?

Fight for an egg!

All of a sudden, Bob's enthusiasm was greatly impacted, and his beautiful longing for the future was instantly turned into bubbles.

As spectators, Liu Wenzhong and Bob were shocked to the extreme. As the parties involved, Gerald was so scared that he almost lost his mind and did not come to his senses for a long time.

After an unknown period of time, the strong man reacted first. He pushed Gerald's arm and asked seriously, "Have we been targeted? Why do I feel that Alex seems to know our background? Did you slip your tongue when you were angry with him?"

“No...” Gerald explained anxiously, “We’ve been together for a long time.”

“That’s right. You haven’t talked to him since you rested.”

“This is not the most important thing. What’s important is what we should do now.”

“Brother Chong just said on the phone that adding five billion is the top. Now I can’t do anything about it, and it depends on whether you can get more investment. If you can’t, then we can only withdraw first and think of other ways.”

“What else can we do?”

“Do you think Brother Chong doesn’t have a backup plan?”

The strong man was very open-minded, because Pei Chong said that if he really couldn’t get it, he would give Qingyun Media to Alex first. It was not like there was no chance for him to get it after this failure. He could also try to get it from Alex. If he really couldn’t get it, he could wait until Alex died...

Gerald couldn’t make more investments in a short time, so he could only accept reality. He sighed secretly and said to Liu Wenzhong, “I quit the competition. However, I have to verify the financial resources of Alex. If he can’t afford it, then he is here to make trouble. He must be severely punished!”

Liu Wenzhong was not in a hurry to express his opinion. He turned to Alex and said, “President Cohen, look at this...”

“It’s easy.” Alex smiled faintly, took out a bank card, and said, “You can check the balance on my card. Gerald, you have to take a good look at it, because I’m sure that you have never seen so much money in your life. If you miss this opportunity, you won’t be able to open your eyes even if you die.”

If it were an ordinary person who said such words to a business tycoon like Gerald, he would definitely be regarded as a fool.

But from the mouth of Alex, Gerald himself was unable to refute.

There was no other way. Where was his strength? Even if he sold the whole Hongda, he could not exchange it for 20 billion yuan.

Just like what was said on the Internet, there were some things that were born to exist. If not, then there would basically be no one in this life...
