

Super Student Chapter 101

Chapter 101

What Qin Siyu was worried about was not a problem for Ye Lu. With the “auxiliary function” of his glasses, he could easily hack into any computer, including any camera, so it was a very simple matter for Ye Lu.

So, Ye Lu didn’t need to do any preparation for this, and in the evening, he went straight to Zhao Yang.

“How did you kid do on the exam?”

Ye Luo looked at Zhao Yang and asked.

Zhao Yang smiled and said.

“I don’t like to study, just find a more professional school to study at, my family is going to let me study accounting, my family has the contacts, so when I graduate, I can find a job.”

When he heard Zhao Yang’s words, Ye Lu nodded, it was good to have parents to worry about, the road had been paved so early, but unfortunately Ye Lu didn’t even know who his parents were or if they were alive.

This made Ye Lu slightly a little sad.

However, he immediately shook his head to shake all these emotions aside, then looked at Zhao Yang and said with a smile.

“Not bad, the road ahead is all paved, however, I have another surprise for you, don’t you want to lose weight, I have pills that can lose weight for you.”

With those words, he took out a bottle of elixir and put it in front of Zhao Yang and said.

“Because the effect of weight loss is more powerful, I suggest you take it at home, also, don’t take too much at once, two capsules is the limit, stop when you feel unwell, I don’t want you to get sick from eating, as for the effect? I guess it will be obvious within a few days, because this elixir is targeted, it will only lose excess fat, for example, it is a woman who uses it will not For example, a woman will not lose her breasts if she uses it.”

After saying that, Ye Lu took out a pill bottle and put it in front of Zhao Yang.

Zhao Yang looked at the pill bottle with some surprise and said.

“So divine, if women knew about it they wouldn’t snatch it up! Tsk!”

Ye Luo then said with a smile.

“Lose weight properly, don’t get distorted thoughts, don’t forget the pain after getting well, haven’t you remembered the lesson from last time’s blind foolishness?”

Hearing Ye Luo’s words, Zhao Yang immediately said with a heated smile.

“Why not, I will definitely keep a low profile. By the way, I am going to go to a school in the capital to study at university, you can cover me up then!”

Ye Lu smiled and made an “OK” gesture.

He didn’t have many friends, so he valued friendship in particular.

In the riverside villa on the other side of the city, the girl who had been pissed on by Ye Lu was pacing back and forth with her waist crossed.

“Daring to make a fool of me, Lin Danni, in public, this bastard, I absolutely can’t spare him.”

The events of the day had made her a little furious and the room was littered with things she had broken.

Soon, the few burly men arrived at the villa.

“Come on, tell me who that brat is, I want to clean him up.”

Lin Danni said angrily.

As a result, one of the burly men whispered.

“Miss Lin, I’m afraid this matter is a bit difficult, we have inquired, this kid is called Ye Lu, although he doesn’t have any background, but he is still quite famous in the city’s high society for a period of time recently, he is not easy to mess with.”

When she heard this guy say that Ye Lu, a loser, was not to be messed with, Lin Danni froze for a moment, and then slapped the table and said.

“What’s not to be messed with.”

At this time another strong man then quickly continued.

“My buddy is called Monkey, he said, that Ye Lu is very evil, he can foretell nine times, cure a disease, drink a thousand glasses of wine, spend money like money, fight like a thousand, study like a class, in short, it is better for us to stay away.”

The burly man’s set of words froze Lin Danni, and she stood there for several seconds before she said with a dumbfounded look on her face.

“When did you kid learn so many idioms?”

The strong man said with a heated smile.

“Aren’t you about to become a big star? I thought I had to learn more, to appear educated isn’t it.”

As a result, Lin Danni looked at him and shouted.

“Get lost!”

Then turning to look at the other guy, he asked.

“You say.”

This guy hurriedly nodded and said.

“My dad once attended a gathering of Elder Shen in the city, and it turned out that Elder Shen was respectful to Ye Lu and took the initiative to throw himself at him, and those divine doctors of Master Hua also bowed down to Ye Lu and obeyed him, in addition he seemed to be the son-in-law of the Gu family and the savior of Elder Su, and the Zhang family who was against him was made to suffer and was left in the dust, and finally caved in and gave in to him”

Before this guy could finish his sentence, Lin Danni yelled out with all her might.

“Get lost!”

Following that, she crossed her arms and said.

“You guys get as far away from me as you can, you’re really pissing me off.”

However, she also realised that this Ye Lu was not really easy to deal with, I’m afraid.

“Well, wait until you get to the university and see how I deal with your girlfriend, just you wait for me.”

Ye Lu had actually considered the fact that he would pull hatred for Qin Siyu by striking out today, however, he knew very well that with Lin Danni’s character, even if he didn’t do anything to her, once Qin Siyu got into the same school as her, she wouldn’t stop out of jealousy, so Ye Lu didn’t care much.

With the “Marrow Cleansing Pill”, Qin Siyu’s strength, reaction speed and so on would increase several times, and when she learns a move or two, it should be difficult for ordinary people to get close to her. Of course, if there is a suitable gongfu method, Qin Shiyu will be able to use it.

Of course, it would be even better if there was a suitable gong method for her to learn, but it was said that the really good gong methods were only available in those sects, or hidden sects.

Following that, Ye Luo then had a divine chat with Zhao Yang for a while longer and drank some wine, before returning home.

Ye Yan then asked about the exams, but Ye Lu gently reassured her that he would definitely pass the exams, and Ye Yan didn’t really doubt this, after all, she had already noticed that this brother seemed unusual.

The next day, Ye Lu repeated the same trick and made Qin Siyu answer a perfect score in mathematics, which has been completely bottomed out.

The same was true for the afternoon comprehensive exam, and Ye Luo voted for Qin Siyu without surprise.

After two days of exams, Qin Siyu was already completely relaxed.

However, during the past few days, Granny Yun had not been home and could not be contacted, it was the aunt that Granny Yun had hired to look after the shop, which made Qin Siyu’s heart slightly uneasy.

It was true that Granny Yun had often gone out before, but she would usually take the time to tell Qin Siyu her whereabouts, and this time was very unusual indeed.

However, Qin Siyu did not say anything to Ye Lu, she felt that she had already caused Ye Lu a lot of trouble, besides, if she did, Ye Lu did not know where Granny Yun was and it would be futile.

He felt that the blue Manjushri was calling him.

So he called Ye Yan on the pretext that he had finished his exams and was taking a break from his classmates, and then hurriedly headed towards Tianma Mountain with all the things he had prepared before.

Seeing Ye Lu's windy appearance, Long Fei Xue, who was originally anxious to ask about the elixir, did not go up to him.

"Let's hope that he can really get a potion that can break through the bottleneck."

Long Fei Xue looked at Ye Lu's back and clenched her small fist, now all her hopes were pinned on Ye Lu's body.

Of course, Ye Luo was equally full of expectation as he was walking according to the coordinates positioned in his glasses.

"Turn left when you see the ravine ahead, turn right when you see the crooked-necked poplar tree, pay attention to avoid the rocks on the ground, there are still two hundred meters to the target, be careful of the pit ahead and fall to your death"

Hearing the glasses like a comic tip, Ye Lu felt a little funny, but the glasses command is completely right, Ye Lu soon arrived outside the cave.

"It's finally time to refine the most important elixir."

Ye Luo took a deep breath at the door, he had already discovered through this period of cultivation that his cultivation was simply too slow to improve through meditation alone, he had to get some treasure at the "Dharma Fair".

Then, he took out the dagger made from the arrow of the "Sunset Arrow" and walked deeper into the cave.

The arrows of the "Sunset Arrow" seemed to have a natural deterrent effect on these ghosts, and the terrifying "ghost bats" really "hooted and hollered" once again. They all fled to the outside of the cave.

However, Ye Lu looked at Blue Ying Ying's Manjushala and "Ghostly Inferno" and did not start refining them right away, he still needed to practice a little more.

Moreover, the recipe also said that the best time to use the Ghostly Inferno was when the moon was in the middle of the day.

Thus, he waited until midnight before Ye Lu placed the "Burning Heaven Furnace" on top of the "Ghostly Inferno".

Following that, Ye Luo took a deep breath and began to put the various herbs that had been weighed long ago as well as the processed potions into the dan furnace one by one.

He had done these things countless times before, but when he actually started to refine, he still felt overwhelmed with emotion.

The “Burning Heaven Furnace” began to emit an eerie blue glow after it came into contact with the “Ghostly Underworld Inferno”, reflecting the ancient textures in an unusually demonic way.

Ye Lu felt that even the things he put in it were emitting a blue luminescence together.

After that, Ye Luo heard the “ghost bats” outside start to stir, not knowing if they were affected by the furnace.

“Let’s hope these guys don’t come and cause trouble.”

Ye Luo looked at the arrows of the “Sunset Arrow” that he had put aside.

Those “ghost bats” looked like they were guarding the blue manjushala or the “ghostly flame of the underworld”, but whatever they were guarding, Ye Lu would soon destroy it.

Anyway, Ye Lu couldn’t care less about that now, as he carefully added in all the things he needed, one by one, and finally the manjushala, this time with only the flower part, as the rest of it should be able to be refined again.

This “Ghostly Inferno” was really something else, although it gave off an extremely cold aura, the herbs in the furnace melted extremely quickly, and it didn’t take long for the herbs to fuse together and form a blue swirling vortex.

“Alright, in a little while it will be time to condense the dan.”

Ye Lu ignored the “ghost bats” that began to flutter restlessly, but sat cross-legged in front of the furnace and prepared to begin the concoction of the first potion.

At this moment, on the back side of Tianma Mountain, Granny Yun was confronting two women.

“You have been chasing me for a few days now, it’s about time you had enough.”

Granny Yun said as she looked at the two women opposite her.

One of these two women was older estimated to be about the same age as Granny Yun, while the other was extremely young, estimated to be in her twenties.

Both of them were wearing very odd clothes, black clothes and skirts, while their bodies were hung with intricately shaped silver ornaments, especially the young woman, the clothes she wore on her upper body only covered her breasts, and her firm breasts held up the silver ornaments on her clothes, it looked like these two people should have come from Miaojiang.

“Sister Yun, don’t you still understand, ‘once an evil cultivator, you are an evil cultivator for life’, you can’t break away and you can’t be cleansed, since I have seen you, there is no way out, I can only get rid of you on behalf of the clan, just resign yourself to your fate.”

The old woman in Miaojiang clothes looked at Granny Yun and said.

In turn, Granny Yun smiled and said.

“Sister Compulsion, why are you suffering, you should know very well yourself, even if you bring two disciples, it is not that easy to kill me, so why should you kill me with a fish?”

For her part, the old woman known as the compulsion sister said icily still.

“I’m not doing this entirely because of the clan, it’s time to settle the feud between us for many years, back then I was inferior to you, but you voluntarily gave up the clan, after so many years, my cultivation is improving every day, but you are standing still, so you should know very well that you won’t be able to escape this time.”

As the old woman spoke, there was a “rustling” sound around her, and countless poisonous snakes, spiders, centipedes and other things slowly began to appear from the grass, led by several terrifying poisonous insects and snakes with golden spots on their bodies, which were obviously other poisonous creatures that they had summoned.

Seeing these poisonous creatures appear, Granny Yun’s expression also turned grave as she sighed and said.

“After so many years, you have indeed improved a lot, but do you think it’s interesting to spend all day with these poisonous insects and harm people all day long?”

Old Mrs. Compulsion said coldly.

“It’s not up to you whether it’s interesting or not, you won’t know what it means soon anyway, and the other thing I have to tell you is that you shouldn’t think about escaping, because we have that granddaughter of yours in our hands, and I don’t think you want to see how she looks when she dies of poison.”

As the compulsive old woman spoke, the sexy woman beside her then smiled up and said.

“Granny Yun, don’t worry, my little sister won’t kill your granddaughter that easily, she loves nothing more than a game of cat and mouse.”

When she heard the woman’s words, Granny Yun’s brow furrowed.

“Compulsion sister, the feud between us, you actually involve the younger generation in it, aren’t you going too far?”

Compulsion Old Lady then said in an icy voice.

“We evil cultivators do things, of course, we do everything, have you forgotten? Don’t worry, as long as you die, I won’t make things difficult for that little girl.”

“Come on, how many years have we not had a good fight, let’s let it all be over today.”

In the cave at the bottom of the mountain, Ye Lu's refinement had reached the final stage, he carefully operated the spiritual qi in his body, the dan furnace began to emit a blue glow, and these glows became more and more bright as the spiritual qi kept pouring in, and the whole interior of the cave had turned blue.

The restless "ghost bats" had already retreated to the entrance of the cave, obviously they were also affected by the alchemy.

The medicinal liquid in the furnace had already been melted and had begun to take the form of a pill.

On top of the cave where Ye Luo was, those poisonous creatures of Old Mrs. Compulsion also began to stir and become restless, as if there was some strange aura that made them inexplicably afraid, and Old Mrs. Compulsion's face changed at the same time.

She had been practicing the art of witchcraft for many years, and had rarely seen the parasites agitated like this.

"Could it be that Granny Yun has a terrifying backhand?"

This agitation made her feel a little uneasy. In fact, she did not know that it was actually due to the aura emitted by the blue manjushala after it had been refined.

This flower was already known as the "Hell Flower", and the blue variant was even more terrifying, and with the addition of the equally terrifying "Ghostly Inferno", the aura became even more terrifying.

Immediately afterwards there was a "boom!" With a loud bang, countless "ghost bats" flew up, forming an oddly shaped vortex in the air.

The insects also fled in all directions, as if everyone was trying to get away from this place of iniquity.

"What's going on?"

Granny Yun also had a puzzled look on her face, although she was clear that she had not done this, she was not sure what was happening.

In the cave, Ye Lu let out a long sigh of relief, because just now, the first potion was finally finished, and at the same time, the "Ghostly Underworld Flame" had also become much smaller.

"Let's see the results, hopefully there will be more finished products."

Ye Luo muttered to himself, while his hand was shaking a bit, he opened the lid of the potion furnace, fortunately, all that he could see was the blue colour, which meant he had succeeded.

"Beautiful!"

The lid of the dan furnace was completely opened, and Ye Lu also saw the crystal blue pills that filled his eyes, the crystal pills were even more dazzling than the blue pearls, the top layer alone had about ten of them.

"I wonder how the ones below are."

Ye Luo put away the upper layer of pills with some anticipation, followed by seeing that the lower layer had indeed started to appear flawed pills, and there were quite a few of them, followed by the next layer, the further down the layer the more flawed items there were, and the bottom one turned completely white, which meant that there was basically no medicinal power left.

“It’s true that it’s still difficult to refine with flames that aren’t your own!”

Ye Luo said with some emotion, because most of the pills in this furnace were defective and unusable, however, looking at these 20 or so finished pills, Ye Luo smiled happily, this was the result of his efforts for several days, he had been thinking about the “Marrow Cleansing Pill” almost all day and night for the past few days.

“Alright, let’s refine the remaining one.”

Ye Luo stretched his back and then carefully dug out the Manjushala plant with its roots while he began to adjust his internal breath to recover his spiritual energy.

He had to hurry to recover his spiritual energy to refine the other furnace.

On the hill above Ye Lu’s head, Old Lady Compass couldn’t help but get a little depressed as she looked at the companions that had almost run out, it had taken her a lot of effort to collect them from all around, without these companions, although she didn’t feel that she and her disciple couldn’t defeat Granny Yun, the variables had indeed become bigger.

“It seems that some kind of foreign treasure has just appeared, aren’t you curious?”

Granny Yun said as she looked at Old Lady Compass.

For her part, Old Lady Compass shook her head coldly and said.

“No matter what treasure it is, I’ll kill you first.”

Chapter 103

As he spoke, her sexy female apprentice quickly took out a long black xiao, which emitted a black aura as it appeared, followed by the female apprentice blowing the long xiao.

At the sound of the xiao, the surrounding poisonous insects that had not yet been scared away flew towards Master Yun.

On the other hand, that old woman of compulsion quickly took out a weapon in the shape of a circle, which was emitting a cold blue light, obviously it should have a severe poison on it, after she took this out, she began to run her true qi, and the circle immediately emitted a ghostly light, followed by a rapid rotation and flew towards Grandmaster Yun.

“Ding!”

Granny Yun waved her walking stick to block the blow, however, the knife of the circle was as if it had a spirit, it cut through the air in an arc again, this change of move like a remote control, if it was a normal person it would have been extremely difficult to dodge, but Granny Yun waved her walking stick as if she knew it already and blocked the knife of the circle again.

The old woman took advantage of this opportunity to pull out a machete and rushed forward.

The poisonous insects also started their attack at the same time.

“Brush!”

The scimitar in the old woman’s hand waved violently, a light actually left the scimitar and flew out towards Granny Yun, but Granny Yun did not show any weakness, she quickly waved the walking stick in her hand, the light flashed in the void and then the scimitar’s blade mane was blocked and flew out.

The flying blade sliced through the tree like a vegetable, and half of the tree trunk fell to the ground with a “thud! Half of the tree trunk fell to the ground with a sound.

At the same time, Granny Yun’s other hand kept waving, the light flashed, and many poisonous insects were cut into two pieces by the flying true qi and fell to the ground.

Then, the two launched a dazzling attack.

The surrounding trees were in trouble, as large trees kept falling down.

However, what Granny Yun did not notice was that a thin mist began to rise up from around where they were.

The second time was actually much easier than the first, but there was one process that was more troublesome than the first, and that was refining the blue Manjushri.

Because the flower used before was the flower of Manjushri, that is, the essence of the whole flower, which could be used directly, but now it was the branches, leaves and roots of Manjushri that were to be used, so it had to be refined first to remove all the impurities, otherwise these impurities would also enter the pill, and it would definitely not be possible to make a perfect “Marrow Cleansing Pill”.

Ye Lu had not practised this quenching process before, so he handled it very carefully, fearing that something might go wrong.

At this moment, Qin Siyu was desperately rushing towards the back of Tianma Mountain after receiving a phone call from a strange woman.

The woman on the phone had just said that her grandmother was in danger and that she had to go to the designated place to save her as soon as possible, otherwise it would be too late.

She didn’t know if this was true or not, so she called Ye Lu’s number first, but Ye Lu had put his phone on silent mode since he entered the cave, because he was worried that if there was a slip-up his refinement would be lost, and in Ye Lu’s opinion, nothing should happen in such a short time.

She had not been able to contact Ye Lu, so Qin Siyu thought about it and rushed towards the designated place, she had always been dependent on her grandmother, there was no way she would not come, moreover, Granny Yun had not been able to contact her for the past few days, this really made Qin Siyu very worried.

The taxi could only reach the foot of the mountain and the rest was on foot. Luckily, she didn’t have to climb long before she saw a woman greeting her in the bushes.

It was a sexy woman in Miaojiang dress, but Qin Siyu didn't know the woman.

The woman told her that Granny Yun was trapped inside a cave and only Qin Shiyu's blood could save her. Qin Shiyu didn't know whether to believe or disbelieve the woman's words, but out of concern for her grandmother, she followed her into the cave.

As a result, she saw that there was no Granny Yun in the cave, only a circle of lit red candles, and the Miaojiang woman gestured for her to stand in the middle of the candles.

Qin Shiyu was unsure, so she had to stand over, then looked at the woman and asked in disbelief.

"Where is my grandmother?"

The woman did not answer Qin Siyu's question, but took out her mobile phone and started taking pictures, smiling as she did so.

"Don't worry, you will soon be able to see your grandmother, but it will be under the nine springs."

Hearing the woman's words, Qin Siyu then realized that she had fallen for this woman's trick because she was concerned. She quickly turned around and tried to walk towards the outside of the cave, but, immediately afterwards, she stopped.

These snakes were of different colours and sizes, but all had triangular shaped heads, spitting out long cores, and looked extremely hideous.

Qin Siyu, who had been afraid of snakes since she was a child, was so frightened that her legs trembled and she didn't even have the strength to step back.

To be honest, even a normal man would tremble in fear at the sight of these dense and countless poisonous snakes, let alone a girl like Qin Shiyu.

"Ah!"

When she saw a snake with a golden ring pattern on its body quickly crawling towards her from the group of snakes, Qin Shiyu screamed in fear and followed it to the ground paralyzed.

She felt the snake's cold body had crawled up her thigh, but she did not have the courage to reach out and fight it because she was too scared.

However, to her some surprise, the snake didn't bite her, it crawled from her thighs all the way to her chest and then took her phone in its mouth.

"Oh, don't be so nervous? It's not time for you to die yet, it's just that I suddenly remembered that it should work better to use your phone to take pictures and send them over."

The sexy Miaojiang woman said with a smile as she shook the phone in her hand.

On the other side, a white mist had enveloped the woods and a cruel smile appeared on the face of the compulsive old woman.

"Granny Yun, I'll see how long you can last under the 'poisonous miasma'."

Immediately after that, from the white mist, several weirdly shaped doll-like things appeared, which were only half as tall as a man, wearing red clothes and holding brightly shining knives in their hands, moving somewhat mechanically, but rushing into the white mist at an extremely fast speed.

“Huh! Even a ‘magic weapon’ like a witchcraft doll has been obtained by you, it looks like you really haven’t been idle all these years!”

Within the white mist, Granny Yun’s voice rang out, however, she followed it up by saying.

“However, you still underestimate me too much, do you think that a mere ‘poisonous miasma’ can help the once ‘holy maiden’?”

Then, for no apparent reason, a whirlwind blew up from the centre of the white fog, which came abruptly and quickly, and soon the white fog was blown away, revealing Granny Yun standing amidst the strewn tree trunks and the fallen voodoo doll on the ground.

In her hand was a small triangular flag with some strange writing on it that looked quite ancient.

“The ‘Chaotic Cloud Streamer’ is actually in your hand, looks like I did underestimate you.”

Seeing the small flag in Granny Yun’s hand, Old Lady Compass said coldly with an expressionless face, while fresh blood was flowing down from the corner of her mouth, the witchcraft doll being broken had caused her a lot of damage.

She wiped the blood from the corner of her mouth and waved her hand at the sexy female disciple beside her.

“Let’s show her.”

The female apprentice smiled and threw Granny Yun’s mobile phone to her, on which was the very picture that the other Miaojiang woman had just taken with Qin Siyu’s mobile phone.

Qin Siyu was lying in terror in the middle of countless red candles, while all around her were densely packed with poisonous snakes, with a golden-ringed one quietly guarding Qin Siyu’s side.

“Sister Yun, aren’t we ready to talk properly?”

Old Lady Compass said as she looked at Granny Yun with narrowed eyes.

In the cave below, Ye Lu’s last “Marrow Cleansing Pill” was finished, and the blue light shone brightly, followed by the fluctuation of spiritual energy in the furnace.

At the same time, the “Ghostly Inferno” also burned out its last bit and slowly disappeared.

However, at the place where the “Ghostly Inferno” had disappeared, Ye Lu saw that there was still a blue shimmer emanating from underneath the rock.

“There’s still something down there.”

He quickly grabbed the arrow of the “Sunset Arrow” and then poured in his spiritual energy to cut through the rock below, and then saw a blue fire ball, which was smaller than a ping pong ball.

“Is this the ‘Spirit of Flame’?”

Ye Lu muttered somewhat confusedly, followed by the introduction of this item from the profile provided by the glasses.

“Name: the fire of the Ghostly Flame of the Underworld, Characteristics: extremely dangerous”

He had just read this when the bizarre fire had “brushed!” It jumped into Ye Lu’s mouth and then burrowed along his throat.

Chapter 104

“Holy sh*t! What the hell?”

Ye Lu was dumbfounded by this guy’s strange actions, followed by a sudden feeling of chills all over his body, as if he was in an ice cave.

“Is this a big game?”

He suddenly remembered the words “extremely dangerous” that he had just read, but unfortunately he did not see the words that followed.

Then, he felt that not only he, but also his surroundings had become cold, as he saw that the ground he was standing on and the surrounding rock walls were covered with ice crystals.

“It’s not going to freeze me to death just like that, is it?”

Ye Luo said with some uncertainty in his heart, but what made him feel strange was that he should be freezing to death at this current temperature, so how come he only felt very cold and shivering?

The temperature that could freeze the ground and the surrounding rocks, Ye Luo did not know how low it was, but at least it should not be a problem to freeze himself into a popsicle.

However, his hands could move now, which meant that he should not have a big problem, at least for now.

On the slope above the cave where Ye Lu was, Granny Yun and Old Lady Compass both froze at the same time, because they both just saw those “ghost bats” fly up again, and then they felt the air around them turn cold.

“Could it be that a foreign treasure is coming out?”

Both of them muttered in their hearts at the same time.

The reason was that usually when a foreign treasure came out of the world, there would be a strange phenomenon in heaven and earth.

“Sister Yun, your person is in my hands, make a choice, will she live or will you live?”

Old Lady Compass ignored the vision as she looked at Granny Yun and asked coldly.

Granny Yun looked at Old Lady Compass and said with a sigh.

“I do want that child to live, but I don’t believe you, if others don’t know what you are, will I not know? Even if I die, that girl you will still not let go.”

As a result, the compulsive old woman said coldly.

“I have no idea of bargaining with, pick up the video your granddaughter sent over.”

Granny Yun had no choice but to open the window of the video.

On the other side of the video, the sexy Miaojiang woman smiled and said.

“Granny Yun, right, watch this, it’s up to you to choose whether you want to save your granddaughter or not, Golden Ring, do it.”

With her words, the golden-ringed snake burrowed into Qin Shiyu’s skirt, followed by a piteous scream from Qin Shiyu, who should have been bitten somewhere.

“Golden ring, let her see where the bite is.”

The Miaojiang woman said quickly, followed by an odd sound, and the snake obediently held its skirt open, and Granny Yun saw that it was a bright red on Qin Siyu’s panties.

“She has half an incense stick left, it’s up to you to save her or not.”

Old Lady Compass looked at Granny Yun and said coldly.

“I admit, my character is indeed bad and cruel, but I can guarantee this time that I will not touch a hair on this child’s head, because there is no need to, you and I both know very well that without a great chance, we no longer have a chance to break through again, nor do we have many years left to live, and by the time this girl grows up to seek revenge on me, I will be buried in the earth long ago.”

“So, just give a painful answer, you die, or she dies?”

Hearing Old Mrs. Compulsion finish her sentence, Granny Yun fell into deep thought.

The old woman of compulsion was not in a hurry either, as she waited quietly carrying the circular ring-like circular knife.

In the cave, Ye Lu finally shivered with cold, his teeth clacked, and he felt that the cold stream had entered his limbs and bones, and he could no longer find the seed of the “Ghostly Inferno” in his body, as if it had disappeared.

“Ah!”

At the same time, he felt flames emanating from his body, blue flames, almost identical to the “Ghostly Inferno” he had used to make pills, starting from his hands and gradually spreading to his arms, shoulders and chest

Soon, all of Ye Lu’s body was surrounded by blue flames.

The people on the mountain also felt a difference in the air around them at the same time as the flames appeared on Ye Luo’s body, the temperature plummeted, even the grass and trees began to react, and the ground was already tinged with a layer of white frost.

“What kind of foreign treasure is this, it’s too frightening.”

The old woman’s eyebrows twitched, she had already started to move, if it was an ordinary foreign treasure she might not have been moved, but a foreign treasure that could cause such a great fluctuation in heaven and earth she had to pay attention to it, because it could very well be a chance for her cultivation to go even further.

If she could further her cultivation, her longevity could be increased by a large amount, and this was simply too attractive to the old woman.

So she couldn’t help but look down the side of the cliff, from which the strange-looking “ghost bats” had just flown up.

The air had become even more volatile, a sign that the treasure might soon be revealed.

Not only her, but also her two disciples, especially the female disciple who is standing next to the old woman.

She was very clear about one thing, that is, Old Lady Compass had actually been very depleted, otherwise she would not have used the move of using Qin Shiyu to threaten her, because Old Lady Compass had been trying to defeat Granny Yun head-on in an open and honest manner to avenge her shame, while she herself had only been responsible for blowing a blowjob, with basically no loss of her true qi, and she felt that most of Old Lady Compass’s true qi was now so depleted that she could not even defeat herself.

So, she couldn’t help but glance down the cliff as well.

“Perhaps, my chance has come.”

For cultivators, chance, though illusory, was important, for example, some cultivators who coincidentally obtained powerful “magic weapons” could have their combat power soar by a level, and of course there were more examples of people who had broken through bottlenecks due to chance.

Seeing her apprentice’s momentary expression, Old Lady Compass certainly understood what she was thinking, and her current situation was basically the same as what her female apprentice was thinking, she didn’t even have the power to activate her magic weapon, so she looked at Granny Yun and said coldly.

“Sorry, sister Yun, the situation has changed, I don’t have time to talk nonsense with you, hurry up and decide, let my ‘Dragon Compulsion’ bite you, or that girl will die now.”

Seeing the expression on Old Lady Compulsion’s face, Granny Yun gritted her teeth and said.

“Good, you better not go back on your word, come on.”

Granny Yun had already seen that the old woman of compulsion was now thinking about the foreign treasure more than killing herself, after all, killing herself would only settle the grudge, while if she could break through, she would have another few decades, or even hundreds of years to live, compared to the two, it was obvious that the latter carried more weight.

Seeing that Granny Yun had agreed, a fiery red centipede quickly snaked up to her side and bit her on the thigh.

At the same time, the surrounding grass and trees suddenly let out a “cackle!” The white ice crystals were already crawling up the grass and tree trunks, turning the season into a cold winter.

Then, a blue light shone violently from below the cliff.

“A foreign treasure has come out!”

Seeing this scene, the old woman of the companions rushed towards the cliff regardless, but her female apprentice was even faster, the one who was guarding the cave not far away had also sensed the difference in temperature long ago, she had been watching from the entrance of the cave, and when she saw the glow light up, she too darted in the direction of the cliff.

At this moment in the cave, Ye Lu had already survived the most difficult life and death moment. Just at that instant, he thought he was dead because the blue flames all over his body erupted violently like a volcanic eruption, and he thought he would definitely be turned into ashes as a result, but he found that after the eruption, he was fine instead, even the bone-chilling pain had basically disappeared.

At that moment, his mobile phone screen suddenly lit up and it was an unfamiliar call.

The phone was placed together with the arrow of the “Sunset Arrow”, and a small area centred on the arrow of the “Sunset Arrow” was the only part that was not affected by the blue flames.

Ye Lu was still covered in flames, so he didn’t dare to answer the phone with his hands, probably just pick up the phone, the phone will turn into ice, but this is not difficult for him, because he has the “auxiliary function” of the glasses, he quickly used the glasses to connect the phone.

“Ye Ye Lu, where are you? Quickly go and save Silk Rain, she is in the cave next to the Big Sophora Tree at the back of Tianma Mountain.”

A pale old voice came from the other side of the phone.

“Grandma Yun!”

Ye Lu instantly understood who the other party was, and by this time, the compulsive old woman and her female apprentice had also jumped off the cliff.

Chapter 105

After jumping off the cliff, the two men saw the black cave entrance, which was the only one under the cliff, so the light that had just emanated must have come from here.

However, before the two men could enter the cave, a blue fire man ran out from inside.

“Someone went in early and got burnt to death!”

When she saw this scene, Old Lady Compass quickly stopped in her tracks, knowing very well that some foreign treasures would come along with foreign beasts or other terrible calamities too.

Foreign treasures were not that easy to obtain.

Her disciple was also a little worried.

The one who rushed out covered in fire was of course Ye Lu, who was currently carrying a dagger made from the arrowhead of the setting sun and ran out of the cave as fast as he could, then ran towards the woods to the side.

Because Granny Yun was there. Originally, after Granny Yun was bitten by that centipede, she had forcibly tried to go over to save Qin Shiyu, but for one thing, her True Qi was also depleted, and for another, the wound was on her leg, and even though she was using her True Qi to forcibly control the toxin, she was still unable to move that leg very quickly.

So, she didn't get too far before she collapsed, while Ye Lu relied on the "auxiliary function" of her glasses to locate the location of Granny Yun precisely.

As he ran wildly, the flames on Ye Lu's body gradually disappeared and the cold sensation was easing, as if what he had just experienced was a dream.

As for the pills he had just made, Ye Lu had already put them into the "Burning Heaven Furnace" and put them away.

"Grandma Yun, are you alright?"

When he saw Granny Yun fall into the bushes, Ye Luo ran over quickly.

He quickly reached out and touched his body, then remembered that the "antidote" was still at the police station and he had forgotten to bring it back.

The flames had just destroyed everything on Ye Luo's body. "I didn't even notice, I was actually naked."

Realizing this, Ye Luo hurriedly blocked the vital points, however, Granny Yun did not care about these details, she looked at Ye Luo and said in a broken voice.

"I I'm not fine quickly block to save save Silk Rain"

Ye Luo did not feel as if Granny Yun was fine, he darted out and nudged a few times on her body to seal the spreading toxin.

Granny Yun's fiercely winced, but then she noticed that the spreading of the toxin had actually slowed down quite a bit, which took the pressure off of her.

She gave a somewhat incredulous glance at Ye Luo.

However, Ye Lu didn't dwell on it much, through the strike he had just made, he was probably clear that although Granny Yun was in danger, she shouldn't be able to die for a while, and now he had to hurry to save Qin Siyu.

"Here it is!"

The glasses' positioning immediately locked onto Qin Siyu's mobile phone, and following that, Ye Luo ran naked and fast towards a cave not far away.

"Holy shit! There are so many snakes."

At the entrance of the cave, Ye Lu was also startled by the countless poisonous snakes and poisonous insects on the ground.

However, it was obvious that those poisonous creatures were more fearful than he was, and before Ye Lu could reach him, these guys were already like the falling tide of the sea, "Brush!" They all retreated in a flash because they sensed a terrifying aura of death from Ye Luo's body.

The "Ghostly Inferno" is not a good type of person.

"Qin Shiyu Qin Shiyu are you okay?"

The first time I heard Ye Lu's voice, Qin Siyu slowly opened her eyes and said with difficulty.

"Hot hot"

In fact, Ye Luo also saw that at this moment, Qin Siyu's face was sweet red, obviously the poison has been very deep, and this snake poison is the same as the centipede's toxin that Yun Lou Lou just got, quite advanced, unless there is an "antidote pill", otherwise it is difficult to dissolve it by yourself in a short time by relying on spiritual qi.

"Don't be afraid, I'll help you suck out part of the poison first."

Ye Lu said, while raising his hand and nudging Qin Siyu's chest a few times to protect her heart veins, so that the toxin would spread to her heart veins more slowly.

"Suck suck with using mouth?"

Qin Siyu said with difficulty, her eyes wide.

"Of course!"

Ye Lu said without even thinking.

"Where is the wound?"

However, right after that, he understood why Qin Siyu asked that, because he saw Qin Siyu's sweetly red panties.

"It can't be there, can it?"

He subconsciously muttered.

"No..... no..... not....."

Qin Siyu tried to explain, but, she no longer had the strength, seeing this situation, Ye Lu quickly ripped off Qin Siyu's panties, fortunately, the wound was not on the important part, but on the tight root of her thigh.

Ye Luo couldn't care less about the blood stain, he broke open Qin Siyu's long leg then he sucked on the wound.

"Poof!"

After sucking out a mouthful of poisonous blood he spat on the ground, followed by another mouthful of

Qin Siyu found that every time Ye Lu's lips made contact with her body, she felt a slight coolness coming from it, as if something had entered her body, and of course this location of the wound Ye Lu would inevitably touch something he shouldn't

This made Qin Siyu's mind also began to become a little clearer.

The actual fact is that you will be able to find a way to get into the ground, and you will not be able to see everything in this position.

Ye Lu didn't stay idle, he didn't stop until the colour of the blood he sucked out was normal.

He looked at Qin Siyu's face, which had improved considerably, so it should not be a big deal anymore, and then he let out a long breath.

"Qin Siyu, are you feeling better?"

Ye Lu reached out and touched Qin Siyu's forehead as he asked.

Qin Siyu could only say in a voice as thin as a gnat.

"Mmm!"

Only then did Ye Luo nodded reassuringly, he also felt that Qin Siyu's forehead was not that hot anymore.

"Who actually did this?"

Following that, Ye Luo then said in an icy voice.

Although Qin Siyu was still unable to move, her speech was no longer a problem, and she looked at Ye Lu and said.

"It was a Miaojiang woman, but, Ye Lu, where are your clothes?"

Being asked by Qin Siyu like this, Ye Lu was immediately a little embarrassed, he had just been too busy saving people to notice, and only then did he remember that he had been dangling his bare bottom in front of Qin Siyu for half a day, and this was the first time he had been looked at so thoroughly and transparently by a woman.

"Ugh!"

Ye Lu quickly turned around, then rubbed his head and said.

"The clothes on me were burnt off by the flames, all right, forget about that, tell me who did it and I'll help you take revenge."

Ye Lu said as he picked Qin Siyu up and headed out.

There were so many poisonous snakes and insects here, he didn't feel comfortable leaving Qin Shiyu here, let's rendezvous with Granny Yun first, the person who injured Granny Yun and the person who poisoned Qin Shiyu must be in the same gang, Qin Shiyu didn't know, but Granny Yun must know.

The night breeze blew, and Qin Siyu felt a little uncomfortable under the vacuum, and when she thought of what she had just seen, her face flushed again.

Ye Luo could not care about Qin Siyu's small thoughts, he ran quickly to Granny Yun's side, and after putting Qin Siyu down he asked.

"Granny Yun, who exactly injured you guys, I'll go and settle the score with them."

As a result, Granny Yun shook her head and said.

"Ye Lu, forget it, don't go, although Old Lady Compass has almost exhausted her true qi, it is not something you can deal with, let's leave here first."

Hearing Granny Yun say that the other party had exhausted her true qi, Ye Lu immediately said.

"Granny Yun, tell me where they are, I'll hide you two first, don't worry, I have a number in mind, if I can't manage it, I won't mess around blindly."

Ye Luo carried Granny Yun on one shoulder and Qin Siyu on the other as he walked.

Granny Yun thought about the various rumours about Ye Lu before she then said this.

"Well, just now we were dueling on the mountainside, and as a result, we saw a foreign treasure coming out from under the cliff, the temperature plummeted and the treasure light flashed, the old woman of the compulsion was attracted by the foreign treasure, which is why she didn't lay a deadly hand on me, and I don't know if she got it, if she did, you must not get attached to the fight."

Hearing Granny Yun's words, Ye Lu's heart burst with joy.

What kind of foreign treasures did Granny Yun say, what kind of sudden drop in temperature and flashing light, wasn't it the scene where he was almost burned to death by that dumb "Underworld Fire" just now?

So, he smiled and said.

"Okay, don't worry, I know where they are."

Chapter 106

Soon, Ye Luo found a cave and put both Granny Yun and Qin Siyu down, the last thing missing on this Tianma Mountain was a cave that was accessible in all directions.

After putting the two down, Ye Luo darted back to the vicinity of the cliff.

While Granny Yun was a little worried and said.

"I don't know if there will be any danger, those evil cultivators are all terrifying."

As a result, Qin Siyu said confidently.

“It’s alright, Ye Lu is powerful.”

Hearing Qin Siyu’s words, Granny Yun then smiled helplessly, regarding the matter of cultivators, she had never spoken to Qin Siyu, just hoping that she would not get involved in all kinds of rights and wrongs, so Qin Siyu had no idea how powerful cultivators were, and how deep the water was here.

However, now it seems that Qin Siyu is still inevitably involved.

However, to be honest, Granny Yun was also a little confused about Ye Lu, she clearly did not feel the presence of true qi in Ye Lu’s body, but, just now she did feel something in Ye Lu’s body, it was also a kind of qi, but it was essentially different from true qi, she had never been exposed to this kind of breath before.

However, it was clear that the effect of this Qi was obvious, at least helping herself to seal the spread of the toxin, but despite this, Old Madam Yun still did not feel that Ye Lu had any chance.

It was because even though Old Madam Compulsion was at the end of her strength, her two disciples were not easy to deal with, at least not at such a low cultivation level as Ye Lu’s.

Of course, in fact, Granny Yun hadn’t figured out exactly what Ye Lu’s cultivation level was.

At this moment, Ye Luo was already lying on top of the cliff, and he was somewhat surprised to find that the two women dressed in Miaojiang clothes below had actually fought on their own.

“Renegade, how dare you rebel?”

Old Mrs Compass said with some chagrin as she looked at her sexy female apprentice.

“Giggle!”

Her female apprentice immediately laughed in a flamboyant manner and said.

“Isn’t that what you taught us, as an evil cultivator, you have to do everything, if we kill you this time, all the treasures on your body, and the foreign treasures here will be mine.”

Hearing the words of the female disciple, the old woman of compulsion then said coldly.

“Humph! You’ve been looking forward to this day for more than a day or two, but unfortunately, I’m afraid you won’t be able to wait for that day.”

The female apprentice then said with a smile.

“It is not up to you whether you can wait or not!”

After saying that, she took out something that resembled a pill censer, but it looked like it was made of a material other than gold or wood, but as soon as she took it out, the old woman’s brow furrowed.

“So the ‘Divine Wood Cauldron’ was really stolen by you.”

The old woman revealed a resentful expression, obviously this ‘Divine Wood Cauldron’ should be a good treasure.

“Oh, of course, not only that, I have also prepared quite a lot of things for you.”

As he spoke, Ye Lu saw the pill censer in the young woman’s hand suddenly light up, emitting a green glow, followed by countless poisonous insects beginning to emerge from the surroundings.

If Ye Lu had been present before, he would have been able to tell that these poisonous insects were in fact the ones he had just scared away, including the few with golden spots.

“I didn’t expect it, but these bugs have actually been mine for a long time, so you can die here for me.”

With those words, an odd sound came out of the woman’s mouth, and countless bugs, spread out in the sky, rushed towards that old woman of compulsion.

“Humph!”

The old woman gave a cold snort, followed by raising her hand to take out something unknown from her bosom, then quickly sprinkled a circle around, those poisonous insects stopped once they reached this circle, however, the poisonous insects behind were still surging forward, as a result, a circle of poisonous snakes and poisonous insects was soon formed with the old woman as the centre.

Ye Lu couldn’t help but laugh at this scene.

“Go ahead and fight, you guys just choke, it’s better if you all die whole, I’m going to go into watch mode here.”

As he said that, he then found a bush, then sat on a rock and crossed his legs towards the bottom to watch the fun.

At that moment, a hideous-looking “ghost bat” flew over, similar in appearance to a bat, but with a devil-like head and a mouth full of sharp teeth.

When he saw this “ghost bat” approaching, Ye Lu was immediately alerted.

He didn’t know if it was because he had plucked the blue manjushala and destroyed the “Ghostly Inferno” that these guys were coming to take revenge on him.

However, on second thought, if they were seeking revenge, they would have come in a large group. If they were seeking revenge, they would have come in a big flock, not just one.

So, after thinking about it, he was brave enough not to run away, but he didn’t dare to take it lightly, he was ready to run away at any time.

The female ghost had swindled him to this cave because there were “ghost bats” here, so these “ghost bats” should be even more powerful than the one that escaped, so Ye Lu did not dare to take it lightly.

At this time, another wave of people were quietly approaching the cave.

After all, the puja was about to start, and it was not a regular annual event, so those who heard the news would move ahead to avoid missing it.

However, except for one man, all the people in this wave were women, and the clothes they wore were uniform, so they were obviously from an organisation or clan.

“Big brother Dui Xuan, did you really see the light of a foreign treasure coming out from this side?”

The pretty girl at the head of the women asked, looking in the direction of the cliff.

The Daoist priest who was called Dao Xuan was now in a beautiful state of mind, for he had not expected to meet the woman of the Hundred Flowers Sect here by coincidence.

He had originally heard about the evil cultivator here from his junior brother, Wu Chen, and it just so happened that there was a “puja” here, so he decided to come here to take a look.

As a result, he happened to meet a group of beautiful girls.

“They say that the women of the ‘Hundred Flowers Sect’ are all beautiful, but it seems to be true.”

Daoist Master Da Xuan said with a smile while emoting in his heart.

“It can’t be wrong, didn’t Peony see it just now, but it looks like someone else has beaten them to the punch.”

With those words he pointed into the distance.

In the distance, underneath the rocky cliff, two women from Miaojiang were facing off against each other.

At the sight of the densely packed poisonous snakes and insects, several of the women from the Hundred Flowers Sect immediately clutched their shoulders in discomfort, the scene was indeed somewhat disgusting and terrifying.

“Evil cultivators from Miaojiang, but they are so strong, they should be at least a Xiantian expert, we should not interfere.”

Daxuan said with a frown as he looked at the pill censer emitting light from the Miaojiang woman’s hand.

The level of the practitioner and the power of the “magic weapon” were closely related, for example, it was impossible for a strong practitioner like them, who was at the peak of Dark Energy, or even an enhanced Huajin, to activate the magic weapon to such an extent.

The women were also convinced by what Daoist Master Zai Xuan had said, and if it had been them, the old woman standing at the centre of the poisonous snakes and insects would have been dead.

“Daoist Master Zha Xuan is worthy of being the favoured disciple of the Xuantian Sect, he knows a lot!”

A female disciple of the Hundred Flowers Sect looked at Daoist Master Daiduan and said with a smile.

This flattery obviously flattered Daoist Master Zha Xuan as he looked down the stone cliff and said with a smile.

“It looks like they are fighting internally, I don’t know if it’s because of the unequal sharing of the spoils or because they are fighting over the treasure, but no matter why, let’s just wait quietly like this, after they are defeated, we will have our chance.”

Hearing him out, the crowd all nodded their heads.

However, they waited for a while, because although the old woman was already at the end of her rope, she had been playing with parasites all her life, and the so-called “thin camel is bigger than the horse”.

“Little girl, with your cultivation level, you probably won’t be able to maintain the Divine Wood Cauldron for much longer, I advise you to give up.”

Old Mrs. Compass looked at her disciple and said coldly.

“Don’t worry, for the sake that you have followed me for many years, I won’t make things difficult for you.”

To be honest, that female apprentice was indeed on the verge of running out of oil as well, but she smiled cruelly, then shook her head and said.

“Master once said that as ‘evil cultivators’ as long as we strike, we must make sure that our opponents will not be destroyed, but I have remembered this saying.”

After she finished speaking, she bit the tip of her tongue and “poof!” A mouthful of blood was sprayed on top of the divine Wood Cauldron, which immediately emitted an intense light, and the insects all stirred madly.

“Good, the blood spell has been used, we’ll have a chance soon.”

Seeing this scene had Daoist Master Xuan then smiled.

But immediately afterwards his eyes, and the eyes of the women around him, went wide as they saw a fierce man without any clothes on rise from the top of the cliff, and above his head countless hideous bats began to hover like dark clouds.

Chapter 107

“Shit! What kind of person is that?”

Daoist Master Da Xuan couldn’t help but burst out a foul mouth, because this scene looked too bizarre under the bright moonlight, in his eyes at the moment Ye Lu was like a demon god, it looked a different kind of shocking power.

“So handsome!”

At this time, a woman beside him then looked at Ye Luo and could not help but say.

It was true that Ye Lu’s body was perfect, full of power but not overly muscular like a bodybuilder’s, especially with the hideous “ghost bat” behind it, it looked even more demonic.

“He’s not going to take on those two evil practitioners down there, is he?”

“It looks like he is.”

“Why didn’t he wait until they were both defeated before he did it?”

“I don’t know, I guess he’s confident.”

“Well, handsome!”

.....

The first time I heard the girls around me, I felt a bit depressed, he felt that he was just like a firefly competing with the sun and the moon when compared to this kid who suddenly appeared.

The other Miao woman hiding on the other side of the cliff also watched the scene with surprise.

She had been waiting for the moment when her sister and master would be defeated, but she had never dreamed that such a shirtless boy would appear in the middle.

At this moment, Ye Lu did not know that she had so many spectators.

After that “ghost bat” had come over and gestured to him for half a day, he realised that those “ghost bats” were prepared to follow him, but Ye Lu didn’t understand these animal languages.

He had no choice but to use the “auxiliary function” of the glasses again. Although the auxiliary function did not have a translation of the beast language, it did give some advice on communication, and the glasses said that those “ghost bats” actually had the intelligence of a child, and it was easy to communicate with them as long as the method was right.

Sure enough, it didn’t take long for Ye Lu to establish some kind of contact with these “ghost bats”, and although he couldn’t communicate in a complicated way, he could convey simple commands.

So, Ye Lu decided to deal a fatal blow to those two guys.

Since he could crush the other side, Ye Lu did not bother to wait for the other side to be defeated or anything, he looked at the surprised old woman and her disciple below the cliff and said with a smile.

“Hehehe, the time for you two to die has come.”

Then, he waved his hand in a dashing manner.

The two women tried to escape, but it was already too late, the dense “ghost bats” had already drowned their figures.

“How fierce!”

Seeing Ye Lu standing on the cliff like a god, the women of the Hundred Flowers Clan could not help but sigh with emotion.

“Didn’t Master say that all men are ugly, but I feel that this one is so handsome.”

“Well, I feel the same way, especially when he’s not wearing clothes, he looks so wild.”

“No more, I’m already hooked on him.”

.....

The women started chattering, but before their chatter was over, the “ghost bats” had circled around like a whirlwind and returned to Ye Lu’s side, while the two Miao Frontier women on the ground below the cliff had turned into two white bones.

Even the poisonous snakes and insects had been eaten up.

These “ghost bats” were so efficient.

Ye Lu looked at the things scattered below, including the circular shaped knife and the medicinal censer that emitted green light before, then he turned around and left without doing anything.

The few things scattered below might be good things, but Ye Luo did not want to touch them, these two people were not small at first glance, and taking away the things they were carrying would be tantamount to finding trouble for himself.

Besides, now Ye Lu has a bunch of “Marrow Cleansing Pills” in his hand, so he is still worried about not being able to exchange them for something good.

When they saw how Ye Luo had “brushed off his clothes afterwards and hid his name”, the female disciples of the Hundred Flowers Sect were even more adoring.

“He’s gone!

“Yes, he’s so dashing!”

“I don’t know his name either, it would be good to leave a WeChat number.”

.....

The first time I saw the crowd of nymphomaniacs, Daoist Master Hua Xuan was a bit deflated, he originally wanted to act like a pussy in front of these women, but who would have thought that this shameless, shirtless guy would steal the limelight.

However, he didn’t dare to jump out and fight Ye Luo in single combat, just now Ye Luo’s aura had scared him, he could only say with an awkward smile.

“There seems to be a ‘magic weapon’ left behind, should we go take a look?”

As a result, one of the women suddenly said.

“All the things of evil cultivators are full of evil, it’s better not to touch them.”

“Right, we can’t touch the things of evil cultivators.”

“Yes, how can we say that we are also disciples of a famous sect.”

.....

The woman didn’t want it, but he wanted it, but he couldn’t think of a good reason for it.

Just as he was getting a bit depressed, a woman dressed in Miaojiang costume suddenly came out of the woods on one side.

“There’s actually someone else?”

Daoist Master Zhi Xuan and the other women looked at the scene with some surprise, while Daoist Master Zhi Xuan touched his chest with some fear, thinking to himself that it was good that he had not gone out, that Miaojiang woman was not a good person at first glance.

At this moment, Ye Lu had already gone back to the cave where Granny Yun and Qin Shiyu were hiding.

“Ye Luo, where are those bad guys?”

Qin Shiyu asked with relief as she saw that Ye Lu looked well and was not injured, but then she realised that Ye Lu was still undressed and that she had seen the wobbly thing, so she hurriedly turned her head to the other side with a red face.

Ye Luo also realised that something was wrong, and he scratched his head in embarrassment.

At this time, Granny Yun threw over a piece of clothing and said.

“Hehe, Ye Luo should wear my clothes first.”

Ye Lu hurriedly grabbed the clothes and put them on quickly, he said as he tied the buttons.

“Those two Miaojiang women were both killed by me, there’s just a pile of bones left.”

Hearing Ye Lu say two Miaojiang women, Qin Siyu did not have anything, Granny Yun’s brow furrowed as she looked at Ye Lu and asked.

“Only two? There are three people on the other side.”

Ye Luo, on the other hand, muttered a little depressed, letting the other side get away with one, this would be trouble I’m afraid.

However, following Granny Yun’s face immediately filled with surprise as she suddenly realized that what she had just focused on was not the point, the point was, how could Ye Lu kill the compulsion old woman and her disciple.

Putting aside the old compulsion woman, that female apprentice was complete in battle, and all those terrifying compulsions were still alive, according to Granny Yun’s logic, a single compulsion was enough for Ye Lu to suffer.

“How is this possible?”

She couldn’t help but mutter in a small voice, then looked at Ye Lu and asked.

“Ye Luo, how did you kill the compulsion old lady and the girls?”

When he heard Granny Yun’s words, Ye Lu originally wanted to tell the truth, but then he suddenly thought of the fact that Granny Yun had mentioned about the emergence of foreign treasures, innate visions, and bats, and he felt that if he said that he had controlled those “ghost bats”, he might have to explain the matter of foreign treasures, followed by the matter of alchemy, and then he would have to explain a whole lot of things, and he did not want to make these things public yet.

So, he smiled and said.

“Actually, I didn’t kill the people, I was just bragging, in fact, they were both eaten by the weird looking bats in the cave, and I just happened to see them.”

This explanation made a lot more sense to Granny Yun.

Following that, she then looked at Ye Lu and said with a smile.

“Ah Ye Lu, I didn’t expect to meet you under such circumstances either, I’ve heard Silk Rain mention you more than once before, she said that you were very good at divination, is that true?”

Ye Lu scratched his head and said with a smile.

“No lah, I touched the statue of Ghost Valley Zi the other day and accidentally cut my hand, as a result, somehow I found out that I can tell fortunes, it just so happened that a customer came to my door, I counted it, by the way, I earned half of the hanging capital and took half of it, but now the ability has disappeared.”

Hearing Ye Lu’s words, Granny Yun nodded, this explanation was acceptable to her, although she didn’t know what would happen if she dripped blood, but the consecrated statue of Ghostly Guzi was indeed exceptionally magical, this she knew.

Following that, she continued to look at Ye Lu and asked again.

“Silk Rain said that you are a divine doctor, this is true now, right?”

This time Ye Luo nodded and said.

“This can be had, because I am indeed a divine doctor.”

Chapter 108

Hiding everything was completely unlikely, and since a whole bunch of people already knew about his ability to cure diseases, there was no need to hide it.

Hearing Ye Lu’s words, Granny Yun then looked at him and smiled, before asking.

“Through the strike you just made, I feel that your technique is not ordinary, I think you are using dark energy, but it feels different from ordinary dark energy.”

Ye Lu smiled and said.

“Yes, it is indeed dark energy, but it is a special kind of dark energy, my grandmother has a special set of cultivation techniques and has been using a special kind of medicinal water in my bath since I was a child, that’s why I can have this special single discipline of dark energy used to cure diseases, not to brag, there is still no disease that I can’t cure.”

Seeing Ye Lu’s appearance, Granny Yun laughed.

Qin Shiyu, on the other hand, asked with some concern.

“Grandma, what about the one bad guy who ran away?”

Granny Yun said unconcernedly.

“It’s alright, I have a grudge against Old Lady Compass, I don’t have a grudge against her disciple, and evil cultivators and disciples are basically all seemingly inseparable from each other, so that disciple of hers shouldn’t come looking for me to seek revenge, I think she’s either waiting to pick up the treasures Old Lady Compass dropped, or she’s figuring out how to get Old Lady Compass’s inheritance.”

Indeed, just like what Granny Yun said, that female apprentice was really calculating how to report back to the clan at the moment and then get Old Mrs. Compulsion and her senior sister's things.

"Ah Ye Lu, I can basically walk now, you carry Silk Rain on your back, let's go back."

Seeing that the matter had come to an end, Granny Yun stood up with a smile.

However, her heart was filled with emotion, how could she have ever expected things to turn out like this, in the end it was this child, Ye Lu, who saved her life and Si Yu's, and cleaned up the mess at the same time.

"Good, I still have some 'antidote pills' at home, when we get to the city, I'll bring them to you, you should be fine in a few days."

Ye Lu said with a smile as he carried Qin Siyu up.

"By the way, Granny Yun, I have impersonated your name outside before and said I was your disciple, don't be angry!"

Granny Yun said with a smile.

"Why not, I can't be happy enough to have a disciple like you, I heard from Siyu that you will soon be studying in a city, take more care of our Siyu when the time comes."

Of course, Ye Lu agreed with a smile.

The three of them left the cave, and as for the "ghost bats", Ye Lu left them to roam freely.

Qin Siyu was carried by Ye Lu without any panties, she felt so embarrassed that she didn't say anything for a long time, but she was inexplicably happy in her heart, thinking about the intimate contact she had just had with Ye Lu made her feel like a deer.

It was so late at night and in the middle of nowhere that it was difficult to get a car, but money makes the devil go round, and after seeing Ye Lu transfer a thousand in one go, the taxi driver immediately decided to give up his original customer and fly to the designated place behind Tianma Mountain.

Soon, the three of them returned to the city. After Ye Lu had settled Granny Yun and Qin Siyu, he went to Hua Lao's place overnight to get some herbs, changed his clothes, and then found a secluded place to refine a "Detox Pill" for Qin Siyu and Granny Yun.

To Ye Lu, it was much easier and safer to make a new potion than to go to the police station to get it.

After taking the "Antidote Pill", Granny Yun was once again amazed by Ye Lu, because she did not expect the potency of this pill to be so strong, this was the poison of the "Dragon Compulsion", but it was easily dissolved.

Seeing that both of them were fine, Ye Lu left.

After Ye Lu left, Granny Yun looked at Qin Siyu who was lying on the bed and said with a smile.

"Siyu ah, good vision, you will soon be going to a city to study in university, grandma can't take care of you anymore, I will find a chance to talk to Ye Lu properly, let him take good care of you in the future."

As a result, Qin Siyu pouted and said.

“I don’t need him to take care of me, I can take care of myself.”

However, after saying that, she immediately became embarrassed again because she suddenly realised that she was indeed the one who was taking care of Ye Lu before, but recently, it was really Ye Lu who was taking care of himself from now on.

And at this moment, Ye Lu had already returned home, and after entering the house, he went to knock on Ye Yan’s room door, only for the door to open on its own at the touch of a button, with Ye Yan lying cross-legged on the bed in a muslin nightgown, and no air conditioning on in the house.

“This old sister has a big enough heart.”

Ye Luo muttered, then woke Ye Yan up.

“Ye Luo why did you come back in the middle of the night again in the dark, what do you want from old sister?”

Ye Yan said sleepily.

“Hehehe, of course there is something good, didn’t I tell you last time that the elixir wasn’t complete, this time I have refined a complete version of the elixir, want to take one?”

Hearing Ye Lu’s words, Ye Yan jumped up from the bed as if her feet had been placed on springs, and said as if flying.

“Really? Give it to me quickly.”

Ye Lu smiled and took out a crystal blue elixir and a light blue elixir and said.

“I’ll give you two, you take the blue one first and then try the other light blue one when it’s all over, because I want to test the potency.”

Ye Yan quickly reached out and grabbed the two “Marrow Cleansing Pills” in her hand, then ran to the toilet as fast as she could.

When he saw Ye Yan’s flamboyant appearance, Ye Lu shook his head and sat down in the living room.

He wanted to study how his body had changed after taking the “Ghostly Inferno”, but after reaching out for half a day, he found that there was no change at all, and he was still unable to release the flame.

“Shit! All this noise, and it didn’t help at all, this is a bit of a pity!”

Ye Lu couldn’t help but spit out a sentence, and then began to look up the “auxiliary function” of the glasses, and there was really a simple description of the “Underworld Flame”.

According to the instructions, when the “Underworld Flame” fused with himself, the Flame had taken the initiative to shed his “Flame Heart” and fused with himself completely, which was why the “Underworld Flame” had disappeared, and if he wanted to use the “Underworld Ghost Flame”, he would have to cultivate the Flame that had been planted into his body from scratch.

According to the instructions above, this method of obtaining the flame is the most secure and non-dangerous, but later cultivation requires patience and resources, while directly devouring the 'flame spirit' is the easiest way to obtain the complete flame, but the possibility of being burned to death is extremely high.

"In other words, I actually got lucky!"

Ye Lu couldn't help but smile to himself.

A "Ghostly Underworld Flame" seed was so terrifying when it was just planted, if it were to directly devour the "Flame Spirit", Ye Lu didn't dare to imagine it at all.

"Alright, let's cultivate it from scratch, it's better than burning me to death."

Ye Lu secretly muttered, but then he discovered, to his dismay, that the growth of the "Ghost Flame of the Underworld" required not only spiritual energy, but also "ghost energy", also called Yin energy.

"Is this the rhythm of asking me to catch ghosts?"

Ye Luo chattered in depression.

However, anyway, there were no pills that needed to be refined in the short term, so Ye Lu was in no hurry, so let's put this matter aside for a while.

After waiting a little longer, Ye Yan came out of the bathroom with her hair dripping wet.

"Ye Lu, the second piece really didn't work yet, besides, I feel that the effect of this one blue elixir is similar to the dozen or so last time, my body is lighter."

She jumped up violently as she said that, and ended up hitting her head directly on the ceiling.

This made Ye Luo laugh out loud, but this effect was enough to show that the real "Marrow Cleansing Pill" really had an extraordinary effect.

So, the next day, Ye Lu took the pill to Long Feixue. Whether or not it had any effect on someone like Long Feixue who was stuck in a bottleneck was the key to testing the value of the "Marrow Cleansing Pill".

After all, everything before was Ye Lu's speculation.

"Is this the Pill for cutting hair and cleansing marrow? It's so beautiful!"

Long Fei Xue said as she looked at the pill in her hand and couldn't stop looking at it.

Ye Lu, on the other hand, thought for a moment and said.

"Miss Long, you'd better find a bathroom where you can take a bath with a toilet before you take it, because it will wash down all the filth in one's body, why don't we go get a room?"

Chapter 109

She was, after all, a strong person at the peak of Dark Energy, and although Ye Luo also had two brushes, in Long Fei Xue's opinion, there was still a small gap between him and herself.

If Ye Lu dared to do anything untoward, she felt that it would still be easy to subdue Ye Lu.

So, the two of them found a hotel nearby and opened a single room.

The waiter saw Long Fei Xue's cool and outgoing face, and then looked at Ye Lu showing a playful expression, looking like he had misunderstood the two.

Long Fei Xue didn't bother to explain, and took the room card and walked straight to the lift. Seeing Long Fei Xue leave, the waiter then picked a thumbs up towards Ye Lu.

Indeed, Long Fei Xue had an out-of-this-world beauty that was far from earthly, and the very fact that such a woman had a room made people inexplicably feel a little excited.

However, Ye Lu did not care about this, what he was anxious about was the effect of the "Marrow Cleansing Pill".

"Let's hope it works well."

Although Ye Lu was nine out of ten sure, the nervousness he felt at the end of the day still made his heart beat a little faster.

"I'm going to the bathroom, you're not allowed to make any small movements."

Long Fei Xue looked at Ye Luo and said seriously.

Ye Luo laughed and said.

"What, are you afraid that I will steal your heavenly jewellery?"

Long Fei Xue was obviously the kind of person who didn't smile, she didn't pay much attention to Ye Lu and walked straight into the bathroom, then after thinking about it, she finally took the blue elixir.

In fact, she was a little worried that Ye Lu had drugged her. Long Fei Xue was still somewhat confident in her looks, as there were many men who drooled over her, and there was no shortage of cultivators with high cultivation levels.

In the end, however, the temptation to break through the bottleneck overtook the potential danger.

As soon as the "Marrow Cleansing Pill" entered her body, a cool sensation began to emanate, and it quickly extended along the meridians to all the limbs and bones.

Following that, this cooling sensation entered every cell through the meridians, and this time Long Feixue could not hold back any longer as she let out a long, satisfied cry.

"Ah!"

This cry had confused Ye Luo.

Ye Luo was no innocent boy either, and immediately became a little unsettled after hearing this sound.

"What exactly did Long Fei Xue do to the Marrow Cleansing Dan?"

He stroked his chin in thought, but then, Long Feixue's chirping voice came through again, and at the same time, Ye Luo heard the voices of a man and a woman next door.

The man's voice was a little lewd as he said.

"Xiaojuan, come and listen, it seems to be getting it on next door."

The one known as Xiaojuan was also good, and when she heard what was going on, she ran over quickly with some surprise and said.

"You heard it, why can't I hear it."

"You put your ear to the wall, yes, now you hear it."

"Hehehe, really, the woman is screaming so soulfully."

"I think this is the bathroom next door, like our room... you're having sex in the bathroom... you're not taking a bath... that's romantic... you're not even doing me any favours."

"Then let's take a bath together too."

.....

However, the two did not go to the bath, presumably because they did not want to miss the good show, which made Ye Lu feel a little awkward and a little fun.

However, this did not last long, because the two next door also immediately then dry fire screwed up.

Long Fei Xue was comfortably feeling the pleasure of having her hair washed away when she was awakened by the commotion next door, and she immediately realised her moans and her face immediately turned red.

"What have I done? It's so humiliating."

Long Fei Xue felt ashamed to go out, she had never done anything so humiliating in her life, but of course what made her even more ashamed was the noise the two people next door made.

"These two shameless ones, if they were practising they would have gone off the rails."

Long Fei Xue subconsciously touched his cheek, followed by the realisation that his face had been covered with a layer of sludge, followed by his stomach starting to flip up.

"Well, this is ugly, I hope Ye Lu is not out there listening."

Long Fei Xue was so ashamed that she wanted to find a crack in the ground.

With Ye Lu's ears, of course he could hear everything, he smiled and snapped his fingers and whispered.

"Hey, it looks like it's working, I just don't know if Long Feixue has broken through yet."

The current Long Feixue didn't care about the breakthrough, all she could think about was, hurry up and get it over with, hurry up and get it over with, luckily this situation didn't last long, soon the soothing feeling returned once again.

"Phew!"

Long Fei Xue let out a long breath, then hurried to flush the toilet and take a shower, but there was no way to wear these clothes again.

After washing all over her body, Long Feixue then relaxed.

“It’s finally over.”

She said as she stretched her back.

Following that, her movements froze as she discovered to her surprise that she had actually unknowingly made a breakthrough, and a faint aura was emanating from above her skin.

“True qi radiating out.”

It was the sign of a “Transformation Strength”.

“No way, this is a breakthrough.”

Long Fei Xue looked at her body in disbelief, it was true, her entire body was emitting a faint light, except for her small breasts, it was perfect.

Following that, she quickly ran the true qi in her body to confirm it again.

“It’s really a breakthrough, this is too easy.”

To be honest, Long Fei Xue was still a bit in disbelief until now, after all, she had been stuck at this bottleneck for months, and no one at home had been able to do anything about it, but as a result, here in Ye Lu, a single pill had taken care of it.

The point was, not only that, she felt that her meridians and even her entire body had been transformed, this was by no means as simple as breaking through the bottleneck.

“This time Liao City is the right place to come.”

Long Feixue couldn’t help but be a little glad that she had made the decision this time.

“I must thank Ye Luo properly before I do.”

She muttered secretly, but then she heard the woman’s “ahhh” next door, and her face instantly turned red with embarrassment once again.

“The next time I get a room, I can’t go to a cheap hotel like this.”

She said, somewhat depressed, but hurriedly blew out her hair and then put on her robe and walked out.

“Well? Did you break through yet?”

As soon as Long Feixue showed her face, Ye Lu hurried over to inquire.

Long Feixue had to nod with a red face.

“Yay!”

When he saw Long Fei Xue nod, Ye Luo “snapped!” snapped his fingers and said.

“Great, do you feel that it will work for other people who are stuck at the bottleneck as well?”

Ye Luo looked at Long Fei Xue and asked seriously.

Long Feixue nodded, however, followed by her face turning even redder because the sound next door was really too loud.

Ye Luo then smiled and said.

“Wait a moment, let’s see me take care of those two shameless ones.”

After saying that, Ye Luo then quickly pushed open the door of the room and walked out amidst Long Fei Xue’s dismayed expression, following which, Long Fei Xue heard Ye Luo shouting gruffly from the door of the next room.

“Qin Xiaojuan I know you’re in there, is there a wild man in the room, I’ll get you all killed.”

Ye Luo was of course imitating the voice of Xiaojuan’s husband, he had just found out all kinds of information about her husband through the “auxiliary function”.

The room was really panicking.

“Didn’t you say that your husband was doing a live broadcast?”

“Yeah, how did I know he’d come, this is going to kill someone.”

Leaffall then slammed the door of the room and said.

“Open the door now, or I’ll chop it with an axe.”

Following that, he slashed at the door with his palm.

Long Fei Xue heard the sound of something falling from the window next door, and following that, Ye Luo flew and re-entered the door of his room.

Xiaojuan quickly wrapped up her bath towel and went to open the door, but after opening it, she found that there was no one outside.

“Could it be a prank, no good, Brother Fei ……”

She realized that something was wrong and ran quickly to the window, only to see that Fei was already lying motionless downstairs, not knowing if he was dead or not.

“How can this be done, this matter will certainly not be able to hide, the husband will definitely find out.”

Seeing the crowd that kept gathering below and many others who were taking pictures and making phone calls, Xiaojuan had fallen into despair.

“Now it’s clear, since we’ve broken through, let’s get ready to go.”

Ye Luo looked at Long Feixue and said with a smile.

Long Feixue was already surprised and didn't know what to say, she didn't expect such a dramatic scene to happen next door at all, however, right after that she looked at her body and said.

"I don't have any clothes, so I'm just going to leave?"

Ye Lu then smiled and said.

"Don't worry, your clothes still have thirty seconds to reach the battlefield."

In fact, it didn't take thirty seconds, someone soon knocked on the door and delivered the clothes, which Ye Lu had just picked out and paid for.

"Although it might be a little cheaper, you deal with wearing it."

Ye Luo said with a smile.

However, when Long Fei Xue put them on she found that the clothes fit well, even the bra happened to be a B cup.

"Huh! How did he know that?"

Long Feixue subconsciously muttered in disbelief, but Ye Lu was already outside and started to rush because he had to rush to Su Lao, the big debtor's house.

Chapter 110

Long Fei Xue, who had dressed, had a suspicious look on her face, however, she didn't have the heart to ask, and after she came out, she looked at Ye Lu and asked curiously.

"Ye Lu, where did you get this blue elixir from? It's also too magical."

Ye Luo smiled and said.

"It's a secret."

Seeing that Ye Luo refused to talk about it, Long Fei Xue did not ask any more questions, however, she did feel more and more mysterious about Ye Luo as a person.

She had only been a little surprised when she was gambling on the stones before, but now she was completely shocked.

"Let's go."

Ye Luo then looked at Long Feixue and said with a smile.

Long Feixue also smiled and nodded, she was in a good mood at the moment, today's harvest was not just as simple as a breakthrough, this kind of body transformation would be of great help to her future cultivation.

However, in fact, all along, Long Feixue had been troubled by one thing.

That was, she felt that her cultivation talent was good, and although the cultivation techniques might not be of high quality, the Dragon Family's stuff shouldn't be too bad, but her own cultivation progress was the slowest among her siblings, which made her very puzzled and depressed.

"I guess after this body transformation, my cultivation speed can increase a bit."

Long Feixue muttered secretly.

After walking out of the hotel, Long Fei Xue then looked at Ye Lu and said.

"Ye Luo, I really thank you very much this time, and I don't have anything good as a reward, so I'll give you what I prepared for the 'Dharma Society'."

Ye Luo then smiled and said.

"No need to be so polite, it's just a hand up, when we get to the capital and something happens, just cover me a bit more."

Ye Luo said lightly, but Long Feixue nodded her head very solemnly.

"Right, Long Fei Xue, I have another 'Marrow Cleansing Pill' here, you can give it to Gu Shi Qi to use, I still have something to attend to, I'll leave first then."

After saying that, Ye Luo then dialed Zhao Yang's mobile phone while walking away.

"You kid should be awake, get up when you wake up, I have something good for you."

Zhao Yang's biggest habit was to sleep, which Ye Lu knew best, and sure enough, he was still lying in bed at the moment, when he heard that there was something good, he immediately jumped up like a spring and said.

"There's something good! Ye Luo you still don't know, I've lost weight!"

Zhao Yang said happily on the other side of the phone.

Ye Luo then smiled and said.

"This time, the stuff is even better than that weight loss elixir, so hurry up and come, but remember, don't fool around after eating it, I don't care if you get into trouble."

Zhao Yang was good at everything else, but he had a bad habit of fooling around.

When he heard Ye Luo's words, Zhao Yang of course immediately ran to Ye Luo's side without stopping, Ye Luo found that the bastard had really lost weight, and it was quite obvious, because the initial weight loss effect had all worked on his stomach, his waistline had lost at least two circles, but the rest of the body was not so obvious.

"Hey, Ye Lu, see, I'm about to become a lightning bolt, what's the good stuff this time?"

Ye Lu took out a "Marrow Cleansing Pill" and then said a few words of caution before sending Zhao Yang away, he had a lot of people he needed to meet today.

Of course, Zhao Yang was happy to go back.

After seeing Zhao Yang leave, Ye Lu headed towards the clubhouse where Su Lao was.

Su Lao was staying with nothing to do, and when he saw that Ye Lu had suddenly arrived, of course he was overjoyed, he greeted him with a smile and said.

“Master Ye, why are you free to come to my place today?”

Ye Luo smiled and said.

“Of course it’s because I have nothing to do, didn’t you say before that you’ve been stuck in a bottleneck for many years without being able to make an inch of progress, I’m here today to solve this matter.”

Hearing Ye Luo’s words, Su Lao immediately became ecstatic, he had been working hard for this matter for an unknown number of years, to be honest, he had been desperate, including this time when Ye Luo said he could help, he actually did not have too much hope, Ye Luo was indeed extraordinary, but breaking through the bottleneck was such a difficult matter, how could it be that simple.

However, now that Ye Lu has personally come over to talk to him about this matter, it means that this matter should be reliable, so how can he not be happy.

Ye Lu didn’t say anything, he took out a “Marrow Cleansing Pill” and said.

“This is a ‘Marrow Cleansing Pill’, go to the bathroom later and take it, bring a change of clothes, and when you come out, we will talk carefully.”

After saying that, Ye Lu smiled and walked towards the clubhouse’s parlor.

He knew that Su Lao must be as impatient to try it again as he was last time.

Sure enough, just as he walked away, Su Lao flew towards the bathroom as if giving an order, while Ye Luo strolled around the club room in a good mood.

It didn’t take long for a refreshed Su Lao to reappear in front of Ye Lu.

“Hahahahaha, Ye Lu, really thank you so much, I don’t know what to say, by the way, don’t you ever mention those money matters again, no, no, these billions are not enough, let me give you a few more billions, Ye Lu.”

Su Lao grabbed Ye Lu’s hand and said excitedly.

Ye Luo, in turn, smiled and said.

“No, no, it’s just a small thing.”

If Elder Su knew that Ye Lu had just casually given away four “Marrow Cleansing Pills”, I wonder how he would feel, but it could not be helped, who let him be stuck at the bottleneck for so many years?

A single pill was worth more than a billion dollars, and Ye Lu was secretly happy.

Helping Su Lao was indeed within his plan, but Ye Lu also did not expect things to go so fast, it had only been a short time before the plan came true.

“Don’t worry Ye Lu, the Gu family’s business is under my care, I will quickly get the Gu family to reorganise.”

Su Ra did not know what to say as he gestured for Ye Lu to sit down and talk.

Seeing Su Lao’s excited look, Ye Lu had to sit down and chat with him for a while, and as he left Su Lao’s clubhouse, Gu Shiqi’s phone call came through.

“Ye Lu, what is that elixir you gave me, it’s too powerful too, I feel as if I’ve been transformed and my body is full of strength.”

Gu Shiqi said with some excitement on the other side of the phone.

Ye Lu, on the other hand, smiled and said.

“Don’t be too happy too early, there are other good things waiting for you, the billion or so you owe to Su Lao doesn’t need to be repaid, so all that money from the last public auction is at your third uncle’s disposal, so I guess it should be able to cope with the Gu family’s deficit.”

Upon hearing that the billion or so didn’t have to be repaid, of course Gu Shiqi was happy, however, she was a little puzzled as to where Ye Lu had gotten so much money.

Ye Lu explained.

“I gave Elder Su one of those blue pills you just took, so he wrote off the billion or so and said that he would take care of your Gu family’s business.”

Hearing Ye Lu’s words, Gu Shiqi said in astonishment beyond words.

“You mean, I just ate more than a billion in one bite?”

Ye Lu smiled and said.

“That’s pretty much what it means.”

Seeing Gu Shiqi’s mouth that couldn’t be closed, Long Fei Xue who was sitting at the side then laughed, honestly, if she was stuck in a bottleneck for decades, she would be willing to pay more than a billion for such a pill.

After hanging up the phone, Ye Lu then smiled and looked in the direction of the school and muttered to himself.

“It’s too good, there’s still Liu Mei and Qin Siyu left, Qin Siyu should wait for the time being and use it after she’s gotten rid of all the toxins, let’s give one to Liu Mei first.”

With those words, he walked in the direction of the school.

And in the clubhouse, Su Lao was unable to resist passing on his joy of his breakthrough to all his old friends, Shen Lao, Hua Lao, and others who were closer to him all got the news, and they spread the news again, and soon, the matter spread like an internet virus

“What, that old guy Su Chan has finally broken through, he has attended the low end ‘puja’ for I don’t know how many times, it is said that he has attended the higher level ‘puja’ and has never been able to break through, what’s going on this time? ”

“It’s said that he took a pill, something called ‘Marrow Washing Pill’, and as a result, he broke through in ten minutes.”

“Ten minutes, are you kidding, how is that possible?”

“What Elder Shen said, how can it be false!”

.....

Even Qing Songzi, who had just arrived here not long ago, had heard the news.

“How is it possible? It’s impossible for such an elixir to be found in a ‘clan’, so how could it appear in the world? Did it come from some hidden clan?”

He muttered in confusion, as did Daoist Master Xuan and those from the Hundred Flowers Sect.
