

Super Student 121

Chapter 121

Luckily, since Jasmine had fallen, she didn't pee on Ye Lu.

At this moment, Jasmine's head had completely short-circuited, her head was blank, completely in a state of downtime, she no longer knew what to do.

On the other hand, Ye Luo quickly shook his dick and then raised his trousers.

However, just at this moment, he suddenly heard Jasmine's scream.

"Ah!"

Immediately realising that something was wrong, Ye Luo quickly turned back and followed it with a somewhat frightening scene, he saw that the strange snake with two heads that he had seen before was currently one of its heads was burrowing into Jasmine's chest clothes, and it looked like Jasmine had been bitten.

"Holy f*ck!"

Seeing this scene, Ye Lu jumped up as fast as he could, but the snake was obviously commanded by someone from the Beast Alliance, and it flew back and disappeared into the grass after it had bitten.

"Are you alright?"

Ye Luo looked at Jasmine and asked, but she didn't look like she was okay. Ye Luo looked around for a while, then picked up Jasmine and ran towards the side of the woods as fast as he could, while taking out the "antidote to poison" and stuffing it into Jasmine's mouth.

Since the Beast Alliance's people were around, they might have other methods, so Ye Lu was not afraid, but he was a bit worried that something might happen to Jasmine, because he had observed this two-headed snake through his glasses before, and the name of this thing was "two-headed love snake", and what it used was not a toxin, but something that made people go into heat.

The strangest thing was that if one head of the snake bit someone and the other head bit another person, both of them would be in love with each other regardless of their gender, not in love with each other, but simply in love with each other.

From the looks of things, most of the snake's other head has already bitten its owner.

"I wonder if the antidote will work?"

Only after running a bit further and hearing the sound of water did Ye Lu stop, then he saw that Jasmine's face was slightly red and her body was burning, obviously the antidote to poison had not worked.

"There's no choice but to be offended."

Ye Luo said while darting out his hands, first sealing Jasmine's meridians, then ripping open Jasmine's clothes, only to find, to his pitiful surprise, two clear teeth marks right on Jasmine's left hemisphere, two bloody holes appearing on her snow white smooth skin, looking exceptionally striking.

"Could it have followed?"

Ye Lu muttered in his heart, according to the previous introduction of the "two-headed love snake", the other party should be within a certain distance of Jasmine before she would appear in heat like this.

"No don't ah"

Obviously, Jasmine was still awake at the moment, and Ye Lu ignored her struggle, but then he noticed that during the run just now, Jasmine's trousers had fallen to who knows where.

"Whatever, it's important to pull out the poison first."

Then Ye Luo felt that due to the toxin he had tainted by helping Jasmine to pull out the poison, even he himself felt some feelings of uncontrollable love.

"Is it coming?"

This feeling made Ye Luo understand that most of the other party had already arrived nearby, and it was good to see that the blood drawn out was of a normal colour at the moment.

"Let's hope this will work."

After sucking out the toxin, Ye Lu thought about it, then took out a "Marrow Cleansing Pill" and put it into Jasmine's mouth and helped her swallow it. The "Marrow Cleansing Pill" could cut down the hair and wash away the dust and dirt in the body, so it might be able to get rid of this toxin which was not considered a toxin.

After stuffing the "Marrow Cleansing Pill", Ye Lu ran quickly to the water and put Jasmine in.

The water on the mountain was cool and not too deep, which should help Jasmine stay awake.

Following that, he ran in the direction that had made him flirt, presumably the other side was coming from that direction.

"Hey, hey, hey, hey, little beauty, here I come"

An unusually lowly voice rang out, followed by a strong man from the Beast Alliance with a snake tattoo on his body appearing in Ye Lu's field of vision.

Seeing that the other party was actually Ye Lu, this guy immediately revealed an expression of utmost surprise.

Because Jasmine's cultivation level as the leader of the Hundred Flowers Sect was not weak, he was worried about being discovered by Jasmine, so he did not show himself before, but let the "two-headed love snake" act on its own.

I don't know if it was because of TV or movies, but the way people deal with snake bites is to suck out the venom, and as a result, another person falls in love with them.

However, he never dreamed that the person who fell in love with him was actually Ye Lu.

"Hey, hey, you're here!"

Ye Luo looked at him with a cruel smile and followed it with his hands.

However, when Ye Lu made his move, that guy did a very strange action, he let one of the "two-headed love snake's" head bite him violently, and then "flopped!" He fell to his knees and said.

"Brother, please spare my life, that woman is no longer in love with me."

When he saw this scene, Ye Lu stopped with a dumbfounded look on his face, because he also noticed that the restlessness inside his body had indeed stopped.

"This thing is so evil! There's still this kind of operation!"

Ye Lu was also surprised by this operation, it looked like after being bitten by one head, the medicine disappeared as soon as he was bitten by another head, which meant that this weird toxin was a poison and an antidote at the same time.

This guy from the Beast Alliance also had no choice, for one thing he didn't want to be gay with Ye Lu, and for another he noticed that Ye Lu's eyes were as bright as stars, not like he would be disoriented if he was poisoned with love.

"Fine, leave the snake behind and you go."

Ye Luo looked at him and thought for a moment then said indifferently.

After all, Ye Lu was only a high school student, his heart was not hard enough to kill at every turn, however, death could be forgiven, but living sins could not be spared, this kind of guy did not know how many virtuous women had already been harmed, so, Ye Lu rushed over and grabbed this guy's pulse door as he spoke.

This guy wanted to dodge, but he found that the gap between himself and Ye Lu was too big, a perverted peak dark jin powerhouse like Wolf Qing was easily abused by Ye Lu, let alone an ordinary dark jin powerhouse like him.

"You can go now."

Ye Lu quickly let go of him again, while quickly reaching out to take off a red button-like object from his chest.

When he saw this object being taken off, this guy from the Beast Alliance understood that he had met a connoisseur today, because this object was the key to controlling the "two-headed love snake", and in his opinion, Ye Lu must be a master of beast taming.

In fact, Ye Lu knew nothing about it, he was told by the instructions of the glasses.

This guy from the Beast Alliance felt that something had just entered his body from Ye Lu's body, but he didn't feel anything abnormal about his body, so he quickly turned around and fled.

However, he did not know that after refining the "Marrow Cleansing Pill", Ye Lu's control of the aura had become more comfortable, and Ye Lu had just left a dark energy in his body.

"Just be a silly eunuch from now on."

Ye Luo said, while placing the red button-like object on his body, which had a suction cup underneath, just like a leech, and stuck very firmly to his body.

At the same time, the "two-headed love snake" also crawled quickly to Ye Lu's side.

"Take a bite from me, just a small bite to neutralize the medicine."

Ye Luo said to the "two-headed love snake", but this snake was obviously not very smart, and it took half a day of chattering with it before it understood and took a bite from Ye Luo.

"Come on, let's see how Jasmine is doing."

With the toxin in her body gone and such a strange snake, Ye Lu was in a good mood and ran quickly in the direction of Jasmine, only to find that Jasmine had already taken off her clothes and was in some kind of selfless cultivation state like an old monk in meditation.

"Could this be the state of breaking through the bottleneck?"

Although Ye Lu had helped Long Fei Xue and Su Lao and the others break through the bottleneck, they had not been able to see it with their own eyes, so they did not know exactly what state a breakthrough was in.

However, right after that, he was attracted by an item in the pocket of Jasmine's clothes.

"Holy shit! I've been looking for it for a long time, but I've found it without any trouble! This is simply great!"

When he saw it, he was overjoyed, because the introduction of the glasses said that it was a real "spirit stone", not a flawed one, but a pure one, but of course a "lower quality spirit stone".

But it was a real spirit stone anyway!

But just then, he heard the sound of water and Jasmine's shy exclaim.

Chapter 122

Jasmine had been awake the whole time, although her body was restless and her head was not quite obedient, but her consciousness was fine, so she was very clear about Ye Lu saving her and giving her the "antidote to poison" and "marrow cleansing pills".

To be honest, she was really shocked when Ye Lu took out the "Marrow Cleansing Pill", which she had certainly seen during the day.

The young master of the Ren family had spent twelve billion dollars on it, and the miracle of breaking through right then and there was obvious to everyone, but she didn't associate the "Marrow Cleansing Pill" with Ye Lu until just now when Ye Lu shoved one into her mouth.

"It's actually this evil cultivator who has the 'Marrow Cleansing Pill', it's really evil."

However, she soon experienced the effect of the 'Marrow Cleansing Pill', luckily, at that time, Ye Lu was tangling with that guy from the Beast Alliance, otherwise, Jasmine felt that she would definitely die of shame.

As she rinsed her body with water and felt the benefits of the hair removal and marrow cleansing, she slowly entered the realm of forgetfulness and began to break through.

However, when she opened her eyes after the breakthrough, she saw that Ye Lu was standing motionless in front of her, which made her cry out in embarrassment.

Ye Luo also noticed that something was wrong, and he quickly turned around and said.

"Sorry, I didn't mean to do that, you can put on the clothes first."

As he said that, he took off his clothes and put them behind him.

It was only after a long time that he heard Jasmine whispering behind him.

"Thank you! Thank you."

Then there was the sound of rustling and dressing, followed by Jasmine whispering again.

"I I'm ready"

Leaf fall turned around, only to see Jasmine in her own clothes shy and did not dare to look up, just like that, with her head down and hands and feet standing there.

At this moment, Jasmine's heart is more confused than a mess, her own pee appearance was seen, just breakthrough was seen naked, and now wearing someone else's clothes, she feels that she has encountered things in her life is not as ridiculous as this night encountered, simply ridiculous outrageous, fortunately Ye Luo really handsome!

Ye Luo did not know that Jasmine was thinking so much in her mind, he looked at the stone in the pocket of Jasmine's clothes and said.

"Jasmine, where did you get that stone you're carrying and what's it for?"

Hearing that Ye Lu was actually asking this, Jasmine was stunned for a moment and then quickly said.

"That's a 'Luminous Stone', it's used for illumination, as long as it's filled with true qi it will glow, it's really very bright."

I'm sure it was used as a "luminous stone" again.

Then Jasmine went on to say.

"We didn't get this stone, the Grand Elder brought it out of a secret place for us to play with."

Hearing Jasmine say “we”, Ye Lu quickly asked excitedly.

“When you say ‘we’, do you mean that all your sisters have it too? Does everyone have a piece?”

Seeing that Ye Lu was so excited about the Luminous Stone, Jasmine was also a bit puzzled and surprised, she looked up at Ye Lu and thought about it.

“I don’t think everyone has one, it seems that some sisters have lost theirs, and some others have thrown it away because they felt it was useless.”

Hearing Jasmine say that precious spirit stones had been thrown away just like that, Ye Lu felt his heart dripping blood, this was a waste!

“Then how many more do you all have, I’ll take them all, I’ll exchange the ‘Marrow Cleansing Pill’ with you all, also, how do you get into that secret realm you mentioned?”

Ye Lu said in a somewhat excited mood.

Jasmine thought for a moment and said.

“I remember the Grand Elder entering the secret realm was three years ago, she said that the secret realm isn’t open anytime, but, it’s probably soon, I’ll tell you when I find out the news, ah, anyway, didn’t we add each other’s WeChat.”

Ye Lu nodded, he also calmed down a little, that kind of secret realm is certainly full of dangers, his current cultivation level rashly go in perhaps the spirit stone did not get, and then people die in it will not be worth the loss.

So, he thought about it and said.

“Yes, thank you very much then, Jasmine.”

As a result, Jasmine hurriedly waved her hand haphazardly and said.

“No no no, it’s me who wants to thank you more for saving me, otherwise I might have been in a bad way tonight”

Jasmine wanted to say that she was about to have her innocence tarnished, but, in the end, she didn’t say it out of shyness.

She had been following the master of the Hundred Flowers Sect since she was young, and was as simple as a blank sheet of paper, so, somewhat embarrassed, she hurriedly ran to the side and took the piece of spirit stone from her clothes and handed it to Ye Lu.

Ye Luo looked at her and also smiled and said.

“Thanks a lot, we have to go back and find your trousers, your top will probably be baked dry in a while, it’s not a problem for you to wear my clothes like this.”

Wearing Ye Luo’s clothes, Jasmine’s diminutive figure was all exposed, especially the two points protruding from her chest, which did look a bit indecent.

Hearing Ye Luo's words, Jasmine was frightened, "Oh my!" The first thing you need to do is cover your chest with your hand and say.

"No no need, we all have a change of clothes with us."

The actual fact that the other party is a girl, of course, will be very careful will not be the same as his own, did not bring anything to come empty-handed.

However, at this moment, Jasmine suddenly "Ah!" gave a cry and jumped to Ye Lu's side and grabbed his arm tightly.

"The snake snake is still there."

She said in horror.

Ye Luo then smiled and said.

"Don't worry, it's mine now."

The two-headed love snake danced with him, and this time Jasmine was not as surprised as before, she felt used to it, anyway, since Ye Lu appeared without clothes, he had already brought too many surprises.

"Jasmine, pack up your things, call your sisters and get them over here, remember to ask them to bring a change of clothes for you, and the 'Luminous Stone'."

Ye Luo said as he shook the mobile phone in his hand.

He was going to call Gushiki, that ninny seemed to have already looked for her once, but before Ye Lu could call, Gushiki's call had already come in.

"Ye Luo, where have you been, nothing has happened, right?"

Ye Luo said with a smile.

"What can happen, I'll be back in a while, you take care of yourself and remember to stay with Long Fei Xue."

After that, Gushiki happily told Ye Lu that she had already made a big profit today, while Ye Lu told Gushiki that he had helped her get a pet, so he chatted with Gushiki for a while, Jasmine's side had already called her sisters.

In less than ten minutes, Peony and the others came running over.

Sure enough, Ye Luo saw several of them holding shining spirit stones in their hands, this kind of light penetrated very well and shone far in the dark night.

"Sister Jasmine, what did you call us over for, eh, why are you wearing a man's clothes?"

"This seems to be that Ye Luo's clothes."

"Sister Jasmine, what did Ye Luo do to you? He wouldn't have spoiled you, would he?"

"That beast!"

.....

Hearing them talking more and more outrageous, Ye Li, who was originally hiding behind the big tree waiting for Jasmine to change her clothes before coming out, couldn't take it anymore, and he coughed coldly.

Jasmine hurriedly said with a red face.

"Stop it, it was Ye Lu who saved me, and I've already broken through oh!"

With those words she released the true qi in her body.

Seeing that Jasmine had actually broken through the bottleneck in such a short time, all the sisters were surprised, and they all ignored Ye Lu's coughing and started to chatter around Jasmine.

"How could it be so fast?"

"Could it be because of the double cultivation with Ye Luo?"

"Then I'm going to sleep with him too."

.....

Seeing that the sisters were getting rowdy, Jasmine hurriedly said.

"Don't talk nonsense, quickly give me the clothes, I'll change them, later on Ye Lu will help you break through, as long as you have the 'Luminous Stone' you can exchange it with him for a 'Marrow Cleansing Pill'"

Hearing that there was such a good thing, the crowd immediately stopped joking, Jasmine changed her clothes, then she took them and walked behind the tree and gave them to Ye Lu with a red face.

The first time Ye Lu changed his clothes, Peony and the others came running over with the "Luminous Stone".

"Master Ye Lu, can this really be exchanged for a 'Marrow Cleansing Pill'?"

They didn't know how to address Ye Lu, so they called him by the more general term of "Master", while Ye Lu said with a smile.

"Just call me Ye Lu, yes, one 'Luminous Stone' and one 'Marrow Cleansing Pill', how many Luminous Stones do you have?"

It turned out that the remaining seven sisters only had four 'Luminous Stones'.

"If I had known I wouldn't have thrown away the 'Luminous Stones', I thought they were useless and consumed True Qi, so I threw them away, I regret it!"

"Hey, I lost mine, if I had known it would be like this, I would have cherished it."

"I want to cry so much!"

.....

The three remaining sisters were chagrined.

Ye Lu, on the other hand, smiled and said.

“Don’t worry, everyone has one, it doesn’t matter if you lose it, there is a water pool below this waterfall, you all go there to break through, me and your sister Jasmine will watch out for you.”

Ye Lu said happily.

Such a harvest had completely exceeded Ye Lu’s imagination, so he didn’t want to be too petty, let everyone have fun together.

He was somewhat looking forward to what everyone’s expressions would be when they saw that all the people from the Hundred Flowers Sect had broken through tomorrow.

Chapter 123

The sound of the sisters of the Hundred Flowers Clan was soon heard from below. Although Ye Lu wanted to take a look, he did not have the opportunity to do so with Jasmine around.

The “two-headed love snake” was lying quietly at Ye Lu’s feet, looking very well behaved, and only then did Ye Lu realize that its two heads were different, although basically the same, but there was a slight difference, one head had an “O” shaped pattern, and the other had an “X” shaped pattern.

“Could this be the origin of the OXX?”

Looking at the two snake heads with different patterns, Ye Lu couldn’t help but spit out, and then he took out the “burin gold pen” and practiced in the air.

He felt that these “patterns of laws” were like circuits and components in an integrated circuit, through which the various laws of heaven and earth could be condensed into a magic weapon and exert great power.

In short, Ye Lu found that refining weapons was not something he could just do by himself.

“It seems that I can only make Long Fei Xue wait for a while longer, and I have something to do during this holiday.”

Ye Lu turned the “burin pen” in his hand and muttered somewhat helplessly.

After waiting for a long while longer, Peony and the other sisters then reentered the place where Ye Lu and Jasmine were.

“Thank you, Master Ye Lu, we’ve all made a breakthrough!”

The lively Peony said happily as she looked at Ye Lu, following which the seven sisters released the true qi in their bodies at the same time, looking quite beautiful in the moonlight.

“Good, then let’s go back to the camp.”

Ye Luo looked at the people of the Hundred Flowers Clan and said with a smile.

“By the way, I have some goodies for you guys here, they’re beauty ones oh! However, there’s not much left, not enough for each of you, so you can share it yourselves.”

With these words, Ye Luo took out a bunch of “beauty pills” and gave them to the sisters of the Hundred Flowers Sect and told them the usage of the pills.

Ye Lu felt that Jasmine’s other sisters should still have spirit stones, so if he made friends with them, there should be more spirit stones in the future.

Sure enough, Jasmine looked at Ye Lu and said with a smile.

“Ye Luo, thanks a lot this time, when we go back to the clan, see if we can still find some ‘Luminous Stones’, if we can find them, I’ll find a way to give them to you.”

Ye Luo nodded and said.

“Okay, but the number of ‘Marrow Cleansing Pills’ is limited, when the time comes, if there are no more ‘Marrow Cleansing Pills’, I’ll see about exchanging them with you guys with something else.”

As a result, Jasmine said with a smile.

“There’s no need to go to that trouble, those things are just for fun in our hands, just give them to you directly.”

Of course Ye Luo couldn’t ask for nothing, because in the long run, this side of the Hundred Flowers Sect was a storehouse of spirit stones.

With that, everyone joked and laughed as they returned to the camp, the people of the Hundred Flowers Clan were of course overjoyed, the sisters went off to celebrate on their own, while Ye Lu went to the camp where Gu Shiqi and the girls were.

After going over, Ye Luo realised that there were actually quite a few tents on Gushiqi’s and their camp, it looked like apart from Gushiqi, Long Feixue and Third Uncle, the Gu family had also arranged for quite a few people to come over.

“Ye Lu, this is your tent, you just said you were going to give me a pet, what kind of pet is it, is it good looking? Is it cute?”

Gu Shiqi pointed at a tent and said.

Ye Luo then smiled and said.

“This pet, ah, whether it looks good or not depends on how you appreciate it, as for whether it’s cute or not, I can only say that it shouldn’t be cute at all.”

After saying that, at Ye Luo’s gesture, the snake with two heads abruptly burrowed out from Ye Luo’s clothes and crawled onto Ye Luo’s shoulder.

“Yell!”

Gu Shiqi did not have anything, but Long Fei Xue was a little surprised at this “two-headed love snake”.

“Ah, what you gave me is a snake!”

Obviously, Gu Shiqi was a bit disappointed, she wanted something as lovely as a “snow marten”, this two-headed snake looked too hideous.

“Take it, Shiqi, it’s a good thing.”

Long Fei Xue said seriously as she looked at Gu Shiqi.

“This should be a mutated ‘demon beast’, it’s considered a very special existence among demon beasts, there are quite a few mutated demon beasts that may eventually turn into extremely terrifying great demons, and the mutated demon beasts will usually have some sort of divine ability after they mature.”

Following that, she then turned to look at Ye Lu and said.

“Ye Lu, it’s possible that you might have offended someone in the Beast Alliance who has some power, an ordinary disciple shouldn’t possess such a demonic beast.”

Ye Luo indifferently stretched his hand, because the person was already ruined anyway, there was no use studying this now, and with such a scum, if he was asked to make the choice again, he was afraid he would do it again.

However, Long Fei Xue followed and said.

“But it’s alright, don’t worry too much, clans can’t meddle too much in the secular world, especially experts above the Xiantian level, causing public anger won’t do the clan any good, there have been cases of clans being jointly exterminated before.”

Ye Lu nodded, then took out the red button-like thing from his chest and handed it to Gu Shiqi and said.

“This is the thing that controls it, it will be yours from now on, besides this thing is with special ability, come here and I will tell you.”

There were too many people here, so Ye Lu called Gu Shiqi to the side and explained to her about the power of the “two-headed love snake”, and then said with a smile.

“In the future, you can go for any young boy you like.”

She said with a glare.

“What the hell, I’ll find an ugly guy to sleep with you one day.”

In fact, Gu Shiqi was quite satisfied with having a mutant demon beast as a pet, but of course, Ye Lu’s next words made her even more satisfied.

Ye Lu smiled and said.

“I’m sending you a pet for your own good, moreover, I will also refine pills to feed this demon beast, this guy can be great if he grows up, it’s a first grade lower grade demon beast that can sweep most of the people here, it will be the most powerful bodyguard then.”

Once she heard that this two-headed snake might be so bullish, Gu Shiqi’s eyes immediately lit up, and she didn’t look at the two-headed snake as badly as she did before.

“Alright, I’ll take it then.”

As she said that, she reached into her arms and sucked the red button-like object onto her chest, and the “two-headed erotic” also flew from Ye Lu’s shoulder to Gushiki’s.

After watching Gushiki accept the “two-headed love snake”, Ye Luo then returned to Long Feixue’s side with Gushiki and said.

“Miss Long, I’m sorry, but I guess I’ll have to wait for a while longer before I can give you your gloves, I didn’t expect it to be so difficult to transform ‘magic weapons’, but don’t worry, I’ve found a way, I think I should be able to transform your gloves into ‘Xuan-rank ‘ magic weapon.”

Once she heard about the “Xuan-rank” magic weapon, Long Feixue was really shocked.

For these secular families, “Xuan-rank” magic weapons were basically close to the top, and would never be used by their juniors.

Ye Lu said he could turn his magic weapon into a “Xuan-rank” one, which sounded like a fantasy.

However, thinking about what Ye Lu had done before, Long Fei Xue suddenly felt that perhaps Ye Lu was not just talking big, so she smiled and said.

“Fine, just feel free to study it, the ‘Ice and Fire Gloves’ aren’t a big deal treasure anyway.”

In fact, to Long Fei Xue, the ‘Ice and Fire Gloves’ was still quite important, after all, it was a magic weapon that could be used in the mundane world.

Many magic weapons were swords, axes, hammers, etc. Even if these weapons were powerful, they were still quite inconvenient to use in the mundane world, so one could not carry such things around every day.

Of course, Long Fei Xue actually wanted to see what Ye Luo could do, and if Ye Luo could really do it, I’m afraid that the whole family would be shaken.

After finalising this matter, Ye Lu was in a good mood, and the next step was to wait for the exchange tomorrow.

The next morning, everyone woke up early, and those with the token gathered at the entrance of the Cloud Lu Palace, ready to enter the palace gates to begin the day’s transaction.

However, before anyone could enter, there was an uproar at the entrance.

Chapter 124

It was not that the eight women from the Hundred Flowers Clan had deliberately shown off their cultivation, but because they had only just broken through, they were not able to control their external qi very well, and with eight of them together, it was immediately revealed.

Of course, they didn’t have any intention to hide it, it wasn’t something to be ashamed of, moreover, after using Ye Lu’s “Beauty Pill”, they all felt their skin and moods were exceptionally good.

“What’s going on with the ‘Hundred Flowers Sect’? It should be a private deal, right?”

“It must be, otherwise how could they have broken through en masse, I guess there aren’t many ‘Marrow Cleansing Pills’ left.”

“Yes, actually relying on beauty to make a private deal, how shameless.”

“That’s also someone else’s itself, you want to trade, do you know whose hand the ‘Marrow Cleansing Pill’ is in?”

“Uh! Don’t really know yet.”

.....

It’s true that trading in the items previewed at the “Dharma Fair” is prohibited, and once you attend the preview, you can’t take them back in principle, but things that are not placed in the preview area can be traded privately at will, and no one will care.

In other words, the “Marrow Cleansing Pill” that was placed in the preview area was still in the preview area and would be traded later, while the “Marrow Cleansing Pill” in Ye Lu’s hand was not included in the list.

At this moment, the women of the Hundred Flowers Clan were also happily chattering about it.

“I don’t know what kind of elixir this is, it’s really powerful, look at my skin, it’s so smooth!”

“Yes, it’s much better than the fancy cosmetics sister Lilac brought back last time.”

“It’s a pity that the quantity is limited!”

.....

In the eyes of the sisters, it seemed that these “Beauty Pills” were much more important than the “Marrow Cleansing Pills” they had received.

Not far from the Hundred Flower Sect, the people of the Beast Alliance were gathering in a corner, all of them looking in this direction with gloomy faces.

“It looks like quite a few ‘Marrow Cleansing Pills’ have been used again this night.”

Someone said with some chagrin.

Wolf Green, on the other hand, said with a gloomy face.

“These are all minor matters, we didn’t know about this kind of elixir when we initially decided to rob this place anyway, the trouble now is that the ‘Snake Duke’ is not easy to account for, he has suddenly become a fool, his dad will definitely not spare us.”

He had seen himself and the people of the Hundred Flowers Sect, so of course Ye Lu couldn’t leave behind any consequences, so when he destroyed his cultivation, he also tampered with his brain.

“What can we do? It’s not like we can control him, and his father knows it, so who can control his son?”

Someone said helplessly.

Wolf Green nodded, this was true, the Snake Prince had not been doing whatever he wanted for a day or two.

So, he decided to leave the matter alone for now, he looked to the woman and asked.

“How’s it going on Brother Leopard’s side? Is everything ready?”

The woman reached out and made an “OK” gesture.

“It’s ready, we’ll do it when the final auction is over and we pass by the back of the ‘Heavenly Horse Mountain’, there are caves everywhere, it’s just for this ambush.”

Hearing the woman’s words, Wolf Green smiled and nodded his head.

This time, there were several Xiantian experts, plus Brother Pao and his demonic beast, Wolf Green felt that if he wasn’t worried about the background of the “Yunluo Palace”, he wouldn’t have any problem to flatten the “Yunluo Palace”.

In another corner, those from the Xuantian Sect were also discussing something.

“Master Daoist, is the uncle of the ‘Qing’ generation really going to come?”

A Taoist priest asked with some disbelief.

Daoist Master Daqing nodded and said.

“Yes, however, it definitely won’t be a too strong senior uncle, but to actually be able to have senior uncle Qing come out, this Zhang Tian’s face is really big, the ‘Immortal Dan’ is a cow!”

Daoist Master Da Qing also couldn’t help but sigh with emotion.

He was also considered one of the more talented new disciples in the sect, but the treatment was simply worlds apart from Zhang Tian’s, which made him a bit lost as well.

However, Daoist Master He Qing then shook his head to shake off these messy emotions to the back of his mind then said.

“It’s definitely not possible to do it in the ‘Yun Lu Palace’, later on you go and trick Ye Lu out, he has seen you, right?”

Daoist Master Daqing said as he looked at Daxuan.

Of course, he was reluctant to do so, for this kind of offense was totally unpleasant and unpleasant, and if he got Ye Lu out and killed him, it would be fine, but if he didn’t, Ye Lu would hate himself and who knows when he would take revenge on himself.

However, the Qing had already looked at him and sneered unkindly, so he had no choice but to nod silently.

Ye Lu did not know that there were dark currents here, he was thinking about the martial art “Candle Dragon Finger” at the moment.

Soon, the mountain door opened and Ye Lu headed straight for the martial art “Candle Dragon Finger”.

Sure enough, there was a man sitting there at the numbered spot where the “Candle Dragon Finger” was located, but it didn’t look like it was Daoist Master Yu, because Ye Lu had checked Daoist Master Yu’s profile and he was too old.

Before Ye Luo, several people had taken out items for exchange in front of the middle-aged man, but the man shook his head indifferently, obviously not looking at them.

Everyone who saw him shake his head walked away in disappointment and silence.

Ye Lu was not in a hurry because he already had an idea in his mind. The Palace Master of the Yun Lu Palace had already informed him that this martial art was actually for the “Marrow Cleansing Pill” in his hand.

In fact, what Ye Lu did not know was that all this was also due to Daoist Master Yi Qing, who was older than both of them and had been with the sect for the longest time.

In fact, he was already desperate and ready to leave, but then Daoist Master Qing suddenly sent back a message that something like the “Marrow Cleansing Pill” had appeared, so he took the risk of bringing out his private “Martial Skills”.

He did not dare to say that it was a short version of the Candle Dragon Finger, so he wrote in the introduction that it was a short version of the Yiyang Finger, but the two fingering techniques looked similar from the outside anyway.

Since the other party was here for himself, Ye Lu was in no hurry, so he waited for the other party’s mood to fluctuate before striking.

So, Ye Luo began to stroll around, and he saw that more people had gathered in the exhibition area belonging to him, all waiting to exchange pills with himself.

Sure enough, after a few hours, the middle-aged man became somewhat unsettled, and he began to look at Ye Lu’s exhibition area frequently.

Ye Luo felt that things were about right, so he walked over and sat down.

When the crowd saw that a young man had actually come everyone was a little puzzled, while Ye Lu took out three pills and placed them on the table with a smile.

“Since the trade took place last night, there are only three ‘Marrow Cleansing Pills’ left, first come, first served, until they are exchanged.”

The crowd was a little confused as to why such a young man had come to exchange the Marrow Cleansing Pill.

However, since there was a ‘preview’ of the puja, there were many cases where the person himself did not send someone to exchange for a specific magic weapon, so the crowd did not think much about it and swarmed to the puja.

Now the middle-aged man was not so calm, he quickly ran to the side of Ye Lu’s exhibition area and shouted.

“This little brother, I am willing to exchange ‘martial skills’ for three of your pills, are you willing.”

Ye Luo was waiting for his words, and when he heard him shout out, he smiled and said.

“Okay, deal, everyone disperse.”

Hearing Ye Lu’s words, the crowd left in frustration, indeed their magic weapons were nothing compared to the “martial skills”.

After Ye Lu handed over the three “Marrow Cleansing Pills” to the other party, he quickly used his glasses to record the martial art and then burned the martial art “Candle Dragon Finger” to ashes on the spot.

This “Candle Dragon Finger” came from the clan, so it was better to destroy it as it was a curse after all.

In the midst of the crowd’s confusion, Ye Lu had already sat there and silently ran his spiritual energy and started to cultivate the “Candle Dragon Finger”.

As expected, it was just like what was described on the glasses, it was really a very simple martial art, or at least that was how Ye Lu felt, it was much easier than refining the “Marrow Cleansing Pill” with his Spiritual Qi, and it only took him a few moments to learn it, but he didn’t know how powerful it would be.

At this time, he suddenly saw a man in a Taoist robe walking towards him, a man he had seen once before, the guy who had seen him turn and run at the school gate that day.

“That, Ye Lu, someone wants to harm you and asked me to trick you into going there, as for whether you want to go there or not, you decide for yourself.”

The daoist master had finally gritted his teeth and told the truth, because when he thought about it, he still felt that Ye Lu was more terrifying, he did not complete the task tightly and was bullied a bit more by the master brother of Dui Qing, but really offended Ye Lu, the evil cultivator, he estimated that his corpse would not survive.

When he heard what Daoist Master Xuan said, Ye Luo couldn’t help but smile, he really didn’t expect Xuan to say such things.

So, he nodded and said.

“Let’s go then, I’d like to see how they want to harm me.”

Chapter 125

Daoist Master Daxuan did not expect Ye Lu to be so domineering, and in this moment, he suddenly felt that he, who was scheming and sneaky, was instead more like an evil cultivator, while Ye Lu looked as mighty and domineering as he did that night.

So he glanced at Ye Luo, then turned his head and walked outside.

According to the introduction, the “Candle Dragon” was a terrifying demonic beast from ancient times, also known as Candle Nine Yin, whose eyes were said to open for day and close for night, and whose inhale was for winter and exhale for summer.

Since this martial art dared to take the name of Candle Dragon, I guess it must be terrifying and unusual.

He had a feeling that Ye Lu was not at the level of a strong practitioner, so it would be difficult to deal with him, because the difference between the peak of Dark Energy and a strong practitioner of Chemical Energy was very obvious.

In front of the outgoing true qi of a Huajin master, it was very difficult for the dark jin to penetrate, and even if it broke the defence, the remaining power would be much less, although the three were all cultivators of the latter day, the gap between them was clear and distinct, and it was extremely difficult to cross over.

The two men left the Yunluo Palace and arrived at a wooded area, where Daoist Master Yu Qing and several middle-aged and young Daoist masters, a dozen people, were waiting quietly.

“I thought it was some kind of three-headed, six-armed figure, but it looks so ordinary.”

Seeing Ye Luo walking over, Qing Yangzi then looked at Ye Luo and said indifferently, he really didn't put Ye Luo in his eyes, after all, such a small place, cultivation resources were too few, cultivators of the Realm of Transformation were rare, and Ye Luo was so young, it was unlikely that he would have any too high cultivation level.

Moreover, before coming here, Daoist Master He Chuan had also said that Ye Lu did not have true qi outwardly, except that Ye Lu's dark energy seemed to be odd, different from normal people, and with great strength.

However, all this was nothing in Qing Yangzi's eyes.

As one's cultivation level increased, one's body was strengthened and transformed with each realm of advancement. Although one would not directly transform one's qi and blood after passing Ming Jin, the effect of body strengthening made the strength of a Dark Jin strong person far exceed that of a Ming Jin strong person, and the strength of a Transformation Jin strong person was even greater.

“I wonder if you Dao masters are looking for me for something?”

Ye Luo looked at the dozen people and asked with a smile.

The only Daoist he had offended was the one called Dust, who was brought by the Zhang family, but Ye Lu did not know his details too well, he only knew from the information that he was a Daoist from the Xuan Tian Clan, and these guys in front of him were also from the same clan, so they were probably here to help Dust and Zhang Tian seek revenge.

In response to Ye Lu's words, Qing Yangzi said indifferently.

“You're not qualified to talk to me yet, Daoist De-Ran you go and scrap his cultivation first.”

The Daoist priest who was known as Dairan smiled when he heard the order and walked towards Ye Lu, at the same time, his hands were already covered with a faint true qi, he was obviously a strong practitioner of Huajin.

Seeing this scene, Ye Lu's eyes narrowed, and he was happy to see that he needed an expert to test his combat power.

There was a large, flawed spirit stone in the pestle and mortar, and Ye Lu felt that if he absorbed the stone, the spirit energy in his body would change, so he might as well start with that.

When he saw Ye Lu take out the Demon Subduing Pestle, Daoist Master He Ran smiled.

He wasn't worried even if a dark jin powerhouse used an ordinary magic weapon, not to mention that the Demon Subduing Pestle in Ye Lu's hand didn't feel like a high grade item.

“Brush!”

Following that, the Demon Subduing Pestle suddenly lit up.

This did startle Daoist Master Xie Ran, as the fact that it could emit such a bright light with the infusion of dark energy probably meant that the grade of the magic weapon was not low, however, he did not know that this was actually due to Ye Lu's spirit stone being absorbed too quickly.

Because, the spiritual energy in Ye Lu's body was in a period of change and was unusually thirsty, with this opportunity to absorb it, it certainly wouldn't let go, “Brush!” It absorbed all the spirit stone in one go, and following that, Ye Lu felt that the spirit energy in his body had changed from the original one to two, although the other one was a bit small, it could be clearly felt, and his power had also increased at the same time.

“Dang!”

Feeling the change in his aura, Ye Lu threw the demon subduing mortar and pestle to the ground, he originally had no plans to use this weapon.

“Come on!”

He hooked his hand towards Daoist Master Zharan with a look of anticipation.

For his part, Daoist Da Ran was dumbfounded, the weapon was taken out and then dropped on the ground, what the hell was all this routine? He felt a bit confused by Ye Lu, but he once again strengthened the true qi in his hands and then charged forward, as he felt there was no reason to be afraid of a low ranked practitioner like Ye Lu.

“Boom!”

A loud sound sounded, and then, like a kite, he was sent flying, drawing a beautiful arc in the air and landing in the grass with a thud.

“Cut! It's not worth a blow!”

Ye Lu shook his fist.

Everyone looked at this scene with some petrification, this was too formidable.

“No wonder he was able to knock that Beast Alliance's Wolf Green into the lake, what a strange power!”

Even Qing Yangzi was shocked by Ye Lu's power, he could tell that Ye Lu really didn't know how to exert his true qi, but the power of this punch dislike was too fierce.

“It really doesn't look like a hard fight will work.”

He muttered secretly, and followed it up with a look that signalled for another person to go on.

This guy was one of their Daoist priests from the Qing generation, and was considerably stronger than Daoist Master Zhuran in both cultivation and experience.

The designated Daoist did not dare to be arrogant, he quickly drew out a short sword, followed by the light on the short sword lighting up, there was an inch long sword aura emanating from the sword, obviously also a good magic weapon.

“Seek death!”

He said and charged up with a swing of his sword.

For his part, Daoist Master Daochen was sweating for Ye Lu, Ye Lu was indeed strong, but he was after all flesh and blood, without true qi to protect his body, he would either die or be injured if he was cut by this sword.

However, to everyone’s surprise, Ye Lu did not dodge, his left hand darted out and grabbed the sword, followed by his right fist which hit the Daoist priest’s chest.

This Daoist priest had poured all of his true qi into the short sword in his hand, and when he saw Ye Lu’s fist dislike coming, it was already too late to use his true qi to defend.

“Boom!”

This time he flew straight out and crashed into the trunk of a large tree, his eyes went black and he fainted with blood dripping from the corner of his mouth.

“Cut! It’s not worth a single blow!”

Ye Lu clenched his fist once again and said.

At the same time, everyone could see that at some point, Ye Lu’s left hand was covered with a white glove, which he had just used to directly grab the short sword.

Seeing that both of them were sent flying by Ye Lu’s blow, Qing Yangzi was really a bit unnerved, he didn’t expect Ye Lu to be so difficult to deal with, he frowned and walked up to Ye Lu’s front and said.

“As expected of an evil cultivator, you really surprised me, today I’ll let you see the power of the Xuan Tian Clan’s ‘Candle Dragon Finger’.”

As he said that, he extended his right index finger, his finger lit up as he extended it, a flickering cyclone appeared at the tip of the finger, followed by a finger aura extending out from the finger tip just like a short sword.

Seeing this scene, Ye Lu understood that the other party should not be practicing this simplified version of the “Candle Dragon Finger”, the version he had just practiced was not so complicated.

Seeing that Qingyangzi had come up with his ultimate move, Daoist Master Hua Qing and the others were all relieved.

“Good, then let’s dislike the finger and see.”

Ye Lu also extended his right index finger and looked at Qing Yangzi with a smile.

Seeing that Ye Lu actually did not use gloves but wanted to dislike his finger, Qingyang Zi could not help but laugh, he had seen arrogant people, but he had never seen such arrogant people.

“Hehehe! Since you want death so badly, then don’t blame me.”

With those words, Qingyangzi struck out like lightning, poking a finger towards Ye Lu’s eyebrow, and Ye Lu struck out similarly, disliking Qingyangzi’s finger afterwards.

“Boom!”

There was another loud bang, and Qing Yangzi started to retreat with a stomp, taking seven steps back before falling to the ground with a thud.

He felt that not only his fingers but also his whole arm was painfully numb and he could no longer lift it.

“This this

He looked at Ye Lu in disbelief, because he felt that the martial art Ye Lu was using was very much like a simplified version of the “Candle Dragon Finger” used by the clan for Dark Jin powerhouses, but he was not sure, because the simplified version of the “Candle Dragon Finger” was not so terrifying.

“Cut! It’s not worth a single blow!”

Ye Lu waved his finger back and forth and looked at Qing Yangzi with a smile.

Although the strike just now had cost him a lot of aura, the effect was really good.

“Martial skills are really good!”

Ye Luo muttered with some emotion, he was very satisfied with this finger and was looking forward to opening his “martial skill ability” more and more in his heart.

“Go on, do him together, use the sword formation.”

Seeing this scene, Daoist Master Hua Qing at the side suddenly drew his long sword and said coldly.

Chapter 126

When they heard the words of Daoist Master Qing, the crowd reacted with a start, and they all pulled out their weapons.

One’s true qi was limited, even though Ye Lu was a demon, he had fought three people in a row, especially after disliking Qing Yangzi’s “Candle Dragon Finger”, he must have consumed a lot, now was a good opportunity to kill him.

“Don’t do it the hard way, grind him to death and use the ‘Seven Star Sword Formation’.”

Although he was young, Da Qing was extremely resourceful, he could already tell that Ye Lu should not have undergone systematic training in martial arts and kung fu, he should be strong in disliking him hard, but his stances would probably be inferior.

Seeing these Daoist priests draw out their long swords and start to move in a dazzling manner, Ye Lu smiled and then put the other one of the “Ice and Fire Gloves” on his hand as well.

He wasn't really afraid of these messy bird sword formations, because he really wasn't good at the moves, but he was confident that he was fast enough.

However, without waiting for him to strike, a voice said coldly.

“So many people bullying a Dark Energy practitioner, is your ‘Xuan Tian Clan’ already this unbearable?”

Following that, Ye Lu watched as another group of people in Daoist robes appeared, one of them was none other than Qing Songzi, who had once participated in a treasure hunt with himself before.

Next to these people was Principal Liu Qingshan who had a smile on his face.

Seeing that Ye Luo was looking at him, Principal Liu Qingshan nodded with a smile towards Ye Luo.

“It's none of your Wuji Clan's business what our Xuantian Clan does, so mind your own business.”

Seeing the Wuji Clan's people appear, Qingyangzi said coldly as he rose from the ground.

Seeing Qing Yangzi and the other two guys who had fallen to the ground, Qing Songzi and the others froze, they were somewhat confused as to what had happened.

“Ye Lu, this is all your fight?”

Qing Songzi asked as he swallowed his saliva.

Ye Lu smiled and said.

“Thanks to Daoist Master Qing Songzi for coming to my aid, I originally thought how powerful the ‘Xuan Tian Clan’ was, but I didn't expect that there would be no one who could even connect with a single move of mine, hehe, it was really unbearable!”

With those words, Ye Lu then shook his head and sighed.

However, what surprised Qing Songzi and the rest of them was that not a single person from the Xuan Tian Clan actually made a sound to refute, the Xuan Tian Clan's arrogance and domineering Qing Songzi was very clear, since none of these arrogant guys refuted, it meant that what Ye Lu said should be true.

“How is this possible?”

Daoist Master Dan Yun, who was leading the group next to Qing Songzi, was somewhat in disbelief at the scene in front of him; both Qing Songzi and Liu Qingshan had indeed said that Ye Lu might be an unusual person, but he had not expected it to be so unusual.

He suddenly felt that he was a bit funny at that time, and actually despised and looked down on Ye Lu at the beginning.

However, this scene increased Daoist Master Dan Yun's confidence in taking Ye Lu into the sect, and he looked at Qing Yangzi and said with a smile.

“Sorry, Qing Yangzi, this matter is really none of our business, because Ye Lu is our ‘Wuji Clan’s’ internal disciple, therefore, if you have a problem with him, you are having a problem with our ‘Wuji Clan’.”

His words caused Ye Luo to freeze for a moment as well.

“Well the thing is that he’s been decided, did you ask my opinion?”

He muttered in his heart, but didn’t move his voice, he wanted to see how these two clans really tore each other apart.

Hearing Daoist Master Dan Yun’s words and looking at the people Daoist Master Dan Yun was leading, Qingyang Zi then backed off a little, the other side was not weaker than his own side, while his own side had just been injured by Ye Luo with three people, including himself, really fighting his side would definitely be at a disadvantage.

So, he gave Daoist Dan Yun a glance, then turned to Dui Qing and the others beside him and said.

“Let’s go, let’s go back to the puja first.”

However, just as Qing Yangzi was conceding, another voice rang out.

“Senior Brother Qingyangzi, are you trying to leave the face of the sect like this?”

Following that, another young man in Daoist robes walked out from the woods, and as soon as this person appeared, Ye Lu felt an alien feeling, as if the space around him was fluctuating.

“A Xiantian expert!”

At this time, Principal Liu Qingshan suddenly said in a soft voice, apparently Ye Lu did not understand this fluctuation, but Liu Qingshan knew very well what it represented.

Innate experts had heaven and earth as their placenta, and could use the power of nature, and inducing the Qi of heaven and earth was also their signature ability, but of course this was only possible if they exerted it.

This fellow had attracted the Qi of Heaven and Earth as soon as he appeared, giving off an aura belonging to an Innate Expert, obviously with the intention of demonstrating.

“Senior Brother Qing Yun, I didn’t expect to see you here as well.”

Seeing this person, Qingyangzi finally breathed a sigh of relief, with an Innate Expert like Qingyunzi around, he could certainly crush the crowd of the Wuji Sect.

“Humph!”

Qing Yunzi looked at Qing Yangzi and said with a cold snort.

“No bones at all, shame on the clan, step back aside.”

With those words he walked up to Qing Songzi and the others and said.

“Daoist Dan Yun, is your Wuji Clan jealous that we have taken in a disciple who has eaten an ‘immortal pill’, so you have come here to fight against us, I just don’t understand, what use do you have for such a piece of trash?”

He pointed at Ye Lu as he spoke.

Ye Lu smiled indifferently, trash or not, it wasn’t like anyone’s mouth would turn out to be real anyway, one had to really do it to find out, so he took a step forward ready to try out how powerful the legendary innate expert really was.

However, before he could say anything, another voice said.

“Qing Yunzi, when did it become your turn to control what kind of people we take in?”

Following that, another Daoist priest walked out from the back of the Wuji Clan.

At the same time, people watching the fun began to appear.

This mountain top was not very big, and many people who did not have the token to enter the “Yunlu Palace” were wandering back and forth on the mountain top with nothing to do.

Ye Lu saw that the people from the Hundred Flowers Clan had also appeared in the woods. These girls had broken through anyway, so they were not too interested in entering the Yun Lu Palace to exchange for other things.

Wolf Green of the Beast Alliance frowned at Qing Yunzi and the newly appeared Daoist priest.

These two were obviously both Innate masters, and even Brother Pao would have some difficulty in killing such masters, so this ambush might be a bust.

Seeing this newly appeared Daoist priest, Qing Yunzi was not surprised, he smiled and said.

“Daoist Master Danji, I knew you would come, so I’ve prepared a package for you.”

With those words, he clapped his hands.

Ye Lu thought to himself, “There is actually someone called “Dan Ji”, I wonder if there is someone called “Networking”, but with the sound of Qing Yunzi’s clapping hands, two more Daoist masters appeared.

When they saw these two people, the Daoist Master Danji and Qing Songzi frowned.

It was obvious that these two should also be Innate Masters, which was why the crowd was so scornful. The situation was now reversed once again, with the Xuan Tian Clan’s people regaining an absolute advantage.

To be honest, the appearance of so many Daoist priests going back and forth like a walking lantern gave Ye Lu a bit of a dazzling feeling.

However, judging from the final result, it was the Xuan Tian Clan that had the advantage. Seeing that the Xuan Tian Clan had actually appeared three Xiantian masters at once, the people around them were also surprised, obviously, no one had expected that so many masters would appear at such a low-level “Dharma Fair”.

After seeing that the Wuji Clan had lost their nerve, Qing Yunzi turned his head to Ye Lu and said.

“It seems that you are still very unconvinced when I just called you rubbish, isn’t it? Let me ask you one more time, are you convinced or not?”

This time everyone on the mountain top looked at Ye Lu, the other party was an innate expert, and three innate experts, occupying an absolute advantage, if Ye Lu dared to resist, it was like hitting a stone with an egg, everyone felt that Ye Lu’s egg was probably not that hard.

And Qing Yunzi continued.

“If you are willing to give in and then kneel down and kowtow to me three times, I will spare you from death today, how about that?”

When they heard Qing Yunzi’s words, the people around them who were watching the fun began to mutter.

“Those who know what’s good for the time are the best, it’s better to give in and go soft.”

“That’s right, anyway, it’s never too late for a gentleman to take revenge, we’ll settle the score with him after ten years.”

“Endure the wind and waves for a while, retreat a step and the sea will open up!”

.....

Even the people of the Hundred Flowers Sect were worried for Ye Lu, Jasmine looked at Ye Lu with some anxiety and said.

“Ye Lu, don’t

However, Ye Luo waved his hand at her, then looked at Qing Yunzi and said with a smile.

“My answer is ‘no’, one of the things that I, Ye Lu, like to do the most is to say ‘no’ to those who think they are awesome.”

When they heard Ye Luo’s words, the people around them immediately erupted.

Chapter 127

In everyone’s opinion, Ye Luo doing so was tantamount to committing death.

Although, everyone didn’t know what exactly Ye Lu’s cultivation level was, it was definitely not up to Xiantian, which was proven by the fact that Ye Lu would attend such a low-end puja, no Xiantian expert would be interested in coming to this place.

“But, so hardcore, I like it!”

“That’s right, so handsome!”

“Charming.”

.....

Those female cultivators who were watching were however all charmed by Ye Luo's reply, only the Hundred Flower Sect, who were truly worried about Ye Luo's safety, and Liu Qingshan and the others were really sweating for Ye Luo.

Most of the others were shaking their heads and sighing, or gloating, thinking that Ye Lu was definitely dead.

Hearing Ye Luo's reply, Qing Yunzi's face turned iron blue, he originally wanted to play hard to get, but he didn't expect the other party to be so out of line, he raised his leg to go over, but a man beside him stopped him.

"Senior brother Qing Yun, it's not worth using a bull's-eye to kill a chicken, just let me clean him up."

With those words, this fellow then looked at Ye Lu and said with a smile.

"I will show you what it means to be powerful, in front of an innate expert, a mole like you, I will just smash you flat with one punch."

After saying that, he then swung his fist and blasted at Ye Luo.

Ye Lu was staring at his guard, preparing to use his only martial skill to fight against the other party, but what he didn't expect was that the other party actually wanted to match strength with himself, which saved him the trouble, so when he heard the other party's words, he couldn't help but be happy.

What Ye Luo was most unafraid of was comparing strength.

"Roll!"

He shouted, then he poured his aura into his right hand and blasted out fiercely.

"Boom!"

There was a loud sound, as if a shockwave rippled out from the two men's colliding fists, and even the grass on the ground was blown and shaken.

However, the scene of Ye Lu being smashed flat did not appear, instead, the Daoist priest who rushed up to him flew backwards, he drew an arc in the air and then flipped violently, which only Kan stood firm, although the posture was beautiful, but slightly lame.

On the contrary, on Ye Lu's side, he just took a step backwards and stood firmly.

Silence!

The whole room was silent.

Everyone did not expect such a result, a Xiantian expert was blown away like this, this scene was too shocking.

The guy who had been blown away also had a puzzled look on his face.

He really did not feel Innate True Qi in the other party's body, but the other party's power was indeed too great, even though he was already an Innate Being, he was actually still blown away by the other party, he was already completely dumbfounded.

Equally dumbfounded was Qingyunzi, who looked blankly at the scene before him, this was a naked punch in the face! Of course, the shock in his heart was even greater than this face-punching sensation.

What kind of monster could do this? He couldn't figure it out.

"Kid, you seek death!"

The guy who had been blown away by Ye Lu pulled out the long sword behind him in annoyance, following the flow of true air on the sword, it looked like he wanted to use his blade.

However, just at this time, another voice abruptly sounded out.

"Stop it all, this Ye Lu is someone that our 'Pill Alliance' has taken a fancy to, anyone who dares to go against him is going against our Pill Alliance."

Following that, an old man and a woman appeared at the same time.

The old man Ye Lu knew was none other than the city's divine doctor Hua Lao, while the other woman was dressed quite hotly, in a black dress made of unknown leather, with high heeled boots and a whip in her hand, reminding Ye Lu of a queen in a small movie, but looking at her deliberate aura, she was also an innate expert without a doubt.

When they heard the word "Pill Alliance", everyone looked at these two people respectfully, even the people from the Wuji Clan and Xuantian Clan, it seemed that the status of the "Pill Alliance" was quite high.

Ye Luo did not know that among these sects, the "Pill Alliance" was the one that was most closely related to everyone, and the one that was most indispensable to everyone, as they were not only responsible for providing all kinds of medicine and services, but also for refining pills and supplying them to various sects and clans, so they were undoubtedly one of the most unoffendable forces.

Seeing that people from the Pill Alliance had also come to rob Ye Lu, those from the Wuji Clan were not calm, because they understood that they were definitely unable to rob those from the Pill Alliance.

"Is he the one who cured you?"

Even though Elder Hua had told her many times, Master Mo Lian, who was dressed in black, still had some disbelief, as Ye Lu did look a little too young.

However, other than that, Ye Lu's courage alone to single-handedly fight a strong man from the Xuantian Sect and directly fight off a Xiantian expert was worth her Mo Lian's acceptance of this disciple.

"Greetings, Master Mo Lian!"

Seeing Mo Lian appear, even Qing Yunzi gave a respectful salute, firstly because the Pill Alliance could not be offended, and secondly because Master Mo Lian was really much more powerful than him, all of them together were no match for Master Mo Lian, moreover, Master Mo Lian was not very good-tempered and temperamental, if she pissed her off, she did not care that much, the possibility of being directly whipped to death was very high.

What's more, even if he was whipped to death, there was basically no place to talk about it, and the clan would not anger Master Mo Lian with his death.

In response to Qing Yunzi's greeting, Master Mo Lian didn't even move his eyelids, he just said coldly.

"I don't want to repeat what I just said a second time, you, and you guys."

She pointed at the people of the Wuji Clan again and said.

"All of you hurry up and disappear, if you dare to mess with my disciple again in the future, uh, by the way, what's your name again?"

Master Mo Lian looked at Ye Luo and asked.

Ye Luo had a black line, he had already called himself his disciple and still asked what his name was, did this master grow a heart or not!

He smiled and said.

"My name is Ye Luo."

Master Mo Lian then said with a slap of his long legs.

"Yes, if you dare to mess with my disciple Ye Luo again, I will tell you to get lost.

When they heard Master Mo Lian say "go", the two clansmen immediately turned around and ran away without looking back.

Seeing this scene, Ye Lu smiled, he didn't expect the matter to be settled so easily, and all the backtracks he had prepared were not used.

Ye Lu was not a fool, of course he would not blindly fight with Qing Yunzi of the Xuan Tian Clan, he had already prepared for the "ghost bats" to come out, if not, he would let the birds bite them to death.

Those "ghost bats" were even afraid of ghosts, and they ate Old Lady Compass and her female disciple with ease.

"Master Mo Lian, thank you for your help, and thank you, Elder Hua."

Ye Luo looked at Master Mo Lian and Elder Hua and said respectfully.

Seeing Ye Lu's handsome and obedient appearance, the more she looked at him, the more she liked him, and she looked at him and said with a smile.

"Good talk, good talk, then good disciple, come back to the mountain with me."

This time it was Ye Lu's turn to be depressed, where was this going, he hadn't promised to take on a disciple, and then he had to take himself into the mountain, into which mountain?

So, Ye Luo looked at Master Mo Lian and said respectfully.

"Master Mo Lian, I have no problem and am honoured to be your disciple, but can I just hang out my name, I still have to study at university and have a lot of things to do."

As a result, Master Mo Lian glared and said.

“You don’t need to study for university if you follow me, don’t worry, being my disciple is definitely better than you studying for university, plenty of female cultivators with big breasts, thin waists and long legs to sleep with until your legs go weak.”

Hearing Master Mo Lian’s words, Ye Lu almost didn’t get down, was this something a female master should say, Ye Lu heard people around him already laughing out loud.

However, to be honest, she liked this character of Master Mo Lian.

The first thing that happened was that she didn’t wait for Ye Luo to say yes, and Master Mo Lian was already striding over and ready to grab Ye Luo away.

For his part, Ye Luo said somewhat helplessly.

“Time to show yourself, right?”

Following that, a figure appeared beside him from flying.

“Palace Master!”

“It’s the Palace Master of the ‘Yun Lu Palace’.”

The crowd looked at the person who had appeared with some surprise, and it was the female Palace Master of the ‘Yunluo Palace’.

After she came out, she looked at Master Mo Lian and said with a smile.

“Master Mo Lian, for my sake, can you let Ye Lu go? After all, ‘a melon twisted by force is not sweet’, don’t you think so?”

“Why would the master of Yunluo Palace come out to help? In fact, this was one of Ye Lu’s tricks, after he decided to follow Xuan Daoist out, he started to contact the Palace Master of Yun Lu Palace through his glasses and negotiated a price, of course, the reward was the “Marrow Cleansing Pill”, of course, the Palace Master of Yun Lu Palace was also very willing to accept this The Cloud Lu Palace Master was of course willing to accept this sale, so she was actually watching over Ye Lu all along, and this is what emboldened Ye Lu to be willing to do.

The “Yunluo Palace” Palace Master’s appearance did make it a little difficult for Master Mo Lian, she looked at the Yunluo Palace Master for a long time, and finally shook her head and said.

“By the way, I do have to give you face, but I like this young man too much, so I still have to take him away.”

Master Mo Lian spoke firmly, and hearing her words, Master Yun Lu Palace also smiled and clenched his fist, it looked like a dragon fight was inevitable.

Those watching were also holding their breath, a battle of this level was not something that could be seen easily.

However, at this time, Ye Lu suddenly sighed and said.

“Master Mo Lian, would you believe me if I said that you don’t actually have anything to teach me?”

Chapter 128

Hearing Ye Lu’s words, everyone froze, including the Palace Master of Yun Lu Palace.

There were not many people who dared to talk to Master Mo Lian like that, and with Master Mo Lian’s temper, it would be easy to get smacked to death for talking to her like that.

However, this time, Grandmaster Mo Lian did not get angry, she looked at Ye Lu and said with a smile.

“Good, not a small mouth, I like it, do you know why I didn’t take this one as my disciple?”

She pointed at Grandmaster Hua and said.

“Scowling, shy, like a pussy, I get annoyed when I look at him.”

Being commented on by Master Mo Lian like that, Hua Lao had to hem and haw.

Master Mo Lian then looked at Ye Lu and continued.

“Fine, since you said so, then I will let you be my disciple with a conviction.”

After saying that, she then glanced towards the surrounding crowd and said.

“Just that kid, tell me what ails him and then can you cure him, yes, that’s you, come here for me.”

The guy designated by him certainly didn’t dare to resist and obediently walked over, then stood in front of Ye Luo and Master Mo Lian.

Ye Luo looked at this guy and smiled, saying.

“This is very simple, he is unable to cultivate because he accidentally injured his meridians while cultivating, resulting in damage to the Hand Tai Yin Meridian among the twelve meridians, so now both arms are unable to generate power and he can only help in the back kitchen, right?”

Ye Lu’s words took this guy and also Master Mo Lian by surprise, to be able to see the problem with the meridians with such a simple glance was already surprising, to also be able to see that he was working in the back kitchen was a bit unbelievable.

The guy nodded with his eyes glowing a little and said.

“Yes, indeed, I was originally an outstanding disciple of the family as well, because of this incident, I have been the laughing stock of my family for many years, could it be that Grandmaster can cure it?”

Ye Lu smiled and said.

“Of course, this isn’t difficult.”

As he said that, he walked to this guy’s side, raised his hand and tapped on the “Zhongfu” point on both of his arms, then tapped along the “Yunmen”, “Tianfu”, “Man Bai” to the “Shaoshang” point on his thumb, and then said with a smile.

“Try it and see if the meridians have opened up?”

The guy immediately tested it, and then showed an ecstatic expression, because the meridians really did pass through, after the meridians pass through, not to mention other things, at least he can be as normal as normal people can generate strength, and he is a cultivator at any rate, strength is far greater than normal people, this age is not very realistic cultivation, but as a bodyguard and so on is more than enough.

After that, this guy gave a deep bow to Ye Lu and said.

“Thank you for saving me, but I don’t have any money, even if I have to be a cow or a horse, I still have to repay the master.”

Ye Luo then smiled and said.

“Don’t take it to heart, it’s just a hand up.”

After saying that, he then turned his head to look at Master Mo Lian and said.

“Master, is this diagnosis and treatment of mine still okay?”

Master Mo Lian was a straightforward person, she looked at Ye Lu and nodded her head and said.

“Good quite okay, not bad, so quick to see the illness and also so quick to unblock the meridians, looks like you really have two brilliance, I admit, I’ve been a bit off, however, you said I have nothing to teach you, still makes me upset, how about this, we’ll have a competition on the spot, if you win, I’ll take you as my master, if I win, you’ll come back to the mountain with me. How’s that?”

Ye Lu didn’t dare to be arrogant and agree directly, he thought about it and said.

“Master Mo Lian, you have been practicing medicine for many years, you have a lot of experience, I’d better listen to you tell me how the competition is, then I’ll decide whether I should say yes to you, I can cure diseases, but my theoretical knowledge is not very good.”

In fact, Ye Lu was no longer worried about reciting the “Tang Tau Song” or anything else, after all, he had his glasses, so he could just turn on the search function and read all the articles in the field of vision of his glasses.

His headache was that if he was asked something like pathology, it would be too late for him to learn it now, as he needed to combine all kinds of knowledge.

As a result, Master Mo Lian smiled and said.

“It’s actually very simple, we each find a patient to treat each other, and whoever treats them quickly and well will be considered the winner.”

This method was indeed fair and simple, and Ye Lu found that this Master Mo Lian was indeed very much to his temper, and he also liked straightforward matches.

So, Ye Lu smiled and said.

“A very fair and reasonable method of competition, then it is better for you to pick the people first, and everyone help to time them.”

Ye Luo said to the more and more people gathered around to watch the fun.

Now, even those who were exchanging magic weapons in the “Yunlu Palace” had come out, this was much more fun than exchanging magic weapons.

Ye Lu saw that Gu Shiqi and Long Feixue were also watching the crowd, and when she saw Ye Lu see them, Gu Shiqi raised her hands and gave him a thumbs up to cheer him on.

Ye Luo, in turn, replied to her with a very second hand gesture of victory.

The crowd, meanwhile, began to talk.

“Guess who Master Mo Lian will pick?”

“I feel like you’re a good candidate, don’t you dare say you’re not sick?”

“Stop it, I’ll be fine with this cold with some cold capsules.”

.....

While everyone was looking left and right and guessing who was sick and whose illness was more difficult to cure, Master Mo Lian smiled and pointed to the palace master of “Yun Lu Palace” and said.

“My designated patient is her, take a look at what ails her and treat her.”

When they heard that the patient designated by Master Mo Lian was actually the Palace Master of Yunlu Palace, everyone was stunned.

Seeing that Mo Lian had actually appointed himself, the Master of Yunlu Palace frowned.

He looked at Master Mo Lian with some displeasure and said.

“You and your master brothers have no way to treat my problem, yet you let such a teenager treat it, Mo Lian you’re going a bit too far, aren’t you?”

Master Mo Lian then smiled and said.

“What’s excessive about that, it’s not like I said this patient must be able to be treated by me, right? Ye Lu can find someone he can’t cure, too.”

Hearing Master Mo Lian’s sophomoric reasoning, Master Yun Lu Palace actually didn’t know how he should refute it.

At this time, Ye Luo, however, said with a smile.

“Yes, Master Mo Lian is right, as long as the conditions are the same for everyone, then it is fair, losing can only be considered as less skillful, but, unfortunately, I am afraid that you will be disappointed, Lord Mo Lian, I can cure the Palace Master’s illness.”

Hearing Ye Lu’s words, Master Mo Lian, who originally had a smile on his face, the smile on his face suddenly froze as if he was petrified, while the Yun Lu Palace Master, who was originally frowning, her

pupils dilated violently, while unconsciously opening her mouth wide, as she somewhat couldn't believe Ye Lu's words.

"You can cure it?"

Master Mo Lian and Yun Lu Palace Master asked as they looked at Ye Lu almost simultaneously.

The people around them were also in an uproar, a disease that an expert like Master Mo Lian was unable to cure, this Ye Lu could actually cure it, was there any mistake?

Ye Lu smiled and nodded his head and said.

"Yes, I can cure it, get ready to start the timing, Lord Palace Master, next you need to untie your clothes to reveal the vicinity of your belly button and the distance of about half a foot below it."

Hearing Ye Lu's words, the Yun Lu Palace Master's brow furrowed once again.

Although there were already a lot of navel-less dresses on the streets now, she was a very traditional person, and revealing her navel and belly in front of so many people, she asked herself that she couldn't do it.

Seeing the expression on the Yun Lu Palace Master's face, Ye Lu thought for a moment and said.

"How about this, Fairy Jasmine, you guys go and tear down a tent and use the cloth from above to put a circle around here to avoid the Palace Master from getting naked."

Immediately, Jasmine and the others found something and surrounded Ye Lu, Palace Master Yunlu and Master Mo Lian in the middle, while the people around them began to look at the tent with their heads and eyes, but they could only see the thick cloth of the tent, and the situation inside was completely invisible.

The Yunlu Palace Master gritted his teeth and finally unbuckled the waistband of his daoist robe, revealing his navel and flat belly.

"Lord Palace Master's illness is congenital, right, the dantian is congenitally defective, so it causes the cultivation to reach its limit and stagnate, right?"

Ye Lu said as he reached out and pressed his hands on Yunlu Palace Master's "Moisture", "Shen Que", "Yin Jiao", "Dan Tian", "Shi Men", "Stop Diarrhea" and "Guan Yuan" points respectively.

The aura slowly entered the body of the Master of Yunlu Palace.

This treatment was to create the missing part of the Yunlu Palace Master's dantian, which was unimaginably difficult, and the consumption was also the same.

"Brush!"

As the spirit energy continued to seep in, the spirit stone in Ye Lu's left hand was also slowly disappearing. This treatment lasted for a long time, Ye Lu used two spirit stones to repair the Dantian of Yunlu Palace Master.

"This this this this"

After the treatment, the Yunlu Palace Master said “this” three times in a row but didn’t say any more, because no one knew better than herself what it meant.

And Ye Lu wiped his sweat and said.

“It’s my turn to find someone who is sick next.”

Chapter 129

Hearing that Ye Lu wanted to find a patient, the Yun Lu Palace Master and Master Mo Lian then came back to their senses, the Yun Lu Palace Master quickly put his clothes back on then gave a deep bow to Ye Lu and said.

“Thank you, Master Ye, whatever happens in the future, I will definitely go through fire and soup.”

She was so happy and excited that she was close to crying out.

Ye Lu, on the other hand, waved his hand and said.

“Lord Palace Master, you’re welcome, I didn’t pay attention to your dark illness before and almost delayed it, but fortunately it’s all cured.”

Earlier, Ye Lu had been thinking about things related to opening abilities and spirit stones in his mind, so he hadn’t paid too much attention to Palace Master Yun Lu, otherwise he really should have noticed it earlier, but at the moment, he didn’t know the identity of Palace Master Yun Lu and what her promise meant.

At the side, Master Mo Lian was also surprised beyond words, this kind of thing to repair her dantian, she asked herself that she couldn’t do it, not only she couldn’t do it, she felt that almost everyone in the Pill Alliance couldn’t do it, or for this kind of congenital defect, everyone simply didn’t know how to do it.

“This kid really is a bit interesting!”

She was now suddenly curious about Ye Luo, and this curiosity made her want to find out more and more about Ye Luo, so she looked at Ye Luo and said with a smile.

“Ye Luo, you look for it, see who is sick and if there is anything I can’t cure.”

At this moment, the cloth covering the room had been removed and everyone could see what was going on inside.

It was obvious that Ye Lu had succeeded, which surprised even the people watching because it was too unbelievable.

The reason is that, for one thing, because an innate expert is already considered to be out of the mundane realm and in the company of heaven and earth, the chances of getting sick are very few and far between, unless the damage is caused by cultivation, but the special “innate true qi” used by an innate expert, even if there is damage, it is not something that can be dealt with by a later-day martial artist.

Secondly, what kind of person is Master Mo Lian? She personally admitted that she could not cure the disease, but this young man actually cured it.

“Does any of us have a terminal illness?”

“I don’t think so, who has a terminal illness and still comes to the mountain?”

“That’s true, so who would he choose?”

.....

Seeing the way Ye Luo turned around and looked at in choosing someone, the crowd became a little curious and unsettled because everyone felt like there was nothing wrong with them.

At this time, Ye Lu finally found a candidate, he smiled and waved his hand and said.

“Zhang Yang, it’s rare that we meet again, come and give us a hand.”

Zhang Yang from the Zhang family happened to be here because of the puja, so Ye Luo called out to him.

Zhang Yang originally did not want to go over, but after thinking about it, he compromised because he was already scared by Ye Lu’s various tactics before, he did not dare to offend Ye Lu, however, as he walked away, he looked at Ye Lu and said.

“Ye Luo, I’m not sick!”

Unexpectedly, Ye Luo actually smiled and nodded his head and said.

“I know.”

In fact, Mo Lian could also see that Zhang Yang was indeed healthy and exercised regularly, there was nothing wrong with him, and she froze for a moment when she heard Ye Luo also admit it.

How would one cure a disease without one?

At this time, Zhang Yang had reached Ye Luo’s side looking at Ye Luo in disbelief.

Ye Luo then continued.

“It’s true that you weren’t sick before, but, don’t worry, I will make there sick.”

With those words, he then quickly reached out and slapped Zhang Yang on the head, and Zhang Yang suddenly fell to the ground without even having the chance to say a word.

“Zhang Yang

“Gongzi.”

.....

The people of the Zhang family got a little anxious.

Ye Lu, on the other hand, smiled and waved his hand and said.

“Don’t be anxious, it just made him faint, it won’t hurt him at all, here, come over and see if his heartbeat and breathing are there.”

Ye Lu waved his hand towards a man from the Zhang family.

This guy hurried over, and sure enough, he found that Zhang Yang was as good as asleep, and nothing serious.

Ye Luo then turned his head to look at Master Mo Lian and said.

“Well, my patient is right here, just wake him up, see when you want to start the treatment and have everyone start the clock.”

To be honest, Master Mo Lian was also dumbfounded by Ye Lu, no patient is now a patient, this is all a goddam set up?

Everyone else’s was the same.

“So it was a live production of a patient, high is really high!”

“I really didn’t expect it either.”

“I wonder if this patient is good enough to be treated?”

.....

Amidst the chatter of the crowd, Master Mo Lian walked over confidently, waking up a person who had passed out was not difficult for her yet.

However, she found a problem when she began to probe.

The technique Ye Luo used was simple, as Zhang Yang was an ordinary person, so he just used his aura to seep into his brain and then isolated a part of his brain’s perception ability.

It was only necessary to dispel or dissolve this part of the isolated aura.

Master Mo Lian confidently inputted her true qi, trying to remove the aura that Ye Lu had left in Zhang Yang’s brain.

As a result, she found that her true qi was basically useless or had minimal effect on the aura, like throwing gold into hydrochloric acid, although the true qi possessed the ability to dissolve, the aura was like a stone that could not be dissolved at all.

Master Mo Lian’s face began to look ugly, she had never encountered such an evil thing before.

“Does it mean that this kid’s true qi is even more advanced than the innate true qi?”

She pondered.

“But, it feels like this isn’t true qi? What the hell is this?”

Master Mo Lian found that no matter how much she made her true qi run, spin, rub, and tear, the mass of aura just wouldn’t budge.

“At this rate, I’m afraid it’ll take an hour or two.”

She began to reckon, she felt that she couldn’t overtake Ye Lu in terms of time no matter what, and it made her feel hurt.

And the people around her could see how embarrassed she was.

Everyone started pointing and talking.

“It doesn’t look like Master Mo Lian has really lost, does it?”

“It feels like it.”

“How odd.”

.....

When things didn’t continue to escalate, Master Mo Lian called it quits and she looked at Ye Lu somewhat helplessly and said.

“Alright, you win.”

Although a little reluctant, it was true, Master Mo Lian was not one to gibberish, one was one and two was two.

Hearing that Master Mo Lian had really conceded defeat, all the people around them booed in surprise, while Master Mo Lian looked at Ye Lu and bowed deeply and said.

“Master is above, please accept my disciple’s obeisance.”

This scene scared Ye Lu enough, he only wanted to get rid of the fate of being captured by Master Mo Lian, he did not want to really accept Master Mo Lian as his disciple.

So, he hurriedly moved to the side, then looked at Master Mo Lian and said sincerely.

“Master must not be so, I was just joking, you must not take it seriously.”

As a result, Master Mo Lian said in a firm voice.

“I, Mo Lian, do things with a spittle, there is no reason to back out, I said that I will worship you as my master if I lose, you are my master, besides I will announce this to all my disciples, in the future you can just look for the Pill Alliance if you have any problems.”

Looking at Master Mo Lian’s expression, Ye Lu then said somewhat helplessly.

“That’s fine, it doesn’t matter, Master Mo Lian, then you should hurry back.”

As a result, Master Mo Lian did not want to go back, she looked at Ye Lu and said with extreme confusion.

“Master, how did you just cure the Palace Master’s illness, can you teach me? I can’t figure out how you did it, I know that there is no end to learning, please enlighten me, Master.”

Seeing Master Mo Lian's inquisitive look, Ye Lu was a little depressed, it seemed that he seemed to have provoked another rather troublesome person.

However, there was nothing he could do to teach about aura.

So, he thought for a moment and said.

"It has to do with the special true qi in my body, it is impossible to teach you, since you call me master, then I am ordering you as a master, hurry up and go home, count me as begging you."

Seeing Ye Lu's somewhat sad expression, all the people of the Hundred Flowers Sect laughed, even the Yun Lu Palace Master could not help but cover her mouth.

Master Mo Lian was obedient as she looked at everyone around her and said.

"Anyone who dares to go against Master Master Ye in the future is going against me, and is going against the Pill Alliance, you had better all remember that."

After saying that, she then gave Ye Lu a bow once again turned around and disappeared quickly.

At the same time, Qing Yunzi and the sect's innate experts also disappeared. Since the Pill Alliance and the Lord of Yunlu Palace had intervened, the matter had to be put to an end.

Ye Lu went over and woke Zhang Yang up as well.

The crowd at the top of the hill found that there was nothing more to see so they all dispersed.

In the afternoon, the sky turned dark and the wind and rain started to fall, so Ye Lu did not take part in the final auction, as there was nothing else he wanted anyway.

So, after the puja, everyone left Yunlu Mountain with the luggage they had packed long ago.

And at this moment on Tianma Mountain, countless demonic beasts were gathering in various caves waiting for the participants of the puja to arrive.

Chapter 130

"Luckily, those experts have all gone."

Wolf Qing, who was riding on the giant wolf, looked at the Tianma Mountain in the distance somewhat relieved and said in his heart.

The sudden appearance of so many Xiantian experts and the even more terrifying Master Mo Lian had just made him really a little worried, and he was afraid that these people would stay behind as well.

In fact, none of these people had stayed behind, only Qing Yangzi of the Xuantian Sect and Daoist Dan Yun of the Wuji Sect, the strongest of the Hua Jin, had stayed behind, but these people would not be a problem at all in Wolf Green's opinion.

Brother Leopard had not come here specifically for this purpose. With his cultivation level, it was obvious that he was too big for this purpose, he just happened to come across it and came to help.

That “Flaming Red Fire Panther” was a terrifying “second-rank demonic beast”, equivalent to a cultivator’s innate master, and with the natural advantages of a demonic beast, it was absolutely invincible.

He noticed that the “Flaming Red Fire Leopard” was a bit restless, it could not stay still and kept wandering back and forth in the cave, a situation he had rarely seen before.

“I guess he’s just excited because he hasn’t eaten meat in a while.”

He muttered not really caring, as he didn’t think this place could be dangerous.

To be honest, if it wasn’t for the “Snake Prince”, he wouldn’t have bothered with this robbery, for what could a low-end pagoda have that was worth his time?

Of course, he hadn’t tormented anyone in a long time, and he did have an itch to do so in the past few days.

“The rain outside seems to be getting heavier and heavier.”

Brother Pao watched as the sky turned darker and darker and the rain got heavier and heavier.

Not far from Tianma Mountain, everyone was walking on the mountain path with umbrellas or mackintoshes, but of course only a small number of people had this kind of treatment, others were not so well prepared, and Ye Lu was lucky enough to be one of those who happened to have this treatment.

The Gu family had prepared all kinds of things for Gu Shiqi, and the weather forecast had also said that there would be rain.

There were also those women from the Hundred Flowers Sect with Ye Luo and the others. Jasmine and the girls only had two of them with rain gears, and the others were not prepared either, so the Gu family gave them their own rain gears, and those men from the Gu family were all walking in the rain.

However, being able to see so many beautiful women, many of the underlings didn’t feel so bad about getting wet in the rain.

Not far away, the people of the Xuantian Clan all talked about Ye Luo when they saw him surrounded by a large group of beautiful women, especially since among these women, Gu Shiqi, Long Feixue and Jasmine had extremely high facial values, which made them jealous.

“That kid is really lucky to have Master Mo Lian of the ‘Pill Alliance’ to protect him, otherwise our sword formation would definitely be able to cut him into pieces.”

“That’s right, think of how great our ‘Heavenly Dipper Seven Star Formation’ was back then, even the Innate Masters were no match for us!”

“That’s for sure, this sword formation is not as simple as one plus one, it’s said that the power increases geometrically.”

.....

The crowd was still chagrined that they hadn’t been able to use the sword formation on Ye Lu.

On the other side, those who also had regrets were the people from the Wuji Clan.

“Hey, the ‘Wuji Sword Formation’ that we prepared was useless this time, so easily it had become a small success.”

One of the Daoist priests said with some regret.

“Under the command of Daoist Master Dan Yun, they had been practising it for a long time, and this time, they had finally completed it and were ready to fight.

This made the people of the Wuji clan inexplicably a little lost as well.

The ones who were not lost at all were the people from the Beast Alliance, who were all rubbing their fists together at the moment, waiting to take in the female practitioners who were attending the puja this time.

“I’ve changed my mind.”

Wolf Green said as he looked in Ye Lu’s direction with his eyes a little fiery.

“I don’t want that little pussy Jasmine, I’m going to have that woman who is all white female, that woman is simply a fairy, I must ravish her.”

The person he was talking about was of course Long Feixue.

Long Feixue was born with an out of this world beauty, the kind that made people feel like they could only look at her from afar, I don’t know if this had anything to do with her slightly smaller breasts, anyway Long Feixue herself felt it did, she felt that a large breasted woman would inherently make people feel close to her.

“Hey, boss, why don’t we just take all those women?”

A guy looked at the crowd of women and said lewdly.

As a result, Wolf Green glared at him and said.

“It’s not like you don’t know Brother Pao’s habits and temper, it’s already a luxury for me to choose one, and if I don’t, none of them will be mine.”

Hearing Wolf Green’s words, the crowd all nodded in deep understanding.

These old men of the Beast Alliance were basically all bestial, and they would definitely not let go of such a beautiful female cultivator.

The other loose cultivators were unsure of what to expect as they followed the large group towards Tianma Mountain.

It was close to evening, black clouds were pressing down on the mountain, the rain was pouring and the thunder never stopped.

It didn’t take long for the group to reach an open area at the edge of the cliff at the back of the mountain.

At this time, a beast's roar suddenly came over, a sound full of might, carrying some kind of pressure, and it was not the sound of an ordinary beast at first hearing.

"It's a demonic beast!"

Someone suddenly drew their weapon and said.

"How can there be demon beasts on the edge of the city?"

"Yeah, it sounds like it's not even a normal demon beast."

"Let's hope it's not coming for us."

.....

Just as everyone was in fear and anxiety, the sound of another demonic beast rang out.

"Demon beasts" actually refers to beasts or monsters that have reached a certain level of cultivation, and there are basically two most important types of sources: one is the demon beasts that have evolved from beasts, that is, the native demon beasts, and the other is the demon beasts that have come out of the secret realm.

Of course, there are also quite a few that are the descendants of ancient demon beasts, these guys were born as demon beasts.

Also demonic beasts are divided into lone types and swarming types, with the swarming types being the most terrifying, and although each individual is not strong, the overall strength is terrifyingly powerful.

Moreover, demonic beasts of the same level are generally quite stronger than human cultivators. Of course, they also have a shortcoming, that is, the lower level demonic beasts have poorer spiritual intelligence, so the gap in intelligence is still very obvious.

Of course, it was also for this reason that the Beast Alliance was able to control far more powerful demonic beasts through their divine powers.

"Something seems to have happened up ahead."

At this time, the group suddenly did not move, and there was no telling what had happened up ahead, as if the scene was a bit chaotic.

Following that, Ye Luo saw that some people were running behind in panic, but it seemed that the back was not peaceful either, and there were also people on that side making shouting sounds of alarm.

However, due to the fierce wind and rain, if it wasn't for someone like Ye Lu who had very good ears, I'm afraid he wouldn't have heard the sound of tiny footsteps coming from all directions around him.

"It's not good, we should be surrounded by demonic beasts."

Ye Luo looked at the people around him and said with some worry.

Hearing that they were surrounded by demonic beasts, the people from the Hundred Flowers Clan as well as Long Feixue all frowned, Long Feixue was a bit worse, the faces of the people from the Hundred Flowers Clan had already turned extremely ugly.

“Ye Lu, can you roughly know how many demonic beasts there are?”

Jasmine looked at Ye Luo and asked with some concern.

Ye Lu listened carefully and then said.

“I can’t hear exactly, but there are all over the place in all directions, so I guess there are at least hundreds of them.”

Hearing Ye Luo say this number, the people of the Hundred Flowers Clan became even more worried.

“Could it be the people from the ‘Beast Alliance’ who are up to no good? They are best at controlling demonic beasts, and it’s highly likely that such a large scale of demonic beasts are artificial, right?”

Paeony said in a rare and serious manner.

Jasmine nodded and said.

“Most likely, most of the innate experts are involved in this matter, and there is more than one, otherwise it would be hard to gather so many demonic beasts.”

The other sister asked with extreme concern.

“Then what’s next, Sister Jasmine?”

Hearing this question, Jasmine frowned and didn’t say anything because she couldn’t think of any good plan either, and had no choice but to look at Ye Luo.

Ye Luo shouted loudly while checking the surrounding situation quickly in his glasses.

“Everyone listen to my command, follow me, hurry up if you want to live!”

Hearing Ye Luo’s words, all the people in the surrounding who heard his shout gathered over.
