## Chapter 131

Now most of the people were already in disarray, moreover, the whole group was made up of countless small units, just like a scattered sand, no one could make up their mind, and when they suddenly heard Ye Lu's shout, they all followed blindly.

However, while everyone was blind, Ye Luo was not, for he had just checked that there was a cave not far from them.

It was not a cave in plain sight, but a cave covered by something, and the outside was already full of weeds and vines, and it was probably because of this that the cave had not been discovered.

The main reason why the other side had chosen this relatively open place to ambush was because it was not easy to hide here. If they chose to ambush in the woods, they did not have flying demonic beasts and perhaps someone had taken advantage of the chaos to escape through the trees, Leopard's plan was not to let a single person go.

"Ye Lu, what place are you taking everyone to?"

Gu Shiqi asked with some confusion.

Ye Luo, on the other hand, said with a serious expression.

"We'll know when we arrive later, follow Long Fei Xue closely and hide well."

The reason why his expression was so serious was because of the heavy rain. Due to the heavy rain, the "ghost bats" were all hiding, and there was no way to contact the "ghost bats" now as the thunder was roaring and the rain was pouring down.

Soon, Ye Luo found the entrance of the cave.

"Boom!"

Ye Luo kicked open the cave entrance and then gestured for everyone to go inside.

The most frightening thing was the two huge razor-like teeth in the ant's mouth, which emitted a cold glow and were obviously extremely sharp.

Immediately afterwards, another black ant poked its head out of the woods, and another, and another .....

In a flash, swarms of giant ants burst out of the woods.

"It really is the swarming type."

Ye Luo looked at these ants with some emotion, while their information was also displayed in his glasses.

"Name: Black Wind Ant, Rank: 1st rank middle grade demonic beast, Origin: Secret Realm of Ten Thousand Beasts, Characteristics: swarm-dwelling, extremely strong in vitality, reproduction, good teeth, good appetite, eats everything, never picky ....."

If it was just like what the people from the Hundred Flowers Sect said, I'm afraid that the combat power of each one of these beasts was above that of a peak Dark Jin power, which was almost like facing a large number of Hua Jin powerhouses.

However, Ye Lu also saw the one weakness of these things, which was that they were not too fast.

But, just as he was thinking this, the fast thing came.

This time it was a monstrous beast with an exaggerated shape, completely in the shape of an alien creature, with a body about the size of a tiger, a horn on its head, a head full of flying mane, while at the back of its head there were two long flaming red ribbons like the plumes of a singing pheasant, a mouth full of sharp teeth, four claws that were unusually sharp, and a long tail with hooks like the tail of a scorpion.

"Name: one-horned lion scorpion beast, rank: first-order upper grade demonic beast, source: ten thousand beasts secret realm, characteristics: violent personality, strong strength, scorpion tail is highly poisonous ....."

At this time, the sisters of the Hundred Flowers Clan who had just gone inside the cave reentered the entrance of the cave under the leadership of Jasmine.

"Is there any problem inside?"

Ye Lu asked with some concern.

Jasmine shook her head and said.

"No, but there is no exit from the cave."

Ye Lu nodded and then inquired again.

"Then what are you guys doing out here?"

Jasmine said as she shook the long sword in her hand.

"We came out to help, after all, we're all already Hua Jin cultivators."

Ye Lu didn't say anything, but he didn't think that the people from the Hundred Flowers Sect could really be of much help, after all, the opponents looked a little too strong.

At this time, those Daoist priests from the Xuantian Sect suddenly walked over.

The Daoist leader, Daoist Master Qing Yangzi, looked at the people from the Hundred Flowers Sect and clasped his fist and said.

"It is not necessary for the fairies of the Hundred Flowers Sect to help in this matter, our 'Heavenly Dipper Seven Star Sword Formation' of the Xuantian Sect is enough to stop that demonic beast."

The demonic beast he was referring to was the "One-Horned Lion Scorpion Beast" that was rushing towards him.

Qing Yangzi deliberately said “Heavenly Dipper Seven Star Sword Formation” very loudly and heavily, and then looked at Ye Lu provocatively, meaning that you were just saved by someone by luck, otherwise you would have been defeated by their sword formation.

Ye Luo then looked at them and shook his head and said.

“You guys better not go, your messy sword formation is useless if you go.”

Ye Luo was acting out of good intentions, but it was obvious that his words had pissed off Qing Yangzi and the others, and Qing Yangzi glared and said.

“Ye Lu, don’t be so shameless, just now if it wasn’t for the people from the Wuji Clan stopping us, you would have died under our sword formation, our sword formation .....

Not waiting for him to finish, Ye Lu interrupted him and said.

“Fine, whatever you guys do then, be careful and don’t die.”

There were still quite a few people who hadn’t entered the cave yet, and it would indeed be helpful if Qing Yangzi and the others could hold out for a while.

Qingyangzi coldly snorted and led the men to block the lion scorpion beast.

While Qing Yangzi and the others from the Xuan Tian Clan were fighting, Ye Lu was watching the surroundings, as his judgement was the same as the people from the Hundred Flowers Clan, this was definitely not a man-made incident, and the best way to stop this was to find those who were controlling these demonic beasts.

As long as the beast tamer was dead, these demonic beasts would not be broken.

The problem now was that the beast tamer hadn’t shown up at all.

In fact, Brother Leopard and a few others were nearby, only that they were currently watching the scene from a cave in the shadows, and Ye Lu could not see them.

“Let’s get rid of all the mongrels from the ‘Xuan Tian Clan’, those pussies from the Hundred Flowers Clan must not be mistaken, those are all extremely beautiful pussies, but those two that just went in are even better, how could they be so beautiful.”

Brother Leopard looked out as he sipped his wine, there were three other men sitting with him, in front of the four of them was a pack of cards, they were playing a four-player landlord.

As far as they were concerned, the ambush was nothing more than an aftershow, not worth mentioning at all.

Another bearded man with a cigarette roll in his mouth said with a smile as he grabbed his cards and looked down into the clearing.

“Those mongrels are probably playing some sh\*t bucket and piss bucket sword formation again, don’t they understand that in the face of absolute speed and strength, these things are just floating clouds?”

“I’ll bet three cups that the Lion Scorpion can settle the fight in three minutes.”

Another guy with a flowery pattern painted on his face said with a smile.

“You’re too conservative, I’ll bet two minutes to clean up those mongrels.”

The remaining one with red hair said with a smile.

“Don’t you guys forget, that’s my baby, but how about a change of pace when we play the game later, don’t always f\*ck a man’s woman in front of him, we should give these women a chance to get to know soft-ass men for what they are, don’t you think?”

When he finished, Brother Leopard nodded and said.

“What Red said is quite reasonable, it’s true that we’re tired of always playing one way, so why don’t we let them have a go at each other, what do you guys think? It’s quite boring anyway with the long nights.”

The crowd all smiled and nodded.

And in the clearing, the lion-scorpion beast was already surrounded by the Xuan Tian Clan’s crowd, and everyone tacitly stood their positions, followed by waving the long swords in their hands at the same time and moving quickly.

The essence of the “Heavenly Dipper Seven Star Formation” was the footwork and co-ordination, relying on flexible footwork and co-ordination to achieve a continuous and unbreakable attack like flowing water.

But the lion scorpion beast paid no attention to this, as it roared “Ow! It roared furiously, followed by a red demonic aura, as if covered with a layer of red scale armour, and then charged towards a Daoist priest.

When the Daoist priest saw the scorpion charging forward, he dodged in style and slashed out a sword at the same time, while the others also did not fight the scorpion head-on, attacking as they wandered.

To be honest, the sword formation did look magnificent and beautiful, and it dazzled the Lion Scorpion.

However, the Lion Scorpion immediately noticed the flaw in the sword formation, that is, the level of the people who formed the sword formation was uneven, so it quickly redirected its attack and started to attack the weakest part of the group.

This was the case with sword formations, where one thing could affect the whole body, and if one link went wrong, all the other links would be messed up.

“Boom!”

The weakest Daoist was knocked out, followed by “Boom!” The other Daoist who was filling in also flew out, and the whole sword formation collapsed into chaos.

“Hey, look, I was right, it’s not even two minutes.”

The guy with the pattern on his face said with a smile as he shook the card in his hand.

However, just at this time, an incredible scene happened, just as the Lion Scorpion Beast’s claws slapped at the terrified Qing Yangzi, Ye Lu moved, he leapt onto the Lion Scorpion Beast’s back in a flying

manner, one hand grabbed that single horn of the Lion Scorpion Beast, while the other hand raised the arrow of the Sunset Arrow.

“Holy f\*ck!”

The guy with the patterned face held up a cardboard sign and exploded with a foul mouth.

## Chapter 132

The other three people all stopped playing cards and looked at the scene with shocked faces.

“What is that person that actually jumped onto the Lion Scorpion Beast?”

“It can’t be that kid Wolf Green was talking about, can it?”

“Most likely, and what a raw horse, think demon beasts are paper thin? Even I can’t handle a lion-scorpion beast with a magic weapon!”

Although this difference is not very precise due to the different types and talents of demon beasts, a demon beast of the same bloodline, even at the level of Transformation Energy, cannot be injured by ordinary magic weapons, as evidenced by the fact that it can release demonic Qi all over its body for defence.

Although the strongest person can release true qi, the amount of true qi is usually only enough to defend a partial, such as the arms, such as the front chest, etc. Only very few perverts can defend the whole body without any breakage, and for the strongest person with a transformation jin, those parts that are not defended will become fatal weaknesses.

“Thanks ..... thanks .....”

Qing Yangzi only slowed down from his shocked state at this time, just now, he thought he was dead, he really didn’t expect Ye Lu to actually save him.

He didn’t believe Ye Lu just now when he said that their messy sword formation was of little use, but now he finally believed that Ye Lu wasn’t underestimating them, but was really persuading them.

At this moment, Qing Yangzi’s heart was filled with regret.

“Cut the crap and go and help!”

Ye Luo couldn’t care less about this he was trying to move the head of the Lion Scorpion Beast backwards, he found that these demonic beasts were really strong, well he was equally strong.

Of course the Lion Scorpion Beast wouldn’t give in meekly, it threw up its long tail and stabbed at Ye Lu, but Ye Lu had already taken the antidote to the poison pills and wasn’t afraid of his tail at all.

“Go to hell!”

As the tail stabbed him, Ye Luo also moved the head of the Lion Scorpion Beast to the back.

After moving the Lion Scorpion Beast's head to the back, its neck was completely exposed. The arrow of the Sunset Arrow in Ye Lu's hand flew into the neck of the Lion Scorpion Beast, and then with a forceful slash, a foot-long gash was immediately added to the neck of the Lion Scorpion Beast, and blood gushed out like a fountain.

After that, Ye Lu raised the dagger in his hand again and cut open the head of this creature, and took out a red bead-like object from inside, this object was the "Demon Dan" of the demon beast.

This kind of "demon pellet" contained the power of the original source of the demon beast, which also contained the laws of heaven and earth, and was a good material for refining weapons and pills.

"Holy sh\*t, your treasure has been split."

The guy with the flower pattern on his face said with some surprise as he placed the cardboard in front of him.

Because several people saw it, Ye Luo just jumped directly onto the Lion Scorpion Beast's body and then moved the head of the Lion Scorpion Beast and ended it with a slash.

"Holy f\*ck! What's that thing he's holding, he actually sliced the Lion Scorpion Beast with one slash!"

"Could it be a 'Xuanji' or 'Earth Grade' magic weapon, that's not right either, even if it's a magic weapon of this level, a Dark Energy practitioner wouldn't be able to play it, right?"

"How evil!"

The red-haired guy had already clenched the cardboard in his hand into a ball, and then he stood up violently, because the lion-scorpion beast that was killed was his "original spirit beast".

The "Original Spirit Beast" could only be concluded one at a time, and now it had actually been killed by Ye Lu, so how could this not make the red-haired new man drip blood?

However, Brother Pao's expression did not change much as he said indifferently.

"Don't be too upset, Red Hair, the native spirit beast died, just catch another one, let's go, it looks like we're going to move ahead and abuse these rabbits to death."

Brother Leopard said as he dropped his cardboard and walked into the heavy rain, which had by now dwindled a little.

Red Hair was still depressed, the "original spirit beast" had to be cultivated from the time when the demon beast was still an egg.

Moreover, eggs of demonic beasts are not that easy to obtain, Red Hair has been in the Beast Alliance for so long and has made a lot of efforts to get this original spirit beast, and there is no telling when the next one will come.

By this time, most of them had already gone into the cave, while the rest were caught by a group of giant monkeys that were as blue as apes.

The woman from the Hundred Flowers Sect, the Daoist priest from the Wuji Sect, and the Daoist priest from the Xuantian Sect were guarding the entrance to the cave.

To be honest, after the battle they had just had, Qing Yangzi and the others also had a bit of a tremor in their liver, but there was no other way, since the people of the Wuji Sect were guarding this place, of course they, as a famous sect, had to do the same.

At this time, those armies of Black Wind Ants were already close at hand, and the giant ants pressing down in black in a fan shape surrounded all the outside of the cave entrance, but what was a little strange to Ye Lu was that these guys didn't actually attack.

Immediately after, four men walked out from the swarm of black wind ants, led by a very tall one with a bare upper body and a terrifying downhill leopard tattooed on his forehead.

However, what made Ye Lu feel even more dangerous was the leopard-shaped demonic beast beside him that was almost as tall as him.

This leopard was emitting a red aura as if it was covered in flames, and from its aura it was about to be infinitely more terrifying than the lion-scorpion beast just now.

Ye Luo quickly looked at this fellow's information.

"Name: Fiery Red Fire Panther, Rank: 2nd Order Lower Grade Demonic Beast, Origin: Secret Realm of Ten Thousand Beasts, Characteristics: solitary, temperamental, fast, strong, good at flame attacks ....."

It was really strong enough, the second rank lower grade, which corresponds to the lowest of the three realms of the Innate Realm for human cultivators, the Placenta Realm, and this guy was a demonic beast, so it was already comparable to the second realm of the Innate Realm, this guy was absolutely invincible at the moment.

Not only that, among the four people, there were also two other people with demonic beasts, but these two were not so exaggerated, they were both the same as the "one-horned lion scorpion beast" before, which belonged to the first-order upper grade demonic beast.

However, even such a demonic beast could easily break the sword formation of the Xuantian Sect, which was equally terrifying.

Of course, the most desperate thing was the legion of demonic beasts surrounding the area. This legion was dominated by the "Black Wind Ants", as well as the "Wind Wolves", "Human Faced Hairy Apes" and "Red Hair Spiders", especially those football-sized "Red Hair Spiders" which looked so terrifying and disgusting that it gave people goosebumps.

"It seems that the real one has appeared."

Ye Luo muttered in his heart as he looked at these four guys, followed by the guys from the Beast Alliance who had disappeared earlier, among whom Wolf Green's face looked extremely bad.

It was because according to what Brother Pao had just said to him, he would definitely have to take the blame for what happened to the Snake Prince this time.

Although this black pot was not so bad as death, his own status in the Beast Alliance would definitely plummet and all kinds of resources would be drastically reduced, and without a miracle, his future was bleak.

Seeing Wolf Green and the others appear, those people in the cave were in an uproar.

This was because many people were still in the dark, not knowing exactly who had ambushed everyone.

“Do you guys want to live or not?”

Brother Pao took a few steps forward to a place not too far from the cave entrance and Ye Luo and the others and said coldly.

The crowd didn't know how many times he meant it, so no one answered his question.

Seeing that no one said anything, Brother Pao continued.

“If you want to live, give me the pretty woman first, otherwise you will only die, whoever gives me a woman out, I will let him go.”

Hearing Brother Pao's words, someone's heart really moved.

In the cave, a man shouted outside.

“Do you mean what you say?”

Brother Leopard said with a smile and a nod.

“Of course.”

As soon as his words fell, a man grabbed a woman and walked out, the man was probably in his thirties and was quite average looking, while the woman was young and looked to be about the same size as Ye Lu, with long legs and a thin waist, she looked quite good, but she didn't look like a cultivator, being carried by the man was like a cat grabbing a mouse.

Seeing this scene, most of the people did not say anything.

Gu Shiqi, on the other hand, could not help but shout.

“Why are you so shameless?”

Also frowning were Long Fei Xue and Jasmine, however, Long Fei Xue didn't say anything while Jasmine stopped the guy's path and said.

“Stop, what do you want to do?”

As a result, the middle-aged man said with a glare.

“This is my business, it's none of your business.”

Jasmine then looked at the middle-aged man and said coldly.

“Women are not your men's playthings, you have no right to give them to others.”

This time the man laughed instead and he looked at the woman and said.

“Mimi, you told her that this was actually voluntary for you right?”

With those words, the middle-aged man released his grip on the woman's hand, and to Jasmine's surprise, the pretty woman actually nodded and said.

"Yes, I volunteered."

Now Jasmine was completely dumbfounded, she froze as she watched the two men walk towards Brother Pao one after the other.

Ye Lu then looked at the middle-aged man and said indifferently.

"You're asking for death."

The middle-aged man, however, was unimpressed and continued to walk towards Brother Leopard.

### Chapter 133

Brother Leopard looked at the woman, after being drenched by the rain, the woman's figure was fully revealed, her front and back were so inviting, he patted the woman's upturned buttocks and said with a smile.

"Very good, I'm satisfied, leave everything you have on you, let's go!"

When he heard Brother Leopard say "let's go", the man immediately showed an ecstatic expression, then he directly took off his clothes and threw them on the ground, wearing only a pair of underwear and walked towards the side, because on that side the black wind ants had already flashed a passage, then the guy quickly disappeared in the woods behind the black wind ants.

Although the clouds were thick, the sky was very overcast and it was raining, the people in the cave still saw the scene.

The people in the cave were in an uproar.

Who wouldn't want to be alive if they could!

And there were quite a few people who had brought their female companions with them, so immediately a number of people grabbed their girlfriends and rushed out of the cave. Jasmine tried to stop the people, however, many of them shouted loudly.

"That woman, can you save us? If you can't save us, don't meddle."

The words left Jasmine a little helpless.

She looked at the Fiery Red Fire Panther, and then made way for it.

Because, without saying anything else, that one leopard was enough to bite everyone here, and it wouldn't take much effort, which Jasmine knew very well.

Seeing that no one was in the way, several people immediately rushed closer to Brother Leopard.

"Brother, this is my woman, now she is yours."

One guy looked at Brother Pao and said with a flattering face.

As a result, Brother Pao raised his hand and “bang!” A slap to his head blew his head off like a watermelon, and his body fell to the ground with a “thud!” The body fell to the ground with a loud thud.

A swarm of black wind ants rushed up and started to bite.

Seeing this scene, the others who were walking towards Brother Pao’s side all stopped dead in their tracks.

Then, everyone heard Brother Pao spit and said.

“Bah! This pussy is so poorly presented that it stains my eyes, save it for the bunch of losers in the League.”

With those words, he waved his hand at the woman, signalling her to stand aside.

Seeing this scene, Ye Luo couldn’t help but frown, the information showed that this Brother Pao was lustful and cruel, killing people like heck, now it seemed to be more than that.

During the time when everyone was frozen and didn’t know what to do, the swarm of “Black Wind Ants” had already eaten up the guy who had just been shot to death, not even a single bone was left, this is really a good tool to destroy corpses!

Seeing a man disappear like that, the crowd also drew in a breath of cold air.

Many of those who had already run out of the cave hesitated again.

What if their woman was not satisfied with the other side, wouldn’t that be a dead end.

“Oh, why be shy now that you’ve all come out, come over here.”

Brother Leopard looked at the crowd and said with a smile.

As he spoke, the other two demonic beasts with flowery faces and big beards then quickly took a few steps forward, with the attitude that they would get you all killed if they dared to go back.

These two demonic beasts, one is a huge python with a crown, the other is a small, dark beast, can not be named, but from the size and movement, should be quite fast demonic beast.

Now the crowd was at a loss as to what to do.

“If you don’t come over, you’ll regret it when I pass.”

Brother Leopard said with a smile, and then gave the man with the flower pattern a look, and the black demonic beast was like black lightning. The black demonic beast leapt up to the top of a man’s head and then “clicked!” It crushed his head with a bite.

The human skull was quite hard, but in front of this guy it was like a paper mache, it didn’t take any effort at all.

The woman next to him ran to Ye Lu’s side with a scared mama’s cry, as she felt safer just being by Ye Lu’s side too.

Ye Lu didn't say anything, gesturing for her to stand behind him while a large group of Black Wind Ants once again crawled over and cleaned up the corpse.

"You guys, what are you going to do, my patience is limited."

Brother Pao said with a smile as he looked at the other guys who had rushed out with the women.

These guys were obviously already regretting it, but there was no choice but to walk over to them.

"Well, you're good, let's go."

"You, go to hell!"

.....

Brother Leopard decided a man's life and death very casually, while the pretty guy of his girlfriend, with an ecstatic expression quickly ran into the woods.

Their women, on the other hand, all stood to one side.

The people in the cave didn't know what they should do when they saw this scene, because the rest of these guys basically came on their own, because this was a puja and not something fun, and most of them wouldn't think of bringing women.

At this time, Brother Leopard once again smiled and looked at the people from the Xuan Tian Clan and said.

"You few seem to know how to set up some really bitchy formation right, so I'll give you a chance to use that bitchy formation of yours to take care of him, take care of him and I'll let you go too."

With those words he pointed at Ye Luo.

This time the people of the Xuan Tian Clan began to hesitate, just now it was Ye Lu who had saved their lives by killing that Lion Scorpion Beast, and now they were asked to use the sword formation to kill Ye Lu, this was a bit too much for them to accept.

However, just as they were hesitating, the extremely fast black demonic beast was already walking slowly towards the Xuan Tian Clan's crowd.

Everyone had just seen the scene where the black demonic beast had bitten a man's head, and the speed of this beast was faster than the "one-horned lion-scorpion beast" before.

The black beast was even more difficult to deal with now that there were two more injured people.

"Woo!"

This demonic beast crouched down its head once it reached near the Xuantian Clan's people, its black fur rising, clearly ready to attack.

At this time, Qing Yangzi of the Xuantian Clan suddenly spoke.

He quickly raised his hand and said.

"Our Xuantian Clan's sword formation is no match for him."

Hearing these words, Ye Luo's eyes narrowed as he was about to step in to block the demonic beast, he obviously didn't expect the people from the Xuan Tian Clan to change their mind so quickly either, Qing Yangzi's meaning was already clear, it wasn't that they didn't want to kill Ye Luo, but that they couldn't do it.

When they heard the words of these people from the Xuan Tian Clan, everyone else looked at Ye Lu.

They found that Ye Luo didn't react much, just stood quietly in the rain, as if none of this was his business.

And Brother Pao continued.

"This doesn't matter, because you are not the only 'famous sects' here, right? The disciples of the Wuji Sect."

With those words, he turned his head to look at the crowd of the Wuji Clan.

At the same time, the black demonic beast also turned towards the crowd of the Wuji Clan.

Daoist Dan Yun, the leader of the Wuji Clan, did not say anything, but his eyebrows had knitted together, and it was obvious that his heart was actually unusually torn.

He looked at Ye Lu, then at Brother Leopard, and then at the black demonic beast caught in deep thought.

The situation was obvious now, Ye Lu was indeed very strong, with the support of the Pill Alliance, becoming the master of the Pill Alliance's Master Mo Lian, and selling a big favor to the mysterious "Yun Lu Palace" Palace Master, coupled with Ye Lu's amazing medical skills and strength to challenge beyond the level, he knew very well that Ye Lu's future was definitely unlimited.

This was also the reason why the Wuji Clan wanted to accept Ye Lu into the clan.

However, from the current situation, even if Ye Lu was strong, even if he could kill the Lion Scorpion Beast, there was no way he could beat Brother Leopard and the others, not to mention that the leopard-shaped demon beast alone was enough to sweep everyone away.

Moreover, he had seen how cruel Brother Leopard was, and he had seen how those people had just left, so at least it was true that they could leave everything they had with them and let them go.

Although Brother Pao hadn't explicitly said it yet, his meaning was already clear, that he wanted them, the people of the Wuji Clan, to join the Xuantian Clan's in dealing with Ye Lu.

Sure enough, after giving him a little time to think, Brother Leopard smiled and said.

"All of you from the Wuji Clan, make a decision, do you want to die or take that brat down together, I'll give you five seconds to think about it."

"Five."

"Four."

.....

When he said “one”, the black demonic beast had already struck like a lightning bolt.

“Agreed!”

At the same time, Daoist Dan Yun had already shouted out.

“We agree to deal with Ye Lu together.”

As soon as the words left his mouth, he saw the black demonic beast grinning at him over the shoulder of one of his junior brothers.

## Chapter 134

When he heard Daoist Master Dan Yun’s words, Brother Pao smiled.

He looked at Daoist Master Dan Yun and said with a smile.

“Good, I’ve seen the face of the famous sects, so how about this, before you act, you guys shout a slogan to strengthen your voice, just shout ‘the famous sects are just rubbish’, better shout it neatly, otherwise I can’t guarantee that ‘Sable I can’t guarantee that ‘Sable’ won’t do anything to you.”

As a result, to people’s dismay, the people from the two sects actually shouted.

“The famous sects are nothing but rubbish.”

“Famous sects are nothing but rubbish.”

.....

Following that, the crowd surrounded Ye Luo in the middle carrying long swords, and they were all fierce and fierce, as if everyone had transferred their hatred to Ye Luo’s body.

“Sisters, go!”

Jasmine waved the long sword in her hand and gave the order, but Ye Lu waved his hand, indicating that they didn’t need to do anything, and then he took off his wet shirt, revealing his well-proportioned muscles, and then smiled at Qing Yangzi and the others with his dagger and said.

“Seems like you guys have forgotten who just saved you.”

Qing Yangzi, however, looked at the bare-chested Ye Lu and said.

“Save a man to the end and send the Buddha to the west, you can save us once more.”

Ye Luo then smiled and said.

“I am saving you all, but unfortunately you are seeking your own death, come on, let me show you that that messy sword formation of yours is no shit at all.”

With those words, Ye Lu charged up with a swing of his dagger.

“However, the moment the long sword in Qing’s hand clashed with the arrow of Ye Lu’s “Sunset Arrow”, the long sword was actually broken with a “click!” It was broken with a click.

He stumbled and fell forward, and was shocked beyond words, because the weapon he was holding was still a “magic weapon”, even though it was not of high grade, it was not so fragile.

“What the hell is that thing he’s holding?”

Just as Qing was wondering, Ye Lu had already slashed him on the back of the head. He fell to the ground in a heap.

Seeing this scene, Qing Yangzi’s heart was horrified.

He knew that Ye Lu was difficult to deal with, but he had never thought that it would be so difficult.

He remembered again that when he was at the mountain top, Ye Lu had also defeated the three of them in three moves.

“Just how strong is this kid?”

While he was horrified, Ye Lu had already scored again, this time he directly grabbed the opponent’s long sword with his gloved left hand, and then kicked the guy out, this time he added an aura attack, so he guessed that the kid would not be able to stand up for a while.

Two people disappeared from the “Big Dipper Seven Star Formation” at once, and the remaining people were in chaos.

The sword formation of the Wuji Clan was of the “all attack, all defence” type, not with fluttering steps, but with severe stances, with sword shadows flying like waves and then defending like a barrel of iron.

To be honest, this sword formation was indeed more of a headache for Ye Lu than the “Heavenly Dipper Seven Stars Sword Formation”.

However, Ye Lu soon saw the problem with this sword formation, that is, it consumed too much real qi, almost every move was an attack by all of them with all their strength, although such an attack was strong, it would not last.

Therefore, this time Ye Lu changed his stance first and started to move around in imitation of the Xuantian Sect’s sword formation.

Ye Lu took advantage of the situation and knocked him to the ground with a slap, followed by using his dagger to break another man’s long sword.

When a gap appeared in the formation, it was just like the Xuantian Sect’s “Heavenly Dipper Seven Stars Sword Formation”, everyone’s co-ordination was in disarray and some people started to be at a loss as to what to do.

This was Ye Lu’s chance, and he had already taken advantage of the opportunity to put down several more.

Seeing that both sides of the sword formation were finished, Qing Yangzi gritted his teeth and said.

“Daoist Master Dan Yun, let’s join forces, we might still have a chance to win.”

Daoist Master Dan Yun's heart was also filled with surprise at this moment, he really didn't expect that Ye Lu would be so terrifying, although he didn't have any martial arts skills and his moves looked broken, Ye Lu's body was really good and his speed was super fast.

Even more terrifying was the short weapon in Ye Lu's hand, basically the long sword broke when it touched it.

Hearing Qing Yangzi's words, Daoist Master Dan Yun nodded and said.

"Good, together, I don't believe we can't consume him."

Just like that, the two clans that were originally full of grudges actually magically joined forces at this moment.

They then realized that it would be too difficult to directly finish off Ye Lu because Ye Lu was jumping up and down and moving so fast that it would be difficult for the attack to be effective, however, one person had a limited amount of both physical strength and energy, and fighting so many people in this heavy rain, one's true qi would soon be depleted.

When that time came, Ye Lu faced a situation where he was at the mercy of others.

Therefore, after joining forces, the two clansmen instead did not rush to attack and strove to defend themselves.

At this moment, Brother Leopard and the others who were watching from the side were also shocked by the lightning-fast battle that had just taken place. Several people already knew from Wolf Green's mouth that Ye Lu was not an ordinary person, but they were completely unprepared for the fact that he was so powerful.

Brother Leopard felt that it would be difficult for him to deal with the two sword formations at the same time as Ye Lu, but of course it would have been easy if he had let the "Flaming Red Fire Leopard" do it.

The sword formations of Qing Yangzi and the others were simply too weak to be dealt with in front of the "Flaming Red Fire Panther".

The strongest point of the Beast Alliance was not their own attacks, but the demonic beasts they led, especially the "Fate Demonic Beasts", which were also called "Fate Spiritual Beasts" because they had already connected with their master's soul after they had made a contract.

"The difference between the "Original Spirit Beast" and other manipulated demon beasts is that it is difficult to manipulate demon beasts that are stronger than oneself unless one has extremely unbelievable magic skills, but the "Original Spirit Beast" does not have such limitations.

If you think about the power of demon beasts, a demon beast of the same level is almost a small realm higher than a human practitioner, so what is the concept of having a "native spirit beast" that is one realm higher than you.

To give a simple example, what would happen if a dark jin practitioner had a second-ranked demonic beast of the innate level as his "native spirit beast"? Then he would be almost invincible among Houtian martial artists.

Therefore, there is a saying among cultivators that one should never mess with the second generation of the Beast Alliance, as he might have a “native spirit beast” beside him that is so powerful that you will despair.

Therefore, Brother Leopard’s real combat power is actually calculated according to the level of the “Flaming Red Fire Leopard”.

“Wolf Green is right, that Ye Lu is really evil.”

The guy with the flower pattern on his face said with some emotion as he looked at Ye Lu.

“It looks like the people from these two clans combined aren’t his match!”

Brother Leopard also nodded with a gloomy face.

He looked at the sky, it was actually getting a little brighter now, and the rain had suddenly decreased quite a bit, he looked at Gushiki and Long Fei Xue in the cave again, and then took two steps forward.

Seeing Brother Pao move forward, Jasmine and the women of the Hundred Flowers Sect raised their long swords in their hands at the same time.

However, Brother Pao did not step forward, but looked at the people hiding in the cave and said in a loud voice.

“Men who want to live, I will give you a chance, if you come out and set this one called Ye Lu at ease and then hand over what you have on you, I will let you go.”

The people in the cave had just seen that many of those who had taken the women out had left, and many of them had long been red-eyed; compared to life, these magic weapons and money on their bodies were just floating clouds.

So, immediately, some people were tempted, but they didn’t see anyone acting, and no one wanted to be the first to go.

But, at this time, Brother Pao spoke again.

He smiled and said.

“My patience is also limited, as you can see, I just kill you all without leaving any clues, I still give you five seconds to come out and do it if you want to live man, otherwise next year’s day will be your sacrifice day.”

“Five.”

“Four.”

.....

Hearing Pao’s words, the crowd no longer had any hesitation, everyone swarmed out, Jasmine and the others couldn’t stop them even if they wanted to, after all, they couldn’t go out and kill the crowd.

“You men are really too dependable, have you forgotten that if it wasn’t for the cave that Ye Lu found just now, you would have been dead long ago.”

Jasmine looked at the guys and yelled at the top of her lungs.

However, Ye Luo looked at Jasmine and the girls and smiled and said aloud.

“Jasmine, don’t interfere, just these goons, what do I have to fear when they come together!”

## Chapter 135

The reason why Ye Luo said that was because he felt the benefits during the fight just now, due to the fight, he felt that the spiritual qi in his body flowed more smoothly, previously when he was healing, although he absorbed the flawed spiritual stone, it was not really transformed into the spiritual qi in his dantian, while through this fight, this spiritual qi that was deposited in his limbs and bones started to circulate through his body and eventually integrated into the newly generated one at his dantian.

In addition, Ye Luo had also discovered that this kind of fighting was a good way to improve his practical combat experience, because although he had fought before, he was basically beaten up most of the time because his body was too weak at that time, so, strictly speaking, Ye Luo could not be considered to be good at fighting.

“I should find a more powerful expert in fighting to learn from later.”

Ye Luo muttered secretly while taking out a spirit stone again.

Without the support of a spirit stone, it was impossible for him to fight for a long time, he could indeed absorb spirit energy from the surroundings around him, but the speed of this absorption was relatively slow and could not support such a rapid consumption, of course this also had something to do with the very thin content of spirit energy in the air.

Seeing that Ye Lu actually dared to directly call out to so many people, the first feeling of those men who ran out was that this Ye Lu fellow had gone crazy.

If he wasn’t crazy, who would be so pugnacious!

Jasmine and the girls were all Hua Jin powerhouses now, while the vast majority of those present were peak Dark Jin powerhouses who had not broken through, and of course some of the bodyguards arranged by their families were Hua Jin powerhouses.

No matter how you look at it, it was a good thing to have the help of the eight Hua Hua Clan’s Hua Jin powerhouses, but this guy refused to do it, if he didn’t have a brain bubble.

However, everyone did not care how big the bubble in Ye Lu’s head was, all they wanted to do was to kill Ye Lu and then leave this place of right and wrong as soon as possible.

Inside the cave, apart from a few men, including Third Uncle, who did not move, almost all the men followed them out, the rest even if they were all women.

“Will Ye Lu be alright?”

Gu Shiqi looked outside worriedly, but the scene outside was too chaotic, plus there were raindrops that were falling, so it was completely impossible to see the situation.

“Shiqi, don’t worry, Ye Lu is no ordinary person, a miracle will happen.”

Third Uncle said as he looked out from the side.

In fact, Third Uncle was only saying this to reassure Gu Shiqi, he didn't see any hope at all either, especially since these men had fallen back on him, making him worry about Gu Shiqi, he was afraid that in the end, Gu Shiqi would be taken captive by those people from the Beast Alliance.

Equally worried was Long Fei Xue.

She was holding a short knife for defence in her hand, and she had already made up her mind that she could not let those men tarnish her innocence even if she died, and that she would kill herself if she could not.

Despite Third Uncle's persuasion, however, Gu Shiqi was not at all sure of herself.

At this time, one of the women in the cave suddenly said.

"In a moment, if they really rush in, let's all kill ourselves, because even if we don't die now, we will die sooner or later."

"I heard one of my sisters say before that all the women captured by the 'Beast Alliance' will not be treated as human beings, they are just tools for them to vent, and eventually they will be killed when they have had enough, and many of them are fed directly to the demon beasts, besides, they may make us have sex with the demon beasts, and then see if they can give birth to mutations of demon beasts."

Hearing this woman say that she would have sex with demonic beasts, several women's faces changed.

A few of the women who were in good shape and had been in a good mood, thinking they could go over and be the wife of the oppressor, also instantly turned into a sad face.

They originally thought that the people of the Beast Alliance were just short of women, and that they would still be spoiled like babies in the past, but who would have thought that these guys would not play by the rules at all.

At this time, another woman also said.

"Yes, I've also heard that in the Beast Alliance, demon beasts have the highest status and women the lowest, they sometimes buy, sell and exchange women, it's horrible."

Following this, someone shouted in fear.

"Stop it, stop it all ....."

Then, everyone fell silent, and after a long time, a woman said in a quiet voice.

"Ai! Let's hope that teenager can win, otherwise, all of us present will walk into the abyss of doom and gloom."

Hearing her words, everyone looked outside the cave, how could everyone not have thought when they came that their chastity, their lives would end up being tied to such a teenager.

They knew more about the Beast Alliance than those inside and understood what would happen to them if they were captured by the Beast Alliance, but unlike those inside, Jasmine and the eight others were not as depressed as the women inside.

Not only were they not downcast, they even felt a little exhilarated.

This was because the bare-chested Ye Luo had fought a battle that was just too beautiful and too hot.

At this moment, Ye Luo had already put away the terrible dagger, and on both hands were the “Ice and Fire Gloves” belonging to Long Fei Xue, basically everyone who rushed up was knocked to the ground with a punch or a kick.

All those who were knocked over or knocked out by Ye Lu did not get up again.

At this moment, the people surrounding Ye Lu were no longer from the Xuantian Sect and the Wuji Sect, the main force was replaced by the bodyguards of the various families who had followed the participants of the puja.

Those who came to the puja were not all from the small city of Liaocheng, even people like Long Feixue from the capital city had come here, not to mention people from other surrounding cities.

Long Feixue’s status in the Long family was extremely low, so she didn’t bring any bodyguards or anything like that, but just because she didn’t, didn’t mean that others wouldn’t either. Many families still loved their own children, so the ones who were circling Ye Lu the most at the moment were surprisingly two innate experts who had been hiding in the crowd.

However, these two people were also getting more and more scared the more they fought.

Although they were both cultivators of the lowest level of the three realms of the Innate Realm, the “Tirth Realm”, and although they were at the bottom of the Tirth Realm, there was a big difference between the “Innate” and the “Houtian” realms, and there was an essential difference in every aspect.

However, it seemed that this difference was basically invalidated by Ye Lu.

They didn’t know what kind of strange true qi Ye Lu was using, and it didn’t fear their “Innate True Qi”, so they didn’t have any advantage in terms of true qi when they fought Ye Lu.

When they disliked the flaming fists of the “Ice and Fire Gloves”, they would feel hot and hot, while when they disliked the ice fists, they would feel cold and bone chilling, and both of their hands were now injured.

What made them both even more depressed was that while Ye Lu was fighting them, he could actually have the time to put the others down in batches.

Of course, not everyone was attacking Ye Lu, there were two other people who were dying to help Ye Lu fight these guys to the death, these two guys were Ren Yi and Ren Yao who had come from the capital.

Ren Yao was in pretty good shape at the moment as he had already broken through, although he was also bruised and battered, and his body was bruised in many places, but at least he was still standing.

His older brother Ren Yi had been beaten and was already lying on the ground unable to crawl up.

“Hey, hey, over the moon!”

Ren Yao said with a smile as he clenched his fist and once again knocked down a guy who had rushed up to him.

“Old brother, do you regret not bringing your bodyguard?”

As a result, Ren Yao shook his head and said with a smile.

“Regret my ass, always being protected by others, when will I ever be successful?”

Hearing Ren Yi’s words, Ren Yao also laughed heatedly.

However, it was obvious that they didn’t have to die because Jasmine and the girls had come over to help, Ye Lu had said that they didn’t need to help him but didn’t say that they couldn’t help Ren Yao and the others.

“You guys are Ye Lu’s friends?”

Jasmine asked, looking at Ren Yao with some confusion.

Ren Yao spat out a mouthful of blood, then thought for a moment and said.

“I don’t think so, but he is our saviour, and we are not the same as those shameless rabbits.”

However, it was then that he saw that there were people lying everywhere in the clearing, most of the hundreds of people who had just surrounded Ye Lu had actually been dried out by Ye Lu.

“Holy f\*ck, no way, so fierce, a ride for a thousand!”

Ren Yao said with some surprise.

At this time, Brother Leopard also finally sulked.

## Chapter 136

To be honest, Brother Pao really did not expect Ye Lu to be so difficult to deal with.

He thought that he was only as good as an innate expert at the “Tirth Breath Realm”, but now it seemed that even such an innate expert could not get an advantage over Ye Lu, who had actually beaten most of them under the siege of two innate experts.

At this moment, the rain had basically stopped, and the last afterglow of the setting sun appeared in the western sky, looking exceptionally beautiful.

Ye Lu’s naked upper body was already covered in blood, some of this blood was from others and quite a lot was his own, don’t look at his speed enough, but, two fists can’t beat four hands, even a good man can’t resist a lot of people, being surrounded by hundreds of people is not an easy thing to set up.

“Phew!”

After kicking another man over, Ye Lu pulled out the dagger made from the arrow of the setting sun.

The “magic weapon” used by the two Xiantian experts did give Ye Lu a bit of a headache, he found that magic weapons were indeed much more terrifying in the hands of Xiantian experts, and several wounds on his body were attributed to these two guys.

At this moment, under the afterglow of the setting sun, the scene outside could be seen very clearly. Everyone was looking at Ye Lu, including the men who had fallen in the clearing, the men from the Xuantian Sect, the Wuji Sect, the Hundred Flowers Sect, and the women who were still hiding in the cave.

Everyone found that the blood-soaked young man standing in the setting sun was simply like a god of war at the moment, giving people a feeling of invincibility.

This mighty and domineering aura made everyone’s blood boil.

“Maybe we can really win too.”

Third Uncle said with some emotion as he looked at Ye Luo, and both Gu Shiqi and Long Feixue nodded mechanically, as the two of them were also shocked by the battle Ye Luo had just fought.

Although Ye Lu’s fight was not flashy enough, it was exceptionally masculine and domineering.

“What exactly is Ye Luo?”

At this moment, the same question echoed in the hearts of Liu Qingshan, Long Feixue, Ren Zun, Ren Yao and Jasmine, as well as the Xuantian Clan and the crowd from the Wuji Clan.

Ye Luo had given everyone too much of a shock, and at this moment, although no one knew how Ye Luo would get out of the crisis before him, everyone somehow felt that Ye Luo might be able to win.

Wolf Qing, who had once fought with Ye Lu, was now turning his heart upside down, and he was suddenly a little glad that Ye Lu hadn’t laid a hand on him that day, otherwise he would have met the King of Hell long ago.

The people of the Xuantian Clan and the Wuji Clan were filled with anxiety and chagrin at this moment.

They had tried their best, but they really couldn’t kill Ye Luo, and if they couldn’t kill Ye Luo they would have to face the wrath of Brother Leopard, and looking at those terrifying demonic beasts around them, the guys from these sects all felt a little numb in the head as well.

The quietness of this moment when the rain stopped lasted for a few seconds, and in this time, everyone did nothing, as if time had stood still.

Leaffall lifted his head to look at the sky then said quietly.

“The sky has finally cleared up!”

The crowd didn’t know what Ye Luo meant by this statement, so no one responded to him either.

“This bastard is going to die, what’s he still lamenting about?”

Striped Face looked at Ye Lu who was standing there looking a bit lonely and said with a puzzled expression.

Brother Leopard also felt a bit strange, but of course, what made him even more strange was that his “Flaming Red Fire Leopard” was getting restless again, but the other demonic beasts were not abnormal.

“What the hell is going on?”

He looked at the “Flaming Red Fire Leopard” with some depression. Although the “Flaming Red Fire Leopard” was his original spirit beast, he could only feel that the “Flaming Red Fire Leopard” was a bit restless, but he didn’t know what was going on, after all, it was only a second-rank demon beast, not a demon beast that could spit out human words.

After a few moments of quiet, the crowd surrounding Ye Lu began to stir again, but they were not quite sure what to do.

Should they continue to fight with Ye Lu?

It looked like they couldn’t beat this guy even if they kept fighting. If they didn’t fight, would that Brother Pao promise them?

Just as everyone was hesitating, Ye Lu spoke.

“Are you guys still stubborn? In fact, they didn’t want to let anyone go a long time ago, and all the people who went out before must have died, so this is the way to seek death that you guys are going!”

Hearing Ye Lu’s words, many people’s hearts were moved.

In fact, everyone was not stupid, some of them had also thought of this, only, in their opinion, there was no use even if they thought of it, because they felt that in front of Brother Pao and his absolutely powerful force, whatever they did would be pale and powerless, and doing what Brother Pao said might still have a one-in-a-million hope.

However, they didn’t expect that Ye Lu was just as hard a bone to gnaw.

“Hehe, not bad, not bad.”

At this time, Brother Pao suddenly looked at Ye Luo and the crowd and spoke.

“I didn’t expect you kid to be good, so many people can’t even help you, I’ve had my eyes opened today.”

To be honest, Ye Luo’s performance really impressed Brother Pao a bit, this was too strong, and Brother Pao was also a person who liked brutal force, the bloodiness Ye Luo showed made him feel a bit hot and boiling too, however, boiling was boiling, people still had to get killed.

So, he took a few steps forward and said.

“In fact, Ye Lu is right, you have all been destined to die a long time ago, and as for those who left, I will let you meet them here.”

After saying that, he clapped his hands twice.

A passage once again flashed open in the “Black Wind Ants”, and two other people from the Beast Alliance walked over with smiles, followed by many demonic beasts, which also looked somewhat like

leopards, but, unlike the “Flaming Red Fire Leopard”, these leopards were white with blue patterns, and looked somewhat demonic.

“It’s a cloud leopard!”

A knowledgeable person looked at these leopards and said, among these leopards, the one in the lead had already reached the “first-rank upper grade”, which was equivalent to a human Huajin powerhouse, and its real combat power was probably close to that of a Xiantian expert.

Ye Lu looked at the information of the Cloud Leopard.

“Name: Cloud Leopard, Rank: First Order Upper Grade, Origin: Secret Realm of Ten Thousand Beasts, Characteristics: extremely fast, sharp teeth and claws, moves silently, has some ability to change colour and sneak around .....”

It was indeed a very powerful demonic beast, with such a demonic beast guarding the outside, it was no wonder that those who had left could not get away.

However, the most shocking thing to everyone was that in the mouths of those cloud leopards, each one had the head of one or two people in its mouth.

The body was gone, only a bloody human head, and the cloud leopards were slowly walking into the encirclement with their hair in their mouths, following the two Beast Alliance men in front of them.

Everyone present looked at each other in disbelief, the scene was too bloody.

“Good death! A good death!”

At this time, from one side of those captured women, someone shouted out loudly, followed by the sound of hahaha wild laughter.

“Hahahahaha, this ungrateful negative man is finally dead, finally dead, hahahahaha .....”

Following this, the other women all began to talk.

“Yes, God has opened his eyes!”

“He deserves to die, great, finally someone to bury with.”

“He Yong, you didn’t expect it, you have your day too!”

.....

It seemed that the death of these negative men was somewhat of a great pleasure.

Seeing this scene, Brother Pao then laughed as he turned his head to look at the women, and then looked in the direction of the cave, before smiling and saying.

“Women, did you see that? These are your men, these soft men are completely unreliable, not only do they betray you, they also betray their rescuers, see, this is their faces, why don’t you follow us, all the men in our Beast Alliance are tough guys, none of them are wimps.”

When Brother Pao finished, Ye Luo then looked at him and then at the people of the Beast Alliance and said indifferently.

“They won’t be happy following you guys either.”

Hearing Ye Luo’s words, that patterned face then skimmed his mouth and said.

“What the hell are you talking about? Why wouldn’t I be happy if I followed Laozi, how could I not be sexually happy when I’m strong and have a big body and a good life?”

For his part, Ye Lu looked at him and shook his head and said.

“Because, you are also taking nothing more than the path of seeking death, what is there to be happy about being a widow, you say?”

Chapter 137

Hearing Ye Lu’s words, that patterned face actually didn’t get angry, he smiled and pulled out a plastic pocket, then took out a lighter and a cigarette from it, lit one and said.

“You are still the first person who is so tough-mouthed even when he is dead, I am curious, what makes you so confident?”

In fact, not only him, Brother Pao and the others were also very puzzled, after all, the strength was there, not to mention the demonic beast, even these people went over, it was enough for Ye Lu to drink, after all, just now Ye Lu was not unharmed, looking at the blood and wounds on his body, it was clear that he did not fight easily.

Brother Pao looked at the sky, the sun had completely set, and now the sky was left with an evening sun that was as bright red as blood.

“Well, it’s about time to make a scene, any more fun will delay us from playing with the women, there are two superb women in here waiting to be pampered.”

Brother Leopard said as he took a cigarette from Striped Face’s hand and lit it.

“Everyone, and the demon beasts too, move in, eat all the men out there, leave none behind, including the bones, Red Fire, you go ahead and get him.”

The man he was talking about was of course Ye Luo.

With, Brother Leopard’s order, all the demonic beasts started to move at the same time, everyone pounced towards the crowd in the clearing in an overwhelming manner.

The people of the Xuantian Clan, the people of the Wuji Clan, and the others all revealed expressions of horror to the extreme, as everyone had not expected to be so busy that they would end up dead.

If they had known this, they would not have attacked Ye Lu at the beginning, because they realized that Ye Lu was the only one who did not panic at the moment, and did not seem to be afraid of the “Flaming Red Fire Panther” that was attacking them.

However, the Fiery Red Fire Panther did not take Ye Lu seriously. With a roar, it lunged straight at Ye Lu, its two huge front paws slapping directly at Ye Lu's upper body, it was ready to slap Ye Lu to death.

Ye Lu had just put away his dagger, and when he saw the "Fiery Red Fire Panther" coming, he raised his arms and blocked the "Fiery Red Fire Panther's" claws with each hand, and then his whole body was pushed backwards by the huge force.

However, immediately afterwards, he flew up and kicked the "Fiery Red Fire Panther" straight in the stomach.

"Boom!"

The "Flaming Red Fire Panther" drew an arc in the air and flew out.

"Holy shit!"

"Holy shit!"

"What the hell?"

.....

This scene scared the shit out of Brother Pao and the others, they couldn't figure out how Ye Lu could actually send the "Flaming Red Fire Panther" flying.

However, Ye Luo knew very well that this was just a flash in the pan, after all, the panther was too arrogant and it was too confident in its own strength.

At this time, all the men in the clearing were in despair, thinking that the demonic beasts had already rushed over.

And Brother Leopard smiled towards the cave entrance and said.

"Sister Jasmine, I've wanted to get close to you for a long time!"

Hearing Brother Pao's words, Jasmine and the others tightly gripped their swords with a wary face.

At this time, everyone suddenly heard Ye Lu say softly.

"Alright, it's time for the farce to end, children, all come out."

Then, dense "ghost bats" flew out from the cave, like black clouds, with a creepy and terrifying aura.

"Ow!"

The entire group of demonic beasts began to stir.

"What the hell is this?"

Brother Pao and the others dropped their cigarettes in their hands and mouths almost at the same time, because the shape of the "ghost bats" was unusually evil, and not only that, the number of "ghost bats" was also beyond their imagination, and those demonic beasts all stopped moving when they saw the "ghost bats".

However, they stopped, but the “ghost bats” had no intention of stopping, they all “brushed! All of them rushed into the group of demonic beasts and started to bite them frantically.

The advantage of the “air force” was clearly revealed, as these “ghost bats” were not only terrifyingly powerful, but also incredibly fast and had a wide field of vision in the air.

These were the leaders of the Ghost Bats, each of which was no weaker than the Flaming Red Fire Panther, and this was the reason why the Flaming Red Fire Panther had been restless.

Seeing so many terrifying “ghost bats”, Brother Leopard felt desperate too.

However, the “ghost bats” were not good, they were vicious by nature and did not care what Brother Leopard and the others were thinking, they rushed forward and killed them all, regardless of who they were.

Seeing these “ghost bats” so ferocious, everyone had no desire to fight and immediately turned around and ran.

Without Ye Lu’s order, these “ghost bats” automatically started the “massacre” mode, just like those “black wind ants” did, all the people and demonic beasts were eaten up to a pile of white bones.

The battle went quickly.

The people of the Xuantian Clan, the people of the Wuji Clan, including Jasmine of the Hundred Flowers Clan were all shocked speechless by this scene, no one expected that Ye Lu would have such a terrifying backhand.

“What the ..... hell is this?”

Qingyang Zi couldn’t help but swallow, he felt a cold chill down his back as he realized that if Ye Lu wanted to make them disappear it would only be a matter of minutes.

“No wonder he’s not worried at all, no wonder he’s so emboldened, so he has a backstroke!”

Ye Luo didn’t talk nonsense with these guys from the “Beast Alliance”, all of them, including Wolf Qing and Snake Prince, ate every single one of them.

Only a few of the demonic beasts took the opportunity to escape, because after the death of the beast tamer, the demonic beasts were out of control and started to run away in all directions.

After eating up all of the Beast Alliance and most of the demonic beasts, those “ghost bats” began to hover around Ye Lu, and the people of the Hundred Flowers Sect and Daoist Master Xuan recalled the scene from that night.

I don’t know why, but when she remembered how Ye Lu had looked that night, Jasmine suddenly felt her face heat up and she became shy.

The others looked at the white bones all over the ground and didn’t know what to say.

If it wasn’t for Ye Luo, all the men present would now be left without bones, and all the women present would be taken to the Beast Alliance, and exactly how they would be ravaged was unknown, but it certainly wouldn’t end well.

“Ye Lu, thank you.”

Jasmine was the first to come over and looked at Ye Lu who was wiping the blood from her face handing over a freshly wrung out handkerchief, everyone was in the pouring rain so Jasmine was now a fallen woman too.

Seeing Jasmine’s action, the rest of the Hundred Flowers Clan also bowed to Ye Lu, however, the lively Peony looked at Ye Lu and asked.

“Ye Lu, you have such a reserve, why didn’t you just finish them all off in one go when you started?”

In fact, Jasmine also had this question, only she didn’t have the heart to ask.

Ye Luo said with a smile while wiping his face.

“Who said I didn’t want to, but, these things are afraid of heavy rain, and I couldn’t reach them due to the thunder and rain, so they have been hiding in the caves in the mountain, just now, they also came over because the rain stopped and they were attracted by the blood aura, so it’s lucky for us.”

To be honest, Ye Lu didn’t know if this was considered good luck or bad luck, if we say good luck, then there shouldn’t be a big thunderstorm, if we say bad luck, things ended up being more satisfactorily resolved.

At this time, Long Fei Xue and Gu Shi Qi and a large pair of women also came running out of the cave.

“Little brother Ye Lu, you’re so handsome, I love you to death.”

“That’s right, too awesome, simply a man among men.”

“That scene of you fighting hundreds of people by yourself is simply too cool, I’m obsessed.”

.....

The thrill of the aftermath made many women rush over and hug Ye Luo regardless of the blood on his body, while some were ready to move their mouths to try to kiss him.

If the time with Gu Shiqi in the coffin did not count, his first kiss was still there, he did not want to be taken away by these women so carelessly.

Gushiki and Long Feixue were laughing at the scene, their faces looking unusually rosy as the blood-like evening sun reflected on them.

## Chapter 138

“He really did it, unbelievable!”

Long Fei Xue looked at Ye Lu not far away and sighed a little. In fact, she had already prepared herself to commit suicide, but she did not expect to end up like this, from the moment she saw Ye Lu gambling on stones, Ye Lu had brought one accident after another, and because of Ye Lu, she had already accomplished one of her two purposes of coming to Liaocheng.

The joy of her breakthrough had made her forget about finding the breast enlargement pills for the time being, and now she was looking forward to Ye Lu turning her “Ice and Fire Gloves” into a “Xuan-rank” magic weapon.

“Yes, Ye Lu is so powerful!”

Gu Shiqi, who was beside Long Fei Xue, also looked at Ye Lu and murmured.

She had only occasionally come into contact with Ye Lu because he could appraise antiques, but she didn’t expect that Ye Lu could do so many things besides appraisal, and she even didn’t expect that the Gu family would defuse a huge crisis because of Ye Lu, knowing that this basket case her dad, Gu Yanqiu, had stirred up had almost ruined the Gu family, and almost ruined her as well.

However, all this was not a problem in front of Ye Luo.

The people of the Xuantian Clan looked at Ye Lu and said nothing in silence, as they no longer knew what to say, and the crowd of the Wuji Clan was the same.

Ye Luo then said indifferently.

“Go and wake up all your brothers and sisters, I don’t really want to hurt them, I hope you will behave yourselves, don’t take the path of seeking death in the future, if you don’t do it, you won’t die, you can go.”

Hearing Ye Luo’s words, Qing Yangzi and Dan Yun Daoist both looked ashamed, they had just put in all their efforts to kill Ye Luo, but Ye Luo didn’t kill any of their people, he just knocked them unconscious and taught them a lesson.

The headmaster Liu Qingyun, who was watching this scene, suddenly remembered a very old song.

“Guts like iron, bones like fine steel, a heart of a hundred thousand feet, a vision of ten thousand miles.”

He felt that this lyric was the most apt way to describe Ye Lu, bold, with bones, and at the same time open-minded and bold.

“Alright, alright, everyone calm down for a while, pack up your things and find your people.”

Ye Lu looked at the crowd and said in a loud voice.

“Those men are unreliable, but, we can’t let them expose their bodies to the wilderness, let’s wake them all up, I didn’t lay a deadly hand on them, I hope they live with a bit of backbone in the future.”

Hearing that everyone was not dead, this made those bodyguards, and family members breathe a sigh of relief, they were really worried that Ye Lu had let those spooky bats eat all these people.

Eating them into a pile of white bones, even the police wouldn’t know how to build a case for investigation, right, just like the countless white bones of people and demonic beasts around here.

The company’s main business is to provide a wide range of products and services to the market.

At this time, however, Jasmine pointed at Ren Yi and Ren Yao who were not far away and said.

“Those two brothers were just badly injured in order to help you, so I guess it will be a bit troublesome to move around.”

Seeing Ye Luo looking at himself, Ren Yao then smiled and waved his hand at Ye Luo, not taking the injuries on his body seriously at all, which made Ye Luo couldn't help but smile as well.

“Give them these pills, apply them externally and take them internally at the same time, I guess they will be much better in a while, and this ‘Marrow Cleansing Pill’ will be given to Ren Yao.”

After saying that, Ye Lu waved to Gu Shiqi and Long Feixue in the distance, then turned around and walked towards the woods, with those terrifying “ghost bats” following him closely.

After walking into the woods, Ye Lu looked at the “ghost bats” and said with a smile.

“Alright, give me the inner pellet of the demon beast.”

Of course, Ye Lu couldn't give these “ghost bats” such good things as “demon pellets”, which were good materials for refining pills and weapons.

The leaders of the “ghost bats” with golden patterns were obviously a bit reluctant, but in the end, they were good enough to put all three “demon pills” into Ye Lu's hand.

The fiery red one was the demon pellet of the Fiery Red Fire Panther, the green one was the demon pellet of the giant python, and the black one was the demon pellet of the black sable, with the fiery red one being the strongest.

In fact, not all lower-ranked demon beasts had demon pellets, but of course, the Beast Alliance's “Original Spirit Beasts” could not be compared to ordinary demon beasts, as they were cultivated from the time they were hatched, so basically, every “Original Spirit Beast” had a demon pellet.

“Hey, with this Python's ‘Demon Pill’, I'll have a way to help that ‘Two-Headed Love Snake’ make some pills to help it grow.”

Ye Lu looked at the green-coloured demon pellet and began to think.

Now that there were no gong methods for Gushiki and the girls to cultivate, improving the ‘Two-Headed Love Snake’ as soon as possible should be the best way to find a helper for Gushiki.

After seeing the Beast Alliance's demonic beasts, Ye Lu also wanted to get them and himself a demonic beast to play with, but he didn't know the Beast Alliance well, and it was possible that the Beast Alliance would find out about this incident, so he felt that it was better to stay away from the Beast Alliance.

“Alright, little bats, you guys are free to go, I'm going to take a bath.”

Ye Lu sent those “ghost bats” away first, he felt that after those people had just seen the “ghost bats”, they would not dare to make enemies with him easily.

Soon, the river was in sight, and Ye Lu jumped in and washed up.

On the other side of the clearing, everyone was packing up their things and people, and many of those who had been knocked unconscious looked bewildered when they got up.

“Is it over? Where are those demonic beasts? Have we been saved?”

“Where’s Ye Lu? Did they fight to death?”

.....

The others explained the situation to them.

The people from the Xuantian Clan had originally come to trouble Ye Lu, but now that the matter had turned out like this, they felt their faces were shameless, so they simply led their people away.

The people from the Wuji Clan, on the other hand, thought for a while, then walked up to Gouxiqui, and Daoist Dan Yun gave Gouxiqui a salute and said.

“Please speak to Master Ye Lu in a moment, say that we were forced to do so just now, thank you to him for not remembering us and not killing us, and we have no face to see him, we are very sorry, please help us bring this apology to Ye Lu.”

In response to Daoist Master Dan Yun’s words, Gu Shiqi just gave an angry cold snort, she had long felt very angry at the way these straw men had acted.

Seeing Gu Shiqi’s attitude, Daoist Master Dan Yun had no choice but to sigh, and then led his men away.

Jasmine and the others had already brought water to give the medicine to Ren Yi and Ren Yao, and Ren Yi was happy to see that Jasmine had brought a “Marrow Cleansing Pill”.

Paeonia said as she applied the medicine to Ren Yao, while looking at him.

“I didn’t expect you to look so skinny, but you’re actually quite courageous, a man.”

Seeing that Paeony was complimenting himself, Ren Yao said with a heated smile.

“That’s for sure, I’m a 24K pure man, don’t underestimate me, you’re famous in the capital as a ‘high wealthy and handsome’, you know?”

The first time I heard Ren Yao’s increasingly outrageous bullshit, Paeonia didn’t say she was angry, she suddenly felt that men didn’t seem to be as scary as Master had said.

On the other side, Gu Shiqi looked at Long Feixue and said with some reluctance.

“Sister Long, do you really have to leave at night? Stay a few more days, I’ll miss you.”

Long Feixue, however, shook her head and said.

“I can’t, there are still a lot of things I need to help take care of at home, I’ve been out for quite a long time, and I’ve finished my business, thanks for the bracelet, I know I can’t buy such a good bracelet with the little money I paid.”

Gu Shiqi then said with a smile.

“Don’t say that, Sister Long, such a bracelet would not be a waste for my sister to wear, when I come across another good one, I will give it to you again.”

After this period of contact, the two girls’ relationship was indeed getting better and better.

In fact, what Gu Shiqi did not know was that this sister of hers, Sister Long, was not simple, her other identity was actually the chairman of a big company, or the beautiful president as everyone often said, but why did the big chairman have a very low status in the family?

Because, the family values cultivation talent more, and only those who have little cultivation talent, or feel that there is little hope for cultivation will be placed to work in the family's business.

On the other side of the Hundred Flowers Clan, Paeony was surprised to find that Ren Yi and Ren Yao's wounds were healing at an alarming rate.

She looked at the pills in her hand with some surprise, and she realised more and more that Ye Lu might be an endless treasure trove, and she felt that she should make more use of this treasure trove of Ye Lu before it was discovered.

### Chapter 139

After a while, Ye Lu had returned from his shower, his clothes hadn't dried so he was still in a bare-shouldered state, and he found that everyone had basically packed up.

"Let's go then, it's going to get dark soon."

Ye Lu said as he raised his "Ice and Fire Gloves" towards Long Feixue.

"Miss Long, thank you for the gloves, don't worry, after using them just now, I am confident that I can turn them into a 'Xuan-rank' magic weapon during the holidays."

Just like the last time when he was refining pills, Ye Lu was a little impatient after knowing about the refinement of weapons.

Long Feixue, on the other hand, smiled and said.

"Sure, there's no rush, I'm going to the airport later, I'll wait for you guys in the capital."

Ye Luo also did not expect Long Feixue to leave so soon, so he promised her that he would give her the gloves after the school year started when he had finished refining them.

Long Feixue then looked at Ye Lu and said with a smile.

"The capital is not like here, there are a lot of fish and dragons there, and the water is too deep, in the big families, there are even experts above the Xiantian level, so you two must be careful when you get to the capital."

Seeing Long Fei Xue's concern, Ye Lu smiled and said.

"Don't worry, we will definitely keep a low profile when we arrive in the capital, in fact, I have always been a very low profile person, don't believe me, you can ask Gu Shiqi."

As a result, both women simultaneously brushed aside their mouths.

The Xuan Tian Clan's crowd that had left the clearing was currently walking on the road leading beyond Tian Ma Mountain.

"Senior Uncle Qingyangzi, how are we going to tell Senior Brother Zhang Tian about this matter back?"

Da Qing asked as he looked at Qing Yangzi, who was at the head of the group.

Qingyangzi, in turn, said with some disdain.

“This was not our business originally, a disciple who ate some messy ‘Immortal Pill’, the big deal is just not to flatter him, could he turn over the heavens?”

Hearing Qing Yangzi’s words, several people nodded, to be honest, everyone had quite a problem with Zhang Tian, just coming to the clan and being taken so seriously by the clan, making them people very unhappy.

However, following another person said.

“But, you all saw it, right, even Senior Uncle Qing Yunzi has to give him face, so isn’t it not too good if we offend him?”

This was a problem, but Qing Yangzi thought about it and said somewhat helplessly.

“What’s the use of talking so much, let’s be honest when the time comes, there’s no way we can handle Ye Lu at this level anyway, not to mention that he’s from the Pill Alliance now, who dares to touch him easily.”

Just at this time, Qing Yangzi’s mobile phone suddenly rang.

He shrugged off the plastic bag wrapped around his phone and then pulled it out, it was a call from Daidian, who was now different from what he used to be, and he said to Qingyangzi.

“Senior Uncle Qing Yangzi, how are things being handled? With the help of Senior Uncle Qing Yunzi it should be going well, right?”

Qing Yangzi wanted to say, “Smooth, my ass, I almost died”, but he didn’t dare to say that, so he briefly explained the situation and then said.

“Now that Ye Lu has mistakenly become Master Mo Lian’s teacher, the situation has become very complicated.”

Hearing Qing Yangzi’s words, Dusty was also taken aback.

However, he thought for a moment and said.

“Since that’s the case, let’s wait until Senior Brother Zhang Tian comes out of seclusion, he has now successfully crossed the threshold of a Huajin cultivator, and is probably an Innate cultivator when he comes out of seclusion.”

Hearing that Zhang Tian had turned from a practitioner who had just crossed into Dark Energy to a strong practitioner of Chemical Energy in just a few days, and that he might cross into the ranks of the Ascended Masters in a few more days, Qing Yangzi was also taken aback.

This was a bit too fast!

He suddenly realised that it made sense for the clan to hurt this new kid so badly.

So, after thinking about it, he turned to Dusty and asked.

“What kind of ‘Immortal Pill’ did Zhang Tian take, how could it be so powerful, this upgrade speed is too fast.”

Daochen shook his head and said.

“I’m afraid that even the elders can’t understand the immortals, so how can we know, it should be something extraordinary anyway, I feel that maybe it’s not as simple as just taking an ‘immortal pill’.”

At first, he thought that Zhang Tian had eaten the “Immortal Pill”, but at this rate, he felt that perhaps Zhang Tian had also received some kind of inheritance while eating the Immortal Pill, otherwise he wouldn’t have broken through so quickly, if this was really the case, then Zhang Tian’s future would be unlimited.

Of course, the more powerful Zhang Tian was, the better it would be for him. As the saying goes, “If one person achieves the goal, a chicken and a dog will rise to the heavens”, so Dust’s status would definitely rise.

So, after thinking about it, he told Qing Yangzi and the others about the news.

“If that’s really the case, I’m afraid the sect will change.”

Qing Yangzi also said with some emotion.

Dazhen smiled and said.

“Yes, so let’s just wait quietly, perhaps in the near future, our sect will have to change its birds and guns, and by then, whatever Wuji Sect, whatever Beast Alliance, and even the Pill Alliance, we won’t have to put it in our eyes.”

To be honest, this was indeed good news for Qing Yangzi as well, but of course, the better news for him was that he didn’t have to fight that terrifying Ye Luo to the death anymore.

He already had a mental image of dealing with Ye Luo.

The people from the Wuji Clan were also reporting the situation with the clan.

“Snatched away by the Pill Alliance, is it? We really can’t afford to offend the Pill Alliance, so that’s all we can do, remember to make good friends with this person, never offend him, looking at what you said, I’m afraid that this person will feather his nest and become a dragon before long!”

Daoist Master Dan Yun’s master said in a serious tone.

In response, Daoist Master Dan Yun could only smile bitterly and didn’t dare to say anything, he couldn’t say that in fact, these people of his own had already left an extremely bad impression on Ye Lu.

“I should have known that I should have bought Ye Luo one at that time, just like those other two brats.”

The other two people he was talking about were of course the two brothers, Ren Yi and Ren Yao.

And at this moment, in one of the branches of the Pill Alliance, Master Mo Lian was saying something to several female disciples, each of her female disciples had the same style as her, with exaggerated styling personalities.

“You few little sissies, listen to me carefully, I’ve managed to collect a master for you this time out.”

Hearing Master Mo Lian say that she had adopted a master, all of these female disciples were dumbfounded, and one of the female disciples with smoky make-up looked at Master Mo Lian and asked.

“Master, didn’t you go to take in disciples this time, how come you took in a master? This is all a goddam situation.”

“Yes, besides, aren’t all masters worshipped? What do you mean you’ve taken on a master.”

“I’m curious if it’s a man or a woman.”

“Cut it out, you’re still curious, has our master ever had a male disciple? It must be a female!”

.....

As a result, Master Mo Lian shook his head and said.

“Wrong! It’s a male drop, and it’s very handsome, and it’s also very young, not as old as you guys, it’s a young master, in the future, any of you who see him must call him ‘Master’, understand? No messing up the rules.”

All the disciples agreed in unison.

Following that, Master Mo Lian looked at a cute looking little loli disciple and said.

“That, Lin Ruyue, it seems to be your turn to go to the capital for your internship, remember to wear less thongs, it’s not good to be seen, and show less of this and that, dress decently, don’t flirt around, yes, if you meet your master, don’t hit on your master, and don’t try to make me call you master’s wife, do you hear me?”

As a result, Lin Ru Yue blinked her big glasses and said buddingly.

“Master, that’s called cosplay, the person I’m playing is called ‘I don’t know what fire dance’, of course I have to wear a thong, and I’m a proper, unexplored woman!”

Master Moira didn’t care about her, she said with a glare.

“Well, whoever you’re playing, remember not to disgrace me when the time comes, and if you get the chance to hook your master up on the mountain, do it decisively.”

Hearing Master Mo Lian’s words, Lin Ru Yue glared and said.

“Master, didn’t you just say that you couldn’t seduce?”

As a result, Master Mo Lian crossed his arms and said.

“Those who should be seduced should of course still be seduced, however, they should be lustful but not lecherous, lustful but not slutty, slutty but in moderation understand?”

Without any surprise, Master Mo Lian’s words drew a “boo!” from the disciples. The disciples’ words drew a hush.

At this moment, Ye Lu and the others had also arrived outside of Tianma Mountain.

“Ye Lu, Shi Qi, let’s say goodbye, I’ll be waiting for you in the capital.”

Long Fei Xue looked at Ye Lu and Gu Shi Qi and said with a smile, at this time, Ren Yi and Ren Yao also walked over and said.

“Yes, Ye Lu, there are also us two brothers waiting for you in the capital, make sure to give us a chance to buy you a drink when the time comes!”

Ye Lu smiled and nodded, to be honest, as a teenager who was not deeply involved in the world, he was also curious and longing for the capital, and for the university as well.

## Chapter 140

After sending off Long Fei Xue and the Ren brothers, Jasmine and the others from the Hundred Flowers Clan also walked over.

“Ye Lu, thanks for saving us this time and helping all of us break through, when we return to the clan, I will definitely help you find more ‘Luminous Stones’.”

Jasmine looked at Ye Luo and said seriously.

Ye Luo, in turn, smiled and said.

“Jasmine, you are too polite, in fact I have to thank you guys, the ‘Luminous Stones’ have really helped me you a lot, I can’t ask for your stuff for nothing, if there is anything you need, just say it, I will definitely help if I can.”

At this time, Paeonia spoke up.

She smiled and said.

“Good, the kind of elixir that can make people beautiful remember to help us refine some first ah, and the kind that heals wounds too, just help us refine some.”

For his part, Ye Luo smiled and agreed, these pills cost very little and were not difficult to refine, and would not take Ye Luo much time.

With that, he parted ways with the people from the Hundred Flowers Sect.

After bidding farewell to the crowd, everyone else went home one by one, while Ye Luo followed Gu Shiqi’s family in the same car and headed towards the city.

“Ye Lu, how many more things are you hiding from me?”

In the car, Gu Shiqi looked at Ye Lu and asked with some curiosity.

Ye Luo, in turn, smiled and said.

“I don’t remember hiding anything from you, I told you, I’m an appraiser, I’m a divine doctor, at the same time I’m also very capable of fighting, I’ve told you all these.”

After saying that, Ye Lu raised the “burin” pen in his hand again and said.

“By the way, I have a new secret, that is, I also have a new ability ‘refining’, I’m afraid this will be more complicated to tell you, but I do have this new ability.”

Indeed, these things were completely new to Gu Shiqi, who knew nothing about the concept of “smithing”.

So, she sighed helplessly and said.

“Well, I don’t care about your secrets, just don’t hurt me, and don’t forget to make it something delicious!”

As he said that, the “two-headed love snake” burrowed out of Gushiki’s clothes, staring at Ye Lu with small eyes, it looked quite cute.

Ye Luo nodded and said.

“Of course, I’ll prepare the ingredients when I get back and give you the first batch of ‘Pet Spirit Pills’ tomorrow.

Ye Lu calculated, this holiday, in addition to transforming the “Ice and Fire Gloves”, refining the “Pet Spirit Pill”, and also refining various pills for sale for his sister Ye Yan, as well as collecting spirit stones to improve his cultivation, it seemed that this holiday would still be very busy.

When he returned home, Ye Yan had already gone to bed, through the door Ye Lu could hear her even breathing, it seemed that this old sister was in a good mood these days.

Ye Luo did not disturb her, instead he just sat down on the bed and entered a state of cultivation.

Early the next morning, Ye Luo found Old Hua again, only for Old Hua’s first action on seeing Ye Luo to be to kneel down and kowtow, then respectfully say.

“Apprentice grandson Hua Chunqiu pays respects to Master.”

This confused Ye Lu, and it was only now that he knew that Elder Hua’s name was Hua Chunqiu.

“Elder Hua, what are you doing, you hurry up.”

Ye Luo hurriedly ran over and helped Hua Lao up, but it seemed that he was indeed already Hua Lao’s master in terms of seniority.

For his part, Hua Lao looked at Ye Luo and said with a smile.

“Master, don’t mind, this is a rule just issued by her old master, all her disciples under her discipline have to bow down when they see you, and then address you as Master.”

Ye Lu did not expect Master Mo Lian to give such an order, so he thought for a moment and asked.

“Then how many name-bearing disciples does Master Mo Lian have in total?”

Hua Lao thought for a moment and said.

“That’s a lot, Master’s personal disciples only accept female disciples, so there aren’t many of them, if you succeed, you will be Master’s first and only male disciple, I guess it’s because Master saw that you were good looking, so he was prepared to make an exception, but unfortunately, ah, you’ve become her master instead.”

Hua Lao laughed even as he spoke, he found this matter quite amusing indeed.

Following that, he then continued.

“Registered disciples would be male and female, and there are a large number of them, I don’t know how many, anyway, basically every city can see them, not only Master Mo Lian, but also the rest of the Pill Alliance, they call them open branches, they can spread the influence of the Pill Alliance farther, and of course, they can benefit more people, like me.”

Following that, Hua Lao took out another sign and said.

“This is a token for official members of the Pill Alliance, however, since you have not taken the Pill Alliance’s examination, you are not rated, otherwise there would be a star rating, such as a sign like a one star pill refiner, Master, just take it well, it is common throughout the country, it will be convenient when you go there.”

Ye Lu thought about it and took the token, after all, Master Mo Lian very formally called her Master, in any case the identity of Pill Alliance disciple could not be got rid of.

Seeing Ye Luo put away the token, Elder Hua then smiled and continued.

“Master, when are you going to take the Pill Alliance exams, if you can do well in the exams and get a foothold in the Pill Alliance maybe you can get me into the Pill Alliance as well.”

He rubbed his hands together as he spoke, looking very excited about entering the Pill Alliance.

Ye Lu smiled and shook his head and said.

“There’s no rush for that, I’ll go when the time is right.”

He currently had no intention of going to the mountain, although Master Mo Lian had once said that there were a large number of female cultivators waiting for him to sleep with, so Ye Luo looked at Hua Lao and said.

“I’ve come for something else, I need a bit of herbs for making pills, you must be most familiar with this cover, don’t worry you won’t take anything from you for nothing, give me a purchase price.”

Hua Lao said with a smile.

“Some herbs only, you name it, what all do you need, feel free to use it.”

Ye Lu nodded, then took out the list he had prepared beforehand, there were actually quite a lot of things to use this time.

“These are just some of them, I will need some other herbs in a couple of days.”

Without even looking at it, Hua Lao told a fellow to go and prepare the herbs.

After the herbs arrived, Ye Luo continued to refine them near Phoenix Mountain. The first thing he refined was of course the “Pet Spirit Pill” for the “Two-headed Love Snake”, which was a single-door pill for demon beast pets, and the formula could be flexibly adjusted depending on the species of the demon beast.

At noon, the Hundred Flowers Clan members returned to the clan, causing a stir as soon as they arrived.

“Sister Jasmine, you’ve all broken through, how long has it been since you’ve been there, it’s too impressive.”

One of the sisters from the clan looked at Jasmine and the girls and said with some envy.

Previously, all eight of them were at or close to the peak of Dark Energy, which was why they had gone to the “Dharma Fair” together to look for opportunities.

Of course, there were many other sisters who were stuck at this level, but they didn’t think there would really be any chance at a puja of this level, so many of them didn’t go, but after seeing the current state of Jasmine and the others, they all regretted it.

The fast-talking Paeonia then briefly told everyone what they had encountered.

“I initially thought that guy was an evil cultivator, but it turned out that I completely misunderstood people, you guys will know when you get a chance to see it, Ye Lu is old handsome.”

Of course, according to Jasmine’s instructions, Paeonia told everyone that all the “Marrow Cleansing Pills” had been exchanged, while she took out the “Beauty Pills” and the “Spring Return Pills” for bruises and injuries.

Jasmine was thinking about how to collect the Luminous Stones.

However, they were soon called over by her master.

“Jasmine, I didn’t believe you when I heard what everyone said, but I didn’t expect that you had actually made a breakthrough.

Jasmine’s master said, while reaching out and grabbing Jasmine’s hand and started to probe it with no expression.

However, although Jasmine’s master was calm on the surface at the moment, her heart had actually been pounding inside, because the breakthrough that Jasmine and the girls had made together had given her too much of a shock.

In her opinion, it would be impossible to do this unless she spent a lot of money to get the pills from the Pill League, but with Jasmine’s modest strength, they could not afford to pay.

And after probing she was even more astonished because she found that Jasmine and the others were not as simple as forcing their bottlenecks with pills, but their bodies had been transformed from the essence, that is to say, disciples who were originally of average qualifications had now become of superior qualifications, while those like Jasmine who were of superior qualifications had become of excellent qualifications.

“How is this ..... this ..... this possible?”

Seeing the expression on her master’s face and the words she could not help but say, Jasmine felt that there should be a door to the “Luminous Stone” matter.
