Chapter 141

Sure enough, Jasmine's master examined it for a long time before withdrawing his hand and looking at her and saying.

"Jasmine, do you have any more of this elixir that you took, that Ye Lu?"

Jasmine thought for a moment and said.

"There doesn't seem to be a few left, but he can still refine other pills, and of course, he has to use 'Luminous Stones' in exchange."

In fact, Jasmine had also had the idea of hiding the truth, not saying anything first and then secretly helping Ye Luo collect the 'Luminous Stones', but it was quickly dismissed by her.

If she hadn't been taken in by her master, she wouldn't have survived without the protection of the clan, so she couldn't do anything wrong to the clan.

Jasmine's master was also relieved at Jasmine's honesty and she smiled and said.

"Looks like the clan didn't hurt you for nothing, talk to Ye Lu, two 'Luminous Stones' and one 'Marrow Cleansing Pill', we'll exchange as many as he has, don't worry, these 'Luminous Stones' come out of the clan, I don't care what you sisters do with the 'luminous stones' in your own hands, you can exchange them for whatever you want."

"Also you put a few of these two pills to me, I'll see the effect before I make a decision on how to exchange them."

When she heard that Master didn't care about the "luminous stones" in the sisters' hands, Jasmine smiled and then looked at Master and said.

"I feel that Ye Lu should be growing, I think he should be able to make better pills in the future, so I think we should treat him better and not let other clans steal it."

While listening to Jasmine's words, Jasmine's master used a knife to make a small cut on his arm and then crushed the "Spring Return Pill" and applied it to the wound.

This kind of medicine for external injuries was in great demand in every clan, and of course the Pill Alliance also had this kind of medicine, and was the main provider, so Jasmine's master wanted to see how effective Ye Lu's "Spring Return Pill" was.

As soon as the end of the medicine was applied, the bleeding began to stop, and at the same time Jasmine's master's eyes widened as she looked at Jasmine and asked.

"Jasmine, are you saying that this 'Spring Returning Pill' is a gift from Ye Lu Bai?"

Jasmine nodded, and then Jasmine's master followed.

“Then ask Ye Lu, can this kind of elixir be refined in bulk, I can exchange it with him, however, there are not many perfect ‘Luminous Stones’ that we possess, after all, we don’t know if that thing is useful, instead, there are quite a few flawed Luminous Stones, I wonder if he is interested.”

Of course Ye Lu was interested, so when Jasmine contacted him, he immediately agreed, this kind of unorthodox elixir was exactly what he was best at.

“I also don’t know when the ‘Ghostly Underworld Flame’ will grow.”

After putting down the phone, Ye Lu looked at his hands and muttered slightly depressed, without the ‘Ghostly Underworld Inferno’ even if his strength had increased, it would be difficult for him to refine any decent pills, but of course, since he already had two strands of spiritual energy in his body, he had more auxiliary pills to refine, and his refining speed had also increased a lot.

After refining for a while, Ye Lu took back the “Burning Heaven Furnace” and started to practice drawing the basic “Laws of Texture”, these seemingly simple textures were in fact the most primitive components of refining, so he could not be sloppy at all.

At the end of the night, Ye Lu gave the “Petting Spirit Pill” to Gu Shiqi. The current level of the “Two-headed Love Snake” was “First-order Lower Grade Demon Beast”, and Ye Lu’s goal was to feed it into a “First-order Upper Grade” Demon Beast during the holidays.

At that time, there should be no need to worry too much about Gushiki’s safety.

The next day was the same, refining pills and then practising drawing the Laws of Law, especially the Laws of Law was the most difficult.

The pills he made, however, were sent to the clan’s secret line in the world according to the courier’s address.

According to Jasmine, every clan had a number of places in the mundane world called “dark lines”, which could actually be described as the clan’s link to mundane affairs.

These “secret agents” could do a lot of things, such as finding suitable cultivation seedlings, buying all kinds of needed materials, delivering goods, asking for all kinds of information and so on.

The rest of the day was a bit monotonous, as Ye Lu’s daily life was basically two points and one line, his home and then the foot of Phoenix Mountain, and all he did was to keep refining pills and drawing the basic “pattern of laws”.

In this way, a week passed, and the first batch of “Luminous Stones” from the Hundred Flowers Sect, which he had exchanged for “Marrow Cleansing Pills”, arrived.

With the “Lower Grade Spirit Stones”, Ye Lu had one more thing to do every day, and that was to use the Spirit Stones to cultivate and improve his cultivation.

However, he found that it was much more difficult to condense the third strand of spirit energy than the second strand, and he was unable to break through after using several spirit stones.

“Forget it, there’s no rush now anyway, let’s go and get some low-grade ‘magic weapons’ to practice first.”

Ye Luo stretched his back and then walked towards Su Lao's clubhouse.

Su Lao collected the most of such things, and Ye Lu got that terrifying dagger from him, so Ye Lu thought of him at first.

When he saw Su Lao, Su Lao was humming a little song beautifully, in a good mood.

After seeing Ye Luo, he immediately greeted him.

"Oh, Ye Luo ah, what brings you here, sit down, sit down."

Upon hearing the reason for Ye Lu's arrival, Su Lao immediately said with a smile.

"This is good to say, good to say, go, go to my warehouse, take your pick, if it's not enough I'll get some back for you, Old Shen and the others all have quite a lot of useless stock too."

When he went to Su Lao's warehouse, Ye Lu found that Su Lao had quite a lot of stuff, and not just magic weapons for men, but also some very feminine ones, such as gold hairpins, ribbons and other things.

"Elder Su, what are you collecting so many magic weapons for?"

Ye Lu looked at so many useful and useless things and couldn't help but be curious.

As a result, Su Lao laughed and said.

"It's totally a hobby, however, they are all of the lowest grade 'Mortal Rank Lower Grade' and quite a few are broken, the one I gave you last time is considered more practical."

Seeing the mess of magic weapons in this room, Ye Lu understood that he had indeed misunderstood Elder Su before, that dagger was really not something Elder Su had given himself because it was useless, so he nodded and said.

"Su Lao, this is my first time 'refining' I guess the success rate might not be too high, just pick the worst ones and give them to me, it doesn't matter if some of them are broken or damaged."

It was practice anyway, and Ye Lu didn't pick.

As a result, Su Lao was generous enough to take a large pile of things for Ye Lu and said.

"Take them all up and practice, the 'magic weapons' I have here are basically broken, and there are also big road items like 'Mortal Rank Lower Grade', if you can pound out a 'Mortal Rank Middle Grade' I'll make a fortune if you can whip up a 'mid-grade' one."

"Mortal-rank lower grade" was the lowest level of magic weapon, which was also considered to be a rotten one, and every time a grade was raised, the value of the magic weapon increased by a large margin. Now that Su Lao was already a strong practitioner of Huajin, in Ye Lu's opinion, he might also need to get two high-quality magic weapons to put on a show.

So, Ye Lu smiled and made an "OK" gesture, then left with the items.

With this pile of low-grade magic weapons, Ye Lu had something to do. He began to test them one by one, starting with the discarded ones first, of course, because many of the magic weapons were discarded because the “pattern of laws” was damaged or worn out, so he could just redraw them.

However, during this time, Ye Lu finally made a breakthrough in his cultivation with the aid of the spirit stones, and three strands of spiritual energy were formed in his dantian, although this third strand was still very weak.

Finally, in the morning of that day, Ye Lu succeeded in repairing a magic weapon, it was a jade bracelet, however, it was not an ordinary jade bracelet, its name was “Ruler Square Bracelet”, in this bracelet there was a space of one foot square, also known as “space magic weapon”, this was a “first grade upper” magic weapon.

“Haha, I guess Su Lao is going to be happily confused this time.”

Ye Luo said with a laugh, but at this time, Qin Shiyu’s phone call came.

“Ye Lu, want to come to school to take a look, the results are announced today!”

Chapter 142

Hearing Qin Siyu’s words, Ye Lu realized that in the blink of an eye, twenty or so days had passed and it was already time to check the results of the college entrance examination.

So, Ye Lu thought for a moment and said.

“Sure, I’ll go over there then.”

Ye Lu also wanted to see Qin Shiyu’s results, hoping that she could get into the Yanjing Film and Television Academy, and of course, his best friend Zhao Yang and Gu Shiqi’s results were also unknown.

It didn’t take long for Ye Lu to arrive at the school with a big parcel on his back.

When she saw Ye Lu wearing a big coarse jacket, with long and messy hair, stomping on a pair of sneakers and carrying a good-sized pocket, Qin Siyu couldn’t help but laugh.

“You look like a runaway like this, where is the appearance of a scholar?”

Qin Siyu looked at Ye Lu and said with a smile.

He had just been smouldering from the alchemy, and Ye Lu hadn’t noticed, and now his face was covered in black ash.

Hearing Qin Siyu say that Ye Lu was actually the top student, everyone couldn’t help but turn their heads to look at Ye Lu, because in many people’s eyes, the top student of the college entrance examination was a legendary existence.

Ye Luo was also curious and looked at the list.

Sure enough, in the first line of the gangdang, it was very strikingly written, the top science student in the province, the top science student in the city, the top science student in the whole school, Ye Lu, with

a total score of 728 points, it seemed that a lot of points had been deducted from the language and English essays.

However, when he saw the list on the right side, he froze, because on the right side of the list for Arts the first place was this.

The top student in Arts in the province, the top student in Arts in the city, and the top student in Arts in the whole school, Qin Shiyu, with a total score of 716.

It turned out that he was the top science student in the province, while Qin Shiyu was the top arts student in the province, but, come to think of it, compared to Ye Lu, Qin Shiyu just did a little worse in the language exams, but Qin Shiyu's English composition level was quite better than Ye Lu's, so the total score wasn't that much different from Ye Lu.

"Oh! So you're the top student in Arts! Say, did you know about it a long time ago?"

Ye Luo looked at Qin Siyu and said with a smile.

Ye Lu did not have time to check the results, but, now that Qin Siyu's toxins had long since been cleared, the Marrow Cleansing Pill had also been consumed, her body was twice as good, and she ate well, she definitely had quite a bit of time to check the results.

In fact, not only did she check her own, she remembered Ye Lu's pass number, so she checked it for Ye Lu as well.

So, of course, she also knew that Ye Lu was the top student.

"Ooh!"

Ye Lu and Qin Shiyu were laughing and joking, but the others were not so calm, the people around didn't expect two provincial top students to appear at the same time, and the woman was really pretty, but the man looked like a fugitive or a coal digger.

This time, a media reporter who was filming the situation at the side of the high school entrance examination list immediately looked at Ye Lu and the two of them alertly, they just heard that the "experimental high school" had two high school entrance examination students at the same time, but they did not expect that two high school entrance examination students were actually present at the same time, if not to interview, even they are sorry, this is the latest, exclusive interview.

Thinking of this, the pretty female reporter then waved her hand at the assistant carrying the camera, followed by a smile on her face as she walked over to Ye Lu and Gu Shiqi.

"Excuse me, are you two the top students in arts and science in this year's college entrance examination?"

Seeing a reporter coming over, both Ye Lu and Qin Siyu nodded mechanically.

The beautiful reporter then looked at Qin Siyu with a smile on her face and said.

"From the way you dress, you must come from a middle class family, can you talk about the influence of your family on your studies and college entrance exams?"

Qin Shiyu was very relaxed about such a question, she was the class president and had been for many years, she had often done everything from speaking on stage to arranging class meetings, so she said with a smile.

“I think a good family environment is still very important, at least we can have a relatively good environment in the learning process, for example, we can go to more powerful tuition classes and so on.”

Seeing Qin Siyu behaving so well, the beautiful reporter nodded very gratefully and then put the microphone in front of Ye Lu, and her person froze when she put the microphone down, because she was just so excited that she didn't even notice Ye Lu's state.

“This student, is your family a boiler burner?”

She looked at Ye Luo and couldn't help but blurt out, because this look of Ye Luo did look quite similar, however, as soon as the words left her mouth, she realised that something was wrong.

However, Ye Luo showed his white teeth and smiled and said.

“No, my family is a pancake vendor.”

Seeing that Ye Luo was not angry, the female reporter continued to ask.

“Then does your family have any influence on your studies and college entrance exams?”

Ye Luo said after thinking seriously.

“Yes, the experience of pancake stall told me that no matter what I do, I must have quick hands, I must not hesitate, and I must pay attention to the fire and timing, otherwise the pancake will be battered, so I did the same thing when I was studying, and it worked out.”

Ye Lu's words made that beautiful reporter fall into a deep thought, because she really didn't expect such an answer, however, the interview still had to continue, she turned her head and put the microphone in front of Qin Siyu again and said.

“May I ask, what is the secret of your success in the college entrance examination?”

As a result, Qin Siyu spoke quite a lot in a very structured manner, after which she turned to Ye Lu and asked.

“Then may I ask what is your secret to success in the college entrance examination?”

Ye Lu thought for a moment and said.

“There's no secret, it's just one percent inspiration, plus ninety-nine percent luck.”

This time the beautiful reporter was even more confused as she looked at Ye Luo and asked.

“You mean, it's all because of luck that you got into the first prize?”

Ye Luo smiled and said.

“No, no, actually it’s the same as staging pancakes, your good technique and your fresh ingredients are actually secondary, the most important thing is your location, as long as the pancake is staged in a good location, you can make money, and I”

Following that, Ye Luo then began to cloud the hell up, because to be honest, he really didn’t have any gross learning experience, let him talk shit.

She had never forgotten that Ye Lu had made her pee in public, and this time Ye Lu and Qin Shiyu had both won the top prize in the college entrance examination, so she was even more unbalanced, after all, this meant that Qin Shiyu’s admission to the Yanjing Film and Television Academy was a sure thing.

“Fine, you two just wait and see how our Lin family will deal with you when we get to the capital.”

Lin Danni thought with hatred in her heart, while a handsome young man beside her looked at Ye Lu and said with a smile.

“Is that the pancake staller you’re talking about? How come he feels like a boiler burner? Don’t worry, he’s just a country bumpkin. When we get to the capital, let’s see how I’ll play with them to make them find their way.”

When she heard the young man’s words, Lin Danni smiled happily as she hugged his arms and rubbed her two fleshy balls back and forth, saying.

“I knew brother Qing was the best, I’ll give you special services tonight.”

When he heard what special services were available, Lin Qing immediately smiled with his eyebrows, one of the things he liked most about Lin Danni was that this girl dared to play any tricks.

Not far away, Ye Luo managed to confuse the beautiful reporter and then waved his hand in a dashing manner and flew away with Qin Shiyu, because Ye Luo saw that other media cars were also driving over and it would be too late if he didn’t leave, probably because the school hadn’t had a provincial top student for many years, and this year there were two at once, which was indeed a bit sensational.

At this time, Liu Qingshan appeared, he looked at the backs of Ye Lu and Qin Siyu, then smiled and said to the media reporters.

“Hello everyone, my name is Liu Qingshan is the headmaster of the Experimental Secondary School, in fact, the reason why they have such achievements, it is directly related to the fact that we pay close attention to school ethics and school discipline”

At the moment Liu Qingshan heart happy, just took office on a pair of top students, the beauty of his nose is bubbling, of course, to take the opportunity to advocate the performance.

The first thing that Ye Luo didn’t know was that after this interview, he became famous and got a new nickname “The Pancake Champion”.

Of course, Ye Lu did not know that Liu Qingshan had come to save the day, and after chatting with Qin Shiyu for a while, he walked towards Su Lao’s clubhouse.

“Elder Su, what have I brought you?”

Just after entering the door, Ye Luo couldn't wait to take out the restored bracelet, while the teacup in Su Lao's hand fell straight to the ground.

Chapter 143

This bracelet, of course, Su Lao had an impression of it, this kind of spatial magic artifact is not easy to obtain, even to see, Su Lao is so old and has only seen this once, even a broken one, even after attending so many fairs.

Even so, it was one of his favourite collectibles. Su Lao had never thought of seeing a real spatial magic weapon one day, but as a result, what he didn't expect was that Ye Lu had actually repaired this thing.

Ye Lu did not expect such a big reaction from Su Lao, because this magic artifact was actually only broken by one grain, so it was not too difficult to repair, otherwise it would have been difficult for him to succeed.

Seeing Ye Lu's expression, Su Lao then stood up and explained.

"This kind of magic weapon is a rare 'spatial magic weapon' and the most sought-after magic weapon, which is much more precious than attacking or defensive magic weapons, and this magic weapon has already reached the level of 'Mortal Rank Upper Grade', the ordinary 'Mortal Rank Upper Grade' magic weapon would have been the last heavy hitter in the previous spell fairs you attended, and this 'Space Magic Weapon' could definitely be on a higher level of 'spell fairs', and It's also extremely popular."

Seeing Su Lao's eyes glowing, Ye Lu handed over the "Ruler's Square Bracelet".

However, Su Lao smiled and said.

"No, Ye Lu, he is yours now."

This time it was Ye Lu's turn to be confused, Su Lao had talked about this item so well, so precious, but then gave it to himself, what kind of scheme was this?

Seeing Ye Lu's puzzled look, Su Lao then smiled and said.

"Ye Lu, ah, I am old, I am no longer like you young people, my cultivation path has come to an end, so there is no use in asking for these things, I want to thank you for allowing me to live another half of my life so alive and well."

Seeing Su Lao's happy expression, Ye Lu nodded his head.

If he wanted to improve his cultivation, he would have to cross a big realm, from Houtian to Xiantian, and the difficulty between the two was not as simple as breaking the bottleneck of Dark Energy, so Ye Lu felt that Su Lao's choice made sense.

So, Ye Lu put away the bracelet and looked at it and said.

"Good, then I will accept it, if there is a chance for you to raise to the Innate realm in the future, I will definitely help you."

Ye Lu's words moved Su Lao once again, but then he laughed, because he found himself a little too greedy, he should feel content to cross this step now in his lifetime, just like the skit said, what more do you need a bicycle!

So, he looked at Ye Lu and said.

"Ye Lu, you have a great future, develop well, the future is all yours, those things in my warehouse, use them if you want, anyway, I don't want to get involved in these fighting and killing things, it's useless to keep them."

This was exactly what Ye Luo wanted, he was in need of materials for his weapon refining.

So, he didn't have to be polite and took some more things out of Su Lao's warehouse, then Ye Lu called Zhao Yang and asked him to come out for a meal together.

At the same time, Ye Lu was a bit confused about what to do with the "Ruler's Square Bracelet", as it was definitely not suitable for him to use such a feminine magic weapon himself, and Gu Shiqi and the others did not have "true qi" at the moment, so he could not use it.

Soon he arrived at the restaurant he had agreed with Zhao Yang.

As a result, he found that Zhao Yang had really become a lightning bolt, having lost at least a third of his weight.

"Hey, Ye Lu, don't I look handsome now, it's just a pity that thin is thin just no muscles!"

He said somewhat helplessly as he wiggled his arms.

"It's easy to have muscles, you have to exercise, you'll have muscles if you exercise regularly."

Ye Lu was very satisfied with the effect of the "weight loss pill", this pill really only reduces what should be reduced, and also only reduces the parts that should be reduced, if this is given to women to use, they will definitely love it, it looks like old sister's shop will be difficult not to be hot ah!

These days Ye Lu has been preparing goods for Ye Yan, what kind of elixir for removing spots, elixir for eliminating wrinkles, elixir for black hair, elixir for tightening, basically Ye Lu is ready to refine some, in fact there is also a kind of elixir that will make women go crazy, only unfortunately Ye Lu does not have the materials, secondly, the flame in his body has not been cultivated yet, so at present he cannot refine it at all.

Following that, Ye Luo then asked about Zhao Yang's college entrance exam, and sure enough, he didn't manage to pass the first grade line, but he did pass the second grade line.

"I've already picked a school for the second grade,"

Zhao Yang said happily.

The next few days were of course still busy days, these days were the days for everyone to choose their schools and fill out their volunteer applications.

The problem was Gushiqi, who was a top student in her class, did quite well in the exam, but she didn't like all the majors in the school.

“How come there’s no major in food and drink?”

Gu Shiqi muttered somewhat depressingly as she looked at the admissions brochure of “Yanjing University of Traditional Chinese Medicine”.

Of all the majors, the only one that didn’t seem to have anything to do with healing was English, but as an antique family, Gu Shiqi really wasn’t interested in English.

So, she thought about it and said.

“Alright, let’s listen to God’s will then.”

After saying that, she made a disc, then divided it into N copies according to the number of majors on the admissions brochure, and then wrote the name of the major on not every copy.

When she was done, she taped the disk to the wall, found a dart and blindfolded herself.

“It’s up to this dart to fill in that major.”

With those words, she threw the dart.

“Pop!”

The dart stabbed the wall accurately, and Gu Shiqi took off her blindfold and smiled.

“Good, acupuncture and massage major, that’s you.”

If Professor Qin of the Acupuncture and Tuina major knew that this was how her student had chosen her major I wonder if she would vomit blood, but, no matter what, from this moment on, Gushiki had become her student.

In this way, the day of filling in the volunteers had soon passed. Shortly after filling in the volunteers, Professor Qin began to check the situation of the candidates’ declared volunteers from all over the world in the computer.

“Could it be at Professor Wu’s.”

As a result, she checked and it wasn’t there either.

“It’s not possible that they changed their mind temporarily and didn’t declare us, no, I have to retrieve it.”

For Professor Qin, a talent like Ye Luo, even if he didn’t declare his major, he couldn’t be allowed to run away to another school.

As a result, she soon found that Ye Lu had actually filled in the major of “Traditional Chinese Medicine”.

“Phew!”

Seeing that Ye Lu had not run away, Professor Qin let out a long breath of relief, and at that moment, she saw Professor Wu walking in.

When Professor Wu saw Professor Qin’s face, he smiled and said.

“What? You look so ugly, did Ye Lu not choose your major?”

As a result, Professor Qin looked at her and said without good humour.

“So what? He didn’t choose your major either.”

Now Professor Wu became worried and she asked with a frown.

“It’s not like he didn’t come to our school, right?”

Professor Qin said as he shook his head.

“That’s not true, he’s chosen that stubborn old man Zhu Qi Huang’s major, I’m actually worried that the two of them will fight.”

Hearing Professor Qin’s words, Professor Wu was relieved, at least Ye Lu didn’t run away, she had used Ye Lu’s “Beauty Pill” so she understood Ye Lu’s value very well.

So, she smiled and said.

“It’s alright, let them fight, if he shoos away Ye Luo, we will take him in at the School of Chinese Medicine.”

As soon as her words left her mouth, Professor Qin also smiled and said.

“I didn’t expect you to have such a bad heart too, by the way, what kind of cosmetics have you been using lately, why do I feel like your skin looks ten or so years younger.”

As a result, Professor Wu smiled and said.

“Secret!”

Ye Luo received his acceptance notice on the third day after filling out the application, and the next days were spent constantly refining weapons, alchemy and waiting, the deal with the Hundred Flower Sect was also going smoothly, and Ye Luo’s cultivation level was steadily improving.

In this way, two months passed and it was finally the day when the university started.

Chapter 144

Ye Lu originally wanted to go with the others, however, Gu Shiqi had gone ahead to make preparations under the family’s arrangement, Qin Siyu was following Granny Yun in another city, while his elder sister Ye Yan had gone ahead to choose the location of the shop again, and Liu Mei was moving with her sister Liu Xin, so he had to get on the train all by himself and alone.

Before getting on the train, Ye Lu cut his hair and bought a new set of clothes, remembering what Long Fei Xue had said about keeping a low profile, so he chose an ordinary brand that was neither too expensive nor too cheap.

Long Fei Xue’s “Ice and Fire Gloves” had been successfully upgraded to “Xuan Stage”, and Ye Lu had made great progress in all aspects during these two months of alchemy, weapon refining and

cultivation, even the “Ghostly Inferno” had sprouted inside his body, and he could now release a faint flame with his hands, although it was still a long way from being used for alchemy.

The dagger made of sunset arrows was placed in the “Burning Heaven Furnace” and stored inside Ye Luo’s body. He found that the “Burning Heaven Furnace” could not only store pills inside his body, but also whatever he put inside it.

As for the pills he gave to Ye Yan, he put them in the big parcel he carried with him, he didn’t bring any other luggage, so he could buy them after he went there.

This was Ye Lu’s first time going out this far, so he was still in a pretty excited mood and kept looking at the scenery outside on the way.

“I remember in movies, at times like this, you usually meet a beautiful woman or something, how come none of them are there?”

As time went on Ye Lu felt a little bored.

He gave up hope and started to play the game in his phone, the same game Ye Yan had played before. At Ye Yan’s strong suggestion, he also registered an account, but he had never played it, but now he played it for a while and felt it was quite interesting.

Just like that, after a while more, suddenly there was a commotion in front of the carriage.

“Quick, she looks like she’s going to die, is there a doctor here? Who’s the doctor?”

“Get the steward!”

“I’ve found one, the steward is informing the conductor, he’ll be here in a minute.”

“So what now?”

.....

When he heard that it seemed like someone had suddenly had an attack, Ye Lu closed the game and stood up to walk over to where the accident had occurred, but there were so many people up to see what was going on that he found he couldn’t even see what was going on in front of him.

“Everyone get out of the way, I’m a doctor, here’s my ‘doctor’s card’, let me see what’s going on.”

With that said, a very svelte looking boy stood up and pushed his way forward as he did so.

Hearing that there was a doctor, all of them, including the stewards, breathed a sigh of relief and started to make way, and Ye Luo followed behind this guy in the process.

It had been a long time since he had seen a doctor, and he was a bit itchy.

Following that, Ye Lu smiled because, the beautiful woman he had just been expecting was actually lying here.

This woman was quite pretty looking, her features were exquisite, her black hair was like a waterfall, although she was not dressed in a very fashionable way, nor was she wearing any designer clothes, she

gave off a decent impression, her body was slender, straight where it should be and slender where it should be, she was definitely a superb beauty.

However, at the moment she was not in a good state, her face was miserable and even slightly green, her teeth were clenched, she was trembling, and she could not speak, so she was obviously extremely dangerous.

“This is a case of Yin Cold, I can treat it, please give up a space for everyone.”

This gentle man said, while pulling out a box, seeing this box, Ye Luo understood, this should be “silver needles”, using acupuncture treatment, this man may really have two skills.

According to the above, sometimes it was more appropriate to use silver needles for particularly delicate treatments, and the precision was much better than the aura input mode like pointing and pressing.

While Ye Lu was thinking, the man had already started to apply the needles.

He laid the woman flat on the three seats, and then started stabbing from the head, “Baihui point”, “Yangbai”, “multiplying sobbing” all the way to the “Shui Tu” and “Qi She” in the chest

When they saw this handsome man applying needles, everyone started to admire.

“Amazing, a miracle doctor!”

“I didn’t expect that we still had such a master hidden in the car.”

“This can’t be the long-lost ‘Thirteen Needles of the Ghost Gate’, can it.”

“Young and talented!”

.....

Hearing everyone’s compliments, the man seemed to be very happy as he showed a smile while applying the needles.

However, just at this time, a nice, slightly milky voice suddenly said.

“If you apply the needle again, you’ll kill her, do you want a lawsuit?”

Upon hearing this voice, the man stopped, and everyone else looked in the direction the voice was coming from, only to see a sweet and lovely looking woman hanging from the luggage rack looking at everyone, yes, hanging from the luggage rack, with one arm and one leg hooked to the rack and the other large white leg swaying in the air.

This woman had delicate features, white skin, with purple hair, and most especially two things, firstly, she had two almost pure white eyes that looked unusually demonic, and secondly, her breasts were really big, the only woman Ye Lu had seen so far that could rival Liu Mei.

“You you are Daisy!”

At this time, someone shouted.

Hearing his shout, Ye Lu then suddenly realized, yes, this look is exactly the “Naruto” big breasted girl Daisy Tian, but, he could not understand how the other party actually made the eyes white.

Hearing that she was recognised, the woman jumped up next to the patient. She jumped up next to the patient and said with a smile.

“That’s right, that’s my Shinobi, see, that’s right, she’s dying.”

It was only then that everyone turned their attention back to the beautiful patient, and sure enough, instead of getting better, the beautiful woman began to tremble violently, as if she were having an epileptic fit.

This scared the man who had just been there.

He looked at the white-eyed beauty in some horror.

The beautiful woman, on the other hand, smiled and waved her hand, telling the man to go aside, while saying.

“Get up, this little illness is nothing to my Master Lin Ruyue, remember not to treat people indiscriminately in the future.”

With these words, Lin Ruyue reached out and tapped on the beautiful woman’s stomach, all the silver needles actually flew out of the beautiful woman’s body under this tap.

The beauty’s trembling also stopped.

Following that, Lin Ru Yue then looked at the beautiful woman and said.

“In fact, your judgment was wrong from the very beginning, what she has is not a disease of Yin and Cold, the disease she has is ‘Ghost Qi into the body’, in layman’s terms, this woman is being targeted by a ghost and has been struck by evil.”

When they heard Lin Ru Yue’s words, almost everyone quickly stepped back, thinking, who is not afraid of ghosts?

Then, Lin Ruyue put her hand into the deep cleavage of her chest, and many people gulped at this scene.

Following this, Lin Ru Yue also began to apply the needles.

Before the needles were applied, her originally white eyes quickly turned back to black, and her big, dark eyes were as bright as the stars in the sky, and several people around her were dumbfounded.

She didn’t pay any attention to this, but began to find the acupuncture points extremely carefully, and then slowly stabbed down.

As she stabbed each needle, Ye Lu saw a shimmering light, clearly her technique was much more advanced than that of the man just now.

Standing next to her, the man who was still somewhat unconvinced also nodded silently, he too was convinced by Lin Ru Yue’s medical skills.

“Awesome, this is the divine doctor!”

“Yes, it’s even more powerful than the one just now.”

“So beautiful!”

.....

The crowd all started to look at this huge breasted girl in admiration, and many men unconsciously drooled.

However, just at this time, Ye Lu suddenly said.

“If you apply the needle again, you’ll kill her, do you want a lawsuit?”

Chapter 145

This was exactly what Lin Ruyue had just said to the man.

However, Lin Ruyue did not believe Ye Lu’s words, she was also a disciple of Master Mo Lian at any rate, and she was still quite confident in her own medical skills.

She held up the silver needle and turned her head to look at Ye Lu and said.

“It’s no fun to clam up.”

Ye Luo, on the other hand, smiled and said.

“It’s not a claptrap, try stabbing another needle and see what happens?”

Lin Ru Yue gave Ye Lu a somewhat disbelieving glance before stabbing down, precisely one of the Tianshu acupoints on the left and right sides of the beauty’s belly button.

With a flash of light, the silver needle was stabbed in.

The beauty began to tremble, and her teeth kept on clacking, which scared Lin Ruyue enough to take a step back.

She quickly took a step back, while Ye Lu took a step forward and said.

“Hey, you two are half a catty, both of you are harmful, it’s just a pity that the beauty suffers.”

As he spoke, he slapped a palm on the beautiful girl’s abdomen, the same effect as Lin Ruyue’s just now, all the silver needles flew out from the beautiful girl’s body.

Following that, Ye Lu reached down and fished around in his trousers.

Lin Ruyue and the crowd were all wide-eyed.

“Could he also be able to cast needles?”

Lin Ruyue muttered with some surprise in her heart, as she had a feeling that Ye Lu might have to pull out a box of silver needles as well.

However, to everyone’s disappointment, Ye Lu took out his hand again, but there was nothing in his hand.

He looked at the crowd and said with a smile.

“Disappointing for everyone, it’s actually just scratching an itch!”

“I’ll go!”

“Phew!”

“Day!”

.....

When they saw Ye Luo’s performance, everyone “panted”, but Ye Luo didn’t care about that, he said with a smile.

“In fact, such a simple treatment doesn’t even need silver needles, look at me.”

As he said that, Ye Lu reached out and pressed his hand on the Dantian of the pretty girl’s belly, and then, his hand started to glow with a light blue light, which was the colour of the “Ghostly Underworld Inferno”.

The “Ghostly Inferno” was hungry and thirsty at the moment, and when it saw the “ghostly energy” in this woman’s body, of course, it would not be polite and absorbed it all directly.

“Phew!”

When the ghost energy disappeared, the beautiful woman was naturally fine, and she let out a long breath, then she found that her skirt was undone and a man was touching her stomach with his hand.

“Ah!”

She cried out in horror, but then realised that something was wrong, why were so many people surrounding her, three layers inside and three layers outside, then she realised that it seemed as if she had just fallen ill again.

“Thanks thanks”

She looked at Ye Luo and said with a red face.

Ye Lu smiled and said.

“It’s good to be well.”

Then, he turned around and walked towards the back, because the bus had already arrived at the station and he was anxiously waiting to start his university life.

“So, what’s your name? Can you leave your contact details?”

The pretty girl quickly straightened her clothes and then shouted at Ye Luo.

Ye Luo didn’t even turn his head back and said.

“My surname is Lei, my name is Lei Feng!”

After saying that, he carried his luggage and walked towards the car door.

Lin Ruyue, on the other hand, looked at Ye Luo's back and muttered to herself.

"How on earth did he manage to cure himself, strange!"

The pretty girl, on the other hand, froze there because she was a bit confused, was it because her charm had dropped, such a good opportunity, the other party actually didn't even leave a contact and didn't take the opportunity to strike up a conversation, it was so strange.

However, today was the day school started, she still had a lot of things to do, and seeing Ye Lu's attitude, she did not continue to ask.

The man standing on the side, on the other hand, was muttering in his mind.

"Bastard, you're still a Thunderbolt, I think you're a Thunderbolt, why pretend to be a grandson when you're not picking up a big school beauty."

Other people didn't know the identity of this beautiful girl, but this guy knew it, one of the ten most beautiful school girls of Yanjing University of Traditional Chinese Medicine, the famous Shen Luyan.

"That, just now, thank you too."

Shen Luyan turned her head to look at this handsome man and said.

When this handsome man was treating her, she was still conscious, but she didn't know anything after he applied the needles for a while, so she didn't know exactly what happened afterwards.

Lin Ruyue, on the other hand, was hesitating whether she should follow Ye Lu because she felt that it was very incredible that Ye Lu could actually cure this woman.

However, after thinking about it, she eventually gave up on the idea.

"Master told me that this time I can't get involved in extravaganza, I have to do a good internship, I hardly listen to my master's words, so I have to do well this time, or at least give my master a fighting chance."

The competition inside the Medicine League was also very fierce, and Master Mo Lian and the style of her disciples had never been liked by everyone, so these disciples of hers were all striving to give their master a long face.

So, Lin Ru Yue thought about it and also grabbed her luggage and walked out.

"My name is Gao Bing, nice to meet you."

The svelte and handsome man said while extending his hand towards Shen Luyan, now was a good opportunity to offer courtesy.

At this moment, Ye Luyan had quickly walked out of the exit, and in the square outside, he saw a few sheds and a very eye-catching banner.

"The bird goes to the fence, the tiger returns to the mountain, the loser is not a pool, the phoenix dances in the nine heavens, the roc travels to the four seas, the beauty is the first in my school."

Seeing this banner, Ye Lu suddenly felt that this “Yanjing University of Traditional Chinese Medicine” did not seem to be as boring as he had thought, at least this painful orientation plan was very interesting.

At least this painful orientation plan was very interesting. Then, Ye Lu carried his bag and walked towards the sheds for orientation.

“Hey, sisters, look, handsome guy hey! The handsome guy is here.”

Someone with sharp eyes immediately saw Ye Luo.

Following that, a woman then tapped on the table and said.

“Whose turn is it, hurry up, no cutting in line when you see a handsome guy, pay attention to the quality of our TCM University, quality, and you, wipe your harrumphs for me.”

Hearing this woman’s words, immediately a man and a woman two people walked towards Ye Luo.

“Classmate, let me help you with your bag, it’s been a hard journey.”

The male student walked up to Ye Luo’s side and said with a smile.

When Ye Luo saw how enthusiastic he was, he smiled and said.

“No need, this bag is too heavy, you can’t lift it.”

As a result, that male classmate showed a disdainful expression and said.

“Che, I’m very strong, don’t worry, a small parcel won’t be hard for me, let’s go.”

With those words, he reached out and tried to take the parcel from Ye Luo’s hand.

Ye Luo did not want to make a fool of him, so, once again, he shook his head and said.

“It’s really not necessary, I’ll do it myself, you can go about your business, I’ve been carrying it for so long anyway.”

What he didn’t expect was that the boy seemed to have misunderstood Ye Lu, he thought that Ye Lu was despising him and thought that he wasn’t strong enough, so in front of his female classmates, of course he couldn’t admit his weakness, so he stubbornly had to reach for the bag in Ye Lu’s hand.

Having no choice, Ye Luo had no choice but to helplessly let go of his hand.

“Oy vey! Fuck!”

Then, this guy just “flopped!” The weight of the bag was a bit too different from what he had imagined. He saw that Ye Lu was carrying it just like a bed quilt, but when he went to carry it, it actually felt like a pocket full of iron.

The girl next to him also opened her mouth wide in surprise.

“Old Liu, are you alright?”

She asked, looking at the boy who was still lying on the ground.

Only then did the boy waved his hand and said.

“It’s alright, it’s alright, I’m still alive, just a moment of negligence, carelessness, carelessness”

He said, while standing up and violently lifting up, the result of the pocket actually rippled, he simply can not lift up, no choice, he had to embarrassed smile and said.

“That, classmate, why don’t you do it, what the hell is all this!”

Ye Lu laughed and picked up the bag.

The bag was full of treasures, all kinds of low-grade and broken “magic weapons” that he had scavenged from Elder Shen, Elder Hua, and many others when he was leaving, of course for practice.

It took a lot of practice to refine the weapons, because the method and feeling of inscribing the “pattern of laws” on different materials were different, so Ye Lu had to work hard to practise his hand, so that he could do it without fail, no matter what the material was.

“It’s just some useless stuff.”

Ye Lu smiled and said.

After waiting for a while, the bus was full and then it drove to the Yanjing University of Traditional Chinese Medicine.

The campus that Ye Lu was going to was the one furthest away from the city centre, the “East Campus”.

Chapter 146

After arriving at the place, Ye Lu realized that this “East Campus” covers a pretty big area, the greenery is also good, and some of the buildings are ancient and fragrant, it really looks like a traditional Chinese medicine.

It didn’t take long for the car to stop and the dormitory building arrived.

To be honest, this dormitory building was a bit disappointing to Ye Lu as it felt rather old, however, it looked like the windows were quite large and there was also an open-air balcony, so it should be quite nice to live in.

“This student, this is your flat, however, it’s not convenient for us girls to go in, your room is room 314, your name will be posted on the bed, you can go in yourself.”

The girl who was in charge of reception looked at Ye Lu and said with a smile.

Ye Lu nodded, then she walked towards the flat door with her bag.

After walking into room 314, Ye Lu found that someone had already arrived early, and it was a rather handsome looking boy who was tidying up the bed there.

When he saw Ye Lu enter, he stood up and politely extended his hand and said.

“My name is Mu Zi Ze, I’m your roommate from today, please take care of me in the future.”

Ye Lu shook hands with him and said with a smile.

“Sure, my name is Ye Lu, take care of me.”

Then, he put his stuff on the floor, making a “bang!” There was a loud bang, even the floor shook a little, as if an earthquake had occurred.

“Hey, the stuff is a bit heavy.”

Ye Lu said with embarrassment.

Although Mu Zi Ze was taken aback, he smiled and went on to make his bed.

Ye Lu found that this guy named Mu Zi Ze had brought quite a lot of things, and they were all quite high-grade things, the phone was an Apple, the laptop was also, I don’t know if he was a fruit fan, in addition this guy had a very complete set of cosmetics, including what sunscreen and so on.

“What an exquisite man.”

Ye Lu took a look at his things and got a bit emotional, he had nothing but that big bag of goods, there was nothing to tidy up, he made the bed and sat down in front of the table in boredom.

It was a five-person room, each with an area with a computer desk and bookcase underneath and a bed above, next to an iron ladder for getting into bed.

“I wonder when that other couple of goods are coming?”

Leaffall muttered a little bored as he opened his phone.

“I guess tomorrow, isn’t there two days of orientation, after that there will be military training, it is said to be two weeks, this year the school said they don’t use people from the military school, they will directly use instructors from the army.”

Mu Zi Ze said as if he understood everything.

Seeing that he understood everything, Ye Lu thought about it and asked.

“That, Mu Zi Ze, do you know where the English Department, and the Acupuncture and Tuina Department are?”

Mu Zi Ze said with a smile.

“English and acupuncture and massage department are both in the west campus, but it’s not far from us, how come you have classmates there, it’s said that the pretty girls are in the English department and the nursing department, let’s go over and visit together when we have time.”

Ye Lu did not expect the mention of girls this guy suddenly and charged up, so smiled and said.

“Sure!”

In fact, he was not interested in these, Liu Mei and Gu Shiqi were already beautiful enough, so what kind of beautiful girls to visit!

So, he thought about it and dialed Ye Yan’s number first.

“Older sister, what are you doing?”

As a result, Ye Yan startled Ye Lu as soon as she opened her mouth, and she said with a smile.

“Looking at houses! You’re so rich, so don’t live in a dormitory, let’s buy a villa in the capital, I’ve asked the prices of the nearby villa areas, it’s not expensive, it’s about 50,000 to 100,000 per square foot, a whole set of single family, it’s only like tens of millions, you have money anyway.”

Ye Luo just wanted to say something, but, suddenly remembered what Long Fei Xue said about keeping a low profile, low profile, so he walked to a secluded place on the side of the corridor outside this before saying.

“Okay, I have no problem with buying a house, however, I have to state first that I can only go over there occasionally, I don’t want to lose my university life just like that.”

As expected, Ye Yan immediately fumed and said.

“What do you mean, living with me and losing your college life? You’re a little heartless, forget who’s been taking care of you?”

As soon as he saw that Ye Yan’s alliteration mode was about to start, Ye Lu hurriedly and quickly said.

“Older sister ah, I didn’t say I wouldn’t go live there, besides, don’t you have to open a shop now, you will definitely be very busy, then you won’t be able to take care of me, right, where is the shop going to open, have you thought about it?”

Ye Yan said she hadn’t chosen yet, and then asked Ye Lu to help her look at the villa and choose a shop in the afternoon after she was done in the morning.

When he returned to the dormitory, he found a woman really waiting for him, it was none other than Professor Wu from the College of Traditional Chinese Medicine, and Professor Wu had brought a gift with her.

Seeing Ye Lu come back, Professor Wu immediately said with a smile on her face.

“Ye Lu, how do you feel about our school, if there is anything you need you can say, I will react with the school, if you can’t stay in the Department of Chinese Medicine anymore, come to our College of Chinese Medicine, I will help you to do the transfer.”

Ye Lu did not expect Professor Wu to be so enthusiastic, so he smiled and said.

“The school is quite good, thanks a lot Professor Wu for your concern! You are also too polite.”

Following that, the two talked for a while and Professor Wu left.

Mu Zi Ze, on the other hand, looked at Ye Lu with some surprise and asked.

“Shit! Ye Lu, what exactly is your background, Professor Wu came to care about you on the first day of school, your father isn’t the headmaster, is he?”

Ye Luo had to hem and haw, it looked like it wasn’t that easy to keep a low profile, however, it looked like this Mu Zize knew the school very well, so Ye Luo looked at him and asked.

“Mu Zi Ze, you seem to be very familiar with the school, do you have any connections in the school?”

Mu Zi Ze smiled and said.

“Actually, it’s not really, firstly, I’m from the capital, and secondly, because I have a distant relative who works in the canteen here, that’s why I’m familiar with the place, this is the best Chinese medicine university in the country, there are six hospitals directly under it, so many professors are also famous doctors, for example, Professor Wu just now is.”

To be honest, this was a bit unexpected from Ye Lu.

He had originally thought that these teachers might be just fake people who talked about things on paper, but he didn’t expect them to be professional physicians.

However, just at this time, another professor arrived, it was none other than Professor Qin from the School of Acupuncture, Moxibustion and Tuina, who had also come to see Ye Lu, and was also carrying a gift in her hand.

“If you can’t make it here in Traditional Chinese Medicine, you are always welcome in our School of Acupuncture, Moxibustion and Tuina.”

Professor Qin also said something similar, which made Ye Lu somewhat curious, why would they all find it hard to make it in the College of Chinese Medicine?

She asked Professor Qin about it, but he smiled and said nothing.

When Professor Qin left, Mu Zi Ze came over to Ye Lu’s side and said.

“Ye Lu, I’m going to hang out with you from now on, actually two professors are bending over backwards to you, look at this gift from Kai here, this is all good stuff!”

Ye Lu also did not know how to explain to him, so, simply did not explain, he called Gushiqi and Liu Mei each, the two of them are also packing things and interaction with the same dormitory, Liu Mei said in a couple of days will come over to see him.

After that, Ye Lu called Qin Shiyu again, who said she was reporting to school and that the school was full of handsome and beautiful people, and that she had just seen a big director casting a role.

Seeing that everyone was happy, Ye Lu was relieved to take out a magic weapon and the “burin gold pen” from his parcel and start drawing the “pattern of laws”.

Mu Zi Ze didn’t know what Ye Lu was doing, but Ye Lu said it was a hobby, so he didn’t ask any more questions.

In the afternoon, Ye Lu followed Ye Yan around, and Ye Lu found that the shops were a bit difficult to find, as all the shops in good locations were basically occupied and doing good business, with no intention of letting them go, so if he didn’t spend money, he could only rent places in slightly worse locations.

The villa was immediately finalised. There was a high-class villa area not far from the school, with quite a good type of house and a not-so-small yard, and Ye Lu agreed.

In the evening, the two of them had a meal together, with Ye Yan there, of course, it was inevitable to drink some wine, after which Ye Lu sent her back to the hotel.

By this time it was already dark, and at the same time, an unfamiliar phone call came through.

“Ye Lu is it, I’m Mo Xiaomi, my mother is Mo Wen, I heard you want to pick me up, I’ll ask you, dare to play something exciting with me?”

Chapter 147

“I don’t dare.”

Ye Lu said decisively, and then hung up the phone.

On the other side of the phone, the scantily clad Mo Xiaomi looked at her phone with a dumbfounded expression, she hadn’t come back to her senses for a moment.

“What does this one mean by gross?”

She asked, looking at a couple of sisters around her who were also exposed.

One of them chuckled and said.

“What does he mean? He doesn’t even like you, otherwise he would have pounced on you like a fly on sh*t.”

Mo Xiaomi nodded, and then slapped the table and said.

“I sh*t! You’re the one who’s sh*t, I don’t believe it, this guy still dares to despise me, I’ll just see if he comes or not?”

After saying that, she dialed Ye Lu’s phone number again.

But of course, Ye Luo would not agree, Ye Luo had already decided to stick to one principle, “cherish life and stay away from this troublesome woman”.

After hanging up the phone, Ye Lu walked towards the supermarket, he had not prepared all kinds of daily necessities and other things, so he took this opportunity to go shopping.

On the other side of the bar, several girls were looking at Mo Xiaomi and laughing.

“It’s over, Mo Xiaomi, you’ve been ignored by others, a few of us really feel sad for you.”

Following this, one of the few then said.

“Do you think this could be an omen? An omen that we won’t win this competition.”

“Bah! Cut the demoralising talk, how can we lose to those stinking men.”

“Exactly, and betting on our one kiss, who would kiss those sons of bitches!”

“Who says otherwise, a bunch of playboys.”

.....

Following that, the crowd searched and started counting, however, looking at the expressions of the crowd, the other party didn't seem to be as simple as a complete straw man, otherwise they wouldn't have made them so worried.

"I just don't believe it."

Mo Xiaomi, on the other hand, called up again, but, this time, her call was directly ignored by Ye Lu.

If it wasn't for the good relationship with Mo Wen this holiday season, Ye Luo would have probably pulled Mo Xiaomi out long ago, but, luckily, Mo Xiaomi stopped harassing after calling for a while.

After wandering around the supermarket for a long time, Ye Lu bought a bunch of things and headed out with a few big bags.

At this time, Mo Wen's mobile phone suddenly called.

"Officer Mo, what do you want to see me about, it's not because of Mo Xiaomi, is it?"

As a result, the opposite party said anxiously.

"Yes, it's Mo Xiaomi, she's going to get into trouble this time, she just said that they are going to go racing with some rich kids on the road, it's illegal! And it's too dangerous, your hurrying to stop her."

Hearing Mo Wen's anxious words, Ye Lu finally understood what the exciting thing Mo Xiaomi was talking about, it was probably that she was planning to take him to a car race, or race him to a car race, in any case, she wanted to scare him a bit so that he would admit his weakness.

However, judging from Mo Wen's words, it was mostly the former, Mo Xiaomi definitely wanted to show herself her drag racing skills, and probably thought of scaring the piss out of herself or something.

However, since Mo Wen had already spoken about this matter, that Ye Lu must not be able to ignore it.

He thought for a moment and said.

"Officer Mo don't worry, tell me the time and place, I'll see if it's still too late."

Mo Wen quickly said a location and time, Ye Luo quickly checked in his glasses, and as a result, he found that the place was not very far away from here.

"That's right, low profile, low profile!"

He was about to rush there, but then he suddenly remembered what Long Fei Xue said earlier about it being best to keep a low profile in the capital, so he quickly found a small shop on the roadside and then bought a pair of black silk stockings.

Following that, Ye Luo ran towards the designated location.

On the street not far from Ye Luo, a dozen cars were already in position, but these were not all the cars that were participating in the race, there were seven cars that were actually racing, three of which were from Mo Xiaomi and her girl's team, and the remaining four were from those rich kids.

"Mo Xiaomi, why don't you just let me give you a kiss, why bother with all this effort?"

Mo Xiaomi didn't bother to talk nonsense with him, and directly started the car, then only then looked at this rich young man and said.

"Why talk so much nonsense, if you have the ability, let's see the real thing underhand, I can beat you even if I drive a carriage."

Hearing Mo Xiaomi's words, that rich young lady was not angry, but said with a smile.

"No matter what kind of carriage you drive, I am going to kiss you tonight, watch the road later, don't get hit and killed, I am not interested in your corpse."

When she heard the other party actually dared to curse herself, Mo Xiaomi pouted in anger, however, it was obvious that everyone liked the way she pouted in anger, and the crowd whistled and made a scene.

"You bastards, are you going to start or not, wait until you kneel on the ground and call your grandmother."

Mo Xiaomi shouted angrily.

Following this, a sultry woman next to the caravan raised her hand and dropped it again violently.

"Begin!"

As soon as her words fell, Mo Xiaomi and everyone else's cars flew off in a frenzy.

"Boom!"

The roar of the car was loud, and the difference in the performance of the cars showed at this point, the other party's car obviously accelerated faster than Mo Xiaomi and the girls' car.

However, this was the main road after all, and there were cars everywhere. Although someone had dealt with the situation briefly in advance, the scene was still chaotic, and the police might come at any time.

So, everyone wasn't afraid to drive as hard as they could, after all, life is not a joke.

However, just as everyone was concentrating on the acceleration, a strange guy with stockings on his head and several plastic bags on his back suddenly appeared.

To the surprise of the bikers, this guy didn't come in a car, but at a run, so fast that he flew to the side of the car and then "bang!" Then he slapped the car, followed by a lightning-like drift to another car and another slap.

The cars he slapped stopped as quickly as if someone had helped to apply the brakes.

Mo Xiaomi's car was no exception, and it was also stopped by this man's first slap.

In a flash, all seven cars stopped on the main road of the road.

And following that, the siren of a police car sounded.

"Holy sh*t! What's this?"

The crowd all looked at each other with blank faces.

Then Mo Xiaomi looked at the speedometer, which showed that her car had not yet accelerated to 100 mph, and she was instantly happy.

“Yay!”

She said with a snap of her fingers.

“Our car hasn’t gone over a hundred mph, it shouldn’t be considered racing yet, there are nine rules in total for racing in the city, this I remember very well, we are tightly just speeding, looks like we should be able to get away with it this time, those boys are probably going to be miserable, bye!”

She said with a smile towards the rich kids.

Those few rich kids were depressed beyond words at the moment, they weren’t too worried about being punished, they were depressed that what was a huge advantage, what was a sure win, had turned out to be like this, it was somewhat unacceptable.

“What was that guy just now?”

Someone asked in confusion.

The other you guy thought for a moment and said.

“It should be a robber, because I just saw him with stockings on his face.”

“Erm, are you sure it was stockings and not Batman?”

“Of course, it’s definitely a robber.”

“What’s a robber doing robbing us?”

.....

At this point, the guy at the head of the group said.

“Don’t be ridiculous, most of them are cultivators who are up to no good, but even cultivators I haven’t heard of any that can run that fast!”

This guy was dumbfounded for a good reason, because the cultivators he had ever seen, even the innate masters didn’t run as fast as Ye Lu.

Of course, this had to do with this guy’s short sightedness, and also because the vast majority of cultivators would not cultivate in this direction, cultivators were basically concentrating on cultivating martial skills, how to use magic weapons better and so on, this kind of savage rampage was not the path cultivators pursued.

At this time, Mo Xiaomi’s phone rang, and it was her old mother who called.

“Xiaomi, are you alright, Ye Lu has just passed, right? You scared me to death.”

Mo Wen said with a sigh of relief on the other side, because she had been calling Mo Xiaomi and sending messages to Ye Lu at the same time, just now she saw Ye Lu send an “OK” expression, she was relieved, she felt that this daughter was really too unconscious.

“Ye Lu ah, he did not come, he that coward”

Mo Xiaomi stopped here, because it suddenly occurred to him that that fellow just now couldn't be Ye Lu.

And at this moment, Ye Lu had already returned to the dormitory with his things, and in the dormitory, Mu Zi Ze was holding his mobile phone excitedly.

“Ye Lu, come and see, someone has just posted a video and a stocking warrior has appeared.”

Chapter 148

When he heard Mu Zi Ze's words, Ye Lu was instantly black-headed, the “stocking warrior” must be referring to himself, he did not expect the internet to spread so fast nowadays.

He didn't realize how fast the internet was spreading. So he echoed his words as he packed up his purchases.

“What ‘stocking warrior’, what are you reading?”

As a result, Mu Zi Ze took his phone over and said.

“Live streaming platform ah, the anchor is someone from our school, and it happened not far from our school, so I just happened to see it, this video is estimated to be on fire ah!”

Ye Lu thought to himself, it's better not to be on fire, why is it so hard to want to keep a low profile?

Mu Zi Ze, on the other hand, said excitedly.

“I can't, I'm not going to sleep, I'm going to brush the comments ‘666’ with everyone.”

Ye Lu ignored him, packed up his things and started to continue studying the “Pattern of Laws”, he had recently become addicted to smithing.

“By the way, that Mu Zi Ze, our department should be familiar with Chinese herbal medicine, right?”

Ye Lu asked as he drew the texture.

Mu Zi Ze said without raising his head.

“That's of course, there is no one more familiar with Chinese herbs than our department, even the thousand year old Lingzhi, it is said that our department knows where to find it, or at least knows where it is most likely to be found, and it is said that there are some more secret things that our department knows, but it seems that only our department leaders know about these.”

Ye Luo did hope that these things could be in the school's computer database, then there would be a chance that he could hack in and query them, but he had tried before and hadn't found them, it wasn't

that the glasses weren't technically sound, it was just that there was a limit to how good the glasses could be, for example, if you didn't know something at all, you couldn't query it.

Almost eleven o'clock, when Ye Lu was ready to rest, Mo Xiaomi sent a message again, this time it wasn't a phone call, probably worried that Ye Lu didn't answer it, she sent a direct text message.

"Ye Lu, the masked one just now can't be you, then I have to thank you more for breaking my car."

Ye Lu thought for a moment, then replied with two words.

"No."

Following that, he dropped his phone and laid down on the bed and started to cultivate.

In fact, the gong methods that Ye Lu cultivated did not really need to pose for a look, according to the instructions on the glasses, the cultivation gong methods that required constant posing were not the top ones, the top ones could be cultivated at any time, but of course this was also related to the cultivator's own realm and the degree of control over the gong methods.

Now Ye Lu can cultivate without having to pose, but there is still a long way to go before he can cultivate at any time, because he still has to concentrate on his mind to cultivate.

On the other side, Mo Xiaomi had just come out of the police station.

"Is it him or not?"

Although Ye Lu denied it, Mo Xiaomi still had some doubts, because this was too much of a coincidence, and this "stocking warrior" had never appeared before.

"It's a pity that I broke Sister Long's car."

Mo Xiaomi muttered in a somewhat depressed voice, then started to call her mother Mo Wen, as she couldn't leave yet, she had to wait for her sisters to come out.

"Old Ma, how tall is that Ye Luo you mentioned, what does he look like, how fat and thin is he?"

She began to ask carefully, and the more she asked, the more she got the feeling that this person was Ye Luo.

"This brat, dare to fool me, tomorrow I'll go over there to see for myself."

After hanging up the phone, Mo Xiaomi said with some anger.

She had never seen someone who was so disrespectful as Ye Lu, avoiding herself as if she was avoiding a flooding beast.

Inside the police station, those few rich youngsters had already been sent to the detention centre, and although they were looking for connections, they were probably going to spend the night here.

"Young Jin, I said why did you go to so much trouble, if you like that wild girl, just hire someone to grab her and be done with it, just don't leave evidence."

A young man looked at the head of the young Jin and said.

“You don’t know sh*t.”

Young Jin said with a glare.

“Just find a random woman to f*ck, where I can’t find one with big breasts and long legs, it’s called eroticism you know, it’s so much fun, don’t you guys think you’ve been having a lot of fun lately?”

A few other guys nodded, indeed, for these boring guys, this kind of picking up girls was quite fun.

“So what are you going to do next, young Jin?”

Young Jin said after thinking about it.

“Of course we have to continue the race with those girls, she seems to have a very close god-sister, let’s use her to threaten this wild girl, I don’t believe she can escape from my five fingers mountain.”

The others chimed in.

“That’s right, fighting with our Young Jin is purely looking for death.”

As a result, Young Jin said with a glare.

“Die hair die, I want to live, you idiots.”

Hearing Young Jin’s words, the gang of boys all laughed heatedly.

The next morning, Ye Lu got up early and went outside to exercise, in fact, exercise was one aspect, on the other hand, he also wanted to get familiar with the surroundings, after all, he was going to stay here for four years.

He soon ran to a park not far from the school, in fact, it is more appropriate to say that it is a park rather than a mountain, other people have to charge an entrance fee to enter the mountain, but the students of “Yanjing University of Chinese Medicine” only need to have a student card.

Ye Lu showed his student card and ran into the mountain afterwards.

The mountain was not very big, but it was densely wooded and the air quality was really good, but soon an old man attracted Ye Lu’s attention.

Because this old man was actually smithing, this was the first time that Ye Luo saw someone else smithing.

He felt that apart from himself, there must be other cultivators who specialized in alchemy and weapon making, only that he had never seen them before, so this time he was very interested and he stood quietly next to them and watched carefully.

This old man was trying to repair a “magic weapon”, because part of the “pattern of laws” of the magic weapon had disappeared.

Finally, he seemed to have finally decided on a plan and took out an engraving pencil, ready to start engraving the “pattern of laws”, but Ye Lu finally couldn’t help but speak up.

In fact, Ye Lu didn't want to say anything, but this old man was going to repair a "Mortal Rank Upper" magic weapon, so he felt a bit sorry if it failed.

"That, old man, this will not work, it will ruin this thing, this line should be moved two millimeters to the right of this, and this arc should turn a half circle with a radius of two millimeters"

These of course are not Ye Lu's own research, it is the hints given by the glasses, this kind of remnants, the glasses will give hints and explain clearly the reason and meaning of each texture appeared, etc., the purpose should be to let Ye Lu understand more about the knowledge related to refining, in fact, in the time of alchemy also, there are many hints.

After such a long time, Ye Lu also basically understood the function of the glasses, this glasses was like a non-speaking tutor, guiding himself to become stronger in every aspect, however, Ye Lu did not know what exactly was the purpose of the owner of the glasses, or rather the maker of the glasses, in making such a thing.

However, one thing was obvious, and that was that the maker of the glasses was definitely a character too powerful to imagine, at least beyond the current Ye Lu's imagination.

When he heard Ye Lu's sudden words, the old man froze for a moment, not expecting anyone to be watching and pointing out the problems with the "Pattern of Laws" he had drawn.

He didn't talk to Ye Lu, but quickly looked down at it.

"Move two millimetres, that's here, and the half circle, it should be here"

He made the changes with a pencil and then carefully analysed it.

"Oops! Yeah, it does look like that, that would be a really perfect change, why didn't I think of that, I almost ruined the thing."

He said as if he had slapped his thigh as if it had dawned on him.

"Teenage boy, how do you know all this stuff, are you also"

He stopped at this point as he noticed that Ye Lu had long since disappeared.

"Huh! How strange, how could there be such a teenager?"

The old man had frozen on the spot.

And at this moment, Ye Luo, who was following the principle of keeping a low profile, had already run back to the dormitory, but before he could enter the door of the dormitory, he heard someone arguing.

"Why don't you let me in, these boys have gross privacy to look at, I'm a big beautiful woman who isn't afraid of losing out, what are they shy about, or you can just ask Ye Lu to come out for me."

Following that, Ye Luo saw Mo Xiaomi who was slapping the table.

As a result, the hostess master pointed at Ye Luo who was standing at the door and said.

"Girl, you found someone right there."

Mo Xiaomi then turned her head and looked Ye Lu up and down and said.

“You are Ye Luo?”

Chapter 149

To be honest, when she saw Ye Luo, Mo Xiaomi was also a little surprised.

She had heard her mother praise Ye Lu more than once, saying that Ye Lu was good-looking and so on, so she had always thought that Ye Lu would be a clean-cut little white face, white and pink and tender.

However, she did not expect that Ye Lu’s appearance was not at all what she had imagined. Although white but masculine and tough, he also had a bit of a cynical look that looked down on everything, manly, with angular features and a well-muscled body, not at all the kind of weak and uninhibited look.

In fact, Ye Lu was also a little surprised when he saw Mo Xiaomi.

He had thought that Mo Xiaomi was a heavily made up woman when he looked at the photos that time, but it turned out that she actually did not have much make-up on, just a plain face, only that the dress was too alternative, looking wild and sexy, which was probably not very acceptable to the general public.

Just like now, the two snow-white hemispheres were half exposed, the deep cleavage was clearly reflected in the eyes, in addition to the ultra-short fur-trimmed denim shorts, with a pair of powerful big white legs, it was indeed too easy to make men want to get into trouble.

“Yes, I am Ye Lu, what do you want to see me about?”

Ye Lu nodded and said.

As a result, Mo Xiaomi grabbed his hand and pulled him out of the dormitory building and walked to the side of the dormitory before he started talking.

Because just now Mo Xiaomi’s appearance had attracted a lot of boys to look around, after all, Mo Xiaomi was too attractive to these boys, no matter her looks and her styling.

“Ye Lu, was that guy in the stockings last night you? Don’t think that I won’t recognise you just because you’ve covered your face, I’d recognise you if you were ashes.”

Hearing her words, Ye Lu suddenly cried and laughed a little as he looked at Mo Xiaomi and said.

“Do we know each other that well?”

As a result, Mo Xiaomi looked at Ye Luo and said with a glare.

“Don’t be greasy and don’t think about me being your girlfriend either.”

Hearing her say that, Ye Luo hurriedly said.

“That’s best, nothing is wrong, I’m leaving.”

With those words, Ye Lu turned around and prepared to leave.

Only to be called back by Mo Xiaomi.

“Wait, Ye Luo, I’m looking for you for something else, can you help me go to a car race, just with those rich kids, they have to force us to go racing.”

Ye Luo shook his head and said.

“I can’t do this job, firstly, I don’t have a car, secondly, I can’t drive either, thirdly, why should I help you go racing?”

Hearing Ye Lu’s words, Mo Xiaomi was also a bit speechless, but then she followed and said with a glare.

“No need for you to really race, just go and break their racing cars, do something to make their cars run for a while and then stop, this is easy for you, right?”

For his part, Ye Lu said noncommittally.

“Sorry, this matter has nothing to do with me, goodbye.”

After saying that, Ye Luo prepared to leave.

Mo Xiaomi was too worried that those rich kids would go and find trouble with Sister Long, because Sister Long had enough trouble now, she couldn’t add to it.

So, she hurriedly shouted towards Ye Luo.

“Ye Lu, didn’t my mother ask you to take care of me? You promised her too, didn’t you? Now is the time to take care of me, you can’t keep your word!”

Ye Luo said with a smile.

“Didn’t you disagree when your mum said she wanted you to be my girlfriend? Why should I still take care of you?”

Hearing Ye Lu’s words, Mo Xiaomi immediately said.

“I agree, so that’s always okay.”

As a result, Ye Luo shook his head and said.

“You agree, but I don’t, so it’s better to forget it.”

This really pissed Mo Xiaomi off and she looked at Ye Lu with her crossed arms and said.

“Ye Lu, don’t eat your wine, you didn’t listen to my good advice, do you believe me that I will make your university life unbearable, I won’t let a good day pass, I am not scaring you.”

Hearing Mo Xiaomi’s words, Ye Lu stopped in his tracks.

To be honest, he was really worried about this, a good college life not to be messed up before it even started, so he thought about it and turned around and said.

“Okay, I will help you this time, but you have to be obedient, don’t do anything illegal and disorderly, let your mother save her breath, also, the place where you raced yesterday is too dangerous, I’m not talking about you guys, but for other drivers and also pedestrians it’s too dangerous, if you still want to race, you must change the place.”

Hearing Ye Lu agree to come down, Mo Xiaomi then said with a sigh of relief.

“Okay, don’t worry, this time it’s on a professional racing track, the same as ‘Akina Mountain’ in the movie, so don’t worry at all, I’ll pick you up in the evening.”

After saying that, Mo Xiaomi then said with a sigh.

“Ai! Unfortunately, my car has already been damaged by you, I am curious, Young Jin’s car is protected by the ‘weapon pattern’, how could it be damaged by you too?”

Hearing Mo Xiaomi’s words about “weapon patterns”, Ye Lu inquired curiously.

After that, he was surprised to find out that the “weapon pattern” Mo Xiaomi was talking about was actually a “pattern of laws” drawn on the car to protect it from dark energy attacks.

“There’s still this kind of operation?”

Ye Lu was dumbfounded by this discovery.

After that, Mo Xiaomi ran away in a huff.

He wondered if he should draw some “weapon tattoos” on Mo Xiaomi’s car, and how he should help at night.

And at this moment the rich young man, Jin Shao, was looking at another young man and said.

“Didn’t you say you were looking for a very powerful alchemist from the ‘Weaponry Sect’ to draw the lines, saying something about ordinary cultivators not being able to hurt this car at all, what the hell is going on here?”

It was common knowledge that cultivators used dark energy to destroy things, so naturally, artifact refiners were created to protect these things, and by drawing the “Pattern of Laws” or infusing true qi into the “Pattern of Laws”, a protective device could be formed on the item.

Ye Lu actually felt a little resistance yesterday, but the aura quickly penetrated that resistance, so he didn’t particularly care.

“This was really drawn by someone from the ‘Weaponry Sect’, if you don’t believe me let’s go find them.”

At the suggestion of the other guy, they took the car to the guy who had drawn the “pattern of laws” for them before, a large courtyard with a lot of people inside, and the sound of “clanking” of the rough billets of magic weapons could be heard.

This was a branch of the Weapon Sect in the capital.

“Master Xiao Liu, is Master Xiao Liu here?”

The other young man shouted inside, followed by a young man who came out.

“Brother Li, what is it? Is there anything you need?”

As a result, Xiao Li pointed to young Jin’s car and said.

“There’s something wrong with this car that you helped Jin Shao reinforce now, it was tapped yesterday and damaged from the inside, didn’t you say at the time that this was very difficult to damage.”

This little Liu master also looked confused as he thought about it and said.

“It shouldn’t be like that, because I didn’t draw this ‘weapon pattern’, my master did, wait, I’ll go and get my master to come and take a look.”

In a short while, an old man was found by Xiao Liu, and if Ye Lu had been present, he would have noticed that this old man was the same old man he had seen this morning.

The old man came over and then started to check on this car.

“It was indeed damaged from the inside, but how come it doesn’t feel like true qi, how on earth did this happen?”

The old man sensed something sinister was going on.

“What kind of person sabotaged it?”

The old man asked as he looked at Jin Shao.

For his part, Jin Shao shook his head and said.

“I don’t know, with stockings on, it feels like it should be a young man.”

The old man said with a nod.

“Well, I will help you draw another stronger ‘weapon tattoo’, but, young man, I advise you to stay away from this racing thing, that is, the weapon tattoo may not necessarily save your life.”

For his part, Jin Shao had a disbelieving look on his face.

At this moment, he was thinking about finding someone to give Mo Xiaomi’s car some tampering as well, so that that nee-san would also suffer some losses, following which, he looked at the old man’s disciple, Master Xiao Liu, who he felt was a good candidate.

At this moment, Ye Lu had already made up his mind and walked back to the dormitory. He decided to find a suitable “Law Tattoo” to try out on Mo Xiaomi’s car.

When he arrived at the dormitory, Ye Lu found that all the other people in the dormitory were already there.

Chapter 150

The remaining three people in the dormitory didn’t look as handsome as Mu Zi Ze. The one who impressed Ye Lu was the roommate who had been silent, this guy was close to being about two meters tall and covered in muscles, however, it wasn’t this that surprised Ye Lu a little, but because this guy still had quite a few scars on his body.

It looked like this should be someone who had been through many kinds of battles.

This guy only lightly said his name, Jin Kun, and then said nothing else.

There was another one who looked like he was very hung over, sitting there claiming to be the boss, then threatening that he could cover anything that happened in the school or even in the capital in the future.

The name of this guy was Nie Yibiao like others, and Ye Lu felt that he was indeed a bit of a bully.

However, looking at Nie Yibiao's big gold chain and small gold watch, his family should be extremely rich.

The last one had a very low presence, looking ordinary and even a bit obsequious, his name was An Le.

Of these four, Mu Zize and Nie Yibiao came from the capital, while An Le came from Jiangnan City. As for that Jin Kun, no one knew where he came from because he was too silent, but judging from his clothes and the things he brought with him, his family should be quite poor.

In fact, although there were five people in the dormitory, Nie Yibiao was the only one who mainly spoke, and he had the audacity to call himself the boss and then asked everyone to call him "Brother Biao".

He called himself "Boss" and then asked everyone to call him "Brother Biao". The people didn't have any problem with this, Mu Zize and Ye Lu didn't care about this, while An Le looked like he was going against the grain and called him whatever he wanted to call him.

When it was almost noon, Nie Yibiao yelled at everyone.

"It's noon, everyone stop being busy, let's go, my treat, let's all go for a meal together, whoever doesn't go is not giving me face, don't forget, I'm the boss."

Anyway, there was a treat, so everyone walked out together without excusing themselves.

Not to mention, Brother Biao was really generous and took everyone to a rather opulent looking place after they came out.

"See? 'Big Rich Restaurant', only a big rich man like me can afford to eat there, so today I'll let you all be rich too."

Brother Biao said as he pointed to the hotel sign.

However, only Mu Zi Ze politely said.

"Let Brother Biao break the bank."

The remaining three of them, Ye Lu, didn't say anything, which made Brother Biao a bit bummed out, in his plan, it was supposed to be everyone praising him a handful of times.

"Ahem! Let's go then."

The five of them soon walked into the "Big Rich Restaurant".

As expected, the interior was just as beautiful as the outside, and Nie Yibiao was not ambivalent.

"Not enough, it's all on me."

Nie Yibiao said boldly.

After all, we were going to spend four years together, so if we were too polite, it would be endless, and Nie Yibiao's personality didn't like to gossip.

Soon, everyone had a good drink.

However, it was basically just Nie Yibiao and Mu Zize talking, and then Ye Lu and An Le occasionally echoed a few words, because the topics Nie Yibiao talked about were too high-end, and Ye Lu felt unable to intervene.

However, just as everyone was eating and drinking quite lively, a girl suddenly walked in with a middle-aged man.

This woman came in and then looked at An Le and said with a cold smile.

"Yell! Isn't this An Le? Why did you and your friends come to such an upscale hotel to dawdle over food and drinks?"

Seeing this woman, An Le's face immediately turned blue, but he didn't say anything but buried his head even lower.

Seeing An Le's appearance, the woman became even more arrogant as she smiled and pointed her finger at the middle-aged man beside her and said.

"Let me introduce you, this is the manager Zhao I was talking about, see, this is the designer bag that manager Zhao bought for me, limited edition, do you know how much this bag costs? It's enough for you to earn a few years working."

"And this watch, see, Patek Philippe, you can't afford a watch like this in your lifetime"

Hearing the girl's words, An Le's head bowed even lower.

Nie Yibiao, who was sitting next to Ye Lu, saw this situation and was immediately about to get angry, however, Ye Lu raised his hand to stop him and then looked at the woman and said.

"This lady, seeing how beautifully you are dressed, he must have spent a lot of money chasing you, right?"

Hearing Ye Luo your words, the girl immediately said arrogantly.

"That's for sure, do you think I'm someone who can be looked at by anyone?"

Ye Luo then continued.

"If my guess is good, he should have spent several thousand to chase you, while he got more from you, right?"

Hearing Ye Luo say something about several thousand, the faces of this man and woman both changed.

The girl immediately burst out in anger, while the man froze for a moment before his face turned calm again.

“What several thousand, this limited edition bag is more than 100,000, do you know how to read goods or not, at a glance you are also a dirt bag.”

Ye Luo was not dressed prominently, and with Nie Yibiao’s staggering appearance, anyone could tell at a glance that he was the one treating the guests this time, and everyone else was just eating.

Hearing her out, Ye Lu wasn’t angry as he looked at the girl and said.

“Well then, let me talk to you, this limited edition bag of yours is a fake, there should be a number on the top of the bag, it might be hidden, however, you can definitely find it, you can go and check to see if this number corresponds to this limited edition model, this is easy to know.”

Following this, Ye Lu then continued.

“Also, your Patek Philippe watch is also fake, you can go to any jewellery shop and check to see if the white gold and gold and diamonds on it are real, this is also easy to figure out, of course, this is something this man named Peng Tao beside you knows better.”

Hearing Ye Lu say “this man named Peng Tao”, the girl immediately froze, while the man showed an extremely puzzled and frightened expression.

“Honey, isn’t your name Liu Qiting? How come he said your name is Peng Tao, what’s going on here?”

The middle-aged man did not answer her words, but turned around and said.

“Inexplicably, let’s go.”

Ye Luo then said quickly.

“If you’re smart, you’d better tug him, don’t you want to know the truth?”

The girl quickly raised her hand and grabbed Peng Tao’s arm, then looked him in the eyes and asked.

“Liu Qiting, what the hell is going on here?”

Also looking puzzled were the few people who were eating, everyone was also a bit confused by Ye Lu, especially An Le, who knew very well that he and this girl should have never met Ye Lu before.

Peng Tao, who had lied about being Liu Qiting, was in a state of panic at the moment, as he had never thought he would capsize here.

Seeing that he didn’t say anything, Ye Lu continued with a smile.

“Peng Tao, how many people have you cheated, you didn’t even count, let me tell you, this is already the thirteenth girl, the number doesn’t sound too auspicious oh!”

Following that, Ye Lu then looked at him and continued.

“In fact, you are not a manager of anything, nor do you have any culture, let alone any property, you are addicted to gambling, and spend a lot of money, all the money you cheated has been all made by you, right?”

Hearing also finished, that girl then looked at Peng Tao almost frantically and asked.

“What he said is all true, right? You are a liar, aren’t you? You say you are not lying to me, you say ah, you are not lying to me, I am really blind, also for unlocked so many poses, you son of a b*tch

As a result, the man impatiently shrugged her hand away and said.

“F*ck off, you think you’re a fairy that is a man to be infatuated with you, you boobless, assless thing, I’ve been tired of you for a long time.”

Seeing the man beside her suddenly showing such a face, the girl went completely mad, she reached out her hand and scratched desperately at the man’s face.

Immediately the hotel security guards ran over and shooed both away.

“Okay, the world is clear now, An Le, don’t care, such a woman is not worth grieving or cherishing, I have met such women before.”

Ye Lu poured a glass of wine for An Le and said with a smile.

However, he was calm, Nie Yibiao and Mu Zize were not, they looked at Ye Lu with a surprised face and asked.

“Ye Luo, how did you know these things just now?”
