

Super Student 161

Chapter 161

Once on stage, Long Yu pulled out a whip from his waist and “snapped!” said with a flip of the whip.

“Sister Feixue, don’t worry, you have to be out in the open every day, so I won’t leave wounds where you can be seen, and the family doesn’t want to affect business, but don’t blame me for giving you a more deflated whip in other places!”

She said as she stared at Long Fei Xue’s breasts and laughed.

This pissed Long Fei Xue off, this was her scales of defiance, she hated it when people talked about her breasts, so she took out her ice and fire gloves and said coldly.

“You don’t need to throw your head around anyway, so I’ll just beat it up.”

Seeing Long Fei Xue take out her magic weapon, Long Yu once again laughed and said.

“Giggle! Now you’re the only one here, sister Feixue, who is still using a ‘Mortal Rank Middle Grade’ magic weapon, right, hey, you’re still really poor, your martial skills are rubbish, your magic weapon is rubbish, and your cultivation is still rubbish, tsk

This Long Yu’s mouth was so damaging that Ye Lu couldn’t look at it anymore, he stood by and looked at Long Feixue and raised his fist and said.

“Feixue, dislike her to death!”

Hearing Ye Lu’s words, Long Feixue “pfft!” laughed, then nodded and said.

“I... I dislike her!”

With those words she put on her gloves and took up a stance.

On the other hand, a son of the Long Family next to Ye Luo looked Ye Luo up and down for a moment, then said with disdain.

“Hey! Where are you from, you second pen? How dare you come to our Dragon Family and be arrogant.”

Ye Luo said as he glared at him.

“What do you care where I’m from, get lost.”

As a result, this brat immediately roared in anger.

“F*ck, so arrogant, dare to practice on the stage later?”

Ye Lu looked him up and down for a moment and said.

“You’re too weak, not interested.”

This guy was just like Long Fei Xue, a “Huajin powerhouse”, and Ye Lu had disliked many such people, so he didn’t care about him at all.

However, this kid was pissed off, and he lunged at Ye Lu viciously, with the words on his lips.

“You want to die!”

However, immediately afterwards there was a “Boom!” The guy drew a parabolic line like a kite and landed far away from the ground.

“Noisy!”

Ye Lu slowly retracted his kicked out leg and said indifferently.

The two men standing on the “martial arts stage” did not expect to fight before they started, but when they saw Ye Lu’s kick, Long Yu frowned and Long Fei Xue laughed.

These guys were used to being arrogant all day long, and Long Fei Xue had long since grown tired of seeing them.

At this time, the children of the Long Family all “hooted and hollered!” But a young man who had been sitting at a distance tapped on the table and said.

“Be quiet, private fights are forbidden in the martial arts arena, don’t you know the rules? If you want to settle any grudges, go to the ‘martial arts stage’ to settle them later.”

Hearing the young man’s words, the crowd quieted down.

On the stage, Long Fei Xue then looked at Long Yu and said with a smile.

“Come on!”

Long Yu coldly snorted, and then waved his long whip, which lit up with light and brought a harsh wind sound towards Long Feixue.

Long Feixue quickly began to dodge.

She had only learnt two types of martial arts techniques, one was footwork and the other was palm strike, so her dodging was not too bad, and she had been practising these two moves diligently, so she was extremely familiar with them.

In a flash of lightning, the two of them had already passed three moves.

Long Fei Xue jumped back, away from Long Yu, and then said with a smile.

“Three strokes have already passed oh!”

Just now Long Yu said that he could beat Long Feixue down within three moves, but now three moves had passed and Long Feixue was unharmed, which was undoubtedly a barefaced slap in the face.

“Humph!”

Long Yu coldly snorted, she was actually sparring with Long Fei Xue for the first time, so she didn’t know that Long Fei Xue’s footwork would be so good, she had been hearing others say that Long Fei Xue had basically never won in sparring, that’s why she said the big words she just said.

In fact, there were reasons why Long Fei Xue did not win, firstly, the gloves were in Ye Lu's hands before, she had no magic weapon, so her attacks were too weak and it was hard to cause powerful attacks, secondly, her true qi was limited and it was hard to sustain the fight, and thirdly, the quality of her martial arts was too poor many times she could not hit others.

Following that, Long Yu continued to start attacking.

However, Ye Lu immediately saw the problem with Long Yu's attacks, she should indeed be very scrupulous about leaving wounds in the exposed areas of Long Fei Xue, so the strokes of her whip would sometimes be somewhat deformed.

For example, originally a move was to whip Long Feixue's thigh, but she would change her move midway to whip her stomach instead, which prevented her moves from flowing smoothly, and would leave a hint of a break in the change of shine.

Long Fei Xue was so smart that after a few strokes she fully understood the move and then, while Long Yu was changing her stance, she reached out and grabbed Long Yu's hand with a "bang! She grabbed the whip in Long Yu's hand with a bang.

Seeing this scene, Long Yu laughed and said.

"What, you want to take my whip and compete with me for strength?"

Her true qi was far stronger than Long Feixue's, so she was not at all worried about Long Feixue grabbing her whip.

As a result, Long Feixue also laughed as she looked at Long Yu and said.

"Let go!"

Following that, the whip suddenly lit up with fire.

It was so sudden, and Long Yu was not wearing gloves in her hands. She let go with a scream.

"Hey, hey! The whip is mine!"

Long Fei Xue grabbed the handle of the whip with her other hand and lashed it towards Long Yu.

"Xuan-rank magic weapon!"

Long Yu muttered out of her mouth, still in shock, but the whip had already come over, so she dodged fiercely, but she was still a step too late and was slightly struck by the whip on her thigh.

Following this, she felt a chill on her thigh, as if it were frozen, and then a stumble.

She looked down, only to find to her horror that there were actually ice crystals left on her thigh where it had been lashed.

"That's right, a Xuan-rank magic weapon, it's definitely a Xuan-rank magic weapon!"

This blow made the quality of the weapon in Long Feixue's hand even clearer to her, and she raised her hand and said loudly.

“Long Feixue, you actually stole the family’s ‘Xuan-rank magic weapon’, how dare you!”

However, Long Feixue paid no attention to her, this was the magic weapon given to her by the family, she had nothing to worry about as she waved her whip once again and said.

“Long Yu, be a good boy and admit defeat, lest you suffer.”

“Snap!”

Long Yu tried to dodge, but the cold thighs deformed her movements so badly that she could not dodge the whip at all, only for it to strike her squarely on one side of the hemisphere, “POW!” There was a thud and this time she was knocked to the ground.

However, she refused to admit defeat, but turned her head to the young man who had been sitting there and said.

“Brother Fei, she stole the family spell.”

Brother Fei did not reply, but frowned at Long Feixue and began to think back.

At this time, Long Fei Xue had already put the whip into her other hand, and the whip instantly turned into a fire dragon as she swung it and said.

“Do you concede defeat or not?”

This time Long Yu was afraid, she quickly nodded and said.

“I concede defeat, concede defeat.”

The people around were in an uproar, because “Xuan-ranked magic weapons” could not be used by these low ranking children, even the earth-ranked Xiantian masters of the “birth breath realm” would not allocate Xuan-ranked magic weapons, but now it appeared in Long Fei Xue’s hand, and it was too strange.

“It’s not really stolen, is it?”

“Most should be.”

.....

While everyone was talking, that youth then beckoned to Long Feixue and said.

“Long Feixue you come over here and show me that pair of gloves of yours.”

He had already remembered that the gloves the clan had given Long Feixue were indeed a set of “Ice and Fire Gloves”, but they were of “Medium Mortal Grade”, and judging from the power Long Feixue had just exerted, it was obvious that only a “Xuan Grade magic weapon” could exert them.

“It’s really the ‘Ice and Fire Gloves’, how did you turn it into a ‘Xuan-rank’?”

After getting the “Ice and Fire Gloves”, the young man named Long Fei stared in shock as he found out that it was indeed the magic weapon distributed by the family to Long Fei Xue, only that the grade had actually increased by a large margin.

For her part, Long Fei Xue nonchalantly took back the gloves and said coldly.

“This doesn’t belong to the family, does it?”

She didn’t want to expose Ye Lu, and she didn’t have any good feelings towards this family either.

Hearing Long Feixue’s words the youth frowned and fell into deep thought.

At this time, a son of your Long family had already jumped onto the “martial arts stage” and he pointed at Ye Lu and said in a loud voice.

“That bastard, weren’t you arrogant just now, come up here.”

This was an innate expert of the “Tirthirh Realm”, and Ye Lu just had the itch to test how much he had improved in the past two months, so he jumped onto the “fighting platform” without hesitation.

Seeing Ye Lu jumping onto the stage, the “Tirth Realm” expert held up three fingers and said arrogantly.

“Three seconds, I only need three seconds to make you go down!”

Then, this guy rushed forward like lightning.

And with his mouth full, he said.

“One second!”

However, it was obvious that he was a little overconfident and too careless, as Ye Luo punched him fiercely when he rushed close, directly disliking him and flipping him to the ground.

Seconds!

The whole room was silent.

Chapter 162

When Ye Lu had just gathered his second strand of aura, he was able to fight with two Innate masters of the Placental Breath Realm.

The young man, Long Fei, who was about to say something more to Long Fei Xue, also stopped and looked straight at Ye Lu on the stage.

He was also stunned by Ye Lu’s strike.

The body of an innate expert was also known as the “innate body”, which was basically free from disease and had a strong vitality, so it was not easy for an innate expert of the same level to knock his opponent out.

“Could it be that an expert from the ‘Pulse Raising Realm’ has come to smash the Long Family?”

He frowned at Long Fei Xue as the person had come with her, however, what puzzled Long Fei the most was that he did not see Ye Lu release his true qi, it was as if he had directly used his physical body to dislike him hard, he could not understand this matter.

Long Fei Xue, on the other hand, shrugged his shoulders and said.

“It’s none of my friend’s business, right, they were the ones who provoked it in the first place.”

Indeed, it was the sons of the Long Family who insulted Ye Lu first to begin with and then openly challenged him on the stage, which led Ye Lu to go on stage.

For his part, Ye Luo looked blandly at the sons of the Long Family and said.

“Who else?”

To be honest, with just this one kid, he was not enjoying the fight, since the last battle on Tianma Mountain, Ye Lu had not had a good fight again for close to three months.

“Kid, don’t be arrogant, let me clean you up.”

With a loud roar, a tall guy with a muscular body jumped up, and in his hands were two boxing gloves made of some unknown metal.

This pair of gloves was completely different from Long Fei Xue’s, with an exaggerated shape, just like this man’s hands turned into iron hands, and at the moment a white glow was emanating from the gloves, obviously the other party had infused them with true qi.

“Drink!”

To add to his momentum, he even shouted out as he threw a punch.

“Boom!”

Ye Lu didn’t dodge either, he poured his aura into his hand and disliked it straight.

“Whoosh!”

The strong man was sent flying, and then he hit the guardrail and tumbled out of it, falling outside the “martial arts stage”.

The Long family’s children who were just cheering for the fight instantly fell silent, the strong man was a cultivator of the “Placental Breath Realm” and was wearing a “Mortal Rank Upper Grade” magic weapon in his hand, he was actually sent flying with such a blow, how strong was this Ye Lu.

“How strong was this Ye Lu? Peak? Or was it the “Pulse Raising Realm”?”

Of course, just like that Long Fei, the others were also puzzled by the fact that Ye Lu did not have any outgoing true qi, nor did he use any magic weapon, and it looked as if he did not even use any martial arts skills, he just disliked him hard.

“What kind of path is all this?”

Some people started muttering in disbelief.

This kind of wild way of fighting was something that, to be honest, no one had ever seen before.

For his part, Ye Lu shook off his hand, as the hard dislike he had just given was still quite painful, and even with the protection of his aura, it was still very unpleasant.

After shaking off his hand, he then looked at these guys below and said.

“It’s you guys who have been bullying Long Fei Xue, isn’t it? Today I will help her get this back, all those who are not convinced come up together.”

Hearing Ye Luo’s words, the sons of the Long Family were in chaos at once.

And that young man, Long Fei, also stood up and took a step forward.

Seeing this scene, Long Fei Xue smiled and said.

“Brother Fei, you don’t want to take a shot at someone who doesn’t even have Dark Energy, do you?”

Hearing Long Fei Xue’s words, Long Fei immediately frowned as he asked in disbelief.

“He really has no dark energy?”

Long Fei Xue then said with a smile.

“Have you ever seen him let his true qi out? And have you ever seen him use a magic weapon? No, because he can’t do it at all, he just uses his body to fight.”

Although Long Fei Xue knew that Ye Lu was very strong, she was still a bit worried that Ye Lu would have a hard time dealing with a master of the “Pulse Raising” realm.

The reason is that when she came here, Long Fei Xue had asked Ye Lu, Ye Lu did not have a suitable magic weapon, and only knew one martial art, and he basically relied on dislike in fights, which was undoubtedly Ye Lu’s shortcoming.

At this time, another person shouted out and said.

“Kid, don’t be arrogant, let me clean you up.”

This guy could see that Ye Lu had no magic weapon, nor could he exude his true qi, but his strength was terrifying.

Therefore, as long as he used a magic weapon with a long attack radius to keep Ye Lu from getting close to him, he should be able to defeat Ye Lu.

Ye Luo was too lazy to talk nonsense with him and hooked his hand directly towards him.

The lance in this guy’s hand was like a poisonous snake coming out of a hole and fiercely stabbed towards Ye Lu’s chest, but then he realized that Ye Lu had no intention of dodging.

If this shot was really poked up, it would definitely kill someone, this was not a joke.

“Holy shit!”

When he saw that he was about to poke, he could only violently change his move to stab Ye Lu’s shoulder blade instead, a place where he would not die and could still seriously injure his opponent.

However, this hesitation of his gave Ye Lu time, Ye Lu raised his hand and quickly grabbed the barrel behind the head of the gun, then with one hand force, the guy holding the gun was lifted straight up, just like a meatball skewered on a bamboo stick.

“Hey, hey, talk is lively, but it’s not unbearable.”

Ye Lu fiercely shook the gun barrel, powerful aura through the gun barrel acted on this guy’s body, threw him far all out hanging on the ceiling chandelier swayed up.

“Alright, this guy is dead, which one of you is up?”

This time no one went on, everyone felt that although Ye Lu did not follow the rules, but it was too damn difficult, and also dared to play with life, this seems to go on also suffer not to please ah.

The company’s main business is to provide a wide range of products and services to the public.

The leaf fall then smiled and said.

“No one is coming, is that so, very good, very good.”

After he finished speaking, the crowd all silently breathed a sigh of relief, but, followed closely by Ye Luo, he said.

“Since none of you have come up, it’s my turn to go down, don’t think I’ll let the bullying of Long Fei Xue go like that, the ones who bullied her, and the ones who watched her being bullied regardless, all of you present have a part to play.”

With these words, Ye Lu quickly took off his shirt and threw it on the “fighting platform”, then jumped off the platform.

“What the hell.”

“Fuck! Let’s go together and beat him to death!”

“Do you really think there’s no one else in our Long family?”

.....

There were quite a few sons and daughters of the Long Family in the martial arts arena, and of course they refused to show their weakness, and the scene was in chaos.

Even Long Feixue was stunned by this scene, she didn’t expect Ye Lu to be so wild.

Ye Luo’s hands were so strong that he knocked over several of them, and then he raised his voice to the sky, honestly, this was too much, Ye Luo had wanted to have a fight for a long time, anyway, this was all done by “Mr. Luo”, it was none of his business.

In a short while, a large number of the Long family’s disciples were knocked over, as many of them were strong practitioners of Hua Jin, but they could not take a single blow in front of Ye Luo.

“That’s enough, all stop!”

At this time, that young man Long Fei yelled out with a frown.

All the people from the Long family stopped their hands at once, but Ye Luo didn’t stop, and this time those who stopped were unlucky, and instantly several more people were down.

“I told you to stop, didn’t you hear me?”

Long Fei looked at Ye Luo and said coldly.

Ye Luo, on the other hand, said without raising his head.

“Holy shit! If I stop when you tell me to stop, wouldn’t I lose face, besides, who are you? Why do I have to listen to you.”

Hearing Ye Fei say that, Long Fei suddenly and inexplicably felt that what Ye Fei said seemed quite reasonable, he really wasn’t a son of the Long family, so there was really no need to listen to himself.

“Day, there’s a gross reason.”

Following that, Long Fei then dashed towards Ye Luo like lightning.

Ye Luo turned his head to look at him with a heated smile.

“Finally, a decent one.”

Immediately after that he blasted straight ahead, and Long Fei also happened to want to test whether Ye Luo had true qi in his body or not, what kind of cultivation level he had, and how hard he was, so his fist suddenly lit up with light, and he disliked Ye Luo hard.

“Boom!”

Following that, to everyone’s dismay, Long Fei was actually disliked by this blow and flew out as well.

Silence!

Absolute silence, everyone was stunned, followed by everyone talking about it.

“Wow shit!”

“No way!”

“Holy shit! What the hell?”

.....

All the children of the Long family present went crazy, even Long Fei Xue’s eyes were wide and her mouth opened wide.

Chapter 163

No one expected this result, if everyone knew that even Long Fei would be disliked, everyone would have stopped fighting with Ye Lu long ago, why bother?

Long Fei sat on the ground in a mood that was not calm for a long time either.

Because he found out that Ye Lu’s body really had no true qi, and that Ye Lu really fought by just disliking him hard, and what was even more bizarre was that he actually disliked and lost.

“Dab!”

He stood up with a shake of his body and pulled out two extremely short weapons called “Finger Tigers”.

“They consisted of four rings that were fused together and a handle that could be gripped. When used, the four fingers passed through the rings and gripped the handle underneath, while the outside of the rings could be used to place spikes or even blades to hurt the enemy.

This kind of magic weapon, which is attached to the fingers, is a favourite of secular practitioners.

“Ding!”

However, Long Fei’s pair of finger tigers was not a “Xuan-rank” magic weapon, because this most practical magic weapon was already very rare, and if it was “Xuan-rank”, it would be too precious and hard to find, and it would not be something that he could have at the early stage of the “Pulse Raising Realm”.

“Not bad, you’ve really opened my eyes.”

Long Fei said with a somewhat grave expression as he looked at Ye Lu.

Although he did not feel the presence of true qi from his opponent’s body, he did feel an aura from Ye Lu’s body, which made him understand that Ye Lu was definitely not a person who could be easily dealt with.

However, now that the face of the Long Family was at stake, this battle he had to fight.

When Ye Lu saw that the light on the spikes of his finger tiger was half a foot long and looked just like the long knife sticking out of Wolverine’s hand in the movie, he understood that this guy should be using all his strength.

He had only one move at the moment, and that was the simple version of the Candle Dragon Finger that he had learnt from the “Dharma Society”.

“It’s true, too few martial arts skills are a disadvantage!”

Ye Lu muttered secretly, and at the same time, he began to run his spiritual energy to prepare to use the “Candle Dragon Finger”.

“Drink!”

Long Fei jumped up, then swung his fist and attacked.

His fighting style was indeed a fist technique that worked with the “Finger Tiger”, fierce and fierce, with the sound of a tiger’s wind, but this was what Ye Lu was waiting for.

If it was a small step, he would not be able to take it, but this kind of fierce duel was his favourite.

He had already gathered his aura and when his fist came over, he fiercely pointed out his finger, just in time to hit Long Fei’s fist.

The “Candle Dragon Finger” was not just a simple poke, it was a finger that contained a dark energy attack, and the force of the finger penetrated directly into Long Fei’s body through his true Qi defence.

“One Yang Finger!”

As expected, Long Fei also saw this finger as the most famous “One Yang Finger”.

Ye Lu had already kicked him out again when he was surprised.

“Thud!”

This time Long Fei did not come up again after he fell, he stood up and looked at Ye Luo and said.

“I wonder what your name is, Long Fei is convinced of his defeat.”

Ye Luo then said indifferently.

“I just want to say that as people from the same family, we are all connected by blood, and we are born from the same root, so why do we have to fry each other, if I had brothers and sisters, I would never do this.”

As he spoke, Ye Lu suddenly became a little sad, he had been an orphan since he was a child, and had not yet experienced this kind of feeling between brothers and sisters.

However, following that, Long Fei then said with a straight face.

“Although I admire your Excellency, this matter concerns the honour of the Dragon Family, and our Dragon Family will never rest in peace.”

After saying that he then glanced at Long Fei Xue, Ye Lu was brought by Long Fei Xue, so Long Fei Xue couldn't get away with it either.

After all, Ye Lu had made too much of a fuss this time, not only had he beaten up a large group of the Long family's children, but he had also beaten up Long Fei, who was in charge of the “martial arts stage”.

However, she was more worried that it would be troublesome if the higher-ups came later, so she looked at Long Fei and Ye Luo and said.

“Mr. Luo, let's go.”

Ye Luo smiled, then jumped onto the fighting platform and picked up his clothes, following which he walked out of this martial arts arena together with Long Fei Xue.

“Long Feixue, do you think I've caused no small amount of trouble?”

On the way Ye Luo looked at Long Feixue and asked with a smile.

Long Fei Xue then shook her head and said.

“Why not, you also stood up for me, I can't thank you enough.”

This was her sincere words, she just had a bit of a headache on how to end it next.

For his part, Ye Lu continued.

“Don't worry, I've already thought of a way, you tell that Long Fei, just say that I can help him raise that pair of 'Finger Tigers' to the 'Lower Xuan Rank', as for what to do afterwards, he will have it in his own mind.”

In fact, this matter was big in terms of big, but small in terms of small, big in terms of big, it was him provoking the Long family, small in terms of small, it was just a conflict where his own people didn't beat others.

Seeing Ye Lu actually think so much of himself, Long Feixue's heart sweetened for no reason, then smiled and said.

"It's a pity that it's cheaper for him."

Following that, she stopped the car and talked to Long Fei, and sure enough, Long Fei immediately agreed without hesitation.

When Long Fei had just seen Long Fei Xue's pair of "Xuan-rank" gloves, he was already envious, and now when he heard that his beloved "Finger Tiger" could also become "Xuan-rank", his heart had already burst with joy.

After hanging up the phone, Long Fei's face was still beaming.

"Brother Fei, did some experts from the family promise to teach Long Fei Xue and that Mr. Luo a lesson?"

Seeing the expression on Long Fei's face, those guys who had just been knocked down immediately came over.

As a result, Long Fei glared and said.

"Teach a lesson, my ass, all of you listen to me, regardless of your age and generation, when you see Long Fei Xue in the future, you must address her as 'Big Sister', and never speak ill of her or target her again, do you hear me?"

The crowd was dumbfounded, what was this all about? Just now they said that the family couldn't spare her, but now they wanted to flatter her in a 180 degree turn.

On the other side of the car, Ye Lu looked at Long Feixue and said.

"That, Long Feixue, can you help me find a master?"

Hearing Ye Luo's request, Long Feixue froze for a moment, then asked in some confusion.

"What kind of master are you looking for, cultivators in the capital are basically family-based, unless they are from a certain family, they shouldn't teach martial skills to people with foreign surnames, even couples basically can't."

Ye Luo hurriedly explained.

"A master who doesn't need to teach martial skills, just one who teaches martial arts is fine, but not the kind of fancy fists and legs, but the kind that teaches how to fight practically."

Through the battle just now, Ye Lu once again found that he was a little too short in this area.

Long Fei Xue thought for a moment and said.

“Right, there really is such a person who is also an innate expert, but since he couldn’t improve his cultivation by an inch, he left his family and opened a martial arts school that teaches people free combat on his own, but since he teaches real fighting and killing things, so instead fewer people learn it, after all, many people learn this nowadays to strengthen their bodies, I’ll check it out for you later and see if it’s closed down No.”

Following, Long Fei Xue said again.

“However, this person seems to have an eccentric temper, it is likely that you will be rejected if you go to him, you wait for me to find someone with a hard relationship after all to help introduce you.”

Once Ye Lu heard that that was just right, so he left the matter to Long Fei Xue.

However, before Ye Lu and Long Fei Xue could go back, that Long Fei had already called impatiently, saying that he wanted to give the “Finger Tiger” to Long Fei Xue right now.

Long Fei Xue had no choice but to go back to get the Finger Tiger, while Ye Luo went back to school alone.

However, instead of going back to his dormitory, he went to the mountain next to the school to look for a place where he could make pills, he couldn’t do it in his dormitory.

As a result, after searching all afternoon, he was able to find a more suitable secluded place.

It was in the evening that Ye Lu hurried back to his dormitory, and just as he walked into the doorway of his dormitory, Nie Yibiao shouted.

“Ye Lu, you’re back, come on, we’ve already discussed it, we’ll go to the ‘International College’ on the East Campus tonight first, to see the beautiful girls in the English department, and to see the foreign girls in the ‘International College’ by the way.”

Ye Lu saw that Mu Zi Ze and An Le were also nodding their heads continuously, so they nodded their heads as well and said.

“That’s good! Let’s go together, where’s Jin Kun?”

Only then did Ye Lu remember that Jin Kun seemed to have come back late last night as well.

“He, hell knows where he’s been, he hasn’t said more than ten words since school started, no girl will like him even if he goes to the East Campus, leave him alone.”

Nie Yibiao said as he dragged Ye Lu outside.

Soon the four of them arrived at the “International College”, which was known as the “first class of beautiful women”.

Chapter 164

Since he was going to the East Campus, Ye Luo definitely had to contact Gushiqi and Liu Mei, both of whom he had not seen for a long time, and Ye Luo missed them a little.

So, Ye Lu contacted them halfway.

As it turned out, Gushiki was not at school, she had gone to the antique night market in the city.

“Ye Luo, you must come with me to shop around some day, there are really so many things here!”

Gu Shiqi said with some excitement on the other side of the phone.

Ye Luo certainly wouldn't spoil her fun, so he promised that when the military training wasn't busy, he would go to the antique market with her when he was free, he had some things he wanted to exchange himself anyway.

When he called Liu Mei, it showed that her phone was switched off.

“Nothing is going to happen, right?”

Ye Lu was a bit worried, Liu Mei's phone was rarely switched off.

In the “International College”, there were indeed students from all countries everywhere, and Ye Lu had never seen more foreigners in his entire life than he had seen in this small meeting.

However, to be honest, in Ye Luo's opinion, the quality of these girls was really not as good as it was said to be, many of the foreign women had good bodies, but their looks were a little less than Ye Luo's aesthetics, but there were several mixed-race people who looked quite good.

“Not as pretty as the beautiful women.”

Nie Yibiao said with some disappointment.

However, Mu Zi Ze held a different view as he smiled and said.

“It depends on who you're comparing yourself to, in all conscience, are there a lot more beautiful women than in our department, plus you have to focus on the good looking ones, we're not a film and television school, how can everyone be a big beauty, right?”

“Think about the top ten school beauties in our school, aren't most of them from the ‘International College’ and the ‘Nursing Major’?”

Hearing Mu Zi Ze say this, Nie Yibiao and An Le both nodded their heads.

Nie Yibiao then continued to ask.

“Then how can we pull off a relationship with the beautiful girl from the English department?”

Mu Zi Ze said with a smile.

“This will require a bit of tact, the simplest is, when you see a beautiful woman later, you will go up and molest her, I will rush out and heroically save her, then whether or not we can successfully pick up each other, at least we can hook up with each other, right, then we can contact her roommate, bestie, classmate, aunt, old mother”

However, before he could finish his words, Nie Yibiao interrupted him and said.

“Why am I the one to molest?”

Mu Zi Ze said seriously.

“Because you have the image and temperament of a lewd rich second generation, of course you go, should I let An Le go, he’s more likely to be molested.”

Hearing Mu Zi Ze’s words, An Le scratched his head and laughed heatedly.

Nie Yibiao, of course, was not convinced as he continued.

“Then why don’t you two go.”

Mu Zi Ze said.

“I’m too svelte and Ye Lu is too handsome, don’t you see a lot of women coming and going pointing to look at him?”

This was indeed true, Ye Luo really attracted women when he stood there.

Thus, everyone bickered while going around the circle, and they all ended up hungry, so they were ready to jerk off to the roadside and then continue watching later, maybe they could even see a spring scene from the dormitory window.

However, outside on the street, Ye Lu suddenly saw Liu Mei in a shop where he bought a mobile phone.

“You guys wait for me here, I see an acquaintance.”

Ye Luo said and walked towards the mobile phone shop.

In the somewhat puzzled eyes of the three guys, Ye Luo had already reached the entrance of the mobile phone shop, and before he could enter, Ye Luo heard the boy who was beside Liu Mei say very attentively.

“Liu Mei, you just buy this latest one, don’t worry, I’ll pay for it.”

As a result, Liu Mei said very politely.

“Thank you, no need, I can afford to buy my own phone.”

The boy then continued.

“It’s not a question of whether you can afford it or not, it’s a small token of my appreciation.”

Liu Mei then said indifferently.

“Sorry, I don’t need it.”

At this time, Ye Luo walked in and looked at Liu Mei and said with a smile.

“Liu Mei, it’s been a long time!”

In fact, the two of them hadn’t seen each other for just a few days after school started.

Hearing Ye Luo’s voice, Liu Mei turned around with a surprised face and looked at Ye Luo and said.

“My phone just broke, I was worried that I would be worried if you couldn’t find it, so I rushed over to buy one, unfortunately I don’t know the configuration of these things, come and help me pick one.”

After saying that, she hugged Ye Lu’s arm and walked to the side of the counter, the boy who had just been there instantly turned blue, he could tell that Liu Mei was obviously doing it on purpose, trying to make himself aware of the situation.

For his part, Ye Lu looked at the counter forceful phone and said with a smile.

“Sure, do you like the big screen or the small screen one?”

Liu Mei said.

“The small screen one, it’s easy to hold.”

At this moment, not far outside the window, Nie Yibiao and his three brothers were not calm, Mu Zize, who liked to study beautiful women the most, pointed at Liu Mei in the mobile phone shop and said.

“If I’m not mistaken, isn’t that one of the ten most beautiful school girls?”

Nie Yibiao said as he looked at it.

“I think so, but I forget what her name is.”

“Liu Mei, I remember.”

An Le said as he looked at the glass window.

And Mu Zi Ze continued.

“Do you see if she’s hugging Ye Lu’s arm, so intimate, what’s going on here? Isn’t Ye Lu a single dog?”

Nie Yibiao then shook his head and said.

“Don’t you ask me, I don’t know Ye Luo as well as you do.”

In the shop, the male student was not calm, he turned to look at Ye Lu and said as he banged on the counter.

“You poor loser, who are you to pick up my goddess, who is your father? What does he do?”

Ye Luo said indifferently.

“I don’t have a father.”

The male student froze for a moment then asked again.

“Then what does your family do?”

Ye Luo said calmly.

“A pancake vendor.”

This time the guy really blew up, he glared and pointed at Ye Luo and said.

“How are you qualified to pick up my goddess when you’re a pancake vendor.”

When she heard this guy’s words, Liu Mei’s hand gripping Ye Lu’s arm tightened violently, she didn’t know that Ye Lu was actually very rich, she still thought that Ye Lu was the poor boy from before, she was afraid that Ye Lu’s pride wouldn’t be able to bear it.

Ye Lu, on the other hand, gently patted Liu Mei’s hand and then said with a smile.

“Because she likes me.”

As a result, the guy once again said indignantly.

“Why does she like you, do you have a house in the capital?”

Ye Lu said.

“No.”

“Then do you have a car?”

“No.”

“You don’t even have a hair, so why should you be able to pick up my goddess?”

Ye Luo smiled again and said.

“Because she likes me.”

This time the bastard was furious, he “snapped!” slapped the counter and said.

“Liu Mei, what’s so great about this two-pencil poor loser, why are you following him?”

Liu Mei hugged Ye Lu’s arm tightly and said with a smile.

“Because I like him.”

When Liu Mei finished speaking, Ye Luo stretched his hand towards the guy, then turned his head to look at the waiter and said.

“Alright, just the golden Apple 8.”

Hearing that Ye Lu was going to take the Apple 8, Liu Mei immediately tried to stop it again because she felt it was too expensive and she was worried that Ye Lu had taken out all his living expenses for the semester and it wasn’t worth it for this.

However, Ye Lu waved his hand at her, then took out a card and said with a smile.

“It’s alright, I still have your favourite gift to give you later.”

When she heard that she had a favourite gift, Liu Mei was a bit confused for a moment, because she couldn’t remember what her favourite gift was either, could it be that she had inadvertently remembered what she had said to Ye Lu before? She couldn’t figure it out.

And the boy standing on the side looked at Ye Luo and said disdainfully.

“Look at your outfit, you should stop pretending to be fat, I guess you have bought this phone with your year’s living expenses, why bother? What you said about your favorite gift, it’s not going to be getting a bouquet of flowers, shabby or not, what can’t I give away, see, that BMW X5 at the door is mine, as long as it’s with me, it’s Liu Mei’s, you poor bastard, can you afford to give away something so expensive? You’ll never be able to drive a car like that in your life.”

Hearing this guy’s words, Liu Mei saw that the waiter had already swiped the card, so she pulled Ye Lu’s arm and prepared to leave, she was a bit worried that Ye Lu would be unable to get off the stage.

As a result, Ye Lu smiled and patted Liu Mei’s hand, saying.

“Honey, there’s no rush to go.”

Then he turned his head to look at the boy and said.

“Brother, to tell you the truth, there have been many people who have acted like a pussy in front of me, and now they all have no face to see me again, and by the way, there is another one who has already passed away with the world, so I advise you better not to act like a pussy in front of me.”

Chapter 165

Hearing the words there, this guy laughed instead, he looked at Ye Lu and said.

“Come on, if you don’t have money, say you don’t have money, if you can’t afford to give away good things, just say so, I’m most annoyed with people like you, you don’t have any, but you’re pretending to be a pussy.”

After saying that, he then looked at Ye Lu in a provocative manner and said.

“The first thing you need to do is to send him a car, even a QQ, or a second-hand one, or an electric car, you can send it!

Just at this time, suddenly the door opened and then a middle-aged man dressed very decently walked in.

“You are Young Master Ye Lu, right? Outside is the sports car our young master gave you, Bugatti’s new supercar Chiron, which is the replacement of Bugatti Veyron.”

Although this man tried to keep himself calm, he could not hide a hint of envy and jealousy, such a car, he could not earn it in several lifetimes, and Young Master Jin said he gave it away, which made him feel very unbalanced.

“How good it would have been if it had been given to me! Hey, I don’t have this kind of life!”

He sighed silently in his heart then took out a pile of things and said.

“This is the formalities for the transfer, the young master has finished all of them for you, this is the insurance documents, this is the service card for the package of car repair and gasoline at the same time, and this is

Jin Shao had done quite a few packages for this car at that time, and now they were all transferred to Ye Lu, anyway, this kind of car Jin Shao had bought several at the same time at that time, just for various modifications.

To be honest, Jin Shao's obsession with racing cars should be able to rank first among the rich second generation, he always thought that the best things in the world were sports cars and beautiful women, and there was no third thing that could compare.

Seeing the bill this man took out and looking at the tens of millions of dollars worth and limited production supercar outside, that male student felt his legs go a little weak.

He felt that his car was simply weak, and that what he had just said was simply a slap in the face, saying that people couldn't afford to give it away or something.

Ye Lu took all kinds of things over in one go, then put the car keys into Liu Mei's hand and said with a smile.

"I don't have a driving licence and I don't know how to drive, this car is a gift for you, I remember once you and I talked about it, right, you said, you took the driving test for a long time, but you never had a car to drive, now you don't have to worry about this matter, still like it?"

Seeing the car keys placed in her hand, Liu Mei was very touched in her heart, not that this car was too expensive, in fact, this car she felt was too expensive and too flashy, not compounding her style, what touched her was that what she said unintentionally, she didn't expect Ye Lu to remember it all the time.

So, she smiled and said.

"I like it, but it's just too expensive."

At this time, the boy who was beside her suddenly said.

"What kind of skill is it to take something given by someone else and offer it, if you have the ability to give it to yourself."

Hearing his words, Ye Lu smiled instead.

He turned his head to look at the man and said.

"Brother, is it interesting to hold on for the sake of your own little face? Giving it away is giving it away, do you think you're giving something to someone else to grow face, or someone else is giving something to you to grow face? You don't have the ability to get someone to give a luxury car, so don't eat grapes and say sour grapes. It looks like, with a car like this, you should only be able to look at it for the rest of your life, that's why you're saying that, right?"

As a result, the man remained unconvinced and said.

"Poor man, don't think that just because someone gave you a car, you can act like a pussy, let's just have the waiter here to help check and see if you have used up all the money in your card, I think you have lost all your living expenses for a year, now you have just a few dollars left in your card, and you are still pretending to look good with me."

Ye Lu then said blandly.

“It’s true that I don’t have much money in my card, but it’s definitely more than what you have in your card.”

As a result, this guy actually said in disbelief.

“It’s still more than mine, the fraction in my card can make you kneel down, do you believe it?”

Seeing this guy’s arrogant look, Ye Lu smiled and said.

“Then how about we have a competition, if after the enquiry, whoever has less money in their card will give half of the money in their card to each other, how about that?”

Hearing Ye Luo say so confidently that he wanted to compete, this guy suddenly hesitated a little.

Ye Luo then said indifferently.

“What’s wrong, after half a day of bullshit, you turn out to be a goon, get lost!”

After saying that, he smiled lightly and prepared to leave with Liu Mei, Ye Lu was genuinely not interested in asking for this amount of money from the other party, he just wanted to make this guy back off and stop pestering Liu Mei like a fly.

“Wait! Just compare.”

This guy gritted his teeth and said.

At this time, there were already quite a lot of people who had gathered to watch the fun, because it had been a while since Ye Lu came in, so how could the people around this fun be willing to let it go.

The decently dressed middle-aged man seemed to have little interest in all this as he looked at Ye Luo and said.

“Young Master Ye, if there’s nothing else, I’ll leave first.”

Ye Luo nodded towards him, and he flew away.

The boy who wanted to compare more money with Ye Luo had already handed his card to the waiter and then entered his password, the waiter looked at it and then said.

“This gentleman, the balance in your account is one million two hundred and thirty thousand.”

After hearing the waiter finish, the guy then took the card back and waved it in the air and said.

“What’s the matter, what did I say, it’s the fraction that crushes you, right?”

For these students who went to school, the most that could be saved in the card was probably a few tens of thousands, a hundred thousand or so would be good, especially looking at Ye Lu’s outfit, which was full of a few hundred dollars to get it done.

The other party had more than a million, the onlookers were fine, but Liu Mei was worried, she knew Ye Lu’s family very well, she felt that not to mention a million, for Ye Lu’s family 10,000 is estimated to be a problem.

Ye Lu smiled and also took out a card and handed it to the waiter, then entered the password.

The waiter's eyes widened and he didn't say anything for half a day.

The boy was a little impatient and asked.

"How much is it, say it?"

The waiter then said in an embarrassed voice.

"Sorry, because I'm still counting how many bits there are."

Hearing the waiter's words, everyone had a black line, and following that, she said with some surprise.

"Sir, your balance is six hundred and fifty-three million six hundred thousand dollars."

At these words, the crowd went "Wow!" No wonder they had to count how many digits there were, it turned out that there were several hundred million in the card, which did need to be counted.

Ye Lu then put the card away and then smiled at Liu Mei and said.

"Come on! Honey, lend me the card for a while."

After that, he put Liu Mei's card in front of the other party and said.

"Come on, make a deal, split it in half, be a man and keep your promise."

Unexpectedly, this guy thought about it but quickly put his card away, then pointed at Ye Lu and said.

"You wait, you wait for me"

After saying that, he turned around and ran away, but ended up accidentally "bang!" The glass door was hit with a bang, and Liu Mei "pfft!" The people around you also immediately started to coax.

Ye Lu handed his card back to Liu Mei, and then said with a smile.

"Let's go, but I can't stay with you tonight, there are a few unreliable brothers out there, plus I have to keep a low profile at school."

Liu Mei looked outside at Nie Yibiao and the others who were sticking their heads out, then said with a smile.

"You're low key, getting me such a car is too flashy."

Ye Lu smiled and said.

"Of course you have to keep a high profile, otherwise the guys like the one just now will definitely pester you endlessly, a high profile is also clean."

Hearing Ye Luo say this, Liu Mei felt that it was also very reasonable.

The two of them walked out of the mobile phone shop, Ye Lu let Liu Mei open the car door, and then let her sit in the sports car, to be honest, Liu Mei had a car for the first time, she was also happy and curious, she touched this and that and felt so interesting.

For his part, Ye Lu looked at her and said with a smile.

“Feel free to drive, there is money for gas and other cards, just remember one thing, fasten your seat belt and pay attention to safety.”

Following that, Ye Luo pointed to the stockings on Liu Mei’s snow white thighs and said.

“Also, take off one of the stockings and give it to me.”

When she heard Ye Lu’s words, Liu Mei’s face turned red, she didn’t know what Ye Lu wanted to do, but suddenly she thought that her more secret places had been seen and touched by Ye Lu, so she gritted her teeth, took off a stocking and handed it to Ye Lu with a red face.

Ye Luo pretended to smell it and said.

“It smells good!”

As a result, she was “slapped!” by Liu Mei. She said.

“You’re going to die, pervert!”

Ye Lu laughed and quickly put away the stockings, then said.

“Don’t think too much, I have other uses, try driving the car, if you really can’t drive away, find your roommates, I guess they can handle it.”

After saying that, Ye Lu closed the car door and walked towards the side.

Because he had just seen that the little rich kid who had left the mobile phone shop was actually saying something to a couple of red-haired, bare-shouldered guys with tattoos, and pointing in Ye Luo’s direction as he did so.

Obviously, it was ready to get him in trouble.

“Come on then!”

Ye Luo muttered in his heart as he walked.

Chapter 166

Seeing that Ye Lu had sent School Girl Liu Mei to a sports car and then didn’t head in their direction but went to the other side, Nie Yibiao and the three of them were puzzled.

However, immediately afterwards, they received a message from Ye Luo.

“You guys wait where you are, I have something to do, I’ll be back soon, I’ll treat you when I get back.”

The three guys were having a stomach full of doubts thinking of asking Ye Luo, so they replied.

“Okay.”

Following that, Nie Yibiao then said.

“Looking good is an advantage, look at Ye Lu, he has such a poor physique and no money, but he actually has a leg up on the school girl by being good looking, it’s really enviable!”

As a result, Mu Zi Ze said instead.

“I don’t think so, most of them are just like many movies, Ye Lu is the school girl’s shield, you didn’t see that boy’s face was green with anger just now, it must be an act!”

An Le nodded and agreed with them both.

Mu Zi Ze then continued.

“Besides, did you see that Bugatti sports car? It’s tens of millions of dollars and it’s not easy to buy, how could that woman look at Ye Lu when she can drive a car like that, even though he’s a school bully.”

Listening to Mu Zi Ze’s analysis, Nie Yibiao also nodded his head.

At this time, Ye Lu had already walked to an alleyway slightly further away, which was more secluded and just the right place to make a move.

The redhead who was hired by the boy was overjoyed to see this scene, he was worried that it would be difficult to make a move on the street, but the other party went to such a place, it was really a pillow for sleeping!

“Brothers, this is a great way to earn 5,000 yuan today!”

A few people said as they also turned into the hutong.

Only to find that Ye Lu had actually disappeared.

“F*ck! Where did this kid run off to?”

After that, a guy with a stocking on his head and a shirt on his back appeared, and after he appeared, he didn’t say anything and directly “KO” these guys on the ground.

However, what he didn’t know was that several people were actually filming the scene from the window and other places, because this was the place where some of the boys and girls in the school liked to rent, and there were many people who liked to film things secretly.

The guys didn’t expect to get a shot of a man and woman having sex, but they did get a shot of this scene.

After knocking these guys down, Ye Lu quickly jumped several times to the roof, then put on his clothes and stockings and jumped down from another direction, circling back to where Nie Yibiao and the others were.

“Holy shit! You’re back, hurry up and tell me what’s going on with that school girl?”

“Yeah, that’s an old top ten school girl, even won a championship.”

“You don’t even tell us you know the school girl, and you just pretended with us.”

.....

The three people immediately asked like a series of pearls.

Ye Lu smiled and said.

“Okay, well, we are jerking off while explaining to you guys, it’s a long story, we are actually hometown, I was just shielding her from a gun”

Ye Lu began to ghost talk.

On the other side, Liu Mei tried it and it turned out that she really couldn’t handle the car, and had no choice but to call one of her friends from the same dormitory over.

“Wow! No, Willow Eyebrow, this is the car you said someone gave you! That’s so cool!”

This roommate of hers was car savvy, of course she understood the value of this car, her eyes were all little stars at once.

“Hey, hey, come on, I’ll teach you, but promise me you’ll take me for a ride to show off, this is too cool, this is the legendary supercar!”

The girl got into the car and started the sports car happy as can be.

“Liu Mei, what’s your boyfriend’s name? I’d like to meet him one day.”

The girl asked with a smile as she started the car.

Liu Mei remembered what Ye Lu had just said about keeping a low profile, so she smiled and said.

“I can’t say this yet.”

The other girl didn’t mind either, as she said with a smile while driving.

“Hehehe! Now our ‘International Academy’ is going to be a hoot.”

Following that, the two drove off towards the school’s main entrance.

On the other side of the alleyway, the young rich kid who had just gotten annoyed looked at Redhead and the others who were lying on the ground and had passed out with a look of surprise.

“Shit! So powerful!”

He muttered darkly, then decided it was better to stay away from Ye Lu and Liu Mei, but while Red Hair was fainting, he walked over and took his money back.

After jerking off with Nie Yibiao and the others, Long Fei Xue called Ye Lu and told him that he had already contacted that master and asked him to pay his respects tomorrow, and, Long Fei Xue urged him to be on time, otherwise that teacher might lose his temper.

Ye Lu smiled and Long Fei Xue said.

“Don’t worry, after so many years, I’ve met very few teachers who don’t lose their temper, I’ll get along well with him.”

After hanging up the phone, Ye Luo was a bit confused.

Tomorrow was the start of military training, how could he leave?

There was no way out, it was better to find his master, so he discussed with Nie Yibiao and lied to the class leader and the instructor that he had a stomachache, and then skipped the military training tomorrow.

We had all done this kind of lying before, so we were all familiar with it, and Nie Yibiao agreed without even thinking about it.

After he returned, Ye Lu, of course, still spent his time practicing drawing the “Pattern of Laws”, the real alchemy needed to be done after the “Ghostly Inferno” had sprouted and grown, so there was no rush to make pills.

The next morning, fearing that he might be caught skipping class, Ye Lu left school early and headed for the martial arts school that Long Fei Xue had mentioned.

After going there, he found that the signboard of the martial arts school was quite loud, called “Iron Blood Martial Arts School”, and the words were written in a very imposing way.

To Ye Lu’s surprise, there was actually a rather pretty young lady in charge of reception in the house.

“You are Ye Luo, right? Please come in, Master is waiting for you.”

The little sister looked at Ye Luo and said.

Ye Lu nodded and followed him in, but he found that the courtyard of the “Iron Blood Martial School” was a mess, except for the facade, which had obviously not been taken care of for a long time, and there was no one there, it was cold and empty.

It seemed that Long Fei Xue’s fears that the place would go bust were justified.

When he walked across the courtyard and reached the hall inside, Ye Lu saw an old man with white eyebrows and a white beard sitting there majestically, and over this old man’s left eye was a striking scar that made this old man lick a bit of hostility.

The old man was very tall, estimated to be around two metres, quite a bit taller than Ye Lu, with thick arms and strong legs, a look at the style of pugnacity.

After seeing Ye Luo, this old man frowned, apparently Ye Luo’s somewhat pretty appearance as well as his unimpressive muscles were not quite compounding his appetite.

However, he still said blandly.

“What have you been practicing?”

Ye Luo hurriedly bowed and said.

“Master, I haven’t practiced anything, I’m just a street fighting gangster.”

Hearing Ye Lu say that he was a jerk, the old man nodded and said.

“Very well, you come here.”

Ye Luo didn't know where a jerk was just fine, however, he still obediently walked over, after all, this old man still had two brushes from the look of it.

The old man pounded on Ye Luo your body and then pinched it everywhere before asking again.

"Is it resistant to beating?"

Ye Luo said after thinking about it.

"It should be okay."

Hearing Ye Luo's words, the old man nodded towards the young lady standing not far away and said.

"Chisha, come on, follow the 'first gear' to attack and give me a hit."

That young lady looked quite cute, however, at this time, she revealed a ghostly smile and followed it by rushing over to give a downward slash at Ye Luo.

"Boom!"

Her foot chopped directly on Ye Luo's head.

However, Ye Luo didn't move, still looking at her and smiling, nothing happened.

"Open second gear!"

This scene surprised the old man a little as well, and he thought for a moment and said.

"Okay!"

Chisha said and then swung a fist and punched Ye Luo in the stomach.

As a result, Ye Luo still didn't rear any reaction.

"Third gear!"

The old man said with a slight frown.

This time, Chisha's fist lit up with a white glow, followed by a blast on Ye Luo your chest, Ye Luo didn't even shake, still no reaction.

"Huh!"

This time Chisha also gave a light eek.

"Fourth gear!"

The old man's brow furrowed even tighter.

Chapter 167

"The old man really didn't expect Ye Lu to be able to resist to this level, he had just checked Ye Lu, he found that all the meridians in Ye Lu's body were open, the Ren and Du veins were open, according to him, Ye Lu should be a strong Dark Energy practitioner.

However, he did not feel the presence of true qi in Ye Lu's body, which was why he had asked Qian Sha to use first gear to begin with.

"Boom!"

Another powerful punch landed on Ye Lu's stomach.

This time, Ye Lu was shaken by the blow, but he had used his aura to make a low gear in advance, so it didn't hurt him much, but it really hurt a bit.

Finding that "four gears" had not knocked Ye Lu down, even the old man was surprised.

"I didn't expect you to be so resistant! Come on then, 'Strengthened Fourth Gear'."

When he heard the old man say something about "enhanced fourth gear", Ye Lu immediately had a bad feeling, he felt that he might be unlucky.

Sure enough, that Chisha took out a pair of metal gloves and put them on her hands.

Following that, after the glow lit up, she smiled and punched Ye Luo in the stomach.

"Ouch! I go!"

This one did hit Ye Lu enough, followed by another punch, and the successive attacks knocked Ye Lu to the ground.

"Hee hee! Are you dead yet?"

Chisha said with a smile as she looked at Ye Luo.

Ye Luo waved his hand with difficulty and said.

"No..... nothing major, still alive."

Following that, he slowly climbed up.

Seeing Ye Lu crawl up and move his arms and thighs, and actually shake his head and stand there again, the old man and Qian Sha looked at each other both showed an expression of disbelief.

"Thank you for being merciful, but can we stop fighting, this seems to be quite pointless."

As a result the old man raised his hand instead and said.

"Wrong! As the saying goes, 'to learn to hit someone you have to learn to take a beating first', so that you can know how you should hit others, come on, next, you hit me and I'll see how strong you are."

Hearing that he was going to hit this old man, Ye Luo hurriedly waved his hand and said.

"No, no need, Master, I am here to learn how to fight better, you can just teach me this."

As a result, the old man said majestically.

"Since you have joined my martial school, you should obey me in everything, are you the teacher or am I the teacher?"

Ye Lu nodded and said.

“You are.”

Hearing Ye Luo finish, the old man stood up and took a few steps forward and said.

“Come on, young man, use your full strength to hit me, I’ll see what your limit is.”

When he heard that he had to use his full strength, Ye Lu shook his head once again and said.

“I’d rather not, I’m afraid I’ll hurt you.”

As a result, the old man said disdainfully.

“To think that I, Dokgo Ao, have been traversing the jianghu for decades, only I have hurt people, no one has hurt me, you little doll actually said you were afraid of hurting me, what a joke, come on.”

Seeing this old man’s serious look, Ye Lu nodded, but still persuaded again.

“You’d better use your true qi to lower your gear, otherwise I’m really afraid of hurting you.”

Because he noticed that the old man came to exude none of his true qi and looked like he was trying to resist his blow hard.

As a result, the old man glared and said.

“So much nonsense, use all your strength to fight, or I’ll expel you from the division.”

However, after thinking about it, Ye Lu did not use the “Candle Dragon Finger”, which was the only martial art he had, as the information showed that the old man was an expert at the peak of the “Pulse Raising Realm” and was the strongest person Ye Lu had seen so far.

So, he put all his aura into his right fist, and then punched the old man’s stomach with all his strength.

“Clang!”

Ye Lu felt that the old man’s stomach was actually as hard as steel making a clanging sound, and what surprised him even more was that the old man’s body actually did not move at all, as solid as a rock.

“Ooh!”

This made Ye Lu astonished, this old man didn’t wear any protective clothing and armor, nor did he use his true qi to fight against it, he actually withstood this blow easily, really strong.

So, Ye Luo said in admiration.

“Your old man is really too strong, the strongest expert I’ve ever seen.”

For his part, the old man calmly waved his hand and said.

“Good, not bad, I suddenly have something to take care of, I’ll be back as soon as I go.”

With that the old man turned and walked back into the inner room through clenched teeth.

Upon walking in he spat out a mouthful of blood and then grimaced and covered his stomach.

“It’s too weird, there’s actually something so evil, what kind of power is this infiltration, it actually really injured me, I should have known that I would have used my power to defend myself, no, I must not let that boy see it.”

He said as he looked for water to wash his face, then looked at the blood on his chest to change another set of clothes.

Outside, Ye Lu was still in shock, he knew that a “Pulse Raising Realm” expert should be very strong, but he didn’t expect it to be this strong.

After another two minutes, Dokgo Ao came out with a majestic face and said.

“Although I don’t know what kind of gongfu you cultivate, your strength is still considered sloppy, however, your strength is still too weak, you still have to work harder if you want to hurt old man’s ‘Incorruptible Golden Body’.”

Hearing this old man say that his strength was still weak, Ye Lu thought for a moment and said.

“Master, in fact, I was actually just using my strength to attack, why don’t you try my martial art once more, I will definitely break Teacher’s Unbreakable Golden Body this time, I won’t let Teacher down.”

The old man immediately frowned and thought to himself, “Come again, and don’t let me down, you’re trying to screw me over, I think I’d better forget it, so he quickly waved his hand and said.

“Forget it, forget it, I already know your weight, I officially accept you as a disciple, but don’t try to hit the idea of martial skills, all martial skills are not to be passed out.”

Ye Lu smiled and said.

“This is natural, I just need to learn the fighting techniques.”

The old man nodded and then said.

“Good then, I won’t charge you for the tuition fees, as the dragon girl has already paid it, still, if you want to learn to fight you have to learn to take a beating first, come on, fight me and use your strongest stance.”

Ye Lu smiled and said.

“Okay!”

After saying that he swung his fist towards Doku Ao and attacked.

“Boom!”

Then, he was kicked out by Doku Ao’s big foot, and he “bang!” He crashed into the far wall.

“Oops! Holy shit!”

He finally realized that although he had four strands of aura in his body, the difference between him and Dokku Ao was still very obvious, and he finally understood that if it wasn’t for the “Candle Dragon Finger” that had deterred Long Fei yesterday, the fight might not have been that easy.

Of course, Long Fei and Dokku Ao were not the same, as Long Fei was only a practitioner at the early stage of the “Pulse Raising Realm”, while Dokku Ao was a practitioner at the peak of the “Pulse Raising Realm”, and was just one step away from the “God Harmony Realm”, with two small stages in between, the “Middle” and “Late” stages.

Gritting his teeth, Ye Lu climbed up and walked back to Doku Ao’s face.

Seeing that Ye Lu had not been knocked unconscious, Dokku Ao nodded in satisfaction, while his granddaughter Dokku Qian Sha spat playfully, made a pose of praying to the heavens, and then turned and ran away.

Doklam Ao looked at Ye Lu and said.

“That kick just now was to show you that ‘the only martial art in the world is fast’, as long as you are fast enough, the opponent will only be beaten no matter what they know, so, next I will officially teach you the moves, come again.”

Ye Lu nodded, then used his fastest speed and strength to lunge forward again, only to be sent flying by another big kick from Doku Ao.

“Woori, what’s this again?”

Ye Luo climbed up again somewhat depressed, after being punched twice, he felt his stomach start to turn over a bit.

“This kick is to show you that strength is actually important too, enough strength can do ‘one power down’, no matter what he can do, one punch will cripple him.”

Ye Lu nodded once again, then slowly walked up to Doktor.

“Well, just twice was actually to impress you, this time we’re really officially getting into the training of stances, you do it.”

Ye Lu nodded and once again rushed forward.

As a result, he was kicked out again by Doku Ao, and this time he “Wow!” This time he threw up all over the floor, throwing up his breakfast.

“Why this time?”

He asked, sitting in the corner and looking at Dokgo Ao.

As a result Doktor said majestically.

“This kick is to tell you that since it’s a fight, no matter what the other guy’s bullshit is, don’t believe him, only ‘kick the shit out of him’ is the hard way, get up, next we’ll do the training of the stances.”

This time Ye Lu didn’t get up right away, because he suddenly understood why Doku Ao’s martial arts school had opened in this shitty state, and at the same time he had some doubts whether he would still be able to go back alive.

Chapter 168

So, Ye Luo stood up and walked forward while asking Dokgo Ao.

“Senior, you might as well just say it plainly, do I still have a chance to leave here alive today?”

As a result, Dokgo Ao looked at Ye Lu and smiled for the first time, then nodded and said.

“Looks like you finally understand this point then, the most important point I have to say is that only the test of life and death can make a qualitative breakthrough for a person, so if you want to fight, the most most most important thing is three words ‘not afraid of death!’ , otherwise you will never learn how to fight, come on! I’ll teach you about the moves.”

This time, Dokgo Ao did not go back on his word, he was really teaching Ye Lu moves, but all Ye Lu got was a violent beating.

He finally understood the difference between someone who could fight and someone who couldn’t. Dokgo Ao controlled his speed and strength similarly to Ye Lu, but abusing Ye Lu was like an old man playing with a baby, no matter how much Ye Lu swung his fists and kicked his legs, he couldn’t hit Dokgo Ao a single time, while he himself was constantly being fucked over.

In fact, Dokgo Ao was also secretly amazed, he also did not expect Ye Lu to be so resistant to beatings, just like an undead little strong man or a rat in a ditch, with super tenacious vitality and will.

“Maybe this kid really deserves a good lesson.”

After once again kicking Ye Luo away with a swinging leg, Dokgo Ao also began to make calculations in his mind.

Just like that, Ye Lu was beaten all morning and finally lay there unable to get up.

“Alright, that’s it for today’s lesson, come back to me when you feel ready to start the next lesson.”

Doktor turned around and walked back after he finished.

Ye Luo slumped for a few more minutes before he staggered up with difficulty and walked towards the outside of the martial arts school.

“Pfft!”

He spat out a mouthful of blood, then muttered darkly.

“It’s been a long time since I’ve been beaten up like this.”

He thought back, the last time he had been beaten up like this was the night he got his glasses, when he had been beaten up furiously by Lung, and now that he thought back, it all seemed like a dream.

“Well, it doesn’t look like there’s anything else today, so it’s time to go and pay a visit to Master Ye, and ask him about Grandma anyway.”

Originally, Ye Lu had wanted to wait for Ye Yan to finish this part of her busy schedule and go together, however, he really could not wait a bit.

He gave Elder Ye a call, and Elder Ye was really quick to agree.

However, Elder Ye did not receive him at his flat, but had Ye Luo go to his home, an antique villa of the Ye family.

“Ye Lu, are you still satisfied with the two small gifts from last time?”

Master Ye looked at Ye Lu and said with a smile.

Ye Luo nodded, however, he did not want to chat about these family matters, but asked straight to the point.

“Is my grandmother still alive? You don’t have to hide it from me, I’ve heard from Sister Yan.”

As a result, Elder Ye mused, he didn’t speak, thought for a moment, and then looked at Ye Lu and said.

“I’ve heard Yan’er talk about your situation, there are some things you don’t benefit from knowing now, but since you’ve come to ask me, I might as well talk to you about it.”

“Your grandmother is indeed still alive.”

These words made Ye Lu’s whole body tense up, because to him, his grandmother was the most important person in his life, he had not forgotten for a moment, the way she pedaled her car to stall pancakes and worked at home, if he could get her back, he would give everything, even his own life.

“So where is Grandma now?”

As a result, Master Ye shook his head and said.

“I don’t know, because your grandmother wasn’t originally from this world, and she wasn’t really my wife, so what you know is just the surface of things, and maybe what I know is too.”

“To put it simply, she was supposed to be here for you and Yan’er, and she once told me that when you turned eighteen, she would leave, and as to where she would go, I’m not quite sure.”

“However, I have also been loving her for so many years, so I also learned something else, and that is, your also parents are still alive.”

To this, Ye Lu basically had no reaction, because for him, his parents were nothing more than a name, or a concept, he had never met them, and it didn’t matter if they were, what mattered was his grandmother.

However, Elder Ye followed and said.

“If you can find your parents, you should be able to find your grandmother, because your grandmother actually went to look for your parents, and the other thing I want to tell you is that the grandmother you saw is not your grandmother’s real appearance, your real grandmother is much younger and prettier, how can I put it, she is the most beautiful and attractive woman I have ever seen. ”

Elder Ye’s words took Ye Lu by surprise as he suddenly thought of something.

“Eighteen years old, grandmother, missing, glasses, young, pretty, 36D, parents

These fragments entwined together made Ye Lu suddenly have a guess that maybe it wasn't a coincidence that he got the glasses, that the 36D woman that the barman was talking about might be the grandmother, and that she was the one who put most of the glasses there for herself, after which she left herself to go to her parents.

To be honest, he also felt that the idea was far-fetched, but he felt that maybe it was a possibility.

Following that, Elder Ye continued.

"Moreover, this matter is connected to the great clans in the capital, and even to the clans as well, the Lin family, the Ye family, the Dragon family and also the Jin family, all of these great clans might be connected to this matter."

Speaking here, Elder Ye suddenly said with a serious face.

"The great clans are even more terrifying than your phenomenon, so you must not act rashly, and the clan world is even more unfathomable, and this matter is also related to 'eternal life', 'becoming immortal' and what 'supreme treasure' has something to do with it, the water is too deep, and all I know is just a few words from your grandmother, in short, until you are strong enough, it is best for you not to pursue this matter."

"Many times Yan'er doesn't think through things, so I don't dare to talk to her about many things, I have always treated her like my own granddaughter, you must protect her, in addition, I want to remind you that the secular world is just the tip of the iceberg of the whole world, the real world is much bigger than you can imagine."

Speaking here, Elder Ye suddenly sighed and said.

"I am just an old man who is dying, and I am also a marginal person in the family, so I am afraid I can't help you too much, everything in the future can only depend on yourselves, if you encounter any difficulties in the future, just look for me, within my ability, I will definitely help you."

This was something that Ye Luo had basically understood from Long Fei Xue, the real sons and daughters of the family in the open were instead the sons and daughters that the family did not value.

However, Ye Lu could feel that Elder Ye should still be hiding something, however, Elder Ye was right about one thing, his current cultivation level was still too low, there were some things that it was better not to know now, no matter what, at least knowing that his grandmother was still alive in this world, a stone in Ye Lu's heart had landed.

All he had to do now was to work hard to improve himself and then find a way to find his grandmother.

So, Ye Luo said goodbye to Elder Ye and went to the Chinese herbal shop to buy some herbs, and then went to the mountain behind the school to refine pills.

Now he would soon be able to condense a fifth strand of spiritual energy, so even if he couldn't use the "Ghostly Inferno" in his body, he could still make the "Regeneration Pill", which was a better grade than the "Spring Return Pill", which was claimed to be able to make a dying person live again.

The place Ye Lu chose was an abandoned air-raid shelter, and the cave was made of cement or something like that, which was very strong and well ventilated, so Ye Lu found a room with a ventilation hole and started to make it.

In fact, Ye Lu chose the ventilated cave not because he wanted to disperse the smoke from the flames, as the flames of this particular wood were not very large, but he mainly wanted to disperse the fragrance of the pills to avoid attracting other people over and affecting the refining.

After a holiday of refining pills, Ye Lu was now much more proficient in refining pills. Although it was his first time refining, he quickly made his first potion, and indeed the fragrance of the pills was overflowing, and the finished product rate was quite good.

The first time I saw it, I was able to get the first one.

Miao Fengling was currently looking for herbs on the mountain, a task left to her by her new teacher, which was a bit difficult but she was still happy about it because this new teacher called Lin Ruyue was really good, at least much better than his father's disciple who was on the record.

However, just at this moment, she suddenly smelt a fragrance of dan.

Chapter 169

"Huh! What an aromatic smell!"

Miao Fengling was attracted by the fragrance of the elixir and walked towards the place where the scent was emitted.

However, what she didn't know was that there were several other poisonous insects that were also attracted by the smell of the elixir.

"It smells so good, this is it."

Soon, she walked to the place where the vent was located, which had already been treated by Ye Luo, who had covered the vent with a large stone and then cut some holes in the side of the stone, looking like a strange stone with holes naturally, so as not to attract attention and not to leak water when it rained, and this time, it was also a coincidence that Miao Fengling happened to appear near this stone.

"Huh! It's actually coming from this stone."

Miao Fengling was a little curious and pushed herself up to the stone, only for a poisonous insect to bite her on the thigh.

"Ah!"

A sharp pain made her scream, followed by a slap on her thigh with her hand, and only then did she realize that it was actually a very long, fiery red centipede.

"There's poison"

She said two words and then was ready to call for help, only to find that the damn thing was so toxic that she didn't know anything when her eyes went black.

When she woke up, she found herself still lying on the ground, however, there was an extremely handsome looking boy in front of her, and this boy was looking at her almost close to her face.

Although Miao Fengling was only fifteen years old and did not know much about men and women, it was the time of budding youth, so she immediately blushed.

"You're awake, that's good, I thought the 'Antidote Pill' hadn't worked."

Seeing the girl wake up, Ye Lu also let out a sigh of relief.

He had just finished refining the pills and stopped by to see if anyone had found this vent, only to see Miao Fengling collapsed here.

The centipede was really poisonous, so Ye Lu gave her three "antidotes" in quick succession before she woke up, but looking at the situation, it was still difficult for her to move immediately.

"I can't feed her any more antidotes."

Ye Luo muttered to himself with a bit of a headache.

It was a medicine that was poisonous in three parts, and the antidote pill was actually something that could not be taken more than once, so now they could only wait for the girl to gradually get better.

"Thank you thank you big brother"

Miao Fengling said in a brittle voice, following which she tried to stand up, but ended up unsuccessfully.

"I guess you have to rest for a while longer, why don't I carry you down the mountain."

Ye Lu looked at Miao Fengling and said.

As a result, Miao Fengling immediately blushed as she shook her head and said.

"No, I still have a task to do, Master asked me to find eighteen kinds of medicinal herbs on this mountain and tell the medicinal properties, today is the last day and I am still seven kinds short of finding them."

Looking at Miao Fengling's pitiful look, Ye Lu thought for a moment and said.

"That's fine, but it's going to be dark soon, this way, I'll help you find them, then I'll tell you the medicinal properties, you can rest here, I guess you'll be almost ready to move when I find them."

Hearing that Ye Lu was going to help her find herbs, Miao Fengling immediately asked in amazement.

"You know about herbs, do you study medicine?"

Ye Lu smiled and said.

"I'm a student of 'Yanjing University of Chinese Medicine', I studied Chinese medicine, of course I'm most familiar with these herbs."

In fact, Ye Luo was talking nonsense, his identity was true, but of course he still had to rely on his glasses to find Chinese herbs, anyway, glasses were a know-it-all, check around, surely he could know which were the Chinese herbs and what they did.

After listening to Ye Lu, Miao Fengling nodded her head, but to be honest, she didn't really believe it, because her father had once said that the standard of these secular doctors was actually very poor, compared to the "Medicine League", it was a world of difference, not to mention that Ye Lu was just an ordinary student.

However, to her surprise, Ye Lu soon brought a lot of medicinal herbs and said with a smile.

"There is one more than you planned, because I just happened to see it so I picked it back together, this is 'trident bitter', can clear heat and detoxify, treat sore throat, rheumatism and bone pain, this is 'sea tung bark' can open meridians and kill insects, this is 'ghost needle grass', detoxify and stop diarrhea, this is 'nine heart lotus'"

Ye Luo said like a family treasure, many of the herbs Miao Fengling had never even heard of, of course, Ye Luo had actually never heard of any of them, he read them all off his glasses.

"Do you remember all of them?"

Ye Luo said as he looked at the little girl.

As a result, Miao Fengling had an amazing memory and she nodded and said.

"I remembered it all, you are so good, let me be your teacher, how about you teach me?"

This was certainly not good, Ye Lu had a lot of things to do, however, Miao Fengling immediately unleashed the unique advantage of a little girl and began to stalk and pamper her, there was no choice, Ye Lu had to leave her the micro signal.

"Alright, alright, I'll send you down the mountain, however, I still have to study, I may not have much time to teach you."

Ye Luo said as he helped Miao Fengling up.

"Heehee, don't worry Master, I'm studying with another Master now, I'll come back to you when I don't understand something or have more questions, you just do what you did just now and 'brush up' and help me out, okay?"

Taking her, Ye Luo had no choice but to agree to her, and the little girl immediately wanted to jump up happily, but as her body had not recovered, she ended up falling into Ye Luo's arms and blushing.

Ye Lu smiled bitterly and sent Miao Fengling to the bottom of the hill, she had almost recovered, so she took a taxi and went back on her own.

Ye Luo, on the other hand, went back to the dormitory.

"Did you still have a good day off?"

After entering, Ye Lu looked at Nie Yibiao and asked.

Nie Yibiao made an "OK" gesture and said.

"Oh, it's a piece of cake."

Ye Lu said with a smile.

"Then why don't you take another day off for me tomorrow?"

Nie Yibiao agreed without raising his head while playing the game, but then he said.

"By the way, Ye Lu, it seems like there's a girl in class who's inquiring about you, saying that she wants to pick you up and buy you off."

Nie Yibiao suddenly thought of something then turned his head to look at Ye Lu and said.

"That girl is not bad looking and her family is so rich."

Ye Lu casually waved his hand, he had no interest in this at the moment.

In the evening, the rest of the dormitory went to the playground to play songs, while Ye Lu sat on his bed, using his newly made elixir "Regeneration Pill" to treat his wounds, while summing up his experience of being battered by Doku Ao today.

He found that part of the problem was his moves, such as how to react if his opponent attacked like this, which he was unfamiliar with, but the bigger problem was his own combat awareness, too little combat experience, which made him unable to react quickly and first, and by the time you thought of a good response, it was already too late.

"I must cheer up tomorrow, at least this simple attack should be able to be blocked."

Ye Lu muttered silently.

And at the Miao family, Lin Ruyue was surprised to see that Miao Fengling had really found eighteen kinds of medicinal herbs, and there were many that even she had only heard of but had never seen much.

"Fengling, your father didn't help you, did he? If I find out that your father helped you cheat, your father will be out of luck."

Lin Ruyue said as she looked into Miao Fengling's eyes.

Miao Fengling immediately swore that her dad definitely didn't help.

However, Lin Ruyue still felt that there was something strange in this matter.

At this moment, Miao Fengling's father was actually drinking with Ye Lu's department head, Zhu Qihuang. The two students of the "Pill Alliance" were kind of difficult brothers and sisters, and now it was military training time, and Zhu Qihuang had nothing to do, so they just drank together to vent their frustrations.

"When do you think we'll meet someone who will join the 'Pill Alliance'?"

Zhu Qi Huang said somewhat drunkenly.

Miao Fengling's father, on the other hand, said with a bitter smile.

"In another life!"

After saying that, both of them laughed.

The next day, Ye Lu arrived at the "Iron Blood Martial School" again early in the morning.

"Hey! You're here so early and everything's fine?"

The first person to come back the day after being beaten by her grandfather was Ye Lu, and he looked alive and well, as if he was really fine.

"You're so hardy!"

Qian Sha couldn't help but pick a thumb up and said.

Ye Luo had to smile bitterly and followed her in, the injury was easy to heal, but it really hurt when you got beaten up!

Seeing that all the wounds on Ye Lu's body were almost gone after he took off his clothes, Dokgo Ao also showed a lost expression for the first time, it was also the first time he met someone who was so hardy.

"Master, I'm going to fight all day today."

With the "Regeneration Pill" on him anyway, Ye Lu was emboldened to say.

"Good, not bad, your hardy look is quite like the style of my youth."

Dokgo Ao looked at Ye Lu and said majestically, but his heart was actually full of suspicion.

Just like that, very quickly, five days passed.

On that night, Nie Yibiao looked at Ye Lu with a sad face and said.

"Ye Lu, Brother Biao really can't cover you this time, I can't make up a reasonable reason to help you take leave anymore, the instructor is already angry, if I make it up again, you and I might both die with the world."

There was no choice, Ye Lu had to nod and say.

"OK, I'll trouble Brother Biao, I'll go to military training tomorrow."

Chapter 170

The military training was only two weeks in total, so he couldn't skip a day.

However, what Ye Luo didn't know was that at this moment in Dokgo Ao's house, Dokgo Ao and Dokgo Qian Sha, the two grandfathers and grandsons, were plotting to steal Ye Luo's elixir.

"Qian Sha, tomorrow while we are training, you steal a few of those pills he uses and give them to me, I really want to see what he uses, even the 'Medicine League' doesn't have such a good medicine for bruises, right?"

Dokgo Chisha then beamed.

“Why make me a thief, can’t you just ask him for it directly?”

As a result, Dokgo Ao said with a glare.

“As a master, I’m so old, if I don’t even know what kind of pills my disciple is taking, wouldn’t I lose face, so grandpa can’t do anything, so I’ll rely on my precious granddaughter.”

Followed by Dokgo Ao then said with a smile.

“If it’s a new medicine from the ‘Medicine League’ and it’s not expensive, let’s buy a batch of it, and when it’s time to enroll again, when the disciples are injured, we’ll use this medicine to treat them, and it’s estimated that people will come to our martial school.”

In fact, she knew very well that it was not a question of whether to cure or not, the root cause of the failure to recruit students was the problem of teaching methods, and with this teaching mode of Grandpa, it would be useless to get the immortal pills.

However, she didn’t want to spoil Dokgo Ao’s fun, her grandfather was too old and had been unable to make a breakthrough for too long, so I guess this was one of the few things he could do for fun.

However, to the disappointment of the two masters, Ye Lu took the next day off and didn’t come.

He was at the moment standing with his class for the first time to receive military training.

Ye Luo found that this time the instructor should really be from the army, because this young man had an expressionless face, a cold face, and his hands and feet carried that characteristic aura of a soldier.

“There is a new student who has finally arrived today, do you know what I hate the most? That is desertion, this student had a stomachache on the first day, a cold on the second day, food poisoning on the third day, a broken foot on the fourth day, and an arm from falling off the bed on the fifth day, and now he is actually still alive, what a miracle!”

Hearing this instructor’s words, Ye Lu turned his head to look at Nie Yibiao, who smiled and raised his thumb, then made an “OK” gesture, which made Ye Lu cry and laugh a little.

Then, the instructor said coldly.

“Ye Lu, come out of line.”

Ye Lu had no choice but to take two steps forward and stand out.

The other students all showed gloating expressions of watching the fun, in their opinion, they had worked so hard in the military training, and Ye Lu was the only guy slacking off, it was not fair, and a few girls muttered in a low voice.

“Looking quite handsome, so petulant, not as good as us girls.”

“That’s right, look at how tanned I’ve gotten in the past few days.”

“Look at him like that, he won’t be no good in bed either, will he?”

“Hee hee, will it work or not, why don’t you go and try.”

“Just try, as long as he lets me try, I dare to try, what’s so scary.”

.....

The instructor did not stop the girls’ comments, and the boys’ mockery, in his opinion, it was time to teach Ye Lu a little lesson.

So, he looked at Ye Luo and said.

“I am a person who has always been fair, some people have good physiques in the sky and really don’t need much training, so I will give you a chance, if you can complete all the training programs I have arranged for you in a day, I can allow you to take time off for the training later on as well,”

Hearing that he could take as much time off as he wanted at the back, Ye Lu’s eyes immediately lit up, he was having a good time fighting with Doku Ao in the past few days.

However, the instructor followed and added.

“However, if you fail to complete my training plan, no leave, late arrivals, or early departures will be allowed after that, and you will have to add an hour of training every day at noon and at night.”

This meant that he had to soak in the playground every day, which was a bit too much for Ye Luo to bear.

So, Ye Luo smiled at the instructor and said.

“Then what project you say instructor, don’t make some project that even you can’t complete, then I’m not dead.”

He had to block the instructor’s way to make bad things happen first.

As a result, the instructor bristled and said.

“Just you still compare with me, don’t worry, I can easily complete all the training given to you.”

Hearing these words, Ye Lu let out a relieved sigh, seeing Ye Lu’s expression, the instructor’s brow furrowed as he looked at Ye Lu and said.

“First event, weight bearing, run twelve and a half laps around the playground, time starts.”

As he said this, he pointed to the backpacks, water bottles and other various things that had been prepared not far away.

When they heard this event, everyone drew in a breath of cold air, one lap of the playground was four hundred metres, twelve and a half laps was the rhythm of five kilometres of cross-country with weights.

For a real soldier, it might not matter, but for a student, it was unimaginable. Nie Yibiao, Mu Zize and An Le in the same dormitory all began to mourn for Ye Lu, while Nie Yibiao prepared Ye Lu’s afterlife in advance, and only Jin Kun remained expressionless.

“Okay!”

Ye Luo didn't feel anything, he walked over and picked up the load and ran.

Seeing Ye Lu carrying the load and disappearing in a 100m sprint, the instructor was dumbfounded, because others were not sure, but he understood that the load was a full ten kilograms heavier than a normal soldier's training load.

"This kid is not open!"

He rubbed his chin and looked at Ye Luo who was running on the playground. It was only at this time that Ye Luo suddenly realised that he had to keep a low profile, so he hurriedly slowed down.

The instructor then said with a sigh of relief.

"It's true that you're not even as good as the new recruits, you'll have to get down after you start running like crazy for a while."

He then stopped paying attention to Ye Luo and started the regular formation training.

Soon, Ye Luo had run two laps, however, he suddenly realized that the instructor didn't say how many minutes he ran to be considered passing ah, thinking of this, he quickly searched in his glasses, and he found out that the 5,000m weighted cross-country for the troops should be within twenty-three minutes, so he quickly started to adjust his speed.

The instructor, meanwhile, kept an eye on the number of laps Ye Luo had run.

He was surprised to find that Ye Luo had already run four laps and actually hadn't gotten tired yet, while ordinary male students would have finished long ago.

"I didn't think there was really some physical ability."

He muttered while directing the formation, but soon he realized that Ye Luo didn't seem to have any intention of stopping, he kept running, in the blink of an eye eight laps passed, ten laps passed Ye Luo was still running.

Soon, Ye Luo pretended to be panting and ran back to the front of the line.

"Report report captain, I am back?"

The instructor looked at the time, about twenty-two minutes or so, this performance is also passing in the army, so he said without moving his voice.

"Very good, the standard is met, the next item is push-ups one hundred, the timing starts."

Hearing that the timing started, Ye Lu quickly got down on the ground and then started searching through his glasses, he found out that the troops counted 40 in two minutes to pass, so he kept the time to five minutes.

Nie Yibiao, on the other hand, was dumbfounded, he had no problem doing so many push-ups himself, he really didn't expect Ye Lu to be able to do it.

"Wow! Is that school bully quite impressive."

"Hee hee! Looks like there's no need to worry about him having problems in bed."

.....

“Okay, next pull-up hundred, start.”

The instructor was getting surprised as he noticed that Ye Lu actually finished again and still just about compounded the standard.

“Next item, weighted squats, which girl wants to be the weight.”

He said as he looked at the girls in the class.

Immediately, everyone raised their hands and scrambled.

“I’ll do it!”

“Give sis a chance.”

“Don’t grab it from me.”

.....

As a result, the instructor ended up pointing at a small girl of over seventy pounds, because he felt that he couldn’t do anything too obvious against Ye Lu, and he was still thinking of showing off in front of the female college students to try to pick up a girl.

“It’s you.”

The girl’s body was not only a little bit of a mess, but also a little bit of a mess.

Seeing how Ye Luo was sweating like rain, the crowd also talked about it.

“Instructor, this is too hard for you, let Ye Lu rest a bit.”

“That’s right, it’s not easy enough for him to finish.”

“Yeah, it’s not like he’s a special forces soldier.”

.....

The instructor had to say helplessly.

“Okay, then your training program for the morning is here for now, go and rest.”

However, after that he realized that there seemed to be something wrong, although Ye Luo seemed to have completed every item with great effort, but like an undefeatable little strong man, he completed every item and counted them all to just meet the standard of the army, could this be a coincidence?

He looked at Ye Luo with some suspicion.

Ye Lu was happy to be free and went to sit next to him to rest, but what he didn’t expect was that when the team was disbanded at noon, a very good looking girl suddenly walked up to him and said with a smile.

“Ye Lu, I didn’t expect you to be quite fit, be my boyfriend, I’ll take care of you.”
