

Super Student 171

Chapter 171

Seeing this girl, Ye Lu suddenly remembered that this girl was the one who had said at the all-hall meeting that she wanted to let herself molest her, and most of what Nie Yibiao said about wanting to buy herself out was also her.

So, Ye Luo looked at her and smiled and said.

“Thank you for your kindness, but I haven’t thought about these things yet.”

As a result, the girl said with a smile.

“I haven’t considered it before, but it’s not too late to consider it now, look at me, Lin Xuanxuan’s family is rich, she’s also good looking, and she has lots of water and lives well without being clingy, you won’t lose out if you follow me.”

The mineral water he had just drank into his mouth “poof!” The mineral water he had just drank into his mouth spurted out with a loud bang.

The woman giggled and said.

“Well?”

Ye Lu wiped his mouth then smiled and said.

“Okay, you win, but even if I consider finding a woman, I won’t find you, you don’t know, I’m a hot commodity!”

As a result, after hearing Ye Lu’s words, Lin Xuanxuan then laughed out loud and said.

“Haha, you’re just blowing it, you’re still in demand, look at your poor face, you’re only good looking, but what’s the use of being good looking, men want strength, do you have strength?”

Ye Lu didn’t answer her, because to be honest, he was a bit too lazy to care about her.

However, Lin Xuanxuan had misunderstood, she thought Ye Lu was inferior because she had seen Ye Lu’s nosebleed at the student assembly before, so she had already qualified Ye Lu as a horny person in her heart.

So, she looked at Ye Lu and said with a smile.

“Oh, I was right, then be a good boy and follow me, I guarantee that in the future you will eat and drink spicy food every day and go in and out of all the high class places

Seeing that Lin Xuanxuan was ready to go on and on, Ye Lu had no choice but to smile and say.

“Well, what you said is indeed quite tempting, however, it’s not what I want, I’m really sorry.”

In Ye Luo’s opinion, there was nothing wrong with the other party liking himself anyway, although there seemed to be some problems in the way, but the starting point was right, so he had been very polite to Lin Xuanxuan.

As a result, after hearing Ye Luo's words, Lin Xuanxuan flipped out.

She glared and said.

"Shit! You're a pancake vendor, what's so shameless about you, you dare to put up a fight with me, don't you know I'm from the Lin family?"

Hearing her mention the "Lin family", Ye Lu was stunned, because among the several families that Elder Ye had mentioned earlier for him to pay attention to was the "Lin family".

However, there were too many people with the surname Lin, and Ye Lu did not know which one was from the Lin family, but he did not expect that the one in front of him was.

So, Ye Lu thought about it and asked.

"Excuse me, is the Lin family very powerful?"

Lin Xuanxuan said proudly.

"That one is of course, our Lin family is one of the four ancient martial families in the capital, dare to mess with our family, with a casual hand you can be crushed to death like a fly."

In response, Nie Yibiao and Mu Zize, who were standing next to him, also nodded in agreement.

However, just at this time, suddenly Ye Lu heard a sweet voice calling out to himself.

"Ye Luo you come here for a moment."

Everyone's eyes turned to where the shouting sounded, and following that, many people's eyes lit up, because the one who shouted at Ye Lu was a rather beautiful woman, not only beautiful but also well-dressed and with an outstanding temperament, just like a kind of out-of-this-world aura.

It was none other than Long Feixue of the Long Family.

After seeing Long Feixue, Lin Xuanxuan, who originally wanted to say something, shut up.

Because, the status of the Long Family in the capital was not weaker than their Lin Family, although neither was a material for cultivation, Long Feixue's status went to be quite higher than hers.

Seeing Long Fei Xue coming, Ye Lu couldn't help but smile, he didn't expect Long Fei Xue to come by such a coincidence, the rescuer he had called for was not Long Fei Xue.

So, he smiled and waved to Long Fei Xue before walking over.

Long Fei Xue then smiled like a flower and said.

"I've come to give you something."

She handed Ye Luo the wrapped pair of Long Fei's "finger tigers", then took out a car key from her pocket and handed it to Ye Luo with a smile.

"It's time for you to learn how to drive, so I bought you a Toyota Baja, which is suitable for you and not too flashy."

After handing the keys to Ye Luo Long Fei Xue then said generously.

“Let’s go, my treat, let’s go for dinner.”

Long Feixue, as the president of the company, had seen a lot of things, and she had just seen Lin Xuanxuan standing in front of Ye Lu with her waist crossed and guessed a rough idea, that’s why she deliberately showed her goodwill, in order to show Lin Xuanxuan and Ye Lu their class.

In response to Long Fei Xue’s invitation, Ye Lu was a little embarrassed and scratched his head and said.

“That, I really can’t today at noon.”

Long Feixue then smiled and said.

“Fine, another day then, whenever you’re free, I’ll be at your beck and call.”

After saying that, she smiled and turned to leave.

“A gift of a car right after meeting, Ye Lu is too tremendously lucky.”

“Workplace beauty, I like it!”

“Wow! So beautiful!”

“It’s almost like a heavenly fairy, a star from the movies, right?”

“How can your skin be so good?”

.....

Long Fei Xue’s body had been transformed by the “Marrow Cleansing Pill” and then she also used the “Beauty Pill”, so of course her skin was white and shiny, and her skin could be blown up.

The first time I saw Long Fei Xue’s face and strength, Lin Xuan Xuan stopped talking.

However, at this time, the rescuers Ye Lu found had just arrived.

A very racy SUV drove into the school quickly, then parked not far from Ye Luo and them, followed by a big-breasted 36D beauty wearing sunglasses with two long snow-white legs and walked over.

“Click!”

“Ka!”

“Click!”

.....

The high heels stepped on the ground just like stepping on everyone’s heart, and many boys swallowed their saliva when they saw this sexy beauty with a royal style.

Ye Yan, on the other hand, quickly came over and sat on Ye Lu’s arm and he said with a flirtatious smile.

“Baby, this hot day to participate in training exhausted, right, go, to sister, sister help you rub, to ensure that you comfortable desire to die

Hearing his old sister's words, Ye Lu hurriedly smiled and said.

"Hey, hey, then what are you waiting for, let's go."

He was really worried that Older Sister would say something else, because he had only asked Ye Yan to come to the rescue, but he hadn't asked her to pound it out so much that even Ye Lu was a little uncomfortable.

Following that, the two of them got into the SUV.

"Older sister, is this a new car you've bought?"

Ye Yan said with a smile.

"Of course, I saved a lot of money on the renovation, so I bought this car, how about it, Older Sister's save was very successful today, right?"

Ye Lu nodded and said.

"It was indeed quite successful, however, your dress is too revealing."

Hearing Ye Luo's words, Ye Yan smiled a bit awkwardly and said.

"I thought you student boys like this tone, isn't that how movies and TV shows play out, first putting down a high heel from a luxury car, then big long legs, followed by a heroine who shows half her breasts shining"

Ye Lu knew it was useless to talk any more with this old sister, so she digressed and said.

"Older sister, how is the shop decoration going?"

Ye Yan said with a smile.

"No surprise, it will be opened in a week, your old sister will be the shop manager, wahhahahaha"

Looking at Ye Yan's big smile, Ye Lu sighed helplessly, fortunately the products of this shop were hard enough, otherwise according to Ye Yan's style of acting, the shop would probably close down in a few days.

At this moment, the playground could blow up, everyone was baffled by the sudden situation.

Two extremely beautiful women had both come to see Ye Lu, what was the meaning of this?

"The later one has such big boobs, I like it so much."

"Where did this Ye Lu guy hook up with all these beauties from, and they're both light mature girls."

"You don't understand this, right, such women are the ones who like fresh meat."

.....

Hearing everyone's chatter, Lin Xuanxuan suddenly felt so meaningless, so she turned around and was ready to leave, but, just at this time, another nice voice asked.

"Do you guys know where Ye Luo is? My phone just ran out of battery."

The crowd quickly turned around, only to see another big beauty, none other than Gu Shiqi, who was passing by the West Campus and wanted to drop by and see Ye Luo.

This time the crowd was completely nonplussed, it had only been a little while and three big beauties had come looking for Ye Lu, this Ye Lu's popularity was too high, right?

"This person is a freshman in our class."

At this time Mu Zi Ze, who had the most research on beautiful women, suddenly said.

"The forum has a picture of her, and she is the girl who is most expected to win this year's beauty pageant among the freshmen."

Seeing everyone's eyes gleaming and pointing, Gu Shiqi immediately wisely chose to turn around and leave. In fact, Gu Shiqi felt that she was originally not so eye-catching, but after using the "Marrow Cleansing Pill" and "Beauty Pill", her popularity suddenly had a tendency to explode.

"He's really so sought-after!"

After Gu Shiqi left, Lin Xuanxuan muttered in a somewhat depressed manner.

However, just at this time, another brittle voice said.

"Is Ye Lu here?"

Chapter 172

The crowd turned their heads to look again, only to see a nice, sweet little girl standing timidly not far away looking at everyone with some blushing.

"Beast, absolute beast!"

Nie Yibiao already couldn't help but shout out.

For Nie Yibiao's words, Mu Zi Ze also thought deeply as he nodded and said.

"To not even let such a cute and adorable girl go, Ye Lu is really hopeless."

The people next to him also echoed the sentiment.

"Ai! Yeah, this one is finished, completely degraded."

"Who will save the flowers of the motherland!"

.....

As a result, Miao Fengling said instead.

"I just came to find Master Ye Lu to ask him to come and save me!"

Following that, he then looked at the crowd and continued.

"Then do you guys know his phone number? I really have an urgent matter to find him."

With that, Nie Yibiao gave Ye Lu's phone number to Miao Fengling, who walked towards the outside of the school while making the call.

"I really didn't expect that Ye Lu would be all things to all people, young and old! This one is still underage, right?"

Nie Yibiao said as he looked at Miao Fengling's back.

Mu Zi Ze nodded and said.

"Definitely, I just want to know, how many good sisters does Ye Lu have?"

At this time, An Le, who had been silent, suddenly said.

"And a sister!"

Ye Lu was just about to have dinner with Ye Yan when he received a call from Miao Fengling.

"Master ah, you have to save me this time, otherwise I'm going to go blind, where are you, can I go find you now? You have to help me!"

Hearing Miao Fengling's words, Ye Lu was indeed a bit confused.

He told Miao Fengling to calm down for a while, and then asked.

"What's the situation?"

Following that, Miao Fengling then explained anxiously.

It turned out that her other master had left her a new assignment, which was to first get a little disease on her body, and then let her figure out how to cure it herself, and finally tell her master about the cure.

And this time the disease was about the eyes, Miao Fengling's eyes would go blind after twenty-four hours, and now eighteen hours had passed, so it was no wonder that Miao Fengling was scared.

However, Ye Lu thought about it and said.

"That, Fengling, you don't need to worry, since your master is doing this means she shouldn't be worried about something happening to you, even if you don't treat your eyes right you won't really lose your sight, don't worry."

As a result, Miao Fengling said instead.

"No, you don't know her, she's a madman, she'll do anything, Master, please, just help me"

Following that, Miao Fengling's stalking began once again.

Ye Lu sighed helplessly and said.

"Alright then, I'll go and take a look for you."

Thus, he let Ye Yan drive him to where Miao Fengling was.

"Ugh! Ye Lu, you're not going to do it to a child too, are you?"

After seeing Miao Fengling, Ye Yan said with a frown, Ye Lu immediately had a black line, he looked at Ye Yan helplessly and asked.

“Do I look so much like a playboy?”

Ye Yan said as she cocked her head and looked at Ye Lu.

“‘Flower’ is indeed tempting, but ‘gongzi’ or whatever you don’t look like, I feel like you don’t have a single dime to do with such a svelte title as ‘gongzi’ The relationship.”

Hearing Ye Yan’s comment, Ye Lu had to laugh heatedly before getting out of the car and walking towards Miao Fengling.

Looking at Miao Fengling’s appearance, it seemed like her eyesight had been affected somewhat.

“Master Ye quickly help me look at my eyes.”

Miao Fengling looked at Ye Lu and said anxiously.

In fact, although Miao Fengling was relatively young, she was very talented in cultivation and was already a cultivator at the peak of Dark Energy at a young age.

However, Ye Lu was not in a hurry, because since it was a question from the teacher, it should be within the scope of what Miao Fengling could handle, only that Miao Fengling had not found the right way yet.

Sure enough, Ye Lu used his glasses to carefully probe Miao Fengling’s eyes, and then he found out that her eyes had been paralysed in some way, and there were three relatively simple and feasible options according to the hints of the glasses.

The first was medication, there were specific drugs that could relieve this nerve paralysis, this should also be the simplest method.

The second is to treat with true qi, which means using dark energy to get rid of the paralysis.

The third was to use silver needles to prick the acupuncture points to treat the condition of one’s own neurons through the stimulation of silver needles.

So, after thinking about it, Ye Lu talked about the three easiest methods with Miao Fengling.

“No way, I can’t even figure out what I want to break my head, you thought of three methods just by looking at it, you are too godly!”

Ye Lu then laughed and said.

“I’ve told you the specific herbs and how to use dark energy, as well as how to place the needles, so you can see for yourself what appropriate method to use.”

Ye Lu estimated that Miao Fengling should be able to use all three methods.

Miao Fengling smiled and said.

“Fine, I’ll use the first one then, this one is the easiest and won’t be dangerous.”

In fact, although she said so with her mouth, but that was not what she thought in her heart, she had her own little plan, she was going to treat her eyes with medicine and then go and tell Lin Ruyue that she was actually treated with dark energy.

She knew exactly what Lin Ruyue wanted to test her on, and that was her ability to use dark energy to heal, but of course the application of needles was also important, however, the application of needles alone was not very important, what was important was the combination of the application of needles and true qi.

Ye Luo did not know about these little calculations of hers, so Ye Luo smiled and said.

“You’ve spoiled my meal, so accompany me to dinner, my treat, whatever you want.”

Miao Fengling then said with a smile.

“It’s been a long time since someone treated me, I’m going to slaughter you.”

As a result, Ye Lu found out that the so-called slaughter by Miao Fengling actually only cost the two of them a total of about a hundred yuan.

In the afternoon, when he returned to school, of course the military training continued, Ye Lu was still supernumerary, and this time the instructor had prepared a new training program for him, which was the training standard of the Snow Leopard Special Forces, because that instructor had felt that Ye Lu’s physical ability was afraid to be much stronger than that of ordinary people.

It was a comprehensive program of training, divided into 200 push-ups, 200 sit-ups, 100 frog jumps, 200 reps of barbell and 35 kilograms was a ten kilometre weighted run with a standard time of ninety minutes.

Ye Luo of course only had to do as he was told, and also to attach to the standard, and not too far in advance.

An hour and a half later, Ye Lu finally rejoined the instructor with a panting breath.

“Instructor, do you think I’ve done okay this time, and is it in line with your requirements?”

Ye Luo said as he wiped off his sweat while he was out of breath.

The instructor looked at the time, it was just a little over eighty-eight minutes, finished within ninety minutes.

“This bastard is definitely doing it on purpose.”

The instructor muttered secretly, then looked at Ye Lu and said with a smile.

“Not bad, well done, I won’t intentionally make things difficult for you, there is still one last training item, if you pass it this time too, you will be free.”

Hearing the instructor’s words, Ye Lu finally let out a sigh of relief, he was really worried that this guy would train like this endlessly, then it would be hard for him to keep a low profile.

So, he smiled and asked.

“Yeah, yeah, I hope it’s an easy training session that doesn’t make me so tired.”

Indeed, the operation of forcing all the moisture out of the body to form beads of sweat felt more tiring than even running laps.

However, at this time, the instructor suddenly came up to Ye Lu’s ear and whispered.

“Classmate, you are trying to pretend to be a pig and eat a tiger, aren’t you? You’re actually a cultivator, aren’t you? I’ll let you show your face here.”

After saying that, that instructor then laughed and said in a loud voice.

“The last training is actually very simple, that is to spar with me, if you can beat me in a fight, you will be considered to have passed your training.”

Hearing the instructor’s words, Ye Lu immediately raised his hand and said.

“No, I protest, this training is not fair because there is no way I can beat you, so you might as well just let me go to training.”

When Ye Lu finished speaking, Nie Yibiao and a few of them shouted after him.

“That’s right, you’re an instructor, letting us students defeat an instructor, is that obviously bullying.”

“Yeah, it’s too bullying.”

“Physical training and stuff is acceptable, this is really too unfair.”

.....

The crowd all chimed in.

One of the more aggressive girls then looked at the instructor and said.

“I always thought you were quite manly at first, hey, it seems I was wrong about you, you just see us ‘pancake learners’ as having no backstage to bully, right?”

Having no choice, the instructor said after some thought.

“Alright, alright then, here’s the deal, I’ll change the rules then, Ye Lu will count you as the winner if you can hit me anywhere in the head, is that alright?”

The crowd nodded at that.

The instructor then looked at Ye Lu and said.

“Alright then, you’ve just finished training, go and rest for a while, later we’ll have the competition on that grandstand so that everyone can have a clear view.”

Ye Luo looked at that grandstand, it looked like this instructor was determined to play himself to death to expose himself.

Chapter 173

Free to move around, Ye Lu walked towards the bleachers and began to study it on the bleachers.

Ye Luo felt that it seemed a bit difficult to fix this matter without any flaw. It was true that the aura in his own body would not be sensed, or at least, it would not be taken as true aura, but if he used his aura to do something on the other side, one, the other side could feel it, and two, there were so many people around, it was likely that he would see the flaw.

Moreover, Ye Lu observed through his glasses that this instructor was also a cultivator, such a person was in extremely good physical condition, it was impossible for him to have problems such as suddenly falling down with leg pain, so he had to think of a more clever way to do it, at least so that all the people who saw it could not see the flaw.

After all, almost all the freshmen were watching.

There were quite a few sons of big families among these freshmen, and these people might not be at a high level themselves, but there shouldn't be anything wrong with their vision, so they had to succeed in fooling them to do so.

"How do I do that?"

Suddenly, Ye Lu thought of a way out.

He himself knew two more things than others, one was that he could refine pills and cure diseases, an ability that was not very useful in this matter, and the other was that he could refine weapons.

The other method that Ye Lu thought of was to draw "weapon patterns".

The formations made up by these "patterns of laws" were very varied, and now was a good time to use them. So, Ye Lu looked around and saw that no one seemed to be watching him, so he sat down on the bleachers and began to draw the formations quickly.

After he finished drawing, he sat down on the edge of the bleachers and looked at the playground one by one, he suddenly felt that this kind of lively scene was quite interesting.

Such hustle and bustle was what university life was all about! It was so colourful and interesting.

Soon, the formation training came to an end, and that instructor smiled as he walked to the bleachers, while the class was arranged on one side of the bleachers, and people from other classes also came together and surrounded the bleachers, obviously, this was all arranged by that instructor, so that no matter what Ye Luo did, he could not hide.

For his part, Ye Lu stood up and walked up to the instructor and said with a smile.

"Isn't it, as long as I can touch your head I win? We made a deal, you can't renege on it, so many people are watching."

The instructor said with a smile.

"That's for sure, I never go back on my word."

Only then did Ye Lu nod, then smiled and stepped back, of course, as he did so he had already activated the formation.

Seeing this scene, the people at the bottom all started to talk.

“This kid really doesn’t know the sky is high, and he really wants to fight!”

“Yes, doesn’t he know that the instructor is a Dark Strength powerhouse, how can he get close to an ordinary person, it’s simply for nothing.”

“Who says no, not to mention touching the head, for such an expert, I don’t see how you can touch any part of your body at all.”

“Yes, touch me and I’ll eat the soar.”

.....

Through the discussion below, Ye Lu found that it was just as he thought, unlike the previous Liao city, there were obviously people in the capital who knew about cultivators.

Ye Luo stood quickly when he had almost retreated, then looked at the instructor and said with a smile.

“You do it!”

The instructor originally wanted to let Ye Lu attack, and to do a ripple himself, using his hand alone to dissolve the opponent’s attack, wanting to use this to put on a show, but he did not expect Ye Lu to follow the rules and let himself attack first.

However, looking at Ye Lu’s smiling face, he thought to himself.

“Well then, let me deliver a clean and beautiful blow and knock him down, but I can’t hurt him or use my full strength, otherwise I won’t be able to force myself enough!”

To deal with someone like Ye Luo if he still used his full strength to fight, in his opinion, it was obviously a bit self-defeating.

So, he said with a smile as he walked towards Ye Luo.

“Don’t worry, I’ll only use one hand, if I use other parts to attack you, it’ll count as my loss.”

He felt that he should be okay with this pussy, especially with the confident smile on his face, he had practiced for a long time for these college girls, as he knew very well that this was the best time to pick up girls in his military career.

However, what he didn’t expect was that when he was about to walk up to Ye Luo, Ye Luo suddenly pointed at the sky and said.

“Look, a grey machine!”

Of course he wouldn’t fall for such a little trick, besides there was no sound at all in the sky, there were no clouds, it was clear as day, there was a hairy plane.

However, immediately after that, the dumb thing happened, he felt a force rising from the ground, this force sucked his feet, then another force but through the meridians made him lift his head upwards violently, as if he was really looking at the plane, and what was even more dumb was that his body was also bound.

At the same time, Ye Falling quickly took a step forward to reach out and touch him on the face.

At the same time as Ye Falling's foot landed, the bondage and the strange sensation disappeared again.

"Huh!"

"That works too!"

"Where's the plane?"

"So deceitful, the instructor is so innocent."

"That's what they call a pure heart, I like it."

"Yes, such a pure-hearted boy is hard to find nowadays."

"I love you, instructor!"

.....

The crowd of women suddenly rose up.

Originally, the instructor was still very depressed, but hearing the girls' comments and shouts, he suddenly realized that this seemed to be not bad, so he scratched his head and smiled somewhat awkwardly.

In fact, he was completely dumbfounded in his heart, he didn't know what the hell was going on just now.

That Ye Lu clearly hadn't touched him at all, yet he himself had been hit, this was completely unscientific, was it a remote control, he had never heard of such kung fu, he looked down at the ground again, there was nothing on the ground, he took two steps back and forth and found nothing all the same.

"Evil!"

In fact, just now Ye Luo took a step forward with the purpose of triggering the formation's mechanism to make it disappear.

It was a superimposed formation, consisting of the Binding Formation and the Pulse Control Formation, with the Binding Formation holding the person in place and the Pulse Control Formation manipulating the operation of the person's meridians.

Luckily, this instructor was only an ordinary Dark Power powerhouse, so it did not require a particularly complex and powerful formation to solve the problem.

However, although Ye Lu had speculated, no one said anything bad about him, after all, for an ordinary person, there was only a little trick to play in such a situation.

Seeing that his aim had also been achieved, the instructor then looked at Ye Lu and said with a smile.

"Alright, you've won, today's training is all over, I'm granting you special permission to move freely during your military training."

After saying that, the instructor and Ye Lu looked at each other and smiled, anyway, both of them had achieved their objectives, and there was no grudge between them, it was a win-win situation.

Nie Yibiao and Mu Zize, however, were slightly disappointed, as the two of them were still waiting for Ye Lu to bash the instructor and engage in a counter-kill scene or something.

At this moment, in the Miao family, Lin Ruyue was looking at Miao Fengling with some surprise, because she didn't expect Miao Fengling to be able to cure her eyes. After this period of observation, she already had a better understanding of the Miao family's medical skills, as well as Miao Fengling's level, and the questions she came up with followed her teacher's principles, which were sick to the point of despair.

In fact, her thought was that as long as Miao Fengling could get the right symptoms and prevent herself from being completely blind, she hadn't even thought about the matter of her curing herself.

Moreover, just now Miao Fengling had said that she was cured by using dark energy, which was even more incredible, even her dad should not have this insight.

"Come over here and I'll take a look."

Lin Ruyue said without moving her voice.

The character Lin Ru Yue cosplayed today was Tsunade from Naruto, and her snowy white bulging breasts were too big for her eyes.

Lin Ruyue didn't care about that, she stretched out two hands and pressed both of Miao Fengling's temples, Miao Fengling's face was almost buried between her two boobs, following that, she found out the end, she found out that Miao Fengling wasn't treated with the dark energy, but with drugs.

"This nee-san must be hiding something."

Although Lin Ru Yue had big breasts, she wasn't brainless, so she thought about it and said.

"Good, well done, next I will set a new task, you have three days"

At this moment, Ye Lu had already left the playground, he found a secluded place and began to study the pair of "finger tigers", he wanted to improve the finger tigers first, to help Long Fei Xue get rid of the trouble.

However, what Ye Lu did not know at this moment was that someone was frantically looking for him.

Chapter 174

Master Xiao Liu has been going crazy these last few days, he has been asking around and looking for news of Mr. Luo, but Mo Xiaomi refuses to reveal anything, while others have absolutely no idea about this man, which makes him very depressed.

Of course, it wasn't him who was really looking for Mr. Luo, but his teacher.

Ever since he had seen the "weapon pattern" and learned of Mr. Luo's existence, Liu Yun's teacher had been obsessed with wanting to see him.

In addition, Liu Yun also found out that his teacher had been going to the mountain behind the Yanjing University of Traditional Chinese Medicine frequently recently, and he didn't know what he was up to.

In fact, Liu Yun did not know that his master Tie Zonglin actually wanted to meet Ye Luo again, because the more he thought about it, the more he felt that Ye Luo was extraordinary, but of course, more importantly, Ye Luo was too young, and with such a high level of insight at such a young age, he dared not imagine how terrifying the person behind Ye Luo was.

If he could receive guidance from such a master smith, Tie Zonglin felt that he would be able to go even further.

However, to his disappointment, he came every morning and the other party did not come.

What he didn't know was that Ye Lu was busy sparring with Doku Ao these days, so his morning practice was cancelled by him for the time being.

"Looks like we'll have to think of a way to put some pressure on Mo Xiaomi."

Grandmaster Xiao Liu began to think about it.

In the evening, Ye Lu had already practiced the patterns on his "finger tigers" that needed to be reworked and started to transform the pair of finger tigers, and just as the transformation was completed, several people from the same dormitory came back.

Just as they entered the room, Mu Zi Ze held up his mobile phone and shouted.

"Let me show you guys a hot news ah, there's a guy who's going to date the 'Silk Stocking Masked Man'."

When he heard that there was something about himself, Ye Lu put down his "burin pen" and looked at Mu Zi Ze and asked.

"Little Mu, what's the situation?"

Several other people were also curious, because after the third video about the "Silk Stocking Masked Man" was exposed, the popularity of the "Silk Stocking Masked Man" had skyrocketed, and he was just about to become a hot character.

"Hey, hey!"

Mu Zi Ze said with a smile.

"It's a guy with the screen name of 'Only Hands to Cover the Sky', he asked 'Silk Stocking Masked Warrior' to fight in seven days, if he doesn't take the challenge, he'll harm a college student every day, now everyone is frantically reposting this challenge post. ."

When he heard the words "Only Hands to Cover the Sky", Ye Lu understood who the other party was.

It should be someone from the "Heaven Sheltering Gang" who was causing trouble.

It seemed that the rumors about the "Heavenly Clan" were true, and they were probably really vicious and vengeful.

So, Ye Lu thought about it and asked Mu Zi Ze.

“Is this ‘Heavenly Clan’ very famous? Is it more powerful than the big clans?”

As a result, Mu Zi Ze looked at him with a look like a mountain boy and said.

“Don’t you know, gangs are the most terrifying in this world, they have to be more terrifying than those clans, it’s the same as a closed system and an open system, do you see if our country got stronger instantly after the reform and opening up?”

Ye Lu pondered slightly, and it turned out that what he said really seemed to have some truth to it.

Mu Zi Ze then went on to say.

“The ‘Shade Sky Gang’ is a gang that has only suddenly risen in the past few years, and is known for its cruelty and love of holding grudges, so basically no one dares to mess with them, and this time I think most of the ‘Silk Stocking Masked Warriors’ wouldn’t dare to answer the battle, and if they really dare to go, if they really dare to go, they will undoubtedly be making an enemy of the ‘Heavenly Clan’, which is no different from seeking their own death.”

Hearing Mu Zi Ze’s words, Ye Lu also started to look up the news about this challenge.

As a result, he found that the message was easy to search for.

The time and place of the battle was clearly written, it was at another mountain in the capital called “Purple Gold Mountain”, and the date was seven days later at 10pm, and at the end of the post there was also a sentence.

“On the night of the full moon, at the top of the Purple Gold Mountain, a sword will come from the west and cover the sky with only one hand.”

Don’t say it, it was really a bit of a duel of masters.

“Seven days later?”

Ye Lu muttered in his heart, tomorrow the new batch of “Luminous Stones” from the “Hundred Flowers Sect” would arrive, so he could probably add another surge of aura before the duel, but what made Ye Lu a little unsure now was that he didn’t know what level of opponent the other side would send, as for running away, he never thought about it.

After another while, when the lights were about to go out, Jin Kun came back.

From afar, Ye Lu could smell the blood on Jin Kun’s body, and indeed, after entering the door, everyone saw that Jin Kun had injuries on his face as well as his body.

“Shit! Jin Kun, did someone hit you?”

Seeing that Jin Kun was injured, Nie Yibiao immediately became nonchalant as he looked at Jin Kun and yelled.

“Who the hell is it, and who dares to touch my brother? Let Brother Biao take revenge for you.”

As a result, Jin Kun just calmly said two words.

“No need.”

From his expression, it was impossible to tell if he was being bullied, but, to be honest, Jin Kun had been the same face as a poker since he arrived, so people couldn't figure out what he was thinking.

“Jin Kun, you're not going to play black boxing, are you?”

At this time, Mu Zi Ze stroked his chin and thought about it and said.

Hearing Mu Zi Ze's words, Jin Kun glanced at him, then silently walked to the washroom to wash up.

Ye Lu, on the other hand, was a little curious and asked Mu Zi Ze.

“Little Mu, what the hell is black boxing?”

Mu Zi Ze said as he once again looked at Ye Lu with the eyes of a mountain boy.

“Black boxing is short for underground fighting, under the surface there is an underground world, in that world people are responsible for assassinations, hiring and so on all kinds of dark hooks, of which black boxing is the most famous, and it is voluntary principle anyone can participate, it is a place where all kinds of strong people fight, of course it is also a place to make money and resources, business is a hot mess.”

Hearing Mu Zi Ze's words, Ye Lu found that this world was really big and big, there was actually some kind of underground world besides the gangs.

Following that, Mu Zi Ze then looked in the direction of the bathroom and said.

“Ah Jin, if you're really playing black boxing, I advise you to hurry up and quit, I'll give you money if you're short of it, going to that place is going to kill you.”

However, Jin Kun was silent as always, and Mu Zi Ze had to shake his head helplessly.

Ye Lu went on to fight Dokku Ao the next day, and without any surprise, Dokku Qian Sha managed to steal three “regeneration pills” from Ye Lu's clothes, Ye Lu didn't know this, he wouldn't be bored to count how many pills were left, three were missing, he didn't even notice.

The reason why he had to come to the branch with the pills was because many of the pills were “special”, that is, they were not sold openly, because then the supply would not meet the demand.

Lin Ru Yue was sitting in the shop, studying her medical books, because soon there would be a “Pill Master's Conference”, a grand event of the “Pill League” in the secular world, when all the pill masters from all over the country would gather to compete, not only the pill masters of the “Pill League” in the secular world, but all the pill masters in the country would participate, so she had to prepare well in advance.

At this moment, a young girl suddenly walked in.

“Excuse me, is this kind of elixir from your ‘Pill Alliance’?”

Dokgo Qianshak took out three “regeneration pills” and asked.

Lin Ruyue took the pills over to her, her eyesight was quite high, and when the pills arrived in her hand, she felt the raging medicinal power in the pills, which was obviously more powerful than the trauma pills made by their 'Pill Alliance'.

"Is there such a potion?"

She muttered in her heart, while looking at Doku Qian Sha and asked.

"Where did you get this kind of elixir?"

Of course Dokgo Chisha couldn't say that she had stolen it, so she thought about it and said.

"I got it by chance, but unfortunately, I only have these three capsules, so I wanted to ask if this was a special elixir from the 'Pill Alliance'?"

Lin Ru Yue said after thinking about it.

"This is not our 'Pill Alliance' elixir, however, I am very interested in these three grains of elixir, can we buy them for us?"

Dokgo Qianshak said with a smile after thinking about it.

"Yes, you can, however, you have to exchange them for a 'Pulse Punching Pill'."

Lin Ru Yue smiled when she heard Dokgo Qian Sha talk about the "Pulse Pill", which was a pill that could help cultivators at the "Tirth Breath Realm" to enter the "Pulse Raising Realm".

So, she thought about it and looked at Doku Qianshak and said.

"Alright, just tell me who made this elixir, and I can agree to exchange it with you."

Chapter 175

To be honest, this condition was extremely tempting, because Dokgo Ao had already left the family, so the family's resources would definitely not be given to them, so it was almost difficult for her to get such pills as the "Pulse Pill".

However, in the end, she sighed and said.

"Forget it, I'll leave then."

After saying that, she put away the "Regeneration Pill" and prepared to leave.

Seeing Dokgo Qianshak's performance, Lin Ruyue sighed and said.

"Wait, bring me the pills, I'll give you a 'Pulse Punching Pill'."

In the end, Lin Ruyue decided to buy the three pills, because she felt that the division should be able to see the end of these three pills, other than that, if she could get the recipe for this kind of pills, the value would be unimaginable.

Ye Lu did not know that his pills had already been sent to one of the branches of the Pill Alliance, but he was still at the Iron Blood Martial School undergoing his demonic training.

However, he felt that after the endless training in the past few days, his combat level had risen dramatically.

So, Dokgo Ao taught him very hard.

After two more days, Miao Fengling came to Ye Lu again, this time her master had made her mute and said that if she could not be cured, she would remain mute.

Ye Lu was speechless at this teacher of Miao Fengling's. He gave her a few pointers to help her solve this problem and then gave the modified "Finger Tiger" to Long Fei Xue.

In this way, the days passed peacefully.

He found that Jin Kun, who did not like to talk, was actually quite kind-hearted. He was the one who fetched all the water and cleaned up the rubbish in the dormitory.

Also, he hadn't left his dorm room again in the past few nights.

"It looks like he should have earned the money he needed."

Seeing that Jin Kun was fine, Ye Lu was relieved, when he was in high school, he only had one nemesis, Zhao Yang, and now that he had four roommates, Ye Lu still cherished them.

In the blink of an eye, it was the penultimate day of military training, which would officially end tomorrow and the instructors would be going back.

It was also on that night that Ye Lu saw Jin Kun leaving the school again, he thought about it and followed him, it was too late to put on make-up, so he could only follow so directly.

Soon, Jin Kun arrived at a bar, and Ye Lu followed him in.

Once inside, he saw Jin Kun walking in a circle towards a room, at the door of the room were two men in black, Jin Kun took out an unknown object and showed it, following the two men nodded, he walked in.

"Looks like it requires a membership card or some such thing."

Ye Luo muttered, and at that moment, it just so happened that a man beside him was about to go over as well.

Ye Luo quickly reached out to stop this person and said with a smile.

"Big brother, can you come over here for a moment, I have something to discuss with you."

This person glanced at Ye Luo and then asked in confusion.

"I don't know you, what is it that you want to see me about?"

Ye Luo waved his hand to one side, and the man alertly looked to both sides before following Ye Luo over.

After walking over, Ye Luo then reached out his hand and said with a smile.

"Actually, I have the same thing to give you."

The guy immediately looked at Ye Luo's fist curiously, Ye Luo slowly opened his fist, but it turned out that there was nothing in it, while the guy was puzzled, Ye Luo had already reached out and poked him in the body.

The man fell onto Ye Luo's body, and Ye Luo helped him into the side of the room, and then took out all the cards he had with him, and there was indeed a very exaggerated looking card, one side of the card had a harsh ghost drawn on it, and the other side had the word "kill" and some numbers and so on.

"This should be it."

Ye Lu picked up the card and then walked out of the room towards the entrance.

After showing the card, he easily passed through the barrier and walked down a long flight of steps, before Ye Luo pushed open the door to an underground hall.

Inside the cage were two bare-chested strong men, one of whom was carrying a huge axe, while the other was holding an iron bar. The two men were beating each other, the sound of metal clashing was unusually loud, while the surrounding audience was shouting wildly along with them.

To Ye Lu's slight surprise, most of these shouting spectators were dressed very decently and looked quite rich.

However, everyone looked extremely wild at the moment, and some of the women actually took off their underwear and waved them in their hands, supposedly having a good time.

Ye Luo saw that Jin Kun was sitting naked in the house that led to the middle cage on one side.

The entire venue was similar to the ancient Roman "Colosseum" in the movies, bowl shaped, with the cage at the bottom of the bowl, and two passages on either side of the cage.

At this time, the people around suddenly let out a cry of alarm, and Ye Lu turned his head, only to see that the head of the bare-chested man with the iron bar had been chopped off by another guy with an axe, and blood gushed out like a fountain, staining a large area of the ground red, the scene was bloody.

However, it looked like the audience was watching with a good high, everyone was shouting wildly, followed by cheers.

"Tomahawk!"

"Tomahawk!"

"Tomahawk!"

.....

I guess "Battle Axe" is the name of this bare-chested man.

Then a couple of guys walked in and took the dead body and the head that was still rolling on the ground, and a rather strong looking guy walked in with a microphone.

"Ladies and gentlemen, here comes 'Eight-Armed Nezha', the unbeaten, battle-hardened superstar from 'Hell's Gate' in eight fights."

With his words, a large, tall man carrying two swords, one long and one short, walked slowly into the middle cage from the side.

The crowd thundered in approval as the guy walked in and raised his hands and waved the swords in his hands.

And the host continued.

“Challenging our ‘Eight-Armed Nezha’ today is a newcomer from ‘Shadow of Death’, a super martial artist who impressed everyone in the last match, and a master of the boxing art ‘Vajra’.”

After the host finished speaking, Jin Kun, who had long been prepared, walked into the cage wearing a pair of black metal boxing gloves.

Seeing this scene, Ye Luo then walked down the grandstand and walked into the room where Jin Kun was before.

The reason why he did not stop Jin Kun was because firstly, with Jin Kun’s character he could not stop him, Jin Kun was just extremely stubborn and strong, and secondly, Ye Lu felt that stopping Jin Kun when he was not in the ring would undoubtedly be an insult to Jin Kun.

“Please, what do I have to do to get my friend out of the match, I can pay for it, as much or as little as I want.”

Ye Luo said directly after he walked in.

Hearing Ye Luo’s words, a strong man with tattoos on his body smiled and said.

“Very rich aren’t you, but unfortunately, our ‘Shadow of Death’ also has its own rules, money is not good.”

When he heard that money was no good, Ye Lu looked at him and continued to ask.

“Then according to the rules, how can I get my friend out of this matter, if I need something in exchange, there are pills.”

If it could be exchanged for a treasure, Ye Luo did not care about what he had in his hand.

“Oh, none of it is good.”

The burly man laughed and said.

“Jin Kun signed a contract with us for twenty fights, as long as he doesn’t die, these twenty fights must be finished, we ‘Death Shadow’ are very contractual, of course, if there is a person whose level is not inferior to his to help fulfill the contract, this is compounded by the rules.”

After he had finished, Leafall then looked at the cage and said.

“I’ll fulfil the contract for him, let him come down.”

The eight-armed Nezha who was using two swords was obviously more powerful than Jin Kun, because Ye Lu had already seen that Jin Kun was already injured in many places.

As a result, the strong man sitting opposite Ye Lu shook his head and said.

“This can’t be done, a match that has already started can only be terminated if one of the players admits defeat or dies, no one else has the right to interfere, this is also the rule.”

This was a bit troublesome, Ye Lu knew that with Jin Kun’s character, he would never admit defeat.

Chapter 176

And the burly man sitting in front of Ye Lu continued.

“Xiao Ya, take him to the medical examination to see if he meets the requirements, and if he does, sign the agreement first.”

When he finished speaking, a woman in a revealing outfit walked past and hooked her hand towards Ye Lu and said.

“Let’s go.”

Ye Luo then said with a frown.

“Can’t we hurry up?”

Xiao Ya said with a smile.

“Don’t worry, it’s fast.”

Ye Lu actually thought about trying to snatch the person directly, but he saw through his glasses that there were several “Pulse Raising Realm” experts sitting in the venue, and this was still on the surface, he didn’t know if there were any more experts in the shadows, so he was not sure about saving the person, not to mention that this place was called the “Underworld”, and it was unclear what kind of after-effects there would be after the rescue.

Soon, Ye Lu was brought to the side of an old man, who was an innate expert of the Placental Breath Realm. He reached out and touched Ye Lu’s hand, and then let his true qi travel around his body before nodding.

“The Ren and Du veins have been opened, and your cultivation is at the peak of Ming Jin.”

After saying that, the old man took out a plaque and hung it on Ye Lu’s chest, with the word “Ming” written on it, which should prove that he was a “Ming Jin powerhouse”.

Then the woman took out a stamped contract and said.

“Okay, if you want to save your friend, sign here, along with your real name and other information, and we will review your qualifications to see if you can participate.”

Ye Lu nodded, then quickly filled out all the information.

The two then went back to the room they had been in before, the pretty girl making an ‘OK’ gesture to the strong man, while Ye Lu looked at the cage.

Jin Kun looked shaken and his opponent, the one with the twin swords, was also injured but much better. Seeing that he had the victory in hand, this guy walked around the cage with his twin swords in his hands before shouting again and swinging his sword at Jin Kun.

The result was that to his surprise, Jin Kun did not dodge, he reached out and grabbed the long sword, allowing the short sword to pierce his body, while his right fist had already blasted his opponent's head.

"Boom!"

After a muffled sound, his opponent's head was punched with a big hole, blood splashed, and the body fell to the ground with a "thud!" The body fell to the ground with a loud thud.

Jin Kun, on the other hand, took a step backwards with his sword in his chest, and then fell to his knees with a "thud!" The stands were filled with roars, obviously pleased with the bloody result.

"Quickly, carry him back, there is still help."

Leaffall said anxiously.

As a result, the burly man opposite him said.

"Whether there is salvation or not, that depends on whether you can come back alive or not, you are on next, if you can come back alive, I will save him, otherwise I have no need to save him, because, even if he is saved, he won't be able to play in the short term, the 'Shadow of Death' never wants useless trash."

Leaffall nodded, then quickly said.

"Tell them to hurry up and start."

Soon, someone carried Jin Kun out of the cage.

However, to the others, with such heavy injuries, although Jin Kun still had a breath in him now, he should be dead, and no one felt that Ye Lu could save the man.

Soon, that host came out, but, without waiting for him to speak, Ye Lu had already dashed over to take his microphone and said.

"My name is 'Blood Shadow', which one of you from that 'Hell's Gate' is coming out, hurry up, I'm in a hurry."

Seeing this scene, the whole venue fell silent, as this had never happened before.

The MC, who was also a practitioner, and not a low ranking one at that, was already a "strong practitioner", was also a bit confused as to how Ye Lu had taken away his microphone so easily, as Ye Lu clearly had a sign with the word "Ming" on his chest!

He took the microphone from Ye Lu's hand again and cleared his throat.

"Well, since the contestant from 'Shadow of Death' is in a bit of a hurry, then I'd like to invite 'Hell's Gate's invincible powerhouse who has won ten battles and ten victories, 'Heaven Shaking Savage Bear' Take the stage."

With the host's words, a burly man who was more than two metres tall, covered in exuberant hair and carrying a huge hammer in his hand walked out from the opposite passage.

This guy made a loud sound with every step he took, while the hammer in his hand would also slam on the ground.

"Boom!"

"Boom!"

"Boom!"

.....

Giving the impression that it was like an ancient savage beast had come back to life, the people in the stands all shouted wildly and some were whistling, presumably because they saw that Ye Lu's size was too different from his opponent's.

Ye Luo was not that kind of big body, and at the moment he was still wearing clothes and could not see his muscles, so he felt far worse than the barbarian bear.

"Kill that monkey!"

"Yes, tear him up!"

"Tear him up!"

"Tear him up!"

.....

The audience all shouted in unison with excitement.

He could not wait for this guy to pose, he was still in a hurry to save someone.

Seeing Ye Lu charge forward without waiting for his opponent to make a full appearance, the crowd once again boiled up, because the more unconventional the play, the more they liked it.

Seeing Ye Lu rush forward, the barbarian bear grinned cruelly, then swung his huge hammer and smashed down.

Ye Lu dodged sideways, then stomped his foot on the hammer handle, the man rose up in the air, followed by a fist that disliked the guy's chest.

"Boom!"

This guy, along with the hammer in his hand, flew straight back across the room again, and with the force of the recoil, Ye Luo landed back in the cage with a beautiful flip in the air.

"Alright, you announce the next match, I have to leave first."

After saying that, Ye Luo darted back to Jin Kun's side.

The whole venue was silent and not a single person made a sound as the few rabbits rose and fell, no one had expected such a thing to happen, even that host was dumbfounded.

It took a few seconds before he picked up the microphone and announced.

“Ahem! I declare that the winner of this match is ‘Blood Shadow’ of ‘Death Shadow’.”

After he made the announcement, the crowd in the venue then chattered and chattered.

“What was that just now?”

“Was it really a one level fight?”

“Is that skinny guy a Ming Jin powerhouse? Was there a mistake?”

“That kid is so handsome!”

.....

“The people on this side of Death’s Shadow were also shocked, this strike, this speed, this power, how could this be from a peak Ming Jin practitioner?”

“Are you really a ‘peak Ming Jin’ practitioner?”

The strong man at the head asked Ye Lu with an incredulous look on his face.

However, at this moment, Ye Lu did not have time to pay attention to him, he was dealing with the wounds on Jin Kun’s body, but, to his surprise, he found that the wounds on Jin Kun’s body were far less dangerous than he thought, the wounds did not bleed too much, and after the short sword was pulled out, the wounds actually had the tendency to heal on their own.

“Jin Kun seems to be odd!”

While applying medicinal powder to Jin Kun’s wound, Ye Lu began to carefully check Jin Kun’s profile, because previously Ye Lu, in line with the principle of not prying into other people’s privacy, did not check the profiles of his friends around him.

As a result, Ye Lu found that there was an item called “Hidden Bloodline: Not yet awakened” on Jin Kun’s profile, which meant that Jin Kun should have some kind of strong bloodline and that was why his body was different from normal people.

After giving Jin Kun a few more “regeneration pills”, Ye Lu turned to look at the strong man and said.

“I am a ‘peak Ming Jin’ practitioner, didn’t I just finish the identification? Is there any problem?”

That strong man stood up and said with a smile when he saw that Ye Lu had finished his work.

“My name is Black Hades, a hall master of the Seven Major Organizations of the Underworld ‘Death Shadow’, if you have already treated your friend’s wound, there is something I would like to discuss with you.”

Ye Lu didn’t take Black Hades’ words, but said after thinking about it.

“You just said that it is possible to admit defeat during a duel, right, and what happens if you admit defeat?”

Hearing Ye Lu’s words he then smiled and said.

“I understand what you mean, in fact the fighter and I are not a slave and slave master relationship, we are a win-win relationship, so if we win the match, the prize money is half for the fighter and half for us, when if we admit defeat, the fighter of course has to pay the losing half as well.”

Ye Luo did not expect it to sound quite fair.

However, at the same time, Ye Lu was relieved, it sounded like as long as the rest of the match was conceded, the matter could be settled with money, it wasn’t that Ye Lu didn’t like fighting and grinding, it was just that he didn’t like this feeling of being manipulated by others.

However, Black Meditation followed up by saying.

“However, you don’t have this treatment anymore, because he signed a life and death contract.”

Black Hades pointed to Jin Kun who was still lying down and continued.

“The advantage of signing this kind of contract is that you can get a part of the payment in advance.”

Following that, he then looked at Ye Lu and said.

“However, what I want to discuss with isn’t this matter.”

Chapter 177

In fact, Ye Lu was also curious, according to say, he signed the contract is also at the mercy of the other party, what else is there to discuss.

As a result, Black Meditation said.

“What I want to discuss with you is about the ‘Hundred Wins Shura’, there is a title in this underground boxing tournament, that is the title of winning a hundred matches in a row, it is called ‘Shura’, obtaining the ‘Shura ‘ title not only has great privileges and good rewards, but more importantly, there will be an ‘Earth Rank’ martial art.”

“What I want to discuss with you is whether you can transcribe a copy for us at that time?”

Ye Lu asked after thinking about it.

“You might as well tell me the details and what I can get out of doing so, and I will judge how to do it.”

Black Hades had nothing to hide, and he said with a smile.

“Then I will talk to briefly, this winning streak of one hundred matches is not just any winning streak, because if there are no rules people will exploit the loopholes, such as arranging for people to lose one hundred matches in a row, so there are several rules like this, I will not mention the details, I will try to cut it short and talk to you about it.”

“Firstly all participants in the underground boxing tournament have to be affiliated to one of the seven organisations, while Yum Yum’s opponents are the remaining six organisations, and they can’t have more than twenty fights with each organisation.”

“Then, the challenge cannot be repeated, meaning that one person cannot be challenged repeatedly.”

“Finally, winning twenty times in a row in each realm’s tournament will automatically move you to the next realm’s tournament.”

“Basically, these are the three rules.”

Hearing these three rules Ye Lu nodded, the rules sounded very simple.

Then, he looked at Black Meditation and asked.

“I still don’t quite understand one thing, is it true that as long as a challenge is made, you must answer it?”

Black Hades smiled and said.

“Of course not, the rules here are that a lower rank challenges a higher rank, the higher rank must answer the battle and vice versa, and those of the same rank must not avoid the battle of course, remember it is the rank of the cultivator that is being talked about here, not the rank of the field.”

“That’s why I’m working with you, because in terms of the rules, you have the biggest advantage, you can challenge anyone, while no one else can challenge you.”

“So, you just need to play it safe, and you will definitely become a Hundred Victory Shura in about ten years.”

For his part, Ye Luo thought for a moment and asked again.

“Then how many Hundred Victory Shura have ever appeared before?”

Black Hades said with a smile.

“Only one Hundred Victory Shura has appeared before, and that was the master of our underground world, because the condition is too harsh, imagine, when you have just advanced to become a ‘Dark Strength Power’, a peak Dark Strength cultivator comes to challenge you, and this peak cultivator is still a genius, what’s worse is that you still have to defeat twenty of them, how easy is that.”

After hearing Black Meditation finish, Ye Lu basically understood the difficulty of this matter, it basically meant that one had to have the strength to fight across at least one small realm as well, and this was still the minimum requirement.

If one met an equally demonic genius, then one would have to have the strength to cross two levels to do so, and inevitably, there would definitely be another time in between where one would have to cross a major realm, no wonder only one person had been able to obtain this title before.

After listening to Black Meditation’s explanation, Ye Lu thought for a moment and said.

“Okay, I probably understand, however, I still have one more thing to confirm with you, first of all, how many matches can each person play in a day?”

Black Meditation thought for a moment and said.

“When the rank is low, the first three matches are unavoidable, after that it depends on the individual’s will, the more advanced this match will be less and less because of the need to avoid wheel battles.”

Ye Lu nodded and then asked again.

“Will my information here be exposed, I mean, if someone checks can they find out?”

Black Meditation shook his head and said.

“Every fighter’s information is confidential, including his name, unless he wants to reveal it himself, and of course disguises, masks and the like are all right.”

“What, you want to conceal your identity? We have masks right here, as well as defensive spells, so you can choose one.”

Ye Lu nodded, then the flirtatious woman from before, Xiao Ya, smiled and brought a bunch of masks, Ye Lu chose a ghost face mask that covered half of his face, then looked at Black Hades and said.

“I’m in a hurry, I definitely can’t wait for ten years, about a month’s time, I’ll get the title of ‘Shura’, you can arrange it for me according to this time, 20 games tonight, I want to play all of them.”

Hearing Ye Luo’s words, the first feeling Black Meditation had was that this kid was crazy.

It wasn’t just him, everyone present felt the same way.

“Young man, you may indeed be very talented, but arrogance will get you killed, this is an underground boxing tournament, do you know why this title is called ‘Shura’? It’s because this place is a shura, I don’t want you to become a short-lived ghost.”

Black Meditation looked at Ye Luo and said.

“That’s right, you’re too presumptuous, is your local boxing match a child’s play?”

“It’s playing with your life, young man.”

.....

For his part, Ye Lu put on his mask and said indifferently.

“Don’t worry, it’s playing with my own life, I naturally have it in mind, let’s start, I think I have 19 more fights to go with ‘Hell’s Gate’.”

Black Hades said with a nod.

“Good, you’re all on next.”

Ye Lu saw that Jin Kun’s breathing had become smoother and smoother, and his heart was completely settled.

At this time, that host had once again walked to the centre of the cage and said.

“The next one to appear is ‘Lightning Demon’, a super expert of ‘Hell’s Gate’ who is undefeated with eleven victories and known for his speed.”

With his words, a somewhat thin but muscular looking man stepped into the middle of the cage.

It seemed that the “Hell’s Gate” was also very afraid of Ye Lu’s tremendous strength, so they had sent a speedy opponent.

Then, the host continued.

“This match is against ‘Lightning Demon’, a rare super dark horse who has just emerged, ‘Blood Shadow’, an up-and-coming expert who once fought a savage bear with one punch.”

Hearing his words, Ye Lu walked towards the cage with his mask on.

The host, meanwhile, continued to incite.

“Next will be a battle of the dragons, whether ‘Lightning Demon’ continues his impressive record of twelve undefeated matches or ‘Blood Shadow’ brings another great surprise, let’s wait and see.”

At this time, Ye Luo had already walked across to the opposite side of the Lightning Demon.

“Okay, let’s begin!”

The host stepped aside and gave the order to start.

The “Lightning Demon” looked at Ye Lu and smiled.

“Young man, you may have some strength, but when you meet me, your time has come to die.”

With these words, he stretched out his hands, which were hidden in his sleeves, and on both hands he wore long, blade-like claw blades that looked just like Wolverine.

Then, he rushed forward like a gust of wind.

The crowd held their breath as they watched the scene.

However, immediately afterwards, everyone saw Ye Lu throw a fierce punch when his opponent was close at hand, and with just one punch, this guy flew out like a kite and re-flown back to the camp he came from.

He was knocked out of the field, and naturally, he lost.

“Wow!”

“Awesome, awesome!”

“That’s a spike! I love it!”

“Pity, why did you cover your face this time?”

.....

The audience was certainly excited as hell.

And while that host gestured for him to go back after declaring Ye Lu's victory, Ye Lu looked at him and said with a smile.

"No need, I'll be the only one participating in all our 'Shadow of Death' matches next, it's too much trouble to go back and forth, you can just announce my opponent."

Hearing Ye Lu's words, the host froze for a moment, as he hadn't operated like this before, however, after thinking about it he said in a loud voice.

"Good! Can you see, our 'Blood Shadow' player is ready to pack the house today, so if you want to place your bets, hurry up and do so, you have seen how efficient our 'Blood Shadow' gentleman is, you won't get a chance if you are late."

He then looked in the direction of the "Hell's Gate".

After a long time, a masked man in black appeared at the entrance and exit of the Hell's Gate.

The host said in a loud voice.

"Good! The next challenger to our dark horse 'Blood Shadow' is a ninja from the East, the 14-win undefeated ninja master 'Ichiro Oda' from the country of Japan."

Ye Lu didn't expect to meet a foreigner here, but after he had beaten two people, this guy still dared to come out, so he thought that he had something overpowering.

Sure enough, after the match started, Kota Ichiro flew back, followed by his hands flying, the sky of concealed weapons shot out towards Ye Lu, what kind of hand sword, sprinkles, bitterness, poison needles all came in one stream, and at an extremely fast speed.

"So it's a dark weapon expert."

Ye Lu finally understood why this person would appear, however, this point is not difficult to defeat him, he quickly a vertical leap, body jumped up high, dodge these concealed weapons.

However, it seemed that Ichiro Oda had expected Ye Lu to dodge like this, and with a flash of cold light in his eyes, more concealed weapons shot out towards Ye Lu in the air.

He poured his aura into his shirt and swung it like a windmill, all the concealed weapons were caught by his shirt.

"Ooh!"

"Invincible!"

"I give full marks for this operation!"

.....

The audience boiled up again, while Ye Lu looked at the host and said.

"Let's get the remaining seventeen people together, I'm busy and in a hurry."

Chapter 178

Hearing Ye Lu's words, the host, the audience, including the people from "Hell's Gate" all opened their mouths wide in surprise.

"Isn't this a bit too much?"

Someone muttered.

"Bull, I've seen a bully before, but I've never seen such a bully before."

"Yeah, I give full marks for this pussy."

"What pretence, that's a real bully, otherwise who would dare to joke with their lives."

"Bloodshot, Bloodshot, I love you, I want to have monkeys with you"

.....

It was the audience who were the most high, their emotions had been completely ignited by Ye Lu.

For his part, Ye Luo glanced at the host who was still really dazed and asked with a smile.

"What, is there a problem?"

The host then came back to his senses and said with a thumbs up.

"This operation can be had, no problem."

Then he looked in the direction of Hell's Gate, whose leader today was called Yin Jiuyu, who was very depressed today.

So, he said with a grimace.

"All those with ten wins or more, come out."

As it turned out, there were less than seventeen people with ten wins, and since the number of matches every night was very limited, the Hell's Gate didn't bring many people with them.

"Good, then a few more people with eight wins or more."

Seeing that there were enough people, Yin Jiu You looked at everyone and said.

"This time, all seventeen of you will fight together. Don't think about coming back alive, just fight for me, understand?"

All of them nodded with gritted teeth, and then, everyone walked into the cage together and surrounded Ye Luo in the middle.

Because there were too many people, the host no longer bothered to introduce them one by one, he hid to one side at this moment and said.

“The most disparate battle in terms of numbers since the start of our underground boxing tournament is about to begin, so I’m asking if you’re excited, why don’t you go and place your bets?”

It was then that the watching crowd realised they hadn’t placed their bets on who would win.

However, to everyone’s surprise, the odds given by the bookmaker were very low for Ye Lu, which meant that the bookmaker actually favoured Ye Lu.

Among those who were placing their bets at the moment was a young lady from the Lin family, who was excited at the moment because her favourite thing to watch was the underground boxing matches, and she loved to see that feeling of testosterone bursting and blood spurting.

“This ‘Blood Shadow’ is really too handsome, much bloodier than those sons and daughters of the family.”

She said with emotion while placing a bet on Ye Lu.

However, the other woman next to her said with a smile.

“Lin Huahua, you’re being a nymphomaniac again, don’t worry, with me, Jin Mei Mei, that ‘Blood Shadow’ is not your cup of tea, so just die.”

This speaker was none other than a young lady from the Jin family in the capital, the four great families had always been at odds, so it was inevitable for the sons to sneer at each other when they met.

Lin Huahua, on the other hand, said with disdain.

“Che, ‘Blood Shadow’ is not one of your Jin family, what’s so cowardly about it.”

Followed by the two people tossing their tongues.

Ye Luo waited for another three minutes before the host announced the start of the match.

Ye Luo looked at the crowd gathered around and said.

“I advise you to concede defeat quickly, you are not that Japanese and I do not want to kill you.”

As a result, the crowd didn’t say anything, they swarmed and rushed on, the audience all gasped and shouted, this kind of massive group fight was almost hard to see in an underground boxing match, at most it was a five on five group fight.

However, immediately afterwards, everyone saw that with Ye Lu as the centre, one by one, opponents began to fly out, just like dumplings, and in a moment, everyone was lying on the ground.

“Do you concede defeat?”

Ye Luo walked up to one of them and looked at him and asked coldly.

This guy thought for a second, then quickly nodded and said.

“I concede defeat!”

The rest of the guys didn’t wait for Ye Luo to ask and all said in unison.

“I concede!”

Ye Lu clapped his hands and laughed, then looked at the host.

Only then did the host walk to the centre of the venue and said in a loud voice.

“The winner of this match is the super dark horse ‘Blood Shadow’ from ‘Dark Shadow of Death’, and the player ‘Blood Shadow’ has thus advanced with twenty consecutive wins. In the next stage of the Underworld, if you want to continue to see the style of ‘Blood Shadow’, please pay attention to the information of the Underworld, I think the second time in the history of the Underworld ‘Hundred Victory Shura’ is about to appear.”

The host’s words brought everyone to a boil.

“It’s so handsome, I must go to the ‘Underworld Circuit’ to continue watching.”

Lin Huahua said with starry eyes as she looked at Ye Luo.

On the other side, Jin Mei Mei of the Jin family was making the same plan.

Not only them, but many others were thinking the same thing, and it was obvious that the “Underworld Arena” was going to be overcrowded.

Ye Lu turned around and slowly walked back to the room where the Shadow of Death was.

“Well, our 20-game contract is over, give me the completed contract, we are now free agents, right?”

Ye Lu looked at Black Hades and said with a smile.

Black Meditation also smiled up and walked over and shook Ye Lu’s hand and said.

“Yeah, so, I hope you can sign with us ‘Death’s Shadow’, because fighting here always requires you to choose one of the seven organizations to sign, and, I can give you an extra 10% of the bonus, because, as you know, running such a big underground world is a lot of money.”

Ye Lu was indifferent to the bonus as he looked at Black Meditation and asked.

“Then are there any constraints on me after signing up?”

Black Hades said with a smile.

“There are no special constraints, as long as you follow the general rules of the underground world, we ‘Death’s Shadow’ will not make any special demands on you, including the arrangement of the duel and so on, you can take a look at this contract.”

With those words, Black Hades had someone bring the contract over.

Ye Lu looked at it and there was indeed no problem, he didn’t know any of the seven major organizations in the underground world anyway, so it didn’t matter which one he signed with.

After signing it, Ye Lu looked at Black Meditation and said.

“Jin Kun’s payment can be given to him now, right?”

Black Hades smiled and waved his hand a little and said.

“This of course, we never do things that violate the contract, this is his money, it was prepared a long time ago, because there is a bonus for 20 consecutive wins, so the total is three million.”

Ye Luo’s first feeling was that it was so little.

Seeing Ye Lu’s expression, Black Meditation then smiled and said.

“Looking at your expression, you think it’s too little, don’t you? However, you have to think about it, the so-called ‘Ming Jin Powerful’ actually includes ordinary people, so there are countless people who can participate in this tournament, and it’s not unusual for the prize money to be less.”

Ye Lu thought about it, it seemed that this was also true, anyone could participate, the opponents were not necessarily all experts.

Black Meditation, on the other hand, smiled and said.

“The next competition is the main event, don’t worry, I will arrange to inform you as soon as possible.”

For his part, Ye Lu smiled and said.

“Sure, just arrange the next twenty matches for me in one night as well, whatever you want.”

Hearing Ye Luo’s words, Black Meditation froze for a moment, then said with a smile.

“Oh, not bad, not bad, I like your personality, although it’s a bit aggressive, but a man should live with a bang, fuck him up, I admire you.”

With these words, Hei Hei patted Ye Lu’s shoulder.

For his part, Ye Lu smiled, then resisted Jin Kun and left the venue of the underground boxing match.

However, today’s battle spread immediately, and all the people who were there were talking about the fight, but of course the hardest part was the people from the Hell’s Gate, because they had fallen on their face this time.

“I heard that you were swept through twenty matches by one man today and that he beat seventeen of you at once, is that true?”

Immediately, there were people from other organisations who started asking questions to Yin Jiuyu.

Naturally, Yin Jiu You was depressed to the core, but there were some people he didn’t want to offend, so he had to explain to them, and by the time Ye Lu carried Jin Kun into the hotel room, the news had already flown around to the remaining five organisations.

“What, a super powerful guy was found on the ‘Shadow of Death’ side, if it’s really that strong, it’s really a lot of trouble.”

A woman with a hot body and dressed in a fiery red outfit said as she pounded on the table.

This woman was an Oriental, but with fiery red hair and a figure as big as a white woman’s. She was the representative of the Gothic Bloods in China, nicknamed the “Fire Rose”.

She was the representative of the Gothic Bloods in China, nicknamed "Fire Rose". The Underworld is not just in China, it is a huge worldwide organisation, with the Gothic Bloods' headquarters in Europe.

"You said that Death's Shadow has just challenged us, the Gothic Bloods, right?"

She asked, looking at the woman serving her.

Chapter 179

The woman next to her nodded and said.

"Yes, one of their hall masters, the one called Black Hades, has sent someone to discuss this with me, how should we reply to him?"

Fire Rose thought for a moment and said.

"I'm also interested in this matter, so we can't put everyone in this one time, you tell him that we 'Gothic Bloods' can compete for ten matches, let him talk to other organisations for the rest."

Following that, Fire Rose muttered darkly.

"If it's really this strong, maybe in time it can really win a hundred victories, but just Ming Jin doesn't mean anything yet, let's see the next match."

And at this moment, Ye Lu had already settled Jin Kun down.

"What kind of bloodline does this one have, this recovery ability is so strong."

Although Jin Kun's hidden bloodline had not yet been awakened, he had already shown a very strong recovery, Ye Lu felt that if his bloodline was awakened I was afraid that it would be unbeatable.

After putting Jin Kun in his place, Ye Lu left the room and went back to the dormitory.

Everyone was really worried about Jin Kun staying out at night and called him after lights out, so Ye Lu had to make up a lie for Jin Kun.

Early the next morning, Jin Kun woke up. After waking up, he was a bit surprised to find that his penetrating wound had actually healed quite a bit, and according to this, he would be able to move freely in the afternoon, and he would probably be back to his old self in a couple of days.

On the bedside table, he saw that his contract with the Shadow of Death had been fulfilled, and that he had been paid by the Shadow of Death. He then remembered that yesterday, before he fell into a coma, he seemed to have seen Ye Lu in the room, and wondered what he was saying to Black Hades.

"Did Ye Lu bring me back?"

He muttered in confusion, but what he couldn't understand was that this kind of "Underworld" contract had to be fulfilled once it was signed, so how could he have fought twenty matches in one night?

"Could Ye Lu have helped me fight and died?"

He thought of a very bad possibility, so he hurriedly grabbed the phone and dialed Ye Lu.

"Ye Lu, was it you who saved me yesterday? Thanks a lot."

Jin Kun said very solemnly over the phone.

Hearing Jin Kun's words, Ye Luo then smiled and said.

"Jin Kun, you're awake, is your wound alright?"

However, judging from Jin Kun's voice, he felt that Jin Kun should be fine, so he continued with a smile.

"Haha, it's so rare, you've said more to me this time than you have in the past ten days combined."

This time, Jin Kun said a dozen words at once, which was indeed more than all the words he had said before combined, to which Jin Kun could only be silent in response.

Ye Lu then continued to say.

"No need to thank me, it didn't take much effort, just live your college life, if you really want to thank me, don't get involved in something so dangerous."

After saying that Ye Lu hung up the phone.

Just as he hung up the phone, Mo Xiaomi's call came in.

"Ye Luo, sorry, there's a bit of trouble that only you might be able to help me with."

On the other side of the phone Mo Xiaomi said with some urgency.

Ye Luo hurriedly said.

"Don't be anxious, don't be anxious, tell me what's going on?"

As a result, Mo Xiaomi said.

"Someone just bumped into me, overtook my car and then reversed violently, as a result I hit someone else, and now they are asking me to pay for the car."

Hearing Mo Xiaomi's words, Ye Luo then asked.

"Was there not enough money? Didn't we win a lot of money back then?"

Mo Xiaomi then said with a sigh.

"It's not all about money, the money I won last time, I donated it all because I went to the countryside once before to help treat rural children for free, their medical conditions were too poor and their educational environment was also poor, so I donated it all to them, the most troublesome thing this time is that he said the car was nothing, the main thing was that my car damaged the 'ware pattern' on his car. ""

"He said that the 'artifact pattern' was drawn with the help of Tie Zonglin, the artifact master, so he wanted me to draw a new 'artifact pattern' for his car, otherwise he wanted me to pay for his car and the 'artifact pattern' money, the car was too expensive, I couldn't afford to pay him for the car even if I was sold, and I didn't know any artifact masters"

The reason for this is that this matter is full of conspiracy, it is definitely not a simple matter of porcelain or something like that, Ye Lu can feel that these people are obviously coming for themselves.

Mo Xiaomi should just be innocently involved in this matter.

So, Ye Lu thought about it and said.

“Okay, you stay there and wait for me, I’ll change back to Mr. Luo first, and I’ll be there soon.”

Ye Luo said and ran out of the school, as far as he was concerned, there was nothing at all today because he was not even in the whole military training parade, so he didn’t have to participate in the parade or anything.

He went to the beauty shop first to get his look changed, Mr. Luo’s identity would be much more convenient no matter what he did.

However, it took quite a bit of effort to get to where Mo Xiaomi was, as it was already a long way from the capital.

“Mo Xiaomi, what are you doing coming so far away?”

Ye Luo looked at Mo Xiaomi and asked.

This could simply be described as the middle of nowhere, a poor countryside, plus the other party’s car was really expensive, another ten million dollar sports car.

Mo Xiaomi, on the other hand, said somewhat helplessly.

“I’m also going to the countryside for the sake of it, the hospital and school I’m sponsoring are being renovated, and the medical skills the people there need, and part of the purpose of my sister Long and I borrowing the sports car is also because it’s convenient to go to the countryside.”

“Of course, I like the feeling of racing too.”

Mo Xiaomi was a very honest girl.

However, to be honest, Mo Xiaomi’s actions made Ye Lu somewhat impressed with her, he originally had an extremely bad impression of Mo Xiaomi, after that he felt that she did not seem to be the same as what he thought, or a quite principled at least not a bad girl, and now it seemed that not only was she not bad, she was also quite a nice guy.

At least on the point of love and action, what she can do is not something that the average girl can do, and the vast majority of girls, including the vast majority of guys should not be able to do that.

Not to mention being able to give up so much money to donate, just the physical action, many people can’t do that either. There may be some rich people who have a lot of money of their own, so they will just give some to the poor, but they won’t do anything for these people personally, because that would be too much trouble.

However, Ye Lu could see that Mo Xiaomi really wanted to do something for these children and the villagers, which was very valuable.

As soon as this person appeared, Ye Lu probably understood who the person who wanted to target him was.

He could see from his glasses that this person was a “smith”, which meant that he was one of Master Liu’s people, and that it was Liu Yun who had been trying to wreak havoc.

Of course, Ye Lu felt that this was definitely not Liu Yun’s own idea, after all, he was too weak.

“What do you guys want?”

Ye Luo looked at the two men and asked.

The man at the head of the group said.

“It’s simple, we just want you to help us redraw a new ‘weapon pattern’, I heard from a friend that you seem to be an expert in smithing, this shouldn’t be difficult for you, right?”

Ye Luo then said indifferently.

“About what strength of weapon pattern?”

The man smiled and said.

“We won’t force you, you just need to draw an artifact pattern that is a little stronger than the ‘artifact pattern’ on this car, or the exact same one will do.”

Ye Luo thought to himself, “It’s really about the weapon pattern.

However, he didn’t say anything, but walked straight to the side of their sports car, and sure enough, there was really a tattered artifact pattern on this car.

Ye Lu raised his hand and erased all the artifact patterns on it.

When he saw this, the “artificer” was shocked and his mouth opened wide, because he had never seen such an operation before, if he was not very familiar with the artifice pattern and had strong true qi, he would not be able to do this.

At least he understood that neither he nor his teacher could do it.

The pattern he drew was much more complicated than the one he had drawn on Mo Xiaomi’s sports car, and Ye Lu drew it very quickly, once again surprising the alchemist with his amazing speed.

However, Ye Luo’s heart was muttering with a sneer.

“Playing tricks to make me draw the artifact pattern, right, then I’ll let you guys have some bad luck, you’ll know how powerful it is after a while.”

Chapter 180

It didn’t take long for Ye Lu to finish the drawing.

He pointed to the car and the two owners who had painted the “weapon pattern” and said.

“Let’s try it and see how it works.”

The two men were already a bit confused by the complex weapon pattern on the sports car, one of them thought about it and then raised his hand and slapped it on the sports car.

Before slapping this, his hand lit up with a white glow, obviously he had used great force this time, and this practitioner was a strong person at the peak of Huajin.

“Boom!”

The blow was so powerful that ripples appeared on the car, but there was no problem with the car.

“It’s really strong, I can’t even hurt it, which means that this car shouldn’t be broken no matter how it’s hit, it’s indeed a very powerful artifact pattern, it’s just a bit more complicated.”

This guy was quite satisfied with the artifact pattern.

Ye Luo then looked at him and said.

“The thing I drew would certainly not be trash goods, however, I think this is a secret that belongs to me, since you guys have already gotten it, don’t show it to more people.”

Hearing Ye Luo’s words, that alchemist smiled and said.

“Mr. Luo, it looks like, I think we might have to ask you to help guide us in the art of smithing in the future, so please don’t hesitate to teach us when the time comes!”

Through the hand that Ye Luo had just shown, this smith had understood that the legendary master smith level character that this little Master Liu had mentioned was not a vain name, at least this weapon pattern, and his level of drawing weapon patterns was more powerful than his own master.

For his part, Ye Lu smiled and said.

“This is also good to say, however, I advise you guys better not to provoke Miss Mo Xiaomi again, or you won’t have good consequences.”

When Ye Lu finished speaking, he turned towards Mo Xiaomi and said.

“Let’s go, let’s go to the village and see how the children are doing?”

Since they had come so far away, let’s go to the village Mo Xiaomi had mentioned and take a look, Ye Lu was now also proficient in medicine, so he could also help the villagers with their illnesses or something in the meantime.

Sure enough, after arriving at the village, Ye Lu realized that this village in the mountains lived an almost isolated life, and all kinds of facilities were really poor.

“This is the village doctor I hired and the teacher, both more than three times the salary outside, they promised to work here for three years.”

Mo Xiaomi said as she looked around.

“I’m also going to build them a road so they can interchange with the outside, and the village can sell its things, and it will solve the problem completely.”

This was indeed a good solution, otherwise donations alone would only help for a while, not for a lifetime.

Following that, Ye Lu saw Mo Xiaomi's medical skills, from a mundane perspective, her medical skills were indeed good, at least she could prescribe the right medicine for all kinds of illnesses, it looked like she had studied quite seriously at the Chinese medical school.

"I didn't expect that under such an appearance you still have a pretty good heart."

Ye Lu looked at Mo Xiaomi and said with a smile.

As a result, Mo Xiaomi glared and said.

"What do you mean? Don't I look like a good person?"

Ye Luo nodded solemnly and said.

"A typical delinquent girl, no, a typical delinquent young woman."

Hearing Ye Luo's words, Mo Xiaomi puffed out her chest and said.

"What's the matter, I'm just this virtuous, you bite me!"

However, Ye Lu was too lazy to argue with her and went straight to treating the villagers.

At the branch of the Weaponry Sect, the car had already been placed in front of Master Tie.

"Master, take a look, this is the 'weapon pattern' drawn by that Mr. Luo on the spot, that person is indeed quite powerful, how to say, powerful beyond imagination, he only needs to wave his hands twice like this, and the 'weapon pattern' is erased, just like erasing the marks drawn on a clay floor."

Tie Zonglin was studying this complex weapon pattern, and he felt that it was unprecedentedly difficult to understand.

"Boom!"

He gave the sports car a sharp knock with his stick, and sure enough, after a fluctuation, nothing happened to it, while that disciple of his explained.

"Master, it's very sturdy, it didn't even happen when I attacked with my true qi."

Tie Zonglin nodded his head and looked at the "weapon pattern" in a strange way.

"This weapon pattern is indeed very complicated and powerful, especially because there are many things in it that I have never seen before, but why do I feel that the function of this weapon pattern should be more than just protection?"

Tie Zonglin said as he stroked the beard on his chin.

"This section of the texture in particular feels like an offensive texture, while this section is really defensive, all in all this artefact pattern feels so messy, much more messy than the one you brought me last time."

Tie Zonglin said as he looked at Master Xiao Liu.

At this moment, apart from Master Tie Zonglin, there were four other disciples all gathered around him, but even Tie Zonglin looked confused, and the others were even less able to do so.

“Could it be a scribble!”

Someone raised an opinion.

Tie Zonglin shook his head and said.

“It’s impossible, after all, the effect of this ‘weapon pattern’ is here, to be able to withstand this level of attack means that these ‘weapon patterns’ are quite powerful.”

Following that, he frowned again and thought about it and said.

“I wonder if it can defend against ‘innate true qi’, if it can also defend, then it will be worth more, let me try how much weight this ‘artifact pattern’ really has.”

After saying that, he stretched out his hand, then gathered his innate true qi and slapped it on the sports car.

“Boom!”

There was a loud bang when her hand landed, but it didn’t end there, as a bigger bang sounded from the car.

“Boom!”

The loud explosion was followed by a thick smoke, so thick that it was frightening, as if a huge smoke bomb had exploded, the whole shed was completely covered in smoke, and the smoke was also emanating from the windows in all directions, as if the shed had caught fire.

“Holy shit! Is our Iron Master working on a weapon pattern bomb? It’s so powerful.”

“Yeah, but why did it detonate right there in the work shed.”

“Is the master still alive?”

“I don’t know, let’s hurry over and check it out.”

.....

Following that, a whole bunch of people then ran inside the shed, by this time, the smoke in the shed had almost dissipated, and everyone saw Master Tie Zonglin La, and his four disciples all with their faces full, covered in black ash, and five people just standing straight up like that, looking unusually wretched.

“Get out, all of you!”

The blackened Master Tizonglin said to the crowd.

The crowd all stifled their laughter and ran out quickly, but after they ran out, they all couldn’t help but laugh out loud.

“How funny! Is this a failure of research and development by the master?”

“Not necessarily, maybe what they developed was a ‘smoke bomb’, wouldn’t that be a success.”

“But it seems to have been a bit too successful.”

.....

“Whew!”

At this time, Master Tie exhaled and said.

“Xiao Lin, you just said that that Mr. Luo said ‘there will be no good consequences’ right?”

The black-faced Xiaolin nodded and said.

“Yes, that’s what he said.”

Hearing Kobayashi finish, Master Tie then said with a sigh.

“It looks like he’s warning us, now I understand what those inexplicable attacking artifact patterns were about just now, it turns out they were used to create an explosion, I guess ‘innate true qi’ was the condition to trigger it, so it was fine when you guys were filming it, and then it blew up when I went to do it.”

“But, luckily it was just a warning, so there was only a smoke screen and not much power, otherwise with this Mr. Luo’s ability, the five of us would have been five corpses long ago.”

Following that, he then said with a long sigh from the sky.

“Ai! It looks like we are all frogs at the bottom of the well! There are actually such masters in the world.”

Having said that, he then said with glowing eyes.

“Please! No matter how much it costs, we have to invite Mr. Luo and ask him to come to our Weaponry Sect, I will contact my master and see if we can make him an elder of our Weaponry Sect.”

Hearing the word “Elder”, the four disciples could not help but tremble a little, knowing that the Weaponry Sect was an even more monopolistic sect than the Pill Alliance, and that an Elder of the Weaponry Sect would be a very powerful figure in the sect world.

“That teacher, does Mr. Luo really have such value?”

Liu Yun looked at Master Lin of the Iron Sect and asked with some surprise.

“Yes! There definitely is, quick, go and contact Mr. Luo, make sure you’re polite, polite understand?”

Tie Zonglin said excitedly.
