

Super Student 181

Chapter 181

In the small village, Mo Xiaomi was watching Ye Luo's healing with an amazed look on her face, she found that her efficiency in healing was simply weak compared to Ye Luo's.

No matter what the illness was, in Ye Lu's hands it was basically done with a few casual presses.

Moreover, after Ye Luo finished looking at them, Mo Xiaomi would confirm that they were indeed all cured, especially the deaf, blind and mute people who had been deaf for many years actually recovered directly in his hands as well.

"I I I can actually see, thanks to the divine doctor! You're my newborn parent!"

The cured blind man thanked him profusely because he was congenitally blind, which meant that he had never seen the world since he was a child, so that kind of joy was something that no one else would ever be able to experience.

"Shit! You can even cure this."

Mo Xiaomi was also surprised and a little jealous, because she was also studying Chinese medicine and she didn't have this kind of hand-to-hand ability.

Moreover, her old mother had never said that Ye Lu had this special skill.

"You are at this level, why do you still come to learn Chinese medicine?"

Mo Xiaomi asked with some confusion as she looked at Ye Lu.

Ye Luo also said without good humour.

"I like it, it's up to you, who are you!"

Ye Luo found that with this Mo Xiaomi always raise a bar at the drop of a hat, it seems that he and this girl do not have the same fate, and dislike each other when they meet, and other women even the somewhat quirky Gu Shiqi did not dislike each other so hard.

"Shit! Ask you can't ah, go, grandpa Zhang these years back of the ear can not, you hurry to go to him to cure."

Mo Xiaomi urged.

However, at this time, the phone call from Xiao Lin, the one who had just touched the porcelain, came through.

"Miss Mo, hello, I'm"

As a result, before he could finish his words, Mo Xiaomi said coldly.

"You're the one who's the lady, get lost!"

After saying that, she hung up the phone.

On the other side of the phone, Master Xiao Lin listened to the busy tone on the phone and silently recited the words of his master's admonition to be polite and courteous

He had never suffered such anger as someone who was called a master. He took a few deep breaths and then dialed Mo Xiaomi's number again.

"Miss Mo, please listen to me, our 'Weaponry Sect' would like to invite Grandmaster Luo to be our elder, I wonder if you can work with Luo"

Before he could finish his words, Mo Xiaomi said.

"Mao's elder, 'Weapon Sect' is great, I think you guys are just angry, I tell you, if you harass me again, I'll let Mr. Luo tear down whatever bird 'Weapon Sect' you are, believe it or not, don't bother me. "

After saying that, she hung up the phone.

In her opinion, she had already caused Ye Luo a lot of trouble, and she couldn't pay back these favours, she didn't like owing favours the most, so she mustn't find any more troublesome things for Ye Luo.

For his part, Master Xiao Lin muttered darkly.

"The elders of the 'Weaponry Sect' can't even look at it, do you even know what that means!"

He shook his head and sighed, then said.

"Well, let's wait for news from Master's side first, maybe those bigwigs of the sect aren't that nice either, after all, something this big can't be managed with just one side of the story."

On the other side of the Iron Blood Martial School, Dokgo Ao was looking at his granddaughter Dokgo Chisha with surprise.

"Did you really exchange three of that kid's pills for a 'Pulsation Pill'?"

Dokku Qianshasa took out a pill and placed it in front of Dokku Ao, saying.

"Of course, don't believe me, look."

Of course, Dokgo Ao recognized the 'Pulsation Pill'.

He looked at the Pill and started muttering to himself.

"What the hell is this brat's origin, he actually has such energy, moreover, this brat is improving too fast, lately it's hard for me to beat him, it's a pity that he only knows one low-end martial art."

After such a long time of training, Ye Lu's possession of a martial skill was of course spoken to Dokgo Ao.

In fact, for them, the innate powerhouse, those worldly martial arts techniques were all minor paths, what was truly powerful were the martial arts techniques used in conjunction with martial arts and powerful magic weapons, in front of the terrifying magic weapons, any move you had could destroy you in one go, and any more moves would be of no gross use.

Of course, a Xiantian expert is still a long way from fully utilising the power of a magic weapon.

"At this rate, I will soon run out of things to teach, and then this brat will disown me as a master.

Dokgo Ao looked at his granddaughter and fell into a state of worry.

If he could get Ye Lu to help his granddaughter Dushu Qian Sha, she would not have to worry about resources.

After leaving the family, Dokku Ao was most worried about his precious granddaughter, because without the support of the family, it would be too difficult for her to improve despite her talent, and he had delayed her.

“Let’s wait for this kid to come and discuss with him next time, I hope he’s not a white-eyed wolf.”

Dokko Ao made up his mind somewhat helplessly.

He did not know that another trouble was coming soon.

This trouble came from Long Fei.

Although Long Fei was not the most core son of the Long family, he had some status among the younger generation of the Long family, so he often met with other outstanding sons of the Long family.

At tonight’s party, Long Fei couldn’t help himself, so he brought out his “Finger Tiger” during his bragging session.

“See, I’m one of those who has a ‘Xuan-rank magic weapon’, so I’m asking you guys, is it awesome?”

After all, such things were extremely rare among the sons of their rank, unless they were demonic geniuses.

“Dafei, where did you get this treasure?”

“What where did you get it, it’s still the same finger tiger from before, but someone helped give it a grade upgrade.”

“No way, this is all upgraded, is it Master Tie Zong Lin? No, he doesn’t seem to have that ability either, was it an expert from the ‘Weaponry Sect’ who came down to inspect it and you ran into him?”

“That’s not true, even if they did, you can’t pay for this with just you kid.”

“Tell me what’s going on?”

.....

Everyone chattered and began to press the issue, at first Long Fei did not want to say anything, but, after being poured a lot of wine by everyone, he still told them about Mr. Luo’s existence.

Hearing that there was still such a thing, everyone else started to move their minds, and at this moment Ye Luo also returned to his dormitory.

He was relieved to see that Jin Kun, who was in the dormitory, didn’t look injured anymore, because if the school knew about his fighting and brawling, I was afraid it would be another trouble.

The next morning, Ye Luo went to Dokgo Ao’s martial arts school again.

“Ye Lu, as a master, I have one thing I would like to entrust to you, can you help Qian Sha, since the clan that broke away”

Dokugo Ao this time, a rare occasion, did not have a stern face and Ye Lu sparring, but very politely told him about Dokugo Qian Sha, and then said.

“Can you help with this favor?”

Ye Luo said with a smile when he heard him out.

“Don’t worry, as long as you are my master, you will be my master for the rest of your life, your matter is my matter, I will definitely not let Qian Sha delay, when the time comes, I have something better than the ‘Pulse Punching Pill’ for her.”

Hearing Ye Luo’s words, Dokku Ao nodded his head gratefully, no matter if Ye Luo really had a better pill than the ‘Pulse Punching Pill’, as long as Ye Luo had this heart, he was already satisfied.

“Come on, let’s practice.”

He said with a big smile.

However, before he could practice for long, Ye Lu’s phone rang.

“Shit! Ye Luo you hurry back, Old Monster Zhu is furious, you dared to skip class on the first day of school, you brat is dead this time!”

Nie Yibiao said in a lowered voice on the other side of the phone.

Ye Luo also heard Zhu Qi Huang’s mid-voice over the phone.

“Woori, I forgot about the start of school!”

Ye Luo slapped his head somewhat depressedly.

Dokgo Ao, on the other hand, smiled and said.

“There’s going to be a class, so go ahead, I don’t have too much to teach you, I’ll have Chisha contact you when I think of something to teach you.”

Hearing Dokgo Ao’s words, Ye Luo then took a taxi and rushed back to the school, luckily it wasn’t very far from the school.

“Hehehe! Teacher Zhu I’m late, sorry.”

Ye Luo said with a smile as he scratched his head at the door.

As a result, Zhu Qihuang said coldly.

“You are not as simple as being late, according to the time calculation, you already belong to absenteeism, unexplained absenteeism has serious consequences, you’d better have a reasonable explanation.”

Ye Luo saw a textbook of “Chinese Medicine” on the lecture table in front of Dokgo Ao, so he said in a rush.

“Uh, this is because I’ve been studying for your class, so I’ve been studying for it, including this Chinese herbal medicine, but I slept through the night, so I overslept this morning.

After listening to Ye Lu ghosting, Zhu Qi Huang smiled and said.

“Very good, you didn’t say any reason like having a stomach upset, you still have a brain, so tell me about it, the content of this book, if you can prove that you really prepped it, I’ll let you off the hook.”

Hearing Zhu Qihuang’s words, Ye Lu then smiled and said.

“This is easy, I have never forgotten anything since I was a child, not to mention the contents, just the preface, the table of contents, the pricing, the barcode I can memorize it all.”

Chapter 182

Hearing Ye Lu’s words, the people in the class were surprised, while some of them couldn’t help but laugh, because they felt that Ye Lu had blown a good pussy and pretended to be a good one, only that it was too easy to miss.

As expected, Zhu Qihuang did not get mad this time, but said indifferently.

“Well then, let me ask you about the third chapter of this book, what the first section is about.”

He had written this book, so of course, he was very familiar with each and every chapter.

As a result, Ye Luo said without thinking.

“Chapter three, section one, familiar with the characteristics of zero-level elimination kinetics, the process of drug in the body is divided into transmembrane transport, absorption, and distribution”

He started reciting it word by word, and he kept reciting it without Zhu Qihuang saying to stop.

“Holy shit! No wonder he was able to get into the top class!”

“That’s right, this is too much of a learner, a bull!”

“Is there a humanoid computer?”

.....

The class was stunned, and everyone finally understood the strength of the “pancake bully”.

“Okay.”

Zhu Qihuang interrupted Ye Lu’s memorization, regardless of whether Ye Lu was really pre-studying or not, but his anger was dispelled when Ye Lu did memorize the entire course.

And for Chinese herbalism, all kinds of memorisation was also a necessary hurdle.

So, he looked at Ye Lu and asked.

“The Compendium of Materia Medica, have you read it and how much can you understand?”

Ye Lu smiled and said.

“I can also memorise this, in ancient and modern languages.”

Hearing Ye Lu’s words, Zhu Qi Huang frowned, the compendium of materia medica was in fifty-two volumes, recording close to two thousand kinds of drugs, this could be memorized, it couldn’t be a blow job.

So, he looked at Ye Lu and said.

“Then let’s be a bit.”

Without thinking, Ye Lu began.

“Ji said: look at the dragon light, know the ancient sword; detect the treasure qi, identify the pearl. Therefore ping shang sheep, non-Tian Ming Mo cave

It is the preface to the ancient text of the “Materia Medica”.

“Okay, okay.”

Hearing Ye Lu’s fluent speed of speech, Zhu Qi Huang understood that Ye Lu really knew how to recite it.

After that, he asked again about other books, such as “New Chapter of Materia Medica”, “Tang Liquid Materia Medica”, “Shennong Materia Medica”, “Medicine Book”, “Medicine Collection”

As a result, Ye Luo was able to recite all of them backwards, on the computer, and just as Ye Luo was looking smug, Zhu Qi Huang slapped the table violently and said.

“Go, go to the back and stand for punishment, don’t you know, it’s useless to only memorize by rote, wasting all your time on these things is simply the biggest waste.”

Hearing his words, Ye Lu then froze for a moment, holy shit! This is okay, what kind of reason is this?

Seeing the expression on Ye Lu’s face, Zhu Qi Huang stared at him and asked.

“What? Not convinced?”

Ye Luo said with a heated smile.

“Convincing, I’m convinced!”

After saying that, he quickly walked to the back of the class and stood at the root of the wall.

“Ai! My poor school bully.”

“Yeah, being played to death.”

“But the school bully really deserves his name!”

.....

After this time, the people in the class did completely accept the fact that Ye Lu was the school bully, after all, this superhuman memory was not a vain name.

Following that, Zhu Qihuang then began to launch into a lecture by using the topic of theory and practice, following which he said.

“Therefore, practice is the only criterion to test the truth, and for this reason I have specially prepared something for you to practice, and that is to test the medicine.”

As he said this, he took out several things and placed them on the table.

“Whoever has the courage to try these medicines, please raise your hand.”

Just as he finished his words, several people raised their hands.

Seeing this scene Ye Lu smiled, he had already seen that none of these things were good things, although not to the point of death, but making people’s stomachs hurt, making them temporarily mute and so on, these things could easily do that, whoever went to eat them, I am afraid that whoever went to eat them would be unlucky.

However, immediately after, Zhu Qi Huang did not name anyone else, but looked at Ye Lu and said.

“That student, you are smiling so happily, then you should try it.”

Hearing Zhu Qi Huang’s words, Ye Lu was depressed, was it wrong for him to smile a little, this bastard must be targeting himself.

“Yes, it’s you.”

Seeing that Ye Lu was dazed, Zhu Qi Huang then emphasized once again.

Having no choice, Ye Luo had to walk over.

“This student, you should try this first.”

Zhu Qihuang said as he pointed to the flower-like thing that could make people mute.

Ye Luo looked at him and smiled, then took it up and ate it.

“Oh, it tastes good!”

After eating it, Ye Luo then smiled and said.

This time Zhu Qihuang was a bit confused, he was a bit confused as to why this medicine didn’t have any effect on Ye Lu.

Ye Luo then looked at him and asked with a smile.

“Teacher Zhu, which one do you still take?”

Zhu Qihuang pointed at the medicine that could make people temporarily blind again.

Ye Luo didn’t hesitate to take another big gulp of it, still nothing happened.

This was a small dose of toxin for ordinary people, and with Ye Lu’s body, even if he didn’t take the “antidote”, he would be fine, so he wasn’t worried at all.

However, Zhu Qi Huang was a bit embarrassed, originally he was going to explain later in the lesson when Ye Lu had problems, not to test the medicine casually, but to judge the medicine scientifically and rationally, but it turned out that Ye Lu did not have any problems, so he could not think of how to continue the lesson.

And Ye Luo boss nonchalantly had already eaten all the medicine he had put there.

Zhu Qihuang stared at Ye Luo with a deadly stare, because he also wanted to find out what the hell this student was, was he a special physique that was invulnerable to all kinds of poisons?

Following that, he fiercely reached out and placed his hand on Ye Lu's forehead.

Ye Lu knew that the other party should be testing his cultivation, however, he was not worried, Zhu Qi Huang's cultivation had not yet reached the level of a Xiantian expert, he should not be able to see anything.

Sure enough, Zhu Qi Huang's brow immediately furrowed into a lump.

He found that he could no longer understand Ye Lu, after probing, he found that Ye Lu was an ordinary person, despite the Ren and Du veins being opened for some reason, there was not a bit of true qi in his body.

"Guess it's a special physique."

There was no way he could only use this reason to explain this matter.

"Alright, go on to the back and stand there."

He looked at Ye Luo and said nonchalantly.

Because, by letting Ye Lu eat he dared to eat, this action made Zhu Qi Huang already characterize Ye Lu into the part of the fools, while Ye Lu smiled indifferently and walked back to the wall.

The others looked at the scene in confusion, as many of them felt that Professor Zhu should have followed up with so many things, but after Ye Lu had finished eating them, nothing happened, which seemed unscientific.

After Ye Liao retreated, Zhu Qihuang then adjusted his mood and continued his lecture.

However, towards the end of his class, a female student suddenly fainted and fell off her chair.

"What's wrong?"

"What's wrong with Xiao Ling? Did you get heatstroke?"

"I don't think so, would you get heatstroke in a class inside?"

"Call an ambulance, call a doctor."

.....

As a result, Zhu Qihuang said loudly.

"Don't make a fuss, let me take a look first."

Everyone then realized, call a sister doctor ah, the teacher is a doctor ah, and also the chief physician of a large hospital, let the teacher to take a look at it.

Zhu Qihuang first looked at the girl's breath, then reached out and touched the girl on her neck, which started to feel her pulse.

"It's nothing serious, it should be caused by a weak constitution."

After taking her pulse, Zhu Qihuang said with a sigh of relief.

However, at this time, Ye Lu said.

"Teacher Zhu, I have an elixir here that might be able to temporarily relieve her illness for a while."

As a result, Zhu Qihuang said without raising his head.

"You just dared to eat everything indiscriminately, and now you want to give someone else something to eat indiscriminately, save your breath."

Having no choice, Ye Lu had to say again.

"She is suffering from chronic food poisoning, and now is just the point of outbreak, if she is not treated in time I am afraid that she will be left with serious sequelae, and when the time comes that she is infertile, can you afford to be responsible?"

Seeing that Zhu Qihuang still wanted to say something, Ye Lu quickly went over and stuffed an "antidote pill" into the girl's mouth, then lifted her neck and made her swallow it.

"I have something very important to talk to you about, something that is related to your lifelong heartache, can we talk about it alone?"

At this moment, Ye Luo's heart was also full of expectation, because, if this matter could be talked about, an important pill might be able to be refined.

Chapter 183

Hearing Ye Lu talk about his lifelong illness, Zhu Qi Huang immediately thought of his entry into the "Medicine League", but he didn't think Ye Lu could do that, so he didn't answer, but looked at Ye Lu.

At this time, the girl "exhaled!" The girl woke up with a breath.

Ye Luo looked at the girl and asked.

"Classmate, do you like eating a fruit called 'sea eggplant' very much?"

The girl nodded and said.

"Yes, what's wrong with it?"

Hearing Ye Lu mention the 'sea eggplant', Zhu Qi Huang was also a bit puzzled, because he knew this plant, a small black berry, and it was not poisonous.

Ye Lu smiled and said.

“There is nothing wrong with the ‘sea eggplant’ itself, nor is there anything wrong with your body, but there is something wrong with you eating it, because your body is special, so for you, the sea eggplant has some toxicity, and you have eaten too much of it, so the accumulation has concentrated this time.”

“In fact, you should have had the symptoms for a long time, right, is it true that you have been experiencing a vague pain in your lower abdomen for some time recently?”

The girl nodded again then asked.

“Then what should I do to cure it.”

Ye Lu smiled and said.

“It’s very simple, stop eating sea eggplant and at the same time go to the hospital and ask them to do a kidney dialysis for you, just do it once and after that just pay more attention to stay away from this kind of fruit.”

After Ye Lu finished, the girl looked at Professor Zhu Qi Huang again, hoping that he could give an opinion.

As a result, Zhu Qihuang didn’t say anything, because he didn’t know if what Ye Lu said was right.

At this time, it was time for class to end and he waved his hand at the crowd and said.

“Class is over, Ye Lu, you and I will come to the office for a moment.”

After saying that he went ahead with his head, while Ye Luo followed closely behind him.

Soon, the two arrived at Zhu Qihuang’s office, and Zhu Qihuang looked at Ye Lu and asked.

“Tell me, what is this ‘disease of my heart for life’ you just said?”

Ye Lu said with a smile.

“It’s the matter of entering the ‘Pill Alliance’, haven’t you wanted to enter the ‘Pill Alliance’ all your life? If you are willing to help me, perhaps I can help you achieve this ideal.”

Hearing Ye Lu’s words, Zhu Qi Huang said with a somewhat self-deprecating and disdainful smile.

“Hehe! Aren’t you a bit too arrogant, as much as I want to enter the ‘Pill Alliance’ but, I don’t think this little doll of yours can help me with anything, but, tell me, how are you going to help me?”

Ye Lu smiled and said.

“It’s very simple, you tell me where a plant called ‘Yuyutsu Flower’ can be found, I’ll help you with the rest, not only can I get you into the ‘Pill Alliance’, I can also bring your cultivation to the next level.”

For Ye Lu’s words, Zhu Qi Huang did not believe it, but for him, the “Yutu Flower” was not something important, he only knew that the “Yutu Flower” was very helpful for black hair, the rest he did not know would be of any great use.

So he thought about it and said.

“Well, for the sake of memorizing all the books I’ve written, I’ll tell you, in fact, there is a cave in the back of the mountain, in a cave connected to the air-raid shelter, a graduate student found it occasionally, he didn’t know what that piece of weird flower was, so he came to ask me, how did you know about it?”

Of course Ye Lu didn’t know, he was merely asking, so he had to tell the truth.

“Of course I don’t know, I just wanted to take my chances, but it seems that this is a surprise to us.”

Zhu Qihuang then said indifferently.

“It might be a surprise to you, but it’s not even an episode to me, well, there’s nothing else, you can go back first.”

Ye Lu smiled and nodded, with the “Yuyu Flower”, he could make a pill called “Heaven Transformation Pill”, which could make a breakthrough from the “Transformation Realm” to the Innate Realm, but of course, it was impossible to complete a pill of this level with mundane fire.

Although it was only a little bit, he could control this flame and fuse it into the alchemy flame, which was much worse than controlling his own flame, but it should be able to make up for the lack of his own flame.

Of course, it was difficult to predict whether it would work or not, but he could only try.

So, after leaving the office, Ye Lu was ready to go to the cave at the back of the mountain. However, since he still had classes ahead of him and he could not use the “Heaven Transformation Pill”, he thought about it and did not act so hastily, and decided to wait until the evening.

However, unfortunately, he was not able to act in the evening either, as Black Meditation had arranged a match for the evening.

“Ye Lu, come to the ‘Underworld venue’, before you enter the venue, someone will give you the identity tag of a participant in the underground boxing tournament, and you are a 20-win contestant, so you have the qualification to watch any matches in the venue.”

Ye Lu was certainly happy to get these low-end fights over with sooner rather than later.

For him, the two fights that were more troublesome at the moment should be the ones above the Ascendant level, after all, the Ascendant “Placental Breath Realm” practitioners he had defeated before were all family sons, and family sons were completely different from these underground boxing tournament people.

None of the family sons he had met had killed anyone, whereas those in the underground boxing tournament had blood on their hands, so in order to stay alive, they must find the most suitable magic weapon and train their martial arts skills and fighting techniques desperately.

This is like the difference between an actor in a martial arts show and an outlaw.

So, Ye Lu had to prepare everything for the battle to come.

As the sky turned dark, Ye Luo arrived outside the “Underworld Venue”, which was the venue for the underground boxing tournament for the “Dark Strength” competition.

“Are you sure you want to participate in the ‘Underworld’ tournament?”

At the entrance of the venue, the man in black who was in charge of checking the identity of the visitor looked at Ye Lu and asked with some confusion, because Ye Lu was still wearing a sign with the word “Ming” written on it.

In other words, Ye Lu was still a Ming Jin practitioner, especially since Ye Lu had already won twenty matches, so he should not have come here to participate in the competition.

Having won twenty matches, that meant that Ye Lu’s talent was quite good, the wisest way was to quietly cultivate to the peak of dark jin and then come back to the competition, of course, the other challengers might not let you have your way, but this was undoubtedly the most ideal way to handle the situation, to take the initiative to challenge yourself before you had even raised your realm was definitely a sign of douchebaggery.

For his part, Ye Lu smiled and said.

“Yes, I’m here for the competition, let me in.”

Since the entrances for the participants and the spectators were different, Ye Lu could only enter through the entrances for the participants if he wanted to compete, so he could only tell the truth to this guard.

“Alright, since you want to seek death so badly, I won’t stop you, good luck.”

After saying that, this guy let Ye Lu in.

The structure of this “Underworld Meeting Place” was similar to the previous meeting place, it was also bowl shaped, but it was much bigger than the previous meeting place, because the number of “Underworld Meeting Places” was much smaller than the previous meeting place.

Ye Luo saw that the whole venue was already overcrowded, not only the various seats were filled with people, but also the aisles were full of people, it looked like everyone had been looking forward to Ye Luo’s match for a long time.

“Oh, Ye Lu, no, ‘Blood Shadow’ you’re here.”

Seeing Ye Luo walk in, that Black Underworld said with a smile.

“There are too many people coming to support you, so your match might last a little longer today, let me talk to you about it.”

He gestured for Ye Lu to sit down, and then only then did he continue.

“To make it more enjoyable for the audience, this tournament starts with a pair of two, then a pair of four, a pair of six, and a pair of eight, which is exactly twenty people, ten of them are from the ‘Gothic Blood Clan’, and ten are from the ‘Dark Pharaoh’, but I’m not sure if they’re sending co-operative fighters or their own fighters.”

Hearing Black Meditation's words, Ye Lu asked with some confusion.

"What difference does it make whether it's a co-operative fighter or their own fighter?"

Black Meditation then explained.

"Of course, cooperative fighters are fighters like you, while our own fighters, including our 'Shadow of Death' also have, are fighters who have signed a life and death contract with our organization and are specially trained by the organization, each one of them is the elite of the elite."

At this moment, Ye Lu found that the whole venue suddenly tidal wave of activity, because some people saw him walk into the "Shadow of Death" waiting for the fight.

Chapter 184

"Bloodshot!"

"Bloodshot!"

"Bloodshot!"

.....

The moment they saw Ye Lu appear, everyone at the venue began to shout loudly, as if avid fans had watched the star they worshipped.

"It looks like your popularity is quite exploding oh."

Black Meditation looked at Ye Lu and said with a smile.

Ye Lu could only smile helplessly, he had no intention of becoming such a star, but against his wishes, he had still become such a crowd pleaser, but luckily, he had been wearing a mask, so I guess no one could recognise him.

"Alright, first match, get ready to take the stage."

Hei Hei looked at Ye Lu and said with a smile.

At the same time, a thin-waisted, plump-hipped host walked to the middle of the cage and said with a smile.

"Ladies and gentlemen, welcome to the 'Underworld Venue', today's match is going to be a colourful one as we finally welcome our genius warrior 'Bloodshot' who has won twenty straight matches, here is Bloodshot. "

With the woman's words, Ye Lu slowly walked out.

As expected, everyone in the entire venue raised their arms and cheered, Jin Mei Mei and Lin Hua Hua had already bought their VIP seats in advance, both of them were exceptionally excited to give Ye Luo a cheer in.

“Today’s match against our super dark horse ‘Bloodshot’ is against the mighty warriors Nurius and Hibbith from ‘Dark Pharaoh’, who have an impressive record of eight and nine victories respectively. ”

“Next, let me watch a dragon fight.”

As soon as his words fell, two unexpected figures appeared in front of Ye Lu, and the reason why they were unexpected was because these two people were actually black.

Ye Luo did not expect two foreigners to appear.

“Are there cultivators in foreign countries too?”

He muttered in some confusion, but, immediately afterwards, the match had already started.

The two black men had already charged forward wielding the weapons in their hands, these two guys were using heavy weapons and were clearly strength type fighters.

“Boom!”

However, no matter what type of fighter they were, they were no more than that in front of Ye Lu.

With another simple punch, Ye Luo knocked one of them away, followed by another kick, and the other one also flew far away.

“Handsome! Another kill!”

“Blood Shadow is awesome, really awesome!”

“Blood Shadow, Blood Shadow I love you.”

.....

Of course, Ye Lu was not a homicidal maniac, so of course he would not beat the two of them to death, so he reentered the centre of the cage after letting the two admit defeat.

Black Hades also smiled and nodded as he watched this scene, although he had communicated with Ye Lu about the competition before, and Ye Lu had said that it was no problem to arrange whatever he wanted, that is, twenty people together.

At that time, Black Meditation still had a trace of disbelief, however, now he was completely convinced.

“Where exactly is this kid’s limit?”

He became even more excited when he saw that even the guy at the peak of dark jin holding a terrifying magic weapon was sent flying by Ye Lu in a single blow, at least this showed that the dark jin powerhouse was not in Ye Lu’s eyes at all.

All twenty of them were soon settled by Ye Luo, however, all the spectators looked as if they were still not satisfied.

“Pah pah pah! Crazy forty straight wins, that’s brilliant!”

Black Meditation clapped his hands and said with a smile.

“What’s the next match in the Realm of Transformation? Same arrangement?”

Ye Lu nodded with a smile and said.

“Yeah, just the same arrangement, if the audience needs it, you can arrange more at a time, let’s make special arrangements when the ‘Placental Breath Realm’ one comes up.”

When Ye Lu finished speaking, Black Meditation’s mouth opened wide in some surprise.

He didn’t expect Ye Lu to actually let the Huajin one fight be as well, which meant that Ye Lu was at least a Xiantian realm expert, or at least an expert with Xiantian battle power.

“A full advantage across a big realm, it looks like this guy wasn’t just talking nonsense when he said he completed a hundred victories in a month!”

It was only now that Hei Hei had a rough idea of Ye Lu’s battle prowess.

“This is a demon!”

Black Meditation lamented, then said with a smile.

“Good, I will also arrange for the next one as soon as possible, however, the further back you go, the more troublesome it will be to arrange, because for experts, they are given recuperation time, after a match, they can have three days of recuperation time to heal their injuries and adjust their condition.”

“During the recuperation time it is possible to not accept challenges, and the more advanced the venue the smaller the number of people, so the more troublesome it is to arrange.”

Ye Lu smiled and said.

“Everything is at your disposal.”

After saying that, Ye Lu left the venue.

And with his departure, the story of his crazy forty consecutive wins started to spread wildly among everyone, including the big families in the capital, such a quick forty consecutive wins, such a big advantage, such a clean victory, made Ye Luo an instant star in the underground world.

“It’s a pity, underground boxing matches can’t be photographed or videoed, otherwise we should have recorded ‘Bloodshot’s’ heroics for all to see.”

Jin Mei Mei muttered silently as she walked outside the venue.

And Ye Lu had already returned to the dormitory.

Once he reached his dorm room, Nie Yibiao looked at Ye Lu and said with a smile.

“Ye Lu, I didn’t expect ah, you’re actually really a school master ah, this unforgettable is too powerful, it’s simply the strongest brain ah, why aren’t you on TV!”

“That’s right, it’s true that all schoolboys are perverts!”

Mu Zi Ze also looked at Ye Lu and added fuel to the fire.

“No wonder the two big professors are all eager to have you, you really have something to offer!”

Ye Lu could only make a perfunctory remark to this and everyone else, after all, he was not really that bullish, everything depended on the ability brought by the glasses.

After that, Ye Lu and Mo Xiaomi asked for the bank account, and he transferred all the bonus he got this time to Mo Xiaomi, so that she could help the villagers to build the road.

There was nothing much to do the next day, so Ye Lu resumed his morning walk.

When he ran across the top of the mountain and returned from the Five Wheel Tower, he was called by a man.

“Little brother, I’ve waited for you, I’ve been waiting for you every morning, it’s not easy!”

Tie Zonglin looked at Ye Lu and said with a happy face.

“Oh! You are the grandfather from that morning.”

Ye Luo also remembered who the other party was, however, he did not expect that the other party had actually been waiting for him every day for the past ten days or so, but looking at the surprised expression the old man showed, he did think that what he said was true.

“Little brother, what’s your name?”

Tie Zonglin looked at Ye Lu and asked.

Ye Lu thought for a moment and said.

“My name is Ye Lu, is there something you want to see me about?”

Tie Zonglin immediately said.

“Yes, of course there is, my name is Tie Zonglin, I have a magic weapon here that I want to repair, but, I have never thought of a good plan, I always feel that the risk is rather high, can you help me look at it again?”

Tie Zonglin spoke very sincerely and took out a bell-like magic weapon. The reason why he attached so much importance to this magic weapon was that it was a lower-grade magic weapon, and if it was broken, even though the original price would not be compensated according to the agreement, it would still cause a lot of losses, and it would affect the reputation of the Weaponry Sect, or at least the branch of the Weaponry Sect.

This would also affect the reputation of the Weaponry Sect, or at least this branch of the Weaponry Sect, and this is something that the Weaponry Sect will not tolerate.

Hearing the words “Tie Zong Lin”, Ye Lu felt very familiar, more than one person had mentioned this master smith before, and he never thought he would see him here today.

“Most of the time this guy is the one behind the guy who was looking for Mo Xiaomi’s trouble before.”

Ye Lu muttered darkly, then took the bell and looked at it and said.

“You’ve drawn it almost right, just adjust it here.”

As Ye Luo spoke, Tie Zong Lin had already handed over the pen.

Ye Lu took the pen and redrew a part of the “Pattern of Laws”, then handed the bell back to Tie Zong Lin and said.

“Master Tie, I have a class to teach, I’ll leave first.”

After saying that, Ye Luo walked towards the bottom of the mountain.

He didn’t want to reveal too much of his true identity, so he didn’t want to use it to get in touch with Tie Zonglin too much. Moreover, Tie Zonglin, the “weapon fool”, wasn’t paying attention to what Ye Luo was doing at the moment, he was already completely immersed in the weapon patterns that Ye Luo was drawing.

As Dokgo Ao’s training had come to an end, Ye Lu attended his classes as usual during the day, and when he finished his classes in the afternoon, Ye Lu walked towards the air-raid shelter.

“Pixie Blossom, here I come!”

He rubbed his hands together as he walked, and soon, he reached the deepest part of the air-raid shelter, then followed Zhu Qihuang’s instructions and went through a broken hole. After walking a long way again, Ye Lu finally saw an eerie blue light.

Following that, he suspected that he had arrived in a dream world.

There were blue light-emitting flowers everywhere, the very flowers he was looking for, and there were really a lot of them.

“Someone? A ghost?”

However, in the middle of these “ghostly blossoms”, Ye Luo saw an old man, his body glowing with light, sitting with a serious expression, while around this old man were countless ghosts of different shapes and sizes.

However, the moment Ye Luo appeared, these ghosts suddenly began to stir, and the ghosts on the side close to Ye Luo quickly began to retreat, while the arrow of the “Sunset Arrow” on Ye Luo’s body also began to become hot.

Chapter 185

Since he had discovered the difference in the arrow of the “Sunset Arrow” last time, Ye Luo had followed the method of the “Burning Heavenly Furnace” to recognize the blood of the Sunset Arrow, and found that the Sunset Arrow could indeed be recognized, but it could not be received into the body like the Burning Heavenly Furnace, which meant that it was not as high as the Burning Heavenly Furnace.

Of course, the most strange thing for Ye Lu was that there was a question mark on both the arrow of the “Sunset Arrow” and the level of the “Burning Heavenly Furnace”, which meant that he could not know the level of these two items, nor did he know what it meant.

He slowly walked towards the middle of the bush, and at the same time, he quietly poured his aura into the arrow of the Sunset Arrow.

Sure enough, after the arrow was filled with spiritual energy, these ghosts began to retreat like a tidal wave. This scene of a hundred ghosts retreating looked quite incredible, and the old man in the middle who was closing his eyes and silently exercising his energy couldn't help but suddenly open his eyes.

"This this"

This scene made the old man surprised beyond words, he was surrounded by a hundred ghosts originally already desperate, because ghosts are born as innate spirits, with a little training will be terrifying, and can not be compared with people, and surrounded by these ghosts there are many "evil ghosts", he thought this time dead.

However, at this moment, he saw that Ye Lu was like the king of all ghosts, and wherever he went, countless ghosts fled.

In fact, Ye Lu wanted to catch a few ghosts and use them to practice his "Ghostly Inferno", but he didn't dare to do it easily, for they were ghosts.

Therefore, he could only take advantage of the time when the hundred ghosts were gathering Yin Qi to win, and try to absorb a little more, but this was a drop in the bucket.

Those "evil spirits" were also watching Ye Lu, but when they found that he was calm and collected, they all quickly fled.

"Hoo!"

Seeing that all the ghosts had fled, the old man breathed a sigh of relief and then "poof!" He spat out a mouthful of blood and fell to the ground.

"Old man, are you alright?"

Ye Lu hurriedly ran over and helped the old man.

"Many thanks little brother, if it wasn't for you, I would have died here today."

The old man said as he wiped the blood from the corner of his mouth.

The old man was very curious about why he had come here. Was it also because of the "Yudan Flower"?

So, he looked at the old man and asked.

"Old man, did you come here for these 'Yudan flowers' to be trapped?"

When he heard Ye Luo's words, the old man also froze for a moment, guessing that he didn't expect Ye Luo to know about the "Yudan flowers", then he looked at Ye Luo and nodded.

"Yes, may I ask what your name is, are you also here for the 'Yudan Flower'?"

Ye Luo thought for a moment and said.

"My name is Ye Luo, indeed I am also here for the 'Phantom Blossom'."

However, as he spoke, Ye Luo was already prepared, once there was any change, he would be the first to take out the Sunset Arrow's dagger and poke the other party to death, he was still very clear about the truth that people's hearts were sinister, seeing money and so on.

As a result, the old man said with a sigh.

"Ai! I'm the Lin Family's Tai Shang Clan Master, curiosity really kills people, I heard that there was a patch of 'Phantom Blossoms' here so I came to take a look, who would have thought that there were such terrifying ghosts here."

Followed by a sudden flash of murderous intent in his eyes, he said.

"However, this is by no means a coincidence, someone should be targeting old me to get me killed, thanks to little friend Ye for saving my life today, if there is any need to use my Lin Sihai in the future, our Lin family will definitely do our best."

Ye Lu did not expect that the other party was actually the "Supreme Family Head" of the Lin Family, meaning that he was the father of the current Lin Family Head, so he was really big.

However, this man's cultivation level was really terrifying, this was the only expert Ye Lu had seen so far who had surpassed the innate cultivation level and reached the "Foundation Establishment Stage".

Then, the old man looked at Ye Lu and asked.

"Little friend, who are you and why did all those ghosts flee when they saw you?"

Ye Lu smiled and said.

"I don't know, my girlfriend wanted 'Yutu flowers', so I came here to help pick some, those ghosts probably saw that I was full of righteousness, full of yang energy, a man, so they all ran away, wahhahahaha"

Ye Luo said and laughed, Lin Sihai also couldn't help but laugh as he looked at Ye Luo and said.

"Actually, ghosts are most afraid of evil people, maybe you are more fierce."

"Uh!"

Hearing the old man's words, Ye Lu's laughter came to a screeching halt, he hadn't thought there was such a saying.

The old man then climbed up with difficulty and said.

"The Yin energy here is too heavy, I can't stay here anymore, your young man's Yang energy is strong, you stay here, I'll leave first, look for me at the Lin family if you need anything, I'll see you later."

After saying that, the old man hurriedly headed out.

Ye Lu then shouted.

"Old man, don't you take a bit of 'Yutu Flower' back with you?"

As a result, Lin Sihai waved his hand and said.

“I don’t need that thing, I was just curious to have a look, who knew I would almost be buried here.”

Ye Lu thought to himself, “It’s better if I leave, all these “dark blossoms” will be my own.

Looking around at the large area of dream-like “Yudan flowers”, Ye Lu was so happy that he hurriedly took out his tools and started collecting them.

After collecting them, he carried the paintings back to the room where he usually made pills.

“Finally, I can try it.”

After all, the difficulty of crossing the realm from Houtian to Xiantian was extremely difficult, and many cultivators in the world were stuck in this realm.

What’s more, when you go from a Houtian to an Innate, you not only double your life expectancy, but you also age very slowly, as can be seen from the master of the Yunlu Palace, who lives a long and young life and basically never gets sick.

Because the great clans could exchange pills with the Pill Alliance that had similar effects, the previous “Pulse Pill” was a pill of this nature, but not only did this pill cost too much, but the effect was not really ideal.

Ye Lu began to process the ingredients for the “Heaven Transformation Pill” as quickly as possible, as many of them needed to be refined and extracted in advance.

At this moment, in a rather high-end restaurant not too far from the school, Zhu Qihuang was drinking with Miao Fengling’s father, Miao Renlong.

“Ai! Looks like that’s all the fun we two will have in this life.”

Zhu Qi Huang said with a somewhat despondent expression as he held his glass of wine.

Hearing his words, Miao Renlong, who was opposite him, however, laughed and said.

“Hey, I’m going to have one more fun than you, oh! Those children of yours do not inherit your mantle, my family Fengling is very competitive, and for some time now, the ‘Master Lin Ruyue’ from the clan has been paying a lot of attention to our family Fengling, I think our family Fengling has a good chance of entering the clan!”

In fact, he didn’t know that Lin Ruyue was paying attention to Miao Fengling for another reason.

Hearing that there was also this matter, Zhu Qihuang then sighed and said.

“Yes, it’s a pity, my children don’t want to study medicine, and none of my students are competitive, so my life is over

Speaking here he suddenly stopped and said.

“By the way, one of my students told me that he seemed to have a way to get me into the ‘Medicine League’ and said that he could make my cultivation go further.”

Hearing his words, Miao Renlong then laughed out loud and said.

“Don’t be ridiculous, how many years have you been stuck here, you’ve gotten all the pills from the ‘Pill Alliance’ to eat, right? It didn’t work either, right? Moreover, you’re too old to say that I might still be possible.”

When Miao Renlong finished his words, Zhu Qihuang said with a helpless sigh.

“Yes, these things can only be dreamt about.”

Miao Renlong then continued.

“Right, are you going to the consultation tomorrow? Master Lin Ruyue is going to be there, and it is said that all the prestigious disciples in the common world will be there, and it seems that there are also many disciples from other sects who are practicing in the same sect as Master Lin Ruyue.

Zhu Qihuang said with a bitter smile.

“Then let’s go, we are now left with opening our eyes.”

After saying that both of them then laughed a little helplessly.

At this moment, Ye Lu had already started the refining of the “Heaven Transformation Pill”.

Chapter 186

With so many “Pixie Blossoms”, there was no need to worry about the raw materials for making the “Heaven Transformation Pill”, however, the greater difficulty was that the flame level was not enough.

The solution Ye Lu came up with was to hold the “Burning Heavenly Furnace” with his hands the whole time and let the “Ghostly Inferno” in his body attach to the outside of the furnace, so that it could create an effect similar to using the “Ghostly Inferno”, but it was definitely not comparable to using the “Ghostly Inferno” to burn.

Other than that, it was not too difficult on a technical level and was within Ye Lu’s control.

Soon, it was the most crucial time to condense.

However, Ye Lu felt that the “Ghostly Inflammation” in his body was about to be finished, so he concentrated on the last of the “Ghostly Inflammation” and coalesced it on top of the furnace, then adjusted his spiritual energy and began to run rapidly inside the furnace.

In an instant, a deep blue glow lit up from the furnace, looking so profound and beautiful that even Ye Lu felt a little dazzled.

However, the blue glow began to fluctuate immediately afterwards, as the “Ghostly Underworld Inferno” would soon run out.

“Swoosh!”

After a sound, the light on the furnace disappeared, along with the “Ghostly Inferno”.

“Shit! Did it fail?”

Ye Luo muttered in a somewhat depressed manner, then reached out and opened the furnace.

As a result, he was surprised to find that it hadn't failed. In the "Burning Heaven Furnace", there were three dark blue pills lying quietly, as deep as the sea under the night sky, but all the other pills were black in colour, obviously without any medicinal effect.

"Hey, hey, not bad, not bad, actually succeeded in making three."

This had already surprised Ye Lu, he had actually prepared for none of them in advance.

"Zhu Qi Huang, this time your creation has come."

Ye Lu smiled while muttering in a low voice, with the "Heaven Transformation Pill", it should be no problem for Zhu Qihuang to rise to the Innate Realm.

As for letting him enter the Pill Alliance, Ye Lu was not worried or in a hurry, other than that, the vast amount of pills and prescriptions in his glasses would be enough for the Pill Alliance to accept Zhu Qi Huang.

When he returned to his dorm room in a good mood, Ye Lu found that everyone was discussing the matter of the "Masked Man in Silk Stockings" again.

"You know what? Today, the 'Masked Man in Silk Stockings' did it again, saving a girl at the East Campus."

When he saw Mu Zi Ze's bright and cheerful look, Ye Lu was stunned, he was too busy refining pills today to take action, so someone should have impersonated the "Silk Stocking Masked Man", so he hurriedly asked.

"What's the result? What was the result?"

Mu Zi Ze said with a smile.

"The result is, of course, a success. Now the stocking masked man's popularity has risen again, and he is definitely going to become the internet sensation this year."

"It's said that quite a few businesses have already started shipping all sorts of things to the top of Purple Mountain, so I guess there's no telling how many people will be there when the showdown comes, anyway, everyone in my class has already decided to go and watch."

Hearing his words, everyone else except Jin Kun nodded their heads.

For his part, Ye Lu thought about asking Mu Zi Ze to show him his phone.

As a result, Ye Lu saw a video on his phone, in which the hands of the "silk stocking masked warrior" were lit up with a dazzling white light, obviously activating some kind of magic weapon, and from the look of it, it was obvious that this person should be a Xiantian master.

"Wo Ri, another unruly person wants to harm me!"

After seeing this video, Ye Lu cursed in his heart.

The reason why this fake “Silk Stocking Masked Warrior” wanted to show his cultivation and power was undoubtedly to tell “Only Hands to Cover the Sky” that he was an innate expert, so you’d better send someone with some sense.

In the previous videos, Ye has never shown what kind of cultivation he has, and the impression he gives is that he is an ordinary young man who fights for justice.

This was different now, his own combat power was instantly plucked up a notch.

And from the video, it looked like he was just beating up a few punks, he couldn’t even use his external true qi and glow at all, it was obviously intentional.

“Alright, you win!”

Ye Lu somewhat helplessly handed the phone back to Mu Zi Ze.

Everyone was once again caught up in the conversation about the “Stocking Masked Man”, what with the “Stocking Masked Man” being a “stocking-controlling” pervert, what with him having a “foot fetish”, what with him actually being a woman

Anyway, all kinds of speculations have been flying into the sky.

Then, Nie Yibiao suddenly said.

“The two beautiful faculties of our school, we only went to one, there is still a ‘nursing college’ did not go, we ‘five talents’ when the joint trip once again.”

As a result, his proposal was immediately echoed by everyone.

However, Mu Zi Ze followed and said.

“This time we can’t go like last time, we’ve been running for half a day, we’re tired enough, but it turns out that Ye Lu is the only one there to pick up girls, we’ve all worked for nothing, this time I’m going to find a ‘joint dormitory’, our five talented sons, and then find five beautiful girls, to have a big party, what do you think?”

Ye Lu did not bother to participate in this discussion, he had already started to take out the broken magic weapon and began to practice the “pattern of laws”, Jin Kun did not say anything, An Le was whatever, so the everyone in Mu Zi Ze’s mouth was actually Nie Yibiao one.

Nie Yibiao said with a snap! of a slap on the thigh and said.

“The first thing you need to do is to find a dorm room with a lot of beautiful women.

Mu Zi Ze made an “OK” gesture.

He felt that with the two of them, the atmosphere of the university was really strong enough.

The next morning, when Ye Lu was ready to go to Zhu Qi Huang, he realized that today was a special weekend and there were no classes at the college, so he decided to talk about it on Monday, and he was in no hurry to get his hands on the “Yutu Flower” anyway.

When he got up early, he still ran up and down the mountain, and when he came down, Tie Zonglin was really waiting for him at the “Five Wheel Tower”, so he had no choice but to discuss the matter of smithing with him again.

However, just as he reached the bottom of the mountain, Miao Fengling’s phone call came.

“Dear Master! Your little disciple is in trouble again!”

Miao Fengling said in a brittle voice on the other side of the phone.

For Miao Fengling’s trouble, Ye Lu had long been used to it, and he said with a smile.

“What’s going on this time? Have you learnt all the knowledge I taught you properly? You have such a good memory, you should work harder!”

In fact, Miao Fengling was the one who really couldn’t forget anything.

Miao Fengling smiled when she heard Ye Lu’s words and said.

“Master, of course I remember everything you taught me, this time it’s not to cure me, it’s for a woman.

Ye Lu smiled and agreed, he could not do anything about this disciple he had picked up for nothing.

The so-called “pampering and cute can do anything”, Miao Fengling has brought this phrase to the fullest extent.

At this moment, many people were already at the door of the Fire Family, including several professors from the Yanjing University of Traditional Chinese Medicine, including Professor Wu from the School of Chinese Medicine, Professor Qin from the School of Acupuncture and Tuina, and of course, Zhu Qihuang had also arrived.

“Old Zhu, you’re still here.”

Miao Renlong smiled as he saw Zhu Qihuang and walked over.

“Didn’t that Master Lin Ruyue come?”

Zhu Qihuang asked a little puzzled when he saw that Miao Renlong was the only one.

“And your precious daughter, why didn’t you bring her too?”

Miao Renlong said with a smile.

“As for my daughter, she seems to have gone to look for her other master, she will probably be here soon.”

At this time, someone suddenly said in a loud voice.

“Please invite Mr. Ouyang, the master of the ‘Medicine League’.”

When they heard that there was a Pill Alliance master, Zhu Qi Huang and Miao Ren Long both turned their heads to look at the door. The so-called Pill Alliance master who came here this time was actually an official disciple of the Pill Alliance who had come to the world for practice, which was also the status Zhu Qi Huang and the others dreamed of obtaining.

Following this, a very young looking man walked in, who looked to be around twenty years old, with a “I am proud” expression on his face.

He ignored all the greetings from everyone.

Then, the shouting started again.

“Please welcome the ‘Medicine League’ Master, Ms. Shen.”

Chapter 187

As expected, just as Miao Renlong had said, there was more than one master this time, and this Master Shen was also very young, only about twenty years old, but this master seemed much more easy-going than the one just now, and at least smiled kindly at everyone before walking in.

After that, many more masters from the Pill Alliance appeared.

The appearance of these masters dwarfed the mundane masters who were still somewhat famous, especially Zhu Qihuang and Miao Renlong, who could only watch from afar.

However, the two of them knew that they were only here to watch the fun, they didn’t need to do any real healing themselves, as there were so many masters around anyway.

Each of the masters of the Pill Alliance came from a different discipline, and they were all in competition with each other, representing the dignity of their discipline.

Therefore, there is not a particularly cordial atmosphere between these masters.

As for these disciples, they all belong to different factions, so they all stand together according to their factions.

For Master Mo Lian’s faction, there were only two of them, Miao Renlong and Zhu Qihuang, at the moment.

“It seems like the others shouldn’t come again, after all, after what happened last time, it made everyone feel a bit awkward.”

Last time, it was the smoky female disciple beside Master Mo Lian who came to the internship, and as a result, she actually got drunk during the party, and that scandal was too big, and of course, the female disciple who carried the whip last time was also bad enough.

Anyway, in the eyes of the disciples, all of Master Mo Lian’s disciples were so out of character that they feared they would be humiliated even if they came.

Sure enough, when they saw that the master of the Mo Lian lineage was slow to appear, someone came over and looked at Zhu Qi Huang and said with a smile.

“Your grandmaster won’t escape this time, I’m afraid he’ll make a fool of himself again this time.”

“That’s right, I say why are you guys following such a grandmaster, Master Mo Lian is notoriously abnormal in the ‘Pill Alliance’, why don’t you guys transfer to us.”

“Hehehe, I wonder what will come out of the master this time.”

.....

This was what Miao Renlong was worried about, he was aware of Lin Ruyue's style.

"Auntie ah, please just wear something normal today"

He began to pray silently in his heart.

At this time, a voice suddenly rang out from the doorway.

"Please have 'Pill Alliance' Master Ms. Lin."

Following that, there was a clamour at the door, which caused Miao Renlong's heart to shiver, followed by a look in the direction of the door, and then his jaw almost dropped.

He saw that Lin Ruyue was this time wearing a gorgeous red dress with long hair draped over it, the top of this outfit was in the shape of a deep V. The top was short to just above the navel, while the deep V split right from the navel, resulting in two huge white breasts and a deep cleavage in the middle being perfectly exposed, it was obvious that Lin Ruyue was not wearing a bra.

From the navel down to the crotch bone, Lin Ru Yue's white belly and water snake like slender waist were all on display, and underneath she wore a red split skirt that went up to the root of her thighs.

"Wow! Empress, Hancock!"

"Yeah, it's almost like the empress is possessed!"

Some people who knew what they were doing had already discerned who Lin Ru Yue was cosplaying this time, but this place could be full of professors and physicians, and very few people really knew about the secondary genre, so everyone else was pointing.

"Is this Master Mo Lian's disciple? How shameless!"

"No, I feel it's so big and white."

"Well, the legs are also long!"

"I wonder if the panties are on?"

.....

Lin Ruyue became the focus of everyone's attention as soon as she appeared, while Zhu Qihuang and Miao Renlong quickly turned their heads, showing a look of who is this person? I don't know her.

But Lin Ruyue didn't care about that, she "clicked!" She walked up to the two men and said with a smile.

"How about it, am I beautiful today?"

Zhu Qihuang was seeing Lin Ru Yue for the first time, and the white flowers were too shiny, so he didn't dare to say anything, while Miao Renlong quickly stuck out his thumb and said solemnly.

"Beautiful! Absolutely beautiful!"

Lin Ru Yue nodded in satisfaction at this.

However, she was the last Master to enter the place and after she entered, on the podium in front of her, a very majestic looking old man with black hair laced with fiery red hair stood up and said.

“I thank you all for coming to my humble abode to help my granddaughter. It has been too many years since our Fire Family has been able to have a Fire Control Master, but the ‘Pill Alliance’ has always taken good care of our Fire Family. ”

After saying this he bowed deeply to the crowd.

Following that, he then said once again.

“I will not say any more polite words, because my little granddaughter’s condition is indeed very serious, so first of all, I implore you all to take a look at her condition, and I hope that this time I can save her life, and my Fire Family will definitely remember the kindness of all of you.”

At these words, a hospital bed was pushed out, this bed was covered with an iron cover, at one end of the cover revealed the head of a beautiful woman, this woman’s hair and eyebrows, even her sweat hair were all fiery red, at the moment she was pushed out, she opened her eyes violently, two flames shot out from her eyes, this scene looked exceptionally terrifying.

“Ooh!”

“Waaaah!”

.....

The crowd was shocked by the fire man that pushed out.

“Ai!”

Looking at his granddaughter, Fire Lie said with a sigh.

“Originally, our Fire Family was secretly celebrating the birth of Pepper, thinking that finally a child with a pure bloodline had been born, but to our surprise, her body has started to show abnormalities since the first few days, and now it is completely out of control.”

No one said a word, for the situation before them was somewhat beyond their imagination; they were all battle-hardened doctors, but they had never encountered such a situation before.

“I’m not going to lie to you all, this bed and the cover on it are specially made, if it was anything ordinary, it would have been burnt to ashes by the flames released from the chillies.”

Hearing Fire Blaze’s explanation, the crowd was once again taken aback by what was a shocking and strange disease.

“Let’s just ask everyone to help look at the treatment.”

Fire Lie said as he looked at the crowd with anticipation.

The crowd all looked at each other in disbelief, such a strange disease, could it really be cured?

Everyone was silent as they looked at Fire Pepper who was lying on the hospital bed, but no one dared to really do anything.

After a long time, one of the masters of the Pill Alliance, the arrogant-looking Master Ouyang, said slowly.

“All right, let me try and see what her pulse is all about.”

He stepped forward and stretched out his hand, in which white breath was swirling and dancing, obviously not only exuding his true qi, but also using some special martial arts technique.

Everyone held their breath as they watched this scene, and this Master Ouyang was obviously extremely careful as well, as his hand moved very slowly.

“Hiss hiss!”

However, just as his hand was about to touch Fire Pepper’s wrist to, the flames suddenly rose up and he quickly retracted his hand in fear, but it was already a little too late as the flames had already burned his fingers.

“Ah!”

He let out a heart-rending scream, followed by everyone seeing that his fingers had been burnt red.

“Oooh!”

The crowd was also taken aback.

“How is this going to be treated when you can’t even take a pulse?”

“Yes, this disease is really too difficult.”

“According to this situation, there’s no way to take medicine, right? Won’t it all burn to ashes once it goes into your mouth.”

.....

Just when the crowd was at a loss for words, a shout suddenly appeared from outside.

“Please invite Mr. Ye, the master of the ‘Medicine League’.”

Then, the crowd watched as two figures, a man and a woman, walked in from outside; the man was extremely handsome looking, while the girl was very young and petite.

In fact, at this moment, Ye Lu was also in a state of tears and laughter, this “Pill Alliance” Mr. Ye, was all said by Miao Fengling and the man at the door.

Moreover, seeing that there were so many people in the room, both Ye Lu and Miao Fengling were a bit confused.

Miao Fengling and Ye Lu said they were treating a person, but it seemed like it was not that simple.

Miao Fengling was also confused, she was thinking, isn’t this the task given to her by Master? How come there were so many people and how come Master was also there?

Lin Ruyue, on the other hand, looked at Ye Lu and said with wide eyes in surprise.

“It’s you!”

Hearing Lin Ruyue speak and then looking at Lin Ruyue’s huge breasts, Ye Lu also said in surprise, pointing at Lin Ruyue’s proud breasts.

“Daisy!”

Chapter 188

At that time, on the train, Ye Luo was very impressed with Lin Ru Yue’s daisy look, especially the pair of white eyes, he could not figure out how she did it at that time.

Of course, Lin Ru Yue was also impressed by Ye Luo’s methods of healing.

She had thought of Ye Lu more than once afterwards, but she didn’t know Ye Lu’s name or where he was, so the matter was left open, but how could she have ever expected to meet Ye Lu again here?

“How did you become a master of the ‘Pill Alliance’?”

Lin Ru Yue asked, pointing at Ye Luo.

Ye Luo had to heave a smile and said.

“False, false, it was Fengling who was joking, how could I be from the ‘Pill Alliance’.”

Miao Fengling also gave a quirky smile before jumping over and grabbing Lin Ruyue’s arm and said with a smile.

“Hehehe, I don’t say so, that person won’t let me in, I can miss Master, so I have to use this method, so don’t be angry Master.”

At this time, Zhu Qi Huang then looked at Ye Lu and said with an angry frown.

“Why have you come here to fool around, do you know who the people here are and what they are all about? Hurry up and go to the side and stand properly for me.”

After being hit by Zhu Qihuang’s face, Ye Lu hurriedly went to the side and stood obediently to watch the fun.

Zhu Qihuang looked at Lin Ruyue and said embarrassedly.

“Hey, Master Lin, I’ve made you laugh, this is one of my unreliable students, from a small place, just a freshman, don’t know the rules, don’t be angry.”

Although Master Mo Lian might not accept him as a disciple, as long as he could enter the “Pill League”, Zhu Qi Huang would be satisfied.

However, before Lin Ru Yue could say anything, the woman, Master Shen, spoke up first.

“Hey! You Mo Lien Clan people are all so unreliable, you dare to use the identity of the Pill Alliance to cheat, how dare you, but unfortunately, they are all trash.”

Hearing her sneering words, Lin Ruyue immediately quit as she looked at Grandmaster Shen and said.

“This is the concubine’s own business, when did it become your turn to take charge.”

His expression and movements resembled the female emperor Hancock from the King of Thieves, and even Ye Lu couldn’t help but give her a silent nod of approval for her exquisite cosplay skills.

However, Master Shen did not take Lin Ruyue’s fury seriously as she looked at her and said with a smile.

“Master Lin, if you prove that Master Mo Lian’s is not a waste of time, then you can cure Miss Fire’s illness ah, cure it and I will obey you and call you a big sister every time I see you.”

After she finished, Lin Ru Yue you looked at the Fire Pepper lying there in silence, because she also did not know what should be done to cure the Fire Pepper’s illness.

So, she stared at Grandmaster Shen and said.

“Shen Yishan, then can you cure Miss Fire’s illness?”

As a result, Shen Yishan smiled and said.

“Of course, otherwise why would I ask you, do you think I’m a fool like you?”

Hearing that she could actually cure Fire Pepper’s illness, everyone else also became curious.

Lin Ru Yue also forgot about Ye Luo as she looked at Shen Yisan and asked.

“How can you cure it?”

Shen Yishan said with a smile.

“Master Fire help prepare a big bath tub, the bigger the better, the kind that can fit the bed.”

Hearing her words, the crowd suddenly understood what Shen Yishan wanted to do, she should want to put the fire pepper in the water to cool it down, and then it would be all right to take the pulse or perform other life-saving treatments.

Hearing her words many people nodded their heads and said.

“That’s really a good idea then.”

“Why didn’t I think of that?”

“Yes, it’s still Master Shen who is smart!”

.....

Ye Lu didn’t say anything, but smiled and waved a greeting to Professor Wu and Professor Qin, he also didn’t expect to meet quite a lot of acquaintances here.

Professor Wu and Professor Qin were also both very friendly and greeted Ye Lu.

To Ye Lu’s surprise, these two professors who liked to tussle with each other were actually registered disciples under one teacher.

“Why is Ye Luo here too?”

Professor Wu said with some confusion as he looked in Ye Lu’s direction.

Professor Qin, on the other hand, said with a smile.

“Hey, this time Ye Lu dares to impersonate someone from the ‘Pill Alliance’, that old curmudgeon Zhu Qi Huang will definitely not spare Ye Lu, I have a feeling that Ye Lu is about to be removed, so we both just wait for the collection.”

Teacher Wu also said with a smile.

“Yeah, I didn’t expect Ye Lu to have the ability to never forget, so don’t grab it from me this time, you know we have to memorize all kinds of prescriptions in Chinese medicine, it would be a waste for you guys to have Ye Lu for acupuncture and massage.”

The two of them had been following Ye Lu’s approximate movements.

Soon, a large tub filled with water was carried in and the folded hospital bed was folded up, then the crowd put the fire pepper inside the tub along with the hospital bed.

“Goo-doo-doo!”

Immediately after the fire pepper was put into the water, the water boiled and white steam quickly rose up, while Master Shen had already quickly opened the metal cover of the bed and started to apply the needles.

Of course, as it was a woman who was being treated, the others were of course not allowed to visit, so the others could only watch the white smoke that filled the room from afar.

Ye Lu knew that they were definitely going to fail, however, he didn’t say anything and started to observe the fire chillies instead.

Soon, Master Shen came back with a depressed look on her face from the smoke-filled healing area that had separated her.

Just by looking at her expression, she knew that the treatment must have failed.

“What’s going on? Master Shen?”

The crowd began to ask.

Grandmaster Shen shook his head and said.

“It doesn’t work, the silver needles won’t go in at all, they melt as soon as they touch the skin, I don’t know what kind of silver needles will do the trick.”

At this time, Lin Ru Yue then looked at her and asked.

“Master Shen, even with such silver needles, can you really know how to treat it? Do you know the cause of Miss Fire’s illness and the specific problem?”

This time Grandmaster Shen was silent.

Because he really did not know, not only her, but actually many people present did not know.

At this time, a man suddenly said.

“Do you guys see if this is a feasible solution? How about we use more, colder ice water to soak Miss Fire, and then take the opportunity to give her some medicine that can control this going off the rails?”

Everyone thought about it, and then a number of people started to respond.

Ye Xi was unable to see any more, he coughed twice and then said in a loud voice.

“I say, gentlemen, are you people really here to save people and not to commit murder? If you keep on tossing around like this, Miss Fire is going to be tossed to death by you all.”

Hearing Ye Luo’s words everyone turned their heads to look in Ye Luo’s direction.

Then, everyone realized that the one who spoke was actually the teenager who had just pretended to be the “Pill Alliance”.

Everyone froze for a moment, and then one of them looked at Ye Lu and said.

“Student boy, don’t pretend to be a punk, who are you to come here and say anything.”

“That’s right, don’t you think that impersonating our ‘Medicine League’ is a trivial matter, we just haven’t had anything to do with you yet.”

“Yeah, we just wanted to wait for Miss Fire’s matter to be finished and then deal with you, we didn’t expect you to want to die so badly and come out to jump around in advance!”

.....

Everyone’s impression of Ye Lu was already bad, plus so many masters didn’t speak, when was it Ye Lu’s turn to speak.

Hearing everyone’s words, before Ye Lu said anything, Lin Ruyue quit first, in her opinion Ye Lu was still someone who belonged to their Master Mo Lian’s lineage anyways, even though Ye Lu was not even a named disciple, but, he was Zhu Qi Huang’s student, then she could not let Ye Lu go.

She said in a loud voice.

“Shut up, when did it become you people’s turn to tell us what to do with our people.”

Just as she finished her words, Zhu Qihuang shouted loudly towards Ye Lu.

“Ye Lu, what’s wrong with you? It’s not your turn to speak here, so hurry up and get out of my way.”

With those words, he walked over and prepared to reach out and drag Ye Luo away.

However, at this time, Lin Ruyue suddenly reached out and blocked her way, then looked at Zhu Qihuang’s eyes and said.

“Zhu Qihuang, what did you say his name was?”

Zhu Qihuang was a little annoyed by Lin Ruyue's such a solemn enquiry, and he stammered slightly and said.

"Ye Ye Luo, his name is Ye Luo, my student."

Lin Ruyue then turned her head to look at Ye Luo and asked.

"Are you Ye Luo from Liao City?"

Seeing Ye Lu nodded, Lin Ru then murmured.

"No wonder, no wonder"

Everyone didn't know what Lin Ru Yue meant by no wonder, however, right after that she made a move that made everyone puzzled, she walked up to Ye Lu and then knelt down on one knee very solemnly and said.

"Master is above! Accept disciple Lin Ruyue's obeisance."

Chapter 189

At the same time, Lin Ruyue turned towards Zhu Qihuang and Miao Renlong and said.

"You two, hurry over here and kneel down to Master, it's is your Master Ye Lu."

Zhu Qi Huang and Miao Ren Long were already completely confused, the two of them had no idea what was going on, especially Zhu Qi Huang, he didn't understand why just now he was lecturing Ye Lu, but in the blink of an eye, he had to kneel down to Ye Lu, and Ye Lu's status had also changed from his student to his "Master", what was the situation and what was the meaning of this?

However, there was no time to think, since Master Lin Ruyue had said so, they had to kneel down first.

So, the two men also quickly fell to one knee, then looked at Ye Luo and said.

"Greetings, Master!"

Among them were Professors Wu and Qin, who could not understand why Master Lin Ruyue, with Zhu Qihuang and another person, was kneeling in front of Ye Lu and calling him "Master".

Master meant that Ye Lu was Master of Master Lin Ruyue's master's master, what concept was this? This was too unacceptable.

At this point, Lin Ruyue stood up and said.

"This is the master that my Master Mo Lian has recently accepted, and Master Mo Lian has ordered that all her disciples, as well as the registered disciples, should bow down when they see Master Ye Lu."

Hearing such a solemn explanation from Lin Ruyue, the crowd, including Zhu Qihuang and Miao Renlong, then understood that it seemed that this matter was true.

Following that, Master Shen then looked at Ye Lu and said with a smile.

"Ai yell! You little brat who hasn't even grown up yet, and you're still Master Mo Lian's master, what qualifications do you have to be this master?"

The others also said with a heated laugh.

“Hehehe, it’s not like you’ve used some underhanded trick to fool Master Mo Lian, is it?”

“I don’t think so, Master Mo Lian’s lineage has always been of a bad standard, it’s only right to have a master of a lower grade.”

“Haha, Master Mo Lian, including her disciples, is actually responsible for being funny in the ‘Medicine League’.”

“That’s right, hahahahahahaha

.....

Following that a whole bunch of people started laughing wildly.

Ye Lu, on the other hand, said indifferently.

“Master Fire, first hurry up and get your precious granddaughter out of the water and then put her properly on the bed, don’t worry, I will guarantee to cure her later.”

Hearing Ye Luo’s words, Fire Lie hurriedly let Ran do as he was told.

Ye Lu then slowly turned to look at everyone present and said.

“First of all, I would like to tell you that I became Master Mo Lian’s master in a fair competition with Master Mo Lian, and then I would like to say that I have the identity card of the ‘Pill Alliance’, so I am indeed a member of the ‘Pill Alliance’.”

As he said that, Ye Lu took out a card, which was the symbol of the “Pill Alliance” identity.

Then, he continued.

“Lastly, I would like to say that since I am really Master Mo Lian’s master, then I am your elder, since you admit that you are from the ‘Pill Alliance’, then you should know the rules of the Pill Alliance, apologize!

Ye Luo said the last two words very heavily and used his aura, so everyone present heard Ye Luo’s words clearly.

The whole room fell silent, a pin drop could be heard, followed by someone saying loudly.

“You little brat forget about the old ones, you are also qualified

The one who spoke was none other than Master Ouyang, who had once been ready to take a look at a doctor before, and he looked at Ye Lu with an arrogant look on his face, not looking the least bit inclined to apologize.

However, just at this time Ye Luo had already moved, his speed was extremely fast, like a ghost he rushed to Master Ouyang’s front, then raised his hand and gave him two slaps.

“Slap!”

“Slap!”

These two sounds were so crisp that everyone fell silent again.

After the beating, Ye Luo then looked at Grandmaster Ouyang and said coldly.

“Apologize!”

As a result, Master Ouyang stared at Ye Luo and said.

“You dare to hit me, you

Before he could finish, Ye Luo had already kicked him and sent him flying, then followed him like a shadow looking at Master Ouyang and said.

“Apologize.”

Master Ouyang opened his mouth and said.

“You

Ye Lu brought his foot up again.

Master Ouyang quickly nodded his head and said.

“I apologize, I was wrong, I shouldn’t have insulted Master Ye Lu

Ye Lu shook his head and said.

“I don’t mind your insults, I’m just a loser, however, you have to apologize to Master Mo Lian, and Lin Ruyue.”

After Master Ouyang finished apologizing, Ye Luo turned his head to look at the other people from the “Pill Alliance” and said coldly.

“All those who just insulted Master Mo Lian, apologize to me, otherwise he is an example, I can make an exception today for women I will also beat.”

The entire room was once again silent as Ye Lu turned to look at Grandmaster Shen and said calmly.

“Apologize!”

Master Shen swallowed and finally opened his mouth to say.

“I’m sorry, I was wrong, I shouldn’t have insulted Master Mo Lian

Following this, one by one, all the disciples of the Pill Alliance who had just spoken out of turn began to bow their heads and apologize, none of them dared to resist, nor did they dare to show an expression of dissatisfaction.

At this moment, Lin Ruyue’s face was already smiling like a flower, just now she was still depressed about having such a young and unreliable master, but she didn’t expect that the next second this master would be so powerful, not to mention the medical skills, just this level of beating and the character of fighting at the first word, very much like the style of Master Mo Lian’s school.

Moreover, seeing that the interns of the “Medicine League” all apologised obediently without daring to say a word, Lin Ruyue felt so happy in her heart, she was simply overjoyed.

Zhu Qihuang and Miao Renlong were already surprised beyond words, especially Zhu Qihuang, he never thought that Ye Lu’s identity was actually real, and that these so-called “Pill Alliance” masters could just beat him up at his hands.

“But, why was Master Ye so polite to me before?”

Zhu Qi Huang was also a little confused, with Ye Lu’s level he would have crushed him a long time ago, yet he was so polite to himself before, saying that he would stand for punishment and reprimanding him without complaining.

Of course, the one who was most confused was Miao Fengling, who was standing on the side.

How could she have ever thought that this master she had casually acknowledged was so bullying, simply bullying, and she suddenly realised something, that is, if Ye Lu was Master Mo Lian’s master, and she was Master Ye Lu’s disciple, then counting up, she was Master Lin Ruyue’s senior uncle.

Sure enough, Lin Ru Yue turned her head to look at her and asked.

“Fengling, is the other master you mentioned Master Ye Luo?”

Miao Fengling mechanically nodded her head.

As a result, Lin Ruyue immediately bowed and said in a very solemn manner.

“Master Uncle is above, accept Lin Ruyue’s obeisance.”

This time both Miao Fengling and Miao Renlong were terrified, especially Miao Fengling she hurriedly grabbed Lin Ruyue’s hand and said.

“No, no, you are still my master.”

Lin Ruyue, however, shook her head and then said.

“No, I never said that I would take you as my disciple, and Master Mo Lian does not allow us to take disciples either, only that I have instructed you when I saw that you are good at learning, and I must not mess up the rules of the Master’s school.”

Seeing the solemnity of Lin Ruyue’s words, Miao Fengling had no choice but to accept with trepidation.

Zhu Qihuang and Miao Renlong looked at each other, and both of them could see the joy in each other’s eyes, because since Ye Lu was so powerful, it was possible that he could really bring them into the “Pill Alliance”.

Of course, Miao Renlong was more happy for Miao Fengling, for now it seemed that his genius daughter was a done deal.

As for Ye Lu, he looked at the room full of people and said with a smile.

“Very well, I know that you all may still be unconvinced in your hearts, it’s just a pity that so many of you don’t even have a single one who can fight, but don’t think that I’m fooling around here, as your elder, I’m bound to show a few hands to make you bunch of rabbits happy and convinced.”

Hearing Ye Luo’s words, everyone silently bristled, in everyone’s opinion, Ye Luo was the most capable of fighting among these healers, but should not be the most capable of healing among the capable ones, everyone was convinced of Ye Luo’s fists, but not his medical skills.

Ye Lu, on the other hand, waved his hand towards Zhu Qihuang and said.

“Professor Zhu, come here for a moment.”

Hearing Ye Lu use the word “you” to address himself, Zhu Qi Huang immediately said with some trepidation.

“Master, don’t be so polite, what do you want to order.”

Ye Lu smiled and changed his title.

“Didn’t I tell you before that I wanted to raise your cultivation a bit more to become a ‘Xiantian master’? Today your creation has come.”

With those words, Ye Lu took out a ghostly blue pill and said with a smile.

“This is a ‘Heaven Transformation Pill’, so you should take it now.”

Chapter 190

This time not only Zhu Qihuang was confused, everyone present was confused, because no one had heard of such a pill as the “Heaven Transformation Pill”, the “Pill Alliance” did have a pill to aid in ascension, called the “Heavenly Pill”, but it was only an aid, not a pill that could be eaten to enter Heaven.

In fact, the crowd did not know that the pills that Ye Lu had made with spiritual energy were really “spiritual pills”, which was why Ye Lu’s pills were so powerful.

However, this was all an afterthought, no one dared to believe Ye Lu’s words, at least for the time being.

“How can there be such an elixir?”

“Yes, it’s too heaven defying, it’s a Houtian to Xiantian, a leap in essence.”

“Who says otherwise, let’s see how he ends up when he fails to pretend.”

.....

Lin Ruyue also quietly walked up to Ye Lu’s side and whispered.

“That Master Ye Lu, is this pussy too big, what happens when it fails?”

Ye Lu smiled and also whispered.

“Don’t worry, your master can’t do anything else, but he has yet to fail at pretending to be a pussy.”

After saying that, he made a very second hand gesture of “victory” towards Lin Ru Yue, while Zhu Qi Huang had already gritted his teeth and swallowed the blue “Heaven Transformation Pill”.

After swallowing it, he quickly sat down and began to prepare for his breakthrough.

Immediately afterwards, a blue glow emanated from his body, which looked like thin blue threads that began to swirl, intertwine and coil in the air after coming out of his body.

No one said a word, but watched this incredible scene. In no time at all, a blue cocoon formed around Zhu Qihuang, similar to the cocoon formed when an insect hatches.

Everyone thought of the phrase “breaking the cocoon into a butterfly”.

The people who had just been talking about it were now silent, because they all felt that perhaps Ye Lu really wasn’t talking nonsense.

“Ka-ching!”

Following that, cracks began to appear on this blue cocoon.

“Ka-ching!”

“Ka-ching!”

.....

Soon, the cracks grew more and more, and with a “BOOM!” With a loud sound, followed by, this cocoon broke open, followed by the sound of Zhu Qihuang’s loud laugh.

“I’ve broken through, I’ve finally broken through, hahahahaha

Hard to hide his joy appeared on his face, for he had waited for this moment for far, far too long.

This breakthrough made him feel refreshed, his years of depression were almost swept away, turning into an innate being was almost like doubling his life expectancy, equivalent to living again, for a casual cultivator like him with no family and no background, how could he not be happy.

Following that, he turned around and “flopped!” With a sound, he knelt down towards Ye Luo.

“Master, Zhu Qi Huang is here to thank you!”

This time, he finally acknowledged Ye Lu from the bottom of his heart and heart.

Seeing someone who had been stuck in a bottleneck for many years break through to the Ascendant realm just before their eyes, everyone was still immersed in shock.

Following that, everyone’s eyes changed when they looked at Ye Luo.

They finally understood that Ye Lu was really not pretending, people had real skills. The one who was in the most excited mood was undoubtedly the host of this gathering, Fire Lie.

Seeing Ye Luo’s miracle-like performance, he felt that his granddaughter had finally been saved.

For his part, Ye Luo hurriedly helped Zhu Qihuang up, then looked at the people around him and said.

“I don’t know how this hand I’ve shown is, if everyone has a more powerful potion than mine they might as well take it out for a competition.”

Seeing that the crowd did not say anything, Ye Lu continued.

“Perhaps everyone still has doubts about my medical skills, so I will show you what it means to be a doctor again.”

After saying that he turned his head to look at Fire Lie and said.

“Has your granddaughter’s side been dealt with, push it over, I’ll help her heal the disease on her body.”

Hearing that Ye Lu wanted to cure his granddaughter, Fire Lie immediately nodded his head and said.

“Good! Quickly, push the young lady out.”

Hearing that he was going to cure her, everyone in the entire hall came towards the podium in front of them, everyone was curious as to how Ye Lu was going to treat this person who could not detect her pulse, nor could he apply needles, nor could he even get close to her.

In fact, what everyone did not know was that Ye Lu was in a state of ecstasy at the moment, because in this fire pepper’s body there was another fire, the “Red Lotus Karma Flame” fire, which, like the “Ghostly Inferno” in Ye Lu’s body, was also a fire from hell.

However, her physique and her family’s lost gongfu had made her miss the time to control the fire in her body.

All Ye Lu had to do was to extract the Red Lotus Flame from her body and plant it inside herself.

This operation was originally very dangerous, after all, the fire was about to sprout and grow out of control, which was also the reason for the fire pepper’s illness, but it was relatively easy for Ye Lu, the first “Pill Ability” had a very detailed method to collect the fire.

However, Ye Lu had a second advantage, and that was, he still had the “Ghostly Inferno” fire sprouting inside him.

That was why Ye Lu dared to collect the Red Lotus Karmic Flame with such confidence.

“Old Mr. Fire, when I heal in a while, I may touch Miss Fire, please don’t be offended, I don’t mean to be frivolous.”

Fire Pepper couldn’t wear clothes, this state would be more than inconvenient, Ye Luo had to explain beforehand to do so.

Fire Blaze quickly nodded and said.

“As long as I can keep Pepper alive.”

Only then did Ye Lu nod, then reached out and clutched Fire Pepper’s wrist.

“Ah!”

“Waaaah!”

.....

Everyone looked at this scene in surprise, because no one saw Ye Lu release true qi in his hand and just grabbed Fire Pepper’s wrist by his physical body, did he not want his own hand?

However, everyone immediately realised that nothing had happened to Ye Lu.

Ye Lu concentrated on probing the Fire Pepper’s body and found that, just as he had thought, the fire of the Red Lotus Flame was indeed in the Fire Pepper’s dantian.

Ye Lu lifted a small cover on the lower half of the iron shield, then reached in and pressed on the Fire Pepper’s dantian.

Fire Pepper knew that this action was a bit indecent, but she couldn’t care less about that at the moment because she felt a cool sensation coming from Ye Lu’s hand, something she hadn’t felt in a long, long time.

And the surrounding crowd could not see where Ye Luo’s hand was reaching in to touch, but everyone could see flames begin to rise up on Ye Luo’s exposed arm, which slowly traveled up the arm and soon reached the elbow, shoulder, and neck

The clothes also instantly turned into flying ash, but Ye Lu did not have the slightest intention to stop.

“Is this playing for keeps?”

“It won’t be burned to death, right?”

“I don’t know!”

“It’s drawing fire!”

.....

The crowd was worried when they saw half of Ye Lu’s body covered in flames, however, Ye Lu did not stop and soon the flames completely enveloped him and he turned into a blazing fireman.

However, apart from his clothes being burnt, his body and hair and so on were not much worse.

At this moment, Ye Luo was concentrating on controlling the fire inside the fire pepper to move towards his body step by step, because he could not let this fire go violent, once it went violent, it would no longer be a fire, at that time, with Ye Luo’s cultivation level it would be a fool’s errand to try to devour it by force again.

“Come on!”

Following that, he silently roared in his heart, “Brush!” In a flash, the seed of “Red Lotus Karmic Flame” finally entered his body, and the flames on the fire pepper’s body also disappeared in an instant.

“Grandpa grandpa oooh

Fire Pepper finally said the first words since these days, followed by tears of joy, and Fire Lie couldn't help but grab Fire Pepper's hand.

The first time I saw the "red lotus karma fire", I had already withdrawn my hand and started sitting on my knees to concentrate on subduing it.

"Shit! This is too dense!"

Someone let out a sigh of relief.
