Chapter 201

This reaction could not be stifled and Ye Lu felt that he was getting bigger and bigger, so he tried to move his position, but for fear of being discovered, Gu Shiqi quickly wrapped her long legs around his to stop her from moving.

At this moment, the hostess had reached their bed, and as there was a mosquito net outside, she didn't suspect too much after a slight look with her torch.

"Maybe it was just my eyes."

She muttered, and then walked out of the room to go check in the other dormitory.

It was then that Gushiki finally breathed a sigh of relief.

"Whew! Scared the baby to death!"

She said with some heart palpitations.

Following that, she noticed that something seemed to be pushing against her behind her. Gu Shiqi had grown up in a very privileged environment, but, since Gu Yanqiu and her mother had divorced long ago, there was no one to explain things between men and women to her, and the school's physiological hygiene class wasn't held much, plus she was a school bully who didn't watch small movies, so she was a completely ignorant blank sheet of paper when it came to this.

So instead of thinking for the first time that it was a man behind her, she assumed that the girl had smuggled something with her.

In a very small voice she said.

"What kind of goodies have you smuggled in, so big, are they bananas? And hidden so concealed."

As she said that, she reached back and put her hand into Ye Lu's panties, and then, her movements froze, even a fool would know at this time that there was a man behind her.

She opened her mouth in surprise and was about to shout.

Ye Luo was frightened and hurriedly covered her mouth whispering.

"Don't shout, it's me, I'm Ye Luo."

Fearing that Gushiki didn't believe him, Ye Lu hurriedly said quickly.

"Four antiques, matchmaking, jadeite communal plate, Tianma Mountain cave"

If Gushiki shouted now, both of their college lives would be considered finished.

These were all things that happened between the two of them, and Ye Lu felt that he should be able to prove his identity, but, right after that, he felt a drilling pain on his ankle, while a cold and slippery sensation came from it.

"Holy f*ck, it's that 'two-headed love snake'."

Ye Lu immediately understood what was attacking him, it must have been that snake that sensed Gushiki's emotions and then attacked.

At this time, Gushiki also understood who was behind him when she heard Ye Lu's words, but of course, more importantly, after Gushiki calmed down a bit, she heard Ye Lu's voice.

Gushiki quickly nodded her head to indicate that she knew.

Only then did Ye Luo let go of his hand.

"Ye Luo, you how did you crawl into my bed?"

Although she knew that the person behind her was Ye Luo now, Gu Shiqi's head was still full of confusion because she didn't understand at all what this was all about?

"How can I explain this matter? First, let the love snake not bite me."

Ye Lu thought for a moment and said.

"Simply put, I came here to catch a ghost, and everyone didn't expect you to come back."

In fact, at this time, everyone else was relieved, just now the scene of Gushiki winding up in bed had made everyone sweat, if a scene was made, a few of them would not be able to get away with it, but it looked okay, as if two people were muttering something in a small voice, but did not make any noise.

However, Shen Luyan suddenly felt a tinge of sour jealousy in her heart as she thought of the fact that the two were not even arguing in such a state now, which meant that Gushiki was really Ye Lu's girlfriend.

"Catching ghosts?"

Gushiki hadn't lived in the dorm room for the past few days, and she wasn't in the same department as the other girls, so she didn't know what was going on in the dorm room.

Ye Lu flew in and briefly whispered the situation.

Only then did Gu Shiqi nodded with a sudden understanding.

Following that, she suddenly drew her hand back and buried her head into the blanket in embarrassment, because she suddenly realized that she had been holding onto Ye Lu's hot thing since just now.

This was a bit embarrassing.

Hearing that the dorm checkers were far away, the girl across from Ye Luo and them looked up at the two of them and said with a smile.

"You two didn't take advantage of the opportunity to mess around, did you?"

This made Gushiki even more embarrassed, she grabbed the quilt and covered herself even tighter, she felt that this would not wash out for the rest of her life.

"I see, the two of them are probably making a baby soon."

“No put, I didn’t hear Shiki screaming!”

“You think she’s you, screaming every time.”

.....

Ye Lu finally saw, these girls dirty up really boys are afraid, so, Ye Lu quickly said.

“You haven’t been touched by a boy yet, scream a lot.”

Hearing Ye Luo’s words, a girl then asked curiously.

“How do you know we haven’t been touched by boys?”

For her part, Ye Lu skimmed her lips and said.

“I’m not talking about you, I’m talking about the three of them.”

As a result, the girl was not happy.

“Che! Who are you to say that about me, I’m a proper yellow girl”

For her part, Ye Lu quickly said.

“Of the four people in your dormitory, you’re the only one who doesn’t have ghost energy on you, I thought it was strange before, and once you guys said it just now, I understood that this ghost only absorbs the yin energy of women who haven’t been touched by men, so you’re fine.”

At this the woman froze for a moment then said.

“Ugh! There’s this operation, shit! Is it discriminating against us women?”

Leaffall then quickly said.

“Don’t even say anything, I guess that ghost is coming soon, let’s pray that she’s easier to deal with.”

And at this moment, Lin Qing was wandering outside the dormitory building where Ye Lu was.

“This should be the building, come out, Hang!”

With his words, a female ghost in a red dress appeared in front of him, this female ghost had a blue face, her eyes were covered with red blood, her tongue was sticking out long, while on her neck were hideous strangulation marks, she looked like a hanging ghost now.

“Hang, the target is this man, his name is Ye Lu, don’t get it wrong, go ahead.”

Lin Qing said as he opened his phone and showed the hanging ghost a picture of Ye Luo.

“There were also levels of innate beings like ghosts, ordinary ghosts were called “ghosts”, but don’t underestimate these ghosts, they were already at the same level as innate cultivators, primary ghosts corresponded to the “Placental Breath Realm”, intermediate ghosts to the “Pulse Raising Realm”, and advanced ghosts to the “Spiritual Harmony Realm”.

In the small tower Lin Qing was holding, there were even stronger “evil spirits”, so Lin Qing had no fear today.

Of course, even though the Lin family is an ancient martial arts family that specialises in “ghost breeding”, there are not many “evil spirits” in the family, so Lin Qing has not seen any real “evil spirits”. He did not dare to release the “evil spirits” easily.

Among the four ancient martial arts families in the capital, the Lin family was the most low-profile and mysterious, but most people didn’t dare to mess with them, because anyone who messed with them would somehow be possessed.

Hang took a look at the photo, then made an “OK” gesture with Lin Qing and walked towards the bedroom.

At this moment, Nie Yibiao and the others were all lying on their beds, sleeping heavily, unaware that the ghost had come.

However, the moment Hang walked into the bedroom, Jin Kun’s eyes suddenly opened because he could feel the ghost’s Yin energy.

As a result, Khang took the photo and compared it to each person’s face in front of them, then muttered in some confusion.

“Huh! This Leaffall isn’t there, where did he go?”

Just as she was muttering to herself, Nie Yibiao actually picked up a conversation, and he said in a dazed voice.

“Ye Luo ah, he went to the east campus to pick up girls, this bastard, went to the girls’ dormitory alone

Jin Kun then secretly said, this is going to be a problem.

Sure enough, that Hang heard Nie Yibiao’s words and walked out with the photo.

Jin Kun quickly took out his mobile phone to call Ye Lu.

However, on the other side, Ye Lu had already muted his phone and did not hear the call at all.

At this moment, all the people in the dormitory were holding their breath, as twelve o’clock was about to arrive and everyone somehow felt as if the air had turned gloomy and cold.

Gu Shiqi, on the other hand, said to Ye Lu in a very small voice.

“Ye Lu, is that thing of yours going to be hard all the time?”

Being asked by Gushiki, Ye Lu also felt a little embarrassed, but squeezing in a blanket with Gushiki like this, feeling her upturned buttocks and delicate skin, he couldn’t do it even if he wanted not to get hard.

Just as he was about to say something, he suddenly felt the temperature in the room suddenly drop several degrees, and Gushiki subconsciously shrank into Ye Lu’s arms.

Twelve o’clock midnight had arrived.

Chapter 202

Ye Lu was also ready to take out the arrow of the Sunset Arrow from the Burning Heaven Furnace at any time, which was his most powerful weapon against ghosts.

In order to refine the ghosts, of course, he had to kill them first. After the ghosts were killed, they would turn into pure "Ghost Qi", and the "Ghost Inferno" in Ye Lu's body could absorb this "Ghost Qi" to strengthen itself.

Of course, the "Ghost Qi" would disappear quickly, so it had to be absorbed in time.

Ye Luo hugged Gu Shiqi while staring closely at the door and window. Gu Shiqi had already turned around and hugged Ye Luo tightly in fear, not caring that Ye Luo was still hard down there.

Immediately afterwards, Ye Lu saw two hands grabbing the window sill outside, these two hands were dry and pale, without a trace of blood looked horrible.

After that, black hair was slowly revealed on the window sill, and a hideous-looking female ghost in white finally climbed up from the outside sill and then went straight through the window and into the room.

"Ghosts really are spooky creatures!"

Ye Luo couldn't help but feel a jolt in his heart even as he watched this scene, even though it wasn't the first time he had dealt with ghosts, he still couldn't help but feel a pang from his heart every time he saw one.

However, the others were completely silent, as if they had been cast in a fixation spell. Following this, Ye Lu felt some kind of power start to penetrate towards his body.

At the same time, he saw the hideous, dried-up female ghost open her mouth, as if she was exhaling something.

Ye Luo took a deep breath to calm himself down, and only then did he see that from the position between the legs of several girls weird threads flew out and into the mouth of this weird female ghost, including the same for Gu Shiqi, a thread-like thing flew into the female ghost's mouth from the back of her ass where her back was facing the female ghost.

"Damn you, die!"

Seeing this scene, Ye Lu couldn't care less, he took out the arrow of the Sunset Arrow from the "Burning Heaven Furnace" and poked it at the female ghost's head.

The moment the arrow appeared, the female ghost showed a frightened expression, but she was extremely fast.

She flew sideways and the sunset arrow slashed across her face, and a "hiss!" was heard from her face. A terrifying sound was heard on her face, and a black aura was emitted at the same time.

Ye Lu felt the "Ghostly Inferno" in his body begin to bulge.

He put down Gu Shiqi, jumped up and lunged at the ghost. Now it was “the brave man wins in a narrow battle”, Ye Lu did not know if he could handle this ghost, as he had no experience in dealing with ghosts, but he could not lose in terms of momentum.

However, after rushing up to him, Ye Lu found that the ghost was not as scary as he thought, and he actually poked a dagger into his opponent’s shoulder socket.

In an unused vacant lot not far from the East Campus, a Japanese man dressed in all white and wearing a tall hat was sitting cross-legged in an empty house in the middle of the vacant lot, and at this moment his eyes snapped open.

Not far from him, a tall, red-haired, two-horned, armour-clad demon stood silently.

“Someone actually hurt my ‘style ghost’, did they encounter a Chinese practitioner?”

“If a ghost does not appear, it cannot be seen by ordinary people, so it is very difficult for ordinary people to harm a ghost unless they use some magic weapons that can deal with ghosts or things that can dispel evil spirits.

Of course, as long as one’s cultivation level reaches “innate” and becomes an innate spirit, one can see and harm ghosts.

“This time, the plan must not be exposed, so let’s get that ghost back in a hurry.”

This Yin Yang master thought about it, then he took out a whistle-like object and put it in his mouth and blew it, but although he was blowing the whistle, no sound came out, and the scene was indeed a bit weird.

The ghost that was tangling with Ye Lu in the dormitory heard the whistle, and she quickly turned around and went out of the window, and Ye Lu also rushed over and opened the window and jumped down.

The female ghost was fast, but Ye Lu was not slow either, and he jumped down after her.

At the entrance of the East Campus, Lin Qing was driving his car with Hang towards this side, he had just asked Hang to force out the number of the dormitory where Ye Lu was, of the few people in the dormitory, Nie Yibiao, Jin Kun and Mu Zize were fine, they gritted their teeth and didn’t say anything, but An Le was too timid and had never seen a ghost before, so he immediately told the ghost about Ye Lu’s location.

“Ye Luo the bastard, I’ll make sure you’re finished this time.”

Lin Qing cursed Ye Luo through gritted teeth while driving, and then he saw a scene that surprised him.

It was because he saw a girl on the campus holding a very short dagger and chasing a female ghost in white.

The female ghost with long white hair and a hideous face didn’t look like an easy one to deal with either, but at the moment she was in a state of panic, and at the same time, he saw Hang beside him start to tremble.

“Shit! What’s all this?”

Lin Qing was also a bit baffled by the situation in front of him, he quickly then stopped the car and then looked in the direction of the girls’ dormitory building, following which he understood.

“Shit, this guy is Ye Lu!”

He had picked up the pretty girls in the nursing department, so he was familiar with the place, he found that the room with the open window was room 302, and Ye Lu happened to be a man dressed as a woman, it all matched up, so he got back in the car and chased after Ye Lu in the direction he had disappeared.

“Where’s this one going?”

Just outside the school gate, he spotted Ye Luo and the female ghost running towards a small alleyway, and he quickly grabbed his tower-shaped spell and got out of the car with Ah Hang to chase after them.

In the course of the chase, Ye Lu found that the other party wasn’t running around, but was fleeing in a certain direction with a purpose.

“Could it be that someone is controlling it?”

Following that, Ye Luo spotted Lin Qing who was chasing him behind him, because although Lin Qing was also a cultivator of the Innate Realm, he had little experience in actual combat and certainly no experience in tracking, which was easy to spot.

“And with a ghost!”

Ye Luo kept observing the situation behind him as he ran.

As a result, he found that the female ghost, Ah Hang, was not the most terrifying thing, but the most terrifying thing was the magic weapon that Lin Qing was holding, the name of which was “Soul Suppressing Tower”, and its rank was actually “Lower Heavenly Grade”, which was the highest ranked magic weapon he had ever encountered besides his own “Burning Heavenly Furnace” and “Sunset Arrow”.

“I guess this guy has taken out all their family’s hidden treasures.”

Ye Lu muttered in his heart, but at the same time, he was also very careful, because the battle with the Beast Alliance had taught him the truth that sometimes a cultivator’s bottom card was much more powerful than the cultivator himself, such as the Beast Alliance’s native spirit beasts, many of which were more powerful than the cultivator.

Soon, the ghost in white with long hair crossed a wall and reached a deserted clearing.

Ye Luo also jumped over the wall quickly, only to see that there were many dilapidated houses inside, while the ground was waist high with barren grass and shrubs everywhere, it looked like the place had been deserted for a long time.

“It’s better to hide first.”

Seeing the female ghost in white with long hair running into the house in the middle of the wasteland, Ye Lu decided not to blindly follow it, he put the arrow of the Sunset Arrow into the "Burning Heavenly Furnace" and quickly hid.

He had found out from reading the ghost's profile that it was a manipulated ghost, whose purpose was to collect the Yin energy of virgins to help an evil ghost called the "Wine Swallow Boy" to increase its cultivation.

From the current situation, this should be the place where the ghost called the "Wine Swallowing Boy" is located, if that thing is really an "evil ghost", it is not something that Ye Lu can mess with.

After that, Ye Lu saw that the female ghost, Ah Hang, had also entered the courtyard through the wall.

However, the female ghost in white with long hair had already disappeared into the houses in the middle of the clearing, so Hang looked to her left and right, obviously not relying on scent or anything like that to track her.

This relieved Ye Lu, at least she wouldn't be easily spotted by the other side.

Ah Hang thought about it and eventually didn't go after her, but waited for Lin Qing to jump in.

"Ah Hang, where is everyone?"

Lin Qing asked as he looked at the Hanged Ghost.

The Hanged Ghost shook his head and said.

"He was already gone when I came in, probably burrowed into those houses in the middle, it's a bit hard to find him."

Lin Qing, however, sneered and said.

"Don't worry, even if I dig the ground, I will find him, A Drowning, A Poison, A Jumping, A Crashing, A Cleaving you all come out."

Then, ghosts who drowned, ghosts who took poison, ghosts who jumped from buildings, ghosts who were hit by cars, ghosts who were struck by lightning all kinds of ghosts showed up.

"Go, go to the house and find him for me."

Lin Qing gave the order, and these ten or so weird looking guys flew towards those houses in the middle.

However, just at this time, a tall evil spirit with two horns slowly walked out from one of the houses.

Chapter 203

However, it was not the only one that appeared, there was a large group of other ghosts that appeared at the same time as it, all of these ghosts were clear female ghosts, many of them had a bloody patch on their chests, they should have been wounded in the chest, following that, Ye Luo saw the information related to this ghost.

“Name: Sake-tun Boy, Origin: Japan, Rank: First class evil ghost, Description: one of the hundred ghosts in Japan, the leader of the ghost clan during the Heian period, specializing in seducing virgins and feeding on their nipples, sucking their yin energy, a ferocious virgin killer”

Seeing that this guy was an “evil ghost”, Ye Lu understood that this was something that he could deal with.

The current level of his own against the “Vein Raising Realm” is barely enough, it is estimated that the “God Harmony Realm” can not even handle himself, this guy is a full realm higher than the “Innate Expert”, this is a bit of a pitfall.

“I’m glad I didn’t rush forward.”

Ye Lu let out a breath of relief, but that Lin Qing frowned.

He hadn’t expected to encounter so many ghosts here, and the one in the lead gave him the impression that it was quite a powerful fellow.

However, he had the “Soul Suppressing Tower” in his hand, so he was not worried.

“Ye Lu, I didn’t expect you to keep a back-up!”

Lin Qing said with a sneer, not realising that this was not something from China, but a ghost from Japan.

Following that, a man wearing a tall black hat and a long white shirt appeared.

Of course Ye Lu couldn’t let him go and quickly opened the information about this person.

It turned out that this guy was called Yasuhiko Abe, a yin and yang master from the Japanese Yin and Yang Rao, and his cultivation level was an innate practitioner of the “Harmonious God Realm”.

At the same time, Ye Lu began to look up information about Yin-Yang masters.

As a result, he found out that Japanese yin and yang masters are similar to Chinese Taoist priests or shamans, in that they know about astrology, face reading, drawing charms and reciting incantations, and using various magic weapons and spells, as well as being proficient in ghosts and monsters.

This Yin-Yang master, Yasuhiko Abe, spoke a Japanese word after he appeared.

Lin Qing didn’t know Japanese, so he didn’t know what he was saying, but Ye Lu’s glasses had an automatic translation function, so he knew that this Abe Yasuhiko was asking if the female ghost had just hurt Lin Qing.

The female ghost shook her head.

Immediately after that, Ye Luo saw that several spooky figures had also appeared behind and around Lin Qing, and it looked like Abe Yasuhiko was not going to let Lin Qing leave.

“Hey, who are you? What the hell are you doing dressed like an opera singer?”

When he saw this guy in a tall hat appear, Lin Qing probably understood that he was mistaken, but he didn’t take him seriously because he had the “Soul Subduing Tower” in his hand.

Abe Yasuhiko looked at Lin Qing and smiled, then said in pure Mandarin.

“You must be a practitioner, but since you’ve seen the Swallow of Wine, there’s nothing you can do but die here.”

He said it plainly, as if he was talking about a very uncommon thing.

Lin Qing, on the other hand, blew up as he looked at Yasuhiko Abe and said.

“F*ck, who the f*ck are you, talking out of your ass, out of the New East? Do you think wearing a high hat is something, you want me to die, I want to see who dies.”

However, just at that moment, that Drinking Tuna made the first move.

It took out a red gourd from its waist.

“Boom!”

He reached out and pulled off the stopper on the mouth of the gourd, and followed it by raising this gourd.

“Brush!”

The female ghost, Ah Hang, took the brunt of it and was directly taken in by this gourd-shaped magic weapon.

“Shit!”

The “Soul Suppressing Tower” in his hand could indeed put away ghosts, but he could not do so with his current cultivation level.

Then, “Brush!” , “Brush!” , “Brush!” The first thing you need to do is to get rid of the ghosts., one by one, all the ghosts, such as Ah Yan, Ah Poison, Ah Jump and so on, were taken in by the gourd.

“F*ck, my ghost, come back, grandpa will have to scold me to death.”

Seeing this scene, Lin Qing cried out in heartache.

Luckily, although that gourd was terrifying, it had a limited radius to attack, and all the ghosts immediately ran back, while Lin Qing’s expression turned a lot more gloomy.

These were all intermediate level ghosts, which corresponded to humans at the “Pulse Raising Realm”, but they were all easily sucked away by the other party, which made him feel a bit more stressed than ever.

Both sides wanted to kill him, and he couldn’t afford to mess with either side, so he hoped that they would fight so that he could escape.

And, of course, things were going the way he wanted them to.

“The one with the tall hat, you really don’t want to let me go?”

He looked at Yasuhiko Abe and said with a frown.

For his part, Yasuhiko Abe said blandly.

“Of course, if you regret it, just regret that you shouldn’t step into this courtyard. Don’t worry, not only you, but the whole Yanjing City, including the whole China, will follow in your footsteps, so go in peace.”

With those words, he waved his hand.

That Wine Swallow Boy led countless little kids towards Lin Qing.

“Shit! You think I’m afraid of you!”

He bit his middle finger and smeared blood on the Soul Subduing Tower, then quickly raised it up.

These ghosts were obviously much more powerful than the ones that Hang and the others had just seen, and were already advanced ghosts.

As expected, after these guys appeared, Yin Yang Master Abe Yasuhiko also frowned slightly, but Saketon Boy and the others didn’t stop and still walked towards Lin Qing’s location.

“Holy f*ck! Looks like we’ll just have to let the ‘evil spirits’ out.”

Seeing this situation, Lin Qing frowned tightly, then gritted his teeth and began to mumble something under his breath not knowing what he was saying, and soon terrifying fluctuations began to appear.

This wave was no weaker than that of the boy who had swallowed the wine, and it looked like Lin Qing had also unleashed an “evil spirit”.

Sure enough, a somewhat exaggeratedly shaped ghost slowly appeared in front of Lin Qing, this creature was huge and over three metres tall, carrying a huge wolf tooth stick like weapon on its shoulder.

“Hehehe! I can’t believe it was a little doll that summoned me out, it’s a bit interesting!”

This fellow said while giving a cold glance towards Lin Qing.

Being seen by this fellow, Lin Qing instantly felt a little creeped out, as if he would be crushed to death by the other party at any moment, and he could also feel the other party’s deep hostility.

However, this evil spirit carrying a wolf tooth stick didn’t really make a move.

He looked at Lin Qing and said.

“It looks like you junior still doesn’t know, although you were able to release me, you don’t have the chance to take me back, but thanks for giving me my freedom, don’t worry, I won’t kill you because I can’t handle your Lin family, I’ll hold this guy off for you, you hurry up and leave.”

With those words, this guy then swung the wolf tooth stick in his hand and charged towards the drunken boy.

“Shit! You still have some conscience.”

Lin Qing looked at this fellow and muttered, then shouted with the guys around him.

“You guys, follow me and charge out.”

“Boom!”

The evil ghost carrying the wolf tooth stick was already fighting with the drunken boy, while Yasuhiko Abe frowned at the scene, honestly, he hadn't expected the other party to release a ghost of the evil ghost class at all.

It looked like this ghost was not much weaker than the Sake Swallow Boy at the moment, and although the Sake Swallow Boy had been growing, this growth took time, and Abe Yasuhiko was actually just waiting for the Sake Swallow Boy to really grow up.

“It's not that easy to leave.”

Abe Yasuhiko looked at Lin Qing who was fleeing and said coldly.

Following that, he led his men to block Lin Qing's path, although he was not as powerful as the Wine Swallow Boy, it was not too difficult to deal with Lin Qing and those ghosts of his.

“Go!”

After stopping Lin Qing, he “brushed!” He opened the fan in his hand, and countless blue flying swords began to fly out of it.

“Snort!”

“Snort!”

“Snort!”

.....

One by one, the brats around Lin Qing were chopped into black smoke.

“Holy f*ck! Then another one!”

Lin Qing was also driven to desperation, and this time he bit through his left middle finger to release another “evil ghost”.

It was a female ghost in red, her face was white, her long hair was flying like an upside down waterfall, and on her hands were sharp claws over a foot long.

Seeing that another “evil spirit” had appeared, Yasuhiko Abe understood that he could not stop Lin Qing this time.

Lin Qing took the opportunity to jump out of the high wall and ran far away.

However, before he could take a few steps, a figure dashed past him, snatched the “Soul Suppressing Tower” from his hand and disappeared in a flash.

Chapter 204

This man was, of course, Ye Lu.

He had been thinking about how to escape since the beginning. In fact, when the two “evil spirits” started to fight, he had already moved slowly, but he did not expect that another “evil spirit” level ghost could be released from Lin Qing’s tower, and when that ghost appeared, Ye Lu had already quietly tumbled out from the far wall.

After he got out, he slipped silently to this side and lurked here, aiming at the “Soul Suppressing Tower” that Lin Qing was holding.

In Ye Lu’s opinion, this was a good thing!

“Woori, this is in trouble now!”

This is the most important treasure of the family, how can he explain if he loses it?

“Wasn’t that Ye Luo just now?”

He muttered as he looked at the direction where Ye Lu had disappeared, he felt that most of it should be Ye Lu’s doing, although he didn’t have any basis, but, it was just as bad if it was Ye Lu’s doing, how could Ye Lu give it to him easily.

“This time, I’ve really lifted a stone to smash my own feet, Lin Danni you bitch, you’ve got me killed.”

Instead of self-criticism, this bastard blamed Lin Danni.

He quickly picked up the precious “Soul Suppressing Tower” in his hand, but he discovered, to his dismay, that “Heavenly Grade” magic weapons could already be claimed by bloodline, so he could not use the “Soul Suppressing Tower” without the Lin family’s bloodline.

“Shit! This is too dumb!”

Ye Lu looked at the “Soul Suppressing Tower” and muttered in a depressed manner, however, on second thought, if this thing was in the hands of the other party, such as Lin Qing, he might have to fight against the “evil spirits” carrying the wolf tooth stick.

When he understood this, he felt much more relaxed.

Then he realised he hadn’t brought his mobile phone with him in his haste, and he wasn’t wearing any clothes either, he was currently in his classic three-pointed style and barefoot.

He didn’t know that a man was filming him nearby and putting it on the internet with the headline “Super beautiful siren near medical university”.

Ye Lu put this “Soul Tower” into the “Burning Heaven Furnace”, then thought about it and used his glasses to call Gu Shiqi.

“Ye Lu, are you alright.”

Gu Shiqi asked anxiously on the other side of the phone.

Ye Luo smiled and said.

“It’s fine, but, unfortunately, that ghost hasn’t been solved either, so you shouldn’t stay in the dormitory for the next few days

Ye Luo felt that the Japanese Yin-Yang master wearing a high hat was definitely not that easy to solve, so there should be quite a bit of trouble to follow.

However, just at this time, Gushiki suddenly said on the other side of the phone.

“Ye Ye Lu, it’s not good, Shen Lu Yan and the girls are all standing up, just like zombies heading out, it looks so scary”

Hearing Gu Shiqi’s words, Ye Lu thought for a moment and said.

“Good, don’t stop them, put on your clothes and bring the love snake to follow them”

Gu Shiqi obediently followed with the love snake, while following, she was reporting the location to Ye Lu.

In fact, Ye Lu knew that such a thing would happen sooner or later, because the poison in several people’s bodies is a toxin that can manipulate the mind, the reason why Ye Lu did not help several girls pull out the poison is because he wanted to see what kind of person was up to, this kind of toxin, once he made a move to pull out the toxin the other party would inevitably know, then it would have alerted the snake.

However, Ye Lu did not expect the other party to do it so quickly.

Only two of the four girls were wearing pajamas, and the other two were wearing only a pair of underwear, so they were walking around the campus like ghosts, and Gushiki also felt inexplicably a little creeped out.

“What if the doorman sees it later?”

She muttered in some disbelief, but, following that, she noticed that the doorman was asleep as was the hostess aunt, so it looked like the other party was prepared for this.

For his part, Ye Lu followed the route that Gu Shiqi had mentioned and watched from afar.

Following that, he then saw a person in the small park.

This person he also knew, it was the same guy who had once treated Shen Luoyan on the train before.

“So it was him.”

Ye Luo muttered with some sudden realization.

Then, he noticed that there was another person sitting on a bench on the other side of the park in a very depressed manner, looking as if he was worse off than dead.

It was Lin Qing.

Letting two “evil spirits” go was already a big crime, and losing the “Soul Suppressing Tower” was a crime he could no longer afford, even if he was the closest direct descendant, he could hardly be absolved.

If he was willing to talk to the family about this matter, it would certainly be easy for the family to deal with Ye Lu, but he wouldn't dare to mention it to anyone, and if anyone knew about it, he would be dead.

That was why he was so chagrined at the moment.

On the other side, Gao Bing was laughing and looking at Shen Luyan and the others who were walking over, and when a few people came cutting close, he snapped his fingers and said with a smile.

"Shen Luyan, it's been a long time, the milk you ordered is still good lately, right?"

Shen Luyan and the few of them had a habit of drinking milk collectively before going to bed, it turned out that this Gao Bing was the one who did the trick on this matter, following which he continued.

"This is Miaojiang's famous 'love compulsion', although it is not the top of the line, but it really does not seem to be a name in vain!"

Hearing Gao Bing say the word "Miaojiang", Ye Lu then suddenly realized.

"No wonder I feel some familiarity with this poison, it turns out to be the toxin of Old Lady Compulsion's lineage.

Ye Luo looked at this scene and muttered secretly.

Shen Luyan had regained her ability to speak as she looked at Gao Bing and said.

"The person you want is me, can you release all my sisters, they are innocent."

Ye Luo did not expect this girl to be the first to think of her sisters in the dormitory, which was quite rare, however, Gao Bing would obviously not listen to her.

Gao Bing looked at the four girls and said with a smile.

"For things like women, I'm a person who never has too many, and your roommates are all quite good looking, so it's not bad to have a little fun."

As he said that, he looked at the important parts of several girls with lustful eyes, then turned his head to look at Shen Luyan again and said.

"How can I say that my Gao family is also the number one in the capital's herbal medicine business, you bitch from the countryside actually refused me several times, what a shame to give! Take off your clothes for me."

Controlled by the love compulsion, Shen Luyan had no ability to resist, so she had to do as she was told.

However, at this moment, Gao Bing suddenly jumped up with a scream, followed by turning around and running with a frenzied face without looking back.

The two-headed love snake had just bitten Lin Qing and Gao Bing, and the reason why Gao Bing ran wildly was to find Lin Qing, as the love poison of the two-headed love snake was gender-neutral.

At this time, Shen Luoyan had already taken off her pyjamas and thrown them on the floor, revealing her beautiful body.

Then, she felt a pill being pushed into her mouth.

“Luyan, take it and let’s go.”

Gu Shiqi draped her clothes over Shen Luoyan’s body, and then fed the other sisters with a “poison antidote” as well.

At this moment, Ye Lu was sitting in a corner of the park, watching the show while silently exercising his kung fu, because he had also been bitten by one head of the “two-headed love snake”, so when the other head of the snake bit someone else, he would also be unable to control himself.

Luckily, he was a bit further away from Lin Qing, and Gao Bing had already hugged and nibbled Lin Qing.

“Gushiki you are actually enmity, you wait for me.”

Ye Lu sat there and muttered in depression while operating his glasses.

He had just asked Gushiki to cure the snake poison on him, but it turned out that Gushiki said that Ye Lu had stolen into her nest and wanted to punish him so she didn’t care about him at all.

At this time, the windows of the surrounding houses began to light up one after another.

The park was actually very small, and most of the people around were student couples who were out to rent, so Ye Lu had just sent messages to all these people through his glasses, asking everyone to come and watch the fun.

At the same time, he also hacked into the major live streaming platforms through the glasses and started to live stream to Gao Bing and Lin Qing in HD.

“These glasses are really powerful!”

Ye Lu found that the “auxiliary ability” of these glasses was simply awesome.

However, what he didn’t know was that at this moment, in a corner of the capital, a Miaojiang woman suddenly opened her eyes.

“My love compulsion has actually been broken.”

She said with some surprise.

Chapter 205

This Miaojiang woman was one of the two disciples that the old woman had brought along before. At this moment, in front of her, smoke was lingering on the ‘Divine Wood Cauldron’, and it was obvious that she was using the Divine Wood Cauldron to cultivate some kind of compulsion technique.

“Is it possible that my stealing of the ‘Divine Wood Cauldron’ has been exposed?”

She muttered darkly.

“I don’t think so, everyone else died that day except for that naked man, so I guess this guy Gao Bing has provoked some expert from the capital.”

For this woman, she was not worried about the experts in the capital, what she was most worried about was the side of the compulsion tribe, she was also a member of the compulsion tribe, so she was very impressed with the cruelty of the tribe.

“Let’s wait until tomorrow to ask Gao Bing, if it’s not possible, we’ll discard this pawn.”

After saying that, she went into cultivation again.

“Why is this guy Gao Bing so bad?”

The few girls who had regained control of their bodies started talking while following Gouxie in the direction of the school, and at the same time asked about the ghost.

According to Ye Lu’s instructions, Gushiki had to tell them that the ghost had been disposed of by Ye Lu.

However, Ye Lu felt that Yasuhiko Abe might not send the ghost to Shen Lu Yan’s dormitory anymore, but he should also send those female ghosts to other places to collect virgin yin energy to feed the “Sake-tun child”.

“This bastard said something about even the capital being finished, so I guess there’s some big conspiracy.”

Ye Lu rubbed his chin and began to think.

However, at the moment, this matter was not something he could handle, not to mention the terrifying “Wine Swallow Boy”, even Abe Yasuhiko and those more powerful female ghosts were not something he could deal with.

“Let’s hope this Jap is bluffing.”

Ye Lu muttered darkly.

And the place where Lin Qing and Gao Bing were getting it on had started to turn lively, because of the live broadcast, many people had identified their location to watch the live broadcast.

Seeing that they were almost done screwing, Ye Lu found a homeless man who was sleeping on a recliner, he gave this homeless man the few hundred yuan he had just asked for from Gu Shiqi and asked him to send a message to Gao Bing and Lin Qing.

“Sorry, you two, someone just asked me to give you a message, he said that if you two dare to go against him again, he will cut you so that you can’t even get laid.”

After saying that, Wander turned and left, leaving behind Lin Qing and Gao Bing who were looking at each other with blank faces.

“It seems like ki feels good too.”

Lin Qing said as he hugged Gao Bing.

Gao Bing subconsciously nodded his head.

Ye Lu walked back to the school, Gu Shiqi gave his phone back to him, he then saw the missed calls from Jin Kun and the others, he thought about it and gave the call back to Nie Yibiao.

“Ye Luo, are you alright, there’s a female ghost looking for you, An Le was scared so he told it about your whereabouts, he’s afraid you’ll beat him up.”

Ye Luo said with a smile.

“Don’t worry, that female ghost is finished, you tell An Le not to take this matter to heart, in fact it’s me who dragged you guys into this, sleep well, I won’t go back tonight.”

After saying that, Ye Lu hung up the phone.

He had already sent him a message yesterday that the third and fourth fights would be held back-to-back, with the “Transformation” fight tomorrow and the first “Placenta Realm” fight the day after tomorrow, and the battle at the top of the Purple Gold was about to begin.

So, he first found some shops, changed his clothes and took the tools he needed, and then walked to the back of the mountain.

There were two things he had to do, the first was to use the “lower-grade spirit stones” to raise his cultivation level, and the other was to start modifying that magic weapon, the “Trace of Silence”, so that if he raised it to “middle-grade Xuan”, he would undoubtedly have more leverage.

The next night, Ye Lu arrived at the “Yellow Spring Venue” as scheduled, the venue for the battle between the strongest of the Realm of Transformation.

“Ye Lu, this is the promised magic weapon, ask your friend to take care of it.”

Black Hades smiled and handed over a compass-like object, Ye Lu of course smiled and accepted it, following which, Black Hades said with a somewhat serious expression.

“Ye Lu, don’t be polite for the first ten matches today, kill all your opponents.”

Hearing Black Meditation’s words, Ye Lu then froze for a moment, while Black Meditation explained.

“The opponents in front of you this time are all from the ‘Society of the Extreme Way’ from the island, which is also one of the seven major organisations, and the ones who are going to come out today are all the ‘dead soldiers’ they have trained, these ‘dead soldiers’ only challenge our Chinese people in boxing matches and never leave them alive, and I have not seen them in a bad light for a day or two.”

As Black Meditation spoke, Ye Lu looked across the street, and sure enough, there was a large group of men in black across the street, all of these men had their heads wrapped in black turbans, while in their waists were long Japanese swords, typical of the attire of a Japanese ninja.

Seeing this scene Ye Luo then nodded his head.

After the MC made the announcement, Ye Lu was the first to walk up to the centre of the ring, which was no longer a cage, but a stage ringed with some kind of special transparent glass, as the venue was so big that the cage would not be able to see the fight.

Seeing Ye Lu appear everyone shouted out.

“Blood Shadow!”

“Blood Shadow!”

“Blood Shadow!”

.....

Following that, four ninjas came from the opposite side.

At this point, the audience began to shout at the top of their lungs.

“Kill them, kill these devils.”

“Avenge our dead brothers and sisters!”

“Bloodshot kill them!”

.....

The background music also changed at the same time to the rousing “Jing Zhong Hui Guo”, and Ye Lu also felt his blood boiling up.

The four Japanese ninjas did not say anything, and the four of them tacitly threw out various concealed weapons from their hands, all of them were dark green and emitted a white shimmering light, which were obviously poisoned and infused with external true qi.

It seemed that Black Hei was right, these guys never wanted to give the other side a chance to admit defeat and stay alive in the first place.

“Alright, in that case, you all go to hell.”

Ye Lu muttered in his heart.

He had learnt about the use, dodging and handling of concealed weapons with Dokko Ao, so he didn't even put these concealed weapons in his eyes.

“Brush!”

Ye Luo ignored these concealed weapons and instead charged straight towards a dead soldier, while those concealed weapons that were shot at Ye Luo were all casually knocked away by his light hand.

Although Ye Luo did not have any external true qi, he could infuse his aura into his clothes, just like the “Iron Cloth Shirt” written in martial arts novels, after infusing his aura, his clothes became as hard as iron, so he was not afraid of these concealed weapons, after all, these concealed weapons were only issued by the “Transformation Power”.

“Boom!”

Ye Luo punched this guy in the chest.

Since the opponent had no intention of leaving him alive, Ye Luo had no need to be polite, and this punch sent him flying far away and hit the transparent glass cover.

Blood instantly stained a large portion of the glass cover with a sweet red color.

“Good! Go Bloodshot!”

“Go for it, Bloodshot!”

“Bloodshot, I love you!”

.....

When they saw Ye Lu resist the opponent’s concealed weapon, and then knocked him out straight away, the crowd started to shout.

It looked like these so-called “dead soldiers” had really killed a lot of fighters, otherwise everyone wouldn’t have been so excited.

After that, the three ninjas looked at each other and then drew their katanas at the same time and charged at Ye Lu.

“Boom!”

“Boom!”

“Boom!”

.....

Three punches, three simple punches, and all three guys flew out, splattering blood on the spot, these three strikes were clean and unadulterated.

“It looks like tomorrow’s boxing match shouldn’t be a problem either.”

Seeing this scene, Black Hei also let out a long breath, these twenty wins today should be secure, so that Ye Lu would have already won a crazy sixty straight, I’m afraid the whole underground world would be shaken.

Then, Ye Luo saw a familiar person appear from the waiting area of the island, it was the Japanese Yin Yang master Yasuhiko Abe whom he saw in the clearing yesterday, however, at this moment, Yasuhiko Abe was not wearing the clothes of a Yin Yang master, instead, he was wearing a suit and tie looking just like the one who bought insurance.

“So he’s from the ‘Society of the Extreme Way’.”

When he saw Abe Yasuhiko appear, Ye Lu’s brow furrowed slightly, if Abe Yasuhiko was alone, it would be fine, but if he belonged to the “Society of the Extreme Way”, then it would be very difficult to deal with him, because each of the seven major organizations in the underground world were huge, not something that could be compared to the family gangs in the capital.

By this time, the host had shouted again.

“Next match is one on six, Bloodshot will have exclusive access to six of the top ninjas of the ‘Society of the Extreme Way’, so buy to leave!”

Chapter 206

Hearing the host's words, Yasuhiko Abe waved his hand and called the two ninjas to his side, then handed them two box-like objects.

Ye Lu quickly turned on the query function of his glasses and found out that it was something called a "ghost niche", which could store ghosts.

Yasuhiko Abe looked at the two ninjas and said.

"You can carry it when you identify it later. This is a primary ghost, so you can try that guy's strength and not let the Chinese become 'Shura'."

Since there was no requirement for practitioners to participate in the underground boxing tournament, ghost cultivators who practiced the "Ghost Raising Technique", cultivators who practiced spirit pets, and cultivators who practiced summoning techniques could all participate, but the requirement was that the items carried had to be contracted to them or linked to their bloodline, this was to avoid cheating.

For the seven major organisations, although the Earth rank martial arts techniques were important, what was more important was honour, especially as the Yakuza Society and the Shadow of Death in China had always been enemies.

The two ninjas took the "Ghost Niche", and then six of them came towards the ring where Ye Lu was.

However, when he saw this scene, Ye Lu smiled.

Because to be honest, he was short of "Ghost Qi" to feed his "Ghostly Inferno", and the other party had sent two "Style Ghosts".

However, the audience didn't know these things, they were still cheering for Ye Lu.

"Let's begin!"

As the host's words fell, the six ninjas attacked quickly, but this time, their attacks were mainly on the two ghosts, as they were much stronger than them.

After the two "style ghosts" were released, Ye Lu saw their appearance clearly.

The other one was a five or six year old child holding a sharp knife stained red with blood. This fellow just appeared with an evil smile that was a little creepy.

These two ghosts were not good people at first glance.

Ye Lu quickly looked at the information about the two ghosts, the old one was called "Human Head Yayan" and the child was called "Blood Blade Kid", both of them were at the peak cultivation level of primary ghosts, that is, the strongest existence among primary ghosts, corresponding to the peak cultivator of the human's "Fetal Breath Realm".

Therefore, Ye Lu's expression also turned grave.

This was actually the same as starting tomorrow's battle in advance. Moreover, according to this, I was afraid that during the battle between himself and the "Pulse Raising Realm", the "Extreme Daoist Association" would send a ghost from the "Harmonious God Realm".

"Looks like it's going to be a bad battle."

However, Ye Lu did not take out the arrow of the Sunset Arrow, it was not necessary to deal with such level of ghosts, but, in order to make the battle better tomorrow, Ye Lu took out his glove "Silent Scar", in fact, he should be able to deal with these two ghosts without the glove, however, revealing too much strength would undoubtedly attract more powerful enemies, so Ye Lu thought that he might as well show his weakness first and wait for the best time to explode.

As expected, when he saw Ye Lu take out his magic weapon, Abe Yasuhiko's expression relaxed a little. With his "Ming Jin" cultivation, Ye Lu's powerful crushing all the way had made everyone a little confused about Ye Lu's depth.

Now there was a nickname for Ye Lu called "One Fist Blood Shadow", which meant that no matter who his opponent was, "Blood Shadow" could solve it with a single punch.

Today, we finally saw Ye Lu take out his magic weapon, which was undoubtedly a great improvement.

"It looks like the limit of 'Blood Shadow' is the 'Placental Breath Realm'."

Seeing this scene, Black Meditation couldn't help but mutter.

This was beyond his expectations, knowing that Ye Lu's official realm, the realm he was rated at in the Underworld, was only "Ming Jin Power", which was three small realms and one big realm away from the "Placental Breath Realm", and the difference between these realms was a world of difference.

"This one can definitely become a second 'Shura' in time."

Black Hades looked at Ye Luo and nodded in satisfaction.

He also didn't expect that this chance by chance had brought him such a big surprise, looking at the situation, he would definitely be commended this time, and he felt that someone from the headquarters would soon come to pull Bloodshot into the fold.

Also watching this scene with bated breath were the spectators.

It was the first time they had seen Bloodshot use a weapon, and it was actually a pair of gloves, which was very much in keeping with Bloodshot's penchant for using his fists.

However, what puzzled many people was that there were only two more opponents than last time, so why did Ye Lu use a weapon?

"How dare you use a ghost, that's really despicable."

At this time, someone in the audience couldn't help but shout out.

Of course, these people were also attracted by the name "Blood Shadow", otherwise they wouldn't bother to watch the lower ranked matches.

“A ghost? Where is it?”

“Is there really a ghost, is it trying to harm the ‘Blood Shadow’ warrior?”

“Why can’t I see anything, where is the ghost?”

Hearing that there were ghosts, the audience were all talking about it.

And Ye Luo had already put on his gloves.

The gloves had already been partially repaired by Ye Lu, and although they were not yet “middle grade”, they were almost ready.

Ye Lu had only used the gloves once before, when he had used Long Fei Xue’s pair of “Ice and Fire Gloves”, and on that occasion he had only used aura and not flame.

This flame was guarded by so many terrifying “ghost bats”, so there must be something extraordinary about it. Since Ye Lu had obtained the seeds of the “Ghost Inferno”, he had not used it for anything other than refining the “Heaven Transformation Pill”.

“Ghostly Inferno, let’s let you have a taste of meat today.”

Ye Luo muttered secretly, then clenched his fist and ran the “Ghostly Underworld Inferno” into his hand, ready to release the flame for an attack.

“Brush!”

The first one to attack was the kid with a sharp knife, he smiled shamefully and then dashed in front of Ye Lu, the sharp knife stabbed Ye Lu’s throat without hesitation.

“Boom!”

However, what awaited him was a punch from Ye Luo that emanated blue flames.

“Ooh!”

“Blue fire!”

“It’s beautiful!”

.....

The audience was immediately attracted by the flame released by Ye Lu, after all, this was only the “Huang Quan venue” for “Hua Jin”, even if someone used flame, they could only release a very small flame attached to their fist, and the flame released by relying on true qi to push the magic weapon was real fire, the same as the external release of true qi, the real fire only had one colour which was slightly whiter than the normal flame.

This time, however, Ye Luo released a brilliant blue flame, and the flame tumbled endlessly, it was called a beautiful one, no wonder many people were fascinated by this flame, especially the women.

“Boom!”

The fist with the blue flames instantly blasted the brat’s chest.

To Ye Lu's surprise, this punch actually made the "Blood Sword Kid" appear as a prototype, and everyone saw his hideous appearance before the "Blood Sword Kid" turned into a black "Ghost Qi".

"Brush!"

The Ghostly Inferno hungrily absorbed all the "ghost energy".

The audience was stunned by the appearance of the "Blood Sword Kid".

"Holy shit! There's really a ghost!"

"What the hell was that? It scared the bird out of me."

"Is it possible to use ghosts in a race?"

.....

While the crowd was talking, Abe Yasuhiko's brow furrowed, because he had just thought that Ye Lu was going to put on a weapon and fight to the death, but he didn't expect him to settle the fight with a single punch the next second.

He was also surprised when the cup he was holding fell to the ground with a clang! He had not expected Ye Lu to kill his opponent so easily, for his opponent was a ghost!

"One Fist Blood Shadow!"

I don't know who shouted, but everyone else followed suit.

"One Fist Blood Shadow!"

"One Fist Blood Shadow!"

.....

The neat and unified slogans drowned out everything.

Ye Lu looked at his fist, then said with a somewhat helpless sigh.

"Looks like it's messed up again!"

Chapter 207

Ye Lu originally wanted to hide his strength for a bit, but it turned out to be a bit of a pitfall as he finished with another punch.

"Sh*t! Damn you, since it's already like this, there's still no point in hiding it!"

Ye Lu looked at his flaming fist and thought better of it, so he looked at the old ghost "Human Head Yayan" across from him and smiled.

"Old man, come on!"

"He raised his hand and threw the head in his hand towards Ye Lu, and then moved in with the six masked dead soldiers, obviously understanding that he had no chance of winning.

The six deadly soldiers also used all their strength, all kinds of concealed weapons flying in the sky, and the six snowy katanas all lit up with a white light, these guys were obviously determined to play with Ye Lu's life.

"Die!"

Ye Lu raised his hand and blew up the head of the "Human Head Yayan" before dashing up to him. He first blasted the "Human Head Yayan" to death and absorbed it.

The remaining six dead soldiers were much easier to deal with, one punch at a time.

Abe Yasuhiko frowned at the six dead soldiers who had fallen to the ground, these dead soldiers were not easy to train, ten of them died at once, which already gave him a headache, and what made him frown more was the way Ye Lu killed them with one punch, he felt that "ghosts" seemed to have no advantage over Ye Lu.

"Yes!"

These Japanese dead soldiers were carefully trained to be super strong fighters, so they had already killed a lot of people in the "Yellow Springs venue", and this time they finally got their comeuppance.

The crowd roared with approval.

Next to Yasuhiko Abe, a woman with her face half covered frowned at all this, because it was their "Bloodthirsty Rose" who was going to take the stage next.

"Since there is no limit, you ten of you can go together later."

As the head of the Bloodthirsty Rose, Meng Lou Lan of course wanted to protect the members of her organisation to the greatest extent possible, even though they were not official members.

"The Bloodthirsty Rose was one of the special organisations among the seven major organisations, as there was no restriction on nationality, but there was a restriction on gender, both official members and contracted members had to be female.

So, soon, Ye Lu was surrounded by ten women.

"You guys admit defeat, I don't fight women."

Ye Luo looked at the ten women surrounding him and said.

As a result, one of the women looked at Ye Luo with clenched teeth and said.

"We can't just concede defeat, the sisters have to try it out anyways, so let us learn the power of 'One Fist Blood Shadow'."

With those words, she raised the scimitar in her hand.

The other nine women also raised the weapons in their hands at the same time.

The scene became tense all of a sudden.

The audience also held their breath as they watched the field, everyone wondering how Bloodshot would handle it.

“Go!”

As the woman with the scimitar shouted, the ten women charged up in unison wielding the weapons in their hands, however, Ye Lu did not confront them head on, his figure kept changing like a swimming fish, no matter how the ten attacked, they could not touch him at all, following which, he drilled out of the circle.

“Blood Shadow, what do you mean by not fighting back?”

The scimitar woman looked at Ye Luo and questioned.

However, Ye Luo did not answer her, but stretched out his hand.

“Snap, snap, snap!”

All sorts of buttons fell from his hand onto the stage, and following that, the women realised that the buttons on their blouses had all been taken away by Ye Luo at some point, revealing their spring glory.

“Ah!”

“Waaaah!”

“Rascal!”

.....

Only then did the crowd of women start covering up with different expressions, and the whole room fell silent while Ye Luo smiled and said.

“Well? Admit defeat, or I’ll have to take off your trousers!”

However, before the Machete woman could reply, suddenly a big old man in the audience roared out loud.

“You can’t admit defeat, let him take off!”

Hearing this voice from him, the people around them all burst into laughter.

The Machete woman, on the other hand, covered her chest with one hand and bent down to give a salute, saying.

“Thank you Blood Shadow for not killing me, I concede defeat!”

“I also concede defeat!”

“Admit defeat!”

.....

All of them conceded defeat then slowly left the field, by now, Ye Lu had won sixty consecutive victories, this achievement was already quite bullish.

“Blood Shadow!”

“Blood Shadow!”

“Blood Shadow!”

.....

The audience shouted wildly again, killing ten people and releasing ten others, Blood Shadow had not only shown off his strong combat power but also his chest, which of course had once again garnered countless fans, especially those female viewers, who had gone nearly crazy.

“Oh, not bad, not bad, I’m going to become your fan.”

When he saw Ye Luo return, Black Meditation clapped his hands and said with a smile.

Ye Luo then looked at him and asked.

“What’s the arrangement for tomorrow’s boxing match?”

Tomorrow was the battle for the “Tirth Realm” at the “Forgotten River” venue, and since the fifth strand of spiritual energy in his body had not been formed, Ye Lu felt that he would not be able to win so easily this time.

However, although his cultivation level had not broken through and he still only had one martial art, he already had a rather powerful magic weapon, which made up for his shortcomings, so Ye Lu felt that it would not be too difficult.

Hei Hei said with a smile.

“You’ve fought six of the seven organizations, and the remaining ‘Underworld Judgement’ is not involved in underground fights, and you’ve already fought all twenty matches with the ‘Hell’s Gate’, so there’s no chance to fight them again. So the remaining forty fights will be ten against each of the remaining four organisations.”

“Since I don’t know your true strength, I’ve only arranged one match tomorrow against a full member of the ‘Gothic Bloods’, but I don’t know who they’ll send, and it won’t be an easy fight anyway.”

At the moment, in one of the underground branches of the Gothic Bloods, a very pretty girl was pestering her hall master, the Fire Rose.

“Auntie Rose, let me go, I want to fight Bloodshot so badly, let me go, let me go”

Fire Rose said as she looked into the girl’s turquoise blue eyes.

“No, your bloodline is quite pure and important to our ‘Blood Clan’, it’s too dangerous for you to go, that Blood Shadow is too scary.”

However, the girl was not moved at all and still wanted to go to the competition, seeing that Fire Rose was really insistent, she thought about it and said.

“I’ll bring my ‘holy weapon’ with me this time, so I can at least have time to admit defeat if I can’t beat you, so you can rest assured.”

“The Blood Clan was an extremely ancient race and had inherited the Thirteen Sacred Weapons, each of which was incredibly powerful, and this blue-eyed girl possessed one of them, the Mirage Mirror.

Hearing the girl’s words, Fire Rose thought for a moment and then said.

“Okay, but Jessica, you are one of the ‘Holy Maidens’ of the Blood Clan, so if you are in danger, you must admit defeat, understand?”

Jessica said with a tongue out and a smile.

“Don’t worry Auntie Rose, I’m not a fool.”

Seeing Jessica’s appearance, Fire Rose shook her head with a bitter smile, she really couldn’t be cruel to this child.

Ye Lu did not know that the Gothic Bloods had already chosen their candidate for the show. After he left the Yellow Springs venue, he couldn’t wait to run towards the back of the school because he wanted to try out how much the “Ghostly Underworld Flame” had grown.

“Hey, hey! Not bad, not bad!”

Ye Lu was quite satisfied with this, and then, he started to practice drawing the “weapon pattern”, he wanted to raise his gloves “Silent Trace” to “Xuan rank medium” before the battle tomorrow night, this pair of gloves would undoubtedly be his great strength, of course, the spiritual stone cultivation could not be delayed.

So, Ye Lu worked all night and did not go back to his bedroom during the day, but picked up the spirit stones and started to cultivate his aura.

So, what he didn’t know was that that Lin Qing was looking for him all over the world like crazy, but he found that Ye Lu had disappeared as if he had evaporated.

“Since I can’t find Ye Lu, let’s start with Qin Siyu, I don’t believe you won’t come out.”

Lin Qing gritted his teeth and said.

Chapter 208 Part1

In fact, from Lin Qing’s heart, he did not want to do it to Qin Shiyu, because doing it to Qin Shiyu would mean breaking with Ye Lu, and he originally thought that he could trade with Ye Lu for the “Soul Subduing Tower”.

Although the Soul Subduing Tower was very important to their family, it could not be used in other people’s hands because the “magic weapon” had already recognized its owner and it was useless for Ye Lu to take it.

However, he was really anxious in his heart, after all, no one knew when the old man would come out of seclusion, and once he did, it would not be long before he was finished.

The other thing that gave him a headache was that although he was a direct descendant, he was a waste of cultivation, so he could not invite the experts of the clan at all, which was why when he was cleaning up Ye Lu, he had called half a day's worth of people but had not called anyone who could fight.

Soon, Lin Qing returned to the school with his men.

Qin Siyu's whereabouts were not hard to find out, as she was currently preparing for the film with the directors, so she had been soaking in the house rented by the crew and working on it with everyone.

She found that she had learned simply too much new knowledge in the past few days, and she had also discovered that the profession of acting really wasn't as easy as everyone thought.

Lin Danni had completely reined in her personality after this incident and was busy helping Qin Siyu in the crew, and the relationship between the two had become better and better.

"Just barge straight in."

When he arrived at the location of the drama set, Lin Qing didn't say much, and directly led the people to barge in, no matter how he said he was also an innate cultivator, these ordinary people couldn't stop him.

He felt that even Ye Lu might not be a match for him.

"Who are you people?"

One of the playwrights looked at Lin Qing and the others and asked in confusion.

As a result, he was kicked out by Lin Qing.

"Qin Siyu, we meet again, we haven't finished settling the score from before."

He looked at Qin Siyu and said viciously.

Qin Siyu, in turn, frowned at him and said.

"Lin Qing, I don't have any grudge against you, why do you have to target me so much?"

And Lin Danni also quickly stood up to Qin Siyu's side and said.

"Yes, Silkyu and I have already made up, now we are good sisters, so there is no need for you to worry about it."

As a result, Lin Qing said coldly.

"Worry about your sister, I'm looking for Ye Lu's scene now, find a way to contact Ye Lu and ask him to come and see me, then I won't look for your trouble."

Lin Qing said as he looked at Qin Siyu.

If he could not break with Ye Lu, he did not want to completely tear his face off.

However, Qin Siyu shook her head very firmly and said.

"I won't contact Ye Lu."

Seeing Qin Siyu's attitude, Lin Qing then gritted his teeth and said.

"Alright, then I can only take you away, then let Ye Lu come and communicate with me directly."

He had no choice but to say that he was surrounded by his own clan members, and he did not dare to reveal that he had lost the Soul Subduing Tower.

Following this, the crowd walked towards Qin Shiyu.

As far as they were concerned, catching an ordinary woman like Qin Shiyu was as easy as a snap.

However, to everyone's surprise, the first guy who went over suddenly flew up and hit the wall with a "bang!" and crashed into the wall with a bang.

Then, the crowd noticed that the aunt who had just been sweeping the floor suddenly appeared in front of them.

"What's going on?"

"You who are you?"

"Did you just do that?"

.....

The crowd looked at this sweeping aunt somewhat bewildered, even Qin Shiyu and Lin Danni were stunned, this aunt they were familiar with, she seemed to be the cleaning lady on this floor, they often saw her and would sometimes say hello, but how could they have ever thought that she was actually a hidden expert.

Hearing Lin Qing's question from them, the cleaning aunt said calmly.

"It doesn't matter who I am, you guys go home first and burn some incense, be glad that I am here to protect people and not to kill them, otherwise you would have been dead long ago."

When the cleaning lady finished speaking, one of the Lin family's "Tirth Realm" children said unconvincingly.

"What are you pretending to be? What kind of skill do you have to beat up a low-ranking cultivator?"

He couldn't finish his last words because the cleaning lady swung her broom and slapped him outside the door with a "bang!" The door was closed with a bang and no sound was heard, I don't know if he died.

When they saw that a cultivator of the "Tirth Realm" had been swatted away like a fly, everyone had a surprised look on their faces, knowing that they had really met a master this time.

"Let's go!"

Lin Qing was also very naked, he didn't say anything extra and quickly led his people away.

"Looks like this matter will have to be discussed in the long run."

After he came out, he rubbed his chin and pondered, the fact that Ye Lu could invite such an expert meant that he had a certain background, and Lin Qing would have to weigh his own weight.

And Ye Lu had been immersed in cultivation until this afternoon when he opened his phone.

As a result, he found a bunch of calls from Nie Yibiao and the others, so he hurriedly dialed it back.

“Ye Lu, you’ve finally called, there’s a person from the Lin family who is looking for you all over the world, so you should be careful.”

Ye Lu and them asked about the general situation, then told Nie Yibiao that if Lin Qing came looking for trouble again, let them cooperate with whatever Lin Qing said, just protect yourself, and don’t worry about the rest.

Then he made another call to Qin Siyu, who said that there was an expert protecting her and she was safe.

This put Ye Lu’s mind at ease, it looked like Black Meditation was still very powerful.

“This grandson of Lin Qing’s is still really unconscious.”

Ye Lu looked at the time, there was still some time before the boxing match in the evening, so he decided to go to the Lin family and look for Lin Sihai and ask him to control this grandson.

The Lin family was a big family in the capital and was also known as one of the four ancient martial arts families, so it wasn’t hard to find.

“Hello, I’m looking for Lin Sihai.”

Ye Luo said to the old man at the entrance who resembled the identity of a butler.

Hearing Ye Luo’s words, the butler was also taken aback, as it had been a long time since anyone had called the Tai Shang family head by his name, let alone the other party was a young man.

He shot a glance at Ye Lu and said.

“The Tai Shang Clan Master is in seclusion and cultivation, I can convey anything on his behalf.”

Hearing that Lin Sihai was in seclusion, Ye Lu thought for a moment and said.

“Then there’s nothing more, I’ll come back to visit another day.”

After saying that he left.

At this time, a woman came out of the villa, the same woman who had handed the Soul Subduing Tower to Lin Qing that day, and she looked at Ye Lu’s back and asked with some confusion.

“Uncle Li, what is this young man doing here just now?”

Uncle Li said with a frown.

“I’m also puzzled, he didn’t say anything about it, but he called the Tai Shang Clan Master by his name, it feels as if he knows the Tai Shang Clan Master very well.”

Hearing that Ye Lu actually called Lin Sihai by his name, the woman said with a frown.

“Young people nowadays are really getting rude.”

Lin Sihai was actually in seclusion, which made Ye Lu a little depressed.

“Well, in that case, if your grandson dares to mess around, I’ll just have to teach him a lesson on your behalf.”

Ye Luo muttered to himself, then walked towards the venue “The Shores of the Forgotten River”, although he only had one match today, however, he wanted to see how the others competed, after all, Ye Luo and Dokku Ao had only learnt fighting moves, they were still far from being able to use martial arts and magic weapons.

The venue at the “Shores of the Forgotten River” was much bigger than the previous one, and it was already packed early because Bloodshot was competing.

Through several competitions, Ye Lu found that the higher the level of the battle, the more it relied on martial arts and magic weapons, and often times, these two things could make all the difference.

And so it was, until we saw that the night was almost over, which arranged for Ye Lu to come out, as his match was the grand finale of the day.

“Today’s challenger to the legendary 60-win streak is the heavenly daughter from the ‘Gothic Blood Clan’ and the holy maiden of the ‘Blood Clan’, the invincible beauty Jessica!”

With the resounding voice of the host, the beautiful Jessica came out, however, Ye Lu froze violently when she saw her.

It was not because of how beautiful Jessica was, but because when he saw Jessica, Ye Lu suddenly thought of someone, that was Liu Mei.

He found that this “Blood Sage” looked somewhat similar to Liu Mei, especially her blue eyes.

Chapter 208 Part 2

“Could it be that Liu Mei is related to the blood race?”

Ye Lu pondered, he had talked to Liu Mei about her family history before, but Liu Mei only knew that her sister was Liu Xin and nothing else, and she said that Liu Xin had never talked to her about these things either.

Following that, Jessica then looked at Ye Lu and said with a smile.

“Bloodshot, you know, you’re my idol, don’t let your water down today, don’t look at my young age, but I’m actually very capable of fighting.”

Jessica looked just like thirteen or fourteen, and looked as pretty as a doll, giving the impression that she couldn’t bear to hurt at all.

So, Ye Luo then smiled and said.

“Good.”

Seeing Ye Luo’s smile, Black Meditation then became a little worried.

Because others were not sure, but as the leader of one of the seven organizations, Black Hei knew very well that even though Jessica was a thirteen-year-old child, her cultivation level had already reached the late stage of the Placental Breath Realm, and this was because the Blood Clan was controlling her cultivation level to make her foundation more solid.

Moreover, because her bloodline is so pure, both her martial arts and magic weapons can be used with great power in her hands.

Therefore, Jessica’s combat power was much more powerful than that of an ordinary cultivator at the peak of the Placental Breath Realm, so if Ye Lu was careless, he would be out of luck.

This time, Ye Lu put on his gloves directly, because he also felt the extraordinary nature of the other party, especially the mirror on Jessica’s left forearm, which was actually a “Heavenly Grade” magic weapon, which made Ye Lu’s heart incomparably shocked.

“Blood Shadow, here I come!”

Jessica shouted, and then drew out a scimitar and rushed up.

As she rushed up, the scimitar lit up with a brilliant white light, followed by a continuous stream of chopping strikes that pounded like waves of the sea one after another.

In fact, at the beginning, Ye Lu didn’t think anything of it, because he and Dokku Ao had practiced this kind of fight many times, but he soon realised that this was not an ordinary attack, but some kind of martial art, and if he let it go on, he was afraid that it would become more and more terrifying.

This move, “Thirteen Repeated Slashes”, was Jessica’s favourite martial art, and could be stacked up to thirteen repetitions, however, she could only practice the first five repetitions, and now she had already reached the fifth attack.

However, at this moment, her attack came to a screeching halt.

It was because her attack was disliked back by Ye Lu, that’s right, a hard dislike without any technique, and it was just a punch that was solidly disliked on her own scimitar, following which, Ye Lu took a step backwards, and Jessica took six or seven steps backwards before she stood still.

“What strength!”

Jessica was also shocked by this punch, it was a real punch without any martial arts bonus, but it actually had such power, if the opponent used martial arts, it would be absolutely terrifying.

However, what she didn’t know was that Ye Lu’s only martial skill was that short version of the Candle Dragon Finger, he didn’t know any other martial skill, and that short version of the Candle Dragon Finger, since it was a short version, was actually not quite suitable for Ye Lu to use anymore, or at least the increase was not so obvious anymore.

“LOL! Brother Blood Shadow is really good, I’ll have to fight for real then.”

Jessica's appearance began to change as she spoke, her originally blue eyes began to turn blood red, and what also changed were her teeth, two sharp fangs appeared, and long nails appeared on her hands.

At the same time, the scimitar in Jessica's hand lit up with a blood-red glow on its pattern.

"It really looks like it's going to play for real."

Ye Lu's expression also turned grave, as he currently had no gross martial arts skills and could only rely on the fighting techniques he had learned from Doku Ao to fend them off.

"Again!"

Jessica repeated her trick with the "Thirteen Heavy Slash", and the attack came again in a cascade.

This time, Ye Lu learnt his lesson. He steadied his stance and then swung his fists in quick succession before Jessica's chop was fully formed.

"Boom!"

"Boom!"

"Boom!"

.....

Each time they collided, Ye Lu felt his fists tingle and he would fall back a little.

What was even more terrifying was that her "Thirteen Heavy Slash" could not be contained and was stacking up one on top of another, with each stacking up a lot more powerful, and despite his best efforts, Ye Lu was still unable to block this terrifying attack, and he began to retreat step by step.

Immediately after, the fifth chopping blow, which was Jessica's strongest chopping blow, also appeared.

"Boom!"

Ye Lu was sent flying far away by the chop and crashed into the transparent shield, he felt a sweetness in his throat, obviously this strike had caused internal injuries.

"Shit! Martial skill plus bloodline, it's really fierce enough!"

Ye Lu forced down that mouthful of blood, then clenched his fists and charged up.

Now was exactly the time when Jessica's chopping attack ended, and it was also a good time to attack himself.

Seeing Ye Lu attack, Jessica did not panic, she quickly raised her left arm, and a red light lit up to form a protective shield around her, which was the ability of the Holy Weapon "Mirage Mirror".

"Fire!"

As Ye Lu attacked, he also unleashed his "Ghostly Inferno", because the opponent was using a "Heavenly Grade" magic weapon, so if he didn't attack with all his might, he might not have a chance.

"Boom!"

Ye Lu's blue-flame emitting fist hit the defence shield, but the shield only fluctuated for a moment and then blocked it.

However, Ye Lu didn't stop there, his fists kept swinging like a rainstorm and blasted.

"Cluck! It's useless, this is an absolute defense supported by the bloodline of the blood race, you are"

Seeing that Ye Lu had attacked for half a day without a brain, Jessica said with a smile, but she stopped in the middle of her sentence because she felt a pain in her left arm, a blue flame ignited her clothes and burst into flames, her whole arm was instantly enveloped by the "ghostly flame of the underworld".

"I admit defeat!"

She quickly shouted.

Ye Lu also stopped attacking, he had just attacked one after another in order to allow the "Ghostly Inferno" to penetrate his opponent's defence.

After cultivating for so long, Ye Lu had understood one thing, that was, the reason why others could not detect his true qi was because the spiritual qi in his body was at least one level higher than his true qi.

Therefore, Spiritual Qi could penetrate True Qi's defence, of course the difficulty of penetration was related to the level of the opponent's True Qi defence, but in terms of level Spiritual Qi was crushing True Qi.

Even though Jessica's defence was strong, by allowing herself to be attacked one after another, the aura still penetrated her defence.

"Whew!"

Seeing Ye Lu stop attacking, Jessica also let out a long breath to restore her previous state, however, her face was already as pale as paper.

Although the Bloods could greatly increase their attack power after transforming, the consumption was also incomparably huge.

However, immediately afterwards, a move by Ye Lu made her a little puzzled as Ye Lu suddenly walked over and whispered by Jessica's ear.

"Little girl, what's the WeChat number, add a WeChat."

Jessica subconsciously said her WeChat number with a dumbfounded look, and only then did Ye Luo snap his fingers in an "OK" gesture.

Then, he took out a few more "regeneration pills" and handed them to Jessica.

"Apply half externally and take half internally, your arm will be fine in two days."

After saying that, Ye Luo walked back to his side of the waiting area.

This battle had made him completely understand his shortcomings.

“Hurry up and become a ‘Shura’ and then turn on the ‘martial arts ability’, otherwise there’s really no use for your power!”

The difference between Jessica’s strength and Ye Lu’s was quite huge, but with a martial art like the “Thirteen Heavy Slash”, she could easily send Ye Lu flying and spit out blood.

However, before that, there was still one more thing to do, and that was tomorrow was the date of the battle at the Top of Purple Gold, and “Only Hands to Cover the Sky” had already launched a statement on the internet, saying that “Only Hands to Cover the Sky” represented the “Covered Sky Gang”, and if “Silk Stocking Masked Warrior” was willing to kowtow to his mistakes at the Top of Purple Gold and promise not to mess with the “Covered Sky Gang” again, they would forgive him.

If not, three Killing Angels will be sent to kill the Masked Man tomorrow night

Chapter 209

Apart from Ye Lu, many others were preparing for tomorrow’s battle at the top of the Purple Gold, including the people from the “Heaven Sheltering Gang”.

“At the headquarters of the Black Dragon Mountain, a few guys were discussing the battle for the next night.

“Our aim is to make everyone understand that anyone who dares to resist our gang will be killed mercilessly.”

A tall, one-eyed man looked at the crowd and continued.

“The reason we chose such a netizen is that we want to rely on the power of the internet to show off our power, so this time, there will be a ‘clan master’ expert on the scene.”

When they heard the one-eyed guy mention “master class”, they were all taken aback.

“In the secular world, a person with such a level could start a sect or rule a large family, so everyone also called such a super expert a “Patriarch”.

“Isn’t it a bit too much to ask for a ‘Grandmaster’ level expert to deal with such a small person? After all, from the latest video, the other party is only a Xiantian realm practitioner, right?”

Someone asked, somewhat puzzled.

As a result, the one-eyed dragon said.

“No, our aim this time is to deter, so that everyone understands that even if a mole dares to mess with our ‘Heavenly Sheltering Gang’, we will still give it a thunderous blow, and also to let those big families know that our ‘Heavenly Sheltering Gang’ has super strong people at the ‘Patriarch’ level.”

After he finished speaking, the other man then looked at him and said.

“Does our ‘Heaven Sheltering Gang’ really have ‘clan master’ level super powerhouses? How come I’ve never seen one before.”

Being asked this, the one-eyed dragon then became a little embarrassed as he looked at the man and said.

“You don’t need to care about this matter, anyway, tomorrow night there will definitely be a ‘Sovereign-level’ super expert sitting in, so you guys just arrange for another ‘Harmonious God Realm’ expert, and a ‘Pulse Raising Realm’ expert will do, just look for the kind that has a shape that can attract people, magnificent martial skills, and a higher grade of magic weapon.”

The other one had to nod, but then another one followed and asked.

“Old Doku, isn’t there just one of that what’s-his-name ‘Silk Stocking Masked Warrior’? What are we preparing so many people for, and there’s the ‘Patriarchal’ big shot who doesn’t even have a chance to appear, right?”

As a result Cyclops said as he held up a finger and wiggled it.

“Wrong!”

“Actually, there isn’t just one ‘Stocking Masked Man’, have you forgotten that there have been several ‘Stocking Masked Men’ of different cultivation levels over this period of time, and that it was also these layers of ‘Silk Stocking Masked Man’ is what made this matter so hot, right?”

“In fact, these later ‘Silk Stocking Masked Man’ were all arranged by me.”

The crowd was once again taken aback when they heard the One-Eyed Dragon’s words, but then the One-Eyed Dragon continued.

“So even if that real ‘Stocking Masked Man’ really was a goon and he didn’t show up, or if he took a knee, there would still be another ‘Stocking Masked Man’ who would appear and he would say that the previous The ‘Silk Stocking Masked Man’ was a fake and he was the real one, and then our play could go on, and anyway that guy had his face covered in stockings, so no one would know what he looked like, would they?”

It was only after Cyclops finished that everyone came to their senses.

“High! That’s really high!”

“No wonder you’ve been a warlord for so many years, you really do have two brushes.”

“Bull indeed, this should have been a set up a long time ago, right?”

.....

Hearing the compliments from the crowd, the one-eyed dragon then laughed out loud in triumph.

“Thanks to give for the lift, in fact, there are many times I admire myself, why do you think I am so talented? Could it be that I was a tailor in my last life, I feel like I could do it if I was given a chairman, wahhhhhhh”

And in the dorm room, Mu Zi Ze had a similar question.

“Who do you guys think this ‘Silk Stocking Masked Man’ is anyway? Why do I get the feeling that he appears slightly different every time? No matter what his figure and movements are, they all change a bit.”

Mu Zi Ze said while flipping through his phone in his dorm room.

Nie Yibiao, on the other hand, said while playing a game.

“Why do you care so much? We’ll all know tomorrow night when we get to the top of the mountain, that hellhole is quite far from here, so get your stuff ready tomorrow, no one can be improvised.”

As a result, Mu Zi Ze said with a smile.

“And say temporary something, that kid Ye Lu is not temporary also something, he has not come back in the past few days, and a buttload of trouble, the Lin family dare to offend, hey, too can cause trouble.”

Nie Yibiao then said with a smile.

“Don’t worry, I asked Ye Lu, he said he’ll be there with us tomorrow, and according to reports, almost eighty percent of us from the whole school will be there.”

In fact, the situation at school was similar to what Nie Yibiao said, even Liu Mei was preparing for tomorrow’s trip to the mountains.

“‘Stocking Masked Man’ stockings my stockings”

Liu Mei looked at the stockings that were placed on the bed with only one left and fell into a deep thought, because the other stocking had been taken by Ye Lu that day.

“Ye Lu couldn’t be the ‘Stocking Masked Man’, could he?”

She muttered to herself.

From the timing, from Ye Lu’s bizarre behaviour and from his actions, Liu Mei felt that this “Stocking Masked Man” was a good match for Ye Lu.

That was why she had to go up to the mountain, otherwise she didn’t really like to get involved in all the fun.

“Hey, looking at the stockings again, you’re not also obsessed with the ‘Silk Stocking Masked Man’, are you?”

Her roommate said with a smile as she watched Willow’s face.

“Don’t be ridiculous, it can’t be someone around you, there’s no such thing as coincidence.”

Willow laughed noncommittally at this.

Another person who was also staring at the stockings was Mo Xiaomi, because she suddenly remembered the night of the car race, when her stockings were taken by Ye Lu, and then of course the “stocking masked man” reappeared that night.

“That nasty masked man can’t be Ye Lu, can he, running around with my stockings.”

Mo Xiaomi muttered to herself, but when she thought of her stockings on Ye Lu's face, her face started to blush.

The dormitory where Gu Shiqi was.

Shen Luyan and a few other sisters were surrounding Gushiki.

"Gushiki, just come with us, what's so funny about those bottles and jars of yours, you can be our bodyguard when you go, otherwise a few of us won't feel safe."

"That's right, you're the boss of our dorm now, go for it."

"Maybe 'Silk Stocking Masked Man' is a handsome guy."

Everyone was talking and persuading.

Since the last incident, the dormitory had taken Gushiki as its core, and not only that, everyone had slept in Gushiki's rented house.

In the end, Gushiki couldn't argue with everyone and had to agree.

The Ye family in the capital.

"Qiu Feng, do you really want to go to Purple Mountain tomorrow night?"

Ye Qiu Die asked as she looked at this genius brother.

Ye Qiufeng was the best cultivator of his generation in the family, and at a young age he was already at the peak of the Innate "Tirth Realm" cultivation, and not only was he very talented in cultivation, he also handled interpersonal relationships well, so he was the one who handled many of the family's dealings with young cultivators.

Of course, what they can do at their age and cultivation level is not a big deal, it's just exchanges and sparring with other clans or gangs and so on.

"Yes, because there is a rumour that the 'Shade Sky Gang' might be against us 'ancient martial arts families', so grandpa asked me to go and see what the 'Shade Sky Gang' Sister, why don't you come along too?"

In fact, this rumour was put out by the "Heavenly Clan".

Of course, the purpose was to make people pay more attention to this matter, and also to prepare for deterring these ancient martial arts families.

So, apart from the Ye family, several other big clans were also doing the same thing.

Long Family, Long Feixue's residence.

“Sister Long, aren’t you in a bad mood lately, I’ll ask you out tomorrow, are you free?”

Mo Xiaomi said to Long Feixue over the phone.

Long Fei Xue was indeed not in a good mood recently, thinking that she was being talked to by various people in the family in the past two days, including various elders in the clan whom she had never met and who had not bothered to meet her before, all of whom were asking one thing: “Who is Mr. Luo? Can you improve the magic weapon or refine some pills for the clan?”

And Long Fei Xue turned them all down without even thinking.

Chapter 210

She knew that although Mo Xiaomi seemed unreliable, she was actually a good kid.

Of course, this time the Long family has likewise arranged for people from their own family to go up to the mountain tomorrow to see what’s going on.

Yanjing Film and Television Academy.

The meeting room of the film crew of “Do Not Approach Alive”.

Director Feng Xiao looked at the crowd gathered in the conference room and said with a smile.

“We’ve all been busy enough these past few days, so tomorrow night I’ll take you all to see a lively event, and we’ll see how real masters fight, which should help us design the plot of the Daoist priest catching ghosts and fighting spells.”

Everyone got curious and inquired.

“What is there to see tomorrow?”

Feng Xiao then said with a smile once again.

“You youngsters should be better informed than I am, haven’t you heard about the news that has been dominating the headlines lately? The Masked Man in Silk Stockings.”

As soon as the words “Silk Stocking Masked Man” were mentioned, it dawned on everyone.

“Oh, you mean this? Of course we know about this, it’s hard not to know, it’s all over the media and our friends’ circles.”

“Is it going to take us to the ‘top of purple and gold’?”

“Hey, I was going to say I was going to take time off, but it looks like I won’t have to.”

.....

The crowd all chattered about it, all looking excited as hell, especially Lin Danni who loved to watch the fun the most.

Qin Siyu certainly couldn't spoil everyone's fun either, so she followed the custom.

However, what she didn't know was that some of the people around her had already been bribed by Lin Qing, and one of the playwrights immediately broke the news to Lin Qing.

"Great, it looks like our chance has come."

After hearing this news, Lin Qing smiled, the top of the Purple Mountain would definitely gather a lot of people by then, and with so many people, even an expert might not be able to take care of things properly, not to mention the distance from the city to the mountain, there were many opportunities on the way.

"I must find some good hands this time before I do."

Lin Qing said as he rubbed his chin.

However, just as he finished his words, he heard someone say outside the door.

"To find good hands, I can help you."

Following that, a figure Lin Qing was extremely familiar with appeared in front of him, it was none other than the Japanese Yin-Yang master, Yasuhiko Abe, who had clashed with him before.

"Why is it you?"

Lin Qing subconsciously stepped back.

If it wasn't for this Yasuhiko, he wouldn't have lost the "Soul Calming Tower" at home last time.

Lin Qing's first feeling was that the other party had come to trouble him.

However, Yasuhiko Abe said indifferently.

"Don't worry, I'm not here to find you in trouble, lend a step to speak alone."

At this, Lin Qing then hesitated a little, but then, Abe Yasuhiko smiled and said.

"Huh! Don't worry, if I wanted to kill you I would have done so long ago, you're the same wherever you are, so why go around in such a big circle?"

Lin Qing thought about it and eventually nodded and followed Abe Yasuhiko out.

Walking to a corner, Abe Yasuhiko then looked at Lin Qing and said.

"Last time was a misunderstanding, in fact, your father and I are friends, I originally came to help your father get the position of 'family head', if he had told you in advance, there shouldn't have been such a big misunderstanding, and I wouldn't have lost such an important thing, don't worry, I will help you get it back."

"The ones protecting Qin Siyu now are the 'Shadow of Death' of the Underworld, but don't worry, we, the 'Society of the Extreme Way', are not afraid of them, since we are involved in this matter, we will naturally help to the end."

Lin Qing thought for a moment, then nodded his head.

Following that, the two discussed the details, Lin Qing knew Qin Shiyu and Lin Danni a little better, while Abe Yasuhiko had the manpower, and the two of them hit it off immediately.

The Miao family.

The first thing that Lin Ruyue was thinking about was what Miao Fengling had said, she said she wanted to go see the masters fight and asked her to come along, to which Lin Ruyue had no problem, what she was thinking about at the moment was what kind of look would be good to get to go?

She didn't know how to dress up for the time being, as she had been told by Master Mo Lian that she was not allowed to wear thong-shaped panties.

So, he looked at Miao Fengling and asked.

"Tell you what, Master Fengling, if you can help me think of a character I can cosplay, I'll go with you."

Miao Fengling said with a smile.

"This, ah, I've already thought of it, how about the Water Shadow Shoumei from 'Naruto'?"

Hearing Miao Fengling finish, Lin Ruyue immediately snapped her fingers and said with a smile.

"As expected of my senior uncle, it's her, I'll go and prepare my clothes now."

After saying that, Lin Ruyue left in a blaze of glory.

Ye Luo did not know that there were already so many people ready to be the audience of his duel, he was now seriously refining a kind of pill, this kind of pill he had prepared the ingredients for a long time before, only, she was unable to use the "Underworld Ghost Inflammation" in her body before, so she had not done it, this time he decided to try it.

However, this time he decided to give it a try. However, this time, he failed to refine one pill in ten stoves.

"Phew!"

Ye Luo let out a long breath and then began to adjust his breathing so that he could gather a new "Ghostly Underworld Inferno" for the next round of refining as soon as possible.

Ye Lu felt that although this refinement was unsuccessful, it was very helpful to both his cultivation and the "Ghostly Inferno".

Now that the magic weapon "Silent Trace" had been upgraded to the "Middle Xuan Grade" and the fifth aura was almost on the verge of condensation, Ye Lu was waiting for the completion of the "Heaven Stealing Pill".

The side effects of this pill were obvious: it would lead to a period of weakness, which varied from person to person, depending on the circumstances of use and the individual's physique.

After today's fight with Jessica, Ye Luo understood that there would be many more fierce battles in the underground boxing tournament, so the more cards he had, the better.

So, after a brief rest, he began to refine again, anyway, he still had quite a lot of materials prepared before.

It was not until late in the evening that he arrived at the place he had agreed with Nie Yibiao, and only two of these "Heaven Stealing Pills" had been made.

"The flame is still no good!"

Ye Lu said with some emotion.

The "Red Lotus Flame" was indeed faster than the "Ghostly Underworld Flame", but the "Red Lotus Flame" had been combined with himself for too short a time, so at the moment, the flame was not as strong as the "Ghostly Underworld Flame". "Moreover, Ye Lu had never used this kind of masculine flame before, so he needed to get familiar with it.

"Ye Lu, why are you still carrying a big parcel, do you think you are going on a trip?"

At the meeting place, seeing that Ye Lu was actually carrying a bag, Nie Yibiao asked in disbelief.

For his part, Ye Lu smiled and said.

"What if you go and pick up a girl, you must be prepared to spend the night in the mountains! You guys are so short-sighted, you're destined to be bachelors for life."

As a result, Nie Yibiao suddenly said in a slightly sour voice.

"Not necessarily oh, that big beauty Shen Luyan seems to have fallen in love with our family Jin Kun."

Hearing Nie Yibiao's words, Ye Lu also looked at Jin Kun with some curiosity, and as a result, Jin Kun laughed heatedly, however, his laugh did have the flavour of a silver lining here and there.

"Hehehe, okay!"

Ye Lu smiled and patted Jin Kun's shoulder, Jin Kun's performance that day was indeed very manly.

"Let's go, let's go, pick up girls, pick up girls!"

Seeing this scene, Mu Zi Ze immediately urged on.

So, everyone immediately put their things on Nie Yibiao's buggy and headed towards Zijinshan Mountain together.

"The Purple Mountain was a very high mountain near the capital and covered a large area, but fortunately, there was a mountain road that could be driven up to the mountain. It was time to go.

"Shit! How many people have come here?"

Nie Yibiao said with a dissatisfied look on his face.

Fortunately, there was a grassy area in front of us where we could park, and some cars had already driven past, so the group stopped and started walking up the hill.

In fact, what everyone didn't know was that there were more than one person heading this way at the moment, including a happy-looking Ye Yan.

She had been dragged here by two neighbours, saying that it was so easy to have a lively time still watching the bird shop, and since Ye Yan's business was now opening up and the fire was simply unbearable, she also wanted to clear her head for a while, so she agreed to do so.

After walking for about twenty minutes, Ye Lu and the others finally saw the top of the purple and gold.
