Chapter 211

When he arrived at this place, Ye Lu finally understood why “Only Hands to Cover the Sky” had placed the duel here, because there was a huge square at the top of the mountain, “Purple Gold Square”, a large part of this square was natural and a small part was artificial.

The square is surrounded by rocks, grass and trees, but of course the rocks and other places can be filled with people, and at the moment they are full of people, while in the middle of the square is a stage, probably for some kind of event.

In front of the stage are stone and iron seats, all of which are filled with people at the moment.

Around the stage, four grim-faced men in black were guarding it, so the audience couldn't get up there. At the moment the whole square was almost overcrowded, and new people were still arriving one after another.

“Shit, it's still an hour or so before ten o'clock, right, why are there so many people.”

Nie Yibiao and the others found that the best spots near the stage had long been taken, but fortunately the top of the hill was open enough, with rocks, grass, bushes and large trees, there were plenty of places to watch.

In addition, in order to make the stage more effective, the “Heavenly Clan” people also made several huge hernia lights, which illuminated the stage extremely brightly, and there was also a huge display screen at the back of the stage to show the details of the stage.

To be honest, Ye Lu also didn't expect the scene to be so big, this was nigh on as scary as any diva's concert by many times.

“Whoever ‘Silk Stocking Masked Man’ is, this is really going to make him famous!”

Finding a suitable spot, Mu Zi Ze sat on a rock and looked down at the crowd of people below and said with some emotion.

In the “Purple Gold Plaza”, the four ancient martial arts families had their own good seats, because no one dared to mess with them and they had the power to expel others.

The people from each university gathered in small groups, because the “Silk Stocking Masked Man” was from the Yanjing University of Chinese Medicine, so the Yanjing University of Chinese Medicine had the most people. These people were also the most rowdy.

The houses at the back of the stage were already occupied by members of the “Heavenly Clan”.

One-Eyed Dragon is now looking inside at some members of the Gang who are preparing to dress up as the Masked Silk Stocking Man, saying.

“If the Masked Silk Stocking Man doesn't show up later, or if he gives up, you will go up and challenge him in the order I have just arranged, don't worry, no one will die, but serious injuries will be inevitable, but of course, the benefits given to you will be enough for the injuries you will suffer.”

Several of the gang members nodded their heads.

To be honest, these few people were also under a lot of psychological pressure, as they were destined to be beaten up in a while, but they knew the ruthlessness of the Shade Sky Gang best, so none of them dared to resist.

Satisfied with this, the one-eyed dragon walked to another room next door.

In this room sat a Daoist priest in Daoist robes.

“Daoist Master Xuanhe, it has all been arranged, you will make your final appearance later, don’t worry, just kill them with a direct thunderbolt strike, let them see the strength of a patriarch, this is the clothes you have changed into, do you think it is still satisfactory?”

The one-eyed dragon looked at the Daoist priest sitting there and said respectfully.

He didn’t dare to mess with these masters of the sect, not to mention the strong ones of the “Xuan” generation, even the junior disciples of the “Yu” and “Qing” generations.

Daoist Master Xuanhe opened his eyes and looked at his clothes and said.

“It’s too plain, not flashy enough, change it.”

The one-eyed dragon immediately took out another one, he had prepared a lot of them anyway.

In the other room, the other two Killing Angels were ready to fight.

“There are so many people here, there are so many people with nothing better to do.”

One of them looked at the crowded scene outside and said with a grimace.

The other one, an expert of the “Combined God Realm”, was obviously much more sophisticated than him, and he said with a faint smile.

“Can’t you see? There are hardly any people over thirty years old, we’re getting old! It’s already the world of these young people.”

Indeed, not to mention him, an expert of the “God Harmony Realm”, even the “Killing Angel” of the “Pulse Raising Realm” was not too young, but fortunately, they were innate beings, so they still looked quite young. Fortunately, they were innate beings, so they looked quite young.

“Who do you think this ‘silk stocking masked man’ is? Will he run away early when he sees this scene?”

Another guy looked outside and said.

“Actually, that guy should only be a Houtian practitioner.”

The cultivator of the “God Harmony Realm” laughed and said.

“I’m sure he’ll run away, who doesn’t know the style of our Heaven Sheltering Gang? The first few times our organisation made a high-profile statement about being responsible for a certain incident, we should have been laying the groundwork then.”

“If we’re so high profile, will some other clan come and take charge of us?”

“I don’t think so, it’s said that that side of the ‘clan world’ isn’t peaceful either, so I guess it’s just about to change.”

In fact, not only the two of them, but almost everyone present was thinking about something similar, that is, who was the “Masked Man in Silk Stockings” and whether he dared to come or not.

Some people were already arguing about it.

“The Masked Man in Silk Stockings will definitely come, do you think he’s as weak as you are?”

“Shit! Call me a wimp, then let’s bet that if ‘Silk Stocking Masked Man’ doesn’t dare to come, you’ll let me fuck you today.”

“Bet if you want, but if ‘Silk Stocking Masked Man’ comes, then I’ll get someone else to fuck me.”

At that moment, the boy sitting on the other side of her suddenly raised his hand and said.

“No need to find someone else, do you think I’m okay?”

The pair were instantly in a state of darkness.

With that, everyone was messing around and the time was getting closer and closer to the ten o’clock sparring session.

“Huh! Where did that fellow Ye Lu go?”

At this time, Nie Yibiao suddenly noticed that Ye Lu was no longer here.

“He said that the ‘spicy strips’ he just ate were of questionable quality and ran off to get diarrhea.”

An Le said with a smile.

Nie Yibiao, on the other hand, said with a heated smile.

“This guy wouldn’t have dropped the ball at a crucial moment, would he? Last time I thought he would have some kind of amazing performance in the girls’ dormitory, but it turned out to be no surprise at all.”

Nie Yibiao had kept in touch with Shen Luoyan and the girls, a beautiful dormitory, so they had asked about what happened that night, and as a result, Shen Luoyan and the girls said that Ye Lu had run away, and then what the outcome was they didn’t know.

At this time, Ye Yan and her two neighbours also arrived at the top of the hill.

“Why are there so many people?”

Ye Yan was also shocked by some grand scenes and, it looked like there were no more seats left.

“Hey, hey, don’t worry, we have vip’s oh, my lover has already taken my seat.”

Her neighbour who was upset about her breasts said with a smile.

Then he led the way towards the crowd, and after a difficult walk, importantly reached a place where there was an empty seat.

“Yeyan!”

However, just as she arrived, Ye Yan heard a familiar voice, and following that, she saw Ye Qiu Die, but Ye Yan sat down coldly in her seat without saying anything.

Ye Qiu Die had a handle in Ye Lu’s hand, so she didn’t dare to say anything, so she could only smile and have someone hand over a bottle of drink to Ye Yan as a gesture of goodwill.

“Huh! You guys know each other.”

Ye Yan’s female neighbour said with a smile, and then she tugged her lover’s arm and introduced her.

“This is my new neighbour, you can thank her, I’m getting bigger here because of taking her elixir.”

Hearing this, her lover did not say anything special, but the drink in Ye Qiu Die’s hand fell to the ground with a “bang!” It fell to the ground with a bang.

She finally understood where the “breast enlargement pills” had come from before.

At this time, someone came up to the centre stage.

“All right, everyone, quiet down, quiet down!”

This guy said in a loud voice with a microphone.

Everyone instantly fell silent, and countless pairs of eyes looked towards the stage. Seeing that everyone had fallen silent, the guy continued.

“The appointed time is almost up, so I’ll just ask, ‘Stocking Masked Man’ where the hell are you?”

As he finished speaking, everyone started to look to the right and left, as they were all looking forward to the moment when the “Masked Man in Silk Stockings” would appear.

However, no one stood up.

“He’s not really scared off, is he?”

“That’s too disappointing, my man!”

“No way, I’m sure he’ll come.”

.....

Just as everyone was talking, a figure appeared from the rocks at the side of the venue.

“I’m coming!”

Ye Lu shouted.

Chapter 212

Everyone’s eyes “brushed!” All eyes turned to Ye Luo at once.

Ye Lu had just run quite far away in order not to be seen changing, and only then did he make it back in time, otherwise he would probably have been taken as a deserter.

“Shit! How come it feels like the stockings are thicker this time.”

“That’s right, when can we take the stockings off!”

“But what a great body, I like it.”

.....

When they saw Ye Luo appear, everyone started talking, and following Ye Luo they headed for the centre stage, the crowd automatically parted a path for him to pass through smoothly.

At this time, someone began to mutter in a low voice.

“Don’t all masters fly by lightning?”

“That’s right, at least do a ‘swallow three over water’ or a ‘ladder cloud vertical’ or something?”

“People are low-profile, understand?”

.....

In fact, Ye Luo knew in his heart that his was the one who didn’t know such an aspect of martial arts at all, otherwise he would have shown one off to them long ago.

Seeing that Ye Luo had just obediently walked onto the stage, everyone, including the host, was even more certain that this “Silk Stocking Masked Warrior” was really just a post-tense practitioner, mostly at the level of “Ming Jin” or “Dark Jin”.

“Hey! Young people nowadays really don’t know how to be generous!”

The host shook his head, in his opinion, Ye Lu was making a fool of himself! Moreover, he felt that Ye Lu was already considered a dead man now, so he looked at Ye Lu and sighed once again.

However, he still looked at Ye Luo and asked.

“Good, since you have come, then tell us your answer, do you want to kneel down or fight?”

It suddenly occurred to the host that perhaps Ye Lu had come here just to kowtow, after all, as long as he kowtowed, then he would understand his grudge with the “Heaven Sheltering Gang”.

The crowd also looked at Ye Luo on the stage, no one said anything, but they were all muttering in their hearts, part of them thought that Ye Luo must be here to fight, while the other part thought that Ye Luo should come to admit defeat, as the opponent was a gang, and Ye Luo’s level, even a layman could tell, was really not good.

However, Ye Luo, whose face was covered with stockings, shook his head and said.

“One fight!”

Although it was just a short cut two words but the whole room ignited.

“Shit! Really want to fight.”

“Too presumptuous, right? He doesn’t even know who his opponent is.”

“There should be three opponents.”

“I feel like this one is definitely finished anyway.”

.....

After Ye Lu finished speaking, the whole venue’s discussion was completely lopsided, because from the performance of Ye Lu just walking onto the stage made everyone feel that Ye Lu was only a reckless hero at the strongest, against a club, just kidding!

However, as the person in question, Ye Luo was calm, because this was exactly how he wanted it to unfold, so that he could make his opponent drop his guard, and as long as his opponent developed a light heart, he would not be far from success.

“This rookie really has a problem in his head.”

Seeing this scene, the one-eyed dragon in the room also sighed, he felt that Ye Lu was here to kill himself, he must have been blinded by the aura of the “Masked Man in Silk Stockings”, he really thought he was a warrior.

“What should we do?”

The first “Killing Angel” looked at the one-eyed dragon with a little surprise and asked.

The one-eyed dragon thought for a moment and said.

“Go ahead with the original plan, make a good show of it, you’re famous and cruel enough anyway.”

The guy hemmed and hawed before walking to the door carrying the horribly shaped long knife, while the one-eyed dragon signalled to the host.

The host looked at Ye Lu and smiled, then turned his head to the crowd present and said in a loud voice.

“Good! Since the ‘Silk Stocking Masked Warrior’ wants a fight, then the ‘Shading Heaven Gang’ will give him this chance to fight, so please welcome the first ‘Killing Angel’, the evil Sun Li.”

As the host’s words fell, a huge bare-chested man over two metres tall appeared on the stage. In this guy’s hand was a long blood-red sword about the same length as his height, and on his front chest, back, and arms were very dazzling tattoos, a green dragon on his chest, a white tiger on his back, and on his two arms were the Vermilion Bird and Xuanwu respectively.

When they saw this giant man come out, someone immediately shouted out.

“Wow! This is the guy who killed a clan last time, right?”

“Yes, it was him, and at that time, the ‘Shading Heaven Gang’ declared that they were responsible for this matter, and it was this blade.”

“According to the internet, isn’t this guy an expert of the ‘Nourishing Pulse Realm’, the first one to send such a strong person, how much does that mean?”

“A few meanings, it’s just a death anyway.”

.....

The first person to send a “Pulse Raising Realm” guy, to be honest, Ye Lu also felt a little surprised, and what surprised him was that the other party was actually holding a “Xuan-rank middle grade” magic weapon.

Moreover, it sounded like this guy was not a nobody, so it looked like the other guy was preparing to crush himself.

However, Ye Lu didn’t say anything about it.

He performed a very magnificent martial art from afar, flying up like a bird and then landing on the stage as light as a feather.

This heavy and light move was performed by a huge man like him, who was more than two metres tall, and immediately won the applause of the audience.

Sun Li was also very pleased with the effect, as it was clearly more pleasing than using brute force.

Seeing Sun Li on stage, the MC then looked at him and said with a smile.

“Alright, our first blazing angel has come on stage, so we would like to invite our first blazing angel to say a few words to everyone.”

It looked like this had all been pre-arranged, so Ye Li stepped back and held his shoulders to the side to see what the hell they were up to.

Sun Li walked to the middle of the stage and he “bang!” With a bang, he poked his long blood-red blade into the stone floor of the stage, then looked at the crowd and said with a smile.

“I’m Sun Li of the ‘Shade Sky Gang’, you’re probably more familiar with my other name ‘The Evil One’, my dream is to ‘kill a thousand people’, only Unfortunately half of my goal has not been reached so far, but tonight I will collect the four hundred and sixty-eighth head in my life, that of the ‘Silk Stocking Masked Man’.”

“Perhaps some of you don’t know why we ‘The Masked Man’ are doing this, and you and I will tell you why.”

“Everyone already gave remember, right, a few videos about ‘Silk Stocking Masked Man’, the one on the second video that was spoiled by ‘Silk Stocking Masked Man’ was one of our own from the Shade Sky Gang, so we are going to do it for him this time No matter what the hell ‘Silk Stocking Masked Man’ is, whether it’s Batman or Spider-Man, or whatever bullshit ancient martial arts family, if they dare to mess with us, we will let them die without a burial place.”

After saying that, he looked towards the area in the square where the four ancient martial arts families were located.

As a result, the four great ancient martial families did not say anything.

The reason was that although they were very famous and seemed to be very old and dignified, they actually knew their own sufferings because of their closed heritage, which had been passed down to the present, the real strength of the ancient martial families was actually far from as strong as the rumours had it.

Seeing that the four ancient martial arts clans did not even dare to say a word, Sun Li became even more proud and arrogant.

He “bang!” With a bang, he pulled his blood-red long sword back out and turned to look at Ye Lu and raised a finger, saying.

“To deal with you, I only need one slash, one slash will definitely cut you into two pieces!”

And that this host looked in Ye Lu’s direction and said.

“That ‘Silk Stocking Masked Man’, do you have anything to say?”

Ye Luo, on the other hand, still maintained his posture with his arms wrapped around his chest and looked at Sun Li and said.

“Are you done pretending? If you’re done pretending, then hurry up and fight, so much talk is useless.”

Hearing Ye Li’s words, Sun Li sneered and said.

“Good, since you want to die so badly, I’ll make it happen, die!”

With those words, the red blade in his hand lit up with a long white blade aura, and then it slashed towards Ye Lu like lightning.

In his opinion, there was no need to use martial skills to kill Ye Lu, this slash was already enough to split him in half.

“Fight!”

“Kill!”

“‘Go Masked Man’!”

.....

Seeing the two men strike, the audience shouted at the same time.

However, unfortunately, in Ye Lu’s opinion, there was still a small gap between the speed of Sun Li’s slash and Doku Ao’s, and while he dodged sideways, he stomped on the back of the slash, and the man had already reached Sun Li’s front.

“Holy f*ck!”

How could Sun Li not expect that the mole-like Ye Lu would have such a stance, he really regretted it, however, it was already too late.

“Boom!”

A solid punch was thrown at his heart.

However, Sun Li was not sent flying by this punch, because Ye Lu knew very well that he could not kill a "Pulse Raising Realm" expert with just brute force, even if his opponent was careless.

Therefore, he used the dark energy of the "Candle Dragon Finger" in this punch. Although nothing could be seen on the surface, the rampant aura had already penetrated this guy's heart.

After that, Ye Lv drew an arc in the air and landed back on the stage.

Sun Li, on the other hand, was still standing there motionless.

The square, which had just been buzzing with people, fell completely silent as everyone waited for Sun Li to make a further move, but he didn't. The two-metre tall body suddenly fell to the ground with a "thud!" and the long knife fell to the side with a "clang!" It fell to the ground with a clang.

With just one move, Sun Li was dead!

Chapter 213

Seeing Sun Li fall, everyone froze, including the guy who was in charge of hosting.

He did not see any outgoing true qi on Ye Lu's hand, which meant that it should have been an ordinary punch, but Sun Li did fall down.

He walked up to Sun Li with a grave expression and probed his nose and then touched his chest, his breath was gone, his heartbeat was gone, Sun Li was really dead.

From the look on the referee's face, everyone could see that Sun Li was finished.

Although Sun Li was not at the peak of the "Pulse Raising Realm", he had a family heirloom "Middle Grade" magic weapon, and his real combat power was comparable to the peak of the "Pulse Raising Realm".

But he died, killed by a single punch.

At the same time, led by a woman, everyone shouted out loud.

"Stocking Masked Warrior!"

"Stocking Masked Warrior!"

.....

For a moment, the slogans drowned out everything, and even the host could only frown and wait for everyone to quiet down.

It took a full minute for everyone to quiet down again.

Ye Luo then looked at the host and said.

"This one is too weak, is there one that can fight put out one."

After saying that, Ye Luo then turned to look at the stage and said.

“Sons of the four ancient martial arts families, why are you guys so weak, did you hear what this guy just said? He called you all dog farts, you guys actually didn’t even let out a single fart, it looks like you are worse than dog farts.”

Hearing Ye Lu mention their ancient martial family once again, the four great families were also a bit hung up.

This was because it was a complete and naked slap in the face.

Long Fei of the Long Family stood up and said.

“This is our own family’s business, what’s it to you?”

Ye Luo, on the other hand, smiled and said.

“It’s indeed none of my business, I just feel sad for you all, living without any spirit of adventure, only daring to cower in a turtle shell, not knowing that such a way you clans will never be able to emerge as supreme experts.”

At this time, that host then cleared his throat, and then slowly announced.

“Please welcome the second ‘Blazing Angel’ demon girl, Huo Huan.”

Hearing this name, the stage immediately erupted, obviously this “demon girl” was even more famous than the one who was “full of evil” just now.

Ye Lu did not know that this demon girl was famous because she was very high-profile on the internet, often showing photos, and was a half-Internet celebrity with her own fan base.

Moreover, she was now one of the announced heads of the “Heaven Sheltering Gang”.

This woman had a long and slender figure, with a very shapely figure, and was wearing very little. Like Sun Li just now, she also had a tattoo on her body, a fiery red scorpion on her chest, which stood out against her snow-white hemisphere.

After seeing this woman, Ye Lu’s brow furrowed.

Because this woman was actually at the “Combined God Realm” cultivation level, the strongest opponent Ye Lu had ever encountered.

“To actually send out an expert of the ‘Harmonious God Realm’, the ‘Heaven Sheltering Gang’ has indeed gone a bit too far.”

Lin Ruyue couldn’t help but spit out a comment even as she watched the scene.

However, the good thing was that this time, in order to build up momentum, the “Heaven Sheltering Gang” had not sent the strongest expert in each realm.

The main reason why the “demon girl” Huo Huan came out was to let everyone know that such an influential expert as Huo Huan had also been taken under the banner of the “Heavenly Clan”.

After Huo Huan appeared, she flew onto the stage, and when she saw the speed of Huo Huan, Ye Lu frowned.

From the information, this Huo Huan was indeed of demon blood, she was the child of a human practitioner and a demon beast "Cloud Leopard", so just like the Cloud Leopard, she was also good at speed.

As a result, like the cloud leopard, she is also good at speed. The demon beast is a legendary existence, so in fact, the majority of Huo Huan's bloodline comes from the demon beast.

Of course, the clan wouldn't accept her because of her status. The demon race is weak and demons usually stay away from humans, so although Huo Huan is very talented, she doesn't have a good life, and that's why she was bought by the "Heavenly Clan".

As soon as Huo Huan appeared, she immediately caught the eyes of the men in the audience, because her figure and clothes were simply too sultry.

"So beautiful, this is a siren, right?"

"Yes, the face is unbelievable!"

"I'm going to go backwards, I'm supporting this woman instead."

.....

While Huo Huan looked at Ye Lu and smiled and said.

"What exactly is your cultivation level?"

Like the others, she was curious about Ye Lu's cultivation level, being able to kill Sun Li with one punch, no matter how one thought about it, Ye Lu couldn't be at the Houtian realm.

For his part, Ye Lu smiled and said.

"Does all this matter?"

Hearing Ye Luo finish, Huo Huan also smiled and said.

"Alright then, but it just so happens to take you to try out my newly learned martial arts skills, I hope you really have two skills."

Huo Huan made a starting stance after she finished speaking.

However, once she did so, Ye Lu was taken aback because this gesture was the starting stance of the "Candle Dragon Finger", the only martial art he knew.

"Someone from the Xuantian Sect?"

Ye Lu muttered in his heart, because the martial skills of the clan could not be passed on, this woman was either a member of the Xuan Tian Clan or she had learnt the martial skills of the Xuan Tian Clan that had been passed on.

Following that, Ye Luo felt a terrifying aura coming from Huo Huan's fingers, and he immediately felt a huge pressure.

However, following that, Ye Lu was somewhat surprised because under this immense pressure, his own cultivation level, which had been falling short by a hair, finally broke through, and a fifth strand of spiritual energy appeared from his dantian.

At the same time, Huo Huan's one finger also arrived.

It was too fast, and as Ye Lu had just been distracted for a moment when he broke through, he could only dodge slightly to avoid the vital point, but the finger still pierced a transparent hole in his chest.

However, this wasn't the most troublesome part, the most troublesome part was the innate true qi that had entered his body.

These true qi ran wildly through his meridians. Luckily, the level of aura was so much more advanced than true qi that Ye Lu was not killed outright.

This time the wheel of time turned, and the person who remained still on the stage became Ye Luo, while Huo Huan took a few steps back and looked at him with his head tilted in a good way.

All the audience on stage were also watching the scene in silence.

Liu Mei's heart was already in her throat, she was quite familiar with Ye Luo, so even though Ye Luo had changed his voice, from his body shape and other aspects, Liu Mei had already judged that this person should be Ye Luo.

"Don't die, please!"

She prayed silently in her heart.

Likewise, the fans of the "Masked Man in Silk Stockings" were also praying, as they were extremely worried that Ye Lu would suddenly collapse just like Sun Li.

Then, Ye Luo spat out a mouthful of blood. He spat out a mouthful of blood.

"Ah!"

"Waaah! No way!"

"Silk Stocking Masked Man' is going to die?"

.....

All the people were sweating for Ye Luo.

But of course, this mouthful of blood was fake, at this moment, Ye Lu was taking advantage of the stall of spurting out this blood to take out the spirit stone to fly in processing the true qi in his body, while adjusting his spirit qi to wait for an opportunity to move.

"LOL! It looks like it worked pretty well."

Huo Huan was very satisfied with the blow, and following that, she smiled as she walked forward.

"Let me see what you really look like."

As she spoke, she extended her hand towards Ye Luo's head.

Seeing that Huo Huan was about to remove the stockings from Ye Luo's head, everyone once again held their breath as this was something that everyone present was curious about.

In fact, everyone who came to see the fun was wondering, "What does the Stocking Masked Man really look like?"

However, just as Huo Huan's hand was about to grab the stocking, Ye Luo made a swift move, the same move, the same finger, but on Ye Luo's finger shone a bright fire-red flame.

It was the "Red Lotus Karma Flame".

This kind of flame was also the nemesis of demonic beasts, so the moment the flame appeared, Huo Huan's brow furrowed.

She had seen the "Red Lotus Karma Flame" before, initially in the body of a fire pepper, but it was absorbed by Ye Lu.

"He's Ye Luo!"

Lin Ruyue was astonished beyond words.

Another person who was equally surprised as Lin Ru Yue was the "Daoist Master Xuanhe" who had been watching the stands from the house. He was surprised that Ye Lu was actually using their Xuantian Sect's unique martial art "Candle Dragon Finger".

Outsiders might confuse the "Candle Dragon Finger" with the "Yi Yang Finger", but Daoist Master Xuanhe definitely would not.

"How does he know the sect's martial art?"

Just when Ye Lu thought she had gotten it, Huo Huan laughed, followed by a bright white light on the revealing dress she was wearing.

At the same time, she had grabbed the stocking on Ye Luo's head and ripped it off.

Chapter 214

It turned out that this exposed dress of Huo Huan was not an ornament, but also a magic weapon, and when he saw the glow light up, Ye Lv regretted a little, if only he had just used his glasses to check out this dress as well.

"Snort!"

This finger with radiant flames poked Huo Huan's chest, and Ye Luo's stockings disappeared at the same time.

Following that, everyone froze.

After the stocking disappeared, everyone did not see the true face of the "Stocking Masked Man", there was still a stocking behind it, but the situation was a little different.

“Holy shit! I thought his stocking looked thick today.”

At this point a man said as if it had dawned on him.

And right after that, Huo Huan started to back up.

Because, to her surprise, she found that Ye Lu’s aura could actually penetrate her defenses and bring the “Red Lotus Karmic Flame” into her body, although the amount was small, it still hurt her.

“Brush!”

Huo Huan backed up quickly, and then began to meditate.

After all, Ye Lu’s martial art was a simple version of the Candle Dragon Finger, and its destructive power was very limited. She was worried about the “Red Lotus Karmic Flame” that had entered her meridians, and once her meridians were damaged, it would definitely have a huge impact on her cultivation later on.

Ye Luo, on the other hand, was rapidly absorbing the spirit stones to condense the fifth strand of spiritual energy.

He found that what Glasses had said was right, between life and death was incredibly helpful in improving his cultivation, he felt that the fifth strand of spiritual energy was growing tens of times faster than usual under the great crisis.

It was a pity that he had brought only a limited number of spirit stones with him.

The crowd below the stage, on the other hand, looked at the two people on the stage in some confusion.

During the first match, Zhang Li was motionless after being beaten, just now Ye Lu was motionless, and now both of them were motionless, so everyone was a little confused as to what the situation was now.

“Wasn’t the ‘Silk Stocking Masked Man’s’ strike just blocked?”

“I guess the attack was too strong.”

“How strong an attack was it that even the defences of the ‘Combined God Realm’ were broken?”

“How should I know.”

.....

However, very quickly, Huo Huan dealt with the flames within his body, and then looked at Ye Lu and said.

“I really didn’t expect it, you’re actually so powerful, and up until now, I haven’t even figured out what kind of cultivation level you are.”

In fact, Ye Luo’s heart was also filled with emotions, he could deal with Saint Jessica at the peak of the “Placental Breath Realm” before, but now with the extra aura in his body, he still couldn’t deal with Huo Huan at the middle stage of the “Harmonious God Realm”.

“The difference in cultivation level is really a headache!”

Seeing that Ye Luo did not reply, Huo Huan attacked again.

However, this time, Ye Luo had already prepared for it, and with an additional aura in his body, he quickly began to dodge.

“Huh!”

Huo Huan clearly sensed the change in Ye Luo, his reaction speed had clearly become faster than it had just been.

However, following that, Huo Huan’s footwork changed, she suddenly became extremely fast and erratic, Ye Luo felt like he would be stopped by his opponent no matter how he escaped.

“Another martial skill, headache!”

Seeing this fluttering step, Ye Lu understood that this must be some kind of martial skill again.

He felt more and more that the shortcoming of not having martial skills must be solved as soon as possible.

“Listen to me! I can help you

Seeing that hard resistance was definitely not going to work, Ye Lu quickly changed his strategy, however, before he could finish his words, he was kicked by Huo Huan and flipped to the ground.

“Boom!”

The old penetrating injury he had just sustained was still fresh, and with this blow, Ye Lu spat out a mouthful of blood once again before he spoke the second half of his sentence.

“Raise your cultivation

However, Huo Huan did not seem to believe it as she continued to attack towards Ye Luo.

However, while dodging quickly, Ye Luo had already thrown two pills at her.

This “Demon Breeding Pill” was originally made by Ye Lu for the demon beast “Two-headed Love Snake”, which had already been fed to a second level Innate Demon Beast.

As soon as she got the “Demon Breeding Pill”, Huo Huan felt the rich medicinal power in the pill and she instantly understood that it was really useful to her, and extremely useful.

In fact, she had been having trouble with the pills for a day or two, most of them had no effect on her due to her physique, and this was the first time she had gotten a pills that really targeted her physique.

“I have a better one!”

Ye Luo said again quickly while the iron was hot.

This time Huo Huan’s heart really moved.

So, she quickly whispered as the two tangled together.

“Okay, I can spare your life, but the Patriarch will come out next and you will still die, I’m afraid.”

Ye Luo then quickly replied.

“I have my own way of doing this.”

In fact, he didn’t have a gross solution, he could only take one step first.

Hearing Ye Luo’s reply, Huo Huan thought for a moment and said.

“No, first give me all these pills you have on you first, otherwise, in case you die, wouldn’t I not be able to get a single hair.”

The situation of the two people on the stage exchanging words while fighting immediately aroused everyone’s suspicion.

Daoist Master Xuanhe also frowned.

He could obviously tell that Ye Lu had basically no chance of winning in front of Huo Huan, but the two suddenly stopped fighting and started exchanging gestures, which was very bizarre.

“What the hell kind of tricks is that kid playing?”

He muttered as he watched the stage, followed by him seeing Ye Luo not knowing what he had taken a bag of something and secretly gave it to Huo Huan, then Huo Huan sold a break and pretended to be knocked down by Ye Luo.

Although this flaw was quite clever and could fool the amateurs, it certainly could not fool the eyes of a patriarch like Daoist Master Xuanhe.

“Now you know how powerful I am, right?”

Ye Lu looked at Huo Huan, who was lying on the ground, and said coldly.

Huo Huan readily conceded defeat, she was not worried about the “Heaven Sheltering Gang” retaliating against her, after all, she was the child of a demon beast, if she dared to harm herself, the demon beast would come back one day and be in big trouble, to a demon beast, killing a Grandmaster was just like swatting a fly, no one wanted to take that risk.

The audience couldn’t understand what was going on here, all they knew was that the “Masked Man in Silk Stockings” had pulled off another comeback.

“Come on! Stocking Mask!”

“Go stocking masked man, yeah!”

“I adore you, Stocking Mask!”

.....

The audience cheered with excitement once again.

However, at this moment, Ye Luo did not have a slight feeling of relaxation in his heart, according to Huo Huan, he was about to fight against a terrifying “master”.

Although Ye Lu had never heard of a “Patriarch” before, there was no doubt that a “Patriarch” was definitely a level higher than a “God Harmony Realm”.

It should be a realm above the “Innate Expert” realm.

Of course, the fact that he had to fight Huo Huan with so much effort had to do with the fact that Huo Huan had a defensive magic weapon, and Ye Lu had just seen that the dress Huo Huan was wearing was actually a “medium grade” magic weapon.

Unless she was like Jessica and allowed herself to attack one after another, it was really hard to do much damage.

At that moment, the host once again waved his hand around and said in a loud voice.

“Everyone, be quiet for a moment.”

Once everyone had quieted down, the MC continued.

“Next, I would like to invite the last ‘Killing Angel’ to come out, I am afraid that none of you here have seen such a person before, as he is a ‘Patriarchal’ super expert, please welcome Patriarch He Xuan.”

Hearing that there was actually a Patriarch making an appearance, many people from the four great clans stood up violently.

Although the “Heavenly Clan” had recently risen to fame, no one knew their true strength, but this time they actually sent out a “Grandmaster” expert, and a Grandmaster that no one had ever heard of before.

After that, Daoist Master Xuanhe slowly walked out of the room in his new clothes.

Everyone’s eyes looked at Daoist Master Xuanhe, who was wearing a black outfit inlaid with a golden dragon, looking really dominant.

“Brush!”

There was no sign of him making any movements, and the man had already flown onto the stage.

While Daoist Master Xuanhe’s face was silent, as if nothing in the world could arouse his interest. In front of this invisible pretentious aura, the crowd present was deeply convinced.

“Patriarch, it’s really different.”

“Yes, the aura is just different!”

“It’s the first time I’ve seen a patriarch.”

.....

Although the public did not know much about cultivation realms and such, they were familiar with the name “Patriarch”, and those who could be called “Patriarch” were all legendary existences.

Only after a long time did Daoist Master Xuanhe look at the stage and say in a light-hearted manner.

“There is no need to be so surprised, as Grandmasters are only common in our ‘Heavenly Clan’.”

Chapter 215

When they heard what Daoist Master Xuanhe said, everyone present, especially those from the four ancient martial arts families, were shocked, because if what he said was true, then I'm afraid that these ancient martial arts families were really no match for the "Heavenly Clan".

And Daoist Master Xuanhe continued.

"The 'Heavenly Clan' is full of talents, and a mere sect master is like a carp in a river, which is why this sect master will come here to deal with a junior."

This statement was extremely pretentious, causing many people to take a breath of cold air.

If there were really so many "Patriarch-level" people, then the "Heaven Sheltering Gang" was really something.

Although the uninformed crowd didn't quite understand what he was saying, many knew how powerful the Grandmasters were, so they couldn't help but look at the "Heavenly Clan" in a different light.

Daoist Master Xuanhe was satisfied with the effect of his appearance.

After all, he was a real master of the clan, and although this was nothing in the clan world, it was quite a formidable existence in the secular world.

Following that, he turned his head to look at also Ye Lu and said.

"Little doll, where did you get that martial art of yours?"

Ye Lu did not expect the other party's first question to be about this matter, however, he had just checked the other party's identity as well as the other party's cultivation level and profile, and he suddenly had an idea.

So, he smiled and said.

"What, is there something wrong with this martial art? It's just an extremely low grade martial art."

Daoist Master Xuanhe then said with a frown.

"You'd better tell me the truth before your skin suffers."

For his part, Ye Lu smiled and said.

"This matter involves the top brass of that sect, so I'm afraid it's not convenient to tell you."

He had learned from Daoist Xuanhe's profile that this Daoist Xuanhe was a loyalist of the sect and cared a lot about the sect's interests, so he would never leave such a matter of passing on the sect's martial arts skills unattended, and the sect's basic treatment of passing on martial arts skills was that those who passed on the skills would be killed without amnesty, while those who received the skills and cultivated them on their own without passing them on would have all their cultivation wasted.

This is an unwritten rule in the "clan world", but of course, to be frank, it often depends on how the clan operates.

There are many martial skills in the clan, and not all of them are created by the clan itself. Therefore, you can say that some martial skills are your own clan's, or you can say that they are collected by the clan.

However, this "Candle Dragon Finger" was indeed unique to the Xuantian Sect, so Daoist Master Xuanhe would definitely not ignore this matter.

In Ye Lu's opinion, as long as Daoist Master Xuan He wanted to know who had passed on the sect's martial arts, he would definitely not be quick to kill him, and he would need to replenish his depleted spiritual energy in the meantime.

As expected, when he heard Ye Lu say that the sect's top brass was involved, Daoist Master Xuan He's brow furrowed.

He was somewhat confused as to what Ye Lu meant by this statement, while Ye Lu took the opportunity to frantically consume the few remaining spirit stones to start replenishing his aura.

Seeing the two men talking to each other in an unsavoury manner, the people on the stage were clamouring.

Some of the women were shouting "Shame on the Heavenly Clan".

"Heavenly Clan, how dare you send a sect master to deal with the 'Silk Stocking Masked Warrior', how shameless!"

"That's right, how despicable, even a wheel fight."

"What kind of a good man is three against one?"

"Is this a clan master? How can there be such shameless patriarchs."

.....

Of course, the person who started shouting this was none other than Water Shadow Lin Ruyue. When she saw the "Red Lotus Karma Fire" and knew that this "Silk Stocking Masked Warrior" was her master, her heart was in her throat.

He also got his junior uncle Miao Fengling and Miao Renlong to shout aloud together as well.

However, what she said was also true, so immediately everyone shouted.

She could not hear the conversation between the two people, but she felt very familiar with the finger that Ye Luo had used before, as she had seen Ye Luo strike at Tianma Mountain before.

Her heart clenched at this moment, for the other party was a "Grandmaster", and she only knew of one Grandmaster in the Long Family, and that was the patriarch.

It was not that these people really knew anything, but they were all extroverts, and this kind of three against one wheel fight was really infuriating, and as everyone could see, Ye Lu had just been injured and spat blood more than once.

Hearing the continuous shouting from below, Daoist Master Xuanhe also felt a little embarrassed on his face, it was indeed a bit out of character for a sect master to do so.

So, he coughed and said aloud.

“Everyone, be quiet.”

With this loud and unusual sound, everyone present fell silent.

Following that, he then said.

“As a Patriarch, it is indeed a bit inappropriate to strike at this time.”

With those words, he then held out a finger and said.

“Therefore, I will only throw one finger in a moment, and if ‘Silk Stocking Masked Warrior’ can dodge or catch this finger without falling, or if he can injure me, I will withdraw and admit defeat.”

“In addition, I will give ‘Silk Stocking Masked Warrior’ enough time to adjust and rest, so that he can recover his condition.”

In Daoist Master Xuanhe’s opinion, Ye Lu was basically unable to fight back even when he was dealing with Huo Huan, one finger of his own was already enough to seriously injure him, of course he didn’t want to kill Ye Lu directly, he wanted to bring Ye Lu back to the clan and ask about the external martial arts techniques before killing him.

All the others were thinking the same as Daoist Master Xuanhe, they all understood that the “Masked Man in Silk Stockings” was dead this time.

Lin Ru Yue saw that the uninformed crowd seemed to have been convinced by the Patriarch, so she thought for a moment and said in a loud voice.

“The Four Families, are you all losers? Don’t you have any decent men? Stand out and fuck them!”

Now she could only hope that the people from the Four Great Ancient Martial Clans would step in, if someone could help, perhaps things would still have a chance to turn around.

However, none of the four great clans spoke up.

Ye Yan looked at the people of the Ye family around herself and said.

“You guys are really disappointing, just because you don’t dare to go on stage, why don’t you even dare to fart?”

However, the people of the Ye family did not say anything. To be honest, from the time the Grandmaster appeared, they had already conceded a bit, the children of the family were different from the people of the club, the people of the family were basically pampered, while the people of the club were brave and ruthless.

Seeing this scene, Lin Ruyue was completely desperate.

Liu Mei’s palms were also sweating.

However, just at this moment, Ye Lu said.

“I’m fine, you do it.”

Hearing Ye Luo say that he was ready so quickly, not only the audience, but also Daoist Master Xuan He who was opposite him was also very surprised as he frowned at Ye Luo and asked.

“Are you sure?”

Ye Luo smiled and nodded his head.

“Good, then you will take the move.”

After his finger was raised, even the air seemed to fluctuate, and the Yuan Qi of heaven and earth began to coalesce on his finger, followed by a bright glow from the tip of his finger.

“Ho!”

Seeing this finger, everyone on the stage cried out in surprise, this aura was so terrifying, it was completely incomparable to the finger Huo Huan had just used.

“It’s over, this time the ‘Silk Stocking Masked Man’ is dead.”

“If this finger goes down, the man will still be turned into flying ashes!”

“What a pity, I haven’t even seen his face yet.”

.....

The first time I saw the amazing finger, everyone felt that the “silk stocking masked warrior” was dead, Liu Mei’s finger nails had already pinched into the flesh, her lips had already bitten blood, tears “brush! She felt that she was about to lose Ye Lu.

Seeing the performance of the crowd on the stage, Daoist Master Xuanhe was very satisfied and he looked at Ye Lu and said.

“Take the move!”

Following that, his figure rushed towards Ye Lu like flying.

“It’s over!”

The same two words popped up in everyone’s mind.

Chapter 216

Just now, Ye Luo could not even dodge Huo Huan’s attack, and it was even more impossible for him to dodge a “Sovereign Level” strike, as Sovereign Crane Xuan was a full level higher than Huo Huan.

In fact, this was also true, although Ye Luo had just taken a “Heaven Stealing Pill” when he was adjusting, this pill might have allowed him to increase his cultivation by an unprecedented amount in a

short period of time, but it was not enough to make up for the gap between him and the “Grandmaster” level.

Firstly, he knew very well that he couldn’t avoid it at all. Just now, Huo Huan’s devil-like pace left him no room for escape, not to mention the fact that he was a Grandmaster this time.

Secondly, he was betting that Daoist Master Xuanhe was not going to kill himself, but rather to waste his cultivation and then track down the matter of the clan’s martial arts outflow.

If that was what Daoist Master Xuanhe had decided, then the location of his attack would be his own dantian.

Sure enough, this time Ye Lu was right in his bet, as Daoist Master Xuan He’s finger did poke above Ye Lu’s dantian.

However, the scene of the dantian being poked by you did not happen, Daoist Master Xuanhe felt that his attack was actually blocked, and it was still completely blocked, not only was it blocked, there was also a recoil coming from it.

He was shocked beyond words, and at the same time, Ye Lu’s one finger had already darted towards his chest and poked him.

With Ye Lu’s cultivation, he would not be afraid of a full version of the “Candle Dragon Finger”, not to mention a simple one, because he was wearing a soft armour inside his clothes, and it was not difficult for a person at the Master level to defend his whole body with true qi.

But this time he was wrong, and very wrong, because Ye Lu’s real attack was not this finger, this finger just couldn’t even deal with Huo Huan, he was not a fool, how could he use it against a Grandmaster.

His real attack was at the back.

Suddenly, an arrowhead appeared in Ye Lu’s attacking hand, the arrowhead of the “Sunset Arrow”, and the next moment, the arrowhead had already poked into Daoist Master Xuanhe’s heart, just like a knife cutting through tofu, without a hint of obstruction, the dagger went straight to the handle.

The dagger went straight to the hilt. Daoist Master Xuanhe’s eyes widened in surprise.

“What is this what is this”

He looked at Ye Lu in disbelief.

The power of a “magic weapon” was related to the level of the weapon and the level of the user, and Daoist Master Xuanhe could not think of what kind of magic weapon Ye Lu could use to pierce his own defense and the Xuan-ranked treasure armor on his body.

It was obvious that even a “Heavenly Grade” magic weapon could not do this.

“This isn’t real”

He looked down at his chest and muttered, before his body fell to the ground with a “thud!” The body fell to the ground with a thud.

“Sure enough, the ‘Burning Heavenly Furnace’ has defended against this blow.”

He was just betting that the “Burning Heaven Furnace” in his dantian would be able to block this blow.

Although the ranking of both the Burning Heavenly Furnace and the Sunset Arrow were question marks, according to Ye Lu’s understanding, they should be beyond the category of “magic weapon”, but the Burning Heavenly Furnace was undoubtedly more advanced than the Sunset Arrow, because the Burning Heavenly Furnace could be stored in his dantian, while the Sunset Arrow could not.

Judging from the result, he had indeed bet right.

“Stocking Masked Warrior!”

“The Masked Man in Silk Stockings!”

“Stocking Masked Man!”

.....

The moment Patriarch He-Xuan fell, everyone shouted, the sound deafening, and all the spectators present stood up with their hearts pounding.

For no one had expected such an ending.

The “Masked Man in Silk Stockings” had defeated the challenge of the “Heavenly Clan” by himself, and all three of the “Killing Angels” had been defeated by him.

Liu Mei was finally relieved.

“That hurts!”

Ye Yan punched himself on the palm of his hand.

“This White Master is too bullish, there’s really no one else.”

Lin Ruyue’s mouth was also surprised enough to swallow an egg, how could she have not expected Ye Lu to actually reverse it.

The one-eyed dragon in the room was holding his hands on the table, he was already in a mess, not knowing how he should handle the current situation anymore, this matter had completely gotten out of hand.

“The clan’s patriarch was then killed, what next?”

His mind went blank as he muttered.

“Who the hell is this ‘Silk Stocking Masked Man’? It’s amazing that the clan master was killed.”

“It’s unbelievable.”

“The Patriarch wanted to kill him with one finger, only to be killed with one finger himself.”

“Poor Patriarch!”

.....

Soon, the audience began to chatter with excitement, everything happened so fast that almost no one saw the dagger that suddenly appeared in Ye Lu's hand, everyone thought that Daoist Master Xuanhe was poked to death with one finger.

The people from the four great clans were equally dumbfounded.

"Is this person pretending to be a pig and eating a tiger?"

Long Fei watched the stage with wide eyes.

However, Long Fei Xue had already confirmed the identity of the "Silk Stocking Masked Warrior" at this moment, as her angle, coupled with her innate cultivator's unique eyesight, allowed her to see the "Sunset Arrow" in Ye Lu's hand, which she was still familiar with.

"He really is Ye Luo!"

Although she had guessed it before, Long Fei Xue was still a little excited to be able to confirm that the "Masked Man in Silk Stockings" was Ye Lu.

They had seen the Grandmaster's finger poke the "Stocking Masked Warrior's" dantian, but the "Stocking Masked Warrior" did nothing, and then even killed him, which was beyond their common sense.

"Is this 'Stocking Masked Man' a demon? Or is the father god 'Izanagi' reincarnated?"

Yasuhiko Abe was also shocked by this scene.

However, business had to be done, and he made a gesture towards Lin Qing.

Following that, a message was received from Qin Shiyu's side.

"If you don't want something to happen to Ye Lu in the future, come alone to the 'Great Man's Stone Forest' at the top of the mountain later, come alone only, and don't tell anyone."

The person who sent the message was an unfamiliar number, Qin Siyu thought about it and decided to dial a number for Ye Lu, only to call Ye Lu's side several times with no answer, which made her really worried.

"Silk Stocking Masked Man' is a big bully this time!"

Nie Yibiao said with some emotion as he sat on the rock watching the scene.

Following that, he then looked around and asked.

"Where's that kid Ye Lu, did he roll down the mountain? Taking a shit and not even coming back now."

Mu Zi Ze then said with a smile.

"No, I sent him a message earlier, he said he saw the girl on the way, so, he didn't come over to our side, I feel that the reason he is carrying the package should have been planned for a long time."

Nie Yibiao, on the other hand, said with a heated smile.

“Is he planning to have a wild time on this mountain? How come I can’t meet such a good thing? And this kid Jin Kun, he’s also a lustful bastard.”

Jin Kun had also been called away by Shen Luyan earlier, so only Nie Yibiao and the three of them were left on this mountain beam.

“I bet this ‘Silk Stocking Masked Man’ will definitely become the hot character of the year.”

Mu Zi Ze said with certainty as he kept refreshing the news.

However, at this moment, it was not only the people from the “Sky Covering Gang” who didn’t know how to end the show, but also Ye Lu, who didn’t know how he should leave this hellish place.

The stage was now surrounded by countless people, and everyone had a frenzied look on their faces, so it was likely that they would rush up and take off their stockings.

“How do I get out of this hellhole?”

Ye Luo’s head got a little big, and following that he turned his head to look at the demon girl Huo Huan.

Demoness Huo Huan was an ice-smart woman, of course she knew what Ye Luo meant, so she flew over to Ye Luo’s side and smiled and whispered.

“Give me WeChat, owe me another favor oh!”

Ye Lu thought for a moment, then quickly said the WeChat number.

Huo Huan, on the other hand, brawlingly carried Ye Luo and jumped towards the audience, following which she then unfolded her stance and flew over the heads of the audience towards the outside of the auditorium.

Everyone was bewildered, as they didn’t expect the “Masked Man in Silk Stockings” to escape so quickly.

However, Huo Huan was so fast that she didn’t give anyone time to react as she darted out of the venue and into the woods, disappearing.

“Well, I can only help you here, remember what you said, I have saved your life twice!”

Huo Huan looked at Ye Luo and said with a smile.

Ye Luo nodded solemnly and said.

“Don’t worry, I remember this matter, moreover, I still have things to ask you to cooperate in the future, things that will benefit both of us, however, I have to hurry back now.”

The first thing you need to do is to go back to the bushes and hide your clothes and phone in the bushes.

Seeing Ye Luo’s appearance, Huo Huan then smiled, before turning around and disappearing into the woods.

Soon, Ye Lu got his hidden things, and he found that there were several missed calls from Qin Shiyu on his mobile phone, and they were the ones that had just come in.

He quickly dialled back, only to hear Qin Shiyu say.

“Ye Lu, you can call back, someone just said you were in danger and asked me to come to the ‘Great Man’s Stone Forest’, I’m here now, where are you?”

Hearing Qin Siyu’s words, Ye Lu immediately had a bad premonition, he quickly said.

“Wait for me there, I’ll be there soon.”

However, at this moment, Ye Lu did not know that the trouble that would follow was far greater than he had imagined.

Chapter 217

Ye Lu quickly changed his clothes, then carrying his parcel, he opened the map provided by his “auxiliary ability” and rushed towards the “Great Man’s Stone Forest”.

The “Stone Pillars of Great Men” was an attraction at the top of this mountain, and it was unknown which carving enthusiast had carved the stone statues of great men from all periods, ancient and modern.

However, they are all displayed as a tall pillar with a head at the top, hence the name “Stone Pillars of Great Men”.

While rushing to the “Great Man’s Stone Pillar”, Ye Lu turned on the mobile phone positioning ability on his “Assistive Ability” and first locked in Qin Siyu’s location, and then called Nie Yibiao and the others, telling them not to wait for him, as he was spending the night on the mountain with a beautiful woman.

Of course, Nie Yibiao spat out Ye Lu’s shamelessness again, but everyone left obediently.

Qin Shiyu waited alone in the “Great Man’s Stone Forest” for the man who had called her, and also for Ye Lu to arrive.

This was also the top of the hill, not too far from the “Purple Gold Square”, so she could still hear the noise of the square, and many of the audience had already started to party at the top of the hill.

Since she had come all this way and tomorrow was a weekend, many people had decided to stay here and have fun before going back.

What she didn’t know was that not far from her, five Shadow of Death protectors, including the cleaning lady, had already confronted the Yakuza.

“Why are you Yakuza interfering in this matter?”

The cleaning lady asked coldly, looking at the ninja assassins of the Yakuza.

These ninjas were well trained and of course were very proficient in Chinese, so this guy smiled and said.

“Don’t worry about it, you know the rules of the ‘underworld’, we take money from people and we work for our employers.”

For her part, the cleaning aunt sneered and said.

“I don’t think that loser can afford to hire you guys, what kind of conspiracy are you ‘Society of the Extreme Way’ trying to pull?”

The cost of employment in the underground world was not measured in terms of money, so if they wanted to hire five cultivators from the "Society of the Extreme Dao", who were also genuine members, the cleaning aunt felt that Lin Qing definitely did not have such power, they had investigated Lin Qing and he was just a waste of cultivation, that was why the "Shadow of Death" had sent these five women from the "Pulse Raising Realm" to protect Qin Siyu.

Moreover, this was just a personal grudge, so there was no need to make such a big deal out of it.

Therefore, the presence of these ninjas was definitely unusual.

However, the ninja opposite her smiled and said.

"When did it become your turn to dictate what we do in the 'Society of the Extreme Way', we can do whatever we want."

With those words, he rushed up wielding the Japanese sword in his hand.

"Hmph!"

The cleaning aunt also took out two machetes from the package she was carrying, and the two men instantly got into a fight.

However, following that, the cleaning aunt saw that several more figures had appeared.

Seeing this scene, her brow furrowed while she began to fly backwards.

This time, there were only five of them to protect Qin Siyu, while the other side had obviously come with a lot more people, so if they didn't shrink the circle of guards, there was bound to be no way to guard Qin Siyu.

Qin Siyu, who was anxious and did not know what to do, suddenly saw five people, including the cleaning lady, suddenly run around her and surround her, while more people were holding weapons and pressing forward.

The men were all dressed as Japanese ninjas.

She immediately understood that she had been fooled, but she felt that these people should not be here for her two, she did not feel that there was anything about herself that made so many people take her seriously, most of these people were here for Ye Lu.

So, she quickly dialed Ye Luo's number.

"Ye Lu, run, there are a lot of Japanese ninjas here, I feel like they should be here for you."

Ye Luo then quickly will said.

"Protect yourself, I'll be right there."

After saying that, Ye Lu took off his shirt and put on the mask of "Blood Shadow" and ran towards the "Great Man's Stone Forest", using his real identity was just what the other party wanted.

Moreover, Ye Luo had to be quick because he did not know when the weakness of the "Heaven Stealing Pill" would begin, but he felt that it would not be long before it did.

In order to stop this weakness period from coming quickly, Ye Lu thought about it and took another "Heaven Stealing Pill" as well.

Taking two Heaven Stealing Pills in a row would indeed delay the onset of the weakness and increase his combat power again, but the negative effects would also be very serious, but Ye Lu couldn't care less about that anymore.

He not only arranged for double the number of his opponent's men, but he also called for a helper who was also at the "Combined God Realm" just in case.

He would not use the Sake-tongue and the ghosts lightly, as they were the focus of the capital's plan.

"Is this girl really that important to that Ye Lu?"

The helper next to Yasuhiko Abe looked at the "Great Man's Stone Forest" not far away and said with some confusion.

"For a cultivator, a woman should be the most useless thing, I don't think you'll be able to use this girl."

Yasuhiko Abe said with a smile.

"That's just a personal thought, don't worry, it will be useful, that 'Soul Suppressing Tower' is the key to open the Lin family's 'Ghost Mound', if you have the 'Ghost Mound' ghosts in it, the 'Wine Swallow Boy' will be able to grow up quickly, and it won't be hard to destroy the capital city of China then."

The "Sake Swallow Boy" is one of the three great demons of Japanese evil, and will certainly be extremely terrifying when it really grows up.

"Huh! Why is he here?"

At this moment, Yasuhiko Abe saw a familiar figure appear, it was the "Blood Shadow" whom he had seen once during the "Underground Boxing Tournament", and he was impressed by the performance of the Blood Shadow.

However, what Yasuhiko Abe didn't understand was why "Blood Shadow" would come here.

When Ye Lu arrived near Qin Shiyu, he didn't say anything, he just took out his "Sunset Arrow" and rushed forward, because he didn't have time to talk anymore.

At this moment, with five strands of aura in his dantian, the arrow of the Sunset Arrow and the blue "Ghostly Inferno" in his hand, plus the increase of the two "Heaven Stealing Pills", Ye Luo was now at full power.

"Snort!"

The first ninja who rushed up became the first casualty, because he did not expect the seemingly insignificant "Sunset Arrow" in Ye Lu's hand to be so sharp, and of course, he also did not expect Ye Lu's speed to be so fast.

The Sunset Arrow cut the Japanese sword in his hand and then slashed across his throat.

"Snort!"

Blood immediately splashed out, and then the man “flopped!” Once Seng fell to his knees on the ground.

However, Ye Lu did not pay any attention to him but rushed towards the next ninja.

The cleaning aunt was playing hard to get, feeling that her five men would definitely be killed this time, when she suddenly saw Ye Luo, a divine soldier, descending from heaven.

“It’s ‘Blood Shadow’, why is he here, did Boss Black Meditation arrange this?”

In fact, the cleaning aunt and the others didn’t know who their employer was this time, they were all directly arranged by Black Meditation to come here.

“Boom!”

Following that, Ye Lu punched another ninja’s arm, and this guy’s arm immediately lit up with blue flames.

Since no one had seen the “Ghostly Underworld Flame” before, this ninja immediately panicked when the flames rushed into his meridians, but he wasn’t a “God Harmony Realm” practitioner like Huo Huan, moreover, Huo Huan had a magic weapon to block it and she had her own demon bloodline, so it didn’t affect him much.

This time was different, as the ninja’s arm was immediately set alight, and he quickly left the field and began to desperately use his innate true qi to deal with the “Ghostly Inferno”.

Ye Lu rushed towards the third man without stopping.

He did not have any martial arts skills at the moment, but he was fast enough to fight with Doku Ao, who was at the peak of the “Pulse Raising Realm” before his cultivation had broken through.

The ninja was using a lance called “Dragonfly Cut”, but at the moment it was cut off like paper by the sunset arrow, which then pierced into his heart.

In this way, Ye Luo was able to wound one and kill two ninjas in an instant, reducing the pressure on the crowd.

However, Yasuhiko Abe and another ninja, who had been in the distance, were already rushing over, and in Yasuhiko Abe’s opinion, this was the perfect opportunity to kill the Blood Shadow.

Chapter 218

In order to protect the members of the various organisations, there was a special way to send everyone away after each underground boxing match, so the other organisations were not actually aware of Ye Lu’s identity, and of course, many of them would not do something like assassinating a boxer, after all, it would be frowned upon by the other organisations and would be sanctioned jointly by the other organisations once the situation was established.

After all, the original intention of the terrible being who created the Underworld was not to let everyone kill each other.

However, this time was different. For one thing, the Yakuza were already doing everything they could, and for another, Shadow of Blood's crazy 61-game winning streak, especially this time when even Jessica, the Holy Maiden of the Gothic Blood, was defeated, had convinced Yasuhiko Abe and the others that there was no one in the Placenta Realm who could stop Ye Lu.

In other words, there was no more doubt about the 80th consecutive victory, and for the next 20 matches, as long as Ye Lu did not rush the match, there would be no problem at all to play steadily.

So, as far as Yasuhiko Abe was concerned, it was almost impossible to change the fact that "Bloodshot" had become a second Shura.

And tonight he had the chance to change that.

However, as Abe and the two of them rushed past, Ye Lu had already taken out two more ninjas, and his crushing speed, combined with the cooperation of the cleaning lady and the others, was simply terrifying.

But that all changed with the addition of Yasuhiko Abe and another ninja.

Although Ye Lu had gone through two crazy enhancements, he was not strong enough to fight against two experts of the "God Harmony Realm".

Of course, this was also related to Ye Lu's shortcomings. Ye Lu basically had no martial arts skills at the moment, and having no martial arts skills meant that he could not perform at all.

For example, when Jessica used her "Thirteen Heavy Slash", the power she sent out was several times more than her usual power, which Ye Lu could not do, as well as Huo Huan's footwork, which was definitely a good tool for dodging and attacking.

And right now, Ye Luo had nothing but a deadly fight.

"Boom!"

Following that, he received a heavy blow from Abe Yasuhiko, Abe Yasuhiko's fan wasn't sharp enough, but it was still easy to beat Ye Lu until he spat blood.

"Snort!"

The other ninja took the opportunity to stab over, but Ye Lu did not dodge, for he knew very well that he could not dodge this ninja's attack even if he dodged, and the martial art he was using was very strong, so he simply changed his method.

The slash went through the middle of the two ribs on his right chest, and the long blade of the katana went through Ye Lu's back, however, he also took the opportunity to grab the blade of the katana and then punched the ninja in the heart.

"BOOM!"

Blue flames tumbled out, and with this blow Ye Lu used all his strength, as well as the only martial art he knew, the simple version of "Candle Dragon Finger".

"Woo!"

Immediately after being hit, this guy started to fall backwards.

It was obvious that the blow had been very hard on him, and blood was already flowing from the corner of his mouth.

However, Ye Luo wasn't much better, this time the transparent hole in his chest turned into two, and he also spurted out a mouthful of blood furiously.

"Ye Luo!"

Seeing this scene, Qin Shiyu's tears "brushed!" They flowed out in a flash.

"Go away, go away!"

Previously, when Ye Lu was wearing clothes and stockings, Qin Siyu did not associate Ye Lu with the "masked man in stockings", so she did not pay attention to this.

However, this time was different, Ye Lu told him he would come, then Ye Lu did not come, a bare-chested guy wearing a mask came, and this guy's height and body shape were basically the same as Ye Lu's, even the most stupid could know the identity of this person.

Hearing that Qin Siyu had broken his identity, Ye Lu helplessly sighed in his heart, however, he understood that none of this was important at this moment, what was important was that he might not be able to protect Qin Siyu's safety anymore, as he could already feel his body starting to get weaker.

"Snort!"

Ye Lu quickly pulled out the katana stuck in his chest and dropped it on the ground, followed by a stumble.

"Oh, so your name is Ye Lu!"

Abe Yasuhiko looked at Ye Lu and said with a smile.

"But alas, today is the day of your death, your dream of 'Shura' ends here. As for your girlfriend, her looks and body are first class, don't worry, I won't kill her, I will send her to Kabukicho in Japan, she will have a happy life there. "

With those words, Yasuhiko Abe then quickly raised his hand.

"Brush!"

The fan flew open, followed by the flying knives hidden in the fan, the sharp flying knives "Snicker!" They flew into Ye Lu's body.

Ye Lu made one last effort to avoid the most important vitals, but there were really too many flying knives, and blood immediately stained Ye Lu's body, and then he fell to the ground with a "bang!" He fell to the ground with a bang.

"Siyu I'm sorry I can only help you so far"

Ye Lu looked at Qin Siyu and said with difficulty.

“Ah!”

“No.....”

Seeing this scene, Qin Siyu let out a cry of exhaustion, followed by her clenched fists, her eyes looked at the night sky and let out a howl that was not a human voice

“Ow”

This cry had a harsh emotion, an angry emotion, and a fierce and unusual rage, which made the heart shudder.

Immediately afterwards, Qin Shiyu’s body glowed with change.

“Hiss!”

Her clothes were all torn and torn, and a large snake with a human face and a snake body tens of metres high and covered with red phosphorus appeared in front of the crowd, the head of this large snake was still Qin Shiyu’s head, except that the hair had become several feet long and the colour had also changed to fire red.

At this moment, Qin Siyu’s eyes had turned dark gold and his pupils had turned into a vertical line like that of a beast.

Seeing this terrifying mutation, everyone was stunned for a moment.

“Candle Dragon!”

Ye Lu saw the name of the giant snake after Qin Siyu’s transformation through his glasses, but before he could read the rest of the information, he had already passed out.

All those who hadn’t left the “Purple Gold Plaza” were attracted by the commotion and saw the huge, fiery red monster that was tens of meters tall.

“Wow!”

“Ah, a monster!”

“Run!”

.....

The crowd panicked and began to run in all directions, but there were many good people who ran quickly towards the place where Qin Shiyu appeared.

The actual people are not afraid to see what’s going on.

When the transformed Qin Shiyu saw that Ye Lu had passed out, she let out a harsh roar and then opened her mouth to spit out a fiery red flame.

Abe Yasuhiko and the ninja took the brunt of the flames and were directly burned into nothingness, followed by the flames that turned several other ninjas into flying ashes, and even a “Shadow of Death” who was responsible for protecting Qin Shiyu was also affected and burned to nothing.

“This this this this this”

The cleaning aunt was astonished by the situation in front of her, because this “candle dragon” was really too terrifying.

“Ow!”

After that, the candle dragon transformed by Qin Siyu crawled to Ye Lu’s side.

It circled back and forth around Ye Lu and then wrapped its body around Ye Lu, and at this moment, Qin Siyu’s eyes were filled with tears.

After a long whistle, Qin Shiyu collapsed onto Ye Lu’s body and revealed her original form.

At the same time, a piece of clothing was draped over Qin Siyu’s naked body, followed by a long sigh and the sudden appearance of an old figure beside Qin Siyu and Ye Lu.

The person who came was none other than Qin Siyu’s grandmother, Granny Yun.

“Ai! It’s still like this after all.”

Granny Yun sighed and picked up Qin Siyu, then lifted her leg and picked up Ye Luo and dropped him on her shoulder, following which, she disappeared on the spot with the two people flying.

“Where’s that monster just now?”

“The monster is gone, but why is there such a big fire here!”

“Everyone, come and put out the fire!”

By the time everyone gathered from all around, the place was deserted, and only the flames that had not yet gone out remained.

And at this moment Granny Yun had already brought the two people to a place deep in the Purple Mountain.

Chapter 219

“Fortunately, it’s lucky that you didn’t die.”

Granny Yun looked at Ye Lu and removed all the flying daggers from his body, then applied a unique medicine to him, after which she looked at Qin Siyu again and said with a sigh.

“Ai! What exactly will happen in the future depends on yourselves.”

After saying that, Granny Yun put Qin Siyu to Ye Lu’s side, and then left quietly.

Not much later, Qin Siyu woke up first, she looked at everything in front of her somewhat dazedly, she could not remember what had just happened, including her own transformation, she only remembered that Ye Lu was stabbed like a hedgehog by that Japanese’s flying knife in order to protect herself.

Following that, she saw Ye Luo right beside her, and Ye Luo’s body was indeed covered with knife wounds everywhere, but they were coated with a medicine of unknown material.

“Someone saved us.”

Qin Shiyu said to herself as she looked at the wounds on Ye Lu’s body.

“Who the hell were those Japanese people just now? And why is Ye Lu called Blood Shadow? But he was just so good at fighting!”

Thinking of how Ye Lu had just fought for herself, Qin Siyu suddenly felt some small happiness, but when she tried to stand up she found that she was in so much pain that there was no way for her to stand up.

“Why does it hurt so much?”

She also felt a little depressed.

So, there was no choice but to lie down and rest for now.

Ye Lu fell into a coma for a full night before he woke up.

The first thing he saw when he opened his eyes was Qin Siyu who was beside him. Seeing that Qin Siyu was fine and was still sleeping sweetly beside him, Ye Lu was relieved.

Following that, he felt unbearable pain in multiple places on his body.

“This is actually not even dead, it’s really a great life!”

Ye Lu secretly celebrated for a moment, then began to run the aura in his body, only to find that after this night, the period of weakness had passed, his aura had regained itself, and the fifth strand of aura had actually become similar to the others.

“Shit! It’s growing so fast!”

This made Ye Li super surprised.

“Ouch! It hurts

As a result, this excitement tugged at the wounds on his body and once again, he couldn’t help but scream in pain.

“It’s better to use some of my own elixir.”

With difficulty, Ye Lu raised his hand and took out the “Regeneration Pill” from the “Burning Heaven Furnace”, which was a level higher than the “Spring Return Pill” for healing wounds.

After applying the wound and taking a few pills, Ye Lu laid still and waited for the “Regeneration Pill” to take effect.

“Phew! Finally, it doesn’t hurt that much anymore.”

Ye Lu breathed a sigh of relief, and then began to follow the method described in the “Medical Ability” and began to run his Spiritual Qi to repair the wounds in his body, the Spiritual Qi could even repair the naturally missing Dantian of the “Yun Lu Palace Master”, not to mention these wounds.

While he was repairing, he took out his mobile phone from the package.

Sure enough, there were a ton of missed calls.

He first reported to Liu Mei, Nie Yibiao, Gu Shiqi and Long Fei Xue, and then answered Lin Ruyue's call, as he had already guessed that Lin Ruyue must have known his identity.

Sure enough, Lin Ru Yue smiled and said.

"Ye Luo, I didn't expect you to hide quite deeply, not only do you know how to refine pills, but you are also so capable of fighting."

Ye Luo had to smile and said.

"General general world third la, no more jokes, little apprentice grandson, I have something to ask for your help, bring some herbs to the 'Purple Mountain', I am going to refine some pills, I will tell you the way to go later."

Hearing that Ye Luo was going to refine pills, Lin Ru Yue became curious.

She asked with some surprise.

"You really know how to refine pills, did you really refine the pills last time?"

Ye Lu smiled and said.

"Didn't I refine it did I pick it up for nothing on the street?"

As a result, Lin Ru Yue said with certainty.

"Yes, I and everyone else actually felt that you picked them up for nothing because the clan replied to me with a message, the clan said that those pills of yours contained a certain special aura that should belong to 'spirit medicine' and were not something that could be refined in this world."

After hearing Lin Ru Yue's words, Ye Luo was somewhat dumbfounded, the spiritual qi he possessed in his body, and the pills were to be refined with the aid of spiritual qi, so they were naturally spiritual pills.

Following that, Lin Ruyue said quickly.

"Master, just say it, what all do you need, I will help you match it, however, I have to watch you refine the pills later before I can do it."

Ye Lu smiled and then agreed to Lin Ru Yue's request, and then asked her to bring another set of clothes for girls to wear, even underwear and such, as well as some food to bring up.

"The after-effects of Qin Siyu's transformation were even more serious than she had imagined, as all the meridians in her body were damaged, so he had to make some pills to relieve the pain and nourish her veins.

Ye Lu checked the map of the Purple Mountain, then found a place with water to clean his body, fortunately, his clothes were still in the package, Ye Lu didn't care about his injuries, because they were basically external injuries, the "Regeneration Pill" was already the top of the line for external injuries, he should be able to cure them soon, he had been ravaged by Doku Ao every day before, he had gotten used to external injuries long ago.

“Phew!”

Ye Lu raised his hands, and the fiery red “Red Lotus Karma Flame” and the blue “Ghostly Underworld Flame” appeared on his hands at the same time.

With the increase in cultivation level and the addition of the “Scars of Silence”, these two flames were now very substantial.

Ye Lu felt that with his current cultivation level, there should be no problem at all with the “Placental Breath Realm” fights, so he called Black Hei first and asked him to arrange the remaining 19 fights in the “Placental Breath Realm” in the fastest way possible, preferably in one go.

“Blood Shadow, are you crazy, just now my men said that you were almost hacked to death by the ‘Society of the Extreme Way’ last night, and now you’ve recovered from your injuries?”

“Also, do you know what that ‘Yasuhiko Abe’ who died was? He was the direct descendant of ‘Abe Haruaki’, the great Yin Yang master of the Heian era, the future star of the Yin Yang Rao. Society of the Extreme Dao’ in a full-scale war, you can only rely on yourself.”

Ye Lu smiled and said.

“Don’t worry, I will take care of this matter myself, by the way, you can also start preparing for the boxing match regarding the ‘Vein Raising Realm’, the sooner the better as well, however, wait for my news on how exactly to fight.”

After saying that, Ye Lu instructed Black Meditation to tell his men not to spread the news about what happened last night, and then hung up the phone.

From the previous fight with Doku Ao, who was at the peak of the “Pulse Raising Realm”, Ye Lu already understood that with his current cultivation level, if neither side used martial skills, he would be able to crush a group of martial artists at the peak of the “Pulse Raising Realm”, as he had been able to fight Doku Ao evenly before.

However, if martial skills were included, it would be a different story. Dokgo Ao had tried it before, and as long as he used a little martial skill, his strength would increase and he would be able to abuse Ye Lu.

Thinking about the “Candle Dragon Finger”, Ye Lu looked at Qin Shiyu lying beside him.

“The hidden bloodline is really powerful!”

Ye Lu couldn’t help but feel a bit emotional, Qin Siyu had the same hidden bloodline as Jin Kun, Qin Siyu was so powerful, I wonder how Jin Kun’s was.

After waiting for a while longer, Qin Siyu also woke up, but her body was still in unbearable pain, just a slight movement made her sweat in pain.

“Don’t move around, I’ll help you refine some pills in a while, eat them and you’ll get some relief, however, if you want to recover to your original self, I guess you’ll have to wait a bit longer.”

Following that, Qin Siyu asked about why she had become like this.

After thinking about it, Ye Lu told her the truth, because this matter was so sensational that it couldn't be concealed at all, and it was estimated that all the media should be covering this matter.

"Luckily, all the people from the 'Society of the Extreme Way' were dead except for the ones from the 'Shadow of Death' who were present, but the trouble was the crowds who were watching, and I don't know how much they saw."

Ye Luo muttered a little worriedly in his heart, as he passed out afterwards, so what happened afterwards was unclear.

Soon after, Lin Ru Yue came in style.

Chapter 220

On Lin Ruyue's back was a huge parcel, but of course, this weight was nothing at all for Lin Ruyue.

"Hey, Master, how's that, I'm still fast enough, right?"

When he saw Lin Ru Yue, Ye Lu almost spurted blood, because this one was wearing a maid costume this time, with a huge pink tail at the back, actually cosplaying Daji from King's Glory, and it was still the maid coffee skin before adjustment, and the cleavage on her chest looked deep.

Ye Luo also played King of Kings, so this look was especially deadly to him.

"Okay, you win."

Ye Luo looked at Lin Ruyue and said silently, then he took the various things in her hand, although Lin Ruyue had a very secondary look, but, there was really nothing to say about her work, although it was rushed, but, everything was well prepared and the materials were all the best.

This made Ye Luo very satisfied.

"Master, hurry up and refine it."

Lin Ru Yue said somewhat anxiously.

Ye Luo nodded, then took out the "Burning Heaven Furnace" and started to light the fire.

"Lin Ruyue, do you also refine your own pills in the 'Pill Alliance'?"

Ye Luo asked while handling the herbs, in fact, although he was a member of the Pill Alliance, he didn't know anything about it.

Lin Ruyue smiled and said.

"Yes, refining medicinal materials is a compulsory course for us, moreover, we have 'Earth Heart Fire' there, and high-level pills can only be refined with 'Earth Heart Fire'."

Hearing Lin Ru Yue's words, Ye Lu nodded, guessing that the "Earth Heart Fire" she was talking about was the same as the "Ghostly Flame of the Underworld" before, a natural high-level flame that could refine pills.

After that, Ye Lu thought about it again and asked.

“Are there any cultivation techniques and martial skills in the ‘Pill Alliance’?”

Lin Ru Yue nodded and said.

“Of course, gong methods and martial skills can be used to exchange for pills, so don’t think that the people of the ‘Pill Alliance’ only refine medicinal materials, they are all experts, because counting up the gong methods and martial skills of the ‘Pill Alliance’ from number wise should be the most of all the sects.”

This was slightly out of Ye Lu’s expectation.

However, when he thought about it, it was also true that one had to have enough cultivation level to refine advanced pills, and this alone was enough for the people of the Pill Alliance to desperately improve their cultivation level.

After their cultivation level had increased, many martial arts skills would also come to fruition.

But then Lin Ru Yue said.

“However, Master, I’m afraid you can’t learn the Pill League’s martial arts and techniques right now, because you only just have the Pill League’s status, and you don’t even have the qualification of ‘One Star Pill Master’ yet, so you can’t learn anything from the sect. Of course, the resources of the clan that you can use are also very limited.”

After hearing Lin Ru Yue’s words, Ye Lu had to dismiss the possibility of obtaining martial skills from the Pill Alliance.

Soon, the ingredients were ready, and Ye Lu put all the herbs into the pottery furnace and started to refine them, while Lin Ru Yue quietly watched Ye Lu, not seeing anything else, she only noticed one thing, that is, Ye Lu handled the herbs professionally and skillfully, at least he should have countless refining experience.

It didn’t take long for the herbs in the dan furnace to melt, and it began to reach the stage of condensing the dan.

Since this kind of pill was not difficult to refine, Ye Lu directly stretched out his hand and released the “Ghostly Underworld Flame”, because the “Red Lotus Karma Flame” had just been collected not long ago, so he was still more comfortable controlling the “Ghostly Underworld Flame”.

“This is too incredible.”

Lin Ruyue was surprised again, in fact, when she saw Ye Lu’s finger light up with red flames last night, she was already shocked, because even her master, Master Mo Lian, could not do this, and only the senior members of the “Pill Alliance”, such as the elders of the “Pill Alliance”, should be able to do this.

So, Lin Ru Yue looked at Ye Lu and said.

“I’m really curious, what kind of cultivation level do you have? I’m afraid that only our elders can have this kind of ‘Dan Fire’, and every one of those pills is a heavenly pills.”

For his part, Ye Lu smiled and said.

“My cultivation level isn’t that high lah, it’s actually because I’ve collected these flames that I can use them.”

Lin Ruyue, on the other hand, shook her head and said.

“The matter of subjugating flames is something that only our elders can do, and they can only subjugate ‘beast flames’, as for the kind of fire on Fire Pepper that is a ‘spirit fire’, not to mention our elders, even our I’m afraid that even the ‘Alliance Master’ doesn’t have the ability to subdue it, you are really a strange person, and no wonder you can become Master Mo Lian’s master, I’m so looking forward to the day when you return to the ‘Pill Alliance’!”

However, Ye Lu was not interested in going to the Pill Alliance, at least not at the moment, what he needed to do now was to improve his battle power to deal with the upcoming crisis, I am afraid that neither the Heavenly Clan nor the Extreme Daoist Association would be willing to give up.

Soon, this “Pulse Restoration Pill” was made, and Ye Lu let Lin Ru Yue help Qin Siyu to take the pill, then he made another pill to relieve the pain, and after that, he made another “Heaven Transformation Pill”, and the rate of the finished product was even higher, there were already ten finished pills in this furnace.

“It looks like we’ve really made a lot of progress this time!”

Ye Luo said to himself, then handed the ten “Heaven Transformation Pills” to Lin Ru Yue and said.

“Give these pills to Master Mo Lian for me, I’ve taken advantage of her a lot, so let’s consider it a little compensation.”

Lin Ruyue looked at the pills in her hand with amazement, she had seen these pills with her own eyes before, Zhu Qihuang had made a breakthrough after taking one of these pills.

These pills were much more precious than those “regeneration pills” last time.

Afterwards, Ye Lu felt that she had almost recovered, so she started to contact the woman from last night, Huo Huan, using WeChat.

“Miss Huo, how is it, those ‘Demon Breeding Pills’ are not bad, I am making another ‘Demon Element Pill’ that can cleanse the ‘Demon Pills’. elixir, do you want some?”

Huo Huan had been waiting for Ye Lu to contact her for a long time, because those ‘Demon Breeding Pills’ were simply too helpful to her.

When she saw the voice message from Ye Lu, she didn’t hesitate to reply.

“Yes, I want it, I want it”

Ye Lu continued.

“Good, but there is something I want to beg you, can you pass on the martial arts skills you have on you to me?”

Ye Lu's master, Dokku Ao, could not pass on his martial skills because he was from the family, and the same went for Long Fei Xue and Lin Ruyue and the girls, so after Ye Lu thought about it, only this demon girl was the most suitable candidate.

Sure enough, Huo Huan immediately replied.

"Great! All martial skills can be taught to you, however, you have to provide me with an unlimited amount of 'Demon Breeding Pills' as well as the 'Demon Yuan Pills' you just mentioned."

Of course, Ye Lu agreed with a smile, as he was going to refine these two pills for the "Two-Headed Love Snake" anyway.

So, while waiting for Huo Huan, Ye Luo made another 'Demon Yuan Dan'.

Lin Ruyue, on the other hand, left in a frenzy to give Master Mo Lian's express pills and explain the situation, as she felt that the sect would be shocked this time.

It didn't take long for Huo Huan to fly to the mountain.

"Huh! Your injury is healed."

Huo Huan said in surprise as she looked at the bare-chested Ye Luo.

Ye Luo, in turn, smiled and said.

"A small injury, it's nothing."

Of course he was showing it to Huo Huan on purpose, he wanted Huo Huan to understand that working with him was the right choice.

"Do you have a 'Demon Pill'?"

Ye Luo looked at Huo Huan and said.

"If you have 'demon pills' of a more advanced level, especially those of the leopard type that fit with the attribute, the pills I refine will be more effective."

As a result, Huo Huan nodded and said.

"Yes, I have channels to obtain demon pills, don't worry about this."

Hearing that she had demon pills, Ye Luo nodded, there were quite a few pills he wanted to refine that required demon pills, now it seemed that he would have another channel to refine pills in the future, following which, he handed Huo Huan a potion he had just refined.

"This is the 'Demon Yuan Dan', the demon dan was provided by another friend, so it's not the most compatible with you, I need to learn the kind of footwork you did yesterday, and the 'Candle Dragon Finger', what other martial skills do you have, teach them all to me, right, these What grade are all these martial arts?"

Ye Luo said with some eagerness in a series of pearls.

Because he was too eager to learn martial skills.

Seeing Ye Luo's appearance, Huo Huan then smiled and said.

"Don't worry, they will all be taught to you, however, these martial skills are not of a high grade, the highest one is only a 'Xuan rank middle grade' martial skill."

Ye Lu thought about it and said.

"Good, then let's teach me this 'middle grade Xuan rank' martial skill first."

If the 'Middle Grade Xuan' could open up the 'Martial Skill Ability', then Ye Lu wouldn't have to go to the underground world to work hard for that 'Earth Grade' Martial Skill.

Huo Huan smiled and said.

"Good! In fact, there are two martial skills of the 'Middle Xuan Rank', one is the 'Candle Dragon Finger' and the other is the 'Misty Stance', so I'll teach you the 'Misty Stance'."

After saying that, Huo Huan began to teach the martial skill, but as a result, the glasses prompted that the level of the martial skill was not enough, and the "Martial Skill System" still could not be opened.

However, Ye Lu found that this "Misty Stance" was worthy of being a "Middle Grade Xuan Rank" martial art, and was really powerful.

So, in the evening of that day, Ye Lu made a call to Black Hades again.

"Boss Black Meditation, arrange the 'Pulse Raising Realm' competition for me as quickly as possible, don't worry, my back doesn't hurt anymore, my legs aren't sore, I don't have to fight five at once"
