

Super Student 221

Chapter 221

After hanging up the phone, Black Meditation was in a daze.

“What’s wrong with this guy? It doesn’t even take much effort to beat five of the ‘Vein Raising Realm’, does he know what he’s talking about?”

But of course, Ye Lu knew what he was talking about, because he had just tested it with the demon girl Huo Huan, and after he used the “Misty Stance”, his speed was actually even faster than Huo Huan’s. He had to know that Huo Huan was an expert at the middle stage of the “Combined God Realm”, and she was also He had to know that Huo Huan was an expert in the middle stage of the “Combined God Realm”, and he was also a demon, so he was already stronger than ordinary people in this regard.

“Your body is so strong, there’s no one else.”

Huo Huan could only sigh at Ye Luo’s demon.

However, Ye Lu also understood that even though his physique was special and his various auras operated freely, he could not be too adventurous and still had to practice each martial art very purely before he could do so.

Therefore, on this day, Ye Lu only practised the “Misty Trails Steps”, and then in the evening, Huo Huan left, as for the “Candle Dragon Finger”, he would wait until tomorrow to teach it.

Ye Lu did not plan to go back, because Qin Siyu’s condition was not such that she could act immediately, and he was also a bit worried that the Japanese would continue to attack, because although Abe Yasuhiko and the others were dead, it was very likely that the “Society of the Extreme Way” knew about Abe Yasuhiko and his actions this time, and seeing that Abe Yasuhiko and the others never came back, most of them would If they had never returned, they would have sent someone else.

However, Ye Lu was only half right this time, because the branch of the “Society of the Extreme Way” in the capital was indeed a bit surprised that Abe had not appeared for a day and a night, but did not know what Abe had gone to do.

Because Abe’s cultivation level was not particularly high, but his status was very high, he had the right to act on his own, so the people of the Society of the Extreme Way had not taken any action so far.

In the evening, after a day of treatment, Qin Siyu’s pain was finally gone, but it was still very difficult to move around.

Ye Lu brought the clothes Lin Ruyue had brought with her, and found that they were actually the clothes of Inexperienced Fire Dance, so he took them and said to Qin Shiyu.

“Want to wear it?”

Qin Shiyu looked at the clothes she was covered in, then nodded and said.

“You go over there, I’ll do it myself.”

Ye Luo had to walk to the woods and it was a long time before Qin Shiyu called out to Ye Luo to go over.

After Ye Luo came out he saw Qin Siyu who was sitting there with a red face, because, I don't know how little fabric this set of clothes had, the snow white arms and thighs were exposed outside, especially the panties made Qin Siyu feel awkward, but it was better than not wearing anything at all.

"What are you looking at?"

Qin Siyu asked with a red face.

Ye Lu felt smiling and said.

"I found that you really look super good in this outfit, so I couldn't help but look at it a few more times, feel better yet, let me help you repair your meridians again."

Following the instructions of the glasses, Ye Lu used his spiritual qi to repair Qin Siyu's meridians every few hours.

In this way, it soon became dark, and Ye Lu built a campfire in the woods, letting Qin Siyu rest there against the tree and the parcel, while he opened his mobile phone and began to look through the various messages.

Sure enough, news about the "Silk Stocking Masked Man" and the "Sky Covering Gang" was already flying around, and the popularity of the "Silk Stocking Masked Man" had soared again, becoming the number one hot topic. The crowd didn't know about Ye Lu's move.

The crowd didn't know the danger and hardship of Ye Lu's battle, they only saw the result, that is, the "Masked Man in Silk Stockings" had killed a sect master.

That was enough.

So, in the eyes of everyone, the "Masked Man in Silk Stockings" had already left the realm of loser warriors and had entered the ranks of true masters.

Of course, not all who watched the battle that night were amateurs, and there were a few people who questioned how the "Masked Man in Silk Stockings" had won the match, but they were drowned out by the huge army of internet users.

Public opinion immediately turned against the "Masked Sky Gang".

For ordinary netizens, they were not worried about retaliation or anything like that, they couldn't kill everyone who spoke up, so they started to despise the Gang, what with three against one and sending out a master. The team also said that they were not only pretending to be the best, but also that they had been killed.

All in all, the Sky Coverers have failed completely.

However, Ye Lu was worried that the "Heavenly Clan" would not give up, and this matter would not be over, so he had to improve his combat power as soon as possible.

Then, Ye Lu looked at the news about Candle Dragon.

As expected, the news was second only to “Silk Stocking Masked Man”, and even higher than “Silk Stocking Masked Man” in some mainstream media, because such reports were something that the mainstream media could make public in a big way.

The identity of the red phosphorus beast has been researched by a number of people, and ultimately, the research has shown that the beast is more likely to be the legendary beast “Candle Dragon”.

There are many legends about the “candle dragon”, one of which is that it is one of the “creator beasts”, so it is predicted that the world will be changed forever.

There were also people who were prepared to go to the Purple Mountain to hunt down the Candle Dragon.

To Ye Lu’s relief, fortunately, no one said anything about Candle Dragon being a woman.

In fact, Ye Lu did not know that people did not see when Qin Siyu turned into a candle dragon, but some people did see when the candle dragon turned into Qin Siyu, however, Granny Yun acted quickly, so people did not see exactly what was going on, and not everyone who saw what was going on liked to post.

So, the matter was left untouched for the time being.

Seeing that there was no particular news sent out on the internet, Ye Lu was finally relieved, and then, he gave Nie Yibiao and the others a call and told them that they wouldn’t even be going back this weekend.

After that, he took out his pottery furnace and started to refine the “Heaven Transformation Pill”, because Ye Lu felt that it was time to stimulate the “Hundred Flowers Sect”, as all he had given them before were “Spring Return Pills” and “Breast Enhancement Pills”. “Although they were very useful to the Hundred Flowers Clan, they would not be of much interest to them as they were of too low a grade.

On the other hand, the “Heaven Transformation Pill” was different, as it was a pill that could raise at least one major realm.

In fact, there was an even more powerful elixir in Ye Lu’s recipe that could allow a person to cross over to the clan master realm, but unfortunately, at present, Ye Lu’s flame was not enough to refine it, otherwise he felt that even the clan world would go crazy for this elixir.

The actual fact is, there’s another kind of pill, called the “fixed face pill” that can fix one’s face to its current appearance, and Ye Lu feels that this should be the thing that drives the people of the Hundred Flowers Sect crazy.

The headquarters of the Heaven-Shining Gang.

The company’s main business is to provide a wide range of products and services to the public.

He had founded the gang many years ago, but he had been living in a state of indifference. He did not expect that this time he would suddenly have such an opportunity, but what he did not expect was that this time the “Silk Stocking Masked Warrior” matter had actually kicked the iron plate.

“Master, what should we do?”

One-eyed Dragon looked at the gang leader and asked.

The gang leader thought for a moment and said.

“I’m already asking the clan’s side, after all, the dead clan master was from their side, so let’s wait for news from that side, I think since the Xuan Tian Clan has set up such a big game, they will definitely not give up.”

Soon, his mobile phone rang.

“Okay, okay, I understand, don’t worry, don’t worry.”

After saying that, Mu Zhaotian then put down the phone and said.

“The clan side has given instructions that this matter is to be fought to the death with that ‘Silk Stocking Masked Man’, he must be killed, let’s all discuss a plan of action.”

Following that, everyone started to come up with a plan.

Ye Luo had been practising and learnt the “Candle Dragon Finger” with Huo Huan the next day, but Ye Luo felt that this “Candle Dragon Finger” was not a complete version either.

Of course, Ye Lu learnt this quickly, as he had the foundation of the “Candle Dragon Finger”.

On the second day, Hei Hei arranged a fourth boxing match, this time against a coalition of four organisations, each with five members, and of course, Ye Lu won easily, thus completing his 80-match winning streak.

However, on the third day, the “Sky Covering Gang” came back with a frenzied fight.

Chapter 222

In fact, the Heavenly Clan’s counterattack had begun the day before.

However, the day before was not directed at Ye Lu, but at the four ancient martial arts families, as the Heavenly Clan formally sent a letter of war to the four ancient martial arts families.

The intention of the Shade Sky Gang was obvious, that was to make all four ancient martial arts families submit to the Shade Sky Gang, become part of the Shade Sky Gang, and completely submit to the management of the Shade Sky Gang.

If they did not agree, the Hidden Heaven Gang would deliver a thunderous strike three days later.

“What should we do?”

In the conference room of the Ye Family, the entire top brass of the Ye Family had gathered in the council chamber, and everyone was looking at Ye Nantian, the family head of the Ye Family.

Ye Nantian’s hand was also tapping the tabletop continuously, and to be honest, he couldn’t decide what to do.

As an ancient martial arts family, although it had been stormy for many years, Ye Nantian had not encountered anything of this magnitude since he had been in power, usually it was just some friction with other families or gangs.

Following this, he then looked to the crowd and said.

“As you all should be aware, our ancient martial arts family has been passed down to the present, our bloodline is withered, and it has been too long since we have any pure bloodline descendants, not to mention geniuses who can awaken their bloodline like our ancestors, so by my generation, only I am the only one who has reached the clan master level, and together with Uncle Kong, there are only two clan master levels.”

“The video you guys sent me, I also watched it, that Patriarch Crane Xuan is indeed a Patriarch level expert, and it’s not a half-assed first level Patriarch like me, so maybe what he said wasn’t alarming.”

Hearing Ye Nantian’s words, the crowd’s expressions all froze.

This was because everyone understood that what he said was indeed the truth.

Following this, one of the senior members of the family asked in disbelief.

“What I don’t quite understand is, what is the ‘Sky Covering Gang’ doing looking for trouble with us? Many of our techniques and martial arts and even magic weapons are specific to our own bloodline, so it’s useless for them to get them! To put it bluntly, it feels like it would be better to plunder a small gang, there would be more oil and water, right?”

After he finished speaking, Ye Nantian shook his head and said.

“This is also something I’m a bit puzzled about, however, things are already like this, so we can only face it head on, there are currently two options, one is to submit to the ‘Sky Shade Gang’, and the second is to unite the other three families to resist this matter.”

When Ye Nantian finished speaking, the others all nodded their heads.

But then one followed and said.

“Our four great families have never gotten along, and there are still many feuds, will the three of them agree to cooperate?”

And another said.

“I think they would, after all, this is also a matter of life and death for the other families.”

Seeing that everyone had started arguing, Ye Nantian then waved his hand and said.

“There’s no need to argue about this matter, I’ll ask the Lin family’s family head here and see what they think, I think the others might think similarly to us.”

After saying that, he dialed the number of Lin Zuodong, the head of the Lin family.

“Brother Zuodong, this is Nan Tian, I think than you have also received that letter, what does your Lin family think about this matter?”

And at this moment, Lin Zuodong was holding a knife around his neck, and the one holding the knife was a ninja in black, hooded with only two cold eyes showing.

In front of him, Lin Zuodong was sipping his tea while looking at him with a smile.

Then, Lin Zuodong slowly said.

“Our Lin family will handle this matter on its own, so it is not necessary for you to worry about it.”

Upon hearing Lin Zuodong’s words, Ye Nantian’s brow furrowed as he thought for a moment and said.

“Does Brother Lin mean that he is prepared to submit to the Sky Covering Gang?”

As a result, Lin Zuodong said impatiently.

“No, the Lin family will not be subservient to the Shade Sky Gang, nor will they cooperate with any of you, goodbye.”

After saying that, he hung up the phone.

On the other hand, Lin Zuoliang, who was opposite him, said with a smile.

“Yes, that’s right, from now on our Lin family is part of the ‘Society of Extreme Dao’, as for the other few families, just let them go on their own.”

On the other side of the Ye family, Ye Nantian was already completely dumbfounded.

He held the phone for half a day without speaking until one of the men asked him about it.

“The Lin family said that they won’t cooperate or submit, and I don’t understand what they mean.”

After that, Ye Nantian contacted the Dragon Family and the Jin Family, but the attitude of the Dragon Family was very resolute, that they would not submit to the “Heavenly Clan” even if they died, while the Jin Family felt that the “Heavenly Clan” was prepared, and that the bloodline of the four great families had withered and there was no longer a chance for them to rise again, so the Jin Family decided to submit to the “Heavenly Clan”.

Now Ye Nantian is in a dilemma: should he join the Long family in the fight? Or should he surrender like the Jin family?

“Alright, let’s all disperse and let me think about it.”

Ye Nantian waved his hand somewhat helplessly.

The message that Ye Lv received from the “Heaven Sheltering Gang” against himself was not from the “Heaven Sheltering Gang”, because the “Heaven Sheltering Gang” had no idea who the “Silk Stocking Masked Man” was.

The message he received was from Mu Zi Ze. To be precise, it was a message from Mu Zi Ze in their dormitory’s WeChat group.

The message said that “Only Hands in the Sky” had issued an ultimatum last night, asking the “Masked Man in Silk Stockings” to come to their headquarters to collect his death, if not, every day they would rape a student from “Yanjing University of Traditional Chinese Medicine” and take him away, and today a video of a student being killed had already been uploaded to the internet.

The originator of the message urged everyone to forward it as soon as possible so that the “Masked Man in Silk Stockings” would know about it, saying that everyone was expecting the “Masked Man in Silk Stockings” to save the innocent girls.

When he saw this message, Ye Lu was really shocked.

He didn’t expect the “Heavenly Clan” to be so desperate, but then he calmed down and realised that there might be something hidden in this matter.

The “Heaven Sheltering Gang” must have a purpose for doing this in such a high profile manner, and most of them were not simply dealing with themselves.

However, now that he was in this position, there was nothing he could do, he couldn’t really just let his female classmates be taken away one by one.

“Three days, as long as I’m given three days, Black Meditation should be able to arrange the last one.”

Ye Lu secretly muttered.

Because Black Meditation had long been working on arranging this matter, in order to be able to compete as soon as possible, Black Meditation had already promised that the last tournament could be conducted in the form of twenty consecutive rounds, and it would still be the four remaining organizations, with five fighters from each organization.

With twenty rounds in a row, Ye Lu was still relatively confident.

He then left a message under his Weibo account, saying that he was the “Masked Man in Silk Stockings” and that he hoped that “Only Hands Can Cover the Sky” would stop pestering the students and that he would go to the headquarters of the “Covered Sky Gang” in three days to settle the matter.

However, “Only Hands to Cover the Sky” simply refused his request.

The reason was that the “Heavenly Clan” did not accept any kind of bargaining, and what they had set was the rule.

Ye Lu thought about it, and then dialed Black Hades’ number again.

“Boss Black Hades, I want to advance the ‘Vein Raising Realm’ boxing match again, tonight, can we have twenty matches tonight?”

Hearing Ye Lu’s words, Black Meditation immediately became anxious.

“No, don’t you joke, twenty round robin matches is already my biggest bottom line, you have to know that we can totally fight one by one, and also totally month by month, or even year by year, I’ve already given in, stop it.”

In Black Hades' view, this was not only Ye Lu's own business, but also his business, and it was also the business of the Shadow of Death, so he could not let Ye Lu act in a reckless manner.

Ye Lu thought for a moment and said.

"Firstly, I am not a fool, so of course I know what I am doing, and I will not play with my life. Even though you are bent on making me a 'Shura', all I have to do is voluntarily admit defeat in one of the tournaments and this whole thing goes down the drain right?"

"And according to the rules, I only need two years before I can join another organisation in the competition again, and I think other organisations would love to have that honour."

This was already a barefaced threat.

Black Meditation thought for five seconds, then said.

"Alright, but be prepared, if we compete tonight, the other organisations will definitely put forward very harsh conditions."

Following that, Black Meditation hung up the phone without a word.

In a short while, Black Meditation's call came back again.

"Just as I thought, they proposed that it's okay to play today, but they'll agree if it's four one-on-five matches, otherwise, no deal."

This time Ye Lu also thought for five seconds, then said.

"Okay, talk to them, I agree!"

Chapter 223

I'm afraid that even if I had all my cards out, I would still have a hard time winning, but it had come to this.

Ye Luo quickly calculated that he had three types of martial arts skills, one was the "Misty Steps" and one was the "Candle Dragon Finger", both of which were of the "Middle Xuan Rank" grade, and there was also a martial art called "Heart Piercing Stab", which could be used with a dagger and was of the "Middle Xuan Rank" grade.

The "Heaven Stealing Pill" could only be taken at most three times, then there was the "Underworld Ghost Inferno" and the Sunset Arrow, that was all Ye Lu had at the moment.

"It's a pity that I don't have a fire control skill, otherwise I'm afraid that the damage of 'Ghost Inferno of the Underworld' would be higher than the aura."

Ye Lu muttered secretly.

At this time, Qin Siyu asked somewhat worriedly from the side.

"Ye Lu, are you going to the underground boxing tournament in the evening? Are you sure about it?"

Ye Luo smiled and said.

“Don’t worry, you’ve seen the news released by the ‘Sky Covering Gang’, if I don’t go, there’s going to be a girl down on her luck, you wait on the mountain, I’ll go and spy out the news and buy you food back by the way.”

Qin Siyu’s body had almost recovered in the past few days, of course by almost here I mean the surface of her body, meaning that her movement was not too affected, but the recovery of her meridians would take a long time, the current Qin Siyu was still quite far from her pre-marrow cleansing state, and she had to rely on pain relief pills to move normally.

Qin Siyu nodded her head in a very good manner.

Ye Luo then flew down the mountain, his target was the headquarters of the Heavenly Clan, “Black Dragon Mountain”.

As the saying goes, “If you know yourself and your enemy, you won’t be in danger in a hundred battles”, so he had to get a rough idea of the other side’s situation before he could.

“Ye Lu, your elixir this time is so awesome, for you, a great power of the family’s master generation has specially entered the secret realm once and brought back the ‘Super Extreme Luminous Stone’ for you, I am sending it to you, you are in a hurry to use it, right?”

Hearing this news, Ye Luo couldn’t help but smile happily.

After he had made the pill that night, he had gone down to the mountain to find the contact person of the Hundred Flowers Sect to send the pill to them urgently, and had offered an extremely attractive price, promising that as long as they could provide a better luminous stone than the ‘Super Excellent Luminous Stone’, he could exchange it for the ‘Heaven Transformation Pill’.

Each “Heaven Transformation Pill” represented an Innate Cultivator, which was no joke, so it seemed that this huge temptation had really worked.

Then, Ye Lu smiled and said.

“Great, how many ‘Super Extreme Luminous Stones’ do you have?”

Jasmine said.

“I don’t know how many that senior uncle got, but the one given to me has ten”

Before Jasmine had finished speaking, Ye Lu already couldn’t help but snap his fingers, the amount made him too satisfied, he quickly smiled and said.

“Too powerful, this time I have decided to double the exchange for you, no, I will give you fifty ‘Heaven Transformation Pills’, however, I only have ten in my hand now, because the materials are limited and cannot be refined indefinitely, so I have to consider the finished product rate, the later pills you have to wait slightly, wait for my cultivation I will refine them after my cultivation improves.”

Jasmine then smiled and said.

“We’re not in a hurry, you just need to deliver anyway, ah, Master is asking, can you really refine pills that can make someone breakthrough to Zong Shi?”

Ye Lu smiled and said.

“Refining is certainly possible, however, the ingredients are rather troublesome, don’t worry, if the refining is successful, your ‘Hundred Flower Sect’ will definitely be my first buyer.”

Hearing Ye Luo say this, Jasmine was relieved.

After hanging up the phone, Ye Luo once again increased his speed and rushed towards the headquarters of the Black Dragon Mountain’s Sky Covering Gang. Upon arrival, he found that many people had gathered outside a mountain villa, many of them were holding filming equipment and there were many makeshift tents.

“Do you guys think the ‘Silk Stocking Masked Man’ is really coming?”

“Who knows, reasonably speaking he shouldn’t come, last time he went to the ‘Top of Purple and Gold’ because he didn’t know his opponent’s background, I feel that if he knew there was a master of the clan level sitting at the top of the mountain, he wouldn’t have gone either, this time is different, it’s obvious, is it a death sentence to come. ”

However, someone immediately retorted.

“That’s not necessarily true, didn’t you read what the Masked Sky Gang said? If the ‘Stocking Masked Man’ shows up, they’ll let the women they’ve already captured go, and they won’t go after the others either, so the ‘Stocking Masked Man’ will definitely show up.”

As a result, just at that moment, a man with stockings over his head really appeared.

“Brush!”

All the long-gun cameras were pointed at him.

Even Ye Lu was dumbfounded.

“What does this mean?”

Following that, the man walked up to the main entrance of the headquarters and said.

“I’m the ‘Silk Stocking Masked Man’, I’m here, let the woman go.”

At this everyone stirred and the doorman rushed inside to report.

He looked at the man in the stockings and then abruptly lifted his foot and kicked him. The “stockinged masked man” was kicked out of the room and then spurted a mouthful of blood and fell to the ground, covering his stomach and moaning.

“Fake!”

Only then did the crowd react.

“Sick, right!”

Someone looked at him as if he was looking at a second pen and said.

“Please please, please let my girlfriend out”

The “silk stocking masked man” who was on the ground said with a crying voice that he was the boyfriend of the girl who was arrested.

Seeing this scene, everyone shut up.

“Hey! What an infatuated man!”

Someone lamented, but the “Heavenly Clan” didn’t care about that, and the leader indifferently closed the door and walked back.

At this time, Ye Luo walked up to the door and looked at the doorman and said.

“I’m looking for your deputy chief Li Yi Yi, just say it’s about a woman called Yue’e, he must know about it, I’m waiting for him under that crooked tree over there, tell him to come over as soon as possible.”

Li Di Di was the guy who had just turned in coldly, Ye Lu had already checked his information, Yue E on the other hand was the woman of the other vice gang leader of the gang who had been slept with by this Li Di Di, so Ye Lu knew that he would definitely come.

Sure enough, not much longer, Li Yidian arrived in a breeze.

“Huh! Where is everyone?”

Li Yidian arrived at the tree but saw no one.

However, following that, Ye Lu showed up like a ghost, while putting the dagger to the guy’s neck.

“Don’t move, I’ll ask, you answer, how many clan masters are sitting in the gang now?”

Since it was a trap waiting for one to throw oneself into, there should definitely be masters sitting in the area.

Li Di Di quickly said.

“Three, all from the clan.”

Ye Lu thought for a moment and continued to ask.

“How many people are there in total in the Shade Sky Gang and what is their level?”

As a result, from this guy’s mouth, Ye Lu found out that the “Heaven Sheltering Gang” was not strong, but was cruel enough to kill people, which was why it felt like an extremely terrifying gang.

After he understood the situation, he quickly knocked this guy unconscious, fed him a pill that could make people unconscious, and then made a phone call to the woman called Yue’e.

“Yue E, I already know about you and Li Yi Yi, and I have proof, this little video you recorded, I have sent it to your email, Li Yi Yi is in my hands right now, if you want to live, you have to do one thing for me, and that is to delay the appearance of that victim tomorrow, until after eleven o’clock at night, if the victim appears early, you are dead.”

After saying that, Ye Lu hung up the phone.

“Let’s hope this woman can do it, Shade Sky Gang, you wait, I will settle the score with you all tomorrow.”

Ye Lu muttered through clenched teeth, and then went to the agreed location to exchange the ten “medium grade spirit stones” that were rich in spiritual energy from Jasmine’s hand.

“This is some ‘Regeneration Pills’, ‘Breast Enhancement Pills’ and ‘Beauty Pills’, I’ll give them to you as a thank you gift.”

Ye Lu placed several bottles of pills in Jasmine’s hand, to be honest, he was really grateful to Jasmine, if it wasn’t for the spirit stones provided by the Hundred Flowers Sect, he wouldn’t have been able to reach such a level of cultivation.

Of course, Jasmine was overjoyed.

In the evening, he took the stones and the mask with him to the boxing tournament venue, the “Naihe Bridge”.

Tonight was destined to be a fierce battle.

Chapter 224

The three venues for the Underground Boxing Tournament are called “By the River of Forgetfulness”, “By the Naihe Bridge” and “On the Lookout”, but of course, each venue has many sub venues, after all, there are many participants.

However, the main venue for Ye Lu’s competition was “By the Naihe Bridge”.

After entering the venue, Ye Lu was shocked, there were estimated to be at least 100,000 people in this venue, because Ye Lu had seen from the TV the concerts held by the stars in the “Bird’s Nest”, this venue was even bigger than the “Bird’s Nest”, and not only the seats, but also everywhere was crowded with people.

But, after a moment’s reflection, Ye Lu understood. After all, today was the last boxing match of the Blood Shadow, and if he won, the second Shura of the Underworld would appear.

This is an unprecedented event, and the Underworld fights are not allowed to be broadcast to the public, so who wouldn’t want to come and witness it for themselves?

When they saw Bloodshot walk in, all the people cheered.

“Bloodshot! Shura!”

“Bloodshot! Shura!”

“Bloodshot! Shura!”

.....

The audience was expecting Blood Shadow to create a miracle this time and become a legend.

However, Ye Luo knew very well that this matter was not that simple.

After that, he saw a somewhat depressed Black Hades, and beside him was a man who was even taller than Black Hades, and this guy sat there giving the impression of a mountain.

“Blood Shadow, this is the minister of our ‘Death Shadow’ capital branch, Tu Chen who is known as the ‘Mad Beast’.”

It looked like this tournament had finally attracted the ‘Grandmaster’ level experts of the organisation.

When he saw Ye Luo, Tu Chen, the rabid beast, did not stand up, but looked at Ye Luo and said in a voice like a loud bell.

“It’s good for young people to be aggressive, but being too aggressive can get you killed.”

To this Ye Lu did not say anything, while Tu Chen continued.

“However, things have come to this, I will not talk about these boring axioms, all I have to instruct you is one thing, fuck these buggers.”

When Tu Chen finished speaking, Ye Lu smiled and clenched his fist.

Yes, there was no point in talking now, there was only one thing to do, and that was to “do it”.

On the opposite side of Ye Lu and the Shadow of Death, the other four organizations had also sent their “Master” level experts to sit at the match. On the podium at the side of the venue, a man with blond hair and a cold expression was sitting there, and on the left chest of his shirt was a “Jack of Spades” logo.

“Who is that man?”

Ye Lu pointed at the blond “Jack of Spades” and asked.

Because he had never seen anyone on that podium before.

Black Meditation smiled and said.

“He is ‘Jack of Spades’, one of the twelve personal guards of our ‘Lord of the Underground’, if you can successfully walk up to him tonight, it means that you have won, and he is here to represent the ‘Lord of Lord’ to present the award, provided, of course, that you can win today’s match.”

With those words, Black Meditation then patted Ye Lu’s shoulder and said.

“Go for it, if you succeed, you’ll be a ‘legend’, a true legend.”

Ye Lu nodded and then looked across the room.

On the other side of the Yakuza, of course, Yasuhiko Abe was no longer there, replaced by another yin and yang master, a man with a “man-tan beard”, the kind favoured by Japanese samurai, a small square of beard under his nose.

When he saw Ye Lu looking at him, the man in the tall hat raised his hand in a neck-cutting gesture, looking ready to kill Ye Lu.

“The Dark Pharaoh’s men brought five warriors dressed like mummies, with their faces half covered and their faces unreadable, all holding long-handled weapons.

“The Gothic Bloods also sent out pureblood warriors dressed in black and cloaked, either handsome or beautiful, with different weapons and one woman with two silver spears in her waist.

“Is it possible to use guns in a boxing match?”

Ye Lu was a little surprised as he looked at the pretty woman from the Blood Race and asked.

Black Meditation then smiled and said.

“Of course, as long as it’s not a high-tech product, mechanical guns that meet the regulations are allowed to be used, as guns are also considered within the range of magic weapons.”

Ye Lu nodded and then looked at Bloodthirsty Rose’s side, which sent five beautiful girls, each of them with unbelievable face value, long legs and water-snake waist, and their looks were also a beautiful mess.

“Don’t think they are vases, those five are the aces of the Bloodthirsty Rose in the ‘Pulse Raising Realm’, everyone calls them the ‘Five Golden Flowers’. All of them are at the peak of ‘Vein Raising Realm’ cultivation, and the five of them work well together, they are definitely a tough fighter.”

Seeing Ye Lu look at the “Bloodthirsty Rose”, Hei Hei reminded him.

Ye Luo nodded, this was the best time to stop himself, so of course the organizations would not send weak hands.

The host arrived at the centre of the venue, a beautiful woman who wore very little and drew everyone’s attention as soon as she came on stage.

“Ladies and gentlemen, I am delighted to be hosting this unprecedented and amazing battle today, I think this battle will go down in history no matter what the outcome is, perhaps on this day, the second ‘Shura’ ever to appear in our underground boxing tournament.”

“Next, we have the legend of underground boxing, the super dark horse who has won a crazy streak of eighty fights, ‘The Undefeated Ming Jin Powerhouse’ Bloodshot making his appearance.”

The “Undefeated Ming Jin Powerhouse” was one of the nicknames everyone had given to Ye Lu, as after several tests, he was still wearing the “Ming” sign, but this “Ming Jin Powerhouse” had now reached the “Pulse Raising Realm” venue.

As the host’s words fell, Ye Lu slowly walked up to the venue.

Ye Luo had both hands empty, and the dagger made from the arrow of the “Sunset Arrow”, the pills and the spirit stones were all placed inside the “Burning Heavenly Furnace”.

This would have the effect of a surprise attack.

At the moment, none of the opponents knew that they possessed this dagger.

“Blood Shadow!”

“Blood Shadow!”

“Blood Shadow!”

.....

As Ye Luo came out, the entire audience involuntarily stood up and shouted wildly, Ye Luo had to nod around and then waved his hand in greeting.

Following this, the MC then continued.

“The first to challenge our legendary boxer ‘Bloodshot’ today are the five powerhouses of the ‘Gothic Blood Clan’, all five of them are elite fighters of the Blood Clan, and each of them are masters with more than ten wins, please welcome Dejapolo and Keldes”

This was followed by a series of foreigners’ names.

With the host’s words, the five Blood fighters appeared one after another in the venue.

“Is this the legendary Bloodshot? It looks so ordinary!”

The blonde haired handsome man in the lead said as he looked at Ye Luo and shook his head.

Ye Lu didn’t care about this, what he was a bit worried about was not knowing what kind of fighting style these vampires had, he had fought that Jessica before and only knew that the Blood Shadows could transform.

“Hopefully they’ll get cocky and come over without transforming, that should give them a chance to put one down first.”

Ye Lu began to calculate.

However, it was obvious that his plan would not come true, because after the host gave the command “start”, all five of them hissed at the same time and turned into red-eyed and fanged vampires in unison.

“Shit! Okay, you guys win!”

Ye Luo muttered glumly, it was obvious that these guys were all battle-hardened masters and could not possibly give Ye Luo such a big chance.

At the same time, that blood beauty had already quickly drawn her pistol and started shooting up at Ye Luo, each bullet had a red light on it, obviously not an ordinary bullet.

Ye Luo did not have a defensive weapon, so he quickly moved his body and began to dodge.

The other four experts of the Blood tribe rushed over with their weapons.

The tall and thin vampire was the fastest, his black cloak flying, and a strangely shaped scimitar in his hand had already reached Ye Lu’s face like lightning.

“Brush!”

When he saw that the scimitar was about to cut his neck, Ye Luo then quickly struck out, the arrow of the sunset arrow cut through the scimitar in his hand like slicing tofu, and then the hilt of the blade smashed into the guy's temple.

"Boom!"

The vampire fell to the ground with a thud. The vampire fell to the ground with a loud bang.

Looking at this scene, the four remaining blood boxers were all stunned, but while they were stunned, Ye Lu's "Misty Step" had already been activated.

Chapter 225

He aimed for the man closest to him, in fact, the woman with the double gun was the one he wanted to take down the most, but it was too far away.

"Ohmygod!"

This guy emerged with a sentence in English after seeing Ye Lu's speed, followed by also flying and started to run away, apparently he also had a good body martial art technique, Ye Lu's attack only left a very shallow wound on his arm, and this guy fled to the distance.

And at the same time, the sound of gunshots rang out again.

"It's true that these people aren't that easy to deal with!"

He originally thought that with his speed and the "Misty Steps" martial art, he could gain an advantage in speed, but now it seemed that he had underestimated these demons.

In fact, although there was a close correlation between realm and combat power, it was not the only criterion to measure, and the difference in combat power between people of the same realm was actually very large.

However, Ye Luo did not think that everyone of these people had such fast body skills, after all, Ye Luo's current speed of using martial arts skills was similar to that of Huo Huan, who was in the middle stage of the "Combined God Realm".

Sure enough, after dodging the woman's bullets, he noticed that the other Blood fighter was significantly less fast, "Boom!" Ye Lu's dagger came down quickly, and this guy was knocked unconscious on the ground.

Seeing this scene, the leader of the Gothic Bloods shook his head helplessly.

"Hey, a makeshift team really doesn't work."

In fact, in order to deal with this boxing match, they had already deployed their "Pulse Raising Realm" experts from their European headquarters, but unfortunately, these people were still on their way here, and if the "Shadow of Death" had not temporarily adjusted the time of the match, their people would have arrived.

But then he was relieved.

It suddenly occurred to him that even if the experts were on their way, they would not be able to deal with the current five Bloods by themselves.

So, if it was really a one-on-one wheel-to-wheel battle the day after tomorrow, he felt that he would have even less chance of winning instead.

Thinking about this he suddenly felt much more relaxed.

“It’s not that our people are incompetent, it’s that our opponents are too strong!”

He sighed silently, followed by seeing that the woman with the double guns was also knocked unconscious on the fighting platform by Ye Luo at the end because she had run out of bullets.

To be honest, Ye Luo didn’t expect this first battle to be so easy either.

He felt that maybe it had something to do with his improved cultivation and change of mentality, for no matter what, he had killed a “master” once!

Seeing that all five of them had fainted, Ye Lu raised his hand and gestured to the leader of the Gothic Bloods, who of course had no choice but to admit defeat.

Then, the host announced in a loud voice.

“I declare the winner of this match to be the ‘Undefeated Bright Power’, Bloodshot!”

After her announcement, all the spectators in the audience stood up and shouted wildly.

Ye Luo looked at the three remaining teams, if things went on as they were, he might be able to win this match easily.

After the Bloods’ fighter returned, the beautiful host continued to announce.

“Here are the second round challengers, five experts from the ‘Dark Pharaohs’ who share the same name, ‘Servants of the Pharaoh King’, please!”

Following that, five guys wrapped up like mummies who couldn’t see their expressions walked up to Ye Luo, these five guys looked lifeless and each one held a spear in their hands, but each one had a different shape.

Ye Lu suddenly had a strange feeling as he looked at these guys, he felt that these five guys did not seem to be full creatures.

“Begin!”

At this time, the host had given the order.

The five guys danced their spears quickly and rushed up, to Ye Lu’s surprise, all five guys were super fast, simply too fast, and the five guys obviously had coordination.

“Holy f*ck!”

In just one encounter, Ye Lu used his “Misty Steps”, and even so, he almost got killed.

However, although these guys' attacks were flawless, their weapons were not. Therefore, after dodging several times, Ye Lu seized the opportunity to cut off the spear in his opponent's hand with a dagger when his opponent's spear came over, and then plunged the dagger into his opponent's heart.

"One, done!"

Ye Luo was delighted in his heart, as long as he had this indestructible dagger around, Ye Luo felt that he should be able to end today's battle easily.

However, right after that, he saw that the opponent who should have been dead flew and struck again, holding the half-broken spear and stabbing it violently towards himself.

It was too late to dodge it completely, so Ye Lv moved his body quickly and the spear poked through his body in one go, and then he chopped the guy's arm into two pieces with his backhand.

However, the severed arm did not bleed, as if the opponent was not a flesh and blood body at all.

"Brush!"

The other four lances had taken the opportunity to stab towards Ye Lu like poisonous snakes.

Ye Lu had no time to pull out the half-lance that was stuck in his body, so he quickly performed the "Misty Steps" and started to dodge.

Seeing this scene, the crowd was worried about Ye Lu.

"Are those things really human?"

Someone looked at the Egyptian boxer who had one of his arms cut off and asked incredulously.

Of course, no one could answer him that question.

"Who knows? Not many people knew much about ancient Egyptian witchcraft in the first place, so maybe it was some kind of sorcery."

"Well, maybe they originally wanted to discard these five men, that's why they transformed them like this, in order to stop Bloodshot's winning streak."

"Yeah, I think you've got a point there."

.....

On the side of "Deadly Shadow", Black Meditation's judgement was similar to this man's, he felt that most of these were also attacks from "deadly warriors", this was a big problem for Bloodshot.

"Hoo!"

The sudden appearance of several feet of blue flame set the body of one of his opponents ablaze like a sword.

This time, this guy could no longer ignore this attack, and he quickly started to puff up the flames on his body, while Ye Lu took the opportunity to pull his spear out of his body.

"Dang!"

The lance was thrown to the ground, and Ye Lu quickly took the “Regeneration Pill” and crushed it and applied it to the wound on his body.

Then, he saw the guy who had just had half of his arm cut off suddenly put his other hand into his mouth, and then he tilted his head and pulled out a long knife from his mouth.

The scene was so bizarre that some people in the audience could not help but vomit.

At this moment, the other guy also extinguished the flames on his body, and the five men once again surrounded Ye Lu with their weapons.

“It’s really not that easy!”

Ye Luo muttered secretly, however, he was also a bit helpless at the same time, who would have thought that this thing just wouldn’t die even if it was poked through the heart.

“I just don’t believe I can’t kill you.”

After taking a deep breath, Ye Luo then held his dagger and looked at these five guys around him.

Following that, he took the initiative to attack, and the five monsters also danced the weapons in their hands and attacked towards Ye Luo, however, Ye Luo’s stance was fast, and after a few glances, Ye Luo once again cut off the weapons in his opponents’ hands, however, this time, he did not attack the heart again, but chose the neck instead.

“Snort!”

A guy’s head was directly cut off, following which Ye Luo flew back, as he was worried that this might not kill his opponent either.

As it turned out, his fears were right, not only did the other guy not die, he also launched an attack at the same time, if Ye Lu hadn’t backed up beforehand, there would have been another transparent hole in his body.

“Shit! What the hell is this thing?”

Ye Lu was surprised beyond words, because he saw that the guy actually picked up his own head from the ground and put it back on his neck, then after tampering with it a few times, he shook his head from side to side, and as a result, the head that had just been cut off grew back on his head.

Not only Ye Lu, but everyone was shocked by this scene, which was beyond everyone’s comprehension.

Then, an even more desperate scene appeared.

Those five Egyptians suddenly clasped their hands over their chests in a strange pose similar to a prayer, and as soon as this pose appeared, Ye Lu felt that the other party’s eyes suddenly turned red, while their breath also began to grow stronger.

“Shit! It’s getting tougher and tougher!”

Ye Luo couldn’t help but scratch his hair as well.

Chapter 226

He had thought that was all the strength of the other side just now, but now it seemed that he was wrong again, these guys could obviously get even stronger.

“Shit! How can we fight this?”

“That’s right, it’s too scary too!”

“This time the ‘Blood Shadows’ are finished!”

“Hey! It’s a pity, if it wasn’t a one-on-five, he might have had a chance.”

“That’s right, why does he need a pair of fives?”

.....

The audience seemed to have seen Ye Lu’s death, as everyone really couldn’t see any hope of Ye Lu surviving, it was five undead things!

Ye Lu also took a deep breath, then clenched his fists.

“It’s time to show off the real technique!”

Ye Lu gritted his teeth, then took out a “medium-grade spirit stone”, then began to run his spirit energy and started to gather the “Candle Dragon Finger”.

At the same time, the eyes of the five living dead-like mummies snapped open and attacked again.

Sure enough, this time the attack was even swifter and more terrifying than the previous one, as all the weapons lit up with a long aura of true qi, and the speed of these guys became faster again.

Following that, the six of them engaged in an electric attack and defence battle, and Ye Lu’s body was instantly covered in colour.

“Guess how much longer Blood Shadow can last?”

“I don’t see it lasting ten seconds.”

“That’s right, he’s dead this time.”

.....

However, just when everyone unanimously thought that Bloodshot was finished, Ye Lu unexpectedly extended a finger and poked one of the guys in the chest with a single finger.

“It’s useless, these guys can’t be beaten to death, right?”

“Yeah, how else can you kill them when you can’t even die after your heart is poked through and your head falls off.”

“What’s the point of poking him if you can’t kill him?”

.....

However, soon everyone understood the reason why Ye Lu poked that Egyptian, thought, a blue flame suddenly emerged from this guy's body, this flame was not very strong, but its power was exceptionally obvious, at least the effect on these mummies was very obvious.

"Puff!"

The mummy that had been set alight fell to the ground like a machine that had suddenly lost its electrical power.

The "medium-grade spirit stones" in Ye Lu's hand were also disappearing rapidly.

Ye Lu finally realized the difference between these "medium grade spirit stones" and the previous "lower grade spirit stones", it was not a difference in quantity, but in quality.

A "medium-grade spirit stone" was not equivalent to consuming more "lower-grade spirit stones", the "medium-grade spirit stones" not only replenished the spirit qi rapidly, but also made the five strands of spirit qi that were already there thicker.

The "Candle Dragon Finger" was indeed a terrifying martial art. When using the "Candle Dragon Finger", one could choose how much aura to use, and the more aura one used, the more powerful it would be.

The strike that Ye Lu had just made had already penetrated into the mummy's limbs and bones, so it had consumed a great deal of spiritual energy.

However, Ye Lu felt that if it wasn't an all-round blow, I was afraid that it would be difficult to finish the opponent, but, fortunately, there were still four left, so the pressure was much less.

Of course, what was more troublesome was the consumption of the "Ghostly Inferno". The consumption of aura could be replenished with "medium-grade spirit stones", but the consumption of the "Ghostly Inferno" could only be accumulated slowly over time.

"Damn you! Come again!"

Ye Lu gritted his teeth and desperately used his Medium Grade Spirit Stones before charging up again, since this would work, even if he ran out of Ghostly Inferno, he had to go for it.

"Boom!"

Soon, Ye Luo lit a mummy on fire again.

Just like that, when Ye Lu ignited the third mummy, Ye Lu felt that the "Ghostly Inferno" in his body had run out, but the battle ended abruptly, because this mummy let out a miserable scream, and after he died, the other two mummies seemed to have lost consciousness, and they all fell down on the fighting platform automatically.

"Shit! So it's not all dead!"

Ye Luo muttered, and the audience also dawned on him, it turned out that one person was controlling four things like dead soldiers, which was the reason why those guys could fight even if their heads fell off, as they were all nothing more than puppets.

After this battle was over, Ye Lu raised his hand and said.

“Referee, I request a timeout, I am allowed to take a break, right?”

The woman who was in charge of officiating was actually also the referee, and she looked at Ye Lu and said with a smile.

“Of course, you can take a break, however, it’s only fifteen minutes, after that the match will continue no matter what.”

Ye Lu nodded, then walked back to the spot that belonged to him.

The spear had just pierced directly through his chest, and with the loss of blood, the damage caused by this wound was still very terrifying, and he must take a rest before he could do so.

So, after going down, he began to quickly treat the wound and adjust.

There were still two more fights to come, if they were as easy as the Gothic Bloods, things would be easier, if the remaining two fights were as tough as this one, he would probably die in the last one.

However, Ye felt that the one against the Japanese Yakuza would definitely not be easy.

On the podium, the “Jack of Spades”, one of the twelve personal guards of the Lord of the Underground, nodded in satisfaction as he looked in Ye Lu’s direction.

“As expected of someone who is called the closest to becoming a Shura, he is indeed a bit interesting, he has broken the ‘Dark Pharaoh’s’ signature snipe, but the next two levels will be even more difficult.”

He muttered in his mind as he looked towards the Bloodthirsty Rose team.

“Even if the Japanese can’t stop him, the Five Golden Flowers’ sword formation can definitely stop him, and their sword formation has taken down ‘Sovereigns’ before.”

The Five Golden Flowers were behaving much as the “Jack of Spades” had thought, with the five of them looking at the direction where Ye Lu was sitting with a relaxed expression and no pressure at all.

There was also no pressure on the Japanese Yakuza, but the leader of the Yakuza was looking very uncomfortable because someone had just brought back the news that Yasuhiko Abe might have died.

“Is the news confirmed?”

Abe asked as he looked at the ninja who had reported the news.

The ninja nodded and said.

“It’s basically confirmed, because Master Yasuhiko did go up to the ‘Top of Purple and Gold’, we found their car on the mountain, but the man was gone, and there were witnesses who said that they had seen people with tall hats fighting at the top of the mountain, and then the dragon appeared.”

“Then the dragon spat out flames, and after that, Young Master Abe and the others were gone, and it’s true that the incident of the ‘candle dragon’ appearing at the top of the mountain is true, and there have been many news reports about it.”

“Also, even if Young Master Abe was trapped, I’m sure he would have found a way to make contact in a way that is unique to us, a condition like this where no one can be contacted at all should mean that he is in distress.”

In fact, Abe was thinking the same thing, except that he couldn’t and didn’t dare to accept the fact that Yasuhiko Abe had a very special position in the Yin Yang Riao.

And the ninja looked in Ye Luo’s direction and continued.

The witness also said that he had seen a man wearing a ghost mask and bare-chested near the “Great Man’s Stone Forest” at the top of the mountain, and that the man’s description looked very much like Bloodshot.

After listening to this guy’s words, Abe Hoeye looked in Ye Lu’s direction and thought about it, then nodded his head.

If someone had told him before that Ye Lu could kill Yasuhiko Abe, he might not have believed him, but seeing Ye Lu’s performance just now, he felt that Ye Lu might have the ability to do so.

So, Abe Hoeye turned to the five ninjas around him and said.

“Before you kill him, try to ask what exactly happened between him and Young Master Yasuhiko.”

Following that, the host announced.

“Next to pick on the blood shadow of our undefeated God of War will be the ‘Yakuza no Kai’, five ninja from the Hattori Hanzo clan, the ‘God of Ninja’ of Japan, with the ‘Hattori Five ‘.’”

Following that, the five ninjas made their way out, and Ye Luo of course had to walk back onto the fighting platform.

Seeing Ye Lu come over, the five men quickly took out five boxes, which were the “Ghost Niches” that Ye Lu had seen before, and at the same time, the five men opened the “Ghost Niches” without hesitation.

The five ninjas appeared in front of the five ninjas with five high-level “God Harmony Realm” ghosts that were one small realm above them.

One versus ten begins!

Chapter 227

The five senior ghosts were of different shapes, and one of the most prominent was the ghost named “Tall Girl”, which was really ugly to a certain extent.

Of course, the most devastating thing for Ye Lu was that all these ghosts were at the peak of the “Harmonious God Realm”, which was the strongest ghost these Japanese ninjas could bring.

“Damn it, unless I can condense a sixth strand of aura, I should be dead.”

Ye Lu looked at the ten guys opposite him and became a bit depressed.

“Sh*t! This nigga is too shameless.”

“That’s right, making so many powerful ghosts, Japanese what the hell are you guys?”

“Little Japanese, you guys are so cheap.”

“Jeez you immortal board!”

.....

This time, the venue was the “Naihe Bridge Side” of the “Pulse Raising Realm”, so many of those who came to see the fun were cultivators of the Innate Realm, so of course everyone saw the five senior ghosts.

The audience could not tell the level of the ghosts, but since they were carried by ninjas at the peak of the “Pulse Raising Realm”, they should have been a level higher than them, so many people started to curse.

The Japanese “Yakuza no Kai” were unmoved.

“So this is it after all.”

Tu Chen frowned as he watched the competition. He and Black Hei had expected the Japanese to do this, but now, it was up to Ye Lu to do it himself.

Seeing these five senior brats appear, the host also frowned, but, following that, she raised her hand and announced.

“Good, since both sides are ready, the match begins!”

After that, she darted away and disappeared into the passage.

Ye Lu stood there, holding the Medium Grade Spirit Stones and the Heaven Stealing Pill, waiting for the other side to pounce on him, he wanted to test how strong these ghosts really were, and with the Heaven Stealing Pill, he might still have a chance.

However, to his surprise, the other side did not attack, the five ninjas stood together, then one of them looked at Ye Lu and asked.

“Did you kill young master Yasuhiko Abe?”

When he heard his question, Ye Lu understood that Abe Yasuhiko had been killed and that his presence on the mountain top had been revealed, but since the other party was asking this, it meant that they did not know how Abe Yasuhiko had died.

“I don’t know what you’re talking about.”

The ninja continued.

“Master Abe’s candle of life has gone out, and you happened to be at the top of the mountain that night, so you’d better tell the truth and we’ll let you live.”

In fact, he had made up the “candle of life”, he only wanted to make sure that Abe was really dead, so that Ye Lu wouldn’t threaten himself by pretending that Abe was still alive, because if that was the case, the five of them wouldn’t know what to do.

Ye Lu did not know the status of Abe Yasuhiko in the other party's heart, so he could not even think of this layer, he could only bite the bullet and deny it, so he shook his head and said.

"I'm sorry, I don't even know what Abe Yasuhiko you're talking about, as for why I went to the top of the mountain, why do I need to explain to you guys, who are you?"

Hearing Ye Lu's words, this guy opposite then said coldly.

"Since that's the case, then you no longer have any value, you can go and die."

Saying this, he then waved his hand.

Five senior brats rushed towards Ye Luo at the same time.

"Holy f*ck! Playing a big game as soon as they come!"

Ye Luo hadn't expected that the other party would come up with all the ghosts at once, and he thought that if they came one by one, he might still have a chance to kill one, although the chances were slim.

He quickly stepped back and took out the arrow of the "Sunset Arrow".

The moment the arrow dagger appeared, all five senior brats stopped instantly, followed by a subconscious step backwards.

They seemed to be in fear of the arrow of the "Sunset Arrow".

In the depths of the bomb shelter, Ye Lu's "Sunset Arrow" had scared away many Grandmaster level "evil ghosts", so of course these senior ghosts were even more afraid of the "Sunset Arrow".

When they saw how these ghosts behaved, the five ninjas also frowned.

They looked at each other and then began to chant.

The five senior ghosts once again charged towards Ye Lu under the urging of the five ninjas.

"Surely they're not intimidating."

Of course, Ye Lu did not want to scare them away, they should be instinctively afraid of the "Sunset Arrow", just like people are naturally afraid of ghosts, even if they are not powerful, suddenly seeing a ghost in the middle of the night will scare them with numb claws, this has nothing to do with how powerful the other party is, whether they will eat them or not.

The "Sunset Arrow" should indeed be a terrifying thing full of masculine power, but with Ye Lu's current cultivation level, he could not exert much power with the Sunset Arrow.

"Go!"

However, there was nothing he could do, so Ye Lu held the Sunset Arrow and rushed towards the first ghost.

"Snort!"

The result was obvious, he didn't even get a single hair of the other ghost, but he was cut by the other ghost's scythe with a long wound on his body.

These ghosts were at the peak of the “God Harmony Realm”, they weren’t just for show, Ye Luo had a bit of trouble beating up the middle “God Harmony Realm” Huo Huan, so how could he possibly beat them?

“Wow! Is Bloodshot going to die?”

“I think it’s over, those ghosts are too powerful.”

“Why doesn’t he raise his cultivation level before he comes back to challenge?”

“That’s right, there’s no time limit on the challenge even if he’s low level.”

.....

Seeing that Ye Lu was injured in one move, all the audience started to worry.

Tu Chen, on the other hand, tapped his fingers on the table and said.

“This kid should still have a bottom card, only, knowing how strong his bottom card really is, let’s hope it’s a very powerful one, otherwise I might really be wrong in this decision.”

The matter of allowing Ye Lu to compete was certainly something that Black Meditation had no right to decide, this matter was facilitated by Tu Chen.

“Sh*t! I can only get high on Dan!”

On the battle stage, Ye Lu quickly threw a “Heaven Stealing Pill” into his mouth.

“Again!”

This time he took the initiative and charged towards a ghost, because instead of being passively surrounded by five ghosts, it was better to take the initiative and perhaps have a chance of avoiding their joint efforts.

This was because, through the strike he had just made, Ye Lu found out that these ghosts were simply cooperating with each other, just like the five “Gothic Blood” guys he had initially fought, there were no joint attacking moves like sword formations between the five of them, which was the only thing that Ye Lu was glad about.

If the five ghosts at the peak of the “Combined God Realm” had their own formations, then he could have just killed himself.

“Snort!”

As a result, he was once again left with a wound on his body by another ghost.

“Your sister, I’ll eat it again.”

Having no choice, Ye Lu quickly took a “Heaven Stealing Pill” again, but by this time, those ghosts were already rushing up.

“Misty Steps!”

Ye Lu began to run for his life, but the stage was too small, and there were five ghosts on the other side, so there was no way for him to completely escape their attacks.

In a flash, another transparent hole was poked in his shoulder.

“Is it a drug that can increase combat power? And it can increase twice, but still, it won’t work!”

Seeing that Ye Lu had become stronger twice, Tu Chen had of course understood Ye Lu’s bottom card, because these things were something they would occasionally use, they used what was called “Military Ration Pills”, which could make a person exert great battle power for a short period of time, but the after-effects were also very serious, taking too many “Military Ration Pills” would even damage the meridians and make a person’s cultivation regress and not be able to progress anymore.

“It looks like Bloodshot is going to be finished this time.”

Tu Chen said helplessly.

The curses were deafening, everyone was cursing the Extreme Daoist Association for being shameless.

However, at this moment, Tu Chen saw that Ye Lu’s speed had increased again.

“Three increases! What the hell is that thing he took?”

This time, he was completely stunned, the second “Army Ration Pill” was already a risk, but Ye Lu could actually become stronger three times, this was definitely not something that could be done with “Army Ration Pills”.

However, the pitfall is, Ye Lu found that after increasing his combat power three times, although he could catch up with the speed of ghosts and could fight them, but his killing power against ghosts was extremely limited, now the “Ghostly Flame” had only partially recovered, without a large amount of “Ghostly Flame” it was too difficult to kill a ghost.

“Then we should kill them, as long as we kill their master, they should be finished.”

Seeing this scene, Ye Lu quickly changed the target of his attack.

At that time, to his despair, the five ninjas seemed to be prepared, before he could rush over, the five had already put one hand against each other’s backs, then five katanas were waved at the same time, a defensive shield suddenly lit up, blocking Ye Lu from the outside.

“Boom!”

Ye Lu’s “Sunset Arrow” pierced the defensive shield, but it didn’t break through, and he was bounced far away, while the extremely ugly “tall female” ghost had already arrived with the other four ghosts.

“How is this going to work?”

Ye Lu was completely dumbfounded.

The five ghosts took advantage of Ye Lu's bouncing stall to quickly launch an attack, and Ye Lu's body was instantly covered with several more wounds, with blood splattering.

However, he could not just wait for death, so he endured the pain and dodged the attacks of the ghosts, then started to run away.

After three times of strengthening, Ye Lu's speed at the moment could indeed avoid the attacks of the five ghosts, but the problem was that he currently had no particularly effective attacks.

"Should I try it with 'Ghostly Underworld Flame'?"

Ye Lu hesitated, he had used "Ghostly Inferno" to attack the "intermediate level ghosts" in the last boxing match before, so he could probably estimate the amount of "Ghostly Inferno" he would need to use to kill all the ghosts, the "Ghostly Inferno" he had gathered so far was definitely not enough.

"The Red Lotus Karma Flame, being a flame from hell and a Yang flame, was indeed also effective against ghosts, but Ye Lu had not cultivated it with anything after he had taken it in, so the Red Lotus Karma Flame in his body was far less powerful than the Underworld Ghost Flame, and was not enough to destroy a ghost.

"What should I do? What should I do?"

Ye Lu thought of a solution as he dodged, but he had already played all his cards, so unless he could gather the sixth strand of spiritual energy, there should be no way for him to turn the tables.

With the constant consumption of the precious "Medium Grade Spirit Stones", the sixth strand of spiritual energy was indeed on the verge of coalescing, but to make a complete breakthrough before the weakness of the "Heaven Stealing Pill" came, that was simply a daydream.

"One, as long as I can kill one, I will be able to fuse its 'Ghost Qi', these 'Ghost Qi' of the 'Harmonious God Realm' are very strong, after that I will be able to have the chance to kill another one, so that after killing these five ghosts, I will be able to dispose of those five ninjas."

Through the strike he had just made, Ye Lu found out that that defensive shield of the five ninjas was a true qi shield, which should be extremely consuming, he only needed to attack a few more times and they would inevitably run out of energy, but now once he attacked the defensive shield, he would inevitably be surrounded by those five ghosts, and he reckoned that he wouldn't be able to last until the defensive shield broke.

"Ai! This time Bloodshot is dead."

"Yeah, it's so suffocating, letting those Japs' treacherous plans succeed."

"That's despicable."

"Five against one and still like this, how shameless!"

.....

However, the curses of the audience could not change the fact that on the fighting platform, Ye Lu only had the ability to move and was completely powerless to fight back.

“It doesn’t look like it’s going to work, but Blood Shadow has done a good job.”

Tu Chen said with a sigh.

“Crazy ninety consecutive wins, a pair of ten, and with five senior brats at the peak of the ‘Combined God Realm’, to actually last this long, this battle is enough to go down in history, it’s just a pity, it can only go so far, Blood Shadow will probably have to disappear along with his secret.”

Tu Chen felt that there were too many unbelievable things in Blood Shadow’s body, how could he be so strong in Ming Power? Why could he unleash flames other than “True Qi Fire”? What kind of potion had he just taken to increase his strength? What kind of weapon was he holding that could cut through magic weapons like vegetables?

All of this was going to remain a mystery forever with Ye Lu’s death.

However, just at this moment, the attacks of the crowd of ghosts stopped.

“Still the same question as just now, what exactly happened to Young Master Abe that day? Tell us and we can spare you from death.”

The ninja from before once again looked at Ye Luo and asked coldly.

Ye Lu finally caught his breath, then he looked at the other party and said with a smile.

“No need to lie to me, even if I really knew something, I would still die after telling you, how would you guys spare it, even if I admit defeat, you guys would still kill me all the same, right?”

Hearing Ye Lu’s words, the ninja still said coldly.

“Humph! Say it, at least I will leave you a whole body.”

Ye Luo guessed correctly, they had been given a death order before they came out, that they would risk being sanctioned to get Ye Luo, the demon, to death.

However, following that, Ye Luo laughed once again.

“Unfortunately, it’s not that easy to make me die, let’s dodge this blow of mine first.”

With those words, he dashed towards the “tall female” ghost.

This time, Ye Lu gritted his teeth and sped up to the limit, but the ghost did not panic, it had been wounded by Ye Lu’s “Sunset Arrow” before, but Ye Lu could only manage to exchange injuries for injuries.

However, this time, Ye Lu’s attack was different. Instead of using the Sunset Arrow, he lashed out with a fierce finger.

It was the “Candle Dragon Finger”.

The “ugly girl” quickly swung her fist to meet Ye Lu’s finger.

As the Candle Dragon Finger struck the opponent’s fist, a bright purple fire lit up, followed by a “bang!” With a bang, the “High Maiden” instantly lit up with purple flames and turned into a black “Ghost Qi”.

With one finger, “Gao Mui” was dead!

Everyone was shocked, even Ye Lu himself was a little surprised, but he didn’t hesitate, the “Ghostly Inferno” quickly began to hungrily swallow all the “Ghost Qi”.

“Ow!”

After absorbing the “Ghost Qi”, Ye Lu clenched his fists and let out a high-pitched roar.

“It’s finally my turn to fight back!”

Ye Luo said coldly, following the blue flames on his fists, he had already charged up.

Just now, Ye Lu had an idea when he had no other choice, that was to fuse the two flames of “Red Lotus Karma Flame” and “Ghostly Flame” together, because the amount of each flame was not enough to kill a ghost, but the two flames together might be enough.

However, what Ye Lu did not expect was that the purple flame produced by the simple fusion of the two flames would be so powerful, so powerful that Ye Lu felt unbelievable.

However, time was running out, and Ye Luo had to speed up in order to do so.

“Sh*t! Bull of a deal!”

“Cool, what kind of move was that just now, it was so powerful!”

“Isn’t he a blue flame, why was it purple just now.”

“What do you care, just tell me if that counter attack was cool?”

“Yes!”

.....

This finger of Ye Lu completely ignited the emotions of the audience, from the moment these Japanese came out, Ye Lu was being pressured and beaten, the five ninjas who were manipulating the ghosts kept acting with an indifferent face.

The audience couldn’t take it anymore, but they all felt that there was no chance for Ye Lu to turn the tide, so they felt uncomfortable and depressed when they saw Ye Lu being beaten.

But this is really cool, isn’t it?

“Yes!”

Tu Chen couldn’t help but “Boom!” The steel table was smashed into a steel cake and all the cups on the table broke, but the crowd laughed out loud.

Ye Lu was attacking as hard as he could, because the weakness of the “Heaven Stealing Pill” was like a countdown to death, urging him to finish the fight quickly, after all, there was still a fierce battle waiting for him.

According to Black Meditation’s words, the “Five Golden Flowers” should be very difficult to deal with, and after these two battles, Ye Lu did not dare to take it lightly.

He had never used the three “Heaven Stealing Pills” before, and he didn’t know when the weakness would come.

Soon, all five ghosts were subdued, but unfortunately, the last one was too full to digest, so Ye Lu could only watch the “Ghost Qi” slowly disappear.

The “Ghost Inferno” could not be improved just by devouring it, just like a human being eating, the real improvement required constant digestion of the “Ghost Qi”.

“Boom!”

Under Ye Luo’s continuous attacks, the five ninja’s defense shield finally broke with a bang! Ye Luo did not hesitate to use the “Ghostly Inferno” to burn all five of them into ashes.

This was a good thing, even the fighting platform didn’t need to be cleaned up.

Ye Luo quickly clapped his hands and then looked at the beautiful host and said.

“Come on, pretty girl, next match.”

The beautiful host also snapped out of her shock, she looked at Ye Lu and smiled, then walked to the middle of the fighting platform and started to announce it in a loud voice.

“The winner of this match is the invincible Blood Shadow, next we have the strongest group of ‘Bloodthirsty Rose’, the super team ‘Five Golden Flowers’ who have killed ‘Patriarchal Level ‘ come out.”

Following that, the room was filled with screams as the beautiful mess of the Five Golden Flowers finally made their appearance.

Ye Luo, on the other hand, muttered in his heart.

“Hurry up and make an appearance, hurry up, hurry up again

However, instead of the five golden flowers coming out faster, his weakness came very quickly, he felt all the strength in his body being drained away, and all his meridians hurt like there were countless bugs biting.

“This time it’s over!”

Ye Lu sighed silently.

Chapter 229

However, he felt that he should also be glad that he had survived the battle against the Japanese, after all, he would have been really unlucky if he had dropped the ball just then.

“Looks like we can only go so far this time.”

Ye Lu let out a long breath of relief.

As they say, “a hundred miles is half a dozen”, this time Ye Lu had already reached ninety-five consecutive victories, just a little bit short of the last, although he had some regrets, he had tried his best.

What he was upset about was that he hadn't been able to turn on his "martial arts ability". If he went to the headquarters of the "Heavenly Clan" at his current level, he would be in a very bad situation.

"If I can't, I'll have to contact the Four Great Clans, if they're willing to help, maybe there's still a chance for things to turn around."

Ye Lu secretly muttered.

Following that, the five golden flowers arrived at the fighting stage.

Not to mention, these five girls really had high facial values, and all of them were dressed in rose red, with long legs and short boots, and they all walked neatly, obviously a very well-trained and well-coordinated team.

The beautiful woman at the head of the group looked at Ye Lu and smiled once she got on stage.

Ye Lu smiled back, he was ready to admit defeat at any time.

Seeing that both teams had taken up their positions, the female referee put her hand up, looking like she was about to announce the start of the match.

However, before she could give the order, the woman at the head of the five golden flowers raised her hand to indicate that she had something to say.

The host lowered her hand and signalled that the girl could speak.

The woman didn't say anything, she curled towards Ye Luo, which made Ye Luo a little confused, was this woman not going to say something like a declaration, but had something to say to herself?

Then, the woman came close to Ye Lu, and while Ye Lu still had to figure out the situation, she gave Ye Lu a kiss on the cheek with a swift movement.

Then as Ye Lu was in awe, she suddenly smiled and said.

"Five against one, victory is not enough, we 'Five Golden Flowers' admit defeat in this match, thanks to Blood Shadow for not hurting any of our sisters before, and congratulations to 'Blood Shadow' for becoming the new generation of 'Hundred Victory Shura'."

Everyone froze for a few seconds, then thunderous applause erupted throughout the venue, applause for Ye Lu, and applause for the Five Golden Flowers.

Then, the "Five Golden Flowers" walked back to their positions amidst the applause, leaving only a dumbfounded Ye Lu on the battle stage.

"There's still a way to do this."

Ye Luo's heart was also filled with surprise, it looked like his principle of not beating women had finally paid off!

At this time, that host had excitedly said in a loud voice.

"Congratulations, congratulations on the birth of the second ever 'Hundred Victory Shura', he is our 'undefeated Ming Jin powerhouse' Hundred Battles 'Blood Shadow Shura'!"

As her words fell, everyone stood up and shouted in unison.

“Blood Shadow Shura!”

“Blood Shadow Shura!”

“Blood Shadow Shura!”

.....

The entire venue shouted for a full minute before it stopped.

“Below, we have ‘Jack of Spades’, one of the twelve personal guards of our ‘Lord of the Underground’, presenting the prizes to the newly promoted ‘Blood Shadow Shura’.”

After the host finished speaking, the “Jack of Spades” jumped up from the main stand and then floated in the air like a flight to the front of you.

After that, this blonde expert looked at Ye Lu and smiled, saying.

“Congratulations, you are really a young man, but I would like to say that you do deserve the title of ‘Shura’, this is your ‘Shura Token’, as long as they belong to the Underworld, they will all know about this token, this is the ‘Earth Grade Middle Grade’ martial skill that is rewarded to you, other benefits that belong to you, you can go to the ‘Underworld’ app in three days to see it.”

The “Jack of Spades”’s words were a bit surprising to Ye Lu, because he didn’t expect them to have an APP software, it seemed that their “Underworld” was quite able to follow the times.

After that, the “Jack of Spades” looked at Ye Lu and said.

“Although you are not a member of the ‘Underworld’, you now have almost all the authority of the Underworld, so I hope you will have a happy life in the Underworld, and if there is anything you need to do, just show the ‘Shura Token’, either that organisation or branch of the Underworld will be at your service.”

It looked like he was getting a lot of benefits.

However, the “Jack of Spades” went on to say.

“Since you are not a part of the Underworld, this token can only be used by yourself or with your own authorization, and once it is used in violation, we are entitled to deal with it at our discretion.”

Ye Lu smiled and said.

“Okay, I will use it carefully, this is something that is not easy to come by!”

Hearing Ye Lu’s words, the “Jack of Spades” also smiled and said.

“Yes, cherish it and grow up as soon as possible.”

After saying that, the “Jack of Spades” flew away again, and this almost flying ability made Ye Lu feel the other party’s power.

“There are so many strong people in this world!”

Ye Luo couldn't help but feel a bit emotional.

As he became one of the "cultivators", Ye Lu felt that his vision in front of him was becoming more and more open, and the world was also becoming bigger and bigger.

"The 'Earth Grade Middle Grade' martial skill has finally arrived."

Ye Lu happily picked up the scroll of the martial skill, followed by the prompt from the glasses.

"Congratulations on opening the new ability 'Martial Skill Ability', please open the list on the left for the details of the ability."

Ye Luo snapped his fingers happily, as expected, a martial skill of the Earth rank was in hand, and the "martial skill ability" was finally unlocked.

Since the "Martial Skill Ability" had been opened, Ye Lu did not bother to see what "Martial Skill" he had gotten, anyway, just like the ability he had opened before, countless martial skills would definitely appear in his glasses.

So he took a deep breath and then turned around and walked towards his camp.

Ye Lu walked extremely slowly because his body was really too damn painful, yesterday he was unconscious so he didn't know, today he was tangibly feeling this period of weakness, it was simply too tremendously weak.

"Blood Shadow, are you alright?"

Seeing Ye Luo's state, Tu Chen asked with some worry.

Ye Luo waved his hand and said.

"It's fine."

Tu Chen then continued to ask.

"Will it affect the cultivation in the future?"

Ye Luo smiled and said.

"It won't affect it, it should be fine tomorrow."

Hearing Ye Luo's words, Tu Chen then nodded and said.

"Good, then I will talk to you about a serious matter, are you willing to join our 'Shadow of Death' organization?"

Ye Lu shook his head and said.

"I don't want to join any organization, I just want to finish my university life properly, I'll think about joining the organization after the university is over."

Hearing that Ye Lu rejected his invitation without even thinking about it, Tu Chen then said with a smile.

“Well then, this matter, let’s wait until after you graduate from university, the matter of that ‘Earth Rank’ martial skill

Before he could finish his words, Ye Luo said as he placed the martial skill on the table.

“This martial skill already belongs to your ‘Death Shadow’, thanks for your help these days, this is my thank you gift.”

Seeing that Ye Luo had never even looked at this “Earth Grade” martial skill before giving it to himself, Tu Chen was truly stunned by Ye Luo’s actions.

“This, don’t you want to take a look at it?”

He looked at Ye Lu and asked.

He couldn’t figure out if Ye Lu hadn’t worked so hard for this martial art?

Ye Luo, on the other hand, smiled and waved his hand and said.

“It’s just an earth rank martial skill, it’s all just a small matter lah, so if there’s nothing else, just send me away, there are still people waiting for me.”

Ye Luo looked at Tu Chen and said with a smile, he still had a lot of things to do next, including repairing the wounds on his body, finding a powerful martial art to cultivate, and finding something to improve the Red Lotus Flame, the power of the fusion of the two flames this time was too amazing for Ye Luo, this power, if combined with some kind of martial art, it would definitely be a powerful weapon to kill people.

Of course, all of this was for the “Heavenly Clan”, and he wanted to settle the score with them this time.

When he returned to the Purple Mountain, it was already eleven o’clock at night. Qin Siyu had been hiding in the tent without a fire as Ye Lu had instructed, and when she saw Ye Lu appear, she quickly burst out.

“Ye Lu, you’ve won!”

Qin Siyu said with a sigh of relief.

Ye Luo smiled and said.

“Yes, and we should be able to go and settle the ‘Heaven Sheltering Gang’ matter tomorrow, you go to sleep, I’ll study the martial arts skills I harvested today.”

After settling Qin Shiyu down, Ye Lu opened the “Martial Skill Ability”, and he was shocked by the contents inside, not the number of martial skills or their grades, but something else that shocked Ye Lu even more.

Ye Lu found that there were indeed “Mortal”, “Xuan”, “Earth”, “Heaven” and even “Saint” level martial skills in the “Martial Skill Ability”, but what surprised Ye Lu most was not these, but that he found that there was something called “Spell” above the “Martial Skill”.

According to the glasses, this “spell” was an attack method that could only be used by cultivators at the “Golden Dan Realm”, and like the “Pill Ability”, the glasses hinted that there was also a higher realm attack method, but the system had hidden it from view.

“Golden Dan realm, what exactly is this realm? Could it be talking about the ‘Patriarch level’?”

Ye Lu secretly muttered, he did not know much about the realm of cultivators above the “Innate Realm”, however, these were not the main point, the focus was whether he could use the “spells” himself?

According to the introduction of the glasses, these “spells” were one level higher than “martial arts”, which were attacks that could be used below the “Golden Dan Realm”, so “spells” should be more powerful than “martial arts”.

“I might be able to use ‘spells’ since I have ‘aura’ in my body.”

Ye Lu muttered as he began to look through the spells, but unfortunately, he was in a period of weakness and could not practice any of the spells at all.

So, he had to sit cross-legged under a tree and quietly meditate and wait.

Fortunately, the period of weakness did not last too long, and after two hours, he found that he could begin to gather aura in his body again, but it was very slow, and it was not until around four o’clock in the night that he finally recovered.

“Phew, luckily, the weakness didn’t last too long.”

Ye Lu let out a long breath, and then began to try out these “spells” impatiently.

He first tried the most powerful “Saint Grade Spell”, but found that he couldn’t manage it, then “Heaven Grade”, “Earth Grade” and “Xuan Grade”, but he couldn’t manage any of them.

“Holy shit! No way, can we only look at it?”

At the same time, he also felt that this “Golden Dan Stage” was not as simple as the “Sovereign Level”, otherwise this “spell” should not be that difficult to practice.

“I can only try a ‘Mortal’ level spell, if I can’t even manage a Mortal level spell, then I’ll have to learn an advanced martial art.”

Then, Ye Luo started practicing with the “Mortal Rank Upper” spells, but as a result, he found that he couldn’t use the “Mortal Rank Upper” and “Mortal Rank Middle” spells.

“Fine! You win, so I’ll find a ‘Lower Mortal’ spell to try.”

Through this series of experiments, Ye Lu found that the world of cultivators was really unfathomable! He felt that his “Burning Heavenly Furnace” and “Sunset Arrow” could not display their rank, and he estimated that they were at least two ranks higher than the “magic weapons” he had seen so far.

So where was the peak of the cultivation realm?

Of course, these questions were still too early for Ye Lu, the most important thing he needed to do now was to learn a spell first.

The reason why Ye Lu chose this spell was that although it was a mortal-ranked spell, it could be upgraded and could become a “Fireball” or even a “Magnificent Fireball” spell.

“Hiss!”

Seeing a small turquoise blue ball of fire coalescing on his fingertips, Ye Lu immediately became ecstatic, which meant that it was possible to practice this spell.

“Hey, hey, there’s a door!”

Ye Lu laughed heatedly, then quickly raised his hand.

“Go you!”

With these words, Ye Lu threw the “fire bomb” from his fingertips. With a swoosh, it rushed into a stone not far away, and the stone was immediately pierced through a transparent hole by the burning flame.

“Awesome, awesome, this is like a variation of a pistol!”

Ye Luo discovered that although this coalesced “fire bomb” was not large in size, it contained terrifying fire attribute energy.

Of course, this thing consumed a lot, the fire bomb just now had already consumed all the “Ghostly Inferno” in Ye Lu’s body.

“It’s really good stuff!”

Ye Lu looked at the hole in the stone and laughed, then dialed Lin Ru Yue’s phone.

“Little apprentice grandson, don’t sleep, hurry up and get up, help Master prepare some things to bring to the mountain, yes, I am going to refine pills, however, you won’t be able to use the pills this time.”

After explaining to Lin Ru Yue, Ye Lu dialed Huo Huan’s number again.

“Huo Huan, help me get some fire attribute ‘demon pills’, but, this time, I have to take credit for it first, I have an urgent matter, when I’m done with it, I’ll refine you the ‘demon purifying pills’ that you need that can cleanse demon pills. ”

As a result, Huo Huan said with a smile.

“Is the urgent matter you’re talking about going to take out the ‘Heaven Shade Gang’?”

Ye Lu asked somewhat strangely.

“Huh! How do you know?”

Huo Huan laughed and said.

“Have you forgotten, I’m a netizen, the internet is now full of news about you, the ‘Silk Stocking Masked Man’ has taken over the internet.”

This was something Ye Lu believed, so he thought about it and said to Huo Huan.

“How about this, Huo Huan, if you help me get some better fire attribute demon pills, I can teach you an earth rank martial skill, what do you think?”

As a result, Huo Huan said with some disdain.

“Cut, you were learning ‘martial skills’ from me yesterday and today you want to teach me ‘martial skills’, you think ‘martial skills’ are cabbages!”

Ye Luo then said with a laugh.

“You don’t have to worry about this, the so-called ‘three hours in the east of the river, three hours in the west of the river’ the era of me not knowing ‘martial skills’ is over, I can teach you when I say I can, just don’t worry.”

After saying goodbye to Huo Huan, Ye Luo searched again, although he had the “Fire Bomb Technique”, but, it consumed too much flame, he needed another spell to be able to use, as a result, he found that with his current aura he couldn’t use any other spell.

He had no choice but to pick a “martial art” of a higher rank.

Of course, the “Saint Grade” martial arts were the most powerful, but Ye Lu was worried that he wouldn’t be able to learn them overnight, so he had to learn some martial arts that could be sold on the spot.

So, he chose a relatively easy to practice defensive “Upper Earth Grade Martial Skill” called “Vajra Body”, which could condense spiritual qi into a certain part of the body to form a superb defence, and then he saw that there was actually a complete version of “Candle Dragon Finger” in the “Martial Skill Ability”.

With the aid of his glasses, Ye Lu helped Huo Huan to choose a martial art with a high degree of fit.

“Ye Lu, what kind of person are you anyway? This is too godly!”

Huo Huan was somewhat at a loss for words.

Ye Luo, on the other hand, waved his hand and said.

“Alright, let’s talk about all that blind personal worship later, I have to get busy first.”

After that, Ye Luo sent Huo Huan away, he still had a lot of things to do during the day.

The underground boxing tournament had a daily limit of 20 fights, but this new “Blood Shadow Shura” had become a “100-win Shura” after only six fights.

What a concept, this is definitely “unprecedented and unprecedented”, so almost everyone was discussing the deeds of “Blood Shadow Shura”, everyone was curious about who this “Blood Shadow Shura” really was and what he looked like, of course there were many versions of the legend.

After this battle, Ye Lu has become the most famous figure in the whole “underground world”.

It was only in the evening when it became dark that Ye Lu finally came back to his senses from his various cultivations.

“Shit! How come it’s so late.”

Ye Lu opened the “Burning Heaven Furnace” again and took out a fiery red pill from it and put it into his mouth, this was the “Fire Spirit Pill”, a fire attribute pill made from the “demon pills” of demon beasts.

The function of this kind of elixir was to increase the user’s flame attribute, which was actually out of the realm of ordinary elixirs, and if Ye Lu didn’t have his aura in him, he wouldn’t be able to make it.

Following that, Ye Lu opened his phone.

As a result, the eye-catching headline was.

“‘Only a hand to cover the sky’ is heartless, a new victim has reappeared.”

Seeing this message, Ye Luo muttered in a small voice.

“It looks like the aunt can bear it, but the uncle can’t, f*ck him!”
