

Super Student 331

Chapter 331

The place where the 13 clans gathered this time was not in Italy, but in Romania, the birthplace of the Blood Clan, which is some distance away from Italy, but Ye Lu had “Big Wind” with him, so he did not even have to fly by air.

For example, the speed of a large and polite Boeing 737 is only 785 km/h, which is only a little more than twice the speed of the Swift-tailed Swallow.

As a powerful wind-attributed demonic beast, the speed of the “Gale” far exceeds that of the “Sharp-tailed Swallow”, so there is no need for Ye Lu to take the plane.

With the rule that each person could bring three attendants, Ye Lu, in his capacity as Gertrude, ordered the other two good members of the family to travel in the normal way to Brasov in the west-central part of Romania, which was only about 30 kilometres away from the meeting place.

The place they were going to was called “Castle Brown”, also known as the “Vampire Castle”, which is said to be a gathering place for vampires.

It was built on a large hill overlooking the entire valley, and the gates of the castle were built into the walls, so to enter the castle you had to go to the south side of the castle and use the rope ladder thrown down from above.

Of course, this was no obstacle for the powerful Bloods.

At the moment, in Castle Brown, the acting head of the Bruh, the strongest of the thirteen clans, was sitting in the main hall of the castle waiting for the others to arrive.

He was very sure about this meeting, because they had always been the most powerful of the Thirteen Clans, and he was determined to get the Blood Maiden’s bloodline this time.

Moreover, he had already contacted his allies in advance, and with their support, he was even more certain.

“The purest, closest to the origin bloodline ever, so much to look forward to!”

The Bruh clan chief muttered in satisfaction as he drank the blood from the cup.

The thirteen clans of the Blood Clan were divided into three sections: the Hidden Alliance, the Demon Feast Alliance and the Neutral Clans, of which the Bruh Clan had the most clans in the Hidden Alliance, with six clans.

The two allies were the chiefs of the Gargoyles and the Unkawe, who smiled at the Bruh chief as he arrived and said.

“Congratulations, Chief Ruthie Witt, you have really got a treasure this time!”

The Bruh chief, Ruthie Witt, of course, responded with a smile.

Following this, the Gunguro clan chief then looked at Ruthie Witt and said.

“It’s just a pity that Jefferson fell, otherwise everything would have been perfect.”

“After all, he was the fourth highest ranked master on the “Killer Ranking”, and he had a lot of experience in battles.

But Luciwetter waved his hand indifferently and said.

“Since he is a Bruh, he should always be prepared to die, we Bruhs will die sooner or later.”

The other two families had heard about the warlike nature of the Bruh clan, so both patriarchs just laughed and didn’t say anything more.

Everyone sat down with an unspoken understanding.

He couldn’t step on the midnight hour, as he had a lot of work to do before then.

The other clan leaders didn’t care much when they saw the “magical puppet” turned Gertrude walk in with his three attendants, after all, to them, the Gimmi Spirits were a dispensable clan, and even though they were the ones who brought this opportunity, Luciwet didn’t show any gratitude.

Ye Luo, of course, did not care about this.

According to the instructions of the “Art of Concealing the Sky”, his current cultivation level was equivalent to that of an ordinary practitioner who was classified as a “God Realm”, so the level he could simulate was that of an “Innate Cultivator” who was one level below him or a “Foundation Realm Cultivator” who was one level above him.

At this moment, what Ye Lu simulated was a “Ninth Level Foundation Establishment”, that is, a “Ninth Level Sovereign”, which was just the right level for Jitrad to bring.

Of course, the other two attendants of Gertrude felt a bit strange about this, but since they were brought by their acting patriarch, they didn’t say anything.

At the moment there were still several hours before midnight, so many of the clansmen had not yet arrived, because most of them understood that this time they would only be accompanying the clan, and in the end it would still be the Bruh’s Ruthie Witt who would get the benefit, so what was the hurry to go?

The idea was to observe the fortress and its surroundings.

To be honest, this ancient fortress still covered a large area, the decoration inside was also very gorgeous, and there was also a very large underground palace underneath this ancient fortress.

However, just by looking at it, he could not tell where Liu Mei was being held. Moreover, Ye Lu felt that even if he found out where Liu Mei was being held, she would be heavily guarded, so it would be very difficult to rescue her directly.

So he took control of the “magic doll” and said.

“Chief Luciwet, it’s too boring to sit here, can I go for a walk around, I’ll come back when the meeting starts, everything is yours anyway, I congratulate you.”

The “magic doll” spoke and acted exactly like Gertrude, and as no one took him seriously, Ruthie Witt waved his hand casually.

“Go on, you don’t come to this ‘clan’ often anyway, it’s good to learn a little about the history of our blood.”

It was true that marginalised clans like the Gimmi Spirits did not have much opportunity to come here.

He smiled and left with Ye Lu and his other two attendants.

After Ye Lu and the others left.

A patriarch looked at the door and said with a smile.

“I heard that the clan lands of the ‘Jimi Demon Clan’ were all flattened by the ‘Shura’, and the ‘Holy Maiden’ who had appeared so easily was also taken away, so it looks like it won’t take long for them to disappear forever, just like the ‘Cappadocian’ clan.”

One of the acting patriarchs next to him followed.

“Oh yes, then the Lord Patriarch will talk to the people down there and let him have a look around, especially at the underground palace down there, which he has not been to once.”

The crowd laughed as they finished speaking.

And the chief of the Ruthivites laughed and gave orders to the men in charge to let Gertrude wander around everywhere except the place where the “holy women” were kept.

I wonder how they would have felt if they had known that Gertrude was just a doll and that the man who was going to ruin their lives was wandering around right under their noses.

However, his approach had undoubtedly given Leaf Fall a great convenience.

He soon arrived at the place where Liu Mei was being held. It was indeed extremely well guarded, and two of the guards he could see were Second Turn Saints.

It seemed that the Brujahs were really talented, and they were no match for the Gimmi Spirits.

“It looks like there is no chance of breaking through.”

Ye Luo muttered secretly, and then walked towards the underground palace below.

According to the brief description of the glasses, this should be the place for the meeting tonight, so after entering, Ye Lu began to wander back and forth, while the “Shave! underneath his feet, he was rapidly drawing the “weapon pattern”.

There was still a lot of time before midnight, so he had to prepare as much as possible for the rescue later, which could be another bad battle.

One by one, the other Acting Patriarchs of the Thirteen Clans of the Blood arrived at the Browns’ Castle, and towards midnight, the meeting began.

Chapter 332

The main topic of the gathering was, of course, the question of how to deal with the latest discovery of the real “Holy Maiden”, Liu Mei, and to put it bluntly, the question of who to “blood sacrifice” with.

Once everyone had arrived, they gathered in the underground palace.

The thirteen people were sitting around, and at the centre of the underground palace was a complex-looking spell formation, which consisted of a thirteen mansard star, and the thirteen patriarchs present at the moment corresponded to the thirteen sharp corners of this complex formation.

Once everyone was seated, Luciwet looked at the crowd and said.

“I’m sure you all know very well the purpose of my seeking you all here. We will vote in a moment according to the tradition of the thirteen clans of the ‘Blood Clan’ to choose the person who will receive the ‘Holy Maiden’ bloodline this time, everyone has no opinion, right?”

Everyone of course had no opinion.

One of the clan leaders said with a smile.

“I would rather know what we should do about the ‘Blood Shadow Shura’ who is in our sphere of influence.”

Hearing the words “Blood Shadow Shura” the others joined in the discussion.

“Yes, that ‘Blood Shadow Shura’ is making too much noise, as if there is no one in our territory who can deal with him.”

As a result, Luciwetter casually waved his hand and said.

“That ‘Blood Shadow Shura’ is nothing but a trivial matter, that video I watched, if those people hadn’t given him time to create the formation due to negligence and carelessness, he would have been dead long ago and there would be no more behind, how could we people give him such an opportunity.”

“If he were standing in front of us at this moment, we would certainly have smashed him to pieces in an instant.”

The crowd nodded at the words of the tall Ruthie Witt.

Ye Luo, who was standing behind the “magic puppet”, was thinking to himself.

“I’m standing right in front of you, and you can’t even recognize me, and you’re still talking nonsense.”

In fact, it was not Ruthie Witt who could be blamed for this.

The blood test was so thorough that it was clear which clan everyone belonged to, so in Ruthie Witt’s opinion, it was impossible for anyone to get in.

Of course, the “magic doll” had been lost, which they all knew, but even if the “magic doll” had taken the form of someone, it wouldn’t have been of any use, because the “magic doll”, the “holy weapon”, was in fact the most useless of the “thirteen holy weapons”, and basically had no killing power, so there was no need to worry about it.

After that, Luciwetter looked at the crowd and said.

“In order to avoid cheating, each voting board should be marked with the blood of their own clan to show fairness.”

When he finished several of the clan leaders laughed heartily.

Immediately, each board was placed in front of the crowd, followed by a pen, everyone already knew that this was what they were here for, so the voting was fast.

Soon the voting was over and someone collected all the voting slates and handed them over to a man in charge of the count, who held up the first sign in his hand and said.

“Patriarch Rushewit, one vote.”

Then, again, a sign was raised and said.

“Patriarch Ruthie Witt, two votes.”

“Patriarch Ruthie Witt, three votes.”

.....

At this point, someone muttered up in a whisper and said.

“Why make so many situations, just announce it.”

However, after Patriarch Ruthie Witt had reached six votes, a new vote getter appeared.

“Patriarch Gertrude, one vote.”

“Patriarch Gertrude, two votes.”

“Patriarch Gertrude, three votes.”

.....

To Ye Lu’s surprise, the next votes were actually focused on him, and it came to as many as six votes all of a sudden.

Now everyone was not calm.

Although everyone did not murmur, they also started to look left and right, as many of them did not understand what was going on.

Luciwet’s face changed immediately, and he looked at the “magic puppet” with a deep meaningful expression, while the “magic puppet” made a helpless shrug and hand-showing motion at Ye Lu’s behest, meaning that I couldn’t understand it either.

In fact, Ye Luo really did not understand how much it meant.

“Patriarch Gertrude, seven votes.”

In the end, the Jithrad clan leader won with one more vote than the Ruthie Witt clan.

This surprised everyone.

The two of them had already frowned and looked at the “magic puppet”.

Only then did Ye Lu suddenly remember that in the fragmented memories of Gertrude that he had obtained from his soul search, it seemed that there was indeed a memory of Ruthie Witt asking him to vote for himself.

At this moment, Ruthie Witt was depressed beyond words.

He had thought that with the support of his five companions and the vote he had obtained by threatening Gertrude, he would have won the election, but he had never imagined that Gertrude would turn against him and unite with the other clans to set himself up.

When he thought of this, he turned his head to look at the other acting patriarchs.

One of the acting clan chiefs said with a somewhat helpless show of hands.

“I only voted for the one I thought was the least promising, who knew it would turn out like this?”

In fact, some of the other people had the same idea, because they didn’t want to vote for the Bruh because of their position, but they couldn’t do such a narcissistic thing as to vote for themselves, and they didn’t want to vote for others and push them into the limelight, so they thought it would be better to vote for the worst one, Gertrude, because he wouldn’t really be elected anyway, and it wouldn’t offend Ruthie Witt, and it would be a way to show their position.

However, to their surprise, Jethroad himself elected himself, and it turned out to be the current situation.

However, it was a good thing that he had let the “magic puppet” win, so he quickly accepted this fact and let the “magic puppet” smile at the crowd.

“Huh! It looks like I got the most votes, so this must be God’s will.”

In Ye Luo’s opinion, this was something that the thirteen clans had agreed on together, so that Ruthie Witt would not blatantly go back on his word.

As expected, although Ruthie Witt’s face was ironic, he really didn’t say anything but acquiesced to the result of this vote, which made Ye Lu sigh with relief.

“Good, since the result has come out, let’s invite the real ‘Holy Maiden’.”

With the words of the one presiding over the meeting, Liu Mei was brought out.

Ye Luo saw that Liu Mei was wearing a very simple golden dress, her entire snow-white waist and two long legs were exposed, her two white feet were bare, her hair was neatly combed, and she really looked as stunning as the “Vampire Queen”.

At the moment, Liu Mei was restricted in her movements and seemed unable to speak, being held above her head by several female Bloods as she walked towards the formation in the centre.

“The Blood Clan had to meet several conditions to use the Holy Maiden for the blood ritual, firstly, it had to be the night of the first moon, secondly, she had to be eighteen years old, no older and no younger, and thirdly, the Holy Maiden had to be a virgin.

When she saw this formation, she understood that tonight was the end of her life, and tears flowed from the corners of her eyes into the formation.

Ye Luo couldn't help but have a sour nose, but he forced himself to control his emotions, if he revealed a flaw now, he would have given up all his work.

“Alright, next we will have to borrow the blood of all the clan leaders, please ask each clan leader to drop their blood into the blood pool.”

The man in charge of the ceremony looked at the crowd and said.

Hearing his words, everyone cut their fingers and put their hands into the pool of blood in front of them, and a few of the clan leaders had a somewhat playful smile on their faces, probably feeling good about making Ruthie Witt feel defeated.

However, Ruthie Witt did not say anything, he also put his hand into the pool of blood, and the rather intricately drawn thirteen mansard blood formation soon glowed blood red.

Chapter 333

Ye Lu had already considered the possibility of using blood, so he had already put Gertrude's blood in his storage ring, and now the “magic puppet” was pretending to be in front of him while Ye Lu put the blood into the pool of blood.

The only blood in its body is the blood of Gertrude, and once it is released, it will take on its original form.

With the blood of all thirteen clans injected into the formation, the formation began to run wildly, and Ye Lu felt a heavy blood aura while this blood-coloured light enveloped Liu Mei in the middle.

Following that, the man who was presiding over the formation raised his hand to signal that everyone could stop.

“Clan Chief Jetrad, you may enter the formation to begin the ‘blood ritual’.”

The person presiding over the formation looked at the “magic puppet” and said.

The “magic puppet” slowly stood up, while Ye Luo was looking towards how to save Liu Mei.

He quickly gave an order to the leader of the “ghost bats” who had stayed in the area.

After that, the “chi dragon” and “white tiger” demonic beasts that had escaped before reappeared, and after these guys appeared, they led some demonic beasts and roared towards the “Brown Castle”, but the roar was loud but did not come too close.

These guys were all captured by “Big Wind”, and Ye Lu really had nothing to use, resources were too scarce.

Of course, he also understood that these small demonic beasts were not enough to attract the attention of Castle Brown, so he also ordered the Ghost Bats lurking in Castle Brown to detonate the firearms he had placed there when he was just sneaking around.

These were a small part of the remaining stock from the Iga ninja.

There were loud explosions all over the fortress, and with the roar of the beasts outside, the noise was quite loud.

However, unfortunately, although the other acting patriarchs exchanged pleasantries, Luciwet did not say anything, nor did anyone come in to report the situation, it seemed that this kind of thing did not mean anything to him, which made Ye Lu feel incomparably depressed.

He had originally wanted to create a bit of chaos through this.

“Matriarch Luciwet, what’s happening outside?”

“Yeah, there won’t be any chaos, right?”

“Should we go out and have a look?”

.....

Several patriarchs were not too calm.

However, Luciwet waved his hand and said.

“Don’t bother outside, whatever happens won’t stop the ‘blood sacrifice’ today, and this person who is going to perform the ‘blood sacrifice’ is not Jethroad, but me, Jethroad, do you agree?”

After saying that, Luciwetter narrowed his eyes and looked at the “magic puppet”.

Ye Luo controlled the “magic puppet” and did not say anything, anyway, Luciwet was also beating up the “magic puppet” when he was angry, Ye Luo was not worried at all.

Seeing the performance of Ruthie Witt, a patriarch said.

“Chief Ruthie Witt, this does not seem to be in accordance with the rules, our ancestral tradition is to follow the decision of the thirteen clans to vote together!”

“Yes, we can’t break the rules.”

“This is indeed going too far.”

.....

However, Luciwet said coldly.

“Rules? I am the rule, do any of you have any comments?”

With those words, he raised his hand and waved it forward.

A dozen or so blood clansmen with terrifying auras walked out with cold expressions, Ye Luo quickly glanced at these people, and actually each of them was a “second turn” or “third turn” blood clansman, moreover, what surprised Ye Luo the most was that these people weren’t really blood clansmen.

“Name: Blood Golem, Rank: 3rd Turn Saint, Maker: Luciwet, Description: A super strong golem made from the body and bloodline of a Blood, completely unaware of pain, and with an almost immortal body, it is a strong warrior of the Blood, however, when making it, it needs to consume a lot of Blood’s blood

Seeing the appearance of the ‘Blood Puppet’, the faces of those clan leaders all changed, and one of them said with a slightly trembling voice.

“Isn’t it forbidden to make ‘blood puppets’?”

Luciwet said in disbelief.

“The rules are only for people, sooner or later I, Ruthie Witt, will transcend everything and become an eternal deity, and if anyone dares to say a word about what happened today, I will make sure you all die without a burial place, understand?”

Hearing Ruthie Witt’s undisguised threat, the other acting patriarchs were silent, the Bruh had always been strong, and they were somewhat used to it.

Seeing this, Ruthie Witt turned his head to the “magic puppet” and asked again.

“Chief Gertrude, I am waiting for your answer.”

Everyone’s eyes turned to the “magic puppet”.

As a result, the “magic puppet” looked at the crowd and smiled, then spoke in pure Chinese.

“Agree, my ass! Get lost!”

No one in the crowd knew Chinese, so they were a bit confused, but by the smile of the “magic puppet”, they could guess that he was probably not saying anything good.

“Die!”

Seeing this scene, Luciwetter was furious and struck out.

“Boom!”

The red blade fell from the sky and struck the body of the Demon Puppet, but he was still sitting there with a smile on his face, except that his appearance had changed, from the original appearance of Gertrude to the original appearance of the Demon Puppet, because the blow just struck was more than the blood of Gertrude that the Demon Puppet had drunk could bear.

When they saw the “magic puppet” appear with a smile on its face, everyone was confused at first.

“What’s going on?”

“Why is the ‘magic puppet’ here?”

“What the hell is going on here?”

.....

Even Luciwet was a bit confused, as the situation before him made it impossible for anyone to understand what was going on at first, but Ye Lu had already taken advantage of this moment to rush into the “Blood Formation”.

Everyone’s eyes were once again turned to Ye Lu.

Everyone was confused as to what this follower of Gertrude was doing again.

However, Ye Lu had already bitten his middle finger and slapped it on the ground, and a formation suddenly lit up, enveloping the Blood Formation, Liu Mei, and Ye Lu.

Following that, the “magic puppet” also disappeared.

“He’s the one controlling the magic puppet!”

Someone looked at Ye Lu in the formation and said in surprise.

“But how can he have the bloodline of the blood race, is he a wild child of Gertrude’s from outside?”

“I’ve said for a long time that we have no tolerance at all for this whole bonding with ordinary people thing.”

“Yes, it would have to be Gertrude’s feral seed.”

“But what is Jethroad up to?”

.....

The “Blood” bloodline in Ye Luo’s body made these people not suspect Ye Luo’s identity at first, but Luciwetter frowned at the illuminated formation.

“He had actually watched the video many times and found that the shield was exactly the same as the one in the video.

“You’re the ‘Shura’?”

Luciwet asked with a frown as he looked at Ye Luo in the formation.

Ye Luo grinned and said in English.

“None other than old me!”

The matter had come to this stage, there was no need to hide one’s identity whether one lived or died, the big deal was to die with Liu Mei in this hellish place, what was the point of being afraid, Ye Luo had already crossed his heart.

She thought she was dead for sure, but she didn’t expect that a “Shura” would suddenly appear to save her.

She looked at Ye Luo with a look of astonishment.

Ye Luo flew to her side and said with a smile.

“Mei’er, it’s me!”

This time Ye Luo changed back to his original voice, and Liu Mei immediately heard it.

Ye Lu helped her wipe her tears and said with a smile.

“Don’t cry, let’s die together, we won’t be alone anymore, people say ‘dying under the peony flower is a ghost’s life’, it’s worth it if I can die with you.”

While Ye Luo was speaking, the other clan leaders looked at Ye Luo with astonishment.

“He’s you, Shura! This is too bold.”

“Crazy, this man is absolutely crazy.”

“Not crazy, he’s a dead man, but I Buh admire him, a man who stands on top!”

.....

The crowd was stunned by Ye Lu’s sudden appearance, while Luciwet’s eyebrows knitted into a knot.

Chapter 334

Ruthie Witt never expected this to happen, so he wasn’t prepared for it at all, but there was nothing to prepare for, so he just did it.

So, he raised his hand once again.

At the same time, however, hundreds of evil spirits appeared in the defence shield, each of them standing in a different position with a stone in its hand.

This was almost the last of Ye Lu’s stock. This time, the formation required 108 “medium-grade spirit stones” to activate, so the defence was very strong, but no matter how strong the defence was, it was inevitable that it would be consumed when being attacked, so spirit stones were needed to maintain it.

At this time, Ye Luo had already broken all the prohibitions on Liu Mei’s body, these prohibitions were against Liu Mei, an ordinary person, and were basically worthless in front of Ye Luo.

“Ye Luo.”

Feeling that her body could move, Liu Mei then but everything jumped onto Ye Lu’s body and hugged him.

For his part, Ye Luo hugged Liu Mei’s body and gently patted her bare back and said with a smile.

“What are you crying for, it’s not certain who will die, however, I need you to cooperate with me in a while.”

Hearing Ye Lu’s words, Liu Mei then quickly nodded her head.

Ye Luo narrowed his eyes and looked at the “blood formation” where the blood of the thirteen clans were still tossing around in the formation.

“Mei’er, go lie there again, I’ll help you strengthen your bloodline.”

There was only a little time left before midnight, and with all thirteen bloodlines of the Blood Clan present, it was the perfect time to use them for a “blood ritual”, which would definitely bring Liu Mei’s awakened bloodline to a higher level.

When he saw Liu Mei lying in the centre of the formation, Luciwetter sensed something was wrong.

“Go!”

He quickly took out a black cross and slammed it into the formation with blood light, but, to his surprise, the defensive shield actually rippled like a wave of water but did not collapse at all.

The Blood Puppets also attacked at the same time.

The other patriarch was surprised that Ye Lu knew their blood rituals, and that he seemed to be even more skilled than them.

This was certainly true, for Ye Lu had no “martial arts” or “spells” in his “glasses”.

Immediately, twelve o’clock was reached, and the boiling blood wrapped around Liu Mei, and the real “blood sacrifice” began.

At the same time, a magnificent warm aura began to emanate from the wrapped blood, and an immense shadow appeared above the wrapped blood.

It was a beautiful woman with long hair, bright eyes and white teeth, especially a pair of eyes identical to Liu Mei’s, and breasts as big and attractive as Liu Mei’s. However, there were no clothes on this woman’s body, only clothes made from the leaves of an unknown tree

The woman’s shadow appeared at the same time, the surrounding “blood” people including the eleven acting patriarch could not help but bow down and worship.

The actual fact is that the actual people of the blood group, including the eleven acting chiefs, all of them, could not help but bow down and worship, and he was already halfway to his knees, but he forced himself to stand up again.

“It’s actually the ‘mother of all living beings’ Eve bloodline!”

Luciwet was shocked by the scene before him, but his eyes were filled with a frenzy, because he understood the value of this bloodline.

Legend has it that the Bloodline came from a man called Cain, who is also known as the first true vampire, and who was the eldest son of Adam and Eve, the first human beings.

Cain was then banished for killing his brother, during which time he met Lilith, the Witch of the Night, who taught Cain how to use the power of blood and became the first vampire.

These three sons produced thirteen offspring, the third generation of vampires, which is the origin of the Thirteen Clans, and why the Thirteen Clans are divided into three factions.

The bloodline that Liu Mei possesses is that of Eve, the first generation of vampires above Cain, so how can this not excite Luciwet.

If they used Willow's awakened blood to perform a blood ritual, they could potentially be more powerful than the first Cain.

This was something they hadn't thought of before.

"Roar!"

With this in mind, Luciwetter let out a roar and his long fangs appeared in his mouth, while his eyes instantly turned bloodshot.

Not only him, but also the acting patriarchs who had just been worshipping and their followers also let out a roar, and all of them began to transform.

Seeing almost everyone around him turn into a state of sharp teeth and claws and bloodshot eyes when they saw the "Eve's shadow", Ye Lu was also stunned by this scene.

He didn't expect this to happen, and he saw that all the Bloods' eyes were looking at the blood ball that was gushing out from Liu Mei's place, and everyone had a greedy and frenzied look in their eyes.

However, everyone did not make a move at first.

Because, now was the crucial moment for Liu Mei's metamorphosis and awakening, and they didn't want to let Liu Mei fail, which wouldn't be good for them.

"Day, bleep the dog!"

This time it was Ye Lu's turn to be anxious, and he started walking back and forth like an ant on a hot pot.

This was not just one person, but the entire Blood Clan was after Liu Mei, and the trouble would be endless.

"Maybe there is another way."

After walking around twice, Ye Lu stopped and made up his mind.

At this time, all the blood shadows fiercely retracted and all of them entered Liu Mei's body, while Liu Mei also woke up with a long breath at the same time.

After she woke up, she sat up violently, and Ye Lu saw that in Liu Mei's eyes, there was a bloody cross in the blue pupil of each eye, which looked unusually demonic.

At the same time, all the Bloods launched their own attacks on the defence shield.

"Boom!"

"Boom!"

“Boom!”

.....

The defensive shield became shaky all of a sudden.

“Mei’er, give me your body!”

Ye Luo didn’t have time to explain, he looked at Liu Mei and quickly said, although Liu Mei didn’t know what Ye Luo was saying this for, she nevertheless nodded quickly with a red face.

“Brush!”

Ye Lu waved his hand quickly and the defense shield shrank a large circle at once, shrinking the defense shield could make it last longer.

After that, countless “evil spirits” suddenly appeared, and these “evil spirits” came out and quickly formed a “wall of ghosts” facing outwards.

After the “wall of ghosts” blocked the view from outside, Ye Luo quickly took off the golden-colored dress that Liu Mei was wearing underneath, and at this moment Ye Luo’s breathing became rapid, while Liu Mei closed her eyes

“Ow!”

Outside, Lucy Witt and the others immediately understood what Ye Lu wanted to do, and all of them rushed towards the shrinking defense shield again with a calendar roar.

“Excuse me!”

Ye Luo saw Liu Mei’s face that had become more attractive due to the activation of her bloodline and said somewhat apologetically, he also did not expect to end his virginity in such a situation, and also somewhat apologetic for getting Liu Mei’s first time in this way, however, Liu Mei hugged him at once, and Ye Luo felt the hot wet and tender lips

Then, Liu Mei gritted her teeth and moaned while frowning

“Boom!”

“Boom!”

“Boom!”

.....

The dreadful attack only took two rounds of the “defense shield” before it turned into nothingness, but at this time, all the “evil spirits” made a move at the same time, and another 108 “medium-grade spirit stones” were put into the foundation of the formation.

And Luciwet let out a harsh roar, a roar filled with resignation and endless hatred, for he understood that things were irrevocable.

“Die, you die!”

He roared from the sky.

Inside the “ghost wall”, Ye Lu gave Liu Mei a kiss on the cheek and said.

“Mei’er, put on your clothes, even if you die, I will get you out.”

After that, Ye Luo quickly cut his own artery, and the fresh blood fused with the sweet red blood left by Liu Mei on the ground like a fountain

The ultimate summoning has begun!

Chapter 335

The moment Liu Mei ceased to be the Holy Maiden, all the Bloods who were attacking paused for a moment, some of them having reverted to their original state.

However, at that moment, Liu Mei’s other identity became clear, that is, since Liu Mei could not become a sacrifice, she regained the only bloodline inheritor with their ancestor’s bloodline.

If such a bloodline inheritor came from one of the Blood clans, they would never kill it, but would train such a person to become an elite, or even a leader of the Blood clan.

However, this time, things had appeared to be a foreigner, so some of the acting clan leaders did not know what to do for a while.

“What are you waiting for, kill him for me.”

Luciwet said with a roar.

The person he wanted to kill was of course Ye Luo, because although Liu Mei was not as useful anymore, he was still useful, and this guy Ye Luo could not be kept no matter what.

Only when they heard Luciwetter’s roar did the others come to their senses and attacked again, because no matter how they dealt with Liu Mei, this “Shura” had to be killed.

“Boom!”

“Boom!”

“Boom!”

.....

The attacks started again, but immediately afterwards, everyone was shocked by a terrifying aura and subconsciously took a step backwards.

It was a bloodline shock and suppression, a fear from the soul.

Immediately afterwards, a terrifying figure appeared in the defence shield, the projection of Cain, the first generation of the “Blood”, appeared in the air.

Ye Luo, on the other hand, was a little shaken by the loss of blood, and Liu Mei hurriedly helped him, while Ye Luo quickly said.

“I still need your blood.”

After saying that, he lowered his head and bit through Liu Mei’s arm, and then he quickly struck the “Servant Spirit Skill” into the “Cain Projection”.

This “Cain projection” was too powerful, and this was the only way to control it for a little while.

“The Cain Projection had the perfect appearance and slender body of a Blood, with long hair and slender eyes, making him look exceptionally beautiful.

“Kill them all!”

Ye Lu gave the order quickly.

“Hmph!”

“The “Cain Projection” snorted coldly, but quickly carried out Ye Lu’s order. He gracefully extended his right hand, then slapped it downwards, and twelve red blood lights blasted towards the acting clan leaders of the Twelve Clans.

However, unfortunately, more than half of them easily received the blow, and the rest were not seriously injured, if at all.

The Cain Projection was indeed much more powerful than the Gale, but the Acting Clan Chiefs were not just a name, they were all super strong members of the clan.

“Go!”

After blocking the blow, Luciwet waved his hand and led his men to charge forward.

Of course, Ye Luo didn’t want to end the battle with such an attack, his real move hadn’t started yet, after “Cain” sent out a move, Ye Luo took out the “torture axe” and threw it to him, saying.

“Go ahead, destroy the place, kill as many as you can!”

“In order to make the “Cain Projection” listen to him, Ye Lu kept drawing blood from Liu Mei’s body and adding the “Spirit Serving Technique”, although he also felt sorry for Liu Mei, but if there was a “backlash”, it would be a big problem.

After he got the Axe of Execution, the aura of Cain’s projection rose rapidly, and the defensive shield around him was also shattered with a “bang!” The defensive shield around him was shattered with a bang.

“Boom!”

At the same time, Cain’s strike was unleashed, a real “landslide”, because the “Brown Castle” was built on a hill, and this strike destroyed half of the castle and one side of the hill.

Of course, Ye Lu could only sustain the Cain Projection to launch this blow.

“Damned Oriental, you dare to use my power. Next time, I will devastate you.”

This terrifying strike killed three of the weaker clan leaders of the Thirteen Clans and seriously injured two of them, while the others were also injured to varying degrees.

Ye Luo also felt his rebellious heart.

“Revolt against me? Let’s talk about it next time.”

After this blow, Ye Luo quickly put away the “torture axe” and then a giant bird appeared at Ye Luo’s side, which was also Ye Luo’s plan to use the “great wind” to escape from here.

However, Luciwet was so powerful that he was not blown away, and when he saw Ye Lu let out the “gale” he swung his sword and slashed Liu Mei.

Because he knew very well that Ye Lu’s methods were too many, and that slashing Ye Lu might not necessarily work, but Liu Mei was different, and had been under their control.

“Shit! Your sister!”

Seeing this scene, Ye Luo also became anxious, not to mention hitting Liu Mei’s body, even if she was swept by Lu Xiwei’s “Innate Astral Qi”, Liu Mei would definitely die.

“Come out, Tongtian Vine!”

Ye Luo mumbled in his heart as he rushed to Liu Mei’s side and threw her onto the back of “Big Wind”.

“Go!”

At the same time, countless thorny vines appeared on Ye Lu’s body, while Luciwet’s slash also struck Ye Lu’s body, and this slash was so powerful that it struck Ye Lu directly into the ground.

At the same time, “Big Wind” took his wings with Liu Mei on his back and the two of them flew up into the sky at a tremendous speed.

However, the moment he flew up, countless Blood Bats appeared and flew after Gale.

“Leaf Fall! Ye Luo ……”

When she saw that Ye Lu had thrown himself onto the back of Gale and took all the blows for himself, she cried out in anxiety.

However, “Big Wind” said indifferently.

“Don’t worry, he’s right under our feet.”

When she heard that Gale could speak, Liu Mei was astonished, it was the first time she had ever heard a bird speak, but she quickly asked.

“Really, under our feet? By the way, aren’t you a bird, why can you talk?”

As a result, the “gale” said in an unpleasant tone.

“Little girl, don’t talk nonsense, don’t think you can do whatever you want just because you took my boss’s first time, or I’ll beat you up!”

“But don’t worry boss, he’s tethered to my feet with that damn vine and he’s with us, he can’t die.”

The truth is that the “Tongtian Vine” is the only plant in the “One Leaf Bodhi” pendant, and it was this one that Ye Lu used just now.

So, after being struck into the ground by Luciwet, he was dragged up into the sky by Gale, who was flying away, and was now hanging at Gale’s feet.

After hearing Gale say so much, Liu Mei finally sighed with relief, but she became more and more curious about Gale.

“You can talk so much, you don’t feel any different from a human.”

Liu Mei said as she leaned on the back of Gale, who was finally free from the chase of the Blood Bats.

After all, compared to the Blood Bats, Big Wind was better at speed.

To be honest, Ye Lu did not know that there were still Blood Bats raised by the Blood Clan around this “Brown Castle”, and he was a bit scared.

In Castle Browne, Ruthie Witt was looking at the ruined castle with a grimace.

He suddenly remembered what he had said before, when he had said, “If those people hadn’t given him time to create the formation through carelessness, he would have been dead” and “How could we have given him such an opportunity?”

“Fortunately, the ‘butcher’s knife’ did not fall into the hands of the other side, otherwise I guess the whole of Europe would be finished.”

The “Butcher’s Knife” was also one of the “Thirteen Sacred Weapons” of the Blood Race, but it had not yet been practised, and Luciwetter had almost used it before.

As he was lamenting, a figure suddenly appeared in the “Brown Castle”, a man dressed in ordinary clothes, but with the aura of a mountain, carrying a terrifying pressure.

Chapter 336

Once this man appeared he looked at Luciwet and said.

“From today onwards, we will take over the Gothic Bloods and become one of the new ‘Seven Organizations’ of the Underworld.

The man spoke to Ruthie Witt with an unquestionable look on his face, as if the Bloods were not worth mentioning in front of him, but Ruthie Witt did not say anything, but nodded obediently.

Because Mount Olympus, the mountain of the gods, was where the European gods lived, and where the current three generations of the Bloods were said to be.

So, he immediately announced in the Underworld that the Gothic Bloods would be renamed the Wrath of the Gods, and that the entire Gothic Bloods team in the Underworld would be completely replaced by the Olympians.

At the same time, news of the destruction of the Blood Clan's Vampire Castle, the flight of a giant bird from the Castle, and the devastation of the thirteen Blood Clans began to appear in the media like a gale.

Putting all the recent events together, it was clear to everyone that one man was responsible for all of this: the newest "Yum Yum Shura", the man called "Bloodshot".

At the headquarters of the Shadow of Death, Yang Yun looked at the statement of the Gothic Bloods and said with some emotion.

"The 'Blood Shadow Shura' is really capable of tossing and turning, our 'Underworld' has been dominated by seven masters for many years, but he has broken it all at once. It seems that the 'Gods' of Europe want to fight to the end with the 'Blood Shadows'."

Yang Yun knew a bit about those guys from Mount Olympus, they were similar to the Eastern "clan world", they were all super experts living in secret realms, these people were not very interested in the "mundane world", however, Ye Lu had killed all three of them at once, which made them extremely angry.

Of course, the other organisations were also completely shocked by the events of the past few days.

If it wasn't shocking enough that Ye Lu had directly slaughtered the top 20 of the "Killer Heavenly Ranking" last time, this time he had directly caused an organisation to disappear because of him, which was enough for everyone to understand Ye Lu's power.

"The 'Vampire Castle' has been destroyed, this strike is a bit scary!"

"The people of Bloodthirsty Rose were also looking at the pictures on the screen and feeling a bit emotional, because this strike had already surpassed the "Saint" level of masters, which meant that the "Bloodshot" had really become a "Shura" that could not be messed with.

The other major organisations, the Dark Pharaohs, the Hell's Gate and the Society of the Extreme, were also looking into the matter of the Blood Shadow Shura at the same time.

At this moment, our client is soaring in the sky with a beautiful woman.

"Ye Lu, are you alright?"

Liu Mei looked at Ye Luo who was in her arms and asked with some concern.

After the battle just now Ye Luo had completely run out of ammunition, if not for that Lu Xiwei's last blow, he could still barely hold on, but after receiving that blow, all the problems came in one fell swoop, and the end was, Ye Luo was now only left with the ability to lie down and talk.

He looked at Liu Mei and smiled, saying.

"It's fine, it's a weak period now, it will be fine after a while, don't worry."

Ye Luo knew very well that he would not be able to use the Summoning Technique for a long time, and any further blood loss would probably affect his future training.

Hearing Ye Lu's words, Liu Mei finally felt relieved as she looked at Ye Lu and said.

“Ye Lu, it’s really hard for you to come all the way here to save me.”

As she said that, Liu Mei stroked Ye Luo’s cheek.

Ye Luo, in turn, smiled and said.

“It’s not hard, I’m happy to see that you’re alright.”

Then, Ye Luo turned to “Big Wind” and said.

“Sister Wind, let’s find a safe place to drop me off later, we have to adjust and then we have to take a flight back to our country.”

Hearing Ye Luo’s words, “Big Wind” asked with some confusion.

“What plane ride, I’ll just take you guys back.”

Ye Lu smiled and said.

“Of course I have no problem, but Mei’er can’t, she can’t stand your flying speed, the wind pressure is too high.”

A speed of several hundred meters in a second was too much for a normal person to bear.

So, the two men and the beast flew back to the Apennine Mountains, and then found a quiet valley and settled down.

Ye Lu looked at Liu Mei and said with a smile.

“Mei’er, now that you have awakened your bloodline, you can cultivate next, and with the power of your bloodline, it shouldn’t take long before you don’t have to fear those ‘blood race’ people.”

Among Ye Lu’s vast sea of cultivation techniques, there was naturally a top-level technique suitable for Liu Mei to cultivate, which also happened to belong to the “Eve bloodline” cultivation technique, named “Creation Divine Skill”, however, Ye Lu could not teach her yet, because he could not move first, and it was still too difficult just by talking.

However, Liu Mei looked at Ye Lu and said.

“I seem to have gained a super power that can heal people, wait until I give you a try.”

At these words, Liu Mei then grabbed Ye Lu’s hand, Ye Lu felt that your Liu Mei’s hand was very warm, following that, from Liu Mei’s hand then lit up with a faint light, he felt that you had a kind of vitality flowing into the word’s body from Liu Mei’s hand, and soon flowed into all the limbs and bones, although it seemed that it could not play a big role for the weak period, but the vitality brought about by the loss of blood, and the lost blood was being constantly replenished.

“Mei’er, it’s okay, this ‘divine ability’ of yours this is so powerful!”

Ye Lu could feel that Liu Mei’s ability was quite useful, moreover, he also felt the power of this Eve’s bloodline, Liu Mei had only awakened her bloodline and could already use the “Bloodline Avatar” without any cultivation, which could only be done by a fairly advanced bloodline.

At this moment, a voice suddenly said with a smile.

“Can’t you two wait to make out? You’re holding hands now.”

When she heard this voice, Liu Mei drew her hand back quickly in fright, and her eyes widened as she saw “Big Wind” appearing naked.

Seeing the expression on Liu Mei’s face, “Big Wind” smiled and said.

“I can’t be blamed for this, my clothes just ran out, and the boss didn’t get me a storage device, so I had to come and ask the boss for clothes.”

Ye Lu hurriedly took out two sets of clothes from the “Sumeru Ring” and asked Liu Mei to give them to “Big Wind”, while saying to Big Wind.

“A girl doesn’t know how to be ashamed, hurry up and put on your clothes.”

“Dafeng smiled and said indifferently.

“What’s wrong with that? I fly around naked every day and I don’t feel anything, but you humans are too busy.

Hearing the words of “Big Wind”, Liu Mei quickly blushed and lowered her head.

The three of them spent a very pleasant night in the valley of the Apennine Mountains.

The next morning, Ye Luo revived refreshed, Liu Mei’s healing spell was really something, it worked quite well, but she had also lost a lot of blood, and Ye Luo couldn’t afford to let her expend her energy on it.

“Finally, I can go back to my country!”

Ye Luo said with a smile as he looked at the sunrise and stretched out.

From the time he left China for Japan, he had experienced too many battles along the way, giving Ye Lu a feeling of being in a different world.

After that, Ye Lu opened his mobile phone, and there were indeed many missed calls, mainly from Death Shadow, Qin Shiyu and Ye Yan, he replied one by one to report his safety, and finally logged into the vest account he had used on the Underworld App, “One Leaf Knows Autumn”.

As a result, he saw a private message that startled him.

Chapter 337

This was a private message for a group, that is, a private message that wanted to find someone to team up to complete a quest, what surprised Ye Lu was the content of this quest.

This content was related to Ye Yan.

The initiator of the group said that an employer offered a high price to deal with a woman called Ye Yan, and he was worried that he couldn’t deal with it, so he wanted to find someone with a similar star rating

to team up with, and then he thought that Ye Lu was more suitable, probably because he saw that Ye Lu didn't even have a hairy star and was a newbie, so he came to find Ye Lu to team up.

The name was "Long Ao Tian", and his avatar was also a very draggy look.

"Okay, then I'll agree and team up."

This was not an unreliable promise, because if one agreed but did not fulfill it, the Underworld would deduct a certain amount of Darkness Points, which meant that clicking "agree" was tantamount to signing a certain agreement.

Ye Luo just clicked the "agree" button, then the "Long Ao Tian" sent a message to add Ye Luo as a friend, Ye Luo thought about it and agreed again, the "Long Ao Tian" added as a friend and immediately sent a message.

"Brother Ye Ye Zhi Qiu, is it convenient for you to move tonight?"

Ye Lu was also worried about Ye Yan's safety, and seeing that he could make it in time, he agreed to the other party, and then "Long Ao Tian" said that he also had an appointment with two other people, one of whom was a two-star expert, so that Ye Lu did not have to worry, and that he would definitely be able to win this mission.

In fact, what Ye Lu was most interested in was who the employer was.

He felt that Ye Yan shouldn't have any enemies, the Ye family's people definitely wouldn't dare to strike again recklessly after knowing his identity, and Ye Qiu Die, who had a problem with Ye Yan and the others, didn't have the guts to do so, besides, under Ye Lu's instructions, Ye Yan didn't target Ye Qiu Die anymore.

Sure enough, he inquired with Ye Qiu Die and the Ye family and they didn't act.

"That's a bit strange."

Seeing Ye Lu frowning, Liu Mei inquired, and Ye Lu briefly told her about it, then contacted the people from the Shadow of Death, asking them to help guard Ye Yan on the one hand, and asking them to help send him back to China on the other.

As a result, the person who contacted Ye Lu was the leader of the Shadow of Death, Liu Yun, who was known as the "Dark God of War" of China. Although Liu Yun was not on the top ranking of China, basically the secular cultivation community of China recognized that he was definitely a top expert who could compete with the top 10 of the "God of War" list.

The "God of War Ranking" is a list produced by some cultivation organisations, ranked according to overall combat power, but of course the main reference is the combat record, as for those who claim to be hidden masters, who say they are great but never appear, they are excluded, and those who have not had any fights in ten years are also kicked out.

So, many people jokingly called it a "restless list", because most of the people on the list liked to fight.

"Bloodshot, do you have any plans to actually join us 'Shadow of Death'? But, because you are not part of the organisation, there are some things that even I can't say."

Ye Lu didn't expect the leader of the Shadow of Death to join him directly, so he thought about it and said.

"Boss, I understand what you mean, but let me think about it again, and you too, I'm a 'problem' now, and I might get you guys involved."

Yang Yun then smiled and said.

"Don't worry about this, who are we, we 'Underworld' are specialized in giving people trouble, also, your old sister Ye Yan, and the whole Ye family, including your female classmate Gu Shiqi, and the girl Long Fei Xue who is close to you, we have already sent people to protect them, just don't worry. "

Hearing Yang Yun's words, also came a black line, when did Long Feixue become his old flame, however, thinking about it, Long Feixue a big president but so close to himself, the relationship between the two people does seem a bit abnormal.

However, when Liu Yun Neng stepped in to help himself, Ye Lu of course expressed his gratitude and at the same time asked them to help in secretly protecting one person, namely Liu Mei.

"Hey hey, 'one doesn't waste one's time' ah, well said, well said, this girl is also handed over to us."

This time Ye Lu didn't say anything, after all, it wasn't a misunderstanding this time, he did have a relationship with Liu Mei, so he acquiesced.

After passing the phone with Liuyun, Ye Lu looked at Liu Mei and said with a smile.

"Mei'er, I will teach you the 'Creation Divine Skill' and the corresponding 'Martial Skills' and 'Spells', with your qualifications you should soon be able to have some accomplished."

Ye Lu had already checked Liu Mei's situation, after she had awakened her bloodline, she was already an innate spirit of the "Innate Realm", it would take a lot of time for ordinary people to break through this bottleneck, and those who were too poorly qualified, such as Elder Shen and the others, would probably have to spend their lives.

This is the advantage of the bloodline, which can also be called talent, just like some people are naturally good at sprinting, without this talent, you can't run as hard as Bolt even if you work hard all your life.

Liu Mei, Qin Shiyu, Ye Yan and Long Fei Xue's bloodline power undoubtedly put them at a very high starting point, and with the cultivation of the "divine skill", their progress must be as fast as possible.

Ye Lu was a little worried that he would be left behind by them in the future.

After teaching all kinds of things to Liu Mei, the people from the Shadow of Death also started to contact Ye Lu, and the three of them soon started to board the plane back to China. As for the "Heavenly Vine", although it had matured, it could still enter the "One Leaf Bodhi", so Ye Lu put it back into the pendant.

He also checked the details of the "Heavenly Vine" during his weakness and found that the grade of this thing was unknown, that is to say, it was at least one grade higher than a "magic treasure", no wonder such a plant was planted in this acre of spiritual field.

Later on, due to the War of Extinction, it was completely destroyed and reborn as a seed, which was coincidentally obtained by the Japanese cultivation community and planted in the One Leaf Bodhi.

It is said that with constant feeding, this vine can gradually grow from one to two, three, and up to an unbelievable one hundred and eight.

Now that one vine could withstand one blow from Luciwet without dying, Ye Luo was looking forward to the growth of this “Heavenly Vine”.

It had been a ten-hour flight, but with Liu Mei chatting with him, Ye Lu didn’t feel bored. Liu Mei said that the car he had given her had really worked, making all the boys who had been around her like flies before back off.

“They all thought they were getting close to the big money.”

Liu Mei said with a smile, Ye Lu found that Liu Mei was originally sexy and beautiful, after this awakening, her body exuded the unique aura of a woman, making people look there a little intoxicated, Eve really deserved to be the first woman in the legend.

In the evening, the three of them finally returned to the capital. After sending Liu Mei back to school, Ye Lu searched for suitable materials to make a “storage magic weapon” for “Big Wind”, while contacting “Long Ao Tian”.

Unfortunately, Ye Lu found that he did not find any other suitable materials for making a “storage device” apart from the finest imperial green jade or sheep’s fat white jade, but both materials were not suitable for making a “storage device” for “Big Wind” as they were too easy to break.

Thus, at nine o’clock, Ye Luo changed into the costume of Mr. Luo and arrived at the place where “Long Ao Tian” had agreed to meet him.

“I’m ‘Long Ao Tian’, this is brother ‘Ye Liang Chen’, and this is Mr. ‘Zhao Ritian’.”

Hearing these three names, Ye Lu almost spat out a mouthful of old blood, it seemed that with the addition of one more “Fu Er Kang”, the “Four Youngsters of the Net” would all be together.

Chapter 338

So, Ye Luo hurriedly clasped his hands and said.

“Long time admiration, long time admiration, your great name here is like thunder, my admiration for you all is also like a gushing river stretches, and like a yellow river flooding, a hair, please accept my knees”

Hearing Ye Lu’s words, the words of these three guys actually waved their hands in a very dashing manner and said.

“We know we are very good, this point you do not need to stress, hey, at the beginning I thought you would be weak, but did not expect to be so weak, next you just listen, do not make any comments.”

Hearing the words of “Ye Liang Chen”, Ye Lu smiled, then looked at the middle-aged man called “Long Ao Tian” and said.

“That’s fine, but, God Long Ao Tian, I would like to ask, who issued the commission this time? Can this be revealed?”

As a result, “Long Ao Tian” looked at Ye Lu and said.

“Firstly, the employer’s information cannot be revealed, this is the rule, secondly, you are too weak to know these things yet.”

Ye Lu was currently using the “Art of Concealing the Sky” to simulate a strong Hua Jin practitioner, and he felt that this cultivation level should be more suitable for his identity as a “Starless Demon”.

The only two-star demon, Ye Liangchen, was a master of the Pulse Raising Realm, while Zhao Ritian was also a master of the Pulse Raising Realm.

All three of them were Innate powerhouses, so they didn’t even look at Ye Luo, a weakling.

Ye Luo didn’t say anything, he quietly made his way to the side and began to listen to the three guys discuss.

“It’s said that the other party is just a cultivator of the ‘Placental Breath Realm’, but is good at using all kinds of drugs, so it’s possible that he will transform and become stronger or something, according to our principle of being careful, we should let this kid try first.”

“Long Ao Tian” pointed at Ye Luo and said.

As a result, “Ye Liang Chen” shook his head and said.

“No, this kid is too weak, I feel that nothing will come out of the test, instead we will scare the snake, how about this, we will go together and catch that woman later.”

“Ye Liangchen” had the highest star rating and the highest cultivation level, so there was no one to refute his words, both of them nodded, and then “Zhao Ritian” pointed at Ye Luo and said.

“What about him, what’s the point of keeping him?”

“Long Ao Tian” thought for a moment and said.

“Of course there is a use for him, let him scout the way, his cultivation level is very low, so he won’t arouse suspicion.”

After “Long Ao Tian” finished speaking, the other two guys both gave a thumbs up.

“High, really high, you are like a worldly Zhuge, too wise”

The crowd began to praise each other, while Ye Lu was sent to check out Ye Yan’s side of the movement, but this was just what Ye Lu wanted, he was also eager to see how his sister Ye Yan’s situation was.

As a result, Ye Lu found that Ye Yan was doing quite well. She was guarding the shop while practising the “Vermilion Bird Divine Skill”, and Ye Lu smiled when he saw how serious Ye Yan looked.

Originally, he was worried that Ye Yan's impetuous personality would make it difficult for her to quietly cultivate, but now it seemed that he was wrong in thinking that Ye Yan seemed to be interested in these fights and killings.

So, Ye Lu found a corner and watched Ye Yan while cultivating.

As business was rather brisk, Ye Yan had hired three beautiful women to help out with the shop, so she was completely a hands-off person at the moment.

When it was half past nine, Ye Yan closed her stall on time and headed towards the hotel she had rented.

For a while, Ye Yan had been staying in the hotel, as the renovated villa had to be put away for a while before it was ready.

"Good, let's a few of us get down at that section."

At this time, "Long Ao Tian", "Ye Liang Chen" and "Zhao Ritian" were all in place, and the three experts started their pretending mode when they saw Ye Yan.

"It looks like an ordinary mole, just let me, Zhao Ritian, do it alone, the two brothers will wait for me for a moment, I can catch this woman in less than five seconds."

After saying that, "Zhao Ritian" was the first one to rush up.

When she saw "Zhao Ritian" rushing forward, Ye Yan was also taken aback, but she had practiced various kinds of sparring and other things before, so she did not panic, she looked at "Zhao Ritian" and thought to herself.

"Little bag snatcher, you've picked the wrong person today, let me teach you a lesson."

At this time, "Zhao Ritian" had already arrived, he showed a cruel smile and struck out quickly, it looked like a martial art used for grappling, his strikes were fast.

However, Ye Yan had already dodged his attack with a quick side-step and was about to strike the guy's back with a "whip kick", which sent "Zhao Ritian" flying out of the room with a "pop! He hit a wall.

"Shit! Careless, careless, let's see what my Dragon Ao Tian can do."

With these words, "Long Ao Tian" also rushed up.

To be honest, Ye Yan's strike just now was quite surprising to Ye Lu, because she didn't use any martial skills at all, which meant that Ye Yan's cultivation level was not bad at the Placental Breath Realm.

"Damn, cultivation is really fast with a bloodline!"

Ye Luo stood there with an infinite feeling in his heart, knowing that it took a lot of time for Jasmine's talent to cultivate to the Placental Breath Realm, plus Ye Luo's pills to complete it.

"Huh! There's an accomplice."

The "Long Ao Tian" who rushed over was taken by Ye Lu as the accomplice of the bag thief, and Ye Yan then beat him down in three blows.

“Damn, how strong is this bitch?”

The remaining “Ye Liangchen” was already a bit dumbfounded by the situation before him, but “Long Ao Tian” and “Zhao Ritian” were not far away, but they were looking at him blearily.

Having no choice, “Ye Liangchen” had to go over to Ye Yan and said.

“You ignorant woman, when you see me, Ye Liangchen, you still don’t submit, are you waiting for me, Ye Liangchen, to get mad?”

As a result, the bastard’s words made Ye Yan angry and happy.

She rolled up her sleeves, revealing her white arms, and then looked at “Ye Liangchen” and said.

“Ye Liangchen, right? For the sake of your surname and mine, I will not beat you into a roast suckling pig, I will just beat you into a pig’s head.”

Following that, Ye Yan took the initiative to rush up.

“Hoo!”

To “Ye Liangchen’s” surprise, he saw a flame light up in Ye Yan’s hand, and then, a terrifying fire energy blasted directly at “Ye Liangchen’s” body.

No one was surprised, and soon “Ye Liangchen” was beaten into a pig’s head by Ye Yan.

The “Divine Rank” technique and the powerful martial arts skills that accompanied it made it very easy for Ye Yan to challenge beyond the level, but of course, it was mainly because this “Ye Liangchen” comrade had no combat power despite his empty cultivation, and his “Two Star” was not obtained because he had completed a mission or something, but because he had dumped his family’s things into the “Underworld App”.

Seeing “Ye Liangchen” being beaten up, with each blow, “Long Ao Tian” and “Zhao Ritian” frowned and made painful expressions, as if they were the ones being beaten up.

Seeing that “Ye Liang Chen” had also fallen to the ground, “Long Ao Tian” shook his head in pain and sighed, he felt that this time he had really failed completely.

“It’s only my fault for not finding the right partner!”

Just as “Long Ao Tian” shook his head and sighed, he saw that Mr. Luo was walking towards Ye Yan with a leisurely expression.

“Cut, this kid actually wants to get on too, he really doesn’t know how high the sky is.”

“Ai! Yeah, too self-conscious.”

.....

However, the scene that followed took them by surprise, they found that Ye Yan actually couldn’t get a hair on that Mr. Luo no matter how hard he hit.

Ye Luo let Ye Yan use all of her moves before he knocked her unconscious, then turned his head to the “Long Ao Tian” lying on the ground and said.

“Alright, that ‘Big Brother Long’, let’s go to our employer and give him the job.”

As soon as “Long Ao Tian” heard Ye Lu call him big brother, he immediately came to life and said.

“Good, old brother, good job, let’s go and collect our points.

When he saw that “Long Ao Tian” hadn’t even remembered his name, Ye Lu smiled and said.

“That, boss, my name is Ye Zhiqiu, let’s go.”

After saying that, the four men led Ye Yan towards the countryside, and as a result, to Ye Lu’s surprise, Ye Lu actually met an old friend there.

Chapter 339

The place where he went to deliver the mission was very far away, and he had to walk a long way after leaving the capital. On the way, those three pretend masters were rejuvenated and everyone started to drum up again, and Ye Lu suddenly felt that it seemed to be quite joyful to be like them.

In an abandoned courtyard at the foot of a very remote mountain, Ye Lu met that employer, this person was also considered an old friend of Ye Lu, the reason why I say considered is because the two had not met before, but had had entanglements, this was a woman covered in silver ornaments, it was the female disciple of the old woman of compulsion who had survived.

Ye Lu also knew this from this woman’s profile, moreover, the profile said that all the things of the old compulsion woman were inherited by her.

At this moment, this female apprentice was already at the level of “First Grade Master”, so it seemed that receiving the treasures of the old compulsion woman had improved her considerably, but Ye Lu did not know why she was interested in Ye Yan.

Therefore, Ye Luo still did not move his voice, but waited for what this Miaojiang woman wanted to do.

“Beloved Madam Employer, fortunately, our mission is complete, come to hand it over.”

The Miaojiang woman looked at Ye Yan, who was in Ye Lu’s arms, and then glanced at “Long Ao Tian” and said.

“Did you do what I asked you to do?”

“Long Ao Tian” said with a smile.

“Of course, the employer’s request is everything for us, we followed your request, everything on this girl’s body has not been touched.”

This was also the point that Ye Lu felt very strange before, because “Long Ao Tian” had stressed to the three of them several times that they could not touch anything on the girl’s body.

After listening to “Long Ao Tian”, the Miaojiang woman picked up Ye Yan, then quickly untied the outer clothing on her chest and looked at it, then nodded and began to take out her phone and operate it quickly.

“Alright, you guys confirm, have the points arrived yet?”

Hearing the woman’s words, the trio of pretenders then raised their eyebrows and smiled, the reward given for this mission was relatively generous, all three of them took out their phones and started looking at them, Ye Lu also took out his phone under false pretenses.

“Here it is, haha, thanks so much.”

“Long Ao Tian” was the fastest to check, however, just as he finished speaking, the Miaojiang woman said coldly.

“Well then, you can all go to hell.”

Following that, she made a quick move, and four green lightning bolts shot towards the four people like flying, it was four green poisonous snakes, but at the same time, Ye Lu also made a move.

He threw out flying needles from his hand.

The flying needles came after them and nailed all four snakes to the ground.

Seeing this scene, “Long Ao Tian” and the others all sighed in relief, while the Miao woman looked at Ye Lu with wide eyes and said.

“I didn’t think I’d ever look away, but there’s still a hidden expert.”

Ye Luo, on the other hand, said with a smile as he walked forward.

“Alright, stop pretending, there are many times when you look away, tell me, what do you want from this woman?”

Ye Luo pointed at Ye Yan and said.

As a result, the woman looked at Ye Lu and said with a cold snort.

“Seek death!”

With those words, she then flew and slashed at Ye Lu’s head.

“Clang!”

Ye Lu reached out and grabbed her knife, then directly snatched it off, followed by a quick move that nudged the acupuncture points on her body and restrained her.

“Can you talk properly now?”

Ye Luo looked at the woman and said with a smile.

Seeing that Ye Lu had lightly restrained a “Grandmaster” expert, the three of them were completely dumbfounded, and only then did they understand that the person they had always despised was a deep hidden expert.

“Big brother, thank you for saving my life, I, Long Ao Tian, no I, Wang Xiaoming, am convinced.”

“Ye Liangchen” also clasped his fist at the same time and said.

“I, Ye Liangchen, have been traversing the jianghu for dozens of years, and I only serve you when I don’t hold up the wall

When he saw that “Zhao Ritian” also wanted to say something, Ye Luo hurriedly waved his hand and said.

“The three guys were very obedient.

The three guys were very obedient and left the courtyard without saying a word, while Ye Lu looked at the Miaojiang woman and said.

“Say, why do you want to capture this woman? Tell the truth, I might let you go, you just got the benefit not long ago, you shouldn’t want to die either.”

Hearing Ye Lu’s words, the woman thought for a moment and then said.

“Okay, I can tell you, but, although you are very powerful, you can’t save this woman anymore.”

Ye Luo did not speak, but quietly waited for the woman’s next words.

The woman continued.

“The person who wants to find her is not me, but us, you can deal with me, but you can’t do anything to us as a whole ‘evil cultivator’, what we are looking for is the one thing she has on her body, the pendant she is wearing, a cultivator who went to her shop to buy something overlooked it. ”

“In fact, before we couldn’t be sure that that thing was what we were looking for, but, just now I’ve sent out the photo and the old ancestors and the others have confirmed that that’s what we’re looking for, so you won’t be able to save this girl or keep the thing on her, because both of them are what the old ancestors want.”

After listening to her, Ye Lu realized that no wonder this woman had done such a complicated operation just now, it turned out that it was not just as simple as paying “dark points”, but taking pictures and sending photos, it looked like he had been careless.

Ye Lu thought for a moment and then said.

“In your opinion, is there any way to resolve this peacefully, or what do they want this pendant for?”

The woman shook her head and said.

“Just give up your heart, we are evil cultivators, are you trying to reason with us? Save your breath, as for what use to use this pendant for, this is not for us small fry to know, anyway, the old ancestor clan has its own plans.”

Hearing the woman’s words, Ye Lu muttered in a small voice.

“It looks like we can only get rid of all these ‘evil cultivators’!”

However, what he said inadvertently still fell on deaf ears of this woman, and she said coldly.

“It looks like you’re similar to those three guys who just blew off steam, do you know how deep the water is for Miaojiang evil cultivators? Even if the top ten of the ‘War God List’ go there, they will definitely die, just you”

At this point, the woman stopped talking, meaning that he didn’t think Ye Lu had a shred of hope at all.

Ye Lu then looked at her and smiled and said.

“Don’t worry, I will do this matter, but you won’t have a chance to see it.”

Hearing Ye Luo’s words this woman then panicked, as if she had only just remembered her position, she turned towards Ye Luo and quickly said.

“Big brother, just let me go, you can make me do whatever you want, I can all kinds of positions, I will make you very comfortable”

Ye Luo then said indifferently.

“Unfortunately, I’m already comfortable, I really don’t like hitting women, and even less like killing them, but you’re different, I’m sorry for those dead women if I don’t kill you.”

With those words, Ye Luo then looked at her pocket and said.

“What is placed here is the ‘Human Skin Compulsion’ right, so if you have anything to say to its owner, go talk to it.”

After saying that, Ye Lu waved his hand.

Countless “ghost bats” appeared in thick and thin, instantly eating the woman into a pile of white bones, after that, Ye Lu shouted outside the courtyard.

“You guys can come in now.”

The few guys who came in were shocked to see that the woman had turned into a pile of white bones, and the way they looked at Ye Luo had all changed completely.

Ye Luo then looked at the three of them and said.

“Don’t add fuel to the fire, tell me about the Miaojiang evil cultivators.”

As Ye Luo said, he also started to look up in his glasses.

“Evil cultivators, how can I put it, have always been mysterious and quite cruel, but also very powerful, I remember that in the top ten of the ‘War God List’ there are two people from the ‘evil cultivators’.”

Hearing “Ye Liangchen’s” words, Ye Luo asked with some confusion.

“Why can ‘Evil Cultivators’ be on the ‘War God List’? Shouldn’t they be the ones to be exterminated?”

As a result, “Ye Liangchen” smiled and said.

“Hey, dealing with ‘evil cultivators’ is just a slogan that everyone shouts, who would really deal with evil cultivators? The two on the ‘God of War’ list were also there because two ‘Gods of War’ had gone over there to pretend to be a god and ended up hanging.”

Following that, he then added.

“Whoever dares to mess with the evil cultivators of Miaojiang now is definitely having a blister in their head.”

Ye Lu then said indifferently.

“I was just about to go mess with them.”

Chapter 340

When he heard that Ye Luo actually wanted to mess with those “evil cultivators”, “Ye Liang Chen” immediately changed his tone and said.

“Of course other people will die if they go, but Brother Ye is so wise and martial, so he must be blessed by the spirits, so he will definitely be able to succeed.”

However, that was not what he was thinking in his heart, he thought to himself.

“This guy definitely has a bubble in his head, just go ahead and die, for the sake of the points you have earned for me, I will burn some paper for you at your grave.”

Of course, Ye Luo didn’t bother to pay attention to what “Ye Liang Chen” was thinking, he asked about the general situation again, and then took Ye Yan back to the hotel.

“Huh, why am I back at the hotel?”

Ye Yan woke up and was a bit surprised, then she saw Ye Luo, she quickly climbed up and stretched out her finger to point at Ye Luo’s head.

“You, you still know to come and look for your old sister! You’re running around all day long, do you know I’m worried sick?”

There was no choice but to let Ye Lu quietly let Ye Yan poke her head, and only after a long time of counting did Ye Yan feel more comfortable and let Ye Lu go.

Ye Luo then took the opportunity to hurry up and say.

“Older sister, you wouldn’t have forgotten all about what just happened, would you? Someone wants to deal with you, so you have to hide for a while before you can.”

Hearing Ye Luo’s words, Ye Yan then looked at Ye Luo with some suspicion and said.

“You know all this? Oh, so that moustache guy was pretending to be you, good for you, you dare to hit your old sister, do you want to rebel against you”

Followed by another round of counting Ye Lu, then rubbed his chin and said.

“But you can really fight, I thought I was pretty good.”

Ye Lu certainly did not want to dwell on this matter, he said seriously.

“Older sister, this time you have to listen to me, do you understand, hide first, I will arrange this matter, when I take care of the matter, I will let you be free again, don’t worry.”

Hearing Ye Lu’s words, Ye Yan looked at him for half a day, then only then did she nod and said.

“Good, old sister will believe you, you can help old sister arrange it.”

Ye Lu nodded and then said with a smile.

“Old Sister, don’t worry, I won’t leave right away, I’ve already made a plan, before I leave, I’ll help you refine the pills to upgrade to before the ‘Foundation Establishment Realm’, while I’m away, you just take the pills to upgrade as I told you, if you’re bored and want to find someone to spar with, I’ll even help you arrange it.”

Hearing that she could arrange for someone to spar with, Ye Yan immediately became excited as she said with a smile.

“Good, it’s still you kid who is good to old sister, then it’s settled.”

Ye Luo looked at Ye Yan and smiled, then left the hotel after explaining to Ye Yan. After leaving, he quickly called the people from Death’s Shadow and asked them to start protecting Ye Yan again.

He didn’t want to expose Mr. Luo’s identity either.

Then, he started to buy various herbs and then went to the cave at the back of the school to refine various pills.

Now, Ye Luo was no longer the same as before. Both the “Ghostly Inferno” and the “Red Lotus Flame” had made great progress, and he could refine pills with half the effort.

In addition to making pills for Ye Yan, Ye Lu also had to make pills for Long Fei Xue, Jin Kun, Lin Danni, Qin Shiyu and the newly awakened Liu Mei, in addition to making a batch of pills for the sisters of the Hundred Flowers Sect, which had helped him so much.

To be honest, Ye Lu was so grateful to the Hundred Flowers Sect that he had to make more pills for them even if he didn’t rest.

Moreover, just now, Jasmine had told Ye Lu that she would support him on his trip to Miaojiang and would bring another batch of “Super Extreme Luminous Stones” over tomorrow.

Ye Lu had nothing else to say, so he could only spend all his gratitude on alchemy.

Ye Lu also made a preliminary plan for his trip to Miaojiang this time, as his first “Dark Quest” would start in two days, and he had to make all kinds of preparations in these two days, including preparing something for the “Tongtian Vine”.

The next day, Jasmine was astonished to see that Ye Lu had prepared a large pile of pills for her.

“Since there are only so many ‘Yuyu flowers’ left, this is all the ‘Heaven Transformation Pills’ for now, however, apart from the ‘Vein Punching Pill’, I have also gotten some of the ingredients this time and refined some ‘Spirit Condensing Pills’ that can enter the ‘Harmonious God Realm’, there is a batch of them for you privately, you should also enter the ‘Harmonious God Realm’ as soon as possible, when I return from the Miaojiang and come back maybe I can refine the ‘Foundation Building Pill’ and let you break through to the ‘Patriarch’ level.”

Ye Luo looked at Jasmine and said with a smile.

When she heard Ye Lu’s words, Jasmine was shocked beyond words, but at the same time, she was also grateful to Ye Lu. If Ye Lu really made the ‘Foundation Establishment Pill’, she could become a ‘Master’ and become an ‘Inner Disciple’.

Moreover, Ye Lu had already given a lot of pills in this batch, which Ye Lu had stayed up all night to make, so it seemed that the sect had made a lot of money this time.

However, this was not the end of it, Ye Luo looked at Jasmine and said with a smile.

“Also, during the time I’m away, have the clan try to acquire some ‘imperial green’ jadeite jewelry, as well as top quality Hetian sheep’s fat white jade, the best kind of seed material, and I’ll help you refine a batch of storage ‘magic weapons’ I’ll make a batch of storage ‘magic tools’ for you, which are estimated to have a space of more than a meter square, as a reward for you.”

Hearing Ye Lu’s words this time, Jasmine was completely shocked, this was not finding a treasure, this was simply finding the “greatest treasure”.

The most important thing to know is that no matter what kind of “luminous stone”, there is no use for the cultivators of the Hundred Flowers Clan, the elders of the Hundred Flowers Clan and even the patriarch have carefully studied it, although everyone thinks it may be extraordinary, but it simply cannot be absorbed or refined, so, as to why Ye Lu likes the “luminous stone” so much, so far the “Hundred Flowers Clan” is still baffled.

“Good good, great”

The company’s main business is to provide a wide range of products and services to the market.

The company’s main business is to provide a wide range of products and services to the market.

Huo Huan, a demon girl, was already open-minded, so she didn’t care.

After that, Ye Lu found Lin Ru Yue again.

“Ye Lu, you have to come back early, we are still waiting for you to participate in the Pill Refining Conference for us.”

This time, she cosplayed the “God of Death” in Matsumoto’s “Matsumoto”, and her deep V dress had a deep cleavage like a valley, which made Ye Lu feel a bit uncomfortable.

“Okay, about how much longer, let’s wait until I come back.”

Lin Ru Yue said after thinking about it.

“Not yet, but it should be soon, because this year is the once in ten years secular world pill refining conference, so not only do we interns have to participate, the bigwigs from the various pill refining sects in the secular world will also participate, and when that time comes there will be all kinds of demons using beast fire, you can be a bit more careful.”

Ye Lu then smiled and said.

“Don’t worry, I won’t disgrace Master Mo Lian, by the way, you can help me get some more precious but useless seeds, such as the various seeds that your ‘Pill Alliance’ can’t grow alive, I need some seeds at the moment, also if there are ‘Hundred Fragrance Fruit’ seeds can also give me some.”

In order for the “Tongtian Vine” to grow, it had to eat a lot of plants, so Ye Lu was already ready to start planting.

Lin Ru Yue thought about it and then promised to bring it to Ye Lu tomorrow, while Ye Lu gave Lin Ru Yue the recipe for both the “Heaven Transformation Pill” and the “Pulse Punching Pill” so that she could give an account to the sect.

After that, Ye Lu went back to his dormitory and reunited with his roommates, and gave Jin Kun the things he needed. He met Long Feixue and Gu Shiqi at dinner and in the evening to tell them about his departure for a while, and finally said goodbye to Liu Mei.

“Ye Lu, I can’t help you now, be careful yourself.”

Liu Mei looked at Ye Lu and said with some worry.

For his part, Ye Lu smiled and said.

“Don’t worry, cultivate well, I guess when I come back, you will be able to help me.”

Liu Mei then solemnly nodded her head.

After separating from Liu Mei, Ye Lu went to the Lin family’s Ghost Graveyard to catch a large number of ghosts and collect a large number of Yin Yuan Stones, which were the key to the Ghost Bat’s enhancement.

Thus, early the next morning, Ye Luo disguised himself as Mr. Luo and headed for the meeting place with all the make-up, Lin Ruyue’s seeds and the spirit stones brought by Jasmine.
