Chapter 351

And just as Ye Lu was secretly having a good time, Jiang Wu Ya said with a smile.

“This is just part of our ‘Divine Farming Valley’, in our treasure trove there are various treasures that have been accumulated over the years, as well as things left behind by our ancestors.”

Following this, he then said with some embarrassment.

“It is a shame that we are holding onto our ancestors’ mountain of treasures empty, but we have no way to fully utilise them, as most of our ancestors’ potion recipes have disappeared in the process of being passed down, which is why our ‘Shennong Clan’ clan has been declining more and more, and in the end, our ancestors then chose to ‘hide in obscurity’, which was also so that our clan could pass on.”

Ye Lu nodded, then looked at Jiang Wu Ya and said.

“Don’t worry, regarding your clan’s lost techniques, martial skills, dan recipes and the like, I can help you guys replenish them, not only that, I will also repair the ‘Spirit Gathering Formation’ on your ‘Divine Farming Valley’ Great Valley Protection Formation, when the formation is After it is repaired, you can gather this heaven and earth energy as well as the power of the laws, so that all your plants here can grow better, even the plants that are hard to grow can grow easily.”

“As for restoring your bodies, of course you will need to take care of the materials and I will refine the pills for you, as I still have a lot of things to do and my time is limited.”

After saying that, Ye Lu walked towards the direction of the “treasure store” while saying.

“Whoever has the most contact with the outside world here, send him out to inquire about the situation and find out what the evil cultivators of the ‘Miaojiang’ are doing, what they are looking for and what secrets they have.”

Although the “Divine Farmers’ Valley” had gone into hiding, they were in the depths of the “Miao Frontier” and must know more about these Miao Frontier forces than they did.

Immediately, Jiang Wu Ya arranged for someone to go out and inquire about the situation, while Ye Lu walked into the Treasure Vault.

Once inside, he was amazed by the contents of the treasure trove. There was really everything, and many of the items were in extremely rich quantities, so it was worthy of being a real treasure trove.

However, many things still required him to look into the functions carefully before he could do so, and he felt that there was another large batch of pills that he could only watch before to refine.

“It looks like there’s no need to earn ‘Darkness Points’ to buy various herbs.”

Looking at the huge treasure trove, Ye Lu muttered with some emotion.

He originally wanted to use the Darkness Points to buy herbs, but now it seemed that this part of the expenses could be saved. Thinking about the Darkness Points, Ye Lu suddenly thought that he should have a lot of points in his account.

The points from the dozens of “demons” from before should have all gone to his account.

There was no “internet” in the “Secret World”, so Ye Lu turned on the “Offline Search” function of his glasses and started to look up the points in his account.

As a result, he found that even with all these Darkness Points, he was still only a Six Star Demon, because the difference between each star level in the Underworld was huge, so it was no wonder that the Six Star Demon was so proud of himself, because the points of all the other Demons combined were only a little more than his own.

Of course, even if he didn’t need to buy alchemy materials, these “dark points” would not be useless, Ye Lu would definitely need all kinds of materials if he wanted to refine spatial magic weapons, in addition, posting quests and buying news would also cost a lot of points.

“Okay, let’s make a note to refine a very necessary elixir first.”

After thinking about it, Ye Lu asked Jiang Wu Ya for a medicinal herb called the “Immortal Herb of Beans Descending”, and then found several other medicinal herbs to make an antidote to poison that was several levels higher than the “Antidote Pill”, called the “Antidote to Poison Pill”, which could protect against most of the toxins of the “Saint Level” demonic beasts, including the “Corpse Poison” and other toxins.

This time, he had to deal with the evil cultivators of Miaojiang, so Ye Lu had to make some preparations. After that, Ye Lu found a garden and released the “Tongtian Vine” to let it eat grass.

He was also planning to take the growing “Tongtian Vine” with him to fight the great Yin Yang master “Abe Haruaki” in the future. He was eager to see how the Japanese would look after they had lifted a stone to smash their own feet.

When he saw that Ye Lu was actually going to make a potion, Jiang Wu Ya of course had to go and take a look. Not only him, but also several of the family’s good potion makers had run to Ye Lu’s garden to see how Ye Lu made a potion.

However, before they could watch Ye Lu’s alchemy, they were shocked by the “Tong Tian Vine” that Ye Lu had released. It looked like a plant, but it could eat the herbs in the garden like an animal, and this was the first time they had seen a plant that could move as flexibly as a snake with spirituality.

“What kind of plant is this? It’s amazing!”

Jiang Wu Ya asked as he looked at the “Tong Tian Vine”.

Ye Luo said as he took out the “Burning Heavenly Furnace”.

“This is a plant cultivated from the seeds of the immortal vine that was birthed by the heaven and earth at the beginning of chaos, its name is ‘Tong Tian Vine’, it grows by eating other plants, so it can only use your garden as pasture.”

When they heard Ye Lu say that this thing was actually something that was bred at the time of the “beginning of chaos”, they were once again astonished, but what was even more astonishing was that when they saw Ye Lu release the blue “Ghostly Flame of the Underworld”, it was the first time they had

seen this kind of cold flame, and even the temperature around them plummeted, and a thick layer of frost condensed on the ground.

“This Mr. Ye is really no ordinary person!”

Seeing Ye Lu manipulating the “Ghostly Flame of the Underworld” to refine pills, Jiang Wu Ya was once again convinced that he had followed the right person this time.

After a while, the man who had just gone out to find out the news came back.

“I’ve made a clear enquiry, this operation is not a separate operation of the ‘Black Witch Cult’, it is a joint operation of the entire ‘Miaojiang’ evil cultivators, and it is indeed related to ‘Becoming Immortal’. It’s not just the ‘evil cultivators’ who are involved in this matter, but also the ‘clan community’, in short, this matter seems to be very involved. ”

Ye Lu then asked after thinking about it.

“Does this matter involve a person called ‘Zhang Tian’?”

The man said without thinking.

“Yes, legend has it that the whole thing was caused by the one called ‘Zhang Tian’, and it seems to be related to his brother and another person, in short, ‘Zhang Tian’ inadvertently obtaining the ‘Immortal Pill’ was the origin of the whole thing.”

Hearing him finish, Ye Lu nodded silently.

It seemed that things were really similar to what he had imagined, the origin of this matter was Liao City, where he was, and then everything was because Zhang Tian had obtained the “Immortal Pill”, and I was afraid that the “Xuan Tian Sect” was going to deal with the “Four Ancient Martial Arts Families”, and also the Japanese were interfering with this, otherwise why would the Japanese change their mind and arrest the patriarchs and members of the Four Ancient Martial Arts Families?

In other words, this matter has spread to the whole country, even to Japan, starting from Liaocheng, and the clan community may even involve more people.

“I wonder what the truth of this matter is?”

Ye Lu became more and more curious about this matter.

And the man went on to say.

“According to reliable internal information, in a few days’ time, people from the ‘Black Witch Cult’ are preparing to attack ‘Wudang’, and it seems to be related to this incident as well.”

Knowing this news, Ye Lu made a quick decision, he was going to go to Wudang to have a look.

Last time, people from the “Southern School of Martial Arts” had come to the capital to open a martial arts school, and this time, the “Black Witch Cult” was involved in the Southern School of Martial Arts, so Ye Lu was also a bit curious.

However, before going to Wudang, there were still a lot of things to do, including helping Jiang Wu Ya and his leaders to make pills to restore their cultivation, as well as fortifying the Shen Nong Formation, as the Shen Nong Valley had become Ye Lu's back garden, and he did not want any trouble here.

Of course, apart from that, there were still many things to prepare, especially his cultivation level, Ye Lu had always wanted to break through this bottleneck.

However, he found that as long as it wasn't a decent battle, his usual meditation and cultivation would be far less effective.

"The people of the Black Witch Cult had long since stopped guarding the entrance to the valley, so at present, Ye Lu had no one to fight with, so he had no choice but to make various pills first, among which the pills made from the herb "Cave Underworld Grass" were simply a great tonic for the "Wine Swallow Boy".

In this way, five days later, Ye Lu started to leave for Wudang, a bloody storm was about to begin.

Chapter 352

"Ye Lu, the 'spell' you taught me seems to be really hard to practice!"

Under Ye Lu's feet, "Big Wind" said to Ye Lu as he flew.

Ye Lu thought about it and said.

"It's probably because this is a human 'spell', and you're a demonic beast, although you can take on a form, you're really not a real human, so it's a bit hard to practice."

"Gale" thought for a moment, then nodded and said.

"What you said seems to have some truth to it, do you have a 'spell' that demons can practice?"

Ye Lu shook his head and said.

"This really isn't available, because I'm human, therefore, all my inheritance is also human inheritance, I'm really sorry about that, but don't worry, I'll help you refine that 'Dragon Ruminant' when I have time, and raise your bloodline concentration and level, by then you'll definitely awaken more bloodline divine abilities."

Although "Big Wind" was not a "divine beast", it had saved Ye Lu's life, so Ye Lu did not want to treat him badly, and "Big Wind" had also helped Ye Lu a lot.

"Do you want me to help out when the big battle starts?"

"Big Wind" continued to ask.

Ye Lu thought for a moment and said.

"It depends on the situation, let's improvise, if 'Wudang' can handle this, we'll just watch the event, we're not in a hurry for this one anyway."

Compared to the previous trip to Japan and Europe, this time, there was much more time to come to Miaojiang, at least we didn't have to run around as much as before, so Ye Lu made more preparations.

After arriving at Wudang Mountain, the evil cultivators had not yet arrived, so Ye Lu let "Big Wind" take on a human form and the two of them went for a stroll up the mountain first.

"The Wudang Mountain is not only the birthplace of the Wudang Sect, but also a tourist holy place, so there were many tourists walking back and forth on the mountain path.

However, "Big Wind" was so eye-catching that it was hard for a woman of over 5'9" to be as attractive as she was, and almost everyone she met was interested in "Big Wind", which made "Big Wind" feel very proud.

"I told you, I'm beautiful."

"Big Wind" looked at Ye Lu and said arrogantly.

Ye Lu smiled and said.

"Really? How about compared to Liu Mei?"

As a result, "Big Wind" said with a depressed look on his face.

"Sh*t! Can you let me compare with someone, Liu Mei, is she human, in your human words, she's already 'more beautiful than a heavenly fairy', okay?"

Ye Lu thought for a moment and said.

"Okay, but there are a few more beauties, when I'm free, I can introduce you to them and you can compare them."

The two of them chatted as they went to the top of the mountain beam, the place they were going to this time was the "Top of Wudang" which was also known as the Golden Hall on the Golden Peak of Wudang.

The Golden Hall is also called the "Great Harmony Palace" and stands on top of the highest peak of Wudang Mountain, Tianzhu Peak, which is more than 1,600 metres from the foot of the mountain, where the peaks are supported and worshipped by all directions.

However, "Big Wind" was a bit dismissive of this Golden Peak and the Tianzhu Peak.

"In our 'Secret Realm of Ten Thousand Beasts', any mountain would be ten times taller than this one."

For his part, Ye Lu said with some disbelief.

"Sh*t, really, the highest peak in our world is only 8848 meters, the mountain you're talking about is even taller than our highest peak? Is it too exaggerated?"

"Big Wind" then looked at Ye Lu and said with a look of ignorance.

"Do you know how big the 'Divine Bird Roc' in our 'Secret Realm of Ten Thousand Beasts' is? It's as tall as a mountain when it spreads its wings, so how can it fit in a place that's too small?"

Hearing “Big Wind’s” words, Ye Lu had a clearer understanding of the size of the “Secret Realm of Ten Thousand Beasts”.

“I’m afraid that the ‘Ten Thousand Beasts Secret Realm’ is the largest secret realm on Earth.”

Ye Luo muttered with some emotion.

She had no say in this “big wind” because she had only been to the “Pill God Valley” secret realm apart from the “Ten Thousand Beasts Secret Realm”.

When they reached the Golden Peak, the number of people had increased.

However, Ye Lu guessed that with the style of the Black Witch Cult, they would not come here in broad daylight to cause trouble, so it was better to look around during the day, help “Big Wind” make some pills, and then wait slowly.

He told him that he was also a practitioner and wanted to talk to their master about Daoism.

As a result, that Daoist priest did not believe Ye Lu’s words.

“Then what can I do for you to believe?”

Ye Luo looked at this young Daoist priest and asked.

As a result, this Daoist priest looked at Ye Lu and thought about it and said.

“Then show me; show me your hand, like performing a chest breaking boulder or something to prove that you have kung fu, otherwise you are just fooling people.”

Ye Lu thought about it, then raised his hand and slapped it towards a rock next to him.

“Boom!”

Ye Luo’s hand left a clear slap mark on the stone.

“Wow! That’s too awesome!”

As expected, for laymen, it was still the outside kung fu that was the most attractive, this Daoist boy immediately believed Ye Lu’s words and then pointed towards the mountains and forests and said.

“Behind that mountain, there is a Daoist temple, it is said that the masters all purify there, however, we people are not allowed to go there.”

Ye Lu looked at the place he was pointing at, and then roughly judged that the place he was talking about was another small secret place, but with the power of Wudang, it was not surprising that there were several small secret places.

However, after this Daoist boy finished speaking, he looked at Ye Lu with his head tilted and said.

“I think I’ve seen you somewhere before, but I can’t remember for a while.”

For his part, Ye Lu smiled and said.

“I am a person who tolerates being misunderstood the most, because I have a popular face and everyone looks familiar to me, I am used to it.”

Then Ye Luo waved towards the distance and said.

“Sister Wind, let’s go, we’re going to that side.”

As soon as “Big Wind” appeared, the little Daoist boy’s soul was hooked away.

He then forgot all about where he had seen Ye Luo. Ye Luo walked quickly into the trees and headed for a hill not far away.

Sure enough, after going around the hill, he felt some abnormal fluctuations in space, and indeed there was an entrance to the secret realm here, but there was no one guarding the entrance.

After thinking about it, Ye Lu asked “Big Wind” to stay outside and walked into the secret realm himself.

However, before Ye Lu could take a closer look, he heard someone say.

“It looks like a destined person has arrived, may I ask, Master, is there something you want to do here?”

Ye Lu looked at the person who spoke, he seemed to be a very kind person, his cultivation level was not high, he was only a cultivator of the “Innate Realm”.

So, Ye Lu thought about it and said.

“Can I see your master or master, or in any case, the person in charge here?”

Hearing Ye Lu say that he wanted to see the person in charge, the Taoist priest smiled and said.

“This wouldn’t really be very convenient, as they are all very busy, and as you know, many of the masters are eager to meet our elders, so if they were to meet anyone, wouldn’t they be very busy.”

Ye Lu nodded, then said.

“I know the reasoning, however, this incident is very significant, unfortunately the survival of your ‘Wudang’ is at stake, I’m really not being alarmist.”

Ye Luo said in a very serious manner, he felt that he was already very serious anyway.

However, the other party laughed and said.

“This really doesn’t work, there are all kinds of people who say anything here, there are also people who have said they are our master’s illegitimate son, but they are all just some delusional people”

Seeing this guy’s attitude, Ye Lu lifted his hand ready to hit in, however, he gave up this idea on second thought, because he felt that even if he spoke to the chief here, that is, if everyone hid, he could still hide from the first day, but could not hide from the 15th.

So, Ye Lu thought about it and said.

“Well then, let me leave you a phone number, once something happens, look for me first.”

As he said that, Ye Luo stretched out a finger and released “Red Lotus Karmic Flame” and wrote on the ground quickly in empty space.

He wrote “‘Black Witch Cult’ is about to attack”, then wrote his phone number, after which he looked at the guy in charge of the reception and smiled, then floated away.

“So it’s a master, but I think I’ve seen him somewhere before?”

Chapter 353

This guy also felt as if he had a *deja vu*, but couldn’t figure out exactly where he had seen Ye Luo before, and he looked at the words on the ground and muttered with a crooked head.

“The Black Witch Cult? It seems to be from that side of Miaojiang, it’s quite far away from us, how could it come to us? Besides, we’re a holy place of martial arts, so if you dare to come here, you’re looking for death.”

“Although Wudang is the most prestigious of the Southern Martial Arts Schools, it is located in the northern part of Hubei, closer to the Central Plains, so there is no connection between them and Miaojiang.

Therefore, this guy did not take Ye Lu’s words seriously.

In his opinion, anyone who dared to challenge Wudang had been easily defeated in the end, so he didn’t need to pay any attention to it.

Ye Lu left a reminder and then walked out again.

“Gale” was a bit surprised at how quickly Ye Lu had gone.

As a result, Ye Lu shook his head and briefly explained what had happened.

“Gale” said with a grimace.

“So proud, let them die, we might as well take the opportunity to destroy the ‘Black Witch Cult’s’ lair.”

If the Black Witch Cult had focused on Wudang, then their headquarters might indeed be relatively empty.

So, Ye Lu picked a thumb up at “Big Wind” and said with a smile.

“You have a point, you’re too smart, I’ll ask about the ‘Black Witch Cult’ headquarters.”

As he said that, Ye Lu began to ask the people of “Shen Nong Gu” about it.

After asking them clearly, Ye Lu looked at “Big Wind” and said.

“Let’s go, let’s find a valley to help refine the ‘Dragon Ruminant’, this thing is not easy to get, this is a good thing that is treated as a treasure in the ‘Dragon Clan’.”

The “Dragon Race” had always been one of the strongest races among the demonic beasts or divine beasts, so demonic beasts with all kinds of dragon bloodlines were exceptionally strong, as evidenced by

Ye Lu's summoning of Jiao and Chi dragons, and the "Dragon Rum" was a good thing that could even purify and enhance the dragon bloodlines.

Therefore, "Big Wind" was also very much looking forward to it.

However, the refining process of this item was still rather complicated, and although Ye Lu's flame had been greatly improved, he was not yet able to refine all kinds of pills, for example, the Heavenly Pill "Gathering Yuan Pill", which could make a person cross the "Saint Level", he had the ingredients but was not able to refine it.

Of course, this also had to do with the fact that such an item as the "Gathering Pill" was too heavenly, and the idea of creating a "Saint Level" super expert was a bit unbelievable.

After finding a secluded valley, Ye Lu began to concentrate on refining the Dragon Ruminant, while Gale watched quietly from the side.

At noon, the first potion was finally successful.

"Let's try it."

Ye Lu handed the elixir to "Big Wind", who was already salivating at the smell of it, and quickly swallowed the elixir.

This scared Ye Lu, although this pill didn't say anything about the dosage, but really won't it be bad to eat like this?

He looked at "Big Wind" with some suspicion.

As a result, the "Big Wind" turned into its original form with a "boom!" Ye Lu felt that the Gale had become much bigger than the previous Gale.

More importantly, Ye Luo felt that the wind attribute fluctuations emanating from the Gale were even stronger, and its colour had also turned whiter than before.

"It looks like it's really effective after all."

Ye Lu muttered to himself.

However, after the "Great Wind" started to go crazy, probably because she had taken too much medicine, countless whirlwinds quickly rose from around her body, and Ye Lu was instantly blown away by the fierce wind, while the surrounding trees had all been uprooted, and sand and rocks were flying away.

"Whoosh!"

"Whoosh!"

"Whoosh!"

.....

After that, countless "wind blades" flew out, and the trees around fell with a sound, and even the rocks were cut into countless pieces.

Ye Lu turned around and ran in fear.

This “gale” looked like it was about to mutate.

He muttered to himself and then watched from afar.

Soon, the commotion here attracted the attention of the tourists and the Daoist priests as well, and everyone started pointing from afar.

“There can’t be a demon!”

Some people speculated as they watched the sky rush and the whirlwind in the valley.

And a tourist with half his face wrapped in black cloth frowned.

“How could there be such a terrifying demonic beast in the vicinity of ‘Wudang’, it won’t have any effect on tonight’s action, will it?”

He muttered with some concern.

However, the rampage didn’t last long before “Gale” collapsed on the ground. When Ye Luo went over, he found that she was almost the same as when he had first “disembodied” her, covered in black mud and stuck with a lot of dust and so on, looking like a terracotta warrior.

“Well, I’ll find a place to clean you up, and hopefully you’ll wake up soon.”

Ye Lu picked up Gale and went to the other valley to find a place to start cleaning Gale.

Now that Gale was in a coma and Ye Lu had not signed a contract with her, there was no way to get her into the “Spirit Beast Bracelet”, so Ye Lu had to dress her in new clothes and wait for her to wake up while refining the pills.

It was not long after the “new moon” and the night was particularly dark when it came. At about nine o’clock, Ye heard a “rustling!” sound coming from one side.

Then, he saw a dense mass of “poisonous insects” spreading up from the lower side of the mountain, just like a stream of water, and it looked alarming to the eyes.

“Looks like the ‘Black Witch Cult’ has already taken action.”

Ye Luo muttered secretly, then picked up “Big Wind” and ran up the mountain. He guessed that these “Black Witch Cult” people were going to block the back way of “Wudang” and besiege the Golden Peak.

When he reached the Golden Peak, he noticed that there were many tents near it, probably because the weather was still warm.

“I think we need to give everyone a warning.”

Ye Lu thought to himself as he ran.

However, there were some black-clad figures who were even faster than him, and these people were killing people on sight.

“Woori, don’t be so cruel.”

Ye Luo muttered as he rushed towards the nearest man in black, but immediately afterwards, he noticed that after smelling the blood, the army of “poisonous insects” began to speed up, and it seemed that their purpose of killing was to make the insects more excited.

The remaining people were driven to the top of the mountain, including the guests in the only hotel near the Golden Peak, the “VIP House”, were also driven out.

After thinking about it, Ye Lu carried “Big Wind” and blended in with the crowd.

The leader of the group raised his hand and a bright flame rose up, illuminating the entire golden roof.

“I give you one minute to come out, or else your incense-bearers will be killed.”

Seeing the flames in this guy’s hand, Ye Lu hurried that most of them were even stronger than that “Nangong Elder”.

At this time, a man beside Ye Lu looked at the flames on the golden roof and said.

“It looks like the evil cultivators from ‘Miaojiang’, if only ‘Ling Hu Qian Silence’ was here, he would have killed the shit out of them.”

Hearing this person’s words, Ye Lu asked with some curiosity.

“Who is Ling Hu Qian Silence?”

As a result, this guy looked at Ye Luo as if he was looking at a second pen and said.

“You actually don’t even know the powerful Lord ‘Ling Hu Qian Silence’ of the Southern Border, how did you get around, he is a top ten expert in the ‘War God List’, just ask who doesn’t know who doesn’t know

Just at this time, the Daoist priests from Wudang Mountain appeared.

Chapter 354

To Ye Lu’s slight surprise, these Daoists did not all come out of that small secret realm yesterday, there were two other secret realms in the vicinity of the Golden Peak.

“What kind of demons dare to come to our ‘Wudang Mountain’ and spread their wildness.”

A Taoist priest at the head of the group had white eyebrows and a white beard, and was carrying a long sword in his hand as he walked through the air, looking exceptionally ethereal and very expert.

“It’s the ‘Enforcement Elder’, now we are saved.”

Seeing this Daoist appear, many people were relieved, it looked like this person should be very famous.

However, what made Ye Luo a little puzzled was why the Sect Leader had not come out.

The other two of the three secret realms in the Golden Dome were wrapped in “poisonous insects”, so the Daoist priests had just appeared and started a fight.

Ye Lu saw that seven of them had formed a sword formation, and their sword qi stood out.

“The ‘Seven Wonders of Wudang’ are here too, this should be fine.”

“Yes, calling the shots with ‘Wudang Mountain’, these people are too arrogant.”

“I think they are just seeking their own death.”

.....

The moment Wudang’s experts appeared, they suppressed the insects, which made everyone breathe a sigh of relief, after all, everyone still believed in a famous school like “Wudang”.

Seeing this, the leader of the Black Witch Cult put away his flames and waved his hand.

The insects instantly parted like a stream of water, and all the Daoist priests gathered near the Golden Hall at the top of the Golden Dome, while the Daoist who was walking in the air landed on the side of the roof of the Golden Hall.

“You are the evil practitioners of the ‘Miao Frontier’.”

The Black Witch Cult people were clearly dressed, especially in the intricately textured silver jewellery and the strange patterns that covered their bodies and faces.

“The leader of the Black Witch Cult looked at the white-browed Taoist priest and said.

“Is that all you Wudang people have? It seems that we have overestimated you! But it doesn’t matter, today, both you and the Wudang disciples who are now hiding in the secret realm will become our prisoners.”

Seeing to the several people confronting each other on the roof of the Golden Hall, the Daoist priest who was in charge of the reception of the secret realm instantly regretted it.

He realized that what Ye Lu had said to him earlier was not alarmist talk, the “Black Witch Cult” had really come to attack, and it looked like they had come prepared, as evidenced by the hideous worms.

“Dead, dead, this time it’s over.”

He muttered anxiously, regretting that he should have at least memorised Ye Lu’s mobile phone number, if only he had remembered it he would have been able to contact this superior man.

In his opinion, since Ye Lu knew about this matter, most of them could also have a way to solve this matter.

At this moment, Ye Lu did not do anything, he blended in the crowd and watched the scene quietly, if “Wudang” could solve this matter, he would not bother to take action.

After all, Wudang has a lot of heritage with martial arts.

Of course, there is no comparison between a secular sect like Wudang and the sectarian world, but the Black Witch Cult is, to put it bluntly, a secular sect, so it is still uncertain who will win.

At the top of the Golden Hall, the Enforcement Elder looked at the three members of the Black Witch Sect and said coldly.

“Don’t try to be clever, I will show you the power of Wudang today.”

With these words, he waved the longsword in his hand, and countless longsword shadows appeared out of thin air and shot towards the black-clothed man at the head of the Black Witch Cult.

It was the first time that Ye Lu had seen such a “spell”, and regardless of the attacking power, the magnificence of the move was really something.

However, his opponent was no slouch either, as the black man waved his hands and countless fire dragons appeared, blocking these crystalline flying sword shadows in the air.

And the two men standing at the side of the black man did not make a move.

Obviously, Wudang’s side did not have any advantage in terms of numbers.

However, when they saw the “Law Enforcement Elder” make his move, the trapped crowd became excited and some began to shout towards the roof of the Golden Hall.

“Go, Elder Law Enforcement! Take care of these evil devils!”

“Let them see how powerful Wudang is.”

“Wudang will always be the strongest.”

.....

However, immediately afterwards, the head of a man who was shouting suddenly flew up, and a black scimitar with a harsh wind sound spun around in the air and reverted to the hand of a man in black.

Blood spurted out wildly like a fountain.

“Ah!”

“Waaaah!”

“OMG!”

.....

Where had ordinary people ever seen such a scene, the captured crowd immediately panicked and everyone began to surge in all directions.

However, those men in black did not seem to have the heart of a bodhisattva at all, as one man in black smiled hideously and struck out at the people who were surging towards him.

However, before his knife reached this man’s neck, his own head flew up first.

It was because, Ye Li was unable to look away.

“Who!”

“Who did this?”

“Stand out for me!”

.....

However, just as these people in black shouted, the others of the Wudang Sect made their move, it was the “Wudang Seven Absolute”, these seven people were like one person, even their footwork was the same, seven people, seven swords with seven rays of light had killed the people in black below the “Golden Hall”.

At the same time, a middle-aged Taoist priest said in a loud voice.

“Don’t do anything rash, leave this place to us.”

These words were actually what Ye Lu wanted to say.

Seeing the actions of the Wudang priests, Ye Lu’s impression of them had really changed.

Following this, the “Wudang Seven Absolutes” fought with these “Black Witch Cult” people.

The other two men in black who were watching from the top of the Golden Hall also jumped down and joined the fight.

On the roof of the Golden Hall, the defeat of the “Law Enforcement Elders” was gradually revealed, and everyone’s heart sank at the sight of this scene.

If the Wudang people were finished, then the next to die would be the incense-bearers and tourists.

At this time, under Ye Lu’s constant breathing, “Big Wind” also finally woke up.

“How come it’s already dark?”

After she woke up, “Big Wind” looked at Ye Lu and asked, somewhat puzzled.

Ye Luo then looked at her and said.

“You took too many pills, you almost died, luckily I am here, hurry up and check if everything is normal.”

Hearing Ye Lu’s words, “Big Wind” hurriedly began to check.

Among the Daoist priests, the Daoist priest who was in charge of the reception of the secret realm was recalling the phone number Ye Lu left before, and then started to try according to his impression.

“Sorry, I dialed the wrong number.”

“Sorry, wrong number dialed.”

.....

After several attempts, he then finally dialed Ye Lu’s mobile phone.

“Warrior, I have found you, but you have to save us, I know I am wrong, I have eyes to see, I have no eyes to see, you will be kind enough to forgive me.”

Ye Lu then said indifferently.

“Good, don’t worry, I am also at the golden roof.”

At this time, the “Law Enforcement Elder” was already red in the face, a mouthful of blood spurted out wildly, and his eyes also turned blood red at the same time, as if he was crazy.

“It looks like the ‘evil fire’ has invaded him after all!”

Seeing this scene, Ye Lu shook his head helplessly.

As “Evil Cultivators”, the flames they used would not be ordinary flames either.

This man in black was the “Evil Fire Elder”, a famous and powerful member of the Black Witch Cult.

His “Evil Flame” had been cultivated by driving mad and killing hundreds of people, and then he had cultivated it through various evil means, using it not only for physical and magical damage, but more importantly, for spiritual damage.

Originally, Ye Lu thought that the “Law Enforcement Elder” would be able to hold on for a while, but he was unable to withstand the attack of the “Evil Fire”.

At this moment, the “Evil Fire Elder” suddenly said in a loud voice.

“Kill everyone except the Daoist!”

Chapter 355

When they heard the words of the “Evil Fire Elder”, everyone who had been caught was shocked, but many of them had desperate expressions when they saw the crazed “Law Enforcement Elder”.

After the “Evil Fire Elder” finished speaking, he raised his right hand again, and a huge fireball appeared in his hand, and then he threw it at the “Wudang Seven Extremes”.

“Boom!”

One of the “Seven Wonders of Wudang” was instantly wrapped up in “evil fire”.

“The spell used by the Seven Wonders of Wudang was called the “Seven Ultimate Sword Formation”, so as long as any one of them was gone, it could no longer be activated.

After the collapse of the “Seven Ultimate Sword Formation”, the situation immediately took a sharp turn for the worse, leaving the “Six Ultimate Swordsmen of Wudang” stretched to the limit.

“Ow!”

At this moment, a loud beast’s roar rang out, followed by a huge wind pressure that hit in all directions, and most of the “Black Wizards” surrounding them were immediately blown away by the powerful wind pressure.

Then, everyone saw a huge demonic beast and a man on top of it rising into the sky.

“It’s the demonic beast that was transmigrating during the day!”

“I didn’t see anyone just now, how did it get here?”

“It’s a beautiful woman, she just turned into a big bird!”

.....

Everyone was astonished and looked at the “big wind” that rose up in the sky and talked about it.

“How’s that? My appearance is not bad, right?”

Ye Luo looked at the “Evil Fire Elder” across the room and said with a smile.

The “Evil Fire Elder” looked first at “Big Wind” and then at Ye Lu who had his hands folded and said.

“You’re from Shaolin?”

Ye Luo’s folded hands did look a bit like a Shaolin, but Wudang’s wouldn’t do such a gesture anyway.

Ye Lu shook his head and said.

“No.”

“The Evil Fire Elder asked again.

“Is it someone from the ‘Beast Alliance’?”

As a result, Ye Lu shook his head once again.

Then, without waiting for the “Evil Fire Elder” to ask, Ye Luo looked at him and said with a smile.

“I’m just a person passing through here, but I’m also the one who wants you dead. However, I’m curious, why is your ‘Black Witch Cult’ interested in Wudang? These bull-noses don’t seem to have much oil in them.”

Hearing Ye Lu’s question, the “Evil Fire Elder” said coldly.

“You are not qualified to know yet.”

Ye Lu wasn’t angry at this, he looked at the “Evil Fire Elder” and said with a smile.

“It doesn’t matter if you don’t tell me, I will find your sect master to ask him personally about this matter.”

Hearing that Ye Luo actually said that he would personally ask their sect master about this matter, the “Evil Fire Elder” looked at Ye Luo and said with a smile.

“Do you know what kind of person our sect master is? He’s one of the top ten people on the ‘God of War’ list, just you, just get past me first.”

As he said that, he raised his hand, and the pink-coloured “evil fire” rose up from his palm to form a several feet high fire ball, which looked quite beautiful.

However, Ye Luo actually knew very well that this guy looked like he was in control, but in fact, he was just a vain man with a strong exterior.

The battle between him and the Elder of Law Enforcement just now should have consumed him greatly, the Elder of Law Enforcement was not just some cat or dog, he was a real powerhouse, if it wasn't for the spiritual attack of the Evil Fire, it would have been difficult for him to win this battle.

"Oh, you think you're the only one who knows how to play with fire, don't you?"

Ye Luo said with a smile as he looked at the "Evil Fire Elder" opposite him.

Then, Ye Luo opened his folded hands and opened his arms, and on his small arms and fists, purple flames tumbled like two huge bonfires.

"Ah! I remember, he's Mr. Luo!"

Seeing the churning purple flames, the person in charge of the secret reception finally remembered who Ye Luo was, because during Ye Luo's kick-off, when that killer "Cold-blooded Yan Luo" appeared at the end, Ye Luo had used such a purple flame to kill that guy with a single blow.

At that time, this was the same strike that made the "North and South Martial Arts" completely lose their confidence, and both sides announced their surrender at the same time after that strike.

"How did he become so strong all of a sudden?"

But the person responsible for assassinating Ye Luo was an assassin from the "Killer Ranking", and "Cold-blooded Yan Luo" was not at the top of the "Killer Ranking", but now he was standing on top of the "Golden Hall" together with the "Saint", the difference between the two could be said to be an abyss.

"It's that Mr. Luo, I've seen his video."

"I remember too, the one who defeated the North and South Martial Arts then, right?"

"Yeah, how come I didn't recognise him."

.....

The Taoist boy who showed Ye Luo the way before also completely remembered, he actually often went online, the battle of Mr. Luo before was very famous online, it was very sensational at that time, only, now Ye Luo's costume changed, so, everyone you didn't dare to recognize it for a while.

Seeing the flames on Ye Luo's hands and arms, that "Evil Fire Elder" was also taken aback, because he found that his own flames actually felt fear when his opponent's flames appeared, and he could feel the "Evil Fire" in his hands trembling instinctively.

"Here I come!"

After separating his hands, Ye Lu shouted, followed by a fierce swing of his arms, and two huge fire dragons rushed towards the "Evil Fire Elder" with a majestic aura.

Of course, Ye Lu didn't use all the flames at once, because he didn't need to go all out against this strong and weak elder.

"Not good!"

Seeing the fire dragon rushing over, the “Evil Fire Elder” realised that he had thought wrong and was too arrogant, but it was already too late.

The move Ye Lu used was called “Flame Frenzy Dragon”, which was a “Mortal Rank Upper Grade” spell that was more advanced than the “Fireball” and “Flame Dragon Bomb”, although it was not too high in the “Spell” rank, it was already a good spell for a person at the “Ninth Turn of the Golden Dan” realm, because a practitioner at the “Ninth Turn of the Golden Dan” realm had not fully condensed his Golden Dan, so he could only master a limited number of “Spells” and “Spells”.

The two “flaming dragons” instantly devoured the “Evil Fire Elder”.

“Ah!”

A heart-breaking scream also sounded at the same time.

Hearing the cry of the Evil Fire Elder, the two Black Wizards who were originally fighting with Gale down below were also startled, and they looked up at Ye Lu, but then one of them saw that Ye Lu had already jumped down from the air, and his “Life Snatching Soul Chasing Stab” stabbed at one of the Black Wizards.

“You’re looking for death!”

This “Black Sorcerer” was also a “Saint Level” expert and not a shrimp. He quickly drew out his black scimitar, which slashed towards Ye Lu with a terrifying black Qi.

However, a long vine suddenly appeared on Ye Lu’s body in the air, which wrapped Ye Lu tightly inside, only the dagger in his hand was exposed, it looked like a huge bullet flying over, and the dagger was the bullet’s warhead.

“Brush!”

The “black sorcerer” felt extremely surprised that the black “blade” he sent out did not cut his opponent in half, but the black blade in his hand was cut off the moment it came into contact with his opponent’s dagger, and the terrifying dagger poked directly into his body.

“What kind of knife is this?”

As he was dying, the “black sorcerer” still asked reluctantly.

However, without waiting for Ye Lu to answer, he had already collapsed.

Seeing that the Evil Fire Elder and the other expert were dead, the remaining Black Wizards panicked, while the Great Wind once again let out a long cry and bit the remaining Black Wizard into two pieces.

“Come on, kill all the ‘Black Wizards’!”

At the same time, Ye Lu waved his hand and a dense mass of “evil spirits” appeared, and these evil spirits appeared and began to kill under the leadership of the draped-haired, sword-wielding “Sake Swallow Boy”.

At this moment, after being strengthened by the elixir made from the “Cave Underworld Herb”, the “Child of Wine Swallow” was already an evil spirit with the cultivation level of “Eighth Grade Master”.

Chapter 356

With the participation of countless “evil spirits”, everything became easier. The “Black Witch Cult” was indeed very strong, and there were not only three “Saints” here this time, but Ye Lu was superior in numbers.

With such a terrifying team, even the “Saints” were not enough.

Seeing such a terrifying team, the Daoist priests of Wudang Mountain were also astonished, because ordinary people could not see these evil spirits, but they could see them clearly.

“Could this ‘Mr. Luo’ also be an evil cultivator? I’ve never heard of any cultivator who can dominate so many ghosts at the same time.”

“I can’t understand it, the flames just now were also terrifying, they felt stronger than the ‘beast fire’, and that ‘evil cultivator’s’ flames were also powerful.”

“Whether Mr. Luo is an evil cultivator or not, the fact that he helped us and saved so many innocent people is enough to show that Mr. Luo should be a good person.”

“I feel, I should say, that Mr. Luo is a strange man.”

.....

In the midst of the crowd’s chatter, Ye Luo had already walked up to the delirious “Law Enforcement Elder” and then quickly poked a certain acupuncture point on his head, followed by successive strikes.

“What happened? What just happened, where are those evil cultivators?”

He asked, looking at Ye Lu somewhat bewildered.

Ye Luo then looked at him and said.

“Your people will talk to you about the details, I’ll leave it to you here, I have more important things to do, so, goodbye!”

After saying that, Ye Luo put away the evil ghost and jumped onto the back of “Big Wind”, then one person and one beast took off into the air and flew in the direction of Miaojiang at high speed.

At the same time, news of Mr. Luo’s appearance at the Golden Peak of Wudang Mountain and his battle with the Black Witch Clan began to spread on the internet.

No one knew about the evil spirits, but many people had seen the battle between Ye Luo and the “Evil Fire Elder” at the top of the Golden Temple at the Golden Peak, and many people had also videotaped it.

Now that the crisis was over, everyone was excited and started to brag about their extraordinary experience.

With everyone pushing the envelope, the news spread quickly.

“That ‘Mr. Luo’ is really no ordinary person.”

“That’s right, he disappeared after the last ‘kick-off’, I thought he had disappeared since then, but I didn’t think he was lurking.”

“Yeah, he disappeared for a long time, he was so handsome at the kick-off.”

“I told you how such an expert could be buried.”

.....

The company’s main business is to provide a wide range of products and services to the public.

However, at this moment, what Ye Luo does not know is that there is another battle going on near the “Shennongjia” not far from the “Wudang Mountain”, a battle that is not as big as the Golden Peak of the Wudang Mountain, but, however, of a higher level.

One side of the battle was the head of the Wudang Sect, who Ye Lu had been wondering about, and was also the strongest fighter of the Wudang Sect, and together with him were three other elders of the Wudang Mountain.

Their opponents were even stronger.

The reason why they chose this place to start the battle was because it was a nature reserve off the beaten track in the Shennongjia.

“Master Chong Xu, I advise you to hand over that thing, what can be more important than life, don’t you think?”

But Master Chong Xu, the head of Wudang, said indifferently.

“I’ve just told you, I don’t have it at all, and even if I did, I couldn’t give it to you, so just give up.”

After Daoist Master Chong Xu had finished speaking, the Black Witch Sect’s leader, Night Lou Luo, said in an eerie voice.

“We all want to achieve immortality and eternal life, but we are on different paths.”

“I know you are a difficult bone to gnaw, so my men have already reached the golden dome of your ‘Wudang Mountain’ and I am afraid that by now they have captured all those disciples of yours, can you really ignore their deaths?”

At this moment, Daoist Master Chong Xu’s body was already covered with wounds, and many of them were heavy, but not fatal, not because the other party could not kill him, but because what the other party wanted had not yet been obtained.

Of course, the Black Witch Sect leader was not unscathed either, as he too had a number of shocking wounds, but they were much less severe.

At this moment, suddenly their mobile phones rang almost simultaneously.

According to his calculations, it was about time, and the Black Witch Cult’s people should have already resolved the incident on the golden roof.

Now it was his own people who were holding the Wudang Sect hostage to call Taoist Master Chong Xu, but he was surprised to find that it was indeed one of his own people who had called him, but this person had been coerced into making the call.

“Sovereign, we have failed, Wudang has not taken it.”

“The man from the Black Witch Cult said on the phone.

Night Lou Luo asked, a little surprised and puzzled.

“What happened?”

The other party continued.

“Everything was going well, but then a kid called ‘Mr. Luo’ came out with a big bird and messed everything up. ‘ or else they’ll get us all killed.”

When he heard the other party say something about carrying a big bird, he remembered something that Elder Nangong had said to him before, saying that a person riding a big bird had saved the people of Shennong Valley and repaired the Valley Protection Formation of Shennong Valley.

Now it looks like this is the same person.

“What kind of person is this that is so repeatedly working against me, Mr. Luo? How come I don’t remember knowing anyone surnamed Luo.”

At this time, Daoist Master Chong Xu’s side also got the news, and he looked at Night Lou Luo and said with a smile.

“It looks like your plan has failed, give up, not to mention that I don’t know where that thing is either, and even if I did, I wouldn’t tell you even if I died.”

Hearing the words of Daoist Master Chong Xu, Night Lou Luo said with a cold face.

“Good, since you say so, then I will fulfill you, you go to hell.”

With those words, he was ready to unleash his final strike and kill Daoist Master Chong Xu.

However, at this moment, a golden light suddenly and abruptly blasted at Night Lou Luo in the air, this bright light was as fast as lightning, it was going to be even faster than Night Lou Luo had imagined, as he tried to dodge when he realised but was unable to.

Of course, he still subconsciously dodged.

“Boom.”

He was blasted far away by the bolt of light, and following that, he turned his head to see several monks appearing not far away, and one of the tall monks was holding a wooden fish and a wooden mallet in his hand, and the blow he just struck was from the mallet he used to strike the fish.

“Oh, is the great monk here too? I thought you northern and southern martial arts had always been at odds.”

Night Louro said as he spat out a mouthful of blood and looked at the tall monk.

That monk, however, said with one hand folded.

“Good, good, the monk’s fury is too heavy, so you should return to the mountain with the poor monk for a period of time to clear your mind.”

As a result, Night Lou Luo said coldly.

“What the hell, you can do it yourself, let’s go!”

After saying that, Night Lou Luo turned into a black qi and prepared to vanish, however, that big monk said in a loud voice.

“Stay!”

Following that, a huge Buddha’s shadow appeared on his body, and after this shadow appeared it waved its palm, and the huge palm fiercely feared down towards Night Louro.

The palm was so terrifying that it was about to kill him on the spot. However, two experts of the Black Witch Sect suddenly rose up and helped him withstand the blow, but they were instantly knocked to the ground.

“Damn it, who the hell has spoiled it for me.”

He spat out a mouthful of blood, then found a corner and muttered as he took medicine to heal his wounds.

However, before he could adjust to his condition, a call came from the headquarters of the Black Witch Sect.

“Master, it’s not good, someone is killing us!”

Chapter 357

When he heard the man’s report, he frowned because he knew very well that the main force of the Black Witch Sect was involved in this operation, so the headquarters was relatively empty, with only one elder, Elder Nangong, sitting in the town.

However, what he could not figure out was how the other side could act so quickly.

“The Black Witch Cult was in the hinterland of Miaojiang, so if there was any large-scale operation, the entire Miaojiang forces could not have been unaware of it, which was why he and the other evil practitioners dared to attack Wudang without fear.

This time the operation was a joint one, so the whole Miaojiang was one at the moment, so he thought about it and asked.

“Who are the other side? How many people are there in total and what is the situation?”

As a result, the “Black Witch Cult” guy said.

“There’s only one person on the other side, and there’s also a terrifying bird, which is currently attacking the entrance to the secret realm, and the fortress outside the secret realm has been completely destroyed by that bird.

Hearing this fellow’s words, Night Louro then muttered in his heart in depression.

“It’s this bastard again, who the hell is this guy?”

However, following that, he then thought about it and said.

“You guys hold on, I’ll go back as soon as possible, I’ll let the people from the ‘Compulsion Clan’ go and help you.”

The four major forces in Miaojiang, the Black Witch Cult, the Compulsion Clan, the Evil God Cult and the Ghost Sect, had never gotten along, and they had always killed each other.

At this moment, Ye Luo and Gale were hanging above the Black Witch Cult’s Black Wind Fortress, which had been reduced to rubble and turned into a sea of fire.

Now, there was still one more barrier before Ye Lu could enter the headquarters of the Black Witch Sect, and that was the “Nangong Elder”.

This “Third Turn Saint” was not that easy to deal with.

Ye Lu’s biggest advantage was that “Gale” could fly, while this “Elder Nangong” was powerful but could not fly, so “Elder Nangong” took the position of guarding the entrance and exit of the secret realm to the death, as if “no one could open the gate without a fight”.

“It looks like there’s no way out, if we want to have a quick battle, we have to summon it.”

Ye Li stood on the back of Gale and thought to himself.

“Summoning ‘Cain’ and letting him use the ‘Torture Axe’ should be the strongest, but this feels dangerous, last time ‘Cain’ said that if He said last time that if he dared to summon it again he would do it to himself.”

With the strength of ‘Cain’, Ye Lu was also worried about what he had up his sleeve.

“Among the other demonic beasts, ‘Nine Infants’ is super strong, but there is no more blood from it, and so are ‘Gale’ and ‘Chiseltooth’’, when Of the six great demonic beasts shot by ‘Hou Yi’, ‘Hou Yi’ was extremely rare and its bloodline could not be found, and the rest were ‘Feng Yi’ and ‘Xiu Snake ‘.’

After thinking about this, Ye Lu looked at the blood in the Sumeru Ring again. The ‘Pillager’ was a boar-type demon beast and the ‘Xiu Snake’ was a snake-type demon beast.

Because Ye Lu did not want to use up too much of his blood this time, otherwise it might be more reliable to use the bloodline of “Great Wind” and then summon a stronger “Great Wind”.

After all, according to the Great Wind, their Great Wind clan was grateful to Hou Yi for some unknown reason.

With his mind made up, Ye Lu instructed “Big Wind” to lead himself towards “Elder Nangong” again.

“You’re looking for death!”

Seeing that Ye Lu dared to rush forward, “Elder Nangong” quickly waved the skeleton palm in his hand, and the huge black scythe slashed at Ye Lu and “Big Wind”.

However, this time, the one man and the beast quickly separated.

Following that, Ye Lu and “Big Wind” attacked one after the other, one left and one right.

“Boom!”

Despite being wrapped in the “Heavenly Vine”, Ye Lu was still sent flying by the black scythe blow.

After being sent flying, Ye Lu rolled on the ground and ran to the far side, then held back the blood in his mouth and began to draw the formation with the beast’s blood quickly.

At the same time, the “Wine Swallow Boy” and the “evil spirits” also appeared at the same time, and tens of thousands of “evil spirits” filled the entire dilapidated mountain fortress.

Seeing this situation, Elder Nangong, who originally wanted to rush over to stop Ye Lu from drawing the formation, changed his mind.

Now there were basically no Saint-level experts left in the secret realm of the Black Witch Cult. If they let Gale and these ghosts in, everyone inside would definitely be finished and the foundation of the Black Witch Cult would be ruined.

Ye Lu, on the other hand, muttered in frustration as he drew the formation.

“Why is he so short of this breakthrough?”

Now that the nine strands of spiritual qi in his body were already complete and incomparably solid, he felt that he could “transform his spiritual qi into liquid” and cross over to a new realm at any time, but he had just gone through two battles and killed the “Evil Fire Elder”, but he couldn’t break through.

“It’s a bottleneck, isn’t it? It’s really difficult.”

This made Ye Luo think of those cultivators who had been stuck in bottlenecks for years and were unable to break through, and he also experienced the anxious and helpless feelings that people felt when they were stuck in bottlenecks.

“Poof!”

Following that, he spat a mouthful of blood on top of the formation, and countless red lights rushed up to the sky.

Seeing this scene, Ye Lu smiled in satisfaction.

Other than that, the nine strands of spiritual energy at a great completion had really helped his “summoning technique” too much. Previously, if he wanted to perform such a summoning, he could only do so by using the “Four Spirit Summoning” or by using a large amount of his own blood.

“Roar!”

In the red light of the blood formation, after a loud beast roar, a huge black snake like a small mountain appeared, this huge snake was all black with a green head, and the scales on its body looked as thick and strong as stone.

“Name: Cultivated Snake, Rank: 4th Order 3rd Grade, Origin: Secret Realm of Ten Thousand Beasts, Description: descendant of the ancient Cultivated Snake bloodline, good at devouring and biting, has its own special space inside its body, anything devoured will never see the light of day again, thick skin and flesh, ferocious temperament”

After this huge “descendant of the Cultivated Snake” appeared, it turned its head to look at Ye Lu at first.

However, unlike the previous “Big Wind”, this one doesn’t seem to be able to speak human words, so obviously, its qualifications are better than the previous “Big Wind”.

Ye Luo held the “Sunset Arrow” and was ready to flee at any time, as he did not have their pure bloodline to use the “Spirit Serving Technique” on such “Fourth Order Third Grade” demonic beasts, and how they would act after summoning them would only depend on their mood.

Fortunately, the moment it saw the arrow of the “Sunset Arrow”, the “Cultivated Snake” also showed an extremely frightened expression and retreated a few metres backwards.

“Big Snake, it’s actually you, help, kill him with me.”

At this time, “Big Wind”, who was not far away, shouted at “Cultivating Snake”. To Ye Lu’s surprise, “Cultivating Snake” took a look at “Big Wind” and then opened its mouth wide and bit at “Elder Nangong”.

When he saw the “Cultivating Snake” appear, “Elder Nangong” already regretted it, honestly, he did not expect Ye Lu to summon such a terrifying thing at all.

“Ow!”

At the same time, a terrifying devouring power also appeared. Boulders, house fragments, the Black Witch Cult’s congregation, everything was sucked away, even the earth on the ground was gone and a huge deep pit appeared.

“There is a popular saying that “A heart is not enough for a snake to swallow an elephant”, which is actually about the “Ba Snake Swallowing an Elephant”.

However, after all, Elder Nangong was an evil cultivator of the Third Turn of the Golden Elixir, so he held the skeleton cane and was covered in black Qi without being swallowed by the “Cultivating Snake”.

However, looking at his expression, he was also struggling to hold on.

“Hey, he is still holding on, let me help you then.”

Seeing this scene, Ye Lu laughed heatedly and badly.

He wanted to stop Ye Lu, but he did not dare to use too much “Heavenly Astral Qi”, so he drew a short knife and tried to cut the “Heavenly Vine”.

However, the “Heavenly Vine” was not something that could be cut by just any knife, and he was surprised to find that it was very difficult for his own knife to leave a wound on Ye Lu’s “Heavenly Vine”.

“Sister Wind, come and help me pull the river!”

The “Heavenly Vine” obediently wrapped itself around the legs of the “Great Wind”, and then the “Great Wind” took to its wings and flew high.

“The two demonic beasts combined their strength, and Elder Nangong, who was already holding on for dear life, could not hold on any longer. “Brush!” He was swallowed by the “Cultivating Snake” in a flash.

Seeing this scene, Ye Lu quickly said.

“Cultivating Snake, Big Wind, Wine Swallow, Ghost Bat, you all go into the ‘Secret Realm’, leave no one behind.”

Ye Luo did not know how big the secret realm of the “Black Witch Cult” was, but since it was one of the four major powers of Miaojiang, there were still quite a lot of people and experts, so he decided that all his forces would go together and give them a fatal blow.

“Ow!”

Perhaps it was because it tasted good, or perhaps it was because it was rare to eat people in the Secret Realm of the Ten Thousand Beasts, so it seemed extremely excited and was the first to rush into the Secret Realm of the Black Witch Cult.

At the same time, the leader of a Ghost Bat flew over and started to compare with Ye Lu.

“Help is coming? That was fast!”

Ye Lu had released the Ghost Bats before attacking the Black Witch Cult. These Ghost Bats were small, fast and silent, so they were most suitable for scouting.

Therefore, at this moment, Ye Lu’s “ghost bats” were already spying in all directions.

Moreover, Ye Lu had expected that help would definitely come, but it was just a matter of when and how many would come.

“Come on, even if the King of Heaven comes today, I won’t be able to stop me from slaughtering the ‘Black Witch Cult’.”

Ye Luo said as he quickly began to draw up the formation with the beast blood, this time Ye Luo was going to summon a different kind of demonic beast, and Ye Luo changed the way he summoned it, instead of summoning a strong demonic beast, he was going to summon a group of the same kind of demonic beast.

“Come out, Mirage!”

Amidst the red light, a large group of monstrous beasts that looked somewhat like large shells appeared, these guys had huge colourful shells, while inside they looked like mollusks, and at a glance, they were not the type of brutal strength demonic beasts.

“Name: mirage, rank: fourth order first grade, source: secret realm of ten thousand beasts, profile: a semi-fixed type of demonic beast that survives on illusions, can use all kinds of illusions and can even kill other demonic beasts directly by illusions, and then relies on the corrosive digestive fluid in its body to seemingly devour all kinds of things, even hard metal materials for making ‘magic weapons’ can be slowly digested”

This type of demonic beast is poor at attacking up as it moves slowly, but the attacks are extremely specific and combined with the unbelievably hard shell makes them very difficult to attack from the outside world when they are closed up.

Simply put, these things are very much like the shellfish on Earth.

However, these things are really quite powerful and famous for their illusions, and the “mirage” in the famous idiom “mirage” refers to these things.

After summoning them, Ye Lv began to use the “Spirit Serving Technique” to control them, and then Ye Lv had the “Ghost Bats” carry them around the ruined fortress, so that he could use these “mirages” to form a defensive circle of illusions and buy time for the “Cultivating Snakes”.

Unfortunately, he did not have a lot of blood from the mirages, so Ye Lu summoned a new beast again.

The reason why there were more demon beasts in the “demon fox” category was that they were more capable of surviving than the “mirage” category, and although their illusions were not as powerful as the “mirage” category, they were smart and flexible, and they were not only good at “illusion” attacks, they were also good at various “spells” and physical attacks.

“Come on! My demon foxes.”

Ye Luo, of course, continued with his usual route, summoning a larger number of demonic beasts that he could control.

When the nine strands of aura had been completed, Ye Lu could use the “Spirit Serving Technique” to control “Fourth Order One”, that is, “First Turn Saint” level demonic beasts, so Ye Lu summoned “Fourth Order One” and “Third Order Nine” this time.

Soon, the demon foxes were summoned.

Looking at several beautiful women with big fluffy tails appearing in front of him, even Ye Lu, a cheeky man, felt a bit uncomfortable.

“You all go and cooperate with the ‘mirage’ to confuse the people who come over.”

Ye Luo said to these “demon foxes”, strictly speaking it should be these “fox spirits”, because the “transformed” demon foxes were “fox spirits” in the eyes of ordinary people, and many legends about “fox spirits” in the world also came from them.

“Yes, master.”

“At your service, master.”

“My concubine, I will go and confuse them.”

.....

“These invisible mirages can confuse the mind. As one goes deeper and deeper, the more mirages one inhales, the worse the situation becomes, but this attack is indiscriminate, or some experts may not be able to control it.

Soon, a “Ghost Bat” leader flew out from the secret realm of the “Black Witch Cult” and began to gesture towards Ye Lu.

What Ye Lu saw was that everything was going well inside, although there was a little resistance, but it was all taken care of by the big snake, however, the cultivating snake was not satisfied with the “ghost bat” eating people, it seemed that it wanted to eat all the people.

Seeing the unhappy look of the leader of the “ghost bats”, Ye Lu smiled and said.

“It’s alright, don’t be so normal with it, there will be many more opportunities to eat people in the future.”

After reassuring him, the “ghost bat” left.

That “Cultivation Snake” knew that it was not too good-tempered at first glance, but Ye Lu did not want to get into any conflict with it, that thing was a real “fourth-order third-grade” demonic beast, and it was not the kind of demonic beast that could simply transform, but a demonic beast with strong talent and bloodline.

After all, the “Black Witch Cult” had done a good job in attacking the “Wudang”, the main force was their people, while the other forces only provided a little support.

“Elder Miao, do you think what the ‘Black Witch Cult’ leader said is too exaggerated, that one person and a demonic beast could possibly destroy the headquarters of their Black Witch Cult? Besides, there is still an expert like ‘Elder Nangong’ sitting in the town.”

The woman known as ‘Elder Miao’ shook her head and said.

“I also find it unbelievable, but the Night House Master is not a person who likes to alarm people, since he said so, most of it is true. Even that ‘Ling Hu Qian Silence’ of the Southern Border doesn’t have this ability, right?”

“The “Ling Hu Qian Silence” has been a powerful figure in the southern border for many years, but he has never dared to make a move against any of the major forces in the Miaojiang region.

So far, no one or force had dared to make trouble in the hinterland of Miaojiang, so everyone felt that this matter was very incredible.

However, something even more incredible was yet to come, as a disciple with a lower cultivation level among the crowd suddenly looked straight ahead and giggled.

“Hey, hey, big beauty, here I come!”

He was drooling as he quickly took his clothes off.

Chapter 359

“Huang He Yong, what are you doing?”

Elder Miao asked as she looked at the man with a frown.

However, the man didn't answer her question, but continued to run wildly towards the front and soon disappeared from the view of the crowd.

“What the hell is going on?”

Elder Miao muttered in some confusion as he looked at the dark woods ahead.

The land of the Miao frontier was very rich in vegetation, and the trees here were also thickly branched, so they blocked the view of the crowd, and everyone had no idea what was up ahead.

However, immediately afterwards another person turned unusual.

“I'll kill you, you want to seduce my sister Juan, don't you? I've already seen that you're up to no good, so go to hell.”

A black-clothed “Compulsion” suddenly slashed at a guy next to him, then attacked desperately while mumbling incoherently.

The man next to him was obviously of a higher cultivation level than him, but he was caught off guard and was left with a long slash on his body.

“Restrain him.”

Elder Miao quickly gave the order, while frowning.

She had fully understood that someone was attacking them, only, what she didn't understand somewhat was how the other party had managed to do this, she didn't see any poisonous mist, nor did she smell anything special, and not everyone had symptoms either.

“Everyone stay put, be careful and look around for anything unusual.”

Elder Miao gave a quick order, it was obviously very dangerous to go any further.

However, he did not know that it was equally dangerous to stay here, as they were already within the range of the mirage, which was still spreading.

The longer they stay in the mirage, the more they will be affected by it.

This “mirage” is not a toxin, so it is difficult to detect. It is more like a subtle illusion that gradually eats away at a person's spirit, attacking the weak-minded.

So it was not long before someone else began to appear abnormal.

This time it was a woman who went mad, and she looked in one direction and muttered.

“It’s no use, everything is meaningless, he doesn’t like me anymore, maybe he never liked me, what’s the point of living like this? I might as well die and be done with it

Following this, she drew a short knife and plunged it into her heart.

The stab was so deep that it reached the hilt, and the body fell to the ground with a “thud! The body fell to the ground with a thud.

Despite the fact that the people around him were all battle-hardened, and could even be described as experts in killing people, they still drew a breath of cold air at this scene.

For the unknown is always the most frightening.

Now it was because everyone did not know what they were afraid of that these people were so worried.

However, what worried Elder Miao even more was that it would not do for them to be stuck here like this, the “Black Witch Cult” had not been able to contact them for a long time, which meant that at least the outer fortress had been completely destroyed, so perhaps that Night Louro was really not being alarmist.

“Take the few people who are in trouble away and let’s move on.”

Eventually, Elder Miao said after some thought.

“The Black Witch Cult could not be left alone, and not only that, they had to act quickly, otherwise it might be too late.

But, to their dismay, they hadn’t gone far before someone went mad again.

“I’m afraid we’ve entered some kind of ‘illusion’ or ‘poisonous miasma’, and the ‘illusion’ or ‘poisonous miasma’ user should be quite powerful, so I suggest taking a different path and going around from the other side.”

The others nodded as well, they too were a little confused by the situation before them.

However, these people did not have to go far before they met another group of people with depressed faces. These people were from the Cult of the Evil God, an organisation formed by various “evil cultivators” from other regions who had come to Miaojiang.

Moreover, it is also the one that has the greatest influence on Miaojiang, because there are many super fugitives from the Central Plains or other places in this organisation.

Although these people were very evil, they were really strong enough to make people doubt their lives.

“You guys are not under attack too, are you?”

Elder Miao asked with a frown as he looked at the crowd of the “Evil God Sect”.

When he heard Elder Miao’s words, the Evil God Sect elder nodded and said.

“So, you have encountered the same situation, this is really evil! I’ve never seen such an attack before, what is it?”

The main entrance and exit of the “Secret Realm of the Ten Thousand Beasts”, which was also the safest entrance and exit, was in the hands of the “Beast Alliance”.

Therefore, the other entrances and exits were very secretive and dangerous, and even if someone knew about them, they would not be made public, because for many organisations, the “Secret Realm of the Ten Thousand Beasts” meant both danger and opportunity at the same time.

Therefore, apart from the Beast Alliance, not many people have ever entered the “Secret Realm of the Ten Thousand Beasts”, and most people have never seen a demonic beast like the “Great Wind”, “Nine Infants” or “Mirage”.

Therefore, it was normal for these people not to know about the Mirage.

To be honest, Ye Lu did not expect the shell-like creatures he had summoned to be so powerful, and the effect was a bit surprising.

When Gale and Snake had killed all the people from the Black Witch Cult, none of the rescuers had shown their heads.

“It seems that these ‘mirages’ are good treasures and should not be lost so easily.”

As he was preparing to evacuate, Ye Lu thought about it and planned to put all those ‘mirages’ into the ‘Spirit Beast Bracelet’.

“Xiu Snake, are you going to stay in the Worldly Realm or return to the Secret Realm of the Ten Thousand Beasts? If you want to go back, then nod your head and I will send you back.”

As a result, “Xiu Snake” shook his head quickly.

Ye Lu smiled and said.

“I’m leaving then, I’ll see you later.”

After saying that, Ye Luo let the “ghost bats” retrieve the “mirage”, and he and the “gale” flew into the sky and disappeared into the darkness.

After Ye Lu left, the strange situation of the rescue teams disappeared, and it didn’t take long for all three sides to reach the fortress where the Black Witch Cult’s headquarters was located.

Of course, the entrance to the secret realm was not dependent on anything, so even if the surrounding area had been destroyed, it was still possible to enter the secret realm.

Everyone took out their weapons as if they were enemies, and then cautiously entered the Black Witch Cult’s secret realm.

Once inside, the smell of blood was overwhelming. Of the gods who had entered, only the “Cultivated Snake” had swallowed and would not leave any traces.

The “ghost bats” also ate very badly, with blood and flesh flying everywhere, and the “evil spirits” even liked to tear people into pieces, so this “secret realm” was full of blood, white bones and scattered “cultivated snakes” that had not eaten clean meat.

“How ruthless! More ruthless than even us ‘evil cultivators’, not a single living soul was left behind.”

A few people said with some emotion.

However, immediately afterwards, they saw a huge head carved out of stone abruptly stand up from behind a house.

“What a big snake!”

Some people looked at the snake in surprise, while the snake licked its tongue, because there were several people in there, and it felt that the taste was very delicious.

In the air, Ye Lu received a message from the “Underworld App”.

He had just seen that the Black Witch Cult’s leader was not at the headquarters of the Black Witch Cult, so he felt that something was wrong and quickly started looking for information about the Black Witch Cult’s leader and the Wudang Sect Leader.

“The Black Witch Cult’s master had a battle with the Wudang Sect and was badly injured by the Shaolin Sect’s hand. ”

“The ‘Black Witch Cult’ Sect Master has just hijacked a plane and is flying from Wudang Mountain Airport to Miaojiang.”

“At this moment the plane is flying at ‘longitude XX east, latitude XX north’ to Miaojiang at a speed of nine hundred kilometres per hour”

.....

When he saw these messages, Ye Lu smiled.

“Hey, hey, looks like it’s time to hit the aeroplane for once!”

Chapter 360

Ye Lu had guessed before that the leaders of both sides were not there, but he did not expect that the leaders of the two sides had actually gone to PK alone.

However, since the leader of the Black Witch Cult was injured, it was a good opportunity to kill him. It might be difficult for others, but he had a powerful helper in “Big Wind”, so it should not be difficult to fight a plane.

So, Ye Luo quickly asked for the number of the plane, and then used the “auxiliary ability” of the glasses to locate the plane.

As the time spent using the glasses increased, Ye Lu felt that the glasses’ “auxiliary ability” was too good for everything.

He then began to locate himself, find the distance between himself and the other plane, and start to figure out where to snipe.

The speed of the “Big Wind” could easily exceed that of a large airliner before, and after the “Dragon Ruminant” enhancement, its speed had been increased again.

“Let’s go, but besides the ‘Black Witch Cult’ leader, there’s also the captain, his assistant, and two flight attendants in the plane, so I have to get them out first.”

As Ye Luo hurried towards the direction of the hijacked plane, he began to make a quick calculation.

At this moment, Night Lou Luo of the Black Witch Cult was sitting on the plane, making anxious phone calls.

“How can this be? Is there no news from the people you just sent out?”

Night Lou Luo asked, a little worried.

The other party also said in a somewhat depressed voice.

“Yes, there was talk of meeting some on the road before? They have now entered the ‘secret realm’, but then there was no more news.”

“We sent someone to see it again, and they said that the ‘Black Witch Cottage’ had turned into ashes, so I guess your ‘Black Witch Cult’ people are also in a bad way.”

When he heard this, Yelou Luo frowned.

However, he did not think that the Black Witch Cult would really die out, because no matter what happened, as long as he was still there, the Black Witch Cult would not be finished.

“Who is this ‘Mr. Luo’ guy? Is he a demon sent down from heaven?”

Night Lou Luo reached out and tore the seat in front of him into pieces.

“This bastard, if I ever see him, I will break him into pieces.”

Angry, he slapped a table again, but his movements stopped instantly as he saw a long green vine reaching into the plane.

This plane was at a height of tens of thousands of metres, so how could there be a vine?

“Sh*t! What the f*ck is all this?”

He dashed to the window and saw a middle-aged man with a moustache standing on a huge white bird, and in his hand was a long vine, the other end of which was sticking out of the plane.

When he saw Yelou Luo looking at him from the window of the plane, Ye Luo waved a friendly hand at him.

Then, Ye Lu waved his right hand.

“A red fireball was thrown on top of the fuel tank on the side of the plane.”

“Boom!”

The fuel tank exploded right then and there, and the plane, which was balancing things, plunged headlong towards the ground.

“Cool!”

Ye Luo snapped his fingers and smiled.

“It’s a great feeling to hit a plane!”

Even though the leader of the Black Witch Cult had been injured, Ye Luo didn’t think that he would be able to kill him by falling.

Falling from a height might be able to kill a Grandmaster, but it would be difficult to kill a Grandmaster, and even more difficult for a Saint.

“Boom!”

The falling plane exploded on the ground, flames tumbling and smoke billowing up.

Ye Li and Gale landed not far from the wreckage of the plane.

“I don’t think you’re dead, come on, one last fight.”

Ye Luo said as he looked at the wreckage and smiled.

From the other side of the wreckage, a dark figure slowly walked over, the “Black Witch Cult” leader, Night Lou Luo, was already out of anger, he felt that he had never been in such a bad position in his life.

All his plans had been ruined by this kid. He had failed to control the Shennong Valley, he had failed to attack the Wudang Mountain, he had failed to save his nest, and this kid had even knocked himself out of the plane.

“Is this guy sent by God to play with me?”

Night Lou Luo’s eyes were wide with anger as he walked away and looked at Ye Luo viciously, as if he wanted to drink Ye Luo’s blood and eat his flesh.

“Boss, that old man seems to be playing with his life.”

“Big Wind” was also startled by Night Lou Luo’s stance.

Ye Luo, on the other hand, smiled and said.

“Good, I’m also ready to play with my life, so let’s play together.”

As he said that, Ye Luo parted his arms, the red “Red Lotus Karma Fire” on one arm surged, and the blue “Ghostly Flame of the Underworld” on the other arm was also raging, following which Ye Luo wrapped the “Heavenly Vine” around his body, holding the arrow of the “Sunset Arrow” and rushed towards Night Lou Luo.

“Meat fight? That’s good, I’m angry.”

When he saw that Ye Luo was actually going to fight with himself, Night Lou Luo clenched his fist, he felt that only this kind of fight could really make him feel relieved.

“Boom!”

The two men disliked each other with a straight punch.

Ye Luo flipped several times in the air before Kan stood firm, while on the contrary, Night Lou Luo actually only swayed slightly, not even backing up.

“A ‘Void Dan Realm’ powerhouse is really strong!”

Seeing this scene, Ye Luo also felt a little emotional.

“The first three revolutions were the “Pseudo-Dan Realm”, the middle three revolutions were the “Void Dan Realm”, and the last three revolutions were the “Real Dan Realm”, and each small realm was very difficult to surpass because it was not just a quantitative increase, but a qualitative breakthrough.

At the “Pseudo-Dan Realm”, Yuan Power was still in a “liquid” state, while at the “Void Dan Realm”, Yuan Power had changed from a “liquid” state to a “solid” state, but it had not solidified, but in terms of the power it could exert, it could not be compared to the “Pseudo-Dan Realm”.

“Come again!”

Ye Lu quickly swallowed three “Exploding Yuan Dan”, and then his eyes glowed as he charged forward again.

“Boom!”

“Boom!”

“Boom!”

.....

This time, the two of them exchanged several punches, and although Ye Lu was defeated and flying up and down, there was already a great improvement from just now.

“High on drugs? I’m telling you, it’s useless, today I’ll make life worse than death and make you understand what happens when you go against our ‘Black Witch Cult’.”

As Night Louro spoke, one of his arms suddenly became several times longer and thicker, and its entire body turned black, and it was covered in black mist.

“Boom!”

A fierce punch slammed Ye Luo into the ground underneath in one go, leaving a deep, human-shaped crater in the ground.

“Are you dead yet, if not get your ass out here!”

Night Louro shouted.

Ye Luo quickly burrowed out of the ground and said.

“Hey hey, it’s not that easy to die, come again!”

With those words, Ye Luo's hands fiercely closed and following that, the two flames began to fuse together and purple flames began to tumble up on his arms.

Seeing this purple fusion flame, Nightfall also frowned.

Because he could also feel that this thing seemed to be a bit unusual, following which, Ye Loulou separated his hands, and at this moment, both of his hands turned into purple flames churning.

"Come again!"

He shouted and charged fiercely towards Night Louro.

"Ridiculous!"

Night Louro disdainfully brushed aside his mouth, however, immediately afterwards a change occurred that took him by surprise as Ye Luo suddenly opened his mouth on his way over, and terrifying purple flames spewed out from his mouth just like a fire-breather, instantly enveloping the upper half of Night Louro's body and head.

"Holy sh*t!"

Night Lou Luo cursed in depression, followed by a swift swing of his palm, the huge black palm sent Ye Luo flying a long way before Kan Kan could stand still.

"Ow!"

Night Lou Luo let out a cry that did not sound like a human voice, and then began to extinguish the flames on his body.

The fused flames were so strong that it was definitely adding to his injuries.

"I will kill you!"

Night Lou Luo said fiercely towards Ye Luo.

Ye Luo, on the other hand, smiled and said.

"Oh, thanks to you, I have exactly the same intention."
