

Super Student 361

Chapter 361

When he heard Ye Luo's words, Night Lou Luo frowned, he admitted that Ye Luo was really unexpected, but he did not think that Ye Luo and that big wind could really kill himself, even though he was badly injured, but "a thin camel is bigger than a horse", the difference in cultivation level was there.

He felt that the real difference between himself and Ye Lu might not be as simple as one realm, although he did not know how Ye Lu managed to raise his combat power so much, but he could see very clearly that Ye Lu was unable to "let his astral energy out".

However, immediately afterwards, he felt that Ye Lu's aura had changed.

He found that Ye Lu's speed, strength and all aspects had suddenly increased by a large margin, and at the same time, Ye Lu quickly waved his hand and said.

"Sister Wind, let's go together."

"Big Wind" let out a wild roar and also rushed up.

At the same time, Ye Luo quickly took out something, a golden fruit, which emitted an incomparably holy glow after being taken out.

"Blossom!"

At the same time as he took it out, Ye Luo quickly inputted his spiritual energy into this flower, and the golden flower instantly blossomed, while countless golden lights were released in all directions, enveloping the entire area.

After being enveloped by the golden light, the black Qi on Nightfall's body was instantly blown away.

Ye Luo quickly swallowed the blood of Jin Kun's "Divine Beast White Tiger" and Ye Yan's "Divine Beast Vermilion Bird", then joined his hands together again, this time he was ready to use a "spell", and it was a "middle grade" spell called "Buddha's Angry Fire Lotus".

The lotus he had just released was one of the treasures of the Shen Nong Valley and was called the "Golden Lotus of Enlightenment". It was said that after the Buddha attained enlightenment, he began to get up and walk around the Brahma tree, and with every step he took, a lotus flower was born, and according to legend, that lotus flower was the "Golden Lotus of Enlightenment".

"The Golden Lotus of Enlightenment does not have much offensive power, but its main ability is to suppress evil spirits and purify the mind.

Following this, Ye Lu's hands parted.

The huge figures of the White Tiger and Vermilion Bird appeared behind Ye Luo, while seven purple lotus flowers flew towards Yelou Luo.

"The Vermilion Bird was a fire attribute that increased attack, while the White Tiger was a wind attribute that increased speed, so the speed of the seven lotus flowers was extremely fast.

Behind Yelou Luo, the “Great Wind”, entangled by the “Heavenly Vine”, was trying its best to control Yelou Luo’s retreat, denying him the chance to dodge.

“Boom!”

“Boom!”

“Boom!”

.....

The seven lotus flowers were all that Ye Luo had left from the flames he had accumulated over the past few days, and with the addition of the spell “Buddha’s Anger Fire Lotus”, the attack once again skyrocketed. If Night Lou Luo had not been injured, it might have been fine, but he had already been badly injured by the Shaolin monk, and had just been accidentally burned by Ye Luo, which made him a bit stretched.

However, he was after all a giant of a party, he bit through the tip of his tongue and used some kind of evil magic, his whole body turned into a colour as dark as ink, then he reached out to block the vital points, although his skin was split open, he actually did block the seven lotus flowers, however, just as he was about to breathe a sigh of relief, he saw Ye Luo’s smile.

Then, a sharp blade pierced through his “Heavenly Rank” defensive suit and poked through his proud “Underworld King’s Body” into his heart.

“What the hell was that?”

He asked as he was dying, still looking at his chest with some reluctance.

In fact, he didn’t know that after finding out that Yelou Luo had actually fought with him, Ye Luo’s killing move had long been locked on this dagger, only that he had never had the chance before, nor had he grasped it, but this time the opportunity had finally come.

Ye Luo had originally thought of using the “Summoning Technique”, but the speed of Night Lou Luo was so fast that even the “Great Wind” wearing the “Heavenly Vine” could not hold Night Lou Luo back for too long.

“Phew!”

Ye Luo let out a long breath.

“It’s really not easy!”

Ye Luo “flopped!” Although the weak period had not yet come, Ye Luo was already feeling very tired.

“The Void Dan realm this’s hard to get! But, finally broke through, hehehehehehe .....”

Ye Lu laughed somewhat fecklessly.

He had been stuck at the bottleneck, which made him very depressed, but just during the battle just now, he had finally made a huge breakthrough in his cultivation level.

The nine strands of spiritual energy had finally condensed together and formed a spiritual liquid that swam back and forth in his dantian, which was small but very lively as it swirled back and forth endlessly in his dantian.

According to the cultivation system of Earth cultivators, Ye Lu should be considered to have entered the “Patriarch” level and started to truly “build the foundation”.

“Qi, come out.”

According to the cultivation system on Earth, once he reached the “Foundation Establishment Stage”, he could release his true qi and attach it to his body, but previously, Ye Lu had never felt that he could release his spiritual qi, and with his successful “Foundation Establishment”, Ye Lu could finally release his “spiritual qi”.

Ye Lu found that his aura was actually black.

“Holy sh\*t, what is this, does it mean that my heart is dark?”

Seeing the black aura emanating from his hand, Ye Lu was really confused, according to his understanding, he should be a beautiful white and clean boy.

“Sh\*t! Well, having it is always better than not having it.”

Ye Lu did not dwell on this matter, as long as his aura could be released, then he could definitely use many “spells” related to aura. Previously, apart from bloodline spells like “summoning” and flame spells, all other spells that Ye Lu could use were spells that used aura to trigger the “power of laws”.

This time, he could also use spells that used a lot of aura from “magic weapons”.

After lying down for a while, the period of weakness began.

“Let’s go back to Shennong Valley and recover those guys in Shennong Valley first, and then get the ‘Ghost Bat’ and the ‘Wine Swallow Boy’ and raise them up.”

“There were countless treasures in the Shennong Valley, so Ye Lu wanted to spend some time studying them, and this time he had crossed a big realm, so he had to take the opportunity to get the most out of himself.

“Big Wind” nodded, and then led Ye Lu back to the “Divine Farmers’ Valley”.

Not long after Ye Lu and the others had left, a figure also standing on a flying demon beast, the Flying Dragon, appeared at the place where the battle had just taken place.

It was a handsome looking man, with a bright sword eyebrow and glowing eyes, who was none other than the legendary “Ling Hu Qian Silence”, an expert who had shocked the Southern Border.

“Someone actually made the first move!”

The man muttered in a low voice as he looked at the corpse of Night Louro.

“It looks like it’s time for the world to know a little bit more about me, Ling Hu Qian Silence!”

Following that, Ling Hu Qian Silence disappeared into the night with Fei Long.

Ye Luo first passed the weakness period, and then began to busy himself in the “Shen Nong Valley”, because the biggest thing he had not done this time in “Miaojiang” was to find out who was targeting Ye Yan, and he had to solve this matter.

While Ye Lu was in seclusion in the Shen Nong Valley, the outside world was buzzing.

“It was not easy to conceal such a big event as the destruction of the Black Witch Cult, so the news of the massacre of the Black Witch Cult and the death of Yelou Luo soon spread.

This was a big deal, as the four major powers had been ruling the Miao border for many years, and there had never been a case where any of them had been destroyed.

So, for the first time, many people did not believe it, but as various information and testimonies appeared, the people then accepted this fact.

Next, however, there were two accounts of the truth of the matter.

On the one hand, people thought that the person who did this was a mysterious person called “Mr. Luo”, and because the person Mr. Luo defeated was a top ten expert on the “God of War” list, people thought that “Mr. Luo” also had the strength of a top ten expert on the “God of War” list.

On the other hand, the other side felt that the incident was done by “Ling Hu Qian Silence”, an expert who had once been so powerful in the southern border, because apart from Ling Hu Qian Silence, no one could think of anyone else who could be so strong and at the same time so righteous.

However, it was pointed out that there was no sign of Ling Hu Qi Qi from the beginning to the end of the incident.

So, soon another discussion between the two sides developed into a scolding war.

Finally, after three days, Linghu Qianlv could not sit still any longer and he came out to publicly declare that the massacre of the Black Witch Cult had nothing to do with him, but he wanted to do something else, that is, he wanted to meet Yun Feiyang, the Miaojiang God of War, who is currently ranked seventh on the “God of War” list, to fight on the Er Sea.

## Chapter 362

The news of the battle with Yun Fei Yang soon spread to everyone, and the date of the battle was the next full moon night, a few days away from now.

In fact, there are many different opinions on who is stronger and who is weaker on the “God of War List”, and for so many years, apart from the number one spot, the others have been changing like a horse lamp.

For example, the tenth ranked person on the “God of War” list, Night Lou Luo, disappeared from the “God of War” list due to his death.

Of course, the reason why he entered the tenth place on the “God of War” list was due to a chance that the guy who was previously tenth on the “God of War” list went to challenge him and was killed in a single fight, making him the tenth.

Without a real battle, it is hard to say who is stronger and who is weaker on the War God list.

The chance of a real battle between experts of this level is rare, so the “Nanzhao Style Island”, where the duel took place in the Erhai Sea, was already full of people early on.

Many people had brought their tents and started camping.

In fact, many people had already warned people online to stay away from this island, after all, one of the two sides in this battle was an evil cultivator, but this did not stop people’s enthusiasm at all.

Ye Luo certainly did not want to miss this good show, because during this period, he had found out that this matter of Ye Yan was not only related to the “compulsion tribe”, but also to the mysterious “Evil God Cult”, and this Yun Fei Yang had a very important position in the “Evil God Cult”.

During this period of time, Ye Lu had helped the Shen Nong Valley repair a large part of their “Great Valley Protection Formation”, and then restored the cultivation of everyone in the valley.

In fact, at first, Ye Lu did not want to do this personally because it was too time consuming, but the valley master, Jiang Wu Ya, was embarrassed to find that the pills they made themselves could not achieve the effect of Ye Lu’s pills.

However, Ye Lu thought about it and did understand.

Although the pills he had made might not be “spirit pills” in the true sense of the word, they were made with “spirit energy” and therefore contained rich spiritual energy, so they were far more effective than ordinary pills.

Jiang Wuya was also very impressed by this point.

He and many other masters in the Shen Nong Valley possessed “beast fire”, and some of them had very powerful “beast fire”, so they had always thought very highly of themselves, but this time they finally understood what “there are people outside of people, and there is heaven outside of heaven”.

In addition, Ye Luo also investigated why the Black Witch Cult had attacked Wudang, and even used his identity as “Mr. Luo” to personally meet with Daoist Master Chong Xu.

However, the other party was very tight-lipped about it, as if he had some unspeakable difficulties.

“Master Luo, we and Shaolin are also at our wits’ end and are being played with. our next ‘Martial Arts Conference’.”

“This time, the rules of the ‘Martial Arts Conference’ have been changed so that it is no longer limited to all schools and sects in the martial arts world, everyone can participate, including the most treacherous and evil people. The answer you want will be revealed in the winning prize of the ‘Martial Competition’.”

“By the way, this time, the ‘Martial Assembly’ has been officially named the ‘World’s First Martial Meeting’.”

Upon hearing this name, Ye Lu skimmed his lips.

He felt that this name sounded like something a child had come up with, probably because he had read too many comics.

Seeing Ye Lu's expression, Daoist Master Chong Xu could only smile helplessly.

However, Ye Lu eventually agreed to participate in this martial arts meeting.

Of course, having felt the benefits of the "Bloodline Summoning", Ye Lu didn't forget to collect all kinds of beast blood.

Every day, there are a large number of people who want to apply for private transactions by private message.

After the last robbery of those "demons", Ye Lu found out that in the "Underworld App", "private trading" was not completely forbidden, but could be applied for, however, this kind of unconventional "dark points" transaction was subject to a huge tax deduction.

Anyway, the core idea is that as long as the "Underworld App" can reap benefits, all kinds of things are forbidden.

In this way, time flew by, and in a flash it was the night of the full moon.

He found that the island was actually very small, with the longest axis being less than a mile long, so the white main building on the island, the "Southern Imperial Palace", stood out.

At this moment, the island is full of people, people crowding each other, and Ye Lu has a deep understanding of the idioms "shoulder to shoulder", "bustling" and "a sea of people" .....

The actual fact is that there is no shortage of experts among these people, there are even "saint level" experts in the crowd, because of the geographical reason there are people wearing the unique costumes of Miaojiang everywhere, so Ye Lu also does not know which people are the "compulsion tribe" people.

At this moment, of course, Ye Luo did not dare to show himself as Mr. Luo, he sat on a big rock with a big straw hat on and a black cloth covering his face, watching all this.

He reckoned that most of the Miaojiang forces and the forces of Linghu Qianliang would send their experts to the island, or to the surrounding areas, as no one could guarantee that this time would be fair.

By wandering around the island, Ye Lu also learnt about the other side of the duel, Yun Fei Yang.

Yun Feiyang was originally very famous and was the proud son of a sect in the Central Plains, but he was expelled from the sect because he had inadvertently received an evil cultivation heritage.

As a result, he had a grudge against the sect and after three years, he had acquired a terrifying cultivation and had slaughtered thousands of people from all over the sect.

Due to the strong rise of the "Silk Stocking Masked Warrior", he had been pushed out of the top ten of the "Blood List" after a battle in Japan that killed so many people.

Three years ago, “Wei Changfeng”, the seventh ranked expert on the “God of War” list, came to Miaojiang to challenge the “Evil God Cult” master, but the “Evil God Cult” master did not answer the challenge and sent “Yun Feiyang” to fight “Wei Changfeng” at the Three Pagodas in Dali.

As a result, Wei Changfeng died at the hands of Yun Feiyang.

The reputation of the “Evil God Cult” and the Miaojiang Evil Cultivators also spread.

This time, the duel was held in Dali with the intention of avenging Wei Changfeng’s death.

“Ling Hu Qianyi is so handsome, I want to marry him!”

“Yes, but you’re definitely out of luck, you’re not even a practitioner, how could he like you.”

“That’s hard to say, maybe he doesn’t like people in the circle.”

.....

Many women were already flowery before the duel had even started.

The two ships arrived near the “Nanzhao Style Island” at almost the same time, and before the ships docked, a terrifyingly shaped “flying dragon” flew out from one of the ships.

This flying dragon was red in colour, its scales and armour glowing red, a typical fire-attributed demonic beast, and on top of this exaggeratedly shaped flying dragon stood a young man with distinguished looks, his sword eyebrows and bright eyes.

“Ling Hu Qian Silence, it’s Lord Ling Hu who’s here!”

“So handsome, so charming!”

“Ling Hu Gongzi, mua-da-da!”

.....

The women immediately went crazy.

And at the same time, from another ship a black demonic beast also appeared, this demonic beast is also able to fly, the whole form is very much like a giant dog, but with the same huge bone wings as bats, on top of this demonic beast is a young man with a cold face expressionless.

Chapter 363

Ye Lu found that the man called “Yun Fei Yang” was actually quite handsome, but he had a long scar on his face that ran from his forehead to his ear, which looked a bit shocking and made him look evil.

Ye Luo concentrated on observing the mounts of these two men.

As a result, Ye Lu found that Ling Hu Qian Sil’s “Flying Dragon” was indeed a fire-attribute demonic beast, but not a Chinese demonic beast, but a “Flying Dragon” from the Western world, which was why it only had two legs.

The bloodline was so high that it hadn’t transformed even after reaching the “fourth rank and third grade” level.

The demonic beast ridden by the one opposite, Yun Feiyang, was a true demonic beast belonging to the Miaojiang generation in the south of China.

However, it was not a pure-bred demonic beast, but a terrifying demonic beast made from a cross between the bloodlines of two “ancient ferocious beasts”, one of which was named “Bane Dou”, a terrifying beast with the form of a dog that could breathe fire, and the other was a bat-shaped ferocious beast called “ancient ferocious bat”.

This demonic beast, called the “Bat-winged Scourge”, was also a “fourth-order, third-grade” demonic beast, and the two people standing on it had the same cultivation level as the “Black Witch Sect” sect leader.

In fact, there is often a significant difference between practitioners of the same realm, because apart from their cultivation, there is a huge difference between them in terms of “spells”, “magic treasures”, “bloodline divine ability”, “native spirit beasts” and so on, and all kinds of factors are enough to make a huge difference in the combat power between them.

Seeing that the two protagonists of this duel were out, and that both of them were handsome and had very rakish looks, the audience started to get excited.

“Ling Hu Qian Silence!”

“Ling Hu Qian Silence!”

.....

Of course, since “Ling Hu Qian Silence” is often exposed in the media and is a representative of the decent school, the popularity of “Ling Hu Qian Silence” is obviously much higher.

Yun Fei Yang, on the other hand, is a bit lonely due to his indifferent personality and the fact that not many people know about him.

Ye Lu stood on the island’s “main square” and watched the scene in the sky. Since it was a full moon, the visibility was very high, plus Ye Lu’s eyes were much better than those of ordinary people, so he could see everything very clearly.

“Yun Fei Yang, you killed your master and forgot your roots, I didn’t think you would dare to come and answer the battle.”

Ling Hu Qian Silence looked at the opposite Yun Fei Yang and said in a loud voice.

His voice was unusually loud, and his words were clearly heard by everyone on the entire island, no matter where they were.

Yun Fei Yang then said indifferently.

“It’s because you people are nagging, that’s why I feel unhappy with you so-called ‘righteous people’. Besides, why do I need to explain to you, a weak person, who I want to kill.”

Indeed, according to the “God of War Ranking”, “Yun Feiyang” was ranked seventh, while “Ling Hu Qian Silence” was ranked eighth, so “Yun Feiyang” was ranked one level higher.

Of course, the two had never fought before, so it was unknown as to who was stronger and who was weaker.

Hearing Yun Feiyang's words, Linghu Qian silence once again said in a loud voice.

"Since ancient times, evil does not triumph over right, don't get carried away just because of a momentary victory, today I will judge you on behalf of the heavenly dao and justice ....."

As a result, just halfway through the words of Ling Hu Qian Silence, he was interrupted by Yun Fei Yang. He said indifferently.

"You can't represent the heavenly dao or justice, you are just a person who seeks fame, I will let you understand today that only blood can create strong people."

After saying that, he no longer gave time for Ling Hu Qian Silence's nonsense, and together with the "Bat-winged Scourge", he charged towards Ling Hu Qian Silence, while rushing forward, he drew out a weapon, a broken sword, and after drawing out the broken sword, Yun Fei Yang swung it violently, and the terrifying sword light went straight to Ling Hu Qian Silence.

"Good coming!"

The white light was like lightning as it met the sword light of his opponent.

"Boom!"

The two strands of sword light collided with each other, and as a result, the sword light of Ling Hu Qian Silence was directly smashed through, while the sword light of the other party had already slashed at Ling Hu Qian Silence with a beautiful arc.

"Hoo!"

The flying dragon beneath the feet of Ling Hu Qian Silence fiercely protruded a ball of flame to smash this sword light.

However, with just this one blow, the two men had already been judged, and it was obvious that Yun Feiyang, the one using the broken sword, was stronger.

This made the entire island's audience who wanted to see Linghu Qian silence defeat the evil cultivator feel a little disappointed.

Of course, no one applauded Yun Feiyang either, and after the blow, an awkward silence fell over the entire island.

"Humph!"

Ling Hu Qian Silence snorted coldly, then looked at Yun Fei Yang and said.

"It is rare to come across an opponent who is worthy of making me, Ling Hu Qian Silence, actually fight, I will show you my power today."

With those words, from the fiery red longsword in Ling Hu Qian Sil's hand then lit up with an equally red flame, which was very bright and looked very imposing.

“Good! Give him some colour.”

“Go Lord Thousand Silence!”

“We love you forever, Lord Thousand Silence!”

.....

Seeing this scene, the crowd on the island began to cheer once again.

It had to be said that Linghu Qian silence was really good at pretending, obviously he was behind, but after this pretending, it was as if he was giving way to his opponent.

Ye Luo couldn't help but jump up and give him a thumbs up for this pretence.

When he saw the red flames that lit up the sky, Yun Fei Yang smiled lightly and followed, his short sword also lit up with flames.

However, this flame was not red, but green, similar to Ye Lu's "Ghostly Inferno".

When he saw this flame, Ye Lu was also astonished, because he found that this flame also came from hell, and it was somehow related to his own "Red Lotus Karma Flame", this green flame was called "Green Lotus Karma Flame".

"The Red Lotus Karma Flame came from the Red Lotus Hell, while the Green Lotus Karma Flame came from the Green Lotus Hell. As for the flame of Ling Hu Qian Silence, it was a "Beast Flame", which came from the Bi Fang.

Therefore, when he saw the flame in his opponent's hand, Linghu Qianliang was a little scared.

Yun Fei Yang, on the other hand, smiled and said.

"Let me tell you clearly, your fire is no good, moreover, the 'Fire Dragon' is obviously not a match for my demonic beast, you are not worthy of being my opponent yet."

With those words, Yun Feiyang would move the broken sword in his hand.

Numerous green lotus flowers appeared in the air, each of which was made up of green "Green Lotus Flame" and looked demonic.

Then, these flames rushed towards Linghu Qian silence.

At the same time, the "Bat-winged Scourge" under Yun Fei Yang's feet also let out a terrifying beastly roar, and then, its body suddenly became incomparably huge and rushed towards the fire dragon of Ling Hu Qianyi.

The Fire Dragon was also a temperamental demonic beast, and it did not show any weakness either.

"Hoo!"

"Hoo!"

The two demonic beasts opened their mouths and spewed out flames almost simultaneously.

However, the battle started quickly and ended quickly as well. Linghu Qianlin was unable to block the blue lotus flowers flying in the sky, as each of them exploded like a firework.

His “Fire Dragon” was even worse, as it was torn into pieces and burnt to ashes by the “Bat-winged Scourge” in a flash.

“I am not interested in killing dogs like you, so I will give you a chance to kneel down and beg for mercy, and I will spare your life.”

Yun Feiyang did not kill Ling Hu Qian silence, but looked at Ling Hu Qian silence who was lying on the roof of Nanzhao Palace, covered in wounds, and said indifferently.

Everyone in the audience was silent, not knowing what kind of choice Linghu Qianliang would make, and after a few moments, everyone began to whisper.

“Lord Linghu will definitely not beg for mercy.”

“That’s right, it’s better to kill than to humiliate.”

“Yes, heads can be cut off and blood can be shed, is Lord Linghu a person who is greedy for life and death.”

.....

However, just as everyone was discussing, Ling Hu Qian Silence actually slowly climbed up and knelt down.

“I beg the warrior to spare my life .....”

However, before he could finish his words, a blue flame light blade cut off his neck.

Yun Feiyang said coldly.

“The trash has no value in living.”

Then, he turned his head to look down at the “Southern Imperial Palace” and said in a loud voice.

“Mr. Luo, come out, I know you are in the crowd, I am also here for you, show yourself, tonight, let’s have a good fight!”

## Chapter 364

When they heard Yun Feiyang’s voice, everyone on the entire island began to talk, as no one expected things to unfold like this.

“Who is Mr. Luo?”

“You don’t even know about Mr. Luo, it’s the one who fought the great battle against the Golden Dome of Wudang!”

“Oh yes, I remember, and with a handsome white bird, right?”

“Yes, that’s him, I think he was the one who wiped out the ‘Black Witch Cult’ as well.”

“Is he really here?”

“I don’t know!”

.....

Just as everyone was talking, Ye Lu stood up and said in a loud voice.

“Okay, I’m here!”

As Ye Luo spoke, he also used a spell, so everyone heard his voice, and everyone’s eyes “brushed!” The eyes of the crowd were focused on Ye Lu’s body.

The crowd felt themselves being pushed away by an invisible force, and a clear space was created around him.

Those responsible for the lighting then turned their lights onto Ye Luo’s body.

Seeing that Ye Luo had really appeared, Yun Fei Yang then stood in the air and looked at Ye Luo and said.

“Where is that big bird of yours? Why don’t you let it out and see which one of us has the bigger bird?”

Ye Luo then looked at Yun Fei Yang and said indifferently.

“I advise you better not to compare the size of your bird with me, I have never lost in the aspect of comparing birds, I am going to show you what a big bird is.”

With those words, Ye Luo then reached out and slammed his hand towards the ground.

Blood gushed into the ground from Ye Lu’s hand, and he had already drawn a “Blood Formation”, and instantly, a terrifying red glow lit up.

“Ow!”

A terrifying beast roar rang out, followed by another, and another .....

“How many demonic beasts has this summoned!”

“I don’t know! It feels so terrifying.”

“Out ..... out ..... came .....”

.....

After that, a terrifying demonic beast with nine heads appeared, because of the nine heads, the shape of this demonic beast was really too big, moreover, each head was exceptionally hideous.

It was the terrifying demonic beast “Nine Infants”.

When he saw the nine-headed demonic beast “Nine Infants” appear, Yun Feiyang was also taken aback.

However, Ye Lu did not dare to stand on the head of the “Nine Infants”, this thing was not Ye Lu’s contracted demon beast, if he pissed it off, he would probably lose his life.

After this “Nine Infants” appeared, just like the last one, it also took a look at the “Sunset Arrow” in Ye Lu’s hand and obediently put away its sharp teeth and fierce look.

Ye Luo slowly flew up and pointed at Yun Fei Yang, saying.

“Nine Infants, the man is mine, the dog is yours, go!”

After saying that, Ye Luo then flew towards Yun Fei Yang.

Yun Fei Yang was even more surprised that Ye Lu could fly, because even a “Saint” stronger than him could not fly in the air like Ye Lu.

Hearing Ye Lu’s words, the Nine Infants did not hesitate and rushed towards the “Bat-winged Scourge”.

The entire vicinity of the “Southern Imperial Palace”, including the entire island, was illuminated by this terrifying flame.

Seeing this scene, Yun Feiyang jumped down from the “Bat-winged Scourge”.

Seeing that Yun Fei Yang had jumped onto the roof of the Southern Imperial Palace, Ye Lu looked at him and asked.

“Yun Fei Yang, I have one thing to ask you, why are you targeting that woman named Ye Yan?”

Hearing Ye Luo’s words, Yun Fei Yang looked at Ye Luo and smiled.

“Oh, so you are here for her, what a surprise, but that woman and what she has on her, we want it all, as usual, why do we need to explain to you for what we do in the ‘Evil God Sect’.”

Hearing Yun Feiyang’s reply, Ye Luo then nodded and said.

“Good, I understand, it looks like there is no choice but to uproot your ‘Evil God Sect’.”

With those words, Ye Luo stretched out his arms.

“Red Lotus Karmic Flame” and “Underworld Ghost Flame” appeared in Ye Luo’s hands at the same time.

The moment he saw the “Red Lotus Karma Flame”, Yun Feiyang was once again astonished, as he found that this little bearded man opposite him had brought him waves of surprise after waves.

He had the “Green Lotus Karma Flame” in his hand, so of course he knew that the level of the “Red Lotus Karma Flame” in Ye Lu’s hand was definitely not lower than his own, but more importantly, in Ye Lu’s other hand was a strange blue flame that was no worse than the “Red Lotus Karma Flame”, emitting a cold, bone-chilling aura.

Seeing Ye Luo unleash both flames at the same time, the audience began to shout wildly.

“Come on Mr. Luo, finish him off!”

“Kill, kill that evil cultivator!”

“Justice will prevail!”

.....

Hearing, these guys' shouts, Ye Luo then turned his head and said coldly.

"Everyone, get your asses to the edge of the ship and the island, or else you will suffer the consequences, go!"

With those words, his hands waved, and two fire dragons circled around the heads of the crowd and returned to Ye Lu's fists once again.

"Oh, I didn't expect you to be quite kind, in fact, those people are just some ants, there's no need to feel sorry for their deaths."

Seeing that Ye Lu actually spoke out to remind these spectators, Yun Fei Yang then looked at Ye Lu and said with a smile.

Ye Lu did not say anything, but looked at Yun Fei Yang and said.

"You guys want to become immortals?"

Yun Feiyang did not feel surprised as he looked at Ye Lu and said.

"From what I heard from the 'Divine Farmers' Valley', right, the answer is, yes, in front of eternal life, everything is just passing through and ants."

With those words, Yun Feiyang then raised his hand again.

This time it was no longer a lotus flower, but flying lotus petals that soared towards Ye Luo like countless bullets.

Ye Luo didn't dodge either, because once he dodged, these flames were bound to burn those behind him who hadn't completely evacuated the eating crowd into flying ashes.

Three vines appeared quickly and wrapped around Ye Luo's body.

What surprised Yun Feiyang was that his "Green Lotus Flame" could not completely burn off the vines, but only made some wounds, but those wounds quickly healed again.

Seeing this scene, Ye Lu also felt very satisfied.

During this period of time, the "Heavenly Vine" had been eating and drinking at the "Divine Farming Valley", causing the valley master, Jiang Wu Ya, to cry because he was too distressed. If it wasn't for the fact that Ye Lu had saved the lives of all of them, and that Ye Lu had promised to cultivate various medicinal herbs that were already extinct in their valley, he really couldn't let the "Heavenly Vine" eat anymore.

It was thanks to this kind of frenzied eating that the "Tongtian Vine" grew wildly in a short period of time. Ye Lu had tested it, and even Jiang Wu Ya could not hurt the "Tongtian Vine" even if he slashed it with all his might, and his own "Red Lotus Karma Flame" and "Underworld Ghost Inferno" were not very effective against it.

The strength and resilience of this thing is top-notch, and of course, its recovery ability is also excellent.

After blocking the "Green Lotus Flame", Ye Lu looked at Yun Fei Yang and said.

“I don’t care if you are a positive cultivator or an evil cultivator or a decorator, I just want to ask you one thing, can you stop pestering Ye Yan, I am not interested in whether you become immortals or ghosts.”

As a result, Yun Feiyang shook his head once again and said.

“Daydreaming!”

After saying that, he quickly raised his hand and a green lotus flower flew towards Ye Yan, this lotus flower was bigger than all the lotus flowers he had released before, it was those flying lotus flowers that just blew up “Ling Hu Qian Silence” and seriously injured him, so Yun Fei Yang was still very confident in his lotus flower attack.

However, Ye Luo still did not dodge, he fiercely folded his hands together and a purple round shield appeared in front of him.

“Boom!”

The green lotus flower and the purple shield collided with an earth-shattering explosion, and the building of the “Southern Zhao Palace” was immediately blown halfway up, and the houses collapsed, sending sand and rocks flying .....

When they saw this scene, those people who were evacuating began to run wildly towards the island, because if they didn’t run, they would really have to play for their lives.

“Huh!”

Seeing that the purple flame shield that Ye Lu had made could actually block his own flame attack, Yun Fei Yang was also taken aback, he was very clear about the power of the “Green Lotus Karmic Flame”, he looked at the slowly disappearing flame shield in a daze and forgot to attack for a moment.

However, what he didn’t know was that the only reason why Ye Lu could block his attack was because he was using flames, if it was an attack of “innate astral energy”, Ye Lu wouldn’t be able to block it so easily.

“Alright, everyone’s gone, we can have a good fight now.”

Seeing that everyone had withdrawn, Ye Lu looked at Yun Fei Yang and said with a smile.

Chapter 365

Yun Feiyang then took a deep breath and looked towards Ye Lu and said.

“Sorry, I have to take back what I said to you before, I shouldn’t have taken you lightly, you really are a very special guy, looks like it’s worth my full effort.”

Ye Luo then looked at Yun Fei Yang and said with a smile.

“That line seems familiar oh! However, the guy who just said that line is already dead.”

As he said that, Ye Luo quickly rushed towards Yun Fei Yang, and he cast a body technique called “Shifting Shadows Step”.

This was a “middle grade” spell, and it was also the strongest spell Ye Lu could cultivate at the moment, because although he had a very high grade of aura, his cultivation level was still too low, so he could not cultivate high grade spells at the moment, but fortunately, it was also difficult for people at the “Golden Dan Nine Revolutions” realm to cultivate particularly high grade spells because they were not on the “Golden Dan Path”.

Seeing that Ye Lu wanted to fight in close quarters, Yun Fei Yang thought for a moment before he cautiously waved the broken sword in his hand.

Following that, he saw two blades of light fly out from Ye Lu’s hand.

However, what made him feel strange was that they were not white “innate astral energy”, but two blades of light as black as ink, which looked strange and unusual.

“Shit! What the hell is this again?”

Yun Feiyang muttered secretly, he found that Ye Lu had really brought him too many surprises.

Almost everyone, even the cultivators who had truly embarked on the “Golden Dan Avenue” were still using the Yuan Power and Law Power of Heaven and Earth, although they were getting purer and purer, their essence had not changed, so they were still white.

However, its essence was still the Yuan Power of Heaven and Earth.

However, Yun Feiyang sensed a completely unfamiliar power from Ye Feiyang’s black light blade, which was of an extremely high grade and carried an aura that made one’s heart palpitate.

“Go!”

After seeing this scene, Yun Fei Yang dismissed the idea of fighting Ye Lu in close quarters, and instead of using flames this time, he used his external “innate astral energy”, which formed a shiny qi sword, and the flying sword quickly blasted against the black light blade.

However, to Yun Fei Yang’s surprise, the black light blade was fine, but the sword was smashed into pieces, but the second sword followed suit.

After smashing through the three Qi swords, the black light blade also disappeared.

“It’s a pity, the difference in quantity is a bit big.”

The “aura” Ye Lu used was indeed powerful, but it was because his cultivation level was too low, so the aura attack he sent out was rather limited, which also caused his attack to look a bit weak.

“It looks like the strongest attack at the moment is still flame.”

Seeing this scene Ye Luo was a little saddened, however, this was related to the fact that he could just use the outgoing spiritual energy, with time he could definitely find a powerful spell that suited his play, knowing that there were simply as many spells as there were stars in the glasses, it was almost too impossible for Ye Luo to try to look at them one by one.

However, Ye Lu also saw a problem, that is, he found that Yun Fei Yang's use of "qi sword" was not high, at least not at all the style of a "virtual dan" realm expert, but of course, despite this, just by competing with the outgoing qi and qi sword, Ye Lu understood that he was definitely not a match at the moment.

So, Ye Lu looked at Yun Fei Yang and said.

"I just saw that you like lotus flowers, so why don't we compete in a lotus flower competition?"

With those words, Ye Lu stretched out his right hand, and a purple lotus appeared in Ye Lu's hand.

Seeing Ye Luo's lotus flower, Yun Fei Yang also raised his hand and an equally green lotus flower appeared in front of him.

"Go!"

The two men struck almost simultaneously.

Ye Luo's hands waved rapidly, and seven purple lotus flowers soared towards Yun Fei Yang, while Yun Fei Yang's hands kept flying, and a cyan lotus flower several times more than Ye Luo's appeared.

"Boom!"

"Boom!"

"Boom!"

The purple and blue fire lotuses met in the air and exploded like fireworks, turning the vicinity of the "Southern Imperial Palace" into a sea of fire.

Taking advantage of this opportunity, Ye Lu wrapped his hands around the "Heavenly Vine" and rushed forward.

With the protection of the "Heavenly Vine", Ye Lu was still confident in his defence, but of course, it was mainly because he found out that his opponent's strength was flames, and it was flames that he was most unafraid of.

"Come again!"

After rushing closer, Ye Lu pushed his palms together and a huge lotus appeared and blasted towards Yun Fei Yang, who did not show any weakness and met him with the same green lotus.

"Boom!"

A huge explosion sounded, but at that moment, Ye Lu made his move.

The "Heavenly Vine" suddenly stretched out and circled like a flying sword towards Yun Feiyang.

"A trivial skill!"

When he saw Ye Feiyang's sneak attack, Yun Feiyang sneered, but immediately afterwards, nine terrifying heads came tearing towards him, and at the same time, these heads spewed out poisonous water and flames.

Just now, the Nine Infants had already finished off the Bat-Winged Scourge, and it was only when Ye Lu saw this that he seized the opportunity to attack.

“Shit!”

Although the Nine Infants were a level below him, the demonic beast’s attacks were quite terrifying in some aspects, so he did not dare to take it lightly.

“Rise!”

He had no choice but to quickly raise his hand, and an egg-shaped green barrier appeared around his body, as if he was encased in an egg shell.

This all-encompassing defence was extremely exhausting, but, the advantage was that it was unbreakable.

“Whew!”

“Boom boom!”

.....

“The water, fire and bite of the Nine Infants all attacked the blue flame-emitting defense shield, and the heads of the Nine Infants that came into contact with the defense shield immediately let out a “hiss!” It was obvious that the flames from hell could hurt the Nine Infants.

However, while the Nine Infants’ attack was blocked, he could not block the attack of the “Heavenly Vine” because the tip of the “Heavenly Vine” was the arrow of the “Sunset Arrow”.

“Snort!”

The arrow of the “Sunset Arrow” pierced through the defensive flames without any pressure and then stabbed at Yun Feiyang’s heart.

However, Yun Feiyang was a battle-hardened expert, and although he was frightened, he was not confused. He quickly turned sideways and dodged the vital point, while grabbing the “Heavenly Vine” after his body was pierced, he tried to snatch the arrow of the “Sunset Arrow”.

However, it backfired as the “Heavenly Vine” left Ye’s body and quickly wrapped around Yun Feiyang.

“Rub!”

After being entangled by the “Tongtian Vine”, Yun Feiyang felt the toughness of the vine, which could actually stretch at will but clung to his body like dog skin plaster.

However, just at this time, Yun Feiyang said helplessly.

“It’s time to strike!”

With Yun Feiyang’s words, on the side of the island, a person wrapped in black quickly bit through his middle finger and began to summon.

At the same time, Ye Lu saw a huge figure appear from the bushes on one side.

It was an extremely ugly and malevolent ghost.

“Name: Rakshasa Ghost, Rank: Fourth Order, Fourth Grade, Source: Abyssal Secret Realm, Description: a malevolent ghost that specializes in eating and harming people, extremely ugly for males and extremely beautiful for females, with a ferocious nature and violent temperament .....”

This Rakshasa had a black body, red hair and green eyes, was more than ten feet tall and carried a bizarrely shaped scimitar in his hand.

However, it didn't end there.

On the other side of the island, another equally tall stern ghost appeared, this one also extremely ugly and hideous looking, carrying a steel fork in his hand, with blue hair like flames, nostrils pointing skyward, and huge horns on his head.

Ye Lu looked at it and saw that it was a “fourth-ranked, fourth-grade” evil ghost, the “Night Fork”.

“It looks like someone from the ‘Ghost Gate’ has come to help.”

Among the four major forces in Miaojiang, the Ghost Sect was known for its ability to drive ghosts, summoning and using all kinds of ghosts was their best attack method.

At the same time, the figure of a woman slowly rose up.

This woman was dressed in the unique costume of Miaojiang and looked extremely charming. After she flew up she looked at Yun Feiyang who was bound and said with a smile.

“Yun Feiyang, haven't you always been arrogant, I didn't expect you to be in such a mess today.”

Yun Feiyang did not say anything as his face turned blue.

On the other side, another one beast appeared, the human wearing the clothes of Miaojiang was nothing special, but the beast was extremely bizarre, this demonic beast had a tiger like body, but had the head of nine people, it looked bizarre beyond compare.

“Now ‘Mr. Luo’ is completely finished!”

A guy who was watching the battle from the edge of the island muttered darkly.

## Chapter 366

Ye Lu frowned and looked at the demonic beast with nine heads like the Nine Infants.

“Name: Enlightened Beast, Rank: Fourth Order, Fourth Grade, Source: Hatching from the eggs of beasts in the Secret Realm of Ten Thousand Beasts, Description: Originally a guardian beast of the ‘Void of Kunlun’, entered the ‘Secret Realm of Ten Thousand Beasts’ after the ‘Battle of Extinction’, brave and fierce in character, serious expression .....”

Ye Luo looked at it, the nine long faces of the “Enlightened Beast” indeed all had serious expressions, just like someone owed it money.

Moreover, through this introduction, Ye Lu can be sure of one thing, that is, the “Battle of Extinction” is indeed real, and the legendary “Kunlun” should also exist.

By reading this introduction, Ye Luo felt that this Kai Ming beast was very difficult to deal with.

However, the cultivation level of the Miao frontier man standing on the head of the “Enlightened Beast” was not very high, only at the “Third Turn Golden Dan” realm, so this was his “original spirit beast”.

“That person is the ‘Heavenly Compulsion Lady’, one of the three holy maidens of the ‘Compulsion Clan’, and is said to have a ‘Heavenly Compulsion Body’.”

“Yes, I had the privilege of meeting her once, what an extraordinary natural talent!”

“The genius sorcerer who harnessed the ‘Enlightened Beast’, ‘Master Yatsumi’, I think.”

“Yes, and the ‘Blood Rakshasa’ and ‘Black Nightshade’ of the ‘Ghost Sect’ are also here, it looks like everyone really values this Mr. Luo.”

“That’s for sure, this guy destroyed the ‘Black Witch Cult’ with his own power!”

.....

“Dali” is located in the land of Miaojiang, so people here still have some understanding of the power of Miaojiang, especially since most of those who came to see the fun were cultivators.

In fact, there was a misunderstanding about the destruction of the Black Witch Cult.

After all, the Wudang was a titan of the martial arts world, and the Black Witch Cult was spread all over Miaojiang, so the headquarters was empty, giving Ye Luo an opportunity to take advantage of it.

As for the Night House Luo, he was almost killed by two masters, so Ye Luo took advantage of the situation and entered.

However, no matter what the truth is, the uninformed masses prefer the legend that “Mr. Luo” alone destroyed the “Black Witch Cult”.

And all over the island, people were broadcasting the situation live.

“See, that big guy is the legendary ‘Enlightened Beast’, isn’t it cool, give it a double click and follow if you like it.”

“Guys, I could be risking my life anchoring, gift swipe up.”

“Old iron guys, one more wave of gifts and I’ll go closer for you all to see more clearly, you want to see the big white legs of that compulsive saint girl too.”

.....

In an instant, this “Nanzhao Style Island” had become the focus.

Seeing these four people appear, Ye Lu’s brows also furrowed.

Although these four guys might not be as powerful as “Yun Fei Yang”, they were of the same level, but they were four “Void Dan Realm”.

I don't know why the sect leader didn't come, Ye Luo guessed it was because he thought Night Lou Luo had died, which made them worry about themselves.

After all, this operation was for the sake of "becoming immortal", not for playing with their lives.

"Mr. Luo, now you understand, you are just an ant in front of us, put down your weapon, you are still of great use to us, we will not kill you easily."

Seeing the four people appear, Yun Feiyang then looked at Ye Luo and said.

In fact, the purpose of Yun Fei Yang's visit was to capture Ye Luo back alive, after all, all of Ye Luo's perversities were well worth studying for a while.

In Yun Fei Yang's opinion, Ye Luo was already in a desperate situation and had no way to fight back.

For his part, Ye Luo looked at Yun Feiyang and said with a smile.

"I am a person who always has a beginning and an end to things, moreover, I hate it when people act like a pussy in front of me, those who used to act like a pussy in front of me before are basically dead, and so are you."

As he said that, Ye Lu let the "Heavenly Vine" attack.

"Snort!"

The arrow of the "Sunset Arrow" quickly pierced his head.

This scene was completely unexpected by Yun Feiyang and the other four men, these four guys did not expect Ye Lu to strike so hard and cleanly without any delay.

"Does he not want to live anymore?"

He was blocked on all sides by the four great experts, so perhaps these powers had other back-ups, but this "Mr. Luo" had simply killed him.

"That's so cool!"

"Yeah, it's cool to play it cool with your life!"

"Full marks for this pussy!"

.....

Just as everyone was talking, Ye Luo noticed something else, after Yun Fei Yang died, a green flame detached from his body and hung in the air like a ghost flame.

"Spirit!"

Seeing this scene, Ye Lu was taken aback.

Originally, he had wondered why this Yun Feiyang was not very strong in using "innate astral energy", but he was unusually terrifying in using flames.

The “spirit” is a non-living thing that is bred in the heaven and earth. The “ghostly flame” that Ye Lu planted in his body before he planted it in his body was also a “spirit”, but it was a “spirit” that had not yet developed “spiritual awareness”, so it was a “seed” state.

The “spirit” of this “Green Lotus Flame” is not like this, it is a complete “spirit body” with its own consciousness.

As for “taking over the body”, it is a Taoist theory, which simply means “returning the body to the soul”, by taking possession of someone else’s body to complete the process of reincarnation.

Of course, for a “spirit”, it is not “returning a body to a soul”, but “taking over a magpie’s nest”.

I am afraid that Yun Feiyang’s combat power and cultivation had also increased dramatically because he had been taken over by this “spirit”, which was born with a “spirit body” and was therefore much more powerful than an innate body like a “ghost”, not to mention that this “spirit” was also the “spirit” of the “Green Lotus Flame”.

However, there is a big problem with these spirits, which is that they are difficult to grow up on their own, and it is also difficult for them to exert their power in their “spirit” state, so they must find a suitable body, otherwise they will turn from strength to weakness over time.

Of course, if they find a body with a good fit, they can take on a new form of life after they have fused completely over time.

After seeing the “spirit” of the “Green Lotus Flame”, Ye Lu swallowed three “Explosive Elemental Pills” as quickly as he could, because a once-in-a-lifetime opportunity had finally arrived.

He wanted to seize this “spirit”.

Moreover, of all the people present, he was the only one capable of capturing this “spirit”, thinking that only the fused flame could restrain the “Green Lotus Karma Flame”.

“What is this thing?”

The four guys surrounding Ye Lu did not know the “spirit”, as it was too rare.

However, the fact that Ye Lu had killed Yun Fei Yang was something they had all seen.

“Go on, kill him!”

The “Heavenly Compulsion Saint Maiden” of the Compulsion Clan raised her hand and an incomparably huge “Golden Silkworm” appeared from beneath her feet, followed by the “Night Fork”, “Rakshasa”, “Enlightened Beast” and “Golden Silkworm”, the four terrifying creatures rushed towards Ye Lu, and everything was razed to the ground wherever they passed.

Ye Luo ignored these guys and concentrated on dealing with the “Green Lotus Fire Spirit”.

“Flame Prison!”

When the “Green Lotus Fire Spirit” was about to escape, Ye Lu launched his “spell” quickly.

A cage of flame immediately enveloped the “Green Lotus Fire Spirit”, a separate “spirit” is like the fragile soul of a human being, which is actually a very weak thing.

At the same time, Ye Lu also rushed into the “Flame Prison”.

The two “evil spirits” and the two demonic beasts were both quite strong, and in an instant they reached Ye Lu’s immediate vicinity, followed by a terrifying attack that instantly reduced the “Flame Prison” to nothingness.

But after the purple “Flame Prison” shattered, the crowd saw a terrifying scene, a green-coloured flame giant several feet tall suddenly appeared on Ye Lu’s body.

After this terrifying “Flame Giant” appeared, it reached out and grabbed the “Night Fork”, which let out a terrifying scream and was then torn into pieces by the “Flame Giant”.

Seeing a “fourth-ranked, fourth-grade” evil spirit being torn to pieces so easily, everyone present was astonished and their mouths were wide open.

#### Chapter 367

Ye Lu sat on the ground and watched all this with no expression.

It wasn’t that he was pretending, it was because he was currently concentrating on using a “spell”, a one-time “spell” that only Ye Lu could use.

This spell was called “Vicious Spirit Possession”, which was actually a life-threatening spell, and a spell that targeted “spirits”.

Previously, Ye Lu had fused the “spirit” of the “Ghostly Inferno”, or rather the seed of the “Ghostly Inferno”, and at that time, the commotion caused by the “Ghostly Inferno” during its transformation was still fresh in Ye Lu’s mind.

The entire cave was frozen, and even the woods and grass outside the thick mountain wall were thick with frost, and it was because of this that the “old woman of compulsion” and Granny Yun were alerted.

At that time, the “Ghostly Inferno” had just taken shape and did not even have a “spiritual sense”, while the current “Green Lotus Fire Spirit” could take over other people’s existence.

Therefore, it was extremely dangerous for Ye Lu to borrow the power of the “Green Lotus Fire Spirit” and forcibly strip the “Green Lotus Fire Spirit” to form a shadow to attack.

If Ye Lu hadn’t been transformed by the glasses, if he hadn’t had the seeds of “Ghostly Inferno” and “Red Lotus Flame” planted in his body, using such a powerful force with his current cultivation would undoubtedly be self-destructive, and he would have to be burned into nothingness by the “Green Lotus Flame”.

Even so, Ye Lv could not make the slightest mistake, otherwise he would really be ruined if the “Green Lotus Flame Spirit” took over his body.

After shredding the “Night Fork”, Ye Lu quickly launched another attack, this time targeting the “Enlightened Beast” with only nine heads.

“Hoo!”

The huge flaming giant opened its mouth, and the terrifying flames instantly enveloped the Kai Ming Beast.

By this time, both the Golden Silkworm Companion and the Rakshasa were already scared and turned to run under the control of their master, but it was too late to run now.

A huge green flame spear appeared in the flame giant’s hand and was thrown at the Golden Silkworm Compulsion.

“Snort!”

The spear pierced through the body of the “Golden Silkworm Compulsion” and flew far away before it landed in the Er Sea.

At the same time, the huge flaming fist also struck the body of the “Rakshasa”.

Seeing that the four terrifying guys had been killed in three strikes, everyone looked at Ye Lu sitting in the ruins of the Nanzhao Palace with his mouth wide open.

At that moment, everyone felt that Ye Lu had transformed into a supreme god of war, so powerful that he was unbelievable.

At this moment, the fire spirit figure, which was based on Ye Lu’s image, was still standing above Ye Lu’s body, a huge figure more than ten meters tall, looking like a god of flame.

“Go!”

The “Heavenly Compulsion Saint Maiden” was the first to realise that she should hurry to escape, but Ye Luo had already said indifferently.

“It’s too late! Explode!”

With Ye Luo’s words, the huge flame giant exploded, and terrifying green flames surged out, centering on Ye Luo and impacting in all directions, as fast as lightning.

“Old iron guys, ‘Heavenly Compulsion Saint Girl’'s big white legs you all saw it, remember to double click comment 666, I’ll come closer, ah .....

Those anchors who didn’t leave the island despite their lives were instantly engulfed by the flaming giant wave.

The “Heavenly Compulsion Saintess”, the four of them and the other backers left behind were no exception, all of them were burned into nothingness by the terrifying wave of flames.

The huge shockwave blew all the people on the edge of the island into the sea, and all the boats on the beach were blown far away.

The sea was blown up in countless ripples, with the Nanzhao Style Island as the centre.

The flaming waves surged into the sky, lighting up the entire Erhai Sea in a dazzling manner.

It was not that he didn't want to move, but he couldn't move, and probably wouldn't be able to do so for some time.

"Great Wind!"

Ye Luo unleashed the "Great Wind".

The "Nine Infants" in the air had been shocked by Ye Lu's aura and terrifying attack just now, and when it saw the "Great Wind" appear, it also obediently flew down from the air and landed beside Ye Lu.

This was a bit of a surprise to Ye Lu.

"'Nine Infants', what will this monster become if it transforms?"

Looking at the hideous "Nine Infants", a question suddenly popped up in Ye Luo's head, wondering if the "Nine Infants" would turn into a monster with nine heads, or a psychopath with nine minds, or nine people?

However, he quickly shook off these confusing thoughts, because it was time to leave, and if he didn't, he wouldn't be able to leave.

"Gale, carry me on your back and go!"

As Ye Luo finished speaking, a gust of wind swept Ye Luo up and let him float down to the back of "Big Wind", which then vibrated its wings and carried Ye Luo up into the sky, while "Nine Infants" followed closely behind.

"Is this the way to go?"

"You're dead, Yun Feiyang is dead, all those experts are dead, I'm afraid this 'Mr. Luo' has the number one ranking on the 'God of War' list."

"It was an enjoyable battle to watch, why not fight a little longer."

"But the island was f\*cked out of existence!"

.....

The spectators who were soaking in the water and those lying in the boats all looked at the "Nanzhao Style Island" which had been razed to the ground and talked about it with emotion.

The whole island was now only bare.

"Amitabha Buddha, it seems that this trip has been in vain! Goodness! Goodness!"

On one of the boats, a tall monk with his hands folded looked at the "Nanzhao Style Island" with white water mist rising up and said with some emotion.

In fact, Ye Lu had already guessed that, given the style of the Wudang Sect, they would definitely send someone to protect him secretly, but he did not expect that the Shaolin monk would come personally.

Of course, what he didn't know was that the "Evil God Cult" also had back-ups around, but when they saw the great monk, they didn't make a move.

At the same time, the “God of War” list had been updated for the first time.

“Mr. Luo had killed Yun Feiyang and had become the seventh place on the “God of War Ranking”.

In fact, some people had suggested that “Mr. Luo” should be ranked tenth because many people thought that “Mr. Luo” had killed Yelou Luo.

However, as there was no evidence, the ranking went from eleventh to tenth on the “God of War List”, and this time “Mr Luo” finally became the “New God of War”, which was expected to be in the top ten.

This battle took everyone who was paying attention here by surprise.

The War God, who had been a great figure in the Southern Border for many years, was defeated and kneeled down, then Yun Fei Yang was beheaded in public, after which Yun Fei Yang was killed, and at the same time, the super elites of the Compulsion Clan and the Ghost Sect, including the “Heavenly Compulsion Saintess”, were slaughtered, destroying an island in one blow.

All of these events were very unexpected.

In particular, the performance of Linghu Qian silence had left everyone in a state of shock, and all those who had previously worshipped Linghu Qian silence had fallen over to “Mr. Luo”.

The “Companions” also immediately learned of the news from the “Erhai” side.

“What? The Golden Silkworm and Sakura are both dead!”

“The patriarch of the Companions stood up in surprise.

“Yes, not only Sakura, but also the two super disciples of the Ghost Sect are dead, as well as Yun Fei Yang, that ‘Mr. Luo’ is much stronger than we expected.”

The battle was really too dangerous and difficult for Ye Lu, and he hadn’t really planned to get involved in this duel, but he didn’t want to sit idly by as it concerned his sister Ye Yan.

At this moment, “Big Wind” suddenly said.

“There’s a flying demon beast coming towards us, a species I’ve never seen before, and there’s a, a, yes, foreigner on it.”

“A foreigner?”

Hearing “Big Wind’s” words, Ye Lu really felt a little hairy inside.

“Where is it?”

Ye Luo quickly asked.

“Ten o’clock, don’t worry.”

With “Big Wind’s” reply, Ye Luo saw the man flying over at ten o’clock, a blond white man standing on a demonic beast with an eagle’s head, eagle’s wings and eagle’s claws, but with a lion-like body.

“Greece, Griffin! This is in big trouble!”

Seeing this scene, Ye Lu muttered darkly.

## Chapter 368

Griffin is a demonic beast from Greek legend, and this time it appeared here, so it was obvious that the cultivators on Mount Olympus were on the move.

"I guess it was the 'gale' and the flames that made them recognise my identity."

Ye Lu muttered secretly.

He had used the identity of "Blood Shadow" in Italy, but he had used purple flames at that time, and it was "Gale" who had saved him in the "Ancient Roman Colosseum", although there was no proof, these two points were enough for the people of "Mount Olympus" to link "Mr. Luo" and "Blood Shadow" together.

And even if they were wrong, they probably wouldn't feel any psychological pressure to kill just one more person anyway.

"But, they really think highly of me, sending a cultivator with the 'War God' bloodline to finish me off."

Ye Lu found out that this guy standing on top of Griffin, whose name was Karaxis, actually possessed the bloodline of the Twelve Gods, and was holding the Spear of Ares, which looked really handsome.

Moreover, this guy and the demonic beast Griffin under his feet were both at the level of "Fifth Turn of Golden Dan", which was the highest cultivation level Ye Lu had seen so far, definitely not something that "Nine Infants" and "Big Wind" could deal with.

It was probably because of the appearance of Cain's shadow last time that Mount Olympus had taken Ye Lu extremely seriously.

"Let's escape! Nine Infants, let's split up and run, don't die."

Ye Luo said somewhat helplessly.

Following that, he and "Big Wind" flew towards the ground and fled.

The Griffin was also a bird-shaped demonic beast, and according to Ye Lu's judgment, although perhaps this fellow was not wind-attributed, he was a small rank higher than the Great Wind, so his speed should not be slower than the Great Wind.

As for the Nine Infants, it was really good at fighting, but it was a little less good at flying.

"If we enter the jungle, we may still have a chance, but if the situation is bad, you should run for your life and leave me alone, understand? Big Wind."

Ye Lu didn't want Gale to get involved and die.

After all, Big Wind was not his contracted demon beast, and there was no need for him to die for himself.

“The first time I saw you, I was able to get the benefits I was promised, so don’t die.”

With those words “Big Wind” dashed towards the ground.

“The two of them were aiming at the same place, that is “Xishuangbanna”.

In Xishuangbanna, there was a tropical rainforest in China, where the jungle was thick, a good place to hide people, and it was night time, a good time to hide.

“That bugger ‘Nine Infants’ has gone to help.”

“Gale said as she flew wildly.

Her eyes were better than eagle eyes or something like that, so she could already see the Nine Infants reaching the white man, Carassis, and Griffin.

“Brush!”

With an expressionless wave of his hand, Carassis sent a long chop from the Spear of Ares, and the two heads of the Nine Infants fell off.

However, the Nine Infants were not afraid at all and continued to charge forward, but Karassis swung his spear quickly.

Numerous nets of light appeared, and the water and fire spewed out by the Nine Infants were all blocked by the spear’s aura, followed by three more heads being chopped off.

Obviously, the difference between the Nine Infants and their opponents was still huge.

“The Nine Infants had nine heads, and it was no fool. It knew very well the difference between itself and its opponent, so it had already fled beforehand when Caraxis had launched its ultimate move.

Its aim was to buy a little time for Ye Lu and the others, but it didn’t expect to buy only two more breaths of time.

While the Nine Infants were tangling with Karaxis, Ye Lu and Gale were already rushing towards the tropical rainforest of Xishuangbanna.

“Not much farther, it looks like we’re going to win.”

Ye Lu said with a sigh of relief as he saw the rainforest getting closer and closer.

However, at this moment, “Big Wind” made a sharp turn and then fell down with a lurch.

At the same time, Ye Luo also saw that the Spear of Ares had already penetrated the body of Gale, and then the Spear of Ares fell far into the rainforest.

Gale was badly injured and fell down with Leaffall.

“Collect!”

Ye Luo quickly put “Big Wind” into the “Spirit Beast Ring”, and then accelerated towards the rainforest below.

“Sister Wind, I hope you won’t die this time, I will find a way to save you.”

Ye Luo muttered secretly as he once again accelerated his descent.

At the same time, he also paid attention to the distant “Carassis” riding on the “Griffin”, it seemed that these two guys were still a bit far away from him.

However, immediately afterwards, he saw that Karassis suddenly had a large, exaggeratedly shaped bow in his hand, and then he opened his bow and shot an arrow towards Ye Lu.

“As expected of a war god, he actually has all kinds of weapons.”

Ye Luo saw the fast approaching long arrows and accelerated his speed again, he felt that at such a distance, that “War God” could not control these long arrows remotely, he should be able to dodge such an attack easily.

Sure enough, as the long arrows approached him, he saw that they had deflected a great distance.

After all, he could control the speed of his movement, and it was very difficult for his opponent to hit him ahead of the brightening.

However, just as Ye Luo was breathing a sigh of relief again, a strange situation occurred, the long arrow suddenly turned into a small flying dragon with a mouth full of sharp teeth and wings.

After transforming, the little flying dragon grew bigger and charged towards Ye Lu.

At this moment, Ye Lu was in a weakened state, so he could not fight back at all, so he quickly put back the speed-controlling “Ghost Bats” he had released.

At the same time, the three “Heavenly Vines” wrapped around his body.

“Phew!”

The dragon that had grown bigger spurted out a mouthful of dragon flame, and the flame instantly enveloped Ye Lu.

This time, another arrow came from Karaxis, this time a bird with a long, spiky beak, and pecked at Ye Lu.

“Sh\*t! If I didn’t have the ‘Tongtian Vine’ I would have been dead this time.”

Ye Lu secretly sighed, these weird “arrows” were actually of “Saint” level, if he didn’t have protection, he would have died long ago.

“Boom!”

Following this, Ye Li finally fell into the rainforest.

“Woori, ‘ghost bats’, kill it for me.”

If these two “arrows” kept following him, he would definitely not be able to escape the pursuit of the “War God” behind him.

“Although the Ghost Bats had become much stronger after being cultivated with the Yin Yuan Pill over the past few days, and some of them had already reached the level of “Sovereign 9”, the gap between them and the two demonic beasts was still very large.

There were tens of thousands of them, and if Ye Lu gave up, I was afraid that even the Griffin would not be able to win.

“Wine swallow, carry me and run, do not care about the direction, quickly .....”

When he reached the ground, Ye Lu gave the order quickly.

The “Sake Swallow Boy” did not delay, he carried Ye Lu towards the jungle and ran wildly.

“It’s really difficult!”

When he saw Ye Fei fall into the jungle of Xishuangbanna, Caraxis’ brow furrowed.

He went into the rainforest first and collected the “Ares Spear”, which was an “upper grade” “magic treasure”, although he couldn’t bring out the power of the “magic treasure”, he couldn’t afford to lose such a thing.

“Here we are, it looks a bit difficult.”

Caraxis looked at the dense jungle, but, of course, they had a lot of preparations to deal with Ye Lu, so he once again released a large group of demonic beasts.

These demonic beasts were small, shaped like ants, but much bigger than ants, about the size of a mouse, and were the “Chimera Ants”, the demonic beasts that had been specially prepared to track them this time.

Most of these ants had wings, so when they appeared, they spread out like bees deep into the rainforest. At the same time, Caraxis once again released several huge flying demon beasts to watch back and forth in the air to prevent Ye Lu from escaping from the rainforest.

“Despite their small size, the Chimera Ants were incredibly fast and soon tracked down Ye Lu.

## Chapter 369

However, with the help of a large number of “ghost bats”, Ye Lu knew the movement of the “Chimera ants” long beforehand, and with the aid of his glasses, he had already found a place to hide, so he went into a cave before the “Chimera ants” found out.

Xishuangbanna is a hilly landscape and due to geological reasons, there are many caves here, the most famous being the “Meng Yuan Wonderland”, but the cave Ye Lu entered did not look that big.

Once inside, Ye Lu found that although the entrance was not large, the inside was very open, with stalactites and stalagmites everywhere, and an underground river.

“Ghost Bat, guard the entrance, let’s go inside.”

Ye Lu asked Ghost Bat to guard the entrance, while he was carried on the back of Wine Swallow Boy towards the depths of the cave, and after walking for a while, he finally arrived at a relatively open place like the underground palace.

Ye Lu let Ghost Bat put himself down and then lay down on the ground to rest.

Of course, he did not lie on the ground idly, the glasses were operated by his mind, he quickly began to operate in the glasses, firstly, he reported to everyone who would be worried, and then contacted the people of the "Shadow of Death".

"If a 'Saint' level expert from another country sneaks into our country, how would they normally be handled?"

Ye Lu asked the other party.

This time, it was Tu Chen who helped Ye Lu explain.

"Generally if there is only one person, or a handful of people, it will be dealt with according to smuggling, of course, it is to be killed, however, it depends on where the other party comes from, and the identity, etc., if necessary it can also be possible for the other party to carry out acts of revenge, of course, it only depends on the specific situation, if the 'clan community' is involved it has to be The clan community will have to deal with it."

"Of course, if it is a lower realm individual, as long as it is not carrying out large-scale terrorist activities, basically it is not heaven to control."

After asking, Ye Lu thought about it again and asked.

"What do you guys know about that 'Mount Olympus', can you tell me about it?"

Of course, Tu Chen knew that the battle at the Vampire Castle was Ye Lu's doing, so he was not surprised that Ye Lu would ask about it.

So, after thinking about it, Tu Chen said.

"'Mount Olympus' is called the mountain of the gods, you can interpret it as a clan, it should be considered a relatively powerful kind, so you can't afford to mess with it now."

"Is there someone from their side coming after you, tell us, we 'Death Shadow' will take care of it for you."

Ye Lu then smiled and said.

"No, I'll take care of it myself, I'm asking you just to inquire how I should get this back."

Hearing Ye Luo's words, Tu Chen laughed and said.

"This is not difficult, first, you can first eradicate all their forces in China, this you have a lower cultivation level, high profile, skill is not as good as others, they can't say shit."

“The second is, find one or a few ‘clans’ to back you up, then kill them in Europe, slaughter all the forces except for ‘Mount Olympus’, don’t worry, with your cultivation and strength, he can only admit his own bad luck. Unless they want to start a big war, but I don’t think they would dare.”

“Our ‘clan realm’ in China is incredibly powerful, unless all the other forces in the world unite, such as the ‘Norse gods’, India, Egypt and also Persia, the Maya, the Free State, etc. unite, there might be a slight chance that Dandan alone ‘Mount Olympus’ does not yet have that power.”

“What, you are ready to retaliate against them, we ‘Shadow of Death’ fully support it.”

Leaffall then smiled and said.

“Of course I’m going to cripple them, it was clearly their people who wanted to kill me first, but now they want to settle the score with me instead, I’ll make them regret it.”

After saying that, Ye Lu hung up the phone.

The after-effects of using the “Green Lotus Fire Spirit” this time were too serious, and he estimated that he would not be able to use the flame and aura normally for a few days, but, after breaking, Ye Lu felt that when he recovered again, the second spirit liquid would definitely be able to be condensed, but, for now, he could only hibernate for the time being.

Of course, Ye Lu didn’t stay idle either, he released all the “ghost bats” and let them explore the various parts of the caves, which were so well connected that they were like an underground transportation network.

Moreover, there was another reason why Ye Lu chose to come to Xishuangbanna, which was the only tropical rainforest in China, and not only was it a good rainforest, but it also bred many rare species.

As for the God of War “Carassis” outside, let that silly bird wait outside, even now, Ye Luo has many ways to escape this guy, but, this bastard seriously injured “Big Wind”, Ye Luo can not ignore, so he is ready to take revenge for this.

As a result, a few hours later, when Ye Lu was free to move around, these “ghost bats” really found something good.

They had found a flame in the centre of the underground in Xishuangbanna, a green flame, but it was so big that it formed a lake of flame like the Erhai Sea underground.

Moreover, this flame was full of exuberant life force, causing people’s spirits to shake at the sight of it from afar.

Ye Lu felt that his body’s recovery speed was in the midst of a rapid increase.

“What a fire! Good fire!”

Ye Luo’s eyes began to glow as he looked at the flame.

“Name: Nine Heavenly Mystic Flame, Origin: Haotian Continent, Profile: Fire of Vitality, one of the Ten Great Origin Flames, represents the meaning of all living things, possesses the power of nature, when

matured, it can live the dead, improve the quality of a creature's bloodline, physical strength, and mental power .....

The more Ye Lu read this introduction, the more itchy he became, this flame was completely opposite to his previous two flames, whether it was the "Red Lotus Karma Flame" or the "Ghostly Flame of the Underworld", they were both hellish flames, representing the power of death, so they were extremely strong in attacking and killing, but this "Nine Heavenly Mystic Flame" was different, representing a completely different power.

"It's a pity that this lake of fire is neither a 'spirit' nor a 'seed', it's a finished fire."

Ye Lu muttered as he looked at the huge lake of fire.

However, he also knew one thing from the introduction of the glasses before, that was, "spirits" and "seeds" were often bred in flames, and since this flame was so huge, there was a high chance that there were "spirits" and "seeds" in it.

Thinking of this, Ye Lu quickly began to retreat.

He had basically lost all his power now, so if a "spirit" happened to "take over" him, it would really be more than worth the loss.

So, Ye Lu chose to rest near the Nine Heavenly Mystic Flame to restore his strength first, as the Nine Heavenly Mystic Flame was too helpful in restoring his cultivation.

However, although the Nine Heavenly Mystic Flame was a fire of vitality, Ye Lu did not dare to walk into it, because no matter what power the Nine Heavenly Mystic Flame contained, its origin was still fire, and with such a terrifying flame, Ye Lu would be burned to death even if he went in.

Next, Ye Lu began to think about it.

"Even if there is a 'fire spirit' next to the flames, it must be something incredibly strong, so it is probably not that easy for him to subdue it."

When the Fire Spirit is consumed to its weakness, I guess I will have consumed almost all of it. At that time, the Fire Spirit will come back to life again as soon as it returns to the flame, and I guess I will have already entered a period of weakness.

"Looks like I can only use that stupid bird outside."

Ye Luo muttered, and then began to post a message in the Underworld App of his glasses, buying the blood of "Karassis" at a high price, or if not, buying blood containing the bloodline of "God of War" Ares.

At the same time, the giants of the three major powers in Miaojiang were gathering for the second time.

"I didn't expect us to be together again so soon, so let's talk about how we should deal with that 'Mr. Luo' who has suddenly appeared."

The leader of the "Compulsion Clan", the "Ten Thousand Poison Compulsion Lady", looked at the other two forces and said.

After she finished, a tall man with a strange pattern of a bull's head on his forehead said.

“There’s nothing to say, kill him without discussion!”

## Chapter 370

The one who spoke was Ji Yunpeng, the leader of the Evil God Sect, and after he finished speaking, he looked at the “Ten Thousand Poisonous Companions” and said.

“We all belonged to the same clan in the ancient times, and we are all working for the same goal and the same master this time, so I hope we can all unite as one.”

“As for the ‘Black Witch Cult’, they were originally one of the weaker forces, and they have a different heart, so being wiped out this time will save us from having to do anything.”

At this time, the Ghost Sect’s Sect Master said grimly.

“The question now is, where is that ‘Mr. Luo’? It seems that he has disappeared since the ‘Battle of the Er Sea’.”

When he finished speaking, the “Ten Thousand Poisons Compulsion Girl” said with a dimpled smile.

“The white bird seems to have been killed, but... That foreigner has not left, which means he should not have gotten it yet.”

“I have sent people to cordon off the entire Xishuangbanna area, so we will definitely be able to know if there is any movement.”

Hearing the words of the “Ten Thousand Poisonous Companions Lady”, that “Ghost Sect” master nodded his head.

Ji Yunpeng, on the other hand, said.

“That ‘Mr. Luo’ has too many cards, and he is also cunning, so we can’t just bet on finding his whereabouts this time, we have to prepare for the worst, so we have to pay a high price to find out about this person, and then capture everyone related to him.”

“In this matter, ‘Poison Sister’, you arrange for someone to do it, those bugs of yours are the best at tracking, and, didn’t you say before that this matter might be linked to the ‘Holy Maiden’ from a long time ago as well.”

When Ji Yunpeng finished speaking, the “Ten Thousand Poisonous Companions Lady” nodded and said.

“Because the other clue was discovered by that wasteful disciple of the ‘Old Lady of Compulsion’, that’s why I feel that this matter might be related to the previous ‘Holy Maiden’, after all The ‘Old Lady of Compulsion’ is too deeply entangled with her.”

After the “Ten Thousand Poisonous Companions Lady” finished speaking, Ji Yunpeng said in conclusion.

“If he can finish off ‘Mr. Luo’, we can save ourselves the trouble of doing it.”

However, he did not know at the moment what kind of bitter fruit he would taste with this decision.

During the time that Ye Luo was resting and adjusting, the whole southern border was buzzing with excitement, as the death of “Ling Hu Qian Silence” had pushed “Mr. Luo” to the forefront.

Most people are not cultivators, so they don’t know anything about the “God of War” list, but they know about “Ling Hu Qian Silence” because he was an extremely high-profile person, and the most sensational thing he did was to kill a big demon who had infiltrated human society and had gone berserk over his feelings.

The “great demon” was angry with human beings after being dumped by his scum boyfriend, and not only did he kill his boyfriend’s family, but he also went on a killing spree, preparing to exterminate tens of thousands of students and teachers at his boyfriend’s university.

At that time, many cultivators went to avoid this matter, however, none of them succeeded, but in the end, it was Ling Hu Qian Silence who saved the day and killed that terrible female demon beast.

After that, he also killed a “Great Compulsion Master” of the “Compulsion Clan” and his “Original Spirit Beast” in a high-profile manner.

In short, by virtue of his high profile and face value, Linghu Qian silence already had a huge fan base, but this time he lost so ignominiously, and then “Mr. Luo” not only rose up to avenge him, but also, later on, he even defeated four people with one blow and leveled the island.

Soon, there was gossip about how Mr. Luo had once fought against the martial arts world in the north and south, and that he came from a legendary martial arts school called the “World’s No. 1 Martial Arts School”.

However, these crazy fans did not know that what they did was a big help to the “Ten Thousand Poisonous Companions” henchmen.

They found out about Mr. Luo’s movements and connections online without having to do any research themselves.

One by one, characters and clues began to appear in front of the “Ten Thousand Poisonous Companions”, and more and more people were involved.

In this way, three days later, Ye Lu was almost recovered, and also had gotten what he had purchased for a large sum of money, the blood of “Carassis”.

This was provided by one of the Gothic Bloods.

Although the name “Gothic Blood” was no longer there, and the top management had also changed, the members of the “Wrath of the Gods” had not changed much, especially those who had been in China for many years.

So, in China, the Bloods are still the largest group in the Wrath of the Gods in terms of numbers.

These Bloods were the most sensitive to blood, and Ye Lu felt that apart from them, it would be really difficult for anyone else to get the blood of Karassis.

With the blood of Karassis, the rest would be easier.

Ye Lu took out the “magic puppet”, and then let the “magic puppet” turn into the breath and appearance of “Karassis” by drinking the blood, then Ye Lu condensed the “ghostly flame” into a “fire weapon” that he made.

Sure enough, before the “magic puppet” that had turned into “Karassis” could release many fire bombs at the edge of the fire lake, a “fire spirit” appeared out of the flames.

This guy was different from the “Green Lotus Fire Spirit” that Ye Lu had seen before, as this guy’s body was covered with “Nine Heavenly Mystic Flames”, so the original appearance of the “Fire Spirit” could not be seen, only a flying human-shaped flame with wings.

“As soon as the “Fire Spirit” appeared, it sprayed a blazing flame at the “Magic Puppet”. Ye Lu had already wrapped the “Heavenly Vine” around the “Magic Puppet” in advance, so when he saw that the “Fire Spirit” had just appeared, he hurriedly pulled the “Magic Puppet” back, which was almost burned by the terrifying flame.

After that, Ye Lu began the second round of teasing.

At the same time, he asked the Ghost Bat to let the Chimera Ants in, exposing his position to the Karassis.

Caraxis was so cocky that he rushed into the cave as soon as he knew Ye Lu’s location.

Ye Lu continued to use his “magic puppet” to anger the “fire spirit” from afar, and so it was not long before Caraxis and the demonic beast Griffin arrived near the fire lake.

The two of them did not know that Ye Lu had already pissed off the Fire Spirit, and Caraxis led Griffin towards the Fire Lake.

“This fire is so strange!”

The rich life aura of the “Nine Heavenly Mystic Fire” was certainly felt by Caraxis, and he led Griffin to the edge of the fire lake with a curious face.

The “fire spirit” hiding in the fire lake was a bit strange this time, as this strange man never came this close before, but usually fled from afar.

“Good, a little closer, a little closer, brothers, let’s go.”

Then, three Fire Spirits rushed out at the same time, blocking Karaxis’ retreat completely.

“What’s going on here?”

Caraxis was confused by the situation, he didn’t know what was going on, but the Fire Spirits’ attack was a real one.

Griffin’s fur was immediately on fire.

“Break!”

He quickly swung the Spear of Ares in his hand and charged outside. However, he was a bit frustrated that the Fire Spirit was not in a physical state and was basically immune to physical attacks from the spear.

Therefore, he had no choice but to use the “Heavenly Dipper” to fight the “Fire Spirit”, while Griffin could only rely on the “Heavenly Dipper” and the other side to consume each other.

“The Fire Spirits had no chance to hit Karassis, so they attacked like crazy, and the terrain of the cave made it even more difficult for Karassis to escape.

In the end, Karassis used a terrifying bloodline divine ability, which only Kan escaped the encirclement.

However, before he could breathe a sigh of relief, Ye Lu had already knocked him to the ground with a single blow.

“You .....

Karaxis looked at Ye Lu in surprise and wanted to say something.

Ye Luo, on the other hand, smiled and said.

“You what you, you’re about to become my strongest puppet!”
