

Super Student 371

Chapter 371

After that, Ye Lu knocked him out with a quick blow, then released the purple “Flame Prison” he had prepared to trap the weakest of the three “Fire Spirits”.

And the Vine of Heaven wrapped itself around the weakened Griffin.

“Let’s go, my little one.”

Ye Luo controlled the Flame Prison and quickly left the range of the Nine Heavenly Mystic Fire’s fire lake, then went to a location he had prepared beforehand.

He first contracted the Flame Prison and put the Fire Spirit into the Burning Heaven Furnace, then began to study the demonic beast Griffin. “Then he began to study the demonic beast Griffin.

However, after studying it, he found that a master-servant contract had already been established between this “Griffin” and Karaxis.

“It looks like all we need to do is control Karaxis.”

Seeing this, Ye Lu also breathed a sigh of relief, and then turned his attention to Karaxis’ body.

When he had seen the “Blood Golem” outside the Shen Nong Valley, Ye Lu had started to research about making golems, and as a result, Ye Lu found out that there were two systems for making golems, one system belonged to the “Weaponry One system belongs to the category of “refinement”, which can make robot-like “puppet robots”.

The other was to make “humanoid puppets” through people.

In addition, there are two modes of operation for the puppets, one is “remote control”, similar to a puppet on a string, and the other is “master control”.

“For example, in the case of the current Carassis, according to the normal process, even if Ye Lu could make him into a puppet, he would not be able to claim ownership.

However, since Ye Lu had decided to turn him into a puppet, he naturally had his own plan.

If the bloodline was purer and higher, he could make them submit to him, and Ye Lu had the means to purify and fuse the bloodline.

Therefore, Ye Lu’s plan was to first eliminate the bloodline of Eve from his body, then start to purify the bloodline of Ares, the Greek “God of War”, and then follow the method of making a “Blood Golem” to make Carassis was made into a “blood puppet” in the same way as the “blood puppets”.

Of course, there was still one more thing to do, and that was to fuse the “fire spirit” of the “Nine Heavenly Mystic Flame” into his body, which was the ultimate goal of Ye Lu’s action this time.

However, both of these things would take a lot of time.

Especially the fusion of the “fire spirit”, although the “fire spirit” was already very weak at the moment and was isolated in the “Burning Heaven Furnace”, it still needed to continue to fuse with it like a boiling eagle. He slowly consumed its spirit and then began to slowly fuse it.

So, Ye Luo began to concentrate on these two things underground.

While Ye Luo was hibernating underground, the people of the “compulsion tribe” had already used various methods to find out the details of “Mr. Luo”, and at the same time, they had locked up all those who could be caught in connection with “Mr. Luo”. All of them were locked up.

“I never thought that this Mr. Luo would be a student from a small city.”

The “Ten Thousand Poisons Compulsion Girl” looked at the information collected by her men with some emotion.

The information showed that this “Mr. Luo”, whose real name was Ye Luo, was currently a student at the Yanjing University of Traditional Chinese Medicine, and as for his age, he was shockingly young, only 18 years old, and without any background.

“How did he manage to be so young and so strong?”

The “Ten Thousand Poisons Compulsion Girl” started pacing back and forth while thinking, but then, he remembered a rumor, a rumor about the cause of this matter.

The rumour was that a person called “Zhang Tian” had inadvertently obtained the “Immortal Pill”, which then started the butterfly effect.

The rumour was that the person called “Zhang Tian” was from “Liao City”, the same city as the one called Ye Lu.

Thinking of this, he called the man in charge of the operation over to him.

“How many people are involved in this operation? Give me the list. Also, don’t say a word about this discovery, and don’t say a word about this information.

The person in charge nodded quickly, and the “Ten Thousand Poisonous Companions Lady” gave a few more instructions before waving her hand and sending this guy away.

After that, she began to make her own calculations.

“This Ye Lu must have eaten the ‘Immortal Pill’ and that’s why he’s changed like this.”

“This guy is really a big treasure, I have to find a way to get him alone before I can do so, so let’s hide this news first and then find the whereabouts of that ‘Mr. Luo’.”

“No poison, no one in this operation should be left behind.”

The “Ten Thousand Poisonous Companions Lady” was originally a ruthless and murderous person, so she secretly executed everyone involved in this operation after she got the list of names.

However, she also understood that even so, this matter could not be concealed for long, after all, the plan was made by all of us, and soon, the Evil God Cult and the Ghost Sect would come to ask about their progress.

“It seems that I have to act as soon as possible.”

Having made up her mind, the “Ten Thousand Poisonous Maid of Compulsion” quickly and secretly gathered her inner circle of the “Compulsion Clan”.

“All the elites of our ‘Compulsion Clan’ are here, next, we have to carry out a secret operation.

The “Ten Thousand Compulsions Poisoness” knew very well that whether this operation succeeded or failed, the “Evil God Sect” and the “Ghost Sect” would probably find out about it, so she had to catch Ye Luo in this strike. So they had to catch Ye Luo in one blow.

Although these elites of the “Compulsion Clan” did not know what the clan leader was going to do, they all nodded in unity.

Next, under the arrangement of the “Ten Thousand Compulsions Poisoness”, all the elites of the “Compulsion Race” began to drive their men and various “compulsions” in the The “Xishuangbanna” rainforest was searched.

Because of the huge number of “parasites”, the search was fast.

He was scrambling for time, so he didn’t have time to chat with everyone, and as a result, he didn’t notice it at all.

“Well, the strongest puppet has finally succeeded.”

The first thing Ye Lv had done was to take control of Karassis, because he was worried that if he didn’t take control of this guy sooner, something might change.

Karassis had the bloodline of the Greek Twelve Gods, and was holding a high-level “magic weapon” of the “Earth Grade”, plus the “Griffin “He was trained as an elite.

“Alright, keep a good watch for me, I’m going to fuse the third flame.”

Ye Luo found that that fire spirit was also boiled almost to death, it was also time to fuse, there were two flames in his own body, compared to not too much danger.

However, as it turned out, he was wrong. When the Fire Spirit fused with him, the surrounding temperature suddenly rose by an unknown amount, and even the stalactites made a “pop!” sound. Even the stalactites made a bursting sound.

Fortunately, with the cold flame of the “Ghostly Inferno” suppressing it, otherwise Ye Lu would have been killed.

“Sh*t! This thing is too dangerous!”

Only then did Ye Lu really realize the danger of fusing the “Spiritual Flame”, but of course, this was also related to his low cultivation level and the fact that he did not have the right bloodline for the flame,

such as the Fire Pepper of the Fire Family, their family could breed “Spiritual Flame”. If they had this bloodline, the fusion would not be a problem at all.

Then, the “Nine Heavenly Mystic Flames”, “Ghostly Inferno” and “Red Lotus Flame” began to toss and turn inside his body, while he was cold for a while and hot for a while, glowing red, blue and green. This made Ye Lu feel like he had turned into a neon light

At this time, the people of the “compulsion tribe” had already found this underground labyrinth through the information obtained from the “chimera ants” and discovered Ye Luo’s trail.

“Everyone in position, we will strike with a thunderbolt, but we must leave them alive, do you understand?”

This time, the clan leader, the “Ten Thousand Poisonous Companions”, personally led the team, and she looked at her beloved belly and said seriously.

Chapter 372

When they heard the words of the “Ten Thousand Poisonous Companions”, they all nodded and prepared themselves.

Although the “compulsion tribe” was a very frightening and harmful tribe in the eyes of the public, in fact, there were many ways to cure people in the “compulsion tribe”, so everyone was not too worried about killing Ye Luo by accident.

After that, everyone split up and poured through the many entrances and exits towards the place where Ye Luo was.

It didn’t take long for everyone to gather to a place not far from where Ye Luo was.

“Why is there still a light that keeps changing colour, is it because they are bored and are setting off fireworks?”

Seeing the constantly changing light from Ye Luo’s place, everyone was a bit puzzled, but the “Ten Thousand Poisonous Companions” didn’t care about that, she quickly gave the order to attack.

Of course, they did not know that the reason why Ye Lu had chosen such a place was to allow the terrifying “Carassis” to have room to play, otherwise the place was too small and the “Ares Spear” would collapse around it with two swings, then there would be no point.

“Go!”

The first ones to go as “companions” were definitely the “companions”.

These “parasites” can also be used to test the other side’s defense and attack, anyway, Ye Lu seems to be a turtle in a jar.

Seeing the countless “parasites” coming from all directions, including the roof of the underground palace, Karaxis attacked with the spear in his hand.

There was nothing fancy about it.

The “Spear of Ares” simply drew a circle in the air, and the terrifying white light arced in all directions like a train.

Everything in its path was sliced in half, and the huge shockwave sent all the insects flying back.

“That’s the alien!”

Seeing this scene, the “Ten Thousand Poisonous Companions Lady” was also taken aback, after all, this strike was really too strong and clean, it was obvious that at least the other party’s cultivation level was not worse than her own.

“Didn’t that foreigner come to kill ‘Mr. Luo’?”

“What the hell is going on here?”

“There seems to be something wrong!”

.....

The crowd was stunned by the blow they had just received, and then, the “Ten Thousand Poisonous Companions Lady” waved her hand.

This is a blood-red snake that looks like an earthworm, and just after it appeared, it opened its mouth and spat out a red venom.

Seeing this strange snake appear, Caraxis did not make a move, but the “Griffin” standing beside him did. This creature was also a “fourth rank and fifth grade” strong demonic beast, so its momentum was quite terrifying.

With a seemingly casual wave of its wings, two huge blades of light quickly sliced the snake in two, while the venom spewed out by the snake was also blown away by the wind pressure.

The venom fell onto the limestone cave floor with a “hiss! A thick white smoke was emitted, and it was clear that the toxin was quite frightening.

“How can a demonic beast be so strong, killing the ‘earthworm snake’ with such an easy blow?”

The crowd looked at “Griffin” with some surprise.

Both Carassis and Griffin had displayed extremely terrifying strength.

“But, if they are so powerful, why did they turn into puppets?”

The “Ten Thousand Poison Compulsion Girl” could also see that this Karaxis had now turned into a “Blood Puppet”, and its master was Ye Lu, who was sitting on his knees with various flames emanating from his body alternately.

However, just as she was muttering in confusion, all the flames on Ye Lu’s body suddenly disappeared, and Ye Lu, who was sitting there, opened his eyes and said with a smile.

“Why would you become my puppet, of course it’s because I’m stronger!”

After saying that, Ye Luo then turned around to look at the crowd and continued.

“It looks like all of you ‘Compulsion Clan’ elites are here, so it saves me from having to go looking for you again, goodbye.”

After saying that, Ye Lu suddenly rushed towards the side wildly.

At the same time, the “Ares Spear” in Karaxis’ hand swung violently in the same direction, and the terrifying light blades shot towards the entrance and exit.

“Use poison!”

The “Ten Thousand Poisonous Maiden” shouted and rushed towards Ye Lu, while at the same time, a golden toad appeared at the same time.

“Hold them back.”

At the same time, the golden toad also appeared at the same time. “Hold them back.” Ye Luo also shouted, followed by the cover of Karaxis, and rushed into the cave.

At this time, poisonous fogs of various colours rose up. Terrifying venom was spat out at Ye Lu, and at the same time, external “innate astral energy”, flames, compulsions, all kinds of attacks were directed at Ye Lu.

The people of the “compulsion tribe” were not stupid, they certainly understood that it did not matter whether the foreigner with the gun was killed or not, the trouble was Ye Lu, as long as Ye Lu was dead, the one who played with the gun could be ignored.

So, when Karaxis launched his attack, everyone chose to avoid his attack while flying back, and then attacked Ye Luo when he rushed over.

The strategy that Ye Luo adopted was also very simple: he wrapped the “Tong Tian Vine” around him and let you all slash at will, then charged forward without slowing down at all.

Due to the Nine Heavenly Mystic Flame, Ye Lu’s “Tongtian Vine” had already grown four vines, which was equivalent to a human “Jindan Fourth Turn” level cultivator.

Because the “Tongtian Vine” was a plant life, and its own defensive strength, although it was not offensive, it was not as tough and strong as a “Jindan Fourth Turn”.

Therefore, although Ye Lu was beaten up, he did not suffer too serious injuries.

At the same time, his destination had also arrived, the fire lake full of “Nine Heavenly Mystic Flames”, and just when the “Compulsion Clan” people were a bit disappointed and thought that they would let Ye Lu run away this time, Ye Lu stood with his back against the fire lake.

“What? Don’t you want to run?”

When one of the elites of the “Compulsion Clan” saw that Ye Luo had actually stopped, he looked at Ye Luo in a strange manner.

Ye Luo had clearly escaped just now, and he didn't seem to have any signs of poisoning, so if he didn't hurry up and take advantage of the opportunity to slip away, why did he stay here?

Ye Luo, on the other hand, smiled and said.

"I've run enough, I think it's your turn to run next! However, it's up to you guys to decide whether you can escape or not."

At this time, Caraxis and Griffin also broke through the heavy siege and returned to Ye Lu's side. Ye Lu was a bit glad that he had made a large number of "poison avoidance pills" in the "Divine Farmers' Valley" before saving up for a rainy day, otherwise it would be really difficult to deal with this endless "compulsion poison".

"What's going on?"

The "Ten Thousand Poisons Compulsion Lady" was also a bit confused when she saw this scene, because she thought similarly to everyone else, that Ye Lu had used Karaxis and Griffin to resist the strongest fighters on her side, and then took the opportunity to escape.

The other side should have never intended to leave in the first place.

Yes, it was true that Ye Lu did not intend to escape in the first place, because he had the "fire lake" of the "Nine Heavenly Mystic Flames", and at this moment, because the "fire spirit" had been fused with him, he could also control these fires, so he could not find any reason to leave.

Seeing that everyone had appeared, Ye Lu looked at the crowd and said with a smile.

"Since you've come, then don't even leave!"

With those words, Ye Luo raised his hands and a huge dragon of flame rose from the fire lake and charged wildly towards the crowd with its teeth and claws open.

"What a powerful fire dragon!"

Someone looked at this huge dragon in surprise and said.

What surprised them was not only the size of the dragon, but also the terrifying aura unique to the "Nine Heavens Xuan Huo".

"As one of the Ten Great Origin Fires, the Nine Heavenly Mystic Flame's attacking power was no laughing matter.

However, it didn't end there, as another green flame dragon flew up, followed by another, and another, and another, and another

Looking at the flaming dragons that kept flying up, everyone was stunned.

"This is too strong!"

Some people couldn't help but lament in horror.

Chapter 373

Each one of these flaming dragons was incomparably powerful, so many appeared at once, what kind of monster was the other side!

However, this was not the end of it.

While unleashing the Flaming Dragons, Ye Lu also silently unleashed another spell, which was the super large "Flame Prison".

In fact, there was no limit to the size and scale of many fire-attribute spells, but due to the user's cultivation level, there was a limit to the amount of flame that could be created, which led to the difference in the power of the flame.

For example, the easiest to use fire attribute spell, "Flame Blast", is based on the principle of releasing all the flames in your body in one go.

There are quite a few "spells" that are like this, before Ye Lu used the special "weapon pattern" of the glove to store the flame, the purpose is also because of this.

Now, with the "Fire Spirit" being fused, the fire in the fire lake could be manipulated by Ye Lu, so he had gathered the flames of a fire lake, and in terms of using "spells", Ye Lu was no weakling, so he could launch attacks without any disadvantage.

"Prison!"

With a loud shout, countless flames lit up from around the cave, encasing everyone in a wall of flames.

"Drink!"

Seeing this scene, the people of the Companions all frowned, but without orders, they did not dare to escape so easily before.

And once again, Ye Lu said.

"Shield!"

Countless "Nine Heavenly Mystic Flames" began to spin and coalesce in front of him to form a huge round shield that spun rapidly, and then, Ye Lu said once again.

"Spear!"

Dense flaming spears flew out from the lake of fire and hovered above Ye Lu's head, numbering in the hundreds.

Looking at Ye Lu's series of amazing spells, the "Ten Thousand Poisonous Companions Lady"'s brow furrowed as she looked at Ye Lu and said.

"I really didn't expect you to be able to take in that foreigner and have such a backhand, I underestimated you.

"The hostage was the greatest strength of the "Ten Thousand Compulsions Poisoness".

Because, she had originally thought that even if she had captured Ye Lu, she was afraid that Ye Lu would not be very cooperative with them, so she would still have to use the hostage as blackmail.

As a matter of fact, when he heard the words of the “Ten Thousand Compulsions Poisoness”, Ye Lu was also stunned, and he quickly asked

“My people, who are you referring to?”

Seeing Ye Lu’s expression, the “Ten Thousand Demons Poisoness” smiled and said.

“There are many, Dokku Ao, Dokku Qianshak, Nie Yibiao, Jin Kun, Mu Zize, An Le, Long Feixue, Mo Xiaomi, Ye Qiu Die, Gu Shiqi, Shen Luyan

The “compulsionless poisoness” said a long list of names at once.

Ye Lu listened quietly, he already understood that his identity had been exposed, so everyone related to himself had been arrested, only Ye Yan, Liu Mei and Qin Siyu had someone to protect them, so they couldn’t do anything about it.

So, Ye Lu began to operate quickly in his glasses, and at the same time, he looked at the “compulsionless poisoness” and said.

“Say it, what do you want?”

As a result, the “Ten Thousand Demons Poisoness” looked at Ye Lu and said with a smile.

“I don’t really want to do anything, you’ve obtained a lot of ‘Immortal Pills’ right, and I guess you’ve also obtained a lot of immortal means, I just want you to be my husband, and together we can rule the Miao Frontier, the Southern Frontier, the Chinese Kingdom and even the whole world, how about that?”

Hearing the words of the “Ten Thousand Demons Poisoness”, Ye Lu understood that she must have mistakenly thought that she had eaten the “Immortal Pill” and that was why she had grown up so quickly.

He didn’t say anything, but continued to use the “auxiliary ability” of his glasses to search for Nie Yibiao and the others as fast as he could.

Seeing that Ye Lu was silent, the “Ten Thousand Poisonous Companions Lady” took a step forward, then touched her chest and said with a smile.

“Husband, don’t worry, all those tricks that those little hooves on the internet can play, I can play them all, I can definitely make that you want to die, night and day, wonderful

As she spoke, she used the charm technique at the same time.

However, she was greeted by countless green spears of fire.

“No need for that, you and all your people go to hell!”

As she spoke, another batch of spears appeared, and the scene was instantly chaotic, as the “Flame Prison” turned into a sea of fire, with countless fire spears burning all kinds of “parasites” to the ground.

“You don’t care if those people are dead or alive?”

The “Ten Thousand Compulsions Poisoness” looked at this scene with surprise, she was a bit confused, from the information she received, Ye Lu should not be a heartless and unrighteous person.

Ye Lu said indifferently.

“Of course I have to take care of it, I naturally have my own way, this is not something you need to worry about.”

Just now, Ye Lu had used the “auxiliary ability” of his glasses to trace the movement of everyone’s mobile phones over time, and he found out that what this “ten thousand poison compulsion woman” said should be true, because, all the mobile phones had gathered in one place and then started to move, stopping twice in the middle and then gathering in one place.

The other party should not know about Ye Lu’s ability, so Ye Lu felt that the location of the “hostage” should be one of the last three locations.

He had to make a quick decision and rescue the hostage before the other party noticed.

Seeing this scene, the “Ten Thousand Poisonous Companions Lady” understood that all her chances had failed completely, this “Mr. Luo” did not play by the rules at all, she began to regret.

She had originally been the hunter, but what she didn’t expect was that the prey she was hunting was the real hunter.

However, just when she was desperate, Ye Lu spoke.

“I’ll give you a chance, establish a ‘master-servant contract’ with me and become my servant, otherwise you will only die.”

When she heard Ye Lu’s words, the “Ten Thousand Demons Poisoness” pondered.

It was obvious that even if she tried her best, there was no way to escape from here, because in this hellish place Ye Lu had unlimited fire, and it was also the terrifying “Nine Heavenly Mystic Fire” that had been burning for an unknown number of years.

Although she did not know what the so-called “master-servant contract” was, she would not die compared to herself.

So, she quickly nodded her head.

Ye Luo quickly cleaned up the “Ten Thousand Compulsions Poisoness”’s beloved belly, and then began to choke out the spell quickly.

The first reason was that the “master-servant contract” required the other party’s full consent, and he felt that with his pride, he would not do so, and would mostly choose to kill himself after regaining consciousness.

The second reason was that at that time, Ye had just made a breakthrough and was not yet able to use the Master-Servant Contract.

Now that he had created his third “spirit liquid”, he could use many “spells” including the “master-servant contract”, and this was the reason why he had managed to escape.

The “Ten Thousand Compulsions Poisoness” was the leader of the “Compulsion Clan”, both she and her compulsions were extremely powerful, it would be too bad to kill Ye Lu directly.

“Let go of any defenses, and listen to my arrangements.”

Ye Luo looked into the eyes of the “Ten Thousand Compulsions Poisoness” and said.

“It’s a pity that you can only have three servants.”

Ye Luo muttered somewhat depressingly while establishing a soul contract with the “Ten Thousand Demons Poisoness”.

With no resistance from the “Ten Thousand Demons”, the contract was completed in no time.

The “master-servant contract” is just like the literal meaning, the servant cannot disobey or betray the master until the contract is broken, while the master can control the life and death of the servant, other than that there are no special restrictions.

“Alright, let’s go, Poison Lady, go save the people and then uproot the ‘Miaojiang Evil Cultivator’!”

Ye Lu said with glowing eyes amidst the flames.

However, at this time, the “Compulsionless Poisoness” said something that surprised Ye Lu.

Chapter 374

“Master, I must remind you that we are not the real masterminds in this incident.”

Hearing the words of the “Ten Thousand Compulsions Poisoness”, Ye Lu’s brow furrowed as he looked at the “Ten Thousand Compulsions Poisoness” and waited for her next words, but as a result, the “Ten Thousand Compulsions Poisoness” said.

“The cause of this incident is related to the ‘Hidden Family’, the one who asked me to take action is the ‘Chi You Clan’, also known as the legendary ‘Jiu Li Clan’, we Actually, we are all considered their descendants, and it was the ‘Jiu Li Clan’ that asked us to investigate about the ‘Immortal Mansion Key’, and you actually got involved because of this, right?”

When Ye Lu and Yun Fei Yang fought against each other, they had mentioned about Ye Yan, so the “Ten Thousand Compulsions Poisoness” knew about these things.

Ye Lu nodded, then gestured to the “Ten Thousand Compulsions Poisoness” to speak as she walked.

The “Ten Thousand Demons Poisoness” then continued.

“The ‘Jiu Li Clan’ said that as long as we increase our strength and get the ‘Key to the Immortal Mansion’, we can enter the Immortal Mansion, and then it might not be difficult to become an immortal, while we, the ‘Evil God Sect’ and the ‘Ghost Sect’ are actually descendants of the ‘Jiu Li Clan’, so we do not dare to disobey them.”

Hearing the words of the “Ten Thousand Compulsions Poisoness”, Ye Lu thought about it and said.

“According to you, the ‘Chi You Clan’ should be very powerful, right?”

The “Ten Thousand Compulsions Poisoness” nodded and said.

“Yes, they have the bloodline heritage of the ancient mighty ‘Chi You’, and they also have the bloodline of terrifying divine beasts and ferocious beasts, such as the legendary ‘Feng Bo’, which is also the ferocious beast ‘Fei Lian’, ‘Rain Master’ also known as the fierce beast ‘Shang Yang’, while there is also the ‘Kua Fu clan’ following them, which is indeed immensely powerful.”

Ye Lu then said.

“If they are so powerful, why did they personally take action?”

The “Ten Thousand Poisonous Companions Lady” said.

“You are too young, and you have experienced less, so you should not know that there are actually too many terrifying forces in this world, other than that, the ancestor ‘Chi You’ is already very strong, right? He had a master called Yizhen Daoist, and his kung fu was taught by Yizhen Daoist, who belonged to the clan world.”

Hearing the words of the “Ten Thousand Compulsions Poisoness”, Ye Lu had a different view of the “clan world”, it seemed that he had underestimated the “clan world”.

And the “Ten Thousand Compulsions Poisoness” continued.

“In fact, even if we don’t count the clan world, there are still many hidden clans that are very frightening, such as the ‘Yellow Emperor Clan’, they are even stronger than the ‘Chi You Clan’, and of course there are also the stronger Pan Gu Clan and Nuwa Clan.”

“However, apart from these, there are even more fearful legendary clans, such as Kunlun, Penglai and Southern Chu, I’m afraid that all these forces are eyeing the ‘Immortal Mansion’, so no one dares to make a rash move.”

Ye Lu did not expect this matter to be so widely involved, and following that, he remembered the four sentences left by his grandmother.

“The nine stars are connected, the nine heavens are united, the immortal mansion is opened, and the meeting is a covenant.”

So, after thinking about it, he asked the “Ten Thousand Compulsions Poisoness”.

“Do you know what the ‘Nine Stars in a Row’ is all about?”

As a result, the “Ten Thousand Poisonous Maiden” thought for a moment and said.

“I have never heard of the ‘Nine Stars in a Row’, but I have heard of the ‘Nine Stars’, and in the Qi Men Dun Jia there is mention of the ‘Nine Stars and Eight Gates’. Is this the ‘nine stars’?”

When the “Ten Thousand Compulsions Poisoness” finished speaking, Ye Lu’s heart moved because he had once looked up the “Nine Stars in a Row”, which was an astronomical phenomenon where the nine planets of the solar system were connected into a line.

Perhaps this “nine stars” was the same as the nine stars mentioned by the “Ten Thousand Poisonous Girls”, so he asked the “Ten Thousand Poisonous Girls” to continue.

The “Ten Thousand Compulsions Poisoness” then said.

“The nine stars refer to the ‘four auspicious stars’ Tianxin, Tianren, Tianfei and Tianfu; the ‘second auspicious star’ Tianchong; the ‘three inauspicious stars’ Tianpeng, Tianrui and Tianzhu. Tian Rui, and Tian Zhu, and the ‘Middle Peace Star’ Tian Ying.”

“You may not have heard of many of them, but if I say the three stars ‘Seven Killers’, ‘Broken Army’ and ‘Greedy Wolf’, you may have heard of them, they are each one of the nine stars”

“And for each of these stars, there is a ‘person of astrological destiny’ in the world, which is commonly referred to as a ‘star-host coming down to earth’.”

Hearing the “Ten Thousand Compulsions Poisoness” finish speaking, Ye Luo snapped his fingers and said.

“Yes, that’s it!”

Ye Lu suddenly understood why the “Chi You Clan” not only wanted the “Immortal Mansion Key” in Ye Yan’s hand, but also wanted Ye Yan as a person, it should be because only the key was not enough to open the “Immortal Mansion”, but also the “Star Destiny Person”, only, right now, Ye Lu was still unable to know which star Ye Yan corresponded to.

This was one of the reasons why his grandmother had left the “Immortal Mansion Key” to his sister, Ye Yan.

Ye Lu deduced from this that most of the “Immortal Mansion Keys” were not just one, but there should be nine of them, corresponding to the “Nine Stars”.

As for why the Xuantian Clan treats Zhang Tian as a treasure, most of them are because Zhang Tian is also a chosen “Star Destiny Man”.

The other one must be related to the “Four Ancient Martial Arts Clans”, which is why there was the incident with the “Heaven Sheltering Gang”.

However, Ye Luo did not know where the remaining six keys were.

After the “Ten Thousand Compulsions Poisoness” said so, Ye Lu suddenly had a clear feeling, that is, as long as he found the nine “keys to the Immortal Mansion”, he should be able to see his grandmother again when he opened the Immortal Mansion.

“It looks like I need to unlock the secrets of the ‘Four Ancient Martial Families’ as soon as possible.”

Ye Luo muttered as he followed the “Ten Thousand Compulsions Poisoness” and left “Xishuangbanna” towards the “Jade Dragon Snow Mountain” where the “hostages” were being held.

“Master, don’t worry, very few people know where the hostages are hidden, only the believer I just brought there knows, now they are all dead, we can just go there and release them.”

After a few days of treatment “Gale’s” injuries were no longer a big deal, but Ye Lu didn’t feel like letting her move again, and instead summoned a relatively low-profile flying demon beast, and it didn’t take long for the two of them to reach the Jade Dragon Snow Mountain.

The Jade Dragon Snow Mountain is the sacred mountain of the Naxi people, the main peak is more than 5,500 meters above sea level, the mountain is surrounded by clouds and mists, snow, glaciers,

meadows, primitive forests and all kinds of landscapes, entering the Jade Dragon Snow Mountain, Ye Lu was also fascinated by the scenery of the snow mountain, this can be said to be a paradise.

However, before he could reach the place where the “Ten Thousand Compulsions Poisoness” had mentioned, Ye Lu saw a few people standing at the top of the snowy mountain not far away.

The guy at the head of the group had a bull’s head pattern on his forehead, and he was none other than Ji Yunpeng, the leader of the “Evil God Sect”.

Next to him was the leader of the Ghost Sect, and the elites of two other sects were also there.

“It’s my people, I never thought someone would betray me.”

“Hearing the words of the “Ten Thousand Compulsions Poisoness”, Ye Lu suddenly remembered that he had indeed seen that woman wearing the clothes of the compulsion tribe before.

“Her parasite is ‘Earthworm’, I didn’t notice just now that she had burrowed into the ground and escaped, I didn’t do a good job.”

The “Ten Thousand Compulsions Poisoness” said apologetically.

Ye Lu shook his head and said.

“I don’t blame you for this, the situation was too chaotic and I didn’t see anyone leave.”

At that time, there were a lot of people, there were parasites everywhere, and flames were flying, so Ye Lu didn’t really count how many people from the “compulsion tribe” were here.

“Oh, what, Lord Clan Chief, are you here to find someone?”

When he saw Ye Lu and the “Ten Thousand Compulsions Poisoness” flying over on a big bird, Ji Yunpeng looked at the “Ten Thousand Compulsions Poisoness” and said with a smile.

“Don’t be confused, I guess they don’t know the result of the previous battle yet, calm down first, keep the same state you were in before.”

Ye Luo knew very well that all the people in the Flame Prison were dead except for the “Ten Thousand Poisoness”, and the flames had isolated the view from outside, so Ye Luo felt that the guy outside hadn’t figured out the situation inside.

Chapter 375

Then, the “Ten Thousand Demons Poisoness” looked coldly at Ji Yunpeng and said.

“Do I need to talk to you about my work?”

“As she said that, the “Ten Thousand Demons Poisoness” slowly fell down and stood in front of the Evil God Sect and the Ghost Sect.

Ji Yunpeng looked at the “Ten Thousand Compulsions Poisoness” and said with a smile.

“Ten thousand parasites, shouldn’t we all share something good? Tell us, what are you hiding and where have those ‘parasite’ people who followed you gone?”

The “Ten Thousand Compulsions Poisoness” said in a cold voice.

“This is the matter of our ‘compulsion clan’, I think I don’t need to talk to you, this ‘Mr. Luo’ is already my man, don’t hit him.”

After the “Ten Thousand Compulsions Poisoness” finished speaking, Ye Luo found that the other party did not have any special reaction, so he was even more determined in what he had just thought.

Now, it seemed that just now, most of the traitor’s purpose of escaping while there was chaos was not to escape, but to take the opportunity to go out and inform the others, so she did not see the end of the battle.

Ji Yunpeng then continued.

“No need to hide it from me, I have also checked those people you captured, this kid is afraid that he has something to do with ‘Zhang Tian’ and ‘Immortal Dan’, don’t worry, we think the same as you, the benefits are considered benefits only when you get your hands on them, others promise The things promised by others are not reliable, so, you just need to share with us, we will not make things difficult for you, nor will we report news with the ‘Chi You clan’, is there porridge for everyone to drink together.”

The “Ten Thousand Demons Poisoness” looked at him and said coldly.

“Where are my clan members?”

Previously, the “Ten Thousand Compulsions Poisoness” had also told Ye Lu that the headquarters of their “Compulsion Clan” was actually located in the Jade Dragon Snow Mountain, because she liked the scenery of the snow mountain.

Ji Yunpeng smiled and said.

“Don’t worry, I’m not interested in your clan, I’m only interested in the person you’re with at the moment”

When he said this, a demonic beast suddenly burst out from under the feet of the bird they were riding just now, and on this demonic beast’s head was a long spike.

“Snort!”

The spike abruptly pierced into the neck of the demonic beast, and blood splashed.

After that, Ji Yunpeng and the Ghost Sect’s Sect Master made their moves at the same time, Ji Yunpeng’s target was the “Ten Thousand Compulsions Poisoness”, while the Ghost Sect’s Sect Master’s target was Ye Lu, it seemed that they were ready to rob someone directly.

“Humph!”

“Only this time did Ye Lu see that this “toad” possessed the bloodline of the legendary “three-legged golden toad”, and also had three legs, and after it appeared, it grew into the wind and soon became a giant beast like a small mountain.

However, that Ji Yunpeng was no slacker either, and as he rushed over he also unleashed a demonic beast, a bizarrely shaped demonic beast that looked a bit like a leopard, but with five tails and a sharp horn on its head, and was called Predator.

As soon as it appeared, it roared like a thunderclap and rushed towards the Golden Toad.

Ji Yunpeng, on the other hand, drew a curiously shaped scimitar and rushed towards the “Ten Thousand Compulsions Poisoness”.

On the other side, the master of the “Ghost Sect” rushed towards Ye Lu, who hurriedly pretended to be afraid and prepared to run away.

As a result, the master of the “Ghost Sect” smiled at Ye Lu and a strange-looking ghost appeared, with a head like an ape, a red mouth and big eyes, horns on its head, a height of more than six feet, a greenish-black body, a pair of huge wings, also green, yellow hands and feet, a leopard-like tail, and a huge axe in its hand.

Above the head where this ghost appeared, Ye Lu saw lightning appear in the air, along with the sound of thunder.

“Boom!”

At the same time, Ye Luo got a good look at the ghost.

“Name: Thunder Ghost, Rank: 4th Order 5th Grade, Origin: Abyssal Secret Realm, Description: A ghost that uses hellish lightning, with a violent temper and strong killing power”

After that, the “ghost lightning” of this “Thunder Ghost” struck Ye Luo’s body.

“Holy shit!”

When he was struck by the “ghost lightning”, Ye Luo felt his cold hairs rise and his body trembled, not to mention the soreness, it was simply awesome.

After that, Ye Luo quickly fell to the ground with convulsions.

At this time, some tourists in the distance who were sightseeing up the mountain had already seen this scene.

“Quick, give me the binoculars, I’ll see what’s on the top of that side of the mountain, it looks like someone is there, and I just saw lightning appear.”

“Huh, it looks like there’s actually someone on top of the mountain.”

“That’s not likely, didn’t they say that no one has conquered the ‘Fan Steep’ yet, how could there be someone there?”

“Cut the crap and get the binoculars.”

.....

After all, many people come to the Jade Dragon Snow Mountain to see the elegance of the “top of the Jade Dragon”, so there are actually quite a lot of people looking at the “fan steep”.

Although it was hard to see what was on the mountain, people could still see that something special had appeared on top of the snow-covered mountain.

"It's people, really people, and they're all so strange."

"Yeah, why are they wearing so few clothes, aren't they afraid of freezing to death?"

"I think it's a movie being made."

"No, I don't see a camera yet, and, even if it's a movie, you don't really have to go to the top of the mountain, it's not good to make a 50 cent special effect in this medium place."

"Holy shit, it should be a tall person fighting, I saw someone's hand glowing and a good big three-legged toad."

"Calf, hurry up and give me back my binoculars!"

.....

The sightseeing crowds were immediately buzzing with excitement, especially those on the high ropeway, which is kilometres long on Jade Dragon Snow Mountain and goes to an altitude of more than 4,600 metres, so many people were starting to focus on the top of the mountain.

"Quick, bring me my bird-shooting magic weapon, I want to capture all this amazing scene on film."

A number of people also brought their powerful equipment and started filming.

In fact, although the thunder ghost was powerful, it did not use all its strength, after all, their aim was not to kill Ye Luo, they wanted to get more benefits from him.

Seeing that the Thunder Ghost had gotten it easily, the Ghost Sect leader instructed the Thunder Ghost to grab Ye Luo and take him away.

"The Thunder Ghost was over six feet tall, with a huge form and great strength. It grabbed Ye Luo's thigh like a chicken and carried him towards the Ghost Sect master.

Soon, the two of them arrived near the Ghost Gate's master.

Ye Lu waited for such a moment, and when he was close to the Ghost Sect Master, a black dagger suddenly flew out and stabbed the Ghost Sect Master in the chest.

"Snort!"

The dagger pierced through the heart of the Ghost Sect Master without any hindrance. He fell to the ground with a loud thud.

Seeing this blow, Ji Yunpeng, who was fighting with the "Ten Thousand Compulsions Poisoness", was also shocked.

"Shit! If it was me, I would definitely be dead."

However, since he thought so, it meant that the Ghost Sect's Sect Master would not die from this blow.

Sure enough, Ye Lu saw that there was no blood on the ground, and the Ghost Sect's master slowly stood up again, his face still very calm, as if the attack just now was ineffective to him.

"You really are a ghost!"

Seeing this scene, Ye Lu understood that the other party should not be a human cultivating the "ghost technique", but this guy was a ghost, because if it was a human, being pierced through the heart would definitely not be fine.

This was the essential difference between ghosts and humans and demonic beasts, they belonged to a different kind of life form, so they did not have the same fatal weaknesses as humans and demonic beasts.

It is possible to kill them directly into "ghost energy", but they will not bleed to death from injuries like humans.

"To be able to hurt my 'ghost body', your weapon is really terrifying, but, unfortunately, you've picked the wrong person."

The "Ghost Sect"'s Sect Master looked at Ye Lu with a gloomy face and said slowly, followed by a black ghostly aura that began to emanate from his body.

Chapter 376

When he saw that the blow had not been successful, Ye Lu's head also got a little big.

His original plan was to kill one of them first, after all, both the Evil God Cult and the Ghost Sect did not have only one expert of the 4th Golden Dan level like Yun Feiyang, but several experts of this level, although they might not be as powerful as Yun Feiyang, they were still troublesome.

If we add to this the "Golden Dan 5th Turn" experts like Ji Yunpeng and the "Ghost Sect" Sect Master, it would be a bit of a challenge for him and the "Ten Thousand Poisonous Companions" to deal with them alone.

However, the matter had come to this, there was no choice but to fight first.

"Come on!"

With this in mind, Ye Lu released the "God of War" Karaxis, and at the same time, the demonic beast "Griffin" also appeared, both of which were powerful experts.

As soon as Caraxis appeared, he wielded the Spear of Ares and attacked the master of the Ghost Gate.

Ye Luo, on the other hand, went towards the rest of the guys.

"They play with theirs, I'll play with ours."

The difference between Ye Lu and Yun Fei Yang's was still very obvious, if it wasn't for the surprise attack of the "Heavenly Vine" and the "Sunset Arrow" arrow, Ye Lu would have had a hard time.

Now that Ye Lu's cultivation level had crossed two steps at once and the "Heavenly Vine" had four vines, Ye Lu had long been itching to fight.

Seeing that Ye Lu had actually come to shout at so many people, the Vice Patriarch of the "Evil God Sect" looked at Ye Lu and said with a smile.

"I want to tell you that although 'Yun Fei Yang' is the seventh ranked God of War, it is only because he happened to be the one who fought that battle. Anyone else would have won just as well, and besides, what you won was just a trick."

Ye Lu then looked at him and said.

"Isn't it swell to try, come on, my fists are hungry."

The "Heavenly Vine" quickly wrapped around Ye Lu's body, just like putting on a suit of armor.

The four vine ends of the "Heavenly Vine" were like four tails swaying back and forth around Ye Lu's body.

Seeing Ye Lu unleash the "Heavenly Vine" again, many people frowned, because they had seen this vine in the video before, this vine was simply unbelievable, not only could it defend, it could also assist in attacking, what was more troublesome was that this thing was too tough.

"Come on!"

Ye Lu smiled and looked at the crowd, while the dagger that had just pierced the "Ghost Gate"'s Sect Master appeared at the end of one of the vines again.

"Go!"

Seeing this scene, the Vice Patriarch of the Evil God Sect waved his hand and said.

It seemed that now was not the time to fight alone and pretend to be a pussy, not to mention that, in his opinion, they were "evil practitioners", so there was no point in pretending to be a pussy!

So, a large group of people rushed towards Ye Lu, "Hula, hula".

"Hey, 'Tongtian Vine', here comes our deal!"

Ye Luo also rushed forward to meet these people.

As he rushed forward, the "Tongtian Vine" flew up.

"Snort!"

A guy who was a bit slow in dodging was poked with a transparent hole by the arrow of Ye Lu's "Sunset Arrow", and blood splashed out.

Ye Lu shielded his head and ignored the attacks on his body, thinking that under the protection of the "Heavenly Vine", most of the attacks were null and void.

Now the cultivation level of the "Tongtian Vine" was already equivalent to that of a "JinDan Fourth Turn" practitioner, so it was not good enough for anything else, but it was strong enough.

Whether it was a sword or an “external astral energy”, or a demonic beast’s attack, it could be ignored.

After that, Ye Lu pulled out a box shaped “magic weapon”, this magic weapon was Ye Lu’s modified “magic weapon” for storing flames, without any other functions, it could only store flames.

He didn’t expect it to be used this time.

He quickly opened the box, and then a terrifying green flame gushed out, it was the “Nine Heavenly Mystic Flame” that Ye Lu had gotten from the “Fire Lake”.

“Brush!”

After the flames appeared, Ye Lu cast an extremely simple spell at the same time, called “Rain of Fire in the Sky”.

The reason why this spell was simple was because it was not a precisely controlled “spell”, it was simply a condensation of “flames” that was then scattered out in the form of loose bullets.

“Snort!”

“Snort!”

“Snort!”

.....

This kind of flame attack is not very powerful, but of course it is relative, the “Nine Heavenly Mystic Flame” is after all one of the “Ten Great Origin Flames”, and has an extremely terrifying killing power.

Some people may ask, “Why can it kill even though it is a “vitality fire”?”

The reason is very simple, it’s a matter of distance, just like when people are baking around a cooker, at a certain distance, you will feel very warm, but if you put your hand into the cooker, then your hand will definitely be burned, the same is the case with the “Nine Heavenly Mystic Flame”.

With just one round of attacks, basically all those below the “Saint” level present were killed.

Seeing this scene, the crowd all showed horrified expressions.

Ye Lu smiled and said.

“These guys aren’t much help, and they’re also very noisy, so we might as well let them die, come on, let’s continue fighting.”

With those words, Ye Luo didn’t wait for these guys to answer already rushed up again.

This time, the people watching from afar exploded, because the move that Ye Lu had just used, the “Rain of Fire in the Sky”, had a large range, and the brightness of the “Nine Heavenly Mystic Flames” was quite high, so even though they were far away, they could still see the bright flames.

“That man is so powerful, he’s sending out flames just like fireworks, so beautiful!”

“So many people died at once, is that guy the Grim Reaper?”

“Yeah, but these people are actually fighting at the top of a snowy mountain, that’s no one.”

“But it feels like there’s a side that’s so small in number, only three people.”

“Has it been uploaded to the internet?”

“Yes, there’s already a lot of people watching and commenting on it.”

.....

Most of the tourists had already given up watching the scenery and started buying binoculars to watch the buzz on the mountain, but, after all, the binoculars on the mountain were also limited, so many people still moved on to watch it on the various platforms where it was broadcast.

Of course, soon, those people and forces who were concerned about Miaojiang likewise began to pay attention to the matter.

“Isn’t that man the patriarch of the ‘Compulsion Clan’, how come he’s fighting alongside ‘Mr. Luo’?”

“Yeah, it feels like the situation is so chaotic, that one with the gun is a foreigner, right?”

“Seems like it, I don’t know what’s going on, I’m a bit confused.”

.....

“The leader of the Shadow of Death, Liuyun, was also watching the scene, and to be honest, he couldn’t understand it either, because he knew that Karassis from Greece.

“What’s going on? Does this Mr. Luo have a friend from Greece? Also, why has he joined forces with the ‘Companions’, this black blade of light is too strong.”

Liuyun watched the video of Ye Luo with some emotion.

“War God Network”, the website that had previously announced the War God rankings and discussed various things and news about the War God, also forwarded the video at the first time.

According to “War God Network”, Mr. Luo had the potential to top the “War God Ranking”, and some people were already calling him the successor to the Great War God, because the people he was fighting were all prominent figures in Miaojiang, and many of them were even more famous than Yun Feiyang.

But how about now, these people were attacking Mr. Luo and Mr. Luo was not losing the battle, this was enough to show that Mr. Luo was much more powerful than Yun Feiyang.

Ye Luo, who was fighting with the crowd, was already excited to kill because he found that with the three spirit fluids, it was much easier to use spells.

What surprised him even more was that he could say that his external “aura” was indestructible, because the level of “aura” was so high that it was like using a steel knife and a wooden knife, which were not on the same level at all.

Of course, if the opponent turned the wooden knife into a big tree, it would be a different story.

“Snort!”

When Ye Lu cut off the head of one of the guys with another “Flowing Light Chop”, the crowd started to stop and back up.

“What the hell is this black Qi?”

Chapter 377

All those who were attacking Ye Lu began to have a big headache, because the current Ye Lu was too difficult to deal with. First of all, the most painful thing was that the defense was almost flawless, those weird vines, not only were they protected in all directions, but they also moved and could block all kinds of attacks with great flexibility.

The second is that the dagger is simply indestructible, no matter what level of “magic treasure”, even “Xuan-rank” defense shield will go through in one blow, there is absolutely nothing that can block, because of this loss of good hands have several.

Then there is this even more bizarre, endless black qi, the same external qi, after their own “innate astral qi” and the opponent’s black energy against each other, is basically a blow immediately destroyed, not only strong penetrating power, killing power is also large, but fortunately, the opponent’s black qi volume is not very large.

Seeing them stop fighting, Ye Lu then looked at the other two battle scenes.

“However, due to the top of the snowy mountain, it was a bit inconvenient for her to use her compulsions. In addition, Ji Yunpeng had prepared for this and did not know what she had eaten, so the poisonous attacks that the “Ten Thousand Compulsions Poisoness” was best at were not as effective as they should be.

On the other side, Karasis, the God of War, was evenly matched with the master of the Demon Gate, whose “War God bloodline” seemed to have some restraining effect on evil spirits.

“It’s about time to end the battle.”

Ye Luo saw the crowd on top of the snowy mountain and muttered.

And at that moment, one of the guys on the opposite side looked at Ye Luo and said.

“You better not make any rash moves, or those friends of yours will be dead.”

With those words, this guy took out his mobile phone.

Ye Luo, on the other hand, said indifferently.

“Whatever you want!”

As he spoke, a large amount of blood spread out with Ye Luo as the centre and formed a weird blood formation with an intricate pattern around Ye Luo.

The moment they saw the blood appear, the crowd felt that the situation was not good, because the scene in the previous video where Ye Lu summoned the “Nine Infants” was still fresh in their minds, so the crowd attacked frantically, but a circle of black light blades from Ye Lu’s body sent out a quick strike, while the “Heavenly Vine” expanded violently, forming a tornado-like circular barrier that kept spinning.

In this delay, the summoning had already begun.

In the red glow, a huge figure, as tall as a ten-storey building, appeared, carrying a huge hammer on his shoulder.

The crowd was taken aback by the appearance of the jagged, fanged “Mammoth Chiseltooth”.

Like the “Tiger Chiseltooth” that Ye Lu had summoned earlier, the “Mammoth Chiseltooth” was a demonic beast with the “Chiseltooth” bloodline, and the “Mammoth Chiseltooth” was characterised by its huge size, strong strength and outstanding defence.

This “Mammoth Tooth” was different from the previous “Tiger Tooth”, as it was a “Fourth Order, Fourth Grade” powerful demonic beast.

“Ow!”

After this creature appeared, it roared furiously and then charged towards the surrounding people.

This scene shook the people watching and recording the video to their core.

“Sh*t! Is this a giant? It’s so big!”

“Has a flood of gargoyles been summoned?”

“It’s not good, there’s going to be an avalanche on the mountain!”

.....

As expected, when the hammer of the “Mammoth Chiseled Tooth” fell on the top of the mountain, the huge shockwave and vibration made the mountain slide, and the sightseeing guests were scared to death, but fortunately, it did not cause the whole mountain to slide, otherwise the sightseeing guests would be unlucky.

Ye Luo was at the top of the snowy mountain, so of course they didn’t have to worry about the avalanche, and at this moment Ye Luo had already started his second summoning.

“The blood of the Nine Infants had already been used up, the blood of the Great Wind had been used to save the Great Wind, and the blood of the Cultivated Snake had been used in the fight against the Black Witch Cult.

A boar-shaped demon beast like a building appeared, and just after it appeared, it roared wildly and rushed towards the crowd without waiting for Ye Lu’s command.

“Alright!”

Seeing the brave look of this one, Ye Luo then muttered with a smile.

These two demonic beasts were both huge and thick-skinned, so as soon as they appeared, they wrapped themselves around the people who had been attacking Ye Lu.

Ye Lu then looked at the Ghost Sect’s Sect Master and said with a smile.

“It’s time for the battle to end!”

As he said that, he released “Red Lotus Karma Flame” and “Ghostly Inferno” with both hands, and then he rushed towards the “Ghost Gate” Sect Master with his hands together.

The reason he had chosen to fight was because he wanted to consolidate his cultivation.

As he rushed forward, he parted his hands, and a purple fire dragon dashed towards the Ghost Sect’s master with fangs and claws.

The reason why the “Red Lotus Flame” and “Ghostly Flame” were so powerful was because they were also one of the “Ten Great Origin Flames”, both of which were famous for burning the ghosts of hell, and therefore had a strong restraining effect on ghosts.

The Ghost Gate’s master quickly dodged to the side upon seeing the fused purple flames, but his movement allowed Karaxis to seize the opportunity and the Spear of Ares began to attack like a mountain overturning the sea, while Ye Lu quickly unleashed the Heavenly Vine and wrapped it around him.

The “Heavenly Vine” did not have much attacking power, nor was it strong enough to strangle a demonic beast or a person to death, but its characteristic was that it was “difficult to entangle”, and it was quite annoying to entangle a person like a dog’s skin when fighting.

However, Ye Lu did not want to kill him, because after tasting the sweetness of the “Ten Thousand Compulsions Poisoness”, Ye Lu had already decided to turn the “Evil God Sect” sect leader Ji Yunpeng and the unknown “Ghost Sect” sect leader into his servants, and there were still two more places available.

So, under the attacks of Karaxis, the Ghost Sect’s Sect Master became weaker and weaker, but he did not die, including his Thunder Ghost, which Ye Luo did not hurt.

“Ghost Gate Master, if you don’t want to die, then become my servant, otherwise you will only have one way out.”

Ye Luo said coldly as he looked at the “Ghost Sect” Sect Master.

The “evil cultivator” was originally a person who would do whatever he could, so he didn’t have as many rules and regulations as the decent people, so the “Ghost Sect” master agreed without hesitation.

Ye Luo quickly began to establish the “master-servant contract”.

Ji Yunpeng, who was at the side, realised that something was wrong and wanted to escape, but the “Ten Thousand Compulsions Poisoness” was just a little bit less powerful than him, so it was not that easy to leave, and at the same time the “Heavenly Vine” had already started to entangle him.

When he saw that the master of the Ghost Sect was standing by Ye Lu’s side with the Thunder Ghost, Ji Yunpeng sighed and surrendered.

While establishing a contract with Ji Yunpeng, Ye Lu said in a loud voice to the others.

“Your master has surrendered, what’s the point of resisting? Stop resisting and I will spare your lives.”

Hearing Ye Luo's words, the crowd quickly gave up their resistance, but the "mammoth chiseled tooth" did not relent and grabbed a man and put him in his mouth "click! Click!" He ate it up.

"Big brother, didn't you say you would spare our lives."

Someone shivered and said.

Ye Luo hurriedly and quickly said to the "mammoth chiseled teeth".

"Stop eating people, or I will send you back."

In fact, Ye Luo had consumed so much that he no longer had the ability to send it back.

Ye Lu's words made the "Mammoth Tooth" very unhappy, but he looked at the arrow of the "Sunset Arrow" in Ye Lu's hand, then he roared and stopped talking.

The building-like wild boar, "Minister", was staring into the distance with strange eyes.

From the other side of the Jade Dragon Snow Mountain, a huge flying demon beast with leopard prints and antlers was flying over at lightning speed, and standing at the head of this beast was a huge man over two metres tall.

"Chi You messenger, it's Chi You messenger coming!"

Seeing this scene, those "evil cultivators" all shouted with some excitement.

The "Chi You Clan", the hidden family, had finally made their move.

Chapter 378

From the speed of the demonic beast he was riding, his cultivation level should be higher than Ji Yunpeng's. As expected, Ye Lu also saw the so-called "Chi Emissary".

As expected, Ye Luo saw that this messenger's cultivation level was "Golden Dan Sixth Turn", however, he had not yet reached the peak of "Golden Dan Sixth Turn", but was at the early stage of "Golden Dan Sixth Turn", but the "Void Dan" in his body was already very solid, which meant that this guy should also be a person of great pride.

Although they are all at the same small realm, the cultivation effects of different people are very different, for example, the "Ten Thousand Compulsions Poisoness", "Ji Yunpeng" and the "Ghost Sect" Sect Master, although they are all at the middle of the "Fifth Turn of the Golden Elixir", Ji Yunpeng's "Void Dan" is obviously more solid than the other two.

The demonic beast at the feet of this "Chi Emissary" is also a "Fourth Order Sixth Grade" demonic beast, named "Eagle Fei Lian", an eagle demonic beast with the bloodline of the fierce beast "Fei Lian".

"It was a wind-attributed demonic beast, so it was extremely fast and reached the top of the Jade Dragon Snow Mountain in a flash.

However, Ye Luo had already completed the “master-servant contract”, and at this moment, the “Ten Thousand Compulsions Poisoness”, the “Evil God Cult” Sect Master, the “Ghost Sect Master”, the “God of War” Karaxis, and their respective “original spirit beasts” were all lined up behind Ye Luo.

The subservient “Evil God Cult” people and the “Ghost Sect” people were standing behind them quietly.

Seeing this scene, “Chi You’s messenger” was also a bit surprised.

He looked at the scene with a frown and asked.

“What, are you all going to betray the ‘Jiu Li Clan’ and Lord ‘Chi You’?”

Ye Luo then took a step forward to look at him and said.

“What messy ‘Jiu Li Clan’, I’ll tell you now, I’ll take in all of you messy and harmful forces, so as to save you from harming people everywhere, after that I’ll let them raise bugs, plant seeds, do some odd jobs and so on, so you don’t have to worry about it.”

When he heard Ye Lu say this, but the people behind Ye Lu did not have any special reaction, the “Chi Emissary” understood, he nodded and said.

“Well then, it seems that I have no choice but to kill you.”

As he said that, he jumped down from the Eagle Fei Lian, and in the process of jumping down, his body grew wildly, instantly turning into a giant man more than ten meters tall.

To be honest, this move really scared Ye Lu.

He had seen such large shadows or “projections” before, but he had never seen a real person who could instantly become so large.

“This doesn’t seem very scientific!”

Ye Lu muttered, but the “Mammoth Chiseltooth”, who had been restless on the side, had already charged directly towards the giant man.

“He swung his hammer and smashed at the “Chi Emissary”, the huge hammer with the wind sounded like a white whirlwind of snow and ice.

As a result, the giant man didn’t dodge at all, but stood there quietly and resisted the fierce and savage blow.

“Clang!”

“Boom!”

The giant hammer smashed into the top of the giant man’s head, and the snow and ice beneath his feet suddenly flew up in all directions and into the sky as if it had exploded, just like a white firework was released from the top of the snowy mountain, and all the tourists saw this scene, and a huge deep crater suddenly appeared at the top of the snowy mountain.

But, unfortunately, nothing happened to the giant man at all.

“Boom!”

He reached out and grabbed the hammer, then looked at the “mammoth chiseled tooth” and said calmly.

“It’s my turn!”

After saying that, he slowly raised his hand, and the huge “Mammoth Tooth” was lifted up by the “Chi Emissary”, along with the huge hammer in her hand.

All the spectators who saw this scene, as well as the various powers, were astonished.

“What is this? Is that monster ‘Fei Lian’?”

“The Shadow of Death’s Liuyun muttered as he looked at the monster behind the “Chi Emissary”.

The Hidden Family acted in a low-profile manner, basically most people were not aware of their existence, and what they knew were all kinds of rumors and legends, so Liuyun also did not know the identity of the “Chi Emissary”, but he did feel that the “Eagle Fei Lian” was somewhat familiar.

However, what puzzled him and the other forces was that the giants of Miaojiang, who had just been at war, suddenly started to support him behind Ye Lu, knowing that the Companions, the Cult of Evil and the Ghost Sect were all giants.

In particular, the Companions and the Ghost Sect have deep roots in the Miao Frontier, with a history of at least a thousand years, and no one dares to mess with them on the surface.

However, now the three giants of the Miao Frontier were all standing quietly behind Ye Luo, as if they were Ye Luo’s servants, which made everyone feel incredible.

“Is that ‘Mr. Luo’ a ‘god’? Can make others believe and follow him?”

“I don’t know, in any case, I feel that this person is not that simple.”

“However, I feel that even if all of them are on it, they are no match for that eagle-riding monster guy, right? Look how strong this guy is.”

.....

In the midst of the crowd’s lamentations, the “Chi messenger” had already beaten the huge “mammoth chiseled tooth” into a flying flesh and blood with a fancy punch, and the air was like a rain of blood, with scattered bones and corpses everywhere.

The blow was so powerful that everyone was shocked.

“How can this guy be so strong?”

“It’s totally strength type guy’s ah, is it a bronze head and iron bones, invulnerable to swords and spears.”

“This is the end of that bearded man, I guess one punch is going to smash him into a meat cake.”

“Who says it isn’t, the difference is too obvious.”

.....

The power that Ye Lu showed before was not very strong and his combat power was not too great, what impressed everyone instead was the “Tong Tian Vine” on him, everyone envied Ye Lu for having such a good thing.

However, everyone was not very optimistic about Ye Lu’s own strength, after all, when Ye Lu fought against that group of people before, he did not perform very strongly, and was even beaten up by these people, and the audience felt that if it was not for the protection of the vine, Ye Lu would have been killed long ago.

And this time, looking at the strength and destructive power of that giant man, even if Ye Lu had the vines to defend him, he would still be hammered to death by his opponent’s fist, and the shock could probably shatter Ye Lu’s internal organs into pieces.

After breaking the “Mammoth Chiseled Tooth”, the “Chi Emissary” looked at Ye Lu and clapped his hands and said.

“I really admire you for making such a powerful thing, come back to the clan with me, tell us your secret, we can not kill you, even let you become a member of the clan.”

Seeing the “Chi Emissary’s” condescending attitude, Ye Lu smiled and shook his head.

“I don’t think that’s necessary, if you don’t want to die, then get lost!”

Hearing Ye Lu’s words, the “Chi Emissary” immediately froze there, he was a bit confused.

Behind Ye Lu, the people from the Evil God Sect and the Ghost Sect also opened their mouths wide in confusion, they didn’t understand why Ye Lu dared to say that.

“Is this guy crazy?”

“I don’t know, anyway, whether he’s dead or alive, we should all be fine.”

“That’s true.”

.....

In the midst of the whispers of the crowd, the “Chi messenger” laughed wildly and said.

“Hahahahahaha, it’s the first time I’ve seen you so selfless, well, then I’ll fulfill you and send you to hell, taking your secrets with you.”

With those words, he swung his fist, and the terrifyingly strong wind blew the ice and snow on the mountain top.

However, this time his fist stopped just halfway out, for the terrifying white flames had struck through his chest, and following from the wound, the white flames spread out, and the giant man’s chest became a ball of fire.

“This

The giant man looked down at his chest in some disbelief, and then looked at Ye Luo again, before he collapsed like a wall.

The demonic beast “Eagle Fei Lian” quickly flew up in fear, it circled twice in the air and saw that the “Chi Emissary” was really dead, and only then did it raise its wings and fly away.

The whole of Jade Dragon Snow Mountain was quiet.

Chapter 379

Those people from the “Evil God Sect” and the “Ghost Sect” who were still reluctant before were completely convinced this time, and they all looked at Ye Lu in awe.

“What kind of flame is this, it actually killed the ‘Chi Emissary’ with one blow.”

“Yeah, it’s really impressive.”

“But, I’ve never seen this kind of pure white flame before!”

.....

In fact, what people don’t know is that what they saw was not the true form of the “Origin Fire”, even the underground fire lake was not the true form of the “Origin Fire”, because the flames in the earthly realm are still “mortal fire”, while this “Origin Fire” is a heaven-destroying thing, so it’s not a big deal for Ye Lu to fuse three “spirit fires” to destroy the “Chi You Emissary” with one blow.

The fusion of three flames is not as simple as “two plus three”.

“Alright, don’t get emotional, let’s go!”

Ye Lu looked at the crowd and said.

The battle at the top of Jade Dragon Snow Mountain had probably caused a lot of commotion, he didn’t want any more changes, he had to hurry to rescue Gu Shiqi and the others.

This time there was no obstacle, under the guidance of the “Ten Thousand Compulsions Poisoness”, we arrived at a valley, in which there was a sizeable secret realm, and this was the headquarters of the “Compulsion Race”.

However, just as they reached the entrance of the valley, a member of the Evil God Sect came out and looked at the Evil God Sect’s sect leader and said with a respectful salute.

“Lord Patriarch, you have returned.”

Ji Yunpeng then looked at him and asked.

“How is the situation of the hostages?”

As a result, the man said with a bitter face.

“Your Holiness, the hostages are basically fine, but one was taken away by the ‘Lord Special Envoy’.”

Hearing that one had been taken away, Ye Lu was anxious, and he quickly interjected and asked.

“Took one away, who was it?”

Unexpectedly, this guy actually gave Ye Lu a glance and said in an unsavoury manner.

“Who are you, you dare to talk to me like that, do you know what the consequences are for interrupting our conversation?”

Ye Luo didn't bother to talk nonsense to him and said directly to Ji Yunpeng.

“Go and teach him how to talk.”

Ji Yunpeng had always been known for his cruelty, so without hesitation, he walked over and sent this guy flying with a punch, then said coldly.

“This is my master, tell me quickly, who is the one who took away?”

The fellow hurriedly got down on the ground and said.

“Master and boss, the one taken away is a girl called Gu Shiqi.”

When he heard that the “Chi Envoy” had actually taken Gushiqi away, Ye Lu's brow furrowed, and he regretted that he should have taken a closer look at Gushiqi's profile before.

Ever since the trip to Japan, Ye Lu had not met with Gushiki, he had asked her out, but Gushiki did not know what she was up to, she was busy all the time.

“It's really troublesome, did he say what he took Gushiki for?”

Ye Luo looked at this guy and asked.

This time the guy didn't dare to be trustworthy, he said seriously.

“Report boss, we don't dare to ask either, that envoy didn't say either.”

Ye Luo nodded, then turned his head to look up at Ji Yunpeng and a few of them and asked.

“Do you guys know where the ‘Chi You Clan’ resides?”

As a result, all of them shook their heads, and then Ji Yunpeng said.

“This, we don't even know, because every time it's the ‘envoys’ who come directly to us and convey all kinds of news, as for what secret realm they are in, we don't know.”

This made Ye Luo get very depressed.

If one didn't know the coordinates, trying to find the entrance to a secret realm would simply be impossible.

“Let's hope that nothing happens to Gushiki.”

Ye Luo muttered secretly, then after thinking about it he said to everyone.

“Do you both have formations where your headquarters are?”

“The place where the “Compulsion Clan” was located was moved here because the “No Compulsion Poisoness” liked it, so of course there was no such thing as the “Great Valley Protection Formation” of Shennong Valley.

As a result, Ji Yunpeng shook his head and said.

“We’ve only been established for a short time, we don’t have such a thing yet.”

However, the “compulsionless poisoness” said, “Our “compulsion tribe” did have one in the previous place, but it was abandoned, just like the “divine farming valley”.

The master of the “Ghost Sect” said.

“Our Ghost Sect’s appears to be complete, however, only part of the ‘Illusion Formation’ can be used.”

The words of these two guys made Ye Lu a little happy, so he looked at the three slaves and said.

“Next, I will help you guys repair the formation of the clan land, when the time comes, you guys try to keep all the elites in the clan land, at least you can save your lives in front of the great powers.”

To be honest, that “Chi You envoy” just now made Ye Lu feel a bit creepy, if that bastard didn’t think too highly of himself and was too arrogant, Ye Lu couldn’t have succeeded in one blow, as long as that giant could dodge his fatal blow, Ye Lu would be the one to be beaten next.

So, Ye Lu knew very well that the other party was definitely not a master to be messed with.

Following that, Ye Luo went into the secret realm first and found the captured hostages.

It was Nie Yibiao’s first time experiencing such a thing, and they felt scared and excited at the same time, in short, they had very mixed feelings.

Ye Lu did not reveal his identity, even though the “Ten Thousand Compulsions Poisoness” and a few others already knew the details, but the fewer people knew about this matter, the better.

He let everyone else go, leaving only Long Fei Xue behind.

“Ye Lu, what kind of cultivation level are you now, even these people listen to you so much, you are too much of a bully.”

Seeing how Ji Yunpeng and the others all obeyed Ye Lu, Long Feixue looked at Ye Lu with an incredulous face and asked.

Ye Luo looked at her and smiled and said.

“It’s also a matter of chance that they listen to me, what about you now, what is your cultivation level?”

Hearing Ye Luo ask, Long Fei Xue said with a smile.

“I’m also improving very quickly oh, I’m now a ‘Second Level Sovereign’, however, it seems that the gap between me and you has increased instead of decreasing.”

To be honest, despite the various pills prepared by Ye Lu, Long Feixue’s improvement still made Ye Lu feel a little surprised.

He knew that the head of the Long Family, Long Ao, was only a “Second Level Grandmaster”, which in many families was already at the level of a family head, and only the great families could have “Grand Grandmasters”.

Ye Lu nodded and then thought about it and said.

“There is a place that should be of great help to your advancement, however, it is isolated from the world, so I have to ask your opinion, do you want to go? However, it shouldn’t be you alone, I guess there will be other people cultivating with you when the time comes.”

Ye Luo said.

The place he was talking about was of course the fire lake of the Nine Heavenly Mystic Fire, the “Fire of Vitality” was very helpful for cultivation, moreover, the Nine Heavenly Mystic Fire was wood attributed, and the “Divine Beast Green Dragon” was also wood attributed, so for Long Feixue the Nine Heavenly Mystic Fire was more suitable.

Long Fei Xue agreed without even thinking about it, she was already a cultivation fanatic and would not miss such an opportunity.

Next, Ye Lu began the work of repairing the formation.

The easiest one to repair first was the “Ghost Gate” formation, which was called the “Spirits, Demons and Monsters Formation”, a ghost formation passed down from the legendary “Chi You” and the “Emperor” during their battle.

The place where the “Ghost Gate” is located is also full of gusty winds, and is indeed an extremely dark place.

After that, there is the formation of the “compulsion tribe”, which is called the “Li Evil Formation”. According to legend, the formation was made by the “Li Evil”, a great sorcerer of the “Jiu Li tribe”, who is also the ancestor of the “compulsion tribe”.

Therefore, these two formations are actually very subtle, and Ye Lu learned a lot while repairing the formations, but unfortunately, he was not able to find out the news of Gu Shiqi even though he offered a big reward in the “Underworld App”.

After that, it was the formation of the “Evil God Cult”. Their secret realm is in a stone mountain, which is very suitable for making formations.

“It’s okay if you don’t have one, I’ll help you draw a formation.”

Of course, this was not the only place he wanted to create a formation, he also wanted to build a formation in the underground palace where the Nine Heavenly Mystic Flame was located, so that Long Fei Xue and the girls could use the Nine Heavenly Mystic Flame to cultivate there, after all, although they had strong bloodlines, they were a bit late in starting.

Seeing that Ye Lu could even draw formations out of thin air, the “Ten Thousand Compulsions Poisoness”, Ji Yunpeng, the “Ghost Sect” Sect Master and the others were all surprised.

“Although they were Ye Lu’s servants, the “master-servant contract” did not affect them much, and their daily routines did not change much, so when they saw that Ye Lu was actually so strong in formations, he knew too much.

For his part, Ye Lu smiled and said.

“Art is too much? By the way, do you guys know if there are any hidden families that are good at smithing and formations?”

As a result, Ji Yunpeng said.

“Actually, the ‘Chi You clan’ is good at refining weapons, according to legend, Chi You was great at ‘refining gold into weapons, cutting leather into armour, and starting to make the five weapons’, so they are very good at refining weapons, however, they have not been in the secular world for too long, and I don’t know how things are going now.”

“In addition, there are also many legends who are good at using formations, for example, the great god of Southern Chu, ‘Eastern Emperor Taiyi’, is an expert in formations, and once refined the ‘Zhoutian Star Dou Grand Formation’, which is said to be a terrifying and destructive grand formation, and the legend of ‘Fuxi’ was also an expert in formations, and it is said that the ‘Eight Trigrams Formation’ was created by Fuxi.”

Hearing Ji Yunpeng’s introduction, Ye Lu immediately felt a little bit drummed up in his heart, regardless of the others, the fact that the “Chi You Clan” was good at smithing was indeed a bit troublesome.

“I don’t know what level this formation of mine is, I hope they won’t be easy to break.”

However, in the end, Ye Lu still felt a bit unsure, so after drawing the formation for the “Ghost Clan”, he thought of another way, which was to move part of the “Nine Heavenly Mystic Flame” to the “Shen Nong Valley”, because in Ye Lu’s opinion, if the “Chi You Clan” really attacked, most of them would not attack the forces of the “Miao Frontier”, but would definitely attack the important people around him.

Therefore, Ye Lu felt that it was better to put the people around him in a safer place.

So, instead of creating a formation on the side of the Nine Heavenly Mystic Flame, Ye Luo began to communicate with the two “fire spirits” inside.

“You human, what do you want from us? Don’t think we really don’t dare to burn you to death.”

One of the fire spirits said to Ye Luo.

In fact, Ye Luo knew very well that it was just talking, if it wanted to do something, it would have done it long ago. In fact, for the Fire Spirits, although “taking over the body” was the best result, it was also a good result to fuse with a human like Ye Luo, at least it was better than disappearing in the end.

Therefore, they did not have any great hostility towards Ye Lu.

Ye Luo, on the other hand, smiled and said.

“I’m looking for you guys to discuss one thing, I see you guys are quite bored here, why don’t I change the place for you, to a lively place, and take the flames with you.”

Seeing that the “fire spirit” was pondering, Ye Lu continued.

“Don’t worry, there will be benefits for you, I will find a way to help you find a suitable body to take over, so that you can live the life you desire.”

These words had touched the Fire Spirits.

They did not dare to leave the Lake of Fire and were trapped here, and it was too difficult to find a suitable candidate to take their bodies.

As they grow, they become stronger and stronger, and the stronger they are, the harder it will be to find someone to take their bodies from, and I’m afraid they will kill them just before they get close to their bodies.

Of course, the communication between Ye Lu and it is also the communication of ideas, which is related to Ye Lu’s fusion with the Fire Spirit, otherwise ordinary people cannot communicate with them.

Hearing Ye Luo’s words, the two fire spirits were overjoyed.

However, one of them said.

“I have a request, can you put the two of us in different places, I’ve had enough of this guy, I want to separate from him.”

Hearing this one’s words, the other one didn’t show any weakness and said.

“You want to leave me, I want to leave you, get as far away from me as you can.”

As a result, the two “fire spirits” argued first.

Ye Lu felt that the two of them were like a happy couple, so he looked at them and said with a smile.

“You guys are quite interesting, if we really separate you, will you feel lonely? I advise you guys to think about it carefully.”

As a result one of them said.

“No need to think about it, the two of us have been arguing like this for I don’t know how many years, we got tired of it long ago, besides, if we miss each other, won’t you just get us together again.”

Ye Lu thought about it, then nodded.

Anyway, it was not up to Ye Lu to decide what to do when the time came.

So, Ye Lu and the two Fire Spirits made a deal, and after that, Ye Lu released the Great Wind and took one of the Fire Spirits with him and flew in the direction of the Shen Nong Valley.

The flames were so huge that they formed a huge ball of fire in the air, with a diameter of hundreds of metres.

He didn’t expect to take away such a large area, which could have constituted another small “fire lake”.

Seeing that Ye Lu had actually brought such a large “Fire Lake” to the “Divine Farming Valley”, the Valley Master Jiang Wu Ya was also shocked by this gesture.

“Is this the ‘Fire of Vitality’?”

He looked at the “Nine Heavenly Mystic Flame” in amazement and said.

“With this lake of fire, our ‘Divine Farmers’ Valley’ is going to be prosperous this time, and it is estimated that all the plants will be able to grow several times more efficiently than before.”

This was true, because the fire lake could turn more than 2,400 square kilometres of Xishuangbanna into a dense tropical rainforest, and it was the only well-preserved continuous large tropical forest in the world.

The impact on the “Shen Nong Valley” is simply too great, given the size of its secret realm.

Ye Lu smiled and continued.

“Don’t worry, there’s one more thing I need your help with.”

As he said that, Ye Lu let Long Fei Xue, who was following behind him, come over and said.

“I’ll give you guys the ‘Flame of Vitality’, you guys have to help me take care of Miss Long, moreover, don’t be stingy with what you have in the valley, give Miss Long what she should eat, don’t do the same as feeding my ‘Tongtian Vine’, look at the meat you It hurts as if it’s eating your flesh.”

Hearing Ye Lu’s words, Jiang Wu Ya immediately smiled sarcastically in embarrassment, he was indeed very meat sore, he himself was very clear about it, but the benefit was really too big, which he hadn’t expected at all.

“Hehehe, don’t worry, I’ll take care of your girlfriend.”

Seeing Long Fei Xue’s clear and beautiful appearance, Jiang Wu Ya immediately misunderstood, Ye Lu saw Long Fei Xue’s red face and did not explain, he thought about it and did not explain either, after all, a blind explanation might make Long Fei Xue very humiliated.

So, Ye Luo waved his hand and said.

“Alright, just take care of it, serve it well with good food and drink, ‘Fire Spirit’ let’s go in.”

Saying this, Ye Luo took the Fire Spirit and went into the secret realm of the Shen Nong Valley.

After setting up the Fire Spirit and giving a few more instructions, Ye Lu returned to the Fire Lake and said to the other Fire Spirit.

“Brother Fire Spirit, I’m going to take you to a faraway place, but I’ll take you away now, wait for a few days, I’ll come to pick you up, a few days is nothing to you.”

“The Fire Spirit was of course very unhappy, but there was nothing else he could do, so he finally agreed.

Ye Lu was going to take it to the secret realm of the Hundred Flowers Sect, which was too helpful to him, and according to Jasmine, the Hundred Flowers Sect was full of flowers and plants, so this Nine Heavenly Mystic Flame would definitely be very helpful to them.

Of course, Ye Lu also wanted to put Liu Mei and Qin Siyu into the “Hundred Flowers Sect” as well, now that the matter involved the “Chi You Clan”, although they didn’t know their background yet, they had to guard against it.

However, just as Ye Luo was thinking this, Lin Ru Yue’s phone call came.

“Master ah, where are you, the ‘Pill Refiner’s Conference’ is about to start, come back quickly and get ready, our Mo Lian Clan is depending on you.”

Lin Ruyue said with some urgency over the phone.
