

Super Student 401

Chapter 401

“The Ge family was obviously targeting Ye Lu, and the Suiren clan had also become an accomplice this time.

The best way to hit them in the face was to make the pill and show them. In Ye Lu’s recipe, these guys had set three traps and only gave one ingredient.

So, Ye Luo said while refining.

“‘Ge Clan’, isn’t your temperament too small, to actually put three traps on this test of mine, unfortunately, the Suiren Clan, you presume to call yourselves experts, but your level is actually nothing more than that.”

“Your first trap was to put in an extra small dose of an herb, right?”

With these words, I took out one of the ingredients.

Seeing Ye Lu’s action, the “Suiren’s” questioner frowned.

Ye Lu continued to say as he refined it.

“The second trap is that the ‘sharp crystal ore’ is overwritten by a penny, right?”

With his words, the questioner of the “Suiren Clan” turned even worse.

Because he knew what Ye Lu was saying was right, but he couldn’t figure out how Ye Lu had figured out these things, because if there was only one mistake in a Dan recipe, it might be fine, but if there were three mistakes, then the difficulty in analyzing it was not as simple as multiplying it by three, and the questioner asked himself that he was not capable of analyzing the problems with this Dan recipe in a short time.

Not only that, he felt that even the “Dan King” of the “Ge Family” did not have this level, because the purpose of their question was to kill Ye Lu, and, in their opinion, they could definitely kill Ye Lu.

However, Ye Luo had already followed and said.

“The third trap is that the order of fusion is a problem, as long as the order of the ‘Spiked Crystal Ore’ and the ‘Fiery Stone’ is put in reverse, it will blow up, right?”

As he was talking, Ye Lu had already processed the pills and put them into the dan furnace.

As he began to fuse the ingredients, he continued.

“There’s another one, this dan recipe you guys gave me, the best quality can only refine a ‘Xuan grade’ dan, right? You guys are really dark!”

Seeing Ye Luo poke holes in all their traps as if he saw everything, and every time Ye Luo said something, the audience made noisy comments, which made the “Ge Family” and the “Suiren Clan”, the person who had asked the question this time, feel that their faces had no glory.

“It’s really dark, it’s not giving people a chance!”

“Yeah, how many times harder is this going to be? That ‘Xie Tinglin’ wasn’t right to bet against Ye Lu.”

“Right my ass, he’s just a wimp, can’t you see Master Ye has seen it all through, that’s the difference.”

“You have a point, the difference between Grandmaster Ye and that Xie Tinglin is really not a star and a half!”

.....

Hearing everyone’s words, Xie Tinglin’s face had turned from iron blue to somewhat black, he somewhat regretted that he had just gone to play that p*ssy, just honestly follow the method Ye Lu said to refine it and then turn in.

However, at the same time, his heart was filled with appalled emotions because Ye Lu’s performance was simply too terrifying, not just terrifying, it could be described as horrifying.

Regardless of Ye Lu’s level of refinement, Xie Ting Lin could only look up to this kind of eyesight, instantly seeing the problems with everyone’s dan recipe, and then seeing the problems with his own dan recipe, this kind of ability, no one could match.

However, at this very moment, the crowd of onlookers once again let out a cry of astonishment.

Then, the man from the “Ge family” who was in charge of the inspection on the central platform announced in a loud voice.

“No. 528, Mo Trang, Dan Cheng, 4th rank Heavenly Grade, passed!”

Hearing this, Ye Lu couldn’t help but turn his head to look at the woman called “Mo Tranquil”, because, this was too scary.

The “Fourth Order” pills corresponded to the pills used by cultivators of the “Ninth Turn of the Golden Elixir”, and to be able to refine such pills into “Heavenly Grade” and to see the light, they were still at the peak of the “Heavenly Grade”, which meant that this “Mo Tranquil” should be the strongest among all the participants.

This meant that Mo Tran was the strongest of all the participants, because the highest grade of potion that the participants could make was a “fourth-grade” potion.

Everyone was in an uproar because the result was so amazing.

“This person is already invincible!”

“It feels like it, who else can surpass this level.”

“Yes, there’s nothing to pick from, no matter the level, quality, and speed.”

“But maybe that Ye Lu can surpass him, don’t you see that Ye Lu is also very demonic.”

“It’s unlikely, maybe the level is about the same, but the level difference is too much ah, that Ye Lu is only ‘Sovereign level’ and others are a big level difference, how can we compare?”

.....

When he heard the people's discussion, the Ren Family's consecrator, the white-browed and white-bearded "Dan Yunzi", sighed first.

He felt that he had lived to be a dog's age. Although that Mo Trang was wrapped up tightly, from his figure and appearance, he should only be about twenty years old, but his level of pill refining was far beyond his own. Despite Ye Lu's reminder, he felt that due to his complete unfamiliarity with this kind of out-of-the-way pills, he could only barely refine to "Heavenly Grade".

"Could it be that the championship this time will go to someone from the 'Devil's Path'?"

"Dan Yunzi" could not help but mutter.

He then heard the same sigh from the expert of the Suiren Clan beside him, because the Suiren Clan, the Yan Clan, the Pill Alliance and the Dan Tower were all renowned sects, or at least they thought so, while the Heavenly Demon Palace was an even more terrifying "demon path" than the "evil cultivators".

It is said to be the arch rival of the "War of Extinction", and that it had caused a bloodbath hundreds of years ago, but it has been lying dormant for years, just like Kurlun.

However, in everyone's opinion, these benefits should not be allowed to go to the hands of the "Heavenly Demon Palace" under any circumstances.

There were many legends about the "Heavenly Devil Palace" and the "Heavenly Devil", and each of them was terrifying, but, to be honest, the "Medicine Refiner's Conference" did not stipulate that people from the "Heavenly Devil Palace" could not participate.

In fact, hundreds of years, close to a thousand years, had already made everyone forget many things, and there was one more thing: no one could be sure that this woman called Mo Trang was from the Heavenly Demon Palace.

In Lin Ruyue's heart, she actually had another question mark, that is, she felt that this woman called "Mo Tranquil" resembled her own master "Mo Lian" in all aspects, including her appearance and temperament, and it was too similar.

"Mo Lian, Mo Trang, could this woman really be related to Master?"

She muttered darkly as she watched the tightly wrapped woman from the bleachers.

Like "Dan Yunzi", Pill Shu could only refine pills to the level of "Heavenly Grade", but could not reach the peak of "Heavenly Grade".

Of course, this was not easy for Pill Shu, for after all, her cultivation level was only at the "Fifth Turn of the Golden Elixir" level, and so was that of Xie Tinglin.

The reason why Pill Shu was so strong in alchemy was that she also possessed one of the Ten Great Origin Fires, but she only had a part of it, namely the "Heart's Sovereign Fire" of the "Samadhi True Fire", while Xie Tinglin possessed the "Kidney's Vassal Fire" of the "Samadhi True Fire", which was why Xie Tinglin always used his kidneys in everything he did.

Of course, this is also the reason why he was so determined to marry Yushu.

However, Xie Tinglin had also discovered that even with one of the “three true flames”, he could not do anything to that woman.

“It seems that we are targeting the wrong person!”

At this moment, the questioner from the “Suiren Clan” said, looking at the red light on the high platform.

Ge Yun also sighed helplessly and said.

“Yes, if the ‘Heavenly Demon Palace’ really took away the ‘Origin Fire’, how can we, the decent alchemists, still have any face to live in the alchemy world!”

“I should have known that I would have given all these topics to that ‘Mo Tranquility’, this is great, there is only the last one left tomorrow.”

After Ge Yun finished speaking, the question writer from the “Suiren Clan” looked at Ye Lu on the high platform and said quietly.

“Now it looks like our only hope is to rely on him, how ironic!”

Chapter 402

Despite these words, the questioner from the “Suiren Clan” understood that even though Ye Lu may be a demon, he was only a “Master” level expert, and there was too big a gap between his cultivation level and that of Mo Trang.

The last competition tomorrow will be the same as the previous ones, where all restrictions will be lifted and all participants will be allowed to prepare their own ingredients, prepare their own recipes and make the strongest and most valuable pills they think they can.

In other words, there will be no chance to cheat even if you want to.

Hearing the words of the questioner from the “Suiren Clan”, Ge Yun thought for a moment and said.

“I’m afraid it’s not that simple... I can only use a little bit of extraordinary means for extraordinary matters.”

In response to Ge Yun’s words, the questioner from the “Suiren Clan” did not make any comment, but fell into a deep thought, and then he asked.

“Which family is this man representing and how did he get in?”

Ge Yun said, somewhat helplessly.

“He represents the ‘Zhu Rong clan’, you should be familiar with it, the ‘Fire God’ clan, no one would suspect, and we also gave the ‘Zhu Rong clan’ have sent invitations, it’s normal for people to send people, and their identities are all confirmed, but, I didn’t expect such a person to come.”

“The Fire God Zhu Rong was also one of the great powers of the ancient times. According to legend, after losing a battle with the Water God Gong Gong, he broke the “Bu Zhou Mountain” that supported the sky and broke a huge hole in the sky.

Although the “Fire God Zhu Rong” clan was not as powerful as the “Yan Clan” or the “Sui Ren Clan”, it was still a significant existence among the hidden alchemy clans, so there was no excuse for Ge Yun to allow her to participate in the competition.

Therefore, when Ge Yun finished speaking, the people of the Sui Ren Clan did not say anything else.

Everyone looked in Ye Lu’s direction, as the others had already come on stage one after another, but none of them could surpass the woman called Mo Tran.

Now it was up to Ye Lu.

However, in his heart, Liuyun knew very well that even though Ye Lu had detected the trap in the recipe, Ye Lu had no chance at all this time because the recipe was of such a low level, and he also wanted to take this opportunity to see Ye Lu’s level of alchemy, not really wanting Ye Lu to surpass Mo Tran in this round.

“It’s done!”

Ye Lu’s refining speed was extremely fast, and soon, he flew to the round platform in the centre with the “Dan Furnace”, and then took out the pills and put them into the apparatus.

Without any surprise, a white light came on, followed by a green light.

However, the light did not stop at the area of green light, but went straight to the area of yellow light.

Seeing this scene, Ge Yun’s fist clenched, and the audience around him also held their breath.

The yellow light rose quickly and followed it into the area of the red light.

“Ooh!”

At this point, someone couldn’t help but exclaim out, but no one said anything as the pillar of light was still going upwards, a little slower but not stopping, slowly approaching the scale line.

Everyone’s heart was in their throat, and the black area finally appeared, which meant that this elixir made by Ye Lu was actually a “holy product.”

Seeing this scene, Ge Yun “rubbed!” Not only him, but almost all the people on the podium stood up.

This was because they all knew what kind of Dan recipe Ye Lu had been given, and even if the “Dan God” were to refine this kind of crap, it would be impossible for him to make a “Saint Grade” pill, but the truth was right in front of them.

“Wow!”

“Holy sh*t!”

“What the hell?”

“This can work, it can’t be true!”

.....

A few moments later, the whole venue was in chaos, because this was the second time a “holy” pill had appeared, the first time it was Lin Ruyue, and this time it was Ye Lu, and Lin Ruyue and Ye Lu had come together, their numbers were 9527 and 9528 respectively, and they were both from the “Mo Lian lineage”, if this was all a coincidence, no one would believe it.

“How did he do that?”

Ge Yun looked at Ye Lu, who was smiling and standing on the centre round platform, astonished beyond words, because things were so unbelievable that he suddenly felt as if Ye Lu was a god-like being.

It wasn’t just him, Pill Shu who had long since arrived at the stands thought the same thing, she found that everything Ye Lu did was simply incomprehensible.

She had read that recipe and all the herbs, and no amount of refining according to that recipe could have produced a pill of such quality.

Following that, everyone shouted like crazy, everyone’s aim was simple, they wanted Ye Lu to tell everyone how he had done this.

Seeing that if he didn’t tell them, everyone would be unrelenting, Ye Lu cleared his throat and said.

“Okay, everyone be quiet for a moment, I’ll talk.”

“I was able to do this because I modified the dan recipe, that one was too bad, I modified these aspects, firstly, I adjusted the

Ye Lu began to briefly talk about his transformation method.

Almost everyone was listening quietly, including Ge Yun and the “Suiren Clan” questioner, and even the “Dan King” Ge Feilong, who was watching all this from a distant VIP room, was also listening carefully to Ye Lu’s explanation.

Every time Ye Lu explained the content of the transformation and the reasoning behind it, everyone showed an expression of sudden understanding, and many people began to nod their heads frequently.

Soon, even the people who were talking were slowly silenced, and everyone was listening to Ye Lu’s explanation like a primary school student listening to a lesson, and many people had a feeling of enlightenment.

Finally, Ye Luo finished explaining it all.

“Tsk! It’s really ‘listening to a lecture from a gentleman is better than reading a book for ten years!’”

“Yeah, this didn’t expect that the real pharmacology was like this.”

“Yeah, it’s completely overturned my previous philosophy of alchemy.”

“The Three Stooges, that’s my teacher!”

.....

All of them showed expressions of admiration.

If everyone had been somewhat dismissive of Ye Lu's attitude before, or had the suspicion that he was clamouring for attention, this time, almost everyone understood that this young man was truly level headed.

In fact, Ge Yun also felt that Ye Lu was not too reliable, thinking that he might have succeeded by some kind of skill, or some kind of cheating means that they did not know, but after Ye Lu showed this hand, everyone's suspicions were lifted, Ye Lu did not seem to have succeeded by crooked ways, and people did have an extremely deep understanding of medicinal theory and alchemy.

Ye Lu was quite satisfied with the result of his foolishness, which was of course provided to him by "Glasses", who did not understand such profound knowledge.

Xie Tinglin, on the other hand, was so downhearted that he almost collapsed, because he found that the difference between him and Ye Lu was so great that it was a world of difference.

However, Ye Lu's appearance made him understand that there were people outside the sky.

Seeing this scene, that Mo Trang, who had been masking her face, also raised her head and looked at Ye Lu with a strange look in her eyes.

After that, the other pill refiners who hadn't finished yet of course refined their pills one after another, but nothing more surprising happened.

After everyone had finished refining, Ge Yun once again walked up to the podium and said in a loud voice.

"Well, this is the end of the second round of competition, please prepare for the final round tomorrow, the rules of the competition are understood by everyone, the final champion will also be crowned tomorrow, who will be the winner of the 'Violet Sky Flame', let us wait and see."

When he mentioned the 'Violet Sky Flame', many people licked their lips, while others clenched their fists, this was a legendary flame.

Whether it could be fused or not, it was an extremely difficult thing to obtain!

Only the legendary "Kunlun" could have such a thing, as legend has it that the first "fire" used by humans came from the Palace of Light on Mount Kunlun.

Thus, the lively day finally ended, and Ye Lu and Lin Ruyue returned to the small building in the camp.

However, before they could enter the small building, the guests arrived.

"Ye Lu, can I come in and talk to you for a few minutes?"

Pill Shu said with a smile from behind Ye Lu.

Ye Lu looked at Pill Shu and thought about her special status, then nodded.

Chapter 403

However, Ye Lu did not know what Pill Shu wanted to do by looking for herself.

After entering Ye Lu's small building, Pill Shu looked at Ye Lu and said with a smile.

"Ye Lu, first of all, I'd like to say sorry to you, I cared too little about the 'Mo Lian Lineage', so I never knew about you, and Master Lin Ruyue."

Hearing Pill Shu call herself 'Grandmaster', Lin Ruyue immediately became embarrassed.

She looked at Pill Shu with some embarrassment and said.

"Master Pill Shu, don't say that, I'm not a master, I'm just an ordinary pill refiner, I wouldn't dare to say that about me."

As a result, Pill Shu smiled and said.

"Have you forgotten the rules of our 'Pill Alliance'? Anyone who can produce a 'Holy' pill, no matter what rank, will be honoured as a 'Master! The 'Star Pill Refiner' badge will also be changed to the 'Master Pill Refiner' badge. 'Master' is also very reasonable!"

Of course, Ye Lu did not know these rules of the Pill Alliance, but from Li Ruyue's somewhat embarrassed expression, he could tell that there should really be such a rule.

After thinking about the structure, Lin Ru Yue said.

"Well then, I'd better go first, you two can talk."

To be honest, talking with a heavenly girl like Pill Shu made Lin Ruyue very stressed because Pill Shu was different from Ye Lu, Ye Lu was a tease that could be flirted with, while Pill Shu was a very serious genius.

Seeing Lin Ru Yue leave, Pill Shu then looked at Ye Lu and said with a smile.

"Master Ye Lu, I also represent the 'Pill Alliance' this time, and we sincerely invite you to come to our 'Pill Alliance', firstly to help you with your official registration, and secondly, I think Master Ye Lu can also take the 'Star Pill Refiner' or 'Master Pill Refiner' qualification, of course, the more important point I came to is to ask if you have any intention to become an elder in our 'Pill Alliance'? If you don't want to worry about it, it's fine to put up a name."

Hearing Pill Shu's words, Ye Lu was also a little surprised, he also did not expect Pill Shu to make such a request.

So, he smiled and said.

"Isn't this condition too generous to give, how could I be able to obtain such an honor."

As a result, Pill Shue said with a smile.

"This is also the fault of our 'Pill Alliance', the dan recipe you provided, we have actually received it all hungry, only, at Elder Xi's place he did not pay attention to it, I just spoke to your alliance, that side said, because it was 'Master Mo Lian' this side provided the dan recipe, so they didn't pay much attention to it, and to say shame, the senior management only saw the recipe now."

“Don’t worry, Elder Xi has already been removed from his position.”

Hearing Pill Shu’s words, Ye Lu mourned for the poor Elder Xi for a few seconds, this guy had paid the price for his contempt of the Mo Lian Clan.

After saying that, Pill Shu looked at Ye Lu with an expectant expression.

Ye Lu thought for a moment and then nodded and said.

“Good, I will definitely go to the ‘Pill Alliance’ when I have time, I haven’t seen Master Mo Lian for a long time either.”

To be honest, although “Master Mo Lian” was nominally Ye Lu’s disciple, Ye Lu had never really thought about it that way, in fact, he had always been grateful to “Master Mo Lian”.

Hearing Ye Lu’s agreement, Medicine Shu looked at Ye Lu and said with a smile.

“Besides, Master Ye Lu, do you need any help in this competition? For example, if you need any help with herbs or anything else, we can do our best to help you.”

When Pill Shu finished speaking, Ye Lu smiled and said.

“I don’t need any help yet, however, I would like to wait until after tomorrow to make a deal with your ‘Pill Alliance’, I think you will definitely be interested then.”

However, Ye Lu did not say what kind of deal to make, and seeing that Ye Lu refused to say anything, Pill Shu smiled and then left.

However, not long after Pill Shue left, someone came to visit Ye Lu once again, and it was a group of people, as everyone saw Ye Lu’s potential and were ready to come and make friends.

For his part, Ye Lu asked his two brothers, Zhu Qi Huang and Miao Ren Long, to help fend off these people. Although Zhu Qi Huang had an eccentric temper, he had been teaching at the university for many years after all, so he was also very good at dealing with such things, not to mention Huang Ren Long, who was the owner of the pharmacy and was even more of a veteran.

However, soon after, Miao Fengling ran in and said.

“Master, that old man Ge Yun from the ‘Ge Family’ is here to see you, should I receive him?”

In Miao Fengling’s eyes, there was no authority, that’s why he called the big brother of the ‘Ge Family’, Ge Yun, an old man, in her opinion, no one could be more godly than her master, Ye Lu.

Seeing Miao Fengling’s appearance, Ye Lu smiled and said.

“Let him in, I guess our good deed has come.”

Ye Luo said with a smile.

Soon, Ge Yun came in, and as soon as he came in, he first apologized, saying that he shouldn’t antagonize Ye Lu, and then asked Ye Lu if he needed any herbs for tomorrow’s pills, and that the Ge family could provide all the herbs needed for tomorrow’s pills for free.

It seemed that this guy's intention to show goodwill was very obvious.

Of course, Ye Lu was not polite enough to rip him off first, regardless of whether he could use them tomorrow or not, but of course, Ge Yun also agreed with a smile, as long as the other party had the intention of making up.

The Ge family did not dare to lay a hand on Ye Lu, who was an official member of the Pill Alliance anyway and was about to become a hotshot in the Pill Alliance, and if they touched him, the Pill Alliance would never give up.

Therefore, the only way to heal this conflict now was to bleed and show goodwill.

After sending Ge Yun away, shortly after dinner, someone else came to see Ye Lu.

"Master, that Mo Trang has come to see you, however, she asked you to go out to see her, saying that she has something very important to talk to you about."

Hearing Miao Fengling's words, Ye Lu thought for a moment, then left the small building.

Soon, Ye Lu arrived at the bottom of the big tree designated by "Mo Tranquil", and sure enough, "Mo Tranquil", dressed in black, was already standing there waiting for Ye Lu.

Ye Luo did not know what Mo Tranquility wanted from him, so he stood at a distance from her and asked.

"Mo Tranquil, what is it that you are looking for?"

"Mo Tranquil looked into Ye Lu's eyes for a long time before she said.

"I'm curious, what kind of opportunity did you get to become so powerful, can you share it with me, maybe I can share something with you too."

It was the first time that Ye Lu heard "Mo Tranquil" speak, and what made Ye Lu feel a little surprised was that "Mo Tranquil" had a rather nice voice, young and crisp, like a silver bell, if one judged from her voice alone, this "Mo Tranquil" was probably a rather young woman.

This made Ye Lu believe the information he had read about Mo Tranquil, which showed that Mo Tranquil was a twenty-one year old woman, however, this woman was quite dangerous, as she already possessed a terrifying cultivation of "Golden Dan Seventh Turn" and should not be underestimated.

So, Ye Lu thought about it and said.

"My opportunity is my secret, I have no plans to share it with you, is there anything else?"

Hearing Ye Luo's words, "Mo Tranquil" then said with a smile.

"Of course there is, that is to send you to hell, I don't want anyone to hinder our plan."

With these words, "Mo Tranquil" lifted her white palm and waved it forward, a red flame blasted towards Ye Lu, surging and blazing.

At the moment the flame appeared, Ye Luo also saw the message of the flame.

“It’s actually another one of the ‘Ten Origin Flames’.”

After seeing perhaps the profile, Ye Lu was also shocked, no wonder this woman was so powerful, it turned out that she possessed the “Nirvana Flame” among the “Ten Great Origin Flames”, the legendary divine bird Phoenix was reborn through this flame, it was said that this death could make people live forever, it was also the flame among the “Ten Great Origin Flames” that was very close to humans.

He quickly released a pink flame shield, which looked simple but was actually a fusion of “Ghostly Inferno”, “Red Lotus Karma Flame” and “Nine Heavenly Mystic Flame”, so although the “Nirvana Flame” was fierce, it was still blocked by Ye Lu’s flame shield.

“Oh, you really have two brilliance, come again!”

Seeing the flames released by Ye Lu, “Mo Tranquil” licked her lips and then charged towards Ye Lu again.

This time, she chose to fight in close quarters, because Ye Lu had always disguised his cultivation level as “Level 5 Grandmaster”. According to “Mo Tranquil’s” logic, even though Ye Lu’s flames were powerful, his own combat power was much worse.

However, her easy conclusion had brought her bad luck.

Chapter 404

When she arrived in front of Ye Lu, two “magic treasures” suddenly appeared in Mo Tranquil’s hand, two oddly shaped semi-circular knives with an outer blade and a handle for holding.

The knives did not arrive, but the harsh blade had already cut into Ye Lu’s body, and Ye Lu turned sideways violently, and his clothes were immediately cut by the blade, but the skin and flesh that Mo tranquil had expected did not appear.

Inside the cut clothes, Mo tranquil saw green vines with thorns, these vines, wrapped around Ye Lu’s body in a circle, although the green juice flew under the slash, but it blocked the blow.

And Ye Luo had taken a deep breath long beforehand, and at this moment, he opened his mouth and spurted out a fierce mouthful of flame.

A huge pink ball of fire spurted towards Mo Trang.

This blow was completely unexpected, because in her opinion, even a “Grand Master” would have to use a “magic weapon” to release this kind of external “astral energy” or flame, Ye Lu had no reason to release it directly, unless he had some kind of “magic weapon” in his mouth.

However, it was no longer the time to study this, as flames were violently released from Mo Trang’s body, which then blocked Ye Lu’s flames like an armor.

“Awesome!”

Ye Luo had already the other party should not be able to block his strike, but he did not expect the other party to be so strong, defending against it in an instant, which made Ye Luo understand that the other party was definitely a real expert.

“Ai! It’s a pity about my clothes.”

Mo Tranquility sighed and then withdrew the “Nirvana Flame” from his body. After the “Nirvana Flame” disappeared, Ye Lu saw Mo Tranquility’s delicate body, and as a result, he found that on Mo Tranquility’s body, not only was there a pattern on the side of his face, there was also a pattern on his body, just like a tattoo.

A magnificent dragon’s head protruded from Mo Tranquil’s left shoulder and extended all the way to her left plump hemisphere, this dragon’s scaled armour flew and its eyes were fierce, looking unusually formidable.

“Candle Dragon!”

Upon seeing this pattern, Ye Lu blurted out.

Hearing Ye Luo’s words, Mo Trang then tilted her head and said.

“Huh! You still recognize the Candle Dragon, how strange, where have you seen the ‘Candle Dragon’ before?”

Ye Luo then said coldly.

“It’s none of your business, but I have a feeling you’re going to be unlucky.”

Hearing Ye Luo’s words, Mo tranquil said with a smile while releasing a piece of clothing and putting it on.

“I would love to know who can make me unlucky.”

Ye Luo then looked at Mo Trang and said.

“Before you came, a few people had come to see me, one of them was ‘Ge Yun’, he once suspected that you were from the ‘Heavenly Demon Palace’, are you or aren’t you?”

Mo Trang then said with a smile.

“How can I be someone from the Heavenly Demon Palace, I am a proper participant of the ‘Fire God Zhu Rong’ clan, how can I be someone from the ‘Heavenly Demon Palace’.”

For his part, Ye Lu said indifferently.

“However, what you are doing is very much like what people of the ‘Devil’s Path’ do, isn’t it?”

As a result, Mo tranquil said with a smile.

“Haha, don’t say it in an old-fashioned way, as if you know a lot, I doubt you’re even hairy, have you ever met someone from the ‘Devil’s Way’?”

At this question, Ye Lu was speechless, for he had never met anyone from the so-called “Devil’s Way”.

So, he could only say with a helpless sigh.

“Alright, you’re right this time, but I advise you to get out of here, otherwise you’ll have bad luck, don’t blame me for not warning you.”

When Ye Lu finished speaking, Mo Trang giggled and said.

“You’re really interesting, you want to play psychological warfare with me right, you’re too underestimating me.”

With those words, red flames in the shape of a crescent moon slashed towards Ye Luo, while Mo Trang also rushed over at the same time.

However, without waiting for Ye Luo to make a move, a huge flame fiercely rushed out from the side behind Ye Luo to meet the red flame crescent and blasted over.

“Boom!”

A huge impact sounded, it was obvious that the red flame crescent was sharper, however, this flame behind Ye Lu was obviously stronger in terms of quantity, so although the red flame crescent sliced through the flame, it was not able to completely cut through the fire.

The flames splashed out in all directions, followed by the red flaming blade being broken apart.

Following that, a figure appeared behind Ye Luo.

“Master Ye Lu, are you alright?”

Ge Yun said with some concern as he walked towards Ye Lu’s side.

Ye Luo, on the other hand, smiled and shook his head, saying.

“Looks just like I thought it would be, she really wanted to kill me.”

However, in Ye Lu’s head, he was doing some quick calculations. Because of the candle dragon behind Mo tranquil, he thought of Qin Siyu, who could transform into a candle dragon, which was a completely different concept from having the bloodline of a candle dragon, and Qin Siyu’s mother-in-law was a Miaojiang evil cultivator, whose background was the “Chi You Clan”, and now this Mo tranquil was carrying the pattern of a “candle dragon”.

Of course, what Ye Lu did not know at this moment was that all this would also involve his disciple “Mo Lian”, whom he had picked up for nothing.

Ye Lu had guessed before that if the other party was the so-called “Devil’s Way”, most of them would make him a “thorn in their side”, and referring to the previous style of evil cultivators, he would probably try to kill himself.

Therefore, he secretly discussed with Ge Yun and asked him to protect himself secretly, and anyway, he could see that Ge Yun actually had other intentions.

So, the two of them hit it off, using Ye Lu’s flames as a horn to act once the signal was given.

Just now, Ye Luo spewed out so many flames wildly, also for this purpose.

Ge Yun was also slightly surprised when he looked at Ye Luo unharmed, because at the beginning when Ye Luo checked that he wanted to go and talk to that Mo Tranquil by himself, Ge Yun was worried

because the gap between the two was so big that Ge Yun was worried that Ye Luo would be killed in seconds, and it was indeed likely that such a thing would happen with such a cultivation gap.

However, now it seemed that he had underestimated Ye Lu.

“How dare you lay your hands on other pill refiners, I will not let you off easily today.”

Ge Yun looked at Mo Tranquility and said coldly.

As a result, Mo Tranquility smiled sweetly and looked at Ye Lu and said.

“Little handsome, did you see that there is actually no such thing as a ‘devil’s path’ and a ‘righteous path’, what this one supposedly is a ‘righteous path’ is actually doing the same thing as You’re still too naive.”

To be honest, Ye Lu actually agreed with what this “Mo Trang” said in his heart, the “Ge family” style of doing things, including what they did to themselves before, was indeed very unscrupulous, and this time Ge Yun had also said that he would never let this Mo Trang become the champion of the “Pill Refiner’s Conference”.

However, Ye Lu would not dwell on these “devil’s way” or “righteous way” matters, anyway, his principle is, whoever dares to oppose his own people, f*ck him, regardless of whether it is “righteous way” or “devil’s way”.

So, he said, indifferently.

“It’s none of my business, you guys talk, just remember not to mess with me.”

At this time, Ge Yun had already made his move.

His beast fire was a brown flame, and Ye Lu saw that it came from a strange beast called “Di Jiang”, which seemed to be an ancient beast that the “Ge family” had been worshipping.

Ge Yun was already a “Golden Dan 9”, so he thought he could easily take down Mo Trang, but after he did so, he realised that Mo Trang’s combat power far exceeded his imagination, and not only him, but Ye Lu was also shocked by Mo Trang’s combat power.

The “Nirvana Flame” that this woman possessed was so terrifying that the “Emperor River’s” flames were not worth mentioning in front of it.

“This woman is terrifying!”

However, just at this moment, he suddenly felt a strong flame aura attacking him from the side.

“Holy f*ck! They have a backstroke too.”

Ye Lu was shocked in his heart, but he didn’t mess up as he gritted his teeth and said secretly.

“If you want to drive them to extinction so much, don’t blame me for not being polite.”

At the same time, Ye Luo’s counterattack had begun, he was going to make these guys who recklessly wanted to finish him off pay the price.

Chapter 405

He had three kinds of “Ten Great Origin Fires” in his body, so it was not that easy for him to die from other attacks, but the person who came over was obviously of a very high level of cultivation, so the flames wrapped around him and made Ye Lu feel unbearable pain.

“Sh*t, this is a bit like ‘rebirth by fire’.”

Ye Lu muttered in his heart, followed by seeing a guy wearing fiery red clothes walking over from the woods.

“Ge Yun of the Ge family has even made a move ah, really”

His words, just halfway through, came to a screeching halt.

Because, a white flame spear has poked through his defenseless throat, the spear poked through him after flying towards the forest behind him, everywhere he passed, grass and trees together with things were directly burned into nothingness, all burned out without even the flames rising, this is also enough to be able to reveal the terrifying of this white flame.

This pure white flame is also Ye Lu’s strongest flame, and is the ultimate colour of flame, just like light, red, green and blue light combined into white light, and Newton’s decomposition of the seven colours of light is also composed of white light, white is the ultimate in flame fusion.

If he didn’t use any of his cards, he would probably be at the level of “Golden Dan Fifth Turn”. However, if he included the flames, a single “Origin Fire” would allow him to fight at a small level, and such a strongest strike was no joke.

“Woo!”

The man in red who had just walked over with a confident face tried to say something after his throat was pierced, but, obviously, he could not say anything else, he looked at Ye Lu in disbelief and then “flopped!” He fell to the ground with a loud thud.

This blow also startled Ge Yun and Mo Trang, and both of them stopped at the same time.

Ge Yun looked at Ye Lu like a monster, he could not figure out how Ye Lu could have killed this man with one blow, he knew this man, he was an expert of the Zhu Rong clan, Mi Rong who was known as the “King of Yan”, the largest branch of the eight Zhu Rong surnames.

Even Ge Yun himself was not confident that he could defeat this “Yan King” Mi Rong.

However, such a legendary expert was killed by Ye Luo with a single blow, and what exactly was the white flame just now?

Ye Luo waved his hand to get rid of the “Zhurong” flame covering his body, and then looked at Ge Yun and Mo Trang and said indifferently.

“As I said just now, you better not look for trouble with me, or you might be in a lot of trouble.”

Just as Ye Lu finished speaking, another terrifying flame aura appeared, this time it was someone from the Ge family, the current head of the Ge family, and also the boss of the three heroes of the Ge clan, “Ge Yan”, an expert who had truly achieved the “Golden Dan Avenue”.

“Big brother!”

When he saw Ge Yan appear, Ge Yun said with a somewhat frightened expression.

His elder brother had always been known to be strict, so he had been afraid of him since he was a child.

Ge Yan did not say too much nonsense, but looked at Mo Trang and said.

“Rubbish, kill her together, make it quick!”

At these words, the terrifying “Emperor River” flames emanated from Ge Yan’s body, and at the same time, a headless, six-legged, four-winged, flame-filled terrifying beast appeared, a demonic beast with the bloodline of the ancient fierce beast “Emperor River”, the “Red Inferno Emperor River”.

Ye Lu saw that although this beast had not entered the “Golden Dan Avenue”, it was still at the peak of the “Golden Dan Ninth Turn” cultivation and was incredibly strong.

It seemed that this Ge Yan was thunderous and ready to deal a thunderous blow to his opponent as soon as he struck.

After that, he didn’t even talk to Mo Tranquil, and directly charged forward with his “Red Inferno Emperor River”.

This time, Mo Trang made a move that made Ye Lu feel a bit strange, she actually gave an exaggerated cry.

“Someone is trying to kill me, save me!”

With her words, the same person and beast appeared, this person was wearing the same red clothes as the one who had just been killed by Ye Lu, and under his feet was a “Red Flame Beast” covered in red flames, this demon beast was on the same level as the “Red Flame Emperor River”.

Seeing this scene, Ye Lu took out a bottle of drink from his storage ring, then found a wooden stake and sat down, entering the mode of watching the show.

Seeing Ye Lu’s action, Ge Yun almost vomited blood, he thought to himself, “We are fighting to the death, and you have the ability to kill “Yan Di Jiang” with a single blow, but you are here watching the show, damn you.

However, when he thought about what he had done to Ye Lu before, he was suddenly relieved.

“Mi Yishan, I didn’t expect you to come too.”

Seeing the appearance of the Mi family head, Ge Yan frowned.

As a result, Mi Yishan said with a smile.

“Not only our Mi Clan, all of us from the ‘Zhu Rong Eight Surnames’ have come, I don’t believe that you can still touch our people.”

However, as soon as his words left his mouth, another voice rang out.

“Yan’er can’t move you, what about me, can I move you all.”

Following this, Ge Fei Long, the “Dan King” of the Ge family, also slowly appeared from the woods.

“Hey, this is really, you’re singing and I’m on stage!”

Seeing that one expert after another appeared like a walking light, Ye Lu couldn’t help but spit out.

“I wonder if any more people are coming from that side.”

While Ye Lu was muttering, a tall figure appeared behind Mi Yishan, and it was this generation’s “Zhu Rong”.

This was because “Zhurong” was actually an official position, not a person.

When he saw “Zhurong” appear, Ge Fei Long, the “King of Dan”, frowned and sighed.

“I never thought that even you would fall into the path of the ‘Outer Way Heavenly Demons’ and become their puppet.”

Hearing the words of King Dan, Zhu Rong smiled and said.

“King Dan, you are joking again, how can our ‘Zhu Rong Clan’ become the puppet of the ‘Outer Way Heavenly Demons’?” “If you talk nonsense, I will sue you for slander, do you know that?”

As a result, Ge Feilong looked at him and also Mi Yishan and said.

“I still know some of the ‘Outer Way Heavenly Demon’s’ methods, and besides, I don’t remember your ‘Zhu Rong Clan’ having a habit of liking tattoos.”

In fact, Ye Lu also noticed that these few people from the “Zhurong Clan”, including the guy he had just poked to death with a gun, all had the same pattern on their faces as Mo Tranquil’s, which looked very demonic.

And Ge Fei Long continued.

“If I’m not wrong, you are all controlled by this woman, right?”

To be honest, this statement was beyond Ye Lu’s expectation, that “Mo Tranquil” was indeed very strong, but in Ye Lu’s opinion, it was not strong enough to control even a “Golden Dan Avenue” expert, right?

The “Golden Dan Avenue” is a real “great realm”, otherwise it wouldn’t be so difficult to go through the “Nine Revolutions of the Golden Dan”, so it’s not easy to cross this realm.

As expected, Zhu Rong also smiled and said.

“Your words are getting out of line, how can I be controlled by such a junior?”

Ge Fei Long said indifferently.

“Back then, in the ‘Battle of Extinction’, the entire strength of the group was unable to kill these ‘Outer Way Heavenly Demons’, so what’s a little tactic like this.”

Hearing Ge Fei Long’s words, Ye Lu froze for a moment, he had heard of the ‘World Extermination Battle’ more than once, in fact, he had never known who the two warring parties were before, he thought it was those ancient demon gods, fierce beasts, divine beasts and great powers who had fumed and fought due to some conflict of interest.

No wonder Ge Yun and the others had zero tolerance for the people of the Heavenly Demon Palace.

However, after Ge Fei Long finished speaking, Zhu Rong smiled and said.

“Ge Feilong, what’s the use of talking so much? You still don’t understand, with our ‘Zhu Rong clan’ around, you can’t stop Master Mo Tran from participating in the final round tomorrow.”

As he said this, behind Zhu Rong, the seven remaining family masters of the eight Zhu Rong surnames each appeared behind Zhu Rong with their own demonic beasts.

“Let’s see what happens in the final round.”

“Zhu Rong” said with a smile.

Chapter 406

“Although the Ge family had developed very well in the secular world and its ancestor, Ge Hong, was highly respected by the emperors of the past generations, it was still quite inferior to an ancient race such as the Fire God Zhu Rong, so Ge Fei Long understood that what Zhu Rong said was actually correct.

He then turned his head to look at Ye Lu, who was sitting on a tree stump watching the show, while Ye Lu shook the bottle in his hand and greeted Ge Feilong in a friendly manner.

Seeing this scene, Ge Feilong suddenly felt a bit of a headache.

He touched his temples and then looked at “Zhu Rong” and said.

“Good, don’t worry, our famous sect will not let you evil devils have your way.”

After Ge Fei Long finished speaking, “Zhu Rong” and the experts of the “Zhu Rong Eight Surnames” all looked in Ye Lu’s direction, because they all understood that the stumbling block in front of them was this kid.

Seeing that this group of people were also looking at him, Ye Lu sipped his drink while raising his hand to the “Zhurong clan” and made a very stupid “yea!” gesture. The “Zhu Rong clan” was also looking at him.

These people from the “Zhurong Eight Surnames” all showed a tearful expression when they saw Ye Lu’s behaviour.

In their opinion, this guy seemed a bit unreliable, and he didn’t seem to be in the same league as their Zhu Rong clan’s pride, Mo Trang.

However, the Mi family member knew in his heart that this was the one who had just killed the “Yan King” Mi Rong with a single blow, and that terrifying blow was still fresh in his mind.

Now that the Ge family was gathered here, and the Zhu Rong clan was also here, it was impossible to settle the matter by force.

Therefore, Zhu Rong of the Zhu Rong Clan looked at King Dan and said.

“Good, then I will wait and see how your thousands of rabble can win against us.”

After saying this, the “Zhurong Clan” and Mo Trang quickly left.

After the crowd left, “Dan King” Ge Feilong walked up to Ye Lu and asked.

“Ye Lu, apart from the things you mentioned to Yun’er before, is there anything else you need?”

Ye Lu thought for a moment and said.

“Good, then I will give and ask you for the same thing, give me some of your ‘Emperor River’s’ blood, I will be useful.”

Hearing that Ye Lu wanted the blood of the ‘Emperor River’, although Ge Fei Long did not know what Ye Lu wanted to do, he still nodded and agreed to give it to Ye Lu tomorrow morning.

Then, he looked at Ge Yan and said.

“Yan’er, you should find people from the Yan Clan and the Sui ren Clan, and unite the experts from all the clans to guard the small building where Ye Lu is, and make sure nothing happens. ”

Hearing Ge Fei Long’s words, Ge Yan nodded his head.

Ye Lu followed Ge Fei Long and left, and Ye Lu followed Ge Yan back to the small building, and as expected, experts from all walks of life soon arrived around the small building.

In particular, those from the Sui ren Clan, who were covered in flames and looked extremely tough, as well as experts from the Yan Clan, the Pill Alliance and the Dan Tower, were also there.

“Master, what’s going on outside? Why are there so many people here?”

Miao Fengling looked outside and asked, somewhat puzzled.

“It seems like they are all here to protect us, when did we become so important.”

Ye Lu smiled and said.

“Because they changed their minds, now they want me to win the title again, do you think these goods have nothing better to do.”

These words hit Miao Fengling in the heart.

She nodded her head and said.

“Isn’t that so, they made things so difficult for us before, and now they’re coming to offer their favours, how shameless.”

In this way, under the protection of many experts, Ye Lu spent a comfortable night, and early the next morning, the blood of “Di Jiang” was delivered, just as Ye Lu had requested, and a big bucket of it came, which Ye Lu was of course very satisfied with.

Of course, all these preparations were made just in case, and he didn’t want any conflict if there was no war, after all, the level of this tournament was too high, and even experts like “Dan King” and “Zhu Rong” were here, so it was not likely that Ye Lu’s current level would help much in a fight.

Soon, the final round of the tournament started on time.

As soon as they entered the venue, everyone started to get excited because the final round was completely different, there were no inhibitions, and finally they didn’t have to be subjected to the same constraints as the previous rounds.

To be honest, many people had been suffocated by the previous rounds.

This time, Ye Luo unsurprisingly became one of those nine people at the core, while Lin Ruyue became the one in the middle of the pack.

When she saw Ye Lu sitting by her side, Pill Shu looked at Ye Lu and smiled.

Ye Lu of course smiled back, which made Xie Ting Lin, who was at the side, feel rather bad inside, but he didn’t dare to get angry because he knew very well that Ye Lu was now the treasure in everyone’s eyes, and almost everyone was expecting Ye Lu to become that champion.

Mo Trang, who was sitting opposite Ye Lu, also looked at Ye Lu and smiled.

At this time, Ge Yan of the Ge family appeared on the centre stage not far from Ye Lu and in his hand were the three prizes.

The most coveted prize, the “Violet Sky Fire”, was invisible to everyone as it was contained in a special pottery furnace, then there was the “Immortal Pill”, which was also placed in a container, but from the outside of the container, one could feel the rich aroma of the pill, and the last item was the “Yao Chi Lingzhi”, which was red and purple in colour and crystal clear.

Of these three items, people did not know much about the “Violet Sky Flame” and the “Immortal Pill” because they had never heard of them, let alone seen them, but many people knew about the last item, the “Yao Chi Ling Zhi”.

“The “Yao Chi Lingzhi” was produced from the “Yao Chi Holy Land” in Kunlun, which was said to be a true spiritual treasure of heaven and earth, with extraordinary spiritual energy, and was a great tonic for cultivators.

Ye Lu looked at it and saw that the “Yao Chi Ling Zhi” was indeed the essence of spiritual energy, much higher than the “medium grade spiritual stone” he used, but unfortunately the quantity was a little less, one free.

Seeing everyone’s eager expressions, Ge Yan’s throat also moved. To be honest, these things also had a fatal attraction to him, but it was a pity that they were not destined for him.

“Kunlun’ hasn’t appeared in the ‘secular world’ for a long time, this time when they appear they are so big, I don’t know what they want to do.”

Ge Yan also muttered secretly.

Seeing everyone’s eager expressions, Ge Yun was extremely satisfied as he smiled and said.

“Everyone should have seen it, at the centre is the prize for this competition, I think everyone must have known what these three items are and the value of these items.”

“Then I won’t say too much nonsense, for half a day, you can use any materials you have provided, any potion furnace and potion recipe, as long as the final potion that is made is the most useful, then the one who makes it is the champion of this ‘Pill Refiner’s Conference’, and those three items can be pocketed as well. ”

“I won’t say any more nonsense, the final round of competition, now begins.”

With Ge Yun’s words, everyone quickly took out their dan furnaces, as the pills they wanted to refine had been prepared by everyone many days ago, so there was nothing to think about and everyone started to handle the materials at the first opportunity, as the materials were all prepared by themselves anyway, there were plenty of them.

Ye Luo also took out his dan furnace and began to prepare to deal with the materials.

This was the reason why Ye Lu had never made any pills before. However, now that he had the “Nine Heavenly Mystic Flame”, the “Flame of Vitality”, Ye Lu was not worried, as this flame was very helpful to the success rate of pills.

However, the moment Ye Lu and Mo tranquil released their flames, the audience gasped in amazement as they discovered that not only Ye Lu’s flames, but also Mo tranquil’s flames could cause a scene of a thousand flames worshipping each other.

As Ye Lu and Mo Trang were on opposite sides of the venue, half of the flames were worshipping the pink flame in Ye Lu’s hand, while half of the flames were worshipping Mo Trang’s “Nirvana Flame”.

This bizarre scene made everyone start to look forward to it.

Chapter 407

However, to be honest, the vast majority of people actually did not recognize the flames used by Mo Tranquility and Ye Lu, especially the flame in Ye Lu’s hand, which many people thought was an “evil flame”.

“That’s the ‘Nirvana Flame’, but it’s the first time I’ve seen it, it’s really powerful!”

“Is the ‘Nirvana Flame’ the flame of the divine bird Phoenix that has been reborn since Nirvana?”

“Yes, but the one opposite her seems to have a stronger flame!”

“Why?”

“Didn’t you see that the ‘Nirvana Flame’ just appeared somewhat skewed towards another pink flame?”

.....

To be honest, in fact, from last night Mo tranquil felt this attitude of the “Nirvana Flame”, so she was also very curious about Ye Lu’s flames, especially the last white flame, which could be described as simply terrifying.

However, this was not the time to study this, and the flames of all of them were only slightly out of order for a moment, and then they all returned to normal.

And all of them began to work hard to refine their pills.

After all, depending on the level of potion making, the prizes that everyone would receive in the end would be slightly different. Although the prizes for the champion were the most tempting, the prizes for the top ten and even the top one hundred were very generous, so even if they didn’t win the championship, everyone still had to work hard to compete for the top spot.

Especially for the nine people in the core area, as each of them has a great background, so in fact, they have not given up the hope of fighting for the first place in their hearts.

For example, the “Pill Alliance” and the “Dan Tower” are both titanic pill refiners, so of course they have their own unique recipes, while the “Suiren Clan” and the “Yan Clan” are also old pill refining clans, so they must have their own heritage as well.

The pill refining level of Ye Lu and Mo Trang was indeed superior, which everyone had to admit, but this time the competition was not about one’s pill refining level, but about the value of the pills, in fact, to put it bluntly, the competition was not about one person but about a power, or rather, about the heritage.

From this point of view, it was really unclear who would die.

“Look, that Xie Tinglin is using ‘Nine Spikes of Harvest’, right?”

“Yes, according to legend, ‘Nine Spikes of Harvest’ is an immortal herb that can bring the dead back to life!”

“I guess without any refinement, this ‘Nine Spike Harvest’ alone can finish off a majority of people.”

“Who says otherwise, the ‘Dan Tower’ is worthy of being a ‘Dan Tower’!”

.....

Seeing the medicinal materials Xie Tinglin took out, everyone couldn’t help but sigh with emotion, in fact, this is the gap, ah, even if an ordinary person is good at alchemy, can you come up with such good materials?

Without materials, how can you compare with others.

You have to know that many heavenly materials and treasures, the abilities contained in themselves are extremely heaven defying, not to mention the effects after being refined into pills.

“Wow! What that medicine shou is using should be the ‘Grass Returning Pill’, the one mentioned in the ‘Journey to the West’, of course it’s different from the ‘Journey to the West’ and not as divine, but it’s still a super rare and good treasure.”

“Yeah, it’s the first time I’ve seen something like that.”

“It looks like Pill Shu is going to refine a pill that can boost cultivation for a short period of time, while that Xie Tinglin should be refining a pill that can heal and recover, both are life-preserving things!”

“The ‘Tai Shan Bei Dou’ of pill refiners really does live up to its name!”

.....

The crowd had very discerning people, and through the materials that everyone was using they could actually judge pretty much everything.

In fact, many of the materials used for the current pill refiners like Pill Shu and the girls are a bit wasteful, but, in order to achieve a superior victory one can only put down blood money.

After that, everyone looked at the “Yan Clan” side and started to stir up again.

Many people were extremely worried that his potion furnace would blow up because all the ingredients in the potion being made by that expert of the Yan Clan were so violent.

“What’s that guy making? He’s not making a bomb, is he?”

“Probably about the same, did you see that green coloured fruit, that is called the ‘Nine Heavens Thunder Fruit’, the explosion is extremely powerful, he should be making an offensive ‘elixir’.”

“Offensive pills are extremely rare, but they are usually extremely powerful.”

.....

Seeing the ingredients these people took out, the onlookers were already dazzled, however, no one could tell what kind of herbs Mo Trang was taking out.

What she took out was a fruit with nine holes on it, carrying “nine colours”, which looked exceptionally beautiful and should be an extremely rare item.

Because the materials used with it were something like “nine leaf linden”, the price did not match at first glance.

The materials that Ye Lu had been handling were all ordinary materials, and although they were large in quantity and very mixed, they were not considered to be very valuable, so everyone immediately began to speculate.

“How come that Ye Luo guy is fiddling around with things that aren’t very cutting edge, it feels like he’s so poor!”

“Yeah, there’s not a single thing that stands out from the crowd.”

“It looks like the pills he’s going to refine should be of too high a grade.”

“It feels like it’s an elixir to boost cultivation.”

“Looks like he’s going to lose this round, not in terms of level, but in terms of not having money or power, I’ve never heard of such a person in the ‘Pill Alliance’.”

“Yes, the same person from the ‘Pill Alliance’, look at the things that other people use in Pill Shu, how bullish and high-end

.....

After observing for a long time, everyone agreed that Ye Lu’s level might be high and his insight was strong, but he didn’t have much family background, so he couldn’t get good herbs at all.

One should know that heavenly herbs and treasures were not that easy to find in this world.

Ye Lu ignored everyone’s comments, and after he had finished refining the various supporting materials, he took out the most important material, the three-stemmed, six-leafed “Earth Vein Purple Chi”.

Only when this material was brought out did everyone have a slight change of heart towards him, because although the ‘Earth Vein Purple Chi’ was very top quality, it was still considered a relatively precious material.

“This strain of ‘Earth Vein Violet Chi’ still has some weight to it.”

However, after refining the “Earth Vein Violet Ganoderma”, Ye Lu stopped refining the material, which made everyone disappointed again, as everyone reckoned that Ye Lu should not be able to refine anything particularly valuable even if he did.

As it took a lot of time to process the materials, so by this time people had already started to submit their pills one after another.

Because the others were different from the nine people at the core, everyone felt that they wouldn’t be able to win the championship either, so they refined the pills they wanted to make and turned in.

The nine people at the centre, on the other hand, kept refining cautiously.

However, everyone did not rush to submit their pills after refining them, seemingly competing against each other and waiting for the others to succeed, while Ye Lu was the last one to succeed in refining.

“What, are they all waiting for me?”

Ye Luo asked as he looked at the other people.

As a result, the “Dan Yunzi” from the Ren family said with a smile.

“All nine of us are experts, so of course we have to go up last to have a sense of style, so we are not in a hurry, let them go first and we nine will go last.”

Hearing “Dan Yunzi’s” somewhat flirtatious words, the others didn’t say anything, but they didn’t act either, probably thinking the same as “Dan Yunzi”.

Soon, there were only nine of them left on the stage.

At this point, Ge Yan, who had been sitting on the centre stage, suddenly stood up and said.

“Next, we will invite the nine most promising contestants to come up to the stage at the same time to test the quality of the medicine, and then the nine judges will score the winner through their respective presentations. .”

Having said that, he then reached out his hand and gestured.

“Everyone bring their pills up.”

Dan Yunzi was the first to fly up, and he said with a smile.

“Since you guys don’t want to take the lead, then I, an old man, will go on.”

Then the light came on and Dan Yunzi’s pill was a “Fourth Order Heavenly Pill”.

Next everyone flew up one after another.

When he saw that no one was coming forward, Ye Lu smiled and said.

“Then I’ll be the first.”

Soon, the black area lit up, indicating that it was a “Holy” potion, and the black area had reached the top, indicating that the potion had reached the limit of “Holy”.

All the spectators drew in a breath of cold air, but then Ge Yan said.

“Grade, ‘Third Grade Saint Pill’.”

Now the audience was in an uproar.

“Is it actually only the third rank?”

Someone shouted.

Chapter 408

It was only a “third-rank” pill, even if it was a “holy product”, it was still too far from the others’.

Even Ge Yun stood up violently because he had never thought that Ye Lu had only made a “Third Order” pill, which meant that he had already lost.

When he saw that Ye Lu had only made a “Third Order Saint Pill”, Xie Tinglin sneered disdainfully and said.

“I didn’t expect your level to be so poor, looks like I had overestimated you before!”

After saying that, Xie Tinglin walked towards the middle instrument.

Soon, the black area on the testing pillar lit up.

“Not bad, a ‘Fourth Order Saintly’ elixir, quite good.”

Seeing that Xie Tinglin's elixir had reached 'Fourth Order Saintly Grade', Ge Yan was quite satisfied, such an elixir could already have the strength to compete for the championship at least in terms of grade.

After that, the Yan Clan's expert also went over, and his potion was also a "Fourth Order Saint".

Ge Yan nodded his head as he ate again.

The "Fourth Grade Saint" was already the limit of everyone's ability to make pills, the next competition was the efficacy of the pills, which meant that at least this kind of pills had a high chance of success.

Then came the man from the Ge Clan, who had also made a fourth-grade Saint Pill.

"The pill made by the expert of the Sui ren Clan was also a "fourth-ranked holy grade" pill.

After that, Pill Shu and Mo Trang also began to put their pills to the test, and without any surprise, the pills they both made were all "Fourth-ranked Saint Grade" pills.

Seeing that six out of nine people had "Fourth Grade Saint" pills, Ge Yan breathed a sigh of relief, and so did Ge Yun and the others.

Of the six, as long as any one of them could win against Mo Trang, they would be considered victorious.

So, everyone left the three of them, Ye Lu, Dan Yunzi and the other confessor, hanging out to dry, as everyone felt that the three of them were out of luck.

Seeing this situation, Ye Luo then smiled at Dan Yunzi and the two of them and said.

"Both of you, do you both know how to play Landlord?"

Dan Yunzi said with a smile.

"Yes, sometimes when I'm bored I'll play a couple of games online, Happy Landlord?"

Seeing that the other man was also nodding, Ye Luo then raised his hand and released a table, followed by a few more chairs, drinks, playing cards, all sorts of things, then Ye Luo looked at the two of them and said with a smile.

"It looks like there's nothing for us for a while, why don't we fight a few games?"

Seeing that Ye Lu actually carried so many messy things in his storage magic weapon, Dan Yunzi was also taken aback, in his opinion, a normal person shouldn't put these things.

"How come you even have all these things?"

Dan Yunzi looked at Ye Luo and asked.

Ye Lu smiled and said.

"There's enough space anyway, so I just put a little bit of everything in."

At this time, Dan Yunzi suddenly thought that that Ye Lu had even been able to take out the small building's before, so there was nothing strange about being able to take out these things.

So, Dan Yunzi then stroked his beard then said with a smile.

“Fine, then old me will even accompany you in a fight.”

Seeing that Dan Yunzi wanted to play, the other pill refiner also agreed with a smile, as it really didn't look like there was anything left for them to do.

With that, the three men started to fight the landlord in a corner of the round table.

“Woah sh*t! You guys see what those three guys are doing?”

“Yeah, why are they starting to play cards, but there really isn't much hope for the three of them, so let's just play.”

“Are these three guys broken?”

.....

Seeing Ye Lu and the three of them actually start to fight landlords, everyone burst into tears and laughter.

Ge Yan looked at the three of them and shook his head with a smile as well, but he didn't bother to care about the three of them as he gestured for Xie Tinglin to start introducing his pills.

Xie Tinglin then stepped forward and said in a loud voice.

“The name of the elixir I have made is ‘Heaven Returning Pill’, as the name implies, it is an elixir that can do ‘Heaven Returning’, put it this way, as long as you don't die, this elixir can keep alive, and it can also restore your meridians. And as long as there are no serious injuries such as mutilations, the repair will not affect your cultivation.”

Hearing the introduction of the “Heaven Returning Pill”, everyone showed surprised expressions, in terms of function, this could indeed be said to be able to return to heaven.

And Xie Tinglin continued.

“This pill is not something that can be casually made, and because of the scarcity of the ingredients, even people without any problems can increase their life expectancy if they eat it.”

Following this, he introduced quite a lot more.

The crowd nodded, but as he was the first person to be scored, the nine judges didn't give him too many marks. Nine people, with a total score of ninety, ended up with him getting eighty marks, and this score was actually the benchmark score.

If people felt that the people behind him had scored higher than him they would raise one point, if they thought the standard was poor they would lower it by one point, so at the moment this score does not represent a high or a low score.

Therefore, Xie Tinglin was not particularly happy, and he silently returned to his position.

Following this was the expert from the Yan Clan, who said in a loud voice like a thunderbolt.

“The elixir I have made is called ‘Thunder and Fire Pill’, the two attributes it possesses, thunder and fire, are most violent and incomparable, and since the grade is that of a ‘Fourth Grade Saint’ elixir, even a ‘Golden Dan Ninth Turn’ experts can be blown up, this is definitely a life-preserving weapon.”

Not to mention, this item was a terrifying weapon no matter who put it in their hands.

This “Thunderfire Pill” and the “Heavenly Return Pill” that Xie Tinglin had just made were one for attacking and one for healing, so the scores of the two ended up being neck and neck.

After that, the “Suiren Clan” went up, but the score was basically the same, also eighty points.

After that came the Ge family, who also scored a modest seventy-nine points.

After that was Pill Shu, whose pill was similar to the Explosive Yuan Pill, but at a much higher level than the Explosive Yuan Pill.

“The one I made is called the ‘Ascending Yuan Pill’, which allows a practitioner at the ‘Ninth Turn of the Golden Elixir Realm’ to raise two small levels or cross a small realm in a short period of time, with a duration of a quarter of an hour.”

Everyone was taken aback when they heard these words.

Even the expert from the Yan Clan was surprised.

In a sense, this was equivalent to a “Thunderfire Pill” that you could use continuously, but of course, compared to a “Thunderfire Pill”, this “Ascending Pill” would last longer, and there was another problem with the “Thunderfire Pill”, that was, it was equivalent to a grenade, and it was still an open question whether or not it would blow up the opponent when thrown.

However, this was not the case with the Ascension Pill. Fifteen minutes was enough to kill a large number of people.

As a result, Pill Shu scored the highest score in the field, 88 points, just two points short of a perfect score, and everyone was very satisfied with this result.

However, at this time, that “Mo Tranquil” came over with a smile, and she said with a laugh.

“The potion I made is similar to the one made by Pill Shu’s sister. The potion I made is called the ‘Nine Turning Golden Pill’, which is similar to the ‘Ascension Pill’, but it can only raise one turn, and it is irrelevant whether it crosses small realms or not.”

When they heard him finish, everyone showed a puzzled expression, feeling as if it wasn’t as powerful as Pill Shu’s pills, but, without waiting for anyone to wonder, Mo tranquil had already continued.

“However, my enhancement is a permanent enhancement.”

At this everyone’s mouths opened wide in surprise, this elixir would be a bit of an anticlimax!

Mo tranquil then continued.

“Since this elixir is made from the absolutely unique ‘Nine Trick Linglong Fruit’, not only will it not affect future cultivation, it will also help with future cultivation, how about that, is this effect heaven defying enough.”

Now even Ge Yan and Ge Yun were astonished, because they had heard of the “Nine-Bodied Linglong Fruit”, which was a legendary fruit, and even an alchemy family like the Ge family had never really seen it before.

However, in terms of its effects alone, this “Nine-Turn Golden Pill” was indeed more powerful than the “Ascending Pill”. One was powerful for three turns in a moment, and there was still a limit across small realms, while the other was able to raise one turn forever, and ignored small realms.

Even if the judges wanted to cheat, there was no way to do so, so without any surprise, Mo tranquil received a full score of 90.

“How’s that? The champion is mine now, right?”

Mo Trang said with a smile.

However, at this time, Ye Lu smiled and said.

“The three of us haven’t spoken yet, have we.”

Chapter 409

After saying that, Ye Luo put down the poker.

Indeed, no matter what, according to the process Ye Luo and the three of them had to introduce their dan pills, after all, there was still a question of nomenclature and reward.

So, Dan Yunzi stood up first and gave a brief introduction.

Although he had difficulty competing for first place, there was no problem being in the top ten.

After that, there was another donor, who also made good pills, although they were a bit inferior to those six people just now.

When everyone had finished, everyone’s eyes looked towards Ye Lu, because, this assembly Ye Lu had brought simply too many surprises to everyone, and although everyone felt that it was unlikely, there was still a glimmer of hope in their hearts that he could perform a miracle.

However, Mo Trang looked at her and smiled, saying.

“Ye Luo ah, I have already scored a full mark, what are you still comparing with me, can you score more than a full mark.”

Ye Lu then said indifferently.

“Competition? I remember that whoever it was initially, he said that we are a fair, just and open competition, so of course there is something for me to say, right?”

After saying that, Ye Luo walked over to the crowd and said.

“The name of the elixir I’ve made is ‘Gathering Yuan Dan’, this elixir is a ‘third rank’ elixir, but if I say what he does, you will definitely feel that it is the best.”

At this point Ye Lu bought a shut up without saying anything further.

The people below were whetted by the appetite and started to talk about it.

“What exactly does it do?”

“That’s right, tell us quickly, it can’t be more powerful than the ‘Nine Revolutions of the Golden Elixir’ boosted by one turn.”

“I guess it’s hard enough, it’s only a ‘third-order’ elixir after all.”

.....

Seeing that everyone’s appetite had been whetted, Ye Lu then continued.

“The effect of this elixir can allow any cultivator at the peak of the ‘Foundation Establishment Realm’ to unconditionally cross into the ‘Ninth Turn of the Golden Elixir’ realm, it is an elixir that can break through the bottleneck of cultivation.”

Hearing Ye Lu’s words, everyone drew a breath of cold air backwards.

To know that crossing a big realm was the most difficult thing, almost every big realm stuck a large number of cultivators, making them as desperate as looking at a heavenly rift, and the same was true for going from Foundation Establishment to Jindan.

And Ye Lu continued.

“Since the ‘Gathering Pill’ contains spiritual energy, it is not only helpful for breakthroughs, but also for future cultivation, isn’t it perfect?”

As expected, the crowd once again stirred up.

“An unconditional breakthrough that also doesn’t affect cultivation and even helps, is this really true.”

“That’s nice talk, it’s not a scam, is it.”

“Yeah, it’s so perfect, it feels a bit fake.”

.....

The reason why everyone didn’t question Mo Tranquil’s was because that “Nine Aperture Linglong Fruit” was really too precious and it wasn’t surprising that it had such a magical effect.

When Ye Lu made it, only one herb, the “Earth Vein Purple Chi”, was considered to be more valuable, but it was far worse than the “Nine-orifice Linglong Fruit”, so everyone felt that Ye Lu was talking nonsense.

Hearing everyone’s comments, Ye Lu smiled and said.

“Don’t worry, I won’t bullsh*t, I can verify it on the spot.”

After saying that he then looked at the stage and said.

“Come on, come ten people who are stuck at the bottleneck of ‘peak clan master level’, I will help you break through.”

As expected, as soon as Ye Lu’s words fell, “Brush brush brush!” A large number of people stuck at the bottleneck leapt up in a flash, sixteen of them in one go.

Suddenly, everyone looked at each other and no one wanted to quit.

So, Ye Lu looked at them and smiled and said.

“Alright then, sixteen then, there are plenty of pills anyway.”

After saying that, he took out the pills and said.

“One for each person, breakthrough on the spot, no child will be cheated.”

The sixteen people didn’t have any hesitation because they didn’t think Ye Lu would dare to poison them to death in public, so it was a waste of time not to eat it, just in case it worked.

After eating it, the first person soon broke through.

“Whahahahahahaha!”

This guy had been stuck in a bottleneck for many years, he originally thought he would never have this opportunity again in his life, but to his surprise, everything had come true in just a few moments.

He was so excited that he “flung himself!” He knelt down in front of Ye Luo with a sound.

“Master Ye Lu, you are my new parent, I will follow Master Ye Lu from now on.”

Then, someone else knelt down in front of Ye Lu, because this guy had also broken through.

“Master Ye Lu, thank you so much, I will repay you even if I am a cow or a horse, I will do whatever you want me to do.”

Soon, everyone broke through and sixteen people knelt down into one.

The scene was indeed a bit shocking.

Now everyone understood that Ye Lu was not fooling around.

Ye Lu quickly that everyone got up then smiled and said.

“There is no need for everyone to be like this, this is all trivial because the biggest advantage of my pills, which I haven’t actually mentioned, is that the materials are not that expensive, so I can mass produce them.”

When they heard that Ye Lu could mass-produce the “Gathering Pill”, many people showed incredible expressions, because in the secular world, in an ordinary family or organization, a person with “Ninth Turn of the Golden Elixir” was already a heavenly existence, and many families did not have such a person, because the reason why “Patriarch” was called “Patriarch” instead of “Foundation

Establishment” was because they were already people who could open their doors and establish a sect in the “secular world”, while “Saint” was synonymous with being extremely strong.

The fact that Ye Lu could mass produce Saints was absolutely crazy.

After saying that, Ye Lu looked at the judges and asked.

“So how many points do you think my elixir can score?”

There were no surprises, a clear ten, with a final score of ninety.

However, it was obvious that compared to Mo Tranquill’s precious elixir that could not be mass-produced, Ye Lu’s elixir possessed a crushing advantage and was absolutely complete.

Other than that, the matter of mass production alone was a complete victory for this elixir.

To be honest, Mo tranquil was also shocked, she really didn’t expect Ye Lu to be able to rely on the “third-rank” pills to turn the tide, and to do so perfectly.

Ge Yun was trembling with excitement as he realised that he had just underestimated Ye Lu, who had once again turned the tables in a thrilling manner.

However, at that moment, Mo Trang said.

“Now we have the same score, both full marks, what should we do?”

She was clearly exploiting the situation by saying this, as his dan was clearly inferior in terms of actual results.

However, Ye Lu smiled and said.

“What do you say, I can accompany you and convince you.”

Ye Luo’s words of course hit Mo Tranquil right on the head, and she was secretly glad that this hairy boy was just young and indolent, and actually fell for it as soon as he was provoked, he was really good at fooling.

So, she smiled and said.

“How about this, let’s have an extra match, we both can’t refine the pills we just made, and then have a new match, what do you think?”

As a result, before Ye Lu could say anything, the audience quit first, and everyone shouted out.

“That’s not fair, it’s obvious that Master Ye Lu’s pills are better.”

“That’s right, you’re one rank higher than others, and you still have the nerve to add a match.”

“That’s shameless!”

.....

In everyone’s opinion, Mo tranquil could make “fourth-ranked holy” pills, while Ye Lu could only make third-ranked pills, so it was obvious that Ye Lu was going to suffer a big loss.

There were also voices questioning the “fair, just and open” principle of the competition.

However, Ye Luo waved his hand at the crowd and said.

“Everyone be quiet, don’t worry, since we are going to take the championship, we will take a title that is worthy of the name, so what if I just compete with her.”

After Ye Lu’s words, everyone was bitterly persuaded.

“Don’t be impulsive, impulsiveness is the devil!”

“Don’t take any risks, taking risks is poison!”

However, Ye Luo had already floated to his own “pill refining platform”, and seeing this scene, Mo Trang smiled and also flew to another pill refining platform.

“Oh, little handsome, your courage is commendable, but unfortunately, courage cannot be taken as strength, I’ll see how you can win against me.”

As he said that, Mo tranquil had already released the “Nirvana Fire” and started to process the ingredients quickly.

Ye Lu smiled and also took out the “Burning Heaven Furnace” to start his own refinement.

The whole venue was silent as everyone was staring at the two people’s movements.

Chapter 410

Seeing that the two people had really started making pills, Ge Yun started pacing back and forth, because he was worried that Ye Lu would lose, after all, the difference between the two people’s cultivation levels was there, and the “third-rank” pills, the “Gathering Yuan Dan” just now was already the most unbelievable, there could not be a stronger one.

“Oops, too impulsive, too impulsive.”

Ge Yun muttered helplessly in his heart.

In his opinion, it was so easy to have a chance to turn the tide, and as long as everyone was dead-set, there was still a chance for Ye Lu to win the title, despite all being on the same score.

In fact, that was what most people were thinking.

However, things had come to this point, so everyone could only quietly wait for the outcome of the matter.

After that, everyone saw that Mo Tranquil had once again taken out a medicinal herb that everyone was familiar with, it was the “Grass Returning Pill” that Pill Shu had used before.

After seeing the “Grass Returning Pill”, the crowd understood that Mo tranquil was preparing to make the “Ascending Pill” that Pill Shu had just made, the one that had scored a high 88 points.

This was indeed a good idea, although Pill Shu's elixir was not the highest score, it did have a very high score, and Ye Lu would only be able to get a full score if he wanted to win, but it was not that easy to achieve a full score.

"Sh*t! What a scheming woman."

"That's right, this is definitely the end of Ye Lu."

"Not really, Ye Lu can refine the pills that that Mo Trang made before!"

"Are you kidding, how could he possibly refine that kind of elixir, that's a 'Nine Trick Linglong Fruit', do you think it's a cabbage from the roadside?"

"That's true too, hey, is it a shame that you're going to lose in the end!"

.....

The reason why everyone said this was because everyone had already seen the ingredients Ye Lu took out, and indeed, he was trying to refine another kind of elixir, however, everyone did not know what kind of quality this elixir would be.

Ye Luo's refining speed was also fast, two people, two fires, and it didn't take long before Mo Trang succeeded in refining it first.

She smiled and flew to the top of the round platform in the centre, then took out the elixir and said.

"I shouldn't need to re-score my pills, because what I've refined is the 'Ascending Yuan Pill', and it's a 'Fourth Order Saint Grade' pill."

With those words, she cast the elixir inside the machine.

Sure enough, the black area lit up, and it was a 'Saint Grade' elixir.

Then, Ge Yan had no choice but to announce.

"The elixir is the 'Fourth Grade Saintly Grade' 'Ascending Yuan Pill' with a score of 88 points."

Hearing this score and this elixir, everyone sighed because this score was already very close to a perfect score, and only two elixirs, Ye Lu's 'Gathering Yuan Pill' and Mo Trang's 'Nine Turning Golden Pill', had just exceeded this elixir.

What Ye Lu was making now was obviously not one of these two pills, so many people felt that Ye Lu was hanging by a thread.

"Guess what kind of elixir this Ye Lu will make?"

"That's too hard to guess, seeing as the ingredients shouldn't be for attacking, most of them are also for increasing cultivation."

"A similar kind of elixir, that feels completely out of the question!"

"Yeah, that's what I thought too."

Seeing the types of Ye Lu's materials and pills, the crowd then once again became disillusioned, but no matter what everyone thought, Ye Lu's pills still came out of the oven.

Soon, he flew to the top of the central round platform with the elixir.

"How about it, are you sure about it?"

Ge Yan asked as he looked at Ye Lu.

Ye Lu did not answer, but raised his hand in an "OK" gesture, and then put the pill into the testing machine.

There was no surprise, the machine showed that it was a "Saint Grade" elixir, as only a "Saint Grade" elixir could compete with the other party's.

"A fourth-grade Saint Pill!"

Ge Yan announced with some excitement as he held the pill.

He had originally thought that Ye Lu could only make a "Third Order" pill, but he had never expected that he could actually make a "Fourth Order" pill, and a "Saint Grade" one at that.

Seeing Ge Yan's expression, Ye Lu smiled and said.

"How is it? Is it a surprise? Surprised or not?"

Ge Yan laughed and then gestured for Ye Lu to introduce the effects of the elixir.

As a result, Ye Luo looked at the crowd and said with a smile.

"I don't have much to introduce about this elixir because, its name is familiar to all of you, it is the 'Nine Revolutions Golden Pill', its effects? just now Master Mo Tranquility has already introduced it, so I won't reintroduce it, as for the score, it has just been played, so there should be no need to play it again either."

Hearing Ye Lu's words, not only the people in the room, but also Mo Trang froze, she also didn't expect Ye Lu to refine the "Nine Turn Golden Pill", but the ingredients were completely different!

"You can't be talking nonsense, the ingredients you used are completely wrong!"

Mo tranquil looked at Ye Lu and said with a frown.

Ye Luo then tossed the potion and said with a smile.

"I think with so many people around, I wouldn't dare to deceive everyone, would I, let's just do the same and get someone to try."

Hearing that Ye Luo was looking for people to try the pills again, everyone started to get excited, because just now when they tried the pills, everyone had gotten a big benefit.

Sure enough, another large group of people flew up.

Ye Luo of course came and he handed out the pills to the crowd and soon everyone had a smooth breakthrough.

Ye Luo looked at Mo Trang and said with a smile.

“Actually, you don’t need the ‘Nine-Turned Golden Pill’ to refine the ‘Nine-Turned Linglong Fruit’, this fruit is very precious and is something that can be used to refine ‘Fifth Order’ pills. It’s simply too wasteful for you to use it to refine ‘fourth-rank’ pills, and the preparation of the pills is also, all too big and small, in fact, refining the ‘Ninth Turn Golden Pill’ is just a trivial matter.”

Hearing Ye Lu’s light-hearted words, everyone was shocked, because this was too incredible, this was a pill that had just almost won the championship, and he had just made it so easily, and he hadn’t even used a heavenly pill like the “Nine-Turned Linglong Fruit”.

“What kind of person is this Ye Lu? Is he the god of pills?”

“This is too terrifying, it’s simply invincible.”

“However, there shouldn’t be any controversy now.”

“What’s the point of disputing, wasn’t the verdict already made long ago?”

.....

However, at this time, Mo Trang looked at Ye Lu and asked.

“Ye Lu, I’m curious, where did you get such a Dan recipe, and that ‘Gathering Yuan Dan’ just now, I think not only do we not have it, even the ‘Pill Alliance’ and the ‘Dan Tower’ don’t have such a thing either, right?”

To be honest, not only her, everyone was very curious about this, after all, Ye Lu’s performance all along was too unbelievable.

Ye Luo, on the other hand, smiled and said.

“Hehe, that’s too much for you to underestimate the ‘Pill Alliance’, our ‘Pill Alliance’ has nothing for so many years, so I have nothing to say to you.”

After saying that, Ye Lu then turned towards Ge Yan and said.

“How about it, can I be declared the champion now?”

Hearing Ye Lu’s words, Ge Yan nodded his head then announced in a loud voice.

“After two days and three rounds of fair, just and open competition, congratulations to our expert number 9528, Mr. Ye Lu, who has been awarded the champion of this secular ‘Pill Refiner Conference’!”

After Ge Yan finished speaking, everyone let out a thunderous applause.

Everyone cheered, as Ye Lu’s championship was not only well-deserved, but he had also foiled the conspiracy of the “Heavenly Demon Palace”, so the people’s hearts were in favour of him, not to mention that everyone could see Ye Lu’s potential and the benefits he could bring to everyone.

Therefore, almost everyone stood up.

For a while, the entire venue was in a very heated atmosphere.

However, at this moment, from the centre of the round platform, there were suddenly terrifying flames coming from all directions, as if someone had detonated an incendiary bomb, and these flames were not ordinary flames, but the terrifying “Nirvana Fire”.

The people of the Ge family on the round platform and the eight geniuses who had been here before were the first to be enveloped in the terrifying “Nirvana Fire”.

“Today, none of the people present will leave alive!”

Mo tranquil’s silvery voice rang out from the tumbling flames.

“Also, all the prizes, you guys don’t want to take them away either, not bad, I am the ‘Dragon’s Daughter’ of the ‘Heavenly Demon Palace’, I am already tired of this boring game!”

As she spoke, eighteen figures from the audience flew up at the same time, followed by eighteen people quickly choking, and a huge “boundary” rose up and enveloped the whole venue.
