

Super Student 411

Chapter 411

Following that, the flames in the central area dispersed and Ye Lu saw Mo Trang, who was wearing an extremely sexy armour.

This armour of hers could basically only cover the most important parts of her body, but the parts were complete, including a helmet, wrist guards, chest protector, hip protector, knee protector and a pair of sexy boots.

However, each part is minimalist in style, especially the chest and the small of the back which basically only cover the most important part of the body, with most of the skin exposed, so the pattern on the body looks exceptionally striking.

Although this look was sexy and provocative, there was no time to admire Mo Trang as a beautiful woman, because as far as we could see, we had already become “turtles in a jar”.

“Mo tranquil, you dare to attack so many of us, are you looking for death?”

At this time, a white-browed and white-bearded figure suddenly flew up from one of the stands and looked at Mo Trang.

This guy was none other than the “Dan King” of the “Ge Family”, Ge Feilong, and together with him was the “Ge Family’s” guardian beast, the headless but six-legged and four-winged The “Emperor River”.

Mo Trang was not surprised to see the “Dan King” appear.

She smiled and said.

“‘Zhu Rong clan’, you have something to do.”

With Mo Tran’s words, the “Zhu Rong Eight Surnames” stood up one after another. Now Ye Lu understood why the “Zhu Rong Clan” had brought so many people here, instead of sending the clan’s elites, and only sent Mo Tran alone.

It turned out that initially they had two plans, if they could get the “prize”, it would be best, if not, then it would be a big battle to steal the prize directly.

However, it seemed that it wasn’t as simple as just stealing the prize, most of the Heavenly Demon Palace also wanted to show everyone how terrifying they were.

However, what puzzled Ge Feilong was that Mo Trang was indeed very strong, and so were the Zhu Rong and the eight Zhu Rong surnames, but he didn’t think they could handle it. In this situation, if it was really a plan to “catch a turtle in a jar”, then it was not certain who would be the turtle.

So, he looked at Mo Tran and Zhu Rong and said coldly.

“Just you guys, aren’t you too insolent.”

As they spoke, the Yan Clan, the Sui Clan, and many other experts from other clans flew into the air, all looking at Mo Tranquility and the Zhurong Clan in silence.

However, Mo Trang did not panic at all, and she said with a smile.

“We may not have this ability, but they do.”

With Mo tranquil’s voice, the eighteen men flying in the air suddenly took off their black robes and eighteen tall figures appeared in the air.

All eighteen of them were bare-chested, both male and female, and none of them looked like normal human beings, for each had horns on their heads, and several had huge black wings on their bodies, but the only thing that was the same was that these guys all had a terrifying aura.

Moreover, each one of them had an aura similar to that of a “Dan King”, which meant that all eighteen of them were super experts who had truly entered the “Golden Dan Path”.

When they saw these eighteen people, everyone drew in a breath of cold air.

Mo tranquil was right, these eighteen people did have the ability to do so.

Ye Luo also observed these eighteen people at the same time, and as a result, he found out that these eighteen people were really not human beings, and they were not demonic beasts either, but “ghost generals” from hell, and each one of them came from a different hell.

“Eighteen Ghost Generals from Hell!”

“They are the Eighteen Ghost Generals of Hell!”

“Really? So strong!”

.....

There were other people who also saw the identity of these eighteen people.

When he heard someone break the identity of these eighteen people, Mo Tran said with a smile.

“Giggle! I didn’t expect that there were really people who knew what they were doing, you guys have a good eye, these are indeed the ‘Eighteen Ghost Generals of Hell’ from the ‘Eighteen Hells’.”

Following this, he then turned his head to look at Ge Yan who was in the stands and said with a smile.

“The prizes can all go to me now, right?”

Ge Yan did not say anything.

Ye Lu stood in front of Pill Shu and Xie Ting Lin, who were watching the scene, as they did not have any origin fire on their bodies.

Pill Shu looked at Ye Lu’s broad back with some emotion, she didn’t expect things to turn out like this, it looked like she was going to be protected by this man in front of her once again.

The three treasures were placed on a table to one side, at this moment a certain distance away from Ge Yan and Medicine Shu, while the floor was still burning with the “Nirvana Fire” that Medicine Shu had just released, as well as the few weak cultivated corpses that had been burned by the “Nirvana Fire”.
The service staff.

“Humph!”

Ge Yan did not say anything, but dashed towards the three prizes, even if he had to die, he could not let Mo Tranquil take those three items.

However, he had once again miscalculated because Mo Tranquility was actually faster than him, it was obvious that Mo Tranquility had hidden her strength before, this terrifying woman was even more powerful than everyone thought.

“Giggle!”

Seeing that she was going to succeed Mo Tranquility laughed delicately, but, right after that, she saw that the three items suddenly disappeared, as if something had gotten rid of those three items with a flash.

“Huh!”

Mo tranquil quickly stopped as she turned her head to look at Ye Lu’s reassurance, as the one who kept her guessing the most out of this person was Ye Lu, who happened to be on top of the high platform.

Seeing Mo tranquil looking at him, Ye Lu immediately spread his hands to show that he had done nothing.

Both of his hands were indeed empty as well.

However, what Mo tranquil did not know was that the three vines of the “Heavenly Vine” that were lurking quietly underneath Ye Lu’s feet were in fact making small movements.

Since the ground was covered with Nirvana Flame, it obscured the path of the “Heavenly Vine”, which was not easily burned by these “Nirvana Flame”. “Of course, walking in the flames made the “Heavenly Vine” hurt badly, after all, Mo Tranquility’s cultivation level was really too high.

Seeing that Ye Lu really didn’t seem to be doing anything, Mo tranquil shifted her gaze to the others.

She hadn’t decided to kill Ye Lu yet, because there were too many secrets hidden in Ye Lu’s body, and she had to dig them out before she could do so.

To the Heavenly Demon Palace, these secrets might be more important than the prize of this competition.

“Who is it? Tell me or die!”

Mo tranquil said coldly to the Yan Clan expert who was closest to the table.

The Yan Clan expert didn’t know what was going on, but he knew very well that Mo Trang would definitely not listen to his explanation, and even if he had the prize and gave it to the other party, he would still die. “He threw them out at Mo Trang.

These “Thunderfire Pills” were of the top grade of the “Saint Grade”, and when they were thrown out, they made an earth-shattering explosion.

The thunder rumbled, the flames shot out in all directions, and there were so many of them that the high platform immediately turned into a battlefield, Mo Trang frowned, and then a phoenix covered in fire appeared in front of Mo Trang.

The fire phoenix appeared and blocked all the attacks for Mo Trang, while spewing out a mouthful of flames at the Yan Clan experts.

Ye Lu was delighted and took advantage of the confusion to quickly retrieve the “Heavenly Vine” and put all three treasures into the “Sumeru Ring”.

At the same time, he saw another man and beast appear from the side of the hill, and one of them was a strange and terrifying demonic beast that Ye Lu was familiar with, having killed one before, the “Enlightened Beast” with nine heads and a tiger-like body.

Apart from the Kai Ming Beast, there was also a huge blue bird with a green body, a red head and huge wings like a crow.

The leader of the group was still standing on top of a white goat-like demon beast with snow-white ribs and wings, which possessed the bloodline of the divine beast Bai Ze.

Seeing this scene, many people began to exclaim.

“It’s Kunlun, Kunlun’s people are here.”

“Thank goodness you have finally come, great!”

“We’ve finally been saved.”

However, Ye Lu was not so optimistic, he looked at the “boundary” surrounding the crowd, this thing was not broken, the people outside could not enter at all.

Chapter 412

So, Ye Lu ignored the battle between the Yan Clan expert and Mo Trang and looked at the “boundary”, while he began to wander around the circular platform.

A “boundary” is an independent space formed in the form of a “formation” to block external invasion and attack, and is in fact a special form of “weapon pattern”, the essence of which is the application of the laws of heaven and earth, usually invisible boundaries, taiji boundaries, eight trigrams boundaries and so on.

In fact, on a larger scale, a “secret realm” can also be described as a huge “boundary”.

Generally, these small “boundaries” have one or a few key points, which are also called “formation eyes”, and now Ye Lu is looking for this formation eye.

At the same time, those people from Kunlun had already reached the outside of the formation.

“Go!”

The white bearded Daoist on top of the demonic beast “White Zephyr” quickly waved his hand.

“The water flowed down the smooth surface of the sphere, but only after it reached the ground did the power of the water show itself, killing all living creatures in a radius of several kilometres, and turning the grass and trees into withered leaves.

At the same time, the nine heads of the “Enlightened Beast” began to spew out different attacks, water, fire, thunder and all sorts of terrifying sounds rang out.

“The two divine beasts are both extremely terrifying, but the two that Ye Lu has seen so far are not the divine beasts themselves, but demonic beasts with the bloodline of the divine beasts.

Because almost all the “divine beasts” and ancient experts like gods had disappeared during the “Battle of Extinction”, the details and results of that battle were not very clear to everyone, but from the current situation, that battle was indeed real, and this was definitely true.

This “Enlightened Beast” was obviously much more powerful than the one Ye Lu had killed before, and its attacks were terrifying, but unfortunately, the “boundary” had not changed much.

However, this attack was not completely ineffective, as six of the “Eighteen Ghost Generals of Hell” started to stand in a hexagonal shape, and then six of them had black mist lingering on their hands, obviously consolidating the formation.

“Go!”

Seeing this scene, “Dan King” Ge Feilong quickly waved his hand, and other experts from various clans rushed towards one of the “Ghost Generals”.

It is better to break one finger than to injure ten fingers.

However, there were not only six “ghost generals”, six more “ghost generals” immediately rushed forward to meet these people, and a fierce battle began immediately.

Behind Ye Lu, Pill Shu looked at Ye Lu and said.

“Ye Lu, don’t worry, there are still our people outside, they will definitely send experts from the clan to support them when they see the strange situation here.”

“There were many experts from the clan community, so if the clan community intervened in this matter, there would be no trouble for everyone.

However, the problem was that distant water could not quench the thirst of the near!

So, Ye Lu said with a sigh.

“I’m afraid we won’t be able to hold out until then!”

As he said that, he poured the “Nine Revolutions Golden Pill” he had just made into his mouth and ate it like a sugar pea.

If he wanted to solve this crisis, he had to make use of everything he could.

At the moment, Mo Trang was surrounded by a group of experts.

Together with her, there were all sorts of “native spirit beasts”, but it was obvious that the siege was not very effective for Mo Trang.

Mo tranquil also saw Ye Lu’s movements, but she did not care, in her opinion, Ye Lu was only a small person, it would not have much effect.

Moreover, Mo tranquil still felt that in fact those prizes were in Ye Luo’s body, so she had already decided to put aside the others to catch Ye Luo now first.

So, she quickly said.

“Wu Jing Du, Mud Lu Du, follow me and catch him, Wu Luo, Wu Man, Wu Suo, Wu Hoo, go and kill everyone.”

The names she said were the names of the hells represented by the “Eighteen Ghost Generals of Hell”, and the six remaining “Ghost Generals” immediately began to act according to Mo Tranquill’s arrangement.

The people from Kunlun outside could not see what was going on inside due to the “boundary”, which made them feel anxious.

“What kind of formation is this, how can it be so strong?”

The expert standing on top of the demonic beast “White Zephyr” asked with some emotion as he looked at the impenetrable “boundary”.

He wasn’t very good at formations.

Their original plan was not like this, their plan was to take back the prize given by Kunlun and take away a person.

This person was one of the “Nine Stars”, the “Star of Destiny” corresponding to the “Lianzhen Star”, and was the real reason why Kunlun was sponsoring this secular “Medicine Refiner’s Conference”.

But now, it seems that their plan is going to go badly.

“It is a formation from hell, and it is very difficult to break it from the outside, so if we attack it by force, it will take a lot of time for the energy of the formation to run out.”

Another Daoist reported back respectfully.

The guy standing on the “white zephyr” immediately got a big head.

“I originally thought that the ‘Heavenly Demon Palace’ was aiming for those prizes, but now it seems that they are aiming for more than that.

“Those prizes are just fine, the key is that the ‘Man of Star Destiny’ can’t die, otherwise everything will have to start from scratch again.”

So he frowned at the “boundary” and said.

“Is there any way to see inside?”

The Taoist priest who was standing on the Kai Ming Beast thought about it and said.

We can only look for the nearest real person to see if there are any “magic treasures” we can use, but I am afraid that before we can break through the “boundary”, the people inside will already be dead.

Hearing this Daoist priest’s words, the Daoist priest at the head of the group thought for a moment and said.

“Okay, let ‘Golden Roc’ go and find someone, we will all attack together and try to hold the people inside, I hope there will be no trouble.”

And inside the boundary, Ye Luo was no longer hiding and ready to fight these guys openly, because if not, I’m afraid that Lin Ru Yue and Miao Feng Ling and the few of them would be in trouble.

At the moment, they were protected by the people of the Pill Alliance and were not in any serious trouble for the time being, but the four guys, Wu Liao, Wu Man, Wu Xu and Wu Hoo, were not easy to deal with, and although there were tens of thousands of people present, together with the audience, they were still unable to stop the madness of these four guys.

The black “Yin Qi” was so thick that it was almost unstoppable wherever it went.

Therefore, Ye Lu had given up the idea of using his “Ghost Bat” long ago, because the current “Ghost Bat” was definitely not a match for these guys, and the level of this battle had far exceeded his imagination.

“Let’s eat the ‘Yao Chi Ling Zhi’ first.”

Seeing “Wu Jingdu” and “Mud Ludu” rushing over, Ye Lu took out the “Yao Chi Lingzhi” and started nibbling on it like a chicken leg.

To be honest, seeing such a hard gnawing of the “Yao Chi Ling Zhi” made Ge Yan feel very heartbroken, this is simply a waste!

Seeing Ye Lu’s actions, Mo Trang understood that the three items had really been taken away by Ye Lu.

“This kid is really weird.”

Up to now, Mo Trang still hadn’t figured out how Ye Lu had gotten it.

In fact, Ye Lu was also a bit distressed, if this “Yao Chi Lingzhi” was refined into a pill then its efficacy would be completely different, it would be many times more efficient than the current method of eating.

However, there was nothing he could do now, so Ye Lu swallowed the “Yao Chi Ling Zhi” in a few bites.

After that, Ye Lu quickly grabbed a handful of the “Ascension Pill” that he had just brought from Pill Shu and swallowed it.

“Damn you! I have no choice but to use all my strength!”

As things stood now, the only person who could solve this trouble was himself. Although the “Ascension Pill” could raise an ordinary “Ninth Turn of Golden Elixir” practitioner by two small realms with just one pill, Ye Lu was not sure of the effect of taking it himself, so he took a handful of it as if he were eating fried beans.

As a result, the effect was still very satisfying, and he really did improve two small realms, as he went from five spirit fluids to seven spirit fluids.

However, this was not enough, so Ye Lu quickly took three more “Exploding Yuan Pills”, and then, he shouted out.

“‘Di Jiang’ come out for me first!”

Just now, while Ye Lu was wandering back and forth, he had already taken the opportunity to use the “shaving” on his feet to draw a formation on the stage, at this moment, a large amount of blood frantically gushed into the formation, and Ye Lu also bit through one of his hands and violently pressed it into the formation.

“Boom!”

A red light appeared, and an immense demonic beast, “Di Jiang”, appeared.

Ye Lu had used the blood of all the “Di Jiang” he had gotten, so the beast he summoned was so strong that it was far beyond his control, but he guessed that there was one person who could definitely control it, and that was the “Dan King” Ge Fei Long, whose family’s guardian beast was the “Di Jiang”, so he could definitely control it.

So, after summoning “Di Jiang”, he said in a loud voice.

“Old man Ge Fei Long, let this thing protect us.”

Then, a large amount of blood was poured into the blood formation, and the red light lit up again.

In fact, there was no need to control the “Di Jiang” too much, because, under Ge Fei Long’s control, the “Di Jiang” flapped its wings with countless flames and flew towards the “Wu Jing Du” and “Mud Lu Du”, who were rushing towards us, and these two “ghost generals” from hell refused to show any weakness.

At the same time, another strange-looking demonic beast appeared in the red light.

It was a huge beast with a dragon’s head and a tiger’s body, extremely exaggerated, fierce and powerful, terrifying.

“However, Ye Lu waved his dagger at him, and he roared with fury and charged towards the two “ghost generals”, Wu Jingdu and Nei Ludu, with an endless stream of water vapour.

And once again, Ye Lu released his blood.

When she saw this scene, Mo tranquil was not calm. She did not expect Ye Lu to be so terrifying, and if she let him continue to summon them like this, she was afraid that she would really lose the game, thinking that the “Di Jiang” and “Yi Yi Hou Yi” that had just appeared were really formidable.

So, she quickly shouted.

“Wu Liu, Wu Man, Wu Xu, Wu Hoo, go and clean up that man first, don’t kill him.”

Hearing Mo Tranquil’s words, the four terrifyingly shaped “ghost generals” gave up on killing and charged towards Ye Luo.

“Nine Infants, come on!”

Apart from Hou Yi Yi, who had no idea of the level of his fighting ability, the strongest one known to Ye Lu was the “Nine Infants”, and the nine-headed monster bird appeared in the air.

“Let’s do it!”

After roaring, Ye Lu charged towards the “Wu Man”, one of the “Eighteen Ghost Generals of Hell”.

He had just learned through his glasses that the “Wu Man” among the “Eighteen Ghost Generals” was the key to this formation. To be honest, if it wasn’t for the help of his glasses, he really wouldn’t have known that this guy was the key because he didn’t look like the key figure either from his position or from his performance.

However, after a little thought Ye Lu understood, since he wanted to protect the key figure of course he had to hide a little deeper, this layer could be better protected.

“Ow!”

Seeing Ye Luo rushing over, the “Wu Man” became fierce, and with a strange cry it waved its black as ink lance and rushed towards Ye Luo.

These “ghost generals” had experienced endless killings every day in hell, so they were not only ferocious, but also good at fighting. However, in order to hide the fact that he was a key figure, this “Wu Man” was not the strongest of the “18 ghost generals”, but a middle-ranking one.

Nevertheless, black ghostly qi flew, and Ye Lu was instantly jerked from the high platform to the ground with a spear shaft. With a bang, Ye Lu’s entire body embedded into the ground, leaving only a human-shaped mark on the ground, which showed how strong this blow really was.

On the other side, although the “Nine Infants” were powerful, under the attack of the three “Ghost Generals”, their heads were cut off several times, and it looked like it was only a matter of time before they were killed.

Seeing this scene, everyone was in despair.

The three brothers of the “Ge family”, Ge Yan, Ge Yun and Ge Feng, were now fighting against Mo Tranquillity, and they wanted to take Mo Tranquillity down, so they thought it would be over.

It was obvious to everyone that although Mo Trang was not the strongest of these people, he was undoubtedly the head of the group, and the whole thing had been started with Mo Trang at its core.

However, it was clear that Mo Tranquill was not that easy to deal with, as above her head, a “candle dragon” was emitting a terrifying aura, and Mo Tranquill was also extremely strong in battle.

All the people present had pinned their hopes on Ye Lu, whose summoning was really powerful, but what they didn't expect was that he had been knocked into the ground so quickly by the "Wu Man", and everyone could see that Ye Lu and the "Wu Man" were not on the same level at all.

Moreover, looking at "Wu Man"'s cold, calm and emotionless face, everyone didn't think that this guy would be careless or complacent, the "Eighteen Ghost Generals" felt like eighteen killing machines, without a word or any emotion fluctuation, just killing.

This is also the most devastating thing for everyone.

While on the ground floor, Leaffall was smiling up at the humanoid sky above.

"It looks like it really did hold back, and really didn't kill me."

Just now Mo tranquil told the four of them that they didn't need to kill themselves, and Ye Lu felt that this was a good opportunity for him, and that he could perhaps use this to turn the tables.

However, at this moment, he heard a cry of alarm from the people above.

It turned out that up there, Mo tranquil had already used the "Candle Dragon" divine ability, and a burning candle suddenly appeared on the chests of Ge Yan, Ge Yun and Ge Feng.

The candles did not seem to have any killing power, and after appearing out of nowhere, they burned quietly, but they gave people a strange and unusual feeling.

It was only then that the three men and the crowd of onlookers realised what the candle could do. As Mo Trang attacked and the three men counterattacked, the candle was burning fast.

"I guess the person will die when the candle finishes burning."

"What kind of divine ability is this, first time I've seen it, it's really bizarre!"

"This divine ability looks a bit strong, it feels like a completely alienated and incomprehensible divine ability."

"What a terrifying woman!"

.....

The crowd was all baffled by this scene, everyone felt that this "bloodline divine ability" had gone beyond the normal range and reached the incomprehensible category of "divine skill" or "immortal art" or something like that.

Seeing this terrifying divine ability called the "Candle of Life", Ge Yan and his three brothers also looked shocked and astonished. Looking at the current situation, the three of them would be consumed by each other in a short while unless they could take down Mo Trang before the candle went out.

However, it was obvious that using such a terrifying divine ability, Mo Trang could not be alright at all, and the three of them could also clearly see that Mo Trang was also extremely depleted, and fine beads of sweat had already started to appear on her plump body.

Ye Lu, who had burrowed up from the ground, also saw this scene.

“Sh*t! There’s really no one else with this ‘divine ability’.”

Ye Luo couldn’t help but sigh with emotion as well.

However, at this time, that “Wu Man” had already rushed over, he had changed his plan this time, he was going to catch Ye Lu directly, because this was also Mo Trang’s original plan.

“Brush!”

The “Wu Man” was extremely fast and instantly arrived in front of Ye Lu, and then, he extended his hand towards Ye Lu, but Ye Lu also attacked at the same time.

“Snort!”

The arrow of the “Sunset Arrow” on the “Heavenly Vine” instantly pierced through the body of “Wu Manchu”, followed by the magenta flames rushing in.

Chapter 414

The “Sunset Arrow” is the most virile weapon and has an innate restraining effect on ghosts and monsters, while the magenta flame is a fusion of “Ghostly Flame” and “Red Lotus Karma Flame”, both of which are flames that burn ghosts in hell and are extremely damaging to ghosts.

So, this time, Wu Man was unlucky, as the karma fire burned up from inside its body, and the damage was simply too great, especially for their “ghost bodies”.

“Ow!”

“Wu Man let out a harsh howl and began to fly backwards, but magenta flames and black smoke emanated from all parts of his body.

This scene stunned everyone.

The 18 “ghost generals” were so powerful and terrifying that many of them were already waiting for death.

However, no one expected that things had actually reversed. Although he had only killed one of them, and it was not the strongest one, Ye Lu had undoubtedly made a breakthrough of zero.

“Sh*t! This Ye Lu is too scary.”

“That’s right, we really underestimated him too much before.”

“I was beginning to think he was a waste of time and was ready to fight him.”

“Luckily you didn’t do it.”

.....

The crowd was stunned by this scene.

In fact, it was mainly because the opponent was a “ghost” that Ye Lu was able to successfully kill his opponent, otherwise, it would not have been that easy to kill such a powerful guy.

Of course, there was also an information asymmetry, if the “Wu Manchu” knew that Ye Lu had the terrifying flames that could kill it, and the “Sunset Arrow” arrow, it would not have gotten so close to Ye Lu so easily.

However, having learnt this lesson before, the remaining Ullu, Uluo and Uhu would not make the same mistake again, and the three of them quickly surrounded Ye Lu in the core.

Since the core of the entire boundary, Wu Man, had been killed, those outside could already see what was going on inside.

“So it’s a ‘ghost general’ formation, and there are so many of them, no wonder it’s so strong.”

It wasn’t that the people from Kunlun couldn’t handle it, but he was worried that the people inside couldn’t handle it, because the person they were looking for was inside the boundary.

“Suddenly we can see what’s going on inside, someone must have broken one of the ‘eyes’ of the boundary from the inside, but it’s not possible to break one ‘eye’ alone, we still can’t get in!”

Yun He looked at the still strong “boundary” and scratched his head.

He had already noticed that the situation inside the boundary was extremely unpleasant, only “Dan King” Ge Fei Long was comfortable with it, while everyone else was struggling.

“Who broke the formation?”

Yunhe began to mutter, as she saw that Ge Feilong, who was most likely to break the “formation eye”, was being watched by several powerful “ghost generals” and should not have had the chance.

Immediately afterwards, he saw Ye Lu, who was surrounded by three Ghost Generals.

“It looks like it’s this kid.”

Ye Lu was surrounded by three “ghost generals”, and next to him was the corpse of “Wu Man”, so it was not difficult to tell that it was Ye Lu who had done it.

“An extremely strange young man indeed.”

Yunhe muttered as he looked at Ye Lu.

They, Kunlun, had been following this match, so they were very clear about Ye Lu’s appearance and performance, and in fact, the Kunlun people were also very curious about Ye Lu’s performance.

He thought that destroying the key “formation eye” would solve the problem, but he found out that it was not that easy.

“It looks like there is one more key point to destroy.”

He took a look at “Ullu”, “Ulu” and “Uhu”, two of these four guys were also “formation eyes”, but Ye Lu felt that it would not be that easy to take out one of them.

However, it seemed that if we didn't kill one more, everyone would die here.

"Come on!"

Ye Lu had exhausted all his cards, and there was nothing else he could do. At present, under the siege of these three "ghost generals", there was no chance for him to use his "summoning technique" again.

There was still one option left, and that was to use the power of the Bloodline Avatar, which Ye Lu had always carried with him.

"Looking at the current situation, I can only use the bloodline of the 'White Tiger'."

Ye Lu pondered for a while and then made up his mind. "Green Dragon" was a wood attribute that was mainly defensive, while "Xuan Wu" was a water attribute that was also defensive, "Vermilion Bird" was a fire attribute that was mainly offensive, and "White Tiger" was a metal attribute that was also mainly offensive, but also had the wind attribute and was especially good at speed.

As the saying goes, "The clouds are born from the dragon, the wind is heard from the tiger".

Seeing that Ye Luo was drinking something, the three "ghost generals" no longer hesitated and quickly drew their weapons and started to attack Ye Luo.

However, the three guys all avoided the vital points with a very tacit understanding.

Of course, Ye Lu dodged quickly, but each of these three guys was very powerful, let alone three at the same time, so Ye Lu could not dodge them at all.

"Snort!"

"Snort!"

"Snort!"

Blood splashed out, but the injuries Ye Lu received were not very serious, but the main reason was not how cleverly he dodged, but that the other party was being merciful, otherwise he would have been killed.

Ye Lu dodged while waiting for the actual opportunity, he only had one chance, he had to kill him with one blow.

On the other side, the three Ge brothers had very little of the Candle of Life left. They had also discovered the rule of the Candle of Life, the more power they used, including the amount of Innate Astral Qi they consumed, the faster it would burn, so it was dangerous to waste energy recklessly.

However, you can not use your strength, but the opponent will not stop attacking you. If attacked by Mo tranquil, the candle will also start burning violently, and it has nothing to do with whether you are injured or not, as long as you are attacked, the "candle of life" will start burning wildly, which is definitely a deadly "magic power".

Ge Yan felt that the three brothers were going to die here.

Likewise, Ge Fei Long, the “King of Dan”, could not hold out. He was indeed very strong, but he could not fight alone, and even if he was strong, he could not handle so many experts.

The spectators looked this way and that way. They knew that although there were many of them, they would not be able to help at all.

Just when everyone was almost desperate, the counter-attack on Ye Lu’s side finally began.

At this moment, Ye Lu was already covered in blood, but with the protection of the “Heavenly Vine”, his injuries were not serious, but his bloodied appearance was really scary.

However, this opportunity was not given by the three “ghost generals” who saw him covered in blood, but the three guys did not relax even in this way.

He lured the three guys to the side of the demon beast Hou Yi Yi, and then let Hou Yi Yi launch a sudden attack. While Wu Liu was dodging, he unleashed the white tiger’s “bloodline divine ability”, and with the wind attribute added to his body, his speed soared by a large margin.

Seeing that “Wu Liao” had also been killed by Ye Luo, Mo Trang’s surprise was unparalleled, she found that she seemed to have underestimated Ye Luo’s strength once again.

“We can only fight!”

Seeing this scene, Mo tranquil gritted her teeth, she was already covered in water, using the Candle of Life was not that easy, her target was Ge Feng, the weakest of the three Ge brothers.

“Boom!”

With a powerful blow, Ge Feng’s Candle of Life wavered for a few moments before it was extinguished.

However, at the same time, everyone from Kunlun began to attack the Boundary together, and the Boundary, which had lost its two “formation eyes”, could no longer support itself. The “boundary”, which had lost its two “formation eyes”, could no longer support itself and shattered with a “bang!” It shattered with a bang.

Chapter 415

Seeing this scene, Mo tranquil understood that the situation was already over.

So, the moment the boundary was broken, she led her men towards the weakest part of Kunlun’s siege, a plan she had made a long time ago.

For a good assassin, killing is not the hardest part, the hardest part is how to get out after killing.

The only way to be successful is to get out in one piece, and Mo Trang certainly understood this, so she started to run away at the first opportunity, and at the same time, one of the “ghost generals” did not hesitate to “blow itself up” when it reached the encirclement.

“Self-explosion is a method of suicide that can only be used by practitioners or demonic beasts that have achieved the Golden Elixir Path, which is to make the Golden Elixir explode like a bomb.

Its power is related to the properties of the Golden Elixir and the degree of solidity, but since it is the final blow of the Golden Elixir Realm, it is powerful enough to injure or even kill an expert of the same level, but of course, it also depends on the distance, the closer the distance, the more powerful it is.

Seeing the terrifying black ghost gas after the explosion, Ye Lu also sucked in a breath of cold air.

After the two “ghost generals” blew themselves up, Mo tranquil had already led his men out of the encirclement, mounted the Fire Phoenix and flew away from the Kunlun Mountain.

This was the “Shushi Mountain” of the Kunlun Mountains, and Mo Tranquility did not dare to stay here for long.

Seeing the fire phoenix fly away, everyone felt a little regretful, but at the same time they couldn't help but feel relieved.

After all, with that guy gone, no one would have to worry about dying.

That scene just now had scared many people, because most of the people sitting here were “pill refiners”, and were not the kind of cultivators who fought and fought, so few of them had experienced such a life and death moment.

“Phew! I thought I was going to die here.”

“Yeah, I thought I was going to die too, those ‘ghost generals’ were so scary!”

“Back from the dead, people say that there will be blessings after a great disaster, maybe we're going to be rich in the future.”

“That makes sense.”

“There's a hairy arrival, our lives weren't saved by that Ye Lu, otherwise we would have died long ago, why don't we hurry up and thank them.”

.....

So, many people began to give thanks to Ye Luo up.

This was the territory of Kunlun, so it was not unusual for them to come here. However, he always felt that these Kunlun people did not look particularly friendly, as if the people here owed them a lot of money.

Moreover, several of them were looking at the direction where Lin Ru Yue and the girls were.

So, Ye Luo quickly flew over to Lin Ru Yue and the others.

Ge Fei Long, the “King of Dan”, was also in colour, but he still clasped his fist and said loudly to the people from Kun Lun.

“Thank you all from Kunlun for saving us all, I will never forget the kindness of saving my life.”

As a result, the leader of the group, Yunhe, who was riding on a white zephyr, casually waved his hand and said.

“This is all trivial, where is the ‘prize’?”

Ge Feilong didn't doubt it, so he pointed to Ye Lu and said.

“The prizes have already been given out to the winner of this year's ‘Pill Refiner Conference’, his name is Ye Lu.”

At this time, the others also started to thank the people from Kunlun, after all, this was also the territory of Kunlun, and the people from Kunlun had really saved everyone.

However, the attitude of Kunlun's people was very strange, they were all arrogant, as if they didn't care about them at all.

This made many of the people present feel discontented, but they did not dare to provoke the Kunlun people, so they had to keep it to themselves.

At this moment, a man looked at the Kunlun people and asked.

“All the masters from Kunlun, Kunlun has disappeared for a long, long time, is it because something big has happened this time?”

He asked politely, but the people from Kunlun did not have the intention to answer him properly.

One man looked at the guy who had just asked and said.

“Shut up, I'm not interested in talking to you.”

Now the people there were furious, because this attitude was too high-handed.

One of them looked at the “Kunlun” people and said discontentedly.

“Shit, just because you're from Kunlun, what's the big deal, you're just offering some prizes, what's the big deal, like we're asking you.”

“That's right, god what the hell.”

“What are you pretending to be a grandson, you look like you're above it all.”

.....

He felt that there was something wrong with the atmosphere, and that those Kunlun people were not standing in the right position.

After all, the Alchemist Conference was not hosted by Kunlun, but it was initiated by them, and if they hadn't offered super prizes, the Alchemist Conference wouldn't have been held here at this time.

These people had been guarding the venue since they arrived, making Ye Lu feel as if he was worried that someone would escape.

Not only was this gesture unfriendly, it also carried a strong sense of hostility.

In response to these people's words, the people from Kunlun did not say anything, and the leader of the group, the real Yunhe, stood on top of Bai Ze and looked at Ye Lu and said.

“You won the first place in the ‘Pill Refiner’s Conference’?”

Ye Lu nodded and said with a smile.

“Yes, it was just good luck, thanks for the prize!”

As a result, after Ye Lu finished speaking, that Yun He real person said coldly.

“I was just about to talk to you about this, give back the ‘prize’.”

When they heard Yunhe’s words, everyone was stunned, because they didn’t understand what this meant, offering a prize and then taking it back, teasing us?

So, one man shouted out in a loud voice of dissatisfaction.

“What do you mean, if the prizes are withdrawn, then what is this assembly of ours? Is it a joke?”

“That’s right, what’s going on, can you make it clearer?”

“Why do we have to change the prizes back again?”

“What the hell kind of trick is this?”

.....

Everyone started talking, as this scene was indeed completely incomprehensible.

However, Real Yun He ignored any of them and just looked at Ye Lu in silence, waiting for Ye Lu’s answer.

At this time, there was a person who was unable to hold back and said in a loud voice.

“Shit! There must be a limit to how much you can pretend, what the hell is going on?”

However, this time the people of Kunlun reacted, and the guy standing on the Enlightened Beast didn’t say anything, he just threw out a white light.

The guy was about to say something, but his head fell to the ground with his mouth open.

“Waaah!”

“Whoa!”

“What’s going on?”

“Murder, murder!”

.....

Everyone was in chaos at once.

Ye Luo, on the other hand, waved his hand at the crowd and said.

“Everyone calm down, don’t be chaotic, in fact, their original purpose of coming here was to kill all of us, however, they must have other purposes.”

Hearing Ye Lu's words, the noisy crowd stopped, but those experienced combat-oriented cultivators, such as "Dan King" Ge Feilong and the two of the three Ge males who were still alive, had actually frowned long ago.

Everyone had already seen that the situation was not right, but only those "pill refiners" had not understood the situation.

And Ye Lu continued.

"Can't you see, these people have been surrounding us, they didn't want to let us go, that Yun He Zhen Zhen, am I right?"

Ye Luo looked at the leader of the "Yun He Zhen Zhen" and said with a smile.

When he heard Ye Lu's words, the "Yun He Zhen Zhen"'s brow immediately wrinkled, because he had never introduced himself as "Yun He Zhen", and "Kun Lun" had been secluded for many years, and he had never left "Kun Lun", so how did Ye Lu know his name?

However, without waiting for "Real Yunhe" to say anything, Ye Lu looked at the people of Kunlun and said again.

"But, I don't understand, is Kunlun so great? You can kill whoever you want and play with whoever you want?"

Chapter 416

As Ye Lu spoke, he deliberately leaned his body towards Miao Fengling's direction.

This subtle movement was of course caught by "Real Yunhe". Ye Lu had just revealed his identity, and now he seemed to know who he was looking for.

So, "Real Yunhe" did not get angry, but looked at Ye Lu and said.

"Young man, I'll give you a chance to join Kunlun, I can let bygones be bygones, moreover, you seem to be a talented person, Kunlun welcomes you to join us."

Seeing that the "real Yunhe" had thrown an olive branch at him, Ye Lu smiled and said.

"Sounds good, but I won't join you because I won't join a force that doesn't keep its word. Let's be clear, one of your prizes has already been eaten by me, and I'm going to keep the other one."

When he heard Ye Lu's refusal, he could not see any happiness or anger on the face of "Real Yun He", he looked at Ye Lu and said indifferently.

"I'm telling you, there is no good end for you to go against us, you'd better think about it again."

After he finished, Ye Luo then looked at him and said.

"You don't have to scare me, let me ask you a few questions, if I figure out the truth, I might be able to consider joining your 'Kunlun'."

“Real Yunhe” nodded his head after thinking about it.

“Good, ask away.”

Ye Luo walked to Miao Fengling’s side before he looked at “Real Yunhe” and asked.

“Let me ask you, why do you want to sponsor this ‘Pill Refiner’s Conference’, and also, why do you want to kill all of us, to be honest, I am very suspicious of your motives.”

Hearing Ye Luo’s question, “Real Yun He” looked at Ye Luo and then at Miao Fengling before he said.

“This matter has nothing to do with it, besides, don’t worry, we ‘Kunlun’ are doing this because we have our own plan, for you, we don’t need to use any conspiracy against you yet, because you are not worthy of us using conspiracy, is that satisfactory to you?”

Leaffall then said with a smile.

“To be honest, I am not very satisfied, however, I think if you are going to do this, is it related to an immortal palace, and it has something to do with the key to the immortal palace?”

Hearing Ye Lu’s words, the pupils of “Real Yun He” shrank sharply, and he narrowed his eyes at Ye Lu and asked.

“How do you know about this? What else do you know? Who the hell are you? Where are you from?”

Ye Lu then laughed.

Through the words of this “Yun He Zhen Zhen”, Ye Lu understood that these “Kunlun” people were really here for the key to the “Immortal Mansion”.

At the same time, Ye Lu also discovered that everything that had happened since he got the glasses was related to the “Immortal Mansion”, and it should all be a series of problems caused by the “Immortal Mansion Key”.

It seemed that he should also study the Immortal Mansion of the Fairy of the Fallen Haze in the coming days, and this matter was also related to his most important grandmother.

So, Ye Lu smiled and said.

“I know a lot of things, at least more than you do, so I advise you to give up those nonsense ideas and leave here quickly.”

As a result, that “Real Yunhe” looked at Ye Lu and said indifferently.

“As soon as you spoke, I suddenly realized a problem, in fact, you and that child are good friends, right? So, you wouldn’t dare to kill that child, would you?”

After he finished speaking, Ye Lu did not say anything because he was preparing with his hands together, he had never used this move before this time, so, he must not make any mistake, once he did, not only would he die, Miao Fengling would die, Lin Ruyue would die, everyone would die I am afraid.

Since he got the Glasses, Ye has experienced countless dangers and life and death, but every time he was more or less sure, this was the only time he was totally gambling on his luck.

This time was the only time he had to gamble on his luck. Because there was no other way out, Ye Lu felt that these people from Kunlun were obviously not easy to deal with.

The Mo tranquil had once said that in fact, people from the righteous, evil and demonic paths often acted in a similar manner.

Therefore, in Ye Lu's eyes, these Kun Lun people were not good at going back on their words.

When he saw that Ye Lu did not say anything, "Real Yun He" said coldly.

"Alright, one minute is up, all of you will die, do it!"

To be honest, Ye Lu really didn't expect this guy to be so hateful, and to do it without any hesitation.

So, Ye Lu quickly took out the Violet Sky Flame's "Fire Spirit" from the "Sumeru Ring", it was a "Fire Spirit" that had been treated and had no resistance, but Ye Lu had no chance to fuse this "Fire Spirit" here, even if it was treated as a seed, it was extremely difficult for Ye Lu to fuse it in a short time.

Even if the seeds were processed, it would be extremely difficult for Ye Lu to fuse them in a short time.

What he had to do now was to summon fire, using the Violet Violet Flame as a guide and the Nine Heavenly Mystic Flames, the Ghostly Flames of the Underworld and the Red Lotus Flame as food.

In fact, this is the same as using the blood of a certain bloodline as a guide and using one's own blood as food to perform a directional summoning, except that this time the summoning is done with blood instead of fire.

After taking out the fire spirit of the "Violet Sky Flame", Ye Lu shouted.

"All the experts, help me buy some time, give me a chance and I will give you a future!"

At the same time, two huge demonic beasts, "Di Jiang" and "Nine Infants", blocked Ye Lu's side, one after the other.

After hearing Ye Lu's words, all the experts quickly gathered around Ye Lu, tens of thousands of people, and in an instant, a wall of people was built around Ye Lu.

To be honest, Ye Luo hadn't expected everyone to be so united.

It seemed that extreme circumstances could indeed inspire unprecedented potential in everyone, it was just a pity that Ye Lu had not prepared a defensive formation around the assembly in advance.

However, just as Ye Luo was thinking this, a formation suddenly rose up.

This formation suddenly rose to block the first round of attacks from the Kunlun people, which caused everyone to breathe a sigh of relief.

At this moment, Ge Feilong's expression was grave, and he was secretly glad that he had built a formation around the venue at his strong request during the preparations.

At that time, Ge Fei Long was also out of safety concern, after all, this time, there were elites from various clans and two big sects, so if anything really went wrong, their "Ge family" could not afford it,

not to mention that if that Xie Tinglin was killed, that old man from the “Dantian” would definitely come to destroy himself.

However, to be honest, Ge Fei Long never expected that the defensive formation that he, the organiser, had created would end up being used by the planner who provided the prize.

This also seemed ironic.

When he saw the defence shield, “Daoist Master Yunhe” laughed and said.

“Ge Fei Long, I didn’t expect you to be a real person, you are so dedicated to this ‘Medicine Refiner’s Conference’, it’s really rare.

With those words, he waved his arm, and at the same time, all of Kunlun’s experts and demonic beasts began to attack together.

“Poof!”

Ge Fei Long bit the tip of his tongue and spurted out a mouthful of blood, seemingly using some kind of “blood sacrifice technique”, but, unfortunately, even so, the entire defence shield only managed to block two blows before it turned into countless pieces with a “bang!” It turned into countless pieces with a bang.

However, Ye Lu’s summoning was also successful, but to Ye Lu’s surprise, he did not summon the “Violet Emperor”, but a fire dragon, a fire dragon from hell.

Chapter 417

According to his thought, the “Violet Wei Heavenly Flame” as the trigger should summon something related to the “Violet Wei Heavenly Flame”, but it turned out to be a devil dragon with black flames all over its body.

“Name: Hell Demon Dragon, Level: First Infant, Source: Abyssal Hell Secret Realm, Description: A demon dragon bred by the Violet Violet Emperor, i.e. the most powerful one in Hell, the Fengdu Emperor, with the ‘Hell Fire’ of the Ten Great Origin Fires, so strong that it is invincible in the same class and can easily fight across classes

When he saw this introduction, Ye Lu remembered that this Purple Violet Emperor was also called the “Great Emperor of the Purple Wealth of the Central Heaven and the North Pole”, and was a very important deity in mythology, along with the “Jade Emperor”.

In addition, legend has it that he is also the supreme god of the underworld, the strongest of the “five ghost emperors” who rule over hell.

“Maybe it has something to do with the fact that I used two kinds of flames from hell.”

Ye Lu muttered in his heart. To be honest, this kind of “Fire Summoning” originally had a lot of variables, and few people used it, because one had to have a “Fire Spirit” to do it, and without a “Fire Spirit”, ordinary flames were not spiritual, just like ordinary blood that did not contain “bloodline power” could not summon anything.

But who has a “fire spirit” and is willing to use it to summon it?

“The Fire Spirit is a rare treasure, and using it to summon it becomes a disposable consumable, no one would want to do that.

In fact, Ye Lu did not want to do so either. In fact, he wanted to slowly fuse the “Violet Sky Flame”, and if he could really fuse it successfully, he was afraid that even legendary experts who had crossed the “Golden Dan Avenue” would not be afraid.

Unfortunately, he had no choice but to take the risk, as the situation forced him to do so.

Of course, it wasn't over yet. Ye Lu didn't think this “Hell Demon Dragon” would listen to him, it gave him the impression that he could burn himself to death with a single breath.

Sure enough, after the creature appeared, it looked around with its strange eyes, and no one dared to make any noise, not even to breathe.

The feeling of oppression from this thing was really too strong.

Even the “Dan King” Ge Feilong, who had already crossed the “Golden Elixir Path”, was silenced, because this dragon was really too terrifying.

“Not a single person from Kunlun dared to move, and even those demonic beasts that liked to scream were silenced.

Everyone looked at this “hellish demon dragon” in silence, not knowing what this creature would do.

“Hmph!”

Seeing that no one was speaking, this creature snorted coldly.

As he snorted, the breath from his nostrils instantly killed a Daoist priest from Kunlun and the demonic beast he was riding.

Everyone saw that Daoist priest and his demonic beast both age rapidly, turning into an old man in a few breaths, followed by ageing and turning into flying ashes.

There was actually the “power of age” in this breath, and everyone's eyes widened.

Ye Lu's eyes also lit up.

“Is this the power of a ‘YuanYing’ powerhouse? This is too terrifying!”

Ye Lu was stunned by the scene in front of him.

Of course, what shocked him the most was the power of the “Hellfire”, which seemed to be the opposite of the “Nine Heavenly Mystic Flame”, one was full of “vitality” while the other was full of “death”, and this “power of the ages” was from the “Hellfire”.

“It would be great if I could possess ‘Hell's Fire’.”

Ye Lu licked his lips and then looked at this “Hell Devil Dragon” and said.

“Mr. Hell Demon Dragon, I summoned you, please do us a favour.”

Hearing Ye Luo's words, the terrifying "Hell Demon Dragon" turned its head to look at Ye Luo, and then said in a loud voice.

"I thought there was no one with guts, you're not bad, it's been too long since you came to the earthly world, the world has changed a lot!"

Seeing that this "Hell Devil Dragon" did not want to kill himself, Ye Lu was relieved, he was really afraid that this bastard would kill him at the drop of a hat.

However, after that, the "Hell Devil Dragon" looked at Ye Lu and said coldly.

"It's going to be very costly to call me out when you have nothing to do, you know? However, I am curious to know how you, an ant-like person, summoned me out."

With those words, it then fiercely put its head in front of Ye Lu's face, almost looking at Ye Lu face to face.

This frightened Ye Lu, not to mention that the "hell fire" emanating from the creature's mouth made him feel like death was coming.

He had no choice but to quickly release the fusion of flames in front of his body to make a defensive shield, otherwise he would have been skinned without dying.

Seeing Ye Lu's performance, the "Hell Devil Dragon" nodded and said.

"I can't believe you have the Fire of Vitality and two kinds of Hellfire, no wonder you can withstand my dragon's breath."

In its opinion, talking so close was enough to make Ye Luo die of old age, but Ye Luo was not affected too much.

"It's true that you kid is evil."

Seeing the "Hell Devil Dragon's" attitude change, Ye Luo's heart felt a little more secure.

However, at this time, a guy from Kunlun suddenly said.

"Mr. Devil Dragon, help us kill this man, and we, 'Kunlun', will give you a benefit."

As a result, the "Devil Dragon of Hell" snorted and turned his head to look at him, followed by the guy who burnt himself up.

The "Hell Devil Dragon" then continued.

"You're from Kunlun, I'm angry when I see you."

This blow made those guys from Kunlun horrified, it was obvious that this black dragon seemed to have a grudge against them.

"Let's run for our lives!"

A few Kunlun disciples who were on the outer edge of the encirclement prepared to flee when they saw that the situation was not good, but just as they made their move, the Hell Demon Dragon had already thrown several balls of flame at them.

Without any surprise, they were all burnt into nothingness.

After all this, the “Hell Devil Dragon” looked at Ye Lu and said.

“Little doll, I’ll give you a creation, I’m stuck at the bottleneck of upgrading, give me all your stored ‘Flame of Life’ and give me the ‘Immortal Pill’ you have on you, in return, I can sign a ‘summoning contract’ with you. The ‘summoning contract’, but of course whether you can summon me out again depends on your ability.”

Hearing the words of the “Hell Demon Dragon”, Ye Lu agreed without hesitation, this was definitely a great thing.

However, when the people of Kunlun heard this, they were not so sure. This clearly showed that this black dragon was already one of Ye Lu’s gang.

So, all the Kunlun people fled in all directions like crazy.

“Humph!”

“The Hell Demon Dragon snorted coldly, then with a fierce fling of its claws, countless black flaming swords like huge curved moons struck in all directions, all the Daoist priests and their mounts who were trying to escape were spared, and everything was reduced to nothing.

Seeing this strike everyone showed an expression of horror to the extreme, this terrifying strike was really too terrifying, trapping tens of thousands of experts who were all wiped out so simply.

At the same time, Ye Lu also released the green “Flame of Life” to be absorbed by the “Hell Demon Dragon”, and then he took out the Immortal Pill.

It was a good thing, because it was a real “Immortal Pill”.

“Although the grade is much worse, it’s better than nothing!”

The “Hell Black Dragon” was obviously not very satisfied with this “Immortal Pill”, so he then gestured for Ye Lu to sign a “summoning contract” with him.

Ye Luo then turned to the crowd and said in a loud voice.

“Everyone, get out of here, quickly!”

After seeing everyone move, he then began to sign the contract with the Hell Demon Dragon.

After signing the “summoning contract”, in principle, there was no need to use any bloodline as a trigger, as long as a small amount of one’s own blood or flame was used, then the summoning could be directed, but the success of the summoning was related to one’s cultivation level.

“The contract that Ye Lu and the Hell Devil Dragon signed was a broad contract of their own.

“Well, wait for the day when you can summon me back.”

“The Demon Dragon looked at Ye Lu and said.

At this time, a terrifying aura came from the side of Makuhari Mountain, and the backup from Kunlun finally arrived.

Chapter 418

When they couldn't break through the boundary, they started calling people.

“Go on, I'll help out with the low gear here for a while.”

He had already seen the strength of Kunlun and the strength of the Heavenly Demon Palace, so he would be looking for death if he didn't run.

“Damn it, if I had known that this meeting was a trap, I wouldn't have come.”

Ye Luo muttered helplessly as he ran wildly through the woods.

Of the three prizes in the Pill Refiner's Conference, he had gotten two of them, but in the end, he had lost them all, and only the “Yao Chi Lingzhi” belonged to him.

Of course, this time, the harvest was still quite big, at least he had already advanced another level, there were already six spirit fluids in his body, and he had signed a contract with that terrifying demon dragon, which was a rare benefit, and what Ye Lu was more interested in was another origin fire, “Hell's Fire”.

“Shit! The weakness has come after all!”

After running a long way, the weakness period started again, and Ye Lu found that as his cultivation level increased, the side effects of the “Exploding Yuan Dan” were gradually decreasing, and his weakness period was coming later and later.

On the other side, the people from Kunlun had already seen the venue, and of course, the “hellish demon dragon” hovering above the venue.

“What's that thing? It's terrifying!”

After seeing the “Hell Devil Dragon”, someone said in horror.

Because at this moment, the “Hell Devil Dragon” had already released its full aura, and its power could be felt from afar.

“It looks like we are no match for it, let's call the experts to deal with it.”

While Kunlun's men were gathering their men, Ye Lu had already found a corner to lurk in, he didn't want to leave here yet, because the “Shushi Mountain” was near Hotan, the very place where Hotan jade was produced, and it was the only region in the country that produced this kind of jade.

Now, what Ye Lu lacked most was money, so he was going to make a fortune here and buy all the Hetian jade that he could, so that he could exchange it for Darkness Points, and also he had promised to make a batch of Spatial Spells for the sisters of the Hundred Flowers Sect.

After the jade, Ye Lu found a cave and lurked there, as it would be difficult to move during his weakness.

The people who had escaped were all talking about what had happened to Ye Lu.

“It’s thanks to Ye Luo this time, otherwise we’d have died twice.”

“Yes, the ‘Heavenly Demon Palace’ is terrifying, but how could I have ever thought that ‘Kunlun’ is actually more terrifying than the Heavenly Demon Palace, this world is too vicious.”

“Who says otherwise, luckily there is Ye Lu.”

“What’s that thing he got out later, it’s too scary too, I feel it’s so much stronger than even a ‘Golden Dan Realm’ powerhouse.”

“I don’t know, something that the fire spirit of the Origin Fire got out must be no ordinary thing.”

“This is the ‘Pill Alliance’ showing its face, having produced such a young man who is even more demonic than Pill Shu.”

.....

Everyone was shocked by the various means Ye Lu displayed, however, there were more people who were worried.

“You guys, is this world about to change, how long has it been since ‘Kunlun’ and ‘Heavenly Demon Palace’ have appeared in the ‘secular world’, and this time They have actually appeared at the same time, I guess something big is definitely about to happen.”

Hearing this person’s words, another person then laughed and said.

“What’s the use of big or small events, we’re just spectators anyway, there are so many big powers and experts around, what does it matter to us if it’s big or small?”

“That’s right, I think it’s only a big deal if we can save our own lives.”

“Yes, you’re so right.”

.....

In the midst of all the chatter, the experts from the Pill Alliance and the Dan Tower had already arrived and were relieved to see that their people were all fine.

“Ting Lin, your grandfather is dying of anxiety, come on, come back with us.”

“One of the Dan Tower elders smiled happily when he saw that Xie Tinglin was fine.

Pill Shu was reporting to the Pill Alliance about the Pill Refiner’s Conference, and soon everyone left the place under the arrangement of their respective clans or sects.

As Ye Lu lay in the cave, he soon received a call from Lin Ruyue.

“Master, I’ve taken Uncle Fengling and Zhu Qihuang and the others to the ‘Medicine League’ first, don’t worry, when are you coming?”

Hearing that everyone was out of danger, Ye Lu also said with a sigh of relief.

“I’ll go over some time later, bring a good message to your master for me.”

Lin Ru Yue then said with a smile.

“Master, I’m also calling you this time not only on behalf of myself oh, but also on behalf of the ‘Pill Alliance’, our ‘Pill Alliance’ officially invites you to come to the ‘Pill Alliance The ‘Pill League’ officially invites you to come to the ‘Pill League’ as an elder, and there is no need for any ‘Star Pill Master’ examination, you will be directly issued with a ‘Pill Master’ status plate, our ‘Mo Lian lineage ‘ is finally going to be bullish.”

Although Lin Ruyue was already in her twenties, she was still too deep in the secondary world and had always been a child at heart, so she spoke with a “hehehe!” He laughed.

Hearing Lin Ru Yue’s laughter, Ye Lu smiled and agreed to the invitation of the “Medicine League”.

To be honest, he had a good impression of the Pill Alliance so far, especially the Mo Lian Clan and Pill Shu’s heartless sister.

After that, Ye Lu began to adjust his condition.

In the evening, when his weakness had passed, Ye Lu used the “Transfiguration Technique” that Lin Ruyue had taught him to change his appearance and started to ask around the surrounding counties.

As a result, he found out that this was the origin of Hotan jade, but the biggest Hotan jade market was not here, but in Nanyang town in Henan province.

This made Ye Lu a little depressed.

However, it didn’t matter, because all the Hetian jade seeds were produced from the Yulong Kashi River, so he could just buy them at a high price along the river. Anyway, Ye Lu had plenty of money now, and it was natural for him to have money, so he found a large group of people to smash with money, asking them to help find local merchants selling jade, shops and so on, and then make a big purchase himself.

Sure enough, this method was good, and within a few days, Ye Lu had collected a large batch of good seed material.

The whole network was quiet, at least, because of the remoteness of the place, no one else knew about it except those who attended the meeting, and this matter not only involved the “Heavenly Demon Palace” but also the “Kunlun”, so all the forces were very careful about it.

Besides, cultivators are not like ordinary people, and they don’t like to spread all kinds of things on the internet.

However, what Ye Luo did spread among the circle of “pill refiners”. After all, the “pill refiners’ conference” was a feast for pill refiners in the secular world, and everyone already regarded Ye Luo as a heavenly being.

“You guys are saying that the genius pill refiner is called Ye Lu?”

In the Ren family of the capital, Ren Yi looked at the family's son who was describing in graphic detail the events of the past few days and asked.

This family's expert nodded and said.

"Yes, it's called Ye Lu, it's an expert from the 'Pill Alliance', why do you know him?"

Ren Yao thought for a moment and said.

"Ren Yao and I also once knew a teenager called Ye Luo, and he can also refine pills, however, it doesn't feel as strong as the one you are talking about."

Hearing Ren Yao's words, this fellow said disdainfully.

"Ren Yi, don't be ridiculous, this is not the way to pretend to be a big tail wolf, and to know Ye Lu, are you crazy for wanting to be in the limelight?"

Other people also spoke up at the same time.

"Yes, even our confessor, Lord 'Dan Yunzi', is no match at all, how could it be someone you know?"

"Isn't that right, Ren Yi, Ren Yao even if the family doesn't value you, you don't have to clam up like this, this is going a bit too far."

"However, our family might be in trouble next, once Lord 'Dan Yunzi' leaves, our dan pill piece is going to struggle!"

Hearing these people's unsavoury words, Ren Yi and Ren Yao's faces both turned ugly.

Chapter 419

It was true that Ren Yi and Ren Yao were not taken seriously by the family, but the two of them were not the kind of people who liked to talk nonsense or clam up, so of course, they couldn't listen to them at all.

Ren Yao, in particular, was of a temper that caught fire when you lit it, so he shouted out to the crowd.

"What are you Teemo's talking about, we brothers are also people with backbone, we do know a powerful pill refiner called Ye Lu, what? Do you guys have any suspicions?"

"We didn't say that the Ye Luo we know is the Ye Luo you guys are talking about, what's wrong with us knowing a Ye Luo too? What's wrong with that? I'll let Ye Luo prove the matter here."

As he said that, Ren Yao began to call Ye Luo on the phone.

Ye Luo had never changed his number, so immediately, he dialed Ye Luo's number.

"Ren Yao, how did you remember me, I looked for you before and you even stopped calling."

Seeing that it was Ren Yao calling, Ye Luo felt a little strange too, after he arrived in the capital, he did look for Ren Yi and Ren Yao, however, it was as if the two of them had evaporated and could not be contacted, so then, Ye Luo gave up on his plan to look for the two brothers again.

I didn't expect that after such a long time Ren Yao would call again.

Ren Yao, on the other hand, said in a somewhat uninteresting manner.

“Sorry, Ye Lu, because the twelve surnames of our ‘Yellow Emperor Clan’ are going to hold a clan meeting to select people to compete with the ‘Chi You Clan’, so, the two of us brothers have been in seclusion to make preparations, and we didn’t talk to you in advance I’m sorry! By the way, are you still refining pills now?”

Hearing Ren Yao’s words, Ye Luo then said with a smile.

“Refining, do you have any pills to refine?”

As soon as she heard that Ye Lu was still refining pills, Ren Yao said with a smile.

“Then Ye Lu, can you come to my house, I haven’t seen you for a long time, let’s also catch up, my treat, how about it?”

When he heard Ren Yao talk about the “Yellow Emperor Clan” and the “Chi You Clan”, Ye Lu’s heart was moved, because Gu Shiqi had been taken away by the special envoy of the “Chi You Clan”, and there was no news of her yet.

Ye Lu also posted a reward on the “Underworld App”, but no one provided any clues. For these reclusive clans, if they don’t come forward, it’s really hard to find any traces of them.

What’s more, the Chi You Clan is different from the Shennong Clan and the Yellow Emperor Clan, they are truly secluded and apart from a few necessary contacts with the outside world, they almost never communicate with the outside world, relying on self-sufficiency for their economy and livelihood.

It was for this reason that Ye Lu felt that he must not miss this opportunity.

So, he agreed to Ren Yao’s request without much hesitation, but he asked Ren Yao to wait for him for a few more days, as he had some business to attend to.

Ren Yao was not in a hurry, anyway, he was not really competing for a name at the assembly or anything, he was just doing it for the sake of fighting for breath, so that these grandsons would understand that they also knew a Ye Lu, and that this one had just as proficient in alchemy.

So, Ye Luo next began to acquire Hetian jade in large quantities at a rapid pace.

At the same time, Ye Luo did not stay idle and began to make various “spatial magic tools”. Fortunately, with Ye Luo’s idle cultivation, cutting these Hetian jades was just like cutting a radish.

In order to take into account both the size of the material and the difficulty of drawing, Ye Lu chose to make larger pendants and other accessories, because the rings and earrings were too small, and to achieve the corresponding effect would require many pairs of patterns to be drawn.

So, what Ye Lu made were basically pendants in the shape of various flowers. Ye Lu did not know what flowers were in the “Hundred Flowers Clan”, so he made all the flowers he knew, including jasmine, peony, lotus, seven-coloured pansies and so on.

Of course, he also made one for Liu Mei, as she had no restrictions on flowers, so Ye Lu made a small elephant of Nuwa, which should be just the right match for Liu Mei.

However, through the use of Hetian jade, he also discovered that the limitations of this material made it difficult to make spatial magic weapons with a space of more than three metres, so he guessed that he would have to find another material to make a larger spatial magic weapon.

After a few days of shopping, Ye Lu left Hotan and returned to the capital.

As for the “Wine Swallow Boy” and the “Ghost Bat”, Ye Lu didn’t bring them with him, so he could let them grow up quickly, otherwise they would not be able to keep up with his level of improvement soon.

In fact, as his summoning level became stronger, Ye Lu was already thinking about rebuilding his base card.

After arriving in the capital, since Long Fei Xue, Ye Yan and Liu Mei were all in seclusion, Ye Lu went to see Qin Shiyu who was busy filming a movie.

However, she said that they still had to shoot the film for some time, and she said that she hadn’t lost any time in her training.

In fact, Ye Lu had already quietly looked at her cultivation level, and to Ye Lu’s surprise, Qin Siyu’s cultivation level could be described as a thousand leaps and bounds, and her cultivation level had already reached the level of “Level 9 Master”.

“I don’t know where Granny Yun has gone, otherwise I could ask her, she must have known something back then after risking so much to take Qin Siyu away.”

Ye Lu muttered darkly before taking out a dragon shaped ring and handing it to Qin Siyu.

“Siyu, this is a magic weapon for storing things, I purposely added part of the artifact pattern, so you need to acknowledge it to use it, you acknowledge it and then use it, there is a space of more than three meters square inside, it is convenient to carry whatever you want to put in it whenever you want.”

When she saw this exquisite jade ring, Qin Siyu’s eyes immediately glowed, she looked at it carefully and found that the dragon shape of the ring was the same as the “candle dragon” she had transformed into before.

“It’s so beautiful, Ye Lu, you can still carve!”

Qin Shiyu said with love.

For his part, Ye Lu smiled and said.

“I learned it now, just as long as you like it... By the way, the ‘Candle Dragon’ has a ‘bloodline divine ability’ called ‘Candle of Life’, will you know this divine ability Will you do it?”

When she heard Ye Lu say “Candle of Life”, Qin Siyu was a bit surprised, she stared at Ye Lu with wide eyes and said.

“Ye Lu, how do you know about the ‘Candle of Life’, it’s something from my ‘inherited memories’.”

When Qin Siyu said that, Ye Lu nodded secretly, indeed, Qin Siyu was different, she did not simply possess the bloodline, this also confirmed Ye Lu’s previous guess, Qin Siyu should be a “Candle Dragon” itself, her situation made Ye Lu feel more like a reincarnation.

If Qin Siyu was really a divine beast, I'm afraid she would be able to walk around in this world.

Of course, although the current Qin Siyu has a human form, she does not have the cultivation level of a transformed divine beast.

To, Qin Siyu's question, Ye Lu had to answer truthfully.

"Because I saw someone with the 'Candle Dragon Bloodline' and she used this ability, it's really strong!"

Qin Siyu nodded and said.

"Yeah, when I go one step further and cross into the 'Ninth Turn of Golden Dan', I will be able to awaken this divine ability, then I will light a candle for you and beat you up."

As he said that, Qin Siyu smiled to herself first, and Ye Lu looked forward to her growth more and more, he reckoned that it wouldn't be long before Qin Siyu should be able to grow into a powerful helper for himself.

After that, Ye Lu gave a "Xuan Wu" pendant to Qin Shiyu's partner Lin Danni, and he also gave them some defensive "magic weapons", originally he wanted to give them some "magic treasures", but unfortunately he didn't have time to study how to make "magic treasures".

After that, Ye Luo contacted Ren Yao without stopping.

Chapter 420

Ren Yao also did not expect Ye Lu to come so quickly, so he and Ren Yi immediately took Ye Lu to one of the top hotels in the capital and invited Ye Lu to have a big meal.

To be honest, Ye Lu hadn't had a big meal for a long time, so he also ordered a big table of delicious food and started to eat it up.

"What's up, say!"

Ye Luo said with a bold face.

When he finally got the news of the "Chi You Clan", Ye Lu was so happy that his appetite increased.

Seeing that Ye Lu was in a good mood, Ren Yao looked at him and asked.

"Ye Lu, what is your cultivation level now?"

Ye Luo, on the other hand, did not raise his head as he ate.

"That depends on what cultivation level you need."

This answer made Ren Yao not know what to say, he stared at Ye Luo for half a day, then scratched his head and said.

"When you say that, I don't know what I should say, anyway, the purpose is to go and pretend to be a p*ssy, so just pretend how you can, and don't show your face."

Ren Yao said very straightforward, which made Ye Lu smile, he thought about it and said.

“Just now you guys said I also basically understand the hunger, I will go and help you guys play a p*ssy later, at least so you can get your face back, don’t worry.”

“Also, it’s been a long time since I’ve seen you guys, and I don’t have any other gifts, let’s give each of you an elixir and then a storage gadget.”

After saying that, Ye Lu gave each of them a “Foundation Establishment Pill”, and then each of them gave a Hetian jade pendant, of course, the pendants given to them were not in the shape of any flowers or plants, after knowing that they were coming here, Ye Lu specially made two pendants for them, one for a dragon and one for a tiger.

After listening to Ye Lu’s introduction, both of them were surprised.

Ye Lu’s offer was too generous, as it could create a “master” pill and a spatial artifact with a two-metre side, especially a spatial artifact of this size, which was simply too rare.

The spatial magic weapon is a rare thing, and many great powers may not have a spatial magic weapon of this size, and this kind of thing is really hard currency, no matter what kind of cultivator, unless they already have a spatial magic weapon, what kind of person doesn’t covet it!

“This is a bit too expensive a gift!”

The first thing you need to do is to take it.

“No need to care, it’s all a small matter, take it all, just try to cooperate with me in pretending later.”

After saying that, Ye Luo then ate furiously again.

As a result, Ren Yao still felt unsure in his heart, he looked at Ye Luo and said once again.

“That, Ye Lu, I have to tell you in advance, these people from our family, right, might be a bit snobbish, so if they say something excessive in a while, you must not mind.”

For his part, Ye Lu shook his head indifferently and said.

“Don’t worry, I’m not that small, it’s just pretending, if I can’t pretend I can just run away, it’s not a big deal, they can still bite me!”

Hearing Ye Lu’s words, Ren Yao smiled and said.

“That’s not true.”

So, after everyone ate a sumptuous meal, Ye Luo followed the two brothers to the Ren family.

To be honest, those people in the Ren family who had sarcastically criticised Ren Yao and Ren Yi before hadn’t expected the two brothers to really bring that person also called Ye Lu over.

“You two brothers really won’t die until you reach the Yellow River! You’ve found such a brat and you want to muddle through? This is the alchemy expert you said, how come I didn’t see it.”

The guy named Ren Chong did not see Ye Lu at all, and he could be sure that this “Ye Lu” was definitely not the Ye Lu he had seen in Kunlun’s “Shushi Mountain” before, which meant that this Ye Lu was mostly a vain person who fished for fame.

However, Ye Lu looked at him and said.

“Who are you in the Ren family? If you are not the one who can say what you want, you’d better find someone who can speak with weight to meet me, because I want to become your family’s offering.”

Hearing Ye Luo’s words, not to mention Ren Chong, even Ren Yi and Ren Yao’s mouths opened wide in surprise.

“This p*ssy is a bit too big!”

Both of them felt that Ye Lu’s words were a bit too exaggerated. Who was the last donor? That was the super expert alchemist “Dan Yunzi”, which was a big name, even in many sects, he would be worshipped.

Even if the Ren family couldn’t find such a strong new worshipper, they would still find someone of similar calibre, and in their opinion, how strong could Ye Lu be?

Both of them felt that Ye Lu was overplaying his hand.

So, Ren Yao poked Ye Lu and said in a very small voice.

“Ye Lu, this doesn’t seem to be the same as our initial plan, don’t we pretend to be a p*ssy and then withdraw?”

Ye Luo then laughed and also said in a very small voice.

“It’s no big deal, this is just a little pretend, bluff them first, after that you just wait for me to handle it, I’m very good at bluffing, don’t worry.”

Hearing Ye Luo’s words, Ren Yao could only smile bitterly, to be honest, he felt that Ye Luo seemed to have completely lost control, at least things were not something he could see clearly anymore.

Seeing Ye Lu and the two of them muttering, and then looking at Ren Yao’s expression, Ren Chong then had a clear picture in his mind.

He looked at Ye Luo and said with a cold smile.

“Well, our Ren family is a very cultivated family, so we won’t pursue your sin of fooling around, so hurry up and get out before I’m in a good mood and don’t get mad and clean you up, otherwise you’ll inevitably suffer from your skin.”

Seeing that this guy seemed to want to make a move, Ren Yao was really a bit unnerved, because they had asked Ye Lu to help, if Ye Lu was beaten, they felt very sorry for Ye Lu, pretending or not is a small matter, the most important thing is not to let Ye Lu suffer ah!

So, Ren Yao hurriedly said.

“Uncle Chong, there is no need for you to be so excited, let’s just go.”

With those words, Ren Yao wanted to lead Ye Luo away, but then, Ye Luo shook his head and smiled and said.

“I am a person who dislikes people flaunting and pretending in front of me, there is no need to go, I would like to see exactly how he will make my skin suffer.”

Hearing Ye Luo’s words, Ren Yao’s face changed, he knew very well that this uncle called Ren Chong had a very bad temper, and he would strike when he said he would.

So, since he had said that he would hit Ye Luo, he would definitely do so.

So, he whispered anxiously towards Ye Luo and said.

“Ye Luo, don’t make a scene, Uncle Chong will really hit someone.”

Ye Luo then laughed and said.

“It’s alright, bluff a bit, it’s not possible to bluff.”

Seeing that Ren Chong had already walked over, Ren Yao sighed helplessly and said to himself.

“It’s already this year, what’s the point of bluffing, this time I’m really going to get beaten up.”

As expected, Ren Chong came over and struck at Ye Luo.

Ren Chong was a “Level 8 Grandmaster”, which was already quite powerful in the world, so he didn’t take Ye Lu, a little guy, into his eyes at all.

However, after he had struck, he realised that it was actually himself who was unbeatable, as Ye Lu did not use any “spells” or “martial arts”, but directly sent him flying with one punch.

After a few days of consolidation, Ye Lu’s sixth spirit liquid in his body had already been perfected, so it was easy to dislike someone who was also at the “Zong Shi” level.

Seeing that Ren Chong had been sent flying out like a kite by Ye Lu’s light blow, Ren Zun and Ren Yao’s mouths were wide open, this was completely beyond the imagination of the two brothers.

“Wow wow wow sh*t! How did you do that?”

“Yeah, this dude is too awesome.”

Hearing the words of the two brothers, Ye Lu laughed and said.

“Didn’t you guys ask me to come and pretend, I want to pretend we’ll pretend a big one, a full set, bluff them only, so go and find someone who is good at what you say.”

Ye Luo’s latter sentence was addressed to Ren Chong who was hanging in the distance.

“How nefarious!”

Ren Chong looked at Ye Lu in the distance with some disbelief, at this time, another man came over, he looked at Ren Chong who was hanging on the wall and asked with a frown.

“Ren Chong, what’s wrong with you? Did you change the year’s painting?”

Following that, he saw Ye Luo and the two brothers Ren Yi and Ren Yao.
