

Super Student 421

Chapter 421

“Who beat the man up?”

This one called Ren Quan looked at Ye Lu and the three of them and said coldly.

In fact, he had some suspicions that Ye Lu and the others had done it, but, he didn't quite believe that Ye Lu had the ability to do it, after all, Ye Lu looked too young.

As a result, Ye Luo smiled and said.

“I beat up the man, are you the Ren Family's man of your word? Good things are coming for your Ren family.”

Ren Quan had seen arrogant people, but he had never seen such an arrogant person, he walked in with an iron face and followed without too much nonsense and then directly took action.

In his opinion, it was superfluous to talk to such an arrogant guy like Ye Lu, so he might as well just finish him off and let him learn a lesson before saying anything else.

Seeing this guy's stance, Ye Lu shook his head and sighed, saying.

“You're so impulsive, it doesn't look like you can keep your word.”

However, this Ren Quan was not Ren Chong, this guy was already an expert who had crossed the “Ninth Golden Dan” realm, so Ren Yi and Ren Yao were both sweating for Ye Lu, they thought that even if Ye Lu was strong, it was unlikely that he would beat a “Ninth Golden Dan” expert.

They thought that even if Ye Lu was strong, it was unlikely that he would be able to defeat a “Ninth Turn of the Golden Elixir” expert, which was also called a “Saint” in the “secular world”, and was already at the apex of existence.

Of course, this was the reason why Ren Quan was so confident that there might be someone who could beat him, but he didn't think it would be the young man in front of him.

So, just like the guy before him, he did not use any “spells” but went straight for it.

But, just like that Ren Chong, he was sent flying by Ye Lu's blow and hung up right next to him.

“Uh, Brother Quan, you're here too!”

Ren Chong looked at Ren Quan and said somewhat helplessly.

For his part, Ren Quan looked at Ren Chong with a depressed expression and said.

“This calamity is the one you got back?”

Ye Luo then said from afar.

“Hello, my name is not Calamity, my name is Ye Luo, the tea tastes good, I think it's Long Jing from West Lake, I'm here to have some tea, you guys find someone who is true to his word, there's no rush, big time!”

As he said that, Ye Lu sat down next to the table and drank his tea.

Seeing Ye Luo's leisurely appearance, Ren Yi and Ren Yao then hurriedly walked over to fan Ye Luo left and right.

"Big brother, we'll call you big brother from now on, just how powerful are you! This is too awesome."

"Yes, I originally thought you were here to pretend, but I didn't realize that you really have p*ssy, you don't need to pretend at all!"

.....

The water that Ye Lu had just drank into his mouth when he heard Ren Yao's words "snort!" The first thing you need to do is to get rid of the problem.

However, Ren Quan looked at Ye Lu and frowned.

It was true that he hadn't used any "spells", but he could feel that Ye Lu hadn't used any spells either, just a direct punch that sent him flying.

So, he thought for a moment, then shouted loudly towards a short distance away.

"Someone, go and fetch the family head, just say that there is something big for him."

The people who were called over were all taken aback to see both Ren Quan and Ren Chong hanging from the decorations on the wall, and following that, someone went to report to the head of the family.

"Something big, what could be big?"

The Ren family's head of family, Zong Heng, frowned when he heard the report from his subordinates. The Ren family was a powerful and prestigious family in the capital, and many of the other surnames in the "Yellow Emperor Clan" were much worse than the Ren family.

What he is most concerned about now is the matter of Dan Yunzi's departure. A "pill refiner" of Dan Yunzi's calibre cannot be found anywhere, and it is inseparable from Dan Yunzi that their family is so strong.

"This vacancy is a bit hard to find, is our Ren family going downhill from here?"

Ren Zongheng sighed helplessly and muttered to himself.

They had tried looking for a pill refiner too, but it was really too difficult to find one at this level.

At this time, one of the Ren Family's pill refiners beside him said.

"Family head, there is no need to worry too much, although old 'Dan Yunzi' is no longer here, he has left his disciples here, moreover, the number of pill refiners in our family is still great!"

Ren Zongheng then shook his head and said.

"That's different, 'Dan Yunzi' is the pillar of the family, you guys understand that too, right?"

At this time, the man who returned the favor suddenly said.

“Report to the family head, I had heard Ren Zong and Ren Yao say before that they said that they knew a very powerful pill refiner, and this time the incident was caused by the people they had brought, could it be that pill refiner who came?”

Hearing this subordinate’s words, Ren Zongheng then frowned, then muttered secretly.

“Such a capable ‘pill refiner’? It’s worth seeing, so why don’t all of you come with me and take a look?”

Hearing that it was related to “pill refiners”, the pill refiners present decided to go and have a look.

In this way, a large group of people went to the hall with a “hue and cry”.

When they arrived at the hall, Ren Zongheng saw Ye Lu, who was sitting there leisurely drinking tea, as well as Ren Yi and Ren Yao, who were standing to his left and right.

Ye Lu dared to be so arrogant, but Ren Zongheng and Ren Yao did not dare to do so, after all, Ye Lu was only an outsider, while they were different, they were true Ren family members, and this bloodline connection was inseparable.

“Good day family master, this is Ye Lu, the alchemy expert we talked about before.”

Seeing that the main master had arrived, Ye Lu also put down his cup of tea, then looked at Ren Zongheng and said with a smile.

“I’ve heard that your offering ‘Dan Yunzi’ old man has left for personal reasons, so I would like to come to your house to be your offering.”

Ye Luo’s tone was not one of solicitation, but one of non-negotiable, so those “pill refiners” behind Ren Zongheng did not do it. They asked themselves that they might not be as good as Ye Luo, but in terms of pill refining, they felt that they would not lose to Ye Luo, after all, these people were all experts.

Therefore, these people were the first to discuss.

“That’s too arrogant.”

“That’s right, it doesn’t look a bit like the dignified aura of a pill refiner either.”

“Yes, it feels like a loser!”

.....

Hearing these guys’ words, Ye Luo then looked at these guys and said with a smile.

“Sh*t! You guys are pill refiners, or models, and you’re still dignified and imposing, what’s wrong with me being a loser? I, a loser, can also blow you guys away, do you believe it or not?”

Ye Luo knew very well that he would definitely not admit himself without showing his hand in front of Ren Zongheng, so it was better to provoke these pill refiners and let everyone understand that he had this value.

Only when he had enough value could he have the opportunity to participate in the competition between the Emperor’s Clan and the Chi You Clan.

At that time, he might be able to enter the clan of the Chi You clan, and it should still be easy to capture a few members of the Chi You clan.

The fact that Ye Lu has such a strong taste for gunpowder made Ren Zongheng's eyebrows furrowed, this strength is really not much like a pill refiner, you know "pill refiner" is a very noble profession, especially senior pill refiner, should not be this way, but Ye Lu can easily hang Ren Quan on the wall, which made Ren Zongheng think about it and then said.

"Good, since you said so, then show your hand and prove that you really are the person I am looking for."

Hearing Ren Zongheng's words, Ye Lu Bai then smiled and said.

"Sure, where are we going to compete?"

We can't just build a fire in the hall, right?

Ren Zongheng nodded and then led everyone to the "Dan Room" of the Ren Family, which was actually a large courtyard in the small secret realm of the Ren Family, including many buildings and a large group of underlings responsible for the materials.

"Since Ye Lu, you claim to be an expert in pill refining, then show us your flame, what level of 'beast fire' it is."

A pill refiner looked at Ye Lu while releasing the 'beast flame' in his hand, a bright yellow flame that looked quite good in quality.

Hearing this guy's words, Ye Lu smiled and then released an orange-red flame.

As soon as his flame came out, the opponent's flames immediately poured towards it.

"Could it really be a pill refining master?"

Seeing this scene, everyone was taken aback.

Chapter 422

Although there was no strict relationship between the level of a pill refiner and your flame, but to be able to release a flame that made other flames worship, it showed that Ye Lu's flame was really not bad, and someone who could have such a flame must not be too bad in level either.

However, although the other pill refiners' expressions changed, they did not really feel that Ye Lu was invincible or anything like that, because, in their opinion, Ye Lu might have a very good flame level and should indeed be a pill refiner, but Ye Lu looked too young.

Even though everyone would age very slowly after entering the "Innate Realm", Ye Lu was a bit too young, simply too young, and his experience in pill refining was inevitably lacking at such a young age.

The scene when he used the “Burning Heaven Furnace” to refine pills should have been seen by everyone in the Ren family, and since he was a different Ye Lu, he certainly needed another set of equipment.

However, when they saw Ye Lu’s ordinary-looking temporary furnace, they were a little dismissive. After all, all great pill refiners had their own pots or furnaces, and Ye Lu’s was obviously not very good.

Ye Lu did not care about this, but released the flame to refine quickly.

The crowd looked at Ye Luo and had no idea what he was refining.

Everyone only saw that his movements were fast, as if he didn’t think twice. Soon Ye Luo handled the ingredients, fused them, condensed the pills, and finished refining the pills in one go.

This process and movement was not really standard in the eyes of the other pill refiners, but it was fast enough that it seemed too fast to everyone.

“So fast, can it be done? It can’t be messing around, can it.”

“I don’t think so, what good would it do to mess around.”

“Let’s see, we don’t know what kind of elixir it is.”

.....

In the midst of everyone’s chatter, Ye Lu had already opened the lid of the “Dan Furnace”, the rich aroma of the elixir came out, and seeing the crystal clear elixir, everyone understood that the elixir had been successful.

“This is the ‘Nine Revolutions Breaking Realm Pill’, which allows people in the ‘Nine Revolutions of Golden Dan’ realm to break through the bottleneck, no matter which revolution, even if it is a small realm, it is possible to break through, I don’t know if the Ren family head has taken a fancy to it. ”

Hearing Ye Lu’s words, Ren Zongheng’s eyes instantly lit up, how could he not see it?

So, he looked at Ye Lu with an excited face and said.

“I’m impressed, I’m impressed, I really didn’t expect you to be so powerful!”

The other pill refiners of the Ren Family were all dumbfounded, they had never even heard of this “Nine Turning Realm Breaker Pill”.

Then, one of them looked at Ye Lu and said.

“You’re not fooling us, are you? I’ve never heard of the ‘Nine Revolutions Realm Breaking Pill’, have you guys heard of it?”

The others also shook their heads.

Ye Lu then smiled and said.

“Just because you guys haven’t heard of something doesn’t mean it doesn’t exist in the world, and just because you guys can’t refine it doesn’t mean others can’t either, it’s also easy to confirm this matter,

just find a disciple who is at the bottleneck and take one from, if it doesn't work just get a few more to try it together."

As a result, Ren Zongheng really found several disciples from his family at once.

The reason is that at the "Golden Dan Nine Revolutions" realm, even for those who are very talented, as long as they do not have a pure bloodline, it is very difficult to break through every small realm.

The Ren family is only one of the twelve surnames of the "Xuan Yuan Yellow Emperor", that is, a side branch with a certain amount of "Yellow Emperor bloodline", the real "Yellow Emperor bloodline" is more concentrated in the "Xuan Yuan clan", Xuan Yuan is also the continuation of the Yellow Emperor bloodline orthodox, just like the "Chi You clan" Jiu Li clan, but is only a supplement to the "Chi You clan".

Therefore, the people of the Ren family did not cultivate very fast.

Soon, Ye Lu gave everyone a "Nine Turning Realm Breaking Pill" and then let them eat it.

The pill that Ye Lu had made was rich in spiritual energy, so after eating it, the spiritual energy triggered the medicinal power, and almost immediately, a disciple of the family broke through.

Following that, everyone else broke through one after another.

Everyone was stunned at this.

The effect of this medicine was too powerful, it was so instant that it could be described as a "miracle pill".

At this point, Ren Zongheng turned his head to the other pill refiners and said with a smile.

"Everyone, what do you think of this elixir? Do you have any questions? Do any of you have the ability to refine a more powerful elixir than Master Ye?"

The pill refiners were used to being arrogant in the Ren family, and it was fine to have "Dan Yunzi" to help suppress them before, but once "Dan Yunzi" left, their anger immediately rose, and Ren Zongheng also wanted to take this opportunity to suppress them.

Although these pill refiners were a bit reluctant, they had no other way out but to bow down.

So, everyone shook their heads to indicate that they could not refine it.

Only then did Ren Zongheng look at everyone and say with a smile.

"In that case, I hereby announce that Grandmaster Ye Lu has officially become a 'Donor' of our Ren Family and enjoys the same rights as Grandmaster 'Dan Yunzi'."

Hearing Ren Zongheng's words, the expressions of those pill refiners were not very good, because "Dan Yunzi" was exactly their leader-like role, and now that "Dan Yunzi" had easily left, Ye Lu came again, which made everyone feel the pressure.

Ye Lu smiled and said.

"Master Ren, you have announced it like this, as if you haven't consulted me yet."

Hearing Ye Luo's words, Ren Zongheng hurriedly said with a smile.

"Master Ye Lu, you say, what conditions do you have, our Ren Family will definitely agree to all of them, just mention them."

He intuitively felt that this Ye Lu was even more powerful than "Dan Yunzi", and that he might be able to make a pill to improve his cultivation in the future.

Ye Lu smiled and said.

"My condition is also very simple, that is, let Ren Yi and Ren Yao participate in this 'Martial Competition', I will follow them throughout and guide them to ensure that they can stand out in the competition."

"Of course, after this, the two of them are to be trained as the family's elite, this condition is easy to accept, right?"

After hearing Ye Luo finish, of course Ren Zongheng agreed with his mouth, he also saw that Ye Luo mostly came to his family because of Ren Zun and Ren Yao's relationship, otherwise with Ye Luo's level, but where everyone wasn't grabbing for it.

When he saw that the matter was settled, Ye Lu chatted happily with everyone, then he took Ren Zun and Ren Yao and left, there was not much time left before the "Martial Competition" of the two clans, he had to make these two brothers as strong as possible, and he also had many other things to do.

For example, he had to go to the Pill Alliance to obtain the qualification of "Elder", which was a more valuable title than "Elder" of the Weapon Sect.

At the same time, Ye Lu also found out another thing, that is, for ordinary people, the cultivation path is really too difficult.

This was still with the help of the "Marrow Cleansing Pill", otherwise Ye Lu felt that they would have been lucky to break through to the "Innate Realm".

It was understandable why everyone was so crazy about the "Marrow Cleansing Pill" at that time, but unfortunately, Ye Lu never got that blue Manjushri afterwards.

So, Ye Lu first took out a batch of pills and gave them to Ren Yi and Ren Yao, so that they could raise their cultivation levels to the peak of the "Innate Realm" first, and then he found them tailor-made "martial skills", and then helped them plan suitable "magic weapons", as this tournament was a competition by cultivation level.

After all this was done, he then looked at the two men and said.

"Tell me about the 'Yellow Emperor Clan' and the 'Chi You Clan', especially about the 'Chi You Clan'."

As a result, what Ye Lu did not expect was that he heard the legend about the "Ten Ancient Fierce Armies" for the first time.

Chapter 423

“The reason why the ‘Yellow Emperor Clan’ and the ‘Chi You Clan’ are so powerful is because both clans have their ‘Fierce Armies’, while the equally powerful The ‘Shen Nong Clan’, on the other hand, has fallen apart because the ‘Fierce Armament’ has been lost.”

This time it was Ren Zun who spoke, he obviously knew more about the various matters of the clan.

When he heard Ren Yi talk about the ‘fierce soldier’, Ye Lu asked curiously.

“What is this ‘fierce soldier’ you speak of? Can you explain it carefully?”

As a result, it was Ren Yao who explained this time.

“‘Fierce weapons’ are actually those terrifying weapons in legends that have had great killings, to be honest, most of them are also legends because many people have never seen these weapons either, however, it is said that there are ten ‘fierce weapons’ called ‘The Ten Fierce Weapons of the Ancient World’.”

“One of the ‘Regulus Swords’ owned by our ‘Yellow Emperor Clan’ is said to be a gold-coloured ancient sword cast by the gods from the bronze of the first mountain, with the sun, moon and stars on one side of the sword, and the mountains, rivers and grasses on the other, and the hilt side was written with the art of farming and storage, and on the other side with the strategy of unifying the four seas.”

“This divine sword of the ages once helped Emperor Xuanyuan Huang to defeat his powerful enemy Chi You, and was a powerful divine weapon with infinite power, but it was also called a ‘fierce weapon’ because it killed too much.”

After listening to Ren Yao’s explanation, Ye Luo then nodded and said.

“This sounds a bit interesting, do you know any other ‘ferocious weapons’?”

Ren Yao thought for a moment then said.

“We don’t know this very well, I only know that the ‘Chi You Clan’ had a ‘Chi You Go’, which was the ‘Chi You’ when he was fighting the Yellow Emperor There is also the ‘fierce weapon’ of Southern Chu called ‘Dong Huang Zhong’, which is said to be the weapon of ‘Dong Huang Tai Yi’, the great god of Southern Chu.”

“Right, there’s also the legendary oldest ‘fierce weapon’, the terrifying guy who opened up the heavens and the earth, the ‘Pan Gu Axe’, but this thing is a bit esoteric and mysterious, it doesn’t feel too reliable.”

At this time, Ren Yi, who had been silent, suddenly said.

“I can think of one, it’s the ‘Sunset Bow’ that the ‘Hou Yi Great God’ shot the sun with, also dead one of the ‘Ten Fierce Weapons’, it is said that he used the ‘Sunset Bow’ and ‘Sunset Arrow’ were given by the Heavenly Emperor, and he used this ‘Fierce Weapon’ to not only shoot down nine suns, but also to kill six terrifying ferocious beasts. ”

Hearing Ren Yi’s words Ye Luo then couldn’t help but say.

“Do you know where this ‘Sunset Bow’ is?”

If even Ren Yi and Ren Yao knew where the “Sunset Bow” was, then wouldn’t the “Ten Ancient Fierce Armaments” be cabbages on the street?

The arrow of the “Sunset Arrow” was already so powerful, if he could get the “Sunset Bow”, then he would be able to shoot whoever he wanted.

However, at the moment, it was just a thought.

It was not that easy to get hold of, but a weapon could influence the rise and fall of a power. If the rumours were true, then these “Ten Ancient Fierce Weapons” were really powerful and terrifying, and must be more than just “magic treasures”.

The two brothers talked a little more, and as a result, Ye Lu found that not only did Ren Yi and Ren Yao not know where the “Chi You clan” was, but also the rest of the Ren family did not know where the “Chi You clan” was, because when it was their turn to compete on the “Chi You clan” side, they all used temporary teleportation arrays to teleport people directly to the vicinity of the “Chi You clan” clan, and then teleported back after the competition was over.

However, even though this seemed unsafe, there had never been any mistakes, so everyone was used to it.

After understanding the basic situation, Ye Lu gave a few more instructions, and then got up and rushed to the Hundred Flowers Sect first, as the Hundred Flowers Sect was closer to the capital, while the headquarters of the Pill Alliance was a little further away.

When he arrived at the “Hundred Flowers Sect”, Ye Lu went to look for Liu Mei first, because he had not seen her for a long time, and he really missed her.

So, Ye Luo stopped dwelling on this matter and instead went to the central square of this secret realm.

This central square had been remodeled, and at this moment, the “Fire of Vitality” was burning brightly, and around the “Nine Heavens Xuan Fire”, there were many disciples of the sect sitting around there, cultivating on their knees. “Hoo-la-la!” They all ran over happily.

In fact, Ye Luo could see from the growth of the plants in the whole secret realm that even the flowers were bigger and brighter than before.

Ye Luo saw Jasmine looking down at himself, so he smiled and gave her a pair of “storage bracelets”, which he had made for Jasmine, and the space in the two bracelets was also the largest, Jasmine had helped him a lot.

“These two are bracelets for storage, I put the pills I gave you, and the defensive ‘magic treasures’ and ‘magic weapons’ and many other things in them, thank you so much.”

Ye Lu looked at Jasmine and said with a smile.

Jasmine’s face immediately turned red, she didn’t dare to look at Ye Luo, lowering her head and looking at the finely carved pattern of jasmine flowers on the bracelet and whispered.

“Also thank you too me, I will take care of sister Liu Mei”

Seeing Jasmine squirming state, Ye Lu felt that most of Liu Mei had said something to this simple ninny.

Seeing the surrounding people looking at Jasmine's envious expression, Ye Lu said with a smile.

"Don't worry, everyone has a share, I made a storage gadget for most of you, it's a little gift from me to you, it's equivalent to me giving each of you a designer bag, right?"

Hearing Ye Lu's words, all of them raised their eyebrows and smiled.

To be honest, this was much more valuable than any designer bag, and everyone instantly surrounded Ye Luo in the middle.

However, Ye Luo did not take out these things and distribute them to everyone, but only took out one and held it up and said to everyone with a smile.

"Don't be in a hurry, don't be in a hurry, it's this 'Hetian white jade' pendant, however, I can't give it to you directly, I will give this hundred or so jewels to Elder Shui Xian in a moment, so that Elder Shui Xian can distribute it to you."

While Ye Lu was talking, Elder Water Fairy's voice suddenly rang out from afar.

"Ye Luo, I am here, I am looking for a matter to discuss, the clan wants you to join, do you agree to join our 'Hundred Flower Clan'?"

Without waiting for Ye Luo to speak, Elder Shui Xian continued.

"Don't worry, I won't let you really join us, I know you've already joined the 'Pill Alliance', we want you to be our 'Honorary Elder', you don't have to do anything, just titularly count as one of us now, do you Do you agree?"

Then, again, without waiting for Ye Luo to answer, all the women started to say to Ye Luo.

"Ye Luo, just agree!"

"Yes, just join us, we like you a lot."

"That's right, that's right, it's okay to let us sisters serve you together."

"Yeah, you don't have to work either, just hang out."

.....

The women were all hugging, hugging, hugging and rubbing each other.

"Alright, alright, I promise you all, so are you satisfied?"

Only then did the crowd throw Ye Luo up with a roar.

To be honest, even though Ye Luo had always been thick-skinned, he still felt his face heating up a little when he was surrounded by so many women.

Elder Shui Xian then smiled and continued.

“Ah Ye Lu, since you are already our elder, so you should also have a flower name, your name is ‘Immortal Ball’, so congratulations ‘Immortal Ball’ elder!”

With the words of Elder Narcissus, everyone shouted out.

“Congratulations to Elder ‘Immortal Ball’!”

Ye Luo was instantly left with a black line.

Chapter 424

Leaffall hurriedly waved his hand and said.

“Stop! Stop it all, what kind of bird names are these, how unpleasant, no, I demand a different one, otherwise I won’t be your elder.”

After Ye Lu finished speaking, Elder Shui Xian rubbed his chin and said.

“This is a bit hard to do, ah, most of the other flower names, we ‘Hundred Flower Sect’ have used ah, including ‘Man-eating Flower’, ‘Dog-tailed Grass’ We’ve used them all, just this ‘Fairy Ball’ happens to have a vacancy.”

For his part, Leaffall said after some thought.

“I have a name, let’s call me ‘Bellflower’, I can acquire with her who was called by that name before.”

Because Ye Lu suddenly remembered a manga he liked and also a corresponding movie called “Hot Blooded High School”, the high school in it was called “Suzuran High School”, moreover, he had checked afterwards that “Suzuran” was a poisonous herb that was poisonous all over, so it was very similar to himself.

When Ye Lu finished speaking, Elder Narcissus stroked his chin and muttered in a low voice.

“Bell orchid? The language of the flower, happy return, hmm, not a bad name, then you should congratulate the ‘Bell Orchid Elder’.”

Ye Luo didn’t know the flower language of “bell orchid”, but it sounded much better than “fairy ball elder” anyway.

Following this, Elder Narcissus said with a smile.

“Well, Elder Bell Orchid, since you are already our elder, we don’t have to hide something from you.

With those words, Elder Narcissus took out a stone that was emitting light.

“Luminous stone!”

No, it should actually be called a “daylight stone”, because this fast stone could already glow in the daytime, in such a bright place.

When he saw this “Daylight Stone”, Ye Lu felt like drooling, this was the “Upper Grade Spirit Stone”, which was more advanced than the “Medium Grade Spirit Stone” he had used before. Although the

“Medium Grade Spirit Stone” was still basically enough to be used until the nine spirit fluids were fully condensed, the “Upper Grade Spirit Stone” was undoubtedly more effective and much better, although it was a bit wasteful.

“Goo-oo!”

Ye Lu subconsciously swallowed his saliva.

Elder Shui Xian said with a smile.

“Why do you see this and see a great beauty, don’t worry, it will be given to you, come on, let’s go to my place for a closer chat.”

Of course Ye Luo obediently followed him over.

Then Ye Lu and Elder Narcissus exchanged their things first, seeing that Ye Lu had actually taken out so much stored jewellery, Elder Narcissus was really taken aback.

“Did you make all this yourself?”

She asked as she looked at Ye Lu with an incredulous expression.

Ye Luo nodded and then said.

“Yes, I made it myself, I forgot to tell you, besides this status, I am also an honorary elder of the ‘Weapon Sect’, in addition, soon I will become an elder of the ‘Pill Alliance’.”

Hearing Ye Luo’s words, Elder Shui Xian asked with a somewhat incredulous stare.

“Those pills were really made by you, huh? I had previously suspected that you had obtained some great treasure somewhere.”

In fact, Elder Shui Xian was also slightly suspicious because Ye Lu’s performance was really too incredible.

After that, Elder Shui Xian took out twenty fast “top-grade spirit stones” and handed them to Ye Lu, saying.

“To be honest with you, these things, including the ones I gave you before, were actually not obtained by me, but by the inner sect elders. Elder Lotus said that she could only give you twenty first, and I’m not sure how many more she has there, but she didn’t know that you had brought so many good things.”

“So, don’t worry, I won’t treat you badly, I will report the truth to the clan, and then if there are more ‘Daylight Stones’ subsequently, I will ask Jasmine to bring them.”

After saying that, Elder Water Fairy took out another storage ring and said with a smile.

“Here is also a large batch of those ‘super extreme luminous stones’ from before, these are for you, the pills promised to the sisters remember to give time to refine some for everyone oh.”

After Elder Water Fairy finished speaking, Ye Lu took out a few pills and said.

“This is the ‘Nine Revolutions Golden Pill’ which allows you to raise one turn without side effects, however, it can only be used once in your lifetime.”

Hearing Ye Luo’s words, Elder Shui Xian was taken aback.

He knew that each of the nine revolutions of the Golden Elixir was very difficult and took a long time, and that the two small realms of crossing from the Pseudo-Dan Realm to the Void Dan Realm and the Void Dan Realm to the Real Dan Realm were even more difficult.

However, Ye Lu wasn’t finished yet.

He once again took out a bag of pills and said.

“This is the ‘Gathering Pill’ that I said I would provide again afterwards, so you guys can mass produce ‘Golden Dan Ninth Turn’ experts.”

Seeing that Ye Lu really took out a large batch of “Gathering Pills”, Elder Shui Xian was once again surprised, at the same time, she also felt that the loss she had suffered from Ye Lu last time was not in vain, this harvest was really immense, “Foundation Establishment Pills”, “Foundation Fixation Pills”, “Gathering Pills”, “Nine Turning Golden Pills”, this was simply a set of combinations that could turn an “Innate Realm” cultivator into a “Nine Turning Golden Pill” expert in a very short time.

Moreover, according to Ye Lu, these pills could be mass-produced.

If this continued, the Hundred Flowers Sect would sooner or later become an extremely powerful sect, and would no longer be bullied everywhere.

Therefore, after picking up the pills, Elder Shui Xian said solemnly.

“Ye Lu, don’t worry, since you are already a member of our ‘Hundred Flower Sect’, we will definitely not treat you badly, I will report to the sect and will definitely let you have inexhaustible resources.”

Ye Lu certainly did not doubt Elder Shui Xian’s words, he instructed Elder Shui Xian to help take care of Liu Mei, and then left the Hundred Flowers Sect and headed for the Pill Alliance.

Since he already knew about the “Lok Ha Immortal Mansion”, the “Nine Stars” and the nine keys to the Immortal Mansion, Ye Lu decided to take the initiative to unravel the truth of the matter and find his grandmother, which might also lead to the possibility of learning about his and Ye Yan’s origins.

“The headquarters of the Pill Alliance was located on Mount Tai, the largest mountain in China, the top of the Five Mountains, which was not too far from the capital.

This is also the place where the legend says “the view of the mountains is small”. Not to mention the fact that Mount Tai is the only mountain in the world, so looking down from the “Jade Emperor’s Peak” really gives you the feeling of “the world is small when you climb Mount Tai”.

There are not only peaks and trees on Mount Tai, but also many caves. However, the secret place of the Pill Alliance is not near the Jade Emperor’s Peak, as it is too high and crowded, so it is not very convenient after all.

Near the cave, Ye Lu also saw a spatial teleportation formation for the first time.

When activated, it could transfer things and people between two teleportation arrays, but it consumed a certain amount of energy.

He and “Big Wind” approached the entrance of the cave very quickly, and when he saw that he was being received by a woman at the entrance, “Big Wind” took his original form and put on his clothes.

When he saw Ye Lu riding a demonic beast, the Pill Alliance disciple at the entrance immediately gave Ye Lu a respectful salute.

“Excuse me, who are you?”

She looked at Ye Luo’s face and asked.

Ye Lu smiled and said.

“My name is Ye Luo, a pill refiner of the ‘Mo Lian Lineage’, invited here by the headquarters.”

As soon as she heard that it was Ye Luo, the woman immediately said with wide eyes.

“You’re Master Ye Lu, you’re really young, come on, please, please, I’m here to receive you, it’s said that you like beautiful women, isn’t it?”

This woman’s words made Ye Luo’s head black, he did have this hobby, but how did she know about it?

As a result, without waiting for Ye Luo to ask, the other party said with a smile.

“It was your ‘Master Mo Lian’s’ disciples who said that you love beautiful women the most, which is why the clan sent me to receive you.”

To be honest, this woman was indeed quite beautiful, and at first Ye Lu felt a little strange, not expecting there to be such an interlude here.

However, immediately after that, the woman smiled and said.

“However, Master Ye Lu, you will probably have quite a lot of trouble this time you go, because of the way the ‘Mo Lian lineage’ acts, they have made a lot of enemies, ah, I guess there are many people who don’t obey you.”

Ye Luo then smiled and said.

“Don’t worry, I will see to it and specialise in curing all kinds of disobedience!”

Chapter 425

After entering the cave, Ye Lu was shocked by nature’s magic work. The huge cave, various stalactites, stalagmites and underground rivers formed a world of light and strange things, of course, mainly because the Medicine League had put many reflective stones in the cave, for lighting and decoration.

After walking for a while, the two of them walked into a “formation”.

Ye Luo could tell that this was a defensive formation, similar to the protective formation of the Shennong Valley. It looked like the Pill Alliance was really worthy of being the richest sect, this formation was not something that was already there, it was a later addition.

“The Weapon Sect still had two brushes, at least these formations that Ye Lu saw were quite good.

“I guess I’ve been fooled by the appearance of the Weapon Sect!”

Ye Lu hadn’t actually seen the Weaponry Sect’s experts refining weapons when he went to the Weaponry Sect before, but after he showed a few hands, the people of the Weaponry Sect treated him as their guest, so Ye Lu didn’t really know the true depth of the Weaponry Sect.

“Well, it seems that the Weapon Sect really has some skills.”

Ye Lu lamented for a moment, then followed the woman into the formation and entered the headquarters of the “Pill Alliance”.

After entering, Ye Lu realized that this place could be described as a different kind of heaven. The headquarters of the Pill Alliance was much bigger than Ye Lu had imagined, and roughly speaking, it looked like it was even bigger than the Capital City, and there were flying machines everywhere, which was very similar to what he had seen in the Weapon Sect before.

Ye Luo roughly estimated that there were millions of people in this headquarters, so it was like a small country.

This really shocked Ye Lu.

Seeing Ye Lu’s astonished expression, the woman nodded with a satisfied smile, in her opinion, Ye Lu really looked like he hadn’t seen much of the market, probably because it was the first time he had seen such a large secret realm.

So, she smiled and said.

“The secret realm at our ‘Pill Alliance’ headquarters isn’t really that big, I’ve been to the headquarters of the ‘Beast Alliance’ once, and it’s only called big there, but the bigger one is the ‘Ten Thousand Beasts Secret Realm’, it’s completely impossible to see how big it is, in short, it’s bigger than our entire earth, that secret realm, it’s really breathtaking.”

Hearing the woman’s words, “Big Wind”, who was beside Ye Lu, said with a smile.

“Have you ever been to the ‘Ten Thousand Beasts Secret Realm’?”

As a result, the woman said with a sigh.

“I don’t have a chance, the relatively safe areas are all occupied by the ‘Beast Alliance’, the other areas are too dangerous to go into, I wouldn’t dare to go in with such a cultivation level.”

As they spoke, the three of them had already boarded a flying machine and flew towards the centre of the entire mysterious realm.

From the air, Ye Luo found that this secret realm was indeed much more beaten than the capital, however, unlike the capital, although this secret realm was large, there were no particularly high-rise buildings, most of them were the kind of houses with one or two floors, or at most three floors with courtyards, just like villas.

However, in this self-contained secret realm, since it was the “Pill Alliance”, it seemed that many people’s cultivation levels were very strong.

“The world in the Secret Realm is really quite different from the outside.”

Ye Luo felt that inside the secret realm was a different kind of civilization that was related to the outside, but very different.

It didn’t take long for Ye Luo and the others to reach the only high-rise building in the centre of the Secret Realm, which was also the landmark building of this Secret Realm, a rather tall building.

At the entrance of the building, Ye Luo saw a group of guys in strange costumes with exaggerated shapes, including Lin Ruyue, who had once again transformed into “I don’t know what fire dance”.

In the middle of this group of strange people was “Master Mo Lian”, dressed in black.

To be honest, although Master Mo Lian’s disciples were a bunch of oddballs, Master Mo Lian himself was a very serious-looking person, at least in terms of dress and other aspects.

When he saw “Master Mo Lian”, Ye Lu found that she really resembled that “Mo Tranquil”, except that “Master Mo Lian” was wrapped up tightly, so he could not see whether she had the “Candle Dragon” pattern on her body.

However, Ye Lu felt that she should not have one, after all, compared to the supreme genius “Mo Tranquility”, “Mo Lian” was a little more mediocre.

“My disciple pays respects to my master!”

The moment he saw Ye Luo, Mo Lian led the disciples to give a deep bow to Ye Luo.

She had originally thought that Ye Lu should be Mo Lian’s disciple, because Mo Lian was known for her eccentric temper, and although she was a genius, she was not willing to worship anyone from the Pill Alliance as her teacher.

Ye Lu smiled and said.

“Mo Lian, you’re too polite, no need to bow, right, I’ve brought you some small gifts, I don’t know if you have any, anyway, one for each of you, if you have one, give it to someone else.”

With those words, Ye Lu began to take things out.

At this time, a woman with a bizarre outfit painted like smoky makeup looked at Ye Lu and said with a smile.

“Master, are you still satisfied with this beautiful woman that the headquarters has arranged for you? I talked to the headquarters, but this woman can warm the bed and is first-class in bed.”

When the smoky makeup finished, Ye Lu almost didn’t spurt blood, and the pretty woman next to him immediately turned red, but she didn’t retort, because she was indeed first-class in that aspect.

However, before Ye Lu could say anything, a group of people from the “Pill Alliance” who were watching a monkey show nearby looked at Ye Lu and talked.

“Is this guy the one from the legend?”

“He sounds like a big pervert!”

“It looks like it too, no one from ‘Mo Lian’ is normal anyway.”

.....

Ye Lu ignored them and instead took out an assortment of “storage magic tools”, all of which he had improvised on the road.

“Storage gadgets, each with a small space of more than three meters square inside, consider it a gift of a bag for each of you.”

Ye Lu said with a smile.

He found that although these disciples of Mo Lian were all weirdly shaped, either from the “second dimension” or “third dimension” or even from some unknown dimension, they all had one common characteristic, that they were all beautiful and all had big breasts.

The crowd of course couldn’t be happier, and all of a sudden they surrounded Ye Lu, and all kinds of big breasts rubbed up against them.

At this time, there was a person at the side who said sourly.

“What kind of big onion are you pretending to be, is it great to have resources? If you have the ability to compete with Laozi, Laozi beat you, this little white face, to find teeth all over the ground”

The actual fact is that you can find a lot of people who are not able to get a lot of money from the internet.

“The most important thing is that I can’t beat him. If I could beat him, I would have smacked this guy with two big ears.”

When Mo Lian finished speaking, Ye Lu smiled and said.

“Hey hey, it just so happens that I can beat him, I’ll help you realize your dream well, just as a meet and greet.”

Saying this Ye Luo struck out.

“Pah!”

“Pa!”

It was indeed two big slaps, these two counted slaps directly sent the bastard flying and fainted on the ground.

Ye Lu then clapped his hands and said with a smile.

“Any other similar jobs, I can be of service.”

This scene stunned Mo Lian, her eyes widened and her mouth opened wide as she looked at Ye Lu with an incredulous expression, then said.

“Sh*t! When did you become so powerful?”

She remembered that a few months ago, when she first met Ye Lu, Ye Lu had a hard time beating up a strong person who was a Jindan, but now, beating up a person who was a Jindan was just like beating up a dog.

Ye Lu said with a smile.

“It’s no big deal, not to mention him, even if his father comes here.”

However, as soon as his words left his mouth, a voice said loudly.

“I am his father, you kid is too arrogant, is my son that big, see how I will teach you a lesson.”

Then, this guy didn’t give Ye Lu the chance to explain his words, he directly rushed towards Ye Lu, while rushing over, the “beast fire” on his hands also lit up.

“Sh*t! F*ck off!”

As a result, what he didn’t expect was for Ye Lu to send him flying with a single punch, to go and be with his son.

“Noisy, let’s go, let’s go in and do our business.”

With these words, Ye Luo led the Mo Lian Clan into the building.

Just after entering, Ye Luo saw a bearded old man standing there with an unpleasant expression on his face.

The woman beside him immediately introduced him.

“Ye Lu, this is ‘Elder Pill Xin’, who is also responsible for receiving you.”

Ye Lu saw that this ‘Elder Pill Xin’ was looking at himself with an angry face, so he asked in confusion.

“Master Yuxin, I don’t think I have offended you, you are so angry, you are not the grandfather of that guy just now, are you?”

As a result, “Elder Pill Shen” said coldly.

“Yes, I am his grandfather!”

Chapter 426

At this time, Ye Lu found that many people had gathered in the hall on the ground floor, probably because he had just beaten up the precious grandson of “Elder Pill Xin”, and then beat up his son, which made everyone feel that things were funny.

“These people from the Mo Lian lineage are really troublemakers!”

“Yeah, none of them are troublemakers.”

“I’m confused as to why this oddball Mo Lian wasn’t ousted.”

“This time ‘Elder Yuxin’ is probably going to be furious.”

.....

Ye Lu also saw that this old man’s face was blue, as if he was a gas stove that was about to explode, so he hurriedly said with a smile.

“That ‘Elder Pill Xin’, this is actually all a misunderstanding, just now your grandson said he wanted to have a match with me and also beat me up or something, I decided to give him a chance after a fierce heart struggle, but I really didn’t expect him to be so unbeatable.”

“As for your son, I suspect he might have read too much ‘Water Margin’ and met up to fight

However, the more Ye Lu explained, the more ugly this elder’s face became, as all those big-breasted girls from every dimension led by Mo Lian were unable to help but sneer.

However, in the end, “Elder Yuxin” did not get angry, he took a deep breath and then looked at Ye Lu and said.

“Originally, I came here on behalf of the ‘Pill Alliance’ to grant you the qualifications of ‘Pill Refining Master’ and ‘Pill Alliance Elder’, but now I am questioning both of your qualifications. Both qualifications are beginning to be questioned.”

For his part, Ye Lu muttered helplessly in his heart.

“Question your sister! It’s not because I beat up your son and grandson.”

However, Ye Lu was confused as to who was in charge of these systems and so on in the Pill Alliance, so he looked at Elder Yuxin and asked.

“Tell me straight, what do you want to do after you question it?”

“He looked at Ye Lu and said.

“Let’s follow the rules and come to the testing hall, you can also come along and be a witness.”

Hearing that there was such a fun and lively event to watch, everyone started to get up in arms, and then everyone headed towards the so-called “testing hall”.

Of course, this was also related to the fact that it was the first time that the Mo Lian Clan had come to the headquarters. At first, all that people knew about the Mo Lian Clan was just rumours, but this time they had actually seen the real person, and everyone felt that the name was true.

Soon the “testing hall” arrived and in accordance with the rules, Elder Pillarsin brought in two other elders, as three elders had to be present for the “Pill Master” test.

After the three elders were seated, the hall was filled with people.

Only then did “Elder Pill Xin” look at Ye Lu and say.

“Alright, according to the rules, a ‘pill refining master’ has to pass three tests before he can do so, of course the last test is to refine a ‘holy’ pill by himself, while the previous two tests, one is the art of fire control, and the other is designated for alchemy.”

“The purpose is also very simple, to avoid someone who will only refine one kind of elixir for the rest of their life in order to get this qualification, and also elixirs that might not be useful, well, that’s it for the instructions, next, we will start the first test of the art of fire control.”

After saying that, Elder Pill Xin gestured for Ye Lu to sit in front of him.

Ye Lu did not know what to do, so he sat down in front of him.

The people below began to talk.

“This guy is going to be unlucky now.”

“Yes, it’s not good to offend anyone but Elder Yuxin, who is known to be protective of his shortcomings.”

“I guess he’ll be burnt to a crisp.”

“Hey! It’s a pity about a handsome man’s face.”

.....

Hearing the crowd’s words, Ye Lu vaguely felt as if things were not too good, however, Mo Lian’s pitiful disciples were singing and dancing like a cheerleader below, shouting.

“Master! Go for it!”

“Master! Go for it!”

“Yeah yeah yeah!”

.....

Seeing this scene, everyone present felt a bit tearful.

While “Elder Yuxin” looked at Ye Lu and said.

“The fire control test we are going to have today is called the ‘Battle of the Fire Beasts’, where you and I will each create a fire beast to fight against each other, and the shape, strength and so on of the fire beast will determine whether or not you can pass the test.”

Hearing him out, Ye Lu nodded, but it was true that he had never done such a thing before.

So, he thought for a moment and said.

“I haven’t tried the operation you mentioned, is it okay if I try it first?”

Hearing that Ye Lu hadn’t done anything like this at all, everyone was in an uproar, because in the eyes of the “Pill Alliance”, this should be one of the basic skills, the most introductory fire control training for every pill refiner was this.

“Is this guy really a pill refiner?”

“Yes, they say that the ‘Mo Lian lineage’ is full of strange people, this is too strange.”

“Just this has to take the ‘Pill Refining Master’ qualification, word ah kidding.”

.....

The first thing that happened was that a “fire butterfly” appeared on Ye Lu’s finger, and with the appearance of this “fire butterfly” Ye Lu said with a smile.

“Elder Yuxin, isn’t it too boring for us to play so simply, why don’t we hang a little bit of a prize, what do you think?”

When he heard Ye Lu’s words, before “Elder Yuxin” could say anything, the people around him started to raise their voices first.

“Yes, let’s hang a colour, hang a colour!”

“Yes, that’s what makes it interesting.”

“Yes, it’s fun! Hang the colours!

“Hang the lottery!”

“Hang the lottery!”

.....

The whole room was filled with shouts of “hang the lottery”.

Seeing this scene, “Elder Yuxin” waved his hand at everyone and said.

“Quiet, since you all want us to hang a few prizes, let’s hang some, you are a junior, so tell me what you want to hang, I will give you something higher than you in exchange.”

“But, are you trying to say than what.”

Ye Lu smiled and said.

“Of course it’s a comparison of being able to pass or not, I don’t have anything particularly good here either, but there is an egg of a ‘divine beast’ that hasn’t hatched yet, you just need to take out a beast egg of equal value.”

As he spoke, Ye Lu took out the nameless beast egg that he had been keeping in his “Spirit Beast Bracelet”.

It had been in Ye Lu’s hand for a long time, but up to now, Ye Lu had not been able to figure out what kind of egg it was, and certainly had no idea how to hatch it.

However, in terms of value, this was indeed valuable enough.

After taking out the egg of the “divine beast”, Ye Lu pushed it towards Elder Yuxin and said.

“You can check to see if the purity of the bloodline is 100%, and if the level is enough for a ‘divine Beast’.”

“Elder Pill Xin” did not expect Ye Lu to produce such a thing.

In fact, not only him, but also the others, including Mo Lian and the others, did not expect Ye Lu to come up with something like this.

The reason was that apart from the Beast Alliance, the chances of everyone getting a “Beast Egg” were very slim, so basically, most of the “Spirit Beasts” that everyone used came from the Beast Alliance’s sales.

The “divine Beast” level, or 100% bloodline purity, such a treasure “Beast Alliance” will not sell, so the value of this beast egg can be imagined.

In fact, what Ye Lu did not know was that the Japanese side was already regretting giving Ye Lu these three items, they never thought that Ye Lu could really defeat their “Sword Saint” and take these three items in the hands of so many experts.

When he saw such a beast egg, Elder Pillarsin’s face began to sink, because he had just bragged too much, he said that whatever Ye Lu took out, he could take out something better.

Ye Lu looked at him with a smile on his face.

A few moments later, the people of the Mo Lian Clan began to clamour again.

“Huh! So this elder was just pretending! It turned out that he didn’t!”

“That’s right, don’t you know that pretending is punishable by lightning?”

“Net talk, hey, the headquarters is a disappointment, it’s not as classy as the people in our branch.”

“Rubbish, absolute rubbish!”

.....

Hearing these guys’ taunts, “Elder Yuxin” really couldn’t stand it anymore.

Chapter 427

He looked at the crowd and said.

“Shut up all of you, have some breeding will you, I really don’t have such a good thing, however, we do have an egg of a divine beast that is slightly worse than this one in our ‘Pill Alliance’, it is also an egg of unknown breed and currently has no way of hatching, I will bet you with that one, if you feel at a loss, I have There is also a beast egg of the fire attribute ‘Vermilion Bird’ bloodline that can be used together as a bet, so that’s always okay, right?”

Ye Lu nodded with a smile and said.

“Fine, although I’ll take a bit of a loss, but so be it, but I have a question, you said that the unknown beast egg belongs to the ‘Pill Alliance’, so what right do you have to give it to me, you’re not lying to me, right?”

“Elder Yuxin smiled and said.

“Since I dare to use it as a bet, I will definitely be able to give it to you, you can rest assured of that, after all, there are so many people here to witness it.”

Hearing Elder Pillar's assurance, Ye Lu nodded and then gestured for Elder Pillar to start the test.

In fact, the reason why Elder Yuxin was so generous was because in his opinion, there was no doubt that he would win, and the other two elders were his friends, so in such a case, they could just turn a blind eye and decide that Ye Lu did not pass the test, so he was basically in a safe position to win.

Although it had not been hatched yet, there were only so many ways to hatch a beast egg in general, and if it was not possible, one could apply to enter the "Secret Realm of Ten Thousand Beasts" through the "Beast Alliance" to find a special female to hatch.

Anyway, there was always a way.

So, he reached out and formed a Fire Wolf in front of him.

"The flames used by Elder Pillar were also beast flames, but in fact, beast flames did not mean that they were weak, as the flames of some demonic beasts were still very terrifying.

The fire-red flames quickly transformed into a living and breathing "fire wolf", and under the control of Elder Yuxin, the "fire wolf" even howled to the sky.

They had all learnt to do this before, but many of them were unable to control the fire in a very surprising way, and their creations were extremely shoddy.

The "Fire Wolf" that Elder Pill Xin had made was so fine that it could move and howl at will, which was very rare.

Ye Lu took a look at Elder Yuxin's Fire Wolf, then smiled and said.

"Just a little wolf, let me destroy you."

As he said that, he quickly reached out his hand and a pink leopard appeared in front of Ye Lu, this leopard was also alive and well, even its beard and ears were very clear, and its body was heavily coloured with leopard stripes, while its size was bigger than Elder Pill Xin's Fire Wolf.

However, compared to Elder Yuxin's Fire Wolf, the leopard's fur was very short and therefore not visible, so although the crowd was surprised, they were not surprised.

"Are you ready?"

Seeing his own flame shaking involuntarily after Ye Lu's flame appeared, it made Elder Yuxin's brow frown.

"It seems that at least the rumour that he possesses 'Origin Fire' is true."

"He knew very well that the level of Ye Lu's flame was stronger than his own, but level didn't mean everything, so after seeing Ye Lu nod, he activated his "Fire Wolf".

The pink leopard also rushed up at the same time, and the two fire beasts instantly tore into each other.

As soon as they did, Elder Yuxin realised that he had underestimated Ye Lu, and that his Fire Wolf did not have any advantage in terms of speed or lethality.

"It looks like I've been a little bit light on the enemy!"

Seeing this scene, the “Pillar Elder” quickly raised his hand and another fire beast appeared, this time it was a glistening tiger, dazzling and wagging its head and tail, unusually powerful, and this time this fire beast was not only much bigger, but also looked more solid.

“Oh, you have it, I have it too!”

After seeing the fire tiger, Ye Lu raised his hands, and a “fire lion”, which was a head taller than the fire tiger and almost the size of a real lion, appeared, also much more solid than the first “fire leopard”.

“Huh! That one called Ye Lu actually hid his strength too!”

The crowd was a little surprised.

However, Mo Lian said.

“Can’t you guys see that Master Ye Lu is using the strategy of attacking afterwards, and the fire beasts he condensed afterwards were only a little stronger than the opponent’s fire beasts.”

Hearing Mo Lian’s words, some people nodded as it did seem to be the case, however, many people could not accept this as it made people feel that it was not Ye Lu who was taking the examination, but rather “Elder Pillars of Xin”.

Seeing that Ye Lu’s Fire Lion was actually one head bigger than his own Fire Tiger, Elder Yuxin frowned and he quickly struck again, and a Fire Qilin, which was much bigger than Ye Lu’s Fire Lion, appeared.

However, Ye Lu immediately returned with an even larger Fire Dragon.

By this time, the Fire Beast released by both sides was so big that the test table in front of him was too big to fit the Fire Beast.

This was something that had rarely happened in previous tests, so they all got excited.

“Fight! Fight!”

“Bite it, bite it

“Make it hard

.....

The venue was as lively as a cricket fight.

However, it was obvious that it was Elder Yuxin’s fire beast that was unlucky, because every time Ye Lu released a fire beast that was bigger and more solid than his.

“This kid is really evil!”

“He felt that it was time to deal a fatal blow to Ye Lu, otherwise it would be unjustifiable to give Ye Lu another failure if he continued like this.

So, this time, he made a quick move and created a huge fire bird, which Ye Lu knew very well, it was the Vermilion Bird of the Four Sacred Beasts.

As soon as this Vermilion Bird appeared, the whole venue was in an uproar, because not only was it huge enough to cover the sky, but it was also detailed to the point that every plume, beak, eye and hair, was so delicate that it was the ultimate in fire control, and it had reached the realm where it was as free as it wanted to be.

Seeing this Vermillion Bird appear, Ye Lu understood that the time had come to decide the winner.

He looked at Elder Yuxin and said with a smile.

“It looks like it’s the final moment, so I’ll show you what true fire control means, the undying Phoenix!”

The reason why it was not bigger was not because Ye Lu could not get a bigger bird, but because the two birds had already reached the roof and there was no way to go higher or bigger.

“Isn’t this the same size, what do you mean by real fire control, I don’t feel it?”

“That’s right, it’s obviously claptrap!”

“Spoken as if it were true.”

.....

The crowd’s discussion had just started when someone shouted in surprise, “Look guys, that phoenix is changing colour.

Yes, red, orange, yellow, green, blue, indigo and purple, all sorts of colours were showing up one by one, the phoenix that had been pink slowly turned into a seven-colored phoenix of breathtaking beauty.

Everyone was stunned and dumbfounded at this.

This was beyond anyone’s knowledge because everyone present knew that a person could only have one type of “beast fire” or “spirit fire” and that each type of flame had only one colour, although there might be differences in shades, but it would never be this colourful.

“What surprised him even more was that while he was dazed, the seven-coloured fire phoenix had already finished off his Vermillion Bird.

Then, Ye Lu looked at Elder Yuxin and said with a smile.

“Alright, give me the bet, but don’t worry, I’ll give you a chance to win back in the next round of the test, do you still want to bet?”

Hearing Ye Lu’s words, Elder Yuxin could not help but fall into deep thought.

Chapter 428

He had no idea how Ye Lu could have done that, he could hardly describe it as unbelievable.

Anyway, Elder Yuxin asked himself if he could not do it. Moreover, Ye Lu’s “Fire Phoenix” was indeed stronger than his own “Vermilion Bird”, and in this regard, Ye Lu had not taken advantage of the situation at all.

However, he knew very well that if he didn't win back the beast egg, he would have to work for the Pill Alliance for the rest of his life, and that was not something that could be taken for nothing.

Therefore, he was in a state of hesitation for the time being.

However, while he was hesitant, those who were watching were not afraid of what was going on. Everyone felt that a simple test would be a very boring thing to do, so almost everyone felt that they should make the bet happen.

So everyone, led by a secondary lineup of "Mo Lian Clan", began to shout.

"Elder Yuxin, if you're a man, say yes."

"If you're a man, bet!"

"If you're a man, don't be afraid!"

"Be a man is one word, bet!"

.....

Soon, this matter had risen to the level of whether Elder Yuxin was a man or not, which made Ye Lu feel a bit unprepared, but it seemed that things were indeed becoming more and more interesting.

In fact, to be honest, Ye Lu did not know what the next test would be, but as long as it was playing with fire and alchemy, he felt that he should not have to worry about it, as he was also a member of the "Three Great Origin Fires", and the other party did not have a ridiculously high cultivation level.

However, the others didn't know that, including Elder Yuxin, who was opposite him.

If he did, not only would he be under immense pressure to pay the debt to the Pill Alliance, but the pressure of public opinion would also kill him if he avoided it.

So, he gritted his teeth and said.

"Fine, let's bet, the second item is to specify the alchemy, it must be a 'Heavenly Grade' pill, what do you think?"

Hearing the words of "Elder Pill Xin", Ye Lu smiled and said.

"This is up to you, if I were to set the rules, it would feel like I'm bullying you, wouldn't it? You set the rules."

Hearing Ye Lu's words, Elder Yuxin suddenly burst into tears and laughter, he felt as if things had suddenly reversed and he had become the passive party, while Ye Lu had become the active party.

However, when he thought about what Ye Lu said, he had a point. He knew what the test was about, but Ye Lu knew nothing about it, so it was unrealistic for Ye Lu to come up with the questions.

So, he thought about it and said.

"The second test was originally done in such a way that we would randomly come up with an elixir recipe and then give you the specified ingredients to complete the refining of a 'Heavenly Grade' elixir, if

we bet like that, I feel that it should be too easy for you, so why don't the two of us bet on the speed and colour of refining a certain elixir. ”

“As long as you can reach my ‘80%’ level in both areas it’ll be considered a win for you.”

To be honest, in everyone’s opinion, this condition was already a bit difficult for Ye Lu, because ordinary tests were not so troublesome, as long as one followed the recipe and refined the pills step by step, as long as there was a pills of sufficient colour.

After all, Elder Yuxin was a super expert who had truly entered the Golden Elixir Path, and he was a real elder of the Pill Alliance, not some external elder.

However, Ye Lu thought about it and said.

“Let’s not make it so troublesome, judging by 80 percent or whatever is too wordy, let’s just have a serious competition to see who is stronger in terms of speed and finished product rate.”

Hearing that Ye Lu had actually called out “Elder Yuxin” directly, everyone was shocked beyond words.

“Is this guy crazy?”

“Does he know who ‘Elder Yuxin’ is?”

“He’s actually trying to fight a tough match against an elder, he’s looking for death!”

.....

As a result, Lin Ruyue shouted loudly.

“What are you guys talking about, Grandmaster Ye is also an elder, okay, if it wasn’t for ‘Elder Yuxin’ questioning Grandmaster Ye, Grandmaster Ye would have been a real elder a long time ago.”

Hearing Lin Ruyue’s words, many people fell into deep thought, because in terms of reasoning, what Lin Ruyue said was also right, the sect had announced this matter long ago, although it was not official, but basically many people knew about it.

It was only that most of the people in the Pill Alliance had not seen Ye Lu’s performance at that time, so they were naturally unconvinced that Ye Lu had suddenly become a “pill refining master” and an “elder”.

They knew that the titles of “Master Pill Refiner” and “Elder” both carried a lot of gold.

“Uh! Wouldn’t that be too much of a disadvantage for you?”

“Elder Pill Xin” said as he looked at Ye Luo and stroked his beard.

Ye Luo waved his hand indifferently and said.

“Little Yue Yue is right, you don’t need to have any worries, because after I become a ‘pill refining master’ in a while, I will soon be an elder, and the two of us will be on an equal footing, so you don’t need to give in to me, say it, what are we here to refine this time? ”

“Elder Yuxin thought for a moment and said.

“It would be unfair for me to come up with the questions, so let Elder Yuan come up with them.”

With these words he looked at another old man with a white beard.

The “Medicine Garden Elder” thought for a moment and said.

“After all, I am a few years older than you, so I know some strange potion recipes, so you can make a ‘fourth-rank’ potion for the ‘Ninth Turn of the Golden Elixir’ realm. ‘Nine Trick Pill’.”

“As the name implies, it is related to the ‘Nine Nostrils of the Golden Elixir’, and it is said that its use at the ‘Nine Revolutions of the Golden Elixir’ realm will be helpful for truly stepping into the ‘Golden Elixir Avenue’ It will be helpful afterwards, but of course since the materials are hard to match and you have to wait too long for it to be effective, and there’s no way to prove whether it’s really effective or not for everyone, so almost no one refines it, so you guys just refine this.”

“Xiao Ke, go and help prepare the ingredients, prepare two copies for each of you, I think even you might fail, because this elixir not only requires a full thirty-six ingredients when refining, but it also requires the fusion of nine different laws of heaven and earth, so the requirements for the refiner are very high when it comes to fusion and condensation.”

Hearing that not only did the materials need to be so many, but that they had to contain nine different laws of heaven and earth, everyone sucked in a breath of cold air, this really wasn’t an ordinary difficult pill to train!

Soon, all the various things for the alchemy were ready.

Sure enough, there was a huge array of materials alone, and seeing that the two people were going to compete to refine such a complex elixir, the audience’s interest was also piqued, and everyone looked at the two people with wide hungry eyes.

“Are you all ready?”

“The Pill Garden Elder asked, looking at the two men.

When he saw both of them nodding, he smiled and said.

“Let’s begin!”

As his words fell, both of them began to prepare the ingredients. The Pill Garden Elder’s pot was quite extraordinary, it was a “Heavenly Grade Lower Grade” “magic treasure”.

“It looks like it’s Elder Yuxin who has won this time, he’s a bit faster.”

“Yeah, that Ye Lu is lifting a stone to smash his own feet, if he accepts the 80 percent at the beginning, he will win, not this time.”

“Hey, yeah, too young after all.”

However, at this moment, nine dan furnaces suddenly appeared in front of Ye Lu, and then the flame in Ye Lu’s hand also split into nine, and at the same time, he threw the nine ingredients into each of the nine dan furnaces.

“Holy sh*t! Not put, he’s going to refine nine at the same time!”

“It looks as if that’s the case.”

“This guy is so crazy!”

“Absolutely crazy, the situation is not clear now.”

“Yeah, I feel like ‘Elder Yuxin’ is going to be finished.”

“I have a feeling it is too.”

.....

When he saw the scene of the nine tripods coming out from Ye Lu, Elder Yuxin’s eyelids twitched. He originally thought that he was sure to win, but he didn’t expect the other party to have such a trick.

“This is going to be a disaster!”

“Elder Yuxin suddenly felt as if he had fallen into the pit designed by Ye Lu.

Chapter 429

This method of refining pills with a large pile of pots Ye Lu had used many times before, because he found that he had too many pills to refine and he could not split them, so Ye Lu came up with this method, at least before melting the pills, to save his time greatly.

With thirty-six ingredients, Ye Luo’s nine pots came out in unison, refining at a fast pace, this exaggerated method of refining caused everyone to look sideways.

“In fact, Elder Pillarsin was also considering whether or not to do this.

With his ability to control fire, he could also do it, but he didn’t do it at first, because if he did it after seeing Ye Lu do it, he would feel somehow uncomfortable, and with the style of those strange women in the Mo Lian lineage, if he did it, those women would definitely scold him to death.

So, after thinking about it, Elder Pill Garden finally gave up. It didn’t matter if he couldn’t surpass Ye Lu in terms of speed, he would definitely not be worse than Ye Lu in terms of quality.

The “Pill Garden Elder” stroked his beard as he watched all this.

Although he was an old friend of Elder Yuxin, he was not inclined towards Elder Yuxin from his standpoint, because Elder Yuxin was still a fair and impartial person.

Just now, Ye Lu’s performance had already amazed him, in fact, in the heart of the “Pill Garden Elder”, he had already acknowledged Ye Lu’s status, but he also wanted to see what kind of skills Ye Lu had.

He knew the level of “Pill Garden Elder”, and what he had just said about the possibility of failing to refine was actually for Ye Lu, a kind of secret help to give Ye Lu one more chance, he knew very well that “Pill Garden Elder” would not fail, because he was a true “Golden Dan Realm” super expert.

He knew that Elder Yuxin would not fail in refining a pill of the same level, but for a pill of a lower level, Elder Yuxin could definitely refine it to the extreme as long as he gave up on speed.

The difficulty with this elixir was how to control the speed and quality of the elixir.

The pursuit of speed inevitably entailed giving up some of the quality, and the pursuit of quality would of course have an impact on speed.

However, Ye Lu's strange move made this key point meaningless, because Ye Lu was already destined to win in terms of speed, so Elder Pill Xin had to fight for quality.

"Amazing!"

"Yes!"

Many of the people here had connections with Elder Yuxin, some were disciples of Elder Yuxin, some were disciples of Elder Yuxin's disciples, so everyone knew Elder Yuxin's level of alchemy, and Ye Lu was the first person to be able to push Elder Yuxin to such a level.

"This one seems to be really strong."

"You're right, I thought he was just a name, but it looks like I was wrong."

"Yeah, look at how each Dan Ding is processed faster than me, such strong fire control!"

.....

This point was right, because Ye Lu used spiritual energy and his body had been reborn, so his affinity to the laws of heaven and earth was much stronger, plus the "Origin Fire" was originally something that pointed directly to the origin, which helped Ye Lu even more.

Soon, Ye Lu finished processing all 36 ingredients, and by this time, Elder Yuxin had only processed less than one-sixth of them.

If he hadn't taken advantage of the situation, I'm afraid that he wouldn't have been able to handle this "Elder Yuxin" according to the 80 percent agreement.

"Sorry, I'll start using the Melting Pill first."

Ye Lu looked at Elder Yuxin and smiled, then began to take out the "Burning Heaven Furnace" and put in the ingredients.

Since he had already saved a lot of time before, Ye Lu was not in such a hurry when it came to making the pills, but started to make them with great concentration.

The audience had also changed from watching to expecting Ye Lu to perform a miracle, a change in mood that the audience had not thought of.

Soon, Ye Lu's refinement was complete.

He did not open the furnace but sat quietly watching Elder Yuxin refine the pills. He found that he could learn a lot from Elder Yuxin, who after all had been a real expert in making pills all his life.

It took him about a third longer than Ye Lu, and Elder Yuxin had finished making the pills.

"He opened the pottery furnace and looked at Ye Lu and said.

“A ‘Heavenly Grade’ Pill, without a single mistake!”

After saying that, he took out a small testing instrument and put one of the pills in it.

Sure enough, a red glow lit up and it went to the top.

When they saw this, the crowd was not surprised, as it was clear to everyone that Elder Yuxin did have this ability.

Ye Lu also smiled and opened the pottery furnace, then took out a pill and put it in, saying.

“A ‘Heavenly Grade’ Pill, without a single mistake!”

Sure enough, the red glow lit up and reached the top as well.

It was not surprising that the “Pill Xin Elders” could do it, but it was surprising that Ye Lu could do it too, because Ye Lu was not an Elder. According to everyone’s understanding, apart from the “Pill Alliance” and the “Dan Tower”, all other “pill refiners” were wild “pill refiners”.

For these wild “pill refiners”, they did not think much of them, and Ye Lu was one of these wild varieties.

“That’s really impressive!”

“Yes, it should be no worse than our ‘elders’.”

“You’re missing the point, the point is, how old is he, which of our elders is that young!”

“Yeah, you’re right.”

.....

The most surprised person was Mo Lian, who suddenly realized that his so-called “master” could now be his own “master”.

This level can only be described as unbelievable.

“The speed of refining Ye Lu wins, and the level of pills is equal, so Ye Lu wins, right?”

“No, I don’t think so... I just said that he won in both aspects.”

“It didn’t explicitly say that, did it.”

.....

Just when everyone was studying how the decision would be made, Ye Lu spoke first.

He looked at the “Pill Garden Elder” and said with a smile.

“Regarding the level of the pills, I think it’s better to ask the ‘Pill Garden Elder’ to rule on it, after all, he’s the one who wrote the questions this time, right?”

As he said that, Ye Lu pushed the elixir in front of the “Pill Garden Elder”.

The “Pill Garden Elder” did not know what Ye Lu meant, so he pushed the pill to the “Pill Garden Elder”’s side with some suspicion, as he was not afraid anyway.

However, the “Pill Garden Elder” took the pills from both of them and announced the knife without any hesitation.

“In this competition, Ye Lu has won in terms of speed and quality of pills, I rule that Ye Lu wins.”

At this everyone was in an uproar.

“How is it possible, the ‘Elder Pill Xin’'s pills actually lost.”

“It can’t be, it’s a draw at most, didn’t the instrument just show it?”

“Could ‘Elder Pill Garden’ have cheated us?”

.....

As the crowd wondered, the “Medicine Garden Elder” explained.

“It’s true that the grade of the pills are the same, but Ye Lu’s pills contain an inexplicable spirituality, so really, in terms of effect, it’s definitely Ye Lu’s pills that are superior.”

After saying this, he flicked the pill in his hand towards Elder Pill Xin.

After receiving the pill, “Elder Pill Xin” nodded helplessly, because what “Elder Pill Garden” said was indeed correct.

Ye Lu looked at Elder Yuxin and said with a smile.

“Well? Elder Yuxin, I think there is still one last round, do you want to compete again, you all have a big career anyway, just for fun.”

“Elder Yuxin sulked and muttered in his heart.

“This kid is obviously setting a trap for himself, if we continue, we will probably lose our underwear to each other.”

So, he shook his head and said.

“No need, there is no title for the last round, everything is free for you to play.”

For his part, Ye Lu smiled and took out a dan recipe and said.

“Fine, go ahead and dispense the medicine then, but it’s so boring without someone to bet on.”

But what Ye Lu didn’t expect was that when he was about to pretend, the “Pill Garden Elder” suddenly looked at him and said with a smile.

“Master Ye Lu, I think I can already call you that in advance, I can play with you, the bet is also a beast egg, I have a top grade ‘dragon egg’ here, we will bet on who will refine the variety of ‘Saint Grade’ pills with more, how about that?”

Chapter 430

“Dragon Egg!”

Hearing this name, Ye Lu was moved, because Long Fei Xue was of the “Green Dragon” bloodline, so if the “Dragon Egg” was given to her, it would definitely be the most suitable.

However, the “Medicine Garden Elder” continued.

“However, I should also explain to you in advance that this dragon egg, like your egg, is also rather special, and if you want to hatch it, most of you still need to enter the ‘Ten Thousand Beasts Secret Realm’.”

Hearing the words of the “Pill Garden Elder”, Ye Lu asked with some confusion.

“Can’t we give it to the ‘Beast Alliance’ and ask for their help?”

The “Pill Garden Elder” smiled and said.

“If you really give the good stuff to the ‘Beast Alliance’, you will never get it back, and I advise you, even if you enter the ‘Ten Thousand Beasts Secret Realm’ from the ‘Beast Alliance’ side ‘, you must not reveal that you have any treasures in your hands, or else you may disappear forever in the ‘Ten Thousand Beasts Mysterious Realm’.”

Hearing the words of the “Pill Garden Elder”, Ye Lu also sucked in a breath of cold air, he really did not expect the “Beast Alliance” to be so black, it was simply too black.

However, despite such problems, Ye Lu still had to get this “Dragon Egg”.

So, he smiled and said.

“Okay, then we’ll compete once.”

Hearing that Ye Luo wanted to compete with the “Pill Garden Elder”, those who were slightly unconvinced just now began to sigh, not to mention that Ye Luo’s domineering aura of killing God and Buddha made them feel a bit scared.

The “Pill Garden Elder” was a person who had seen a lot of things, and most people would be ashamed of themselves at this point, and to compare the number of “Saint Grade” pills made with the “Pill Garden Elder”, everyone felt that Ye Lu had brought his own strength this time.

“Hey! This guy has swelled up!”

“Yes, after all, he is young and vigorous!”

“I don’t think you can say that, young people? You have to be a bit energetic to do that.”

“It’s as if it’s true, you’re on!”

“That’s better.”

.....

Following that, the two people began to formulate the herbs for the dan recipe while they started to refine it up, seeing that the two people were definitely in for a long battle, so many people went out and bought all kinds of food and drinks, ready to take their time and watch.

Pill Shu had also been alerted long ago, but instead of showing up, she followed another elder and sat in a nearby room to watch the scene.

“Shu’er, this one called Ye Lu is really quite a special person!”

This female elder also looked outside at Ye Luo with some emotion.

“However, how could such a powerful person get involved with the ‘Mo Lian’ girls?”

Pill Shu then said.

“Report to the ‘Pill Condor’ Master, I was also puzzled at first, thinking that he was Mo Lian’s disciple, but only later did I learn that he was actually Mo Lian’s master, Mo Lian and the girls had always been unrestrained, so I guess I met them occasionally when I went out one time and then worshipped their master.”

“The Pill Master nodded and said.

“It seems that their relationship is really unusual, and it looks like they are going to keep the ‘Mo Lian lineage’ at the headquarters.”

Hearing the words of the Pill Fai Elder, Pill Shu said with some concern.

“Will they cause trouble?”

“Elder Pill Fai said with a smile, shaking her head.

“Don’t worry, I’ve asked around, although the Mo Lian clan is a maverick, they haven’t caused any big trouble, and they basically don’t take the initiative to provoke others, which is why no one has ever bothered them. ”

After listening to the “Pill Premium Elder”, Pill Shu was a little curious and asked.

“What exactly is the relationship between the Mo Lian Clan and our ‘Pill Alliance’?”

“Elder Pill Concubine shook her head and said.

“I don’t know, because it involves something much older, but it should be related to the ‘Alliance Master’, anyway, but then again, the ‘Alliance Master’ hasn’t appeared for too long, so people’s hearts are scattered! ”

After saying that, the “Pill Premium Elder” also shook his head with some concern.

Pill Shu then stared outside and said.

“Both of them have already started making their second pills, I wonder how many ‘Saint Grade’ pills they can make?”

“The Pill Master said with a smile.

“In fact, the number of pills that can be made is not the most important thing, what matters most is whether the ‘Saint Grade’ pills that Ye Lu makes are the ones that our ‘Pill Alliance’ has, or the ones that we don’t.”

“If it’s something that we have, then it’s not unusual, if it’s something that we don’t have, then Ye Lu’s value is huge, every ‘Saint Grade’ elixir is worth a fortune, can’t you see, the ‘Pill Garden Elders’ eyes are lighting up.”

In fact, Pill Shu also saw the excitement of the ‘Pill Garden Elder’, then she suddenly remembered something, then she looked at the ‘Pill Premium Elder’ and said.

“When I was chatting with Ye Lu, he mentioned a ‘holy’ elixir called the ‘Fixed Face Pill’, which, according to him, is a pill that can make one’s face ageless. If the two pills were used at the same time, one might be able to look old again.”

Hearing what Pill Shu said, “Pill Premium Elder” was really not calm at all.

Even though she had entered the Innate Realm at a very young age, her face was aging irreversibly as the years went by, and this had become a problem in her heart.

So, she said with some excitement.

“He can really make such a ‘pill’?”

Medicine Shu had to think about it and said.

“That’s what he said.”

Just at this time, they heard Ye Lu say.

“This is the ‘Face Fixing Pill’, a ‘holy’ elixir that can make one’s youth last forever.”

After saying that, he started a new round of refining, but the “Pill Relief Elder” was already looking at the bottle of pills with straight eyes.

Ye Lu and the “Medicine Garden Elder” spent a day refining, and then it was late at night.

The “Pill Garden Elder” had already refined all the “Saintly” pills that he could make for the “Houtian Mirror”, “Xiantian Realm”, “Foundation Establishment Realm” and “Golden Dan Nine Revolutions” realms.

However, on the contrary, Ye Luo was still leisurely refining the “Saintly” pills for the “Innate Heaven” realm, moreover, the “Pill Garden Elder” was refining one kind of pills while Ye Luo was refining one kind of pills, so Ye Luo also took the opportunity to finish his lunch and dinner, which made the “Pill Garden Elder”, who was continuously refining pills, a bit overwhelmed.

This was because the Pill Garden Elder was surprised to find that he had not seen most of the “Saintly” pills Ye Lu had made, and the ones he had seen were not quite the same as the ones he knew, which made him understand that this Ye Lu was really an unusual person.

“Alright, alright, you’ve won.”

The “Pill Garden Elder” looked at Ye Lu and said with a smile.

He was very satisfied with Ye Luo, so he smiled and took out a sign and said.

“Ye Lu, congratulations on becoming the ‘Pill Refining Master’ of our ‘Pill Alliance’, and I don’t think there is any Do any of you have any more comments?”

As a result, it was “Elder Pill Xin” again who looked at Ye Lu and said.

“I have an opinion, every one of our ‘Pill Alliance’ elders has made a great contribution to the ‘Pill Alliance’, Ye Lu has done nothing and has just become the ‘Pill Alliance’ ”Elder, isn’t that a bit too unreasonable.”

Hearing Elder Pill Xin’s words, Elder Pill Garden’s brow furrowed, because although Elder Pill Xin was right, the current situation was obviously different from what Elder Pill Xin had said, because now Ye Lu was not begging them to become an elder, but the Pill Alliance wanted to keep Ye Lu through this.

“He looked at Elder Yuxin and said.

“You old man, I have put up with you for a long time, your grandson was beaten by me because he was to blame, who let him have no strength and still had a bad mouth, besides, as you can see, I did not hurt his muscles and bones, nor did I touch his foundation, so you are still not satisfied. If you don’t educate him properly, he will sooner or later become a eunuch, just like that Xie Tinglin of the Dan Tower.”

As a result, “Elder Pillowwood” said coldly.

“Humph! No matter what you say, the rules of the ‘Pill Alliance’ are that I have the right to veto, and if I don’t agree, you won’t be able to become an elder.”
