## Chapter 461

Ye Luo saw that while Athena, the Goddess of War, was lighting up the formation, Hades, the King of the Underworld, had also started a summoning ritual.

It was similar to Ye Lu's summoning, but although Hades' summoning was also led by blood, it was more of a contractual summoning, because Hades had an ancient "contract book" in his hand that had been passed down to him. "At this moment, he was summoning undead creatures from the "contract book".

In an instant, he was surrounded by skeletons, black cloaks of the dead, bone dragons, tall, blood-soaked golems, hellhounds, and necromancers on black bone horses .....

At the same time, the three great Judges of Death, Minos, Radamantis and Aegis, who had accompanied Hades, also entered, and they quickly stood by Hades' side.

Then, a black "three-headed dog of hell" with the terrifying aura of a small mountain appeared in front of everyone.

Obviously, these undead creatures and the "Three Headed Dog of Hell" would be the vanguard of this attack, followed by the real army of the "Greek Gods".

Immediately afterwards, Ye Luo saw the real card of the Greek Gods, a large group of immensely tall giants, some of them with complex attributes, some of them emitting flames, others entwined with water mist, these were the legendary "Titan Giants", which were even older than Zeus and the others. These are the "Titan Giants", who are said to be older than Zeus.

The Norse gods had frost giants, so the Greek gods must have brought something to deal with them as well. "The Greek gods were well prepared!

Soon, the Twelve Greek Gods were all assembled.

However, what Ye Lu did not know was that the gods of Mount Olympus, represented by Zeus, were not the real powerhouses of the Greek gods.

These were the "new gods", while the most fearsome were the "old gods", but of course, Ye Lu did not have the chance to meet the descendants of these "old gods" anytime soon.

While the gods were assembling, Hades' army of death had already begun to attack.

Like the Norse gods' attack on Olympus, Zeus' method of attack was divided into two parts, such as the one attacking at this moment. "The legions of death were charging and releasing their "death breath".

This aura is called "corporeal aura" and can be used as a plague to bring death to the living.

The first to appear were the Minotaur Legion, a half-man, half-bull legion, all of them tall and carrying heavy weapons such as axes and hammers. The Minotaurs, and there were so many of them.

These are known for their destruction, devouring all animals, destroying all buildings and, above all, spitting fire with great intensity.

These beasts all have the same characteristic, that is, they have many heads, ranging from two to nine heads. Ye Lu felt that this “Hydra” should be related to the “Nine Infants”, the “Enlightened Beast” and the legendary Japanese monster, the “Yaki Orochi”.

However, the nine heads, the mouth full of sharp teeth and the armour-like scales make this creature’s procession look hideous.

The last one that appeared was even more terrifying. Ye Lu felt that this one should be the ancestor of the Nine Infants, as it had a hundred heads and was covered with feathers and had a pair of huge wings.

As a matter of fact, after reading its information, Ye Lu realized that the previous demonic beasts “Hydra” with nine heads, “Hell’s three-headed dog” and “Chimera” with a lion’s head and a sheep’s body were all born out of this bastard’s wife, including the one that “God of War” was riding before. The beast that the god of war rode, Griffin, was also born to his wife, Echidna, the legendary king of all beasts, Typhon, in Greek mythology.

Legend has it that this creature once broke the tendons of the hands and feet of Zeus.

In fact, this terrible creature is one of the “Old Gods” and one of the “Titan Gods”.

When he appeared, he brought with him countless demonic beasts of all kinds, just as the “King of All Ghosts”, the god of wine, appeared with countless ghosts.

Following this, all the legions of demonic beasts and dead spirits rushed towards the Land of Mist and the Land of Fire.

“The Nordic Gods obviously did not expect such a thing, they had been living in the Nordic Secret Realm for many years, and it had always been a war between various races and demonic beasts, because there were extremely terrifying demonic beasts in this Secret Realm, which was somewhat similar to the “Secret Realm of the Ten Thousand Beasts This is somewhat similar to the “Secret Realm of the Ten Thousand Beasts”.

So, coupled with the fact that they felt that the entrance and exit of the secret realm had never been discovered, the long years of living had made them relax their vigilance in this regard long ago, and this was the reason why no one anyone was guarding near the entrance and exit.

Therefore, seeing the sudden rush in of a dense army of undead and demonic beasts, many of them were surprised.

“Sh\*t! It’s for real!”

The “Brannoy”, who had been in contact with him before, looked at all this with surprise.

He was one of the few people who were worried that Ye Lu would really retaliate, because he felt that Ye Lu was too mysterious and unpredictable, and might have the ability to do so.

However, he could only mention it to his superior, “Norwood”, who also felt that Ye Lu was very evil, but he did not think that Ye Lu could really find this secret realm.

The entrance and exit of the “secret realm” is not visible from the surface, and with the cover of the formation, one cannot enter the secret realm by mistake even by chance.

Now, as Norwood looked at the terrifying Typhon, the King of Beasts with a hundred heads taller than the Frost Giants, he was filled with regret. "His heart was filled with regret.

With so many foreigners invading, the golden-crowned rooster on the world tree let out a long, loud and incessant cry.

The call of the "golden-crowned chicken" shocked everyone, for legend has it that the "golden-crowned chicken" on the "world tree" only sings when the "twilight of the gods" comes. The Golden-crowned Rooster will call only when the "twilight of the gods" comes, and when it does so, the red-flamed rooster of the "kingdom of the dead" will respond.

Immediately, another rooster crow was heard!

And out of the Iron Forest, the "storm buzzard" rose into the sky and roared with the storm.

"What's going on?"

Oswald, the previous leader of the Norse Gods, who was in seclusion, was awakened and quickly grabbed his lance and flew out.

He quickly grabbed his spear and flew out, only to see the army of "Necromongers" and demonic beasts.

"No way! It's really coming!"

His mouth opened wide in surprise, and then he remembered the determined and angry look in the gypsy girl's eyes when she was transported away by the formation.

Originally, he had not taken Ye Lu's threat into consideration at all, thinking that Ye Lu was just saying something harsh before he left, he was not scared, so he did not take it seriously at all, and now he was already regretful in his gut.

"If I had known things would turn out like this, why did I mess with those two gypsies?"

It suddenly occurred to Oswald that it wouldn't have mattered if he had given them some of the spring water from the Fountain of Helvargemil, as there was plenty of it anyway.

"Let's hope the Nordic clan doesn't perish because of me."

He muttered to himself, and then flew to one side, for he was a member of the most powerful legion of the Great God Odin, the Hall of Spirits, and all he had to do now was to join the other warriors of the Hall of Spirits to defend themselves. "Now he had to defend himself against the enemy together with the other warriors of the Hall of Spirits.

"The Hall of Spirits was the lightest of Odin's legions, and every warrior in it was battle-hardened, fearless and well-trained, so they were the first to react quickly.

Countless fully dressed warriors quickly formed into battle formations and rushed towards Hades' "legion of the dead" and the army of demonic beasts.

Ye Lu watched the scene leisurely as he sipped his drink.

"Let's fight, let's fight, let's fight to death!"

Ye Luo looked at the “King of Beasts” and said with a smile.

## Chapter 462

Only when both sides were fighting in chaos would Ye Lu have a chance to strike.

He had already found out the location of the “Hwagmir Springs”, although these springs were magical, they were still inanimate and could be taken away by the “Sumeru Ring”.

As long as it is smaller than itself, it can be taken away.

However, the war had only just begun and it was not time to do anything about it.

“In addition to being called the “Fountain of Life”, it was also called the “Fountain of Wisdom”, which could grant wisdom to demon beasts, especially low-level demon beasts, and this spring would be of great help.

This was also the reason why Ye Lu wanted to get the Fountain of Hewagh Mil, because he was already planning to enter the Secret Realm of the Ten Thousand Beasts to hatch all the Demon Beast Eggs, and then use the Fountain of Hewagh Mil and other things to quickly raise the cultivation level of the Original Spirit Beast.

The “nameless beast egg”, which even “Glasses” had no way of knowing the details of, Ye Lu always felt that it was of extraordinary origin, and through this experience, Ye Lu also found out the importance of having an “original spirit beast”.

While muttering to himself, Ye Lu observed the battle.

Obviously, the prepared “Greek Gods” had a clear advantage. Although the “Hall of Spirits” people were strong and quick enough to react, they were after all elite warriors and their numbers were small.

So, instead of fighting to the death against the elite of the “Hall of Spirits”, this time the attacking party attacked all living things that could be attacked.

These attacks were only the vanguard, the real “Greek Gods” were behind them.

“Each of the “Twelve Gods” was leading a powerful team that was already assembled, and all the members of these teams were made up of one person and one beast.

Of course, who will be stronger depends on who grows faster and who has more resources, the master and the beast.

However, generally speaking, the upgrade of the “Original Spirit Beast” is more stable, because the upgrade of a demonic beast is closely related to the level of its own bloodline, and a pure and noble bloodline is naturally much stronger, just like the “Ghost Bat”, which is born at the “Innate Realm”, which is incomparable to humans.

As long as they are fed the best resources and given the things they need to grow and mature, they can reach the peak of their bloodline steadily.

On the contrary, humans are much more complicated, involving all kinds of perceptions, all kinds of bottlenecks, all kinds of learning and strange encounters, so human development is unlimited, but of course it is also full of variables.

The twelve teams then rushed towards the Land of Mist and the Land of Fire.

This time, the Greek Gods were obviously aiming to kill them all, and the Nordic Gods should be able to feel it from the momentum, so Ye Lu felt that there should be no one left at the Fountain of Helvargimir.

As a result, when he arrived nearby, he realised that he was wrong.

It was not that the place was heavily guarded, but because his current cultivation level was too weak compared to the people here. His own cultivation level had officially broken through to the "Ninth Golden Dan" realm in the "War Temple", and he had also broken through to the "Second Golden Dan" level in one fell swoop, but now he might be able to fight the lower "Top Trick" or "Idea Trick" practitioners in the "Golden Dan Avenue", and there was no way to fight the higher ones.

In the Nordic Gods, there were experts of this level everywhere, so it was very difficult for Ye Lu to do so.

He had no choice but to walk back and look at the battle group near the "Odin Temple" and started to think of an idea.

At the same time, he was also contacting the leaders of the Frost Giants, hoping that the Frost Giants would send an army of Frost Giants to join the battle group.

At the same time, he also arranged for someone to contact the Kingdom of Fire and the Kingdom of the Dead, whose legions of Flaming Giants and Necromancers were also very powerful.

Seeing this scene, Ye Lu suddenly had an idea.

He quickly lurked near the battle circle, then summoned some small demonic beasts that could be used to collect things quickly, then asked these guys to help collect some blood from the battlefield, the battlefield was fierce, and there was blood everywhere, so this was still easy to do.

Of course, he didn't arrange it haphazardly, but collected the blood of a few people and several demonic beasts with a purpose. After that, Ye Lu began to find an unoccupied corner near the "Hwagamir Spring", and then he used the "beast blood" he collected to summon a golden bristled, powerful-looking demonic beast, the "Golden Bristled Boar", and then disguised himself as Frey, the "God of Abundance" of the "Twelve Nordic Gods", while using an enhanced version of the "Art of Concealing the Sky" to simulate his cultivation as a "Firstborn Elder".

Of course, the most confusing thing was the "golden bristled boar", which was the only one among the "Norse Gods".

After this was done, Ye Lu rode the "golden bristled boar" towards the "Fountain of Helvargemil".

The "God of Abundance" Frey was one of the twelve main gods and had a very high status, so although these people didn't know what Ye Luo wanted to do here, they still respectfully began to salute.

Although he had the help of his glasses, he could read, listen, read and write without too much problem, but he was very worried that he might be exposed if he tried to imitate Frey's voice in this language environment.

So, without saying anything, he rode on the body of the "golden bristled boar", nodded indifferently to the crowd with a frown, and then walked towards the "Fountain of Helvargemil".

The crowd did not dare to stop him and let him walk outside the building protecting the spring.

Ye Lu gestured for him to go in and take a look.

The man in charge of guarding the spring quickly opened the barrier and Ye Lu took a look inside, then nodded in satisfaction and turned to leave.

This left everyone a bit baffled, and only after Ye Lu left did everyone talk about it.

"What the hell is going on today? There seems to be a war on a large scale on that side of Cape Halle, and I wonder which giant race is attacking again?"

"Yeah, this battle sounds so scary, it can't be the start of the 'Twilight of the Gods'."

"The 'Twilight of the Gods' is just another word for the 'War of Extinction', how can there be a 'War of Extinction' in our present age? '?'"

"I do think that 'Lord Frey' is acting very abnormally today, don't you think?"

Hearing him finish, another man rubbed his chin and said.

"Indeed, it's also the first time I've seen the amiable Frey-san show such a stony expression."

"It's even more bizarre to act without saying a word, could there be something going on here?"

"What could be going on? I'm not sure what's going on here.

.....

The man who was guarding the "Hwagamir Spring" was a little unsure of himself, so he thought about it and decided to check out the spring again.

As a result, he froze in his tracks.

"Head, what's wrong? Are you alright?"

"Head, don't you scare us."

"What the hell happened?"

.....

The puzzled crowd also went over, and as a result, all of them froze in their tracks as they found that the Fountain of Helvargemil had actually been emptied.

Chapter 463 Part 1

The moment he reached out to look, Ye Luo had already used the “Sumeru Ring” to get all the spring water from the “Hvagimir Spring” into the “Sumeru Ring”, and now the “Sumeru Ring” was filled with water.

Many daily necessities were floating on top of the spring water of the “Hvagimir Spring”, because the quantity of this spring water was really quite a lot, Ye Luo’s huge spatial ring with a side length of more than a hundred meters was actually filled with more than half of it, now Ye Luo did not have to worry about his ring being empty.

He had always wondered when such a large “storage ring” would be filled with goodies, but this time he had finally filled half of it.

Of course, the Fountain of Helvargimir was an eternal spring, and as long as it was still there, it would continue to gush out, but it would take some time to accumulate so much.

“Pop!”

Ye Lu snapped his fingers and said with a smile.

“One thing in hand, next is the ‘World Tree’.”

Ye Luo looked at the “World Tree” not far away and said to himself.

Although this “World Tree” was very big, the space inside the “One Leaf Bodhi” was also very big, because apart from the place where the “Spirit Field” was located, this “One Leaf Bodhi” still had a lot of space, but it was impossible to grow anything else, so if you wanted to grow something, you could only grow it on the one-mu “Spirit Field”.

Although an acre of land is not very large, in metres it is an area of more than 200 metres square on each side, which can basically accommodate this world tree.

The current situation is that, under the onslaught of the twelve Greek gods, the twelve Norse gods and the warriors of the Temple of the Spirits have retreated to the vicinity of the Temple of Odin, and if the Frost Giants had fought, they would have been destroyed.

This is the lair of the Frost Giants, and they can use their frost power here to attack far more than they can in the outside world.

For example, in some “secret realms”, the laws of time are different, and some people go in for a short period of time, only to come out and find that many years have passed, which is the so-called “seven days in the cave, a thousand years in the world”.

This is the so-called “seven days in the cave, a thousand years in the world”. Some “secret places” are related to the “laws of space”, and after entering, you may come back out and be a thousand miles away.

The strongest laws in the Nordic Realm are ice and fire, so demonic beasts or practitioners of the water, ice and fire attributes can all use their combat power far beyond what they normally would.

However, it was clear that the Norse Gods could not rely on these “Frost Giants” to turn the tide, as the gap between the two sides was still quite large.

If they hadn't succeeded in diverting the main forces of the Twelve Gods from the mountain, and if they hadn't aimed to take the Key to the Immortal Palace from the Temple of Zeus, they wouldn't have succeeded.

However, Odin did not despair, for there were still two legions that were more powerful than the Frost Giants, namely the Flaming Giants and the Kingdom of Death, especially the Kingdom of Death, which was a very powerful legion.

However, what Odin did not know was that at this moment, Ye Lu had already transformed into the special envoy of the leader of the Flaming Giant Army, Stelter, and was on his way to the Kingdom of Death.

In the Kingdom of Death, countless dead creatures and terrifying beasts have gathered.

"The leader of the Kingdom of Death, Loki, is standing on top of a bone dragon looking at the group in front of him, and next to him is the terrible wolf Fenrir, who in the legend of the Twilight of the Gods killed the great god Odin.

Also standing beside Loki were the Queen of the Kingdom of Death, Hel, the bloodied hellhound Garm, and the serpent Yemunga, all of whom were experts in the Kingdom of Death.

Ye Luo is now a "Fire Giant", named Gadhaina, the right-hand man of the King of the "Land of Fire", Shirl, and he has the three great origin flames in his body, so it is easy to simulate the flames of the "Fire Giant" here.

It is a "physical art" that makes the body bigger and stronger for a period of time, but of course it still costs a limited amount of physical strength.

With these two points, as long as he didn't ask Ye Lu about his daily chores, he wouldn't reveal anything.

When he arrived in front of the "Army of Death", Ye Lu gave a salute and said.

"Lord Loki, our King Stelter has made a proposal to you, our two legions should unite and take advantage of the attack of the Greek Gods to destroy the Odin Gods first, and then we will divide the secret realm. What do you think?"

Loki was most cunning and cunning, but at the same time fierce and cruel, he heard Ye Lu's suggestion and thought for a little bit, then he said with a smile.

"Good! You guys go and storm the 'Frost Giants' while we go and take down 'Odin' and the others, then, we'll throw out all those alien buggers."

Loki was quick to agree, as this was indeed a once-in-a-lifetime opportunity.

.....

"Odin is struggling to hold on, he has narrowed the defense circle to the bottom, all around the "temple of Odin", now they have only one purpose, and that is to wait for the "legion of fire giants" and the "kingdom of death" army to come.

“The Fire Giants, led by Stelter, were also marching towards the battlefield, but soon news arrived from the front that instead of helping the Norse Gods, the Kingdom of Death had started to attack the Norse Gods.

This made him feel a bit surprised.

The purpose of his visit was to convey the intentions of the Kingdom of Death to the Flaming Giant Army, and Stelter, who had long been filled with hatred for the Norse Gods and the Frost Giants, agreed to do so without hesitation.

At this moment, Odin’s heart was filled with despair, for he had never expected that the army of the Kingdom of Death and the army of the Flaming Giants would turn against him one after another.

Although he understood that these people were not his allies but his enemies, at a time like this when a great enemy was at hand, shouldn’t we all be united?

However, no matter what he thought, due to the joining of the “Kingdom of Death”, the “Odin’s Army” was immediately defeated like a mountain, and in a flash, they were beaten and cowered in the “Odin’s Temple”.

No wonder the “Heavenly Vine” wanted this “World Tree” so badly, it was really weird.

But then, Ye Lu was in a bit of a quandary, how should he get his hands on the World Tree?

This was not the “Hwagmir Spring”, which was hidden underground, so it could be removed unnoticed, but this “World Tree” was so high that everyone would definitely notice it after it was removed.

What was even more troublesome was that the battle was too fierce, with all the old monsters defending hard, so if Ye Lu went over there, it would definitely affect the fish in the pond, and I was afraid that he would just be blown to pieces.

“Sh\*t! Damn it, what’s the point of having such a horrible fight!”

Ye Luo was a bit depressed as he hid in the distance and quietly watched the battlefield. However, Ye Luo guessed that he wouldn’t have to wait too long, as the “Nordic Gods” would basically be finished because of the “Kingdom of Death” army joining them.

As soon as the Norse Gods were finished, the Odin Temple would no longer be the main battle zone, and at that time, he would probably have a chance.

He saw that Brannoy, an expert of the YuanYing realm, who had been in contact with him before, had been bitten off by one of the heads of the terrifying Typhon, and that Oswald, who had tried to kill himself, had also been stabbed to death by Apollo, the God of Light.

The “Norse Gods” were immediately defeated, and the opportunity Ye Lu had been waiting for finally came, as “Odin” waved his Gungnir and rushed out of the encirclement, leaving the “Temple of Zeus” empty.

Little did Ye know, however, that with his departure, death would come at the same time.

## Chapter 463 Part 2

He was also worried that he might be targeted, as both sides of the battle were too strong and any one of them would be enough for him to drink.

However, at this moment, he was playing the role of one of the “Greek Gods”, but of course, he did not dare to play too important a role, as it would be too conspicuous.

At this moment, those from the Nordic Gods were busy breaking out of the siege, while Ye Lu followed the group and rushed towards the Odin Temple.

The strength of the Nordic Gods’ elites was on display after they changed from a deadly defense to a breakout.

But his opponent was not weak either. He was facing Zeus, the main god of the Greek gods.

“Ka-ching!”

A huge thunderbolt descended from the sky, and it was the thunderbolt power from the thunder staff “Thunder” in Zeus’ hand.

However, to everyone’s surprise, Odin, who was riding the eight-legged divine horse “Sleipnir”, actually waved the Gungnir in his hand and sent the thunderbolt flying.

Seeing this scene, everyone could not help but feel, the Norse God “Odin” is really strong, ah, followed by “Odin” in the hand of the Gungnir shot out, a terrible strike directly poked at “Zeus”.

“The Gunpowder is called the “Eternal Gun”, which means that once it is thrown, it will hit its target and return to its hand again.

In the hand of Zeus was the “Shield of Aegis”, the strongest of all defences, which nothing could pierce.

So, this blow was like the legendary “paradox”, whether the “Gungnir” was stronger or the “Shield of Edexcel” was stronger, and Ye Lu felt some anticipation.

“Boom!”

The sound was deafening, and the shockwave from the impact sent all the people nearby flying out, showing how strong the blow was.

However, unfortunately, the blow did not penetrate the strongest shield, the Shield of Aegis, but it sent Zeus flying, followed by a spurt of blood.

“How powerful!”

Everyone was shocked by this scene, this was the leader of the “Greek Gods”, I don’t know if he was the strongest, but “Zeus” was indeed the real leader.

“Brush!”

Gungnir returned to the hands of Odin, who rode on his eight-legged horse, Sleipnir, and shouted.

“I, Odin, King of the Gods, swear once again that I will make you pay for what you have done today.”

With these words, he rushed towards the entrance of the secret realm.

However, he had barely made it halfway out when two masters rushed over, one with a two-stranded fork and the other with a trident, namely Hades and Poseidon of the Greek Gods, followed by Zeus with Thunder and the Shield of Aegis.

The three of them quickly stopped Odin, but to everyone's astonishment, Odin was able to defeat all three of them without losing any ground, and he rushed towards the entrance like the wind.

Seeing this scene, Loki, the leader of the Kingdom of Death, could not help but nod his head.

"Odin, although I hate you, I can't help but admire you, you really have a way.

Seeing that the great god Odin had led the three giants of the Greek gods towards the entrance, Ye Luo quietly moved closer to the World Tree.

Now that the people had been lured away, no one should notice the World Tree, so it was the right time for him to approach it.

However, as Ye was moving towards the World Tree, a car stopped him.

It was a golden chariot driven by four golden fire horses, and it looked so golden that it almost blinded Ye Lu's eyes.

"Chariot of the Sun, Apollo, the Sun God!"

At the sight of this chariot, Ye Lu instantly understood who the other party was.

"Apollo, one of the twelve main gods of the Greek Gods, was the most arrogant of them all, and he looked down at Ye Lu with a condescending look.

"What do you want to do?"

When he heard Apollo's words, Ye Lu was taken aback, he did not understand why this Apollo could know that he had a problem.

"Could it be that my disguise is not perfect?"

Ye Lu frowned and puzzled over it.

Seeing Ye Luo's expression, "Apollo" looked at Ye Luo and smiled and said.

"You don't understand why I can find you, do you?"

When he finished speaking, Ye Luo quickly nodded, honestly, he was really curious about this, he felt that although he could not say that his disguise was seamless, at least it was also flawless.

He hadn't said a word or made any odd gestures, and had kept a low profile, so how could he have been found out?

As a result, Apollo smiled and said.

"Gypsies know the most things, so you are the gypsy girl, right?"

“I am the God of the Sun, as well as the God of Prophecy, the God of Music and the God of Medicine, so I am extremely sensitive to smells, and this time, in order to avoid people mixing with us, all our people took a special potion before coming, this potion can make our people’s bodies emit a unique smell, of course, ordinary people can’t detect it.”

“So even if you had taken on the appearance of this man and everything was exactly the same, you still wouldn’t be able to fool me.”

“As for why I know you are the gypsy woman, it is because I have been to that stupid woman ‘Athena’ and of course I have smelled you, it is only a pity that you are actually eccentric enough not to be able to make any divination on you, otherwise you would have been caught by us long ago.”

After listening to Apollo’s words, Ye Lu basically understood that most of the gods of Olympus were ready to find him after he and the Norse gods had made a big mess of Olympus, and then asked Apollo, the god of prophecy, to make a prophecy about himself.

The prophecy needed some medium, just like the ancient prophecies of the Middle Ages that used the birth date or something else, so Apollo thought of using the scent of Ye Lu as a medium, but what he didn’t expect was that he would spy on Ye Lu, and because of this, he came up with the idea of using the potion to avoid blending in with them.

He had not been in contact with the Greek Gods before, and had been interacting with the Norse Gods again, so he had no way of noticing this.

“Sh\*t! You’ve been counting on a thousand things, but you didn’t count on it!”

To be honest, what happened this time was really beyond Ye Lu’s expectation.

In fact, he was also worried that something might happen, so he tried to use the “Purple Wei Dou Shu” to make a prediction, but he found that “spells” like the “Purple Wei Dou Shu” could indeed be used for divination, but because the cultivation level of the people involved in the divination was too high and the number was too large, it was too difficult to divine.

The higher the cultivation level of the person being divined, the purer the bloodline, the more difficult it would be. I guess that was why Ye Lu and Qin Shiyu could not be divined, because Ye Lu had “glasses”, while Qin Shiyu was because of the “candle dragon”.

When Ye Lu was depressed, Apollo suddenly looked at him and said with a smile.

“Young man, don’t you know how to divine, then I’ll give you a chance. ‘, I will spare your life.”

With these words, Apollo took out a silver longbow and a long golden arrow.

## Chapter 464

“Apollo is also known as the “Far Archery God”, his archery skills are the strongest, he once shot the ancient demon beast Python Pittong to death, he is absolutely strong in archery skills.

His current cultivation level was at the “YuanYing realm”, so there was no difference between him and YeLu.

“You old brat, playing with me, right? When I have the ‘Shooting Bow’, I’ll shoot you to death.”

Ye Lu muttered in his heart, but his face did not show it, instead he looked towards the direction of the World Tree.

It was still a long way from the World Tree, and there was a lake on the way, so it looked like this guy wanted to strike when Ye Lu flew over the lake.

It was more open and easier to aim at, and more importantly, it would not spill over to other people.

However, after thinking about it, Ye Lu decided to do what Apollo wanted, so he thought about it and looked at Apollo, who was looking at everything out of the corner of his eye, and said with a smile.

“Okay, then I’ll do as you say, but what I want to ask is, how many arrows do I have to dodge you?”

“Apollo said with a smile.

“One arrow! As long as you dodge one of my arrows, you will be fine.”

Ye Luo knew that this arrogant bastard would say that, so he smiled and made a thumbs up gesture towards “Apollo” and said.

“OK!”

After saying that, Ye Lu quickly made a seal and quickly used a jutsu called “Shadow Splitting Technique”, he had seen this jutsu in the anime “Shinobi of Fire” before and never thought he would use it today.

It was a pity that he could not use the “Multiple Shadow Splitting Technique”, otherwise he would have created dozens of people to see how this “Apollo” would shoot.

Seeing that Ye Lu had actually created an identical doppelganger, the onlookers were all stunned.

If the doppelganger had the same combat power as the person himself, it would be like having one more person, and having one more person was not as simple as doubling the combat power, it was definitely a powerful “spell”.

Moreover, according to Ye Lu, if this doppelganger was killed, it would have no effect on the main body.

“Apollo” also frowned, Ye Luo’s behavior made him feel a bit smacked in the face, but he was not worried, because he had his own backhand, and he only promised to let Ye Luo go, but it did not mean that the others would let Ye Luo go, in fact, from the beginning, they did not want to let Ye Luo out of their control.

They would not rest until they had squeezed the secrets out of Ye Luo’s body.

So, he smiled and said.

“Good, you run, we’ll bet on luck.”

Following that, Ye Lu and his doppelganger ran out wildly in two directions, both of them with the same pace and basically the same speed, completely unnoticeable.

However, "Apollo" had already drawn his silver longbow.

"Whoosh!"

The golden arrow disappeared with a flash, followed by one leaf fall being shot out, but it didn't stop there, it drew an arc and shot at the other leaf fall.

"Haha!"

Everyone let out a laugh, in their opinion, although Ye Lu's "spell" was a bit surprising, it was not even close to a master like "Apollo", if "Apollo's" arrows were no different from those of ordinary people, he would not have been called "God of Long Range Archery".

This was only a small part of his archery skills.

But then, to Apollo's surprise, the other Leaf Faller was also shot by him and disappeared with a bang. The man disappeared with a bang.

"Huh! This doesn't make sense!"

"Apollo muttered to himself, a little surprised.

He was only slightly surprised by Ye Lu's "Shadow Diversion" just now, but this time he was completely baffled because he had used a "Sharp Arrow", which meant that it only had a "piercing" effect, even though the opponent was very weak, he would only be pierced with a transparent hole.

Because his aim was not to kill Ye Lu, they were planning to drain Ye Lu of all his secrets.

It would be understandable if the "doppelganger" exploded when the arrow passed through it because it was special, but why did the other one disappear as well?

"That gypsy must have played another trick!"

Seeing this scene, "Apollo" suddenly regretted a little, if he hadn't gotten carried away and wanted to play such a game with Ye Lu, Ye Lu wouldn't have had the chance to play tricks, and now he was lifting a stone to smash his own feet.

Everyone around him who watched this scene was also dumbfounded and motionless.

The reason was that no one else could figure out what the hell this was all about.

Only one person, Ye Luo himself, knew what was going on, and at this moment Ye Luo had already hidden in the inner space of the Blazing God Blade.

This was also his last resort to escape.

There was a "World of Flame" inside the "Blazing God Blade", which Ye Lu had been to before, and this world could accommodate not only others, but also Ye Lu himself, but if he entered the "Blazing God Blade" himself, the "Blazing God Blade" would be exposed to others.

That was why Ye Lu chose to escape from the lake, because when he entered the Blazing God Blade, he could let it enter the bottom of the lake, so that he would not leave it to his opponent.

Otherwise, if he hid himself in the internal world of the Blazing God Blade and then the Blazing God Blade was obtained by his opponent, then he would be making a fool of himself.

At this moment, Ye Lu was in front of that “blade spirit”, the terrifying “Scarlet Queen”.

“You’ve actually escaped into the sword, you’re really in a mess!”

“The Scarlet Queen looked at Ye Lu and shook her head.

“Just those goods outside, I could have wiped them out with my bare hands, including that archer, but you got beaten up like this.

For his part, Ye Lu skimmed his lips and said.

“Don’t be so useless, who doesn’t have children when you’re this strong at birth?”

As a result, the Scarlet Queen said indifferently.

“Yes, I’m strong as soon as I’m born.”

Only then did Ye Lu remember that this creature was a “sword spirit” and not a human being, so he said, scratching his head in frustration.

“Okay, you win, help me observe the situation outside, I have to find a chance to get that ‘World Tree’.”

As a result, the “Scarlet Queen” looked at Ye Lu and said with a smile.

“Then you’ll have to do it quickly, because that ‘Archery’ one is already starting to suspect you.”

“He was the God of Prophecy and although he couldn’t foretell Ye Lu’s future, his intuition could sense that Ye Lu was definitely not dead.

“Most of them are hiding somewhere.”

If Ye Luo really wanted to escape, he should have run towards the crowd, so that his arrows would have something to worry about, but Ye Luo did not do so, but ran wildly towards the open lake, which was very wrong.

“Could it be that there is something wrong with the lake?”

“Apollo said, looking at the lake with some suspicion.

At this moment, Poseidon, the god of the sea with his trident, suddenly appeared from afar.

“Poseidon, why are you back? Where is Odin?”

“Apollo looked at Poseidon and asked, somewhat puzzled.

As a result, Poseidon shook his head and said.

“Odin ran away, that guy is so powerful and unexpected that there will be a lot of trouble ahead!”

Poseidon frowned when he heard that the Three Heads were unable to stop Odin, who had the Gargantua, and that this was something they had not expected from the Greek Gods.

However, he then said.

“Poseidon, help me to drain the lake, I suspect that the gypsy is in it.”

He then briefly described what had just happened.

When he heard Apollo’s words, Poseidon shook his head and said.

“When will you change your character? This is not the time to play. war.”

As he spoke, Zeus, the king of the gods, and Hades, the king of the underworld, came over in this direction, the triumvirate gathered once again.

Poseidon, the god of the sea, had already raised his trident, and the whole lake began to boil, followed by the rapid upwelling of the water, and countless water flew into the air.

The end of Ye Lu was coming.

#### Chapter 465

As the waters of the lake flew up, the Three Heads all looked down at the bottom.

Also watching the scene was Loki of the Kingdom of Death, who was standing on top of the terrible wolf Fenrir, with the whole army of the Kingdom of Death standing behind him, the whole legion of Death gathered on one side not far from the Temple of Odin.

On the other side, the legions of the Flaming Giants were assembled, and the Lord of Fire, Stel, was watching, waiting for the final battle.

“What are those Greek guys looking for?”

“Loki asked the terrifying-looking god of death, Hina, as she looked at the triumvirate of Greek gods.

“Loki” shook his head and said.

“I don’t know, but this is a very strange thing, that someone could break the ‘formation’ here is unimaginable. I have never heard of anyone being able to break this formation, let alone break it, I feel that there are few people who can read this ‘formation’.”

In fact, “Loki” was right, Ye Luo could not understand this “formation” either, but he had the “glasses”, which easily showed all the functions he wanted to complete, Ye Luo just had to follow the instructions to draw the various weapon patterns, no need to understand at all.

“Loki” continued.

“So, I think their abnormal actions are related to this, but let’s not worry about that, everyone get ready and start attacking.”

“Earthly Serpent ‘Yemengard’, Demon Wolf ‘Fenrir’, Cerberus ‘Garm’, you three are the vanguard, take out these outsiders. ”

With his words, a terrifying python, a mountainous wolf, and a hellhound with black and bloodshot eyes all moved at the same time.

Seeing that the “Kingdom of Death” side had already acted, the “Flaming Giants” side, the “Stelter” side, also waved the flaming sword “Sword of Victory” in his hand, and countless “Flaming Giants” rushed towards the “Greek Gods” at the same time.

The centre of the three armies was the Temple of Odin, where the World Tree was located, next to the small lake where Ye Lu was.

While the two armies were rushing towards each other and the twelve Greek Gods were standing by, something happened that no one expected.

“Brush!”

The “World Tree” at the centre suddenly disappeared.

The two teams that had immediately rushed to the “Odin Temple” stopped instantly, while the three giants of the Greek Gods also looked at the scene with confusion.

The “World Tree” was so tall that it was impossible for everyone to ignore it.

“Hey, hey! Finally, we’ve got it.”

At this moment, Ye Lu, who was in the mud at the bottom of the lake, was secretly rejoicing.

Just now, after the Scarlet Queen had prompted him, Ye Lv began to appear and move quickly towards the direction of the World Tree at the bottom of the lake.

Ye Lu didn’t know if he would be discovered if he hid in the mud, after all, the “Blazing God Blade” was in a different dimension, and Ye Lu was not sure whether the “Blazing God Blade” would be discovered or not.

However, no matter what, let’s get the World Tree first, and whatever else, let’s take care of the immediate future first.

So, he quickly used the “One Leaf Bodhi” to collect the “World Tree”.

Originally, he thought it would be very difficult to collect the World Tree, after all, it should already have a certain degree of spiritual intelligence and it was hard to say whether it would resist.

However, when it came to the actual operation, he found that everything was easy beyond imagination, and he easily received the World Tree into the One Leaf Bodhi.

Looking at the “World Tree”, which almost filled up a spiritual field, Ye Lu almost laughed out loud in the mud.

The next step was to see if these guys had any way to find themselves.

However, just as everyone stopped and wondered, something even stranger happened.

After the World Tree disappeared, there was a loud and incomparable roar from where the World Tree had disappeared, followed by an earthquake like tremor, and the whole earth trembled as if something terrible was about to burst out from beneath the ground.

All the demonic beasts began to tremble, even people could not help but exude fear from the bottom of their hearts, and so did Ye Lu, he felt that something terrible was about to come out, but what surprised him even more was that he felt that this thing was somewhat familiar to him.

“Loki saw the demon wolf Fenrir, who had lowered his head in fear, and then looked at the earthly serpent Yemengard, who was fine, at least looking down at the ground as if we had submitted, while the hellhound Garm had fallen to the ground in fear, an expression Loki had never seen before.

The situation was similar on the side of the Greek gods, where all the beasts, including Griffin, and even the 100-headed demon king, Typhon, were trembling in fear.

“The leader of the Flame Giants, Stelter, waved his hand and all the Flame Giants started backing away.

Then, Logic muttered a name.

“Nidhogg, the poisonous dragon of hell, it’s Nidhogg who has awakened.

According to legend, the black dragon Nidhogg inhabits the roots of the World Tree and feeds on the roots of the World Tree.

In fact, it was the World Tree that sealed the poisonous dragon Nidhogg, and it was trying to break free from the World Tree so it kept eating the World Tree, and this eating made the black dragon Nidhogg stronger and stronger.

The reason why Ye Lu took away the World Tree so quickly was because the World Tree had already been eaten by the Nidhogg, otherwise the World Tree would not be of this size.

After Ye Lv had taken away the World Tree, the black dragon Nidhogg was no longer bound, and the endless black flames shot up like a whirlwind.

Then a terrifying black dragon with a hideous face and a mouth full of sharp teeth appeared from the ground.

“Ow!”

This fellow let out a terrifying wild roar after appearing, as if he wanted to let out all his grievances in this one cry.

And at the same time, Ye Lu understood what it was that made him feel familiar.

“Hellfire!”

Once again, Ye Luo felt the fluctuation of “Hell’s Fire”, which was all too familiar.

“The ‘Devil Dragon’ from hell, is it actually here?”

Previously, Ye Lu had used the four origin flames to summon the terrifying “Hell Demon Dragon”, but at that time, it was only a shadow of the “Hell Demon Dragon”.

At that time, the profile of the “Hell Devil Dragon” said that it came from the “Abyssal Secret Realm”, was this the “Abyssal Secret Realm”?

Although Ye Lu had never been to the “Abyssal Secret Realm”, he knew that this was definitely not the “Abyssal Secret Realm” but a secret realm belonging to the “Norse Gods”.

“Hoo!”

Seeing the large group of people around him, the black dragon Nidhogg did not hesitate, it opened its mouth and the terrifying dragon flame gushed out in all directions.

This scene was like the end of the world.

Then, its claws slapped the ground, and Ye Lu, who was holding the Blazing God Blade, was catapulted out from underneath the ground and into the air.

Seeing that Ye Lu was actually ejected from under the ground, everyone was astonished, especially Apollo, the Sun God, who had no idea how Ye Lu had hidden himself.

However, everyone understood that Ye Liao was definitely dead this time.

However, to everyone’s surprise, Ye Lu actually scratched his head and looked at the scarlet-eyed “Nidhogg” and said with a smile.

“Hey, hey! Long time no see!”

## Chapter 466

Seeing that Ye Lu and the Black Dragon “Nidhogg” actually knew each other, the “Greek Gods” understood that Ye Lu would not die this time, not only would he not die, they would also be unlucky.

“Let’s go!”

“Zeus did not hesitate to give the order.

But the Nidhogg didn’t care about this, it opened its mouth and sucked in a circle, countless experts, including the tall Flaming Giant and many demonic beasts were sucked in by the terrifying suction.

All of them did not dare to fight and all of them were frantically running for their lives.

Only Ye Luo hovered quietly next to the black dragon “Nidhogg”. To be honest, at this moment, Ye Luo didn’t have a clue because this demon dragon from hell was not a pet, who knew what this thing would do?

Ye Lu was worried that this creature would suddenly burst into a rage and burn himself to death.

And just as he was worried, the Hell Demon Dragon suddenly turned its head to look at Ye Luo.

“Snort!”

If he hadn’t been wearing his “Athena’s Holy Cloth” and had used his “Blazing God Blade” to block it, he would have been seriously injured.

Seeing the “Blazing God Blade” in Ye Lu’s hand, the Black Dragon “Nidhogg” said with a voice like thunder.

“I didn’t expect that the ‘Blazing God’ was also obtained by you.”

Hearing that this guy did not sound angry, Ye Lu let out a sigh of relief in his heart.

Then he looked at “Nidhogg” and asked with a smile.

“Weren’t you in ‘Abysal Hell’? Why have you come here again? Are you a ‘hellish demon dragon’? Or are you the poisonous dragon ‘Nidhogg’ here?”

“Nidhogg” said in a loud voice.

“Both, I am the ‘hellish dragon’ and at the same time the ‘Nidhogg’, and the one who thought this was here is just one of my ‘doppelgangers’.”

Hearing “Nidhogg’s” words, Ye Lu couldn’t help but sigh, what the hell is this?

So, Ye Luo looked at “Nidhogg” and said.

“That ..... one, is your ‘Abysal Hell Secret Realm’ the most powerful secret realm?”

As a result, “Nidhogg” shook his head and said.

“No, the secret realm is not something you can pry into, heaven, hell, it could be a secret realm, gods, demons could come from the secret realm, life and death, past and future, everything could be related to the secret realm.”

Hearing the black dragon “Nidhogg” suddenly said such a philosophical sentence, Ye Lu could not help but be a little impressed with it, at least this guy is not a devil who kills people on sight.

“Thank you for letting me out this time.”

“Nidhogg” said as he looked at Ye Lu.

In turn, Ye Lu smiled and said.

“There is no need for that. It seems that even if I don’t let you out, the ‘World Tree’ can’t stop you, right?”

As a result, “Nidhogg” said.

“No, if you don’t take the ‘World Tree’, even if I eat the roots of the ‘World Tree’, there is no way for me to really escape, because after that I will enter a new reincarnation for eternity.”

Ye Lu did not expect the Black Dragon to go through such a thing, so he looked at Nidhogg and said.

“So, Mr. Nidhogg, how are you going to repay me for letting you out?”

If he could take advantage of it, Ye Lu would not be soft.

As a result, the “Nidhogg” said in a gruff voice.

“Not killing you is already a favor to you.”

Hearing the words of “Nidhogg”, Ye Luo disdainfully brushed aside his mouth, then looked at the black dragon and said.

“Alright, you’re tough, but since ‘Odin’ and the rest of them are finished, then the rest of the stuff here is all mine.”

“Nidhogg” did not have any comment on Ye Lu’s words, he turned his head to look at the direction of the “Hvagmir Spring”, and then said.

“It seems that you have taken away all the spring water accumulated in the ‘Fountain of Hvagh Mil’, you are quite ruthless!”

For his part, Ye Lu smiled and said.

“Hey, isn’t that the style of things you people do in hell?”

“Nidhogg” nodded and said.

“Yes, it is indeed our style, well, I am not in a hurry anyway, you go ahead!”

Hearing “Nidhogg’s” words, Ye Lu quickly began to look around.

Although the place was almost destroyed, Ye Lu felt that the Norse gods would not have time to take everything away from here, but of course the other “Immortal Palace Key” was out of the question, because if he were Odin, he would have taken the “Immortal Palace Key” with him.

However, now that Odin had turned into a lone wolf, it was questionable whether he would be able to survive. Therefore, Ye Lu did not know where the “Immortal Key” would end up on Odin’s body.

However, the performance of “Odin” really surprised Ye Lu. He originally thought that “Odin” was about the same level as “Zeus”, but who would have thought that this guy would be so strong that the three giants and so many others were unable to keep him.

Next, Ye Lu began to look for things everywhere.

Anyway, there was still a lot of space in the Sumeru Ring, so Ye Luo was prepared to fill up all of it. However, while searching, he released “Gale” and gave her some of the “Hwagmir’s Spring” so that she could improve faster.

Other things that he could use, mainly various materials, raw materials and so on, he collected all that he could.

After he had collected almost everything, Ye Lu returned to Nidhogg and looked at him and said with a smile.

“Mr. Nidhogg, I’ve almost finished packing, but before I leave, I want to ask you for something, and I hope you can give it to me.”

“Nidhogg” looked at Ye Luo and was a bit puzzled, he did not know what Ye Luo wanted.

Then, Ye Lu smiled and said.

“What I want is your blood, without your blood, even if there is a contract, there is no way for me to summon you out, after all, I am still too weak.”

As a result, “Nidhogg” said with a cold snort.

“Hmph! You dare to even take advantage of the Hell Demon Dragon, you really have a lot of guts.”

Ye Lu said with a smile as he spread his hands.

“Hey, boldness has always been my merit, yes, there is another merit, that is, thick skin.”

Seeing Ye Luo’s shameless appearance, “Nidhogg” fiercely stretched out his claws, “Boom!” It slapped the claw in front of Ye Lu’s face with a bang, meaning to let Ye Lu bleed.

Ye Luo also ungraciously let out some blood from Nidhogg’s leg, of course, he did not dare to go overboard, so he only took a part of the blood and then looked at Nidhogg and said with a smile.

“So, Mr. Nidhogg, when are you going out? I mean, we’re friends now, right? When are you going to help me out?”

As a result, Nidhogg grunted and said.

“Hmph! I’d love to go out and live a life of killing and pretending with you, but, unfortunately, I can’t leave this hellish place, I’ve been sealed here, go to the ‘Abyssal Secret Realm’ when you have the chance, find me there, maybe we can still do something.”

Ye Lu nodded hurriedly, but that was not what he had in mind, he thought to himself.

“Gross a career, entering some bird ‘Abyssal Hell’ probably would have killed myself long ago.”

So, Ye Luo echoed his words and then walked towards the outside of the secret realm, he had spent a lot of time to come to “Europe” this time, he still had a lot of things to do next.

After leaving the secret realm, Ye Lu took out the “Immortal Palace Key” with the word “Cang” written on it that he had obtained this time.

“The next step is for you to find the ‘Star Destiny Man’.”

Ye Luo muttered as he dripped blood onto the “Immortal Palace Key”.

## Chapter 467

Sure enough, after Ye Lu’s blood recognition, he received a message about finding the “Star Destiny Man”.

What made Ye Luo feel a little bit outside and pitiful was that the information was not complete, and there was a bit of information like “keywords”: “Secret Realm of Ten Thousand Beasts”, “Dragon”, “Female”, “Beast Tide”, “Golden Dan Avenue”, followed by a description about confirming the “Star Destined One”.

The instructions are quite long and complicated, but the short answer is that the “person of star fate” is the person who has a destiny, so before it is confirmed, it does not mean a certain person, but a person

who happens to be destined to be with him or her when the conditions are compounded, which is somewhat like a blind date.

The real way to confirm this is that when the fated person appears, the token will glow and the degree of glow will determine the “person of star fate”.

After understanding the basic information, Ye Lu began to analyse the five keywords, which were supposed to describe five different aspects of the “person of star fate”.

The first was the location, to go to the “Secret Realm of Ten Thousand Beasts” to look for it, then “dragon” said that in the Secret Realm of Ten Thousand Beasts one should go to a place where there were dragons, after that “female” should be the gender, “beast tide” was a bit troublesome, most of the time the person would appear during the “beast tide”, and as for “Golden Dan Avenue”, it was easy to understand, that person should be a strong person who had crossed the “Golden Dan Avenue”.

“It looks like I have to go to the ‘Ten Thousand Beasts Secret Realm’.”

Ye Luo muttered secretly, in fact, he had wanted to go to the “Ten Thousand Beasts Secret Realm” for a long time, the purpose of course was to find a way to hatch the “nameless beast egg”, Ye Luo had always been very curious about this “beast egg”, after all, since he got the “glasses”, this beast egg was the only thing that the glasses could not identify.

“What kind of thing can it hatch out?”

Ye Lu muttered to himself.

Of course, what gave him more of a headache was how to hatch it.

At present, Ye Luo did not have a clue about the hatching of this “beast egg”. Generally speaking, a beast egg could be hatched slowly by dripping blood, simply by dripping three drops of blood every day and then placing it beside him, but in this regard, Ye Luo had been trying but there had been no movement.

In addition, for beast eggs that are difficult to hatch, such as those with a very pure bloodline, or those with a higher level, you can find a mother with the corresponding bloodline to hatch them, because the bloodline connection has already been established with a drop of blood, so even if the mother hatches them, they are actually their own “original spirit beast”, and one person and one beast can still have a heart-to-heart connection.

Ye Luo felt that this method might work for other “beast eggs”, but it would be difficult for him, he didn’t even know what the “glasses” were, so where could he find the corresponding female?

“Big head, let’s talk about it when the time comes.”

Ye Luo said, while taking out the other beast eggs from the Sumeru Ring. Apart from the nameless beast egg, Ye Luo also got a Ying Long egg, a Vermilion Bird egg and a Tian Yang Candlelight egg.

“Qin Shiyu, Liu Mei, who should this beast egg be suitable for?”

Ye Lu muttered with a slight dilemma.

There was actually a problem of compatibility between the “original spirit beast” and the master, generally it was easier to communicate with the same species, of course, it was very similar to a husband and wife, or maybe it was good to have a complementary type, for example, a water attribute master with a fire attribute demon beast, it was also good to work together.

In short, this stuff sometimes depends on fate too.

“Let’s just let fate take its course then, in any case, let’s go back first.”

It had been a few days since he came to Europe, and he didn’t know how long it would take to enter the “Secret Realm of the Ten Thousand Beasts” this time, so Ye Lu felt that it was better to go back early, after all, he hadn’t forgotten that he had a battle scheduled for a long time ago, that was the battle with Japan’s “Great Yin Yang Master” Abe Haruaki at Mount Fuji a thousand years ago.

Ye Lu had to win that battle.

A thousand years ago, during the Heian Period, Abe Haruaki was already a famous super master in Japan, and there were so many legends about him. What’s more, most of them have the support of the entire cultivation community and the Shinto religion in Japan.

In addition to the two other demons in Japan, the Nine-tailed Demon Fox and the Great Tengu, the two other demons with the Sword of Kusanagi are not to be trifled with, and the Yaki Orochi, who has the Sword of Kusanagi, is also a tough nut to crack.

In short, the duel at Mount Fuji was full of uncertainties, and Ye Lu felt that he had to work hard to improve himself before then.

With the help of the Hwagmir Spring, Gale was able to improve very quickly, and she finally broke through to the sixth level of Jindan again.

“That spring you gave me is really helpful to us demon beasts.”

“Big Wind” said with a smile underneath Ye Luo’s body.

In turn, Ye Lu smiled and said.

“That’s for sure, the ‘Fountain of Hwagmir’ is an inexhaustible spring born from the everlasting ember in Norse mythology, and it was also the one that gave birth to the ‘Frost Giant’ and the ‘Cow ‘Odemra,’ and such a spring is certainly powerful.”

However, when “Big Wind” heard that Ye Lu wanted to enter the “Secret Realm of Ten Thousand Beasts”, she immediately shook her head into a rattle.

“No, you’d better not go to that hellish place, it’s too dangerous, besides, you’re going to contact the ‘dragon race’, right? That would be even more dangerous, in short, I advise you not to go.”

Ye Lu thought about it and said.

“There should be no big deal, that ‘beast alliance’ isn’t word ah there for years, there’s nothing going on ah, what’s more, I’m not going deep into the centre of the secret realm, I’ll just be at the edge, find the person I’m looking for and finish hatching the beast eggs.”

As a result, "Big Wind" said.

"I'm worried that you won't be able to help yourself. Besides, what kind of beast eggs are they?"

It seemed that "Big Wind" was really worried about Ye Lu's action this time, but when she heard that the eggs to be hatched were "Ying Long" and "Vermilion Bird", she shook her head and said.

"I can't hatch these two, it's better to find a demonic beast with the appropriate bloodline to help you, but I admire you for being able to get such pure demonic beast pellets."

Ye Lu asked after thinking about it.

"That, Big Wind, I suddenly remembered that I forgot to ask you, have you ever laid an egg?"

As a result, "Big Wind" immediately roared in anger.

"F\*ck off, I'm still a chick, why should I lay eggs? If you talk nonsense, I'll throw you down."

Ye Lu was actually curious for a moment, so he immediately shut up and stopped asking questions.

It didn't take long for the two of them to return to the capital, and Ye Lu went back to the Hundred Flowers Clan first. He had left some of the Hewagamil's Spring in the Hundred Flowers Clan and exchanged it with the clan again for some top quality spirit stones, which were of no use to the Hundred Flowers Clan, but were of great use to Ye Lu.

He asked Liu Mei to try to sense the beast egg of the "Sun Candle", but Liu Mei did not feel anything, which means that the two of them are not destined to be together.

Ye Lu could feel the fluctuation of the "nameless beast egg" like breathing, so he could be sure that he could take the "nameless beast egg" as his "original spirit beast".

"It looks like this thing is not destined for Liu Mei!"

Ye Lu secretly muttered.

Since the "Heavenly Sun Candlelight" was not destined for Liu Mei, there was no need to bring Liu Mei on this trip to the "Secret Realm of Ten Thousand Beasts", and it just so happened that Liu Mei needed to go into seclusion again according to the arrangement of "Eve's Legacy".

So, he first went to the Ye family to find his elder sister and asked her to stop cultivating at the clan's place and go to the "Secret Realm of the Ten Thousand Beasts" with him, then he went to Long Fei Xue and finally went to Qin Siyu's production.

As a result, to Ye Lu's surprise, Qin Siyu actually reacted to the Sun Candle's egg, and the reaction was huge, because he felt the fluctuation of the beast's egg before Ye Lu even took out the Sky Sun Candle.

"It seems that it is destined to be Qin Shiyu's. Let's go to the 'Secret Realm of Ten Thousand Beasts' first."

Ye Lu muttered secretly.

## Chapter 468

To be honest, Ye Lu had been very worried about that girl, but he had checked the situation of the “Pan Gu Clan” and found that it was indeed terribly powerful, so he might not only fail to save the person, but he would have to pay for it himself.

He looked for clues on the Underworld App, but found nothing, but he did find a lot of information about the “Immortal Mansion” and the “Immortal Mansion Key”.

The first thing that was certain was that Ye Lu’s previous guesses were basically correct.

The second point is that the “star-fated people” must be boys and girls.

The third point is that there is an opportunity to become an immortal in the “Immortal Palace”.

The fourth point is that this matter is related to the “War of Extinction”.

The other thing that was confirmed was that Zhang Tian of the Xuantian Clan, for some unknown reason, had access to a part of the “Immortal Mansion”.

To be honest, Ye Lu was surprised by this latter news.

His own advancement was already fast enough, but he didn’t expect this Zhang Tian to be no slower than himself.

“I hope I don’t encounter anyone from the ‘Xuantian Sect’ in the ‘Ten Thousand Beasts Secret Realm’ this time.”

Ye Lu muttered secretly, he always felt that the current “Xuan Tian Clan” was a bit like the “Heavenly Demon Palace”, somewhat demonized, of course this was only Ye Lu’s intuition, there was no bird basis.

Since Qin Siyu was busy, Ye Lu waited for two more days for Qin Siyu.

During these two days, Ye Lu made various preparations, first of all, the “Hewagh Myrr’s Spring” could not be put in the “Sumeru Ring”, it took up too much space, so Ye Lu bought the “Heavenly Meteorite Iron” at a high price, and sifted through these “Heavenly Meteorite Iron”, and finally found something that could be made into a “storage treasure”, and made jewellery that could store things.

These “Heavenly Meteorite Iron” was really better than Hetian jade, and could actually make a large “storage treasure” of several dozen meters, so the problem was quickly solved.

Then, Ye Lu found two pieces of clothing from the “Norse gods”, one was the “Frigga’s Kai” and the other was the “Freya’s Armour”, both of which belonged to the main gods, as almost all of the twelve main gods of Northern Europe had died in battle except Odin.

Thus, together with the “Athena’s Holy Cloth” and the “Shield of Aegis”, the three women had all their protective gear.

As for the weapons, Ye Lu had already thought of using the trunk of the World Tree to make the three weapons for them, as the World Tree could make an Eternal Gun like the Gargantua, it could definitely make super strong weapons.

However, making weapons was still quite troublesome, especially the higher-grade “magic treasures”, so Ye Lu planned to make them while searching for the “Star Destined One” after entering the “Secret Realm of Ten Thousand Beasts”.

Of course, there were many other things to prepare. In Ye Lu’s opinion, this should be considered a wilderness survival, so it was definitely not too much to prepare meticulously.

However, what he didn’t know was that at almost the same time, several clans and forces were also making the same preparations, including the Xuantian Clan.

“At the Xuantian Sect’s headquarters, Zhang Tian, who was dressed as an elder, was sitting there leisurely sipping his tea.

“After obtaining the ‘Original Spirit Beast’ cultivation can finally come to an end, Ye Lu, if you know Xiao’s current cultivation level, I wonder how you would feel?”

Zhang Tian looked into the distance while thinking with a cold smile.

“When I come back from the secret realm, I’ll make sure to soak you up a bit, I’ll make all the people you like around you disappear one by one from before your eyes, I want you to suffer a thousand times more pain.”

While in another room in the headquarters, everyone was helping Zhang Tian prepare the guard for this trip.

“This is a very important trip.”

“The patriarch of the Xuantian Sect looked at the crowd and said.

“However, a spirit beast of this level cannot be hatched without the owner going, so firstly, we cannot raise a large number of people, as that would be targeted by the ‘Beast Alliance’, and secondly, we must send powerful experts to protect Elder Zhang Tian, so that nothing can go wrong.”

At this time, someone said.

“Why don’t we send one of the supreme elders?”

As a result, the patriarch of the Xuantian Sect shook his head and said.

“No, as the Supreme Elder has divine sense, it is likely to be detected by the experts of the ‘Beast Alliance’, and we don’t have anything to cover up our ‘divine sense’, so it would be too easy to find out. ‘Great Elders’ on guard, then they will definitely be watched.”

Then, after thinking about it, he said again.

“Still, let the higher cultivation level of the other elders go, and cover up their cultivation level, just control it at the level of the first few tricks of the ‘Golden Dan Avenue’, so that they should not be targeted by the ‘Beast Alliance’, and they will not be treated as ‘meat chicken’ for the big robbery.”

Indeed, if one was too weak in the “Secret Realm of Ten Thousand Beasts”, one would become an object of prey, and if one was too exaggerated, one would be suspected of “showing off one’s wealth”, and one would become the prey of the “Beast Alliance”.

The “Beast Alliance” has never been reasonable, and when they see something good, they just “grab it”.

Apart from the Xuantian Sect, the Wuji Sect was also arranging for people to enter the Secret Realm of Ten Thousand Beasts.

“Our informants have received reliable information that Zhang Tian of the Xuantian Clan is going to enter the ‘Ten Thousand Beasts Secret Realm’ recently, this is a good opportunity for us to kill him. .”

“The strong rise of the Xuantian Clan had caused the Wuji Clan to feel immense pressure. If the Xuantian Clan really turned into a powerful monster, then the first to suffer would be the Wuji Clan, as the two clans had been at loggerheads since who knows when, and the hatred could not be resolved.

On the other hand, Pill Alliance’s Pill Shu was also making preparations to enter the Secret Realm of the Ten Thousand Beasts, of course because of the matter of the Original Spirit Beast, as she had just turned twenty and the sooner she got it, the better.

As a precious treasure of the Pill Alliance, they didn’t want her to miss out on this opportunity.

However, at this moment, Pill Shu was sitting in her room looking at the direction of the Fire Cave, and the scene of Ye Lu summoning the Endless Fire Beast and killing Simon Wuji with a single slash came back to her, and then Pill Shu remembered the incident of her going to the toilet and being seen by Ye Lu.

“What was I thinking?”

She touched her cheeks with some embarrassment, feeling them so hot.

“Hey! I don’t know when I’ll see him again.”

She found that she didn’t know when Ye Lu had taken root in her heart, just like a weed that instantly messed up her untouched heart.

On the other side of the Dan Tower, the pride of the Dan Tower, Xie Tinglin, was lying on his bed in infinite chagrin, surrounded by several naked beauties.

“Get out! Get out! Get out of here!”

He shouted furiously, and the girls stuck their tongues out and ran out of the room, not even bothering to put their clothes on, because they all knew that they would die here.

Xie Tinglin was so depressed that he was going crazy, because he had thought that his grandfather could easily resolve the matter that Ye Lu had ruined him, but as it turned out, his grandfather said that the other party was using something that he did not know about, and that he could not resolve it no matter how much he used his “Yuan Qi”.

After that, he had to take all kinds of pills, like taking baskets and baskets of pills, but no matter how much the pretty girl flirted with him, he didn’t respond at all, which made Xie Tinglin almost mad at Ye Lu.

“Let’s hope we can find medicine that can cure it in the ‘Secret Realm of Ten Thousand Beasts’ this time.”

At this time, an old man with a white beard appeared in the room, none other than Xie Tinglin's grandfather, one of the "Great Elders" of the Dan Tower.

However, this was not the entire group of people who were going to enter the Secret Realm of the Ten Thousand Beasts, as some of the people from the Heavenly Demon Palace and Kunlun were also preparing to enter the Secret Realm of the Ten Thousand Beasts.

#### Chapter 469

Ye Lu did not know that so many people were planning or had already entered the "Ten Thousand Beasts Secret Realm", and he did not know that his old rival Zhang Tian and the woman with the "Candle Dragon Tattoo", Mo Trang, would also be entering the "Ten Thousand Beasts Secret Realm" soon, and he was currently having a headache for his sister.

The reason is that at this moment Ye Yan is crossing his legs and looking at Ye Lu curiously.

"There are two more sisters going together ah, is there that young lady who came to my shop to give me a gift that time, that young lady good ah, how is your development? Have you broken your virginity yet? How does it feel? Is it good?"

The young lady Ye Yan was talking about was of course Long Feixue, she was very impressed with Long Feixue.

Ye Lu was tempted to tell Ye Yan that his virginity had been broken for an unknown number of times long ago, but it was with another woman, but, after thinking about it, he didn't say it in the end, with Ye Yan's character, and this time he was going with three women, if he did, who knew what kind of trouble would arise.

He had never considered himself to be a decent man. He had never been associated with these people since he was born, and his upbringing as an orphan had predetermined that he could not be the same as a scholarly son.

According to Ye Yan's words, he was "lecherous but not lascivious, lascivious but not slutty, slutty but moderate", so Ye Lu looked at Ye Yan and said.

"Older sister, you look like an old driver, I want to ask you how many boyfriends you've had?"

In fact, Ye Luo had secretly checked Ye Yan's information, she hadn't had a single boyfriend, rather several suitors had been beaten into the hospital by her.

As a result, Ye Yan disdainfully sipped her drink and said.

"Cut, have not eaten pork has not seen a pig run, your sister I have not seen what, I read countless movies, do not believe I call you one, you hear like a love action movie heroine ....."

After saying that, she really put down the drink bottle and called out flirtatiously.

Ye Lu immediately had a black line, he suddenly realized that compared to Ye Yan, that Lin Ruyue was definitely an extremely normal person.

“Just now this is the self-indulgent type, next I’ll call you a ‘suppressed moaning type’, listen carefully ah, ah ..... ah .....”

This time Ye Lu was really stunned!

He did not expect this thing to be divided into types, and then, Ye Yan screamed, and indeed the voice was suppressed and low and gentle, which made Ye Lu also a little soulful.

After screaming for a while, Ye Yan continued.

“Wait for me to give you a ‘wild and unrestrained type’ again, ah ..... wow .....”

However, Ye Lu could no longer stand it and ran out with his nose covered, but, just as he opened the door, he saw a surprised and flushed Long Fei Xue, who was standing in the doorway doing a sideways listening.

“Uh!”

This was embarrassing!

“That Long Feixue, listen to my explanation!”

Ye Luo hurriedly reached out and prepared to say something, but this was even more inappropriate, and Long Feixue instantly saw his nosebleed appearance.

“Alright, Fei Xue, you wait, I’ll be right there.”

With those words, Ye Lu ran towards the bathroom as fast as he could.

However, he heard Long Feixue whispering at the same time.

“No ..... no ..... what .....”

And Ye Yan in the room heard the sound of talking at the door and also looked over, only to see Long Feixue standing at the door, her face “Teng!” She felt like she could not wait to find a crack in the ground.

And Long Fei Xue was a little embarrassed standing in the doorway and said.

“Sorry for ..... disturbing you.”

Ye Yan hurriedly jumped up somewhat incoherently and said.

“No ..... no disturbance, we will all be together in the future ..... are a family now, still so polite .....”

Long Feixue heard that we have to be together in the future, her face reddened up even more.

However, Ye Yan had already run over, in Ye Yan’s heart, she had already treated Long Feixue as Ye Lu’s person, moreover, she had long liked Long Feixue, so she was kissing it.

“Whew!”

Ye Lu exhaled in the bathroom, then said to himself.

“Three women! Looks like there’s going to be some pain this time.”

Ye Luo suddenly felt a bit headstrong.

However, by the time Ye Lu returned, he found that Ye Yan and Long Feixue were already intimately chatting together, and now Qin Siyu was the only one left without her.

In the evening, Qin Siyu finally arrived.

The moment they saw Qin Siyu, both Ye Yan and Long Feixue felt pressure because Qin Siyu's cultivation level was higher than both of them, and there was a powerful aura emanating from Qin Siyu's body.

Ye Lu did not forget that Mo Tranquility had used the "Candle of Life" divine ability to ignite in a person's body, and at this moment, Qin Siyu could basically use it.

Now, in his heart, Ye Lu hoped that his elder sister Ye Yan would not find trouble with Qin Siyu, otherwise she would definitely suffer a loss.

"This is my old sister Ye Yan, and this is my friend Long Feixue."

Ye Lu and Qin Siyu introduced them, then, he looked at Ye Yan and Long Feixue again and said.

"This is my classmate and my best friend of three years, called Qin Siyu."

Once she heard that Qin Siyu was Ye Lu's best friend for three years, Long Feixue immediately felt some pressure, after all, she and Ye Lu had only known each other for a short time, while Qin Siyu had already been with Ye Lu for three years.

At this time, Ye Yan, however, said with a twinkle in her eye.

"Hello Qin Siyu, since you are Ye Lu's classmate you are also our classmate, if you have any difficulties in the future, you can find your sister Feixue, she is the CEO of a crossover company oh, and she is in charge of several thousand people under her."

Ye Yan's approach was already obvious, wanting to help Long Feixue get back on her feet, in her opinion, Qin Siyu was indeed good looking, but she preferred Long Feixue like this.

Qin Siyu was the virtuous wife and mother type at first glance, while Long Feixue was the fresh and outgoing type, and Ye Yan's inclination was obvious.

When she heard that Long Fei Xue was the CEO of the crossover company, Qin Siyu was indeed taken aback, as Long Fei Xue's temperament did not really match the title; Long Fei Xue did not want to be a domineering female CEO, but rather like a worldly fairy.

However, she immediately smiled and extended her hand with a smile.

"Hello sister Feixue, hello sister Ye Yan, take care of little sister more in the future!"

Seeing Qin Siyu's appearance, Ye Lu couldn't help but let out a sigh of relief in his heart.

"Luckily, Qin Siyu isn't that bratty girl like Gu Shiqi, otherwise it would have been a fight."

Among these several women, Ye Lu was most worried about his elder sister Ye Yan and Gushi Qi, these two guys were both troublemaking demons, if they came together who knew what kind of choking would happen, but, speaking of which, Gushi Qi had not been heard from was also really worrying.

“Silk Rain, is your side of the film okay? Will it affect your filming.”

Ye Lu looked at Qin Siyu and asked with some worry, he knew that for Qin Siyu, this movie was still very important.

As a result, Qin Siyu smiled and said.

“It’s fine, I’ve already finished shooting my part, after that post-production editing, subtitling, dubbing and so on will take at least a month or two, so we have a lot of time.”

Qin Siyu was also very happy to be with Ye Lu again, she didn’t feel anything when she was at school before, spending time together, but after she arrived at university, she hardly spent time with Ye Lu, which made her feel a bit empty inside.

Hearing Qin Siyu’s words, Ye Lu then smiled and said.

“Then let’s discuss it, should we rest for the night or should we move right away?”

As a result, as soon as his words left his mouth, Ye Yan was the first to say.

“What’s the point of resting, there’s plenty of time to rest in the secret realm, let’s go, we’re not spending a day or two in the secret realm anyway, I can’t wait for this egg to hatch out.”

As Ye Yan said that, she raised the fiery red Vermilion Bird egg in her hand, guessing that the fetal movement had caused her to be overwhelmed with love.

Ye Lu turned her head to look at Long Feixue and Qin Shiyu, both women nodded as well.

“All listen to Sister Yan.”

Long Feixue said with a smile.

In fact, of the three women, Long Feixue was slightly older, but, in terms of personality, it was true that Ye Yan was more suitable to be the boss, while Qin Shiyu had a calm personality and did not like to argue, and with that, everyone quickly reached a consensus.

Seeing this scene, Ye Lu then called in a tall, well-proportioned woman of over one meter nine.

Seeing this woman, who looked like a model, the three women present all showed odd expressions, while “Big Wind” looked at the three and said with a smile.

“Hello, my name is Windy, and I am the woman that Ye Lu often rides.”

## Chapter 470

Hearing “Big Wind’s” words, Ye Lu almost spurted out a mouthful of blood.

What do you mean by “the woman I always ride”?

As expected, the three women, including Ye Yan, all looked at Ye Lu with extremely strange eyes, as if they were seeing Ye Lu for the first time.

“Ye Luo, give old sister an explanation!”

Ye Yan pressed her knuckles and sent out “Click!” “Click!” It was obvious that she was about to make a move at the drop of a hat.

But “Big Wind” looked at Ye Lu and said frankly.

“What? Did I say something wrong? Are you going to deny the fact that you rode me?”

Ye Lu could only say with a helpless and bitter smile.

“Alright, I admit it!”

Hearing that Ye Luo had actually admitted it, the three women’s eyes widened.

Ye Luo then looked at “Big Wind” and continued.

“Actually, as a bird, do you think it’s appropriate to talk like that?”

After that, he pointed at “Big Wind” and said.

“Let me introduce to you, this is my friend ‘Big Wind’, one of the six fierce beasts that were shot dead by the legendary ‘Hou Yi Great God’, and I can’t say that, it has that guy’s bloodline. ”

It was only then that the crowd came to their senses, while Ye Lu looked at “Big Wind” again and said.

“Big Wind, are you staying or are you coming with us to the ‘Secret Realm of the Ten Thousand Beasts’?”

As a result, “Big Wind” smiled and said.

“Who let me have such a friend, well, I will go with you to the ‘Secret Realm of Ten Thousand Beasts’, so that I can also help you guys as a guide, remember not to cause any big trouble for me, I don’t want to die young and become someone to be remembered.”

Ye Lu smiled and snapped his fingers, agreeing to “Big Wind’s” suggestion.

The five of them went out into the courtyard, and Gale quickly began to transform, his wings spreading out to reveal a giant bird that was more spectacular than a building.

“What a bird!”

Seeing the beautiful and tall “Big Wind” suddenly turn into a bird, Ye Yan couldn’t help but feel a bit emotional.

“Don’t be sentimental, let’s go!”

Ye Lu looked at the three women and said with a smile, then he was the first to jump onto the broad back of “Big Wind”, then, with its huge wings waving, “Big Wind” carried the group far away, this time flying a long distance, because the nest of the “Beast Alliance”, where the “Secret Realm of Ten Thousand Beasts” was located, was further north than the “Kunlun Mountain”, in the “Tianshan Mountain Range”.

“Phew! Sister Gale’s speed must be faster than a plane!”

After seeing the speed of Gale, Ye Yan was also amazed, as were the others, who were all travelling on demon beasts for the first time.

Ye Lu smiled and said.

“Of course, I’m afraid you won’t be able to adapt to it, so I’ve slowed down quite a bit.”

As Ye Luo said, he took out the “Blazing God Blade” and the arrow of the “Sunset Arrow”, then he looked at the three women and said.

“I have prepared a super strong protective suit for each of you, and I also plan to make a weapon for each of you, so tell me, what kind of weapon do you want?”

Ye Yan remained the first, and she thought for a moment and said.

“Make me a sword, fire attribute.”

Following, Long Fei Xue then said.

“I want a dragon spear.”

Lastly was Qin Siyu, who ended up saying after thinking about it.

“Then make me a double blade, ‘dark attribute’.”

After the three of them finished speaking, Ye Lu nodded and took out some materials and started to design it. After the design was done, he took a part of the trunk from the World Tree and started to make a rough prototype of the weapon.

Although he might not be able to make such a powerful weapon at his own level, it should not be very difficult to make a “heavenly” level “magic weapon”.

Thus, while making the weapon, Ye Lu flew towards the Heavenly Pond in the Heavenly Mountains.

“I’ll let Big Wind fly a little slower, you three take a nap.”

Ye Lu said as he threw out three sleeping bags, which were specially made and had ropes on them to secure them to the feathers of the Gale.

The three women looked at the sky and then at Ye Lu, but then they obediently got into the sleeping bags.

They were tired of looking at the scenery, as they had just been looking at it for a while.

The journey from the capital to Tianchi in the Tianshan Mountains would take about seven hours by plane and by car. In order to take care of the women’s sleep, Ye Lu asked “Big Wind” to fly a little slower, so that he could arrive near Tianchi the next morning.

He himself basically didn’t need to rest much anymore, just meditating for an hour or two every day was enough for him.

It didn’t take long for the three women to fall asleep, and Ye Lu chopped away at the materials with great vigour. To be honest, compared to a fierce weapon like the “Blazing God Blade”, which could even

kill a “god”, the “World Tree” was still much weaker, while the “Sunset Arrow” was just right for the delicate part of the carving.

“I guess this gun is even stronger than the Gungnir made by the Gnomes.”

The Gnomes were the best at making weapons among the four major races of Norse mythology, and the weapons of the Norse gods were all made by them, but Ye Lu felt that he was no worse than them at this moment.

The night went on without a word, and as the day dawned in the east, it was already getting lighter.

Seeing that the three women were still sleeping soundly, Ye Luo went to the tail of “Big Wind” and started to take a piss.

As a result, he had just pulled out his dick and started to release a clear line of water when the voice of “Big Wind” suddenly rang out, and it was quite loud and clear.

“Wake up and pee, it’s a good morning!”

“Oops, f\*ck!”

Hearing “Big Wind’s” words, Ye Lu almost fell off his tail in shock.

Subconsciously, he turned around and looked behind him, but as a result, he saw Ye Yan, Qin Shiyu and Long Feixue staring at his important parts at the same time.

But, having already started to pee halfway, he couldn’t lift his trousers right away, so he had to look at the three women and say hello with a smile.

“Hi! Good morning!”

The three women mechanically greeted back at the same time.

“Good morning!”

Then they all blushed at the same time, and here they realized that something was wrong and hurriedly turned around to finish peeing and lift their trousers.

“That ..... you guys eat your breakfast first, I’ll calm down first.”

Even if Ye Luo was thick-skinned, being seen by three women at the same time made him feel a little embarrassed.

As a result, he then heard Ye Yan say from above.

“What’s the point of being shy, isn’t he quite masculine looking?”

However, no comments were heard from Long Fei Xue or Qin Siyu, and after another moment, Qin Siyu’s voice rang out.

“Ye Lu, come up and have breakfast, it’s all ready for you.”

There was no way out, so Ye Luo flew up somewhat awkwardly, as a result, the moment they saw Ye Luo, Long Fei Xue and Qin Si Yu both blushed at the same time again.

“Gale’ you bastard, just you wait.”

Ye Luo muttered secretly, it was obvious that just now, “Big Wind” must have done it on purpose.

This bastard completely wanted to see his own joke.

In this way, the breakfast was soon finished, and the Heavenly Mountain appeared at the foot.

“It’s really beautiful here!”

Looking at the Tianshan mountain range at their feet, the three women couldn’t help but sigh with emotion; indeed, the scenery here was quite beautiful, with a sea of clouds and snow-capped peaks visible everywhere.

And when they got to the top of the “Heavenly Pond” it seemed very, the scenery was even more beautiful to look at.

“Well, don’t look, we’ll land in the woods, hurry up if you want to make it easy, we’ll be in the range of the Beast Alliance in a while.”

The three women didn’t refuse this time, after all, people have three emergencies, no one can avoid them.

However, to be honest, this kind of convenience in the wilderness was an extremely shy thing for any of the three women, so the three of them split up and walked far into the woods as well.

Taking advantage of this opportunity, Ye Lu let “Gale” recover quickly and put on her clothes.

If the three of them knew that Gale was naked at the end of each flight, it would probably be another matter.

“Tsk, good eye, each of these three women are excellent, two dragons and a vermilion bird, you’re not too lucky.”

Hearing the words of “Big Wind”, Ye Lu was astonished, he looked at “Big Wind” and asked.

“How do you know that?”
