

Super Student 481

Chapter 481

Ye Lu absolutely could not leave Ye Yan unattended, so he once again asked the Scarlet Queen to take back Qin Siyu and the two women, this time they did not resist, at the same time, Ye Lu did not hesitate to swallow three Explosive Pills.

The moment he swallowed the Explosive Pills, Ye Lu suddenly felt a sense of pride in his heart, he hadn't used the Explosive Pills for a long time and it looked like he would have to do his best again this time.

However, it was fortunate that at least there was no desperate "YuanYing old monster" level super expert.

However, Ye Luo felt that the practitioners of the "Golden Dan and Eight Apertures" had already come, so could those of the "Yuan Ying Realm" be far behind?

"Unfortunately, I guess my opponent won't give me the chance to summon them."

Ye Lu muttered helplessly in his heart.

On the other hand, the opponents were surprised that Qin Siyu and Long Feixue had disappeared, they had never seen such people suddenly disappear before.

"What's going on here?"

"It looks like what was reported earlier about the women disappearing is true."

"But how did he do it?"

"This guy is really a bit evil."

.....

Because there were really quite few "magic treasures" that could hold people up, and because of the limitations of these people's cultivation, almost no one had seen such a thing yet.

However, Ye Luo did not have time to listen to their messy discussion here, although with the increase of cultivation level, the "Exploding Yuan Dan" can last longer, but after all, it is limited, Ye Luo must solve the problem in front of him during the duration of the "Exploding Yuan Dan".

"Come on!"

As he rushed forward, he first unleashed his "Fury Impact", followed by the combined attack of "Flame Burning Sky" and "Tong Tian Vine".

It would be much easier to clear out these guys and then fight the experts.

On each of the fourteen vines were held fourteen sharp weapons of different shapes, these sharp weapons could not be seen to be anything and looked quite crude.

Against such experts, Ye Lu did not dare to use the arrows of the "Sunset Arrow" for fear that they would be taken away by his opponents.

When he saw Ye Luo rushing forward with a furious aura and attack, many of the weaker ones were prepared to dodge first, but the vines of the “Heavenly Vine” were so fast that no matter what kind of defensive equipment they were wearing, they were all pierced by this strange-looking weapon in a single poke.

Everyone was stunned by this terrifying attack.

The main reason for this is the material. Generally speaking, defensive equipment is made of extremely strong material, which ensures that even if the patterns are destroyed, they can still block all kinds of physical attacks.

The fact that they could poke through the protective clothing like slicing vegetables meant that the things held on those vines had superb piercing ability.

What they didn’t know was that these were actually scraps of the “World Tree” that Ye Lu had cut down when he was making weapons for the women.

Although the rumours were exaggerated, the hardness of the “World Tree” was definitely “just right”.

As a result, with just one round of attack, all of the practitioners who were less than “Golden Dan One” level were wiped out.

The remaining experts immediately frowned, and then the leader of the group raised his hand.

As the leader of the group unleashed his “Original Spirit Beast”, the others also unleashed their “Original Spirit Beasts”.

These people’s “Original Spirit Beasts” were mainly in the form of birds, and the strongest one had already reached the level of “nine orifices”, which made Ye Lu feel more and more that he should hatch the beast eggs in his hand as soon as possible.

With the help of the “Original Spiritual Beast”, one person became two, doubling his combat power out of thin air.

After summoning the True Spirit Beasts, the crowd retreated, leaving the round of attacks to these bird-shaped demonic beasts.

“Go!”

Seeing this scene, Ye Lu quickly collected the “Heavenly Vine” and wrapped it around his body, then fiercely dropped towards the ground.

Following that, his right hand slammed on the ground.

“Arise!”

A hemisphere of flame rose up with Ye Lu as the centre, blocking all sorts of attacks.

After releasing the “Flame Prison”, Ye Luo quickly released his blood and began to draw up a summoning formation, as he could only summon helpers for now.

“Come on, Nine Infants!”

Ye Lu's favourite summoning method was the Nine Infants, not to say that one of them was more powerful than nine, but it was definitely more powerful than ordinary "demonic beasts" of the same level.

However, it was a pity that Ye Lu's current level was only "Golden Dan Fourth Turn", even though he had used three "Exploding Yuan Pills" to greatly increase his own combat power, it was extremely difficult to summon a demonic beast that was even higher than his opponent's level.

Ye Luo also knew this, so he mixed the normal "Beast Blood Summoning" with the "Blood Summoning", and a large amount of blood gushed out from Ye Luo's arm into the underground blood formation, and then the summoning began.

The attacking crowd also felt the danger, but the white flame barrier was so defensive that even a demonic beast with its "Nine Nodes of the Golden Elixir" could not break through it.

"Holy sh*t! What is this thing?"

"Yes, this turtle shell is too hard."

"What should we do? He seems to be summoning something."

"There should be no need to be afraid, what can he summon even with his strong cultivation!"

"No, 'Xiangjun' you and 'Lady Xiang' use water."

.....

The strongest bloodline in Southern Chu should be the "Eastern Emperor Taiyi", and most of the guys at the head of the group were the heirs of the "Eastern Emperor Taiyi".

"They say that Southern Chu is a transcendent power, but it seems that it is not exempted from this!"

Ye Lu lamented in his heart, and then a monster with nine heads appeared in the red light above his head, and this guy did not disappoint Ye Lu, he was actually a super expert who had opened up his "eight".

"This saved Ye Lu from having to communicate with the Nine Infants, who were already bad-tempered, and when they were inexplicably attacked, they immediately went berserk, and immediately fought with water and fire.

Although the Nine Infants were strong, their opponents were just as strong, and there were many of them, although only one of them had opened its "nine trunks", there were many who had started their "eight trunks".

The Nine Infants were at a disadvantage when the practitioners joined the battle.

Ye Lu sighed helplessly, then quickly began to summon a second time, this time it was "Chiseled Teeth", after summoning "Chiseled Teeth", Ye Lu took out a weapon from the "Sumeru Ring" and threw it to him, it was the "supreme divine weapon" of the "Chi You Clan", which was also one of the "Ten Ancient Fierce Weapons", "Chi You Go".

The situation was immediately turned around after the “Chi You Go” with the “Chi Tooth” joined the battle.

This also allowed Ye Lu to finally breathe a sigh of relief.

With two Blood Summons and such a powerful thing, Ye Lu was really a bit overwhelmed.

However, at this moment, the leader of the opponent suddenly took out a magic weapon, a bell-shaped “magic treasure”, which was the most famous “Southern Chu” divine weapon, the “Eastern Emperor Bell”, however, this was not the original, but a replica made by an unknown generation of “Southern Chu” great powers.

After taking out the “Eastern Emperor’s Bell”, the guy activated the “magic treasure” and shook it with force.

“Dang!”

“Dang!”

“Dang!”

.....

The ear-splitting sound was a strange sound wave attack, but it was also a spiritual attack in essence.

Taking advantage of their momentary trance, just like Ye Lu’s previous use of “Fury Impact”, all sorts of terrifying attacks had been directed at the two demonic beasts.

“Sh*t! This is probably going to be the end!”

Ye Luo muttered in a somewhat depressed manner.

Chapter 482

However, Ye Lu didn’t give up, because he still had his only backstroke, although he didn’t want to use it, and that was to greet the projection of the “Hell Devil Dragon”.

At the moment, this was the only thing that could hold the scene, but if he did so, Ye Lu would be so weak that he would probably be less than a normal person.

However, now that the situation was forced, there was no other way out, after all, this was not only about himself, but also about Ye Yan and the three women.

So, the blood in Ye Lu’s arm gushed out once again.

But, just at this time, what Ye Luo feared happened, he saw that there was really another group of people arriving on huge demonic beasts.

“Ye Luo!”

With a surprised and somewhat familiar voice, Ye Lu quickly looked up and saw the beautiful “Pill Shu” standing on a huge demonic beast.

Next to the beautiful Pill Shue stood a woman who looked half-aged, but this woman was not the “Pill Premium Elder”, but a super expert whom Ye Lu had never seen before.

The reason why she was a super expert was because this woman had actually crossed into the “YuanYing realm” and was a “Supreme Elder” of the “Pill Alliance” named “Heavenly Doctor Elder”.

The demonic beast they were riding was also a super demonic beast of the Firstborn Realm. This demonic beast looked really weird, a fox with nine heads and nine tails, and was called a “nephew”.

Ye Lu had only heard of the “Nine-tailed Fox” before, apparently, he was a bit ignorant, this thing not only had nine tails, but also nine heads, so it was obviously more powerful than the “Nine-tailed Fox”, I wonder who was stronger than the Beast King “Ti Feng” who had a hundred heads.

“Pill Shu!”

Seeing Pill Shu’s pretty face, Ye Lu finally let out a sigh of relief. Pill Shu was a good girl, and Ye Lu knew very well that she would help him.

“But can you guys not wait until the last of my blood has been drained!”

Ye Lu secretly spat out in his heart.

Sure enough, Pill Shu quickly said a few words to the Xuan Niang style woman beside her, who nodded with a smile and said.

“Juniors, I don’t want to create sins, leave the man behind, you guys hurry up and leave, we are from the ‘Pill Alliance’.”

Seeing the terrifying demonic beast at the feet of the “Heavenly Doctor Elder” and hearing that this woman was from the “Pill Alliance”, these experts of the “Southern Chu” quickly stopped.

They quickly released Ye Yan and flew off to the side in a huff.

Pill Shu then flew down and looked at Ye Lu and said with a smile.

“You are really capable of tossing and turning, now everyone in the entire ‘Ten Thousand Beasts Secret Realm’ is looking for you guys? By the way, didn’t you say there were three beautiful women? How come there’s only one?”

Pill Shu looked at Ye Yan and said slightly sourly.

“This place is not a good place to stay for long, so we’d better leave first.”

The “Heavenly Doctor Elder”, who had jumped down from the demonic beast “nephew”, looked at Yushu and said.

“Hurry up and leave, the other teams will be here soon.”

Ye Yan originally wanted to ask something, but seeing this situation, she could only shut up, while Ye Lu quickly said.

“There are two more friends I have to bring with me, wait for a moment.”

After saying that, he darted into the woods, he didn't want others to know the secret that the "Blazing God Blade" could hide people, after all, this might be their last resort to save their lives.

Moreover, Ye Luo was also worried that the communication devices carried by the "Pill Alliance" people had a listening system.

In fact, Ye Lu was right in guessing that many of these communicators had a back door that not only monitored their location, but also listened to them, and even automatically turned on the camera device.

These systems are placed on the bodies of some demonic beasts and can monitor the entire "secret realm" unnoticed.

It was also because of these auxiliary systems that the Pill Alliance was able to release and collect all kinds of news instantly.

At this moment, the latest news had already been released.

"New news: The 'Southern Chu' experts have failed to snipe the 'wanted target' and the target is currently in the hands of some of the 'Pill Alliance' people. What decision the 'Pill Alliance' people will make, we'll see."

However, following that, new news soon emerged.

"New news: the people of the 'Medicine League' have lost their target and state that the location of the lost person is at the coordinates 'XX, XX', everyone can help find it together."

This latest news was of course released by someone from the "Pill Alliance", the purpose of which was firstly to clear the relationship with Ye Lu, and secondly to use the power of the "Pill Alliance" to suppress some of the people who were tempted to move.

After all, although the Pill Alliance is not a powerful sect, it is a sect that all other sects need, because if you want to buy pills, you can either go to the Pill Alliance or the Dan Tower, and the Pill Alliance and the Dan Tower are almost dominant in the entire basic market.

"Danta, on the other hand, is a rival to Pill Alliance at the top end of the market.

Of course, regardless of these factors, there is no doubt that the Pill Alliance is powerful, and at least the majority of clans and powers do not dare to oppose them.

Of course, there was another reason: Ye Lu had already discovered through his "glasses" that two of the Pill Alliance's communicators had a listening function, so after making his statement, Ye Lu took out a small blackboard and wrote in chalk.

"I will make up as a woman in a moment, and then give a few of them some make-up as well, everything will be as usual, don't reveal our presence or show any flaws, there are two machines with a listening function, so everyone should be careful with what they say."

Seeing the sign raised by Ye Lu, the crowd was first shocked, then a few of them laughed, probably because they thought Ye Lu wouldn't look like a woman even if she pretended to be a woman like this.

Of course they didn't know that Ye Lu had his own plans.

There was a saying that "the best place to hide a tree is in the forest", so if Ye Lu and the others wanted to avoid everyone's pursuit, blending in with a team was obviously the best option.

Moreover, there were dozens of people in the Pill Alliance's group, and the group was big enough.

So, the group continued on as if nothing was wrong, while Ye Luo seized the time to disguise and disguise several women.

Seeing that her appearance, including her figure, had completely changed into another person, several women were surprised.

"Ye Lu, when did you still have this ability?"

Ye Yan asked in amazement as she looked at Ye Lu.

Ye Luo, in turn, smiled and said.

"I have a lot of skills, I'll surprise you guys later."

After saying that, he went off to tinker on his own.

After Ye Lu left, the "Heavenly Doctor Elder" took out a book and wrote on it.

"Shu'er, do you like this kid?"

After she finished writing, she held it up and showed it to Pill Shu beside her.

Pill Shu's face immediately turned red as she hurriedly wrote.

"No!"

As a result, the "Heavenly Doctor Elder" wrote with a smile.

"Don't be shy, I've lived for a long time, can't I see such a little thing? It's a good thing too, don't worry, I'll help you get him."

When she saw what the "Heavenly Doctor Elder" had written, Pill Shu became even more shy and wrote with her head bowed.

"These things, let nature take its course."

As a result, the "Heavenly Doctor Elder" immediately wrote with some displeasure.

"Let it be, what the hell, people live in the world, we must be happy and happy, whether you like fresh meat or old meat you must get into bed, do not leave any regrets in your life."

Then, also without letting Medicine Shue part with it then quickly wrote.

"I'm in charge of this matter, or I'll send this kid to the 'Beast Alliance' to exchange for an egg back."

When she heard the words of the "Heavenly Doctor Elder", Pill Shu immediately silenced her voice, because she knew very well that the "Heavenly Doctor Elder" was a person who did what he said.

On Ye Lu's side, the weakening period had already begun.

He walked back with some difficulty, but by this time, he had turned into a beautiful woman, with a face and breasts, and even his waist and buttocks had been treated.

Seeing the completely changed Ye Lu, Ye Yan couldn't help but pat and said.

"Little girl, come give master a smile."

As a result, this pat did not matter, Ye Luo "flopped!" He had just lost a lot of blood and was weak, so this was really enough for him.

At this moment, the smiling "Heavenly Doctor Elder" walked in.

Chapter 483

Seeing how Ye Lu suddenly fell to the ground, the "Heavenly Doctor Elder" was also taken aback.

"What's wrong with this"?

She looked at Ye Luo and asked.

For one thing, she was surprised that Ye Lu had fallen to the ground, and for another, she was even more surprised at Ye Lu's amazing "disguise" technique, which turned into a woman without any sense of discomfort, but of course, this was also related to Ye Lu's original good skin.

However, just like Ye Yan, the "Heavenly Doctor Elders" were also curious about how Ye Lu got his breasts and buttocks, as well as his thin waist.

Of course they didn't know that this was actually a brand new "martial art" that Ye Lu had developed by combining the methods taught by Lin Ruyue and then looking up and studying the various "martial arts" in the "Glasses", such as the "Bone Shrinking Technique", "Multiplication Technique", "Local Strengthening Technique" and so on.

Ye Luo knew that he could not hide his weakness from an expert like "Elder Heavenly Doctor", and since her name was "Heavenly Doctor", she must be very profound in the art of healing, so Ye Luo thought about it and told the truth.

"Elder 'Heavenly Doctor', to be honest, I have just used something like the 'Army Ration Pill' and am now entering a period of weakness, and before you came, I used two and a half 'Blood Summoning', so I lost a bit too much blood as well."

Hearing Ye Lu finish, the "Heavenly Doctor Elder" froze for a moment and said.

"Oh, I understand, but what is this 'half time' all about?"

Ye Luo said somewhat helplessly.

"The 'half time' means that I just let out the blood, but before I could summon it, you guys came, so it's half done, so it's half done."

Speaking of this Ye Lu felt a little depressed.

“The Heavenly Doctor has grown” then said with a smile.

“Sorry we’re late, but don’t worry, they’re setting up the tent, when we’re settled, I’ll prepare some medicine for you to help you recover your qi and blood, in this regard, I guarantee that the medicine will help you to get rid of the disease and make you alive right away.”

Of course, Ye Lu did not know what the “Heavenly Doctor Elder” was up to, so he nodded without thinking about it.

At this time, Ye Yan called Long Feixue to a distance and then whispered to her.

“Fei Xue, your chance has come, my brother has lost all his cultivation this time, so this is the best chance for you, let’s cook the rice tonight and do it to my brother, I will make him responsible for you, and this matter will be done.”

After saying that, Ye Yan even squeezed her eyebrows at Long Feixue and made a weird expression.

This caused Long Feixue’s face to immediately blush.

She showed a rare coy expression of a little girl before grabbing the corner of her coat and whispering.

“Is this going to work?”

Ye Yan, on the other hand, patted her chest with a confident expression.

“Don’t worry, of course it’ll work, just watch, you look like you’ve never been with a boy before, have you never even touched a boy’s hand?”

Long Feixue nodded with a red face and some embarrassment.

Ye Yan patted Long Feixue’s shoulder and said with a smile like an old driver.

“Then don’t worry, with old sister, there’s no problem guaranteed.”

Although Long Feixue felt a little unreliable, however, Ye Yan was Ye Lu’s old sister, so Long Feixue still trusted Ye Yan, besides, she was really a blank slate when it came to relationships, before she met Ye Lu, her mind was full of cultivation matters, and all of them were troubles.

It was only after she met Ye Lu that she was truly smooth, her cultivation was like being a spaceship, it was a thousand miles a day, something she could never imagine in her life.

Of course, the greater pressure came from Qin Siyu, who was also currently looking after Ye Lu, and the relationship between the two made Long Feixue feel under pressure.

The two of them discussed the details for a while and then came back.

While the Pill Alliance people were setting up their tents, it was clear that they were already very skilled at doing this, and had already set out demonic beasts to patrol the area while they were setting up their tents.

As expected, the Beast Alliance and the other people did not believe the statement issued by the Pill Alliance, so soon people from the surrounding area and the Beast Alliance came over one after another to confirm.

Of course, the people from the “Medicine League” would not turn away.

Even the little detective beasts sent out by the “Beast Alliance” for scouting did not see anything wrong.

“Huh! I don’t think so!”

“The Beast Alliance’s “Beast Department” people muttered in surprise at this result.

“However, it seems that the Pill Alliance didn’t notice, and the eavesdropping device we placed was not placed at their elders’ place, and there were no signs of detection.”

“It seems that the others didn’t notice anything unusual either, and from the message sent by the miniature camera, it is confirmed that there is indeed no that man or those three women in the ‘Beast Alliance’.”

“That means that those three people may not be in the ‘Beast League’.”

“Most of them are, but it should be that they, the women, saved those four people from before and then helped those people escape, that’s why we weren’t able to find those people.”

When they heard this man’s deduction, the others nodded, and then one said.

“Well, most of them are, it would indeed be too big a target to take those three people with them, and it’s obvious that the people from the ‘Medicine League’ know that with the ‘scanning system’ they can’t take people away.”

On the other side of the Pill Alliance, the “Heavenly Doctor Elder” was persuading Pill Shu.

“No, Elder, I still feel too humiliated.”

To be honest, it was too big a deal for Pill Shu, she didn’t have the courage to do it, and she had another problem that she didn’t feel comfortable with, so she wrote.

“Besides, Elder, if you follow your plan and use the ‘nepenthe’ to make him fall in love, then he’s not into me, he doesn’t like me, so there’s no point in doing that!”

“The plan of the “Heavenly Doctor Elder” was to use the nephew of the nine heads to make Ye Lu fall in love when the tents were assigned, and then, let Yushu go in and make love with Ye Lu.

However, this simple sister of Medicine Shu still resisted.

So, after thinking about it, the “Heavenly Doctor Elder” devised another plan, that is, not to allow the “nephew” to make a move and let both parties proceed on a voluntary basis.

However, Yushu was still afraid of shame and eventually backed off.

As a result, the “Heavenly Doctor Elder” decided to find a way to seal Ye Lu’s eyes so that he could not see.

“Will that do it?”

Only then did Pill Shu grit her teeth and nodded, because she was worried that the “Heavenly Doctor Elder” would get mad, she had seen how the “Heavenly Doctor Elder” would get mad, and she guessed that Ye Lu would be in for a treat.

However, Pill Shu still had the courage to make two requests, one was that the “Heavenly Doctor Elder” could not use his “divine sense” to cover their tent, and the second was that he could not let the “crude nephew” into the tent.

The “Heavenly Doctor Elder” smiled and agreed, and only then did Yushu breathe a sigh of relief.

Soon, the tents were all set up, and in order to avoid any suspicion on the part of Ye Yan and the others, the four tents were placed together, but since Ye Lu was a man, his tent was further away from the others.

The main reason was that they did not think that the “Heavenly Doctor Elder” would want Pill Shu to make the rice ripe for the taking.

Thus, after arranging for a place to stay, the “Heavenly Doctor Elder” went to Ye Lu’s room.

“Ye Lu, I’ve brought you the medicine that can restore your qi and blood, and some medicine for weakness, so drink them all.”

With those words she took out several kinds of medicines.

Ye Lu scanned the medicine with his glasses and found that the effects of the medicine were the same as what the “Heavenly Doctor Elder” had said, so he nodded thankfully to the “Heavenly Doctor Elder”.

However, he did not know that the “Heavenly Doctor Elder” had heard about Ye Lu’s various wonders, so she used a fusion of medicinal principles to give the medicine, none of them were fine, but drinking them together would cause problems.

Not long after drinking the medicine, Ye Lu felt that he could not speak, and at the same time, he could not see through his glasses, and in addition to that, he could not move his body significantly.

“Sh*t! Damn you, you’ve fallen for this old woman’s trick!”

Chapter 484

Ye Lu didn’t know what kind of toxin the “Heavenly Doctor Elder” had used, but it was obvious that she couldn’t stand up, she could move her arms, but it was like moving in slow motion, however, her mind was awake, so most of it was a nerve control toxin.

However, the “Heavenly Doctor” did not do exactly what Medicine Shue wanted, she left a back-up after she left, she put an open potion in the tent and then set up a “boundary” inside the tent to prevent the gas formed by the potion from leaking out, and also to block the sound from reaching the outside, who knows what sound Medicine Shue would make later.

Once this was done, the “Heavenly Doctor” came out of the tent and announced to the people around him.

“I have given special treatment to the wounded, so please do not disturb them for two hours.”

With that, she walked back to her tent.

On the other side of the Beast Alliance, the Snakes had already noticed that something was wrong, as the “Prince of Ba-Snakes” had been lost for too long.

It didn’t take long for someone to find the bodies of the “Bar Snake Prince” and the bearded man, as well as the communication devices they had on them.

Without any surprise, the Snakes joined the “Reward” team and the reward was doubled.

At the same time, the experts of the Snake Department also started to act.

“Sh*t! Who is this guy? What a bully! I guess no one will be able to come out of the ‘Ten Thousand Beasts Secret Realm’ in a year.”

“Yeah, it’s definitely going to be a territory-wide lockdown.”

“Let’s see how it goes, I have a feeling that sooner or later an ‘intra-alliance mission’ will be released.”

.....

However, everyone’s speculation was still too optimistic. Soon, the “Beast Alliance” issued a notice that until the culprit was caught, the entrance and exit of the “Ten Thousand Beasts Secret Realm” would be blocked for three years, and all people, no matter where they came from, would not be allowed to leave.

She hoped that because of Ye’s death, Pill Shu could grow, and that was her main concern, and it didn’t matter whether Ye could leave or not.

The people from the “Beast Department” were analysing the situation in the secret realm.

“There’s no doubt that there’s something wrong with the ‘Pill Alliance’.”

One of the guys looked at the map and said.

“Ever since those people made contact with the ‘Pill Alliance’, there has been no more news, this is too abnormal, but this time, the ‘Pill Alliance’ team is led by a ‘Supreme Elder’, so we can’t be reckless, offending the ‘Pill Alliance’ won’t do us any good at the moment.”

Hearing his words, Grand Elder Huben thought for a moment and said.

“How about this, go find the right team and find a way to probe the ‘Pill Alliance’ so that even if something happens, we can get off the hook.”

Hearing the words of the Huben Grand Elder, someone immediately led the way and went out to make arrangements.

At the Pill Alliance’s camp, many people had already gone to bed, as it was really late.

She was still hesitant, she really couldn’t decide whether to follow the arrangement of the “Heavenly Doctor Elder” or not, but she knew one thing very well, that was, the reason why the “Heavenly Doctor

Elder” had saved Ye Lu and the others was because of herself, if Ye Lu didn’t have the corresponding status, the “Heavenly Doctor Elder” couldn’t stay here for Ye Lu and the others for three years.

Besides, if they wanted to take Ye Lu away, it was estimated that only an expert above the rank of “Heavenly Elder” like the “Heavenly Doctor Elder” could do so.

However, while Pill Shu was pacing back and forth, someone had already quietly sneaked into Ye Lu’s tent.

The person who entered was Qin Shiyu.

Since Qin Shiyu had been taking care of Ye Lu from the beginning, she knew Ye Lu’s condition very well, and she did not feel that it needed special treatment by the “Heavenly Doctor Elder”.

This kind of fluctuation made her worry that the “Heavenly Doctor Elder” had done something, so, after thinking about it, she decided to go and see for herself before she could sleep.

As soon as she got into the tent, she felt that something was wrong.

It was because Ye Lu had not reacted to her coming in at all.

So, she anxiously ran to Ye Lu’s side to check up.

However, Qin Shiyu did not dare to speak, because she had heard Ye Lu say that it seemed that an expert of the level of the “Heavenly Doctor Elder” had some kind of “divine sense scouting” ability, and even if he spoke in a very small voice, the other party could still know.

Ye Lu heard someone coming in, but she didn’t know who it was. She wanted to tell the person who came in that the current situation was odd and that she should leave quickly, but he couldn’t say anything, so she could only be anxious.

Qin Shiyu probed Ye Lu’s nose and then touched Ye Lu’s arteries, she found that her breathing and heartbeat were completely normal, which made her breathe a sigh of relief.

At this time, she realised that Ye Lu’s chest had returned to normal some time ago, and had become firm and thick again, very comfortable to touch.

She did not know that it was thanks to the toxin from the “Heavenly Doctor Elder” that Ye Lu’s muscles had returned to their original state.

After that, Qin Shiyu suddenly felt an inexplicable urge rise up from the bottom of her heart, and then, her body became hot and unbearable, and her heart was like a hundred claws scratching her heart, especially the hand that was stroking Ye Lu’s chest, which had started to tremble.

The medicine left behind by the “Heavenly Doctor Elder”, which was only for women, had finally kicked in.

With trembling hands, Qin Shiyu began to unbutton Ye Lu’s clothes and then unbuckle his belt, and Ye Lu’s clothes were taken off one by one

“Sh*t! What’s all this?”

Just now, when Qin Siyu was touching his chest, Ye Lu felt that the person who came was a woman, however, he did not have the ability to tell who the owner was through the person's hand.

Therefore, he could only feel that the woman who came was undressing herself, and he had no idea what the other party was going to do.

Of course, probably he could have guessed.

Sure enough, soon, he felt a hot body hugging him, he could feel that the woman had a great body and delicate smooth skin, but he had absolutely no clue as to who the other party was, because, the other party didn't say a word, but, Ye Lu was at the age of his blood, and he had experience with Liu Mei in this regard before, so he immediately reacted

Immediately after, the long-lost feeling came again, and he understood that he had lost his body again.

At first the other party was still very gentle, but, soon, the other party's movements became stronger and he himself gradually began to lose himself

In a tent not far from here, Ye Yan was holding a small blackboard and was persuading Long Feixue.

"Feixue, you just listen to me right, and this is the only way to take Ye Lu back from that 'Qin Shiyu', you have seen the relationship between the two of them, there is simply endless words."

This was true, Ye Lu and Long Fei Xue and Ye Yan didn't spend much time together, but with Qin Si Yu it was different, apart from his grandmother, Qin Si Yu should be considered the woman Ye Lu had the most contact with.

However, Long Feixue always felt that this was not a good idea.

Just like that, it took a lot of effort for Ye Yan to convince Long Feixue, who cautiously also walked towards the tent where Ye Lu was.

At this moment, Qin Siyu finally released the fire of her heart in a long suppressed cry, and only then did she realise what she had done.

Seeing the sweet red blood, she hurriedly and quickly dealt with it.

However, just as she had finished dealing with it, footsteps sounded outside and she was so startled that she didn't bother to put her clothes on and quickly slipped away from the other side of the tent.

And just after she had finished releasing herself, Leafall felt another person walk in at the door.

"Sh*t! What's with the people coming in again, one after another!"

Just now Qin Siyu had left in such a hurry that she couldn't even get Ye Luo dressed, and he was lying naked on the bed like this, which made Ye Luo feel incredibly embarrassed.

Of course, what was even more surprising was Long Feixue who walked in.

Chapter 485

Long Fei Xue had never expected to see such a scene.

She turned her head away in shame, but then she couldn't help but quietly turn her head to look.

But, just like Qin Siyu, the medicine from the "Heavenly Doctor Elder" took effect, and Long Feixue's heart beat faster and her breathing was a bit rapid as she walked towards the bed where Ye Lu was lying

The first thing you need to do is to get a good idea of what you are getting into.

And just like the woman just now, another smooth and hot body hugged himself.

However, Ye Lu had just finished, it was impossible for him to recover immediately, and this time the woman was a little anxious, she clamped Ye Lu's thighs together with her legs and began to

The woman was in Pill Shu's room at the moment, and Pill Shu had finally made up her mind. She felt that even if it was for the sake of Ye Lu and the four of them to leave the "Ten Thousand Beasts Secret Realm" alive, she should go and do it.

Of course, before she went, she took a few minutes to look at herself again in front of the mirror to see if she looked perfect, and only then did she step out of the tent.

And on Ye Luo's side, Ye Luo felt the woman on top of him start to tremble all over, as if she was swinging

At this time, Ye Luo once again heard the sound of footsteps appearing at the door.

Long Feixue was originally of a very sensitive constitution, but, so quickly this time, it made her face as red as an apple, but, immediately afterwards, recovering her wakefulness, she was startled by the sound at the door, and she hurriedly ran out from the back of the tent, clutching her clothes.

After running out, she quickly found a corner to get dressed, however, she did not go back, she wanted to find a place to calm her excitement first, because she did not know what she should say to Ye Yan next.

She couldn't say anything at all about the situation she had just been in!

However, as she walked to the edge of the camp, a dark figure in the distance had noticed her.

"I didn't expect someone to actually sneak around the edge in the middle of the night, and it doesn't look like they have a high level of cultivation."

The man hired by the Beast Alliance took out a bottle when he saw Long Fei Xue, then slowly opened it and pushed the gas inside to float towards Long Fei Xue's direction.

The first to be hit were the demonic beasts in front of Long Fei Xue, several of them closed their eyes at the same time as if they were asleep, followed by Long Fei Xue's eyes also slowly closed.

And at this moment, Pill Shu had already entered Ye Lu's tent.

Like Long Fei Xue, Pill Shu was also completely shocked by the scene before her eyes.

Standing dumbfounded for a few seconds, she muttered.

"Is it popular for boys to sleep without any clothes on?"

To be honest, she hadn't even seen a man who actually wore no clothes since she arrived as a child, so she couldn't help but look in Ye Lu's direction once again.

At this moment Ye Luo your heart was mixed.

He had absolutely no idea what was going on.

"It can't be that this is another woman coming, can it?"

He was now dumbfounded, but his intuition told him himself that this time it would definitely be a woman again, of course, if he was very calm at the moment, he could tell that of course it would be a woman who came, because he was the only man in the whole camp.

Sure enough, following this, Ye Lu found that not only was it a woman, but like the two who had just come, she had undressed and jumped on top of herself.

Some things are untaught, just as animals without intelligence can reproduce, so without being taught, Yushu knew what to do.

Unlike Long Fei Xue, Yushu lasted a long time this time

Ye Yan was walking back and forth in the tent while watching the time.

"This guy Fei Xue, how come he hasn't come back after going for so long, is this an addiction? There's not going to be any problem, is there?"

She said while sticking her head out of the tent to look once at the tent where Ye Lu was, the tent wasn't much further away from her own, but not a sound could be heard at all.

"Calm down, calm down"

She said to herself as she decided to sit down and wait a little longer.

As a result, after waiting for another twenty minutes or so, Long Fei Xue still hadn't returned.

She did not know that Pill Shu had actually left Ye Lu's tent just now. Like Long Fei Xue, she also wanted to find a place to calm down and calm herself down, so she was currently sitting beside her "original spirit beast" and chatting with her spirit beast.

She couldn't wait any longer, so Ye Yan also walked into Ye Lu's tent in a blaze of glory.

When she was leaving, Yushu didn't know if she should dress Ye Lu, because Ye Lu hadn't said a word, and she didn't know what Ye Lu was thinking, so she covered Ye Lu with the blanket and left.

When Ye Yan came in, she saw that Ye Lu was lying there sleeping, and there was no sign of Long Fei Xue.

"Could it be that it's hidden under the quilt?"

Ye Yan walked over and lifted up Ye Lu's quilt, but did not see anyone under the quilt, only Ye Lu's naked and fit body.

When Ye Luo felt the quilt on his body being lifted up again, he sighed silently while thinking of a familiar advertising phrase.

“It feels like your body has been emptied.”

If Ye Lu hadn't been in a weakened state, with his body, which had been constantly strengthened by the “spirit stones” after being “reborn”, this should not have been a big deal, but now he was not only in a weakened state, but most of his blood had been drained, so of course it was not the same as usual.

Soon, Ye Luo once again felt the fire-like body covering him

When it was all over, Ye Lu really couldn't, he felt endless sleepiness invade him, his eyelids couldn't hold out any longer and he fell into a deep sleep.

Seeing Ye Lu, who was sleeping on his lap, Ye Yan had mixed feelings in her heart, to be honest, how could she have ever thought that such a thing would happen, that such a scene would happen, at this moment, her head had gone blank.

At this moment, the “Beast Alliance” guy who had captured Long Feixue had already finished interrogating her.

She looked into Long Fei Xue's eyes and said slowly.

“Forget everything that just happened, you never came out and never saw me, you just came out for a walk, remember?”

Long Fei Xue nodded with a dull gaze, and following that, she slowly turned around and retraced her steps back to the camp.

However, at this moment, the voice of the “Heavenly Doctor Elder” suddenly sounded out.

“Why are you sneaking around since you're here? Show yourself.”

Then, the “Heavenly Doctor Elder” appeared in front of Long Fei Xue.

Seeing the appearance of the “Heavenly Doctor Elder”, the guy hired by the “Beast Alliance” frowned, and he regretted a little, because he found that his plan to catch a big fish with a long line had gone down the drain.

“I should have known better than to let this girl go.”

He muttered somewhat depressedly and then walked out.

Following him out were a number of experts, all of whom obviously belonged to the same power judging from their clothing.

“Who did I think it was? It turns out to be someone from the ‘Di Cui’ clan, no wonder he is so arrogant.”

The “Emperors” were also one of the “Five Emperors” in the “Three Emperors and Five Emperors” of the ancient times, and were once a very powerful ancient race with a deep heritage.

This person from the “Emperor's Çausu” clan looked at the “Heavenly Doctor Elder” and said.

“Elder Heavenly Doctor, there is no need to say anything else, I have just learned the truth through hypnosis, hand over the people, as long as we can get the reward from the Beast Alliance, we will not make things difficult for you.”

The “Heavenly Doctor Elder” gestured to Long Fei Xue to hide behind him, and then looked at this guy and said.

“I think we can discuss this matter, these few people are also very important to our ‘Medicine League’, how about this, our Medicine League can offer more ‘reward’ to compensate you, you are also doing it for the benefit anyway, right Isn’t that right?”

Hearing the words of the “Heavenly Doctor Elder”, this fellow opposite fell into deep thought.

At this moment, Pill Shu had come running over.

“Is it done?”

“The Heavenly Doctor asked with a smile.

She nodded with a red face.

At this time, the guy across the room thought for a moment and said.

“‘Elder Heavenly Doctor’ the condition you have proposed does make it difficult for me, because as you know, cheating the ‘Beast Alliance’ is quite a troublesome matter, and we can’t afford this anger”

Chapter 486

Hearing his words, the “Heavenly Doctor Elder’s” eyebrows also furrowed.

However, this guy once again smiled and said.

“However, this is not something that can’t be worked around, to give them a wrong result, we definitely don’t dare, but give it to them a little later so that you can have a preparation, we are not responsible for arresting people this time anyway, right?”

When he heard this guy’s words, the “Heavenly Doctor Elder” smiled and said.

“Alright, alright, don’t worry, there’s no shortage of benefits for you guys.”

After that, the “Heavenly Doctor Elder” walked back to the tent where Ye Luo was, and Ye Yan of course had already dressed Ye Luo and slipped away.

The only one who knew what was going on with Ye Lu was the “Heavenly Doctor Elder”, so she patted Ye Lu to wake him up, and then looked at him and said.

“Well, the good dream is over, and I can’t protect you anymore.”

After saying that, she gave Ye Lu an antidote and then said.

“I will exchange the treasure for a chance to escape, whether you can escape or not is up to you, do it as soon as possible, I will delay them chasing you until the latter part of the night.”

Hearing the “Heavenly Doctor Elder’s” gloomy expression, Ye Lu originally wanted to ask something else, but swallowed it at the end of his mouth and just looked at the “Heavenly Doctor Elder” and said.

“Thank you.”

Yes, if it wasn’t for the “Heavenly Doctor Elder” and the others, he would have basically died. Moreover, although the “Heavenly Doctor Elder” had said it lightly this time, Ye Lu knew very well that the price he had to pay to let the other party cheat the “Beast Alliance” in this “Secret Realm” would definitely not be small.

So, he once again looked at the “Heavenly Doctor Elder” solemnly and said.

“Elder’s great kindness, I will definitely repay it later.”

The “Heavenly Doctor Elder” said with disdain.

“Let’s talk about that later, but you have to get through this first. Should we go now, or wait for action later.”

Ye Lu shook his head and said.

“My body is not in the way, it’s better to leave now, so as not to have a long night, who knows what else will come out of the ‘Beast Alliance’ side.”

He had already caused a lot of trouble for the Pill Alliance, so Ye Lu didn’t want to bother them anymore, besides, the Pill Alliance could not cover itself with only the “Heavenly Doctor Elder”.

Hearing Ye Luo’s words, the “Heavenly Doctor Elder” raised his thumb and said.

“Not bad, you are a man, it seems that Shu’er is not wrong, go, this trip is destined for nine deaths, when you come back alive, I will treat you to a drink at the ‘Medicine League’.”

The “Heavenly Doctor Elder” was originally a man who was quick to revenge, so he liked Ye Lu’s character.

Ye Lu nodded, then got up and greeted Ye Yan, Long Fei Xue and Qin Si Yu, and then the four of them quickly left from the side in the night.

Anyway, everyone had no trackers on them, so as long as they didn’t meet up with the trackers they would be fine.

After speaking about the previous extreme battle, Ye Lu felt that by the time he had fully recovered, he should be able to move up a level in his cultivation.

He looked at Qin Siyu as he walked, then took out a pill and said.

“Siyu, this is a pill that will allow you to cross over to the ‘Golden Dan Avenue’, it’s called the ‘Pioneer Pill’, go eat it in the ‘Blazing God Blade’ and break through first to the ‘Golden Dan Avenue’ realm.”

After saying that, he turned his head to look at Ye Yan and said.

“Older sister, you too, this is the ‘Nine Revolutions Golden Pill’ break through to the ‘Nine Revolutions Golden Pill’ first, and then be ready to break through at any time.”

Ye Yan, like Qin Siyu, said nothing and somewhat distractedly accepted the elixir.

After that, he looked at Long Feixue again and took out a batch of pills and said.

“Feixue, these pills are for you, I guess there should be a chance that you can improve when you wait for the ‘Dragon Clan’.”

Long Fei Xue as long as Ye Lu was comforting herself as she was the one with the worst cultivation among the four, she took the pills and said with a smile.

“Don’t worry, I will try my best.”

For his part, Ye Lu smiled again and said.

“Good, then I declare that our great escape is exactly the beginning, let’s escape until dawn, then find a place to rest, during the day, we will search the underground cave, and then come back up at night.”

Through his glasses, Ye Lu had already obtained the general topography and features of the developed area of the “Secret Realm of Ten Thousand Beasts”, and he found out that soon, they would enter a place with underground caves and many underground rivers.

Although there was no guarantee that they would not encounter enemies in such a place, Ye Lu felt safer than walking in an open area.

Especially those scouting demon beasts, it was simply impossible to guard against them.

The three women each had something on their minds, so they all nodded mechanically.

Qin Siyu had actually thought of Ye Lu as her boyfriend in general a long time ago, especially during that divination, she said that Ye Lu was her boyfriend and Ye Lu didn’t say anything, but, after all, the two hadn’t explicitly indicated their relationship, so she felt a bit caught off guard when something like this suddenly happened.

Long Fei Xue, on the other hand, was shying away from her outburst, she was a little worried that Ye Lu would look down on her for it, after all, what she had done was too humiliating.

Ye Yan, on the other hand, was struggling with the relationship between herself and Ye Lu.

To be honest, she did quite like this old brother of hers whom she had only just met, no matter what his personality, looks or style of doing things, she liked him very much. Earlier, when Ye Lu saw her body, although she was fuming on the surface, her heart was actually beating as fast as a rocket, and she understood that she did have her heart set on Ye Lu.

However, all of a sudden something like this happened, she was completely uncomfortable, moreover, what she couldn’t figure out a bit was that she wasn’t setting up Long Fei Xue and Ye Lu and the two of them before, how come all of a sudden this was happening?

“In the end, did Fei Xue and Ye Lu fall out or not?”

Thinking about this Ye Yan scratched her head.

She had asked Long Fei Xue before, but Long Fei Xue was shy and stammered, and didn't say anything, so even now, she didn't know what had actually happened between the two last night.

And as the focus of the party Ye Lu, he is actually also confused about what happened last night, because he has not yet figured out until now, who exactly were the four people who came here and there last night.

None of the four people had spoken, and he himself was in an extremely poor state, so he had observed the three girls for half a day, but he could not be sure whether there were several of them or not.

"Maybe if you touch them, you should be able to tell by the feel of your hand."

Ye Luo looked at the three girls and licked his lips and said, however, he did not dare to really make this request.

Soon, Qin Siyu and the three of them entered the Blazing God Blade and began to improve and break through.

Ye Lu flew through the woods, trying to run as far as he could in the time that the "Pill Alliance" could buy.

The "Ten Thousand Beasts Secret Realm" was just like what "Big Wind" had said before, it was really too big. "Big Wind" said that the earth was not worth mentioning in front of the "Ten Thousand Beasts Secret Realm".

With the speed at which Ye Luo recovered his strength, although it was much worse than the flying Gale, it was almost the speed of a car.

"I'm afraid I won't have enough time for a month if I keep going like this!"

Ye Lu muttered darkly.

"And, instead, how exactly should we get out?"

Although this matter did not need to be considered now, sooner or later, it was something that had to be considered, and, with more than a month's time, it was estimated that the other party would almost be able to figure out what they were up to, and whether there would be any after-effects by then, Ye Luo was still unclear at the moment.

At dawn, Ye Luo found an entrance to an underground cave and drilled into it, then followed the underground river for a long way before stopping and summoning all three women out.

"Have something to eat and rest for a while, then we will start training against the demonic beasts in the underground caves."

Ye Luo said as he turned towards the three women.

At this moment, Qin Siyu had already broken through the "Golden Dan Avenue" and opened the first of the "Nine Nodes", the "Top Node", so Ye Lu was going to help her prepare the "Tong Qiao Dan", an elixir that could raise another node, and the "Nine Nodes Golden Dan", an elixir that would help to open the "Nine Nodes of the Golden Dan", as well.

What Ye Lu didn't know was that in the secret realm above, the Beast Alliance had already begun to lay a net for Ye Lu and the others.

Chapter 487

To be honest, after what the three women had gone through last night, everyone felt a bit awkward when they saw Ye Lu, but, fortunately, after spending some time in the "Blazing God Blade", plus this underground cave was really very dark, so everyone felt a lot better inside.

"Which one of you will help me guard for a while, I'll take a rest first, then I'll help you guard while I refine the pills."

Ye Luo looked at the three women and said.

Last night, not long after he had just fallen asleep, plus the three women all had their own preoccupations, so, everyone hadn't actually slept well, so Qin Shiyu, who had just made a breakthrough, raised her hand and said.

"I'll do it, you take over for me later."

Ye Lu nodded, to be honest, he was really a bit too tired after being emptied during his weak period and then just recovering and then running wild all night.

As a result, he didn't wake up until noon after this sleep.

When he woke up, he saw Long Feixue sitting quietly staring at the river in the distance in a daze, and under the faint phosphorescent light of the walls, Ye Lu saw that she was a little flushed and didn't know what she was thinking about.

"Feixue, how long have I been sleeping?"

Ye Luo said as he stretched his back.

"Ah!"

Long Feixue seemed to be shocked, following which, her face turned all red as she quickly lowered her head and said.

"It's been almost seven hours, and it's now one o'clock in the afternoon."

Ye Luo hadn't expected to sleep for so long either.

"Then, Feixue, next, you take a nap, I'll refine the potion for a while and start training later."

Hearing Ye Luo's words, Long Fei Xue hurriedly ran aside with a red face, got into her sleeping bag and closed her eyes, as if closing her eyes could ease some of her embarrassment, as she had just thought about last night again.

"Dying, how could I have done this?"

Long Fei Xue secretly muttered in her heart, how could she say that she was a female president across a big company, she had always been a very high and cool person in the eyes of others, how could she suddenly become like this, shame on her.

On the other hand, Ye Luo had already started to take out the “Burning Heaven Furnace” to refine it quickly, because there were still many pills that needed to be refined.

Now Ye Lu’s cultivation level had broken through again and he had crossed into the level of “Fifth Turn of the Golden Elixir”, while Ye Lu’s real combat power without any bonus had crossed over a big realm to the level of “Five Tricks” in the “Golden Elixir Avenue”.

“Still slow!”

Seeing his own cultivation level, Ye Lu lamented a little.

This “nameless technique” relied too much on combat, so Ye Luo’s cultivation was usually very slow, and as a result, his cultivation was obviously not as fast as a few women.

In terms of cultivation, he had become the bottom of the pile.

Of course, in terms of real combat power, it was a different story. Even if he didn’t use any backhand, Ye Lu would be able to compete with someone who was one realm higher, not to mention that Ye Lu had a lot of tricks up his sleeve.

“Looks like I’ll have to fight more too.”

Ye Luo was refining pills while thinking about how he could improve his cultivation and combat power, the “Beast Alliance” and the “Pill Alliance” and other “clans” in the “Ten Thousand Beasts Secret Realm” were completely different, the other “clans” were basically completely developed in the “clan” secret realm, so the real great powers of the clan were basically not in the clan.

For example, most of the super experts of the Hundred Flowers Sect were in the secret realm where they could obtain the “Super Extreme Luminous Stone”, while the “Supreme Elders” of the Pill Alliance were also in various secret realms.

Only the “Beast Alliance”, basically the entire “Beast Alliance” people are in the “Beast Alliance” secret realm and the “Ten Thousand Beasts Secret Realm” connected to it, so Ye Lu feels that I am afraid that there are existences beyond the “Firstborn Old Monsters” in the “Ten Thousand Beasts Secret Realm”.

Of course, for such two dudes, those great powers could not have been alerted.

After another two hours had passed, Ye Lu woke up all three women.

“Alright, all get up, it’s time to take your medicine, and training, first all change into your training clothes.”

Ye Lu threw a flame at the other side of the corner, then turned around and went back to the “Burning Heaven Furnace” and started to refine.

Ye Yan and the three of them had of course already understood the importance of these defensive clothes, so all three of them immediately changed into their clothes.

This time, all three of them had a full set of equipment, especially Qin Siyu, wearing the “Athena’s Holy Cloth”, holding the “Edexcel Shield” in one hand, and holding the “Dark Attribute” spear that Ye Lu had made for her in the other hand, looking quite valiant.

Of course, Ye Yan, who was wearing “Frigidaire” and carrying a red longsword, and Long Feixue, who was wearing “Freya’s Armor” and holding a dragon spear that was even taller than herself, also looked equally heroic.

“Not bad, not bad

Seeing the three heavily armed women, Ye Lu nodded with considerable satisfaction.

Rarely, this time Ye Yan did not say anything while Ye Lu looked at them and said with a smile.

“In a moment, I will light a drug, this drug can attract all the demonic beasts in the vicinity, no matter how big or small, you will all pack them together, what species and what level there will be, it depends on your luck.”

After saying this, Ye Lu lit a piece of incense.

This incense was called “Beast Attracting Incense”, which was specially used to attract demon beasts during hunting. Moreover, this “Beast Attracting Incense” was developed by Ye Lu according to the ancient dan recipe in his glasses, so the effect was quite good.

Soon, all the surrounding demonic beasts were attracted by the fragrance, not just those in a few dozen metres or a few hundred metres, but all the demonic beasts in a few thousand metres.

The first batch of demonic beasts were all from the cracks in the cave walls, and from the water, so they were all small in size, but, many of them were bug types, and all kinds of soft-bodied animals, which looked numerous and disgusting, densely packed, surging towards Ye Lu from all parts of the cave.

The three women, on the other hand, stood in an equilateral triangle at a certain distance from Ye Lu.

“Pay attention all three of you, ah, in a moment your training is point based, a demonic beast of the same level as yours is considered one point, a demonic beast one level above yours two points, and so on, the one with the highest final points is the champion.”

As soon as she heard that there was still a competition, Ye Yan’s excitement came.

She looked at the bugs in front of her and said.

“So, is there any reward for the champion?”

Ye Lu smiled and said.

“Of course there is, the reward is a luxurious presidential suite for one night, including a soft bed, a hot bath, in short, as comfortable as it can be.”

“Of course, the last place also has to have a little punishment, that is to help everyone wash their clothes and clean up a bit, including preparing dinner.”

When she heard Ye Lu say something about a luxurious presidential suite, Ye Yan skimmed her lips and said.

“You can’t be bragging, where are you going to get a presidential suite in this hellhole?”

Ye Lu laughed and said.

“Of course I have a way, the bugs are already here!”

At this time, all sorts of “demon bugs” were already rushing over, and Ye Lu saw that apart from Ye Yan, Long Feixue and Qin Shiyu’s long legs were trembling a little, obviously a little uncomfortable with these bugs.

However, this was exactly why Ye Lu had to train them, to go forward they had to overcome all kinds of difficulties, including all kinds of fear.

“Ah!”

As a result, Qin Shiyu was the first to lose her temper, she was the first to swing her spear at the insects, a black moon shaped blade of light spread out along the arc drawn by the spear, blasting the incoming “demon insects” into nothingness.

Other than that, Ye Lu was very satisfied with the power of this strike, which at least showed that Qin Siyu’s fighting ability was quite good.

Seeing Qin Siyu’s attack, Ye Yan immediately attacked as well, not willing to be outdone.

Her attack was magnificent and unusual, flames tumbled and immediately lit up one side of the cave.

Of the three, Long Fei Xue was the best in terms of battle sense. Despite being scared enough by the disgusting “demon insects”, she was still calmly making her moves, as the points started with a demon beast of the same level as herself, so there was no need to rush now.

At the top of the cave, and for thousands of miles around, the Beast Alliance and other forces were conducting a carpet search.

Large numbers of stalking demon beasts have also been released into the waters and caves.

Chapter 488

Ye Luo sat in the middle of the alchemy while the three women fought the demonic beasts next to him, and as the demonic beasts continued to escalate, he of course had no way to alchemize the pills and finally had to fight.

The battle lasted for several hours before it ended, the three women were soaked in blood and had all fallen down from exhaustion.

This was indeed a high intensity battle as the other side was not only large in number but also strong in battle, and another thing was the various modes of attacks, all of them with various attributes.

“Whew!”

Ye Yan said as she lay there and let out a long breath.

“I can’t, I’m exhausted.”

The other two weren’t much better, so Ye Yan laughed and said.

“Not bad, not bad, this time the points are Feixue first, Silky Rain second, old sister you are the one who needs to clean up the hygiene in last place.”

She had seen from the corner of her eye that Long Feixue was better than herself in all aspects, including the use of “spells”, the distribution of physical strength, and the efficiency of her moves, while Qin Shiyu was as inexperienced as she was, but that girl’s combat power was exceptionally strong, especially the “dark attribute” which seemed to be stronger than her own fire attribute in killing.

So she didn’t disagree with the result, but said with some displeasure.

“Hmph! Next time, I’m sure I can win next time, but this time there were too many water-attribute demon beasts.”

This was true, because it was in the underground palace, so there were mostly water attributed demonic beasts.

For his part, Ye Lu smiled and said.

“Alright, hurry up and go wash up, then go and rest, there will be a surprise waiting for you guys when you finish resting.”

As soon as she heard that there was a surprise, Ye Yan immediately inquired, but naturally, Ye Lu didn’t say anything, so there was no choice but for the three women to wash up and then walk back again.

Ye Lu took out a storage device and released a separate house, which he had purchased as a separate “presidential suite”, but of course it had been custom-made.

In this day and age, as long as you have enough money, there will be someone to help you with whatever you want to do. And a spatial artifact of several dozen meters square is certainly more than enough to fit such a house.

Naturally, this VIP treatment could only be enjoyed by Long Fei Xue.

Seeing the luxurious decoration in the room, the hot water, the big bed, Long Feixue was also amazed, what she needed most now was a room like this to rest.

“Great, thanks, thanks!”

She looked at Ye Luo and said happily.

Ye Lu gestured for her to hurry up and rest, then took out another wooden hut and gave it to Qin Siyu, the last sleeping bag could only be left to Ye Yan.

“Older brother, I’m not talking about you, you’re just turning your elbow outwards and taking advantage of sister!”

Ye Yan counted on Ye Lu as she slipped into her sleeping bag, the fabric of the “Frigidaire” she was wearing was so small that she didn’t need to change, so she just slipped in and went to sleep.

Soon, all three women were asleep.

Ye Lu began to think quickly.

At the moment, there was only one way to make the escape last longer, and that was to disguise oneself, but it couldn't be a simple disguise, because if one didn't have a proper identity, once they were discovered, they would definitely be exposed, so they had to disguise themselves as the designated people and get something on them that could verify their identity.

Moreover, since the protective clothing on several women was female, it was necessary to find three women for the disguise, while one could be male or female.

"This matter can only be found slowly."

Ye Luo muttered secretly, then took out the "top grade spirit stone" and began to observe the map of the entire "Secret Realm of Ten Thousand Beasts" while consolidating his cultivation.

They had now basically left the fringe area and had entered the main area occupied by the "Golden Dan Avenue" realm.

In this area, there was a mix of fish and dragons, and sometimes there were quite powerful demonic beasts that would also visit this area, so many teams in this area were probably led by "YuanYing old monsters", so YeLu felt that it was a bit difficult to achieve a perfect disguise.

In this way, Ye Lu let everyone rest for a few hours, while he himself spent those few hours making various preparations for the escape, before he woke everyone up.

Having just tapped Ye Yan awake, she screamed in a chicken-eating voice.

"You who are you?"

As she said that, the whole sleeping bag was "bang!" The whole sleeping bag was torn into pieces.

"Ugh! It's me, it's me."

Ye Lu said hurriedly.

"Why have you become an old lady?"

Ye Yan looked at the dying old lady in front of her and said with some surprise.

Ye Lu smiled and said.

"Idiot, of course it's a disguise change, I'm going to use the 'Art of Concealing the Sky' to turn myself into a 'YuanYing old monster', then you three are the children I brought here to cultivate, come, child, I'll help you fix your appearance first, especially these two breasts are a bit too prominent"

Hearing Ye Lu's words, Ye Yan's face suddenly reddened, she remembered last night again, when Ye Lu had touched them, but of course, this time she would not let Ye Lu take advantage of them again, because Qin Shiyu who had been woken up was watching from the side.

With that, Ye Luo temporarily turned the four into an old lady leading her three granddaughters.

"Let's go, it's getting dark, let's go outside and also take a look at what the situation outside is now."

Following that, everyone went outside, and sure enough, all kinds of “detection birds”, that is, flying demonic beasts with detection devices, could be seen everywhere outside, flying back and forth in the air.

They had to avoid these things because they didn’t have any “communicators” or “alarms” on their bodies that could identify them, so if they were detected and didn’t detect that they had these machines on their bodies, they would definitely be suspected.

“It’s really inconvenient, I’ll have to find a way to get rid of some of them.”

Ye Lu muttered darkly.

If he could disguise himself as someone with the right identity, he felt that he might be able to survive this crisis.

“Let’s go, you don’t have to fight this time old sister, go play inside the ‘Blazing God Blade’, your flame is too big a target, Silky Rain and Flying Snow, you two will find a chance to sharpen your skills later.”

Although Ye Yan was reluctant, she obediently returned to the Blazing God Blade, because compared to these demonic beasts, she felt that the Scarlet Queen was more terrifying.

In this way, Ye Lu and the others disguised themselves and sneaked around while cultivating, moving cautiously.

When they reached the “Golden Dan Avenue” level, Qin Siyu’s improvement was a little slower than before, and she was still at the “Golden Dan Second Trick” level, but she was not far from breaking through.

Under the tutelage of the Scarlet Queen, Ye Yan also managed to reach the peak of the “Nine Revolutions of the Golden Elixir”, and used the pills to break through to the first aperture of the “Golden Elixir Path”.

However, Ye Lu did not use the Pill to let her enter the second aperture immediately, because her cultivation level had increased too quickly and she needed to consolidate it.

She did not have Qin Siyu’s heavenly body, nor did she have a holy place of cultivation like the “Fire Cave” in the “Blazing God Blade” or a tutor like the “Scarlet Queen”, so despite all her efforts, she was only at the “Seventh Turn of the Golden Pill” level.

But soon, the peaceful days came to an end when, coincidentally, Ye Lu and his group met a group of people in the wilderness at night, and this group of people was none other than Ye Lu’s old enemy, Zhang Tian’s group from the Xuan Tian Clan.

Of course, what Zhang Tian saw was an old woman leading two young women.

Seeing that it was too late to hide, Ye Luo had to stop and quietly look at the Xuan Tian Clan’s people. Fortunately, Ye Luo found that the Xuan Tian Clan’s people were not as powerful as he had thought, but they were equally terrifying, because basically all of them were experts who had opened the ninth aperture of the Golden Elixir Path, but there were no monsters of the Yuan Ying Realm.

What surprised Ye Lu was that “Zhang Tian” had already reached “eight” in the “Golden Elixir Path”, and this fellow had indeed opened his hidden bloodline, a terrifying beast called “Hind”, which was said to feed on dragon brains and was definitely a heaven defying existence.

When they saw that Ye Lu was an old monster of the Yuan Ying realm, the people of the Xuan Tian Clan were also a bit scared, and the leader of the group looked at Ye Lu and asked.

“Who are you people? Please identify yourselves.”

Hearing his words, Ye Luo understood that everyone’s good days were probably coming to an end.

Chapter 489

However, since he had to pretend to be a “YuanYing realm”, YeLuo had to pretend to be one that could bluff people. Therefore, the old lady he was playing was a super expert of the “fourth transformation” of the “nine transformations of YuanYing”.

So, Ye Lu ignored the guy’s words and said coldly.

“When did it become the turn of you juniors to dictate what the old body should do?”

Having reached this point, one could only try to see if one could bluff.

As expected, hearing Ye Lu’s words, these guys didn’t dare to make a move, because a big realm crossing was not a small realm, unless there was a heavenly bloodline or something like that that could open up a huge gap, it was basically very difficult to make up for it.

Therefore, even if there were several cultivators at the peak of the Golden Dan Dao, they might not be a match for an Old Monk of the Firstborn.

Seeing this scene, Ye Lu smiled coldly and slowly turned around to leave.

However, at this moment, Zhang Tian suddenly sneered and said.

“Don’t pretend, you’re not a YuanYing realm, you’re just a cultivator of the ‘Golden Dan Avenue’ who has changed his cultivation using the ‘Art of Concealing Heaven’.”

Hearing Zhang Tian’s words, Ye Lu was shocked, he didn’t expect Zhang Tian to even know this.

“This fellow might have obtained the inheritance of the ‘Immortal Mansion’.”

Previously, Ye Lu had heard Qin Shiyu’s introduction about inheritance, the inheritance was very complicated, the complete inheritance included all kinds of memories and other contents, moreover, the powerful thing about the inheritance was that many of the inherited “spells” and so on, did not need to be cultivated, it was just like one’s own original knowledge.

In short, the power of inheritance was beyond imagination. Zhang Tian could tell at a glance that the “Heaven Concealing Technique” he used should have been inherited from the “Immortal Mansion”.

“No wonder it’s so powerful.”

Ye Lu muttered with some emotion in his heart, and gave a cold snort of disdain on his lips.

“Humph!”

Hearing Ye Lu’s cold hum, everyone thought that Ye Lu was going to say something pretentious, but as a result, Ye Lu flew and collected Qin Siyu and Long Feixue and started to run wildly for his life.

If he didn’t run now, there was no point in pretending to be a pussy!

“Sh*t!”

Seeing that Ye Lu actually sped off, the crowd then reacted.

“Damn you, I thought this guy was a bully.”

“Exactly, but how did he get the others out of the way?”

“It’s really weird, it must be the ‘Autumn Leaves’ one from the ‘Bounty Order’.”

“Get after it!”

.....

As the crowd caught up, Ye Lu quickly summoned a “demonic beast”, the cultivation level of this “demonic beast” is not very high, is the limit of Ye Lu summoned can control the cultivation level, a demonic beast opened “six orifices”, even more powerful demonic beast, Ye Lu control it will be a struggle.

This demonic beast was not very big, it was a strange demonic beast covered with lightning and metallic luster, named “Lightning Griffin”, with the body of a lion, the wings of a vulture, and a long tail with sharp spikes.

From the name, it was clear that this creature was good at flying, and its speed was not comparable to that of the “Big Wind”, but of course, Ye Lu’s main reason for using it was its small size, which allowed it to travel through the forest.

However, Ye Lu found that it was not so easy for him to escape.

These demon beasts were also similar to Ye Lu’s demon beasts, they were also metallic in colour and their name was the “Blinding Green Gold Panther”.

They are beings with some kind of mechanical properties, and these guys are best at speed.

These birds were not only good at speed, but could also use “thunder” as a means of attack.

“It looks like the people of the Xuantian Clan have made a lot of preparations for this operation.”

Ye Lu muttered with some emotion.

At the same time, he also marvelled at the strength of the Xuan Tian Clan, these demonic beasts with mechanical attributes were not that easy to fuse.

“I guess it’s related to ‘Zhang Tian’ again.”

While secretly observing, Ye Luo urged the Lightning Griffin to quickly weave through the woods.

However, at this time, the Purple Lightning Eagles in the air attacked first.

“Boom!”

“Boom!”

“Boom!”

.....

These guys opened their big mouths to blast the terrifying purple thunder in the direction of Ye Lu's escape, and everything was blown into nothingness wherever the thunder came.

“This guy is really able to dodge, he's actually afraid of being struck to death so quickly.”

In the opinion of the Xuan Tian Clan, if Ye Lu wanted to escape the thunder attack, he would have to keep dodging and turning, which would inevitably affect his speed, and taking advantage of this opportunity, the “Blast Green Gold Panther” would have the chance to catch up with Ye Lu, so it was not difficult to catch up with him.

However, they soon found out that they were wrong. Ye Lu hardly changed direction or slowed down, but flew through the woods.

This shield was said to be able to block even the thunder from the “Thunder Staff” in the hands of “Zeus”, so of course it would not be a problem to block this kind of thunder from a distance.

However, what made Ye Luo's head spin was that he couldn't seem to run away like this.

In this way, Ye Lu and the Xuan Tian Clan began to chase each other, but it was obvious that it was not easy for them to catch Ye Lu, and it was difficult for Ye Lu to get away from them.

At this moment, Ye Lu saw Zhang Tian looking at him and smiling as he took out a golden longbow and attached a long golden arrow.

Seeing this bow, Ye Lu was once again amazed.

The name of this bow was “Sylvan the Goblin's Bow”, which was one of the great divine weapons of Northern Europe, and was on a par with the “Eternal Gun” of the Norse God “Odin”, Gungnir.

Ye Lu didn't know how Zhang Tian had gotten such a heavenly item, but the “Golden Arrow” was already shooting towards him like lightning.

“Holy sh*t! It's fast!”

Ye Lu did not think that this “golden arrow” could pierce him, but the speed of the arrow was too fast for him to dodge, and the force was too great.

Without any surprise, Ye Lu was directly shot by this arrow and flew out wildly, breaking several big trees before he came to a halt.

Following that, a mouthful of blood spurted out wildly.

“This Zhang Tian bastard's actual combat strength is definitely not as simple as his cultivation level.”

Ye Luo muttered secretly, if he could fight beyond his own level, other people must be able to do the same, and this “Zhang Tian” might have the strength of a “YuanYing old monster”.

However, just as Ye Lu got up and was about to jump on the back of the Lightning Griffin again, another expert from the Xuantian Sect quickly threw a spear at him.

Seeing this spear, Ye Lu was once again shocked, because this spear was also a very famous weapon in the legends, called the “Spear of Longinus”, which was said to be a supreme divine weapon that killed Christ, and was also called the “Spear of Destiny”.

“As the Xuantian Clan was able to produce such a weapon casually, Ye Lu suddenly felt that he had perhaps underestimated the Xuantian Clan before.

Without any surprise, the Spear of Longinus pierced through the Lightning Griffin in one go.

“This ‘Xuantian Clan’ is going to be unbelievable, no wonder someone said before that the ‘Clan World’ was about to change, it seems to be true.”

Ye Lu did not dare to get attached to the battle, he turned around and ran wildly again, while flying to release a large group of demonic beasts.

After this group of demonic beasts appeared, the scene was in chaos, while Ye Luo took the opportunity to dive into the belly of a Prancing Flame Panther King, and followed these demonic beasts to run wildly.

“Oh, you want to confuse the public! Naive!”

Zhang Tian laughed at these dozens of demon beasts, who were known for their speed and agility, and then once again drew the “Goblin Bow Sylvan”, this time it was not a single arrow, but a rain of arrows, this time it was the real “Goblin Bow” ability.

“Snort!”

“Snort!”

“Thumbs up!”

.....

The “Goblin Arrow” was so powerful that the beasts were immediately pierced by the arrows and fell to the ground, while Ye Lu used the “Burning Heavenly Furnace”, which had a stronger defense, to block the blow, and then the “Running Flame Panther King” ran away wildly.

At the same time, Ye Lu let out a sigh of relief in his heart.

“Looks like we finally have a chance.”

Chapter 490

In fact, Ye Luo still had no idea whether he could escape or not, but he had already seen a glimmer of hope, because in the valley ahead of him, there was an amazing battle going on, which could be felt from the aura emanating from the valley.

Immediately afterwards, Ye Luo followed the “Flaming Panther King” into the valley, while a flying “Purple Lightning Eagle” was already pierced by a lance shadow flying in the air and died on the spot.

This scene made the Xuan Tian Clan stop in their tracks. The cultivation level of these “Purple Lightning Thunder Eagles” was already close to entering the “Yuan Ying Realm”, but they were killed by a single blow from the lance shadow.

“What should we do?”

Standing not far from the valley, everyone looked at Zhang Tian and asked.

To be honest, the people of the Xuantian Clan still admired Zhang Tian very much. In their opinion, Zhang Tian had not only brought the Xuantian Clan real benefits that could be seen and obtained, but also improved their own cultivation quickly.

So everyone looked up to Zhang Tian’s horse.

“Gather around and see what happens, once the situation changes, all of you don’t need to gather, just run for your lives, also, take care to stay away from the valley, don’t get involved, that’s not what we came for.”

Hearing his words, the crowd nodded.

The “wanted notice” was just an accident, moreover, the things on the “wanted notice” were not something they really wanted, of course, if Zhang Tian knew that the old lady was Ye Lu, he would definitely not think so.

At this moment, Ye Lu has put away the “Flaming Panther King”, this guy is covered in flames, but of course, even if it is eye-catching, in fact, it can not enter the eyes of the two guys who are fighting, because these two guys are too strong in combat.

The lance figure just now was the “Eternal Gun” of Gungnir.

Ye Lu had a very deep impression of the famous “Odin” spear.

Ye Lu also did not expect that after Odin had broken out of the encirclement of the Greek Gods, he had actually come to the “Secret Realm of the Beasts” alone.

I don’t know if there was a reason for this, or if it was just a simple escape.

Ye Lu felt that another reason was more likely.

The man was of course “Odin”, while the one fighting Odin was a demonic beast with a human body and a snake head, named “Teng Snake”.

According to legend, this creature was one of the protectors of Goddess Nuwa, a male, and a female protector who looked similar to him, called the “white fox”, both of whom were very powerful demonic beasts.

This one is terrifyingly powerful.

“The eight-legged divine horse he rode, the Sleipnir, was equally powerful, and the two crows he carried, called Thought and Memory, the famous spear in his hand and the golden armour on his body, were far from ordinary.

The Teng Serpent with the head of a snake was holding a lance, the head of which was the same as the core of a snake, and the body of the lance was as soft as the body of a snake, but its power was absolutely terrifying, and what was even more terrifying was that this Teng Serpent could use all kinds of things like “mist men”, which appeared in the air and could attack swiftly, but when you attacked it, it was almost immune.

Even if they are scattered, they can be reunited, and now Odin is being tangled up in these “fog men”, and although the shadow of the “Gungnir” is flying in the sky, it is unable to do any substantial damage to them.

This made Odin frustrated, he wanted to leave the “Tengai” snake and it was like an ointment, so she could not leave.

“Damn it, I’ve never fought a battle so frustrating, if this goes on, will I, Odin, the King of the Gods, die in this secret realm in the East?”

“Odin muttered in frustration. He had heard that the East was mysterious and powerful, but he never thought he would die in this hellish place so soon.

But at that moment, a figure suddenly said.

“Promise to help me, and I can help you.”

The person who spoke was, of course, Ye Lu, but he had already simulated his cultivation level to be “Five Apertures of the Golden Dao”, because he was worried that the “Teng Serpent” would give him a blow when he saw that his cultivation level was still good enough.

When he heard Ye Lu’s words, “Odin” did not say anything, but “Teng Serpent” spoke first.

His voice was thin, not a woman’s voice, but it sounded uncomfortable and made people feel uncomfortable and itchy inside.

He looked at Ye Lu and said with a smile.

“Yell! You old lady has quite a big mouth, trying to pick up a muscle man, I’d like to see how you can help him.”

That was what Ye Luo was waiting for, just give yourself a chance.

“Odin was also pestered by the “Teng Snakes”, he looked at Ye Lu and said.

“Good, I, Odin, have always been clear about my karma, I will return the favour.”

The bearded man spoke forcefully, like a tough guy who could be trusted.

However, whether it was a tough guy or not, this guy was also the only straw that saved Ye Lu’s life at the moment.

Of course, he couldn't wear the "Freya's Armor", which belonged to the Twelve Norse Gods, and who knew what would happen if Odin saw it.

Qin Siyu was wearing the clothes that the Scarlet Queen had prepared for her, a set of dark red armor, which basically covered her whole body and looked extremely beautiful.

Seeing that Ye Lu had actually created a person out of thin air, both "Odin" and "Teng Serpent" were slightly puzzled, as they only knew of such things with their experience, but had never seen a "storage treasure" with a secret realm inside.

Of course, what they didn't understand was that the person Ye Lu summoned seemed to be even weaker, much weaker than Ye Lu.

"Old lady, are you here to be funny?"

"Teng Serpent" said in a thin voice as she looked at Ye Lu.

"Odin" also frowned and was very puzzled.

Ye Lu smiled and said.

"Of course not, Siyu, let's start, the target is this Teng Snakes."

Qin Siyu had just been in the "Blazing God Blade", so of course she was not too clear about the current situation, so Ye Lu quickly helped her to indicate the target of her attack.

Qin Siyu nodded, then looked at the Teng Snake and raised her arm.

The "Teng Snakes" narrowed his eyes at Qin Siyu, he couldn't imagine what damage this tiny, mole-like woman could do to him.

He felt that even if he stood there and let this woman hit him, she would not be able to kill him.

However, immediately afterwards, he was surprised to find that a bizarre candle had suddenly appeared on his chest.

The candle was burning, though not very quickly, but it was a very strange sight.

After lighting the Candle of Life, Ye Lu and Qin Siyu darted behind Odin and quickly said.

"Attack him, hurry up."

Ye Luo quickly said.

"Although Odin was a bit confused, he still didn't hesitate to throw out the Gungnir and launch a terrifying attack.

"Of course, the "Teng Serpent" quickly blocked Odin's attack, but it found that in the midst of the attack and defence, the candle on its chest was burning fast and shortening at a speed visible to the naked eye.

"What the hell is this thing?"

"The Teng Serpent also finally showed a horrified expression, although it did not know what would happen, it understood that nothing good would come of this candle if it went out.

“This is the ‘Candle of Life’, if it goes out, you will be dead.”

After all, Qin Shiyu was kind-hearted and she could not help but look at the Teng Snakes and remind them.

The “Candle Dragon” was also called the “Candle-bearing Dragon”, and it could reach down to the Nine Underworlds. This mysterious divine ability associated with life by Qin Siyu was really too powerful, and made Ye Lu feel scared.
