Chapter 491

“Hmph!”

“Of course the Teng Serpent didn’t want to admit defeat, because he had another way to do it, and that was to kill Odin before he could defeat him.

So, he quickly gathered all the Mist Men back, and then his aura began to rise horribly, apparently he wanted to use some kind of “trick” to kill Odin in one move.

Of course, Ye Lu couldn’t let that happen.

“Silky Yu, give me the ‘Shield of Edgeth’.”

Hearing Ye Lu’s words, Qin Siyu quickly took out the “Shield of Edelweiss” and gave it to Ye Lu, who quickly threw the “Shield of Edelweiss” to “Odin”.

“Odin, take it!”

Ye Luo threw the “Shield of Eden” at “Odin”.

When he heard Ye Lu call himself “Odin”, “Odin” froze for a moment, because he had never identified himself since Ye Lu came here, and he had never been to the East before, and he had never seen an Oriental before.

However, this was clearly not the time to look into this.

He quickly took the “Shield of Eden”, a shield belonging to Athena, the goddess of wisdom, which he knew of course, because the shield used by Zeus, who had fought him last time, was another “Shield of Eden”, but he did not understand why this shield had appeared in Ye Lu’s hand.

At this moment, the Teng Serpent’s fatal strike was completed, and the terrifying snake spear poked towards Odin with a terrifying aura.

“Boom!”

Odin was immediately knocked out of the Sleipnir by the tremendous force of the spear, and the countless snakes formed by the mist flew up in the air, and the violent aura surged out in all directions.

However, it was clear that the “Shield of Eden” had blocked the blow, not to mention killing Odin, who had not even received a decent wound.

The candle on his chest had already disappeared by half.

The candle was still shortening rapidly.

After that, the Teng Serpent turned his head and squinted at Qin Shiyu.

Ye Lu instantly released the terrifying aura of a “Yuan Ying realm” and then looked at the “Teng Snake” and said coldly.

“I wouldn’t do that if I were you.”

It was obvious that Teng Snakes wanted to solve this crisis by killing Qin Shiyu, because if Qin Shiyu died, the divine ability she had used would naturally be ineffective.

“My thoughts are the same.”

“Odin’s voice also rang out.

“With Sleplaine around, it won’t be possible to kill the girl, and I have a feeling you’ll have a hard time catching my three attacks.”

With these words, Odin raised the Gargantua in his hand, and endless heaven and earth energy began to gather towards the Gargantua, and he was obviously ready to launch a terrifying strike.

“Teng Serpent knew very well that the eight-legged divine horse, Sleipnir, was no weaker than Odin, or at least he could not deal with it in just one or two blows.

Otherwise, he would not have been tangled up with Odin for so long.

Ye Lu continued.

“Mr. Teng Serpent, I have a proposal for you, establish a master-servant contract with me, otherwise you will definitely die.”

After saying that, Ye Luo quickly stretched out three fingers and said.

“Three.”

“Two.”

.....

Before Ye Lu said the last number, the “Teng Serpent” finally gave in and nodded its head, while Ye Lu quickly began the ritual of establishing the “master-servant contract”, because he found that Qin Siyu was probably not going to be able to support it anymore.

Obviously, lighting the Candle of Life on such a strong creature was still a very laborious task.

“Odin, on the other hand, walked solemnly to Qin Shiyu’s side and knelt down on one knee and said in a loud voice.

“Odin thanks you for saving my life!”

Although he was speaking English, Qin Siyu’s English was not bad and she immediately looked at “Odin” with some embarrassment and said in English.

“You’re welcome.”

Ye Lu gave a perfect score to “Odin’s” performance, however, he was actually a bit worried just now, because he knew everyone, so he thought of such a move.

With the Teng Serpent in his hand, even Odin should be afraid.

“Silk Rain ‘Candle Dragon’'s divine ability is really too heavenly, if it could be sent in a group then it would be invincible.”

However, Ye Lu also knew clearly that this was impossible, at least for the time being, Qin Siyu could not do it, and he had asked Qin Siyu about this before.

“Pop!”

Ye Luo snapped his fingers, signalling that Qin Siyu could put away the candle.

Only then did Qin Siyu let out a long breath, just now, beads of sweat had appeared on her face, this “bloodline divine ability” was still very laborious to perform, especially when used on a guy as strong as “Teng Snake”.

Of course, at the moment, if there was no one to cooperate with, Qin Shiyu’s use of this divine ability alone would be limited.

“Alright, Teng Snake, you can follow me from now on, don’t worry, I won’t treat you badly.”

Ye Lu looked at the “Teng Snake” and said with a smile.

“Teng Snake” disdainfully brushed his mouth.

Ye Lu continued with a smile and said.

“However, in the recent period, I guess you’ll be busy because I’m being chased by someone.”

When he heard that Ye Lu was being chased, “Teng Shi” said with some disdain.

“Chasing and killing? What kind of person is chasing you? Leave it to me, I’ll take care of him for you.”

Ye Lu shook his head and said.

“You are very strong, but you can’t handle this.”

“Of course, the Teng Snakes didn’t believe him, and he said with narrowed eyes.

“What? Don’t you believe in my strength? Tell me, who is actually after you?”

Ye Lu said indifferently.

“It’s everyone who is after me, everyone in the entire ‘Ten Thousand Beasts Secret Realm’.”

Hearing Ye Lu’s words, the “Teng Shi” was really stunned, it looked at Ye Lu’s face and did not speak for half a day, before muttering.

“Everyone is hunting you, what have you done to hurt Heaven and earth?”

Ye Luo then smiled and said.

“It’s not much, but I just killed the grandson of the grand elder of the ‘Snake Department’ and ‘Beast Department’ in the ‘Beast Alliance’.”

When Ye Lu finished speaking, “Teng Shi” suddenly clapped his hands and said.

“Good job killing him!”

Without waiting for Ye Luo to ask, it said again.

“Those guys from the ‘snake system’ don’t know how many brothers and sisters they’ve caused us, nice kill.”

Ye Luo then said with a smile.

“Thanks for the compliment, but can you turn into a human and talk to me, it’s really hard for me to talk to you with my head tilted up like this!”

The “Teng Serpent” had always been a human with a snake’s head, and had always maintained the appearance of a giant man more than ten meters tall, so Ye Lu had always looked at him with his head up.

“Hey, hey! Sorry, master, I’m used to it.”

The “Teng Serpent” smiled and began to shrink to about the same height as Ye Lu before he transformed again, in fact, his head turned into a handsome man with thin eyes.

“To be honest, I’m tired of staying in this boring ‘secret realm’, so it’s good to go out and have some fun in human society.”

“Teng Serpent touched his face and said with a smile.

At this time, that “Odin” looked at Ye Lu and said.

“Are you the one on the ‘reward order’?”

Ye Luo nodded and said.

“Yes, but I have changed my appearance.”

“Odin then looked at Ye Lu and asked the question he had just been wondering about.

“How did you know I was ‘Odin’?”

Ye Lu didn’t expect to make a mistake in this place, but he was good at making up impromptu nonsense, so he said without changing his face.

“Of course I don’t know you, however, I have had the pleasure of seeing the ‘Eternal Gun’ in your hand, to be precise, a picture of the ‘Eternal Gun’, and the only person who can possess the ‘Eternal Gun’ would only be ‘Odin’, wouldn’t it?”

Ye Lu felt that he should be able to give a hundred percent for this nonsense.

Sure enough, “Odin” thought for a moment and then nodded his head.

Their “Odin” inheritors often changed, but the “iron barracks and flowing soldiers”, the famous gun “Gungnir”, like the “barracks”, had never changed, so when Ye Lu said he had seen the picture of “Gungnir”, “Odin” believed it completely.

“Where did you get that ‘Shield of Edgeth’?”

This time, Ye Luo was really worried, this matter seemed to be a bit difficult to explain.

Chapter 492

So he thought for a moment and said.

“It was a gypsy woman, she was on the run and I helped her and she gave me this, of course, that’s not all, she gave me two other things, it was two sets of armour being the ‘Frigga’s Kai’ and the ‘Freya’s Armour’, that woman has a lot of good things on her.”

As a result, after hearing Ye Lu’s words, the King of Gods “Odin” smiled and said.

“Actually, you are the gypsy woman, right?”

“Uh!”

He didn’t expect “Odin” to be so powerful, he actually saw what he was thinking right away.

Seeing Ye Lu’s expression, “Odin” smiled and said.

“Actually, I have been investigating this matter since I escaped, thanks to the two of them of course.”

As he said that, he pointed at the two crows named “Thought” and “Memory” respectively.

Ye Luo also took a look at the two crows and said.

“‘Thought’ and ‘Memory’, right?”

“Odin” froze for a moment and said.

“Oh, you even know about this, you are really knowledgeable, yes, it is them, in principle, one of them can read someone’s memory and the other can get a person’s thoughts, of course, the actual effect is not that good, however, they are really good at gathering information.”

“It is also because they cannot read your thoughts and memories that I believe you, otherwise I would not have cooperated with you.”

Hearing Odin’s words, Ye Lu realized why Odin had cooperated with him so easily, and that he actually had his own considerations.

And “Odin” then said.

“However, don’t worry, even without the ‘Teng Serpent’ I won’t give you a hard time, as I said, I, ‘Odin’, work with a clear grudge. ‘it is true that we were wrong on ‘Olympus’ and that our people should not have tried to get rid of you, but that was not my intention.”

“I only found out later, they did this to you, and it is only right that you take revenge on them, and what really made us ‘Nordic Gods’ fail was not you, but the inability to unite between our several forces, if the ‘Flaming Giants’ and the ‘Kingdom of Death’ could cooperate with us, we could definitely take down those guys from ‘Greece’.”

In fact, Ye Lu felt that “Odin” was right, if they hadn’t fought within themselves, at least they wouldn’t have lost with the convenience of their home turf.

“Odin” then continued.

"I heard that you took the 'World Tree' and unleashed the terrifying black dragon 'Nidhogg' in the end, it seems that you are really something!

For his part, Ye Lu smiled and said.

"It's also a coincidence, since you know everything, then I won't hide it from you, the 'World Tree' is really here with me, do you want to take it back?"

"Odin" shook his head and said.

"No, since Nidhogg has been released, there is no point in the 'World Tree', it exists to seal Nidhogg. ', but that's good, with 'Nidhogg' around, at least those Greek guys won't dare to go back in."

He could not help but nod as he had personally seen how strong "Nidhogg" was.

Ye Luo felt that it was good to talk to "Odin" openly and honestly, and this guy "Odin" seemed to be in his temper.

So, Ye Luo looked at him and asked.

"What about you, 'Odin', what are you planning to do in the 'Secret Realm of the Ten Thousand Beasts'?"

"Odin" said with a sigh.

"I have come here to find the bloodline of the cow 'Odembra', the one that fed the Frost Giants and gave birth to the source of our Norse gods."

"Legend has it that at the beginning of the world, our Norse lands first saw the 'Fountain of Hvagmir' and then birthed the frost giant Yumiel in the heat and cold, and at the same time the cow 'Odembra' appeared, and after Yumiel grew up on the milk of 'Odembra', while 'Odembra' licked the salt grains from the cold ice for a living."

"Afterwards Eumiel bore the Wise Giant and the Giantess, and the licking of the cow produced Bree, the ancestor of the gods, who gave birth to Baul, and Baul and the Giantess together gave birth to Odin."

"So, we Odin have the blood of giants in our heritage."

Through "Odin's" words, Ye Luo understood why he was looking for the bloodline of the cow "Odumbra", probably because he wanted to take advantage of the opportunity to improve again.

Then, Odin said.

"Unfortunately, although I have a 'mind' and 'memory', I have not been able to find any clues about 'Odumbra'."

Hearing him out, Ye Lu then thought for a moment and said.

"If you believe me, I can tell you the clue of 'Odumbrara', we are going to 'Dragon Clan', so we will have a side trip, when we get to the fork, we will separate again, how about that? "

"Odin was quick to return.

He smiled and said.

“Good, if not for this little girl, I’m afraid I would have died long ago, but do you have any plan?”

Ye Lu also smiled and said.

“Yes, and with your help, next, we shouldn’t have too much trouble.”

“Odin was a powerful being in the Firstborn Realm, not just a passerby, not to say that he could walk around in the Secret Realm of Ten Thousand Beasts, at least in the Golden Dan Avenue area, no one could compete with him.

So, Ye Lu’s original plan could finally begin.

“Let’s go, let’s go out, hopefully those guys from the ‘Xuantian Sect’ haven’t left yet.”

As a result, after coming out of the valley, the people from the Xuan Tian Clan had long since disappeared to who knows where.

“Zhang Tian had always been cautious and careful, so he didn’t want to take any risks, and for Zhang Tian, there was no need for such a small reward.

Seeing that the Xuantian Clan’s people were gone, Ye Lu also felt a bit sorry, but he didn’t think that the Xuantian Clan really didn’t have a backup.

In fact, this was also the case.

“The Xuantian Clan did not dare to let their experts accompany Zhang Tian openly, but they did secretly send a few of their experts into the “Ten Thousand Beasts Secret Realm” to protect him secretly.

“Alright, everyone can come out now.”

Seeing that it was safe, Ye Lu instructed “Odin” to turn off the communicator, and then let both Ye Yan and Long Fei Xue come out as well.

Of course, Ye Yan knew through the Scarlet Queen that there were other men outside, so she wore another layer of armour given to her by the Scarlet Queen.

What surprised him was not the “Frigidaire” and “Freya’s Armour”, which Ye Lu had just told him about, but the fact that both women were holding weapons that were no less powerful than the Gargantua.

“You can actually make weapons from the World Tree?”

The Norse Gods could not do such a thing, because the Dwarves had lost all their weapons-making skills, so the current Dwarves could not use the World Tree to make weapons.

Ye Lu smiled and said.

“I’m actually a smith too.”

“Odin thought for a moment and said.

“That’s good, the World Tree can be put to good use in your hands.”

Ye Luo said, "If you knew that the "Heavenly Vine" was gnawing on the World Tree all the time, you probably wouldn't have said that.

Next, according to Ye Lu's plan, they found a group of exactly four people, and then took this group down in a swift manner.

Of course, Ye Lu didn't kill all the guys in this team, although he had fused the "Fury", he wasn't that cold-blooded, he put all these guys into the "Fire Cave" space of the "Blazing God Blade" for the time being, and then let the "Scarlet Queen" to discipline them.

They were finally living the ideal life, training with the help of Odin and Ye Lu every day, but no one was in a hurry.

More than ten days passed, and on this day, they finally encountered an unusual situation again.

Chapter 493

It was late at night, and since neither Ye Lu nor Odin had to sleep for long, they took turns to keep watch, and while Ye Lu was keeping watch, he saw a group of people.

It was none other than those from the Pill Alliance. Ye Lu did not expect them to go so deep into the "Secret Realm of the Ten Thousand Beasts".

However, what made Ye Luo more concerned was that there was a tail behind them.

The one following them was none other than Xie Tinglin, the disciple of the Dan Pagoda who had been ruined by himself.

There was a large group of people around him, and many of them were experts, including several "YuanYing old monsters".

"What are these guys trying to do?"

Ye Lu muttered secretly, and then woke up the crowd.

"Everyone wants to hide in the 'Blazing God Blade', I'll go over with 'Odin' and see what's going on."

After these ten days of devil training, the several women had all travelled a long way, but not enough to participate in a battle of this scale.

After putting Ye Yan and the three of them into the Blazing God Blade, Ye Lu felt much more at ease as he and Odin headed towards the Pill Alliance's camp.

At the same time, Odin had already released the ravens of Thought and Memory. Although the two ravens were small, they were genuine YuanYing realm demonic beasts, so Ye Lu did not have any doubts about their abilities.

What Ye Lu was curious about was what so many experts from the Dan Tower were doing in the "Secret Realm of Ten Thousand Beasts".

In fact, Ye Lu was also curious as to why the people from the Pill Alliance had come to the secret realm.

“Those people from the ‘Dan Tower’ are going to use a ‘medicine’, it seems to be called ‘Huanhuan San’, and the target is a woman called ‘Pill Shu’ woman, with the aim of restoring a man called Xie Tinglin to become a man.”

Soon, two crows brought back the news.

After saying that, “Odin” looked at Ye Luo, waiting for him to make up his mind, after all, this was Ye Luo’s business.

Ye Lu thought about it and said.

“With just the two of us, don’t talk nonsense with them, just go ahead, you wait for my message, once I give the signal to attack, you rush over.”

“He had made a custom shield for Odin, and of course, it was made from the World Tree. With such a hard material and the very powerful “weapon pattern” that Ye Lu had chosen, Odin’s defence was now at a level that surprised him.

So, “Odin” looked at Ye Lu and smiled and said.

“Sure, leave it to me later, let your little snake stop causing trouble.”

Ye Lu smiled and nodded.

After that, he quickly ran towards the Pill Alliance’s camp.

“Ye Luo saw that apart from the “Heavenly Doctor Elder” who was holding onto the medicine shou with a grave expression and looking at the direction of the wind, the other people had already reacted to the attack.

Many of the women were flushed and started to undress, while others were hugging each other.

The men from the Dan Tower had already appeared and were heading towards the Pill Alliance’s camp.

“It’s been a long time, ‘Elder Heavenly Doctor’.”

“One of the Dan Tower’s elders looked at the Heavenly Doctor Elder and said with a smile.

The “Heavenly Doctor Elder” said with a frown.

“What a coincidence, Elder Dan Qing, what do you mean by that?”

The fellow who spoke was none other than Xie Tinglin’s grandfather, “Elder Dan Qing”.

Hearing the “Heavenly Doctor Elder’s” question, he smiled and said.

“‘Heavenly Doctor Elder’, why are you pretending to be confused, aren’t we all here in this ‘Ten Thousand Beasts Secret Realm’ for one purpose.”

Hearing these words, Ye Lu’s heart twitched.

It seemed that his guess was right, these people had really come to the ‘Secret Realm of Ten Thousand Beasts’ for some ulterior motive, and Ye Lu had a vague feeling that perhaps there were more than just these two forces coming here.

“Sending the ‘Supreme Elder’, it looks like this matter is involved in a big way!”

Ye Lu did not rush out, he decided to see what was going on first, perhaps he could get more information, he had a vague feeling that there was something big going on here.

As expected, the “Heavenly Doctor Elder” looked at the “Dan Qing Elder” and said with a cold smile.

“Elder Dan Qing, what exactly do you mean by making such a scene? Are you going to tear your face off with our ‘Pill Alliance’?”

As a result, “Elder Dan Qing” looked at “Heavenly Doctor Elder” and said with a smile.

“Actually, it’s not as big as you say, we just want to borrow your ‘Heaven’s Pride’ Medicine Woman for a while, because my grandson has a little problem. Don’t worry, I’ll pay you, and I won’t use your treasure for nothing.”

This time the “Heavenly Doctor Elder” was a bit confused, she looked at the “Dan Qing Elder” and asked.

“What do you mean by that? Why don’t I understand?”

Medicine Shu had not spoken to the Heavenly Doctor Elder about Xie Tinglin, so the Heavenly Doctor Elder did not know about Ye Lu’s black hand on Xie Tinglin.

There was no one to explain this to her now, so she looked at Elder Dan Qing and said.

“What exactly do you mean, what is wrong with your grandson that you want our Shu’er’s help?”

There was nothing he could do, so Elder Dan Qing briefly explained the matter, and in any case, all the experts of the Dan Tower around him knew about it, because in order to cure Xie Tinglin, Elder Dan Qing had begged everyone, and he did not let go of even the slightest hope.

However, his efforts proved to be in vain.

After hearing him out, the “Heavenly Doctor Elder” said with a frown.

“I understand, but are you kidding? How can our Shu’er cure him, even so many experts from your ‘Dan Tower’ can’t.”

In fact, Ye Lu also felt that what “Elder Dan Qing” said was a bit strange and felt like he was picking a fight.

However, “Elder Dan Qing” laughed and said.

“Otherwise, have you forgotten? Your family’s Pill Shu has the ‘Heart’s Sovereign Fire’ of the ‘Three Flames’, while our family’s Xie Tinglin has the ‘Kidney’s Ministerial Fire’ of the ‘Three Flames’. Therefore, these two children are actually of the same origin, and the ‘Samadhi Flame’ is a symbiotic flame, so if we can make the two flames merge, perhaps Tinglin will be saved.”

Hearing Elder Dan Qing’s words, Ye Lu then suddenly realized that this was what Elder Dan Qing meant, which sounded reasonable.

However, of course, the “Heavenly Doctor Elder” would not agree, so the two people were at a standstill.

Seeing that there was nothing more to hear, and that most of the women had already stripped naked, he quickly walked over and said.

“Elder Heavenly Doctor, don’t bother, I’ll help you.”

With those words Ye Luo quickly threw out a blue bead, but on this blue bead there were also several other coloured pills like things attached to it.

“Heavenly Thunder Bead?”

Everyone knew what Ye Luo had thrown out, it was the “magic treasure” most used by cultivators to explode, the “Heavenly Lightning Bead” that was condensed with thunder laws.

However, all the people present were experts, and they had never heard of a “Heavenly Lightning Bead” that could blow them up.

So, the crowd didn’t even pay attention to Ye Luo.

“Boom!”

A huge explosion sounded, followed by smoke flying out in all directions, and the women who inhaled the gas immediately regained their senses.

“Ah!”

“Whoa!”

“Yikes!”

.....

The “Heavenly Doctor Elder” was relieved to see this scene, honestly, she didn’t have this ability, not because she couldn’t solve the “Huanhuan San”, but because she needed to analyze the other party’s formula or something like that, and couldn’t solve it as easily as Ye Lu.

After solving the crisis of the women, Ye Luo looked at the people of the Dan Tower and said.

“I advise you to run away, otherwise, it will be a problem when my friend comes, because he is not very good-tempered.”

As a result, all the people of the Dan Tower laughed and said.

“Girl, don’t pretend, what kind of decent friend can you have?”

Ye Lu laughed and said.

“Then you guys just wait!”

After saying that, she flicked her hand and a flame suddenly flew up, followed by the earth-shattering sound of horses’ hooves rushing in.

This was the code word that Ye Lu and “Odin” had planned.

A huge war horse with eight legs appeared in the crowd’s view, and on top of it sat a tall, powerful and powerful man, covered in golden armour, holding a huge shield in one hand and a lance in the other.

The shield, lance and armour suggest that this man is not an Oriental, but rather a Western knight.

Without slowing down or turning, he charged straight into the crowd of Danta, as fast as lightning.

“Snort!”

Immediately, one of the men had no time to dodge and was pierced through the chest by Gungnir, followed by Odin at the tip of his spear.

“Boom!”

The body was shattered into pieces, blood and flesh scattering in all directions.

This was Odin’s classic Western knight attack, the “charge”.

To be honest, although they had a high level of cultivation and had experienced some battles, fighting was not something they were good at, so they were all shocked by Odin’s aura for a moment, and no one knew what to say.

Ye Lu smiled and said.

“How about it, I just said that when my friend comes, things won’t be any better.”

After hearing Ye Luo finish, the crowd all looked at each other.

Then, “Elder Dan Qing” looked at Ye Lu and asked.

“Young lady, why do you want to get involved in this mess, what is your relationship with the Pill Alliance?”

Ye Luo skimmed his lips and said.

“Who are you? Why should I answer this question of yours?”

Hearing Ye Luo’s words, the “Dan Qing Elder” was instantly half-exasperated, and he looked at Ye Luo and said coldly with his eyes.

“Don’t think we’re afraid of you, your friend is just one person, how many nails can he hit if he’s covered in iron?”

This was clearly a threat, he knew that they could not do anything to “Odin”, so he used the people of the “Pill Alliance” as a threat instead.

Ye Lu smiled lightly and said.

“It looks like you guys haven’t understood the situation yet, so I think you should meet my other friend again.”

With these words, the slender eyebrows and eyes of the “Teng Snake” appeared.

“Hey, hey!”

“As a demon beast, he loved human delicacies, and then, without saying a word, he attacked.

The crowd saw countless Mist Men appear like an army, surrounding the Pill Alliance people, and then, just like Odin, the Teng Snake waved its snake spear and directly stabbed a Danta expert to death.

“Brush!”

This “pill refiner” was instantly turned into a dry corpse.

After that, the Teng Snake licked its lips and looked at these Dan Tower pill refiners once again, as it saw them as its food.

Seeing the performance of the “Teng Snake”, Elder Dan Qing and the others really felt that this “Teng Snake” should not be weaker than the strong man just now, and that these flying “mist people” felt quite difficult to deal with.

His feeling was right, it was these “fog men” that had almost killed Odin before, and this was also the best move of the “Teng Serpent”.

So, without waiting for the Danta people to make a statement, Ye Lu smiled and said.

“Little Teng Teng, let them see what you can do.”

Hearing Ye Lu’s words, “Teng Chen” gave a ghostly smile, and then a group of “Mist Men” swung their snake spears towards the Dan Tower’s people.

“Hmph!”

“Elder Dan Qing snorted coldly at first, but his face changed immediately afterwards, because as soon as he did so, he realized with horror that each and every one of these “Mist Men” was actually at the level of “YuanYing Realm”.

“Snort!”

“Snort!”

Immediately, two experts from the Dan Tower were killed by the Mist Man, and their bodies were carried directly to the Teng Serpent, who began to suck the blood like a feast.

Not only the people from the Dan Tower, but also the people from the Pill Alliance were shocked by this.

This “Teng Serpent” was simply too terrifying, it was like an army of “YuanYing realm”, honestly, even “Odin” could only sigh in disbelief at this point.

Seeing that Elder Dan Qing’s face had turned green, Ye Lu smiled and said.

“Don’t worry, I don’t have any grudges against you people, so I won’t fight with you to the death, as long as you leave everything you have with you, I will naturally let you go.

When he heard Ye Luo’s words, “Elder Dan Qing” fell into deep thought, Ye Luo was not in a hurry and looked at him quietly and said with a smile.

“Don’t worry, I can do more than that.”

When Ye Lu finished speaking, “Elder Dan Qing” looked at him and finally nodded.

Following that, he turned his head to look at the others, who also nodded helplessly.

They would not necessarily be trapped or killed in a real fight, but there would definitely be a lot of casualties, that was for sure.

So, it was better for the good guys not to lose anything in front of them, as everything else was an extraneous thing, only life was the most important.

So, everyone quickly taught all kinds of things, including storage jewellery, etc. Ye Lu asked the “mist people” to collect all these things and put them into the “Sumeru Ring”.

Then he waved his hand and said.

“Alright, you guys can go now, welcome to come back next time.”

“Elder Dan Qing gave Ye Lu a fierce look, then turned around and left with his men.

However, on the one hand, he was not sure, and on the other hand, once the fight was over, it would definitely affect the people of the Pill Alliance, and many people would probably die.

Seeing that the people from the Dan Tower had left, the people from the Pill Alliance all came over to thank them.

The “Heavenly Doctor Elder” looked at Ye Lu and gave a salute and said.

“Thank you for saving my life, may I ask what your name is and which power you belong to?”

Ye Luo waved his hand and said.

“It doesn’t matter about this, I’m just a lone wolf and have no power, however, I’m curious about one thing, what exactly was it that you guys were talking about just now?”

Hearing Ye Lu’s question, the “Heavenly Doctor Elder” thought for a moment, then sighed and said.

“You saved us, so you are our benefactor, so I won’t hide it from you, this time the ‘Pill Alliance’ and the ‘Dan Tower’ are here because of one thing, or rather a piece of news, that is the Holy Beast ‘Taiyin Phantom Flux’'s egg.”

Now Ye Lu’s interest was aroused, because what he was holding was the egg of the “Sun Candle”, and the “Taiyin Flux” was the counterpart of the “Sun Candle”, which was also called the “Saint Beast made of the Supreme Yin Air and the Essence of Taiyin”, which was an absolutely powerful Saint Beast.

The “Heavenly Doctor Elder” continued.

“You should have heard of them, too, the ‘Sun’ and the ‘Taiyin’ are also called the ‘Two Rites’, after which the ‘Two Rites’ gave birth to the ‘Four Elephants’, that is, the ‘Green Dragon’, the ‘Vermilion Bird’, the ‘White Tiger’ and ‘Xuanwu’, after which the ‘Four Elephants’ gave rise to the ‘Eight Trigrams’, and finally the Ten Thousand Things emerged, so no one would want to miss a beast egg of this level.”

“When Elder Heavenly Doctor” finished speaking, Ye Lu nodded.

“No wonder they came in, so it’s like this.”

Ye Luo finally understood why everyone was so interested in the “Ten Thousand Beasts Secret Realm”, so he looked at the “Heavenly Doctor Elder” and asked.

“Apart from the ‘Pill Alliance’ and the ‘Dan Tower’, are there any other forces that know about this news coming in?”

The “Heavenly Doctor Elder” nodded and said.

“Yes, moreover, it is said that there are many more, it seems that people from the ‘Heavenly Demon Palace’ and people from ‘Kunlun’ have also come out, in addition to that, there are also people from ‘Southern Chu’ people, the ‘Pan Gu clan’ and the ‘Nuwa clan’, people from all the major clans seem to have come to this ‘Ten Thousand Beasts Secret Realm’.”

Chapter 495

Hearing the words of the “Heavenly Doctor Elder”, Ye Lu was indeed taken aback because he did not expect so many people to come here because of the “Tai Yin Phantom Fluorescence”.

This could explain why he had met the people from the Xuan Tian Clan and those guys from Southern Chu.

However, Ye Lu always felt that there was something wrong here.

For example, who had spread the news? If the person who spread the news knew such important information, why would he tell others? Also, this was the territory of the Beast Alliance, so surely the superpowers of the Beast Alliance should also be here, so why didn’t they get there first?

Perhaps there was a possibility that neither the Beast Alliance nor the person who released the news knew where the Taiyin Phantom’s eggs were, and that was why they had mobilised so many people to find them.

Ye Lu felt that this should be the most reasonable explanation.

However, there was also a problem with this explanation, that is, if someone found the “Tai Yin Phantom Fluorescence”, what benefit would the person who released the news have?

According to this thought, Ye Lu could only think of one possibility, that is, the person who released the news was someone from the “Beast Alliance”, because in this “Secret Realm of Ten Thousand Beasts”, only the “Beast Alliance” could control the scene.

“Could it be that the wanted arrest and the blocking of the entrance and exit are all just a cover!”

Ye Lu suddenly felt that things were unusual from the beginning, perhaps what he and his people had done before was just a pretext for the Beast Alliance.

So, he looked at the “Heavenly Doctor Elder” and said.

“Elder Heavenly Doctor, can you confirm the news about this ‘Tai Yin Phantom Fluorescence’?”

The “Heavenly Doctor Elder” shook his head and said.

“No, so the various sects and forces have not sent their true elites either, and we also came because we had other things to do, and I originally did not intend to get involved in this matter either, I came with ‘Shue’er’, only that I happened to meet up with these guys from ‘Dan Tower ‘ These guys from ‘Danta’ just happened to run into each other.”

As she spoke, she turned to Odin and said.

“Thank you for your help, this brother has an aura of a king, he must be no ordinary man.”

“Odin’s Chinese was not very good, so Ye Lu translated with him, and then Odin said to the Heavenly Doctor Elder.

“I am Odin from Northern Europe, thank you for the compliment.”

As a result, Ye Lu served as a translator for a while.

Finally, the “Heavenly Doctor Elder” said.

“Thank you for your help, next, we have decided to gather with the other teams of the ‘Medicine League’, will you join us, or”

The three of you will be with us, or ” said Ye Lu, waving his hand.

“We won’t be going, we have other things to do, so we’ll take our leave, take care of yourself too, Miss Pill Shu.”

After saying that, Ye Lu turned around and left.

The “medicine” that night had been given by the “Heavenly Doctor Elder”, so Ye Lu felt that one of the four women who had come must be “Pill Shu”, but whether the others were other women from the “Pill Alliance” or Qin Siyu and the others, he was not so sure.

He had been wanting to ask these days, but he didn’t know how to ask.

It was fine if he was alone, but there were too many people that night and he was still confused.

However, Ye Lu could also feel that both Qin Siyu and Long Feixue, and even Ye Yan were getting more and more intimate with him, which made him a little scared as well.

“It couldn’t be that the rest of them were the three of them that day, could it?”

He was sometimes secretly guilty of muttering.

However, when it came to dealing with relationship matters, Ye Lu was a complete rookie, he had never had a girlfriend even since he was young, and the girl he had the most contact with was Qin Shiyu, but his previous relationship with Qin Shiyu was not considered a relationship, so he really had no idea how things should be handled at all.

All he knew was that he had to guard these women no matter what.

“We must find a way to find the ‘Pan Gu Clan’, maybe we can find out about ‘Gu Shi Qi’.”

After leaving, Ye Luo muttered secretly, there had been no news about Gushiqi, Ye Luo had been offering bounties in the “Underworld App” for a long time, not to mention the news about Gushiqi, even the news about the “Pan Gu Clan” had not even gotten even a single bit of information.

It was too easy for these super reclusive families to hide their tracks, after all, the people in the “Underworld App” were basically from the “secular world”, and in the “secular world”, a “Golden Dan 9” was already the highest, so the information they could know was actually extremely limited.

“Brush!”

“Brush!”

“Brush!”

.....

The three girls came out of the “Blazing God Blade” this time.

“Ye Lu, how did things go?”

After coming out, Ye Yan looked at Ye Lu and asked with some worry, while Qin Shiyu and the two girls also looked at him with big eyes, as if they were afraid that he would be harmed.

Ye Luo smiled and said.

“It’s all right, all the people from the ‘Pill Alliance’ have been saved, and we’ve scavenged a whole bunch of goodies along the way, I’ll share them with everyone later.”

“The Dan Tower, as a sect that was on a par with the Pill Alliance and focused on high-end pills, certainly had a lot of goodies.

In fact, for these people, many things were useless, such as various weapons, defensive gear, etc. However, there were also many useful things, especially various instantaneous consumable “magic treasures” similar to the “Heavenly Thunder Son” but much more powerful, and many more different functions, including pills to regulate the body.

Of course, the best thing for Ye Lu was the various materials, with these materials, he could refine more powerful pills, and for Ye Lu now, he could refine most of the pills.

“Well, the division of the spoils is over, let’s move on, according to the map, in three days we will have to split up, good luck in advance.”

Ye Luo looked at “Odin” and said with a smile.

After this period of contact with “Odin”, Ye Luo found that this is really a good man, the person is big, upright, and has the king’s temperament and heart, in Ye Luo’s opinion this person will achieve something sooner or later.

“Odin” looked at Ye Lu and said with a smile.

“I think we are already friends, so I won’t say too many polite words, when do you need me, one word, how do you Chinese say, ‘I will accompany you in the fire’.”

“Odin” was learning Chinese in this paragraph, but, despite his cultivation level, his brain was already well developed, however, there were many idioms that he was not very skilled in using.

So, Ye Lu smiled and said.

“Well, if there’s anything we need to help you with, just say the word, go through fire and soup.”

In his heart Ye Lu already considered this Nordic man as a friend.

Two more days passed, and this night, it was Ye Lu’s turn to keep watch again, he was bored and took out the “Immortal Palace Key” and muttered to himself.

“The Secret Realm of Ten Thousand Beasts, the dragon, the female, the tide of beasts, the Golden Dan Dao, just who could this ‘Man of Star Destiny’ be?”

Up to now, the only information Ye Luo had confirmed was that the person was in the “Secret Realm of Ten Thousand Beasts”, and that it was a woman of the Golden Dan Avenue, but Ye Luo still had no idea what the rest was all about.

However, at this moment, the “Immortal Palace Key” in his hand suddenly became hot.

“What is it? Has the Star Destiny Man appeared?”

When he felt the heat of the Immortal Mansion Key, Ye Lu quickly looked around and saw a large group of people appearing in the valley to the side.

“The ‘Man of Star Destiny’ is among that group of people.”

After seeing this group of people, Ye Luo stood up violently.

However, the “Immortal Palace Key” only heated up for a moment before returning to its original state, probably because not all the signs had appeared yet, because when all five “keywords” appeared at the same time, that was when the “Star Destiny Man” could be fully confirmed.

Ye Lu reckoned that the reason why Kunlun held the “Pill Refiner Conference” last time was because of the keywords.

“No, I have to go over and take a look.”

Thinking of this, Ye Lu woke up “Odin” and asked him to guard the women, while he quietly sneaked around the group.

Then, he saw a familiar figure.

“Could it be her?”

Ye Luo muttered as he looked at one of the other figures.

Chapter 496

The person Ye Lu saw was none other than Mo Trang from the Heavenly Demon Palace, the woman with the “Candle Dragon” pattern on her body.

This group of people was of course from the Heavenly Demon Palace.

This time, Ye Lu also understood the power of the “Heavenly Demon Palace”, most of the people present were actually super experts of the “Origin Infant Realm”, and each of them exuded an extremely terrifying aura, which looked like the aura of an “Outer Way Heavenly Demon”.

Even if there were Odin and Teng Serpent, the difference between them and the Heavenly Demon Palace was still extremely obvious, so going over there would undoubtedly be like hitting a rock with an egg.

However, since Mo Trang was suspected to be the person he was looking for, or rather, the person he was looking for was among this group of people, Ye Lu did not want to just give up.

So, Ye Luo took out the “Magic Puppet”, which was recognized by Ye Luo and therefore had the same level as Ye Luo.

Then, Ye Lu began to search, he was looking for the “demonic beast” responsible for the vigilance, because the “original spirit beast” Ye Lu did not dare to impersonate, that thing is linked to the master contract, “magic puppet” can simulate the appearance, but can not simulate this connection.

However, these demonic beasts are not in charge of the guard, these are more like mercenaries, controlled by some “native spirit beasts”, of course, these guys usually have very outstanding characteristics in some aspects, such as a keen sense of smell, such as hearing is unusual, etc.

Of course, even so, it’s difficult to get hold of them, because they have to be unnoticed.

So, after a night of hard work and suffering, Ye Lu found a chance to replace one of the demonic beasts called the “Pig Nose Flying Dragon”.

The characteristic of this kind of demonic beast is that it is extremely sensitive to taste. If the Pill Alliance had such a “demonic beast” before, I am afraid that it would have been much more difficult for the “Danta” to poison it silently.

The three women had been worrying about Ye Lu for half the night, and were relieved to see that Ye Lu had finally returned.

“Ye Lu, where have you been?”

Ye Yan, looked at Ye Luo somewhat angrily and asked.

Ye Luo smiled and explained what he had just encountered to everyone.

“Although this matter cannot be confirmed for the time being, I think at least the general direction is fine, next, we are waiting for the ‘beast tide’ to descend.”

Of the five conditions, Ye Lu felt that the other four were all well met, or rather “Mo Tranquil” basically met them all now.

First of all, Mo Tranquility was an expert of the “Golden Dan Avenue”, then she had a “dragon” in her body, she was a woman, and this was the “Secret Realm of Ten Thousand Beasts”. With these points, Ye

Lu actually felt that he could be sure that Mo Tranquility was the person he was looking for without the “Tide of Beasts”.

However, through the eyes of the demon puppet, Ye Lu found out that there were several other suspicious people in the Heavenly Demon Palace’s group, besides Mo Tranquil, for example, one of them was a woman who actually possessed the bloodline of the demon dragon Ladong.

The legend says that the “Ladon” is a horrible “demon dragon” born of the demon king “Typhon” and another beast, Echidna, whose upper half is a beauty and whose lower half is a snake.

Another woman has the bloodline of Satan, the legendary demon Satan, who is a terrifying red “demon dragon” with seven heads, ten horns and seven crowns, and this woman has this bloodline.

There is also the woman who has inherited the three-headed fire dragon Gorinich and other women of dragon blood.

Ye Lu felt that the “Heavenly Demon Palace” was too deep, and really mysterious and unpredictable, it was simply a collection of various legendary demons and devils in the world.

Therefore, he did not dare to jump to an arbitrary conclusion.

“The Heavenly Demon Palace is simply a representative of evil, easily don’t mess with them.”

Ye Luo looked at everyone and said, in fact, the main reminder is “Odin”, because next, they and “Odin” will be separated.

“Odin” nodded and said.

“Don’t worry, I’m not a reckless person, and I don’t have any grudge against them, the Greek guys are my target.”

Ye Luo nodded, “Odin” was indeed a guy who could be reassured.

So, after walking for some time and reaching the point of separation, Ye Lu looked at the tall “Odin” with his giant blood and said with a smile.

“It’s time to part here, if we go any further, it will be quite dangerous on our side and on your side, so be careful.

“Odin” patted Ye Lu’s shoulder and said with a smile.

“I also wish you to hatch the beast’s eggs and find the person you are looking for as soon as possible.

With that, he jumped on the huge Sleipnir and the eight-legged god-horse disappeared into the woods at a gallop.

“Let’s go, we’re on our own now.”

Ye Lu looked at the group and said with a smile.

Further on, the group would reach the area where the YuanYing realm demonic beasts were found, and even the weakest of the “Dragon Clan” gathered at the far edge of this “YuanYing area”, so it was clear how strong the “Dragon Clan” was.

The next step was to be more cautious.

Moreover, although Odin was gone, the Teng Serpent that played with the mist was still there, and together with the Mirage that Ye Lu had summoned and prepared long ago, Ye Lu and the others passed another five days in peace.

After such a long period of time, the cultivation levels of the women had once again increased significantly.

The strongest one, Qin Shiyu, had already opened her “six trunks” of the “Golden Dao”, and her cultivation level was staggeringly fast, followed by Ye Yan, who had also reached the level of “four trunks”.

Ye Lu himself was not ambiguous either, as he was already at the level of “Ninth Turn of the Golden Elixir”, waiting to reach the peak of “Ninth Turn” and then forcibly cross the domain to the “Golden Elixir Path” through pills.

Ye Lu felt that once he had truly formed a Golden Elixir, his strength would definitely improve significantly, but at the moment, he was a little confused as to what attribute his Golden Elixir would be.

Ye Yan’s Jindan was of the “Fire Attribute”, Long Feixue’s Jindan was of the “Wood Attribute”, and Qin Shiyu’s Jindan was of the “Dark Attribute”. It was easy to deduce their Jindans before they were formed, but it was difficult to determine the attribute of Ye Lu’s Jindan because the flame on Ye Lu’s body was not his own, but was obtained by fusing the fire spirits.

As for the other attributes, Ye Luo did not find which one was more prominent for himself.

Of course, another thing that disturbed Ye Lu was that he had not found a particularly suitable “original bloodline” yet, and his current bloodline was still the same as Liu Mei’s “Eve’s bloodline”.

The last worry is the “nameless beast egg”. At present, Ye Lu has no clue as to how to hatch this beast egg, as everything about this beast egg is unknown.

The only good thing is that the “wanted notice” of the “Beast Alliance” is basically useless because, after Ye Lu has their official identity, even if they meet other people, as long as they identify themselves, they will be fine.

Ye Lu and the others were training with the demonic beasts when a large group of people from the clan appeared from the woods.

By the clothes on these guys, Ye Lu could tell at a glance that they belonged to the Wuji Clan, and when these guys saw Ye Lu and the others, they stopped in their tracks.

Ye Lu thought that the other party must be just a routine check, but what he didn’t expect was that the other party was not interested in finding people, but in Ye Lu and the others themselves.

“These four chicks are really nice, we’ve been blessed again today.”

One of the guys said with a smile.

However, at this moment, even the people from the Wuji Clan did not expect what kind of consequences their actions would lead to.

Chapter 497

When he heard the words of the “Wuji Clan”, Ye Lu felt that things were not going to be good.

“Since the team from the Wuji Clan had appeared in the territory of the YuanYing Realm demon beasts, it was clear that the other party was very strong in battle.

While Ye Lu was quickly calculating, the people from the Wuji Clan were already smiling and coming over.

The guy at the head of the group looked at Ye Lu and the others and said with a smile.

“After being abstinent in the sect for so long, it’s time to indulge a bit, and the quality of these four is not bad either!”

To be honest, after reaching a certain level of cultivation, there were basically no more ugly women, because although people could not control their looks, but first of all, their metabolism would far exceed that of normal people, so everyone had superb skin, as the saying goes, “A white skin covers up a hundred uglies”, this kind of white and full of healthy glowing skin made people look good in the first place.

After that, people who have reached this level of cultivation can change some minor imperfections themselves, such as the double eyelids of the eyes, the bridge of the nose, the shape of the lips, etc. They can control some of these themselves, which, together with the fact that cultivators have very good figures, makes most female cultivators look very beautiful.

This is somewhat similar to the transformation of demon beasts, why people think that all demon spirits are beautiful, in fact, this is also the reason, because the demon spirits who can transform are all great demons, their cultivation level is there.

Seeing that the crowd had already surrounded themselves long ago, Ye Lu looked at each other and said with a smile.

“Dare I ask which ‘clan’ you all come from, don’t worry, we know many rules, and it’s not the first time we’ve served you male cultivators.”

While holding the other side steady, Ye Luo began to check the cultivation level of the crowd quickly, he was ready to find the weakest link to escape from the encirclement first.

However, what Ye Lu didn’t know was that there were other people watching the scene where they were trapped.

These people were from the Beast Alliance. In fact, Ye Lu’s previous guess was only half correct, the Beast Alliance was indeed using Ye Lu’s incident as an excuse to block the entrance and exit, but the hatred of the Beast and Snake Systems towards him was also true.

Therefore, in the eyes of the Beast Alliance, it was imperative that Ye Lu be captured.

However, what depressed the Beast Alliance was that since 20 days ago, it was as if Ye Lu and the others had evaporated into thin air, with no trace of them.

After all, there were too many people entering the “Ten Thousand Beasts Secret Realm”, and many of them stayed here for years, even decades, so it was difficult to count the number of people in the whole Secret Realm, let alone confirm them one by one.

As a result, all the recent “new news” is just useless news.

“These people from the ‘Wuji Clan’ are too bad, they are simply more beastly than our ‘Beast Alliance’, it seems that these clans are no better.”

A man from the Beast Alliance riding on a red lion shook his head as he watched the scene of Ye Lu and the others being besieged not far away.

“It is said that there are no women in the ‘Wuji Sect’ and ‘Xuantian Sect’, so you think it is like a prison.”

“Hey, hey, that’s true, no wonder the people of these two sects have eyes for women whenever they see them.”

“Those four girls are probably going to be finished, they’ll definitely be killed and exterminated.”

“What, do you pity the jade?”

“Pity your head, their death or survival is none of my business.”

.....

However, immediately after that, his words stopped as he saw an incredible scene, the women who were beside Ye Lu suddenly all disappeared.

“Sh*t! What the hell is this?”

A bearded man beside him suddenly let out an exclamation.

The guy sitting on the red lion, on the other hand, shook his head mechanically without a sound and said.

“It’s not screwed up, it’s that the person we’re looking for has appeared.”

He murmured as he looked in the direction of Leafall.

“Do you guys still remember, the various messages posted before about those battles, was it also something about people disappearing from each other, especially the one provided by the ‘Xuantian Clan’.”

It was ten days ago, but everyone still had an impression of it, as Ye Luo and the others had been the focus of everyone’s attention, whether it was Ye Luo’s fighting prowess or Ye Luo’s godlike abilities.

Being able to escape for such a long time with the entire territory wanted, and being able to almost manage to disappear, Ye Luo had long been the subject of everyone’s collective research, and of course, everyone basically knew about his ability to change his appearance and disguise.

“Action, cast the net first, then call for people, control the area around here for a thousand miles, don’t spook the snakes, we absolutely can’t let them get away again this time.”

Following this, the others immediately took action, this was the territory of the “Beast Alliance”, of course they had absolute control.

Ye Lu did not know about this scene, he was still thinking about how to break out.

“Sh*t! What is this?”

“It should be a magic treasure that can ‘store people’, this is also the first time I’ve seen it, or a super strong teleportation formation, so strong that even we can’t feel the fluctuations of the laws of heaven and earth.”

“Formation” can indeed transport people away, and can be transported a long way, but it turns out that there is a process to activate the formation, and secondly, the formation needs the help of the laws of heaven and earth to take effect, of course, the most important thing is that these people and Ye Lu and them are just a chance encounter, the other party should not have deliberately arranged a very strong formation on the ground already.

“Go!”

Seeing that Ye Lu might have a “magic treasure” to store people, everyone started to get hot-eyed and followed, everyone gathered around.

“Boom!”

Ye Lu threw out an object and it exploded completely.

This was something that Ye Lu had prepared to deal with unexpected events, and it was equivalent to a powerful smoke screen.

Although it is difficult to completely hallucinate in a short period of time, it can be used as an aid.

Although the “Firstborn Realm” has a “divine sense” that can probe and even attack, but for one thing, this divine sense has certain limitations, and for another, the divine sense will interfere with each other, there are so many “Firstborn Realm” here, without discussion, it will inevitably cause confusion.

The white fog also made the Teng Serpent release its “fog men”, which immediately turned into a stirring of the situation, instantly causing chaos.

Ye Lu took this opportunity to follow the Teng Shi out of the encirclement.

“Although the Teng Serpent could fly, it was not known for its speed, so as it came out, Ye Lu unleashed his Lightning Griffin once again, which was still faster than this thing.

“Phew! That was close, I’m glad I was prepared.”

After mounting the Lightning Griffin, Ye Luo ran wildly through the woods with the ground on his back.

“Chase, I just felt like she ran away from this direction.”

An expert from the Wuji Clan said quickly as he burst out of the smoke.

“A junior with such a weak cultivation level, how can she be so difficult to deal with?”

They had just scouted Ye Lu’s cultivation level and that was why they were so careless, but at this moment, Ye Lu had already fled a long distance away.

However, what depressed Ye Luo was that he had just leapt out not long ago when suddenly a large group of guys riding various demonic beasts appeared out of nowhere, as if they were waiting for him.

“Bounty hunter, we’ve been waiting for you for a long time!”

The guy at the head, riding on a red lion, looked at Ye Lu and said with a smile.

Following that, Ye Luo saw that from other discoveries there were also flying demonic beasts quickly rising up, it looked like the other party had already laid out a heavenly net for themselves a long time ago.

Chapter 498

Ye Luo took a quick glance at the details of the guy on the red lion. He turned out to be a great elder of the “Beast Department” of the “Beast Alliance”, his name was “Red Lion King” and the demonic beast he rode was the “Red Fire Fierce Lion”.

“All the supreme elders of the Beast Alliance have names that end in “King”, such as the Grand Elder of the Beast Department, the head of the Beast Department, whose name is “King of All Beasts”.

After seeing the “Red Lion King”, Ye Lu smiled and greeted him.

“Hi!”

After saying that, he turned the corner and ran wildly into the distance.

“Hehehe! This guy is quite interesting.”

The “Red Lion King” smiled at Ye Luo, but did not rush to chase after him, because they had already set up a group of people to chase after him, and under the siege of everyone, it would be difficult for Ye Luo to escape.

Sure enough, seeing Ye Luo fleeing, the flying demonic beasts in the air quickly sounded an alarm, while a few of them then flew towards the also’s assuredly sending out lightning light, just like a bomber in the air.

“Holy f*ck! Sure enough, it’s a net of heaven and earth, lightning and thunder!”

Ye Luo spat out as he ran wildly, while holding the “Edexcel Shield” in his hand, which could prevent him from being struck by lightning, but the attacks from these guys in the air were quite strong, and although they couldn’t really hurt Ye Luo, they made him shiver and his hair stand on end.

“Luckily it was a long-range attack, otherwise it would really be enough to hurt me.”

Ye Luo muttered in his heart as he ran wildly, but the biggest trouble was that there was no way to conceal his figure like this, sooner or later, he would be blocked by some guys.

“If only I had that ‘Sleplaine’ from ‘Odin’, that guy’s speed is definitely just right.”

Ye Luo was a bit envious of the mount of ‘Odin’, that guy was really fast, he didn’t have so many feet for nothing.

In less than ten minutes, the first group of snipers finally arrived.

It was a group of guys like the “flying dragon cavalry” in the movie, and before they even landed, the spears and lances in their hands were in action.

The spears and lances all had different attributes, from fire, to frost, to lightning, to golden light

However, fortunately, no one seemed to be prepared to deal a deadly blow, so they did not exert all their power, and probably controlled it to a level that could stab Ye Lu.

He was prepared for this and as these guys fell, he raised his hand and a huge “umbrella” shaped “magic treasure” appeared and flew open to cover Ye Lu and the “Lightning Griffin” he was riding.

This umbrella was modelled after an ancient divine umbrella, the “Mixed Umbrella” of the Four Heavenly Kings, which was particularly powerful in defence, and of course also had the function of catching.

“Boom!”

“Boom!”

“Snort!”

.....

All kinds of attacks fell on Ye Lu’s body, blasting him and the Lightning Griffin directly into the ground, but immediately afterwards, the man and the beast leapt out again and continued to run wildly ahead.

“It is useless to struggle any longer, so give up and be captured.”

A loud voice came from behind, it was the Red Lion King who sat on the body of the Red Fire Lion and looked at Ye Lu and said leisurely.

In his opinion, Ye Lu was dead this time, although he did not know why Ye Lu was still trying to escape when he saw that he was sure to die, but it was obvious that Ye Lu did not have any chance.

Ye Luo did not pay any attention to him, but continued to dash forward.

“Where is this bastard trying to go?”

“I don’t know, it should be a complete panic, isn’t it actually the same everywhere?”

“Let’s see what’s on that side? Does he think he’s going to escape by rushing into the lake?”

.....

This guy saw a large open lake in the distance, but in the lake there was already a “beast system” of “supreme elders” leading the demon beasts waiting for Ye Lu.

“I don’t think he’ll be able to rush through, he’ll be caught by those guys from the ‘Snake Department’ in advance.”

“I totally agree with you.”

.....

Amidst the chatter of the people around him, Ye Luo had already rushed towards the large lake called the “Nine Mysterious Pond”, but before he reached the lake, an incomparably huge python blocked Ye Luo’s path.

“Heaven Swallowing Python!”

Seeing this snake-shaped demonic beast, Ye Lu’s brows furrowed.

He didn’t expect that he was intercepted by someone from the “snake family”, as some of the snake family’s demonic beasts were so huge and so long that it was difficult to get around them even if he wanted to.

And that was not all, there were many other snake demon beasts around this Heaven Swallowing Python, and at the head of the Python stood an old man with triangular eyes, whose name was “Heaven Swallowing Snake King”, one of the supreme elders of the Snake Lineage.

“Little doll, you are indeed very powerful and I have to admire you, but it all ends here, you won’t be able to get past the ‘Heaven Swallowing Python’.”

Hearing his nonsense, Ye Lu did not say anything, but charged straight towards the direction of the lake, seemingly not taking the ‘Heaven Swallowing Python’ seriously at all.

It felt that it had been humiliated by Ye Lu, so it raised its long tail and swept it towards Ye Lu and the Lightning Griffin like the autumn wind sweeping away the leaves.

“I’m counting on you, Silky Rain!”

While the Sky Swallowing Python was attacking, Ye Lu summoned Qin Siyu out of the Blazing God Blade, and after summoning her, Qin Siyu appeared directly on Ye Lu’s shoulders, with her two long legs riding Ye Lu.

Luckily, she was wearing “Athena’s Holy Cloth”, but if it was Ye Yan’s “Frigga’s Kai”, it would have been a bit awkward.

However, neither of them paid any attention to this, as Qin Siyu unleashed her “Bloodline Avatar” belonging to the “Candle Dragon”, called “Dragon Might”, as soon as she appeared.

“Of course, Ye Lu asked Qin Siyu to release her “Dragon Might” mainly to target the “Heaven Swallowing Python”, because strictly speaking, the “snake family” was inextricably linked to the “dragon family”.

Many powerful snakes are mistaken for dragons, and so in the Chinese zodiac, snakes are also referred to as “little dragons”.

Therefore, the effect of this “dragon power” is not only strong for the “dragon” race, but also for the “snake” race.

What's more, Qin Siyu was a "Candle Dragon", the so-called God Beast of Creation, and she was not simply a Candle Dragon, but a real "Candle Dragon". Therefore, after the "Dragon Might" was released, the "Heaven Swallowing Python"'s breath was immediately suffocated, and it felt a shock from the depths of its soul, from its bloodline, which was not a matter of cultivation at all, but was related to its bloodline heritage.

While the "Dragon Might" had deterred the snake-like demonic beasts, Ye Luo rushed towards the big lake as fast as he could.

However, a large fish with a terrifying shape flew out from the lake.

This fish was red in colour, with a pair of huge eyes and a huge mouth full of sharp teeth, which looked horrible.

It was a legendary beast, the "cross male fish".

At the same time, there was also a ferocious beast called "Bai Ze", which Ye Lu had seen once before, and a fish-tailed, human demonic beast called "Shark Man".

However, Ye Luo did not stop.

As he charged forward, he quickly unleashed a large group of demonic beasts, all of which Ye Lu had summoned earlier to prepare for the unusual situation.

However, Ye Lu could no longer care about that.

As he summoned the demonic beasts, he also dived into the water, followed by a dense array of sardine-like aquatic demonic beasts that Ye Lu unleashed.

Ye Luo quickly dug into the Blazing God Blade and then into the mouth of a fish-shaped monster.

Then, the other side's terrifying attack began.

"'Beast Alliance', you wait, this revenge, I will definitely take revenge."

Ye Lu muttered depressedly inside the "Blazing God Blade".

Chapter 499

The Scarlet Queen quickly made the Blazing God Blade smaller, so that even if all these demonic beasts were broken, the Blazing God Blade would still have a chance to fall to the bottom of the lake.

Like Ye Lu, the "Blazing God Blade" was an existence that even the "divine Sense" could not detect, so Ye Lu felt that it would be difficult for the other party to find him.

This was also the last means of escape Ye Lu could think of.

"Silk Rain, thank you, you're so awesome! Thanks to you, otherwise we would have been finished this time, I wouldn't have been able to get past those guys from the 'Snake Department' you blocked."

Ye Lu said with some emotion.

The reason why the Red Lion King was so confident was of course because of the result of the “Snake Department” blocking him, but no one expected that Qin Siyu could use her “Bloodline Avatar” to give Ye Lu a chance.

Ye Lu had long felt that Qin Siyu would become a powerful helper for him, but he had not expected that Qin Siyu’s role would be fully highlighted so soon.

Hearing Ye Lu’s praise, Qin Siyu immediately became embarrassed.

She blushed and said.

“If only I could be stronger, I wouldn’t have to be afraid of those guys.”

Ye Luo then said with a smile.

“Yes, not only you, but also Old Sister and Fei Xue will become stronger, and it won’t take long for you all to become very strong, how is the situation outside?”

The latter half of the sentence was spoken to the Scarlet Queen, as only the Scarlet Queen could observe the situation outside.

In fact, due to the increase in Ye Lu’s cultivation level, the connection between him and the Scarlet Queen and the resources that he could use for the Blazing God Blade had become much more, and according to the Scarlet Queen’s words, I was afraid that the Blazing God Blade would really become Ye Lu’s blade in a short time.

The fire-attribute demon beasts in the Blazing God Blade were extremely strong, especially the two white and black ones.

However, it seems that it is still difficult to fully control the Blazing God Blade.

“Come on, the four of us won’t be able to get out for a while anyway, so why don’t we play cards for a while?”

Ye Lu looked at the three women and said with a smile.

At this time, the “Scarlet Queen” suddenly appeared out of nowhere, then looked at Ye Lu and the others and said smilingly.

“Count me in, I’ll play a few games with you guys, it’s too boring to play with Little Black and Little White and their idiots every day.”

But there were five people there, how could they play?

So, the end result was that Ye Lu silently went to the side and started to take out various things from the Sumeru Ring, while the four women went to play cards happily.

After a while, the Scarlet Queen said as she played her cards.

“Ye Lu, the outside world has already started to search the sky and earth, and has blocked off the surrounding area for a thousand miles, you probably won’t be able to leave so easily, so live your life in the fish belly without worrying.”

Ye Lu replied indifferently, and then silently took out a part of the World Tree and started to refine the puppet.

This was also a plan that Ye Lu had made long ago.

The only things that could not be detected by the “divine sense” were things of a super high level like the “Blazing God Blade”, or things that were like spirit bodies after being “reborn” like himself.

Therefore, Ye Lu was making a “spirit puppet” that even his “divine sense” could not detect, because Ye Lu was worried that it would be too long in the night, and it was not a good idea to be trapped here all the time, and he did not know how long the “Beast Alliance” would trap everyone here.

However, Ye Lu had never made a puppet before, he had only seen the “Blood Puppets” made by the people of Miaojiang before, and they were quite strong.

As a result, Ye Lu found that it was easy to make an ordinary puppet, but it was a bit more difficult to make a “Spirit Puppet”, because it was a puppet that was powered by “Spirit Stones” and needed to simulate the effect of spiritual power, which was much more difficult than making an ordinary puppet.

After many times of refining, eventually, Ye Lu found that he might have to wait until he had really crossed the “Golden Dan Avenue” before he could complete this task.

He thought that what Ye Luo needed now was to pick it up and run.

So, in the end, Ye Luo made a weird thing with two legs and a claw, but this thing could run really fast.

“Brush brush brush brush!”

Looking at such a contraption running around, the four women all stared at it with wide eyes.

“Ye Lu, is this the puppet you made? How come it looks so ugly?”

“The Scarlet Queen kept shaking her head as she looked at this ugly and bizarre thing that Ye Lu had made.

Ye Luo did not care about the “Scarlet Queen’s” teasing, but started to take out a part of the “World Tree” and started to refine it again, he had to improve the problems with this puppet.

Soon, Ye Luo made another puppet that looked just as ugly, and after testing it this time, Ye Luo released this one.

The puppet did not attract anyone’s attention, and because of its small size, the puppet took the “Blazing God Blade” from the water to the shore, then darted into the jungle in the night, and began to move quietly into the distance.

As the “Killing Blade” could change its size at will under the control of the “Scarlet Queen”, the puppet Ye Lu made this time was only about half a foot tall and was inconspicuous in such a dense jungle.

The control of this puppet was handed over to the Scarlet Queen, as she was the only one who could know what was going on outside of the “Blazing God Blade”.

“Hey, it’s finally my turn to play cards.”

Ye Lu handed over the control to the Scarlet Queen and then walked towards Ye Yan and the others.

As a result, Ye Lu threw his cards onto the ground and said.

“Older brother, come and clean up the cards, we’re going to bed, let’s go, sisters!”

Hearing Ye Yan’s words, Long Feixue obediently stood up, she was now a good bestie in the same trench as Ye Yan, while Qin Siyu made a face with Ye Lu and also stood up.

Seeing that the three women had really all gone to bed, Ye Lu could only sigh helplessly before turning towards Little White and Little Black and saying.

“Little White, Little Black, come and we three play Landlord.”

He had no choice but to play Landlord with Little White and Little Black, and then after a short rest, he started to refine various things again, in this weird “Secret Realm of Ten Thousand Beasts”, there were many experts, he did not dare to relax in the slightest.

Although this little “spirit puppet” was small, its speed was not slow, and the key was that it could run wildly day and night without rest.

So, a distance of a thousand miles was covered in one night plus a little time during the day.

“Hey, let those guys from the ‘Beast Alliance’ go on a blockade, I’d like to see how long they can blockade it.”

Once he was out of the dangerous area, Ye Lu laughed heatedly.

“We’ve been here long enough and the few women have pretty much honed their skills, so I think we should skip the devil training for now and go straight to the ‘Dragon Clan’ settlement.”

Ye Lu changed his mind after thinking about it, he felt that it was better to leave in time to finish what he had to do, there was not much time left before the battle of Mount Fuji, he had to get there in time, he could not let the Japanese think that he was afraid.

In this way, Ye Lu stayed in the Blazing God Blade and then let the Spirit Puppet carry it towards the place where the Dragons were.

Since there were no more worries about being caught, Ye Luo let the puppet start running at full speed, which was much faster than Ye Luo’s usual speed, as they usually had to train with the devil.

It was only after three more days of running that they arrived at a gathering place of the Dragons, which was relatively safer, as no organization had just touched the Dragons, and even the Beast Alliance did not dare to mess with the Dragons easily, as they were one of the most powerful races in the Secret Realm of Ten Thousand Beasts.

“Ho! There are dragons everywhere in this dragon race!”

Ye Luo said with some emotion as he looked at a black dragon that was half exposed from the pool of water.

Chapter 500

Apart from this black dragon, Ye Luo had just seen thunder dragons, flying dragons, all sorts of weirdly shaped dragon shaped demon beasts as well as demon beasts with dragon characteristics.

Because legend has it that the dragon is the most lustful, basically it will bang any demonic beast and basically it will breed offspring, as a result there are all sorts of demonic beasts with dragon characteristics, for example, legend has it that it gave birth to a special dragon with a cow, a dragon foal with a horse, a spring dragon with a donkey, a rampant dragon with a sheep and a debt dragon with a pig

Of course, the strongest legend is that it gave birth to the chief of all beasts, the qilin, with the cow. In short, the dragon is a species with a rather strong reproductive capacity.

The black dragon in front of him still looked like a model, and it reminded Ye Lu of the black magic dragon that inhabited the "Abyssal Hell".

So, Ye Luo chose to show up and talk to this guy.

Seeing that someone had suddenly appeared without a sound, the black dragon opened its eyes in surprise, because its "divine sense" had been covering its surroundings, and it did not think that anything could approach it without touching its divine sense.

However, Ye Lu was indeed an accident.

"Someone's coming?"

"The Black Dragon looked at Ye Lu and said in a loud voice.

Ye Luo nodded and said.

"Yes, I am a human, but I have two friends, one with pure dragon blood, and the other one is a member of your dragon clan, so I am here to ask a favor from the dragon clan to hatch a dragon egg, and I will pay the dragon clan for the hatching."

Ye Lu heard that the "Beast Alliance" often made deals with the demonic beasts in the "Secret Realm of Ten Thousand Beasts", asking them to help hatch the eggs and then paying them a certain amount of money, so he wanted to do the same thing.

As a result, the "black dragon" looked at Ye Lu with a crooked head and said.

"Firstly, I don't think you have a human friend with pure dragon blood, and secondly, who is this dragon friend of yours? Was it bred by you in human society? Thirdly, I don't think you can afford to pay for the hatching of the beast's eggs, but I'm curious to know how you managed to come here with such a cultivation level and just managed to escape my probing?"

The "Black Dragon" had actually been observing Ye Lu, but it could not figure out how Ye Lu had managed to appear here without a sound.

At this time, a few more dragons were startled by the conversation and came running over.

"Old Black, who is this person? Why has he come to our dragon clan's territory?"

“That’s right, trespassing on dragon clan territory, do you know what kind of crime that is?”

“What a bold human!”

“What boldness, I think it’s just ignorance.”

.....

Because the “dragon clan” clan land is after all in the edge of the “ten thousand beasts mysterious realm” is considered to be relatively in the area, so generally come here are some experienced old monsters, for these people will come, they will be careful to act, and will be through the relationship to call on the dragon clan, like Ye Lu such a rash directly barged in almost no one.

Of course, Ye Lu did not want to clash with the “Dragon Clan” people, all of them had an extremely frightening aura, and it would not do him any good to fight.

He had no choice but to tell them again what he had come for.

The “Black Dragon” didn’t pay attention to the other dragons’ comments, and looked at Ye Lu and thought about it.

“How about this, show me the beast egg you said you wanted to hatch, and I will see if you can pay for the hatching of this beast egg.”

The difficulty of hatching different levels of beast eggs and the hatching dragon used were different, so the payment was also different.

Ever since he took the dragon egg, Ye Luo had been using the divine ability in his glasses to purify the bloodline purity of the dragon egg, which was now 100%.

“Huh! A pure bloodline dragon egg!”

Seeing the beast’s egg that Ye Lu took out, the “Black Dragon” was also astonished, because such a bloodline “Dragon Egg” was extremely rare in the “Dragon Clan”, although it was only a “Ying Long”, it was still extremely rare.

The most noble dragons are those with pure bloodlines, so they will not have wings like the Ying Long, and the dragons with wings, as well as the dragons born after the “nine sons of the dragon”, such as the “prisoner bull”, “bully”, “jairus” and so on, are actually lower-grade dragons.

Therefore, the Black Dragon was surprised by the purity of the Ying Long’s bloodline, but not by the Ying Long’s lineage.

However, it still did not feel that Ye Lu could pay for the hatching of a pure bloodline dragon egg, so it looked at Ye Lu and said.

“Hatching such a thing is worth a lot of money, are you sure you have the ability?”

Ye Lu smiled and said.

“I am sure, moreover, not only do I want to hatch this dragon egg, I also want to use your ‘Dragon Transformation Pond’.”

Hearing these words, all the dragon guys gathered around them exploded in anger.

A “dragon turtle” looked at Ye Lu and said.

“Are you crazy, what are you talking about?”

All the other dragons echoed the words.

“That’s right, the ‘Beast Alliance’ has been here for many years, and there are only a few times that the ‘Dragon Transformation Pond’ can be used, you actually want to use the ‘Dragon Transformation Pond’, do you really Do you really know what you’re talking about?”

“That’s right, the young man is also too presumptuous.”

“What do you think our ‘Dragon Transformation Pond’ is, you can use it whenever you want?”

“I think it’s better to just kill this arrogant fellow.”

.....

The more people said, the more excited and angry they became, and one guy couldn’t hold back already a thunderbolt struck down wildly towards Ye Luo.

Ye Luo was not even expecting the other party to strike at the drop of a hat.

However, he didn’t dodge, the “Heavenly Vine” flew out from his clothes and covered his head, as if the thunder struck a lightning rod, it was directly bounced away.

At this point, everyone was moved.

Because in their opinion, Ye Lu was just a little fellow of “Ninth Turn of Golden Dan”, how could he be able to block such an attack so easily?

What they didn’t know was that the “Heavenly Vine” had the growing “World Tree” to eat every day, and it had grown faster than imagination.

Of course, Ye Lu wouldn’t be stupid enough to fight back, he smiled and then took out something.

“Dragon Spear!”

When they saw such a thing, everyone was taken aback.

“What a strong dragon spear!”

“What kind of material is this made of? It’s of such a high grade!”

“A rare sight!”

“Want it so badly!”

.....

For the “Dragon Clan”, what they lacked was refiners, so they couldn’t make such weapons themselves, so many people immediately became envious.

This dragon spear was made from the same “World Tree” as Long Fei Xue’s. It was a rare treasure of course, as it was of the same grade as the “Eternal Spear” Gungnir.

However, just as everyone was surprised, Ye Lu raised his hand and another “Dragon Spear” appeared, followed by another one, another one

In an instant, five “Dragon Spears” of the same rank appeared in Ye Luo’s hand.

Now everyone was dumbfounded.

One gun of this level was rare, but it seemed that Ye Lu had a lot of them in his hand, so it seemed that what Ye Lu had just said was not nonsense.

After that, Ye Lu put back all the extra “Dragon Guns”, then shook the “Dragon Gun” in his hand and said with a smile.

“See, don’t worry, I can afford to pay for it, and I can also customize a certain attribute of Dragon Spear for you, such as this one.”

As he said that, Ye Lu gestured for Long Fei Xue to come out of the “Blazing God Blade”.

In an instant, Long Fei Xue appeared with the “Dragon Spear” of the “Wood Attribute”.

As Long Fei Xue stabbed his spear, countless vines rose from the ground, forming two rows of lush trees on either side of the green light, which was one of the “Bloodline Avatars”, “Dragon Forest Sheltering the Sun”.

Seeing Long Fei Xue, who possessed the Green Dragon bloodline, and seeing this stunning shot, the crowd fell silent.

Ye Lu smiled and said.

“The one I said was prepared to use the ‘Dragon Transformation Pond’ was actually her and not me.”
