

Super Student 531

Chapter 531

The introduction of this treasure vase enabled Ye Lu to understand how precious this item was. If this item was placed in China, it would definitely be on a par with the "Ten Ancient Fierce Armaments".

The number of fire beasts in the "Blazing God Blade" could be described as "red flags waving, a sea of people", which was simply too large, while there were only 72 demon gods in this "Solomon's Vase", but each of these 72 demon gods had its own characteristics.

Of course, Ye Lu could not control any of these demon gods now, because the owner of this treasure was still the "King Solomon".

"If we can get Pandora's Box again, then we will have everything."

Ye Lu said with a smile as he held the "Solomon's Vase".

He had once talked to Odin about something that could hold people or creatures when he was talking to Odin, and Odin had said that he thought that Pandora's Box could possibly do that.

However, Ye Lu had never seen such a thing as "Pandora's Box" before.

Then, Ye Luo looked at that "Gryan Lapore" and said.

"Gryanlapol, let the man out."

As a result, "Glayan Rabol" said with a sad face.

"It's not that I don't want to, but I don't have the ability to let people out, because I only have the authority to let people in, and to tell you the truth, there are several companions that I also let in, and now they can't get out."

Seeing this situation, Ye Luo also had to sigh and said.

"It looks like Jasmine can only spend this birthday in 'Solomon's Treasure Bottle'."

Then, Ye Luo once again looked at "Glajan Lapoel" and asked.

"That Glorian Raphore, is Jasmine safe in this vase, I mean, eating and all that?"

"Gryanlapol" said hurriedly.

"Yes, because Jasmine, as you say, is a very important person to us, so we have to keep her safe until we become immortal."

When he finished, Ye Lu nodded, guessing that most of what he said was correct.

It was not an easy task to erase King Solomon's mark of recognition, so Jasmine would have to stay in the Treasure Vase for a while longer.

Then, Ye Lu continued.

"Well, there's nothing more for you to do here, so you can stay in my weapon for a while."

The Scarlet Queen will take care of him in the Scarlet Blade.

“It looks like there is another ‘Immortal Palace Key’ in the hands of the ‘King Solomon’.”

Ye Lu muttered darkly.

Now that seven keys already knew the news, it was estimated that the day when nine keys would appear at the same time was not far away, so everyone had to improve as soon as possible to do so.

Then, Ye Luo looked at Di Qi and Red Luan and said.

“I’m afraid I’ll need your help to escort me again, thank you.”

Ye Luo and Di Qi did not have a master-servant contract, and of course, with their cultivation levels, there was no way for Ye Luo to establish a master-servant contract with them, after all, the difference in cultivation levels was too great.

However, before going back to open up the wilderness, Ye Lu recruited the “Wine Swallow Boy” and the “Ghost Bat”, who had been training in Miaojiang, to come back.

“As one of the Three Great Demons of Japan, the Sake Swallow Boy was actually very powerful before he was dealt with, otherwise he wouldn’t be so famous, and the Three Great Demons are different from the Yaki Orochi.

This uniqueness is one of the signs of their noble origins.

Therefore, like Abe Haruaki, the “Wine Swallow Boy” began to grow like an explosion in a place with sufficient resources. When Ye Lu saw the “Wine Swallow Boy” again, he was surprised by it.

“Sh*t, are you a balloon? You can inflate just by blowing!”

Ye Lu looked at the “Wine Swallow Boy” and said with a smile.

As a result, the “Wine Swallow Boy” actually spoke this time.

It said in a weird voice.

“In fact, I was originally very strong, but it was the ‘Big Tengu’ and the ‘Nine-tailed Fox’ who teamed up to subdue me before they were treated as a ‘balloon’. The purpose of this was to enable me to recover my cultivation quickly in China and then launch a war to destroy the capital, but unfortunately, you found out in advance.”

Of course, Ye Lu heard the resentment in the words of the “Wine Swallow Boy”, so he smiled and said.

“Don’t worry, Drunken Tun, now that you are mine, I will avenge you sooner or later.”

After that, he looked at the densely packed “Ghost Bats”, the number of which had now swelled like never before, but the growth rate of these guys was much slower than that of the “Drinking Swallow Boy”.

However, there were a large number of them.

At this time, the leader of the “Ghost Sect” and the head of the “Lin Family” came together and looked at Ye Lu and said with a sad face.

“Lord Ye Lu, you’d better hurry up and get rid of these two things, our two families are almost emptied, there aren’t even any ghosts left in the ‘Ghost Mound’ now.”

Seeing the two people’s pitiful looks, Ye Luo then smiled and said.

“Don’t worry, I will make it up to you guys.”

Then, he first took out a batch of pills, as well as storage magic weapons and magic treasures and handed them over, of course Ye Lu’s various things were still rather limited at the moment, however, he promised everyone that he would definitely help them develop quickly.

In this way, Ye Lu returned to Kyoto after spending some time in the “Miaojiang” area.

He began to use his glasses to search the area around the capital, and all kinds of secret places, big and small, were shown on the map, of course, there were already owned secret places, and some unexplored secret places.

All of the secret places that were already owned or developed were marked on the glasses.

Through the constant use of the glasses, Ye Luo felt that this glasses’ auxiliary system probably worked like this. First of all, there should be a database of its own inside, and in the database were the existing reserves of knowledge that might not be available on Earth, such as the identification of certain substances.

In this respect, it is already far beyond the knowledge of the Earth.

However, in another aspect, this system retrieved all relevant matters on Earth, basically covering all sorts of things that had happened and were recorded, including, of course, a bit of things that were not very well known.

Ye Luo felt that this thing was somewhat like a computer program that could grab and update information everywhere, and the speed of grabbing and updating was super fast.

However, there was one thing that was rather regrettable, and that was, for the secret realms that were not opened on Earth, this “glasses” did not know the details inside, in other words, the situation inside the secret realm still had to be found out by oneself.

This made Ye Lu feel a bit difficult, to be honest, he did not want to find a secret realm that was too powerful or weird, he just wanted to find a place where he could live in peace.

“Alright, I’ve sent you guys the secret realm distribution map, let’s discuss where to go.”

There was no other way, so Ye Luo handsomely gave this question to everyone.

As a result, Ye Yan took a glance at it and said.

“It’s just a blind blind bet on luck anyway, why don’t you decide, you have such unbelievable luck, we all believe in you.”

Ye Lu thought about it then nodded and chose a secret realm.

This secret place was located at the back of his school, in fact, the exact location was inside the “air-raid shelter”, Ye Luo had seen the “Yutu flower” near there before, he felt that he had a destiny with this place, maybe he could have a good luck.

So, the group flew to the “air-raid cave” at the back of the mountain. Ye Lu remembered the time when he was making pills here day and night, and Jasmine had stayed here with him all night.

Then, everyone walked into the secret realm.

Chapter 532

Once they entered the secret realm, they found that it was so dark and the atmosphere was extremely ghastly. Of course, the most frightening thing was that after entering, they found that the entrance and exit behind them had disappeared.

“Why has the entrance and exit disappeared?”

Ye Yan looked at the dark secret realm in front of her and asked with some fear.

For her part, Ye Lu looked around and said.

“It’s because of the ‘temporal turbulence’, the temporal space in the entrance and exit parts of some secret realms is unstable, so you will be transported after entering, however, there are very few secret realms like this, we are a bit unlucky this time.”

To be honest, Ye Luo also felt a bit headstrong about the current situation, it was an unexpected situation, if he knew things would turn out like this, he wouldn’t have risked coming here.

“It seems that there is really a reason why the secret realm cannot be trespassed!”

In fact, Ye Lu had heard people say more than once before that every mysterious realm could also be dangerous, because there were no rules to speak of in mysterious realms, and some were completely unimaginable to man, and this time Ye Lu was considered to have really experienced it deeply.

“Let’s go, let’s walk forward and see.”

There was no other way, this was a kind of “one mistake and a thousand hatreds”, now we can only take one step and see what happens, through the surrounding Yin Qi, Ye Lu felt that this should be a place where ghosts and monsters gather.

He was also very concerned about the quietness of the surroundings, because in the animal kingdom, if a place where there should be a lot of animals suddenly appears in an empty space, it usually means that there is a scary animal cooped up there, so that other animals do not dare to approach.

Because many animals have a sense of territory, and the animal that controls an area can be called a “lord”, Ye Luo felt that there was a lord-type demon beast living here.

However, soon, Ye Lu found out that he had guessed wrongly that the indigenous people in this “secret realm” were not “demonic beasts” but “ghosts”.

However, this “Thunder Ghost” was much higher in cultivation than the one Ye Lu had met before, and was a “Ghost Soldier” level ghost.

When he saw this “Thunder Ghost”, Ye Lu smiled.

“It looks like it’s time to cultivate a team of my own.”

After all, when the time came for the “Immortal Mansion” to be fought over, I was afraid that it would be a battle between the major powers.

There was no way to compare the number of people with the other forces, each sect and force was almost a huge thing, and many of the secret realms Ye Lu had visited before had hundreds of thousands, even millions or tens of millions of people.

Imagine, a “God Transformation Realm” expert, facing the attack of thousands of “YuanYing Realm” cultivators will die, this is the same reason as ants bite the elephant.

Now, Ye Lu only had the fire-attribute demonic beasts inside the Blazing God Blade and the army of Ghost Bats, so he was going to take advantage of entering this secret realm to capture some more ghosts to become the “Wine Swallow Boy’s” men and build up an army of ghosts.

Although the Ghost Mound and the Ghost Gate had been raided, the army of the “Drinking Tuna Boy” was still too small and more ghosts were needed.

In this way, Ye Lu began to explore, cultivate and capture ghosts at the same time.

At the same time, he was also trying to fuse the Sun True Flame, which was said to be the strongest flame, so Ye Lu did not dare to fuse it easily, he also needed to try carefully.

Although Ye Lu had not encountered many such experts before, he had to guard against them, especially since “ghosts” were very good at this.

Of course, Qin Shiyu and Ye Yan’s, including their own combat power should also continue to improve, but the good thing is that with “Di Qi” and “Hong Luan” around, ordinary ghosts can’t do much damage to them at all, which is a good opportunity to practice.

In the “Secret Realm of the Ten Thousand Beasts”, they had a mission to complete and were constantly being hunted, so they didn’t have much time for real “devil training”, so this was a good opportunity.

Seeing a YuanYing realm “ghost general” die in less than 20 seconds because the “Candle of Life” had burned out, YeLu was a bit shocked, if he had lit one for himself, under the terrible attack and entanglement, I guess he would not be able to escape the fate of death.

When he entered the secret realm, Ye Lu left his “magic doll” outside, disguised as a member of the “Hundred Flowers Clan”, so that he could be the first to be informed if there was any movement.

In this way, after more than three months in the secret realm, Ye Lu finally removed the bloodline mark from the “Solomon’s Vase” and claimed the “Vase” for himself.

It was only then that Ye Lu discovered the benefit of his “attribute-free” awakening, that is, no matter what attribute or bloodline it was, he could claim it for use.

For example, the “Pan Gu Axe” could only be used by people of the Pan Gu bloodline, while some weapons such as the “Blazing God Blade” could only be used by practitioners of the “Fire Attribute”, which made many weapons or treasures useless.

This was not the case with Ye Lu, who could just use any “magic treasure” he had.

What’s more, he could use 100% of the power of any “spell”, and he could also fuse different systems of “laws”.

Of course, the biggest advantage is that he can incorporate all kinds of heavenly materials and treasures, and can directly absorb and transform them into his own power regardless of their attributes.

As he progressed further and further along the “Jindan Avenue”, Ye Lu felt that his ability to devour the energy of heaven and earth was gradually improving, because for Ye Lu, everything in heaven and earth, “earth, water, fire and wind”, were all objects that he could absorb, although the absorption was not as pure as that of a “top-quality spirit stone”.

This effect surprised him.

At this moment, Qin Siyu’s cultivation level had already reached the “Fifth Transformation of Yuan Ying” level, Ye Yan’s cultivation level had also reached the “Third Transformation of Yuan Ying” level, and the worst of all, Long Fei Xue, had also crossed the “Yuan Ying Realm” and was forcibly raised to the “Second Transformation of Yuan Ying” level by Ye Lu’s pills.

The three women around him had all become “YuanYing Old Monster” level experts, which made YeLuo very happy.

However, he also felt a little sad that the later the level was, the more difficult it was to improve, and it was impossible to improve in the same way as before.

When he saw Jasmine appear in front of him again, Ye Luo said with some emotion.

“Jasmine, this is the ‘Abyssal Secret Realm’, I’m really sorry, look at this birthday, almost a hundred days have passed in one go.”

Jasmine then smiled and said.

“It’s alright, I’m fine in the bottle, the wind won’t blow or rain, and I haven’t been idle in there, I’ve been cultivating, I’ve also crossed into the ‘Golden Dan Dao’ now, and it’s the ‘Law of Water’ Great Dao.”

As she spoke, she raised her hand, and a water dragon began to swirl around her body.

Indeed, for a cultivator without any bloodline, Jasmine’s cultivation speed was already quite amazing.

Seeing that Jasmine had such a good mind, Ye Lu nodded reassuringly, before sighing and saying.

“It’s just a pity that we haven’t found a place to go out after coming here for so long, so we’ve delayed your ‘Supreme Elder’s’ appointment.”

That secret realm with the 'spirit stones' was also a place Ye Luo must go to, and as he had been delayed here for so long, Ye Luo also felt a little pity.

However, just at this time, the place they were looking for finally arrived, and that was the place where the secret realm of the secret realm, the "Hell Demon Dragon", was located, the "Abyss Hell".

Chapter 533

After they reached the "YuanYing realm", they could use their "divine sense" to communicate with each other, which saved them a lot of trouble in communicating with each other because of the language barrier.

The "Abyssal Hell" is also called the "Infernal Hell", which is said to be a terrible place of eternal suffering.

Moreover, since there was an existence like the "Hellish Demon Dragon" in the "Abyssal Hell", Ye Lu did not let Ye Yan and the others go in.

"Continue cultivating outside, and try to make the 'spirit beasts' more suitable for battle sooner."

"The "Ying Long" and "Vermilion Bird" were improving rapidly under the nourishment of the "Hwagami's Spring", but due to this rapid development, they had no combat experience.

Fortunately, the bloodlines of the two "Original Spirit Beasts" had been purified by Ye Lu and were both pure bloodlines, so they had received the inheritance of the "Ying Long" and "Vermilion Bird".

Of course, for demonic beasts, even if their bloodlines are not pure, they can still obtain part of their heritage, just like the nature of animals, which is untaught.

However, combat is different. Apart from hardware such as strength, experience, awareness, willpower, mentality, strategy, judgement, etc., there are so many factors that affect winning and losing, and all of these have to be honed in actual combat.

This is also the reason why you, Ye Lu, have to bring a few women to fight constantly.

However, after these 100 days of training, the cultivation level of the three women's "spirit beasts" were close to theirs, and theoretically speaking, it was almost time for them to take charge of their own.

In particular, Long Fei Xue's "Ying Long" was a water attribute, and in the five elements, "water gives birth to wood", so the "Ying Long" was a great help to Long Fei Xue's improvement.

So, after a brief explanation with the women, Ye Lu entered the secret realm of the Abyssal Hell alone.

Once inside, he felt the difference between this place and the outside, but the one that reacted the most was the Blazing God Blade. Ye Lu felt that the endless "Fury Qi" in the "Abyssal Hell" was as if it had condensed into substance and started to coalesce towards the Blazing God Blade.

This made Ye Lu's heart happy.

"The Blazing God Blade was strong in two ways, one was the "fierce qi" gathered from years of killing, and the other was the terrifying increase in flame.

The concentration of “fierce qi” in this “Abyssal Hell” was obviously much higher than that of the “Abyssal Secret Realm” outside, which made the “Blazing God Blade” even better.

Ye Lu also felt the strange aura inside, besides the terrifying flame aura, he could also feel the bone-chilling cold aura, and both the heat and the cold were enough to make an ordinary “Golden Dan Avenue” powerhouse fall.

However, this was not the reason why Ye Lu was surprised, what surprised Ye Lu was that this guy was actually using the “Ghostly Inferno”.

With a casual wave of his hand, the terrifying “Ghostly Underworld Inferno” came rushing towards Ye Lu in a frenzy.

“Sh*t! It really is hell!”

The introduction of the “Ghostly Inferno” said that this flame was a flame from hell, and apart from himself, Ye Lu had not seen anyone use this flame before, and this was the first time.

“Unfortunately, you are still too weak.”

Ye Luo looked at this “Night Fork Ghost” and said with a smile.

Then, Ye Luo raised his hand.

A terrifying golden flame gushed out from Ye Luo’s hand, and when he saw this flame, Ye Luo was overjoyed because he had fused this flame for nearly a hundred days before he finally succeeded in fusing it, and to be honest, it was really too difficult to fuse the Sun True Flame this time.

The reason why it was so difficult to fuse the Sun True Flame this time was because the Sun True Flame this time was not a “fire spirit”, let alone a seed, but a real Sun True Flame, and the difficulty of fusing this real flame into his body could be imagined.

“As the strongest Origin Flame, the Sun True Flame was unimaginably terrifying.

Of course, the harvest was huge and surprising, not to mention the fact that Ye Lu’s cultivation level had directly increased by a small level, and now Ye Lu was already at the level of opening the six orifices of the Golden Dao.

The terrifying extent of Ye Lu’s fusion flames had increased by a large amount due to the integration of the “Sun True Flame”.

This “Sun True Flame” instantly finished off the “Night Fork Ghost”, without even a single scrap left.

“Hahahahaha!”

“Great!”

Ye Luo couldn’t help but laugh wildly in the sky.

Because, he understood one thing, although he had not yet reached the peak of the “Golden Dan Avenue”, I was afraid that he already had a rival in the “Yuan Ying Realm”.

It was not because of anything else, just one point was enough to make him feel foolish, that is, the “Sun True Flame” could destroy the “Divine Sense”, which was absolutely terrifying.

“This is absolutely terrifying. The sign of the “YuanYing realm” is the transformation of the “Golden Dan” into the “YuanYing” and then the formation of the Divine Sense.

With the “Sun True Flame” in hand, Ye Luo’s confidence was even greater.

He looked at the ghastly “Abyssal Hell” and then flew towards the depths of the hell. He was indeed a bit desperate this time because Ye Lu’s purpose of entering the “Abyssal Hell” this time was to obtain the “Hell’s Fire”, the origin flame belonging to the “Hell Devil Dragon”.

Now that he had already fused four origin flames, and had also fused the strongest “Sun True Flame”, he was honestly a bit addicted to it.

Now, he already knew that the origin fire and the “Nirvana Fire” was in Mo Trang’s body, but he didn’t know where Mo Trang got it from, before Ye Lu checked, Mo Trang was not the source of the “Nirvana Fire”, and if you want to fuse the flames, the best is the “seed”, followed by the “fire spirit”, then the source of the flames, after that it was basically difficult to fuse the flames, Ye Lu had deeply experienced this by fusing the “Sun True Fire”.

This was the first flame that Ye Lu obtained from the “Heavenly Sun Candlelight”.

If it was a second-hand flame, there would be little hope.

Ye Lu then saw the second “Night Fork Ghost”, however, Ye Lu did not kill it this time, because these things are rare combat power, and giving it to the “Wine Swallow Boy” would add another primitive to his army of fierce ghosts, so Ye Lu collected it directly.

Putting it in the special “Ghost Niche”, this “Abyssal Secret Realm” was the ideal place to upgrade the “Drinking Swallow Boy” and the “Ghost Bat”.

“Even if they don’t eat anything here, the bats can grow rapidly because the Yin energy is a great tonic for them.

He soon came across another kind of ghost, called “Rakshasa”, a kind of female ghost, all of them were also “YuanYing realm” powerful, and all of them were very beautiful, but their faces were unusually pale.

As he got closer to the centre, the “ghosts” he encountered became stronger and stronger, and finally new “ghosts” appeared again, this time at the “God Transformation Realm”.

It seemed that if he wanted to see the Hell Demon Dragon again, he could only go to find the black dragon’s doppelganger, Nidhogg.

However, just as Ye Lu was about to retreat, something terrible happened. When he looked back, he found that behind him, countless Shura had appeared, with two arms, four arms, six arms and eight arms

These “Shura” have blocked all of Ye Lu’s retreat.

“Day! I’m dead now!”

Ye Lu sighed helplessly as he looked at these vajra rage guys.

Chapter 534

“Alright, then let’s have a big battle, even if it’s my last battle in my life.”

Ye Luo took out three “Heaven Reversal Pills” and put them into his mouth. Due to the increase in his cultivation level, the previous “Exploding Yuan Pills” were no longer useful, and this “Heaven Reversal Pill” was an upgraded version of the “Exploding Yuan Pills”.

However, since the materials used in the “Heaven Reversal Pill” were more precious, and Ye Lu’s cultivation level had also become higher, the side effects of the pill had become smaller.

After taking the “Heaven Reverse Pill”, Ye Lu summoned the “Heavenly Vine”, which now had 28 vines, and its defensive power had already crossed the “God Transformation Realm”, and it was Ye Lu’s greatest strength in defence.

The twenty-eight vines all held weapons made from the terrifying World Tree, not rough ones this time, but real weapons, however, these weapons were sharp and pointy, but had no attributes, because the “Tongtian Vine” was a plant life, weak in attribute attacks, originally Ye Lu thought it would have wood attribute attacks, but it turned out that it did not have any attribute attacks.

“The “Tongtian Vine” was simply good at one thing, and that was being strong and tough enough. Ye Lu felt that this thing was even harder than the “World Tree” when it was fully grown, and its means of attack was also very simple: either poking it with a weapon in its hand, or wrapping it around and tearing it.

All in all, the “Heavenly Vine” is one of those things that has extremely prominent features and obvious weaknesses.

“Charge!”

Ye Lu did not release the “Teng Snakes” because, now that it was a battle between “God Transformation Realm”, the “Teng Snakes” could not be of any use anymore.

“This battle is escalating too fast.”

To be honest, this made Ye Lu feel quite depressed, he had easily caught such a bullish demonic beast as the Teng Serpent, but as a result, it had only been a short while, and he was already unable to keep up with the pace of the battle.

In an instant, Ye Luo fought with the first “Shura”.

“Death to those who stand in my way!”

Ye Luo roared, and then he swung his Blazing God Blade, and the terrifying bright golden flame surged out in front of him with a dazzling light, this time it was a ranged attack.

“Boom!”

“Boom!”

“Boom!”

.....

The “Shura” that were enveloped by the terrifying flames were actually directly burnt by this terrifying flame, and more than one of them died four “Shura” at once.

Even Ye Lu was surprised to see this scene.

With the increase of the Blazing God Blade, this fusion flame had already reached a horrifying level, and even the surrounding Vajra Raging Shura were stunned for a moment.

“Good! Come again!”

Ye Luo took advantage of the power of this blow and rushed towards the outside, he really hoped that these guys would be afraid, so that he could rush out.

However, Ye Lu was wrong this time, although these Vajra Rage guys were super high in cultivation, but their actions felt very single-minded, they actually froze and then all rushed over again without a word, not taking life or death seriously at all.

“Sh*t!”

Seeing this situation, Ye Lu was also depressed, because he had just fused the “Sun True Flame”, which had so much to consume, so he quickly changed his plan of attack.

He gave up on the flames and instead charged in close like a hedgehog.

Although the attack of the “Heavenly Vine” was not as fierce, the power of the stabbing was really terrifying, as the hardness of the World Tree was no mean feat.

However, these things were of a “ghost” nature, and the flames could burn them as a whole, but the pricks could not do so.

“Sh*t!”

Ye Luo leaned once more, because the current situation was too difficult to deal with.

“That’s right, summon the black dragon!”

He suddenly thought, since the “Black Dragon” was in this “Abyssal Hell” and he had signed a contract with it, he might as well try summoning it.

However, these guys around him rushed over like a tidal wave, seemingly not wanting to give Ye Lu the time to summon.

“There’s no way out, one last move.”

The golden flame reappeared and enveloped a large area around him, he used the “Flame Prison”, the golden flame was really something, the restraining effect on this kind of ghosts was too strong, actually for a while these guys really couldn’t rush up.

“Take this and poke!”

At the same time, Ye Luo handed the arrow of the “Sunset Arrow” to the “Tong Tian Vine”.

The “Sunset Arrow”, which was used in conjunction with the “Sunset Bow”, one of the “Ten Ancient Fierce Weapons”, was much more powerful than the weapon Ye Lu made from the “World Tree”, and it had an innate restraining effect on “ghosts”.

Ye Lu felt that it would be able to undercut them for a while.

“Come on, Black Dragon!”

Then, he began to summon it without stopping.

Due to the contract, spatial fluctuations began immediately, and a terrifying shadow of a black dragon appeared above Ye Lu’s head.

Seeing that the summoned one still wasn’t the black dragon himself, Ye Luo couldn’t help but feel a little depressed.

“I don’t know if this guy can quell these ‘Shura’.”

Ye Luo muttered with some uncertainty in his heart, and then, with a “bang” sound, the golden flame barrier was broken by the attack of the “Shura”.

Countless Shura rushed in.

“Hoo!”

The Black Dragon’s attack began, and indeed, it was strong enough to deflect the weaker Shura, but it didn’t help, because the attack didn’t stop.

“Oh my, this is not going to work.”

Ye Lu held the “Blazing God Blade” and looked at the Shura that were still coming at him, and finally realized that he would never have a chance to escape this time.

“Let’s fight!”

But he did not want to wait for death.

He shouted and charged in one direction, a terrifying flame was released from his body, while a strange bird appeared under his feet, a bird with a metallic shine and covered with “weapon patterns”.

Afterwards, Ye Luo drew various “weapon patterns” on its body, almost all of which were accelerated.

His aim was simple: to surprise the opponent in the end, to catch him off guard and perhaps have a chance to rush past him.

As a result, he was immediately blocked by an eight-armed Shura, while the other Shuras came in a frenzy.

“Oh my, I’m dead!”

Seeing this scene, Ye Luo understood that he was going to die this time.

However, at this moment, a loud voice suddenly sounded out.

“How’s that? Is it exciting?”

Following this, Ye Luo saw an incomparably huge black dragon head appear in the air, this dragon head emitted a terrifying aura, and from its aura, it was easy to kill Ye Luo.

At the same time, all the Shura stopped their attacks.

“Sh*t! This is so exciting, I’m scared to death.”

Ye Luo looked at the “Hell Devil Dragon” in the air and let out a long breath.

As a result, the “Hell Devil Dragon” looked at Ye Lu and continued to say.

“Don’t think I’m playing with you, I don’t have that much leisure time, I just want to test your level and see if there’s any value in cooperation.”

Ye Luo did not say anything, because since the other party had called a halt, it must mean that he had the value of cooperation.

As expected, the “Hell Devil Dragon” said afterwards.

“First of all, I want to tell you that the me in front of you is still not my original body, but just a doppelganger.”

Hearing the words of the “Hell Demon Dragon”, Ye Lu was really shocked, this guy was actually not his original body, how strong was this “Hell Demon Dragon”!

The “Hell Devil Dragon” said afterwards.

“My body is in an even more terrifying place at the moment, how can I say, there are all monster level experts there, so I need your help, of course, not now, but your help in the future, because sooner or later you will have to enter there too.”

To be honest, the “Hell Devil Dragon’s” explanation made Ye Lu even more confused, he had no idea what the other party was talking about.

So, he looked at the “Hell Devil Dragon” and asked.

“Can you give an explanation?”

Chapter 535

“The hellish dragon thought for a moment and said.

“There’s no need to explain too much now, you don’t have a way to get in there anyway, I’ll get to the point first, I’ll give you all these ‘Shura’.”

Hearing the words of the “Hell Devil Dragon”, Ye Lu was immediately dumbfounded, shocked and dumbfounded.

Ye Luo had not counted the “Shura” around him, but the number was undoubtedly very huge.

However, after that, the “Hell Devil Dragon” said something that almost drove Ye Lu mad.

“The ‘Shura’ I am talking about is not the ones in front of you, but all the ‘Shura’ in this ‘Abyssal Hell Secret Realm’.”

After it finished speaking, Ye Luo’s body couldn’t help but shake unnaturally, if all of these were given to him, wouldn’t he become the king of the world.

As a result, before Ye Lu could get excited, the “Hell Devil Dragon” said again.

“Don’t be too happy, I’m not letting you use them casually, I’m not interested in trash, what I want is to be able to improve, so I will set the seal, you can only unlock and use them if you break the seal I set.”

When he heard the words of the “Hell Devil Dragon”, Ye Lu immediately felt a little discouraged again.

At this point, the Hell Devil Dragon continued.

“Don’t think I’m being alarmist, the danger in that place is unimaginable, and I can tell you clearly that the person you are looking for is in a place even more terrifying than the one I’m talking about.”

Ye Lu thought to himself, “What the hell do I understand!

I don’t even know where to go, so what is there to understand.

So, he looked at the Demon Dragon of Hell and asked.

“Mr. Devil Dragon, can you tell me where I’m going and how I can get there?”

As a result, the Devil Dragon said.

“You need not worry about that, for in time you will naturally go there, and well, I will put all the ‘Shura’ into a black glove.”

As he spoke, all the Shura began to diminish and disappear rapidly, and soon the entire Abyssal Hell was cleared.

In his hand was a black glove.

I don’t know what kind of tactics the “Hell Devil Dragon” had used, but this glove looked very ordinary, and did not emit any strange aura.

Of course, what Ye Lu was still curious about was what place this “Hell Devil Dragon” was talking about.

It was a pity that Ye Lu had not seen any spells related to “bilocation” in the “spell” system before, so I guess it was not something in the spell system.

“Mostly it’s some kind of ‘divine skill’ from the ‘divine skill’ that hasn’t been opened yet.”

Because after crossing the YuanYing realm, “spells” would be replaced by “divine techniques”, and “glasses” had not yet opened the “divine technique” system.

As Ye Lu secretly thought, he reached out and took the gloves handed to him.

Although the black gloves looked normal, they felt cold in his hands. Ye Lu could clearly feel the power contained in the gloves, and then he cut his fingers to identify the gloves.

It is not so troublesome for those who have entered the Firstborn Realm, because they have a “divine sense”, because everyone’s “divine sense” is as unique as their fingerprints, so they can use their “divine sense” to identify their owner, but unfortunately, Ye Lu cannot do it yet, but his cultivation level has increased again after the vicious battle just now.

“Black Dragon is right, if you want to improve, you still have to fight, you can’t be lazy.”

Feeling the spiritual power in his body increase again, Ye Luo couldn’t help but lament, this “nameless gong method” was too weird, making it difficult for Ye Luo to cultivate quietly like ordinary people, this also led to Ye Luo’s cultivation enhancement was a big trouble, he actually wanted to be able to sit down and cultivate like Qin Shiyu. “Brush brush!” He actually wanted to be able to sit down like Qin Shiyu, and then his cultivation level “brushed!” upwards.

After acknowledging his master and putting on the gloves, Ye Lu looked at the “Hell Devil Dragon” and asked the question he most wanted to know.

“Mr. Demon Dragon, can you give me some of the ‘Hell’s Flame’ on your body, I want to try to fuse it.”

Although it was the flame on the doppelganger, Ye Luo still wanted to try it, after all, he already had four “Origin Flames” in his hands, especially the “Sun True Flame”, which made Ye Luo feel the need to try it out.

However, the “Hell Devil Dragon” said coldly.

“I have known your idea for a long time, however, I cannot promise you because this is also a bargaining chip for our cooperation, come to my body and I will give you what you want.”

When he heard the words of the Hell Demon Dragon, Ye Lu brushed his mouth off and said.

“Cut it out, stingy bastard.”

Then, he looked at the “Hell Devil Dragon” again and asked.

“Mr. Devil Dragon, how can I find you then?”

“The Devil Dragon looked at him and said.

“This is very simple, you can summon a projection of me, my projection can communicate with you, however, you now have this glove, so I do not recommend you to use my projection again, in any case, try to improve before you see my body.”

“By the way, I’ll have to tell you the location of the exit outside, I guess, but I reckon you’ll be able to find it soon too.”

As he spoke, the “Hell Demon Dragon” told Ye Lu the location of the entrance and exit of the “Abyssal Secret Realm”.

Ye Lu had stayed in the Abyssal Mysterious Realm for long enough, so he felt that it was time to leave the place.

So, he talked to the “Hell Devil Dragon” for a while, but found that the other party did not want to talk to him about many things, so he had to give up.

However, when he was about to leave, the Black Dragon of Hell looked at him and said.

“Ye Luo, lastly, I would like to remind you to be careful of the other people’s doppelgangers, there are still some terrifying doppelgangers in this world, because they are doppelgangers, these guys, like me, I am afraid have terrifying abilities, even if you have the help of the ‘Shura’ people, you will still be in danger.”

“However, at the moment they should also be lurking in some secret realms like me, because this world still has restrictions on us, in short, this is a bit complicated to say, to put it simply, if you encounter people from the ‘Heavenly Demon Palace’ and people who act strangely remember to stay away from them.”

After hearing the “Hell Demon Dragon” finish, Ye Lu said with a smile.

“Okay, but you can rest assured that I have my own way.”

Other people might be a bit troublesome, but Ye Lu had the “glasses” in his hand, so he could tell which was the real body and which was the doppelganger, so he didn’t feel that this was too troublesome.

In this way, Ye Lu left the Abyssal Hell secret realm and went to the Abyssal Secret Realm.

After such a long time of contact, “Di Qi” and “Hong Luan” already considered Ye Luo and the others as their friends, so they all came over happily when they saw Ye Luo was safe and sound.

“How is it, did you get the ‘Hellfire’ of the ‘Hell Devil Dragon’?”

Everyone asked with concern.

Ye Lu shook his head and said.

“No, that fellow didn’t give it to me, saying that he couldn’t tell me until I could go to its original body, but this old boy won’t tell me where its original body is, talking in mysterious ways, making me completely confused as well.”

As he spoke, Ye Luo turned his head to the Dragon’s Di Qi and the Vermilion Bird’s Red Luan and asked.

“By the way, do you know of any place that is so mysterious and unpredictable? It says that I will go there sooner or later.”

Unexpectedly, after listening to Ye Luo, “Di Qi” actually thought about it and said.

“Most of what it said is true, because, it seems that our Dragon Clan’s supreme powers have all disappeared afterwards, and we don’t even know exactly where they went, it’s like they mysteriously disappeared, there are rumors that they just went to a world that only the Beyond God Realm can go to.”

Chapter 536

To be honest, Di Qi’s words surprised Ye Lu, he didn’t expect there to be such secret news, that is, it seemed that the true great powers of this world had all gone to a certain place to gather together, and that place seemed to be the place that the “Hell Demon Dragon” had mentioned.

However, when Ye Luo and Di Qi and Hong Luan inquired about it, they were not sure about the situation, after all, although they were not rookies who had just entered the “God Transformation Realm”, they were only “Lower Gods” in the “God Transformation Realm” and were still far from the peak of the “God Transformation Realm”.

Therefore, the group discussed for half a day but did not come to any conclusion.

Ye Lu smiled and said.

“Well, this is not something that we can study in three days, besides, that black dragon has already told me the way out of here, let’s go, I guess we can go back soon.”

We had been in the Abyssal Mystery for a long time, and although we couldn’t identify things, we weren’t travelling very slowly, so even if we had the coordinates of where to leave, it would still take us a bit of time to get there.

However, what Ye Lu did not know at this moment was that something big was happening in the “secular world” at the moment, that is, the Chinese people living all over the world, whether they were tourists or immigrants, or there were already Chinese settlements, in short, there were many places where Chinese people gathered, and these Chinese people were disappearing.

This is being done by a very angry “King Solomon” and his backers, the Gu’e country in northern Africa.

With King Solomon is Anubis, the ancient god of death, the legendary god with the head of a wolf and the body of a man, the illegitimate son of Osiris, one of the nine pillars of the Egyptian gods, and Nephthys, the wife of Seth, the god of the desert.

Of course, this “Anubis” is not the god himself, but a descendant of his lineage, and in his hand he holds the “spiritual treasure” of his people, a balance called the “Judgement of Anubis”.

“King Solomon, we already know what happened in the East, and I have come to ask you if you will cooperate with us, the gods? Or are you our enemy?”

“King Solomon was a close neighbour of the Ancient Egypt, so he knew very well how terrible the gods of the Ancient Egypt were, and if he had the Vase in his hand, he would have had some confidence in his heart, but now the Vase seemed to have disappeared and he could no longer feel it.

And, to be honest, even if everything was there, he didn't dare to openly call out to the gods of the "Ancient Egypt", so he nodded and said.

"Cooperation."

When he heard him say "cooperation", Anubis smiled and said.

"Good, we will help you catch the man together this time, and when we have news of that fellow, we will do it together, and after that, we will go to the 'Immortal Palace' together, and it will depend on our own destiny as to what we can get."

With that, the people on both sides clicked together, however, in their opinion, at this moment, Ye Luo had already disappeared, sort of unaccounted for, and the next step was to wait for news of Ye Luo's reappearance.

At this moment, Ye Luo was worryingly rushing outside the secret realm, because the "magic puppet" he had placed outside had inadvertently received the news that the people of the "Heavenly Devil Palace" were making plans to take Miao Fengling away from the "Pill Alliance" by force.

Ye Lu knew very well that the Pill Alliance was very powerful, but compared to what kind of people, and compared to the Heavenly Demon Palace, the Pill Alliance was obviously no match.

"Ye Lu, this 'mechanical bird' of yours is so powerful, it feels faster than me."

Standing on the body of the 'mechanical bird', 'Red Luan' said with some emotion.

Ye Luo then said.

"It can't be compared like that, it was originally a machine, so drawing 'weapon patterns' directly on it is definitely much more efficient than a person pushing the runes on a 'magic treasure'."

The characteristic of this "mechanical bird" was that it was both a machine and a living creature at the same time, which made it a living "magic treasure" after the "weapon pattern" was drawn.

It was a treasure that had been hard to find, so of course it had to be a bit more powerful.

"Bird, let's hurry up, we're about to reach the exit, otherwise the 'Pill Alliance' will be out of luck."

In fact, at this moment, the Pill Alliance was already out of luck.

The reason was that the "God Transformation Realm" powerhouse from the Heavenly Demon Palace had already broken through the "formation" at the entrance of the "Pill Alliance" and entered the "Pill Alliance".

After he entered, the first thing he did was to close the formation, and all the experts from the Heavenly Demon Palace behind him swarmed into the Medicine Alliance.

The first guy who broke the Pill Alliance's formation was obviously a "formation expert", and after entering, he began to modify the formation and then closed it again.

This way, no one from outside could enter the place again. For the people from the Pill Alliance inside, this formation was like "catching a turtle in a jar".

“What’s going on?”

The area inside the “Pill Alliance” was so large that the entrance had been completely occupied by the “Heavenly Demon Palace”, and only then did the news reach the inside.

The “Pill Garden Elder” looked in the direction of the entrance and exit with some surprise.

“Report to the ‘Pill Garden Elder’, it should be someone from the ‘Heavenly Demon Palace’ who has arrived. ‘Taotie’.”

The “Four Fierce Beasts” are “Poor Qi”, “Legendary Beast”, “Chaos” and “Taotie”, of which “Taotie” is the most voracious and eats people all the time, and according to legend, it even eats itself when it gets angry.

In the four great beasts, although not the strongest, but indeed the most greedy and vicious one.

In fact, not only the “Taowu” but also the demonic beast “Alkmo pinch”, whose lower half is the body of a spider and whose upper half is the body of a woman, and some other unknown beasts, are among those who come.

In short, the team sent out by the Heavenly Demon Palace this time, apart from the formation expert, the rest of them were basically demonic beasts in the form of a person.

At the head of the group was a woman with the legendary “undead bird” bloodline, her name was Svira.

At her feet was a demonic beast with the upper half of a dragon and the lower half of a lion, with three heads, a snake head, a goat head and a lion head, called Kembra.

“We don’t want to be your enemy this time. If you hand over the little girl called ‘Miao Fengling’, we will not kill anyone, otherwise, we will crush your ‘Medicine League’.”

The leader of the group, “Svira”, raised her spear in her hand and said loudly.

As she spoke, a huge fire bird rose into the sky, carrying a terrifying aura.

Once it was in the air, it spread its wings and waved its tail, chirping loudly so that all the people in the secret realm of the Pill Alliance could hear its cry.

The “Pill Garden Elder” sighed helplessly, then quickly flew to the vicinity of the “Heavenly Demon Palace” group, and said respectfully.

“Everyone from the ‘Heavenly Demon Palace’, I’m really sorry, the ‘Miao Fengling’ you are looking for has been taken away by our ‘Supreme Elder’, even We don’t know where she is either, if you don’t believe us, you can look around, we definitely won’t stop you.”

What the “Elder of the Medicine Garden” said was true.

But Svira didn’t believe it at all, and she looked at the Elder of the Medicine Garden and said.

“You want to play with me, right? This secret realm is so big and there are so many people, how can we possibly find them?”

With these words, she quickly raised her hand and with a flash of fire, the poor “Pill Garden Elder” was turned into ashes.

“Behind him, the people who had come with him were so frightened by the sight that their legs went weak.

“Svira” said coldly.

“Go, hand over that little girl, or you’ll end up like him.”

At that moment, the closed formation at the door suddenly fluctuated and a young man appeared at the door with a smile.

“Here I am!”

Ye Luo said as he looked towards the crowd.

Chapter 537

When they saw Ye Luo coming, the crowd was surprised at first, but then their expressions turned gloomy because they had indeed seen Ye Luo’s scene of “slaughtering gods” on “Mount Fuji” before, but there was no way to compare those gods with those from the “Heavenly Demon Palace”.

This time, there were ten “God Transformation Realm” experts.

At this time, many more people from the Pill Alliance flew over from afar, among them were the Pill Premium Elders and Pill Shu, but the Supreme Elder, the Heavenly Doctor Elder, was not there, and neither was Miao Fengling, because the Pill Alliance had also taken this into consideration, so they had taken Miao Fengling away long ago.

“As righteous people, the Pill Alliance would never let the people of the Heavenly Demon Palace have an easy time, because in their eyes, the Heavenly Demon Palace represented “evil”.

However, when Pill Shu saw Ye Lu enter alone, she became worried.

“Ye Lu, you should go now, there are too many of them.”

Before Ye Lu could answer, those people from the “Heavenly Demon Palace” surrounded Ye Lu first, and one of them looked at Ye Lu with a fierce face and said.

“Ye Lu, right? Since you’re here, don’t leave.”

Ye Lu said with a smile.

“Yeah, I didn’t want to leave, what’s the matter?”

When this guy heard Ye Lu’s words, he slapped his palm at Ye Lu, and the black ghostly qi quickly coalesced into a black skeleton, which was extremely large, and then the skeleton opened its big mouth and bit at Ye Lu.

However, to his surprise, Ye Lu quickly released his “Blazing God Blade” and slashed at the skeleton and the person behind it.

The golden flames were like a waterfall falling from the sky, “Brush! The man behind the skeleton was also struck by the flames of Ye Lu’s sword, and although he was not cut in half like the skeleton due to the presence of his defensive clothing, he was suddenly set alight.

After that, the “defensive clothing” fell to the ground with a “clatter!” It fell to the ground with a crash.

Seeing this scene, everyone had a surprised look on their faces.

Previously, at Mount Fuji, Ye Lu had struggled to beat up a person at the Yuan Ying realm, but now he had directly killed a person at the God realm.

Even the people from the Heavenly Demon Palace drew in a breath of cold air.

“What kind of flame is this?”

“That’s right, it’s terrifying!”

“How can it be so strong!”

.....

However, the undead bird “Svira” at the head was not afraid, she looked at Ye Lu and waved her hand, the remaining eight “God Transformation Realm” experts “Hula!” They surrounded Ye Luo in the middle.

“Ye Lu

Seeing this scene, Pill Shu and those who knew Ye Lu shouted in surprise at the sight of this scene, because being surrounded by these people, Ye Lu could not run away even if he wanted to.

However, Ye Lu smiled and said.

“Everyone doesn’t need to be afraid, killing a few of them is practically a piece of cake.”

Hearing Ye Luo’s words, those guys from the Heavenly Demon Palace said disdainfully.

“Sh*t! You can just blow it.”

“That’s right, fool around while you’re dying.”

“Well, this is your last words.”

“Kill!”

.....

Following that, everyone launched an attack towards Ye Lu.

“Ah!”

“Waaaah!”

.....

Many women let out shrieks of shock at this scene, especially the few of them, Pill Shu, who was already covering her mouth in fear and didn’t know what she should say.

Following that, all sorts of attacks fell on Ye Lu's body.

However, the various weapons and law attacks were all blocked by Ye Lv when they hit Ye Lv's body, which was not only covered with densely entwined "Heavenly Vines", but also had a golden "Flame Shield".

Although the opponents were all "Lower Gods", there were three, six and nine classes of Lower Gods, and they were divided into "First Lower God" to "Third Lower God" according to their cultivation levels.

"Poof!"

Ye Lu spat out a mouthful of blood, and then shook his head.

The reason he had to do this was to see what the limit of his defence was, so that he could have a good idea.

Seeing Ye Luo spitting blood, everyone once again exclaimed in shock, however, Ye Luo casually waved his hand and then, quickly raised his hand.

Following that, a strong man with vajra rage appeared.

This fellow had bare arms, stared at bronze bell-like glasses, and held a long demon-subduing pestle in his hand, while emitting a thick ghostly aura from his body.

When they saw this guy appear, the people of the Heavenly Demon Palace frowned, because they did not expect that the one Ye Lu had summoned was actually a "God Transformation Realm" expert.

However, what everyone did not expect was that another one of these vajra rage guys would appear, followed by another one, another one, another one, another one

The black men were still appearing, one after another, dozens of them in the blink of an eye.

"Wow!"

"Oh!"

"Awesome, awesome."

"This is too awesome!"

.....

Now everyone was moved, if it was just one or two, it would not be a big deal, but with Ye Luo's hand, the dense "Shura" seemed to be endless.

"How about this? Is this enough to deal with you, if not, there's more."

Ye Luo stopped summoning and looked at the people of the "Heavenly Demon Palace" and said with a smile.

The crowd stopped talking, because what Ye Lu had just shown had shocked everyone, this was simply something that no one could do.

After that, Ye Lu looked at these people from the "Heavenly Demon Palace" and said with a smile.

“Is there anything you want to say?”

One of them thought for a while but finally could not hold back and said.

“Can we be spared?”

As a result, Ye Lu smiled and said.

“Of course, otherwise, I would have ordered you all to be finished off long ago, right?”

Then Ye Falling smiled again and said.

“Alright, next, all of you establish a ‘master-servant contract’ with everyone from the ‘Pill Alliance’, after that, I have something to discuss with you.”

Hearing Ye Luo’s words, all the people of the ‘Pill Alliance’ were taken aback because they did not expect Ye Luo to actually hand over all the people of the ‘Heavenly Demon Palace’ to himself.

However, when they were confused, Ye Lu already smiled and turned his head to the crowd and said.

“Alright, let’s make some arrangements and see who is destined to be with whom, then establish a ‘master-servant contract’.”

Ye Luo had a top-grade “master-servant contract” in his hand, and it was no problem to establish a master-servant contract across a large realm, so anyone who had crossed into the “Yuan Ying realm” could basically find someone to establish a “master-servant contract” with.

Of course, a cultivator without a bloodline like Pill Shu, who was still at the “Golden Dao”, would not be able to establish a “master-servant contract” with someone at the God Realm.

“Ye Lu, we don’t have enough Yuan Ying realms here.”

After all, there were very few Supreme Elders left at the Pill Alliance’s headquarters.

Most of the “Heavenly Elders” were teaming up to cultivate in some terrifying secret realm, trying to improve themselves, because other than that, every time they improved a realm, their life expectancy could increase by a large step, and when they reached the level of “YuanYing realm”, improving a small realm could add ten years to their lives, and after a few realms, they could live a generation longer.

So, Ye Lu thought about it and said.

“Good, then let our people go first, because I need everyone to be able to listen to me.”

In Ye Luo’s mind, he had already conceived a plan, he wanted to see where the “Heavenly Demon Palace” got the information about the “Immortal Palace Key” from.

Soon, Ye Lu released the Dragon and Vermilion Bird Clans, and they quickly began to establish a “master-servant contract” with the people of the Heavenly Demon Palace.

After that, Ye Lu took out the “Magic Puppet” and the blood he had prepared earlier.

Because of the existence of the Demon Puppet, Ye Lu had prepared all kinds of blood in advance, and this time it finally came into use. He used Miao Fengling's blood to turn the Demon Puppet into Miao Fengling, and then let these people from the Heavenly Demon Palace take the Demon Puppet away.

This was also a plan that Ye Lu had thought of long ago.

Ye Lu also had the Immortal Mansion Key, so he knew that he only needed to confirm this once, so there was no need to worry about Miao Fengling revealing her identity.

Therefore, when Ye Lu heard that the "Heavenly Demon Palace" had such a plan, he had already started to think of a countermeasure.

After all this was done, Ye Lu let the people from the Heavenly Demon Palace take the demon puppet and leave. Only after that did someone come and tell Ye Lu that the Pill Garden Elder had just been killed by the people from the Heavenly Demon Palace.

Hearing this news, Ye Lu couldn't help but sigh.

The "Pill Garden Elder" had always supported himself and treated him well, so it was a pity that he had died like this.

As a result, when Pill Shu saw Ye Lu's expression, she came over and said.

"Ye Lu, don't blame yourself, this matter is not your fault either, we have to thank you a lot, if you didn't come, I'm afraid none of us would have survived."

Ye Luo sighed helplessly afterwards.

It seemed that these old monsters' obsession with "eternal life" far exceeded their own imagination.

However, thinking about it, he had only lived for a short time, he was full of longing for life, and it could be said that he was just at the beginning of his life, so he did not have any feeling about old age, sickness and death, etc. I guess only when one reaches the end of one's life and death, or when one gradually grows old and dies, will he truly appreciate how important it is to become immortal and transcend life and death.

As long as one can increase one's longevity, a billion dollars of assets, or even the entire family fortune, is nothing.

"Right, even the Black Dragon is so crazy."

When I think about the fact that the "Hell Devil Dragon" actually gave all the "Shura" in the "Abyssal Hell" to himself, this gesture can be described as crazy.

"It looks like the 'Hell Devil Dragon' is having a hard time living in that place it mentioned!"

Ye Luo became more and more curious as to where these super experts had gone after leaving their doppelgangers on this side, was it the so-called "other side".

Anyway, it was definitely not a paradise, it must be a rather difficult place, that's for sure.

Seeing that the crisis had been lifted, the people of the Pill Alliance all gathered around to thank Ye Lu.

Ye Luo took back his “Xiu Luo” and then called “Pill Shu” over.

“Pill Shu, you are indeed quite talented, if you continue to cultivate normally you will definitely have a great future, however, your speed will be much slower, now I will give you a chance to open up, I want to help you fuse the bloodline of the ‘Divine Farmer’, are you willing?”

“The “Shennong Clan”, “Yellow Emperor” and “Chi You” are all ancient orthodox “gods”, if you can possess the bloodline of these people, your cultivation will be twice as effective.

However, the “Shennong bloodline” could not be devalued, mainly because of the inheritance of the bloodline, and Ye Lu had the ability to purify the bloodline, so he could fuse the pure “Shennong” bloodline into Pill Shu’s body.

Of course, Yushu fully agreed.

With that, Ye Lu began to help Pill Shu purify her bloodline while observing the demon puppet that had been taken away, while the women stayed in the Mundane Realm for a while before returning to the Abyssal Secret Realm.

This was also Ye Lu’s intention to open up the Abyssal Realm, to find a place where they could hide and hide at any time.

This would be of great help to their growth, especially for those “original spirit beasts”, as it was a rare opportunity to practise their fighting skills.

He was not able to do anything else, but his mimicry was perfect, so he did not show any flaws.

The place was called “Paradise Lost”, and not only was the scenery very beautiful, but it was also inhabited by some creatures that seemed quite bizarre to Ye Lu.

These creatures were very different from the ones Ye Lu had seen before, and they were also different from the characters of the “Heavenly Demon Palace” that he had seen before, but from the appearance, the biggest characteristic was that these guys all had “horns” and “wings”, the difference being the look of the horns and wings, and the number of them would be different.

The difference is that the number of horns and wings is somewhat different. As for the appearance, there are a lot of strange things, some resembling human forms, some resembling demonic beasts, and some resembling ghosts, and there is also a huge difference in size, some are as big as mountains, while others are as small as mosquitoes.

What made Ye Luo feel really weird was that he felt through the “demon puppet” that what was inside the other party’s body was not “Yuan Power” or the “Spiritual Power” he possessed, but something else, full of “Demonic Nature”, giving people a feeling of evil and power.

“Sure enough, these guys are not from this world.”

Ye Lu secretly muttered.

In Buddhism, there was a saying called “Outer Way Heavenly Demons”, which referred to things that came from outside the world, and there was also a secular saying called “Evil Demons Outer Way”, which referred to the same thing.

“It looks like the ‘Hell Demon Dragon’ had a point in telling me to be careful of the people from the ‘Heavenly Demon Palace’.”

When he saw this scene, Ye Lu muttered secretly.

The most important reason why he was so strong was that he was using “Spiritual Power”, which allowed him to fight directly across a large realm.

At the same time, the existence of “spiritual power” also allows one to escape the detection of “divine sense” and block the attacks of all kinds of “qi” that are weaker than one’s own. If the “Outer Way Heavenly Demons” also possess similar abilities, then it makes sense that everyone has spread the word about them being so powerful.

“Those acting outside should be nothing more than puppets of the ‘Outer Way Heavenly Demons’.”

Ye Lu felt that most of the so-called demons and monsters affiliated with the “Heavenly Demon Palace” had been corrupted by their temporary “demonic energy” and turned into their followers.

The real “Heavenly Demon” of the “Heavenly Demon Palace” is probably still unknown to most people.

“It’s a pity that the ‘demon puppet’ doesn’t have ‘glasses’, otherwise I would have been able to take a look at these guys directly.”

However, through this undercover operation, Ye Lu did have a basic understanding of the nature of the mysterious “Heavenly Demon Palace”, but, accordingly, the “Magic Puppet” was also trapped, and could only be retrieved when there was a chance.

Soon, after a day or so, Ye Lu helped Pill Shue purify and fuse the bloodline of the “Divine Nong”.

“Brush!”

The tall silhouette of Shennong appeared above Pill Shu’s head, and her cultivation level was raised by a small level due to the fusion of her bloodline.

“Ye Lu, thank you so much.”

Pill Shu said with a red face towards Ye Lu as she remembered what had happened between her and Ye Lu again.

The atmosphere suddenly became a little awkward.

Ye Lu was not good at dealing with such situations, so he hurriedly looked for an opportunity to run away, and so did Pill Shu.

Seeing this scene, the “Pill Master Elder” sighed quietly.

After Ye Lu left the secret realm of the Pill Alliance, he returned to Liao City without stopping, and in the sky above Liao City, he suddenly felt some emotions.

This was the place where he had lived for eighteen years, but what kind of amazing secrets were hidden here?

Chapter 539

So, Ye Luo wanted to scan the whole city and its surroundings to determine how many secret places there were first.

As a result, he found that there were not many secret places around Liaocheng, two of which had been developed, one near Yunlu Palace and the other atop Tianma Mountain.

“Tianma Mountain, Zhang Tian, the Zhang family’s villa”

Seeing this scene made Ye Lu think of many things that had happened before, and he felt that the place where the “Immortal Pill” was found and where Zhang Tian obtained his heritage should be this secret realm.

So, Ye Lu decided to visit this secret realm first, and then go to the city to catch up with his old acquaintances.

The entrance to this “secret realm” was not far from the Zhang family’s villa, but Ye Lu saw that the Zhang family’s villa did not seem to have been lived in for a long time, although it was not in disrepair, but it was overgrown with weeds, and some of the glass was broken.

After all, this was a villa.

To the Zhang family, who had “one man and a dog”, this was probably not even a fart, but to the people of the secular world in Liao City, the villa was still a rather charming place.

“Zhang Tian is really cautious!”

Ye Lu looked at the empty villa and muttered.

Apparently, Zhang Tian had already moved his family out, so that he would not be left with any worries.

Ye Lu didn’t bother the men and women who had gone out to the countryside to have fun, but flew directly towards the place where the “secret realm” was located.

However, Ye Lu still cautiously coiled the “Heavenly Vine” around his body, then took out his “Blazing God Blade” and released his “Flame Shield” before walking towards the entrance.

This was a place related to the Immortal Mansion of the Fairy of the Fallen Haze, so Ye Lu did not dare to take it lightly.

After being fully armed, Ye Lu took a deep breath and walked into the entrance.

Sure enough, after entering, his eyes were opened to a huge palace with carved beams and a dusty atmosphere.

The architectural style of this palace was different from any on Earth, but, to Ye Lu’s surprise, the “glasses” actually recognised the place and gave a brief description.

“Hall of Many Treasures Inheritance: part of the treasures of Fairy Lok Ha, and part of the inheritance is enshrined here, and can be obtained by those who have a destiny, there is a ‘Nine Treasures Linglong Tower’ inside, according to the level of ‘inheritance’ awakening, you can unlock the different layers of the ‘Nine Treasures Linglong Tower’ and get the corresponding treasures”

Seeing the introduction of this “Hall of Many Treasures Inheritance”, Ye Lu probably understood what Zhang Tian had obtained here.

He should have taken the “Nine Treasures Linglong Pagoda”, since this thing could only be controlled by Zhang Tian, that’s why the people of the “Xuan Tian Clan” were so fond of Zhang Tian, most of this pagoda had other effects, so Zhang Tian could live so well.

Of course, Zhang Tian was too weak to start with and needed the protection of the Xuantian Sect, so the two sides hit it off immediately, which led to this cooperation.

As he thought about it, Ye Lu walked towards the direction of the hall, and then he saw nine stone piers around the hall, but Ye Lu felt that there should be something on them.

So, he used his glasses and began to observe.

As a result, he found that there was indeed something up there before, and on the nine pillars there were nine things called “Fallen Emissaries”, but since the things on them were not there, Ye Lu did not know what they were for and where they had gone.

It was probably because after Zhang Tian had received part of the inheritance and the “Nine Treasures Linglong Tower”, these so-called messengers had left the place.

Following this, Ye Lu walked inside the main hall.

There was no surprise, the hall was empty, and there was no telling what was inside before, but now there was nothing.

“This kid Zhang Tian is very lucky!”

Ye Luo muttered with some emotion as he walked back and forth in the great hall.

However, Ye Luo was a bit puzzled as to what the so-called “Fairy Lok Ha” was trying to do by going to all this trouble to attract everyone to her “Immortal Palace”.

Was it really all for the benefit of everyone?

However, he looked around the “Multi Treasure Inheritance Hall” and the surrounding area for a long time and found that there was nothing left behind, so he left the secret realm with some reluctance.

“Since I’m back, I might as well go back and take a look.”

After coming out, Ye Lu looked at the sky and the city of Liao not far away, and then flew towards the city of Liao.

He first looked around the school, and since he hadn’t been away for long, everything in the city still looked basically the same and hadn’t changed much.

After that, he went to see Elder Shen, Elder Su, Grandmaster Hua and the others, and of course left some of the various heaven-defying pills for them.

Now Ye Lu was different from before, he could be described as “a bird and a gun for a cannon”, most of the heavenly pills Ye Lu could now refine.

When Shen Lao heard that he could once again raise a big realm with the pills, he was simply surprised and went crazy.

“That Ye Lu, just how high is your current cultivation level?”

Elder Shen asked with some curiosity.

Ye Luo then smiled and said.

“My current cultivation level is indeed quite high, but that’s not a good thing, it’s still the right way to live in a small city like you and live in peace and quiet.”

Hearing Ye Lu’s words, Shen Lao then laughed and said.

“How long has it been, why are you talking in an old-fashioned way? Wait until you reach my age before you make such sentiments.”

When Elder Shen finished speaking, Ye Lu also laughed, he also felt that his sentiments seemed to be a bit premature, but, to be honest, he himself was not afraid of tossing and turning, and it did not matter if he lived or died, but what made him care was to involve other people in danger, which was what Ye Lu was worried about.

However, to be honest, “one cannot help oneself in the jungle” and some things cannot be avoided just because one wants to, so Ye Luo just lamented about it.

After visiting these old people, Ye Luo went to look for policewoman Mo Wen again.

“Huh! Ye Luo, you’re here, quick, hurry up and help me solve the cases, these cases are worrying me to death.”

After seeing Ye Luo, Mo Wen was her usual self and called Ye Luo in with a breeze.

Ye Luo then looked at her and said with a smile.

“Good, don’t be anxious, don’t be anxious, I’m here, I’ll help you out soon, what I want to ask you is, has your precious daughter marketed out yet?”

Ye Lu hadn’t contacted Mo Xiaomi for a long time, so he didn’t know how Mo Xiaomi was doing.

It wasn’t that he didn’t want to help take care of Mo Xiaomi, mainly because, his help would probably get more and more helpful, there were too many people who targeted him.

So, Ye Luo was using a distancing strategy towards all these people. Ye Luo, reckoned that his strategy was definitely going to annoy this gorgeous policewoman.

Sure enough, upon hearing Ye Luo’s words, Mo Wen snapped over and grabbed Ye Luo’s ear and said.

“You little brat, you’re still talking, causing my daughter to get lovesickness and then running away, what the hell are you thinking?”

“Acacia?”

Hearing Mo Wen's words, Ye Lu was confused instead, he felt like he hadn't done anything with Mo Xiaomi ah, just helped her get a lot of money to use for charity.

As a result, from Mo Wen's counting, he realised that it turned out that Mo Xiaomi was the only one who supported her in this matter of charity, and no one else understood her, plus her relationship with Mo Wen was not good, so suddenly there was someone like Ye Lu who didn't need to see her through coloured glasses and at the same time was generous enough to help, so it immediately touched her teenage heart.

It made her feel good about Ye Luo all of a sudden.

This was something Ye Lu had not expected, so he hurriedly explained to Mo Wen and told her that her daughter would definitely be in danger if she followed him, and that it might not take long for her to die.

After explaining for half a day, Mo Wen accepted it, and following that, she looked at Ye Lu and said.

"Hurry up and help me with the case, there have been a few bizarre cases in the city recently, which seem to be related to the 'Demon Race', and it's already difficult for us ordinary people to solve them."

Chapter 540

Hearing that the "case" was actually related to some "demon race", Ye Lu's interest came to a head.

"What kind of case is it? Tell me about it, I should be able to help."

As a result, Mo Wen said with a straight face.

"Actually, it's not the first time a similar case has happened to hunger, some time ago there were always weird outsiders hanging around various parts of the city, some people used to see scary huge flying birds hovering in the sky in broad daylight, and others used to see demonic beasts out and about."

As he spoke, Mo Wen said with a sigh.

"To be honest, sometimes, I feel like I'm not a policeman from Earth anymore, according to your popular saying, it seems like I've become that 'next dimension' or something?"

Leaf Fall hurriedly reminded.

"Secondary."

Mo Wen then said with a slap.

"Yes, it's 'secondary police', anyway, it's all cases that don't seem to happen on Earth."

As he said that, Mo Wen slapped some photos in front of Ye Luo's face.

Sure enough, they were all pictures of various demonic beasts, and strange people that people had recorded by chance.

Of course, Ye Lu knew very well in his heart what these were all about, the reason why the demons were in chaos was because the news of "Zhang Tian" had started spreading.

Everyone knew that this was the source of Zhang Tian's rise to power, the place where the "Immortal Pill" had once appeared, so of course, they had to come and have a look.

In fact, such a thing had started a long time ago, when Ye Lu was still studying, the story about the Zhang family getting the "Immortal Pill" was spread everywhere, otherwise how could he, an ordinary student, know about the Zhang family?

In other words, when Zhang Tian had obtained the Immortal Pill, most of the people were present or knew about it, which was why it was so widely spread, but Ye Lu felt that most of those people had already been dealt with by the Xuan Tian Clan.

These guys were absolutely murderous and unblinking fanatics.

However, since this was the place where the "Immortal Pill" originated, and since the story of the "Immortal Mansion" was now gradually spreading, it was impossible for the major powers not to come here to take a look.

Ye Luo felt that there might be some kind of force that had permanent staff here.

For these cultivators, the laws of the world did not bind them much, and now that the chaos had begun, it was only a matter of time before the major powers merged, so they would not care about the order of the world.

So, Ye Lu patted these pictures and said.

"I'm basically clear about the origin of these guys, don't worry, I'll take care of it, besides what exactly is the recent matter you said related to the 'Demon Race'?"

Ye Luo was of course most concerned about the matter of the Demon Race.

However, this time Mo Wen didn't take out a photo, but said.

"The matter was in the vicinity of the 'Yun Lu Palace', and some people said that they saw the 'Yun Lu Palace' Palace Master fighting with the 'Demon Beast', however, I had sent someone to investigate, the 'Cloud Foothill Palace Master' denied the matter, however, we later found out that a mountain on that side had been sliced open, and half of another mountain had been leveled."

"You may not believe me when I say this, but that handiwork, it was simply terrifying, reminiscent of the gods who moved mountains and reclaimed land, if there really was such a thing, I don't think destroying a whole city would be a problem."

She said with a backward look on her face.

For his part, Ye Lu nodded and said.

"Yes, you are indeed right to worry greatly, there are many terrifying things in this world that are simply unthinkable once they get out of control."

As he spoke, Ye Luo thought of the tide of beasts he had encountered in the "Secret Realm of the Ten Thousand Beasts".

For a beast tide of that scale, it would be easy to flatten the entire Secular Realm, and as for knocking down a mountain, even a YuanYing realm expert could do it, and it would be even easier for a God Transformation realm expert, which was why they rarely walked in the world, the destruction was too great.

However, it seems that this matter must have something to do with the “Yunlu Palace Master”.

As he had helped the Cloud Lu Palace Master before, Ye Lu felt that the Cloud Lu Palace Master would not harm him, so he decided to go to the Cloud Lu Palace to have a look.

So, he quickly said goodbye to Mo Wen and flew over to the Yunluo Palace.

However, just as he landed on the clearing in front of the Cloud Lu Palace, a beautiful figure flew out from the Cloud Lu Palace, and it was the Cloud Lu Palace Master.

“Yell! Ye Lu, what brings you here?”

The “Yun Lu Palace Master” looked up and down at Ye Lu and asked with a smile.

However, she was surprised because she found out that she was already so strong, but she could not even tell Ye Lu’s background, this Ye Lu made her feel a bit unfathomable.

And Ye Lu was equally astonished.

It was only at this moment that Ye Lu discovered that the hidden bloodline of the “Yun Lu Palace Master” had already awakened, probably a long time ago, and her bloodline was “Lu Zui Daoist”.

At this moment, the “Yunlu Palace Master” was already at the “Yuanying Realm”, even though she was only at the level of “First Transformation of Yuanying”, but she was not like the women around Ye Lu, she did not have so many heaven-defying pills that Ye Lu had.

After that, without waiting for Ye Lu’s answer, the “Yun Lu Palace Master” directly made her move.

After she raised her hand, a white light rushed towards Ye Lu, turning into a luminous white sword on its way to Ye Lu’s chest.

As a result, Ye Luo just casually waved his hand.

“Boom!”

After an impact sound, the white longsword shattered into pieces and dissipated into the air.

“Wow! Awesome!”

Seeing this scene, the “Yun Lu Palace Master” stared in astonishment.

Although this was not one of her best moves, Ye Lu actually cracked it so lightly, what kind of level of cultivation had Ye Lu reached?

“Well, Lord Palace Master, there’s no need to try, you can’t hurt me even if you use your strongest attack, I’m much stronger than you are now.”

Seeing Ye Lu’s confident and slow look, “Palace Master Yun Lu” brushed aside her mouth and said.

“That’s not necessarily true, if I use ‘Spiritual Treasures’ or even you are not my opponent, I have killed a member of the ‘Heavenly Demon Clan’.”

Hearing the words of the “Yunlu Palace Master”, Ye Lu immediately took over and said.

“Lord Palace Master, I was about to ask you about this, what exactly is the matter with the ‘Heavenly Demon Race’ and the ‘Outer Way Heavenly Demons’? Also, what exactly are you and how can you be so strong?”

After hearing Ye Lu’s words, the “Yun Lu Palace Master” smiled and said.

“Come in and talk, it just so happens that I have some good tea here.”

With these words, she waved her hand at Ye Lu.

Ye Lu followed her to the inside of the Yun Lu Palace and was amazed by the tea offered by the Yun Lu Palace Master, because it was not just any tea, it was something called “earth fat”, and the water used to make this “earth fat” was also extraordinary, it was “five-coloured dew”.

Both of them were called “divine medicines” by the “secular world”, and even Ye Lu had never seen them before, they were truly rare and heavenly treasures.

“Do you usually drink this?”

Ye Lu looked at the tea bowl and said with some surprise.

This “Yunlu Palace Master”’s generosity was simply a bit appalling.

The “Yunlu Palace Master” smiled and said.

“Yes, it looks like you know about these two things, to be honest, I am actually from ‘Kunlun’, before I was an invalid, but now I am a free immortal.”

Hearing her words, Ye Lu was once again surprised, he really didn’t think that the “Yun Lu Palace Master” originally belonged to the Kun Lun lineage as well.

“It’s a pity that I could only see a limited amount of things with my glasses at that time.”

Ye Lu lamented a little in his heart.

When he had met the “Yunlu Palace Master”, he had only just received his glasses, so he had not been able to see the complete information of the other party.

The “Yunlu Palace Master” continued.

“Moreover, I still have in my hand a super ‘spiritual treasure’ from the ‘Western Queen Mother’ called the ‘Immortal Cutting Flying Dagger’

Just at this time, suddenly a Daoist nun ran in and said.

“Palace Master, it’s not good, another person from the ‘Heavenly Demon Race’ has come.”
