

Super Student 551

Chapter 551

Yes, Leafall had disappeared right under his nose.

“What’s going on?”

“He didn’t know that Ye Lu had used the bloodline power of “Glajan Labors”.

Compared to other practitioners, another advantage of Ye Lu was that he could borrow the bloodline power of other practitioners through his blood, but of course, this was also related to the level of the practitioner.

“Even if Ye Lu used his bloodline, it would be difficult for him to be invisible for ten minutes like “Glajan Labors”, which he estimated would only be a matter of minutes, because Ye Lu was now close to ” In terms of combat power without any increase, it was close to the “God Transformation Realm”.

In addition, the invisibility of Glayan Rabble could indeed escape the detection of the “divine Sense”, but it was not a real disappearance, in other words, the body was still there, as long as the attack was launched, the force of heaven and earth would be detected. In other words, the body is still there.

“After a moment of panic, Venerable Xuan Yun regained his composure and quickly released a dense mist from his body.

These mists were part of his ability to conduct a full investigation of those in the “mists”.

However, he waited for half a day, but there was no movement, Ye Lu did not come in, he only heard the sound of a fierce fight outside.

“Sh*t! Fooled!”

He finally understood that he had fallen for it, it should have been Ye Lu who used this method to hold himself back and then stealthily went to attack those who were easier to kill.

In fact, he had guessed correctly, that was exactly what Ye Lu had done.

For a super expert like “Venerable Xuan Yun”, it would be difficult for Ye Lu to hurt him even if he released the fusion flame, after all, the difference in realm was too great, but it was different for a “First Class Lower God”. “Of course, these guys were protected by a set of “spiritual treasures”, so they must be much more resistant than the “Shura” who had nothing, but Ye Lu felt that his own flame But Ye Lu felt that his flames could still kill the opponent.

Therefore, his attention had already shifted to giving help to the others.

“How cunning!”

After discovering this, “Venerable Xuan Yun” immediately decided to join the battle circle and capture Ye Lu first.

However, immediately afterwards, he noticed that a candle had silently appeared on his chest.

He immediately became aware of a rumour, but the rumour he knew was not about Qin Shiyu, but about the Heavenly Demon Palace, where he had heard that a mysterious woman had appeared, who could light a candle at the heart of a person. "Once the candle is extinguished, the person will die.

"The Heavenly Demon Palace is here!"

He muttered in surprise, but immediately afterwards, he found that countless attacks were launched towards him.

Since Qin Siyu had already arrived and the "Candle of Life" was lit, Ye Lu was not polite, "Catch the thief and capture the king", this fellow was the most difficult to deal with, he had to be taken out first.

At the same time, Venerable Xuan Yun also discovered something else, he saw that a strange looking ghost with countless ghosts and weird bats appeared, it was none other than the "Wine Swallow Boy" and the "Ghost Bat". It was none other than the "Drinking Boy" and the "Ghost Bat".

Although these guys were only at the YuanYing realm, they were huge in number and were perfect for clearing out the minions.

The situation was like an ant colony crossing the border, except for the equipment, the cultivators were almost eaten to the ground.

He already regretted that he hadn't brought a large force with him, as this was an elite operation, so they had only brought more experts from the God Transformation Realm. However, he did not expect that the number of "God Transformation Realms" that Ye Lu could summon would be too large, too large to imagine.

As a result, the "Candle of Life" on his chest began to burn rapidly under everyone's indiscriminate attacks.

This scene took him by surprise, and he quickly activated the Jade Void Glazed Lamp in his hand, releasing all the people from the Hundred Flowers Sect he had packed in, with the sole purpose of holding back Ye Lu's attack.

However, he immediately realised that he had made another mistake. As soon as the people appeared, Ye Lu had the Scarlet Queen move in and put all of them into the Blazing God Blade.

This operation directly shocked the "Venerable Xuan Yun".

He didn't understand what was happening, but Ye Lu didn't want to give him the chance to understand it either. In the moment he was dazed, all the terrifying attacks hit him, while Ye Lu merged with Qin Siyu and swiftly activated the Candle of Life.

Qin Siyu was growing like a bamboo shoot, so her power to control the Candle of Life was also strengthening day by day, which made Ye Lu feel extremely relieved.

The Candle of Life on his chest went out instantly, and his body fell to the ground.

As for the other experts of the Xuan Tian Clan, Ye Lu did not kill them, but instead incorporated them, establishing a "master-servant contract" of course, Ye Lu believed that this snowballing method was definitely the most suitable strategy.

After all this, Ye Lu looked at the “Wine Swallow Boy” and the “Ghost Bat”, and finally, Ye Lu decided to raise the “Wine Swallow Boy” up first.

After all, the promotion of the “Wine Swallow Boy” was of the kind where “one person can achieve the goal and the chickens can rise to heaven”. This is something that many other people, demonic beasts and so on, cannot do at all.

So, Ye Lu sorted out all the heavenly treasures he had obtained from the Daoist of Many Treasures and gave them to the “Wine Swallow Boy” to use, as for the others that would not be effective immediately, he also gave them to the “Wine Swallow Boy”. He believed that with so many treasures and the “Abyssal Mysteries”, the special environment, the powerful “Abyssal Mysteries”, and the “Abyssal Mysteries”, he would be able to use them all. He believed that with so many treasures and the special environment of the “Abyssal Secret”, the powerful “Ghost King’s” troops would not take long.

As for the “Ghost Bats”, it was up to them to make their own luck, Ye Lu had already classified these guys as auxiliary combatants.

However, Ye Lu then thought of a place, and that was the Abyssal Hell. In the Abyssal Hell, there were ghost generals who could use the “Ghostly Inferno”, and “Therefore, Ye Luo felt that it would be a good idea to let the Ghost Bats enter the Abyssal Hell to train. “Therefore, Ye Lu felt that it would be a good choice if the Ghost Bat was allowed to enter the Abyssal Hell to cultivate.

On the other hand, it was not very suitable for the “Drinking Swallow Boy” to go to the “Abyssal Hell” because all the “God Transformation Realm” experts in the “Abyssal Hell” had been killed by Ye Lu. All the experts above the “God Transformation Realm” had been taken away by Ye Lu, so there was little point for it to go in.

So, Ye Lu rearranged the actions of the two parts of the guys.

As for all the people of the Hundred Flowers Sect, after this incident, Ye Lu decided to take them to the headquarters of the Hundred Flowers Sect, as he still had a lot of things to give to the Hundred Flowers Sect anyway. He still had a lot of things to give to the “Hundred Flowers Sect” anyway.

In addition, the “Secret Realm of Spiritual Stones” also needed to be visited.

Moreover, during this crisis, Ye Lu had never seen Liu Mei appear, which meant that the “Hundred Flowers Sect” people had hidden her.

It was this kind of love that Ye Lu had to repay.

“Alright, Siyu, you guys take this ‘Xuan Tian Clan’ guy back first, I’m going to take the ‘Hundred Flowers Clan’ people to their headquarters.”

Hearing Ye Lu’s words, Qin Siyu nodded, she also knew that Ye Lu was now anxious to improve his strength, and she also saw the treasure of “Daoist of Many Treasures” in her eyes, it was really like a treasure, and it really made people itch to put it there.

After the crowd had left, Ye Lu released all the people from the Hundred Flowers Sect and told them to pack their things and prepare to leave.

“The people of the Hundred Flower Sect understood that it would be very dangerous to stay here any longer.

“Where’s Liu Mei? Where have you hidden her?”

Ye Luo looked at Elder Narcissus and asked.

“Elder Narcissus” did not answer, but looked at Ye Lu with some emotion and said.

“Don’t worry, Liu Mei will be fine, she is in our secret room, a few girls are guarding her, but, you are too scary, aren’t you a match for the Exalted One?”

Chapter 552

Of course, “Elder Shui Xian” knew about the secret affairs of the sect, and the fact that Ye Lu could lift such a crisis meant that his overall combat power had already reached a certain level of terror.

Ye Lu smiled and said.

“I wonder if this level is qualified to enter that secret realm?”

“Elder Water Fairy” said with a smile.

“Of course it does, you are also our ‘Suzaku Elder’, aren’t you? What’s more, you’ve brought so many benefits to our clan.”

After listening to the “Water Fairy Elder”, Ye Lu smiled and said.

“Good, then get ready and let’s go, there are still a lot of good things waiting for you.”

What Ye Lu got most from Daoist Duo Bao this time were “magic treasures” and “magic weapons” which were most suitable for the people of the “Hundred Flowers Sect”.

However, Elder Shui Xian had never been to the “Spiritual Stone Secret Realm”, so she was not sure about the details inside the secret realm.

He gave everyone plenty of time to pack up their things and then found Liu Mei.

At this moment, Liu Mei had become more and more feminine, and it was true that “Eve” was called the first woman.

“Recover!”

After seeing Ye Lu, Liu Mei smiled and raised her hand, Ye Lu felt that the physical strength and spiritual energy he had just consumed by helping Qin Shiyu to light the Candle of Life was recovering rapidly.

“This ‘bloodline divine ability’ is too strong!”

Feeling the changes in his body, Ye Lu was also astonished, he did not expect that Liu Mei could improve so much after not seeing her for such a long time, this could be described as terrifying.

At this moment, Liu Mei's cultivation level had surpassed that of Ye Yan, which was a bit weaker than Qin Siyu, who was a "Candle Dragon", and Ye Lu intuitively felt that this was not normal.

"Liu Mei, give me your hand."

Ye Lu said after thinking about it.

Ye Lu had never explored Liu Mei's body before, so this time he decided to take a look at Liu Mei's body.

As a result, it didn't matter if he took a look, he found that what Wu Mei possessed in her body was not "Yuan Qi" but "Spiritual Energy", the same as himself.

"Huh!"

Seeing this scene, Ye Lu also gave a surprised eek.

"You are the same as me."

Ye Luo said with some surprise.

Among the several women, Qin Siyu was the most special, she possessed an aura unique to Candle Dragon, while Ye Yan and the others still had the same aura in their bodies as cultivators in this world despite having pure bloodlines, only Liu Mei's power in her body was actually spiritual power, which was somewhat unbelievable.

So, Ye Lu began to carefully check out the details of Liu Mei.

As a result, he discovered something else, that is, there was another bloodline in Liu Mei's body, and it was not just one, there was the bloodline of the Chinese "Nuwa", the bloodline of the Babylonian mythology "Timat", the bloodline of the ancient Egyptian sky god "Atum", and the bloodline of the ancient Greek earth goddess "Gaia", at the same time, she also had the bloodline of the Aztec mythology "Snake Skirt"

In short, Liu Mei's body had almost all the bloodlines of the goddesses of creation in it. To be honest, Ye Lu did not expect Liu Mei's bloodline to be so complex.

"No wonder it's so strong! Could it be related to Liu Mei being a mixed blood?"

Ye Lu muttered secretly, the more he looked, the more astonished he was, because he found that not only were there many bloodlines in Liu Mei's body, but each of them was also a pure bloodline, which could simply be described as unbelievable.

Liu Mei was a mixed blood, but Ye Lu did not expect to be mixed like this, which was somewhat unbelievable.

"A goddess!"

Ye Luo looked at Liu Mei and said with a laugh.

Liu Mei immediately looked at Ye Lu with some confusion.

Ye Luo then said with a smile.

“Mei’er, you don’t know that you use the bloodlines of countless goddesses in your body, and they are all true goddesses’ bloodlines, which means that you should be the Goddess of Creation.”

Although, Ye Luo couldn’t figure out exactly how it meant, from his understanding, he felt that things should be just about like that.

However, following that, Ye Lu suddenly thought of something.

“Nuwa! Nuwa? Nuwa

Ye Lu suddenly remembered something, that is, the guy from the “Heavenly Demon Clan” had once said that he seemed to be from the “Nuwa Clan”, and now Liu Mei had the bloodline of “Nuwa”, could it be that this was not a coincidence.

“It looks like I have to find time to go to the ‘Nuwa clan’ to take a look.”

Ye Lu suddenly regretted that he hadn’t contacted the Nuwa Clan before, as he had been close to the Nuwa Clan in the “Secret Realm of Ten Thousand Beasts”, but unfortunately, he didn’t know that the Nuwa Clan had such a strange background.

However, very soon, the women of the Hundred Flowers Clan were all packed up.

“Hey! Elder Shui Xian, how come everyone packed up so fast?”

Ye Lu was also taken aback by everyone’s speed.

As a result, “Elder Narcissus” smiled and said.

“It’s all thanks to you, the storage vessel you got for everyone has a lot of space inside, many people have packed their houses directly into it, do you think it can’t be fast?”

It was also true that in the Hundred Flowers Sect’s branch, many of the buildings were made of bamboo and wood and so on, so they could be taken care of as soon as they were collected with the storage spell.

“Okay, let’s go then.”

Ye Lu looked at the crowd and smiled.

Then, he looked at Liu Mei and said with a smile.

“Mei’er, I originally wanted to give you a gift, but then I thought about it and waited, I will definitely give you a good one when the time comes.”

In fact, at first, Ye Lu wanted to give Liu Mei a “beast egg” that he had obtained from the “Daoist of Many Treasures”, but after seeing Liu Mei’s bloodline, he felt that it was better to wait until he could enter the higher levels of the “Secret Realm of Many Treasures”, perhaps there were better beast eggs up there.

According to Ye Lu’s judgment, Liu Mei’s potential should not be worse than Qin Shiyu’s. Therefore, Ye Lu decided to wait.

Therefore, Ye Lu decided to wait and help Liu Mei to get a stronger “Original Spirit Beast”, although it would be difficult to find a “Original Spirit Beast” like the “Heavenly Sun Candle”, but there was always a need to find a similar one.

When he thought of this, Ye Lu felt a little depressed because his “Original Spirit Beast”, that is, the nameless beast egg, had not yet hatched.

However, under the incubation of the “Three-Legged Golden Crow”, the beast egg did respond, but it had not broken out of its shell.

By Ye Lu’s rough calculations, it had been incubating for more than a hundred days.

“I guess it took so long to hatch because of the wrong breed.”

Ye Luo muttered secretly, but he already felt satisfied, at least from all indications, this “beast egg” could be hatched out this way.

As long as it could hatch out, it would be fine. Anyway, with the help of the “Hwagamir Spring”, it should be able to catch up with his own cultivation.

This was evident from the growth of the “Heavenly Sun Candlelight”.

Liu Mei was curious about what Ye Lu wanted to give herself, but since Ye Lu did not want to say, she did not ask.

“Let’s go then.”

Ye Luo looked at the crowd of the “Hundred Flowers Sect” and said with a smile.

After that, he went to the “Xuanhuo Square” and took away the “Nine Heavenly Xuanhuo” fire pool and the “fire spirit” inside.

In fact, the “Nine Heavenly Mystic Fire” below the Xishuangbanna was even bigger, but Ye Lu did not want to take that fire away, because if he did, the environment of the Xishuangbanna would definitely be damaged.

In this way, it did not take long for the group to reach the headquarters of the Hundred Flowers Sect.

There, Ye Lu was personally greeted by the “Hundred Flower Fairy”, the head of the Hundred Flower Sect.

“Welcome to our ‘Hundred Flower Sect’.”

The “Hundred Flower Fairy” looked at Ye Lu and said with a smile.

This “Hundred Flower Fairy” looked quite young and her looks were indeed worthy of her name, she was born with a lot of charm, really like a fairy.

Ye Lu smiled and exchanged pleasantries before following the “White Flower Fairy” to the “Hundred Flower Clan” headquarters.

“Clan Chief Hundred Flowers, I haven’t made any big contribution to the clan since I became the clan’s elder, so today I’ll give the clan a small gift as a meet and greet.”

With those words, Ye Lu raised his hand, and countless “magic weapons” and “magic treasures” appeared like rain.

Chapter 553

Most of these “magic treasures” and “magic weapons” were brought back by Ye Lu from the secret realm of “Daoist of Many Treasures”, and some of them were collected by him before, because many of them were no longer useful as their cultivation level increased, so they had been left there and Ye Lu had never taken care of them.

When she saw the piles of things, the “Hundred Flower Fairy”’s mouth opened wide in surprise.

This was a huge amount of money.

You know, for the clan, the people who were really always in the clan were mainly those below the “Great Elders”, because only these people would stay in the clan all the time, and after reaching the level of “Great Elders”, everyone would go outside the clan for training, while those Dignitaries were even more invisible, basically not seeing anyone all the time, and some Dignitaries didn’t even know if they were alive or dead.

Therefore, what Ye Lu took out now was what the clan needed most, so how could she not be overjoyed?

“Mr. Ye Lu, this is too much, I’m really flattered!”

The “Hundred Flower Fairy” looked at the various treasures Ye Lu released and was astonished, because she saw that there was actually a “magic weapon” emitting a “Saint Rank” aura, which was quite a difficult thing to obtain.

After all, this was the collection of “Daoist Duo Bao”, he did not collect everything, ordinary weapons and clothes would not enter his eyes.

Ye Lu smiled and said.

“You’re too kind, I don’t have any use for these things, they’re more suitable for my sisters, they’re not valuable anyway.”

Ye Lu had already told the Hundred Flowers Fairy about how Ye Lu had cleaned up all the Xuantian Sect’s venerable members, so the Hundred Flowers Fairy had thought that Ye Lu would be a cold or frightening figure, but now she seemed to be wrong.

Ye Luo seemed to be very nice and generous, giving away so many treasures just like that, which made the “Hundred Flower Fairy” quite touched.

So, she looked at Ye Lu and said.

“I basically know about the deal between the ‘Water Fairy’ and you, since you are interested in the ‘Luminous Stone’, you and I will immediately arrange for the elders to take you into that secret realm, however, it is still very dangerous in that secret realm, because there are very bizarre ‘spirit beasts’ inside.”

Seeing that Ye Lu was somewhat estimating, she quickly explained.

“It’s a real ‘spirit beast’, the power within them is completely different from ours, so it’s exceptionally scary, our elders usually only go in a small portion of it, to be honest, this secret realm I just go in to cultivate my combat power, nothing else is very useful, because those ‘spirit beasts’ and the things inside are completely different from the Yuan Power we cultivate, and can’t be used at all.”

This was what Ye Lu expected, it was the same as they didn’t understand the value of the “Luminous Stone” at all, after so long training before, Ye Lu already understood that “Spiritual Power” was a higher level, so the various props that could enhance Spiritual Power couldn’t enhance the cultivation of ordinary cultivators.

Therefore, it was understandable that the “Hundred Flowers Sect” would treat this secret realm as a useless secret realm.

However, to be honest, after hearing the words of the “Hundred Flowers Fairy”, Ye Luo became even more interested in this secret realm, because it sounded like there were also “spirit beasts” in this secret realm that were completely different from those outside.

Ordinary cultivators could lead a demonic beast as their “native spirit beast”, but in reality, although this “spirit beast” was called a “spirit beast”, it was still a demonic beast in nature, and the power it used was also the native power, but if there was really a so-called “spirit beast” in this secret realm, having a “spirit beast” as a pet would definitely be much more powerful than an ordinary demonic beast.

This could be referred to Ye Lu’s ability to use his spiritual power to challenge across levels, and also to the extraordinary power of the “Heavenly Demon Race”.

Therefore, Ye Luo couldn’t wait to say.

“Great, can I go in now?”

Seeing Ye Lu’s anxious look, the “Hundred Flower Fairy” smiled and said.

“Of course you can, I will let ‘Elder Hibiscus’ and ‘Elder Peony’ accompany you, as it is too dangerous there, the others will not go there, but what I am curious about is, Mr. Ye Luo, why are you so interested in it? And what exactly is the purpose of the ‘Luminous Stone’?”

Hearing the “Hundred Flower Fairy’s” enquiry, Ye Lu smiled and said.

“There is nothing to hide, just take a look at my body and you will know.”

With these words, Ye Luo extended his hand towards the “Hundred Flower Fairy”.

Although the “Hundred Flower Fairy” was a bit confused, she still reached out and shook Ye Luo’s hand.

After that, he felt the “spiritual power” coming from Ye Luo’s body, and then she understood what was going on with Ye Luo.

She found that the aura of the Luminous Stone was the same as that of the spirit beasts, and the power that Ye Luo transmitted just now also happened to be the same aura.

The “Hundred Flower Fairy” was a person, the head of a sect, how could she not know what was going on.

Obviously, Ye Lu was special, so he could absorb the spiritual power, while other people did not have such a special structure, so those things would not be of much use in other people’s hands.

“No wonder he’s so enthusiastic, it’s a pity, it’s an opportunity for him alone.”

As she spoke, the “Hundred Flower Fairy” sighed, as she could not absorb those things that contained “spiritual power”, so she could only watch Ye Lu toss them around.

The secret realm mentioned by the “Hundred Flowers Fairy” was the same as the secret realm of the “Hundred Flowers Sect”, which was the same as the secret realm of the “Beast Alliance” and the “Ten Thousand Beasts Secret Realm”.

It didn’t take long for the four of them to arrive at the secret realm within the secret realm.

“Let’s go, there’s a distance to walk after entering before there’s any danger, it’s safe at the entrance and exit of the secret realm.”

Ye Lu nodded, then looked at the two elders, “Furong” and “Peony”, and asked.

“Elders, there is one thing I don’t quite understand, why can’t the original things in the ‘secret realm’ come out of the secret realm?”

As a result, both Elders Hibiscus and Peony shook their heads, and then Elder Hibiscus said.

“This seems to be the case since ancient times, only ‘beast eggs’ can be brought out, but as long as they are tainted with the aura of the outside, they can come and go at will, even if they are beast eggs, such as summoned demonic beasts, they can come and go from the secret realm at will. ”

Ye Luo nodded, this was also clear to him, because “Di Qi” they were like this.

However, Ye Lu always had a vague feeling that there was something wrong with it, but for a while he did not know what the problem was, so he stopped paying attention to this and directly followed the two elders into this “Spirit Stone Secret Realm”.

Once he entered, Ye Lu felt a spiritual shock.

There was actually “spiritual energy” in the air, and the richness of this “spiritual energy” simply made Ye Luo feel ecstatic.

He took a deep breath, and then said with a smile.

“Two Elders, where are those ‘Super Extreme Luminous Stones’ located?”

Seeing Ye Luo’s appearance, “Elder Furong” said with a smile.

“Oh, Sir Ye, don’t worry, it’s not far ahead, but there’s no pattern to the appearance of these things, they seem to be scattered all over the place.”

Ye Lu nodded, then smiled at the two elders, “Hibiscus” and “Peony”, and said.

“Then thank you, two elders, for leading the way, let us take care of the rest.”

Hearing Ye Luo’s words, the two elders smiled and left.

They couldn’t use the things here even if they were good anyway, so they let Ye Luo go and toss them on his own.

After the two elders left, Ye Lu did not release the “Di Qi”, but walked with Liu Mei towards the distance, because, in Ye Lu’s opinion, he and Liu Mei should also be considered to be of the same origin as the spirit beasts here.

Chapter 554

Sure enough, it didn’t take long for the two of them to come across their first “spirit beast”, something Ye Lu had never seen before, something that looked a bit like a rabbit, and a bit like a cat, with red eyes and long hair, anyway, it was a cute mess.

Seeing this thing, Liu Mei was immediately flooded with love, and she walked towards the long-haired toy-like one, while Ye Lu warned.

“Be careful.”

Sure enough, seeing Liu Mei trying to approach it, the little fellow immediately alerted and fought back.

Its two ears wiggled, and two blades of light flew out towards Liu Mei.

Luckily, Liu Mei was still an expert of the Yuan Ying realm, so she raised her hand and a green light flashed, and a green plant shield blocked the two blows.

This was the first time Ye Lu had seen Liu Mei use a “spell”, and he realised that it was not a “spell” he had taught himself, but a “spell” from the heritage she had awakened, as Liu Mei had said.

It seemed to have something to do with plants.

“Little rabbit cat, good boy, come here.”

Liu Mei said with a smile at this little thing that looked like a rabbit and a cat, but the little one’s eyes rolled and did not come over, but turned and ran away.

This made Liu Mei feel a little disappointed.

On the other hand, Ye Lu smiled and said.

“This is the outer edge, I guess, the people from the ‘Hundred Flowers Sect’ are always here to cultivate and harass them, when we go deeper inside we should be able to find spirit beasts that aren’t afraid of us.”

With that, the two of them started to walk deeper into the secret realm, and since all the spirit stones near the secret realm had already been taken away by the “Supreme Elders” for Ye Lu, there was no need to look for them near the entrance.

As he went deeper and deeper, Ye Lu found that the spirit beasts in this secret realm did not look like vicious spirit beasts, but mainly cute and adorable, however, their attack power was not a cover, because they all attacked with spiritual power, just like the “Heavenly Demon Sect”, even the spirit beasts at the “Golden Dan Avenue” were as terrifying as those at the “Yuan Ying Realm”.

“It’s really nice, Mei’er, find a beast egg here and take it away, the gift I said I wanted to give you before was actually to give you a beast egg, because you don’t have a ‘original spirit beast’ yet, this time it’s just right, the real spirit beast here is definitely the most suitable for you.”

Although it may not be as terrifying as the Sun Candle and the Taiyin Flux, it is definitely more powerful than the Green Dragon and the Vermilion Bird.

“I guess that old sister is going to be envious and jealous again.”

Ye Lu secretly muttered.

However, Ye Yan also had her own advantages, as she was currently unable to enter the “Ten Thousand Beasts Secret Realm”, otherwise, with her status as the “Bird Emperor”, she could definitely lead the “Vermilion Bird Clan”, which was a powerful race.

“Haha, we finally got something.”

Three days after the two of them went deep into this “Spirit Stone Secret Realm”, Ye Lu finally found a large pile of “top quality spirit stones”, just like the “Elder Furong” said, the spirit stones were just piled up outside, like broken stones, Ye Lu guessed that most of these “spirit beasts” could not directly transform the spirit power in the spirit stones, that was why they were in such a state.

However, Ye Lu didn’t care about this, now the “top grade spirit stones” were just what he could use in a big way, of course, Ye Lu came here to see if there was something better than “top grade spirit stones” here, or spirit medicine or something like that.

Since even the air here was filled with spiritual energy, the plants growing here must also be filled with rich spiritual energy, and Ye Lu had not seldom collected these spiritual medicines along the way, but he had not found any particularly strong ones yet, so he guessed that he would have to go deeper before he could find something better.

Ye Luo was not in a hurry, this place was simply too good, while constantly absorbing spirit stones and the spiritual energy of heaven and earth, he felt that soon this small realm would break through.

“A place this good has to find spirit beasts to fight with.”

As he kept going deeper and deeper, Ye Lu found that the spirit beasts around him started to become more and more powerful in cultivation, so Ye Lu started to try and challenge these guys.

Fortunately, even if these guys were angered, they wouldn’t really make any killing moves. After another day, Ye Lu finally found a higher grade spirit stone, “Super Grade Spirit Stone”, which had a much more dense spirit power.

Now he was already a practitioner of the Golden Dan Avenue with eight orifices, once he opened nine orifices and reached the peak, he would be able to enter the “YuanYing realm” in one fell swoop.

When Ye Lu thought about it, he became a little excited.

However, it was a pity that Liu Mei's beast egg had never been found.

Of course, Liu Mei was not idle either. According to Ye Lu's instructions, she was constantly honing her fighting skills with various "spirit beasts".

Moreover, the majority of Liu Mei's heritage was auxiliary, so training was different from that of the front-line combatants, and was much easier.

In addition, Ye Lu also discovered that Liu Mei's attribute was not "wood attribute" as he had thought at first, but "light attribute", which was the exact opposite of Qin Siyu's "dark attribute".

"Why are all these spirit beasts running away?"

As we entered another two days, Liu Mei and Ye Lu found that the spirit beasts were starting to move differently.

"It's possible that certain terrifying spirit beasts have appeared."

It is the instinct of all beasts, even the "spirit beasts", to "avoid evil".

"Be careful, if there is any danger, hide in my 'Blazing God Blade'."

Ye Lu took out his 'Blazing God Blade' and said cautiously.

This time, he had already achieved most of his goals in the "Spirit Stone Secret Realm", he had collected a large pile of "superb spirit stones", and he had filled his pockets with various spirit medicines, the only thing missing was a powerful spirit beast egg, everything else was perfect, so Ye Lu did not want to cause any trouble at the last moment.

With that said, the two of them quietly lurked towards the front.

Sure enough, in the area ahead, almost all the demonic beasts were fleeing for their lives, and there were many spirit beasts that were quite powerful. Luckily, none of these spirit beasts had the attribute of actively attacking, and as long as you didn't try to actively provoke them, they definitely wouldn't take the initiative to attack, so despite the various terrifying spirit beasts retreating like a tidal wave, they didn't pose any threat to Ye Luo and the others.

However, Ye Lu was a little worried, and he didn't dare to go any further, instead he asked Liu Mei to find a place to hide and chose to go over by himself.

Liu Mei was clearly inexperienced when it came to this point of playing with life.

After leaving Liu Mei in charge, Ye Lu quietly lurked over there with some peace of mind.

As a result, he found a large blank area without any "spirit beasts", which also showed how frightening things were in the centre, as these spirit beasts were instinctively afraid of what was in the centre anyway.

Ye Lu was also curious as to what was in the centre.

Soon, he saw from afar that there was a valley, and at the bottom of the valley was a five-coloured stone, made up of the five colours “green, red, yellow, white and black”, and on the five-coloured stone was a magnificent chariot, but at the moment there was only the chariot but no horses pulling it.

Inside the chariot, Ye Lu saw a section of a snake’s tail showing.

It looked like there was a snake-like spirit beast in the chariot, but Ye Lu was not quite sure why this snake-like spirit beast was so powerful and made all the spirit beasts flee.

However, he then noticed that the one in the chariot was not a snake-like spirit beast, but a stunningly beautiful woman with long hair draped over her body without any clothes on, and her expression was quite painful, as if she was injured.

Following that, Ye Lu saw that he had just made a mistake, the snake and this stunning woman were actually one and the same, it was a spirit beast with the upper half of its body being a woman and the lower half being a snake.

“What on earth could have hurt it?”

Seeing this scene, Ye Lu began to mutter, he wanted to go up and help, he was still confident in his medical skills, if he helped this guy, he might be able to get a benefit.

However, what he didn’t know was that he was completely wrong in his thinking.

Chapter 555

Of course, Ye Lu used his “glasses” to study the identity of this guy before he went over.

“Name: Creation Beast, Origin: Haotian Continent, Rank: Third Class Upper God, Description: A legendary terrifying spirit beast that can give birth to small thousand worlds and create small worlds, with the ability to penetrate the heavens and the earth so it is called ‘Creation Beast’”

Seeing this profile, Ye Lu was truly taken aback.

A spirit beast that could create a small thousand worlds, this was too heaven defying.

Moreover, the level of this spirit beast had already reached the peak of the “God Transformation Realm”, and Ye Lu was worried that he would be killed if he went there.

“Should I go or not?”

Ye Luo was caught in a state of hesitation.

However, in the end, he decided to take the risk. He felt that if he didn’t dare to take such a risk, he would have no chance of becoming a god.

Ye Luo muttered secretly.

“I hope this time it’s a risk, not a death sentence, if I hang up, it’ll be a fiasco.”

Ye Luo consoled himself as he walked, convincing himself that this trip was for chance and not just fooling around, but his heart still couldn’t help but beat wildly because this guy opposite him was too strong, the strongest creature Ye Luo had ever seen, and it was also a spirit beast.

The “Spirit Beast” was a typical creature that crossed the level of challenge, that is to say, the real combat power of this “Creation Beast” was not as simple as “God Transformation Realm”, how strong it was, Ye Lu could not imagine.

“I’ll die, I’m afraid of nothing!”

When he was almost near the Five Coloured Stone, Ye Lu gritted his teeth and cheered himself up again.

However, it was obvious that the “Creation Beast” seemed to be in extreme pain and did not realize that Ye Luo had reached a place not far from her.

After that, Ye Luo quietly walked up the five-coloured stone to the side of the chariot.

He thought for a moment, then said.

“Lord Transmigration God, I see that you are in great pain, I am a doctor, I can help you

As a result, before he could finish his words, a long snake tail appeared, followed by a fierce slap, and slapped Ye Luo to the ground just like a fly.

“Holy f*ck!”

Ye Luo only said two words, followed by him falling unconscious.

When he woke up again, he found himself still lying on the ground, however, not on the five-coloured stone, but on top of the land.

“Into hell?”

He muttered darkly, then looked at his own his arms and found that it seemed as if he was still alive.

Following that, he raised his head, only to see the chariot, which was there, indicating that he should not have changed places, but why was the five-coloured stone missing? But then, immediately afterwards, he realised that the five-coloured stone was there, only it had gone from under his feet to his hand.

“This thing has recognized its owner.”

Looking at the Five-coloured Stone in his hand, Ye Lu finally understood that just now, he had almost killed himself with that blow and ended up spitting out blood, but he had been blessed with the Five-coloured Stone.

“All right!”

If he hadn’t been completely prepared beforehand, using the “Heavenly Vine” and various other treasures to defend himself, he would probably have been killed this time, but Ye Lu didn’t think he had blocked the blow.

“It should be that the opponent’s power is no more than one, so I was able to carry it off.”

Ye Luo understood very well that he could not withstand a blow from the peak of the “God Transformation Realm”, let alone a “spirit beast”.

After that, he saw the corpse of the “Creation Beast” and a “Beast Egg”.

“So it was hatching an egg.”

Only then did Ye Luo understand why that “Creation Beast” had been in such pain just now, it was not wounded, but hatching an egg.

“But, by mistake, it seems to have obtained a ‘beast egg’ that is not to be missed.”

Ye Lu muttered secretly.

He was worried about what kind of ‘beast egg’ to get for Liu Mei, and here it was.

However, what Ye Luo did not know was that, in fact, the “Creation Beast” had already regretted when it instinctively attacked, so it was mostly retracting its attack just now, trying to avoid hitting Ye Luo, but unfortunately, the “egg-laying” process made the “Creation Beast’s” spiritual power go out of control, so the end of the blow still fell on Ye Luo.

Ye Luo didn’t care about this, he picked up the beast egg.

“I wonder what will be birthed in it? Will it be another ‘Creation Beast’, or will it breed a new small world?”

Anyway, no matter what could be bred out of this, Liu Mei’s “original spirit beast” was already there.

“No, let’s wait.”

Ye Lu suddenly realized that something was wrong, that is, the “Creation Beast” had died, who would hatch this “Beast Egg”? It had taken a lot of effort to hatch the beast egg before, and everyone had almost died when they entered the “Secret Realm of Ten Thousand Beasts”.

“Forget about it, let’s talk about it when the time comes.”

He found that he couldn’t think of anything, so Ye Lu gave up thinking about it, he wanted to put the chariot into the “Sumeru Ring” first, this thing is definitely not an ordinary object, the introduction of the glasses said that the “Heirloom Beast” of the “Hao Tian Continent” came to this “Small World” with this “Nine Dragons Chariot”.

Although none of the nine dragons are left, the chariot is still intact.

The level of this item also exceeded that of an “Innate Spiritual Treasure” and reached the level of a “Supreme Treasure”.

But then, Ye Luo saw a weapon in this golden chariot, a long purple whip covered with small thorns, which was also a “Supreme Treasure”.

“The Purple Whip of Creation! It’s a good thing, let’s give it to Mei’er later, along with the five-coloured stones.”

Ye Luo already had a lot of things on his body, but Liu Mei had very few treasures on his body, moreover, these things were obviously related to Liu Mei, and Ye Luo felt that the “Creation Beast” was also something related to Liu Mei.

The story of the creation of the world was told in many countries, and the divine beast with a human body and a snake's tail had also appeared in various countries, so Ye Lu felt that most of these divine beasts were "creation beasts".

After putting away the "Nine Dragons Chariot", Ye Lu also put away the corpse of the "Creation Beast", which was definitely a good thing, and he would probably have to rely on it if he wanted to improve quickly.

After that, he took the beast's egg and the whip and went to the place where Liu Mei was hiding.

Liu Mei was worrying about Ye Lu in pieces there, and when she saw him coming back she immediately jumped over and hugged him.

"Well, well, I'm back, and besides, I've brought you a present."

Ye Lu's body had not recovered, so when he was hugged by Liu Mei, his body hurt, and he grimaced in pain.

Only then did Liu Mei, embarrassed, rush to use her "divine power" to help him repair, and she put aside the "beast egg" and other things for now.

This was a great relief to Ye Lu.

After half a day of recovery, and after Liu Mei was drenched in sweat, Ye Lu was completely recovered.

However, he was becoming more and more fond of Liu Mei's "bloodline divine ability", which was simply a super divine technique for healing and recovery.

"Quickly, take a look at the beast's egg, I also have something else for you, the 'five-coloured stone', which was left behind after the legendary 'Nuwa mended the heavens'."

Legend has it that Nuwa made thirty-six thousand five hundred and one five-coloured stones when she mended the heavens, of which thirty-six thousand five hundred were used, and finally one was left, some legends say that the piece turned into Jia Baoyu in Dream of the Red Chamber, others say that the piece later turned into the Monkey King.

In short, there are many legends about the Five Coloured Stones.

However, this stone is now owned by Liu Mei.

Liu Mei first claimed the Five Colours Stone and then the Creation Violet Whip, before dripping her blood on the beast's egg.

"Mei'er, how are you going to incubate this beast egg?"

Ye Lu looked at Liu Mei and asked.

Liu Mei smiled and said.

"It's easy to do, I can hatch it myself, I'm a female!"

Although he had guessed that Liu Mei and the "Creation Beast" should be of the same origin, he really did not expect that Liu Mei could act as an incubating beast herself.

At this time, Ye Lu's "Original Spirit Beast" had finally broken out of its shell.

Chapter 556

This was the superb news that Ye Lu had been waiting for for a long time.

After that, the "three-legged golden crow" came out of the "spirit beast bracelet", carrying with it Ye Lu's "original spirit beast", that is, the thing hatched from the nameless beast egg.

The "glasses" could not identify the "beast egg" before, so of course, it could not identify the thing that hatched out.

What was even more surprising to Ye Lu was that he didn't see anything.

"Three Feet, what exactly did you hatch out?"

Ye Luo asked, looking at the "Three-Legged Golden Crow" with a bewildered expression.

As a result, the "Three-Legged Golden Crow" quickly transformed into a human form, turning into a woman with golden hair and eyes, and looked at Ye Lu and said with a smile.

"The thing I hatched is something that says it is called 'Void', but unfortunately, it is too vague and I can't see it, so it should be here."

Hearing the words of the "three-legged golden crow", Ye Lu was also dumbfounded.

Because he really didn't see anything.

However, immediately afterwards, a small "three-legged golden crow" appeared, which was almost the same as the "three-legged golden crow" that Ye Lu had used to hatch the beast egg, only smaller.

Immediately afterwards, the three-legged Golden Crow began to transform into a woman with golden hair and golden eyes, except that this woman was also one size smaller.

"Master, are you looking for me?"

The woman looked at Ye Lu and said with a playful smile.

Ye Luo, on the other hand, looked at it somewhat confused and asked.

"You're the 'Void' that hatched? How come you just hatched and can take shape?"

Ye Lu had never heard of such a thing before, even the fastest to transform would have to be a "fourth-rank demon", but this "Void" had only just been born.

However, this "Void" looked at Ye Lu and said with a smile.

"I am the 'Void' that has just hatched, but I am now using the appearance of my mother, the 'Three-Legged Golden Crow', how is that?"

Ye Lu nodded and then asked.

“So how did you learn all this language, and how do you know so many things? Is it because of your heritage?”

Generally speaking, “demon beasts” would have some kind of inheritance, some were memories, some were inherited “spells” or “martial arts” or something like that.

These were like genes that came with the birth of a demon beast.

Of course, when their cultivation level increases and they can form their “divine sense” at the “YuanYing” realm, they can use their “divine sense” to communicate, and then things are much simpler, and all kinds of language restrictions are gone.

However, “Void” gave Ye Lu another explanation, she looked at Ye Lu and said with a smile.

“The world came from ‘nothing’, then experienced the earthly world, experienced reincarnation, experienced everything, and finally returned to ‘emptiness’.”

Seeing Ye Lu’s two-faced confused look, it then thought about explaining.

“I’ll explain it another way, a person initially has nothing, then he is born from ‘nothing’, after that he knows nothing, he finds that most of the things in the world he can’t understand and he can’t control, after that, as he keeps growing, he finds that he can control the power, he can control ‘Qi’, and after that he could also control ‘Yuan Power’, and after that he found that the ‘Small Thousand Worlds’ had no more secrets, and then the ‘Middle Thousand Worlds’, the ‘Great Thousand Worlds’, and finally, all the secrets are unlocked, he can become everything, control everything, and everything has nothing left to hide in his eyes, at which point he reaches the realm of ‘Void’.”

“So, ‘emptiness’ and ‘nothingness’ are very similar, one is nothing and the other is everything, I am the one who is everything, I can even become that.”

As she spoke, the blonde haired, golden eyed woman turned into Wu Mei, with the exact same aura and everything.

She continued with a smile and said.

“So, I am nothing and I am everything, I am ‘Void’.”

Hearing this guy’s words, Ye Lu nodded, although he didn’t understand much, he somehow felt that this “Void” was really powerful.

Then, Ye Lu asked two questions.

“That ‘Void’, if you become a certain person, can you have that person’s memories?”

As a result, “Void” shook his head and said.

“I can’t, because I haven’t grown up yet, but soon I will be able to, and I will be able to share them.”

Leaffall nodded, then asked again.

“And how soon will you be able to grow up? I see that the person you’ve changed into is a little smaller than a real person right now.”

Hearing Ye Luo's question, "Void" smiled and said.

"This is very soon, because I am 'Void', so I am not tolerant of anything, I eat almost everything, of course, if there is something more delicious, I will grow even faster."

"However, since you are my master, my level will also be limited by you, so I advise you to catch up and grow, otherwise you will soon be caught up by me."

Ye Lu nodded, he really hoped that this "Void" could grow up sooner.

"My attribute is 'None', catch a pet called 'Void', if I fuse a bloodline called 'Ethereal', my life will be perfect."

After seeing "Void", Ye Lu couldn't help but spit out a sentence.

To be honest, he had never thought that he would breed such a thing as his "original spirit beast", this thing was unimaginable.

After that, Ye Lu looked at the "Void" and continued to ask.

"That 'Void', what are you relying on to become someone else now? Can you change just by seeing?"

As a result, "Void" shook his head and said.

"No, I haven't evolved to that level yet, I need blood to turn into my original form, so I'm still a long way from being omnipotent."

This made Ye Luo a little confused, he looked at "Void" and asked.

"You said that you relied on blood to transform, then how did you turn into 'Mei'er'?"

As a result, hearing Ye Lu's words, Liu Mei suddenly blushed, and she looked at "Void" with wide eyes and said.

"Ah! Just now it was you you"

This is let Ye Lu puzzled, he looked at Liu Mei, the result Liu Mei lowered his head and said.

"That, I just came that, so blood it ah, do not say"

She stammered, but Ye Lu probably also understood, this "false" claim to be omnipresent, so just it must have taken advantage of Liu Mei to get the blood when that what.

So, he frowned at the "Void" and said.

"Are you a man? Are you a woman?"

As a result, the Void said with a smile.

"It depends on what you like."

Ye Luo suddenly had a black line and said afterwards.

"Don't do such pranks again, understand?"

“Void”, as Ye Lu’s “original spirit animal”, of course, playfully spat out her tongue and agreed.

Ye Lu then thought about it and said.

“Well, since you can go anywhere, it would be best if you can go to the ‘Sumeru Ring’ later, there is the ‘Hewagamil Spring’ there, it should allow you to grow up rapidly. ”

This “Void” claimed to be omnipotent, Ye Lu felt that although it was a bit exaggerated, but this guy would definitely be a good helper, there was no doubt about it, especially in the area of sneaking, or sneak attack, Ye Lu felt that there should not be a stronger than “Void”.

At this time, Liu Mei had also finished with it, she put the beast egg on her chest, Ye Lu did not expect that the beast egg could be enlarged and reduced, but, looking at Liu Mei’s two peaks holding a beast egg, Ye Lu suddenly envied that beast egg.

“Brush!”

As a result, immediately afterwards, the “Creation Violet Whip” in Liu Mei’s hand swung, and Ye Lu felt that the anger in his body was about to leave his body when the whip came down, which really scared him.

“LOL! Amazing, right?”

Liu Mei looked at Ye Lu and said with a smile.

“In the future, if you dare to bully me indiscriminately again, I’ll give you a few whips and make you turn into a ghost straight away.”

This whip was indeed scary enough, it reminded Ye Lu of Qin Shiyu’s “Candle of Life”, if these two people combined, I guess I would be dead in less than a minute.

Then, Liu Mei looked at Ye Lu and said.

“Let’s go then.”

However, Ye Lu smiled and said.

“There’s no rush, we still have things to do.”

Chapter 557

After all, there is no use leaving these things to the Hundred Flowers Sect, as the practitioners of the Hundred Flowers Sect cannot use these things related to spiritual power.

One of the reasons why Ye Lu did not improve as quickly as he did before was because he did not have the right pills.

Many pills might be useful for ordinary people, but for Ye Lu, they would have little effect because the natural spiritual energy contained in the pills was not much. In fact, for the “Small World”, the spiritual energy between heaven and earth was originally very thin, and the heavenly materials and treasures bred from this thin spiritual energy certainly contained less spiritual energy.

However, the things in this bizarre secret realm were different. This place was almost a world of spiritual energy, so most of the plants contained vibrant spiritual energy, and if he didn't take these things away, Ye Lu wouldn't even let himself go.

However, while Ye Lu was scavenging, the outside world was not idle either, as this "Little Thousand World" was already in chaos.

First of all, the people of the Xuantian Sect were stirring up the storm, while the people of the Heavenly Demon Sect were also on the move, but in a much lower profile.

The first reason for their low profile is that they feel that they have already found the "Star Destiny Man" and have captured Mo Fengling, so that their old rival, Kunlun, will definitely be in a hurry.

Secondly, this world does not fit in with their Heavenly Demon Clan, so they don't bother to make enemies everywhere, as there is no point in doing so.

To be honest, they would prefer the world to go crazy, because then more people would become demons and demonised, which would be helpful for them to absorb the demonic energy.

However, because the Heavenly Demon Palace was pushing the envelope, Kunlun could not sit still. They and the Heavenly Demon Palace had always been at loggerheads, and now the Heavenly Demon Palace side had succeeded in possessing the Immortal Mansion Key and the Star Destined One, while their side only had the Immortal Mansion Key.

So, the people from Kunlun also came to the Pill Alliance to negotiate. This time, the Pill Alliance had been prepared for this and they told Ye Lu all the things that the people from the Heavenly Demon Palace had taken away Miao Fengling before.

Now the people of Kunlun couldn't sit still and started to look for trouble with the Heavenly Demon Palace everywhere.

The people of the Heavenly Demon Palace were in a daze.

"Did you really not leave any after-effects when you went to the 'Pill Alliance'?"

A member of the Heavenly Demon Clan asked as he looked at Svira, who had already signed a master-servant contract with the Supreme Elder of the Pill Alliance, and of course insisted that no one was left alive at that time.

"Looks like Kunlun is trying to pick a fight!"

This fellow from the Heavenly Demon tribe nodded.

"However, now is not the time to do anything, after we find out where the 'Immortal Palace Key' is, we will then strike a thunderous blow and snatch it, then we will be sitting on two keys, which will be very beneficial to us."

The only problem was that there were still many "Immortal Keys" and "Star Fates" that had not yet been united.

The movement of King Solomon was disrupted by the Xuan Tian Clan, who sent a team of heavily armed men to West Asia, where King Solomon was located, but the team was unsuccessful in their attempt to destroy King Solomon and take the Keys from them.

However, this battle delayed them from threatening Leaf Fall.

The Xuantian Clan did not react to this, for it was only one of many actions for the Xuantian Clan. After they had integrated the Wuji Clan, they began their conquest of the clans.

After such a long time, he certainly knew about Ye Lu's recent situation, which made him feel very pressured and also quite chagrined.

Zhang Tian had always felt that he was a "heavenly pride", but Ye Lu was suppressing him in every way. Moreover, he did not expect that Ye Lu would be a "silk stocking masked warrior" or some kind of guardian of the capital.

At the same time, there was also the one from the Secret Realm of the Ten Thousand Beasts, who had already grown enough to shake the Secret Realm. He had originally intended to break the bonds of the Secret Realm and lead the ten thousand beasts of the Secret Realm to dominate the Small Thousand Worlds.

However, it was still very difficult to break through the entrance and exit of the "secret realm", but that person did not feel that there would be any obstacles, as it was only a matter of time.

The Beast Alliance, on the other hand, is waiting, for others may not know, but they know very well that the day the Beast emerges with the "Secret Realm of Ten Thousand Beasts" is the day this world will be destroyed.

As for the "Xuantian Clan", the "Silk Stocking Masked Warrior", the "Heavenly Demon Palace" and so on, they are all just floating clouds in front of that person.

At this moment, the whole "secular world" does not feel the slightest danger, and the days continue to pass calmly day by day.

At this moment, "Abe Haruaki" was sitting on a pagoda, surrounded by nine experts with their eyes closed and wearing high hats of yin and yang, and nine demonic beasts with the same cultivation level of the peak of the God Transformation Realm were also standing around him in nine directions, while on the ground was a long trough of blood.

The nine men and the nine demonic beasts quickly cut themselves, and the blood flowed towards "Abe Haruaki" from eighteen directions, while "Abe Haruaki" also began to chant rapidly, and the blood flowed to his side, and a red blood mist enveloped his body.

"Abe Haruaki had already calculated through his uncanny projection that something big was about to happen, and he had to restore his cultivation before it happened, otherwise the whole cultivation world of Japan would become a spectator.

At this moment, Odin, the king of the Norse gods, had already found the cow Odumbra, and Ye Lu summoned Odin to the Mundane World a hundred days later, as promised, and Odin was now on his way to conquer the gods of Europe.

“In the secret realm of the “Ancient Clan”, Gu Shiqi sat in the middle wearing an ancient armour, surrounded by the “Twelve Ancestors” of the “Ancient Clan”, who did the same thing as those around Abe Haruaki.

While the whole world was in an uproar, Ye Luo was having a great time, because the “spirit beasts” in this “Spirit Stone Secret Realm” were very peaceful, so this allowed Ye Luo to move without any danger, and he quickly collected all kinds of good things, of course, the “Sumeru Ring” and other storage “magic treasures” and “magic weapons” had limited space after all, so Ye Luo only chose the best ones to collect.

To be honest, the spiritual energy in this secret realm was too dense, and there were so many spiritual beasts to challenge, and most importantly, these guys would not be impatient to kill after the challenge, so it was indeed the best place for training, no wonder the “Hundred Flowers Sect” liked it so much.

However, after raising another small realm, Ye Lu left the place reluctantly because there was still a lot of trouble waiting for him outside.

Chapter 558

The biggest and most immediate threat came from King Solomon in West Asia, who finally sent out a message after the Xuantian Sect had been settled.

He announced to the world that they had captured a large number of Chinese citizens, millions of them, and that if Ye Luo himself agreed to come to West Asia to appease King Solomon’s anger, these Chinese people would be saved, otherwise, after three days, he would openly kill 100,000 people every day until Ye Luo appeared.

I must say, this is a very ruthless search.

However, King Solomon did not specify his real purpose for doing so, because he was worried that other forces might interfere, especially after the Xuan Tian Clan incident, and they had already found out that someone seemed to know about it in advance.

In fact, what King Solomon and the ancient Egyptian gods did not know was that these messages were passed on to Zhang Tian by the nine emissaries of the Sunset Sky Fairy who had left the Nine Treasures Linglong Tower.

Those nine messengers had now become very powerful, and this was another reason why Zhang Tian was able to hold on to his high position in the Xuantian Sect.

These nine guys were all Zhang Tian’s servants.

“Ye Lu, I’ll also go out with you, I have the ‘Creation Violet Whip’ and my cultivation has also become stronger, so I should be able to help you out.”

As Ye Lu was about to leave, Liu Mei looked at Ye Lu and said.

However, this suggestion was rejected by Ye Lu because this secret realm would undoubtedly help Liu Mei the most, even much more than it would help himself.

However, this was not the case for Liu Mei, as she could improve rapidly and steadily here, especially after hatching the “Creation Beast”, which could grow rapidly with the “Hwagamir’s Spring” and the endless spiritual energy here.

Ye Lu did not want to delay all this.

So, he looked at Liu Mei and said with a smile.

“No need to help, I can do it by myself, all you have to do is to quickly rise to the ‘God Transformation Realm’, there will be many battles to fight then, and let the ‘Female Snake’ also grow up quickly, at least to the limit you can manage, it It’s a great helper.”

A “spirit beast” that could create a small world was a terrifying creature, no matter how one thought about it.

Although she was a bit reluctant, Liu Mei finally nodded her head in a good manner.

In fact, Ye Lu was also a bit reluctant to part with Liu Mei, but with millions of people waiting for him, he couldn’t just leave those captured people alone.

However, this matter had already involved millions of Chinese people, and the cultivation community of China definitely could not stand by with folded arms, so the righteous people of the cultivation community were also starting to assemble and discuss this matter.

The person leading the fight this time is the great god Fuxi, one of the three ancient emperors. After so many years from the ancient times to the present, among the three ancient emperors, Fuxi, Shennong and Huangdi, the Fuxi clan is still prosperous and powerful, while the Huangdi clan and Shennong have fallen into decline.

This matter was directed at Ye Luo, so Ye Luo could not escape.

However, before he went, Ye Yan and the girls contacted Ye Lu.

“Should we tell ‘Jasmine’ about this? The few of us who know about it are hiding it from her.”

Ye Yan said as she looked at Ye Lu.

Through the day and night cultivation in the Abyssal Secret Realm, coupled with the various pills Ye Lu had made, the cultivation levels of the women were gradually approaching the “God Transformation Realm”, but of course, the gap between Ye Yan and Qin Siyu was also widening, with a difference of three small realms.

At this moment, Qin Siyu had already reached the level of “Ninth Transformation of First Infant”, while Ye Yan was at “Sixth Transformation of First Infant”, followed by Long Feixue at “Fifth Transformation of First Infant”.

Ye Lu thought about it and decided not to tell Jasmine for the time being, because if Jasmine heard about it, she would definitely exchange herself for the millions of people.

As for Qin Shiyu and the others who wanted to help, Ye Lu also refused, after all, they had not yet reached the “God Transformation Realm” and it was still very risky for them to take action now.

“You guys don’t need to rush, I’ve obtained a large batch of real treasures, I’ll help you refine some excellent pills first, you should be able to break through soon with the environment and the pills here, you’ll have your cattle when the time comes.”

The “Sunset Haze Immortal Mansion” had not yet been opened, and there was no way to enter the place that the “Hell Demon Dragon” had mentioned, so Ye Lu knew very well that there was still a long way to go, and there was no hurry.

So, he first spent a day making a batch of pills made from spirit herbs for everyone.

For ordinary people, it was impossible to absorb “spirit energy” directly, and it was even more impossible to absorb spirit stones and the like, but if the spirit energy was transformed into pills and turned into “spirit pills”, it could be absorbed.

By entering the small immortal residence where the “Nine Treasures Linglong Pagoda” was kept by the “Lok Ha Fairy”, Ye Luo also understood that the so-called “immortal pills” that everyone talked about were actually “spirit pills” made from spirit herbs, which were also called “spirit elixirs”.

However, these pills were all from the “Haotian Continent”, as there was no way to gather the ingredients to make a high level “Spiritual Pill” in the “Small World” of Earth.

This was something that Ye Lu knew very well.

As the saying goes, “A clever woman cannot cook without rice”, there were many pills that Ye Lu wanted to make, such as the “Barrier Breaker Pill”, which could make breaking through any “realm”, no matter how big or small, much easier.

This time, Ye Lu did not even bring Di Qi and the others, so he let them continue their training in the Abyssal Secret Realm. With Solomon’s Vase, Shura and the Blazing God’s Blade Fire Cave, Ye Lu felt that it should be enough to fool himself.

Moreover, this time, Ye Lu was not acting alone, he had a group of powerful helpers.

After leaving the Abyssal Secret Realm, Ye Lu went to the secret realm where everyone was discussing this incident, the secret realm where the “Fuxi Clan” was located.

“What did you say, you are Ye Lu?”

After hearing Ye Luo give his name, the guard at the entrance showed an incredulous expression.

“You have a lot of guts, everyone thought you were a shrinking turtle and didn’t dare to come out.”

Ever since King Solomon issued the notice, there had been no news from Ye Luo, and everyone thought that Ye Luo was ready to run away from this matter.

Unexpectedly, Ye Lu actually took the initiative to come.

“Oh, aren’t you welcome?”

Ye Luo looked at this guy at the entrance of the secret realm and asked with a smile.

“Welcome, welcome.”

The guard hurriedly changed into a smiling face and said.

Following that, he let Ye Luo in.

To be honest, the people inside were also taken aback to see Ye Luo arrive, everyone had similar thoughts, they all thought Ye Luo would not come.

“Aren’t you afraid that we will capture you and send you to King Solomon?”

Ye Luo said with a smile.

“Fuxi clan, how can we say that he is also the rightful god of China’s society, how could he possibly do such a thing?”

Following that, he then said with a straight face.

“Of course, I won’t leave millions of people unattended, and I will definitely go to ‘King Solomon’ to replace them this time.”

Ye Lu had already investigated the details of “King Solomon”, this guy, as a giant, had long been a “higher god”, but most “higher gods” were worried about the so-called “great limit”, that is, the mysterious disappearance of the “God Transformation Realm”.

Therefore, many Gods have slowed down their cultivation, and there are even many Third Class Gods who have simply given up their cultivation so that they can at least live happily in the Mundane World or the Small World.

Ye Lu had a plan to meet King Solomon, but he wanted to hear the plan of the Fuxi Clan, so he looked at them and asked.

“What do you think about this matter?”

Chapter 559

When he heard Ye Lu’s words, the leader of the “Fuxi Clan” gestured for Ye Lu to sit down.

As Ye Lu sat down, he began to observe the people sitting there. The most prominent one was not the current generation of “Fuxi”, but a man who looked exceptionally solemn and grand, the super expert of Southern Chu, “Dong Huang Tai Yi”.

However, Ye Lu had never heard of this person before in the Ren family, but the “Xuan Yuan Sword”, one of the “Ten Fierce Weapons of the Ancient World”, was indeed in this person’s hand, so obviously this person was also a real expert.

“The Pan Gu Clan had also sent a Pan Gu clan member by the name of Gu Qiu, who was also a super expert at the level of an “Upper God”.

However, this time, the Nuwa Clan did not come, which made Ye Lu slightly disappointed.

He had a lot of questions waiting to be answered by the Nuwa Clan.

Of course, there were not only a few experts present, there were also many other experts like loose immortals, however, all of them were at the “God Transformation Realm”, and to Ye Lu’s surprise, there were also a few people belonging to Kun Lun.

However, although they were entered into “Kunlun”, they were not necessarily bad people, which Ye Lu knew very well.

For example, the “Yunlu Palace Master” was also a member of Kunlun because she had the bloodline of “Lu Zu Daoist”, but it seemed that she and Kunlun were not on the same page at all, but of course, Ye Lu felt that there were many immortals in Kunlun, so perhaps there were also several factions.

In fact, Ye Lu was right in guessing that there were not only factions in Kunlun, but also many factions, especially since many super experts had disappeared beyond the “God Transformation Realm”, which made the whole “Kunlun” seem more and more chaotic.

After seeing Ye Lu sit down, the “Fuxi” who was presiding over the meeting said.

“Due to Ye Lu’s arrival, I will briefly talk about the matters that were agreed upon before.”

After saying this, “Fuxi” continued.

“This time, we are going to use the ‘Innate Spiritual Treasures’ that can store people to collect all these hostages, and there are several ‘Innate Spiritual Treasures’ that we already have.”

As he said this, he pointed to the “Eastern Emperor Taiyi” and said.

“Firstly, there is the ‘Eastern Emperor’s Bell’ of the ‘Great God Taiyi’, which can hold hundreds of thousands of ordinary people, and then there is one of the Four Great Spiritual Lamps of the Innate Heaven, the ‘Eight Scenic Palace Lamps’ from ‘Kunlun’, which can also hold hundreds of thousands of people.”

As he spoke, he then pointed to a fellow from Kunlun sitting on one side, however, this fellow did not even raise his eyelids, clearly not putting Ye Lu in his eyes.

However, although this guy didn’t say anything, Ye Lu had already figured out his identity through his profile, he was one of the disciples under Tai Shang Lao Jun, “Pure Yang Zi”, who seemed to be a bit above the top.

The “Eight Scene Palace Lamp” is said to be the spiritual treasure used by the “Tai Shang Lao Jun” during his teachings.

Afterwards, “Fuxi” pointed to a beautiful woman and said.

“This is the ‘Bi Lantern Goddess’ of the ‘Three Lanterns Goddesses’, she has a ‘spiritual treasure’ called the ‘Mixed Golden Dou’, which can also be used to hold people.”

As a result, the “Bi Lantern Goddess” also looked at Ye Lu with disdain and gave a cold snort, meaning that she felt that it was useless for “Fuxi” to talk to Ye Lu about this.

Then, “Fuxi” continued to say.

“There is another one from our ‘Fuxi Clan’, called the ‘Taiji Diagram’, which can also hold a person.”

Finally, he pointed to another man dressed as a Taoist priest and said.

“However, the greatest treasure is this spiritual treasure ‘Qiankun Pouch’ of the ‘Daoist of Guidance’ from the Western Pure Land of Ultimate Bliss, and this treasure can hold a million people.”

As a result, this disciple of the ‘Daoist of Guidance’ was the most arrogant of all, he didn’t even bother to raise his eyelids, or at least snorted coldly and said.

“Humph! Fuxi, what’s the use of talking to such a nameless junior, it’s a complete waste of time.”

In response, “Fuxi” laughed bitterly and said.

“Ye Lu, the reason why I’m talking to you so much is because, I’m afraid that we can’t fit too many people into these few items. ‘Innate Spiritual Treasures’ is still quite a bit worse than that.”

“So, if it really doesn’t work out, I’m afraid I’ll still need you to step in.”

Ye Lu then smiled and said.

“A small matter, but when it comes to treasures that can hold people, I also have a few here, so why don’t you guys take a look at them as well.”

Hearing that Ye Lu actually had “spiritual treasures” that could hold people, several people were interested, however, the disciples of the “Daoist Master of Guidance” and the “Queen of the Night” were somewhat disdainful, with the “Queen of the Night” sneering and saying.

“This is a million-dollar person, don’t show your face with some messy stuff.”

Hearing the words of the “Lantern Lady”, the others echoed her words.

“That’s right, you’ve only lived for a few years, don’t make a fool of yourself.”

“It’s not good to make a fool of yourself.”

“I told you it was a waste of time.”

.....

However, while everyone was talking nonsense, Ye Lu took out something, also a lamp, which was the “Jade Void Glazed Lamp”, one of the “Four Great Innate Spirit Lamps” that he had gotten from the Xuan Tian Clan before.

After seeing this “precious lamp”, many people shut up, because many people knew what they were looking for, especially those who were related to Kunlun, because this item was also related to Kunlun.

In fact, many of the great gods and immortals in China came from Kunlun, such as the “Heavenly Sovereign”, the “Heavenly Elder”, the “Western Queen Mother” and so on, but just as Ye Lu had guessed, these gods and immortals who also came from Kunlun were not very harmonious, they were divided into more forces than Ye Lu had imagined.

“I think many of you should know what this is, right? This is the ‘Jade Void Glazed Lamp’, one of the ‘Four Great Spiritual Lamps of the Innate Heaven’, and it should be no worse than that ‘Eight Scenic Palace Lamp’.”

When they saw the 'Jade Void Glazed Lamp', everyone nodded silently, because they all felt that they had indeed been hit in the face this time, and that they did have something good!

The face of Kunlun's "Pure Yangzi", who had the "Eight Scene Palace Lamp", also changed, because he knew very well that the "Jade Void Glazed Lamp" was indeed no weaker than the spirit lamp he had.

Ye Lu looked at the crowd and smiled, then took out another item.

It was a diagram with a very complex and mysterious "weapon pattern" drawn on it, which was obviously something quite extraordinary.

After taking out this diagram, Ye Lu smiled and said.

"This is Laojun's 'Qiankun Diagram', which can also hold quite a few people."

Now more people were wide-eyed, because this "Qiankun Diagram" was also very famous, and legend had it that this was the thing that had captured the boss of the "Three Lantern Goddesses", the "Cloud Lantern Goddess", so the "Bi Lantern Goddess" was the first to turn pale, she felt her face burning hot, just now she had said that the other party was no good, but he had taken out such a terrible "spiritual treasure".

Ye Lu continued.

"To be honest, I have another thing that can hold more people, but you all know that 'wealth is not revealed', so I won't take everything out, anyway, about loading those hostages, you don't have to worry about it, I can take care of it for everyone."

After saying that, Ye Lu raised his hand and took back the "Jade Void Glazed Lamp" and the "Qiankun Diagram".

He saw greed flash in the eyes of several people.

These "innate spiritual treasures" were not available to everyone, and Ye Lu had scavenged everywhere to get so many treasures.

At this moment, "Fuxi" suddenly said with emotion.

"If only we had Nuwa's 'Mountain, River, Society and Country Map', we could have put all of them in it at once, but unfortunately, the Nuwa clan is too mysterious, and we don't know where they have gone."

Ye Lu did not dwell on these things, but looked at "Fuxi" and asked.

"If you have a 'spiritual treasure' that can hold people, you only need to have the chance to hold people, right?"

"Fuxi" said with a smile.

"This is much easier, we have 'pills' that can hide our cultivation, left behind by our ancestors, so everyone can hide their cultivation and blend in, wait for an opportunity to act, as long as the hostages are rescued, then we can show them a bit of our power."

“Of course, I’ll also have to trouble you to act as bait to attract their attention.”

Chapter 560

“Fuxi” said afterwards.

“Since the ‘King Solomon’ has made a big move, we already know where the hostages are in the ‘secret realm’. ‘inside, if we rush in directly, it will inevitably lead to a conflict, and then we won’t have a chance to save the people.”

“However, it’s too difficult to mix into the secret realm, so the plan we’re thinking of is to hide in your body, go in with you, and then take the opportunity to save someone.”

After saying that, “Fuxi” then looked at Ye Lu and said.

“I don’t know, what is your cultivation level, because, only the ‘YuanYing realm’ can receive the ‘Spiritual Treasure’ into their bodies.”

Ye Luo smiled and said.

“I’m on the verge of breaking through to the ‘YuanYing realm’, if, everyone has something good, I might be able to break through to the ‘YuanYing realm’ today.”

This was true, Ye Lu was not far from breaking through, so this was a good opportunity to take advantage of it and knock these guys off.

However, what surprised Ye Lu was that “Fuxi” seemed to be prepared for this.

He smiled and said.

“Good, in fact, even if you are a bit worse off, we still have some certainty that you can break through to the ‘YuanYing realm’ in a day or two.”

Following that, he then looked at the others and said with a smile.

“Alright, everyone, let’s bring out all the good treasures we have in our collection.”

The crowd had of course checked Ye Lu with their divine sense, and Ye Lu had disguised his cultivation long ago, so everyone didn’t suspect anything, so many of them started to bring out all kinds of pills, and treasures.

Although, to Ye Lu, it was far from the stuff in the “Spirit Stone Secret Realm”, which contained spiritual power, there were some things that had certain characteristics that were not possessed by “spiritual herbs”, such as the “Green Divination Grass” brought out by “Fuxi”, which was said to be the first herb in heaven and earth.

This is the reason why there is a profession of “pill maker”, because the role of a pill maker is to prepare these herbs and make them work to their fullest potential.

What Ye Lu needed was also the special power of these pills.

However, Ye Lu felt that the reason why this “Fuxi” was so confident had to do with something else.

Sure enough, after everyone had given Ye Lu all the various things, “Fuxi” looked at Ye Lu and said with a smile.

“Come on, follow me.”

After saying this, “Fuxi” took Ye Lu to a place where a huge eight trigrams diagram was drawn in the centre, and on the outside, there were complicated and incomprehensible drawings.

Ye Lu quickly opened the “auxiliary ability” of his glasses and found out that this place was called “Eight Trigrams, River and Luo Shu”, which was also an “innate spiritual treasure”, but, to be honest, Ye Lu had never seen such a big “innate spiritual treasure” before, and the function of this thing was even more terrifying, as it could change time and space.

Seeing Ye Lu’s expression, “Fuxi” said with a smile.

“This is the ‘Eight Trigrams, River Map and Luo Shu’, of course it has many functions, however, what we are going to use today is the ability of time, simply put, you can stay in this ‘Eight Trigrams, River Map and Luo Shu’ for a year, outside you will only spend This is the so-called ‘one day in the sky and one year under the earth’.”

Hearing the words of “Fuxi”, Ye Lu was really astonished, he really did not expect that there was such a thing here, this was too unbelievable, right?

So, he looked at “Fuxi” with wide eyes and asked.

“Impossible, with such an unbelievable thing, even if only one person can enter a day, your Fuxi clan will be unbelievable, right?”

According to the time scale, a year outside would be three hundred and sixty-five years in the “Eight Trigrams, River Map and Luo Shu”, which is a bit too frightening.

With such a divine weapon, the world would be his own.

However, Fuxi smiled bitterly and said.

“If you don’t use this place for a month, you can enjoy a month in a day, and if you don’t open it for a year, you can enjoy a year in a day.”

When he heard the words of “Fuxi”, Ye Lu could not help but “Sh*t!” He let out a cry.

Because this “Eight Trigrams, River Map and Luo Shu” seemed to be a bit of a pity.

Ye Luo originally thought that it could extend time indefinitely, but it turned out that this thing was a storage of time, similar to compressing all the time not used in the “Eight Trigrams, River Map and Luo Shu” to one day, leaving the rest of the time blank, so the overall time actually did not change.

“Then this ‘Eight Trigrams River Map and Luo Shu’ should have many other benefits besides time, right?”

Ye Luo felt that this “Eight Trigrams, River Map and Luo Shu” must have more than just this ability to be called an “Innate Spiritual Treasure”.

As expected, “Fuxi” said.

“Of course, the so-called ‘Taiji gives birth to two yi, two yi gives birth to four elephants, four elephants give birth to eight trigrams, eight trigrams give birth to all things’, this ‘Eight Trigrams River Map and Luo Shu’ has the ability to evolve all things, so in it, you can do as you wish. any form of sparring to help improve your cultivation.”

“Of course, the actual situation will be known when you go in later, it’s definitely not a vain trip.”

When he finished, Ye Luo couldn’t wait to ask for notes and then dug in.

As a result, after entering, Ye Luo found that inside the “Eight Trigrams and River Map” was a large palace, similar to the “War Temple” in Athena’s temple, however, the temple here was much smaller in scale, the “War Temple” was a simulation of group warfare, while this was more like a place for honing single combat power.

Moreover, this was a separate space rather than a place where his consciousness had entered, which Ye Lu knew very well, that is to say, he was real and everything he saw was also real.

Following this, Ye Luo saw a human figure slowly appear in front of him.

It was an old man with white hair and white beard, who looked at Ye Luo and said kindly.

“This fellow Daoist, do you need training?”

Ye Luo nodded and said.

“Yes, it is needed, let’s begin.”

This year, Ye Luo decided that he must cherish it and try to achieve the maximum improvement, this was a rare opportunity.

You know, this was not a spiritual world, this was reality, so in this year, he could make his own pills, practice formations, use spirit stones to improve himself, improve his “original spirit beast”, that is, the “Void”, there were so many things he could do.

And just after Ye Lu agreed to train, a figure slowly appeared in front of Ye Lu.

This was a Daoist priest, looking about Ye Lu’s age, with sword brows and starry eyes, selling quite well, a handsome guy, this guy just appeared and unceremoniously launched an attack at Ye Lu.

However, Ye Lu found out that this guy was actually very weak, just a “Golden Dan Avenue nine orifices” expert, the same as his own cultivation level, so he casually waved his hand and settled it.

“Fellow Daoist is indeed of an extraordinary level, so try the next one.”

Then, another Daoist coalesced, and this one was obviously a cut above the previous one, and was already a YuanYing realm practitioner.

Of course, such a level of cultivator was still nothing to Ye Lu, and he finished him off with ease.

“Excellent, Daoist friend, you have amazing bones, you are a rare cultivation genius, come again!”

Then, a Daoist of the “Second Transformation of the Firstborn” appeared.

In this way, one by one, Daoist priests kept appearing to fight against Ye Lu, and Ye Lu could feel that each Daoist was actually a real Daoist priest, not a puppet or a shadow, which made him feel the miracle of this “Innate Spiritual Treasure”, which could actually create beings out of thin air, and beings with various “spells”.

While fighting, Ye Lu released the Void, and released a huge water tank, filled with the “Hewagamir Spring”, and let the Void take a bath in it.

He was growing fast, just like a balloon, and his cultivation was growing fast.

If only I had known to get the other pets in as well.

Ye Luo muttered secretly.
