Chapter 561

However, it was clear to Ye Lu that this plan was impossible, because it was obvious that it was impossible, firstly, "Fuxi" only promised to help himself, no one else had anything to do with this matter, and secondly, a terrifying divine beast like "Tian Yang Candlelight" would definitely shock everyone if it appeared, and it was definitely not good to expose it before it grew up.

So, he began to cultivate quietly, while his opponent also continued to upgrade, finally reaching "First Class Lower God", at this time Ye Luo appeared to be a little more difficult to deal with, but this battle is a real battle, so all of Ye Luo's bottom cards can be used.

On the other hand, the opponent was using "standard weapons" from the very beginning, wearing clothes that were constantly upgraded but looked the same, starting with "medium-grade" "magic treasures" and now "medium-grade" "spiritual treasures", and using "divine techniques" that were also "medium-grade".

Therefore, this guy's overall combat power was not very strong, and Ye Lu used some tactics to defeat him.

However, the "Second Grade Lower God" that appeared right after him was quite a headache for Ye Lu.

It was really difficult to fight without using "summoning techniques" or anything else, and his opponent seemed to be relentless in his attacks, which meant that as long as he was in the centre of this hall, he would probably die at his opponent's hands.

Of course, if you exit this area, the opponent's attack will disappear, and at the same time, the opponent's person will also disappear at the same time.

And there were quite a few other areas in the rest of the Great Hall, among them were the lounge, and the dining hall for eating, and, to Ye Lu's some surprise, the food was also related to cultivation, and had to be purchased with the points won to do so.

However, it was different from Ye Lu's initial thought, he thought he would have a chance to win points only after winning, but it turned out that you could get points even without beating the other side, in short, all you have to do is to keep fighting, just fight and you will get something, of course, provided you don't get killed.

Ye Lu had the "Heavenly Vine" on him, so he didn't have to worry too much about dying.

Moreover, there was no one else here but himself, so he could let loose and fight. Therefore, after taking the "Heavenly Reverse Pill", he went to fight the "Second Grade Lower God" again.

After he had exhausted himself, Ye Luo withdrew from the battle circle to rest, and then went back to fight again.

This kind of relentless attack from the opponent was what Ye Lu liked the most, because once the opponent let go of the water, the battle would be much less effective.

In this way, it didn't take long for Ye Luo to raise a realm in the "Eight Trigrams and River Map" through cultivation and pills, and he finally crossed into the "Yuan Ying Realm".

For those waiting outside, he had already reached the standard and could go out, but Ye Luo would definitely not leave, he would definitely take advantage of this advantage, it was a precious year.

According to his previous experience, under such a good cultivation environment, although he was unlikely to enter the "God Transformation Realm", he would have no problem to improve a few small realms in the "YuanYing Realm".

Then, he felt a change.

Because for cultivators at the Origin Infant Realm, they had a "divine sense" that previous cultivators did not have, and at this moment, what Ye Lu felt was "divine sense".

He found that he could perceive the situation in the entire hall without looking, and also the situation outside the hall, but outside the hall there was nothing but empty ground.

"The approximate range is about ten kilometres."

Ye Luo roughly estimated that his "divine sense" could actually cover an area of about ten kilometres in circumference, which surprised him.

This was even more powerful than an ordinary peak of the "YuanYing realm".

However, when he thought about his own combat power at the moment, he could defeat even a "God Transformation Realm" himself, so it was not surprising that he had such a terrifying "divine sense".

But then, he realized that this divine sense seemed to be different.

"No, this should be 'Spiritual Sense'."

Ye Luo muttered secretly, he had seen other people's "divine sense", and there was no spiritual power present, but Ye Luo's "divine sense" had spiritual power in it.

"Right, hurry up and look for the 'divine skill' about 'divine sense' attack."

Since Ye Luo's body possessed "spiritual power", he could use even "divine techniques" or stronger things, because this was a "qualitative" difference, but of course, due to the amount of spiritual energy, he could not use many "divine techniques", because the spiritual power was too little to support many powerful "divine techniques".

For example, many of the terrifying "divine skills" such as "moving mountains and reclamation" require huge amounts of "spiritual energy" to support them.

"There's really something suitable."

In fact, it was the first and the weakest of a set of "divine techniques", while the strongest one was called "Annihilation", meaning that it could directly annihilate the opponent's "divine sense".

Now Ye Lu's "Spiritual Sense" was obviously unable to do this.

“Although the “erosion” would take longer, Ye Lu had the protection of the “Heavenly Vine”, so as long as he didn’t die, the opponent would be “eroded” by himself sooner or later.

At that time, when the “erosion” continued, he should not be in much danger.

The result was just as Ye Lu had expected, he had eroded the “divine sense” of that “Lower God of the God Transformation Realm”, and as Ye Lu had expected, he was unable to defeat the opponent with pure attacks, but with the “divine technique” of “divine sense attack”, Ye Lu managed to take down this “Second Grade Lower God”.

“It’s true, soul attacks are still more terrifying!”

Seeing the result of his attack, Ye Luo also felt a bit emotional, soul attacks were always the most illusory and the most terrifying.

“If combined with ‘Sun True Fire’, I’m afraid that even a ‘Third Grade Lower God’ can be taken out.”

Ye Luo secretly muttered, “Sun True Fire” could directly burn the “divine Consciousness”, and was the nemesis of all kinds of soul bodies, such as ghosts and the like, even if they were strong, they were no match for the “Sun True Fire”.

“It seems that this year, my combat power should be able to make a significant progress.”

Seeing this scene, Ye Luo also became happy, as his combat power increased, his “Spiritual Sense Attack” would definitely become stronger.

Moreover, Ye Lu found that his “Spiritual Sense” was much stronger than his “Divine Sense”, so even if a super expert who was much stronger than himself was hit by his “Spiritual Sense Attack”, as long as he could sustain it, even an expert would be no match for him.

This is the same as Qin Shiyu’s “Candle of Life”, after lighting the “Candle of Life”, even the strongest cultivation can be ground to death.

“Come on, the hard year has begun.”

Ye Luo said with a smile as he looked at the “Third Grade Lower God” that had gathered again.

In this way, Ye Lu began his arduous training, but the most surprising thing about this year was “Void”, which was worthy of being the ultimate spirit beast that had returned from the ultimate shore.

To be honest, Ye Lu’s progress could be described as a thousand leaps and bounds, but for Ye Lu himself, he still felt that his progress was not enough. He hoped that he could quickly cross over to the “God Transformation Realm”, and he guessed that at that time, he would not be far from entering the place that the “Hell Demon Dragon” had mentioned.

“‘Void’, at your current level, what kind of combat power can you probably have?”

Ye Luo had always been curious about “Void”, he felt that “Void” would definitely not be unable to challenge across levels like ordinary “demonic beasts”, this guy could not even know about the glasses, and it was the only time since Ye Luo got the glasses that the glasses could not identify something.

As a result, “Void” smiled and said.

“That depends on how you use me.”

Leaffall nodded and then said.

“Well, our day has come, let’s go, it’s time to go to ‘Sia’ and get those hostages out.”

Chapter 562

Not long after Ye Lu finished, he was forcibly transported outside, as the time had come.

Once he came out, Ye Luo became a little emotional, his hair was already cloaked in other things, and he had grown another year in a year’s time, but only one day had passed outside, this huge gap did make people feel quite bizarre.

Looking at Ye Luo’s cloaked appearance, the crowd laughed.

“Ye Luo, how is your cultivation level now?”

For his part, Ye Luo smiled and said.

“Fortunately, I have reached the level of ‘Fourth Transformation of the Origin Infant Realm’.”

There was nothing to hide at this point, as Ye Lu was bound to be the “bait” anyway, so he might as well be a qualified bait.

These great powers were of course very surprised that Ye Lu could improve so quickly, however, they soon realised one thing, that was, it seemed that Ye Lu had come all this way.

Every time he came into the limelight, it was a massive improvement.

Especially after everyone knew his identity as the “Masked Man in Silk Stockings”, everyone was somewhat relieved by his various performances. From the battle at the “Top of Purple Gold”, to the “Clearwater Temple” battle, to the “Mount Fuji” battle, Ye Lu’s progress was simply miraculous.

On the one hand, they were saving the hostages, but on the other hand, they were coveting the secrets of Ye Lu’s body. One was the secret of his rapid progress, as many people rumoured that he and Zhang Tian came from the same place and also possessed the “Immortal Pill”, and the other was that everyone was curious about the “King Solomon” targeting Ye Lu.

Although the people had not found out the exact reason, they had found out that the matter seemed to be related to the “King Solomon’s” desire for immortality.

“Eternal life” is a realm that everyone dreams of attaining, but unfortunately no one knows how to live forever yet.

The appearance of “Zhang Tian” and the “Key to the Immortal Palace” suddenly gave everyone a sense of hope, or at least many of the great powers thought so.

So, “Fuxi” arranged for everyone to enter the “Jade Void Glazed Lamp” after Ye Lu had claimed it, and then asked Ye Lu to agree to “King Solomon’s” request to go to his appointment.

This kind of “spiritual treasure” is difficult to see from the outside, unless the person is killed, then the “spiritual treasure” will be separated from the human body.

Once everything was ready, Ye Lu left the secret realm and replied to King Solomon, promising that he would attend the appointment tonight.

It was the third day, the last day of the deadline.

“The King of Solomon was no fool, they had also considered that Ye Lu might play this trick, so they had made arrangements in advance before Ye Lu came.

“King Solomon not only gathered all his men, including the Four Pillars of Supremacy in addition to Astaroth, but also the gods from Ancient Egypt, who were actually the main force of this operation.

The approach of these men was simple, using two tricks.

The first was to use formations. The reason why they took so long to take action against Ye Lu was actually for the same reason, they had already built a powerful formation in the secret realm.

As long as the other party’s life and death was in their hands, it would be much easier to make them do anything else.

Therefore, just as Ye Luo arrived at the designated location, before he even entered the secret realm, a few experts flew in and brought Ye Luo under control.

“Huh! What do you guys mean by this?”

Ye Luo looked at the crowd with slight surprise and asked.

“How many meanings? Of course it means one thing, that is to tell you to behave yourself, or else there is only one way to die, let’s go.”

A few guys had already taken full control of Ye Lu, and then they led Ye Lu into the secret realm of King Solomon.

Just as he entered, Ye Luo felt a terrifying pressure.

“Formation!”

Ye Lu was most skilled in formations, so of course he immediately felt this kind of fluctuation, and at the same time, he quickly looked around.

As expected, this was an extremely complex formation, and there were as many as eighteen “formation eyes”, each of which was presided over by a “God Transformation Realm” expert, so it was still very difficult to break through such a formation.

Ye Lu searched for the edges of the formation and the holes in the “glasses”, and then a figure appeared, the tall “King Solomon”.

“Ye Lu, have you brought the man I need?”

“King Solomon” said as he looked at Ye Lu.

Ye Luo looked at the tall and majestic “King Solomon” and smiled and said.

“Of course, but what about your side, I’m already here, you won’t go back on your word, will you?”

“King Solomon” said coldly.

“Humph! Some ordinary people, what need do we have to go back on our word?”

This was the truth, for cultivators, especially experts, to look at these ordinary people was really meaningless, or life was just like an ant, there was no point in staying with “King Solomon”.

So, Ye Luo looked at King Solomon and said.

“Then, let the man go, let him go and I will give him to you, otherwise I can’t trust you.”

As a result, “King Solomon” said coldly.

“I don’t like bargaining, and you are not qualified to bargain with me, so if you don’t want to die, leave me the man.”

He finished Ye Luo also smiled and said.

“Hey, coincidentally, I have the same temper as you, my favorite thing is to say “no” to people who think they are very powerful, so what if I bargain with you, let them go, otherwise I will not let you have your way even if I die.”

Not everyone could do this.

The reason why Ye Lu could do it was because he possessed various “divine techniques” and “secret arts” that were almost omnipotent in the “glasses”.

However, these “secret techniques” are actually not related to rank, but are special skills.

For example, erasing the “bloodline mark” and “invisibility” are all types of “secret techniques”, and not everyone can do these things.

If Ye Lu died, even if Ye Lu carried a “spiritual treasure”, but, unable to identify the owner, he would not be able to release the person inside.

Of course, this also depends on how the owner of the Spiritual Treasure chooses, and there is also the possibility that the owner does not restrict the freedom of access, but firstly, King Solomon did not want to gamble, and secondly, he felt that most of Ye Lu would not bring the person so easily.

Since they could think of a strategy, it was not difficult for Ye Lu to think of one, and since he had thought that they might make a sudden attack, he still came alone, which in itself was very suspicious.

So, in the end, “King Solomon” thought about it and compromised.

He looked at Ye Lu and said.

“Okay, let’s join together, I’ll put it in, and you give me the man.”

With these words, he waved his hand.

Immediately after that, a dense crowd of people appeared.

The millions of hostages looked much more than Ye Lu had imagined, and he finally understood the meaning of the phrase “a thousand armies”, the densely packed people looked spectacular.

“Well, I’ve shown my sincerity, what about you?”

Ye Lu shook his head and said.

“Of course I can’t give you people like this, the purpose of you getting so many hostages is to make me show up, right, and the purpose of making me show up is to get that little girl of yours, right?”

Ye Lu said as he walked forward.

“And I’m dispensable in your plan, so that means that my death or survival doesn’t matter to you, am I right?”

“Therefore, if I just hand people over to you guys like this, I will definitely die, right?”

As he spoke, Ye Luo had already gone far away and was aiming at one of the eighteen “formation eyes”.

The crowd didn’t know what Ye Lu wanted to do, so they all frowned and listened quietly.

“King Solomon” also looked at Ye Luo with a strong anger, waiting for Ye Luo to give a reasonable solution, but he did not know that Ye Luo did not have any gross solution at all, his aim was to break a formation eye.

Therefore, he made a swift move while talking nonsense.

Super School Student

Chapter 563

Ye Lu’s target was a woman called “Nephthys”, the guardian deity of the dead in the “Nine Pillars of God” in ancient Egypt, a strange woman with hair that looked like a shroud.

The reason why Ye Lu chose her was because she was the weakest of all the eighteen, and she used the Qi of the Dead, which was the target of the Sun’s True Fire.

Moreover, Ye Lu had prepared for this strike a long time ago, since he was in the “Eight Trigrams and River Map”.

Moreover, this strike was not issued by Ye Lu himself, but by the recognition organ he carried, for at this moment Ye Lu was under the control of others, and his combat power had actually been sealed.

The strike was so sudden and terrifying that although “Nefertis” had a hunch and had prepared for it, he was still unable to withstand the terrifying strike of the “Sun Flame” and the fusion flame.

He took advantage of a small gap in the formation and released all the experts.

The experts who had already prepared for the attack began to collect people as soon as they appeared.

However, the other side would not give him this opportunity.

The reason why he was able to attack just now and release the crowd was because the other side did not know that he could launch such an attack even though he had sealed his cultivation and had become an ordinary person.

Everyone thought that Ye Lu was already an ordinary person at this moment, so he could not launch an attack and at the same time, he could not release the “Spiritual Treasure” inside his body, knowing that ordinary people could not even use “magic weapons”, let alone “magic treasures” and “spiritual treasures”.

However, they underestimated Ye Lu too much. When it comes to all kinds of strange means, no one would dare to say that Ye Lu was the second.

Of course, now that these guys knew about it, they had to catch Ye Lu.

However, these powerful people of China whom Ye Lu had unleashed could not let this happen, because in their eyes, Ye Lu was a piece of super fat meat.

How could someone with so many secrets give it to the “King Solomon” and the others?

So, many people quickly gathered around Ye Luo.

“Ye Lu, come to my ‘Spiritual Treasure’, I’ll take you away.”

One of the experts said to Ye Luo.

“No, it’s better to come to me.”

“Come with me!”

.....

Everyone instantly grabbed, and it was not a verbal grab, but an immediate action. However, the people were restrained by each other, plus Ye Luo’s resistance, instead, for a while, no one could get their way.

The King of Solomon had already given his orders in a fury.

“Block off the entrances and exits, all those who come this time will not return.”

This was the home turf of the ancient Egyptian gods and goddesses, and he did not think that some outsiders would really make any waves.

“Ye Lu, let’s go!”

The people who had come to rescue the people were of course aware of this, because the purpose of the group was not to fight these terrible people to the death.

For it was pointless to fight to the death.

At this time, to everyone’s surprise, Ye Lu, who was supposed to be the unluckiest, actually laughed.

“Sh*t! Doesn’t this fellow know? It’s him who escaped the ‘King Solomon’ and the ‘Ancient Egyptian Gods’, can’t he escape us people.”

“Guess there’s something wrong with his head.”

“What’s so funny about that?”

.....

Amidst everyone’s disbelief, Ye Lu spoke up.

He chuckled and said.

“You people didn’t have good intentions towards me from the beginning, did you?”

“In fact, I have known this for a long time, and the reason why I still came here with you guys is not because I have a problem in my head, it’s because you guys at least have the matter of saving people in your heads, and in any case, the matter of saving people is still good.”

“Now, I’ll give you guys a choice, give me those ‘spirit treasures’ that contain people along with the good moves on them, and I can let you guys get out of here alive.”

While Ye Lu was speaking, a large group of people suddenly poured in from the entrance and exit.

This time it was not the Nine Pillar Gods or the Animal Gods, but the real Gods, led by the Lord God “Amon”, who had already reached the peak of the “God Transformation Realm”, but had suppressed his cultivation and not broken through.

He was followed by Arden, the sun god, Horus, the patron god of the pharaohs, Anubis, the god of death, Koons, the god of the moon, and Mo, the god of war.

Seeing a host of masters appearing with their densely packed men, these great powers of China were scared.

For, on the other side, even more exaggerated, the demon army of “King Solomon” had appeared.

There are many stories about King Solomon’s “legions of demons”, one saying is that the number of legions is 1,111, and each legion has 6,666 fallen angels, which means that there are more than 7.4 million demons in total.

In short, the army was extremely large, which could be seen at a glance, thinking that behind King Solomon and in the air there were countless dark clouds of demons, which reminded Ye Lu of the beast tide in the “Secret Realm of the Ten Thousand Beasts”.

“Make your choice.”

Ye Luo quickly said.

However, the “Eastern Emperor Taichi” quickly said.

“Why should we trust you, who knows if you will harm us?”

Ye Lu shook his head indifferently and said.

“I don’t care! If you don’t believe me, forget it, I’m leaving.”

With those words, Ye Luo disappeared into thin air.

Yes, he disappeared completely, even his breath was gone, and his divine sense could not be detected.

To be honest, even King Solomon and the others were also confused.

In fact, what everyone didn't know was that the person who came this time was not Ye Lu, but Ye Lu disguised as "Void". The current "Void" was no longer the newborn "Void", and with its characteristics, when he turned into nothingness, it was not something that these people could detect.

Since Ye Lu had already known the plans of these great powers through the observation of his "glasses", he certainly would not be foolish enough to take the risk himself.

The current "Void" could simulate the other party's appearance as long as it had anything of the other party or was within a certain distance from the other party and could scan the other party with its "divine sense", and there was no difference at all.

Seeing that Ye Lu had really disappeared, and that the gods surrounding him were already surrounding him, the people from China panicked.

"That Ye Lu, we promise you, help us."

One of them couldn't help but say.

Just as he finished speaking, a voice in the void said.

"Good, first erase the 'spirit treasures' that contained people and put them on the ground after erasing the seal of recognition."

Although Ye Lu could also erase these marks, it would take too long, so it would be easier to just let them do the job.

Everyone didn't dare to be slow, and while low gearing the attacks outside, they quickly threw a few things out.

A few things appeared and then abruptly disappeared, apparently being collected by Ye Lu.

However, after these things disappeared, Ye Luo did not put these great powers away, but was awkwardly uncomfortably silent, as if Ye Luo had already left.

"Ye Luo, Ye Luo, are you still there?"

"Yes, take us away."

"Don't punk us!"

.....

At this time, Ye Luo's voice reappeared.

He smiled and said.

"Why not pit you guys? It is you guys who will be pitted, I will go!"

With those words, Ye Lu's voice never appeared again.

"Sh*t! You go too my ass, that's so despicable."

“That’s right, insidious villain, insidious villain ah!”

“I’ve never seen such a brazen and shameless person!”

.....

But no matter what everyone said, there was no longer any sound around.

Chapter 564

“Sh*t! Pwned!”

A guy quickly cursed.

However, no one else said anything, everyone was clear that it was normal to be pitted, just now everyone’s various performances, even if Ye Lu did not know at first, just now should be fully aware, to put it bluntly, in fact, from the beginning, everyone simply did not put Ye Lu on an equal footing.

The “King of Solomon” was watching the entrance and exit closely, because there was a powerful “boundary” there, and there were also many great powers guarding there, so whatever fluctuations there were, they could detect them.

“Many of King Solomon’s “72 Demon Gods” have the ability to invisibilize and make others invisible, so of course, King Solomon has various ways to deal with invisibility.

In fact, to put it bluntly, “invisibility” is just a way of using the laws of heaven and earth, so it must trigger the fluctuations of the laws of heaven and earth, otherwise how can one be invisible?

Therefore, although “King Solomon” was a bit confused by Ye Lu’s invisibility, he was not so confused that he could do nothing about it.

However, he was soon disappointed because Ye Lu’s whereabouts were nowhere to be found.

What they did not know was that as long as the Void did not initiate an attack and use the laws of heaven and earth, he could move by his own invisibility.

This was because it was originally “Void”.

However, there are limitations to this kind of invisibility.

Firstly, he could not use any of the laws of heaven and earth in this state of invisibility, and if he did so, others would be able to detect him through the fluctuations of the laws.

Secondly, he cannot let anything appear outside his body, for example, if he holds a knife in his hand, it cannot be invisible, but if he puts it inside his body, it is fine.

So, at the moment, Void’s invisibility has no offensive power and is limited to simple escape, because his invisibility is absolute, even his body is hidden, so he cannot be touched or perceived, after all, he is Void.

Soon, the Void emerged from the entrance and exit with a flourish.

“Let those great powers destroy themselves.”

Ye Lu couldn't help but laugh out loud.

However, what he didn't know at the moment was that Jasmine had quietly slipped out of the secret realm and had contacted King Solomon's contacts who were on their way to West Asia and had already arrived at the airport.

Jasmine had overheard the news, but of course the culprit was Yeyan's big mouth, who couldn't resist discussing the matter with Long Fei Xue and was overheard by Jasmine.

However, Jasmine did not show it, but found an opportunity to leave the Abyssal Mystic Realm and contacted King Solomon's people.

“The King of Solomon's people originally thought that someone was playing a prank, as they had been contacted by a number of people who had contacted them without any reason, and they knew that the real owner, Ye Lu, had already arrived earlier.

So they said casually.

“OK, then you can come straight over, I'll give you an address.”

As a result, Jasmine really did follow this address.

And Ye Luo was not aware of this, after he came out, he quickly rushed back, because only when he got to the country and passed the formation at the border of China, these millions of people would be considered completely safe.

Just after he had rushed back to the country to release all the hostages, he received a call from Ye Yan.

“Ye Lu, it's not good, that girl Jasmine has left on her own, she probably knows something, what's the situation on your side, contact her quickly, don't let those people capture her.”

“We contacted her, she's not answering her phone.”

Hearing Ye Yan's words, Ye Lu then immediately dialed Jasmine's number.

“Jasmine, don't do anything stupid, I've already rescued all the people and rushed back.”

Ye Luo chopped his head and said quickly.

Since Jasmine could answer the phone normally, it meant that, for the time being, she should be safe, which made Ye Lu let out a real sigh of relief.

At this moment, Jasmine was on her way to the designated place, and when she heard that Ye Lu had already saved all the hostages, she couldn't help but let out a sigh of relief.

She didn't want to let millions of people suffer because of herself.

Now it was okay, so Jasmine promised Ye Lu that she would wait for him to come and pick her up.

Ye Lu also thought about letting Jasmine come back on her own, but, now that Jasmine was not an ordinary cultivator anymore, there might still be trouble if she came back.

However, it seemed that just as Ye Lu was heading towards West Asia, someone from King Solomon contacted Jasmine again.

For Jasmine's arrival had been reported to King Solomon, and the soothsayer at King Solomon's side had divined it.

"The prophecy says that this will be a very kind woman from the East, and this woman says she is Jasmine, which is consistent with the message sent by Astaroth, so the woman who called must be the one we are looking for."

"The Diviner looked at King Solomon and said.

"King Solomon" nodded and said.

"If that Ye Lu dares to come again, I will definitely make him come back without a return."

After Ye Luo had made such a mess, "King Solomon" was in a terrible mood, he wanted to cut Ye Luo into pieces.

Although he had captured these great powers from the East, the insult of being teased by Ye Lu was the most unbearable thing to him.

Jasmine had already cut off all contact with the outside world as Ye Lu had arranged, and was waiting for him at the place Ye Lu had designated, because Ye Lu was worried that Jasmine's character would change her mind if she was contacted by "King Solomon".

However, what Ye Lu did not want to see happened in the end.

The soothsayer had unleashed the power of the nation and started to spread the word that they needed to exchange hostages, and that if Jasmine did not come, they would execute all the powers they had captured during the night.

At the same time, they released video footage of the captured masters, their personal details and so on.

Jasmine was also worried that this was a trap, so she got on the phone and contacted the sisters she could, and found out that there was indeed a large number of Chinese super masters who had been arrested.

Of course, this was all a trap by the Diviner to lure you, Jasmine.

In the end, Jasmine weighed her options and decided to make the exchange because, from what she had heard, she already knew that it was Ye Lu who was setting these people up.

She knew that if she spoke to Ye Lu, Ye Lu would not agree to save these people.

However, Jasmine didn't want these people to die because of herself.

So, after thinking about it, Jasmine finally took the initiative to contact King Solomon's people.

"Miss Jasmine, right? It is not difficult to save the experts in your country, just do as we say and we will put them in."

The other party and Jasmine said with a smile.

Jasmine was convinced, and as a result, she went straight to the agreed location, but what she didn't know was that she was already being watched even before she got there, and this time, at the behest of the "diviner", the other party had already mobilised all the means at their disposal to find Jasmine.

"It's confirmed, this is the man, isn't it?"

One of the guys looked at the soothsayer and asked.

"The soothsayer nodded, for the corresponding "key to the immortal palace" was in his hand, and the key was already giving him a hint.

"Do it."

"The Diviner quickly let his hand go and grabbed Jasmine.

"You guys you guys"

When she saw the sudden appearance of the people, Jasmine regretted a little, she did not know that the other party was so powerful, but she still held a ray of hope and asked.

"Capture me, but can you release the hostages?"

"The soothsayer smiled and said.

"Of course, we just want you, they're useless, we'd have sent them back a long time ago."

But what he didn't say was that, in fact, all those sent back were corpses.

The corpses were sent to the national border, and the bodies were identified, and the blame was put on Ye Lu.

"The Diviner's plan was simple, that is, to divert the trouble to the east, since they could not catch Ye Luo, then let the Chinese people deal with Ye Luo themselves.

As a matter of fact, the entire cultivation community of China exploded as soon as this incident came out.

"Ye Luo, the sinner of the ages, what has he done?"

"That's right, losing so many good fighters at once, it's too abominable."

"We must unite to catch Ye Luo."

.....

However, the situation in the secular world was the complete opposite.

Chapter 565

As millions of people returned to the secular world, everyone was excited and Ye Lu became the superhero of the "secular world".

This time, Ye Lu's fame was not only limited to the "capital", but the whole of China was proclaiming Ye Lu's deeds.

To everyone, Ye Lu was the saviour.

Those who had been saved had taken the initiative to erect stone monuments and statues to commemorate his merits.

However, the situation in the cultivation world was the complete opposite.

Southern Chu, the Secret Realm.

A man with a Chinese crown looked at the crowd and said.

“This time, we actually lost the precious doppelganger of the ‘Great Master Tai’ and lost the ‘Eastern Emperor Bell’, one of the ‘Heavenly Spiritual Treasures’ left behind. This Ye Lu’s sin is unforgivable, and the ‘Great Master Tai Tai’ has given orders on that side that this fellow must be dealt with, or else he will become a major problem in his heart.”

Then, he said again.

“The situation on that side is very complicated, and the forces that don’t have the ‘Immortal Palace Key’ will gradually weaken, and may eventually attach themselves to those who have the ‘Immortal Palace Key’. So, we have to get a ‘Immortal Palace Key’ no matter what.”

“In addition, we don’t have many doppelgangers left, so the ‘Young Master’ and I will stay away for now, and leave the rest to you guys.”

“I hope you guys can make a difference here.”

Meanwhile, at the headquarters of other forces, similar things were happening.

The “Fuxi clan” clan land.

“He only sent an expert from the Fuxi clan, but this expert was also their beloved, especially with the loss of the “Taiji Diagram”, which was an “innate spiritual treasure” of the same level as the “Four Heavenly Spiritual Lamps”.

Because most of the “Heavenly Spiritual Treasures” were taken away, not many of them were left behind, which made the “Taiji Diagram” even more precious.

Of course, the most important thing is to get the “Immortal Mansion Key”, thinking that there are only nine “Immortal Mansion Keys” in the “Secular World”, while the forces in the “Secular World” are much more than that.

“Although Fuxi is the rightful god of the land, the bloodline of these ancient gods is thin and is gradually being replaced by other great powers, so the Fuxi clan is no longer as proud as before.

“It’s a pity that we couldn’t get the ‘Immortal Palace Key’ or related clues from Ye Lu this time, it looks like we still have a long way to go to get the ‘Immortal Palace Key’!”

These forces that did not have the ‘Immortal Palace Key’ in their hands were extremely eager for the Immortal Palace Key.

Then, Fuxi continued.

“This time, we must get a ‘Immortal Palace Key’, if we have one, we can revive our ‘Fuxi Clan’, or at least become one of the nine great powers on that side. use any means, as long as we can get one.”

At the same time, everyone on the “Kunlun” side was also planning the same thing about Ye Lu.

“This kid is too evil, I suspect that he might have been behind the previous incident as well, putting us at odds with the ‘Heavenly Demon Palace’ side.”

One of them said in a somewhat depressed manner.

Because this time, Kunlun had also lost an Innate Spiritual Treasure, the Eight Scene Palace Lamp, one of the Four Great Spiritual Lamps of the Innate Heavens.

At this time, another person shook his head and said.

“After all, those guys from that ‘Heavenly Demon Palace’ have always been against us, and this time they have already obtained an ‘Immortal Palace Key’, so they certainly don’t want us to get the full ‘Immortal Mansion Key’.”

“However, if it really turns out to be like this, I’m afraid it will be very detrimental to our ‘Kunlun’.”

Another person said when he finished.

“What are we afraid of, with the strength of our ‘Kunlun’, we will rob whoever has the ‘key’, as long as we ‘Kunlun’ people are united together .”

However, another man bristled and said.

“Want to be united, is it possible, for how many years have we all been a scattered mess, if we could really be united, would we still be in such a mess by the ‘Heavenly Demon Palace’?”

“Why is the Heavenly Demon Palace strong? It’s not because they’re ironclad.”

This statement was shared by everyone.

After that, everyone became emotional, as they all thought of how terrifying the “Heavenly Demon Palace” was, as those guys were like a snowball getting stronger and stronger.

Finally, one person summed up by saying.

“Alright, alright, stop feeling so much, there’s time to go find that Ye Lu, anyway, we’re all in agreement on this matter, right or wrong, let’s f*ck him first.”

This time everyone was once again animated.

It was rare that the various factions of Kunlun could all have the same goal.

If Ye Lu was here, I don’t know if he should be crying or laughing, but he was going to be unlucky anyway, because these forces were not the only ones targeting him.

Not to mention the so-called righteous people, many evil forces, such as the “Heavenly Demon Palace”, had also started to make moves.

The death of the “Enchanted Angel”, one of the “Seven Fallen Angels”, had made them take a fresh look at Ye Lu, and they felt threatened by him.

“The one called Ye Lu is very troublesome, more troublesome than the average ‘Nuwa clan’ person.”

One of the Heavenly Demon clan guys said as he looked at the other clan members.

“Well, this time he seems to be targeted not only by us, but also by those from the righteous path, so why don’t we muddy the waters and get everyone involved together, how about that, as long as we can get him killed anyway.”

This plan was unanimously approved by the Heavenly Demons.

However, what no one knew was that the truly terrifying man in the “Secret Realm of the Ten Thousand Beasts” had already begun his plan to devour the entire world.

“Thousand Faces, isn’t it, no one in the ‘Small World’ has ever been able to enter that place.”

The “thousand-faced demonic beast” said quickly.

“Yes, this is the iron rule of heaven and earth, things that grow out of the secret ‘small world’ naturally cannot break through the ‘small world’ on their own this is unchanging, only you can break this iron rule.”

Another head then said.

“Not only our boss, but all of us will have to break this iron rule, we are about to become history and a true legend.”

Followed by another head saying.

“Boss, do you think that if we really need to get the ‘Immortal Palace Key’, wouldn’t we just become immortals ourselves? Besides, weren’t you also a true immortal initially?”

As a result, the young man shook his head and said.

“Firstly, I’ve told you many times to let one head speak at a time, now that’s too messy, and secondly, it’s true that we can also become immortals independently, but that would take too long, and it’s not that easy to get through the ‘nine tribulations’.”

After saying that, this handsome man sighed and said.

“Ai, becoming an immortal is not that easy, we are now in the secret realm, so the ‘heavenly tribulation’ has not come, once we leave here, the ‘heavenly tribulation’ will come, and then we will really face a challenge.”

“However, all we are doing is going against the heavens, so since we have chosen such a path, we can only go forward.”

“In heaven and on earth, I am the only one!”

As he said these words, two thunderbolts flashed from his eyes.

Following that, this handsome man then said towards the outside.

“Tell the people of the ‘Beast Alliance’ to try to get a ‘Immortal Mansion Key’, by whatever means necessary, before we enter the ‘Mundane World’. If necessary, we can summon one of our experts to go out.”

The news soon reached the Beast Alliance, and everyone began to discuss.

“As far as we know, one of the ‘Immortal Mansion Keys’ is in the hands of Kunlun, but we haven’t found the corresponding ‘Star Destined One’ yet, and One is said to be in the hands of the ‘Heavenly Demon Palace’, both of which are not easy to grab.”

“The military division of the Beast Alliance looked at the crowd and said.

“The Xuan Tian Clan definitely has one, but the current ‘Xuan Tian Clan’ is even worse to mess with, so our target can only be locked on one person, he is Ye Lu.”

And at this moment, Ye Luo did not know that he had become the target of all.

Chapter 566

When he arrived at the location he had agreed to meet Jasmine, his heart dropped when he found out that Jasmine was not there, as this probably meant that Jasmine had been taken.

He then asked Glasses to help him search for any valuable information.

Soon, the glasses found a large amount of information.

Ye Luo also immediately found out that many of the people who had entered King Solomon’s secret realm with him had died and their bodies had been brought back, and the blame had been put on Ye Luo’s head.

“Sh*t! How cruel!”

Ye Luo muttered secretly.

“Looks like these forces are fighting each other fiercely! To strike so hard.”

“The reason why King Solomon and the gods of Ancient Egypt had killed so many people was obviously to take advantage of the opportunity to strike the forces of China, as they were in competition with each other.

“It looks like most of Jasmine has already been taken.”

Ye Lu helplessly looked at the various surveillance videos collected by the “glasses”.

The surveillance videos showed that Jasmine had indeed come here as Ye Lu had agreed, but there was no video of her leaving the place afterwards, which meant that either Jasmine was still here, or someone had taken her away unnoticed.

Ye Lu felt that it must be the latter, because he had just released the Chimera Ants to search for them, and these things were quite good at searching.

“This girl is mostly overwhelmed with love.”

Finding out that Jasmine had been caught, Ye Luo was also very headstrong.

Everything was good about this woman Jasmine, but she was too kind-hearted and also too innocent, so she could easily be led into the ditch by the other party.

“However, with ‘Void’ around, most can get people out.”

Ye Lu muttered darkly.

If it was before, he would not dare to say such a thing because, with his cultivation level, it would be a fool’s errand to enter King Solomon’s secret realm to save someone.

However, it was different now, with the Void, it was easy to enter any place. Due to the problem of cultivation level, it was very difficult to use the Void to assassinate experts, but it was much easier to do some spying and rescue things.

As long as Ye Lu could find the place where Jasmine was, then find a way to blend in with Jasmine, then use the “Heavenly Spiritual Treasure” that could hold a person to hold Jasmine, and then collect her body and sneak away quietly.

The only thing that would be risky with Void’s ability would be the period of time when he would show up and pretend to be a human being, but as long as he survived this period of time, his escape would be as easy as pie.

Of course, even if he was discovered, Ye Lu wouldn’t worry about it. It wasn’t that easy to kill the Void, or at least Ye Lu couldn’t think of any way to kill it yet.

This thing is the same as “nothing”, its body is nothing, how can you kill it?

Therefore, Ye Luo actually believed in what “Void” had said before, saying that it was from the other side, representing the ultimate other side and the end of all things.

“If it said that it came from the other side, Ye Luo believed it a little.

“Void, I’m counting on you to find the next person.”

Ye Luo said to the Void.

Since Ye Lu and Void had lived together for a long time, a deep bond had been established between them, and since Void was Ye Lu’s “original spirit animal”, the two of them were connected in spirit.

“Void” smiled in the air and said.

“No problem, let’s see what I do.”

After saying that, Void headed towards the place where King Solomon’s secret realm was located.

However, things went a little differently from what Ye Lu thought.

It took a lot of time to find out that Jasmine had been taken away by King Solomon, but where she had gone, everyone had no idea, because King Solomon was the only one who acted.

“Sh*t! This is a bit dumb.”

Ye Lu muttered helplessly.

If King Solomon acted alone, there was only one way to get to him, but since he acted on his own, he would not tell the secret to himself, so it would be too difficult to find out Jasmine’s situation and save her.

What Ye Luo was more worried about was that if King Solomon had Jasmine with him, then it would be a big problem, and Ye Luo would not be able to get rid of the person in the “Spiritual Treasure”, even with the help of “Void”.

“It looks like we’re going to have to think long and hard about this.”

Ye Lu stayed in West Asia and let Void wander around the secret realm of King Solomon for two days, but there was nothing new to discover, so Ye Lu let Void withdraw from the secret realm.

Then, after thinking about it, Ye Lu let Void take on his own form, while he disguised himself in a different form, which he felt would be safer.

However, at this moment, Ye Luo did not know that within the country of China, the major powers had already laid down a net of heaven and earth, waiting for Ye Luo to go there.

Not only that, but other forces in the world have also included Ye Luo as their main target, including the Mayan gods and the gods of ancient India.

These two forces are also very strong and famous.

The Mayan gods in particular are said to have a unique advantage in the field of divination and prophecy.

However, the Mayan Gods did not come out this time solely because of Ye Lu, but also because they had prophesied something else, that is, they had prophesied that the Ark of the Other Side was about to come into existence.

“The Mayan gods had prophesied that a great catastrophe would come, and that the saviour of this catastrophe would be in the mysterious land of the East, a “son of the future” according to the prophecy, at whose feet even eternal life worships.

According to the instructions of the “serpentine gods”, only by going to the East and finding this “son of the future” will the descendants of the Maya be able to escape from this crisis.

According to the research of the Mayan Gods, they felt that Ye Luo, Mr. Luo, and the “Masked Man in Silk Stockings”, a man with multiple identities, were the most likely to be the ones they were looking for.

However, the Mayan gods were not yet aware of the fact that China’s interior was in turmoil.

As for the gods of ancient India, the great god Indra has predicted the beginning of the Great Controversy, and it would be too late for them not to get involved.

Of course, this is just a cover-up.

The real reason was that Indra's body in that place was already in the middle of a war between various powers, and the focus of the war was of course the "Immortal Palace Key".

As a result, everyone could only stare in disbelief but could do nothing.

The only viable plan now is to use the doppelgangers left behind in the Secular World to stir up the storm, and Indra feels that this is the perfect opportunity for these medium-sized forces to rise to power.

At the same time, there were also some masters from the scattered cultivators.

These guys are all extremely tough guys, they don't obey anyone, they don't attach to any power, they do what they want, but that doesn't mean they don't want to become immortal, so when they have the chance, they naturally want to go for it, in fact, the "Lu Zu Daoist" of the "Yun Lu Palace Master" lineage is such a person.

"The reason why the Yunluo Palace Master had such a special status in Kunlun was because of the Daoist Master Lu, no one dared to mess with him, and that was why the Yunluo Palace Master was so supreme.

After finding it difficult to save Jasmine, Ye decided to put the matter on hold, but instead of going back to China, he went to Northern Europe to look for his old friend Odin, the king of the Norse gods.

As a result, he found that Odin had now changed his ways.

He had not only unified the Norse gods, but also ruled over the Frost Giants and the Fire Giants, while Loki had been mercilessly suppressed by him, and all kinds of horrible beasts, such as Cerberus and the nine-headed sea serpent Hydra, had been subdued by him.

"And that's not all!"

"Odin said with a smile over his glass.

Chapter 567

"With the help of Nidhogg, I have subdued the gods of Olympus, so you don't have to worry about these guys coming after you."

Then Odin said again.

"However, I heard that people all over the world are now looking for you, and the reward for information about you in the 'Underworld App' has already reached the highest amount, and according to the legend, the 'Mayan Gods' are also prepared to use the 'Great Prophecy', which has not been used for hundreds of years, on you. The 'Great Prophecy' which has not been used for centuries, it is possible that you will be in danger, do you want to stay here with me."

"I have 'Nidhogg' sitting here, no one should come for trouble easily."

However, before Ye Lu could speak, an angular, black-clad man with a moustache suddenly walked in from the side, the moment this guy appeared, it seemed like even the air froze, and many people couldn't help but shiver.

"Demon Dragon, can you leave this secret realm now?"

Ye Lu looked at this black-clothed man and said with a smile.

This guy was what the "Hell Devil Dragon" looked like after it had transformed into its form, not to mention, it had the style of a "Devil Dragon", looking cool and manly at the same time.

As a result, the magic dragon "Nidhogg" looked at Ye Lu and said with a smile.

"Don't worry, this is just a mission for my doppelganger, my body is still your friend."

After saying that, "Nidhogg" winked at Ye Lu.

Seeing this scene, "Odin" dropped the wine cup in his hand with a clang.

He knew that "Nidhogg" and Ye Lu had a connection, but he didn't think there was any "gay" relationship here, which made him, a straight man, shudder.

In his mind, he thought Nidhogg was a cold character, his expression was cold, his knife was cold, his heart was cold, his blood was cold

Who would have thought that this guy is actually a comedian?

After that, "Nidhogg" then looked at Ye Lu and Odin and said.

"The main reason why I was at a disadvantage on that side was because I didn't have my own power, so I've changed my mind this time."

"Of course, my real partner is still you."

When he heard Nidhogg's words, Odin smiled bitterly and said.

"After all, I'm just a supporting actor, aren't I?"

"Nidhogg turned his head to look at Odin and said.

"You can choose whether you want to play a corpse or a supporting actor."

"Odin smiled helplessly and said.

"Well, it's not up to you anyway, but no matter what, I have to thank you, come on, Nidhogg, let's have a drink."

Ye Luo could see that this "Nidhogg" actually liked the strong man "Odin".

Ye Lu did not have many friends, and he had always considered "Odin" as his friend. This time, Ye Lu was relieved to see that "Odin" was living a good life and had changed his guns.

"Ye Lu, don't worry, no matter what happens, I 'Odin' will support you, if you want to touch me, you have to step over my dead body."

As Ye Lu left, "Odin" looked at Ye Lu and patted his chest.

Ye Luo nodded and said.

"Then I'm leaving, if you encounter anything on this side remember to find me as I said, I will definitely go through fire and water."

Then, Ye Lu left Europe, but next, he let "Void" take his place.

"I'd like to see how things turn out."

Ye Lu muttered secretly, and then, he let "Void" take on his own form, and then, on a demonic beast, he quietly flew back to China.

Ye Lu, on the other hand, disguised himself as a different person and ran wildly from the ground towards the country of China.

At the level of Ye Lu's cultivation, using the "divine skill" of the "holy rank", his speed was definitely as fast as lightning, although it was a bit inferior to that of a flying demonic beast, but his real speed was no less than that of an ordinary plane.

Of course, the "Void" had turned into a leaf drop and was even faster.

It didn't take long for the Void to rush into the "formation" outside of China, and the Pan Gu Clan, who controlled the "Nine Tripods Formation", was the first to know about it.

Therefore, the Pangu Clan was the first to act.

"Not long after the Void flew into the territory of China, people from the Pan Gu Clan arrived.

They were three of the Twelve Ancestral Witches, who were not always resident in the Pan Gu Secret Realm, so it was clear how much importance they attached to Ye Lu.

"Oh, are you guys welcoming me back?"

"Void" asked with a smile as he looked at the people who suddenly appeared from the sky.

The "Witch King" of the "Thick Earth" clan, who was in the lead, looked at Ye Lu and said coldly.

"Yes, you are invited to be a guest of our 'ancient clan', please!"

With these words, this guy waved his hand, followed by the other two "Ancestral Witches" who dashed towards Ye Lu.

Ye Lu looked at the two guys who rushed over and smiled, saying.

"I'm very busy, bye!"

At this moment, "Void" was riding a "Spirit Beast", a flying expert that Ye Lu had caught from the "Spirit Stone Secret Realm", and of course, the strongest thing was the clothes on its body, which was a divine weapon that Ye Lu had purposely made to increase its speed.

Therefore, although its cultivation level was not at the top level, its speed was definitely just right.

“Brush!”

The spirit beast carried Ye Lu like a fly and flew wildly to the side. The people of the “ancient clan” certainly wouldn’t let Ye Lu go and they flew after him.

However, this run and chase immediately alerted the others.

“Brush!”

“Brush!”

“Brush!”

.....

Immediately, people from other forces also appeared. The second group of people who appeared were “Yun Zhong Jun” and “Dong Jun”, both of whom were experts from the Chu Di God Clan, that is, people under “Dong Huang Tai Yi”.

After they appeared, they did not say anything and attacked directly.

“He waved his hands, and countless clouds of various colours blocked Ye Lu’s path.

“Void” possessed a stronger intelligence than Ye Lu, and it felt that these clouds were definitely not that simple, so it decided that it was better to mess with them less.

“Rise!”

He gave the “spirit beast” under his feet a prompt, and the “spirit beast” raised its voice to the sky and then rose up.

However, at this moment, the “Eastern Monarch”, who was also the “Sun God” of Chu, stood on the “Flying Dragon Sun Chariot” and opened his bow and arrow, and shot an arrow at Ye Lu’s mount, that is, the spirit beast.

The “Sun God” was the best at shooting arrows, so he was very confident in this shot, but immediately afterwards, he was surprised because he found that his arrow suddenly could not do much damage to the other side.

His arrow could not penetrate the armour on the spirit beast, which took advantage of the power of the blow to accelerate again and fled as swiftly as lightning.

But more people appeared, this time from Kunlun, and they were all riding beautiful demonic beasts, led by three men, one on a crane, one on a deer and one on a black tiger.

One of them quickly raised his hand and a yellow light flew towards Ye Lu.

It was the immortal’s treasure, the “rope of binding immortals”, and this “rope” quickly wrapped around “Void”, but then the guy on the immortal crane threw the rope and froze.

He saw that the “Immortal Binding Rope” did not wrap around Ye Luo, as if Ye Luo’s body was transparent, the “Immortal Binding Rope” directly penetrated Ye Luo’s body.

The “Void” then flew wildly in the other direction again.

However, in the distance, another group of people flew up, this time wearing shining armour that reminded Ye Lu of the “Saint Fighter” in the cartoon, and these people were no other than the people from the Xuan Tian Clan.

“Sh*t!”

Seeing this scene, “Void” could not help but burst out a foul mouth.

Chapter 568

In fact, Ye Luo also wanted to “Sh*t!” , the current situation was indeed out of Ye Lu’s expectation.

He thought that his revenge this time should invite some kind of after-effects, but he did not expect such serious after-effects at all.

“These guys obviously don’t simply want revenge, these goods should have other purposes, it looks like I’ve become the meat and potatoes that everyone is fighting over, so let’s fight.”

“Void” looked at the crowd that was chasing him and he laughed.

“Everyone wants to take me, right? Let’s do it.”

After saying that, “Void” now rushed over to the side again, and this time the people he met were the “Yun Zhong Jun” and “Dong Jun” of the Chu Gods who were chasing him.

When he saw Ye Luo rushing towards him, “Yun Zhong Jun” quickly released a large amount of mist to trap Ye Luo, but “Void” of course let him get what he wanted.

The “Void” rushed into the white mist.

When the others saw this scene, they were not calm, and they rushed towards the “Cloudy King”, for they did not want the benefits to be taken by the gods of Chu.

“Brush!”

The first to attack were those from the Xuantian Clan, who all took out their glowing bows and arrows in unison, and then opened their bows and arrows and shot towards the “Cloud Central Monarch” and the “Eastern Monarch”.

What was even more frightening was that the killing power of these people’s bows and arrows was extremely frightening, but of course, the most unlucky one was “Yun Zhongjun”.

At this moment, Ye Lu was still struggling for his life in the clouds.

“Boom!”

He wanted to grab Ye Luo very much, but, he also understood that this would affect his ability to dodge, and the other party’s attack power was definitely not to be underestimated.

As a result, this hesitation cost him his life.

“Boom!”

“Boom!”

“Boom!”

.....

The long arrows of gold and silver fell on the body of the “Cloudy King” and he was soon blown away by the arrows, and the “Eastern King” who was good at using arrows did not escape death either, and was quickly shot dead by the army-like men of the “Xuantian Clan”.

Seeing this scene, everyone was astonished, the combat power of the “Xuantian Clan” was already unbelievable.

The leader of the Xuan Tian Clan, who was wearing golden armour like a “golden saint”, then said in a loud voice to everyone.

“Listen up, the Xuan Tian Clan is taking over this matter, so if you don’t want to die, get lost!”

However, just as he finished his words, a voice said coldly.

“What the hell is the ‘Xuan Tian Clan’, is it so awesome, I don’t know which one of you is the onion.”

Following this, a group of people in black appeared.

The people from the Heavenly Demon Palace had always been domineering, so of course they wouldn’t listen to the orders of the Xuan Tian Clan.

The others watched the scene with some glee.

Because the others felt that this was the time for the “snipe and the clam to fight and the fisherman to gain”.

However, the newcomers from the Heavenly Demon Palace didn’t seem to care about their petty thoughts at all, as they rushed straight towards the cloud.

This took the others by surprise, as they thought that the current situation would lead to hesitation or some kind of strategy on the part of the “Heavenly Demon Palace” people, but what they didn’t expect was that these people would be so direct, which was a clear slap in the face to everyone.

This kind of attitude of completely ignoring everyone made everyone a bit annoyed, especially the people from the Xuan Tian Clan, and to these people, this was a facepalm that was not even disguised.

“Fight!”

“The leader of the Xuan Tian Clan raised his hand again, and everyone started to attack with their bows and arrows once again.

“Whoosh!”

“Whoosh!”

“Whoosh!”

.....

Numerous long arrows were fired at the people of the Heavenly Demon Palace, but the other side had obviously prepared for this, and the leader of the Heavenly Demon Palace, who had horns and wings, raised his hand and waved.

A black mist quickly spread out and actually blocked the long arrows.

The rest of them were already rushing towards the cloud where Ye Lu was.

Of course, the others could not sit idly by, as the experts from Kunlun, the experts from the Pan Gu Clan, and the experts from other powers and clans all began to attack.

However, the Heavenly Demon Clan was really strong, and several of them quickly released their huge black wings, which opened up and blocked all kinds of attacks, while a black mist had already wrapped around the white cloud released by the "Cloud Lord".

"Go!"

Then, the Heavenly Demon Clan was ready to leave after they had won.

But of course, the crowd wouldn't let them go like that, this was too dashing, ignoring the others? They were all experts here.

However, after the fight, everyone immediately understood that these people could not really keep the people from the Heavenly Demon Palace, because these people from the Heavenly Demon Palace seemed to have a similar cultivation level as them, but their real combat power was far superior to theirs.

So, soon the people from the Heavenly Demon Palace opened up a gap and flew away into the distance.

However, at this moment, another force appeared, and it was very strong when it appeared. These guys were all riding flying demonic beasts, extremely fast, and each of them had extremely rugged and distinctive features, and they were none other than the experts of the Beast Alliance.

"Ow!"

The roar of the beasts was so loud that it was frightening to watch, and these people were obviously coming for the Heavenly Demon Palace, and they quickly blocked the way of the Heavenly Demon Palace.

"Heavenly Demon Palace, if you have the sense to leave your men behind, otherwise you will not be able to return."

"The guy at the head of the Beast Alliance said in a loud voice.

However, the people of the Heavenly Demon Palace were not moved, and they looked at the people of the Beast Alliance and said coldly.

"We have never had anything to do with the Beast Alliance, so I advise you not to get involved in this mess."

However, the people from the Beast Alliance were obviously prepared, and they lined up to look at the people from the Heavenly Demon Palace and said.

“Heavenly Demon Palace, don’t eat your wine, since you are so uncouth, then don’t blame us for being impolite, let’s start.”

Then, under the leadership of the leader of the Beast Alliance, the crowd began to summon.

“The Beast Alliance’s original specialty was taming beasts and summoning demonic beasts, so the people of the Heavenly Demon Palace did not feel any surprise at the Beast Alliance’s actions.

However, when the first demonic beast appeared, they became a little worried.

Although the “Great Sun Golden Flame” was not the “Sun True Flame” which had fused the four Chaos Spirits, it was one of the four Chaos Spirits, so its terror was not to be underestimated.

What worried them even more was that there was not just one “Three-legged Golden Crow”, but one for each of them.

“Ow!”

The nine “Three-Legged Golden Crows” appeared in the air like nine small suns, raising the temperature around them by an unknown number of degrees.

“Go!”

Following this, the nine Three Legged Golden Crows launched their attack.

The golden “Great Sun Golden Flame” rolled around endlessly, and the demonic Qi immediately emitted a “hiss!” when it encountered the “Great Sun Golden Flame”. They were burnt into nothingness.

Seeing this scene, the crowd drew in a breath of cold air.

Everyone was reminded of the legendary scene of Hou Yi shooting the sun, where ten suns appeared in the sky at the same time, giving the impression of ten days coming out in unison.

“Brush!”

Just when everyone thought that these “Heavenly Demon Palace” people might end up here, suddenly one of the “Heavenly Demon Palace” people’s body exploded, and then a real “Heavenly Demon Race” person with three horns and huge black wings broke out of his body.

This “Heavenly Demon” was completely different from the previous “Heavenly Demon Palace” person.

As soon as he appeared, he emitted an aura of unparalleled terror, and with a wave of his wings, the nine “Three-legged Golden Crows” all retreated.

Then, this guy shot up into the sky and shot off into the distance.

However, at this moment, a woman flew over from the air and blocked the way of this Heavenly Demon.

At this moment, Ye Luo was standing not far from the woman and the “Heavenly Demon Clan”.

Ye Lu was already prepared for the power of the Heavenly Demon Clan, so he was not surprised by the performance of the Heavenly Demon Clan, but by the one on the other side, the “Nuwa Clan” expert with a snake’s tail.

This Nuwa expert was simply too strong, and was completely different from the Nuwa people Ye Lu had met before.

“This is the real ‘Nuwa clan’.”

Ye Luo muttered to himself as he looked at this guy who looked exactly like the “Creation God”.

Like the Heavenly Demon Clan, the Nuwa clansmen operating outside were not true Nuwa bloodlines, such as those who had entered the Secret Realm of the Ten Thousand Beasts before were Nuwa clansmen, but those people were not creator gods and did not have true Nuwa bloodlines.

“Looks like the legend is right.”

When Ye Luo saw that Nuwa’s expert had actually stopped that Heavenly Demon clan member with a single move, he understood that the legend that Nuwa’s second half of her body was a snake was true.

Moreover, the fighting power of this Nuwa clan was really too terrifying, the “Heavenly Demon” clan member who had just been defeated by the Nuwa clan member seemed to be no match for this expert of the Nuwa clan.

Of course, Nuwa was not the only one who had sent them, Ye Lu saw a group of women not far away standing there quietly watching the scene.

The message from the “glasses” told him that they were all women from the Nuwa clan, but it was not yet time for them to fight.

So, Ye Lu thought about it and walked over to the group of women.

“Hello, sisters!”

Ye Luo looked at these women and said with a smile.

The one at the head of the group then looked at Ye Luo with some confusion and asked.

“Who are you? Do you know what’s going on here? It’s dangerous here, hurry up and get out of here, it’s really too dangerous for a pu like you.”

When she said this, she stopped and followed it with her eyes wide open.

The reason was that she found that Ye Luo’s body was actually flowing with spiritual energy, and spiritual energy was the unique mark of their “Nuwa Clan”.

In their eyes, it was basically unique.

“You, you’re one of our clan?”

She looked at Ye Luo and said with some surprise.

In response, Ye Lu was completely dumbfounded, because he didn't know what was going on, so he thought about it and said.

"I don't know either, it's better for you to decide this matter, all I know is that both of us are using spiritual power."

This was indeed what Ye Luo had in mind, "glasses" would not give him his profile, so he was not sure of his identity, but he did use the same power as this "Nuwa clan" clan member, but whether this was the only basis, Ye Luo did not know.

If this was really the case, Ye Lu felt that his identity seemed to be very strange, and that he should be from the "Haotian Continent".

After all, Ye Lu didn't really believe in such things as full screen luck.

As a result, the person from the Nuwa clan looked at Ye Lu for a long time, then stretched out his hand to check again, and finally nodded with great certainty.

"Yes, there is no mistake about it, you are indeed a member of our clan, but, to be honest, this is the first time I have seen a male member of the clan, you are really very strange."

When he heard the woman's words, Ye Lu rubbed his chin, because the matter of being strange or not was a bit baffling to him himself.

So, he thought for a moment and said.

"I also know a member of your clan, perhaps she will be even stranger, and she now has a 'Creation Beast' in her hand as her 'Original Spirit Beast'"

At this point, the "Nuwa clan" person's eyes were already wide with surprise.

"Are you saying that she can use the 'Creation Beast' as her 'Original Spirit Beast'?"

Ye Lu nodded, then said.

"Also, her bloodline is strange, she only had the 'Eve' bloodline at first, but, later on, she awakened countless bloodlines, including that of the Nuwa clan, so I don't know if she's a member of the Nuwa clan or not."

Indeed, Liu Mei's situation was somewhat confusing.

As a result, the clan member of the Nuwa clan shook his head and said.

"In this matter, how should I put it, I should say that we, the 'Nuwa Clan', are her clan members, and your friend has the bloodline of our ancestors, and our name is 'Creation Spirit', and we are the a type of 'Creation Beast', so that's why she can treat us as 'Original Spirit Beasts', and that's the only possibility."

Hearing this woman's words, Ye Lu was really taken aback, it looked like Liu Mei's origins were even bigger than he thought.

"A Genesis Spirit? It sounds very powerful, what kind of origin is it?"

Ye Luo asked as he looked at the woman opposite him.

The woman across from him took a breath and said.

“Simply put, she is a bloodline from the higher world ‘The Great World’.”

At this point, Ye Lu did become a little unsettled as he looked at the woman and asked.

“Is it true that the Small Thousand Worlds, the Middle Thousand Worlds and the Great Thousand Worlds aren’t just something that people make up nonsense? I always thought it was a rumour.”

The woman nodded and said.

“Of course it’s not made up, but it’s also slightly different from everyone’s rumours, this ‘Small Thousand World’ we’re in is called the ‘Earth World’, and in the ‘Hao Tian Continent’ it appears to be the same as if we were looking at a secret realm, such as our ‘Nuwa Secret Realm’.”

“That is to say, when considered from the perspective of the ‘Haotian Continent’, our ‘Earth World’ is merely one of the thousands of ordinary ‘Small Thousand Worlds’. And from the perspective of the ‘Great Thousand Worlds’ at a higher level, the ‘Haotian Continent’ is again one of their countless ‘Middle Thousand Worlds’.”

“So, our little Earth Thousand World is actually nothing.”

Hearing this woman’s explanation, Ye Lu then basically understood the composition of the entire world, the world was indeed very big.

The woman then continued.

“As for more detailed matters, you and we will talk about it when we get to the secret realm, but it’s really impressive that you were able to escape easily under the siege of these people.”

Because not far away, everyone was still fighting in chaos, which meant that Ye Lu actually tricked everyone.

Ye Lu laughed and did not tell the truth, after all, at the critical moment, he still had to rely on “false” to escape.

So, he nodded and walked into the “Nuwa Clan” group, and the whole group flew away in a flash, obviously these people had other means of communication, or they were not worried that the woman who fought the “Heavenly Demon Clan” would lose.

While following the Nuwa clan, Ye Lu said.

“What about the ‘Heavenly Demon Race’? Why do they keep fighting with you? Moreover, I saw that they are also from the ‘Haotian Continent’.”

As a result, the woman did not answer the question, but looked at Ye Lu and asked.

“Candle Dragon, is it with you guys?”

Ye Luo nodded, then asked again.

“Yes, what is going on with the candle dragon? Also, I saw a woman with the ‘Candle Dragon’ bloodline and pattern inside the ‘Heavenly Demon Clan’ as well.”

This time the woman was silent for a few seconds before she said,

“This matter is very involved, so it is better for you not to know about it yet.”

However, Ye Lu sensed a hint of hostility in her attitude, it seemed that “Qin Shiyu” really had some kind of connection with these “Heavenly Demon” people.

After that, the woman asked again.

“By the way, where is that Candle Dragon friend of yours now?”

This time, Ye Luo kept an eye out and said.

“She has been out of contact for a long time and I’m looking for her, someone said they saw her enter a secret realm, I’ve been to that secret realm, but that secret realm is gone, I’m also confused.”

Hearing Ye Luo’s complete bullsh*t, the woman actually frowned and said.

“Did the secret realm appear and then by gone? Could it be that the ‘boat on the other side’ has appeared?”

Ye Luo did not expect his random ghostly bullsh*t to actually have a source, he also asked with some curiosity.

“And what is the boat on the other side?”

The woman did not hide this time but said directly.

“How can I put it? You can interpret it as being a ‘small thousand world’ made by a truly great power.”

Chapter 570

Hearing this woman’s words, Ye Lu was truly dumbfounded.

“What kind of person can even make a ‘Small Thousand Worlds’, this is too bullish.”

As a result, the woman looked at him with a look of contempt, as if Ye Lu was a mountain boy who had never seen the market, and then this was said.

“What’s so strange about that, other than that, a ‘Creation Origin Spirit’ can easily craft ‘Small Thousand Worlds’, even ‘Middle Thousand Worlds’ can be make, and powerful ‘Creation Beasts’ can also do it, there’s nothing strange about that.”

However, to be honest, Ye Lu was still a bit unable to digest this woman’s words for a while.

So, Ye Lu continued to ask.

“To be honest, I am indeed a bit confused, may I ask, since you are of the ‘Haotian Continent’ bloodline, then why did your ancestors come here? Also, who built this ‘boat on the other side’, and if it is equal to our entire world, what is it doing here?”

If this “boat on the other side” is really the same as a “small world”, then it is really something!

As a result, the woman rolled her eyes and said.

“I’m not a ‘Nuwa’, I just have their bloodline and have awakened a part of their heritage, just like those ‘gods’ you know have. We are kind of born and raised in this world.”

Hearing this woman’s words, Ye Lu probably understood.

Most of these women really didn’t know the truth of the matter, because, through the observation of the glasses, Ye Lu found out that what she said was true, she didn’t come from the “Haotian Continent”, she was just an inheritor of the “Nuwa Clan”, but, unlike other bloodline inheritors, she was a direct bloodline inheritor.

That is to say, she is a creature who grew up with a drop of Nuwa’s blood.

This must be the secret that sets them apart from the rest of the Nuwa clan.

Then, the woman continued.

“However, judging from the fragments of my inherited memories, that ‘Other Side Boat’ might not be as powerful as you think, after all, the ‘Small World of Earth’ is not some ‘creation beast’ or ‘creation beast’. Creation Beast’ or ‘Yuan Ling’ birthed it, but rather, it was naturally birthed by heaven and earth like the universe.”

“This is different from a manufactured ‘Little Thousand Worlds’, you can draw an analogy, after you are fully proficient in ‘Space Laws’, you make a space the size of an ordinary secret realm and put in all sorts of things and a naturally formed secret realm’s gap.”

“However, there is no doubt that the ‘Other Shore Boat’ is more powerful than all the ‘spiritual treasures’ or even ‘supreme treasures’ you can imagine. ”

Ye Luo also nodded, not to mention a “small thousand worlds”, even the thought of using an earth as a weapon was terrifying.

However, from the sound of it, this “other side of the boat” does not sound like something used to attack, Ye Lu feels that most of it might be something used to hold something, the same as the “Taiji diagram” that “Fuxi” took out before.

In short, Ye Lu felt that this object was still very far away from him.

After that, the Nuwa clan member looked at Ye Lu and said.

“The person you said has the ‘Creation Spirit’ bloodline, where is she now, can you ask her to come to our ‘Nuwa clan’?”

Ye Luo then nodded and said.

“Okay, I will find a way to contact her and have her come over.”

Ye Luo said after thinking about it.

After all, the Nuwa clan sounded like a righteous party, but no one knew who they were, and no one knew how these people would choose in the face of profit.

After all, Ye Luo had seen too many deceitful people along the way, and no one knew if these people would do anything against him.

Soon, Ye Luo put back the "Void".

"Void, how is it?"

Since they were "original spirit beasts", the two of them could communicate with their thoughts.

"Void quickly said.

"Oh, it's a piece of cake, don't worry, it's easy."

Indeed, when it came to escaping, Void was absolutely top-notch, even Ye Lu felt that this guy would never die, or at least he could not think of a way to kill Void.

It didn't take long for Ye Lu to follow these women into a secret realm.

It was no wonder that no one had found them, as this secret place was really deep in the forest, and it was not very popular here, but if Ye Lu's "glasses" were used to scan them, things would be completely different.

"This seems to be a rather ordinary looking secret place!"

Ye Luo muttered as he looked around.

He originally thought that this place was filled with "spiritual power" like the "Spirit Stone Secret Realm", but he found that it was very ordinary, no different from other secret realms, and it was also a completely developed secret realm, and there were no powerful demonic beasts or anything like that inside.

Ye Lu was a little bored, he had originally thought that this place would be another opportunity.

Now it didn't seem to be much of an opportunity.

Soon, they reached the middle of the secret realm, and Ye Lu found that all the women in this secret realm were women, just like the Hundred Flowers Clan, but the women here were not ordinary people like the Hundred Flowers Clan, the women of the Hundred Flowers Clan were basically all lonely and miserable, and there were also women who had been saved by the Hundred Flowers Clan and then followed the Hundred Flowers Clan to settle their grudges.

This is also one of the reasons why Ye Lu helped the Hundred Flowers Clan so much. To be honest, the Hundred Flowers Clan was really a very kind clan, although there might be unreasonable people like the Water Fairy Elder, but there were no real bad people.

The people of the Nuwa clan were different. Apart from the Nuwa clan, none of the other people here were simple, all of them possessed terrifying bloodlines, most of them were of the demon clan, such as the woman with the bloodline of the Nine-tailed Fox who caught his eye.

Ye Lu also saw a woman with the bloodline of the "Siren Clan".

This woman was a foreigner, extremely beautiful, especially with long blonde hair that looked like a golden waterfall.

This woman had the bloodline of Pandora, and it was a pure bloodline.

This reminded Ye Lu of something called Pandora's Box, which Odin had once said was extremely frightening.

"How could such a dangerous person be in the 'Nuwa clan'?"

Ye Luo muttered to himself.

He suddenly realized that this "Nuwa clan" was not as simple as it seemed.

After that, Ye Lu saw another familiar demonic beast, a terrifying Teng Serpent, which was not the same as the one Ye Lu had caught before.

Together with the Teng Serpent, there was also a snake-shaped demonic beast, the White Fletching, a divine beast, the Qilin, and a unicorn, the White Zephyr, which were also called the Four Spirits.

In addition, Ye Lu also saw a powerful woman with the bloodline of the "Nine Heavenly Mystic Maidens".

Of course, what surprised him most was that there was also an extremely beautiful woman who had been beautiful in the legends for thousands of years, Chang'e.

There was also another impressive woman, the snake spirit Bai Suzhen.

In short, this "Nuwa clan" is full of weird stuff.

"Ye Lu, what a miracle, I didn't think there would be men in the 'Nuwa clan'."

When they arrived at the central hall, almost all the people of the Nuwa Clan had passed through the tour, as there had never been anything like this in the history of the Nuwa Clan.

So, Ye Luo stayed here for a few days, after which he felt that although these Nuwa people were strange and weird, they really did not have any malice.

So, after thinking about it, Ye Lu said to the owner of this place, the chief of the Nuwa clan.

"Patriarch, I've already contacted the woman with the 'Genesis Spirit' bloodline I mentioned before, I'll have her come over here."

As a result, the clan chief said with a smile.

"Good, if she really has the 'Genesis Origin Spirit' bloodline, there is still a great creation waiting for her here."
