

Super Student 571

Chapter 571

While Ye Lu was arranging for Liu Mei to enter the secret realm of Nuwa, the Mayan gods from the Americas were also searching for clues about Ye Lu.

The Mayan prophecy is the most famous one related to the Mayans.

According to the Mayan calendar, they predicted five events.

The first predicted the end of their civilisation, but there was no way to change it. The second predicted the appearance of the automobile, the aeroplane and the rocket.

The last one predicted the end of humanity on December 21, 2012.

However, the first four came true, only the fifth one did not.

As a result, the credibility of the Mayan gods has plummeted, and many people think that they are nothing more than bullsh*t.

This is not the case.

The Mayan prophecies are nothing more than a conspiracy. In the opinion of the Mayan gods, they do not tell what will happen, but what will be avoided.

And if it could not be avoided, there would be a terrible consequence, the end of the world.

So what appeared to be a prophecy was in fact a warning not to let things go on, but, fortunately, the prophecy of ultimate destruction did not come true.

Within the Mayan community, another version of the prophecy was circulated.

This prophecy said that there would be an "exterminator" who would break the rules of the world, who would break the chains of the world, who would go against the grain, and that the "tide" would appear, and that the "tide" would attack the world like a flood, knowing that the "saviour" would appear.

The mission of the Mayan Gods is to find this Saviour and to follow him to the other side of the boat to save the world.

The Mayan Gods are now very close to the appearance of the Destroyer, so they are already searching for it in the East.

Of course, trespassing in the East would certainly meet with resistance, so they sent weak Mayans into China on the one hand, and made contact with the cultivation community in China on the other.

They soon found out that Ye Lu was being attacked by everyone.

"Is this Ye Lu the 'saviour' we are looking for or not?"

"Kamenpus, the leader of the Mayan gods, looked at the direction of China and muttered a little, because the prophecy was too vague, so he was not sure about the identity of the 'saviour'.

However, Ye Luo's situation was extremely bad, and if they chose to go with him, they would undoubtedly be going against many of the forces in China.

"Where should we go from here?"

While the Mayan Gods were hesitating, Ye Lu had already brought Liu Mei into the Nuwa clan's territory.

The moment they saw Liu Mei, the people of the Nuwa Clan were convinced that Liu Mei was indeed the bloodline inheritor of the Genesis Spirit.

This conclusion was also confirmed by the latest news brought by the glasses.

This gave Ye Lu a new understanding of "glasses", that is, this thing is also unreliable at times, which made Ye Lu feel more and more that this "glasses" might be some kind of man-made technology product.

However, all this was still just Ye Lu's guess.

What Ye Lu was most curious about was who had left the glasses at that time.

Ye Lu had been investigating this matter, but to no avail.

At this time, the patriarch of the Nuwa clan looked at Liu Mei and said with a smile.

"Liu Mei, since you have the bloodline of the 'Genesis Spirit', there is something that only you can use, this is also your destiny."

"Go, you guys come with me."

Ye Lu and the two of them obediently followed the Nuwa clan leader to a place which was similar to a shrine, however, it had basically turned into an empty house, and in the middle of the shrine was the statue of "Nuwa", according to the "Nuwa clan", none of them had actually seen "Nuwa".

Ye Lu looked at the sculpted stone statue of "Nuwa" and found that he did not know this "Nuwa" at all.

Originally, he thought that this "Nuwa" should be related to Liu Mei, but from the statue, there should be no relationship between the two.

"It seems that Liu Mei and Nuwa are indeed not the same person."

Ye Luo muttered darkly.

Then, that Nuwa clan leader opened a box placed in the centre of the hall and took out a scroll-like object from inside.

"This is the legendary 'Mountain, River, and Land Map', it is said that the 'Great God Nuwa' once used it during the ancient battle of extinction, but no one could use it after that, anyway, people from our clan have tested it and no one could use it, regardless of cultivation level."

"You have a bloodline power far beyond ours, so perhaps you can use it."

She was different from Ye Lu, whose “Nameless Technique” required constant fighting, but Liu Mei only needed to absorb it constantly, so her cultivation level had already caught up with that of Candle Dragon Qin Shiyu, crossing the “God Transformation Realm” and becoming a “First Class Lower God”.

Of course, what was even crazier was her “Original Spirit Beast”, which had already reached the level of “Second Grade Lower God”, one small realm higher than Liu Mei.

This made Ye Lu a little jealous.

Of course, this was mainly because of Ye Lu, because the cultivation level of the “Original Spirit Beast” was related to its master, and was usually only one or two small realms higher than its master, while the unbelievable ones would be higher, but it would not grow indefinitely.

“Looks like I still need to hurry up and find a fight!”

Seeing a few women growing up as fast as a blown up balloon, Ye Luo also felt a huge pressure.

As if she could see Ye Luo’s thoughts, that Nuwa clan leader laughed and said.

“Ye Luo, you want to quickly increase your cultivation through battle right, this is actually not difficult because this ‘Mountain, River, Society and Country Map’ can satisfy your requirements.”

“This ‘Mountains, Rivers, and Social Graces Diagram’ can evolve all kinds of things, so it is possible to fight any kind of monsters you want in it, of course, these are all arranged by the owner of the ‘Mountains, Rivers, and Social Graces Diagram’, so getting you killed is only a matter of minutes.”

Hearing the words of Patriarch Nuwa, Ye Luo also drew in a breath of cold air, which made him think of the “Eight Trigrams, River Map and Luo Shu”, the treasure of the “Fuxi Clan”, where all kinds of battles could also be fought, however, time could also be accumulated there, I wonder if this “Mountain, River, Society and Jigoku Map” could do that.

Of course, it was better to listen to this woman’s words than to see it for himself, so Ye Lu began to observe it directly.

As a result, he found that this “Mountain, River, and Country Map” could indeed be controlled by the master, even the flow of time, but of course the degree of control would depend on the master’s cultivation.

Liu Mei took the “Mountain, River, Social and Cultural Map”, and put a drop of blood onto the scroll, which slowly fused into the “Mountain, River, Social and Cultural Map”.

Seeing this scene, Matriarch Nuwa smiled happily.

The ability to dissolve the blood meant that Liu Mei could control this treasure, and then Ye Lu saw Liu Mei and the “Mountain, River, Social and Cultural Map” emitting a bright light at the same time.

After that, the “Mountain, River, Society and Country Map” flew up and slowly opened.

An incredible scroll unfolded, and then Ye Lu felt an immense power attracting him.

“Brush!”

At the moment Ye Lu let go of his resistance, his figure was violently sucked into the “Mountains, Rivers, and Social Grains”, and Ye Lu felt like a heavenly god descending from the sky.

Chapter 572

“Ye Lu, how does it feel inside?”

A voice rang out abruptly from the air, none other than Liu Mei’s voice.

“Fine, fine, at least the environment is good, you’re the god here, right?”

Ye Lu said while looking up to the sky, however, he did not see Liu Mei, apparently this baby was not as simple as making people smaller.

Sure enough, Liu Mei smiled and said.

“I am using my mind to communicate with you la, this is now a space that belongs to me, the so-called ‘one thought becomes the ocean, one thought turns into a mulberry field’, here, I can have whatever I want, watch.”

With Liu Mei’s words, a figure exactly like Ye Lu slowly appeared beside him, no matter the appearance or figure, the clothes all looked exactly the same.

“Hello!”

Following that, this identical Ye Luo then reached out his hand and looked at Ye Luo with a smile.

Ye Luo could only look at this person dumbfounded and shook his hand and said.

“Hello.”

Then, the other person smiled and said.

“We are carved out of the same mould, so even the size of that one is the same!”

Hearing the other person’s words, Ye Lu almost spurted out a mouthful of blood, he also did not expect Liu Mei to be so naughty, and then, in front of him, he turned into an incomparably huge monster, covered with scaled armour and blood-red eyes, and what surprised Ye Lu the most was that this monster actually had the cultivation level of a “Lower Upper God” in the “God Transformation Realm”.

Her bloodline was indeed heavenly, but it was still difficult to summon a “Lower Superior God”, after all, that was already the strongest level of expert in the “God Transformation Realm”.

However, in this “Mountain, River, and Land Map”, it seemed to be very easy to do so, because a large group of demonic beasts of this level had already appeared around Ye Lu.

“Giggle!”

Liu Mei’s delicate laughter came over and said.

“Ye Lu, in this figure, you’re no longer my opponent, right, now I can easily beat you up oh!”

Indeed, Ye Lu's current combat power was comparable to that of a "Medium God" even if he crossed a big level and used various means.

Ye Lu felt that with the use of this "Mountain, River, Society and Country Map", Liu Mei's combat power could already sweep through the "God Transformation Realm", so finally, he no longer had to worry about Liu Mei.

Because of their "Devil Qi", it was a piece of cake to challenge them across levels.

Therefore, the real members of the Heavenly Demon Clan should not be underestimated at all.

Of course, Nuwa's clan was just as dangerous as the Heavenly Demon Clan's nemesis, but since they had given Liu Mei the "Mountain, River and Land Map", it was obvious that they would not make things difficult for Liu Mei.

"Ye Lu, you can cultivate here, I can divide my mind into two, so it won't affect me. However, at the moment, I don't have good control over the time here, I can only use one day as three days."

In fact, for Ye Luo, this was quite enough, as he could fight to his heart's content here, although under Liu Mei's control, it would definitely not be a "life and death battle", but the cultivation of fighting was definitely many times better for Ye Luo than ordinary cultivation.

Ye Luo knew this very well from the "Eight Trigrams, River Map and Luo Shu".

Moreover, he had a vague feeling that something big was about to happen in this world, whether it was the appearance of the "Immortal Palace Key" or the "Other Shore Boat", everything was a sign that big trouble should be coming, before that, Ye Lu had to improve himself as much as possible.

"Right, Mei'er is so powerful now, plus Silk Rain has also crossed into the 'God Transformation Realm', I guess it's time to go to the 'Daoist of Many Treasures' secret realm again, I don't know what that thing that summons me is, anyway, it's better to hurry It's better to go and get it."

Ye Luo muttered secretly.

However, Liu Mei had just entered the secret realm of the Nuwa Clan, and had just obtained the "Mountain, River, and Social Land Map", so it would obviously not be appropriate to leave immediately at this time.

In addition, although Liu Mei's battle power had exploded after she possessed the "Mountain, River, Society and Jig Map", it should not mean anything in front of the Nuwa Clan, and the Nuwa Clan had treated Liu Mei well, so it was better not to fall out with the Nuwa Clan.

Of course, the Nuwa clan is currently working hard to improve Liu Mei's cultivation and combat power.

Unlike Ye Lu, although Ye Lu had a lot of skills because of his glasses, he was not as close to Liu Mei as the Nuwa Clan, so their skills were more helpful to Liu Mei, especially when they saw the "Creation Violet Whip" and the "Creation Beast" in Liu Mei's hand.

In the eyes of the Nuwa clan, Liu Mei was their ancestor and god, someone they could follow.

While Ye Lu cultivated, he asked Void to observe the Nuwa clan in secret to see if these people had any conspiracy.

In this way, a month soon passed, and of course, Ye Lu had been fighting non-stop for three months, and his cultivation level had finally crossed into the “Fifth Transformation of the First Infant Realm” and was heading towards the “Sixth Transformation of the First Infant Realm” level.

Liu Mei has also crossed into the level of “Second Grade Lower God”.

In the secret realm of the Beast Alliance, everyone was watching the uninterrupted vibrations on the side of the secret realm as the handsome young man had reached the edge of the “boundary” at the entrance to the “Ten Thousand Beasts Secret Realm”.

“As the largest and strongest secret realm known to date, the “boundary” was also the strongest, but even this strong “boundary” was beginning to falter under the handsome man’s constant attacks.

“That lord is really terrifying.”

“All the Venerable Masters, Grand Elders, Supreme Elders and other members of the Beast Alliance were looking at the light shining from one side, which was the power of the laws of heaven and earth.

“From ancient times until now, there has never been any great power, and what a demonic beast can do is about to be achieved by that lord.”

“Yes, next is the moment to witness a miracle.”

“This is truly against the heavens! Even the laws of heaven and earth will bow down before him.”

Just as the crowd of the Beast Alliance was lamenting, the mutation had already begun.

“Boom!”

Finally, after a loud sound, the unchanging “boundary” was broken at this moment, followed by a tall and handsome figure flying out of the “Secret Realm of Ten Thousand Beasts”, followed by an incomparably huge, densely-phobic “Thousand-Faced Demon Beast”.

Next to it was the white circle of the “Taiyin Flux”, countless black and white “Airless Beasts” and nine “Great Sun Golden Crows”, which were even more terrifying than the “Three Legged Golden Crow”.

They were followed by a dense mass of demonic beasts emanating a terrifying aura.

This aura was like a dark cloud that covered the sky and instantly filled half of the sky of the Beast Alliance.

“Everyone from the Beast Alliance, it’s been a long time, thank you all for your hard work.”

The handsome man looked at the people of the Beast Alliance and said with a smile.

“Greetings to the master!”

“Greetings, master!”

.....

“The “Beast Alliance” everyone instantly fell to their knees, a kind of heartfelt worship, just like worshipping heaven and earth.

The handsome man smiled indifferently and said.

“No need to be polite, I have broken the biggest ‘boundary’, from now on this heaven and earth is my heaven and earth, this world is my world, in heaven and on earth, I am the only one!”

After he finished speaking, all the demonic beasts and people shouted in unison.

“In heaven and on earth, I am the only one!”

“In heaven and on earth, I am the only one!”

.....

In the midst of the cheers, the handsome man was already flying towards the entrance and exit of the “Beast Alliance” secret realm and the “Secular Realm”, as long as he broke through the “boundary” here, he could break through the last barrier.

At this moment, everyone in the Mundane Realm is still living a quiet life in the dark.

Chapter 573

The first people to see the vision were the tourists near the “Heavenly Pond” on the “Heavenly Mountain”, who noticed that on a distant mountain peak there was a constant flash of seven colours, like a rainbow mixed together.

“Look, what’s wrong with that mountain?”

“It’s so beautiful, is it the seven-coloured phoenix coming out.”

“I don’t know, and the colourful stripes are getting bigger!”

.....

In fact, not only were the colours expanding, everyone also heard the faint sound of wind and thunder, and soon all sorts of arcs of light, like lightning, began to surround the mountain, the whole scene was like the gorgeous high-tech special effects in a blockbuster movie, making people a bit mesmerized after seeing it.

At this moment, the Mayan gods were already anxious.

“Let’s break in, we don’t care anymore, if there are people from China, we’ll just tell them our prophecy, time is running out, I hope everyone will believe us.”

Having said that, the man turned his head to one of the men beside him and said.

“Also, think of putting out a message to the whole world that the ‘end of days’ is coming, so that everyone will be ready for the arrival of the ‘ark’.”

When he finished, the man next to him nodded, but then, following him, he asked with some concern.

“Will everyone believe us when we say that?”

“Kamenpus, the leader of the Mayan gods, said with a glare.

“Find an authoritative media, whether it be threats or mind control, and get the message out to all the countries of the world, and quickly.”

In order to find the Saviour, the Mayan Gods had already spread their people around the world, so everyone was now acting together.

At the headquarters of one of China’s news media, several strange men with floral patterns on their faces suddenly appeared.

After they appeared, they grabbed a group of hostages, and then one of them showed his fearsome force by smashing a wall into pieces with a slap.

The men then ordered that an important announcement be broadcast immediately.

And the same message was broadcast on several highly rated local stations, big portals, social media platforms, and mobile phones, and so on, in all kinds of extremely high traffic media.

“According to authoritative and reliable sources, the countdown to the end of the world has begun, please all the masses reading this message prepare all kinds of supplies to escape and survive, remember, money is the most useless, try not to go out and wait for the ‘saviour’ to come on the ‘ark’ at any time. Ark’ to come and save everyone.”

“Be sure to believe that this is not a joke, everything is true, remember that all those in villages and counties are concentrating on the cities, because the rescue cannot be done everywhere, it will definitely be mainly in the cities, whether or not you survive depends on whether or not you believe the news.”

“Remember, concentrate on the big cities, then wait for the ‘ark’, wait for the ‘ark’”

Although the simultaneous news had left almost everyone dumbfounded, there were not particularly many people who really believed the story at all, and many felt it was a joke.

Many more, however, feared that the country and the media had been invaded and that the entire media and discourse had been controlled by the invaders.

Of course, this is essentially true – the Mayan gods should technically be considered invaders – but their intentions in releasing this news were definitely good.

“What’s going on here? Why is this being talked about everywhere?”

“I don’t know, it feels more real than 2012, the world isn’t really coming to an end, is it?”

“It doesn’t look like anything. Didn’t you see the movie? In 2012 there were many visions, big hailstorms, big earthquakes and so on, but now nothing is happening! You can see the sun is shining, the weather is perfect.”

“That’s true, but, you see the mainstream media saying that, most of it can’t be fake.”

.....

While there was a lot of speculation, someone posted a new clue, someone posted photos of the oddly shaped people who had been seen at the headquarters of these media outlets before this, and someone else posted these photos, and of course, the people in the photos were the “Mayans”.

These “Mayans” actually include various species from the four “solar eras” mentioned in the “Mayan Calendar”, including those from the first “solar era”, the “Gendaya civilisation”, who were around one metre tall and men with three eyes, looking extremely bizarre.

The people of the second solar age, the Misopotamian civilization, and the third solar age, the Muria civilization, also look odd.

So, these “Mayan gods” actually looked very strange, which quickly led to the identification of these “Mayans” as terrorists.

The appearance of these photos immediately turned many people who had believed in the matter into disbelievers.

At the same time, the Mayan gods had already stormed the “formation” at the edge of the “Chinese country”, and at this point, they had no choice but to take the plunge.

The large number of people who had come in immediately drew attention.

Soon, the great powers of the Kingdom of China left behind in the Secular World took action, and because of the need to capture Ye Lu, there were many of them left behind in the Secular World.

After stopping the Mayan Gods, they began to ask questions.

“Who are you people? You look very familiar.”

An expert from the Pan Gu clan looked at the other side and asked.

It was true that the Mayans had been in faraway South America and had never been to China, so it was only right that they were unfamiliar to everyone.

The leader of the group, Kamenpus, gave a quick explanation.

“You’re saying that ‘Ye Lu’ will be the ‘saviour’ and will save all of our lives, are you out of your mind? Right.”

“By the way, and where is that ‘ark’ you mentioned?”

Kamenpus shook his head at this question.

“At the moment we don’t know where the Ark is, but the prophecy says that when we find the Saviour, we will be able to predict where the ‘other side of the boat ‘ where it is.”

As a result, there was no belief in the words of the “Mayan gods”.

At this moment, the handsome man had already broken through the “boundary” outside the “Beast Alliance Secret Realm”, which was nothing compared to the previous “boundary” in the “Beast Secret Realm”, so he did not feel any pressure to break it.

After that, he took a deep breath and walked out.

The moment he stepped out, countless thick clouds quickly began to gather at the top of the mountain, and not only this small mountain, but also the entire area around the “Heavenly Pool” of the “Heavenly Mountain” was covered with thick black clouds, turning day into night in an instant.

“Is this really the end of the world?”

In the vicinity of the “Heavenly Pond” on the “Heavenly Mountain”, the tourists began to worry because the black clouds were so frightening, as thick as black ink, no one had ever seen such heavy dark clouds, and blue lightning was crackling in the clouds.

It didn’t look like a normal change in the weather at all.

The dark clouds alone were not enough, but the crowd also felt a strong pressure, as if something heaven-destroying was about to come.

“Ka-chow!”

A startling thunderclap was followed by countless lightning bolts descending from the sky.

“Has the ‘thunder tribulation’ finally begun.”

The handsome young man standing in the centre of the dark clouds and thunder laughed as he looked at the sky.

And the terrifying thunder had already fallen on him.

This time the commotion was really too big, and the incomparably huge “thunderbolt” was seen by all the people around the entire “Heavenly Mountain”.

“What’s going on, is someone ‘crossing the tribulation’?”

Someone said in astonishment as they watched the heaven and earth phenomenon in the direction of the Heavenly Mountain.

“I guess you’ve been reading too many internet novels, what’s the point of ‘transmigration’? How many years has it been, have you ever seen a single person ‘crossing the tribulation’?”

“What the hell is going on with that one, it looks too scary too.”

Indeed, the vision of heaven and earth triggered by the handsome man at this moment was really too terrifying.

Even the Mayan gods and those who were stopping them had noticed the unusual situation.

Chapter 574

“How is this possible?”

Many of these great powers were very knowledgeable, and many of them were doppelgangers, while their doppelgangers had experienced the Lightning Tribulation, so they knew exactly what was happening.

After crossing the “God Transformation Realm”, practitioners will enter the “Nine Tribulations Realm”, which is also the most difficult hurdle for practitioners to cross, because each tribulation is a “Life and Death Tribulation”, and if they pass it, their cultivation will be greatly enhanced.

The reason why many people want to find “immortal pills” that can directly “ascend” is also to be able to avoid these tribulations, of course, it is obvious that actually avoiding the “tribulation” may not be a good thing, because then even after passing the “tribulation” power will be much weaker.

But surely it is better to live like this than to die.

Of course, this handsome man certainly did not choose to escape the “thunder tribulation”, he seemed to be enjoying himself very much in the midst of the terrifying thunder, the terrifying falling thunder seemed to be bathing him as if it could not hurt him in the slightest, but the various experts who kept gathering over were terrified by this scene.

Because, they all knew clearly that these thunderbolts, each strike was enough to split them to pieces, but the guy inside the countless thunderbolts was treating the thunderbolts as nothing, even many experts whose bodies had experienced several tribulations had never seen such a person.

“How could such a terrifying fellow exist in the ‘secular world’?”

Some people began to mutter to themselves.

The current iron rule in the Mundane Realm was that once one reached the peak of the God Transformation Realm, once one crossed into the Nine Tribulation Realm, one would automatically be transported to another place, the place where the Hell Demon Dragon’s body was located, and at the God Transformation Realm, every cultivator had the opportunity to split up once.

This is a true bilocation, that is to say, a bilocation in which one’s soul, including one’s body, is split into two.

So whether to “split” or not is actually a very tedious matter for many people.

The creation of a doppelganger will inevitably distract from the original combat power, but a doppelganger is equal to an additional life, because there is no fundamental difference between the doppelganger and the main body, and when one dies, the other can continue to cultivate and have the same memories.

Moreover, the opportunity to create a doppelganger is only available at the “God Transformation Realm”, and once you have entered the “Nine Tribulation Realm” you will never have such an opportunity again.

Of course, no matter what time it is, the doppelganger and the main body can be merged into one at any time, and this is not restricted in any way.

This is why many people create a “split body”, because they can combine their bodies when necessary.

All in all, because of this rule, no one will “cross over” in the “secular world”.

At the same time as the vision appeared on the Heavenly Mountain, Ye Lu made a decision to take Liu Mei and the elites of the Nuwa clan on another trip to the secret realm of Daoist Duo Bao.

Besides, Ye Lu was not a greedy person, and he did not want to take all the things in the “Multi Treasure Secret Realm”, as long as he could get the right treasures for Qin Siyu, Ye Yan and himself.

After all, the Nuwa clan should be the best helper in fighting the people of the Heavenly Demon Palace.

At least for now.

Cooperating with the Nuwa Clan was the fastest way Ye Lu could think of to open the “Multi Treasure Secret Realm”. Recently, he always had a feeling that something big was about to happen.

Even if there was no big event, he was still a target, so he couldn’t just keep hiding everywhere, so on balance, Ye Lu felt that he should take the initiative, and now was a good opportunity.

The Nuwa clan was of course very interested in the secret realm of the Daoist of Many Treasures that Ye Lu had mentioned, after all, in the eyes of the Nuwa clan, they would do anything to improve Liu Mei’s cultivation.

Of course, the news of someone crossing the tribulation at the Heavenly Mountain soon reached the ears of the Nuwa Clan.

“Someone is really ‘crossing the tribulation’, I went to see it, it’s a handsome man, and he looks very powerful, how can I say, so powerful that it scares people.”

The clan member of the Nuwa clan who had been sent out to observe the event immediately brought back the news.

“Is that true?”

“The leader of the Nuwa clan muttered with a frown.

“This doesn’t seem to be in accordance with the laws of heaven and earth, don’t all ‘tribulation’ events take place only in the ‘ancient battlefield’.”

Hearing the “Nuwa leader” talk about the “ancient battlefield”, Ye Luo quickly asked.

“What is the ‘Ancient Battlefield’?”

He had a vague feeling that this “ancient battlefield” should be the place where the “Hell Demon Dragon” was located, and it was also the place where people of the “God Transformation Realm” would go after crossing the peak.

As expected, the “Nuwa clan leader” looked at Ye Lu and said.

“Although that place is still far away to you, I might as well tell you about it.”

The “Chief Nuwa” looked at Ye Luo and thought for a moment.

“‘Ancient Battlefield’ is also the place where the ‘Battle of Extinction’ was experienced, and as you know, if the war really broke out in the ‘Secular Realm’, then ‘Worldly Realm’ would be destroyed, and the ‘Worldly Realm’ is the cornerstone that connects all the ‘Small Worlds’, so the real war took place on the ‘Ancient Battlefield’.”

“However, I am not very clear about the exact circumstances, it seems that the initial ‘World Extermination War’ was not like this, except that later on, the ‘Ancient Battlefield’ became independent and became a separate and distinct from all other ‘secret realms’ that were different from all the others, and from that time onwards, everyone’s ‘transmigration’ would take place in the ‘Ancient Battlefield’ in it now.”

“That is to say, it became the final battlefield for the Jedi masters, and of course, the legendary ‘Immortal Mansion’ was also there.”

To be honest, the words of the “Nuwa Patriarch” had really taken Ye Lu by surprise.

He really did not expect that everything was in the Ancient Battlefield, including the Immortal Mansion of the Fairy of the Fallen Haze, which was also in the Ancient Battlefield.

Then, the “Chief Nuwa” continued.

“I think I have an idea where the person who ‘crossed the tribulation’ might have come from.”

Hearing her words, everyone looked in her direction.

“I think that this person might have come from the secret realm.”

“The others froze for a moment as she finished her sentence, and then she continued.

“Because only beings who come out of the ‘secret realm’ can ignore these laws of heaven and earth, because they are different from those in the ‘worldly realm’, and no one has ever come out of the ‘secret realm’ before. ‘, that is the iron rule, and this guy has broken through that iron rule.”

“This is a person who has broken the rules of heaven and earth, and I don’t know what he will bring.”

In the end, the “Chief Nuwa” sighed somewhat helplessly.

“Something outside the rules?”

Ye Luo also muttered with some confusion.

This was like the laws of physics, originally everything followed the law of falling from the top down, but suddenly there was a person who could violate the law, he could fly upwards freely, then what would happen?

From the point of view of the “secular world”, this person would become a “god”, and now this guy is breaking the law of “cultivators”, so he is a “god” among “gods”, or of course, he could be a “devil”.

Anyway, according to Ye Lu’s thinking, it was not the right time to focus on this.

“Let’s go, let’s take care of ourselves first, let’s go to the ‘Daoist of Many Treasures’ secret realm first, no matter what, let’s get the treasure mountain there first, as for the others, let’s take one step at a time.”

At present, no one knew the location of the “Abyssal Secret Realm”, so, in Ye Lu’s opinion, at least everyone had a safe way to escape.

So, everyone soon arrived at the secret realm of “Daoist Duo Bao” again.

Chapter 575

This time Ye Lu was extremely confident, but of course, she had to discuss this matter with the “Yun Lu Palace Master” first, after all, this was actually the territory of the “Yun Lu Palace Master”, and she was the first one to discover it.

“Fine, I don’t care, as long as my share doesn’t shrink.”

The “Lord of the Yunlu Palace” was very nice, he smiled and agreed.

So, we all went to the fifth level of the “Many Treasures Secret Realm”, where the “Spiritual Treasures” of the “Heavenly” and “Saint” levels were stored.

“The Daoist of Many Treasures is worthy of the name “Many Treasures”, as he possesses many “Spiritual Treasures” of this level, which are “hot” in the eyes of many great powers in the secular world.

Of course, this is also due to the fact that all the really good stuff was taken away.

The “ancient battlefield” is a huge “meat grinder”, full of dangers, so most of the experts who enter there, will bring what they need and the best things to there, and the good things left here, many are lost, and some are replicas.

Before the War of Extinction, the Ancient Battlefield did not exist, so all the great masters were free to enter and leave the secular world, and at that time, there were many super masters of weapon making who had made many things in imitation of various “supreme treasures” and even “heavenly treasures”.

In fact, the method of refining was the same as Ye Lu’s imitation of weapon patterns.

Therefore, these items looked the same as the real ones, but their power was far less than the real ones. However, since in the Secular World, people’s cultivation level could not exceed the “God Transformation Realm”, so even if they had “supreme treasures” or “heavenly treasures”, they could not bring out the power of the treasures.

Even if the unit of measurement in ancient times was different from now, imagine how an ordinary person would fight with this sword.

In fact, it is the same for the cultivators in the “secular world”, a “supreme treasure” for the “God Transformation Realm” is the same as an ordinary person carrying a large sword, which is not only useless, but will also greatly reduce combat power.

Of course, “bloodline weapons” are not included in this list, because some things, even if they are “supreme treasures” or even “heavenly treasures”, can be used easily even if they have a bloodline, such as the “Pan Gu Axe” of the “Pan Gu Clan”, which can be used by Gu Shiqi without any pressure, and the “Genesis Violet Whip”, which can be used by Liu Mei with ease.

However, if you want to exert the full power, you will need a lot of time, just like the “Heavenly Treasure Grade” “Blazing God Blade” in Ye Lu’s hand, Ye Lu can’t exert much power.

It is also because of the inability to exert its power that the legendary “Ten Ancient Fierce Armaments” actually differ greatly in grade. These ten items range from “Heavenly Spiritual Treasures” to “Heavenly

Supreme Treasures”, and some of them are replicas, while the real authentic items are in the “Ancient Battlefield”, such as the “Xuan Yuan Sword” and “Chi You Go” are replicas.

However, the advantage is that in the hands of the “God Transformation Realm”, these two items have the strongest combat power, while the “Blazing God Blade” in Ye Lu’s hand, in the “Pill Alliance” for many years, no great power can master it.

Soon, the group finished off the five “Five Element Demon Beasts”.

Although these guys were special, they were not worth mentioning in front of the current Ye Lu and especially the Nuwa clan.

They were all on the level of the Eternal Gun Gargantua, so of course, they were all in the bag.

However, what Ye Lu liked more was the various materials he had collected, which were the best to aid in alchemy.

Next, everyone reached the sixth level, and without surprise, there were six demonic beasts on this level, called “Six Harmonious Demonic Beasts”, and their levels were at the level of “Third Grade Medium God”.

Moreover, the level of cooperation of these demon beasts was also increasing, but, without any surprise, they were ultimately just a companion to Ye Lu’s training.

When Ye Lu’s practice was almost over, Liu Mei used the “Mountain, River, and Land Map” to collect them all and easily subdue them.

This layer is the “Heavenly Spiritual Treasures” in the “Mortal”, “Xuan” and “Earthly” rank treasures, although many Ye Lu himself can not use, but certainly can greatly increase the combat power of their own team.

In fact, due to the rapid escalation of the battle, Ye Lu felt that his team was losing pace, for example, the brothers and sisters of the “Dragon Clan” and “Vermilion Bird Clan”, who had been incredibly strong before, were now several levels lower in combat power.

“The same goes for the Ghost Bats, which are basically incapable of engaging in major battles.

Fortunately, there are only three items that remain strong.

One is the “Blazing God Blade”, which contains a “Fire Beast” that is at the peak of the “God Transformation Realm”, the second is the terrifying “Shura”, and the last is the “King Solomon’s” precious bottle.

As for the others, the strongest ones were the helpers of the Nuwa Clan. These women were worthy of being super strong characters who had fought with the Heavenly Demon Clan for so many years without being killed.

However, at this level, Ye Lu still had not found the thing that had summoned him, which was obviously still on a higher level.

So, after taking down the “Six Harmonious Demon Beasts”, the group went to the upper level, where seven demon beasts were guarding the area, none other than the “Seven Obsidian Demon Beasts”.

These seven beasts were not only powerful, but they also used a formation called the “Northern Dipper”, but in front of the “Nuwa Clan”, all these were just floating clouds.

They were easily defeated by the Nuwa Clan.

The treasures on this level reached the level of “heavenly-ranked spiritual treasures”, which was already almost the ultimate level, so there were only a few dozen left.

The “Nuwa Clan” did not particularly look for these, but let Ye Lu choose first.

At the current level of combat, the protective clothing on Ye Yan’s body, Frigidaire and Freya’s Armor, could no longer keep up with the rate of combat upgrades, so Ye Lu had to prepare another piece of protective armor for each of the three of them.

As for Liu Mei, he did not need to worry about it, as the Nuwa Clan had their own arrangements.

As for the offensive weapons, since there were no suitable “dragon spears” or spears, Ye Lu looked at them and gave up.

The eight demonic beasts were called the “Eight Desolate Demonic Beasts”, but of course, Ye Lu could not intervene in such a battle, so he let the Nuwa clan solve it.

The treasures on this level were the “Heavenly Treasures” of the “Saint Class”, in other words, they had reached the level of the “Fierce Soldiers” in your legend.

Among these treasures, Ye Lu really saw two good things.

The name of the spear was “Dark Moon’s Thorn”, which really looked like a long black thorn with an icy aura, while the name of the shield was “Black Sun’s Shield”, with a round shape that was indeed similar to the “Sun Candle”.

“I’ll take this weapon, you can choose the others yourselves.”

Seeing these two items, Ye Lu couldn’t care less about face and modesty, he quickly said.

Because these two items were too suitable for Qin Siyu.

Everyone had no problem with Ye Lu’s proposal, but the “Nuwa leader” frowned as she looked at the two items and said.

“Why did you choose these two items? Both of them are dark attributes, not good things, do you have friends with dark attributes?”

Ye Lu then smiled and said.

“Attributes are just attributes, it doesn’t mean anything, I do need these two things.”

After all, Ye Luo had also seen women with evil attributes in the secret realm of the Nuwa Clan, such as the Sirens and the like.

“Let’s go, let’s go to the last level and see what it is that summons me.”

Now there was only the ninth layer left, and Ye Luo had become very excited.

Chapter 576

There were only nine items on the eighth level, and if the set Ye Lu chose counted as two, there were only ten, so the items on the final level would definitely be even less.

However, the demonic beasts standing on the last level were really powerful, and these nine guys were the nine sons of the “Nine Sons of the Dragon”.

These nine guys look like all kinds of things, and in general none of them look normal.

The names were also quite odd, such as “Jairus”, “Bashful”, “Bi Xi”, and some other names that Ye Lu had no idea how to spell and pronounce.

Each of these nine dragons was at the peak of the God Transformation Realm, and Ye Lu certainly did not want to kill them, for it was best to leave them to Qin Shiyu, who was an “Ancestral Dragon”, and Ye Lu felt that all the other dragons would submit to Qin Shiyu.

Therefore, he asked the Nuwa clan to be merciful and keep all nine of them.

There were three things on this floor, and the one that called to Ye Lu was a big red bow and nine long white arrows in the centre, the arrows of which Ye Lu was familiar with, they were the arrows of the “Sunset Arrow”.

However, these arrows were all white, while the arrows Ye Luo had were black. It was estimated that the arrow of the Sunset Arrow Ye Luo had gotten must have stabbed something terrifying, such as a great power or a demonic beast, before the arrow broke and the arrowhead was corroded, and finally turned into what Ye Luo saw.

Most of the “Sunset Bow” was not summoning himself, but the arrow of the “Sunset Arrow” that had dripped with his own blood, and it was because of his relationship with the arrow of the “Sunset Arrow” that he felt this summoning.

He had always wanted to get the Sunset Bow so that the Sunset Arrow could be used to maximum effect.

He had never thought that he would finally get it this time.

“You can have this bow.”

Seeing Ye Luo’s eager eyes, the “Nuwa Clan Chief” said with a smile.

“Anyway, none of us in the ‘Nuwa Clan’ are good at using bows and arrows, but I can’t give you those nine dragons because these nine guys still have a use.”

Without waiting for Ye Luo to say anything, the ‘Nuwa clan leader’ said with a smile first.

“Don’t worry, we’re not keeping these things, they’re for your mother, doesn’t she have a ‘Nine Dragons Chariot’? These nine are just right, and these nine are of the same origin, they can make the ‘chariot’ even more powerful, your little maiden will be a cow, at least she can run fast.”

Hearing the words of “Patriarch Nuwa”, Ye Luo then suddenly came to his senses.

Indeed, if the Nine Dragons were given to Qin Siyu, Qin Siyu could only use them as fighters, but if they were put on the Nine Dragons Chariot, it was unimaginable how fast the chariot could run with nine dragons at the peak of the “God Transformation Realm”, not to mention their combat power.

If Liu Mei had this car, she would indeed be incredibly safe, not only her, but everyone would be incredibly safe.

Therefore, Ye Lu did not say anything about this matter, but thanked the people of the Nuwa clan.

At this moment, all he could see was the big red bow and the long white arrow, which was also the only “heavenly treasure” on the last level.

The bow seemed to have a spiritual nature and actually vibrated when Ye Lu grabbed it.

“Recognize the master!”

Ye Luo muttered secretly, then he cut his finger and dripped blood onto the “Sunset Bow”.

It was true that one could also use one’s “divine sense” to acknowledge a “Heavenly Treasure”, but the mark of “divine sense acknowledgement” was easier to erase, so it would be safer to acknowledge it with a drop of blood.

“Brush!”

After that, the “Sunset Bow” disappeared and disappeared into Ye Lu’s body.

This was also because of Ye Lu’s spiritual power, otherwise, even if an expert at the peak of the “God Transformation Realm” had taken the “Innate Treasure” directly into his body without his bloodline, he would have exploded and died.

“Haha, great.”

Ye Lu couldn’t help but laugh happily.

“For the remaining two items, ‘Palace Master’ and ‘Clan Chief’, you can share them.”

Having gotten the Sunset Bow, Ye Lu was already very satisfied, the weapon that had been keeping him awake all these days was finally in his hands.

The remaining two items were also of the highest treasure level, one was the “Three Treasures Jade Ruyi”, a treasure from the Kunlun great “Yuan Shi Tian Zun”, which was made of 36 pure blue lotuses, with three precious pearls on it, green, blue and red, corresponding to the sun, moon and stars, and also corresponding to the “heaven, earth and human” in the secular world, a rare treasure.

This item was taken by the “Master of Yunlu Palace”, who happened to have the origin of the “Kunlun” lineage.

This bottle is similar to Nuwa's other treasure, the "Mountain, River, Social and Tribal Map", which is an all-encompassing object and the nemesis of the demon race.

It is similar to the "Purple Gold Red Gourd" of the Golden Horn and Silver Horn in "Journey to the West" and the "Two Qi Vase of Yin and Yang" of the Lion's Hump Ridge, in that it can take people in and turn them into nothingness.

In the hands of Nuwa's people, this would definitely become a terrifying weapon.

However, while Ye Lu and the others were collecting all kinds of treasures in the "Secret Realm of Many Treasures", the terrifying guy in the "Heavenly Mountain" had already passed the "Thunder Tribulation" and "Fire Tribulation", and was now in the process of passing the "Wind Tribulation".

Countless superpowers had gathered around the Heavenly Mountain, and under the ravages of the Lightning and Fire Tribulation, the entire Mountain had been tossed and torn to pieces, with some of the trees turned into pieces and ashes by the Lightning and Fire Tribulation, and even the mountain had been turned into a cake like crispness by the Lightning and Fire Tribulation.

At this moment, the entire Tianshan region was razed to the ground after the horrific "windstorm".

The wind swept up the debris from the mountains and formed an immense tornado in the air. Everything caught in the wind, be it creatures or stones, was turned into powder and flew in the air.

This scene was simply terrifying.

Many people around the area tried the strength of the "windstorm" with various demonic beasts, and the final conclusion was that whoever entered would die!

"What kind of person is this? He's already reached the third tribulation and has passed three in a row, that's too scary."

"That's right, and the intensity of these three tribulations is a little too terrifying."

"Yeah, although it's not enough for the ninth grade, it should be close."

"Look, it seems like the wind tribulation is going to pass as well."

.....

"The "Nine Tribulations Realm" was different from all the previous realms, because each tribulation had to experience life and death, so each tribulation was an immense improvement.

For many people, crossing a small realm was already quite impressive.

This also meant that this handsome young man was currently invincible, no one would be his opponent, not even the people from the Heavenly Demon Palace or the Nuwa clan.

"Brush!"

The wind finally stopped, revealing the marks cut by the wind blades, each one a deep ravine, the original mountain range was gone, all that remained were deep ravines like knives and axes in the vicinity of the Heavenly Pond.

At this moment, on top of the countless deep ravines, the handsome man was looking up at the sky at a forty-five degree angle, with a forlorn and lonely face.

Then, he waved his hand casually.

As he did so, countless “demonic beasts” suddenly appeared from somewhere.

Not just one or two, but countless ones, and in an instant the sky was covered up, and each of these “demonic beasts” was extremely terrifying.

“Brush!”

“Brush!”

“Brush!”

Immediately afterwards, one by one, black and white demonic beasts flew out, each one attracting a terrifying thunderbolt as it flew out, apparently each one was in the process of a “tribulation”.

Then came the nine golden “Golden Crows of the Great Sun”.

Seeing this scene, everyone was dumbfounded.

Chapter 577

This is because these nine Golden Crows are not only terrifying, but they have also begun to receive the baptism of the Lightning Tribulation after they appear.

It is important to know that no one has ever crossed the “Lightning Tribulation” here in the “Secular Realm” in thousands of years.

However, seeing the demonic beasts that were still spewing out like thick clouds, many people were already scared and began to retreat, because anyone could see that these wildly spewing demonic beasts were enough to kill everyone, and this everyone was not everyone present, but really everyone, everyone in the entire “Secular World” or the entire “Small Thousand Worlds”.

This scene was so terrifying that in no time at all, the sky above the entire area of Heavenly Mountain was already covered with dark clouds of demonic beasts, too dense to count.

This terrifying scene was seen not only by the surrounding cultivators, but also by ordinary people, as the scene was too big.

If he was there, he would have told everyone that this was just a child’s play. At that time, Ye Luo saw the fierce tide of beasts, and he was so high up that he could not see the end of it on the left and right sides.

If the “beast tide” really rushed into the “secular world”, the earth would not be able to hold it, and I am afraid that all corners of the earth would be filled with these demonic beasts.

“What’s that side?”

“I don’t know, it definitely can’t be a cloud.”

“It looks like a bird!”

“Quickly see if the news has reported it.”

.....

The media was immediately alarmed by such a terrifying display, with all sorts of flying machines and reporters heading in the direction of the “Heavenly Mountain”.

What was even more worrying were the cultivators.

These guys are not ordinary passers-by, they know very well what is coming out, these guys are basically “peak God Transformation Realm” super terrifying demonic beasts, even if the secular world wants to deal with each other is not possible, than after all the number is too big.

There are only a few “peak God Transformation Realm” experts in the entire cultivator community, so how could they possibly counter such a terrifying force?

What’s more, there are also those terrifying “Beasts of No Air” and “Great Sun Golden Crow” that are undergoing the “Nine Tribulations”, which are more terrifying than the others.

Immediately, all the media started to pay attention to the situation on the “Heavenly Mountain”, and with the help of the media, everyone could see what was in the sky like a dark cloud.

It was only with the help of the media that everyone could see what was in the sky like a dark cloud. When they saw the hideous demonic beast, everyone really knew they were afraid.

“Is this going to be the ‘end of the world’?”

“What those weirdos said before might be true when it’s really the end of the world.”

“Sh*t, let’s hurry and concentrate on the city.”

“Okay, hurry up, but where the hell are the ‘saviors’ there?”

.....

Now everyone really believed the media’s previous reports that there was really an end of the world, but what they didn’t know was where the “savior” was.

At this moment, the Mayan Gods were also anxious, they could not find Ye Luo’s whereabouts, because no one knew where the Nuwa Clan was, they had been keeping a very low profile in recent years, and of course, the Mayan Gods were not sure that Ye Luo was in the hands of the Nuwa Clan.

“This is a big problem.”

One of the Mayan Gods looked at the still expanding army of demonic beasts in the direction of Tianshan Mountain and said with some alarm.

No one had ever seen such a large number of demonic beasts before.

This terrifying number and the combat power of each beast had made everyone despair.

The excited Ye Lu, who was in the “Secret Realm of Many Treasures”, also received a message from “Void”.

The “Void” did not enter the “Multi Treasure Secret Realm” with Ye Lu, like the “Magic Puppet”, it was responsible for collecting various information outside the “Secret Realm”, because the only way to communicate with each other was through a doppelganger, or in a situation like Ye Lu’s, where the souls were connected, but no other way to contact the people in the Secret Realm.

“Mei’er, the next step is up to you, there is a big trouble in the ‘worldly realm’, there should be nothing else that can save everyone except your ‘Mountain, River, and Society Map’.”

Following that, Ye Lu briefly told the situation.

“There are such horrible people?”

Liu Mei was also taken aback.

Ye Luo nodded then asked.

“Mei’er, just how many people can you fit into your ‘Mountain, River and Land Map’? Can you fit all humans in it?”

Liu Mei shook her head and said.

“It might be able to, but, there’s no way to do it now, it’s probably a bit hard to fit everyone from China right now, so we’ll have to think of another way for other countries.”

Ye Lu nodded, then said.

“Okay, you go out with the clan leader and the girls to save the people, I’ll go and meet those ‘Mayans’, hopefully they really know where the ‘Other Side Boat’ is.”

While Ye Lu and the others were taking action, various forces in the Secular World were also working to save the people, and the Hundred Flowers Sect had already sent out their entire clan, receiving all the people in the vicinity of their clans into the clan’s secret realm.

For these demonic beasts, it is not that easy for them to find the secret realm, so transferring people from the secular world to the secret realm can at least slow down the time of death.

Of course, the risk of doing so is enormous.

In addition, this action would also be a provocation to the power on the “Heavenly Mountain”.

Apart from the Hundred Flowers Clan, the Pill Alliance, the Weaponry Clan, several clans in Miaojiang, the Ancient Clan, and many other forces have also started similar actions.

Their aim was simple: to save as many people as possible.

However, the handsome man in the “Heavenly Mountain” had already waved his hand and said.

“Go on! Kill everyone, all creatures, first in one round, so that everyone is chilled, and then we will sweep away all the secret places in this world, leaving no one behind.”

“I will make everyone submit to my feet, and I will lead everyone to break through all the cages that bind us.”

With his command, countless “demonic beasts” let out a heaven-shaking roar and then rushed in all directions like a tidal wave.

The cultivation level of these demonic beasts was so high that all of them spread out extremely fast.

“It’s over, it’s over

“It’s all over, this time we’re dead.”

“It’s for us to stay in the city, what’s the use, now stay in the city and wait to die?”

.....

Everyone who saw this scene showed desperate expressions, especially the few cities closer to Tianshan, everyone started to panic and prepared to flee, but everyone also knew clearly that they would not be able to escape.

But at that very moment, everyone saw a car.

A magnificent chariot emitting a nine-coloured divine light.

This chariot was pulled by a dragon with a different image, and was incredibly fast and strong.

On top of this god-like chariot stood a woman of great beauty.

This woman was dressed in a very ancient dress and held a scroll in her hand, and wherever she passed, all humans were absorbed into the scroll.

At the back of the chariot were a group of Nuwa people with a woman on top and a snake on the bottom, and at the head of these people was a five-coloured “Heaven Mending Stone”, which became huge under the control of the people and emitted terrifying power.

Any demonic beast that dared to approach the chariot would be turned into pieces by the merciless blow of the “Heaven Mending Stone”.

With Liu Mei’s cultivation level, this “Heaven Mending Stone” could not be harnessed, but it was indeed infinitely powerful when combined with the power of Nuwa’s clan.

Although the Nine Dragons Chariot did not have the nine times speed of a Peak God Transformation Realm, it was still incredibly fast compared to an ordinary Peak God Transformation Realm.

When they saw the appearance of the Nine Dragons Chariot, the demonic beasts that were expanding were astonished, because the speed of this thing was really too unbelievable.

Chapter 578

However, this did not stop them from expanding, and it was not long before the demonic beasts heading north and west encountered the boundary outside of China.

The immense “Nine Cauldrons Formation” only restricted those on the outside from entering, not those on the inside from leaving, so many demonic beasts rushed out.

However, the situation soon changed as the “Nine Cauldrons Formation” began to restrict these guys from going out.

“What’s going on?”

“Why can’t those demonic beasts get out.”

“Someone should have activated the ‘Nine Cauldrons Formation’, which has the ability to trap people.”

“The Nine Cauldrons Great Formation, is it really controlled by someone?”

“Yes, someone built it, so of course someone manipulated it.”

“What kind of person is so awesome?”

.....

At this moment, in the Central Plains, a tall figure was standing there, and in his hand was a long sword emitting endless power, it was the “Xuan Yuan Sword”, and the person who sent the formation was the doppelganger of the leader of the “Yellow Emperor” Xuan Yuan Clan in the “secular world”.

Originally, this doppelganger was prepared to lurk in the shadows, just like many great doppelgangers, staying in the “secular world” to observe and control his own people in the secular world, and also to preserve his second life, after all, he could die at any time in the “ancient battlefield”.

However, at this point, the Xuan Yuan side had no choice but to take action, as the Nine Cauldrons Formation had always been under the control of the Xuan Yuan Clan.

This formation is a super powerful ancient formation, so it is powerful, not only for the “God Transformation” cultivation level, but the trouble is that it requires the “Nine Cauldrons” to activate it, and the “Nine Cauldrons” are the “eyes of the formation”, once the “eyes of the formation” are broken, it will be difficult to defend it.

If the “Nine Cauldrons” are broken, it will be difficult to defend them again. Looking at the current situation, soon the whole country will be filled with these demonic beasts, and it is estimated that it is only a matter of time before the “Nine Cauldrons” are found.

After all, the Nine Cauldrons cannot be hidden in the secret realm, and the formation cannot be effective in the secret realm, which is a condition for the formation to be activated.

Those who were already following the catastrophe in China were relieved to see the “Nine Cauldrons Formation” activated, trapping all the demonic beasts in the formation.

Soon, all countries issued words of thanks through the official media, meaning that they were grateful for the sacrifices made by China and that all countries would never forget what China had done.

Unbeknownst to them, no one in China could see or was in the mood for such nonsense.

Everyone was too busy running for their lives because the speed of the God Transformation Realm demonic beasts was so fast that it took only a few minutes to get from Tianshan to the capital, so who cared about that?

Even though Liu Mei was very fast in her “Nine Dragons Chariot”, it was difficult for her to do everything because there were really too many cities in China, so she could only put the interests of the most people first, that is, to save the big cities and the cities with many people first.

Now everyone really understood that what the “Mayans”, the guys who were supposedly invading the TV and various media, had said was true.

Their aim was to help everyone, but they had misunderstood them.

Many of those who did not make it to the big city in time were swallowed up by the wildly surging army of demonic beasts, and only some of the luckier ones, who happened to be in the path of the “Nine Dragons Chariot”, were taken away by Liu Mei along the way.

Now everyone saw Liu Mei as a “saviour”.

She was also nicknamed the “Saviour Queen”, and everyone was hoping that the “Saviour Queen” would come to their side and save them sooner.

He had already contacted the Mayan Gods and quickly rejoined them.

“What is it that you want from me?”

Ye Luo asked as he looked at these strangely shaped people.

The lead god, Kamenpus, looked at Ye Lu and said.

“We think you are the ‘saviour’ of our prophecy, so we want you to find the ‘ark’ to save the world.”

Ye Luo, on the other hand, asked in a confused manner.

“And where is the ‘ark’?”

This was also the question that Ye Luo had never understood.

At this time, next to the main god “Kamenpus”, a guy with a patterned face stood out and looked at Ye Lu and said.

“I am the ‘Great Prophet’, and I need a drop of your blood as a material to make a prophecy, I think, as long as you are the ‘savior’ in the prophecy, then I can prophesy the location of the ‘Ark’ location.”

For his part, Ye Lu looked at the other party with some suspicion and asked.

“You’re not going to do something with my blood, are you?”

The other party hurriedly declared that he would not do so.

After all, he had never seen the Mayan Gods before, and he didn’t know what the other party was thinking.

So, he suggested that they establish a “master-servant contract” with him, under which they could not lie or do anything against their master.

To Ye Lu’s surprise, this guy immediately agreed to his proposal, which made Ye Lu believe in his heart.

Because ordinary people would not dare to do so.

As expected, after becoming the other party’s master, Ye Lu asked about the situation carefully, and the situation was more or less the same as the other party said, so there should be no plans against him.

The “Great Seer” immediately began to divine.

As he waited, he quickly flew into the air. With his eyesight, he could of course see the “beast tide” that was wildly expanding from the northwest.

He found that all the demonic beasts he could see were all at the “God Transformation Realm”, and they were all at the “peak of the God Transformation Realm”, which meant that there was really going to be a lot of trouble this time.

Such a group could only hide, and there was no way for any force to stop such an onslaught.

“These madmen from the ‘Ten Thousand Beasts Secret Realm’ have finally rushed out.”

The previous “Tide of Beasts” had made a deep impression on Ye Lu, and if he hadn’t been through a hundred battles, he was afraid that he would have had nightmares.

In a short while, the tide of beasts had already spread over half of the country, but Ye Lu had not yet seen the leader of the opposing party, although these demonic beasts were powerful, they were obviously just some minions.

Of course, Ye Lu also saw the “Nine Dragons Chariot” flying around.

After all, the situation was still good, but if the other side’s experts appeared, or if the leader himself appeared, then there would be a big problem.

And Liu Mei is kind-hearted, currently saving people some of the unfocused, saving people everywhere, even a little bit of the small village.

This is indeed a good thing, but this will definitely affect the progress of saving people, I do not know whether the other side will give them this time.

In the depths of the “demonic beasts”, more and more powerful demonic beasts appeared, and after they appeared, they began to “transmigrate”.

The scene was so spectacular that no one could really see it with their own eyes, as everyone was too busy running for their lives.

With so many demonic beasts “crossing the tribulation” at the same time, it has undoubtedly affected the “heavenly dao” and diluted the quality of the “tribulation thunder”, in other words, even the quantity of the “tribulation thunder” is not able to keep up with so many demonic beasts crossing the tribulation at the same time.

In the middle of all the demonic beasts was the handsome man.

“Golden Crow, you guys have finished crossing the tribulation, go and help.”

The nine Golden Crows of the Great Sun were in the middle of the second Fire Tribulation, but the ordinary Three-Legged Golden Crows had already passed the Lightning Tribulation, because the Lightning Tribulation was nothing to a divine beast like the Three-Legged Golden Crow.

Several Three Legged Golden Crows rushed out as soon as they heard the order, these guys had been itching for a long time.

“The speed of the Three-Legged Golden Crow was obviously much faster than other demonic beasts of the same level, not to mention that these Three-Legged Golden Crows were experts who had passed the Thunder Tribulation, the first tribulation of the Nine Tribulation Realm.

Every time you pass the “Nine Tribulation Realm” is a great improvement, after all, it is the same as experiencing life and death once.

After several “three-legged golden crows” appeared, they flew towards Liu Mei’s “Nine Dragons Chariot”, and the terrifying “Great Sun Golden Flame” also gushed out, although it could not really hurt the “Nine Dragons Chariot”, but it could affect Liu Mei’s rescue.

Seeing this scene, Ye Lu flew in the direction of Liu Mei, and at the same time, the “Sunset Bow” appeared in his hand, and the long white arrow shot towards a “Three-legged Golden Crow” with a terrifying aura.

“Boom!”

This “three-legged golden crow” was actually blown up with a bang!

Chapter 579

This scene stunned everyone, because although Ye Lu’s cultivation level was now possible, and his real combat power could already compete with the “Higher Gods”, these were “three-legged golden crows” that had passed the lightning tribulation, so how could they be blown up by Ye Lu with just one arrow?

In fact, Ye Lu also knew his own suffering.

However, once the bow was drawn, Ye Lu felt that his whole body had been drained of its power, including his spiritual energy, including his accumulated Origin Fire, everything had been drained away by this blow.

The current Ye Luo was close to a feeling of having run out of oil.

However, this was not the real key point of this strike.

This was because even if Ye Lv had been more unbelievable, even if the “Sunset Bow” and “Sunset Arrow” had been more powerful, it would have been good enough to kill an “Upper God” with a bow and arrow, and it would have been completely impossible to kill a super expert who had crossed the first stage of the “Nine Tribulation Realm”.

What really made the “Sunset Bow” and “Sunset Arrow” so powerful was the accumulation of sun and moon.

This “Heavenly Treasure” could absorb the essence of heaven and earth, and it had been sitting in the “Multi Treasure Secret Realm” for a very long time without being used by anyone, so it was like a recharged mobile phone.

If the same arrow were to be shot a second time, its power would be greatly diminished.

The “Sunset Arrow” shot a “three-legged golden crow” and then flew back in a circle, while Ye Luo also arrived near the “Nine Dragons Chariot”.

“Mei’er, let’s give up on the smaller cities, otherwise we’ll have to ‘lose the watermelon and pick up the sesame’.”

It was easy to tell which was more important, the “big city” or the small village, so Liu Mei nodded with a helpless sigh.

She also understood that the best strategy was to save the people in the big cities first, but she could not bear to look at these poor people.

In the end, Liu Mei accepted Ye Lu’s suggestion.

She drove the “Nine Dragons Chariot” towards the big city, and could only clear the big city first, and then save those who could be scattered around.

With that, the Nine Dragons Chariot began to run wildly towards the distant cities.

All the people in the big cities entered the “Mountain, River, and Society Map” and, of course, the news reached the handsome man’s ears immediately.

However, he stood in the middle of the countless “thunderbolts” and smiled, saying.

“What we need to do is to take over the whole world and then sweep all the secret realms according to the information obtained from the ‘Beast Alliance’. “I want to bring out all the demon beasts in this world, I want to liberate all the demon people.”

Then, the man added.

“However, all those who dare to resist us will be exterminated, leaving no one behind.”

However, from the beginning to the end, the “thousand-faced demon beast” beside him never appeared. In fact, the “thousand-faced demon beast” also had its own worries, he was worried that he would be bombarded by a thousand “lightning tribulations”.

After all, it had a thousand heads.

“All those who have completed the tribulation should take their teams to the secular world and have fun at will. Nine Cauldrons Formation’ can be even harder to break than the ‘boundary’ of the secret realm.”

Before walking out of the “Ten Thousand Beasts Secret Realm”, he had already asked the people of the “Beast Alliance” to make all kinds of preparations, and the people of the “Beast Alliance” had drawn up

detailed maps about the various powers in this world, as well as the situation and location of the various secret realms, etc. Moreover, the “Beast Alliance” was a big ancient power in the “Cultivation World”.

Due to the business of the “Beast Egg”, it could be said that they had a lot of contacts and were involved with almost all the forces, so the information they had obtained was very detailed and reliable.

Therefore, this handsome man was not worried about this matter.

When they heard the order, the strong demonic beasts began to rush out with their clansmen.

These demonic beasts had been in the “Secret Realm of the Ten Thousand Beasts” for too long, so these guys had longed to go out into the world to have some fun.

And so, the time for the demons to dance in chaos finally began.

Suddenly, several teams broke away from the main battle group and flew in different directions.

There was no choice but to speed up again, as the demonic beasts were expanding too quickly and were not normally able to hold back their onslaught.

However, Liu Mei’s speed was fast enough, and she soon collected all the major populations of the major cities into the “Mountain and River Map”.

At this time, the news from the Mayan Gods finally came through.

“Ye Lu, we’ve found the location of the ‘Other Shore Boat’.”

“The Great Seer of the Mayan Gods looked at Ye Lu and said.

“However, the ‘Ark of the Other Side’ is not in your country, but in the western part of the North Pacific Ocean, which is the deepest place in this world, the ‘Marianas Trench’. The ‘formation’ outside your country of China is really too strong, how can we leave?”

Ye Lu smiled and said.

“You guys don’t need to worry about this matter, I can take care of this matter, however, I need to bring a few people along to get there.”

With these words, Ye Lu asked Void to go to the Abyssal Secret Realm and call Qin Siyu out, this time he wanted to take Qin Siyu with him just in case, who knows what might be next to the “Other Side Boat”.

It didn’t take long for Qin Shiyu to come out, and to be honest, she was shocked by the situation outside.

“What the hell is going on here?”

She looked outside at the dark clouds of demonic beasts in the distance and was a little surprised.

“Void” said with a smile.

“One of the masters, let me explain it to you briefly.”

When she heard “Void’s” words, Qin Siyu was a bit puzzled and asked.

“Void, why are you called ‘one of the masters’ and which other masters?”

As a result, “Void” laughed and said.

“Hey, aren’t there many masters, you forgot, Ye Yan, Flying Snow, and, yes, Jasmine, aren’t they all masters.”

When she heard “Void’s” words, Qin Shiyu let out a sigh of relief.

She had been with Ye Yan and Long Fei Xue for some time, and she knew them all very well.

As for little Jasmine, she had even less of a bad impression.

Although Jasmine was a little older than the others, she seemed to the others to be more simple like a child, so everyone called her “Little Jasmine”.

But then, Hollow smiled and said.

“There’s also that pretty woman on top of the chariot, did you see her?”

In fact, Qin Siyu had long noticed Liu Mei’s “Nine Dragons Chariot”, but because the chariot was far away, she had not been able to see who was on top.

This time, it just so happened that the Nine Dragons Chariot flew over head-on, so she got a clear view of Liu Mei, who was holding the “Mountain, River and Society Map”.

“Liu Mei!”

Of course Qin Siyu recognised Liu Mei, after all, Liu Mei had been helping teacher Liu Xin at school for more than a day or two, moreover, Liu Mei, a half-breed, had caused a stir on her first day at school.

“How is it her?”

Qin Siyu had mixed feelings in her heart at this moment.

However, just at this time, Ye Lu and the others had already arrived.

“Siyu, let’s go, we’re going to the deepest part of this world.”

Ye Luo looked at Qin Siyu and said with a smile.

Qin Siyu, on the other hand, nodded mechanically.

Ye Lu did not notice Qin Siyu’s abnormality as he led the group to the edge of the Nine Cauldrons Formation, and then summoned the super demon god “Astaroth”, the strongest of Solomon’s “Seventy-two Demon God Pillars”, the “Four Pillars of Supremacy”.

“Astaroth, take us out of here, let’s go to the Pacific Ocean!”

Chapter 580

“This was something that Ye Lu had experienced before. Although the Nine Cauldrons Formation had changed, the Astaroth that Ye Lu summoned this time was not the Astaroth from before.

This time, the “Demon God” “Astaroth” was already a “peak God Transformation Realm” expert, and had been summoned by Ye Lu after he had used the “Heavenly Reversal Pill” to raise his cultivation level.

In an instant, everyone appeared outside the “Nine Cauldrons Formation”.

It seemed that the Four Pillars of Supremacy were really something.

These “Seventy-two Demon Gods” of King Solomon might not be particularly outstanding in terms of combat power, but they were indeed very powerful in terms of special abilities, and their various invisibility, transformation and spatial control abilities were truly unbelievable.

“It’s not too late, let’s go.”

After coming out, Ye Lu quickly said.

Because no one knew when those demonic beasts inside would rush to the outside world, after all, those guys even broke the small world, what else was there that they couldn’t do.

So, the crowd immediately flew into the air and prepared to fly towards the side of the Pacific Ocean, when they all stopped in the air.

The reason was that they saw a terrifying “thunderstorm” suddenly appear in the vicinity of Tianshan.

This time the thunder was different from that of the handsome man, in that this time it was terrifying in quantity, while last time it was terrifying in quality.

The three tribulations of the handsome man at that time were so terrifying that even those who had experience in tribulation were shocked to see them, because they knew very well that if they had been in this level of “thunder tribulation” when they were in tribulation, they would have been split to pieces.

This time, the Thousand-Faced Demon Beast’s “tribulation” was like countless “thunder tribulations” falling together. Although there were not a thousand times as many “thunder tribulations” as the Thousand-Faced Demon Beast estimated, there were still hundreds of times as many.

In other words, this guy had the strength of hundreds of Ninth Tribulation Realm cultivators.

However, thinking about it, this creature had a thousand heads, and if all of them launched terrifying attacks at the same time, it would indeed be enough for everyone to drink.

“How many demonic beasts are in the midst of a tribulation? It’s too scary.”

“The Mayan Gods looked at the direction of the sky and their scalps tingled, this scene was really too terrifying.

“If it wasn’t for that woman driving the dragon carriage, I guess the whole Chinese people would have died.”

“Yes, thanks to that dragon carriage, it was too fast, otherwise even someone at the ‘peak of the God Transformation Realm’ wouldn’t have had a chance to save anyone.”

“She’s a ‘saviour’ too!”

.....

To be honest, hearing everyone say this about Liu Mei, Qin Siyu was actually quite twisted in her heart, she was angry that Ye Lu had actually concealed this matter without telling her, moreover, it seemed like Ye Yan didn't know either, otherwise with Ye Yan's big personality, she wouldn't have been able to resist telling the secret.

As for whether Long Feixue knew or not, Qin Siyu was not so sure, because Long Feixue, unlike Ye Yan, was someone who could hide things.

"Humph!"

Qin Siyu hummed in her heart, not saying anything.

However, she had witnessed the scene of Liu Mei going around saving people before, so she was not that hostile towards Liu Mei, what she was angry at was Ye Lu.

Therefore, she decided not to talk to Ye Lu.

Although he didn't think he was a "savior", he couldn't just leave the entire world's human race behind.

According to the latest census, the world's population has exceeded 7.4 billion, while China's population is only a billion or so, which is far from the world's population.

"I guess the 'Ancient Battlefield' is going to be busy again."

At this time, a member of the Nuwa clan, who was following the group, suddenly said.

"Looking at the current situation, there will definitely be many people who will choose to cross into the 'Nine Tribulation Realm' and leave this 'secular world'."

"Especially those forces that have already obtained the 'Immortal Mansion Key', there's nothing left to stay here."

"I reckon a lot of doppelgangers are going back too, although, these doppelgangers can't provide much battle power to the master, but, doppelgangers are still useful in many ways."

At her statement, Ye Lu nodded as well.

At first, he had thought that this was just a "beast wave" by the Beast Alliance, or even if it was out of control, it was only temporary, but after seeing the momentum on the other side of Tianshan, Ye Lu understood that the momentum was already unstoppable.

Although he still didn't know what kind of horrible thing was coming out, but, other than that, the horrible "thunderstorm" that had been going on since that guy appeared was enough to show that the demon beasts of the "Secret Realm of Ten Thousand Beasts" were probably all here.

"Let's go, don't look, there's no chance of a counterattack."

Ye Lu sighed, and the group flew towards the direction of the Mariana Trench.

This was the deepest and most mysterious place on the entire planet.

All of us were already at the “God Transformation Realm”, so entering the water was nothing to them.

Ye Lu released his flames for illumination.

With the power of the Origin Fire, this amount of seawater was nothing.

“Great Seer, where is the secret place that you said has the ‘Other Shore Boat’? It feels like it’s hard to find at the bottom of the sea.”

“A member of the Nuwa clan asked, looking at the darkness around him.

“I’m not sure, but the prophecy shows that the boat is in the darkest of deep trenches, so that’s where it should be.”

Hearing this guy’s explanation, immediately some people felt that it might be a bit unreliable up.

However, Leafall’s suddenly said.

“That’s right, it should be nearby, just leave it to me.”

After entering the sea, Ye Lu suddenly had an odd feeling, this feeling was not like the call of the “Sunset Bow”, but an extremely familiar feeling of *déjà vu*.

How can I put it, he suddenly felt like he had been here before, but it didn’t seem to be like this at that time.

He felt as if he had made the boat himself. This feeling was extremely absurd, but it crossed his mind clearly in that moment just now.

To be honest, this also made Ye Lu feel a little chill inside himself.

Because, he suddenly felt as if his own had not grown naturally since he was born, all the things that seemed like chance, like luck, seemed to be arranged in the underworld.

“It seems that all things are not as simple as they appear.”

Although Ye Luo could not understand the current situation, he knew very well that this “other side of the boat” should have a great connection with himself.

“Maybe I was ‘Noah’ in my past life!”

Ye Lu wondered if he was like the Tang Monk, a good man who had cultivated for ten lives, each with a different name and story, and in this life he was about to become a “saviour”.

He scanned and located his target with his glasses as he thought.

There were not too many secret places in the area, and there was only one secret place in the Marianas Trench, so it was actually very easy to find.

Soon, Ye Luo saw this secret place.

As a result, he found that it was not a secret realm at all, but a huge bone, or rather a large ship made of bones, “Noah’s Ark”, which was the “other side of the boat” that everyone was looking for.

This Ark was also a secret realm, and the Mayan gods had guessed correctly that it was a secret realm that could be moved.

However, after that, Ye Lu found out a dumb thing, this “Noah’s Ark” actually could not be claimed.

Neither “divine sense” nor blood dripping would work, and the brief said that this thing had a central control system, in other words, this thing could only be piloted by someone.

“What the hell is this thing?”

Seeing this scene, Ye Lu was also confused.
