

Super Student

Chapter 81

After saying that, Ye Luo then looked at Mo Wen and said with a smile.

“Go and arrest him, I think the killing and splitting was all done in one room, he should have left some clues anyway, if you still can’t get it right, I can go and help you arraign him, I think I should be able to find out what’s broken.”

Hearing Ye Luo’s words, Mo Wen immediately gave an order for the following people to quickly go and put Qin Shihong under control, while thoroughly investigating his room.

Ye Luo then continued to look at Mo Wen and said.

“Captain Mo Wen, is there anything else you need help with the case? If there’s nothing else, can you let me go, there doesn’t look like there’s anywhere I can stay here either.”

As a result Mowen crossed his arms and said.

“What to go away, those two cases are still pending, there is no hurry to go, next help me to look at this WeChat beauty murder case, there are already eight people killed, and the deceased identical all used to chat with someone of the opposite sex in WeChat before they were born, but, because the other party is very proficient in the internet, we can’t even determine until now whether the other party is one person using multiple waistcoats to commit the crime, a gang, or there are different people coincidentally committing the crime.”

Seeing Mo Wen’s stance, Ye Luo then smiled and said.

“This is easy, let’s talk upstairs, the smell here is too choking.”

Due to the storage of various corpse pieces and such, the smell of this evidence room was indeed a bit bad.

While walking upstairs, Ye Lu had already started to investigate in the “auxiliary system”, what he was investigating was of course the real location of the other party’s network address, as well as what kind of mobile phone was used, what software was installed, and what technology was used to evade network tracking.

Ye Lu had tried out the network capabilities of the “auxiliary function” before, including obtaining photos, video data, the other party’s mobile phone information, etc. The “auxiliary function” is simply a super hacker, as long as there is something on the network, there is nothing it can’t find. There is nothing it can’t find.

This time is the same, through the other party’s chat account, Ye Luo quickly found out the mobile phone that this account had logged into, and located the phone.

By the time he returned to the conference room, Ye Luo had already found out the other party’s location through his glasses.

“Captain Mo Wen, arrange for an arrest, the other party’s name is Hu Mingrui, his mobile phone number is XXXX, however, his mobile phone has undergone anti-detection processing, so you cannot locate it, however, I already know his location, I guess he won’t be running around at this time, go straight to the arrest, the address is... ..”

Ye Lu said with a smile.

Mo Wen quickly dispatched the police force again.

Following that, she then looked at Ye Lu and said.

“Help look at the other cases as well, your employment contract has been printed, just sign your name and your ID number.”

While Mo Wen was talking, a female police officer also happened to bring over a printed document.

Seeing Ye Lu sign his name, Mo Wen then showed a smile for the first time and said.

“Well, take a break and look at the file, the rest of the case will be dealt with later.”

Ye Luo looked at Captain Mo Wen and asked with some confusion.

“How could you be so kind as to let me rest.”

Captain Mo Wen then smiled and said.

“Because there were originally fewer people on duty at night, and the three cases just now have sent all the police force out, so I can only rest for a while.”

Ye Lu thought to himself, I told you she shouldn’t be that kind.

However, soon there was news from the second team that went out.

“Well, the identity of the deceased Xia Juan has been confirmed, she was indeed a primary school teacher, but she recently resigned, saying that she was going to start a business with her boyfriend, and the people at the school have never seen her since.”

Mo Wen said as he looked at the other two people.

This also proved that Ye Lu had indeed not been talking nonsense just now.

Following that, another message came through.

“They have caught Qin Shihong, in his rented house, Xiao Wu and the others found a small amount of residual blood, while the tools for splitting the body, and the sculpture that killed the man were also found, Qin Shihong has broken down and confessed everything.”

Mo Wen said with a smile.

“It looks like the broken body case, we can close the case now.”

She also didn’t expect that a case that everyone had been clueless about for days and couldn’t even identify the deceased would be solved so easily, it was only a matter of time, less than half an hour back and forth.

Soon, the first team also sent a message.

“We have dug up the body of a young woman at the designated location, and after preliminary examination by the forensic pathologist, it was indeed once sexually assaulted, and male bodily fluids were left behind.”

Hearing this news, Mo Wen once again said with relief.

“It seems that the serial murder case can basically be closed as well.”

The other two captains looked at Ye Lu with a “I’m convinced” expression, because the iron-clad facts proved that Ye Lu was really a divine detective.

“Detective Ye, I take back what I said to you before, I was blind, you are really a divine detective, this is the first time I have seen it in my life, I am convinced.”

The other one also said with the same thumbs up.

“I’m also convinced.”

Ye Lu smiled and waved his hand and said.

“I’m no expert in solving cases, I just happened to come across it today, so I’m helping out, I can’t afford to be a detective.”

Ye Lu did not expect that he would have the title of “divine detective” after “divine doctor”.

However, as soon as his words left his mouth, Mo Wen looked at him and said solemnly.

“I don’t know if you want to take the police academy, I know more about this and I have some contacts.”

Ye Luo hurriedly waved his hand and said.

“No, no, I’ve already decided to go to ‘Yanjing University of Chinese Medicine’, forget about the police academy.”

Hearing Ye Luo say “Yanjing University of Traditional Chinese Medicine”, Mo Wen froze for a moment, then looked at Ye Luo and said.

“Do you really want to take the ‘Yanjing University of Traditional Chinese Medicine’? My daughter is studying at that university, her name is Mo Xiaomi, if you go there, you can help me take care of her, how can I say, I always feel that she is missing a tendon in her head, sooner or later she will cause trouble.”

After saying that, Mo Wen then smiled bitterly.

Ye Lu was a bit puzzled, although “Yanjing University of Traditional Chinese Medicine” was not the top university, it was still a key university and the score line was very high, he didn’t think that someone with a missing tendon could get into it.

At this time, in the villa of the Gu family, Gu Yanqiu walked into Gu Shiqi’s room, he really saw a rather beautiful-looking girl in Gu Shiqi’s room, but gave people the feeling that she was a bit cold and distant,

this girl gave people the feeling that she was like a white lotus flower that could be viewed from afar but not profanely.

Seeing Gu Yanqiu come in, Long Feixue did not get up, still sitting there indifferently. Gu Shiqi did not speak to Gu Yanqiu either, she originally did not want to talk to this unreliable father.

“Shiqi, dad has something to say to you, can you come alone for a moment? It’s about you and Ye Lu.”

Gu Shiqi originally didn’t want to pay attention to him, but after hearing him say it was about Ye Luo, she thought about it then nodded, after which she looked at Long Feixue and said.

“Sister Long, I’m going out for a while, I’ll be back in a while.”

Long Feixue nodded, however, after waiting for Gu Shiqi and Gu Yanqiu to leave, she still cautiously flew to the roof and sat on the highest part of the roof, from here she could see the whole view of the villa, if someone came in, she would be able to spot it at first.

Gu Shiqi followed Gu Yanqiu to the ground floor, but instead of taking her back to her room, Gu Yanqiu went to the basement.

Gu Shiqi was feeling a bit strange when she followed and saw Gu Yanqiu holding and rotating a certain porcelain vase in the basement a few times, then the cabinet full of porcelain opened from it and a secret door appeared in front of her.

“This is the secret room of our house, come in with me.”

Gu Yanqiu said as she pressed the combination lock.

Gu Shiqi, on the other hand, asked with some confusion.

“What exactly do you want to do when you bring me into the secret room?”

Gu Yanqiu did not answer positively, but said indifferently.

“You will know when you go in, this is the secret of the Gu Family and it also concerns the future of the Gu Family.”

As she said that, the door of the secret room had opened, and Gu Yanqiu walked straight in, and Gu Shiqi, who was filled with suspicion, followed her in.

However, after entering, Gu Yanqiu did not stay in the secret room, but walked towards the side of the passage, this passage was very long, and Gu Shiqi did not know where it led to, and walked for several minutes, which only led to the end of the passage.

“Let’s go.”

Gu Yanqiu opened another door, then gestured for Gu Shiqi to go first.

Gu Shiqi walked out with some confusion, only to find that she had actually arrived in the park behind the villa, and at the moment she appeared on the side of the huge rockery in the park.

“This secret passage is actually connected to this place.”

She muttered in some surprise, followed by a sigh from Gu Yanqiu, and the passage door closed at the same time.

“What’s going on?”

Before Gu Shiqi could figure it out, two men in black had already dashed out and gagged her with something, then tied her up and carried her away.

Gushiki could never have imagined that her own father would harm her, and at this moment her heart was filled with despair.

“Ye Lu, where are you? Come and save me!”

Chapter 82

He was helping to solve the case at the police station when the news of the third “WeChat Beauty Murder Case” came back.

“I have caught the suspect Hu Mingrui according to his address, and I did find his chat records with the girl in his mobile phone, as well as various anti-detection and hacking software, and the tools of the crime were also found.”

Hearing the report, Mo Wen then looked at everyone and said with a smile.

“Well, the third big case can also be closed.”

Then, she suddenly thought of what Ye Lu had said before, that he could cure her old stomach disease, at that time she didn’t believe it at all, but now it seemed that what Ye Lu said should be true.

“Should I ask him to help me touch it?”

Mo Wen hesitated a little, this stomach pain had been bothering her for more than a day or two due to her work.

However, before she could make a decision, the phone on Ye Lu suddenly rang.

“Ye Luo, sorry, I lost Miss Gu Shiqi.”

Long Feixue said somewhat embarrassed on the other side of the phone.

Hearing Long Fei Xue’s words, Ye Lu was immediately confused, before he felt that Long Fei Xue’s level should be quite higher than Zhang Tian and that Daoist priest, so that’s why he had assuredly left Gushi Qi to her, now it seemed that he was still a bit careless.

“What exactly is going on, and where is Gushiki now?”

Ye Lu asked anxiously while quickly opening the “auxiliary ability” of his glasses, in which there was a function of location tracking, he quickly locked the location of Gushiki’s mobile phone.

On the other side of the phone, Long Feixue became more and more embarrassed.

She said with a red face.

"I'm really sorry, I don't know where people have gone, I only know that they have disappeared, I originally thought that she was out with her father would be fine, who knew that I just called and there was no one to answer anymore."

Ye Lu thought for a moment and said.

"Miss Long, don't worry, I will take care of this matter, don't worry."

No matter what, Long Fei Xue was also helpful in nature, so there was no reason to blame her, moreover, Ye Lu had already traced a bit of information in the glasses, even though it was only a few seconds before the other party turned off the phone, but the approximate location Ye Lu still figured out.

"It's fast, it should be in a car."

Seeing the target disappear, Ye Lu frowned, but then he used the "auxiliary function" again to find the surveillance video of the target's location just now, at the same time, he looked at Captain Mo Wen and said.

"Captain Mo Wen, I've helped you solve three big cases, is that good enough?"

Mo Wen quickly nodded, to be honest, she really thanked Ye Lu from the bottom of her heart, after all, these cases had been bothering them for a long time, and since the team was established, although this team was not considered a task force in nature, but it was true that none of the cases had been solved yet, which made her under a lot of pressure.

But this time, with three major cases in one night, they were bound to show their faces.

"How do you want us to help you, say it?"

Mo Wen said quickly.

"One of my female classmates has been kidnapped, now the kidnappers are travelling along Jianguo Road towards the east, can you help me intercept them, the license plate number is XXXX, I'm going after them here too."

Hearing Ye Luo's words, Mo Wen was also taken aback, although she didn't know how Ye Luo knew, but, in her heart, she already believed seven or eight points.

She quickly asked up to the traffic control department, while Ye Lu continued.

"Give me back what was confiscated from me, I'm going to save my classmates too."

Mo Wen hung up the phone and then looked at Ye Luo and said.

"With the police's help, you don't have to worry about it."

Ye Luo shook his head and said.

"No, I have to go in order to do that, because the people who kidnapped this time definitely have cultivators, and they are not low level, you police can't deal with them."

Mo Wen certainly understood what a cultivator meant, so she thought for two seconds then nodded and said.

“Good, give the stuff back to him.”

A female police officer soon brought the stuff over, however, Ye Lu found that the elixir was missing.

“That elixir, ah, was taken away because it needed to be tested to see if it was some kind of contraband.”

The policewoman explained.

“Forget it, couldn’t care less.”

Ye Luo quickly brought all the other things over and then said once again towards Mo Wen.

“I don’t know how to drive, send a policeman and give me another car.”

As it turned out, all the police force they had here had been dispatched, as had the three cars.

“Right, the traffic police brigade next door now has a rich kid who races cars and people here, why don’t you let him go and help.”

Ye Luo quickly nodded, the situation was urgent now, it was good to have a car, which cared about anything else.

At the moment, Zhang Tian was sitting in his family’s mountain villa drinking wine, the villa was located deep in the Tianma Mountain, a beautiful environment with winding paths, except for the less convenient transportation, it was simply a paradise.

“How’s the situation?”

He asked, looking at the henchman.

“Young Master, everything is going well, that Gu Yanqiu is really cooperative and has managed to receive Miss Gu, it shouldn’t take long to get here.”

Zhang Tian said with a smug smile.

“When it comes to understanding human nature, I am still quite confident, that Gu Yanqiu is already hopeless, where is that woman who interfered? Where is she currently?”

Zhang Tian was most worried about Long Feixue, that woman was too scary.

“That woman is currently still in the Gu family, don’t worry.”

Zhang Tian said with a reassuring smile this time.

“Good, without that woman causing trouble and Ye Lu trapped in the police station, this operation is simply perfect!”

With those words he happily took a sip of red wine and looked beautifully out at the mountain.

And at this moment outside the mountain, Liu Qingyun and a few other people were gathering there with various tools.

“Is there really treasure in this mountain?”

A man looked at Liu Qingyun and asked.

Liu Qingyun nodded and said.

“There shouldn’t be any mistake, although I don’t know what kind of treasure there is, but there is indeed treasure, I have already checked, wait for my senior brother to come over later, he should know more specifically, unfortunately, there would have been another powerful helper, however, he is busy with the jade ‘public auction’ bid today and can’t come He can’t come.”

The person Liu Qingyun was talking about was of course Ye Lu, he had wanted to find Ye Lu, but firstly, he had heard that Ye Lu was helping the Gu family with the jadeite ‘public auction’, in his opinion Ye Lu was already the son-in-law of the Gu family, so the Gu family’s affairs must be more important, and secondly, because his senior brother had heard that Ye Lu was only an eighteen year old high school student and was strongly opposed to the matter, in his opinion Ye Lu must be just a waste of time.

When he heard Liu Qingyun talking about the jadeite “public” bidding, one of them also said disdainfully.

“What’s the use of finding a jadeite player? It’s not like we’re going to dig for jadeite ore.”

Another one also said.

“Yes, Liu Qingyun, have you become a fool as an official, what exactly is the origin of the helper you are talking about?”

Liu Qingyun thought for a moment and said.

“He is a legend, he knows how to identify treasures, he is a miracle doctor, and he is also a fighter, however, the person is very young, he is a senior student in our school”

As a result, Liu Qingyun was interrupted before he could finish his words and said.

“After all is said and done is just a high school student, again powerful can have what energy, you do not joke with us.”

“That’s right, even more genius, how far can a high school student go.”

“You purely have a bubble in your head.”

.....

After hearing the words of the crowd, Liu Qingyun wanted to say something for Ye Lu, but the crowd waved their hands and didn’t give him the chance. However, Liu Qingyun was somewhat relieved when he thought about it, after all, he got the token of the “Dharma Society” only because of Ye Lu, while these people had the token themselves.

Liu Qingyun could only smile bitterly, thinking to himself that when you see Master Ye Lu, you will understand.

And at this moment, Ye Lu has sat in a sports car, in the top of the sports car also placed a temporary police lights and siren, the siren is now emitting “ee well ee well ee well” sound, while the rich second generation sitting next to Ye Lu is holding a cigarette roll with an incredible expression looking at Ye Lu said.

“What is the background of your kid, even the police have given you the green light, it’s too dragging.”

Ye Lu, on the other hand, said impatiently.

“Don’t talk nonsense, letting you race with a siren is not enough for you to fool around, let’s go.”

This guy “poof!” He spat his cigarette out of the car and yelled, “Okay!” The car then sped off like a wild horse.

Inside the mountain villa, Zhang Tian was staring at his mobile phone and said.

“What, there are police blocking you, what the hell is going on?”

Super School Student

Chapter 83

When he heard that the police were intercepting him, Zhang Tian was completely baffled, because his plan this time was very well thought out, and the only one among the others who knew about the situation was Gu Yanqiu, since Gu Yanqiu had tricked Gu Shiqi into coming in he shouldn’t have reported it again, so who could be working against him?

“Can it be fixed?”

Zhang Tian asked with some worry.

As a result, the other party said confidently.

“No problem, these worldly forces are not on our mind yet, what we are worried about is that even if we deliver the person, with these police officers around, it will be hard for you to make good, right?”

As a result Zhang Tian said.

“Don’t worry, I have my own way, you guys just go ahead and get the people over here.”

Following that, Zhang Tian hung up the phone.

At the same time, those police cars that were carrying out their official duties and were responsible for intercepting them suddenly saw several motorbikes with speeds of up to over 200 mph speeding up from the street, the drivers of the motorbikes obviously had excellent driving skills, they did not make any complicated attacking movements after whistling over, but quickly slapped on the police cars and then disappeared with the wind.

The process came as fast as it could, and while the policemen were still dumbfounded, the riders had already disappeared.

“What the hell is going on here?”

“A biker?”

“A provocation, this is a barefaced provocation.”

.....

This sudden movement confused the police officers a bit and everyone started all sorts of unreliable speculations.

By this time, the target vehicle to be stopped also arrived.

“Get in and do it.”

The police officer in charge of the interception gave a quick order and everyone got into the car, but, following that, they realised that the car wouldn't start anymore, and that's when they realised what those riders were doing just then.

“Quickly, get out and intercept.”

The police officers gave the order again, but it was too late, the SUV had already driven past.

As they watched the SUV whiz by, the police could only look at its back and sigh.

“Those motorbike riders were definitely cultivators.”

The policeman in charge said as if he had a sudden realization.

“Only a cultivator can launch such an attack without leaving any traces. I've heard of cases about cultivators, but they all turn out to be headless cases, with no evidence to be found.”

A few other policemen said with a helpless sigh.

“I don't know which one of them is not open-minded enough to offend the cultivators, causing us to follow the bad luck.”

“Don't get sentimental, let's go, let's fix the car.”

“Hey! Can't afford to piss off the high rollers!”

.....

A few policemen shook their heads then started calling for a tow truck team to come and support them, after all, all three cars were crippled.

But just as the brothers were waiting for the tow truck, they suddenly saw another car coming at speed, it was a sports car but with a police light on the roof, and the car just whimpered and strutted past.

“Sh*t! Are all the rich kids so high profile now?”

“That's right, too arrogant.”

.....

At the same time, however, orders came over their walkie-talkies.

“Do not intercept a sports car with police lights, license plate number is XXXX, remember, over!”

Hearing this order, everyone was dumbfounded.

“What kind of rich kid is this, what a hard backstage.”

I don't know who muttered, and everyone nodded their heads in agreement.

And at this moment, Ye Luo was urging that rich young man in to increase his horsepower, because the roads in the city were rather complicated, and because of the low visibility at night while watching the surveillance and chasing people, Ye Luo was also a bit worried that he might lose the chase.

“Okay!”

The rich kid was inexplicably excited this time, he felt that this was even more exciting than the usual illegal car racing he played, because of the police lights everyone was avoiding them, which gave him a sense of superiority.

“Great, there's a straight road ahead, we'd better get close to it while we can, then it'll be hard for it to escape us with your skills.”

Ye Luo had also noticed that this rich kid was genuinely good at driving without saying anything else.

“When I'm in college, I'll have to get a driving license and learn to drive sometime.”

Ye Luo muttered with some emotion, he found that driving was really a necessary skill, and of course owning a car was also necessary.

However, at this time, a motorbike appeared again, this motorbike was coming against the traffic, and the target was obviously Ye Luo's sports car.

“Holy sh*t, is this an attempt to kill me to silence me?”

When he saw the motorbike rushing over in an aggressive manner, the rich young man really panicked, because the other party was obviously a desperate man's stance, he was not ready to play with his life.

“Drive well, you don't need to worry about the rest.”

Ye Lu quickly said, at the same time the person has also prepared, at that motorbike close, the motorbike rider raised the slap, he jumped up violently from the seat of the sports car, then one hand propped up in the front of the sports car hood, while the legs like a windmill kicked out.

The motorbike rider also did not expect Ye Lu to come out of nowhere with such a move, he was caught off guard and quickly closed his hand to try to block, but it was already too late.

“Boom!”

The kick had already landed on his chest.

“Brush!”

His whole body drew an arc in the air and flew up, while the motorbike remained straight ahead.

The sports car with the police lights on was already very solid, and the motorbike that had just gone against the traffic had just attracted many more people who were eating the melon, and as a result, many of them had seen the thrilling scene.

“Wow sh*t! Is this a Hollywood blockbuster?”

“So dazzling! Foshan Shadowless Kick.”

“It’s so fast, it’s like a man of the wind.”

“I think it’s a man like mad, it’s totally playing with his life!”

.....

Not only did the uninformed crowd look stunned, but the rich young man driving the car looked just as stunned.

“Drive properly, don’t get distracted!”

Ye Lu had already darted back into the car once again.

“Holy f*ck, no way, how can you be so awesome, you are the legendary Interpol FBI right, too awesome, take me as your disciple.”

The rich second generation was already adoring beyond words.

For his part, Ye Lu smiled and said.

“Don’t blindly worship what FBI, this is traditional Chinese kung fu, drive carefully, things are not over yet.”

For just as the two men were conversing, two more motorbikes appeared, this time the riders obviously already had a plan for the near future, two men darted over left and right, so that Ye Lu could not take care of both sides, and surely one of them could get the job done.

However, Ye Luo did not panic, he looked at the two men who were flying over and said.

“In a moment, when they are almost there, turn violently left, understand, leave the rest to me.”

This time the rich young man was a little confused, and he said anxiously.

“Run them over? Then I’m not finished.”

Ye Luo said without good grace.

“Crash to death my ass, it’s for him to crash into you.”

Only then did the rich boy let out a relieved “oh”, but, followed by an even more confused voice, he said.

“Then I’m not still screwed.”

However, it was too late to discuss this, as both the sports car and the motorbike were going very fast and were about to meet.

The rich young man gritted his teeth and hit the wheel hard, the car quickly drifted up and dashed to the left.

It was too late for the motorcyclist to swerve, and he looked at the car with wide eyes, and rushed on.

“Waaah!”

“Yikes!”

“Holy f*ck!”

.....

The people around him also let out shrieks of alarm, and everyone felt that a collision was inevitable.

However, just as everyone was shouting in shock, Ye Luo had already jumped out, he reached out and grabbed the motorbike that the motorcyclist was riding violently, and the motorbike came to a violent halt.

However, the rider was not so lucky. Due to inertia, he flew past the sports car like an arrow and dashed towards the green belt not far away, and then disappeared into the green belt.

And Ye Lu grabbed the motorbike in his hand and threw it violently at another motorcyclist who was desperately trying to slow down.

“Boom!”

A loud crash sounded, and the other motorcyclist was also smashed and sent flying.

“What the hell, is this still a human being?”

“This is definitely a monster, fake it.”

“Day, look at those two motorcyclists, they’re actually not dead either, they can still walk.”

.....

The crowd that saw this scene was already completely unnerved.

Of course that two motorbike riders wouldn’t die, they were dark jin powerhouses, and cultivators at the peak of bright jin, their flesh and blood bodies had already reached a rather formidable level, plus the strengthening of dark jin, it wasn’t that easy to die.

“Yay!”

Ye Lu smiled and clenched his fist, then shouted to Richie Rich.

“Richie Rich, let’s go!”

Chapter 84

Hearing Ye Luo’s words, that rich young man immediately said.

“I’m not called Rich Boy, my name is Shen Yun, the cloud of clouds, but it seems that we are about to leave the city.”

Shen Yun said as he looked at the Tianma Mountain in the distance.

Ye Luo ignored him, instead, he was flying through his glasses, he was looking for the Zhang family’s property, according to Ye Luo’s logic, this incident must have been Zhang Tian of the Zhang family who was up to no good, and the place they were going to should be a certain property of the Zhang family’s own family.

“Found it!”

Following this, Ye Lu shouted with some surprise.

He found that there was indeed an estate style villa of the Zhang family in this Tianma Mountain, and the car in front of him at the moment was also driving in the direction of where the villa was located in the surveillance.

“This is the road, quick, follow it.”

Ye Lu commanded quickly, however, the climbing performance of the off-road vehicle in front of them was obviously excellent, and although Ye Lu and the others were desperately chasing after it, they actually failed to catch up.

However, after entering the mountain, Ye Lu turned off the police lights and put them into the car, now that they were out of the city, there was no need for them to open the road, and the sound of the police lights was too loud it was easy to scare the snake, making the other side prepared was obviously not a good thing.

“It seems to have gone in.”

Not far from the villa, that rich young man Shen Yun said.

Indeed, the SUV had already arrived at this moment.

Zhang Tian quickly shouted from the third floor of the villa.

“Give the man to Zhang Long, you guys go and help stop the guy who is chasing after us.”

Those people had already told Zhang Tian about the car that was chasing them just now, and at the same time they had also described the appearance of the person in the car, and Zhang Tian had certainly judged that the person in the car must be Ye Lu.

This made him depressed, because he originally wanted to use the power of the police to stall Ye Lu, but who would have thought that things would be just the opposite of what he had planned, not only did the police fail to stall the man but they also helped Ye Lu to chase him.

Zhang Long, on the other hand, was the butler in charge of this mountain villa and one of their own from the Zhang family. Hearing Zhang Tian’s order, he quickly took the bound Gu Shiqi to the villa’s specially made underground secret room and swallowed the pre-prepared pills for Gu Shiqi.

“Hehehe! With this pill, even a chaste and martyred girl will quickly turn into a lecherous slut, but this one that young master brought back this time is really superb! It’s better than every time.”

Zhang Long looked at Gu Shiqi and said with some emotion.

It was not the first time he had done such a thing, but he had not seen many as beautiful and aura as Gu Shiqi, after all, Gu Shiqi was the only Miss of the Gu family.

“Just wait for the young master to enjoy you.”

Zhang Long carried Gu Shiqi to a very large round bed, and then left knowingly.

Zhang Tian, on the other hand, flew towards the underground chamber.

“This bizarre double cultivation still has to involve two lovers, it’s really nagging, if it wasn’t for these imported drugs to move the emotions, things wouldn’t really be so good.”

As for Ye Luo outside, Zhang Tian did not put his mind on it because firstly, with those cultivators plus the security guards in the villa to intercept, he reckoned it would not be too easy for Ye Luo to rush in anytime soon, and secondly, this secret room was built separately, it was not that easy to find, open and come in.

And at this moment Ye Luo looked at the villa’s main door and said.

“Prince Shen Yun, the critical time has come, give me the chance to rush through and crash through that ghostly gate, let’s go!”

After this journey, Shen Yun had already admired Ye Lu to the point of worship, so when he heard Ye Lu’s words, he didn’t hesitate, he increased the throttle and rushed towards the gate.

“Boom!”

The villa’s gate was directly disliked by the sports car and tumbled to the ground, following which, the sports car went berserk and rushed towards the main building of the villa.

In Ye Lu’s glasses, Ye Lu had long known everything about the villa, including the location of the secret room that Zhang Tian thought was foolproof, he knew it all very well.

“Go!”

Seeing Ye Luo and their car rushing over, those men in black who were responsible for kidnapping Gushiki dashed up.

While in the secret room, Gushiki already felt her body tingling, an unspeakable urge began to sprout, grow and grow like a wild weed in her heart.

“There’s something wrong with that potion potion.”

Gu Shiqi muttered silently in her heart, and following that, she felt someone helping her untie the ropes that were tied around her hands and feet.

“Ye Lu, you’ve finally come to save me!”

She wept with joy as she ripped off the cloth covering her eyes, only to find that the person standing in front of her was not Ye Lu, but a smiling Zhang Tian.

“Oh, thinking about that Ye Lu coming to the hero’s rescue, are you?”

Zhang Tian looked at Gu Shiqi and said with a smile.

“Pity, after he comes in, he’ll only see you after you’ve been nourished by me.”

As Zhang Tian was speaking, Gu Shiqi felt that due to the ecstasy she had just felt, her mind was lost and that desire began to rush into her brain like an open flood, wandering uncontrollably, she felt extremely needy of a man at the moment

The source of the coldness was the “Ice Maiden’s Tears” pendant that Ye Lu had given her earlier, and at the same time, she saw Zhang Tian kissing her on the mouth.

“Go to hell!”

She raised her leg quickly and slammed her knee into Zhang Tian’s vitals.

He originally saw that after the drug hair, Gushiki’s eyes were already dazed, her cheeks were red and her body was on fire, so he never thought that Gushiki would have an instant sobriety.

Thus, the unlucky Zhang Tian fell under the bed with his vital points covered.

However, Gu Shiqi’s wakefulness was also short-lived, and following that, she once again felt a little dizzy in the head.

But at that moment, the door to the secret room opened with a “brush! The door of the chamber opened and Ye Lu’s upright figure appeared in the doorway.

When she saw that Ye Lu had really appeared, Gu Shiqi finally let out a long sigh of relief, and then the tide of desire overwhelmed her.

Zhang Tian, on the other hand, quickly opened a passage and dug in.

Although Gushiki’s blow was fierce, it did not cause much damage to Zhang Tian, after all, Gushiki was just an ordinary girl.

Zhang Tian had just run his dark energy to dissolve the damage of that blow, however, he did not dare to dislike Ye Lu again, he was very clear about the gap between himself and Ye Lu.

“Ye fall”

Gu Shiqi lay on the bed with her two long legs constantly rubbing together, while her mouth shouted Ye Lu’s name, both hands kept reaching into her T-shirt to grab the peaks, while the other was hidden in her skirt, while the clothes on her body had long been torn in a mess

“Day, the antidote to poison pills actually happens to be absent.”

Seeing Gushiki’s current situation, Ye Lu certainly understood that she had been drugged, however, the antidote pill had been taken to be tested, and he had nothing in his hand at the moment.

“We can only control her first.”

Thinking of this, Ye Luo then quickly walked over and reached out to point at all of Gushiki’s acupuncture points. He first used his aura to stop Gushiki’s vital meridian points to avoid the spreading of the medicinal power, and then raised his hand to knock Gushiki unconscious.

However, he found that for some reason, it was very difficult to knock Gu Shiqi unconscious, and it took him a lot of effort to knock her unconscious.

“Gu Shiqi seems to be odd!”

Ye Luo muttered as he looked at Gushiki’s seductive appearance.

Although Gushiki’s current appearance made Ye Luo’s mouth a little dry, but, although he was not a decent man, he was not a villain who took advantage of others, so Ye Luo wiped his saliva and did not lay his hands on Gushiki.

“Zhang Tian, I can’t spare you.”

After thinking about it, Ye Lu picked up Gu Shiqi and rushed into the passage that Zhang Tian had just opened and chased after her.

However, what made him feel a little surprised was that the passage was actually very long and went in all directions, it didn’t seem to be a later excavation, but a natural underground cave, as a result, he didn’t have to go around for more than a moment before he got lost.

“It’s actually connected to a cave in the mountain.”

Ye Lu muttered somewhat depressingly, followed by finding a nearby exit and walking out.

As a result, to his slight surprise, he actually saw an acquaintance outside the cave, none other than his school’s headmaster, Liu Qingshan, however, at this moment, Liu Qingshan was not dressed like a headmaster, but rather like a tomb raider, and he was actually carrying a long knife.

“What’s all this, Principal Liu, do you still have a part-time job as a tomb raider?”

Ye Luo asked with a puzzled look at Liu Qingshan.

Liu Qingshan, on the other hand, had an ecstatic expression on his face as he smiled when he saw Ye Luo and said.

“Master Ye, why are you here?”

Following that, he then turned his head to look at those of his companions and said.

“This is the Grandmaster Ye I mentioned before, a true worldly master, with his help, we will definitely have no problem with this treasure hunt.”

However, several other people rolled their eyes at the same time, and one of them looked Ye Lu up and down and said.

“You’re Grandmaster Ye?”

Super School Student

Chapter 85

The disbelief and disdain in his eyes, Ye Lu could of course see it, however, he just laughed and said.

“I wouldn’t dare to be a master, it was just a joke from Principal Liu, I’m just a student, don’t take it seriously, don’t take it seriously.”

However, Ye Lu was interested in the “treasure hunt” that Liu Qingshan had just mentioned, he also knew that Liu Qingshan had been looking for treasures for the “puja” for some time, in fact, he was the same, but unfortunately, he had not found anything so far.

When he heard Ye Lu’s words, the guy who was sizing him up smiled and said.

“You’re a real person, I like you, but, looking at you, you weren’t just trashing a good woman in the cave, were you?”

With his words, everyone looked at Gu Shiqi, who was being carried by Ye Lu.

At this moment, Gu Shiqi’s face was full of red, plus her clothes had just been somewhat torn by her own scratching, so it really looked like she had been molested.

Ye Luo did not know how to explain it, so he could only smile and say.

“Talk not spoil come, we are boyfriend and girlfriend, almost high school exams, so to the cave to exchange a little study experience, but unfortunately girlfriend study too hard, actually learning scholars passed out

Ye Luo quickly opened the ghost story mode.

Hearing Ye Lu’s rambling words, several people shook their heads, in their opinion, Ye Lu was simply too unreliable, and could not be related to the so-called master at all.

Only Liu Qingshan strongly invited Ye Lu to join the treasure hunting team, and Ye Lu of course gladly accepted Liu Qingshan’s invitation, he was very interested in treasure hunting.

Seeing how thick-skinned Ye Lu was, several other people shook their heads helplessly.

Liu Qingshan then pointed to a rather young looking Daoist priest among the other few people and said.

“This is my senior brother, a genuine Daoist priest, the favoured disciple of Daoist Master Yun Lan of the ‘Wuji Sect’, a true expert of the sect, Daoist Master Qing Songzi.”

Hearing Liu Qingshan’s introduction, Daoist Master Qing Songzi did not even raise his eyes, nor did he pay any attention to Ye Lu, presumably, in his opinion, Ye Lu was not even qualified to be despised by him.

This made Liu Qingshan look embarrassed as he looked at Ye Lu suddenly felt a little unsure of what he should say.

Ye Luo, on the other hand, laughed and said.

“I’ve heard a lot about Daoist Master Qing Songzi, it’s really like a thunderclap, the reputation is far away, today I really feel that I’m not as famous as I’ve met him, Daoist Master Qing Songzi is really a dragon and a phoenix among men, a red rabbit among horses, a Tibetan mastiff among dogs, it makes people feel fearful at first glance

The more you hear Ye Lu pull, the more bizarre it gets, before Qing Songzi said coldly.

“That’s enough.”

Only then did Ye Lu shut up with a smile, while Liu Qingshan continued with his introduction.

“These two are experts who came from the capital, this is Ren Yi and this is Ren Yao, both are genuine dark jin experts.”

Following Liu Qingshan’s hand, Ye Lu saw two men who looked somewhat similar in appearance and both looked to be not too old, one was a little taller and thinner, while the other was slightly shorter and fatter in stature.

Both men also looked arrogant and did not want to pay any attention to Ye Lu.

However, this time, before Ye Lu could speak, Qing Songzi said first.

“No more nonsense, the moon will soon be in the middle of the sky, in a moment, everyone be alert, those spirit beasts guarding the treasure are very powerful, when the time comes, I you can’t care about you, whether you die or live, whether you have a chance to get the treasure or not, everyone just leave it to fate.”

He said he deliberately glanced at Ye Lu, the meaning of letting Ye Lu back out is obvious, Ye Lu smiled indifferently and did not mean to withdraw.

He looked at the moon and then was the first to walk deeper into the Tianma Mountain.

The Heavenly Horse Mountain was one of the larger mountains around the city, and legend had it that in ancient times a heavenly horse had appeared here, hence the name, but of course no one had ever taken it seriously.

However, there were many ancient tombs of unknown dynasties on the back of this mountain, and some people would quietly bury people here, so basically, few people would go to the back of the Heavenly Horse Mountain at night, but at this moment, Ye Lu and the others were walking on the back of the Heavenly Horse Mountain.

The night breeze blew, and as they walked in the thick shade, Ye Luo also had a somewhat creepy feeling. Although he was not a timid person, he had never climbed a messy grave this late at night.

However, Ye Lu found that, apart from himself, everyone else seemed to be very calm, I don’t know if they were really or pretending to be, but they all looked like “I’m a bully”.

It didn’t take long for the group to reach a valley, and Qing Songzi pointed to a rocky cliff in the valley and said.

“The place we are going to is there, I don’t know exactly what treasures are there, but the treasure hunting compass does show that there are treasures there, and the fact that there are spirit beasts guarding it proves it, so the next thing we have to do is to kill those spirit beasts and then see what treasures are inside.”

As he spoke, he took out a compass with an ancient meaning, and sure enough the compass’s needle pointed straight in the direction of the cliff.

However, seeing the compass in Qing Songzi’s hand, Ye Lu felt even more like these people were raiding the tomb.

After saying that, Qing Songzi once again looked at the moon in the sky, then drew out his long sword and said.

“Let’s go, let’s all go together.”

Through the observations he had just made along the way, Ye Lu had already found out that Principal Liu Qingshan had a very low status among these people, if it wasn’t for this senior brother, he was afraid that he wouldn’t have had the chance to join this team, and Liu Qingshan himself didn’t seem to have much confidence, hearing that it was time to make a move, he drew his sword and stood next to Ye Lu, obviously wanting Ye Lu to protect him.

Seeing that the headmaster, who was so high and mighty in the school, actually gave a helpless smile to himself, Ye Lu did not say anything, but stood in front of him carrying Gushiki, and Liu Qingshan immediately showed a grateful expression.

It was because Ye Lu had given him a token that he had the opportunity to participate in the “puja”, so compared to the invitees of the real “puja”, Liu Qingshan knew very well the gap between himself.

Following this, the group silently walked towards the cliff.

“Hiss!”

Just a few steps away, Ye Lu heard a terrifying hissing sound from the bushes in front of him, as if there was something strange hiding there.

Hearing this sound, the crowd was also alerted, followed by several monsters suddenly rushing out from the bushes like lightning and lunging towards the crowd.

Ye Lu’s eyes were far beyond normal, he saw these guys at first, these guys were all of the breed of animals in the mountains, but extremely abnormal, giving the impression that they were rather like red-eyed zombie beasts, a few of them still had horrible wounds and bloodstains on their bodies, some of their bodies were somewhat rotten, they should have been dead for a long time.

“Ka-ching!”

“Aaaah!”

In a flash, someone had already been bitten by these guys, as these bobcats, foxes and other such things not only had sharp teeth, but were also extremely fast.

Seeing this scene, several people were so scared that they started to back up with their guys.

Ye Luo was originally not looked upon favourably by everyone, while still carrying a man, so he kept following behind everyone, and because of this, Ye Luo was not attacked this time.

However, the two people in front of him were out of luck.

Those two people were none other than the so-called experts from the capital, Ren Yi and Ren Yao, they were surrounded by five monsters at the moment, two wolverines, a fruit civet, a bobcat, and the most terrifying of all, a cloud leopard, these five beasts looked equally as dead for a long time, and on two of them, ghastly white bones could be seen.

“Big brother help me”

That tall and thin Ren Yao did not know if it was because his target stood out, he was being surrounded by three monsters, including the very large cloud leopard, he had just slapped a bobcat away, but to his surprise, the bobcat did not fall apart nor was it damaged by the dark energy after being slapped, it just flew back again like a ball that had been knocked away.

In fact, the situation faced by several other people was similar, as these incredibly fast things were not afraid of dark energy attacks at all, which was the most troublesome.

However, Ren Yao's brother, Ren Yi, apparently had no time to save his life either, as dealing with the two monsters made him struggle too, and he was already covered in colours.

“OMG!”

At this moment, taking advantage of Ren Yao's panic, a bobcat had already passed through Ren Yao's hands and hung around his neck, followed by it opening its mouth to bite Ren Yao's throat.

Ren Yao knew he was dead this time, and he closed his eyes somewhat reluctantly.

However, the expected death did not come, but a bland voice reached his ears.

“It seems that the experts in the capital are no better than that!”

Chapter 86

Ren Yao opened his eyes violently, only to see that Ye Luo was throwing the bobcat's corpse aside, and not just one, but another animal's corpse as well.

It was Ye Luo who had just saved his life.

However, what puzzled him the most was that he did not know how Ye Luo had managed to do it. The monster that he could not kill even though he fought hard seemed to be completely unbeatable in Ye Luo's hands, and he had settled the fight with a light touch.

In fact, not only him, Ye Lu was also a bit confused.

Through his observation just now, he had already discovered that these dead things were extremely difficult to deal with, even if they were stabbed a few times on their bodies or had a leg cut off, it would have no effect on them, and they seemed even more immune to dark energy.

However, when Ye Luo inputted spiritual energy into their bodies, it was as if they were purified and turned into a corpse and died at once.

“Many thanks, I have eyes to see, expert big brother, save my brother, save him”

Ren Yao looked at his brother who was being attacked by three monsters next to him and said, because the cloud leopard just saw that the situation was not right and turned around and already attacked towards Ren Yi.

The two monsters are still difficult for Ren Yi to deal with, not to mention adding another cloud leopard.

Ye Lu did not hesitate, he quickly rushed forward and punched a wolverine and sent it flying. The flying wolverine fell to the ground with a sound and didn't move.

This scene also scared Ren Yi enough.

“Holy shit, does this kid know demonic magic?”

He saw Ye Lu once again slap the fruit civet to death on the spot as well.

The commotion in this side had obviously caught the attention of the others as well, who took the time to look over, and after seeing the corpses on the ground, everyone was shocked.

“What's with this kid?”

Like Long Fei Xue, he had also come here because he wanted to break through the bottleneck, firstly to look for treasures, and secondly to seek a breakthrough opportunity at the “puja”.

For example, it is very difficult for a martial artist to develop dark energy, or for a strong practitioner with dark energy to turn it into a solid attack.

Many people are stuck at these bottlenecks for a long time unable to inch up their strength, and some can only remain at this realm for the rest of their lives unable to improve one more step, such as Su Lao, who was like this.

Therefore, many people will stop their training when they reach the bottleneck for a long time and then seek some kind of opportunity to break through once they have an epiphany.

This was also the case with Qing Songzi. Of course, the reason why he had brought Liu Qingshan, a punk, here was because this bizarre place was actually discovered by Liu Qingshan.

However, Qing Songzi could not understand Ye Lu's ruse at all, he could not figure out how Ye Lu had done it, he asked himself that he was completely unable to do this.

Just as he was puzzled, there was suddenly a shadowy laugh, a sound that was ethereal, but oozing with complete coldness.

“Heh heh heh heh!”

Hearing the strange laughing voice, Qing Songzi's face changed.

"Ghosts ghosts there are ghosts here"

Someone shouted in terror, followed by a few timid ones who then ran towards the bushes, but it soon proved that this was definitely not a good choice.

For not long after running in, a man came back.

He came back with his head hanging low, like a walking corpse, one step at a time.

Everyone looked at him and began to back away in fear, and the monsters that had been attacking everyone were now running off to nowhere.

"Tap tap tap"

The guy took a few steps, followed by a "hehehehehe!" He laughed strangely, but, strangely enough, he was a man and yet he made the same sound as the woman he had just made.

"Holy shit! There's really a ghost."

Someone shouted, but as soon as his words left his mouth, someone else came out from the other side of the woods, and this guy acted just like the previous one, walking mechanically and then laughing strangely.

Followed by a third and a fourth

Now everyone exploded as it all seemed so unusual.

"Hide all hide in the cave"

That Qing Songzi shouted, followed by the first to run towards the cave under the cliff.

In fact, originally everyone was going to enter this cave, there were those monsters guarding it before, so they couldn't get in, but now that the monsters had all run away and the surroundings were surrounded by suspected ghostly things, it gave the impression as if these ghosts were deliberately trying to drive everyone into the cave.

"Most of this nigga is a trap."

Ye Luo muttered in his heart, but to be honest, he didn't have the courage to PK those inhuman and ghostly things, this was the first time in his life that he had come into such close contact with ghosts, it would be absolutely self-deceiving to say that he wasn't scared, and both of Ye Luo's legs were shivering a little.

And yet those eerie laughter continued.

He carried Gushiki without hesitation and rushed after everyone towards the cave, with Liu Qingshan also following closely, shivering all over.

For Liu Qingshan, he was even more scared than Ye Lu, because Ye Lu didn't quite know how powerful ghosts were, but Liu Qingshan understood.

For cultivators, catching ghosts was one of their skills, but if they didn't rely on props, only "innate powerhouses" could fight against ghosts head-on, while later cultivators, even if they broke through the limit of dark jin and reached the level of Hua Jin powerhouses, could not harm ghosts.

This ghost was obviously not a lonely ghost, so even if there were props to catch it, such as a peach wood sword or black dog's blood, they would be useless, not to mention that we didn't have them at all.

In other words, if the ghost wanted to kill everyone, it was estimated that everyone would die here tonight.

Liu Qingshan suddenly regretted it, he felt that if he had stopped tossing and turned and honestly admitted that he was a weakling, there would not have been so much trouble, and he would not have presumed to give up his life.

However, it was now out of his hands.

Once he entered the cave, Ye Lu was stunned by the sight before him, for there were coffins everywhere in this cave, all kinds of them, like a display of coffins, and what was even more pitiful was that there was no exit from this cave except for the coffins.

"Heh heh heh heh!"

At a time when everyone didn't know what to do, the eerie laughter outside sounded again, followed by the sound of footsteps coming closer and closer.

"Into the coffin!"

I don't know who said that, followed by everyone flying into action, as there didn't seem to be any other way but to hide in the coffin.

Ye Luo had no choice but to choose a larger coffin, and then together with Gu Shiqi, they went inside and re-covered the coffin.

After entering, Ye Lu realized that there was no dead person in the coffin, it was an empty coffin, but although this coffin was the largest, it was still a bit cramped for two people, and Ye Lu obviously felt the elasticity of Gushiqi's chest, probably because when she tore her own clothes earlier, Gushiqi had lost her bra as well, so she was completely vacuumed at the moment.

Ye Luo felt a certain part of him stand up in spirit instantly.

After she woke up, she hugged Ye Lu's neck and started kissing him everywhere, and at the same time, her two big white legs started rubbing back and forth, and her thin waist twisted.

And to top it off, at this moment, footsteps sounded outside and the ghost had already entered.

"Holy shit! This is going to play coffin shock!"

Ye Lu looked at Gu Shiqi on top of him and muttered in a depressed manner, she was definitely going to be exposed if she moved like this, then he made a hasty move and fiercely rolled over and pinned Gu Shiqi underneath him, gagging her with his mouth and using his body to press Gu Shiqi's body and limbs.

Ye Lu originally wanted to knock Gushiki out, but when he thought about the difficulty of knocking her out before, he decided to give up because he was afraid that it would make more noise.

However, the pinned down Gushiki was not honest, she still desperately tried to move her slender waist, which made Ye Lu a little worried.

“There’s no way out, we can only resort to a desperate move.”

After thinking about it, Ye Lu let go of Gushiki’s pressed legs, and Gushiki wrapped herself around Ye Lu’s waist like a snake.

Super School Student

Chapter 87

Sure enough, the move was very effective, as Gushiki stopped grinding against the coffin board and began to squirm back and forth on top of Ye Luo, whose body was currently suspended in the air to match hers so that it wouldn’t make the sound of hitting the coffin board, while at the same time, a woman’s voice outside said in a gloomy voice.

“Heh heh heh heh! It’s been a long time since so many living people have come to me, what luck today, playing hide and seek with me right, then I’ll play with you”

Then, Ye Luo heard footsteps walking next to them not far away, followed by a “bang!” The sound of a coffin slab being thrown to the ground.

“What bad luck, there’s no one inside.”

The voice muttered, and then moved on.

“BOOM!”

There was another sound, followed by the woman’s voice saying with some regret.

“Pity, no guesses again, but I’m sure I can guess this time”

As she said that, she moved towards the coffin where Ye Lu and Gu Shiqi were.

“Don’t open our coffin, don’t open our coffin, don’t open it”

Ye Lu began to pray silently in the coffin, dealing with ghosts, Ye Lu had no bottom in his heart, that thing Ye Lu had seen in TV and movies, it was completely insurmountable ah.

However, at this moment, Gu Shiqi suddenly went crazy, she kissed Ye Lu desperately, followed by biting Ye Lu’s mouth, tensing her small waist violently, her body stiffened, and then she was caught off guard and let out a long cry.

At the same time, he felt that somewhere in Gushiki’s skirt was already wet, and the sound of footsteps outside stopped violently and came towards Ye Luo.

“Shit! I’m dead this time.”

Ye Luo muttered darkly in depression, but, to Ye Luo's some surprise, at this time, Gushiki actually came to her senses, and she said with a trembling voice.

"Ye Ye Lu what have you done to me? I feel so weird"

And Leaffall said quickly.

"None of this matters, run for your life later, play for your life, understand?"

After saying that, Ye Luo then violently "Boom!" With a bang, he kicked the coffin lid out and stood up, and then he saw the ghost laughing strangely.

To Ye Lu's surprise, this was not a hideous, grimacing guy, but a long-haired girl with a beautiful face, but her face was pale, her body exuded a cold aura, and there was blood on the corners of her mouth, so she was not a soft girl to talk about life with.

"All of you, run away!"

Ye Luo shouted fiercely, followed by lunging towards this girl and hugging her.

The moment she was hugged by Ye Lu, the ghost girl seemed extremely surprised, looking at her expression, as if she had seen a ghost instead of Ye Lu.

Ye Lu thought to himself, "Am I so handsome that I'm that scary? What are you doing with such big eyes?"

However, after hearing Ye Lu's shout, all of them "Boom!" No one likes to stay here and play games with female ghosts. At the same time, everyone saw that those guys who had entered the woods before were now bloody corpses.

Gu Shiqi also stood up, but she looked at Ye Lu somewhat bewildered but did not run.

"Run!"

Once again, Ye Lu shouted viciously, and only then did Gu Shiqi grit her teeth and run after everyone else towards the outside of the cave.

While the female ghost being held in Ye Luo's arms looked at Ye Luo and laughed.

"You're really a funny guy."

She said as she looked at Ye Luo.

Ye Lu thought to himself, "I didn't think I was that funny, but then, right after that, Ye Lu received a hard knee in the stomach.

"Shit!"

This blow knocked Ye Lu to the ground, followed by another punch to his chest, which caused him to take several steps backwards and then "bang!" The coffin was knocked over with a bang.

"You don't look like a 'Xiantian expert', you actually managed to touch me, let me taste your blood, hehehehehe"

After knocking Ye Lu down, this female ghost looked at Ye Lu with glowing eyes and laughed, listening to what she said, it seemed that only when she reached the realm of “innate” could she touch them, but Ye Lu did not want to be romantically involved with her, Ye Lu saw that Gu Shiqi and the girls had already run to the door and turned around and ran.

Ye Lu had just seen the fighting power of this ghost, so fighting her was just asking for death.

Qing Songzi and the others were already running out of the cave, wishing they had more legs so that they could run faster.

Only after they had rushed into the woods did they stop in their tracks.

“Holy shit, they finally made it out alive!”

Someone couldn’t help but burst out a foul mouth, and Qing Songzi also let out a long breath.

“This time, thanks to that master named whatever Ye Lu, otherwise we’d all be finished.”

Someone said with emotion, followed by others who echoed the sentiment.

“Yeah, I wonder what happened to that Ye Lu?”

“What else can he do, he must be dead.”

“Yes, that ghost is so fierce, even a ‘Xiantian expert’ who has just crossed into the Xiantian realm can’t handle it, right?”

“Principal Liu, thanks to you for finding this Master Ye Lu!”

However, at this moment, Liu Qingshan was running back fiercely, as he saw the stunned Gu Shiqi actually turn her head and run towards the cave again after thinking for a while.

“Don’t you want to die!”

Liu Qingshan quickly yanked Gushiki and then, regardless of Gushiki’s struggle, desperately dragged her back into the woods.

“I’m going to save Ye Lu.”

Gu Shiqi said anxiously.

Liu Qingshan, on the other hand, shook his head and said.

“Who are you to save Ye Lu, with your flesh and blood? Save your breath, Ye Lu is lucky, I think he will be fine.”

And at this moment, Ye Luo, he was being kicked hard behind the buttocks by that female ghost.

“Boom!”

Without any surprise, he fell to the ground in a vicious dog pounce, while the female ghost behind him laughed heatedly.

“Still want to run, don’t dream, ‘innate expert’ ah, if I eat one, my cultivation will definitely increase greatly, then I might be able to break through.”

The female ghost said as she walked next to Ye Luo.

Ye Luo clenched his teeth and quietly put the dagger made from the arrow of the “Sunset Arrow” into his hand, and then he felt that the female ghost was already close at hand, and her cold breath was already at his ear.

“Hey, you can’t hurt me with these two strokes.”

The female ghost said with a smile.

This was something that Ye Luo had actually noticed, he had felt that the other party’s body was extremely hard when he was just holding the female ghost, at least for now his own aura would have a hard time handling the other party.

Following that, he felt a pain in his neck, the female ghost had already bitten his neck and started drinking blood.

“Gulp!”

After hearing this sound, he poured all his aura into the arrow of the “Sunset Arrow”, as Su Lao had said before that this dagger would become incredibly sharp once it was filled with true aura, and Ye Luo felt that the aura should be the same.

Following that, he swung the dagger and stabbed at the female ghost violently.

However, the female ghost seemed to be prepared or not worried about Ye Luo’s attack at all, and at the same time as Ye Luo’s dagger was thrust out, she had already darted out her hand. She had already grabbed Ye Luo’s wrist with a snap.

However, she did not know that Ye Luo’s move was just a false move, as she grabbed Ye Luo’s wrist, Ye Luo’s fingers flew around, just like he usually played with a pen, the dagger drew an arc at his fingertips and cut the female ghost’s wrist.

“Hiss hiss!”

Like a red-hot iron falling into the ice, the female ghost’s wrist made a horrible sound, while a black smoke rose up.

The arrow of the “Sunset Arrow” seemed to have suddenly activated and began to absorb the flesh and blood of the female ghost, and Ye Luo saw the wound of the female ghost shrink instantly.

“Die!”

He quickly gripped the short hilt of the dagger and poked the female ghost in the chest again.

The female ghost was a little dazed by the blow she had just received, but she was still fast and turned sideways to dodge Ye Luo’s attack, but she suddenly felt a little weak, as a result, she actually failed to dodge it completely this time, “Hiss!” The Sunset Arrow cut a gash in her chest, following which it flickered again, while the female ghost felt a few more points of power being drained from her body.

“Ow!”

Seeing this scene, the female ghost let out a strange cry, followed by turning around and running towards the outside, she realized that if she was poked by Ye Luo one or two more times she would probably be finished.

Of course Ye Lu couldn't just let her go, Gushiki and the others were probably outside, so he roared and followed after her.

The crowd outside was currently advising Gushiki to be grateful for her loss.

“Miss Gu family, don't worry, our brothers' lives were saved by Ye Lu, he died for us, we, the Ren family, will definitely protect your Gu family.”

“Yes, your boyfriend saved us, we will definitely repay you.”

“People can't come back from the dead, let's just hurry up and leave this place of right and wrong.”

.....

Just as everyone was talking, someone suddenly said in surprise.

“Holy fuck, you guys, look.”

Following the direction this person pointed, everyone saw that the female ghost and Ye Luo actually ran out of the cave one after the other, moreover, it looked like the situation was just the opposite of what everyone thought, instead of the female ghost chasing Ye Luo, Ye Luo was holding up a dagger and chasing the female ghost, who was feeling very panicked.

“Day, what the hell is this Ye Luo?”

Someone couldn't help but mutter with emotion.

Chapter 88

“No way, this is too fierce.”

Seeing the scene of Ye Lu holding up his sword and running wildly after the ghost, everyone was petrified, why was the plot different from what everyone had imagined? Everyone showed expressions of shock and disbelief.

However, Ye Lu had already chased after the female ghost and burrowed into the woods.

“Miss Gu, your boyfriend is a bit fierce!”

Ren Yao said with an incredulous look on his face as he looked at Gu Shiqi.

He had never dreamed that Ye Lu would actually make such a mess of that ghost.

The others also nodded their heads.

Liu Qingshan straightened his back at this time and said.

“What did I say, Master Ye Lu is exceptionally gifted, he is no ordinary person, such a person would be feared even by ghosts when they encounter him.”

This time there was no one to refute Liu Qingshan’s words, because the iron-like fact was already in front of everyone.

Even Qing Songzi could not help but frown and think.

To be honest, he was indeed a bit confused about Ye Lu, the terror of that ghost was very clear to him because he had once got rid of a ghost with his own master, Daoist Nun Yun Lan, and this ghost was something that even his own master could not necessarily handle, no, I should say most of them could not handle, but yet it was beaten by Ye Lu, which was absolutely unscientific.

In addition, he felt that Ye Lu should not even be a dark jin strong person, but the fact was right in front of his eyes, and he could not help but believe it, and there was also the matter that Ye Lu had killed those monsters with a single slap earlier that made him extremely puzzled.

“Maybe it’s a cultivation wizard.”

He muttered, and then made a decision in his mind to hurry up and talk to his teacher about the situation here, he was clear about the significance of highly qualified and young cultivators to the sect.

Moreover, he had heard that one of the rival clans had found a genius here who had taken an “Immortal Pill”, and the Wuji Clan had been jealous for a long time.

Eating the “Immortal Pill” was tantamount to reshaping one’s body and forging a foundation for cultivation, so that future cultivation would be almost unimpeded.

“I didn’t expect to have a windfall, Master will definitely reward me, and perhaps even help me break through.”

Thinking of this, the gloom in Qing Songzi’s heart was swept away, and he looked at the direction where Ye Lu had disappeared and smiled.

At this moment, Ye Luo was chasing the ghost through the woods, and to the ghost’s depression, she felt her body getting weaker and weaker, as the wound caused by the falling sun arrow was not only hard to heal, but it was also like a gaping hole in a balloon, causing her ghost energy to emanate out.

“This can’t go on, I’ll have to die.”

The female ghost muttered in her heart, then turned around fiercely and looked at Ye Lu and said.

“This little brother, listen to me, don’t kill me, I’ll give you a treasure.”

As soon as he heard that there was a treasure, Ye Lu stopped and smiled, it looked like this ghost wanted to buy himself, so of course he couldn’t let it go.

So, he shook the dagger in his hand and said with a smile.

“So tell me, what’s the treasure?”

The female ghost then said with relief.

“Follow this direction, there is a cave under an old acacia tree, and in the depths of the cave is a blue ‘manjushala’, or the other side flower.”

“That flower is poison to us ghosts, but it is extremely beneficial to you humans, especially those with a relatively low cultivation level like you.”

After hearing the female ghost finish, Ye Lu thought about it, he felt that this female ghost should not be lying, however, this female ghost had just killed so many people, it was definitely not a good ghost, so Ye Lu did not think about letting it go.

He looked at the female ghost and asked.

“Are there any other benefits?”

The female ghost then shook her head and said.

“No more, if there were that many good treasures, I wouldn’t have been stuck unable to break through.”

When he heard her say that there were no more, Ye Lu laughed heatedly, then he charged forward towards the female ghost with his dagger, he was already determined to get rid of her.

However, as he rushed over, a smile appeared on the female ghost’s face.

For she had just used what was only a delaying tactic, and at this moment her seal had already been quietly completed, followed by a flash of black light, and the female ghost had already disappeared quickly in place.

However, of course, with Ye Lu’s eyesight, he could see clearly that the female ghost had not really disappeared, but had used some kind of method to make her speed soar by a large margin.

“Shit! Running really fast.”

Ye Lu shook his head somewhat helplessly, then thoughtfully turned his head towards the big acacia tree that the female ghost had mentioned.

“Most of that female ghost isn’t so kind, there might be some kind of trap too.”

He had to go because the blue “Manjusri” that the ghost had mentioned, which he had seen in the recipe, was an extremely rare herb, especially on this earth where spiritual energy was scarce, and Ye Lu did not want to miss it.

In another corner of the woods, the female ghost was rubbing its chest in shock, just using the Ghost Transport Technique had consumed it greatly, this time she was considered to have suffered a major injury.

“Kid, just wait until you are eaten by those ‘ghost bats’ that killed me.”

The female ghost said with some resentment.

What she had just said about the blue Manjushri was of course true, but she did not say that the treasure was guarded by something, that was the dense “ghost bats”, these “ghost bats” even the

female ghost did not know what exactly they were, anyway, she knew that these things were full of evil energy, definitely not good.

At this moment, Ye Luo had already walked to the vicinity of the big acacia tree, he had just called Gu Shiqi and Liu Qingshan and told them to hurry back first, with the protection of Long Fei Xue, I think Gu Shiqi would not be in any trouble.

Of course, he wasn't too worried about Zhang Tian at the moment, because Zhang Tian was also in trouble. Ye Lu had used his glasses to discover a lot of secrets when he entered the villa, including various small videos recorded by Zhang Tian, which was also a pet peeve of Zhang Tian's, he liked to record all his activities with the beauties in the secret room, and then keep them to enjoy them slowly.

Of course, some of these beauties were drugged, while others were threatened and seduced to finish the job. All in all, these videos should be enough for Zhang Tian to drink.

Moreover, the person in charge of this case was none other than Senior Captain Mo Wen.

She was currently searching Zhang Tian's villa with a search warrant.

"Where is your young master?"

Mo Wen looked at that Zhang Long butler and said coldly.

"Go and find him, he's in trouble this time, he better be able to say what these videos are all about, otherwise I won't let him off the hook."

"Right, we also need to take him for a full examination to see if his injuries are directly related to Ye Luo or not."

Hearing Mo Wen's words, this butler Zhang Long also had a bit of a headache, he had also heard things about Mo Wen and knew that this woman was very difficult to deal with when she was soft and hard.

"Okay, okay, I will immediately try to find our young master, don't worry, we will definitely cooperate with the investigation."

Zhang Long said with a smile on his face.

At this moment, Ye Luo had already taken a deep breath and walked towards the cave under the big acacia tree, however, he kept his guard up and was ready to pull his legs out and run if anything went wrong.

Soon, he walked in silently.

Once inside, Ye Luo felt as if the temperature inside had plummeted by several degrees, causing him to shiver as well.

Another thing that surprised Ye Lu was that he found that there was actually a bright light in the cave, although it was a bright blue light, he could indeed probably see things, and this bright light was coming from the depths of the cave.

"Maybe there really is a treasure."

When Ye Lu saw that the cave was actually so magical, he believed seven or eight percent of what that female ghost had just said. Following that, he slowly walked towards the depths of the cave, which was actually very large and deep, with stalactites and stalagmites everywhere, and after turning a few corners, Ye Lu finally saw the source of the light.

It was actually a blue flame, emitting a luminous glow at the end of the cave, while the surrounding temperature was as cold as winter, it was not an ordinary flame at first glance.

At this moment, there was a sudden “hoo-la-la!” At the same time, the arrow of the Sunset Arrow in Ye Lu’s hand lit up, and he felt a dark cloud pressing down from the top of the cave.

“Holy shit!”

Ye Luo looked up and saw countless black bats flying up, each of these bats had a hideous face and a mouth full of sharp teeth that looked exceptionally terrifying, however, they were not rushing towards Ye Luo, but as if they were frightened they flew towards the outside of the cave.

Following this, Ye Luo saw the blue manjushala plant that was so beautiful that it was the ultimate.

Super School Student

Chapter 89

“There really is a treasure, ghosts are really more trustworthy than people!”

Ye Luo said with some emotion as he looked at the blue manjushala.

If that ghost knew that Ye Lu did not do anything, just relying on the arrow of the sunset arrow to scare all those “ghost bats” away, I wonder how he would feel, probably he would regret telling Ye Lu about it.

Ye Lu, on the other hand, was a bit ecstatic.

“I was worried that there would be no treasure at the ‘puja’, and then the treasure came.”

Ye Luo couldn’t help but laugh out loud.

The blue manjushala was the main material for a kind of elixir, and of course it was the most basic elixir, named “Marrow Cleansing Pill”, its function was somewhat similar to that of the “Deflowering”, it could help cultivators wash away the impurities in their bodies, strengthen their constitution and make cultivation easier.

Therefore, although it is a very low-grade pill, its effect is very fundamental. For those who have been unable to break through the bottleneck for years, this is simply a good medicine, because the reason why most people do not break through is that there is something in their body that prevents them from breaking through.

This was also the reason why the clan of the Dust of the Immortal had taken such a fancy to Zhang Tian, not because Zhang Tian was so strong, but because most of the obstacles in Zhang Tian’s body had already been cleared by the Immortal Pill, so there would basically be no more bottlenecks in his future cultivation.

Of course, what surprised Ye Lu even more was the fire.

Without the fire, Ye Lu would not have been able to refine the “Marrow Cleansing Pill”. The “Marrow Cleansing Pill” was not a “Breast Enhancement Pill” or a “Beauty Pill”, but a real pill for authentic immortal cultivation, so he would not have been able to refine it when Ye Lu was unable to release the fire.

However, with this fire, Ye Lu did not have to worry about it. The name of this fire was “Ghost Flame of the Underworld”, which was one of the flames that could be used for alchemy, and with this fire, Ye Lu could refine the “Marrow Cleansing Pill”.

As for the reward, Ye Lu had already thought about it, if he needed money, he could take it from the Gu family, and if he needed a cure, he could do it himself.

“Good stuff!”

Ye Lu said with some emotion as he looked at the blue manjushala.

After that, he opened the map of Tianma Mountain in the “auxiliary function” and marked the location of the cave, he had to prepare the herbs first and then practice it by himself, both the blue Manshu Shahua and the “Underworld Ghost Inferno” were one-time consumables, he didn’t want to have any accidents while refining.

As he walked outside the cave, Ye Lu found that those weird bats were indeed hiding from him. After he reached the outside of the cave, they circled back to the depths of the cave again, but this was good, with the protection of these weird bats, Ye Lu did not have to worry about Manjushri and the “Ghostly Inferno” being taken away by others.

Happy to have found such a treasure, Ye Lu walked out leisurely and then hummed a little song as he walked towards the outside of the mountain.

The female ghost who was lurking not far away was scared enough by Ye Lu’s behaviour.

“Those ‘ghost bats’ actually didn’t kill him? How odd!”

She was a bit confused, those ‘ghost bats’ were notoriously cruel, and this number of female ghosts did not dare to mess with them at the moment anyway.

“Hey! It looks like I can’t afford to mess with this kid anymore, so I’d better leave here and go to the capital, maybe it’s easier to mix with my cousin there.”

After saying that, this female ghost also turned around and left.

Ye Lu didn’t know this, he walked beautifully towards the bottom of the mountain, but before he reached the foot of the mountain, Gu Shiqi’s phone call came.

“Ye Lu, where are you, I’m coming to pick you up, sister Long is also here.”

It seemed that this girl Gushiqi was quite conscientious, she was worried that something might happen to Ye Lu, so she got Long Feixue to come over as well, hearing her somewhat anxious and worried tone, Ye Lu’s heart was still quite warm, he smiled and said.

“Don’t worry, I’m fine, but it’s great that you guys are here, I was worried about how to get back in this wild mountain, wait for me to check the directions ah.”

With that, Ye Lu pulled out the map from his glasses once again, then found the direction closest to the road.

“You guys just go to the ‘Double Dragon Toll Station’ about two kilometres north, wait for me at the bottom of the mountain, I’ll be there soon.”

After saying that Ye Luo ran towards the bottom of the mountain, the harvest he had just made made him excited, however, there were still a lot of things he didn’t understand about the cultivator side of things, so he still had quite a few things he wanted to ask Long Fei Xue about.

It didn’t take long for Ye Lu to reach the bottom of the mountain, and there was indeed a Porsche parked there. Seeing Ye Lu jumping down from the mountain, Gushiki darted out of the car.

However, when she saw Ye Luo, her face turned red as she remembered the scene in the coffin again.

“Ye Ye Lu, are you alright?”

She looked at Ye Luo and asked.

Ye Luo shook his arms and kicked his legs again and smiled.

“It’s fine, I’m fine, how about you, the medicine power is all over, right?”

Hearing Ye Lu ask about the medicine strength, Gu Shiqi immediately became a little overwhelmed, she quickly lowered her head and then said in a very small voice.

“That, Ye Ye Lu, you didn’t do anything to me at that time, right?”

Ye Lu smiled and said.

“No, but you have quite a lot of water.”

At first, Gu Shiqi didn’t understand what Ye Luo was saying, however, she immediately understood what Ye Luo meant and followed her with a kick.

“You pervert~wolf, go to hell you, thanks to me worrying so much about you”

Of course she couldn’t kick Ye Lu, Ye Lu dodged while laughing and said.

“Looks like you’re completely well, alive and well! Then I’m relieved, follow Miss Long for the next few days, better not leave an inch, remember?”

Seeing Ye Luo’s serious expression, Gu Shiqi then stopped and also nodded solemnly, she couldn’t kick for half a day anyway, and she understood very well that if it wasn’t for Ye Luo, she would have been spoiled by Zhang Tian for sure, she didn’t lose her memory when it happened, so she knew what had happened.

“Alright, let’s go, let’s go back.”

Ye Luo said with a smile.

Back in the car, Ye Luo realised that the person driving was Long Feixue, it looked like Gu Shiqi really hated it when her family got involved in her own affairs.

“That, Ye Lu, I’m sorry”

Long Feixue looked at Ye Lu with an apologetic face and said, however, just as he was halfway through his sentence, Ye Lu smiled and interrupted her before saying.

“You don’t need to say sorry, and thank you for your help, by the way, I still have quite a few things to ask.”

Following that, Long Feixue started the car while Ye Luo inquired.

“Miss Long, I heard from an old gentleman surnamed Su that he was stuck at the peak of Dark Energy for decades and couldn’t break through, are there many such things? Does everyone encounter this kind of situation? How do they usually get past this hurdle?”

Hearing Ye Lu’s series of enquiries, Long Fei Xue nodded and said.

“Old Mr. Su’s situation isn’t a special case, there are many people who get stuck at the bottleneck of cultivation, especially when ‘Dark Energy’ turns into ‘Transformation Energy’, there is a secular saying called ‘Emergence into Transformation’, which actually means the process of moving from Dark Energy into Transformation Energy, and people often call the realm of Transformation Energy the Realm of Transformation.”

“For various reasons, such as choosing the wrong gong method, the wrong cultivation process, the wrong direction of cultivation, the wrong way, and so on, can all cause the situation of being stuck at the bottleneck, which can be as short as a few days, a few months, or as long as several years, and of course there are many people who can’t cross over in their lifetime.”

Speaking of this, Long Fei Xue also could not help but feel emotional, because she was also one of the people who were stuck here unable to advance an inch, moreover, she did not know how long she would be stuck.

Hearing Long Fei Xue’s words, Ye Luo then had an idea in his mind, it looked like basically all cultivators had this kind of demand, and when his own pills were refined it would definitely be very sought after.

So, he followed and asked.

“That, Miss Long, if there is an elixir that can quench the body, which according to the idiom is ‘cutting down the hair and cleansing the marrow’, do you think it will be helpful in breaking through the bottleneck?”

Long Fei Xue said without even thinking about it.

“It’s too helpful, because whatever the specific reason for being stuck in the bottleneck, the essence actually lies in one’s own body, if one can completely remove the defilement of the body”

When she said this, she suddenly stopped, and then “squeaked” the car to a stop on the road and turned her head to look at Ye Lu with wide eyes.

“Ye Lu, what are you asking this for, do you have such a potion?”

Chapter 90

Seeing Long Feixue’s expression, Ye Lu smiled and said.

“Not yet, but I will have it in a few days, would Miss Long be willing to try it out then?”

Hearing Ye Luo’s words, Long Feixue said without the slightest hesitation.

“Sure, but this kind of elixir just doesn’t have a place to buy even if you have money, are you sure you want to send me to try it?”

Ye Luo smiled once again and said.

“It’s all just a small matter, it’s also fate for us to meet Miss Long, moreover, we still need Miss Long to protect Gu Shiqi these few days, I’m worried that the Zhang family’s side will still make some moves.”

However, in order to make the Zhang family know what to do, Ye Lu had already decided to go and warn them tomorrow night, so that they would know what fear was.

Following that, Long Fei Xue then continued driving while saying.

“Actually, the people who are stuck at the bottleneck the most are the strongest people at the peak of the Transformation Realm, because they will be facing a big realm crossing, from Houtian cultivators to Innate cultivators, that is the most difficult chasm to cross, however, according to the legend, there are even more powerful cultivators above the Innate Realm, but these people must be unknown to the mundane world.”

Indeed, as Long Fei Xue said, if Ye Lu hadn’t crossed paths with this circle, he wouldn’t have known that cultivators existed, I’m afraid that according to the normal trajectory, high school, university, work, retirement, and perhaps until death, he wouldn’t have come into contact with any cultivators, but since Ye Lu entered this circle, he realized that the world was far more complicated than he had imagined.

However, Ye Lu and Long Fei Xue’s words left Gu Shiqi in the clouds, she had no idea what the hell the two were talking about.

“What are you guys talking about? Although I can’t understand it, it seems to be very profound.”

When she heard Gu Shiqi ask, Ye Lu smiled and said.

“A new field, I’ll explain it to you later, right, Gu Shiqi, don’t run around these days, focus on your revision, Yanjing University of Chinese Medicine isn’t that easy to get into.”

However, Gu Shiqi said unconcerned.

“What’s so hard about it, as a schoolmaster, I’m not afraid of exams, but I have to choose a major that’s far away from corpses, preferably one that’s beautiful.”

Hearing Ye Lu and Gu Shiqi’s conversation, Long Fei Xue then thought about it and said.

“If you guys get into ‘Yanjing University of Traditional Chinese Medicine’ remember to come to me at the Long Family, if you encounter anything, I can help you, our Long Family still has some influence in the capital.”

At Long Feixue’s words, Gu Shiqi agreed not to care much, however, Ye Lu suddenly thought of some people, that old man of the Ye family, and Ye Qiu Die and the others.

“I hope there won’t be any entanglement with them when the time comes.”

Ye Luo muttered secretly.

Although the two tickets for the “puja” that Elder Ye had given Ye Lu were very much to Ye Lu’s liking, he still did not have any good feelings towards the messy Ye family.

The only person who made Ye Lu feel good was Uncle Lei.

With that, the three of them soon re-entered the city, which was already late at night, so they split up and went home separately.

When they arrived at home, Ye Lu saw that the light in Ye Yan’s house was actually on, and he didn’t know what he was doing in the middle of the night without sleeping.

However, when he pushed open the door, he did not hear Ye Yan’s voice. Ye Lu guessed that Ye Yan had already fallen asleep, so he quietly closed the door and then tiptoed to the bathroom and opened the bathroom door, but then he was petrified at the door.

Because, in the bathroom Ye Yan was lying naked in the bathtub, listening to a song on her mobile phone, asleep.

Of course, what surprised Ye Lu was not this, but the empty bottle containing the elixir “Beauty Pill” that was placed next to the bathtub. If he guessed correctly, Ye Yan must have put this bottle of elixir in the bathtub and used it to take a bath.

“What a loser b*tch!”

Ye Luo couldn’t help but lament.

However, the results so far were really good from the looks of it, Ye Yan’s skin all over her body was just like her face, blown out, smooth and delicate and white, it looked as if it would slide off if a fly fell on it.

Just as Ye Luo was watching very carefully, perhaps because the bathroom door was open, Ye Yan suddenly woke up, and when she did, she froze for three seconds, followed by a loud shout.

“Ye Luo

The next thing she knew, she stood up from the bathtub, however, because the bottom of the bathtub and very smooth, plus her front chest weight is a little too much, as a result, she unstable centre of gravity actually fell forward, this can be scared her, if hit the opposite wall may be broken head bleeding.

However, at that moment, a large hand suddenly caught a ball of flesh on her chest, while another hand grabbed her buttocks, and she was able to stand firm.

“Whew! Scared the hell out of me!”

Ye Yan took a deep breath, then said as her chest rose and fell, however, following that she realized that something was wrong, Ye Lu’s hand was actually still on her chest without taking it away.

“Ye Lu

Ye Yan once again shouted in high decibel, Ye Lu was scared and hurriedly shrunk his hand and ran, this is not because he intended to take advantage, mainly because the feel of the hand is really too good, smooth and elastic.

“This brat, taking advantage of me again.”

Ye Yan said in a huff, following which she realised that the water under her feet had long since cooled completely, she then realised that she should have just fallen asleep, guessing that Ye Lu had returned in the middle of the night, and that was why the scene just happened.

“Okay, so it was a misunderstanding, old sister forgives you.”

Ye Yan took off her headphones followed and was stunned by the condition of her skin.

“Sh*t! This is too hydrated, no wonder this kid doesn’t want to let go.”

She said with a very satisfied smile as she reached out and ruffled her hands twice on her plump hemispheres.

Following that, she quickly put on her bathrobe and ran out.

“Ye Lu, where are the pills you promised old sister to make, hurry up and make them, your old sister doesn’t have any stock here.”

She ran to Ye Lu’s room and said with her waist crossed.

Ye Lu was making a list of the herbs needed for the “Marrow Cleansing Pill” on the computer, this was a rare opportunity, he wanted to prepare all the best ingredients so that the blue manjushri could be most effective.

According to the prescription, Ye Lu estimated that the Manjusri and the “Ghostly Inferno” should be able to make two pills, and he had to ensure that the proportion of fine pills in these two pills was as high as possible.

The other thing that Ye Lu slightly regretted was that the “Ghostly Inferno” had not produced a “Flame Spirit” because it had been generated for too short a time, otherwise Ye Lu could have taken the Flame Spirit into his body and fused it to form his own flame, then he could use the flame inside his body to make pills, and at the same time, he could also increase his combat power.

Seeing Ye Yan’s appearance, Ye Lu waved his hand and said.

“Older sister, I have other pills to refine in the next few days, so

As expected, just as she said this, Ye Yan looked like she was about to freak out, and Ye Lu quickly continued.

“Besides, old sister, you also know that the college entrance exams are coming up in a few days, and this is one thing that will determine the future for your oldest brother, so I have to work hard to make a surprise.”

This reason really succeeded in convincing Ye Yan, Ye Yan did not know about the demonic things Ye Lu did in school, she thought about it then nodded and said.

“Okay, then old sister will wait for you to finish your college entrance exams, when the time comes don’t look for excuses with old sister, by then all kinds of pills that become bigger and longer and thicker will be refined for old sister, when you start school old sister will go to open a shop, by the way, didn’t you go to give help to your classmates? How come you came back in the middle of the night.”

Ye Lu had to make up a reason to explain, and then went on to make the list of pills.

There were indeed a lot of things needed for the “Marrow Cleansing Pill”, mainly because many things were not available on Earth, so they could only be put together with various things that were available on Earth to achieve the effect.

However, after all, there were only two pills, so the amount of things needed would not be too much.

After making the list, Ye Lu began to cultivate, and the night was silent. The next morning, he didn’t go to school either, and went straight to see Elder Hua with the list.

Hua Lao did not expect Ye Luo to come to him for help, he looked at Ye Luo and said somewhat embarrassed.

“Master Ye, to be honest, this little matter, I should have mentioned the conditions, but I do have some things that I need Master Ye’s help with, however, don’t worry Master Ye, whether you help me or not, I will provide you with these herbs for free.”

For his part, Ye Lu smiled and said.

“You’re welcome, Elder Hua, I originally didn’t want to ask for your help for free, so tell me, what do you need me to do?”

Hua Lao then said.

“When I was young I cultivated in the wrong direction and ended up injuring my meridians, as I get older these old ailments have been bothering me, I am now having trouble sleeping and eating, I beg Master Ye to save me.”

Elder Hua spoke sincerely, it looked like the old illnesses were really bothering him.

Ye Luo had long since seen through his glasses that Hua Lao’s symptoms and that he could indeed cure them, so he smiled and agreed, and a few moments later he cured Hua Lao’s old ailments.

This made Hua Lao froze there for half a day without speaking, because Hua Lao had been shocked by Ye Lu’s performance, he had specially recommended Ye Lu to his teacher before, but now it seemed that even his teacher could not catch up with Ye Lu, if his teacher treated his illness, even if he could cure it, he would still hurt his vitality quite a lot, but Ye Lu had done it with a light touch.

“What kind of person is this Ye Lu?”

Hua Lao muttered, however, Ye Luo had already flown back to the school, because just now Liu Mei had sent him an unexpected message, she said that a professor from Yanjing University of Chinese Medicine wanted to see him.
