Chapter 3454 The Foot Steps

"Damn it! He's not a living man! He is dead!

Run!"

Austin screamed abruptly.

"Humph! You're not going anywhere unless you take me with you," the old Taoist snorted coldly, dropping the act and revealing his true colors.

In an instant, countless black swords appeared out of thin air. Strong murderous aura filled the space.

Austin and his companions froze; they couldn't move an inch due to the murderous will.

'We're done...'

A sense of despair enveloped everyone's heart.

At that moment, Austin caught a glimpse of the marks on the stone coffin through the corners of his eyes.

Each of the marks emitted a faint sword aura.

"Master, lend us your strength!" Austin shouted to the sky.

He raised his hand and unleashed several bright streaks of sword aura.

The next second, the marks on the stone coffin began to tremble, and immense sword aura emanated and leaked from it.

The powerful sword aura gathered within Austin's body and then started gushing out from him.

The overwhelming sword aura formed a dome covering Austin and his companions, engulfing them under its protection. The black swords couldn't break the dome or reach them.

Austin mustered up his courage and made a call. "Everyone! Follow me, now!" he said to his companions.

With that, he jumped into the blood inside the stone coffin.

"Austin, what are you doing?" Otis asked with a hesitant expression.

The other divine gods also hesitated and wondered if they should follow him into the blood.

"If you want to leave this terrible land of death, jump now!" Austin exclaimed.

As he spoke, his body sank slowly into the blood.

"Come on!"

Otis said, and the other divine gods gathered their courage and jumped into the blood.

"Don't move! Stay right there!"

Take me with you!"

"Wow!"

Austin was surprised and pleased; the middle-aged man's moves gave off a Taoist aura.

The man got faster and faster, and the trajectory of his movements became more and more mysterious.

'This is a bodily movement skill. It looks like this elder is trying to teach me this skill, '

Austin realized.

He immediately jumped up, shrank his body and began to follow the man. He imitated his steps and tried to keep up.

"This is a brilliant bodily movement skill!

Much better than the Omnipotent Lightness.

Moreover, it contains Taoist aura, which means that this footwork has something to do with Taoism!"

Austin was now completely dedicated to learning the man's steps.

He saw that the man released the power of the chaotic law as he moved around.

"If this bodily movement skill is related to Taoism, wouldn't it be better if I use the Taoist formula while practicing this?" Austin murmured to himself.

He ran the Taoist formula while he mimicked the middle-aged man's steps intently.

Gradually, Austin cleared his mind off other thoughts and focused on the training.

Time elapsed.

One day... two days... three days.

Austin was totally immersed in the training.

At first, he just imitated the middle-aged man.

A couple of months later, he made a discovery.

"Oh! This skill makes use of the most important theories of Taoism, including the Five Taoist Elements, the trajectory of the obscure fish and the bright fish and the Eight Trigrams,"

Austin murmured to himself in excitement.

As time passed, he became more familiar with this new skill.

He not only memorized the steps, but also got the hang of the essence of the skill.

It would have taken a long time for anyone else to learn this technique.

But Austin was different.

He was already well-versed in many Taoist skills. Not long before this, he had also comprehended the Principle of Philosophy. Thanks to that, he had a deeper understanding of Taoist theories.

That was another reason why he could pick up the movement skill in such a short time.

"Well, well... This young man is pretty good. I hope he is the one my master had been waiting for, '

a voice boomed in the void space.

The Supreme God

Chapter 3455 Escape From The Land Of Death

After learning the essential parts of the brilliant bodily movement skill, Austin became more nimble and quicker on his feet.

As he continued to walk with his improved agility, a mysterious aura enveloped his body.

He felt easy catching up to the man in front of him, as if he was already familiar with the path he was taking.

Suddenly, the middle-aged man began to speed up as he moved forward.

Austin let out a laugh and sped up as well.

Then, the man in front suddenly disappeared into thin air.

Austin quickly followed as he also disappeared in a flash.

There seemed to be no one left in the stone hall.

But in fact, both the middle-aged man and Austin were still there.

However, the body movement skills they used were too mysterious, and the laws of order contained in their body movement skills were much stronger and advanced than the laws of space in the stone hall.

Plus, they were moving faster than the speed of light.

Because of this they couldn't be seen with the naked eye.

Their unimaginable speed made them invisible that even preliminary-grade divine gods were unable to locate them with the aid of their spiritual senses.

Another month passed.

In the stone hall, something happened.

"Ha ha, the Peerless Lightness Skill is really the first class moving skill in the world!"

A loud laughter was heard.

Then the middle-aged man and Austin reappeared in the stone hall at the same time.

They finally stopped moving.

"My task has been completed,"

the middle-aged man sighed as he looked at Austin with appreciation gleaming in his eyes.

"Thank you for your teachings, sir,"

Austin responded with respect as he bowed to him.

Bang!

The middle-aged man's body suddenly exploded and turned into white light spots, flying all over the room.

Then the white light spots quickly combined into ancient words, and then formed a formula which floated in front of Austin.

"It's the secret technique of the Peerless Lightness Skill!"

Austin blurted out in surprise. He recognized it almost immediately.

Whoosh!

Those words then rushed into his Soul Sea.

After reading it carefully, Austin now had a deeper understanding of this kind of body movement skill.

"There is a stone box. I wonder if there is some treasure in it,"

Austin murmured to himself as he approached the stone table in the center of the stone hall.

Otis laughed heartily.

"Austin, where have you been?"

We managed to come out two months ago.

Since then, we've been waiting for you here.

I thought something terrible happened to you in the land of death. I was so worried thinking you may never get back!"

Magee was on the verge of tears.

"Oh, no. I assure you, I'm fine. Nothing bad happened to me while I was stuck there,"

Austin replied with a reassuring tone.

"Ha ha, that's good.

We only got away from that retched place by the skin of our teeth.

Now that we didn't die in a disaster, good fortune awaits us in the future!

I believe that we will have a chance to get out of the Fallen Divine Valley sooner or later!"

Bernie burst into laughter.

"That's right! We managed to escape from such a horrible place.

I don't think there is anything else that can stop us anymore!"

Magee echoed with glee.

Everyone was excited and relieved to get out of the land of death.

"Well, let's move on.

Let's get out of the Heavenly God Valley as soon as possible,"

Austin responded excitedly, the smile still resting on his face.

"Austin, don't you remember that our main task was to come in here and find the two masters, Frost and Brain?"

So far, we have no trace of them yet,"

Ingram grimly reminded.

"Yes.

It's very likely that Master Frost is trapped in the land of death.

But I'm not sure if he can get out of that place like we did,"

Tyrone said with worries.

"Master Frost and the Divine Swordsman had already escaped from there.

I found their traces in a coffin on the top of that mountain.

Since they have reached the coffin, they must have escaped out successfully. I'm sure of that,"

Austin explained.

"Really? That's great!"

Both Ingram and Tyrone were overjoyed to hear the news.

"Let's go then. I believe we can catch up with them very soon,"

Austin added.

Then, the group continued to move forward.

The Supreme God

Chapter 3456 Participate In The Final Competition

With the help of the Kaleidoscopic Compass, Austin and his companions found it much easier to explore the Fallen Divine Valley.

The compass could sense the land of death. The moment it detected that there was a land of death around, it would sound an alarm.

Having this compass with him had saved Austin much time and energy.

Meanwhile, in the Fallen Divine Valley, a huge pair of eyeballs appeared in the sky.

The eyeballs were looking at Austin below.

"I have been observing this young man for quite a while, and it seems he's the closest possible candidate who can meet my master's requirements.

He's been proving himself worthy.

It's only fair that he doesn't undergo the rest of the trials anymore.

He can skip going through all those dangerous places. Otherwise, it might take him too long before he can pass the remaining tests in the Fallen Divine Valley.

I can't wait much longer.

I'm eager to see what more he can do. I'd like to see if he is the one my master wanted.

Well, then.

I'll send him to where the final competition will be held.

It's time.

Besides, my master said that anyone who enters the Fallen Divine Valley must go through all the trials.

Only those who survive all the trials are qualified to participate in the final competition.

In any case, those who can show an excellent performance during the competition can make it out of the Fallen Divine Valley alive.

If this young man takes the final victory, it would only mean that he's the one that my master had been waiting for.

No words can fully describe my excitement.

I have been anticipating this day, and now someone has finally met our expectations.

Young man, I hope you don't disappoint me,"

the huge eyeballs in the sky murmured.

Just when the eyeballs finished talking, a golden light beamed from the sky.

He was both impressed and anxious.

He was trying to wrap his mind around all the information he just
heard when the voice spoke again.

"Since you can hear me, it means that you have made it the final
round. This is where it will take place.

As you all know, only those who had passed all the tests or have had
an outstanding performance are qualified to participate in the final
competition.

So, you should all be proud of yourselves.

You have made it here because you are the best of the best!"

the voice continued.

"My master had set some rules when he established the Fallen Divine Valley.

When you entered the valley, you were put to the test over and over, remember?

And every time, only those who survived were able to advance to the next round.

Winning all that would lead you to the final bout, and if you performed well, you'd finally be able to leave the Fallen Divine Valley safe and sound.

Now, this is your chance.

This is your chance to demonstrate how much you've learned.

In this competition, the participants with an excellent performance can get out of the Fallen Divine Valley alive.

In addition to that, those who win will be greatly rewarded with secret skills, magic treasures, precious natural resources, and even rare divine crystals. These treasures can greatly improve your powers.

Everyone, I hope you all seize this great opportunity.

This is your chance to leave this place and win a lot of powerful treasures.

Who knows when this competition can happen again? Just so you're aware, the last one was held eras ago.

If you miss this opportunity now, you may have to wait for several more eras before you can have another chance to participate in the competition again.

It would take you ages before you can make it out of this valley, so right now, you have two choices. It's either you back out and stay here, or win and leave with a great deal of rewards.

If you're up to the challenge, good for you. But I suggest you try your best to stand out,"

the booming voice expounded.

While Austin listened carefully, he trembled with fear.

"What the hell?"

You've gotta be kidding!"

The Supreme God

Chapter 3457 The Competition Began

"I have to remind that you should psych yourselves up!

For most of you, this will be a huge gamble.

High returns are always accompanied by high risks. The survival rate of this competition is extremely low.

Only one out of one hundred will survive in this.

Thus, the chance of survival is very slim,"

the grand voice continued.

Austin's heart sank.

The one in a hundred chance of survival seemed to be neither too high nor too low.

However, all the people who could reach the final competition were the cream of the crop. They had gone through many dangers and tests in the Fallen Divine Valley.

Each and every contestant who made it here painstakingly worked hard to get there. They were the best of the best, and they went through rigorous training to be the warrior they were today.

Despite this, they were still subjected in a condition where only one out of a hundred could leave the Fallen Divine Valley alive.

It was brutal.

The whole place was filled with disheartened warriors. They didn't know if they were the fortunate few who would make it out alive.

As if it could read their minds, the grand voice once again filled the atmosphere. "Do you think the slim chance of survival is cruel?"

Ha ha ha! It's true, I have to admit that this situation is indeed quite wicked.

However, those who can survive this challenge will also have a lot to gain.

Remember, in this world, there are consequences for everything that you desire. The more you acquire, the more you will pay!

As the saying goes, there is no such thing as a free lunch.

After all, didn't you all come here for this once in a lifetime opportunity?

Now, the opportunity is right in front of you!"

the grand voice boomed.

Austin rubbed his chin and nodded. The voice was right; he had no time to be dejected over these chances. All he had to do was do his best and see if he could emerge victorious.

'What you gain is proportional to what you pay, ' he figured.

The grand voice rang out in the sky again.

"What? Are you kidding me?"

Austin was taken aback.

Thus, he couldn't help but roar in a low voice.

"Is this truly the medium-grade divine god region? Something must have gone wrong! I'm just a Divine Realm warrior. Why should I be in the same region with the medium-grade divine gods? And a large group of medium-grade divine gods!

This is unfair!"

Austin felt cheated. Logically speaking, he was only at the Divine Realm, and no matter what, he should not be allocated to the medium-grade divine god region.

Originally, he was confident that he could easily kill a large number of preliminary-grade divine gods and obtain enough points to win the competition.

But this was different.

He had no advantage over these powerful medium-grade divine gods whatsoever.

At the time, a pair of huge eyeballs were staring at Austin in the sky of the Fallen Divine Valley.

"Ha ha, this young man seems a little unconvinced.

It is true that he is just at the Divine Realm. Unsurprisingly, he would grumble after he was assigned to the medium-grade divine god region.

However, his own strength is close to that of a medium-grade divine god. Moreover, if he wants to be recognized by my master, he naturally needs to accept a more difficult test!

No cross, no crown. A man would only emerge superior if he went through a lot.

Only such a young man who survives the competition deserves my master's attention,"

the pair of huge eyeballs murmured.

"Fuck!"

Austin cursed in a low voice.

Then, he quickly adjusted his state of mind and quickly accepted the truth.

He also knew that complaining would be an absolute waste of his time. It would be best if he just accepted the reality and tried his best to survive.

He had to risk everything he had to fight for his life and defeat those medium-grade divine gods!

"Well, I'm not afraid!"

Austin muttered, and shrugged. Then he moved forward cautiously.

The Supreme God

Chapter 3458 Form A Team

Austin tried to release his spiritual sense.

However, his spiritual sense was greatly limited in this place.

At most, he could only scan and perceive an area, only a few miles in any direction, and this irritated him.

"It seems that this competition area can greatly suppress the spiritual sense."

Austin was not happy with what was happening to his skills.

Where are Master Otis, Master Bernie and the others?

They are all medium-grade divine gods, so they must be in the same competition area with me. If I can locate them, perhaps I will have a greater chance of winning,"

Austin murmured to himself as he cautiously moved forward.

At this moment.

"Oh!

There seems to be someone out there!"

Austin suddenly stopped.

A few miles from where he was, the wind was blowing strongly.

At the edge of a mountain, a woman in a beige robe was hovered around the area swiftly. Her face was full of horror, as if she had just seen something terrifying.

"Ha-ha!

Why are you running away from me? Come on, slow down! Give me a chance to talk to you.

Ha-ha..."

Behind the woman, a young man in a navy blue robe unhurriedly chased after her, maintaining a safe distance from her.

He seemed to be playing and joking around, but if one looked closer, he had a cold and murderous will in his eyes.

They were both medium-grade divine gods!

"Sir, please... Please!

Don't kill me..."

The woman who was trying to get away begged, pitiful tears streaming from her eyes.

"Sir, I'm just a weak woman.

Besides, there is no enmity between us. Please let me go.

You are too powerful and much stronger than me.

I actually admire you very much. Please... I'm willing to give you the most precious thing that I possess.

Just let me go and stop following me!"

The woman's voice quivered as she pleaded for her life.

Austin concluded and made the decision to remain hidden and to not engage in a fight with the three men.

At that moment.

The three men appeared to be in a heated argument.

"You two, stop talking. Shut the hell up!

The current situation is very subtle. If we choose to cooperate with strangers, it will be extremely risky. We don't know anything about them. In the end, we might end up being killed by them,"

one of the men said nervously.

"You think too much. If we cooperate with them, we can join forces and take advantage in the alliance that we form. We will become stronger! And if not, we won't be strong enough to defeat all the opponents..."

another man said.

"There are so many people participating in the competition but only one can survive. It's too cruel!

If we don't join forces with the others, we will probably be eliminated early.

Then we will only die in the end!"

"That's right. Haven't you heard? Many people in this region have chosen to team up.

Some groups now have 50 or 60 members.

Even in some smaller groups, they have more members than our team. At least more than ten members, you know?

Alston has teamed up with a dozen people and swept across this region. They have killed many people, obtained many points, and found many treasures.

It's said that he has already gone far with his earned points and collected treasures.

His strength is getting stronger and stronger with each win.

In the end, I am sure that Alston will definitely be one of the candidates for the top three!

Because of those reasons, I think that we have to join hands with another team. Only through this way can we have a better chance to survive!"

the third man said.

"In the end, I am sure that more and more people will form alliances with each other.

At that time, our living space will be greatly reduced until we are killed. So considering this obvious trend, I suggest that we also team up with a group.

This is only good for us!"

another man advised.

'Oh?

They are discussing the matter on whether to cooperate with others here or not.

Damn it! There might be many teams of a certain scale in this area now.

I don't like it! It's really bad news for me.

I'm just a young man at the Divine Realm. Even if I want to, no medium-grade divine god would want to join forces with me.

I will have to find Master Otis as soon as possible. Otherwise, I can't survive in the face of so many medium-grade divine gods and groups, let alone kill them, '

Austin thought.

If it were just a group of preliminary-grade divine gods that he was facing, he would not feel stressed at all.

However, he was in a region that was full of medium-grade divine gods.

Faced with divine gods at such a level, Austin was not confident of winning a fight with them.

The Supreme God

Chapter 3459 What Do You Want

No matter how hard the two men tried to persuade their senior fellow disciple, he didn't change his mind.

"What's the point of making allies?

Allies will only turn their backs on you.

Don't be fooled.

We can't trust others in this situation.

Don't mention this ever again! We're not going to team up with others, and that's final.

The three of us should stick together, and that's the only way to survive.

If you don't listen to me and still intend to work with other opponents, you are free to go," the senior disciple said with a livid face.

Hearing this, the two men shook their heads in disappointment. "You...

You are always so stubborn," one of them remarked with a sigh.

"Forget it. It's your call. We will respect your decision.

We are not going to team up with others,"

said the other.

"Great. As you know, I am doing this for our sake... Damn it! What are you doing? !"

Suddenly, a sword appeared out of thin air and began charging towards the senior disciple.

The sword impaled him in the chest and went out his back.

A pool of blood gushed out of his wound and formed on the ground.

The sudden turn of events even caught Austin who was watching in the distance by great surprise.

Before the senior disciple could react, the two men each hit him with one palm, causing him to lose his balance.

The injured man spat out blood and was already too weak to fight.

"You bastards. We are from the same sect. How dare you attack me?!"

God damn it. Go to hell, you assholes!" he yelled at the two men with all his strength left.

His eyes were filled with both fear and anger.

One of the two men who injured the senior disciple laughed wildly. "You had it coming.

You should have listened to us," he said with a smug look on his face.

"The result of this competition will determine our fate. If we lost, we would all die.

Within just a few moments, three powerful cultivators were laying on their own pools of blood, dying.

An eerie silence enveloped the place.

Austin was dumbfounded by the scene, but at the same time, he was also elated.

'Good, very good. I am very lucky. This is a good thing for me, ' he thought in excitement.

Austin got up and used his bodily movement skill to rush towards the peak in the distance.

"Those three are evil. They set their own demise and now I'm going to finish what they started to acquire more points and rob them of their treasures!" He was ecstatic.

In just a split second, he reached the three men and looked at each of them.

"What the hell? !"

The three injured men didn't expect that there was another person lurking in the dark while they were plotting against each other.

"What? You are actually at the Divine Realm?"

This is impossible. This is where medium-grade divine gods compete against each other. How could you possibly be here?

Never mind that, weaklings like you shouldn't even be in the Fallen Divine Valley in the first place!"

He and the other two wounded men were more confused as they sensed Austin's cultivation base.

"Yes, I am indeed at the Divine Realm," Austin said with a smile.

He stared at the three people lying on the ground with a playful look in his eyes.

"Humph! A mere Divine Realm cultivator has the guts to show up in front of us. Get your ass out of here now!"

the senior disciple yelled at Austin.

"Young man, don't listen to him. Help me kill these two people. When you're done, I will definitely pay you a handsome fee!"

Colbert said in a desperate attempt to butter up Austin.

"Poor weakling. You're just at the Divine Realm. What do you think you can do to us?"

We are medium-grade divine gods. Do you think you can lay a finger on us?

Humph!

You're just a nobody. If you make a move against us, we will surely make you suffer; so don't bother,"

the third man threatened as he noticed the hostility in Austin's eyes.

"Ha-ha! "

Much to the three men's amazement, Austin burst into laughter.

"You guys are so stupidly arrogant. Even if you know some omnipotent skills, what could you possibly do to me? You three are dying.

What did you just say? You're going to make me suffer? All right. I'd like to see you do that,"

Austin said confidently.

"What the hell do you want?"

the three injured men asked as Austin called their bluff.

"I'm going to take your lives,"

Austin answered without hesitation.

The Supreme God

Chapter 3460 Three Strokes Of Luck

Austin was indeed extremely lucky!

Accidentally, he bumped into three men who were fighting each other fiercely, and each of them was critically injured at that time. Austin wanted to take advantage of the situation and kill them all.

"If I kill these three guys, not only can I easily obtain points, but I can also get their treasures. Ha-ha! What a lucky day!"

Austin's lips curled upwards, and the killing intent in his eyes grew stronger and stronger.

While he was observing the three men fight, he noticed that all of them were ruthless. They were definitely not kind-hearted people. Therefore, he did not feel any guilt to kill those bastards.

"How dare you!

You are just at the Divine Realm. Do you know that every single one of us is medium-grade divine gods?

We can kill you with just our bare hands!"

"You should choose the people you will offend!

Just stay out of this. With your strength, it's impossible for you to kill us!"

"Boy, you overestimate yourself.

It is true that we are severely wounded at the moment, but you, a mere warrior at the Divine Realm, can't kill us anyway.

We are all medium-grade divine gods, and it's not a question that we are much stronger than you.

Don't you dare make a move. Otherwise, you will never be able to live peacefully for the rest of your life. We will haunt you and all you care about wherever you go!"

The three men, with their eyes wide open, lectured Austin in a stern tone, and warned him not to provoke them. However, they did not know that they were the ones who were disadvantaged at that moment.

"You three are idiots! Don't you see what kind of situation that you are trapped in?"

Austin said coldly as he seemed completely unmoved by their words. All of a sudden, he gathered all his strength and charged forward vigorously!

He moved so fast.

Boom! Boom! Boom!

In an instant, three loud explosions reverberated around the whole area.

By then, Austin had punched those three guys to death.

The three bodies collapsed to the ground, and were immediately rendered lifeless.

Austin had cultivated a bodily movement skill called the Peerless Lightness Skill, which greatly increased his speed! In that way, he was able to move so much faster than lightning speed!

Moreover, he had cultivated the skills recorded in the Introduction to Vital Energy Circulation. Therefore, the secret realms in his body had stored a massive amount of chaotic energy, which made his strength exceedingly formidable.

While he was scanning the area with his spiritual sense, Austin was also observing the man in secret.

"What should I do? Should I fight him or not?

reward for killing him. In that way, I can get six hundred points in total!"

Austin's eyes lit up with hesitation yet excitement.

In this kind of competition, there was no room for humanity or morality. If one didn't kill his opponent, his opponent would definitely come to kill him instead!

"I'll just give it a try!"

Finally, Austin gritted his teeth and decided to take a chance.

Then, he deliberately revealed some of his aura so that that man could notice him.

In an instant, the man's spiritual sense locked the spot where Austin was hiding.

"Oh? I guessed it right. Come out. I know you're there!"

the man shouted harshly.

For a moment, there was dead silence.

"Don't hide anymore. I see you! Come out now!"

the man sneered.

"What? His aura is so weak. This person is only at the Divine Realm.

That's strange.

Come on out quickly!"

When the man sensed the aura that was emitted by Austin, he had an odd feeling. He knew that there was no way that the man at the Divine Realm could have killed those three warriors. The situation did not make sense in his mind.

"Yes, I am here! Please don't hurt me!"

The next moment, Austin jumped out from a nearby cave with a rattled look on his face. He then stood submissively, looked at the man, and then dodged the latter's sharp gaze.

"Sir... Please don't kill me. You are really powerful. I used a secret skill to hide myself. I thought I was doing a great job.

But you still found me so easily,"

Austin stammered as he pretended to be frightened.

"Is that so? You are only at the Divine Realm, aren't you? This area is for medium-grade divine gods.

How could a Divine Realm warrior appear here?

Isn't it weird?"

the man asked Austin with a puzzled look and let his guard down a little bit as soon as he had discerned Austin's strength.
