

No. 1 Supreme Warrior chapter 2456

- 2460

Chapter 2456

He thought for a long time before he said, "I'll bet a middle-priced sixth-grade pill. As for what pill it is, you can decide. Of course, that's if you win."

Rudy's words ignited Grayson's competitive spirit. He never expected that Rudy would talk about it so seriously. It was as if Rudy had mustered up his resolve.

Grayson was quite rich at that moment. A single sixth -grade pill was not much to him. He nodded casually, "Sure! I'll bet that he fails at the last step."

Rudy nodded, "I'll bet that he fails at the second step. He won't even be able to form a pill!"

Those words were incredibly resolute. It was as if he would start fighting if Grayson said anything against it.

Grayson raised an eyebrow as he let out a laugh, "Then I'll bet a sixth-grade pill as well. You're allowed to choose the type."

Advertisement

The two of them had a deal, and they once again shifted their focus onto Jackie.

Those words that were being spoken near Jackie did not disturb Jackie at all. After completing the first step, he reached the second. The first two steps were actually not difficult for Jackie at all.

After all, he had absorbed the great warrior's memories. The great warrior had done the first two steps countless times. He could easily make seventh, eighth, and ninth-grade pills, let alone sixth-grade ones.

After all, the great warriors had come from the first grade world, the Divine Void World. In the Divine Void World, even ninth-grade pills were incredibly common.

Advertisement

Jackie was still not completely merged with the memories at that moment. Otherwise, Jackie would have easily been able to refine ninth-grade pills.

Constance looked over to the vice treasurer. He saw that a curious and disdainful glint was in the vice treasurer's eyes.

He only stopped on the treasurer for a moment before he looked over at Jackie. His eyes constantly moved between the vice treasurer and Jackie, as if he was thinking about something and trying to make a decision.

After a good while, Constance suddenly said, "Your student over there really is someone special..."

The vice treasurer's face soured more when he heard that. He had already been incredibly miserable standing there.

Jackie, who he had thought was incredibly reliable, had suddenly thrown such a curveball. Then there was Gilbert who decided to ignore the Heavenly Pills' reputation to tell everyone about Jackie.

Those matters really troubled the vice treasurer. Constance's words almost caused the vice treasurer to leap into combat.

The vice treasurer suppressed his rage as he turned to look at Constance and replied, "Mr. Constance, you should focus on your own matters. There's no need for you to worry about me.

"I know how my student is. I know what he can or cannot do. I didn't really want any of them to become a formal student for the alliance anyway."

Advertisement

If Jackie had not wanted to refine a sixth-grade pill, Jackie would still have had the chance to become a formal student of the alliance. With Jackie's actions, it was already completely hopeless.

Chapter 2457

Jackie could not possibly refine a sixth-grade pill and had also lost the chance to prove himself through forming pill runes. Jackie had dug his own grave.

The vice treasurer could not help but prepare himself for future failure. Otherwise, he would be viciously mocked later on, and Constance's mockery would get worse.

The vice treasurer had experienced many things in his years, but he could not take that kind of mockery.

Constance let out a cold smile and said, "It looks like you don't think Jackie can do anything at all. I really don't know what Heavenly Pills are thinking to accept riff-raff like that."

"An idiot like him who insists on proving how stupid he is would be a burden even if he became a sixthgrade alchemist."

Constance seemed to be giving out advice, but the tone was notably wrong. Anyone could have sensed that. The vice treasurer's lips twitched as he turned to look away, no longer facing Constance.

"I know what you're trying to say, but I can't hear anything when my mood is bad. I'd advise you to shut your mouth and look at your favored disciple."

After that, the vice treasurer deliberately moved away from Constance. The vice treasurer would probably end up spitting out blood if he continued talking to the guy. He decided to just shut his mouth and pretend to not see anything.

"The pill has taken shape!" Grayson suddenly said.

Grayson did not even have to mention that. Rudy had seen everything. At that moment, Rudy looked like he had swallowed a fly.

Rudy had thought that Jackie was just full of hot air. Yet, a dark pill body was in the furnace in front of Jackie, floating in the middle.

Jackie's hands were constantly forming seals as the pill's movement constantly sped up. At the peak of the speed, the pill suddenly stopped.

Under Jackie's serious eyes, the pill started to emit a dense smell. Jackie let out a sigh of relief as he once again started to form seals. The dense fragrance filled Jackie's nose as he quickly gathered all that pill aura together.

One by one, golden pill runes started to form. The faint golden runes started to illuminate the air around him.

When Rudy saw that scene, there was not much he could say. Rudy had lost completely. Jackie did not just complete the second step, he had even started on the third

Even though he knew that Jackie could not finish the third step, he was still unable to contain his anger.

Grayson let out a light laugh as he looked at Rudy and said, "It looks like I've won. Thank you..."

Rudy took a deep breath, unable to say anything back at Grayson. He was forced to nod sincerely and replied, "Don't worry, I'll let you pick a sixth-grade pill later."

Either because of Rudy keeping to his words or because they both had Jackie as a common enemy, they had seemed to set aside their earlier differences.

Chapter 2458

Time slowly ticked away. Jackie was forming the pill runes at an even pace. One by one, the golden runes floated in the air, slowly accumulating.

Rudy and Grayson had yet to start on their own pills. They had put their full focus on Jackie. They witnessed for themselves as Jackie slowly condenses pill rune after pill rune.

The faint golden glow flashed in front of their eyes. The more they watched, the more apprehensive they were. Grayson had felt like Jackie would already be quite talented to even be able to form a hundred pill runes.

After all, forming pill runes by themselves was different from forming pill runes while refining a pill.

While refining, one would need to make sure the pill maintained its shape. Then, one would need to use the pill aura emitted from the pill to form pill runes. It needed the support of true and aura.

Most importantly, one needed to go through constant training to stabilize oneself. That needed incredible skills as well as a very long time.

Normal students would not be able to do that at all. Yet, Jackie seemed to be able to do it comfortably. Jackie was not panicking at all as he calmly formed his pill runes.

The number of pill runes slowly increased. From three hundred to five hundred, and he even managed to form eight hundred.

It was then that Jackie was once again the focus of everyone's attention, not only being focused by a select few.

Initially, everyone felt like Jackie had been an incredible idiot to stand behind Rudy.

A completely unknown brat had actually dared to challenge the third test to prove his skills. Everyone knew very well how difficult a sixth-grade pill was to form.

Only those with incredible talent could become sixth grade alchemists at their age. Back then, no one thought Jackie could do it.

After following Elder Horst into the hall, everyone's focus had been on the test. They no longer cared about the troublemaking Jackie. Yet, even if they wanted to ignore him, they could no longer do so.

Eight hundred pill runes floated in front of Jackie. The golden glow was absolutely radiant. Everyone was looking at Jackie in a completely different expression!

Even if Jackie's pill runes could not merge well enough with the pill, his performance would still have set him apart from the group.

It was way better than most of them! After all, being able to form one to two hundred pill runes among those students was already considered an incredible feat.

Jackie was able to control the pill body as he condensed eight hundred pill runes. That was something those students could only dream of. Rudy was already looking at Jackie with an incredibly dark look.

His hands trembled and he uttered, "How is this possible?! How could this guy actually form eight hundred pill runes?! How did he do it? Why can he do it?! I've never heard of him before!"

Rudy was already in a completely crazed state. Jackie had given Rudy a slap to the face with the demonstration of his skills.

All the mockery Rudy had thrown had been reflected right back at him. Rudy felt like a joke at that moment. It was no wonder Jackie's words had been so sharp before.

Jackie really did have the skill! Grayson's frown had not disappeared since Jackie had formed five hundred pill runes.

Grayson's mood was not much better than Rudy's. After all, it was too much of a shock. "Where did he come from? Why have I never heard of him before?! Is he actually able to form a sixth-grade pill?"

Chapter 2459

Grayson's voice was a little raspy. At that moment, Rudy was no longer in the mood to answer Grayson. Rudy looked at Jackie with an anxious look, praying that Jackie would fail! Only then would he be able to save himself from embarrassment.

The vice treasurer's eyes were about to pop out of their sockets. He gaped slightly as he looked at Jackie in disbelief.

He never expected that Jackie would actually be able to form eight hundred pill runes. He knew that Jackie had been hiding his skills, but he did not expect him to be so skillful.

The vice treasurer had thought that Jackie had gone crazy, but it seemed like he was the one who had been blind to Jackie's master!

Thinking about that, he took a deep breath, concealing his expression. He did not want anyone to notice anything strange.

Constance said in an incredibly cold voice, "Vice treasurer, your acting skills are getting better and better!"

When he said that, he was filled with rage. Thankfully, the vice treasurer had hidden his strange expression and returned to normal. Constance had not noticed anything at all and only felt like he had been playing around.

The vice treasurer let out a cold laugh, "What do you mean by my acting skills? I'm Heavenly Pills' vice treasurer. I'm not some circus show."

Constance slammed his hand down as he violently exclaimed, "Stop trying to pull one over me! I actually really thought that the brat was an idiot.

"It looks like you were just too good at acting. You managed to fool all of us!"

The vice treasurer did his best to control himself, not revealing any strange expressions. The vice treasurer struggled a little at Constance's accusations. He had not been acting earlier and had really felt that way.

He had never known of Jackie's true abilities. His shock was no less than anyone present. It was just that he could not voice out his surprise.

Zayne had been eagerly waiting to be entertained. Even though he was not in that great of a relationship with the vice treasurer, he could not really offend the vice treasurer too much.

After all, Zayne was part of the Rosefinch Pavilion. Heavenly Pills had Heavenly Auction House behind them, which had incredibly close ties with Rosefinch Pavilion. He could not make the situation too bad for the vice treasurer, but now he was a little anxious.

Zayne's lips twitched, "Vice treasurer, did you need to do all that? They had to show their skills eventually anyway. What was the point of hiding everything from us? You caused us to think that you were just recruiting riff-raff."

The vice treasurer let out a helpless sigh as he said, "I've never seen Jackie refine a sixth-grade pill, so I can't be sure if he can actually do it.

"I was more or less a little anxious. Naturally, I showed anxiety in my expression. It was you who jumped to conclusions, so this has nothing to do with me."

The vice treasurer's reasoning was a little forced, but it was still able to temporarily set the situation aside.

He did not want to go too deep into the topic. His eyes remained fixed on Jackie.

Gilbert and Andrew had already formed quite a few pill runes, but when they witnessed what Jackie was doing, they could no longer maintain their composure.

The runes they were forming suddenly disappeared, turning into pill auras. Gilbert looked at Jackie with a frown.

He pinched himself harshly to prove that he was not dreaming. "How is this possible?! How could he form eight hundred pill runes?!"

Chapter 2460

Gilbert felt like he was about to go crazy from anger. He had already been stamped on by Jackie before, but now he felt like he was about to be completely trampled over.

He had thought that Jackie had some talent, but would not be that much stronger than him. After witnessing all this for himself, he finally realized how much of a joke his thoughts were.

No wonder Jackie had always looked at him as if he was nothing. Jackie had never taken him seriously before at all. In Jackie's eyes, Gilbert was merely a clown. Gilbert could not take it after realizing that point.

Earlier, he might have offended the vice treasurer, but he had turned Jackie into a joke. Once Jackie returned to Heavenly Pills, Jackie would be punished severely. After all, Heavenly Pills really held a lot of importance in their reputation.

Jackie's actions had clearly smeared a black spot on Heavenly Pills' reputation before. Yet, his thoughts had been completely shattered by Jackie.

Gilbert's hands trembled. He could not even breathe properly at that point. "I refuse to believe it! Why can he do all this? Why does he have so much talent? I've never seen..."

He could not finish his sentence. He had never seen anyone as talented as Jackie. Jackie looked to be about the same age as him, but Jackie was so much more talented than he was.

It was one thing for Jackie to be better at fighting than him, but they had such a huge gap even in alchemy. How could he possibly stand it? Gilbert's mild trembling had turned into full-on shaking as if he was having a fit.

His complexion kept on changing as if he had suffered some disease. Andrew's expression was not much better than Gilbert's, but he was at least a little calmer than Gilbert.

Andrew was also dealt a heavy blow. He gulped as he sighed, "So there's such a big gap between us. It's such a joke that I had wanted to use my skills to prove myself. Such a huge joke..."

Andrew was just like Gilbert. He felt like all his actions in front of Jackie before were all just a massive joke. The more he thought about it, the more it seemed that way.

The discussions around the place at that moment shot up in waves.

“Why have I never heard of Heavenly Pills having such a master before?! His talents are equal to Grayson’s! Looking at him, he should be around our age. No wonder he dared to stand behind Rudy. He was no idiot, he really did have the skills!”

“I was saying that he didn’t look like an idiot. Heavenly Pills really hid this very well. I’m so surprised.

“If Jackie grows up, Heavenly Pills will definitely be much stronger. When I go back, I have to tell the elders...”

The discussions flew everywhere, but it did not disturb Jackie at all. Jackie had a challenge in front of him at that moment, which was the last step. He needed to merge the pill runes with the pill body.

Only with a fifty percent refinement would the Energy Breaking Pill be considered successful. With Jackie’s skills, it would not be hard for him to do so, but he did not want to expose too much of his talents.

His goal was to become a sixth-grade alchemist and enter the Middle Province Alchemist Alliance. He did not want too many eyes on him, or he might risk being targeted by others.
