

Sweet Love 1011

Chapter 1011: You cannot make it!

Very few people dared to start a round on this gambling table, though, and whoever sat before it must be ready to place a bet of at least five million while knowing that the chips would increase as the game went.

At this moment, however, none was concerned if anyone started a round on this table as all eyes were on a little lad in a black shirt.

Half an hour ago, this young boy of six or seven years old exchanged for chips with the dealer.

With chips only worth hundreds of thousands, he made a beeline for the French roulette in the gambling hall, and as if gambling was no more than a simple game, he casually placed a bet of tens of thousands.

His brother stood nervously next to him.

Bored of waiting outside earlier, Yun Tianyou decided to walk around the casino. When he found it interesting, he decided to play a few games to relieve his boredom.

Nobody paid much mind to him at that time. Most were only thinking of how naïve the boy was, where he stole so much money to enter the casino, how he was gambling at such a young age, and what a wastrel he was!

There were even some who drew close to give him kind advice. Alas, he just casually replied, "He he! I'm just playing around."

Playing around...

These were malicious words in the casino.

People who said such were generally out to create trouble!

Which one of those present did not have over a decade of gambling experience?

Without so many years of experience, who would dare pull up their sleeves to roll the dice?

His chips worth hundreds of thousands were insufficient to start a table, yet this brat dared speak such pompous words and create trouble. He was so young that he did not even know the rules here.

What a joke!

Youyou easily rested his arms on the table despite the many sneers directed at him and pushed all his chips forward with an evil smile; the onlookers became diffident.

Betting everything in a game?

A flash of disdain surfaced in the banker's eyes.

However, after the wheel turned, everyone paled in shock.

The boy surprisingly won the first round and made a full profit.

He maintained a slight smile and a calm demeanor as he reached for his bet.

Eyeing his winnings, he wryly shook his head and faintly attributed, "Beginner's luck."

Under everyone's dumbfounded gazes, he threw all his capital and winnings on the table to start another round.

The banker eyed him, thinking, *He just got lucky on the first round; there's no way he could keep winning.*

Everyone placed their bets, and after several rounds, his chips increased by a lot.

Soon, the entire gambling hall was all fired up. The crowd's initial contempt for the boy belied their present hoots to follow his bet.

Although he won a lot of chips, the child remained nonchalant, only smiling slightly as he fiddled with a chip in his hand. Beads of sweat formed on the banker's forehead, and he no longer dared to make a move.

More and more gamblers were following Youyou, which made the banker hesitant to place a bet.

Suddenly raising his head, the boy lazily put a finger and lightly shook it. He blandly commented, "You can't make it."

The banker was livid. He could have made a huge profit today, but with the boy's arrival, he had lost miserably, instead. His mood was already at rock bottom, yet this rascal still behaved so provocatively!

Chapter 1012: Retribution

The man had two decades' worth of gambling experience under his belt and had been at it since the age of ten. He could tell that this boy was mocking him.

Although he was furious, it was clear that he had lost to a child.

Having been playing for so many years, this was his first time losing so thoroughly that he even lost his fighting spirit.

The dealer pushed his chips and simply gave up.

...

Youyou smiled as another dealer in a purple uniform walked up to tidy his winnings.

Feeling incredulous, his older brother whispered to his ear, "You're so capable! You actually won a few million."

He squinted at him and hooked his finger.

The older boy leaned over, only to hear the other blandly say, "Stupid; I cheated."

Little Yichen: "..."

...

A war was ongoing in this little black room with its fiery atmosphere.

It was natural for a virgin to feel pain during her first sexual intercourse, but it was nothing compared to the endless emptiness and stimulation Lu Jingtian felt!

Under the influence of the aphrodisiac, she morphed into a seductive vixen as she twisted into a charming pose and assumed all sorts of postures.

Feeling a little overwhelmed, Li Dongqiang was first to raise the white flag.

The drug was so potent that it could even turn a maiden into a temptress.

In the time he was gasping for air, she had entangled herself with him again and panted desperately sans an intention to call it quits.

The gangster no longer wanted to continue, but the drug in her system was still there, so no matter how he pushed her away, it was a futile attempt.

Moreover, he needed to keep his dignity as a man in front of his lackeys, so he sneaked a pill and pounced on her again after he regained his vigor.

The air changed, and so did their breathings.

The scene turned particularly unsightly for a while as the small iron bed constantly shook and creaked under their violent movements.

It was the rhythm to squeeze themselves dry.

The woman was oblivious to her shocking actions, her wanton appearance, and her lewd screams at the moment.

Only after two hours had passed, with five to six men doing her on rotation, did the drug in her system wear off.

Surely, the drug was indeed potent as it could practically bring him down.

The others were equally exhausted as the house was filled with constant gasps.

When things finally subsided, the thug felt that his waist was about to give way as he lay in bed; his waist was inexplicably sore.

It seemed that he should act in moderation next time!

With his energy depleted, it would likely take him three to five days to recover!

Lu Jingtian regained her senses at this point as the drug in her wore off and her body heat cooled. However, upon seeing the unsightly scene before her, she received so much shock her face paled at once!

W-What... What happened?!

Before she could react, she let out a scream!

“Ahhh! You all! You all...”

Burying her face in her hands, she screamed and screamed until she felt her body emptied. Looking down, she found herself stark naked; this shocked her even more!

Once she calmed down slightly, she felt pain from a certain area below. It was as if a huge truck had rammed into her!

Chapter 1013: Unsightly

Only then did she realize that she had lost her virginity!

Oh, god...

What was going on?!

She was so shocked that she could no longer scream; fat teardrops fell from her blinking eyes at once!

What... exactly happened?!

She hastily grabbed the clothes around her without caring whom they belonged and only minding that they covered her body for a while!

Frightened, she retreated; her grim white face suddenly turned green as she gaped.

Humiliating!

She felt humiliated to the core!

She was brought up strictly in a privileged household.

Hence, even when she liked to play and make friends like any other girls, she always held onto her bottom line!

Her father taught her that a woman's chastity was the most important, but now, everything was ruined!

Her first time was taken by these degenerates, the absolute dregs of society.

She trembled all over and her heart fell into pits when she fixed her gaze onto Li Dongqiang, who was sitting at the side and breathing heavily!

Women harbored plenty of wondrous fantasies about their first time.

However, she never thought that her first time would be so cruelly taken by these dirty ruffians!

She felt even more degraded when she saw his dark skin, ugly features, and potbelly!

At the moment, her face contorted in grievance as she bit hard on her lower lip until it bled.

“B*stards! Bunch of beasts! Shameless scum!” she ranted, using the most insulting words to curse them!

SMACK!

Li Dongqiang smacked her in the face.

“Loose woman! Who’s all over me earlier? What’s the point of pretending to be pure when you’re a wh*re? D*mn! Shameless,” lambasted the man.

Holding her stinging cheek in grievance, she glared fiercely at them with red and swollen eyes.

“If you all didn’t resort to such a vile mean, do you think I’d be keen?! Each of you looks like a pig’s head! Shameless! Cheap!” As if she had lost her sanity, she went on a rampant and swore at them.

As she hastily put on her clothes, she found herself covered with bruises and looking really disheveled.

Unable to bear it any longer, she broke down into tears and buried her face in her hands. She deeply felt that she no longer had the face to meet people!

“Woo... woo... woo... Bunch of beasts and scum! I hate all of you! I hate all of you to death...”

The door was suddenly opened, and the two kids streamed in.

With everyone in the house dressed, the scene appeared to be calm.

However, their afterglow and lingering decadent musk revealed how fierce the war was earlier!

“He he!” The younger boy laughed coldly before asking languidly, “Did you all have a good time?”

Did you all have a good time?!

This imp!

She suddenly raised her head. At the sight of the boy, her face contorted into a hideous look and she howled hysterically, “It’s you! No, it’s instigated by Yun Shishi, right?! It must be that b*tch; it must be her! D*mn! How could she use such a dirty method to hurt me?!”

Chapter 1014: Come to a Tragic End

“It has nothing to do with my mommy.” Little Yichen snorted. “Bad woman, you bullied my mommy first; we’re only returning the favor!”

She had mixed emotions from embarrassment and shame to anger!

Youyou’s cold and mocking gaze almost drove her crazy!

She nearly lost her mind. If she could, she would strangle him and rip his hateful face apart!

How she wished these two imps could vanish from her sight!

“B*stards!”

She flipped herself on the bed and pounced at the younger boy.

The boy, however, remained motionless sans a fear of this crazy woman.

She had let slipped from her mind what she had gone through earlier. As soon as her toes touched the floor, her legs gave way and she flopped to the ground.

Her limbs were so heavy that they seemed to be filled with lead. She could not even lift a wrist!

She was beyond vexed.

The boy smirked and stepped closer to her. Stopping right in front of her, he eyed her with condescension and appreciated the play of emotions on her face.

He registered her shame, resentment, madness, pain, and desperation.

He must admit that this method was cruel, but only in this way could he vent his hatred for her.

He would not spare anyone who touched his reverse scale!

After all, a pitiful person surely had something hateful to her!

To Li Dongqiang, he ordered, “Send her back!”

The gangster nodded as he panted. He had yet to regain his calmness and was on the verge of exhaustion.

Just as the boy turned to leave, he recalled something and looked back. He then leaned forward to meet Lu Jingtian’s petrified eyes.

“If you dare say a word of today’s events, don’t blame me for being ruthless.”

She was shocked. This child had a charisma that made people unable to look straight at him.

That frosty gaze of his was so oppressive it left her breathless!

“I’ll let you off today. If you dare bully my mommy again...” He let his words hung in the air for a bit. “Do you believe it? A word from me, and your Lu family can come to a tragic end!”

‘Do you believe it? A word from me, and your Lu family can come to a tragic end!’

This enigmatic tone seemed to come from the mouth of a powerful ruler.

She gaped in shock and only came to her senses after the kids had left!

The fear in her heart suddenly magnified indefinitely!

...

The Lu residence.

It was almost dawn by the time she made it home via a cab.

She held back her tears and clenched her fists tightly. Despite how desperately she tried to suppress herself, her shoulders still trembled!

She felt as if she were a mermaid; her every step was akin to walking on the blade of a knife, making her suffer bitterly!

She walked up to the entrance and gingerly pushed the door open, only to find a brightly lit room greeting her.

She stood rooted to the spot.

Lu Bosheng was on the sofa in the spacious living room. He seemed to have been waiting there for a long time.

Startled, her mind went blank for a few seconds, and when she regained her senses, she promptly lowered her head and scuttled to the stairway.

“Stop right there!” ordered the man authoritatively.

He appeared to be reining in his anger.

Chapter 1015: Where have you been?

Her lips quivered as she turned to greet him with her head bowed. “Dad!”

Usually, when she returned late, her father would be long asleep.

Out of all nights, why did she have to bump into him today?!

He chastised, “Where have you been to be returning home this late?! You still know that you have a home?!”

“I...” Grievance and despair got stuck in her throat, making it hard for her to respond.

She was utterly ashamed at the recollection of tonight’s happenings!

The tearing pain deep inside her was a constant reminder of her humiliation and anger.

She mumbled, “I went out to play...”

She did not want anyone to know about it, not even her closest family members!

Not only was it utterly humiliating, she would not have the face to meet them.

If her father learned that her virginity was taken by a bunch of degenerates, he would surely kill her out of anger!

It was practically a nightmare – a stain that could not be washed no matter how hard she tried.

“To the pub again?!”

He snorted, clearly utterly dissatisfied with her. She anxiously cut in before he could lecture her. "Dad, I'm sleepy and tired. I'll return to my room to sleep first!"

She was eager to avoid him, but her father would not let it rest. "Stop! Did I let you go?"

"..." She stood rooted to one place and broke out in a cold sweat.

"Is this the attitude you should've toward your father, leaving without waiting for me to finish talking?! What time is it already for you to just be returning now? Do you still regard this place as your home?!"

He bellowed in censure, "Come here now!"

It was clear that he wanted to give her a lecture!

How could she face him in this manner, though?

Gritting her teeth, she refused to move from her spot.

This maddened her father even more. "What? Why aren't you moving when I told you to do so? Are you rebelling now that you're a little older?! Get here now!"

His sternness only served to expedite her tears, however, and suddenly, she started sobbing with her head bowed.

She felt really embarrassed. If her father saw her current state, her last shred of dignity would be gone!

As he got angrier with his daughter, he stalked up to her and grabbed her arm.

She staggered at his pulling and fell right into him.

What the man saw astounded him!

Various marks of scratches and hickeys densely covered her exposed arms, shoulders, and collarbones.

Her red and swollen face revealed signs of violence, too.

He smacked her in the face when he saw all these.

She fell to the ground from the impact and she bowed her head, allowing her hair to bury her face in the shadows.

"You... Just what were you doing out there exactly?! Why did you let yourself become like this?!"

He was incensed that his daughter did not live up to his expectations.

His first reaction was to wonder who had been hanging out with her!

He had high expectations of her and had always hoped to see her marry into an influential family.

They were most concerned about women's chastity.

He was disappointed by her present state!

Feeling ashamed and aggrieved at his anger, she cradled her face as fat teardrops rolled down her pale cheeks and quivering lips; anyone who saw her like this would feel heartbroken!

She kept whimpering as if she had suffered a great injustice.

Chapter 1016: Nude Photos

Feeling ashamed and aggrieved at his anger, she cradled her face as fat teardrops rolled down her pale cheeks and quivering lips; anyone who saw her like this would feel heartbroken!

Mister Lu's heart ached at how haggard and disheveled his daughter looked.

He reached out to help her up.

She shunned his hand, though. Holding in her grievances, she stood by herself and ran up the stairs without looking back.

With a *pong*, the door was slammed shut.

Looking down at his stinging palm, he now regretted his action; he momentarily lost his cool and ended up smacking her hard in the face.

He went up to his daughter's room, only to hear her weeping from within.

Worried, he knocked on the door. Her cries stopped at once.

"Tiantian, dad was at fault. I shouldn't have hit you... Open the door and tell me what happened to you, okay?"

"Don't bother me! G-Go away!" wailed his daughter.

He frowned in anxiety, but since his daughter was unwilling to speak, he could only helplessly sigh.

What happened had already happened; there was no need for him to probe how exactly it had occurred.

Once she regained her composure, he could then inquire about it!

Only when his footsteps receded did she cry her heart out.

Entering the bathroom, she scrubbed her body so hard that her skin nearly bled, but no matter how many times she did, she still found herself dirty and unclean!

Hugging her body while crouching in the bathtub, she cried helplessly!

She thought that it was the end of the matter, but something happened the very next day!

Because she returned late last night, after her bath, she cried herself to sleep. She was still asleep when Song Enya's call startled her awake.

"Jiantian, where... where are you now?!"

She found her friend's question weird. As she was still feeling groggy from her sleep, she hoarsely replied, "I'm at home!"

“Are you still sleeping?!” Her best friend was shocked. She could still sleep so nonchalantly when such a big issue had occurred?!

She was even more baffled now. “I slept late last night... Enya, what’s the matter? From your tone, it sounds as if something happened!”

“Y-You’d better see it for yourself on Weibo! I... I just found out about it! Quickly take a look!”

She had a bad premonition about this. Instantly logging into her Weibo account on her tablet, she found the hashtag #LuJingtianudephotos trending on the first page!

She gawked from shock and felt her chest constrict!

It turned out that Li Dongqiang had recorded yesterday’s event; after editing, he posted a few screenshots on the Internet.

Other than her, everyone else was covered in mosaic.

From the screenshots, one could easily identify the woman from her disheveled hair, seductive look, and clear features.

Her hands trembled uncontrollably as she held the tablet.

This was not all, though.

Chapter 1017: Retribution

Netizens were skeptical about it at first, thinking that it was just the artiste’s lookalike.

Soon, someone anonymous uploaded a high-quality image, and the netizens were finally able to get a clearer look.

The actress had an identifying trait on her face: a mole at the corner of her lips.

This feature instantly validated her ‘crime’!

Alarm bells sounded inside her head and her mind subsequently went blank; her entire person stiffened as if she had been struck by lightning!

Following which, the media published candid photos of her. They were taken furtively in the pub where she was embracing an unknown man.

It might be due to the angle, but she looked especially wanton in the photos as she held a cigarette and laughed with the man.

The paparazzi also captured photos of her hugging other men in the pub. One could not help but sigh at the steamy scene in the images!

It turned out that her purity was superficial at best.

How vulgar!

With the photos all over Weibo, public opinion about the actress took a dive to the bottom.

[I'm speechless... It's such an eye-opener to see this shocking news first thing in the morning!]

[Lu Jingtian turns out to be quite liberated. It seems she's a wild player in private!]

[I'm from the capital. I bumped into her at The King's Bar once; she's with a man, and they're all over each other. I wanted to take a picture, but the lighting was dim in there, so it wouldn't turn out well, anyway. Plus, I was so afraid of getting into trouble that I ended up not taking one at all!]

[Apparently, I was being conservative when I thought of her as a schemer as she's dirtier than that. How disgusting!]

...

The netizens flooded her Weibo with negative comments.

[I've never seen such a shameless celeb before!]

[That mysterious uploader didn't upload the video to leave her some leeway.]

Filled with fear and trepidation, she had stayed frozen for a long time.

She was in a precarious situation right now as the public was accusing her.

She could not help recalling that entry from her private blog.

Harboring hatred for Yun Shishi, she wrote something on her blog. [Given the opportunity, I'll make that b*tch, Yun Shishi, suffer humiliation! Drug her, have some men violate her, get the whole thing filmed, and post everything online! I'll let everyone have a good look at how wanton and cheap their so-called 'nation's goddess' is in the private! He he!]

Was it an illusion?

Why was it that she had experienced exactly what she had written on her blog before?

Could it be...

Impossible!

It was a very private blog; no one else had access to it except herself.

...

Youyou received a call from his agent. Earlier, he tasked the man to edit that video featuring the actress before bribing several media orgs to make a big cry about her indecent act on the internet.

"Remember to upload the CCTV footage later. That's the highlight!"

"Yes, but isn't this a little too harsh, sir?"

“Harsh?” The boy’s lips lifted into an ambiguous smile. “I either do or don’t do it at all; if I didn’t, she wouldn’t know fear and would still dare offend us. My time is precious; I don’t wish to waste it on unimportant people!”

Chapter 1018: Fear from the Depths of Her Heart

[The truth behind Lu Jingtian’s nude photos! Take a look at this ‘pure’ maiden’s private life!]

[A further insight to Lu Jingtian’s nude-photo scandal! Does her deletion of her Weibo allude to a guilty conscience?]

...

Over the following days, the actress’ nude-photo scandal kept trending online.

Recently, a certain Weibo user revealed a cut scene from a CCTV footage.

The video, which was only a few minutes, showed her beating a woman at a hotel’s long corridor.

She was heavy-handed at that time. Thus, her video of beating Yun Na like a mad person shocked many people.

People could tell that it was her because her gown was easily distinguishable.

She had worn that attire when she attended Huanyu’s gala, and it was even published in the newspaper.

The security cameras in the Imperial hotel covered wide angles, and they were positioned to capture the stairwell and the elevator doors.

Hence, there were two recordings of different angles.

The first recording was a little fuzzy, so one could only identify her silhouette.

As for the person she was beating up, her facial features were purposely blurred out to be unrecognizable.

The second recording, meanwhile, showed the two’s confrontation. With the precise angle, identifiable features, and clear footage, Lu Jingtian’s face was exposed.

As soon as this video was uploaded, it attracted countless retweets and numerous views in a short time.

Her scandal even peaked at one point and she received criticisms everywhere!

[Gosh! I never knew that she could be so abusive...]

[She’s a horror. Her ‘white lotus’ appearance hides such a vile side!]

[She’s too scary! How could such a person be a public figure? Lu Jingtian, quit showbiz!]

...

#LuJingtianquitshowbiz started trending after an anonymous netizen got the ball rolling.

The actress's PR team tried settling the issue, but no matter how brilliant they were, there could not turn things around in the face of such ironclad truth.

The PR team hired by Yun Tianyou worked through the night to produce irrefutable articles shaming her. In that moment, she was already in a complete mess.

Under the public's pressure, her father arranged for her to be sent abroad that night to lie low.

Although he did not know what had happened at all, given his years of experience in the entertainment industry, he could more or less the gist of this situation.

His daughter must have offended a big shot, and this resulted in her being suppressed!

Still, no matter how he interrogated her, she refused to say a word about it.

She was really fearful of that boy from the bottom of her heart.

Even though this was clearly a child under the age of eight, judging from this whole incident, it was inevitable for her to start fearing him!

Regardless of his methods, this child effortlessly sullied her reputation in just one night.

This... meant that he was also capable of crushing her family with just a finger!

Hence, she did not dare open her mouth no matter what.

Helpless about the situation, Lu Bosheng could only send her abroad until the matter died down. He would then make plans afterward!

Chapter 1019: The Character Crisis (1)

On another end, Lu Jingtian's earth-shattering news on Weibo surprised Yun Shishi a little.

She did not feel much when she read those articles roasting the actress. In fact, she was somewhat unaffected by her downfall.

It was just another piece of news to her; it was over after she read it.

Today, she received a call from Mu Xi whose words could not hide her excitement.

There seemed to be a turning point for the cast selection of 'Lethal Beauty'.

Those investors seemed to be keen on her after they saw her photo and requested that they meet up over a meal to discuss the contract.

Her assistant eagerly said, "Shishi, according to my insider news, Director Gu thinks highly of you and believes that you can pull off the role, so he strongly recommended you to the investors! They, too, think that your image fits the character well after seeing your photo, so they are inviting you for a meal."

“Investors?”

“‘Lethal Beauty’ has two investors; one is Chengguang and another is Global Pictures; the latter is a well-known production company. Shishi, would you like to give it a try? You may get the role!”

Gu Xiaoyang was apparently very satisfied with her performance in the audition despite kicking her out of the list.

Thus, he strongly recommended her to Sun Hua, the person in charge of Global Pictures.

After watching her audition footage, this person was very satisfied with her performance as well.

Her acting was impactful and her expressions had tension. Furthermore, the producer sang her praises and acknowledged that her acting skills were much stronger than Lin Zhi’s.

She had good aptitude and was very photogenic.

Hence, he consulted the situation to the higher levels.

Initially, Global Pictures’ higher-ups gave an ambiguous answer, saying that they would discuss it further before making a decision.

The producer really liked her, though, and hoped that he could use her.

He, therefore, brought up to them ‘The Green Apple’, the much-anticipated box-office movie of the year. Her potential was immeasurable despite being a newbie, and with Gu Xingze and Lin Fengtian’s support, she would inevitably shoot to fame overnight once the movie was released. By then, her popularity would exceed Lin Zhi, so if they used her, ‘Lethal Beauty’ would be pushed to the spotlight as well.

Sure enough, the person in charge was very tempted when he heard this.

Indeed, although Lin Zhi was a popular first-tier actress now, it was too difficult to hype her up compared to the newbie actress.

Her reputation and popularity were good since her debut, but her scandals remained perfunctory.

On the other hand, the newbie’s popularity had been on the rise since her debut. Her name would also always appear in the trending search list whenever the production crew of ‘The Green Apple’ released the behind-the-scenes photos.

Hence, Global Pictures’ higher-ups made arrangements to meet the artiste for a discussion of the role selection.

Sun Hua then informed Qin Zhou about this, but the latter rejected it after a moment’s hesitation.

This person sought Mu Xi in turn. The assistant was ecstatic when she received this news.

Yun Shishi, however, was a little hesitant.

Dinner party...

The unsightly scene of a young model, in order to gain resources, offered her body to the investors and producer during a dinner party was still fresh in her mind.

As a result, she opposed such an invitation right away.

Chapter 1020: The Character Crisis (2)

“Xiao Mu, turn it down for me!”

“Ah?” The assistant was shocked. “Shishi, are you mad? This is a rare chance! If you perform well and Global Pictures is satisfied with it, they may put you in the production team of ‘Lethal Beauty’.”

“I have something on tonight and won’t be able to make it. Help me turn it down!” replied her artiste resolutely.

Even though she found it to be a pity, she could not force her artiste to abide by her wishes, so she tactfully relayed the message to Sun Hua.

The man flew into a rage when he got this reply.

That actress had just debuted, yet she was putting on airs already?!

She actually flatly refused Global Pictures’ invitation!

This was ridiculous!

She was clearly acting as a diva!

When news of the artiste ‘acting as a diva’ got to Li Dongliang, one of Global Pictures’ higher-ups, he also became enraged!

With the phone tightly in hand, Sun Hua could hear the irk and sarcasm in the man’s voice. “That woman is acting virtuous, huh! What? Is it Global Pictures or me that she despises for her to refuse the dinner invitation?!”

A cab steadily came to a stop at the entrance of Global Pictures. Alighting from the car, Sun Hua apologetically and submissively explained on the phone. “Mr. Li, don’t be angry! There’s no need for you to be so affected by a small actress, right?”

On the other end, the man sneered. “He he! What?! I invited her for a meal because I think highly of her! After so many years in this industry, I haven’t heard of such an actress before! Hmph! She’s pretty arrogant, huh! I bet she looks down on me! Hmph!”

Pausing, the man continued. “Just how did you handle things?! I got you to invite her for a meal, but in the end? I was met with a sharp rebuff! You want people in Global Pictures to see me as a laughingstock, don’t you?! I think you’re just messing with me!”

Sun Hua could not help feeling flustered and vexed. “Sir, what are you saying?! How would I dare to mess with you?!”

The man snorted, his voice revealing his fiery rage. "That woman really opened my eyes! I don't care how you do it, but you must get back my dignity! Whether she likes it or not, she must come! Otherwise, you can get out of here!"

Panic-stricken, the other rushed to placate him. "He he. Sir, don't be angry! It's all my fault! How about we have that dinner tomorrow night, instead? I'll make sure to bring her to you! By then, you can do whatever you want with her! What do you think?"

The man laughed. "You sure know how to curry favor! Tomorrow night, then. Don't make me wait too long! I don't wish to waste time! You know me; I don't have much patience!"

He hung up the call before the latter could reply.

Sun Hua was also angry with the artiste for not giving him face. She had just debuted with an unreleased movie, yet she was already acting as a diva.

Li Dongliang thought highly of her when she caught his attention. Hence, the invitation for a meal.

She should know that not everyone was eligible to attend that dinner party!

Many female stars were waiting in line for their turn, yet she flatly refused him when she was given that chance. What did she mean by this?!

When he showed her photo to the man, Li Dongliang was blown away by her beauty.
