

Sweet Love 2861

Chapter 2861: Gu Xingze's Death (1)

But as time came to a standstill, countless thoughts entered her mind.

Yun Shishi could not help but recall everything that had happened between her and Gu Xingze. Scenes flashed across her mind like a revolving lantern.

Unknowingly, her eyes turned red.

He said that he was leaving for America permanently.

In other words, tonight would be their last meeting.

She actually felt a little wistful.

Just as she was deep in thought, her phone rang again.

She picked up the call thinking it was a call from Gu Xingze, but unexpectedly, it was a video call from Gong Jie.

Startled, she checked the time. It was late. Why would he be calling at this hour?

On second thoughts, given the time difference, it was probably still daytime where Xiao Jie was.

Perhaps something had happened.

She picked up the video call. Gong Jie's handsome face appeared on the screen, however his expression was very serious and even a little nervous.

"Xiao Jie, what's wrong? Why do you look so anxious?"

Gong Jie skipped the small talk and went straight to the point. "Sister, Uncle is able to speak now!"

Stunned, Yun Shishi stood up abruptly. "You're saying... Dad can speak now?!"

"Yes!"

Although Gong Jie was also deeply encouraged, he frowned as he said, "Although I told him that it's not been an easy recovery, so he has to take care of himself, but he insists on talking to you."

"Absolutely not."

Yun Shishi said resolutely, "He shouldn't be trying to talk right after his vocal cords have recovered! Let's talk after he fully recovers!"

"I tried to persuade him, but Uncle wouldn't listen!"

Gong Jie said solemnly, "Sister, why don't you try talking Uncle round instead. Perhaps your words will be more convincing!"

"Alright, it's probably good that I see him anyway."

Likewise, Yun Shishi missed him.

Gong Jie fixed the video and quickly sent someone to bring Yun Yecheng in a wheelchair.

Just as Yun Yecheng's image moved into the screen, Gong Jie gently said a few words to him. Yun Yecheng immediately understood and looked at the phone. He knew that on the other side of the phone was his beloved daughter. When he opened his mouth, his voice was unbelievably hoarse. "Shishi! Dad has given you a tough time!"

"Dad..."

Yun Shishi furrowed her brows as tears welled up in her eyes. She immediately said, "Dad, don't talk too much! It hasn't been an easy recovery for your vocal cords, so don't be in a hurry to speak..."

"Beware of your sister!" Yun Yecheng ignored her advice as he held onto the wheelchair and uttered these few words with difficulty.

Yun Shishi was stunned.

"Sister?"

"Beware... Yun Na! She... is alive!"

His voice was as rough as gravel despite his efforts, but she understood what he was trying to say!

"Yun Na... She's not dead? Dad, how do you know?!"

"Because... that night... the person who attacked me... was... her!"

Yun Yecheng seemed to have come up with a plan as he said agitatedly, "She... destroyed me... with sulfuric acid... She will definitely... look for you... You must... be careful..."

Yun Shishi's face turned pale as sheet as her lips quivered.

"How... how is this possible? How could she do such a cruel thing to you!?"

Just as she finished speaking, she suddenly sensed a car slowly approaching from behind.

Chapter 2862: Gu Xingze's Death (2)

Just as she finished speaking, she suddenly sensed a car slowly approaching from behind.

The ground around her feet was instantly illuminated by the headlights like a white carpet.

The engine of the car revved and waned cyclically.

Her heart skipped a beat as she turned stiffly to notice a black Lexus parked nearby.

The car's headlights were blinding.

All of a sudden, the light suddenly brightened like an aurora!

Yun Shishi shut her eyes from the glare. Reflexively, she raised her hand to shield her eyes. As she staggered backwards, she sensed the car releasing its brakes, the engine revved as the accelerator was activated and the car sped towards her!

Yun Shishi hurriedly retreated to dodge the vehicle when a man's steady voice came from behind.

"Shishi, be careful!"

Following this, a figure lunged at her.

It was Gu Xingze!

When he lunged at her, he did not forget to use his arms to protect her. Hence, when they tumbled onto the ground, she was well shielded from the impact.

However, the car tires ran over her phone, which was immediately crushed.

The car brushed past the two of them and very quickly came to a halt. Shortly after, a woman got out of the vehicle.

Yun Shishi turned her head sharply and saw that the woman was dressed in a simple ink black outfit. However, under her short hair, her face was ugly and full of hideous scars!

Even so, Yun Shishi could still recognize her at a glance. This woman was Yun Na!

So it was her who was in the Lexus!

And it was Yun Na who had been trailing her!

She shuddered at the thought!

She recalled Yun Yecheng's earlier words, "Yun Na is alive... She destroyed me with sulfuric acid..."

Yun Shishi suddenly pieced everything together. She raised her head and glared at the other woman fiercely, saying with hatred. "Yun Na, it's you! You're the one who harmed daddy!"

"Shut up!"

Yun Na said coldly, "He's not my father! And I'm not Yun Na either!"

"You..."

"Yun Shishi, be prepared to die tonight!"

Yun Na made no long speech, for her motive was simple. By killing Yun Shishi, her desire for revenge would mostly be fulfilled!

Initially, she had wanted to find that child who had caused her to be so humiliated! After all, it was that child called Youyou who was the real culprit!

But on second thoughts, instead of killing a person, taking away whom the person loved most would be a more cruel punishment!

If Youyou lost his mother, wouldn't that be hell on earth!?

With this in mind, Yun Na decided to get rid of Yun Shishi!

As for this Gu Xingze?!

Since he had interfered, then he ought to be gotten rid of too!

Yun Na instantly drew out a gun and skillfully loaded it. She raised her hand and aimed the cold, black muzzle at her!

There is no need to dilly dally when it comes to killing people, and even less of a need to make a long-winded speech!

She was not going to give Yun Shishi a chance to escape!

Neither would she give this man a chance to catch his breath!

Quick, accurate, and ruthless!

She was going to kill them!

Yun Na sneered as she aimed the cold muzzle of the gun at the spot between that woman's eyes. In the instant that she pulled the trigger, Gu Xingze sprang into action!

He abruptly pushed Yun Shishi out of the way, fell and rolled on the ground. The bullet hit the ground and sparks flew as a thin cloud of smoke rose!

Chapter 2863: Gu Xingze's Death (3)

Just as Yun Na was about to aim at her again, Gu Xingze suddenly shot up from the ground and dashed towards her. Without a moment of hesitation, he delivered a beautiful roundhouse kick, and sent the gun in her hand flying some distance through the air!

"Ah!"

Yun Na cried out and immediately held her wrist with her other hand, her face contorted in agony!

That was painful!

Gu Xingze's roundhouse kick broke her wrist!

She clutched her wrist tightly and looked up again. Her eyes were already bloodshot!

"All you people, you are all protecting her! Are you her dogs?! Do you have to be so loyal?! Are you not afraid to die for her even?!"

Yun Shishi gritted her teeth. Out of the corner of her eye, she saw another person getting out of the car. She immediately turned around and saw a man dressed in black walking toward Gu Xingze!

Yun Na did not come alone!?

Yun Na was not the only one in the car. There was someone else!?

Damn it!

Yun Shishi immediately blurted out, "Xingze, be careful!"

Gu Xingze was a little distracted by her hollering and turned around. At this point, Yun Na immediately pulled out a sharp dagger secured to her waist. She instantly removed the scabbard, gripped the handle tightly, and viciously plunged the blade into his back!

"I'll kill you! I'll kill you!"

"Mmm..."

Caught off guard, Gu Xingze was stabbed by the dagger. As he arched his body reflexively, he noticed, from his peripheral vision, a man in black walking towards him. The man reached out and quietly grabbed him by the throat, dragging him to the side. Then, he delivered a vicious blow to his chest.

"Cough—"

Following this punch, Gu Xingze went numb from the pain. He frowned as the veins on his forehead popped out!

The man quickly restrained him, grabbed his throat and pinned him against the wall!

Yun Na rushed over without thinking. She held the dagger and stabbed him again, this time in the abdomen!

"Arghhhhhhhhh! No... No...!!!"

Yun Shishi was so shocked by this brutal scene that she could not speak. Her mind went blank for a moment before the situation forced her to regain her rationality. From the corner of her eye, she suddenly saw the gun that Gu Xingze had kicked to the side. She hurriedly crawled over and closed her trembling hands around the grip!

She had never held a gun in her life. Gripping the weighty piece of metal in her hand, she had no idea how to use it!

What should I do?

What should I do?

Yun Shishi turned ashen as her forehead broke out in a sprinkling of cold sweat.

At that moment, Yun Na stabbed him again and when she violently withdrew the dagger, a spray of blood gushed out.

"Stop!!!"

Yun Shishi broke down and roared. She immediately rushed over, clumsily aimed the gun at the leg of the man dressed in black, and pulled the trigger!

Because Yun Na had already loaded the gun earlier, a bullet shot out!

In almost the same instant, the bullet struck the man's leg.

The man staggered and dropped onto the ground on one knee. Yun Shishi fired another two shots at his back!

When Yun Na saw the gun in her hand, she charged towards her!

“Yun Shishi, I’ll kill you! Go to hell!”

Looking at the charging woman, Yun Shishi gripped her gun tightly and hollered hysterically, “You’re the one who should go to hell!”

Bang! Bang! Two shots rang out.

One bullet flew through Yun Na’s other intact wrist, drilling through her flesh. As for the other bullet, it lost its acceleration as it created a hole in the wall!

Yun Na’s dagger fell to the ground.

“Yun Shishi, you...”

She found it hard to believe, much less had thought, that Yun Shishi would actually hit the bull’s eye the first time she’d held a gun.

She herself had had to practice for a long time before she could handle it!

Chapter 2864: A Dangerous Moment

She herself had had to practice for a long time before she could use the gun!

Yun Na was in so much pain that she could no longer move her hands. Like a zombie, she rushed towards Yun Shishi and knocked her onto the ground.

Yun Shishi was about to pull the trigger again when she realized that there was no more bullets!

This handgun only had six bullets!?

She was both shocked and flustered. Yun Na, who was on top of her, opened her mouth like a mad dog and bit her shoulder!

“Ah...”

Yun Shishi groaned in pain as she broke out in cold sweat.

She suddenly reached out and grabbed Yun Na’s neck. She was on the verge of losing her rationality, but she couldn’t care less. She reached out and with a pair of fingers, ruthlessly jabbed them into the other woman’s eyeballs!

The immense pain made Yun Na howl hysterically and she rolled to the side.

She had been too anxious.

She had been too anxious to get rid of Yun Shishi!

And because of that they were now caught in this mess!

Yun Shishi immediately got up from the ground and pounced on Yun Na again, grabbing her with her hands and screaming in anger and despair, "Yun Na! Why do you have to be so cruel?!"

Being strangled, Yun Na could hardly breathe. Her brain was deprived of oxygen, and her face had turned a purplish red!

Her eyes bulged from the sockets and veins popped out!

Yun Shishi said through gritted teeth, "I hate you! I hate you! You destroyed this family! You deserve to die! Damn it, it was never me! It was you! You were the one who harmed Dad! He's your biological father! How can you treat him so cruelly?!"

"He's not!"

Yun Na screamed in despair, "He's not my father! He's not! Yun Shishi, you took away everything that originally belonged to me! Even if I have to go to hell one day, I'll take you with me!"

The moment she thought of how miserable Yun Yecheng looked, her hatred for this detestable and vile woman grew!

She tightened her grip around Yun Na's throat!

She wanted to kill her!

Even if she were to be sentenced for breaking the law eventually, she would not hesitate!

This woman had gone mad!

If she did not kill Yun Na, Yun Na would kill her and Xingze!

She would not allow this woman to hurt Xingze again!

As Yun Shishi and Yun Na were entangled in this intense confrontation, behind them, the man in black finally got up from the ground. He had been shot in the knee, and one of his legs had lost its ability to support him. However, seeing that Yun Na was at a disadvantage, he immediately turned around and returned to the car.

He opened the trunk and took out a silver pistol.

The man turned around. Under the moonlight, the gun emitted a cold gleam, attracting Gu Xingze's attention!

It was a gun!

Following the man's riveting gaze, he realized that he was closing in on Yun Shishi step by step. His right hand gradually lifted, swiftly loaded the gun, and he planted his index finger firmly on the trigger!

No...

Gu Xingze did not give it a second thought, neither did he care about his blood soaked abdomen or back. His suddenly sprang up as the man in black raised his gun and pulled the trigger, then, he lunged at him!

"Wuu..."

The man was caught off guard and fell to the ground. However, the trigger had already been pulled, and the bullet's trajectory suddenly deviated.

If he had not missed, the bullet would have pierced through the back of Yun Shishi's head!

However, due to Gu Xingze's interference, the bullet hit the car window near Yun Shishi!

Bang!

The car alarm went off!

The glass shattered!

Chapter 2865: I Can't See A Thing!

The glass shattered!

The flying shards flew past her cheek and left their mark as they broke the surface of her skin. Then, they embedded themselves in her eyes!

The eyes are the weakest part of a person. As the glass shards flew into her eyes, the piercing pain made her cry out in pain...

As the dizzying pain hit Yun Shishi, her entire body fell backward!

My eyes...

My eyes hurt!

She could feel everything around her spinning, and following that her head hit the cement ground heavily, the pain in her eyes was unbearable!

Immediately after, she seemed to feel the shards from the car window raining on her.

"Shishi...?"

She thought she heard him calling her name!

However, she could not hear what he was shouting.

The pain took over her entire being and it was the only thing she knew!

It hurts. My eyes hurt!

Yun Shishi panicked and touched her eyelids with her trembling hands. Her fingertips came into contact with a patch of warm, wet blood that stained her eyelashes and ran down her cheeks, dyeing her clothes red where it fell.

She endured the searing pain and tried to open her eyes a little. However, her vision was blurry with blood, as if it was covered by a layer of red mist. It was so blurry that she could not see anything. She could only distinguish the glaring light.

"I can't see, I can't see a thing..."

She started crying.

Gu Xingze furrowed his brows and gritted his teeth as he struggled to grab the dagger from the ground.

The man behind him was trying to get up for the final fight!

However, Gu Xingze did not give him a chance!

Pfft!

The sharp edge of the dagger pierced through his chest.

That was where the heart was!

Gu Xingze knew very well that with this stab, the man could dream about getting up again!

With a dagger suddenly plunged into his chest, the man widened his eyes. His expression instantly became contorted as he looked at the bloodied man in front of him in disbelief!

He...

He had been stabbed so many times, yet he still had such great strength!

And he had driven the blade in so deeply!

The man immediately coughed out a mouthful of blood. This stab was almost deadly. He collapsed onto the ground, his eyes wide open in anger. He stopped struggling!

Gu Xingze stood up and staggered to Yun Shishi's side, helping her up.

However, the moment he exerted himself, it caused blood to flow out from his wounds!

Yun Shishi screamed in fright when she felt someone touching her.

He immediately coaxed her gently, "Shishi, don't be afraid. It's me, Xingze..."

He held back the sweet metallic taste in his throat and glanced at Yun Na, who had fainted on the floor. He said to her, "Let's go to the hospital. We..."

Before he could finish speaking, his legs went weak, causing him to keel over before he dropped onto the ground.

Hearing his voice, Yun Shishi endured the pain and groped around until she finally found his hand.

She immediately held his hand tightly.

"Xingze, how are you feeling?! Are... are you seriously injured and bleeding?!"

"No..."

Suppressing his pain with clenched teeth, he feigned a calm smile and reassured her, "I'm fine."

Yun Shishi did not believe him. She reached out to try and feel around his body, but he held her hand back.

“Your eyes are injured... Let’s go to the hospital, okay?”

“Okay...”

Yun Shishi touched her face in pain. When her fingers came into contact with the sticky blood, she became even more flustered.

She couldn’t see a thing...

More than that, she could not see how badly Gu Xingze was hurt.

Chapter 2866: I Like You So Much

Seeing that she was panicking, Gu Xingze hugged her gently to calm her down and said nonchalantly, “Don’t be afraid. I’m here. It’s alright now...”

“...”

“It’s alright now, huh? Don’t be afraid...”

The two of them leaned against each other as they stood up. Unable to see, Yun Shishi had no sense of the direction and could only do her best to pull Gu Xingze’s arm over her shoulders, trying to support his entire weight.

Gu Xingze put his arm around her shoulders, thinking deep down how this foolish girl must have been trying to take his weight.

But she was also seriously injured.

He could not bear to do it. He really could not bear to put all his weight on her.

So he shifted his weight to the other side. With one arm around her and the other covering his own bleeding wound, they slowly made their way to the intersection.

Yun Shishi could not see. And because she could not see, she had no idea how pale the man had turned.

His face was drained of color and covered in cold sweat.

Especially his naturally rosy lips. They had lost all color from his excessive blood loss.

It was also because she could not see, she had no idea how tender his gaze was as he looked upon her.

The tenderness that flowed from every fiber of his being.

If only he could, he’d keep looking at her.

So that her face would be imprinted on every cell in his body.

If he could, he would stop time, so that he could quietly look at her, till he got sick and tired of her.

If he could, he would go back to the day they first met.

He would have held her tightly in his arms.

So that he could fill her entire heart even before that man appeared...

His lips suddenly trembled.

He looked at Yun Shishi's side profile and saw her trying to tolerate the pain she was in. He could not bear to do it, he could not bear to let her go. In an instant, his eyes turned bloodshot and filled with tears.

"Shishi..."

"Yes..."

"Before I came... before I came... I thought of everything that I should say as parting words..."

He tried his best to widen his eyes and force back his tears. His Adam's apple moved and his lips curled into a smile as he said, "I wanted to wish you happiness... I wanted to wish you happiness forever... but I selfishly thought that I might not be able to... be generous enough to give you my blessings..."

Her expression froze.

"How I wish you couldn't live without me."

"Xingze..."

"I like you."

Gu Xingze endured the pain and spoke in a voice as soft as the breeze, "I really like you so much... Cough..."

He tried to force a smile. "So much, so much..."

It was the first time in his life that he loved someone so deeply.

He was unwilling to accept this. He was unwilling to accept that, for the first time in his life he had given everything and exhausted all means to win a person, he ended up failing!

However, no matter how unwilling he was...

"I still hope that you will be happy."

Gu Xingze muttered involuntarily.

Shishi, do you know?

I want to be generous and wish you happiness, but I also selfishly hope that you will never be happy without me. But ultimately, I will not be able to bear it if you ended up lonely!

She suddenly felt the weight collapse onto her shoulder.

Then it fell away, and she heard a heavy thud... the sound of a person falling to the ground.

“Xingze...!”

Yun Shishi burst out crying in fright. “Xingze, where are you?”

She immediately crouched down and fumbled around with her hands until she felt an arm. Following the arm, she crawled over to where he lay and took him into her embrace.

Chapter 2867: Can I Trade My Life For You?

“Xingze, where are you?”

She immediately crouched down and fumbled around with her hands until she felt an arm. Following the arm, she crawled over to where he lay and took him into her embrace. Tears flowed out of her eyes continuously and fell onto his body.

“Xingze, don’t scare me... Don’t scare me...”

She was so flustered, as if the entire world had collapsed.

She shouldn’t have accepted his invitation!

She should have rejected him cruelly. This way, even if he were disappointed, he would have been safely on the plane to America. He would never have ended up like this!

She was wrong!

Dear God!

She knew she was wrong!

She really knew she was wrong!

Can we start over?

Can we just turn back the clock!?

She did not want him ending up like this!!!

“Shishi...”

His breathing suddenly quickened. He opened his eyes and looked up at her. His heart ached when he saw her crying. “Stop crying...”

“Xingze, don’t scare me...”

“It’s fine...”

With a gentle smile, he coaxed her gently, “I don’t care much about life and death anymore.”

He had learnt to take death very lightly. Right from the beginning to the end, he had locked himself in his own world. The only ray of hope he ever had was her, but he had let her slip through his fingers.

About the only thing in the world that he could not take lightly now was her tears.

“It’s all my fault! It’s all my fault!”

Yun Shishi cried bitterly, “Can we trade places? I’ll trade my life for yours! I beg you, don’t die, you can’t die, don’t leave me so cruelly...”

“Will you forget... forget me?” he asked with difficulty.

She burst into tears at his words.

He continued to ask persistently, “If I died, will I live in your memory, even if it were only for a second?”

She was heartbroken and deliberately provoked him. “If you die, I’ll definitely forget about you. I’ll forget everything about you, so...”

He interrupted her with a chuckle.

“Yes, that would be best.”

“...”

She was shocked.

When he heard her saying that she’d forget him, there was disappointment, but also comfort in his eyes.

Disappointed because she’d forget him.

Comfort, because this way—

He wouldn’t leave her with these painful memories.

“I don’t wish to leave behind sad memories for you.”

His eyelids grew heavier and his face lost all its luster, becoming dull and gray, but still, he tried hard to smile.

“Forget me... It’s best...”

His eyelashes slowly descended, and his fair hand abruptly slipped from her palm and fell limply by the side.

...

The air suddenly became dead still.

The silence of a flatline.

She could not hear a single sound coming from him, and could no longer feel any warmth or undulations from his body. She only felt his body temperature falling, the heat draining away as he gradually turned cold!

“Xingze!”

She forced a smile and gently touched his cold face, trying to pull the corners of his lips up.

“Xingze, can you talk to me? I want to talk to you. I’m scared...”

“I’m really scared...”

“...”

“Liar!”

Yun Shishi frowned. “Didn’t you tell me not to be afraid because you were around? But... why are you leaving me behind now...”

Gu Xingze did not respond or make a sound.

The silence was frightening.

Chapter 2868: I Was So Lucky To Have Met You

Gu Xingze did not react at all.

His eyelids were slightly closed, and his expression was calm. However, his body was like an empty shell that was completely lifeless!

“No...”

She finally began to panic. She groped for his face and pressed her forehead against his cheek, but she could only feel his coldness.

“Xingze, don’t... I beg you. I beg you, don’t leave me...”

She begged in despair and used all her strength to hug his shoulders tightly, as though trying to transfer all her body heat onto him!

“Xingze, I was lying to you just now!”

She said painfully, “I was lying to you. I just wanted you to get on with life... I was lying to you. I won’t forget you. How can I bear to forget you...”

Memories flashed before her eyes.

The first time they met, he smiled at her as he sized her up. Her pretty eyes were like crescent moons and there was a warm smile on her face.

“You are such a pretty and clean-cut girl. Why are you an assistant to a mediocre model? Where’s the future in it!”

“You’re much prettier than her. You’ll be a real success if you entered the entertainment industry.”

“My ideal female lead would have a temperament like yours.”

...

Yun Shishi could no longer hold back her deep sorrow. She cried heartbreakingly, holding his cold body. She was like a child in despair.

“I like you, I like you so much.”

“So much... so much!”

His smile was fresh in her mind.

At the Huanyu annual gala, he had led her to the dance floor.

He bowed slightly in his suit, and invited her, like an elegant and noble gentleman, to the dance floor.

“May I invite you for a dance?”

He smiled, showing off his sparkling white teeth. He was downright mesmerizing.

Life felt like a first meeting.

Gritting her teeth tightly, she hugged his limp head and burst into tears.

She tried hard to open her eyes wide to take a good look at him. But this only intensified her pain. In the end, all she saw was a bloody blur, and she could not see anything clearly!

“No...”

She cried helplessly, “Let me take a good look at you!”

“Xingze, let me take a good look at you...”

“I can’t see anything...”

Yun Shishi clutched his shirt tightly, her soul almost shattering from the pain!

“Xingze...!”

She screamed his name in despair, her cries echoing throughout the huge parking lot.

...

“Shishi?”

In the darkness, a tall figure walked towards her.

Yun Shishi opened her eyes abruptly and saw Gu Xingze’s gentle smile.

“Xingze!”

Overcome by emotions, she threw her arms around him.

“You’re alive! You’re alive!”

She was so happy that her words came out in a gush. All she knew was to repeat one sentence after another as she hugged him tightly.

“You scared me. I thought you really left me—”

Yun Shishi's tears continued to flow. "Never make a joke like that again! You can't die and leave me behind..."

"Shishi, Shishi..."

Gu Xingze calmed her down and gently stroked her hair with his warm hand. He smiled and said, "I'm leaving."

"You're leaving?"

"Uh huh."

"Where are you going?"

"To somewhere far away."

Gu Xingze's tone was relaxed. "This is probably a form of release!"

To him, moving from a life of pain to perpetual darkness was a form of release.

"Meeting you was the luckiest event in my life."

Chapter 2869: I Have No Regrets

"Meeting you was the luckiest event in my life."

"But meeting you has also exhausted all my luck."

Gu Xingze smiled faintly. "But I have no regrets."

But...

He suddenly turned around and smiled at her. "I'm leaving."

"No!"

She immediately got up and chased after him desperately. "Xingze, don't! Don't go..."

As if he could not hear her, his back view slowly disappeared from her sight.

She used all her strength to run after him, but she could not catch up no matter what.

"Ah..."

She woke up in the darkness and opened her eyes wide. Through her blurry vision, she could vaguely see a strong light shining down from overhead!

"She's alright, she's alright!"

There was a lot of background noise, people talking.

Two men carefully lifted her onto a stretcher.

“Be careful.”

“Be careful of her hand, don’t put pressure on it!”

...

Late night. The flashing lights of the ambulance and police cars were blinding.

In the long corridor of the hospital, a cold light flashed past. The doctors and nurses pushed the stretcher towards the operating theater with anxious expressions.

Yun Shishi lay on the operating table with her eyes tightly shut. The piercing pain almost suffocated her.

She could vaguely make out the distraught cries of someone’s family members among the background noise.

Following that, she heard a familiar voice.

“Shishi... Shishi!”

It was him!

“Painful... it hurts...”

She couldn’t see anything. She reached out and a pair of large hands gripped hers at once.

She heard Mu Yazhe calling her name while trying his best to sound calm.

“Shishi, it’s me...”

Before he could finish, the nurse pushed him aside.

“Sorry, sir. Please wait outside the operating theater!”

With that, a group of medical staff rushed Yun Shishi into the operating theater.

Mu Yazhe stood at the entrance of the theater. Behind him, Hua Jin rushed over with Youyou in his arms. Little Yichen ran the fastest and rushed to the door of the operating theater. When he raised his head and saw the operating lights, he sucked in a breath of cold air!

“Mommy... ”

He frantically walked to the door and peeked through the crack.

Hua Jin immediately asked, “Brother-in-law, what happened to Sister?!”

“I’m not sure what the situation is.”

“Sis...”

“Her eyes are injured. I’ve already sent someone to investigate the details.”

He had, earlier on, sent bodyguards for her. However, he was told that she had followed the filming crew to the television station for an event before being sent home by the crew. Hence, they did not follow her.

Besides, there had never been any incidences all along.

Hence they had relaxed their vigilance a little. Besides, Yun Shishi also said that there was no special event, so she stopped them from following her.

Thus, they stepped down to standby mode.

“Excuse me, are you a family member of the deceased?”

The doctor’s trembling voice could be heard coming from the emergency room not far away.

Mu Yazhe turned around and saw Gu Jinglian standing at the entrance of the emergency room, his presence sinister and terrifying.

In the middle of the night, he had received a call informing that something had happened to Gu Xingze.

He had rushed over in a hurry, and all along the way, he felt that it was inconceivable.

Something happened?

How could something have happened?

Didn’t he go out to attend to some matters?

Did he not have a red eye flight to America and all the formalities had been completed? He said that he would not be returning. Gu Jinglian had planned to send him off.

Chapter 2870: Unbelievable

He said that he would not be returning. Gu Jinglian had planned to send him off. But at the last minute, he said there was a very important person he had to meet. Then, he disappeared.

Unexpectedly, he waited till late for to be told such news.

He rushed to the hospital and arrived at the emergency room. However, the doctor asked him if he was a family member of the deceased.

“Deceased!?”

Gu Jinglian’s expression darkened. “Where is he?”

“He’s in the emergency room. We tried to save him, but he lost his vital signs on the way. There’s nothing we can do!”

The doctor said regretfully.

But Gu Jinglian did not believe him. “How is that possible?! You quack, did you make a mistake?!”

The doctor was extremely aggrieved. But even then, because of his fear of the man’s identity, he explained in a quiet voice, “How could I be mistaken?! The deceased was a very popular celebrity when he was alive. He was a popular idol. Didn’t you see? The nurses in the emergency room were all crying so hard that they almost died...”

Gu Xingze had lost all signs of life on the way to the hospital.

When he was in the ambulance, some medical staff recognized him.

Coincidentally, this nurse was a fan of Gu Xingze. When she saw this scene, she was thunderstruck!

Unbelievable!

Just a day ago, the heavenly king idol had made a public announcement that he would “withdraw from the entertainment industry”. And now he was a cold, lifeless body.

When Gu Xingze was sent to the emergency room, many nurses came crowding round!

“Heavens!”

“Oh my god! Isn’t this Xingze?! Am I seeing things or...”

“Am I dreaming?!”

Cries filled the air in the emergency room.

No one could believe that Gu Xingze was dead.

His lifeless body was lying there coldly!

What was most heartbreaking was not his departure!

It was when the doctor announced that the rescue effort was futile and the nurses tended to his injuries, they found him covered in wounds and blood!

Not only did he leave this world all alone, he even left in great pain!

Even those who were not Gu Xingze’s fans cried with sadness at such a bleak scene!

“Get out of the way!” Gu Jinglian did not have the patience to listen further. He suddenly pushed the doctor aside, kicked the door and broke in!

The door was kicked wide open!

Gu Jinglian walked in, only to see that in the resuscitation room, a body was covered tightly by a white sheet on a hospital bed.

A group of nurses were huddled together and bawling their eyes out!

Gu Jinglian could not help feeling annoyed and shouted angrily, “Get out!”

A few nurses were shocked by his angry and cold expression. The doctor shot them a look and they filed out, vacating the room.

Now, there was only the single trolley bed in the huge emergency room.

Various medical instruments were put away by the side.

At the foot of the bed, there were bloodstained shreds of cloth that had once been the clothes of the deceased.

Gu Jinglian walked to the bedside. He really did not believe that the person under this white sheet was Gu Xingze.

He reached out and grabbed a corner of the white fabric and peeled it back!

Whoosh—

Gu Xingze's lifeless handsome face registered in his vision.

Gu Jinglian's eyes widened and he lost control of his focus. His pupils constricted and his heart skipped a beat.

"Xingze..."

He was really dead!?

He found it hard to believe.

Butler Fu rushed to the emergency room and cried out, "Young Master Xingze!"
