

Sweet Love 2931

Chapter 2931: Sons And Daughters (2)

“My daughter will be very pretty. She’ll look good in outdated clothes too.” The man appeared extremely confident.

These words, so confidently spoken, were completely uncharacteristic of him.

Would this man turn into a slave to his daughter in the future?

Yun Shishi could not help imagining it in her mind.

In the image she had, Mu Yazhe could not bear to let go of the pink and tender little bundle in his arms. He would coax her into eating, carry her while she slept, and even when walking, he would not bear to put her on the ground and rather, let his daughter ride on his shoulders...

Uh...

She then imagined Mu Yazhe carrying a plump baby boy, looking completely bitter and vengeful!

Her heart pounded.

This little fellow hadn’t even arrived into this world, yet he was already excitedly making all sorts of preparations. If this child turned out to be a boy, then not only would the princess room be a complete waste of effort, what would he do with all these dresses that he had bought?

All would be fine if the baby turned out to be a daughter, but if it turned out to be a son, his hopes would be dashed!

He would be very disappointed!

Yun Shishi suddenly asked out of curiosity, “Let me ask you seriously. In the event that this is not a daughter, if it turned out to be a son, will you still like him?”

Mu Yazhe pondered for a moment before replying solemnly, “Of course. As long as it’s our child, I’ll like it.”

“You seem so keen on a daughter that I’m wondering if you’d make me have another child if this one turns out to be a boy.”

Mu Yazhe hugged her upon hearing this and affectionately rubbed his face against hers. “Why are you over imagining things again? You’re not a sow; I won’t force you if you don’t want to have another baby!”

The man seemed to have forgotten how this child came about!

If he had not replaced her birth control pills with folic acid pills, Yun Shishi would not have fallen into this trap!

She was completely kept in the dark and thought that the child had broken through all the barriers!

Little did she know that Mu Yazhe had tricked her!

“Oh, right. I have to go for a prenatal checkup soon.”

Yun Shishi stroked her belly gently and lamented, “Recently, I seem to feel sleepy all the time. The vomiting has slowly subsided, but... I get hungry easily in the middle of the night. I want to eat, but I don’t know if I’m allowed to.”

“Of course you may.”

Mu Yazhe continued, “I’ve asked the doctor. You may have some snacks. There are some biscuits and bread at home. You can have some biscuits when you’re hungry.”

“Okay...”

Yun Shishi could not help being silently critical. If she kept eating and sleeping like this every day, wouldn’t she lose control over her physical form after giving birth?

She heard that many pregnant women would lose their figures after giving birth.

She had been able to maintain her figure after the birth of Youyou and Mu Yichen because she was only 18 years old at the time.

However, she was in her twenties now. No matter what, she was still worried about this.

Mu Yazhe glanced at her and was compelled to make up a story. “Why? Are you afraid of gaining weight from eating too much?”

Yun Shishi bit her lips in embarrassment at that suggestion. “What if my figure goes out of shape? It’s such a nightmare to suddenly gain 30 pounds!”

“It’s fine. You’re so skinny now. You should take advantage of your pregnancy to grow a little flesh.”

He thought that she was too thin.

Especially during this period of time when she had not been eating or drinking. Her nutrition status was not up to par and she had lost a lot of weight. It made his heart ache.

Chapter 2932: Sons And Daughters (3)

Especially during this period of time when she had not been eating or drinking. Her nutrition status was not up to par and she had lost a lot of weight. It made his heart ache.

But ultimately, she was worried about gaining weight!

“Wouldn’t you despise me if I were to become a big fatty?”

The man replied matter-of-factly, “There’s nothing I can do about it. We’ve been married for so long, would I care whether you’re fat or not?”

“...” She was taken aback by this remark.

“Alright, I’m just teasing you. Of course I won’t despise you if you gained weight.”

“Liar!”

“...”

Then suddenly, as though struck by a thought, he said, “We’re due for another prenatal checkup soon.”

“Uh huh.”

At the mention of a prenatal checkup, Yun Shishi asked curiously, “I heard that we’d be able to tell the gender of the fetus at 16 weeks.”

“Uh huh.”

“But isn’t that prohibited by law?”

“This rule doesn’t apply to me. Why are you asking this?”

Yun Shishi said, “Why don’t we find out the gender of the baby?”

However, Mu Yazhe said, “It’s better not to do ultrasound so frequently. There’s no urgency to find out.”

...

When Yun Shishi was four months pregnant, Mu Yazhe took her to her prenatal checkup.

Result of the prenatal examination was excellent.

In the past month, under Mu Yazhe’s meticulous care, her health had recovered significantly.

It was a female doctor who carried out the prenatal checkup for her. Now in the office, she looked through the various data reports while sizing up the man beside Yun Shishi. She could not help remarking enviously, “Mrs. Mu, you’re really blessed! Every time you come for a prenatal checkup, Chairman Mu would personally accompany you! It’s really fortunate to have such a caring and gentle husband who dotes on you so much!”

Yun Shishi smiled and held his hand tightly. Pursing her lips, she said, “He’s even more nervous about the pregnancy than I. I’ve been unwell recently, so he’s just worried about me getting into any sort of accident.”

Mu Yazhe caressed her hair lovingly and asked casually, “Is the fetus in good health?”

“Don’t worry, Chairman Mu. The fetus is very healthy!”

As the doctor spoke, she suddenly smiled mysteriously and asked, “I heard from Young Madam Mu that Chairman Mu has already started preparing the nursery?”

“Yes, it’s ready.”

“A princess room?”

The doctor was all smiles. Yun Shishi laughed and said, "Not only a princess room, but he's also bought a bunch of dresses and hung them in the closet, waiting for the child to be born and wear them! However, all the clothes he prepared are for a girl. I laughed at him and asked him what he'd do if the child turned out to be a boy. Was he going to let his son wear all these dresses?"

The doctor was stunned for a moment when she heard this. Greatly amused, she remarked, "So Chairman Mu would love to have a daughter?!"

"Yes! He's especially hoping that I'm carrying a daughter in my belly! He'd love to have a daughter, he'd be head over heels if that turns out to be the case!"

"Young Madam, what about you? Are you hoping for a daughter too?"

"Of course! I'd love to have a daughter, but I'm not as overly enthusiastic as he is."

The doctor replied, "Generally, fathers prefer daughters! They dote on the girls!"

"Well, we don't know if it's going to be a boy or a girl."

"How could that be?" The doctor disagreed. "I think this only means that Chairman Mu and the little princess have telepathy and know that a little princess is on the way. When I first heard about it, I also found it unbelievable! Who would start preparing a princess room before knowing whether it's a boy or a girl? He's even bought a bunch of dresses!"

Chapter 2933: Thank You, Shishi...

After a pause, the doctor continued, "But from the looks of it, this is probably telepathy! It's fate!"

Yun Shishi smiled, only to realize something after a while. She raised her brows abruptly and asked suspiciously, "What did you say?"

Mu Yazhe, who was behind her, also looked rather stunned.

"What do you mean by that?"

The doctor smiled and said, "Chairman Mu, Madam Mu, congratulations! The baby is a little princess! Chairman Mu, you have a daughter!"

Mu Yazhe was stunned for a long while before he could react.

Despite his reservations, he looked at Yun Shishi in surprise before asking again, "Is it really a daughter?"

"Yes! The ultrasound scan confirmed that it's a girl! The accuracy of the ultrasound is very high. Generally speaking, it can be 100% confirmed! Chairman Mu, congratulations; you're right in preparing the princess room!"

Mu Yazhe's nervous expression gave way to a look of relief. His brows were raised high in excitement, and he was so happy that he did not know what to do!

He lowered his body and looked at Yun Shishi, holding her shoulders. He was so happy that he lost his composure.

“Shishi, we have a daughter!”

“Yes, Yes!”

Yun Shishi was happy for him as well. Even though she could not see the expression on his face, she could imagine how happy he was just by listening to his voice, which was unsteady from the sudden burst of happiness!

Mu Yazhe was so happy that he could not control himself. He hugged her and carried her in his arms. Ignoring the strangers around, he lifted her and spun her around a few times.

“Ah...”

She nervously hugged his shoulders and chided him, “You’re... scaring me!”

“Shishi, I’m so happy! I can’t believe this is real!”

Mu Yazhe held the back of her head as his thin lips involuntarily curled into a tender smile just thinking how he’d be able to hold the little princess in his arms once the child was born!

His mood was as high as a hydrogen balloon floating towards the skies.

“Let me down!”

She was shy and embarrassed at the same time. She lightly punched his shoulder. “How unbecoming! Can’t you restrain yourself a little more!”

The doctor laughed and said, “I’ve been in the OBGYN department for many years, and I’ve seen this kind of scene many times! Many new fathers can’t help themselves. Young Madam, there’s no need to feel embarrassed!”

Mu Yazhe placed her back down and could not stop hugging and kissing her. “Shishi, you’ve worked hard!”

“Alright, alright! I know you’re happy.”

She paused for a moment before she said cheekily, “Congratulations, Mr. Mu. You’re going to be a father again, and this time, it’s a daughter! You have both sons and a daughter now, isn’t that just perfect!”

As she spoke, she reached out and gently touched his face.

Her fingertips accidentally brushed his eyelids and she felt a trace of wetness.

She could not help but be taken aback as her heart skipped a beat.

“Thank you... Thank you. For pulling yourself back together, for the sake of the children and myself...”

He was choking up.

Stunned, Yun Shishi widened her eyes, only to hear him say in a quiet voice, “Did you know, I almost thought that I was going to lose you guys...”

As he spoke, he held her hand and gently kissed her fingertips. His eyes turned red from the happiness and excitement.

He felt the joy of someone regaining what he had lost!

The happiness of surviving a calamity!

Hearing the tenseness in his voice, tears welled up in her eyes.

She held his hand tightly and choked, "I'm sorry..."

Chapter 2934: Loving You With My Life

During the time that Gu Xingze had left her, she had been so consumed by guilt and pain that she had momentarily neglected Mu Yazhe's feelings.

At that time, she was in a confused state. She was so fully indulged in the pain she felt that she was constantly focused on it. Little did she realize that he was also carefully protecting her.

Every time she woke up from a nightmare, he would be by her bedside, busy comforting her emotions, wiping away her cold sweat, and coaxing her to sleep.

When her emotions were at their lowest, he held the bowl, repeatedly persuading her and coaxing her to eat.

She couldn't see how nervous he was.

But in her semi-consciousness sometimes, she would always feel that he was by her bedside, holding her hand gently, never letting go.

She had no awareness of his sufferings, much less his pain.

He was not good with words, nor was he good at expressing.

Her man was an extremely reserved man who hid his emotions deep in his heart.

During that period of time, he was suffering as well.

He did not know how to share her pain, nor how to bring her out of that shadow.

He was a jealous man. In the past, she could not even mention Gu Xingze's name.

However, during this period, she had watched Gu Xingze's videotape for entire afternoons.

He looked on from the side, feeling helpless and heartbroken.

He whispered into her ear countless times, "Shishi, you still have me. Gu Xingze is no longer around, but I'm still here."

...

"I can't lose you. Wake up, won't you wake up?"

...

“Won’t you forgive yourself? Forgive yourself and stop torturing yourself...”

...

“If only you’d recover, I’ll accept whatever price I have to pay!”

More than once, he had held her shoulders and said with no uncertainty, “Shishi, Gu Xingze is not the only one who’s willing to protect you with his life; there’s me too.”

So can I.

“I love you with my life too.”

...

But every time when confronted by her indifference, he could only hold her in his arms, there was nothing else he could do.

Often, she would wake up from nightmares and just sit there motionlessly, crying nonstop.

He would scramble to wipe away her tears while trying to suppress the bitterness in his heart. God knew that his heart almost shattered whenever he saw her tears.

It was as though her heart had died, leaving him with a heart that was constantly trembling in fear.

For the first time in his life, he felt such a deep fear.

He was afraid that she would not make it through.

He was afraid she’d leave him behind, along with their unborn child.

He was afraid... to lose her.

Later, her maternal instincts were awakened, and she started making attempts to eat, to talk, and to return to her normal life.

He was pleasantly surprised, but he was still cautious, constantly afraid of stirring her emotional state and hurting her in any way.

He did not dare to be too indulgent in happiness, lest the heavens be jealous of him and take revenge on him. Should his dream be shattered, he would have nothing.

He watched over her carefully and protected her. He was worried about her being in the hospital, so he took her back to Yun Shan Shi Yi to nurse her pregnancy.

The time she spent nursing her pregnancy was the happiest time of her life.

He had pushed off a lot of work. When she was asleep, he would rush to the office to settle matters. He would return home early to accompany her, even if it was just to take a stroll in the back garden with her.

Chapter 2935: You Guys Have A Little Sister! (1)

Yun Shishi suddenly recalled that there were times when she wanted to eat cherries in the middle of the night, he and Gong Jie would search high and low throughout the city, and he'd find them and bring them back.

However, she would have lost her appetite and did not eat a single one.

He would coax her to eat just one or two, then try to get her to sleep.

That she had recovered so quickly, one could credit his hard work as a husband. Certainly, he had contributed greatly to this.

Now, after the prenatal checkup and confirming that the fetus was stable and healthy, her own health gradually recovered, and he finally heaved a sigh of relief. At this point, he was so filled with happiness that he was at a loss!

To the point that he was crying tears of joy!

Even though he tried his best to hold back his tears, his eyes were bloodshot and wet nevertheless. It touched her deeply!

Mu Yazhe hugged her, his lips trembling slightly as he gently caressed her face over and over again.

Holding back her tears, Yun Shishi rebuked, "Are you really that happy to know that it's a daughter?"

She sniffled and said half-jokingly, "It looks like I'm really going to be losing my status! Your daughter has become your heart, liver, spleen, lung and kidney. What about me? I'm just your small intestine and appendix?"

Mu Yazhe smirked. "How could that happen?!"

"Seeing how excited you are makes me quite certain that I won't have any status in the future."

"Our daughter is my heart, you're my lungs. Both are equally important."

"Your lungs don't seem to be as important as your heart!" Yun Shishi deliberately kicked up a fuss.

"Look, if a daughter is like your heart, then without her, isn't it a flatline?!"

Mu Yazhe couldn't help laughing when he heard this, thinking that she was jealous. "You're even jealous of your own daughter?"

"So what? Do you have a problem with that?!"

"Fine, fine." Mu Yazhe looked at her delicate face lovingly and held it gently in his hands. He said with a tender smile, "But without you, I can't even breathe."

She was taken aback and deeply moved by his sincere words!

Without you, I can't even breathe.

She threw her arms around him tightly, choking back her sobs as tears welled up in the corners of her eyes again.

“Thank you for watching over me, and waiting all this time...”

She pursed her lips as hot tears fell on his shoulders. Then smiling, she promised him, “I will stop being willful! I will stop doing things that worry you...”

“Uh huh.”

He smiled. She could not see the great tenderness in his gaze as he looked at her.

...

When Youyou and Little Yichen returned home from school, a sweet aroma greeted them the moment they pushed open the door!

Little Yichen almost drooled when he smelled it!

He greedily sniffed the air and his eyes lit up!

“Wow! It smells so good!”

The moment Youyou smelled it, he said, “It smells like a cake! Is it some important event or someone’s birthday?”

He mentally went through some dates. No one in the family was celebrating their birthday.

The two little guys ran into the dining room one after another, and saw Yun Shishi sitting at the dining table with her hands on her cheeks. In front of her were several delicacies, and at the centre was a fragrant and tempting 12-inch cake!

“Wow...!”

Little Yichen wiped his drool.

His stomach was already rumbling with hunger after school. Upon seeing this sumptuous scene, of course he started drooling!

“You’re back?”

Her eyes fixed on a certain spot, Yun Shishi smiled and greeted them, “Get ready to eat!”

Chapter 2936: You Guys Have A Little Sister! (2)

Youyou and Little Yichen exchanged a look and asked curiously, “Mommy, what’s the occasion today? Why did you bake a cake?”

“Do you want to know?” Yun Shishi smiled mysteriously but deliberately did not say anything else.

Mu Yazhe walked out of the kitchen with a flask of fruit juice and an apron around his waist, looking like a house husband!

When Yun Shishi said that she wanted to drink freshly squeezed fruit juice, he had gone into the kitchen. After studying for a while, he finally figured out a way to make some juice.

Youyou's face paled slightly at the sight. His lips twitched as he glanced at the food on the table and then at his father's apron.

"Daddy, did you make all these?"

Mu Yazhe placed the fruit juice on the table and glanced at them. Before he could speak, a voice came from behind him.

"Of course not!"

The angry voice was coming from inside the kitchen.

Youyou and Little Yichen turned to look, and saw Hua Jin walking out of the kitchen. He was wearing an apron and sweating profusely.

He snapped, "How could your daddy possibly know how to cook? I made all these! The cake is from the bakery!"

"You can cook?" Youyou was even more surprised.

"Of course!"

Hua Jin patted his chest. "I've known how to cook since I was young!"

Although Youyou did not say anything aloud, he was secretly wondering if they'd get food poisoning from eating all these.

Little Yichen was skeptical about Hua Jin's cooking as well.

Youyou replied, "Mommy hasn't answered my question! What's the occasion today? She actually invited Brother Hua Jin over as well!"

Hua Jin felt even more aggrieved when he heard that. "Why? Can't I visit on an ordinary day?!"

The boy chuckled and stuck out his tongue.

He added, "Also, you should change your address. Call me uncle! It's uncle!"

"Alright already! Youyou, Little Yichen, it's time for dinner. Go wash your hands quickly! I'll tell you the good news after you're done!"

Hearing that there was good news, Youyou and Little Yichen naturally could not wait. They immediately ran into the washroom. By the time they returned to the dining room after washing their hands, Hua Jin and Mu Yazhe were already waiting at the table.

The two little lads sat down and eagerly asked, "Mommy, it's time for you to tell us?! What good news is it?!"

Mu Yazhe and Yun Shishi exchanged a glance, the former was smug while the latter seemed shy. Under their curious gazes, a certain man leaned forward and whispered mysteriously, "You two are going to be big brothers!"

When Youyou heard this, he objected, "This is good news?! We already knew about it!"

She said, "Stop teasing them!"

Mu Yazhe then put his arm around her shoulders and smiled. Turning to the children, he said, "Congratulations, you two have a little sister! Don't you think this is something worth celebrating?!"

Little sister!

Youyou and Little Yichen were stunned for a moment, but Little Yichen was the first to react. He straightened his neck in excitement and exclaimed, "Really?! Daddy, how did you know?!"

Youyou also cast a sidelong glance at Mu Yazhe, feeling somewhat doubtful. "That's right, that's right! Daddy, how did you know? Don't tease us! Otherwise, we'll be happy for nothing!"

Mu Yazhe raised an eyebrow and deliberately kept them guessing.

This made Youyou and Little Yichen even more anxious as they lamented, "Daddy's deliberately trying to keep us in suspense!"

Chapter 2937: You Guys Have A Little Sister! (3)

Yun Shishi giggled and continued, "Today, Mommy went to the hospital for a checkup! After the ultrasound, the doctor told us! He said that I'm pregnant with a little princess! So you guys are going to be big brothers!"

Little Yichen beamed with joy when he heard that. "Wow! Really?! Heavens! It's really a little sister! My dream's finally coming true?!"

"Calm down!"

Youyou placed a hand on his shoulder and tried to look calm as he asked, "Is the ultrasound result accurate?! I heard that sometimes, the results might not be accurate!"

"Of course it's accurate! Silly!" Mu Yazhe glared at him and retorted, "Are you saying that you'd prefer a little brother over a little sister?!"

"No..."

Subconsciously, he insisted, "I'd prefer a little sister! But..."

The surprise came too suddenly and he was rather slow to respond. The boy took a look at Yun Shishi's blissful expression, then at Mu Yazhe and Hua Jin's joyful smiles and finally believed it.

Only, compared to Little Yichen, his way of expressing surprise was reserved, very much like Mu Yazhe's.

He pretended to be calm as he held the beverage cup and took a sip of fruit juice to steady himself. However, after downing half a cup, he failed to contain his ecstasy and excitement!

He was visibly moved as he placed the cup down on the table. It was as though the entire world was filled with blooming flowers and fireworks, his mood was incomparably brilliant!

“I have a little sister!”

Youyou clutched his chest where his heart was beating rapidly.

How moving!

How absolutely moving!

This was the greatest news!

Little Yichen also asked excitedly, “How long do I have to wait before I can hold my cute little sister?!”

“How is it that you seem more enthusiastic than your daddy?”

Hua Jin smiled at him. “There is still a while to go yet, at least six months!”

Youyou was much more attentive than Little Yichen. He suddenly asked nervously, “Mommy, since you’ve done a prenatal checkup, how is the fetus?”

Yun Shishi could not hide her excitement as well. “It’s very stable. Your little sister is developing well in my belly! She’s very healthy! The doctor said that she’ll definitely be a smart little princess!”

Having been worried for some time now, Youyou could finally exhale.

He smiled in relief. “It doesn’t matter if it’s a boy or a girl, as long as it’s healthy and safe!”

He had always been sensible.

Although, he yearned for his mommy to give them a little sister. As an older brother, he would definitely dote on her!

However, in the recent past, his mother’s health had deteriorated.

She had rejected food, and she was blinded. During those days, he felt like his world was crumbling!

Later on, when she came home, they took good care of her. Daddy had put aside much of his work to watch over her. The whole family was on tenterhooks, nervous that something bad would happen to the unborn child because Mommy couldn’t take another blow.

However, now that the prenatal examination had shown the fetus to be safe and well, he was completely relieved!

“Today is really a day worth celebrating!”

Hua Jin poured everyone a glass of juice and took the lead to raise his glass. “Shouldn’t we have a toast to celebrate?”

“Yes.” Mu Yazhe nodded.

Yun Shishi smiled and reached out to look for the glass. Seeing this, Mu Yazhe considerably pushed it into her hand. She held it firmly and carefully lifted it up with a sweet smile. "Bottoms up!"

"Bottoms up!"

Everyone lifted their glasses in unison and touched them against hers with pleasant clinks.

"Bottoms up!"

Everyone cheered.

Mu Yazhe was especially glad as he downed the fruit juice in one gulp. Youyou also finished the fruit juice in his glass. Taking advantage of this moment when no one was noticing him, he quietly reached out and quickly wiped away the tears that had formed in the corner of his eyes.

Sharp-eyed Little Yichen, on the other hand, noticed this. He put his arm around his brother's shoulders and smiled. "Youyou, we're going to be big brothers!"

"Uh huh!" Youyou nodded his head heavily.

Chapter 2938: You Guys Have A Little Sister! (4)

She felt blessed.

Especially when she heard the sound of the two little lads dancing around her and blowing out the candles.

Hua Jin bickered with Little Yichen as they distributed the cake. At the same time, Youyou pestered her and asked if she had thought of a name for his little sister.

"A name..."

Yun Shishi narrowed her eyes and replied with a smile, "I thought of many names and had discussed them with your daddy. He said that the name Yueyao is a lovely and poetic name."

Youyou's face twitched as he said in utter disdain, "Yueyao? This name isn't nice at all! How is it that Daddy has such poor taste!"

Mu Yazhe smacked the back of the boy's head unhappily.

"Ouch... It hurts!" Youyou held the back of his head and pouted indignantly. "I didn't say anything wrong. Why did you hit me, Daddy?"

"What's not nice about Yueyao?!"

"How is it nice?!" Youyou argued. "Don't you think that the style of this name is too old-fashioned?!"

Feeling aggrieved hearing Youyou's ridicule, Yun Shishi could no longer keep quiet. On the verge of tears, she cautiously reminded Youyou, "Youyou... This... This name was given by Mommy! Daddy only selected it among others!"

Youyou's expression turned awkward when he heard this. He immediately cleared his throat and tried to smooth things over. "Actually, this name sounds quite nice. Hmm... Mu Yueyao, is this like the Celestial Maiden of the Jade Pool under the moonlight?"

"Yes, yes!"

The boy hit the nail right on the head.

Yun Shishi was extremely satisfied. "That was my intention. Yueyao, Yueyao, what a beautiful name!"

"Mu Yueyao, Mu Yueyao... Uh huh, this name is not bad." Youyou immediately tried to brown-nose his mother. "Mommy is indeed scholarly, to be able to come up with such a nice name!"

Mu Yazhe, who was watching this from the side, was rather peeved. He immediately looked sullen.

He reached out, pinched Youyou's ear, and pulled the boy to his side. "Yun Tianyou, is this your stance? Earlier on, you insisted right in my face that this name didn't sound nice. You criticized it repeatedly. So why is it that you keep praising it now that Mommy says this name was given by her!"

Youyou shamelessly defended himself, "Because it's really nice! Although it'll sound better with the surname 'Yun'!"

"Surname 'Yun'?" Hua Jin raised an eyebrow and stroked his chin before saying with a grin, "Indeed, Youyou is insightful! 'Yun Yueyao' indeed sounds much better than 'Mu Yueyao'!"

"..." Mu Yazhe was speechless.

Mu Yichen also chimed in, "Yun Yueyao sounds nice! Yun Yueyao sounds nice! Alright, let's have Little Sister take Mommy's surname!"

Youyou burst out laughing when he heard this and said half-jokingly, "Daddy will be heartbroken for sure, how could he bear to do that! Daddy wouldn't be willing for Little Sister to have the surname 'Yun'."

"Not really!"

Mu Yazhe, however, replied, "It's not impossible for her to take the surname 'Yun'."

Lowering his gaze, he looked lovingly at Yun Shishi's slightly swelling belly and smiled. "Whichever surname she takes, she is still my daughter."

"Wow!"

Youyou was excited when he heard that. "Daddy, are you really willing?! If Little Sister takes Mommy's surname 'Yun', then Little Sister and I will share the same surname!"

On the surface, he was all smiles, but how could Youyou not understand?

Chapter 2939: Gu Xingze's Cornea (1)

On the surface, he was all smiles, but how could Youyou not understand?

Mu Yazhe was not too fussed about this matter regarding surname.

Back then, when he officially announced Youyou's identity to the public, he did not say that he wanted to change Youyou's surname.

That was because Youyou said that Yun Tianyou was a name given to him by his mother and must not be changed.

His surname was Yun, and this was for life. He would never change it to "Mu".

Mu Yazhe knew that the boy was stubborn and did not force him.

However, Youyou was surprised that his father was not too fussed about his little sister's surname.

"So it's decided?"

Yun Shishi smiled and asked for his opinion. "Yun Yueyao? I think that sounds nice too."

"Good. The important thing is that you think it sounds good."

Youyou and Little Yichen were unexpectedly given a huge dose of display of affection between their parents.

Well...

Daddy, Mommy, is it really good to torture your singleton sons like this?

They're still kids, can't you spare them the torture?

"Let's eat the cake!" Youyou mercilessly interrupted the loving scene played out by the two of them as he ate his cake.

Hua Jin had already sliced and distributed the cake. Youyou placed the largest piece in front of Yun Shishi and said with a broad smile, "Mommy, hurry up and eat this!"

"Uh huh?"

Yun Shishi reached out to feel around for the knife and fork. Youyou was considerate enough to pass them to her. He said reproachfully, "Mommy, it's inconvenient for your eyes. If you need anything, just tell me and I'll get it for you."

"I can't always rely on you."

Yun Shishi continued, "Don't tell me that if I'm blind for the rest of my life, I'll have to rely on you to serve me?"

"It's only right and proper for a son to serve Mommy!" Youyou emphasized. "Besides, who said that Mommy will be permanently blind?"

At the mention of this, Hua Jin frowned and asked worriedly, "By the way, did the doctor say when the surgery will be decided?"

Yun Shishi's smile stiffened.

Mu Yazhe shot the man a look and frowned slightly. He replied, "The doctor said that any drugs administered for surgery at this point might affect the fetus."

"Why?"

Hua Jin did not know much apart from the fact that if blindness were a threat, then a cornea transplant as soon as possible would offer a chance of saving her sight.

"That's because, during surgery, some medication will have a certain degree of toxicity. During pregnancy, there are some drugs that must be avoided at all costs. Otherwise, it will easily affect the normal development of the fetus. If it's serious, a miscarriage or deformity is possible! Shishi's decision is to protect the child. No matter what, even if she were to lose her sight permanently, she still has me."

Yun Shishi smiled and intertwined her fingers with his.

The man furrowed his brows in deep thought.

He clenched his fists and said hesitantly, "Coming across a cornea donor can only be a thing left to chance! I heard that there's a donor presently. We should be able to go under the knife immediately."

Mu Yazhe was stunned for a moment before he looked up with a strange expression.

He studied the man for a long while before asking, "How did you know that there's a cornea donor?"

"I..."

Hua Jin wanted to say something but hesitated. He glanced at Yun Shishi but did not say anything in the end. Instead, he said plainly, "I only heard about it."

Mu Yazhe smiled and said casually, "It's alright. The opportunity will come. Let's not overthink things."

Looking distracted, Hua Jin nodded briefly.

"Okay..."

Chapter 2940: Gu Xingze's Cornea (2)

After dinner, Youyou and Little Yichen helped Yun Shishi to do some shopping. Mu Yazhe and Hua Jin walked into the back garden, one behind the other. After a long period of silence, Mu Yazhe suddenly stopped in his tracks and turned around. He trained his piercing gaze onto the other man and asked suspiciously, "The cornea donor that you mentioned earlier, could it be Gu Xingze?"

Hua Jin looked at him in surprise. "You know about it?"

"Yes, I know." Mu Yazhe nodded. "Qin Zhou discussed this with me."

Back then, when Qin Zhou was packing up Gu Xingze's belongings, he found a few of his application forms.

They had something to do with organ donation.

Qin Zhou was taken by surprise. He did not know when Gu Xingze had signed the donor form. Other than the liver and kidneys, it included a pair of corneas.

Gu Xingze's corneas.

Qin Zhou could not bear to think that Gu Xingze wasn't leaving this world in one piece. To think that after his death, he had still to be subjected to the cold surgical equipment tearing through his body.

Hence, he had initially planned to burn these forms.

However, at the end of the day, he thought of Yun Shishi.

If Gu Xingze's organs could save the lives of others, then why not let him live on in this world through this special way?

Even if he were to leave this world with his organs intact, they would only be burned to ashes!

But if other patients could be given a new lease of life because of his donated organs, on the other hand, it was like a sort of rebirth for Gu Xingze.

Hence, he brought the documents to the hospital.

Very quickly, the hospital dissected his body, removed his organs that were to be donated, and finally, carefully removed his corneas.

Qin Zhou contacted Mu Yazhe and made a suggestion.

"Xingze made a few pledges to donate his organs before he died. Among them, there's a pair of corneas. However, time is of the essence. Unless Shishi undergoes surgery as soon as possible, I'm afraid there's no hope."

A cornea transplant was not a simple procedure.

The reason why donors are hard to find, is because people have certain preconceptions. Most people are conservative when it comes to death. In addition, pledges need to be filled out when the donors are alive. And this, to most people, is a taboo.

Furthermore, there are more and more people with eye disease, hence there is a severe shortage of cornea.

The reason why it's purely a matter of chance, is because cornea transplant is a matter of great urgency.

Generally speaking, the cornea has to be stored in the preservation fluid within 48 hours of being removed from the donor, and the surgery has to be carried out as soon as possible.

Other than some big cities, there are hardly any cornea banks in the small cities.

Therefore, once a cornea donor has been identified, surgery would have to take place almost immediately. Otherwise, the success rate of the surgery would fall.

Qin Zhou had hoped that he could make use of Xingze's cornea to restore Yun Shishi's vision.

“I think Xingze would be very willing to use his cornea to exchange for Shishi’s sight! In a way he could also continue to see this world through Shishi,” Qin Zhou said.

Mu Yazhe frowned. Eight hours had passed since the cornea was removed.

In other words, the surgery had to be commenced quickly.

But...

“We can only postpone the cornea transplant for now.” He stuck to the decision.
