

Sweet Love 2951

Chapter 2951: Xiao Jie's Jealousy

Yun Shishi laughed when she heard that.

"Well, that would be good."

Jing Qi continued, "Although cornea donors are hard to come by, you're different from us. If you have a wide network, you will have many channels to access cornea donors."

Yun Shishi merely nodded without saying anything.

In fact, Mu Yazhe formerly had so many medical businesses under his name, it could be said that he had a vast network of resources.

Things were different now, however.

After Mu Yazhe left, the Mu Group had completely severed ties with him.

What were they thinking.

They even removed his name from the family tree.

Hence, most of the Mu Group's medical resources were still in their hands.

Shengyu Financial Group was a financial consortium and real estate company. Recently, it had entered the Internet industry and established Internet technology.

However, the only thing he cared about was the Mu Group's medical business.

Mu Yazhe had always been ambitious and coveted the Mu Group's medical business. He had wanted it all to himself.

However, this was definitely not something that could be accomplished overnight.

Nevertheless, Yun Shishi was optimistic about her recovery.

No matter what, she would get on with life.

After leaving the hospital, Hua Jin helped Yun Shishi into the car. He heaved a sigh of relief when they got in.

"What are you sighing for?"

She laughed at him.

"Good thing it didn't turn like the scene I had imagined," the man muttered under his breath.

"What scene?"

"Honestly, I thought that if I brought you to the hospital to see the kid, you'd hold the child and bawl your eyes out. I thought your world might fall apart again!" he said awkwardly.

Yun Shishi's lips twitched at that thought.

"Am I that emotional?"

Hua Jin glanced at her from the corner of his eyes, as though he was silently teasing her.

She retorted, "I'm not that weak."

"Are you really not?" Feeling aggrieved, Hua Jin continued, "You have no idea. At that time, because of Xingze's matter, you weren't eating or sleeping well. You looked so lost, as if your soul had left your body. Qin Zhou handed over the videotape that Xingze recorded when he was still alive. The moment Brother-in-law played the video, you started crying like the floodgates had opened! I bet you don't even know that you made Sir Gong Jie weep just watching you."

"Sir Gong Jie?"

Her facial muscles twitched again. "What is this... Why do you call him that?"

"Because... he looks so fierce! I think he'd get angry if I called him by his name, so I've always called him Sir Gong Jie."

Yun Shishi found herself fantasizing for a moment. She could imagine Gong Jie with his hands on his hips, looking like he was about to hit the roof. She covered her mouth and sniggered.

Hua Jin looked most offended and grumbled, "Alright, stop laughing at me! It's my fault for being so afraid of him!"

"From now on, if Xiao Jie bullies you or behaves badly towards you, I'll definitely support you!"

"Don't! I can't afford it!"

Hua Jin's face paled and he shivered.

She looked confused. "Why?"

For some strange reason, she felt that Hua Jin had an inexplicable phobia of Gong Jie!

But did it have to come to this?!

It made Xiao Jie seem like a demon king!

"You probably are not aware? Hmph... He knows that you've adopted me as your younger brother and doesn't like me one bit!"

"When was that?"

"When you were hospitalized. He came over immediately to take care of you."

Chapter 2952: Imprisoned In Darkness

Hua Jin was so upset that he almost started weeping at the mention of the past. "When you were asleep, he'd bully me. He'd only allow me to order vegetarian takeout and I wasn't allowed more than

half a bowl of rice. When I wanted to take care of you, he shoed me away. When I refused to leave, he grabbed my collar and told me to go home. He even hawked over me the whole time I was doing your laundry, he stood by the side and glared at me like a tiger eyeing its prey.”

“...”

Unbelievable!

Yun Shishi had never known that Xiao Jie was such a jealous man.

“Alright! Stop being so terrified of him!”

Yun Shishi wrapped her arms around his shoulders. “Both of you are my most beloved younger brothers. No one is more important than the other, I love both of you equally.”

Hua Jin smiled in satisfaction.

“Oh, right. Let’s eat out tonight. Youyou and Little Yichen have gone on a spring outing, so they won’t be back for dinner. I’m feeling too lazy to cook.”

“Okay, but... we should at least inform your brother-in-law.”

Hua Jin nodded and said, “Yes, I’ll call him now.”

...

Mu Yazhe received a call from Hua Jin, who told him that since Yun Shishi rarely went out, he’d take her out to get some sun and they’d settle their dinner before returning home.

The man was rather worried when he heard this and asked many questions. Hua Jin consoled him by saying that they had brought enough manpower on this trip and that there was no danger.

Mu Yazhe felt more assured when he heard this.

“Come home early.”

“Yes, sir.”

After Hua Jin hung up, Mu Yazhe lifted his wrist and checked the time. It was already 4pm.

He tidied up his desk and gave Lu Jinyu a call. After giving him brief instructions on some outstanding matters, he drove away from the office.

Naturally, he did not return home immediately. Instead, he drove towards another villa.

...

The cluster of villa in Yu Long Bay was a property developed by the Mu Group. At the time, he had already started to set up his own business in secret. In order to finance it, he bought a few properties and carried out two rounds of financing. After this, the property had been left vacant and he was not in a hurry to take action.

After all, real estate is always excellent for hedging and easy to finance or invest in.

At this point, he was making his way to Imperial Dragon Bay, as this was where he had arranged for Yun Na to be held.

Mu Yazhe parked the car in the basement. Then he got out of the car and walked to the security keypad next to the shutter door. After he entered the passcode, the shutter slowly rolled open.

This was a 6-storey villa, and two of the six levels were underground chambers.

The upper basement was a garage, while the lower basement was a large warehouse.

Yun Na was shut away in the warehouse.

He had made some quick adjustments to the warehouse for this purpose. A bed had been added together with some furnishings, and a stainless steel cell door had been welded inside.

Normally, there would be five people rostered to watch over her.

When Mu Yazhe walked in, Yun Na was secured to the bed. She had just been given a sedative and was struggling non-stop. She was screaming wildly, and her throat was hoarse from all the screaming. She sounded as if there were countless grains of sand in her throat.

She had a change of clothes every three days. Sometimes, the guards were impatient and could not be bothered with her.

For as long as she had been imprisoned here, she had not taken a bath. As a result, her hair was messy, and her face was dirty. There were even bloody marks where she had scratched herself.

To prevent her from escaping, her wrists and ankles were secured by cuffs.

As she had been imprisoned for a long time, there were deep marks on her wrists and ankles. The skin had been scraped off, the blood had dried and formed scabs.

Chapter 2953: Don't Be Deluded

When Yun Na heard the sound of someone approaching, she immediately turned around. However, because of the sedative, her body felt limp and weak.

This was also because she had not eaten for many days.

She had starved herself for four days.

Hence, the people who were watching over her tied her to the bed to inject her with nutrient solutions.

Initially, she had been quite willing to eat. After all, her desire to live outweighed everything!

She had no wish to die!

But after being locked in a confined space for so long, it became impossible to maintain a good mental state.

As a result, Yun Na was unable to withstand the torture and started a hunger strike.

Having not eaten for four days, she had lost weight and was extremely weak.

To ensure her survival, they had no choice but to secure her to the bed.

At the point he walked in, they had only just inserted the drip needle.

“It’s you! It’s you!!”

When Yun Na saw him, she started to struggle like a mad woman. Her eyes were so bloodshot that they looked like they would bleed.

Ignoring her struggles, Mu Yazhe glanced at his men and questioned them, “What’s wrong with her?”

“Chairman Mu, she has been refusing food for days.”

“Refusing food?”

Mu Yazhe gave her an icy smirk. “You’re really something.”

Hunger strike?

Was she protesting against the house arrest?

“Mu Yazhe!”

Yun Na glared at him ferociously with her reddened eyes. She pressed on, “What exactly do you want? Now that I’m in your hands, kill or torture me, do as you please!”

“Kill or torture, do as I please.”

Mu Yazhe curled his lips mockingly. “You make it sound rather easy.”

He paused for a moment before walking over to the bed. He gave her a casual glance and smiled as the expression in his eyes deepened.

“But I won’t kill you.”

“What!?”

Yun Na’s eyes widened in shock. She stared at him in disbelief.

He reassured her, “Don’t worry, I won’t let you die.”

Yun Na’s expression changed.

He won’t let her die?

Then...

She could not read his intentions!

This man had an extremely dark side to him. Initially, she thought that if she were to be taken away by him, he would find all ways to torture her so that she hovered on the brink of death. He would use all sorts of cruel and insane methods to torment and humiliate her.

However, he did not.

He had only imprisoned her in darkness, but he had not done anything to hurt her.

Why?!

She had caused Yun Shishi to be in such a state now, and Gu Xingze too, was dead. From his perspective, she would have committed a heinous crime. He should hate her to the core!

But instead, he was keeping her alive!

Yun Na just could not figure out what this shrewd man was thinking!

“What do you want exactly?”

She asked warily.

“You don’t need to know.”

Mu Yazhe could not be bothered with her.

He was only here to check on her condition. Seeing that she was not in as bad a state as he had imagined, he realized her desire to live was strong enough.

“Keep watch over her carefully.”

Mu Yazhe reminded them once more before turning to leave.

Behind him, Yun Na demanded hysterically, “What exactly do you want?! Mu Yazhe, why don’t you kill me?! With your means, why don’t you give me a quick death?!”

Mu Yazhe stopped in his tracks. His aura was thick with viciousness.

“Give you an easy death?”

He laughed mockingly and threw a sidelong glance at her before sneering, “We’re not quite done yet. There’s just one more thing that you owe me. So don’t you even dream about it.”

Chapter 2954: You Don’t Want the Bonus?

He laughed mockingly and threw a sidelong glance at her before sneering, “We’re not quite done yet. There’s just one more thing that you owe me. So don’t you even dream about it.”

When Yun Na heard this, she was taken aback. She was somewhat at a loss as to what he meant by “one more thing.”

What was that!?

What exactly did he want from her?!

“What is it!?”

Mu Yazhe was in no hurry to respond to the bewildered woman.

“You don’t need to know!”

His back was to her, however it was obvious he had no intention to waste too much time on her.

He was only here to check on her condition. Seeing that she was doing well, he was ready to leave.

The next moment, the cell door was locked.

Yun Na watched in panic and despair as he walked away. She shrieked hysterically, “What is it you’re after?! Tell me! Tell me!”

“Mu Yazhe, you scum! Why are you keeping me imprisoned here?! What’s your motive?! Answer me!”

The only response she got was the sound of the heavy shutters closing.

With a loud clang, the shutter was secured, and the darkness shrouded her once more, isolating her from the world.

She clenched her fists tightly, but there was no room for her to struggle. Her expression was twisted like a trapped beast!

...

The moment Mu Yazhe got into the car, his phone rang.

Picking up the device, he saw that it was a call from Lu Jinyu. He frowned and answered the call.

“Hello?”

“Boss, I heard that Sister-in-law won’t be home for dinner tonight!”

“Uh huh.”

Mu Yazhe was a little surprised. He had not mentioned this matter to him. Although, when Hua Jin called, Lu Jinyu was standing next to him. It was possible he overheard the conversation about Yun Shishi eating out.

“What’s the matter?”

Lu Jinyu gave an evil chuckle and said enticingly, “It’s rare that Sister-in-law isn’t home. Since there’s already someone taking care of her, Boss, why don’t you join us and have some fun?”

“...” Mu Yazhe frowned and looked disdainfully at the phone screen.

He knew it. Nothing good would come out of this man’s call!

“I’m not going.”

He made a move to hang up the call.

Lu Jinyu hurriedly said, “Chief! Don’t hang up on me! Sigh! Actually, I’m doing this for your sake! Look, Sister-in-law has been pregnant for some time, and I’m sure you can’t bear to touch her. How could a man stand not having sex for this long, right?! Boss, being a man, don’t you have any needs? As your underling, I’m pretty proactive; I’ll definitely do what I can to ensure you stay satisfied.”

“Is that what this call is about?” Mu Yazhe sneered.

Of course he knew Lu Jinyu’s motive!

It was to tease him!

“As a subordinate, of course I have to be meticulous towards my superior! Boss, we’re both men, so I understand how it feels! If you really can’t hold it in anymore, there’s no need to torture yourself! Don’t worry! If you should get out there for some fun, we’ll keep this matter a secret! Jiang Shen and I are the only ones who know about it and our lips are sealed!”

Mu Yazhe simply asked, “Are you still interested in next month’s bonus?”

Bonus!

This was a huge threat to Lu Jinyu.

At their level, and being Shengyu Corporation’s second-in-command, Lu Jinyu drew a fixed salary, however the monthly bonus was quite significant.

His monthly salary might only be fifty thousand yuan, but the bonus was a hundred times more.

Chapter 2955: The Excited Father-to-be (1)

The person on the other end was silent for a few seconds before he immediately changed his tune. “Boss, I was just joking. Why did you take it so seriously?! I was just helping Sister-in-law test your integrity! Hehe! Testing if Boss is loyal to Sister-in-law!”

Mu Yazhe smirked. “Have you gotten the results of your test?”

“Is there a need to ask?! Boss is absolutely loyal to his wife! Alright! Boss, we won’t interrupt you. Jiang Shen and I will do our own thing!”

With that, he hurriedly hung up.

Mu Yazhe tossed his phone aside and drove home.

Hua Jin and Yun Shishi had not returned by the time Mu Yazhe got home. Youyou and Little Yichen as well, were not back from their outing.

It was rare for the house to be empty.

He walked into the study and took out a stack of books from a drawer.

All of them were books related to parenting and pregnancy. He had secretly bought all these without Yun Shishi’s knowledge, especially regarding fetal education and childbirth.

He hadn’t had the time to read them yet, and he had no idea if they would be any good for a crash course.

In front of Yun Shishi, he would be too embarrassed to openly read these books.

Especially when Youyou and Little Yichen were around, he made sure these books were well-hidden, afraid that these two would laugh at him if they found out.

He was not by Yun Shishi's side when she was pregnant with Youyou and Little Yichen.

At the time, apart from that one and only night he went there and successfully got her pregnant, he had not made an appearance again.

He vaguely remembered that when she was pregnant, she attended some prenatal education classes as well, where they played Mozart's and Chopin's piano music.

However, when Little Yichen grew up, he did not seem to demonstrate any talent in music. Instead, he was a music addict.

And then there was Youyou, he was not any better.

But there was something odd about this though!

While he was not particularly talented in singing, but at least, he could hold his notes. Yun Shishi's voice was very pleasant to listen to, and when she sang, she sounded pretty good.

Why was it that when it came to the two of them, this was nothing left of musical talent?

Could it be that they hadn't done enough during the prenatal education?

Previously, Yun Shishi had pestered him to read a bedtime story, not for Youyou and Little Yichen, but for the little one in her belly.

He muttered, "Can she even hear me?"

Yun Shishi was so aggrieved by his response that her eyes turned red. He had to scramble to coax her, but in the end, he did not know what he had said wrong to upset her.

The next day, he specially consulted a newbie nanny who was one of his employees.

As someone who had been through this before, this nanny was full of praises. She said that pregnant women were prone to emotional fluctuations, crying and getting agitated was normal.

Mu Yazhe was confused and stunned.

In the end, the employee remarked cautiously, "Boss, the knowledge of being a nanny is very important!"

Then, she nagged and told him about whoever's wife who did not do well in her confinement period and ended up suffering poor health and would often be stricken with cold and flu.

And there was whoever's unborn kids who were not well taken care of and were born with jaundice. Every day, they had to sun the babies.

Also, there was whoever who indulged in too much food during pregnancy and ended up with diabetes.

As well, whoever's daughter-in-law whose family did not show love and care for her after she had given birth, and feeling neglected, she suffered from postpartum depression...

These stories made him nervous.

Chapter 2956: The Excited Father-to-be (2)

Thus, he became even more determined to study this knowledge carefully.

He had to take advantage of the fact that the child was not yet born, to start learning all these things so that he would not be flustered when the child came into this world.

He flipped open a page and started reading seriously.

Naturally, he started from knowledge of the pregnancy period.

He had been reading for some time when he suddenly heard Youyou's devilish laughter.

"Daddy, what are you secretly reading?!"

Mu Yazhe was shocked. He was so focused that he had not heard Youyou's stealthy footsteps when the study room was pushed open.

He slammed the book shut and turned around, only to see Youyou standing next to him with a sinister look on his face, sniggering at him.

With a fleeting glance at the book's spine, Youyou covered his mouth and giggled. "So Daddy is trying to learn about pregnancy! Very good, not bad, not bad!"

With that, the little fella patted his shoulder confidently and said with a serious expression, "But why does it look like you're doing something bad? You look guilty!"

Mu Yazhe snorted without batting an eyelid, but his burning red ears betrayed him instantly!

Youyou was even more amused when he saw this. "Daddy, there's nothing to be shy about! It's good to learn a little! A qualified father starts learning from before birth!"

"Get lost." Mu Yazhe was furious.

Youyou turned around and ran away.

Mu Yazhe glanced at the boy's disappearing back view angrily. He casually picked up his teacup and took a sip of tea.

However, through the door, he could hear Youyou running into the living room and shouting, "Mommy! Mommy! I just saw Daddy secretly reading 'The Complete Knowledge of Pregnancy' in the study...!"

"Pfft."

Mu Yazhe was caught off guard and spat a mouthful of tea on the book. Without wiping the tea stains clean, he hurriedly hid the book back in the drawer with a sense of guilt.

Not long after, Youyou and Little Yichen held Yun Shishi's hand and entered the study room. Seeing this, Mu Yazhe glared fiercely at Youyou.

The little fellow, on the other hand, had a sly smile on his face. He glanced at the desk and teased, “Ah, Daddy is quick to hide the book!”

Little Yichen also joined in the teasing. “Study hard, Daddy! Daddy didn’t go out to play even though we weren’t home. Instead, he stayed home to read.”

“Daddy must be trying to learn more about pregnancy so that he can fawn on Mommy.”

“Daddy, you’re too cunning! You’d really do whatever it takes to win mommy’s favor!”

Mu Yazhe’s face started burning as the two little lads echoed each other!

Clenching his fists, he cleared his throat sternly and scolded them in a quiet voice, “Stop messing around!”

Yun Shishi pursed her lips and smiled. “What were you reading?”

“Nothing!”

“I heard from Youyou that you were reading...”

“I wasn’t!” Mu Yazhe immediately stood up and walked stiffly to her side. Frowning, he said, “Don’t listen to the two kids fooling around.”

“We’re not fooling around! Daddy, reading isn’t something embarrassing! It’s not like you’re reading porn behind Mommy’s back...”

Before Youyou could finish his sentence, Little Yichen tugged at his sleeve curiously. “Youyou, what is a porn magazine?”

Yun Shishi almost choked.

The man’s face turned even darker.

“It’s getting late, you guys should go to bed!” His voice was gloomy as he issued the “order”.

Chapter 2957: The Excited Father-to-be (3)

Youyou and Little Yichen exchanged a glance. While Mu Yazhe was not paying attention, they secretly made faces at him and stuck out their tongues. The two little lads held hands and made themselves scarce!

Finally satisfied, Mu Yazhe turned around and helped Yun Shishi to a seat at the table. The latter asked curiously, “What exactly were you reading? I didn’t hear what Youyou was saying earlier.”

“It’s... It’s nothing!”

“Tell me!”

The more he tried to evade, the more curious she became. Her appetite was whetted, and she refused to let up.

Mu Yazhe furrowed his brows as he suddenly thought of something. He opened the drawer, took out one of the books, and handed it to her.

Yun Shishi went blank for a moment.

“This...”

She couldn't see a thing, so it was not as though she'd be able to read it with her fingers.

Both exasperated and amused, she punched him. “Hey, are you doing this on purpose? Are you bullying me because I can't see?!”

“You call this bullying?”

Mu Yazhe suddenly walked in front of her, grabbed her hands, and leaned close to her suggestively.

“Should I show you what real bullying is?”

Her face instantly heated up.

He held her hand tightly, not allowing her to retreat. In the vast darkness of her unseeing eyes, suddenly, the man's unique scent filled her nostril.

The next second, his slightly hot breath hovered over her red lips.

The man bent over her, pinched her chin and kissed her lightly.

In the corridor, a thought suddenly struck Youyou. His eyes flashed slyly and he stopped in his tracks.

“You...”

Little Yichen looked at him, puzzled, as the boy raised his index finger to his mouth and made a gesture for him to shush. He turned around on tiptoe and walked towards the study.

The two kids sneaked up to the study door that had been left ajar, and saw Mu Yazhe kissing Yun Shishi in the room. They were entangled in an embrace, seemingly reluctant to part.

The shy Little Yichen hurriedly covered his eyes with his hands, not daring to look further!

Youyou, on the other hand, was enjoying the show!

Not able to watch on, Little Yichen hurriedly pulled him aside. Blushing, he said, “Youyou, you're so bad! You actually peeped at Daddy and Mommy kissing! Daddy will be furious if he finds out!”

“How would Daddy find out if neither of us say anything?!”

Youyou replied matter-of-factly, “Didn't you see? Daddy was so engrossed in kissing that he didn't notice us at all!”

“Daddy seems to be rather slow-witted recently.”

Little Yichen found it strange too. “Everyone says that pregnancy makes one slow-witted for three years, but why do I feel that Daddy is the slow-witted one now that Mommy is pregnant?!”

“Pfft...”

Youyou couldn't stop himself from laughing. "It's not that Daddy has become slow-witted; it's just that Daddy has become more cautious. He has to think thrice in whatever he does, he has to be more considerate of Mommy! That's because of Mommy's status. She's a precious treasure! If Daddy is gets careless, I won't let him off!"

"That's true!"

Little Yichen's heart ached for Mu Yazhe for a brief moment.

Youyou was tempted to sneak into the study room to "observe", but Little Yichen quickly stopped him. "Don't! Let Daddy and Mommy have some alone time! Let's go have our alone time too!"

"Who wants to spend alone time with you?"

Youyou glanced at him in disdain. "I'm not hanging out with you!"

With that, he turned around haughtily and headed for the bedroom.

Little Yichen followed behind him and shook his head helplessly. One could tell from his smile that he was a doting elder brother!

What a little hypocrite!

Chapter 2958: Suffering

But then again, he was used to Youyou's tsundere attitude!

He followed the lad into the bedroom and shut the door behind them.

In the study.

Yun Shishi was a little distracted.

Since she could not see, her hearing was extremely sharp. Hence, she caught the faint whispers of the two young lads in the corridor.

She could not help feeling uneasy and kept pushing him away. She asked worriedly, "Are the kids eavesdropping outside?"

"No."

The man grabbed her hand and was about to kiss her again.

Yun Shishi turned her head to the side and pouted coquettishly. "I heard it! That Youyou is such a rascal. He keeps trying to get Little Yichen to peek at us through the door... At least, he has a past record of doing such things. Can't you mind him?"

"Do you think I can mind this child?" Mu Yazhe retorted. "This little lad is not only a rascal, he's also smart. I can't control him."

"..."

“You, on the other hand.”

Mu Yazhe changed the topic. He smiled as his gaze fell on her. “My good wife, stop being distracted.”

As he said this, he lightly pecked the corner of her lips. Then he continued in an aggrieved tone, “We haven’t been intimate for almost a month, and now you’re distracted when we kiss.”

With that said, he furrowed his brow slightly, looking as though he wanted to continue lamenting!

Yun Shishi was immediately amused by his feigned grievance. “You speak as if you’re so pitiful!”

The man replied sternly, “You don’t know how painful it is for men to abstain from intimacy.”

Yun Shishi fell silent.

She was not a man, so how would she know what abstinence was like to a man?

Especially when they shared the same bed. Every time she fell asleep in his arms, he would lower his head and study the peaceful expression on her face. Her pale alabaster skin, elegant eyebrows and red lips tempted him to no end.

Every time this happened, he would feel a tension building up in his abdomen. No matter how determined he was, he felt himself driven to the edge of his sanity.

Previously, a number of “veterans” had warned him about this.

That a pregnant woman was not to be touched in her first and third trimesters of her pregnancy. In other words, once she was in her second trimester, they could get intimate as long as they were careful and did not use too much force.

Nevertheless, Mu Yazhe dared not touch her.

He always felt that she was too weak to withstand anything rough. It was hard enough for her frail body to be carrying a baby as it were.

Her body was so delicate he didn’t know if she could take the strain.

How could he bear to touch her?

It was already tough being pregnant. After all, it had been confirmed that she was carrying a little princess, so it made him even more careful and cautious.

Full of anticipation for the little princess’ arrival, he decided to bear with the intimacy issues and not indulge too much.

Hence, Lu Jinyu had half-jokingly tried to tempt him.

Someone else added, “If intimacy issues can’t be solved, there are other ways around it!”

That person leaned close to his ear and said ambiguously, “For example, the mouth works too... hehehe...”

The person who suggested this was Jiang Shen.

He was an encyclopedia of bad ideas.

Mu Yazhe glared at him and shooed him away.

“How dare you say such things of your sister-in-law! Are you all prepared to forego your bonus next month!”

“This isn’t a bad idea! No matter what, this isn’t illegal! It’s just fun between husband and wife! Boss, you’re too rigid! Have you never played ‘69’ before...”

Chapter 2959: An Explosion Of Hormones

Before he could finish his words, Mu Yazhe gave him a deadly glare.

Jiang Shen immediately fell silent.

Lu Jinyu laughed out loud. “Ah Shen, stop teasing Boss! Don’t you know? Boss is known for being a blockhead and a henpecked husband! He may not bat an eyelid when signing those billion-dollar contracts, but the moment Sister-in-law gets upset, he scrambles to coax her!”

“It’s said that generally, men suffer when their wives are pregnant. Even those who are able to put up with it would ask their wives to resolve it in other ways! For those who can’t, they end up cheating and having affairs during this period of time.”

“However, as a modern henpecked husband, Boss would only have to endure it for ten months. He just has to grin and bear it, soon it will come to pass.

Ignoring Mu Yazhe’s presence, he continued to paint a vivid picture. “Ah Shen, shall we take Boss out to have some fun tonight? I know of a place with pretty girls!”

“Careful now. Sister-In-Law will hunt you down and kill you!”

Jiang Shen gave an evil chuckle. “Boss, you have to endure! You must hold back until the end! Guard your integrity for Sister-in-law!”

“Hmph.”

Mu Yazhe pretended to be calm as he flipped open the financial report. He said, “It’s only ten months.”

Although he said it casually, he felt the dreary length of the ten months when she lay beside him at night.

It was practically light-years away.

The despair!

That was, when he thought about how he still had a whopping six months before he could finally “unload”.

Sometimes, when he felt the stirrings of his desires, he’d take a cold shower as a temporary relief.

When he lay down on the bed and held her in his arms, that indescribable sensation would return again.

Where did he get so much energy from?

It seemed like he would have to think of a way to wear out this excess energy.

Hence, Mu Yazhe decided to build a gym at home. He would run for an hour before bedtime every day and then lift some weights.

With this thought in mind, he quickly took action.

The next day, Yun Shishi heard the hammering, drilling and all sorts of banging coming from the basement.

A few days later, Mu Yazhe ordered the construction team to transport the renovation materials in.

A week later, all the fitness equipment he had ordered arrived.

Yun Shishi was dumbfounded.

Hence, nearing bedtime, Mu Yazhe would always set aside two hours to go to the gym early and run on the treadmill for fifty minutes. Then, he'd follow up with weight training..

After that, he'd take a shower and go to bed at 10pm, exhausted.

This method was quite useful because he expended much energy working out. Once his head touched the pillow, he'd fall asleep. Naturally he had no energy to think about other things.

After a month, his body was trained to the point of perfection.

Occasionally, Youyou would catch a glimpse of Mu Yazhe changing. The child was shocked by Mu Yazhe's well-defined muscles and 8-pack!

"When did Daddy get such a physique?"

Youyou was puzzled.

In the past, Mu Yazhe had a good physique although he rarely spent his time on exercise. However, once he started training again, he snapped back in shape, it was as though he was a walking bag of hormones about to explode.

Chapter 2960: A Body To Die For

When Little Yichen heard this, he ran over to take a peek as well. In the end, what he saw almost gave him a nosebleed.

"That's so dashing!" The child's eyes sparkled. "It's a good thing Mommy can't see. Otherwise, she'd be smitten for sure!"

"Are you exaggerating?"

"You don't understand!" Little Yichen was a little condescending. "Girls can't resist men with good figures!"

Youyou was flabbergasted to hear this.

Is that really so?!

Hence, at 8pm, Little Yichen and Youyou came to the gym in the basement.

This time, it was Mu Yazhe's turn to be dumbfounded.

"What are you guys doing here?"

"We're here to work out!" Youyou said seriously. "I want to work out too!"

Mu Yazhe muttered sullenly, "You're only seven. What has working out got to do with you?"

Youyou retorted, "Then why did Daddy build such a gym for no apparent reason and work out so energetically every day?"

Mu Yazhe's looked awkward. He cleared his throat uneasily but did not answer them.

Youyou found this even stranger.

Little Yichen too, found it very odd. "Daddy, you're being very suspicious! You have such a good figure, yet it's not as though Mommy can see it. Why are you working so hard at the gym?"

Mu Yazhe said seriously, "I have insomnia at night, so exercise helps me sleep."

"Insomnia?"

Youyou gave him a strange stare and rubbed his chin. "Why are you suffering from insomnia for no reason? It's so strange."

"..."

Mu Yazhe's expression darkened further. "Since when did you start taking an interest in me? You're the weird one."

Youyou looked embarrassed for a moment.

Uh...

Of course, he would not tell the truth that he was envious of, and looked up to, Mu Yazhe for keeping such a trim figure and wanted to train as well.

In addition, Little Yichen had been going on and on about how working out could make the body healthier and more resistant, and how the metabolism of working out would promote physical development.

So this compelled him even further.

"Because... I think Daddy is behaving very suspiciously! Daddy never used to work out."

Mu Yazhe studied Youyou for a few minutes. He could see the burning desire in his eyes!

This guy!

Youyou felt somewhat guilty under his stare.

At the side, Little Yichen immediately explained, “After Daddy started working out, your physique has become so amazing! So... Hehe! Youyou and I are very envious and want to work out with Daddy!”

“For a start, go run on the treadmill for forty minutes.” Mu Yazhe pointed at the treadmill and instructed.

“Forty minutes?!” Youyou immediately had the notion of giving up. “Forty minutes is going to kill me!”

“How do you know you can’t do it if you haven’t tried? The first thirty minutes of the run will burn up your carbohydrates. It will take 40 minutes to drain the excess fat.”

After a pause, he continued, “Running helps to improve your stamina. Training starts with running.”

Youyou and Little Yichen glanced at each other before reluctantly getting onto the treadmill and starting to run.

Half a month later, the effect was obvious.

Hua Jin noticed that the father-son trio would disappear together at 8pm every day. Later, he did some snooping around and discovered their shocking secret!

These guys were actually training in the gym!

What made him even more depressed was that after exercising, Mu Yazhe’s physique had shaped up so extraordinarily well that he seemed to be bursting with hormones!
