

## Sweet Love 3001

### Chapter 3001: You're Just A Tramp

Mu Yanchen abruptly pushed her away and clenched his trembling fists. All of a sudden, he chuckled and said, "What about you? Don't you, Song Enya, claim to be a young lady from a prestigious family? You were so cheap as to use a child to trap a man you claimed to love! You actually thought of such a despicable trick like getting pregnant with his child through IVF! And what happened in the end? While you were sincere, Mu Yazhe didn't even spare you a glance. No matter how despicable you think Yun Shishi is, you don't even come anywhere close! In your eyes, she may be dirty as mud, but in his heart, she's a precious treasure. What about you? You're among the dust, not even worthy of a glance from him."

"Mu Yanchen!" Song Enya's gaze was mournful. "Stop it!"

"Why? Have I hit a sore spot?! Song Enya, face it! You're just a tramp. No one wants you. You think you're superior, but in reality, everyone thinks you're just a complete joke!"

His words were vicious.

Compared to Mu Yazhe's elegantly venomous tongue, he, on the other hand, spoke indiscriminately, and every word was like a stab in the heart.

Song Enya was utterly ripped to shreds!

She held back her tears that were like fish bones stuck in her throat. She had nowhere to vent her frustration.

Mu Yanchen could not be bothered to waste his breath on her. He merely treated the marriage like a mission.

The car pulled up at the entrance of the hotel. The car door opened and Mu Yanchen alighted. He stood at the entrance with no intention of helping her out of the car!

Song Enya had no choice but to gather her dress and make her own way out of the car. The moment she got out of the car, countless reporters raised their cameras and snapped pictures of them. However, she could hear some unpleasant remarks being made.

"The Eldest Young Master of the Mu family doesn't seem to care much about his wife!"

"Look at his stony expression. He doesn't seem to want to talk to the bride! This newlywed couple doesn't seem to have a good relationship."

"It's likely that this is a political marriage. They don't have any feelings for each other, right? The bride doesn't smile much either. She looks like she's rather reluctant."

"Reluctant? What reason does Song Enya have to be reluctant?! Although the Mu family is in dire straits, they are still the top family. The Song family is marrying into higher status, aren't they?! Song Enya should be more than happy to marry into such an elite family!"

"It's probably because Mu Yanchen neglected her that she's feeling a little down?!"

“Tsk, tsk, tsk! How embarrassing! I think the Song family must have really sucked up to the Mu family to have sealed a deal for this marriage...”

Song Enya’s face darkened further as she listened to these remarks.

“Chairman Mu, there are so many reporters here. Save the bride some dignity and help her out.”

Mu Yanchen replied frostily, “She has legs. She can walk by herself.”

“But her wedding dress is so long and she’s in heels. It must be difficult.”

Mu Yanchen then walked over and stood beside her, extending his hand expressionlessly.

She reached out stiffly and took his arm.

The wedding was a western-style wedding. The hotel was decorated in the style of a church. Before the ceremony, the newcomers were to stand at the entrance to welcome the guests.

Mu Linfeng was already at the venue. When he saw Mu Yanchen and Song Enya arrive and saw the obvious mutual disgust between them, his expression darkened.

He tapped his cane angrily and questioned, “The guests are coming soon, are you planning to welcome them with such an expression?”

### **Chapter 3002: Young Master Gu’s Arrival**

Mu Yanchen furrowed his brow. Song Enya, who was beside him, also looked exceptionally embarrassed.

Mu Linfeng said, “Enya, today is your big day. After today, you’ll be the Mu family’s young madam! The people who are here today are all business partners and famous politicians who are within the Mu Group’s social circle. Don’t embarrass me!”

Mu Yanchen nodded. “Understood, Second Uncle.”

Song Enya nodded and smiled weakly.

The two of them stood at the entrance. The man was handsome and tall while the woman was charming as a flower. They looked like a perfect match for that moment!

The Mu Group had put in a lot of effort into this wedding. Whether it was the overall setting, the details, or the extent of grandeur, it was comparable to a royal wedding. Furthermore, the media outlets were following and reporting the event. This was the best opportunity for the Mu Group to showcase their capital.

After Mu Yazhe left the Mu Group, many people in the outside world had been waiting to see a good show from the Group. There were even some media outlets that had been saying negative things about the Mu family.

No one was optimistic about a Mu Group that was without Mu Yazhe.

Everyone in the Mu family was suppressing their anger and waiting to hold their heads high on the wedding day!

Romantic music started playing in the background.

Mu Yanchen and Song Enya stood at the entrance to welcome the guests while Mu Linfeng and Mu Shumin stood beside Mu Yanchen. Song Zhengguo and Jiang Qimeng also arrived early to welcome the guests.

At this point, many guests had already entered the venue.

Jiang Qimeng, especially, was smiling radiantly, having finally gotten what she wanted now that her daughter had married into a rich family at long last!

In the Song family, Jiang Qimeng had never had much of a status. She was inferior to her elder sister, Jiang Yishan, for no other reason than that Jiang Yishan had married into a better status. Even though there is a saying that beautiful women suffer unhappy fates, her daughter now had the title of Mu family's young madam, which was such a prestige!

Hence whilst she had been suppressed by Jiang Yishan in the past, things are different now!

Now that Song Enya was marrying into the Mu family, her own status in the Song family would be extraordinary!

Hence, she was beaming with joy and was extremely pleased with herself!

Many wealthy ladies, who would usually compete with her, now entered the venue and held her hand to exchange greetings. "Qimeng! Your daughter is getting prettier by the day!"

"The Mu family is big and powerful. Once Enya marries into the Mu family, you'll be able to enjoy life in the future!"

Jiang Qimeng did not like hearing this.

What did they mean by she'd be able to "enjoy life in the future"?

Were they out to make fun of her?

In the upper-class society, there is always strong competition among the wealthy wives.

Jiang Qimeng was no exception. Now that she was able to hold her head high, she naturally could not be bothered to bicker with these people.

Song Enya had no choice but to force a smile. Mu Yanchen, on the other hand, smiled faintly at each of the guests he greeted. However, from an outsider's point of view, his actions were more like the reservedness and steadiness of a rich young master from a prestigious family. He was extraordinarily elegant.

A subordinate approached Mu Linfeng and whispered cautiously, "Chairman Mu, the five safes used to store the gift money have arrived."

Because the guests who came to the wedding were all wealthy people, the wedding gifts they bore were naturally very generous, starting from 100,000 yuan upwards. Gu Jinglian, for example, had prepared a million yuan gift to attend the wedding.

With so much gift money, ordinary bags were not able to hold everything of course. Hence, five safe boxes were needed.

Mu Linfeng nodded and waved his hand. "Alright. I've noted this. You may leave now."

A Bentley Continental slowly pulled to a stop at the entrance of the venue. The concierge stepped forward and opened the car door.

### **Chapter 3003: Commotion**

Gu Jinglian held Baby Chu's hand as they got out of the car. The little one looked up and saw the grand entrance to welcome the guests. His bright eyes instantly widened!

"Oh my god! It's so beautiful!"

Gu Jinglian held his tiny hand and tugged lightly at his tie. He was not used to such occasions.

He rarely made an appearance at events unless the organizer had exceptionally strong relations with the Gu family.

He knew in his heart that the Mu Group had only sent him an invitation because of the recent aggressive attacks by the Shengyu Group. They had been persistently and relentlessly targeting the Mu Group, hence naturally, the Mu Group was eager to rope in their "allies".

Gu Jinglian was Mu Group's most ambitious target.

The Gu family was very powerful and if they were to work together with the Mu family to deal with the Shengyu Group, they definitely had a chance of winning!

No matter how powerful Mu Yazhe was, he would not be able to fight against the combined forces of the Gu family and the Mu family. When that time should come, Mu Yazhe would be surrounded by enemies, and Mu Linfeng would be most happy to see that happen!

Hence, Gu Jinglian had seen through Mu Linfeng's ambition from the start and remained indifferent.

However, Baby Chu looked interested, so Gu Jinglian accepted the invitation.

The child was filled with curiosity. The wedding scene before him was very different from what he had imagined!

His impression of weddings was based on the one that he had attended in Yancheng County, the wedding of the daughter of the police station's deputy director!

However, Mu Yanchen and Song Enya's wedding venue was decorated for a palace-themed wedding. It was grand and majestic. He had only seen such luxurious scenes in movies!

Baby Chu exclaimed, "Oh my god! The groom and bride must be super rich!"

Gu Jinglian snorted disdainfully.

In the past, with Mu Yazhe around, he would not pass an evaluation on the Mu family.

However, the Mu Group was now just an empty shell of a wealthy family.

He had seen the downtrodden aristocrats in England. Even though they were no longer wealthy, they still had to pay attention to appearances and ostentation no matter what. The Mu Group now were billions of dollars in external debts. The old fellow Mu Linfeng was obstinate and self-opinionated; it was long past his heyday.

This wedding was like a business meeting.

Gu Jinglian held Baby Chu's hand and walked to the door. The reporters immediately noticed him!

At 1.9 meters tall and with an intimidating aura, Gu Jinglian stood in the crowd. He was dressed in a suit and wore a pair of sunglasses. His jet-black hair complemented his sharp looks.

The media surged towards him excitedly!

It was rare for Gu Jinglian to appear in public. He has always avoided the media and the public glare. Everyone would have heard rumors about the Gu family in the capital. Everyone knew that the head of the Gu family was young, handsome, and ruthless. However, few people knew what he looked like.

Hence, when Gu Jinglian made this public appearance, it created a commotion among the media outlets!

The crowd surged in like a tide. When Baby Chu saw this scene, he was shocked and thought that something had happened. He subconsciously hugged Gu Jinglian's thigh and tightly grabbed onto the corner of the man's jacket hem.

Gu Jinglian lowered his head to look at the child clinging to his side, hugging his thigh like a frightened little beast!

A type of indescribable feeling welled up within his heart. It was a feeling that was too unfamiliar and difficult to describe. However, he was actually... warmed by the little guy's reaction!

He bent over and picked Baby Chu up in his arms, at the same time signaling with his eyes.

Behind him, a group of well-trained bodyguards immediately separated the crowd and warned the reporters, "No photos!"

#### Chapter 3004: A Sense Of Familiarity

"Master Gu will not accept any form of interview. Thank you for your cooperation!"

"Don't get too close. Please maintain a distance of three meters."

"..."

When Baby Chu saw the group of reporters shouting and calling out Gu Jinglian's name, and noticed how menacing they looked, he was so afraid that he said to Gu Jinglian, "Uncle, they look like they're about to rush over and hit you. Let's run, hurry!"

Hit him?

Gu Jinglian's expression darkened. "..."

What exactly was in this little guy's head?

Did he have a brain made of cotton wool?

He was tempted to split open the boy's skull to take a look inside!

This kid actually thought that these people would come at him and beat him up!

Did the kid have any idea who he was?

Who in the whole of Beijing would dare to beat him up!?

"Are you courting death?"

He said angrily, "Who would dare hit me?"

If anyone so much as dared to touch him, he would cut off their hands.

"Why else would they come rushing at you? You're not a superstar!"

"Shut up."

Gu Jinglian continued, "Don't spout nonsense if you don't know anything!"

Baby Chu pouted and said, "Uncle, you're too much. I'm only worried about you, yet you're asking me to shut up! I'm just concerned that your arrogance would get you beaten to death."

Gu Jinglian was rendered speechless.

Resisting the urge to swear, he walked up to the event venue entrance with a livid expression.

Mu Linfeng was surprised to see him and his heart skipped a beat, but that turned into awkwardness when he saw how sullen and icy the man looked.

Although he had sent Gu Jinglian an invitation, he didn't think that Gu Jinglian would really turn up. However it was even less expected that the man would turn up wearing such an expression. Someone must have angered him.

Mu Linfeng immediately walked over with the help of a cane and greeted him warmly, "Master Gu! What a pleasure! Excuse us for not going out to receive you!"

Gu Jinglian curled his lips coldly and looked straight at him, obviously ignoring his solicitousness.

Baby Chu looked around curiously, but when his gaze landed on Song Enya, he felt as though he was hit by something and his mind went blank.

Why was there something so familiar about this woman?

He seemed to have seen her somewhere before!

For a moment he couldn't quite put a finger to it, but a feeling of disgust came over him.

When Song Enya realized that someone was looking at her, she turned and met Gu Chengze's eyes. In an instant, her face turned pale!

It was him?!

The woman had a good memory. She immediately recognized him as the child she had left behind in the warehouse that day!

Seeing that the child was being carried in a man's arms, she shifted her attention to the man curiously. Although he was wearing sunglasses, she could recognize that he was the head of the Gu family, Gu Jinglian!

It was rumored that he had risen to power at a young age and had been in power for many years. The Gu family was under his control, and their power was unparalleled.

It was known that while Mu Yazhe lorded over the realm of the light, Gu Jinglian lorded over the realm of the darkness.

It was said that at the time, Gu Jinglian was the only person who could stand shoulder to shoulder with Mu Yazhe.

Who was this child in his arms then?!

Could it be Gu Jinglian's... son?!

But she had never heard of Gu Jinglian being married, let alone that the man had a son!

The only thing she was sure of, was that this child must have a close relationship with him. Otherwise, why would he do something so lowly as to carry a child himself?

Noticing the child staring at her curiously, Song Enya lowered her head guiltily and avoided his gaze.

Baby Chu was even more curious now, and continued staring at her suspiciously now. His mind was in turmoil, trying to place this face in his memory.

After Gu Jinglian gave his greetings, he carried Baby Chu into the venue.

### **Chapter 3005: It's Her!!**

Baby Chu leaned over his shoulder, still looking in Song Enya's direction. Noticing his restlessness, Gu Jinglian slapped his butt, asking, "What are you looking at?!"

"The bride is very familiar. I think I've seen her somewhere before."

Gu Jinglian ignored him.

When Song Enya saw Gu Jinglian walking away with the child, she silently rejoiced. It is said that children have poor memory. The child had probably forgotten about her and what happened that day!

After all, it was such a young child. What would he remember?!

She was just scaring herself!

Song Enya consoled herself. In any case, when she found out that she had kidnapped the wrong child, she did not do anything to him. She did not rebuke him or hit him. She merely left him at the same spot. The little brat was fine now wasn't he?

She was curious though, how did this child manage to escape from that desolate area!

Her only worry was that if the child had recognized her!

However, on second thought, so what even if the matter was exposed?

After today, she would be the young madam of the Mu family. Moreover, she was the Mayor's daughter. No matter how powerful the Gu family was, would they dare stir trouble at the wedding?

At the very least, they would have to give some face to the Mu and Song families, and not pursue this matter.

Moreover, at that time, she did not know that the child was related to Gu Jinglian!

Besides, children are simple and innocent, a little coaxing and they'd move on.

Hence, Song Enya did not take this matter to heart.

...

The wedding event officially commenced.

A flower girl and a pageboy entered. The boy walked at the front bearing a pillow on which a ring sat, while the flower girl held onto the hem of Song Enya's dress.

Song Enya held Mu Yanchen's hand as they walked to the center of the stage and faced each other.

Baby Chu looked around curiously. Under the light, as he studied Song Enya's side profile, his thoughts started racing as he seemed to recall something. Scenes flashed past in his mind like a revolving lantern, and his expression instantly darkened!

It was her?!

It was the woman from that day?!

...

At the center of the stage.

Mu Yanchen looked at Song Enya's exquisitely made-up face. It was charming and compelling, but suddenly, Meng Qingxue's face appeared in his mind.

"Yanchen, you've always been my world. What about me? How much standing do I have in your heart?"

"Yanchen, please don't marry her."

...

“Mu Yanchen, are you willing to take Miss Song Enya as your wedded wife, in sickness or in health, for richer or poorer, are you willing to care for her, love her, respect her, and be faithful to her until the end of your life?”

Mu Yanchen opened his mouth and struggled internally. The word “I do” was stuck in his throat like a fishbone and for a long time, he could not respond.

His mind was filled with Meng Qingxue’s face and his thoughts were in a mess.

Seeing that he did not respond, Song Enya started to feel nervous.

“Yanchen...”

Next to him, Mu Shumin urged him anxiously, fearing that he would cause trouble.

Mu Yanchen suddenly snapped back to his senses. As if he had made up his mind, he said in a deep voice—

“No I will not.”

“It’s her! It’s her!”

At the same time, a childish and angry voice came from among the guests. “She’s that evil woman!”

Everyone looked in the direction of the voice.

Song Enya’s chest tightened as she looked down from the stage. She saw a cute little boy standing on his seat, glaring at her with hatred!

### **Chapter 3006: Kicking Over The Champagne Tower**

Gu Jinglian’s face darkened as he snapped at the boy, “Stop messing around.”

Baby Chu did not care that all the guests were looking at them curiously. He pointed at Song Enya angrily and said, “Uncle, do you remember what happened that night?”

Gu Jinglian was slightly confused.

Of course he did.

That night, he had made a deal in the suburbs. The deal ended on bad terms. Before he left, he opened the car door and found the child curled up in the backseat of the car. The boy was covered in dirt, and he was carrying a small stray dog in his arms. But in his eyes, such a pathetic child was more like a stray dog.

He had not personally heard him mention the cause of the incident, but Baby Chu had told Butler Fu, who in turn told him that the child had been kidnapped by two strange men to the capital, and Baby Chu himself did not know what had happened.

All he knew was that he'd been tied up in the warehouse. Then an unfamiliar woman he'd never seen before walked into the warehouse, said something to the two men, and then they left without taking him. They obviously did not care if he lived or died afterwards.

Baby Chu told him that he heard the woman saying they had kidnapped the wrong person. Even though they did not make things difficult for him, Butler Fu felt indignant when he heard that!

It was a remote location with hardly anyone. It was really lucky that Baby Chu came away unharmed!

If it hadn't been for this stroke of luck that the chair had withstood years of rain and was rotting, and if Baby Chu hadn't been smart enough to free himself from the ropes and escape from the warehouse, what would have happened?

Without food and water, he would starve to death.

No one passed by that day, and there was no one living there either. He didn't have a cell phone on him, so he couldn't communicate with the outside world. No one would have come and rescue him.

So what if he had escaped?

It was at least dozens of kilometers from any civilization.

Even by car, it would have taken an hour or more.

However, a car was a car. For a child, a few dozen kilometers meant certain death!

Not to mention dozens of kilometers, he could not have even walked ten kilometers.

However, Baby Chu was too young. He only remembered the features of the woman, he did not know her name or her identity. With just a few short descriptives, it was impossible to produce that woman's image.

He had thought that this matter would be left unsettled.

But now Baby Chu was saying that Song Enya was that woman?

Gu Jinglian was stunned!

"Are you sure?"

"Uncle, I won't forget her! It was this woman! She got people to kidnap me and take me to the warehouse!"

Xiao Bao trembled in agitation as he stared at the side profile of Song Enya's guilty face. He said angrily, "She's that evil woman! I can't be wrong! I'm very sure of it! If not for her... I wouldn't have been dumped in such a deserted place! If I hadn't run into Uncle, I would have starved to death there!"

Aggrieved, Baby Chu's eyes reddened and his nose twitched as if he was about to cry!

Like an angered little beast, he stretched out his tender claws, as if he wanted to pounce on her!

Gu Jinglian's expression darkened at once.

Song Enya was the woman who kidnapped his son?

Very good.

Very interesting indeed.

Gu Jinglian suddenly stood up, raised his leg and kicked over table before him that was bearing the champagne tower display.

The champagne tower collapsed with a crash and sound of breaking glass!

### **Chapter 3007: I'll Give You Three Seconds**

The wine glasses that were stacked on top of each other came crashing to the ground and shattered into pieces, covering the floor surface with glistening shards!

The sudden, loud noise startled all the guests. They all stood up and looked fearfully in Gu Jinglian's direction. They appeared scared and confused when they saw the wreckage at his feet!

Song Enya was stunned by Gu Jinglian's shocking action. Mu Linfeng and Mu Shumin got onto their feet at once. Beside them, Song Zhengguo and Jiang Qimeng looked in Gu Jinglian's direction when they heard the commotion. They realized what was causing the commotion when their gazes fell on the fallen champagne tower!

Mu Linfeng hurriedly walked over with his cane and asked politely, "Master Gu, what's wrong? What happened?"

Gu Jinglian did not even glance at him. Instead, he looked at Song Enya and said coldly, "Song Enya, you owe me an explanation."

Song Enya panicked and lowered her head guiltily, not daring to make a sound!

This child actually managed to identify her!?

Of course, she didn't dare utter a sound, being questioned by Gu Jinglian like this!

Nothing was scarier than offending the Gu family!

Everyone knew Gu Jinglian's status and the Gu Family's standing in the capital. The current Gu family was no longer what it used to be, and the Mu family could not afford to offend them!

If Gu Jinglian wanted her to look bad, the Mu family would not be able to protect her!

Song Enya trembled in fear.

"Are you not going to speak up?"

Gu Jinglian sounded even more displeased. "I'll give you three seconds. I don't have much patience!"

"1..."

"..."

"2..."

Mu Yanchen was stunned, he had no idea what had happened or why Gu Jinglian was ruining the wedding event for no apparent reason. It was as though the Mu family and the Gu family had such deep enmity that he had the reason to cause trouble at the wedding.

Seeing that the man had addressed Song Enya, he tugged her arm and asked angrily, "Did you offend Gu Jinglian?"

"I... I don't know..."

She was now in a confusion and trembling in fear.

There was nothing Gu Jinglian hated more than not getting an answer when he asked a question. His patience ran out quickly and he raised his voice, "Speak up!"

Mu Linfeng immediately held his arm and tried to persuade him. "Master Gu, please don't be angry. We can sort it out calmly!"

"Get lost!"

Gu Jinglian pushed him aside roughly.

Mu Linfeng was caught off guard and fell to the ground. Frightened by how the situation was developing, Mu Shumin rushed forward to help him up, noticing his livid expression at this point!

Mu Yanchen immediately shouted angrily, "Gu Jinglian, this is the Mu family's territory. It's not your place to behave atrociously here!"

"Oh? It's not my turn to behave atrociously?"

Gu Jinglian sneered. "Do you think Mu Group is still the glorious Mu Group of the past? Stop putting on airs in front of me. Even if Mu Yazhe is standing here today, I might not give him face!"

This...! This was earth-shattering news!

A dispute between the Gu family and the Mu family at Mu Yanchen's wedding!

A few media reporters observing from the side quickly recorded this scene with their cameras.

Gu Jinglian's gaze turned dangerous when he glanced sideways at the media booth, and sensed that people were secretly recording the scene.

The bodyguards standing next to Gu Jinglian also noticed the flashing lights. They immediately approached the media booth and shouted, "Who was that secretly taking photos?"

No one dared to respond.

The bodyguard snorted and went forward to confiscate the cameras from the reporters one by one. Then, they smashed the equipment onto the ground!

A few gasps were heard coming from the media group.

"Ah... my camera..."

## Chapter 3008: Bring Her Here

“Ah... my camera...”

The bodyguards swept their gaze over the group and the reporters instantly fell silent. No one dared to speak.

“Not going to own up?”

Seeing Song Enya shrinking back into a corner of the stage, Gu Jinglian nodded and said coldly, “This wedding is off!”

As soon as he finished speaking, the crowd started whispering nervously, unsure of what Gu Jinglian was up to.

The man then said to the bodyguards, “Clear the venue.”

The bodyguards immediately took action upon his instruction and drove the reporters out of the event hall. Then, more than ten bodyguards entered the venue, all of them were Gu Jinglian’s men.

They surged into the auditorium and strode towards Gu Jinglian.

“Master Gu, we await your instructions.”

Gu Jinglian said in a vicious tone, “Smash!”

The dozen or so bodyguards immediately nodded and spread themselves out through the auditorium, and started kicking all the tables and chairs over!

The auditorium was decorated luxuriously with many flower racks and romantic archways.

However, Gu Jinglian’s bodyguards showed no mercy and smashed everything that was standing!

The guests were so frightened that they got up from their seats and dashed towards the exit!

The crowd retreated like the ebbing tide.

Many guests were so frightened that they didn’t dare to move. They huddled in a corner and trembled.

None of them had ever seen anything like this!

The Mu family was great and powerful, yet someone dared to cause trouble here!

However, those who were familiar with Gu Jinglian’s way of dealing were not surprised. Certainly, the Mu family would not have a good ending if they had offended the Gu family. The only thought among the guests was to retreat and protect themselves!

When Baby Chu saw what was happening, he was so terrified that he hid behind Gu Jinglian, not even daring to breathe!

Mu Linfeng struggled to get onto his feet with Mu Shumin’s help. He looked at Gu Jinglian with a pained expression and said, “Master Gu, what... what do you mean by this?! Let’s talk nicely. Today is Yanchen’s wedding. What... what has made you so angry that you have to ruin the occasion?!”

Gu Jinglian glared at him. “Shut up! One more word from you, I’ll destroy Disheng too!”

It didn’t take long for the grand wedding hall to become a complete mess.

Song Enya stared blankly at this shocking sight with her heart in her throat!

It was said that the Mu family had spent three hundred million yuan on this wedding. Every backdrop in this venue was worth a fortune. Just the fresh flower arch alone cost two hundred thousand yuan!

The crystal goblets forming the champagne tower were worth hundreds of thousands.

Not to mention, all of the guests present were wealthy and elites of the society. Some of them were the leaders of the political scene, and even the prime minister of another country was present!

Now that the wedding was ruined to such an extent, the Mu and Song families would only become laughing stocks!

Jiang Qimeng was scared out of her wits by Gu Jinglian’s subordinates. All of them were glaring at her like tigers watching their prey. They were tall and imposing. As they walked over, they were swift and fierce. With a casual lift of their hands, the stage was flipped over. She fell to the ground in fright and was immediately helped up by Song Zhengguo!

“Humiliating. This is utterly humiliating!”

Song Zhengguo strode up to Song Enya and demanded angrily, “What exactly did you do to offend Gu Jinglian?! Speak up!”

“I... I really have no idea...”

A few minutes later, everything in the venue was smashed to smithereens.

The bodyguards returned to Gu Jinglian’s side and waited for his orders.

“Bring that woman here!”

Gu Jinglian instructed.

“Roger!”

The two bodyguards immediately approached Song Enya and grabbed her by the collar of her wedding dress.

### **Chapter 3009: Give Her A Beating**

The two bodyguards immediately approached Song Enya and grabbed her by the fabric of her wedding dress. Of course Song Enya was not going to let them take her to Gu Jinglian, hence she put up a fierce struggle.

Naturally, Jiang Qimeng and Song Zhengguo would not sit by and do nothing. They also stepped forward to help.

However, not to mention Song Zhengguo, even if there had been ten of Song Zhengguo, they would not have been able to deal with these two strong bodyguards.

In the midst of their tussle, Song Enya's strapless fishtail wedding dress was torn apart by the bodyguard. With a loud rip, the wedding dress fell from her chest and her naked body was immediately exposed in front of everyone!

It created an uproar among the crowd!

Song Enya was shocked and let out a hysterical shriek. She covered her chest in shame and embarrassment. However, no matter how hard she tried to hide it, the great view of the invisible bra could not be hidden from everyone's view!

The wedding gown was a single piece and as it fell to the ground, it even exposed her panties.

Song Enya's face burned as she felt her world turn upside down!

Jiang Qimeng was so terrified that she was now standing stunned by the side. Song Zhengguo was even more flabbergasted!

However, the two bodyguards showed no mercy. Since the wedding gown was torn apart, each of them grabbed one of her arms and dragged her along.

Song Enya struggled and refused to leave with them. She continued shrieking.

One of the bodyguards suddenly kicked her. Gu Jinglian had ordered them to bring her over. It was not up to her to say no!

They were just following orders!

As Song Enya struggled, one of them grabbed her hair and dragged her along!

"Ah... Help... No..."

Song Enya was on the verge of losing her sanity!

She was completely naked except for her leggings and an invisible tube top. She could imagine how scornfully the guests were looking at her now!

She knew what shame was of course!

Being dragged along like this in front of so many people was so shameful that she wished she could die immediately!

"Arggghh—!"

Everyone present could only hear her screaming at the top of her lungs. Song Enya was now being dragged along the floor by the bodyguards, her head knocking against the legs of the tables and chairs till she was in a daze!

On top of this, the shattered remains and debris on the ground had cut through her skin, she was covered in cuts and blood!

By the time she was brought in front of Gu Jinglian, she was a mess!

Gu Jinglian narrowed his eyes, thinking that even touching a woman like her felt dirty!

He asked Gu Chengze, "Is it her?"

Baby Chu was dumbfounded. He asked timidly, "Uncle, what are you going to do?"

He hated her, but he was also terrified by this scene.

"Gu Chengze, listen up. You're my son. No one has the right to hurt you!"

As Gu Jinglian spoke, he glanced at Song Enya and coldly said, "I will not let off anyone who dares to hurt you!"

Baby Chu nodded blankly.

"Uncle, I'm scared!"

The boy couldn't help feeling this was a rather cruel way of dealing with things!

Gu Jinglian frowned. "What are you scared of!?"

The man squatted down and picked him up. "Did this little scene scare you?"

Baby Chu's beautiful brows furrowed slightly. He actually felt rather indignant. Then puffing up his chest and said, "I... I'm not scared! This evil woman deserves it!"

Gu Jinglian lowered his head, casting a frosty look at Song Enya, who was crying at his feet.

"Give her a beating."

Chapter 3010: Backing Him Up

"Give her a beating."

Gu Jinglian looked at her coldly from the corner of his eyes. He spoke casually as if he was ordering a dog to be beaten.

Upon hearing this, Song Enya could not help curling her body into a ball and retreating as she hurriedly shook her head, crying, "No... No..."

Song Zhengguo instantly reacted when he saw the bodyguards surrounding Song Enya. Eager to protect her, he immediately rushed forward and stood in front of Song Enya. He said righteously, "How dare you! Gu Jinglian, this is a public place. Don't act recklessly! Are you a man, abusing an unarmed woman like this?!"

Song Zhengguo's official tone was at once apparent when he spoke.

Gu Jinglian raised an eyebrow coldly and said with little expression, "Song Zhengguo, stop putting on airs in front of me. Get lost or I'll have you beaten up too."

"I dare you to do that!"

Naturally, Song Zhengguo would not back off. With a dignified expression, he said, "I'm here. Who dares to create trouble?!"

His words were filled with righteousness. However, he had misjudged one thing.

It was useless to use such a tone on Gu Jinglian.

But what sort of man was Gu Jinglian?

Who could threaten such an arrogant man?!

Gu Jinglian gave a frosty smirk. He could not be bothered to waste his time on the man. He ordered, "Give them both a beating."

As soon as he finished speaking, a few bodyguards immediately went forward, grabbed Song Zhengguo by his collar, and delivered a vicious punch to the man!

Song Zhengguo was completely stunned by the blow. The huge impact caused his entire brain to vibrate.

Song Enya shrieked in fright. However, the next second, a slap landed on her face, causing her head to turn to the side from the force.

Bam!

Bam!

Four or five bodyguards surrounded Song Zhengguo and his daughter and rained punches down on them!

Jiang Qimeng let out a heart-wrenching scream when she witnessed the shocking scene. Who would have expected things to turn out this way!

She scrambled towards Gu Jinglian and dropped onto her knees with a thud. She clung on to his pants tightly and begged, "Master Gu, let's sought things out! Please stop beating them up! Please stop beating them up!"

Gu Jinglian kicked her away and said coldly, "Get lost!"

His kick was strong and powerful. Growing up in the Gu family meant that he had been trained in martial arts since he was young. With this kick, Jiang Qimeng rolled to the side like a ball until she hit the wall and fell limply to the ground. It was so painful that she felt as though all her innards had turned upside down!

"Mom..."

"Help... help..."

Song Enya's cries could still be heard.

Unwilling to give up, Jiang Qimeng crawled back to Gu Jinglian's side and kept kowtowing. She pleaded, "Master Gu, please spare us! If this continues, it may result in a death! Enya just had a miscarriage a while ago and her body is still very weak! If this continues, she will die... Boohoo... Stop hitting her! Stop hitting her! I beg you... stop hitting her!"

Gu Jinglian remained indifferent and ignored her like a cold-blooded beast.

Baby Chu clung on to the man's shoulder and couldn't bear to watch this scene any longer. Suddenly he turned and looked deeply at Gu Jinglian. From his angle, he could only see the side of the man's face.

He was handsome and cold, and despite Baby Chu's young age, he knew that this man was backing him!

Backing.

This word was too foreign.

Since he was little, because he did not have a father, he had been treated coldly by other children throughout his childhood. They looked down on him, bullied him, and called him a little bastard. His childhood was marked with humiliation and oppression.
